SAFETY POSTER WINNERS — Winners of the recent Knights of Pythias Highway Safety Poster Contest are shown here. They are, left to right, Sylvia Graham, daughter of Mr. and Mrs. Jack Graham, 2545 Mary Ellen, first; William Hahn, son of Mr. and Mrs. W. M. Hahn, 1160 Neel Rd., third; and Alvin Belflower, son of Mr. and Mrs. Vanice R. Belflower, 1210 E. Frederic. Miss Graham's poster will be entered in the K of P regional contest May 20th.

Student Council Officers To Be Installed Here

Cameron Marsh, Pampa High School principal, will install three new PHS student body officers in the 10:20 to 11:10 a.m. assembly Tuesday. Also during the assembly cheerleader prospects will try out for the seven places open, according to Jim Hulett, counselor.

New officers, elected at PHS Friday were John Karr, president; Jay Johnson, vice president; and Mary Bearden, secretary. Their parents are Mr. and Mrs. Robert W. Karr, Mr. and Mrs. H. J. Johnson, and Mr. and Mrs. Jeff Bearden.

Outgoing officers are Dwight Rogers president, son of Mr. and Mrs. Monroe Rogers; Tom Rose, vice president, son of Mr. and Mrs. Tom Rose Jr.; and Martha Myatt, secretary, daughter of Mr. and Mrs. Ed Myatt.

The number of cheerleaders was increased from five to seven due to an amendment to the school constitution. Students passed the amendment during the student body officer election, Hulett said.

Outgoing cheerleaders are Jennifer Cunningham, Jan Anthony, Gail Craddock, Pam Shelhamer and Mary Jane Rose.

Dog Vaccination Project Is Slated

A reminder was issued today by R. B. Cooke, acting city manager, that the week of Saturday, May 4, through Saturday, May 11, has been set for a city-wide vaccination of dogs against rabies.

Cooke said Pampa veterinarians have agreed to vaccinate during the week for a \$2 fee. "We hope Pampa dog owners will cooperate in this annual move to fight the possibility of a rabies outbreak," Cooke said.

Large Proportion of Families In Gray County Own Their Own Home

Home ownership is the order of the day in Gray County. In contrast to the situation in many communities across the country, in the local area a large proportion of families now own the houses in which they live.

The ownership rate has been going up in recent years as a growing number of families, who had been living in rented quarters but wanted homes of their own, accumulated the wherewithal to satisfy that desire.

The net result, according to the latest findings, is that approximately 67.2 percent of all dwelling units in the area

Racial Violence Injures 17

British Troops Land In Bermuda For Duty

HAMILTON, Bermuda (UPI) — British troops landed on this tiny Atlantic vacation island 570 miles off the Carolina coast today to help quell racial violence that had injured 17, brought 100 arrests and sent tourists fleeing.

Bermuda Gov. Lord Martore sent an urgent appeal for the troops Sunday. The 150 men of the Royal Inniskilling Fusiliers flew to Bermuda from Worcester, England. The British navy frigate Leopard with 250 men aboard arrived Sunday night.

A dust-to-dawn curfew ordered over the weekend remained in effect. It imprisoned tourists — the island's chief source of income — in their luxury hotels. Many had left the island.

Roving bands composed largely of Negro youths sparked the violence. And a Negro leader warned that if Bermuda's predominantly white ruling United Bermuda Party (UBP) retains political power "you are going to see blood flow."

The prediction came from Allan Butterfield, a candidate of the predominantly Negro Progressive Labor Party (PLP), who blamed the rioting on "irresponsible Limey cops."

But a former Bermuda chief police superintendent, James Lodge, said the rioting had no political or racial stamp.

"This has emanated from a

crowd of youngsters, real youngsters, not politically minded," Lodge said.

Violence flared last Thursday when youths started smashing windows and firebombing stores in downtown Hamilton, Bermuda's capital. The rioters tangled with police and attacked firemen. They firebombed entire blocks of shops doing \$240,000 damage, police said. Authorities cleared streets Saturday and imposed the curfew.

If it comes from a Hdwe. store we have it. Lewis Hdwe. (Adv.)

Local Fire Insurance Credit Now Up To Five Per Cent

Pampa's percentage fire insurance credit has risen to 5 percent, Fire Chief F. E. Dyer has announced.

"What this means is that Pampans are now paying 95 cents for a dollar's worth of insurance," Dyer said.

The fire percentage credit list, published by the state board of insurance was tabulated by a ratio of fire insurance premiums paid compared to net losses.

Less than 52 to 45 per cent of loss on total fire insurance premiums paid results in a 5 per

cent discount, according to the published list. The maximum discount is 25 per cent on a loss ratio of 24 per cent of total fire insurance premiums paid. The percentage figures are based on a 5-year average.

The 5 per cent discount was the first change for Pampans since 1963. Owing to heavy fire losses before that period, Pampans were paying \$1.05 for a dollar's worth of insurance.

Net losses during the 5-year period from 1963 to 1967 were \$359,600, while premiums paid amounted to \$790,686.

Recipient Is 66-Year-Old Truck Driver

French Physicians In Heart Transplant

By JOAN DEPPA PARIS (UPI) — French physicians announced today a 66-year-old truck driver had received the heart of a young traffic accident victim in Europe's first heart transplant operation.

The driver was still unconscious 30 hours later but had a normal heart beat, they said.

Clovis Roblain was given the heart of auto crash victim Michel Gyppez, 23, in an operation at La Pitie Hospital that began Saturday at 10 p.m. (4 p.m. EST) and was finished Sunday at 7 a.m. (1 a.m. EST).

The nine-hour operation was performed by a three-man French surgical team led by Dr. Christian Cabrol, 43, a tall fair-haired surgeon who has specialized in heart diseases for several years. His assistants were Drs. Gerard Guiraudon and Jean Faquet.

Dr. Maurice Mercadier, head of the surgical unit of the sprawling, grey-brick hospital, told a news conference that Roblain has "a perfectly normal electrocardiograph" and there are relatively favorable signs in the patient's recovery process.

"It was the world's seventh heart transplant. There have been three in the United States and two in South Africa and one in India. The only other recipient still alive is Dr. Philip Blalberg,

a Cape Town, South Africa, dentist, who received his new heart in an operation performed Jan. 2 by Dr. Christiaan Barnard. Blalberg is at home and doing well.

History Of Disease Mercadier told newsmen earlier that the Paris truck driver was suffering from neurological complications and that the condition of the patient was viewed with "reserve." He had

a history of chronic heart disease.

Dr. Cabrol attended the midday press briefing given by Mercadier but did not speak.

The surgical team and Mercadier refused to give any details of the identity or background of the donor, insisting these were "professional secrets." However, their identities were learned from other hospital sources who said the donor had died from a fractured skull and brain damage.

The donor arrived at the hospital with severe head and brain injuries. Hospital officials said he slipped into a coma before he died.

Dr. Maurice Mercadier, head of the hospital surgical unit, reported the operation in a 100-word statement read to newsmen.

"Technically, the operation was perfect," he said, but he added neurological complications had appeared in the aftermath of the surgery which made the prognosis for recovery very cautious. He said the patient was being given anti-

New Manager For City Is Due

Pampa's new city manager, Charles V. Hill, is expected to arrive from Austin tomorrow and will assume his duties at City Hall Wednesday morning.

Hill recently was employed by the city commission to succeed Jim White, resigned. White will become city manager at Denton on May 1.

Hill has been assistant city manager at Austin since September of 1967. Prior to that time he served as federal and city program coordinator for a year in Oklahoma City.

US Troops Push Through Vietnam's A Shau Valley

Over An Inch Of Rain Falls In Local Area

Slow, soaking rainfall ranging from an inch to more than an inch and a half throughout Gray County put the sweet smell of Spring in the air and gave farmers an optimistic outlook for crops.

Pampa officially recorded 1.67 while other areas of the county had from an inch to an inch and a half.

Foster Whaley, Gray County agriculture agent, said the rains came "in the nick of time to save the majority of dryland wheat in the county."

"If we had had 10 more days of dry weather I think we would have lost most of our wheat crops," he said.

Whaley said the moisture might now give Gray County its best wheat crop since 1962.

He also said the rainfall "would be of tremendous help to area ranchers. Grass should be up in about a week and save ranchers from having to do supplementary feeding."

Whaley also said that the moisture would "help to get up volunteer milo on irrigated wheat fields so it can be killed before planting the '68 wheat crop."

Violent thunderstorms roamed across Central and North Texas Sunday bringing damaging hail, causing flash flooding and spawning at least one tornado.

Showers peppered the Gulf (See RAIN, Page 3)

'Poor People's Crusade' First Phase Of 'March' Starts

By LOUIS CASSELS

WASHINGTON (UPI) — The Rev. Ralph Abernathy today launched the first phase of the late Martin Luther King's poor people's crusade, charging that the federal government has sold the nation's ghetto dwellers into bondage.

Abernathy, who succeeded Dr. King as head of the Southern Christian Leadership Conference, led more than 100 representatives of "the black, brown and white poor of America" in talks with cabinet members and other government leaders.

The delegation, in a statement prepared for submission to anti-poverty officials, accused the government of failing "to help us take our rightful places as dignified and independent citizens in our communities."

"Our manhood and womanhood have been sold into bondage to local politicians and hostile governors," the crusaders said. "You have failed us."

Three days of talks with government leaders are the initial phase of a poor people's march on Washington next month. It was organized by King before his slaying to demand "mammoth" new federal efforts to provide jobs, housing and guaranteed incomes to the needy.

'Heavy' Losses In Recent GI Assault

By JACK WALSH

SAIGON (UPI) — U.S. troops today pushed through the A Shau Valley, hunting North Vietnamese forces threatening South Vietnam's northern provinces from a misty jungle alive with cobras, pythons, tigers and scorpions.

UPI correspondent Nat Gibson reported from the area the American drive had met light resistance thus far. But the secrecy shrouded U.S. assault into the Laos border valley 10 days ago cost "heavy" losses in soldiers and the helicopters that brought them.

Supporting the A Shau Valley drive, U.S. jets flew 106 bombing missions Sunday against North Vietnam's southern panhandle supply lines. U.S. spokesmen said two jets were lost, bringing to 830 the number of American planes lost attacking the north.

B52 stratofortresses bombarded the guerrilla attack trails leading from the eastern end of the 25-mile South Vietnam valley to within striking range of such allied bastions as the city of Hue.

Tax Valuations Hearing Slated

A public hearing on real and personal property valuations for the 1968 tax year has been set for Thursday, May 16, by the City Tax Equalization Board.

The hearing, according to City Tax Assessor-Collector Aubrey Jones, will start at 9 a.m. in the city commission meeting room.

Jones said notices will be mailed out Friday to persons whose property valuations have been increased.

"All persons interested or having business with the board are urged to attend the public hearing," Jones stated.

Pampan Uninjured In Pickup Mishap

Bennie Lee Bennett, 21, 1024 Crane Rd., escaped injury around midnight Saturday when he apparently lost control of his late-model pickup on Texas 152 West a short distance from Pampa.

He received only minor scratches after the pickup careened through a barbed-wire fence as he was eastbound.

Youth Is Held In Slaying Of Five Brothers, Sisters

By JAMES T. BRADLEY

MATTOON, Ill. (UPI) — Thomas Charles Fuller II, 18, who dated Louise Cox, 16, was held today on charges he shot and killed five of her 10 brothers and sisters.

The five slain Cox children were found Saturday night, each shot at least once in the head, in and near a corn crib on the Cox farm about six miles northwest of this central Illinois city of 30,000.

Fuller, a stocky high school senior, was captured 12 hours later in nearby Charleston, Ill., by a city policeman and a security guard from Eastern Illinois University. He was carrying a .22 caliber pistol and a knife but did not resist arrest, police said.

He was arraigned in Charleston, the Coles County seat, on five warrants charging him with the murder of Lewis Cox, 16, and his brothers, Kenneth, 5, and Gary, 7, and sister Mary Katherine, 8, and Theresa, 9.

Fuller had been dating Louise Cox—who was home at the time of the slayings but was unharmed, police said.

Police said Mr. and Mrs. William Cox were not at their rundown tenant farm at the time. Mrs. Lydia Cox and her oldest daughter, Mrs. Christine Cline, 21, Chicago, had left the farm with the other children to take one child to a Mattoon hospital for treatment of a burn. The children's father was visiting a brother.

When Mrs. Cox and Mrs. Cline returned, police said, Fuller asked Mrs. Cline for a ride back to Mattoon. Mrs. Cline drove off with Fuller, unaware of the murders and did not learn of them for hours, they said.

Authorities declined to discuss motives for the slayings. Asked if any had been beaten, Deputy Coroner Jess Caudill said, "Well, one of the girls was pretty bloody." However, he said there was "no sign of a struggle."

More than 100 officers and civil defense volunteers began a manhunt ending in Fuller's arrest. Ralph Cox, one of the children's uncles, said Fuller was a "clean cut kid, real polite" who had been dating Louise for about six months.

House, Senate Expected To Agree On 10 Per Cent Surtax By May 15

By ROBERT S. ALLEN WASHINGTON (SpI) — Congressional agreement is definitely in the works on the 10 per cent surtax long urged by President Johnson.

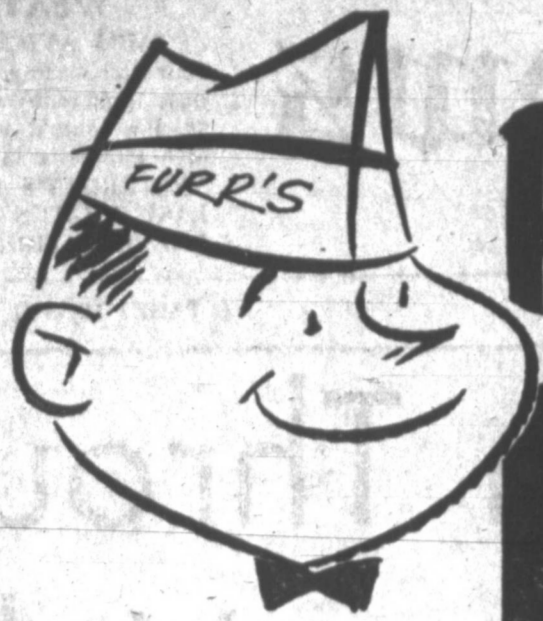

Real progress in working out an accord on this stormy issue was made last week by House-Senate conferees deliberating the tax increase passed early

this month by the Senate. The Senate attached the surtax levy as a rider to a House-approved bill continuing excise taxes on communication services and autos.

The conferees are slated to meet again Tuesday. While privately optimistic that an agreement will be reached, they cautioned (See HOUSE, Page 3)

Washington National Symphony To Appear in Concert Here Tomorrow

The Washington National Symphony, fourth and final attraction in the Pampa Community Concert Association's 1967-68 season, will be heard in concert at 8 p.m. Tuesday in the Pampa Junior High School Auditorium.

HOWARD MITCHELL, symphony director

Under the direction of Howard Mitchell, the orchestra which played the Inaugural Eve concert for President Johnson in January of 1965, has been touring the Southwest since April 15.

It comes to Pampa from Albuquerque, N.M., where it played last night following a ten-day tour of California, a stop-over last week in Las Vegas, Nev., and a Saturday night engagement in El Paso.

This tour follows close on the heels of a triumphal European tour undertaken by the orchestra and Dr. Mitchell last fall. Eight capital cities were visited in nine countries, including Berlin, Vienna, Rome, Monte Carlo, Bern, London, and Madrid. The orchestra was the only U.S. group to play in the Toscanini 100th anniversary Festival and the first U.S. orchestra to play in Wales, at Rhyll. Other stops on the tour were Basel, Switzerland, and Antwerp, Belgium.

The current Western is under sponsorship of Columbia Artists Management and will carry the orchestra through California, Nevada, Texas, New Mexico, Kansas, Arkansas, Missouri, Louisiana, and Mississippi. The orchestra has been joined by a soloist for the course of the tour: the young American violinist, Michael Rabin, who performed with the symphony to great acclaim in Washington this winter.

Among the works to be performed by Howard Mitchell and the National Symphony in Pampa will be Morton Gould's Columbia (Broadside for Orchestra), a piece commissioned for the opening in July 1967 of the orchestra's summer home, the Merriweather Post Pavilion of Music, at the new city of Columbia, Maryland. Also to be heard will be the Brahms Violin Concerto; Beethoven's Overture to Egmont; Berlioz's Excerpts from "Roméo and Juliet"; Copland's El Salon Mexico; Mendelssohn's Violin Concerto; Symphonie Overture by Andre Makris, a member of the orchestra's violin section; Sym-

phonie No. 1 by Samuel Barber Les Preludes, a symphonic poem by Franz Liszt; Haydn's Symphony No. 94 ("Surprise") and Tchaikovsky's Violin Concerto.

Admission to Tuesday night's concert will be by membership card only. There will be no box office sale of tickets.

Mobeetie Man Hurt In Crash

A Mobeetie man was critically injured in a two-car collision at the intersection of two Farm-to-Market roads near Mobeetie about 5:30 p.m. Sunday.

Clifford Waiser, 52-year-old farmer, received head and internal injuries when his pickup truck collided with a car driven by Paul Mitchell of 601 E. 19th, Pampa.

Waiser, who was thrown from his vehicle, received emergency treatment at Highland General Hospital here and was later transferred to St. Anthony's Hospital in Amarillo. He was listed in critical condition late this morning.

Mitchell received scratches and bruises but required no hospitalization.

Pampan Hospitalized After Unusual Acts

A 36-year-old employee of a local cafe was put under heavy sedation at Highland General Hospital late Saturday night after the owner complained to police about her actions.

According to a police report, the woman was irrational and incoherent.

The acting county physician authorized hospitalization of the woman.

Oil Jobber Returns From Meet

Jack B. Vaughn of the Vaughn Oil Company in Pampa has returned home after attending the annual convention of the Texas Oil Jobbers Association in Houston, April 25-27.

He reported that: "More than 1,200 oil jobbers and commissioned agents attended the convention largest in the Association's history."

"They heard talks by top national executives and administrators: C. G. Drescher of New York City, president of Sinclair Refining Company; Paul Rand Dixon of Washington, D. C., chairman of the Federal Trade Commission, and W. C. F. Lawler of New York City, Manager of the retail department of the Shell Oil Company.

"Drescher said the oil and gasoline marketing industry must supply motorists with better products, give more automotive servicing, have better trained dealers and more attractive service stations to meet demands of motorists in the next decade.

"Lawler predicted that more gasoline service stations would go into the car care, maintenance and repair business within the next few years to meet customer demands. He said new car dealers and independent garages would be unable to handle the increased demand for service work that will soon become a multi-billion dollar market.

"A resolution passed by the oil jobbers not to relax its crude oil import policies.

"In conjunction with the convention an 'Oil Marketing Show of Texas' was held. It was the largest trade show ever held for the distributors of petroleum products in the State, and the largest of this category in the nation.

"A Houston oil jobber, A. N. Rusche, was elected 1968-69 president to succeed Ellis Olmstead of Sherman."

Losses

(Continued From Page 1) Majr. Gen. John Tolson, the Delaware commander.

"This is the screwiest piece of terrain I've ever seen. It's a great big ditch surrounded by mountains. The weather is horrible. We've been having very bad luck with it. It's a fight with the fog and low hanging clouds," he told UPI correspondent Raymond Wilkinson.

According to available reports, the North Vietnamese have yet to move in strength against the Air Cavalrymen on the ground.

"The enemy's motto seems to be, 'to hell with the infantry, get the choppers first,'" said one helicopter pilot, Lt. Lawrence Russell of Fort Lauderdale, Fla.

UPI correspondent Nat Gibson said the GIs in the valley call it simply "hell."

Leeches bit the troops under their clothes. Bamboo and elephant grass tear the exposed skin. They face cobras, pythons, scorpions, poisonous spiders, tigers and the North Vietnamese.

Don Cain To Carry Campaign Across District

Don Cain, Pampa attorney, announced today that during the last week of the Democratic Primary campaign he will continue to take his campaign for District Attorney into all five counties of the 31st Judicial District: Gray, Wheeler, Hemphill, Lipscomb, and Roberts counties.

Cain is seeking promotion to District Attorney after 14 years of service as County Attorney of Gray County.

He is currently serving as president of the Gray County Bar Association and is a past director of the Texas District & County Attorneys Association. Cain has served his Community as president of the Pampa Rotary Club, president of the Adolphe Walls Council Boy Scouts of America, director of the Pampa Chamber of Commerce, and director of the Pampa United Fund. Cain is a Navy overseas veteran and member of the American Legion and V. F. W.

"Respect for law and order is vital for our district," Cain said. "Law violators must be vigorously and fairly prosecuted. Good law enforcement seeks the support of all citizens of our district."

Handi-Mart Is Hit By Burglars

An estimated \$76 in beer and small change was taken in the burglary of the Handi-Mart grocery at 716 Prairie Center.

The burglary was reported shortly after 7 a.m. Sunday.

A plate glass was knocked out to gain entry, police say, and money was taken from a cash register and coin-operated machines. Cost of replacement of the plate glass is estimated at \$70.

White Deer Journalists To State

WHITE DEER (SPL) For the first time in ten years White Deer High School Journalism department will be represented in State UIL competition. Sandra Loeper, of Skeltytown, a senior and editor of the Bucks' Tale, the school paper, was awarded second place at the regional meet in Lubbock.

The Journalism contest consisted of news writing, feature writing, headlining, copy writing, and editorial writing. Each of the several categories were judged individually. Sandra won a first in headlining, first in copy writing, and fourth in feature writing.

Another member of Bucks' Tale staff, Deborah Evans, news editor, won a third in news writing and fifth in headlining. The two totaled 269 points earned for White Deer High School second place at the meet.

Several weeks ago, The Bucks' Tale staff submitted stories from its paper to the university of Texas Interscholastic League Press Conference. The Bucks' Tale received the award of achievement in high school mimeograph division II, and Norvelene Huckins received second place for her editorial on the importance of having a full staff of teachers.

Norvelene's editorial may ring a bell with some of you who read The Bucks' Tale's editorials, and have a long memory. It appeared in this year's first edition when WDHS had just secured band and shop teachers. For her effort she received a sterling silver charm with the award engraved on it.

Cash Is Taken Here From Local Lounge

Approximately \$100 was taken from the cash register of Penny's Lounge, 859 W. Foster shortly after midnight Saturday.

The owner reported to police that she thought she knew who took the money. No charges have been filed.

A breakfast for Democrat gubernatorial Candidate Dolph Briscoe is scheduled for 7:30 a.m. Wednesday in the Starlight Room of Coronado Inn.

Polyfoam, any size, 1/2" to 4" thick. Pampa Tent and Awning, 317 E. Brown. MO 4-8541.

Hairdresser needed. Vance Beauty and Wig Salon.

The Canadian River Gem and Mineral Society expresses its appreciation to the Panhandle area news media, the Pampa Chamber of Commerce and Police Department for supporting its annual rock show held Saturday and Sunday at the National Guard Armory.

Enrollment for Central Baptist Church kindergarten is 11 a.m. Tuesday and continues until classes are filled. Class starts in September and continues through May. Kindergarten hours are 8:30 a.m. to 11:30 a.m. Monday through Fridays.

Rain

(Continued From Page 1) Coast from Corpus Christi to Beaumont and into Louisiana today but most of the violent weather had moved eastward into Arkansas and Louisiana.

Hail covered the ground in North Dallas like snow and drifted at the sides of houses. Police reported many broken windows and signs blown down.

A tornado touched down in Irving, north of Dallas. It picked up a mobile home owned by Mr. and Mrs. Jake McLeeren and dumped it on a car, destroying both vehicles.

There were no injuries but the twister knocked down a wooden garage and twisted several trees.

Heavy rains dumped water curb deep on many Dallas streets, flooding them briefly.

Mrs. Nel Roebuck said a street near her home "looked like the Trinity River."

A rain swollen creek in Laredo knocked down a concrete retaining wall and spread mud and debris over a wide area. Water seeped into the first level of some low-lying homes. Highway crews had to clear away a landslide under a railroad underpass on the Zapata Highway.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have headache, backache and feel older, tired, depressed. In such cases, CISTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CISTEX at drugstore.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases - to promptly stop itching, relieve pain and actually shrink hemorrhoids.

House

(Continued From Page 1) tion it may take time. Significantly, however, Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, is saying privately an accord is virtually certain by May 15. So far, Mills has been the principal stumbling block to enactment of this tax hike.

The fact that he now is indicating there will be an understanding on the Senate's rider is of utmost moment. This is the first time Mills has gone that far.

The House has never voted on the President's proposed surtax. The Ways and Means Committee, which originates all revenue legislation, has persistently blocked House Consideration of the surtax by refusing to submit it to the full chamber.

In taking that adamant stand, the 25-member committee (15 Democrats, 10 Republicans) supported the position held by Mills. He has insistently demanded a \$5 to \$8 billion slash in federal spending as a condition for a tax boost.

The Senate, in voting the 10 per cent surtax, also adopted a provision calling for a \$6 billion reduction in the \$186 billion budget submitted by the President in his State of the Union message. This statutory limitation on spending, if enacted into law, would meet Mill's requirement for a tax hike.

Mills' apparent changed attitude is further indicated for a remark he is credited as making to a top House Democratic leader. "The problem is to work out something the House will accept. We know how the Senate feels, but the House is untested on this question. It is very important to be sure of our ground before we put this matter up to the full House membership."

Federal Reserve Board Chairman William Martin's recent stern and forceful warning that the nation faces a dire financial crisis has unquestionably had decisive impact on the House-Senate conferees.

Privately, members of the committee readily admit that. One stated, "Martin's Bomb shell is definitely triggering towards an agreement, but it is in the making. You could sense that at our last meeting, particularly, on the part of House conferees who had been very stiffnecked until Martin's blast.

"But they aren't talking that way now. And that includes Mills. There is a distinct inclination on the part of all the conferees to work out something I would say the outlook is definite for an agreement on a 10 per cent surtax."

Art Students' Work Is Exhibited

Art students of Mrs. Willetta Olds, Robert E. Lee Junior High and Mrs. Floyd Sackett, Pampa High School, exhibited their work in the Northwest Texas Regional Scholastic Art Awards Show recently.

The exhibitions of art, sponsored by White and Kirk of Amarillo and Scholastic Magazine, is an annual event.

Students who won the Gold Key Awards have received a gold key pin. This is the highest award given in the Regional Art Awards Exhibit. All students whose work was chosen for this exhibit have been awarded certificates of merit.

Students from Lee Junior High receiving gold key ring awards were Doug Thompsons, Ray Palminter, Ruth Ann Davis, Vanessa Arthur, Sarah Walker, Marcie Anderson, Kathy Kyle and Steve Edwards.

Certificate-winners of Lee are Iris Lee Page, Betty Felter, Warren Williams, Gary Elliott, Cynthia Knox, Carrie Beth Rogers, Jim Daniel, Gene Carlson and Tommy Harmon.

Gold Key winners from Pampa High School were Betty Supina, John Meeks, Betha Lee Stubbe, Norma Sublett, Robert Poole, D. D. Lofton, Theresa Blakeslee-Olds, Hane Robertson and Debbie Hart.

Pampa High Students receiving certificate of merit awards were Betty Supina, Stanton Caviness, Danny Winter, John Meeks, Betha Lee Stubbe, Theresa Blakeslee-Olds, Harvey Robertson, Donna James Sylvia Graham and Alvin Belflower.

The portfolio of Theresa Blakeslee-Olds was one of three chosen to be sent to New York City to be judged for a college scholarship.

Fire Damages House

Heavy damage to the living room wall of a house owned by Wesley Mallock at 420 E. Foster was sustained in a 6:42 a.m. blaze this morning. Firemen say the blaze was caused by a wall furnace.

Underdog Texan Wins Golf Event

DALLAS (UPI)—Portly Miller Barber, who used to caddy for Byron Nelson, sacked up the \$20,000 first money in the Byron Nelson Golf Classic Sunday with a 10-under-par 270, but not before young Kermit Zarley had thrown an icy chill with a six-under-par back nine.

What had loomed as a runaway victory for the 37-year-old Barber midway through the final round with a seven stroke lead at that point, turned into a spectacular finish for the record 20,000 gallery when the 26-year-old Zarley roared from nine strokes off the pace to finish a 35-29-64 and a 271.

The close finish was no fault of Barber's, who played the 72 holes in 54 pars, 14 birdies and only four bogies over the 7,086-yard Preston Trail Golf Club's par 35-35-70 layout. He played steady 33-37-70 golf, but Zarley swarmed in on his head like a whirlwind.

Barber, whose only previous tour triumphs were the 1954 Cajun Classic and the 1957 Oklahoma City Open, ranked 15th going into this tournament with \$27,500 in the bank. Zarley, whose victory on this year's Kaiser Open was his only tour triumph, ranked 10th with \$34,200 and he picked up \$12,000 more here—his second time in a row to win or share the runnerup spot in this tournament.

Harold Henning of South Africa shot a 35-33-68, but fell

victim to Zarley's rush and finished third at 273, worth \$7,500. Fellow-countryman Gary Player and Jack Montgomery tied for fourth with 277s and won \$4,650 each.

DALLAS (UPI)—Final scores and money winnings in the \$100,000 Byron Nelson Golf Classic:

Miller Barber	(32,000)	67-68-67-270
Kermit Zarley	(12,000)	71-68-68-271
Harold Henning	(7,500)	67-68-68-273
Gary Player	(4,650)	67-70-71-277
Jack Montgomery	(4,650)	66-71-70-277
Arnold Palmer	(3,275)	72-71-67-278
Tom Weiskopf	(3,275)	71-69-74-278
Jack Nicklaus	(2,500)	70-71-69-279
Dave Stockton	(2,500)	70-71-69-279

Weekend Sports Summary

By United Press International Saturday

SILVERSTONE, England (UPI)—Dennis Hulme of New Zealand, the world driving champion, outduelled Jo Bonnier of Switzerland to win the players sports car trophy race at an average speed of 115.62 miles per hour.

LOUISVILLE, Ky. (UPI)—Cain Hoy Stable's Captain's Gig won the \$6,000 Stepping Stone purse, next-to-last prep for the Kentucky Derby, by tight lengths at Churchill Downs.

BALTIMORE (UPI)—Tom Phoebus pitched his way into baseball's Hall of Fame by hurling a no-hitter as the Baltimore Orioles beat the Boston Red Sox 3-0.

PHILADELPHIA (UPI)—Vilanova swept to an unprecedented five major Penn Relays championships by scoring a come-from-behind victory over Rice in the mile relay.

OAKLAND, Calif. (UPI)—Jimmy Ellis outpointed Jerry Quarry over 15 rounds to win a split decision and gain the World Boxing Association heavyweight championship.

BOURNEMOUTH, England (UPI)—Professional Ken Rosewall won the world's first open tennis tournament, beating fellow Australian Rod Laver 3-6, 6-2, 6-0, 6-3 in the British hard court championships.

RALEIGH, N.C. (UPI)—Carol Mann won the Raleigh Ladies Invitational Golf Tournament with a 54-hole total of 214, three strokes better than Kathy Whitworth.

MONTREAL (UPI)—Rookie Jacques Lemaire's second goal of the game after 2:14 of overtime gave Montreal a 4-3 victory over Chicago and brought the Canadiens into the final round of the National

A SCENE seldom seen is Jim Ryun losing a race. Villanova senior Dave Patrick turned the trick last year, beating the Kansan in a half-mile duel.

Texas Keglers Fall Behind In Women's Bowling Event

SAN ANTONIO, Tex. (UPI)—The Texas team from Sulpher, La., rolled a total score of 2,744 in Sunday's competition of the Women's International Bowling Congress to move into first place in the team standings of Division 1.

The Texas team replaced the Columbia 300 Team No. 1 of San Antonio which dropped to second with a 2,694 score. Kelly Girls of San Antonio was third at 2,658.

In Division 2, KMCO radio station of Conroe, Tex., still led with 2,428, followed by Makeup Team No. 8 with 2,399 and the Lucky Five of Angleton, Tex. with 2,383.

In individual changes Sunday, Shirley Jacobson of Topeka, Kan. shot a 644 to jump to fourth place in Division 1 singles. In Division 1 all-events, Violet Doyal of Amarillo, Tex. moved into fifth with a 1,711.

TAYLOR COACH
CALLAWAY GARDENS, Ga. (UPI)—Jim Taylor, hard-running fullback of the New Orleans Saints of the National Football League, has joined the faculty of the Healthdisc All-Star Sports Camp for boys, July 7-14. Hall of Fame baseball star Bob Feller and high-scoring Oscar Robertson of the Cincinnati Royals previously were named to the faculty.

Hockey League's Stanley Cup playoffs.
DALLAS (UPI)—Miller Barber staved off a torrid closing drive by Kermit Zarley to win the Byron Nelson Golf Classic with a 10-under par 270.

Former NAIA All-American Talks Before Basketball Fans Here

Rev. Jim Bond, who led the Harvester high school cage team to two consecutive state titles in the early 1950's, will be featured speaker for the annual basketball banquet at the Pampa high school cafeteria tonight. The banquet is scheduled for 8 p.m.

Bond gave a talk on drinking at a high school assembly earlier this afternoon after arriving at the Amarillo airport around 9 a.m. where he was greeted by the Top of Texans. He

came to Pampa by car. Bond, a center in high school, led the Pampa basketball team three seasons, 1952-54. The squad captured the state title in 1953 and 1954 with identical undefeated records of 28-0.

Shifted to center-forward in college, Bond played college basketball at Nazarene College at Pasadena, Calif., where he won a berth on the NAI (small college) All-American basket-

Mirror Glaze Co. His performance in the AAU tournament for Mirror Glaze was so outstanding that he was invited to join another AAU team, Phillips 66, and made the trip to the 1956 Olympics.

Bond was named to the all-district high school team in 1953 and 1954. He was all state both years and selected on the All-American high school squad in 1954.

He was named the most outstanding first year player in the AAU basketball tournament in Denver, Colo.

He is now pastor at the College Church of the Nazarene in Nampa, Idaho.

Tickets for the banquet are on sale at Tarpley's Music Store, Richard Drug and Thompson Parts and Supply at \$1 for students and \$2.50 for adults. All those interested—both students and adults—are urged to attend.

West Injured As Lakers Top Celtics

INGLEWOOD, Calif. (UPI)—The status of Los Angeles star Jerry West was the big question today with the Lakers and Boston Celtics tied at two victories apiece in the National Basketball Association championship series.

West, who missed more than 30 games during regular season play because of injuries, suffered a sprained left ankle in the final minute Sunday night after scoring 38 points to pace Los Angeles to a 118-105 victory.

The fifth game of the best-of-seven final playoff series will be played at Boston Tuesday night with the sixth contest set here Thursday night.

West, the smooth-shooting country boy from West Virginia, tried to dismiss his injury as not serious but his coach, Bill Van Breda Kolff wasn't so sure.

"The patient should know better than I, but I have seen West not complain when his nose was hanging all over his face," Van Breda Kolff said.

West, who scored 23 of his points in the first half, limped off the court with 40 seconds remaining following a

collision with the Celtics' John Havlicek.

Elgin Baylor, the Lakers other veteran star, poured in 30 points and second-year guard Archie Clark added 17 as the Lakers atoned for a 127-119 loss at home Friday night.

Bill Russell, Boston's player-coach who has been nearly flawless in the Celtics playoff games this year, was somber in defeat. "Both teams played poorly," he said.

Although he led all rebounders with 22 recoveries, Russell

looked tired and scored only 11 points. He drew five personal fouls which hampered his defensive play late in the game.

Leading the way for the Celtics were Bailey Howell with 24 points and Havlicek with 23. Los Angeles was in front nearly all the way, although the game was close until the Lakers pulled away in the final 10 minutes. They moved from an 86-84 lead with 9:55 to play into a 99-91 advantage with 6:04 remaining.

The Lakers led 26-21, 52-44, and 80-75 at the period stops.

Captain's Gig Looms Strong Candidate For Derby Race

By United Press International
The stock is rising on Cain Hey Stable's Captain's Gig.

The dark bay colt kept his record as a 3-year-old unblemished Saturday and made himself a strong candidate for the May 4 Kentucky Derby by cruising to an easy eight-length victory in the \$6,000 Stepping Stone purse at Churchill Downs.

Captain's Gig, winner of the Forerunner Purse at Keeneland a week ago, took the lead in the mile race shortly after leaving the gate but then dropped back into second before charging into the front at the start of the long stretch.

Royal Exchange, the only Derby non-eligible in the field of six, finished third, four lengths behind Trouble Brewing.

Despite the runaway triumph turned in by Captain's Gig, Forward Pass still remained the early favorite for next Saturday's 94th running of the Derby.

In Saturday's big race, George D. Widener's Bold Hour went to the front in the stretch to win the 25th running of the \$85,000 Grey Lag handicap at Aqueduct by three.

Diplomat Way finished second in the 1 1/2 mile race but was disqualified and placed fourth for banging into several horses at the start. That moved

Kicking Karavan Set By Cowboys

DALLAS (UPI)—The Dallas Cowboys second annual Kicking Karavan, unlike its predecessor, will be international in flavor.

The Cowboys announced Saturday that the second tour in search of National or American Football League punters and place kickers would include stops in Toronto, Canada, June 1, and would wind up in Mexico City June 8.

It will start May 4 here and be in San Antonio, Tex., May 5; Birmingham, Ala., May 11; Jacksonville, Fla., May 12; Long Beach, Calif., May 18; Thousand Oaks, Calif., May 14; Chicago May 25; Canton, Ohio, May 26, and New York City June 2 in addition to the stops at Toronto and at Mexico City.

"The tour last year proved to us it was a worthwhile project," said Cowboys personnel director Gil Brandt. "You remember that three players who tried out with us kicked in the National and American Leagues last season."

"Mac Percival kicked for the Chicago Bears, Harold Deters for us and Terry Swanson for the Boston Patriots.

Clay's Former Sparring Mate Wins Decision Over Quarry

OAKLAND, Calif. (UPI)—There's been the "missile gap" and "credibility gap" in politics and now along comes boxing with the "Ellis gap."

That's just what Jimmy Ellis used Saturday night as he kept his distance from the beckoning Jerry Quarry then caught the favored Irishman with jabs and right shots en route to a split 15-round decision for the World

In this country juvenile crime is increasing seven times faster than our population. In Gray County more cases have been filed in our juvenile court during the first four months of 1968 than were filed during the entire year of 1967. The County Attorney is the prosecuting officer in the juvenile court. His decisions concerning a juvenile in trouble will affect greatly the juvenile's future. John W. Warner has been working with juvenile problems for five years as Pampa's Corporation Court Judge. This is valuable background for a County Attorney to have. Vote John W. Warner for County Attorney on May 4.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE
The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Not Opliged To Support Evil

Mr. Johnson's personal financial managers are rumored to be active in the metals market silver and gold currently are sharing the spotlight of those exchanges. One of the rumors going around is that a silver purchase by his personal aides triggered the European run on the dollar.

Another report is that his long term campaign contributor, Brown-Root & Co. of Houston, Texas is a prime contractor in Vietnam.

As to the latter, we have seen proof in the form of news reports, describing the Brown-Root construction activity in Vietnam. As to the former, the fact that a rumor persists is equally significant as if the rumor were true; that is, if Europeans ever supposed that the No. 1 man in the U.S.A. were turning in his dollars for hard goods, they would be prompted to do the same.

Unfortunately, the law still bars Americans from possessing gold bullion or coins, except for souvenirs. Congressman James B. Utt has introduced legislation to lift the ban on owning gold. If this were done, enough private individuals would be inclined to hedge against inflation panic that it is entirely possible that the gold outflow would instead become a gold inflow. That would tend to save the country, even if the political structure itself should fall. For if men have some medium by which to do business, they have a tool by which they can organize a protective system without political assistance, even under conditions of political opposition.

The problem as we see it is a moral one. As long as the people of the country suppose that they are obligated by God to sustain an immoral system, we do not see how anything but an immoral system will be supported.

We do not challenge the Scriptures which admonish every soul to "be subject unto the higher powers. For this is no power but of God; the powers that be are ordained of God" (Romans 13:1). To the contrary, we submit to the Scripture. We do not believe that God or Nature ordains anything that is immoral. And even though, out of a regard for fleshly frailty, some latitude is permitted to those human powers that are ordained, instructing us to be SUBJECT even in the event of error, even that falls short of commanding us to take a positive step in support of wrong against right.

Many good people that we talk to profess to see a positive command to support evil in the admonition "Render therefore to all their dues; tribute to whom tribute is due; custom to who custom; fear to whom fear; honour to whom honour" (Romans 13:7). Yet we find nothing in such a mandate that would cause us to imagine that we are instructed to render tribute to whom tribute is not due.

We could go on from there with other passages, wherein political systems are equated by the Prophets with Satan himself. Suffice it at this point to ask whether the Prophets themselves did not complain aplenty. We do not know how they or anyone else could support true authority if they did not expose the pretenders thereto.

We believe that when men stop worshipping human idols in high offices and begin rightly to be concerned over what is true and what is not, some of the problems playing us will begin to get solved.

There is a strain of law and order that persists even within the corrupted framework. Natural law and Natural order are what we should support. Those and legislation are not one and the same.

There is strong bipartisan opposition to even giving OEO as much as it has in the current year—\$1.77 billion. Some commiteemen are vigorously demanding its budget be slashed to \$1.5 billion and possibly less. Importantly prompting this critical attitude was White House shifting of some \$200 million of OEO funds to the Labor Department for manpower and job-training programs. As a direct consequence, OEO was compelled to shut down 16 Job Corps centers throughout the country and drastically reduce the Community Action and Headstart programs—the latter the most popular of OEO projects.

Commiteemen are irately recalling that last fall former OEO Director Sargent Shriver told them, "We can live with a budget of \$1.68 billion." Congress gave the agency \$1.77 billion. Whereupon a few months later President Johnson, by executive order, in effect cut OEO funds by \$200 million by switching the money to the Labor Department.

To this day, there has been no explanation to Congress for this abrupt arbitrary action. Further, every attempt to ascertain just what this was all about has been adamantly rebuffed by Representative Carl Perkins, D-Ky., chairman of the Education and Labor Committee, which has jurisdiction over anti-poverty legislation.

On five different occasions Representative William Ayres, O., ranking Republican commiteeman, has formally asked for either committee hearings or an investigation. Ayres pointed out that Congress had appropriated money for one purpose, and it is being used for something entirely different—about which there is no information. But Perkins ignored each request. The administration's drum-tight blackout still prevails.

SIGNIFICANT SCRUTINY—Against this inside background, the Appropriations Subcommittee, headed by Representative Daniel Flood, D-Pa., has quietly decided to have a closer look at OEO—what it's doing and why.

This is very significant, coming as it does on the heels of a series of closed-door hearings in which top OEO officials

Backstage Washington

Deeper Slashes in OEO Budget Likely As Congressmen Cite Unanswered Criticisms

WASHINGTON — The scandal-scattered anti-poverty program is in very deep trouble in the House Appropriations subcommittee now considering its multi-billion dollar budget.

Bipartisan committee sources say flatly there is absolutely no chance of the Office of Economic Opportunity (OEO) getting the \$2.1 billion authorized by Congress last year for the fiscal year starting July 1. Committee sentiment is overwhelmingly against that.

The key inside question is how deep to cut.

There is strong bipartisan opposition to even giving OEO as much as it has in the current year—\$1.77 billion. Some commiteemen are vigorously demanding its budget be slashed to \$1.5 billion and possibly less.

Importantly prompting this critical attitude was White House shifting of some \$200 million of OEO funds to the Labor Department for manpower and job-training programs. As a direct consequence, OEO was compelled to shut down 16 Job Corps centers throughout the country and drastically reduce the Community Action and Headstart programs—the latter the most popular of OEO projects.

Commiteemen are irately recalling that last fall former OEO Director Sargent Shriver told them, "We can live with a budget of \$1.68 billion." Congress gave the agency \$1.77 billion. Whereupon a few months later President Johnson, by executive order, in effect cut OEO funds by \$200 million by switching the money to the Labor Department.

To this day, there has been no explanation to Congress for this abrupt arbitrary action. Further, every attempt to ascertain just what this was all about has been adamantly rebuffed by Representative Carl Perkins, D-Ky., chairman of the Education and Labor Committee, which has jurisdiction over anti-poverty legislation.

On five different occasions Representative William Ayres, O., ranking Republican commiteeman, has formally asked for either committee hearings or an investigation. Ayres pointed out that Congress had appropriated money for one purpose, and it is being used for something entirely different—about which there is no information. But Perkins ignored each request. The administration's drum-tight blackout still prevails.

SIGNIFICANT SCRUTINY—Against this inside background, the Appropriations Subcommittee, headed by Representative Daniel Flood, D-Pa., has quietly decided to have a closer look at OEO—what it's doing and why.

This is very significant, coming as it does on the heels of a series of closed-door hearings in which top OEO officials

last year by a majority of more than 100.

The Senate committee endorsed the bill after a sharp clash between Montoya and Senator Allen Ellender, D-La., chairman, who tried to shelve it—as vigorously urged by the State Department.

But while lipped in committee, the department has been more successful with Senate Democratic Leader Mike Mansfield, Mont.

So far, he has made no move to bring the legislation before the full Senate. There have been a number of opportunities to do that, but nothing has happened. This past week, since the Senate returned from the Easter holiday, it has dawdled again with early daily adjournments. But this legislation has been ignored.

The same thing happened in the House — at covert State Department instigation.

Although a bipartisan bill sponsored by Representative Thomas Morris, D-N.M., was approved 22 to 2 by the Agriculture Committee and unanimously by the Rules Committee, it was pigeonholed for four months by Speaker John McCormack, D-Mass., at State Department behest.

Threat of an open revolt finally forced the 73-year-old Bostonian to allow the measure to be considered by the House — which quickly approved it 274 to 64.

It's virtually certain the same will happen in the Senate if the legislation can be brought up there. But whether it will be highly uncertain as the State Department is exerting every effort to block that.

CODDLING NASSER—In trying to circumvent this backstage stalling, Senator Montoya and other supporters of the bill are fully aware they are racing against time.

The State Department is secretly endeavoring to negotiate resumption of diplomatic relations with Nasser. Once that is done, the prospects of this measure would be considerably diminished, as it would be argued it would constitute affront to the Egyptian dictator.

So the State Department is doing its utmost to stall the legislation, while its partisans are trying to speed consideration in the confident belief it would be passed if diplomatic ties have not been re-established.

Meanwhile Nasser is continuing to do business as usual despite his court severing of diplomatic relations last June on the slanderously false ground that U.S. planes aided Israel in its blitz destruction of his Soviet-provided airforce.

Since then, Nasser has shipped some 20,000 bales of extra-long staple cotton to the U.S.—thus providing him with more than \$5 million in desperately needed foreign currency. This is strictly one-way trade. U.S. exports to Egypt have been shut off.

In addition to this cotton, Nasser has also been permitted to ship millions of yards of textiles to the U.S. This has been done under an unannounced extension of an expired trade agreement with Egypt. The latest extension is for three months to July 1.

LONG OVERDUE SLAPDOWN—Senator J. William Ful-

Miami's War On Crime

(Chicago Tribune)
Critics of Mayor Daley's order to shoot arsonists and looters can hardly ignore the results of a similar "get-tough" policy in Miami, crimes of violence in that city have dropped by nearly two-thirds in the last three months.

A wave of holdups and shootings in Miami's Negro districts reached a climax in three murders last Christmas weekend. Police Chief Walter Headley blamed the violence on young criminals "who have taken advantage of the civil rights campaign." He assigned extra men to street patrol, armed them with shotguns, added more police dogs, and warned that "when the looting starts, the shooting starts."

The police chief himself hastens to give part of the credit for this turn of events to the city's community relations board, which has kept lines of communication constantly open between white and Negro leaders. Still another factor, the chief points out, is that his men have made good use of a "stop and frisk" law to confiscate an average of 135 hoodlum guns a month.

In this connection, it may be recalled that in each of its last two sessions the Illinois legislature passed a "stop and frisk" bill, which had strong support from both Mayor Daley and the Chicago police department. Both bills were vetoed by Gov. Kerner.

ANSWER: If there were any longer such a thing as equal treatment under the law, the court would have to rule the scholarships solely for Negroes were unconstitutional if it ruled that scholarships for whites only were unconstitutional.

However, we would not like to see another wrong added. If one believes in the rights of an individual to own property, one must believe the owner has a total and unconditional right to dispose of that property in any way he sees fit. He should be able to give it away, or even destroy it, as long as it is his honestly acquired property. If an individual wants to will his property to Caucasians, Negroes, Orientals or to green-eyed redheads that should be his business alone. When the court rules otherwise it is violating individual rights and what once were referred to as "constitutional protections."

Repeating the legal error by prohibiting the scholarships for Negroes only would not counteract the first decision denying a person's right to help whites only. Two wrongs do not make a right.

Characteristically, Fulbright talked interminably. When Smith finally got the floor, he pointed out that "Senator Fulbright has made two speeches, in the course of which he answered arguments that are not being put... He is an expert on myths... He said bombs don't prove that capitalism is better than communism. Who said it did?"

"You did," barked Fulbright. "No, I did not," retorted Smith. "Now you just keep quiet. You can interrupt people in the Foreign Relations Committee, where you can get away with that. But you can't here. So you just shut up while I'm talking."

The audience roared with warmly appreciative laughter and applauded heartily.

PREDICTIONS — Lieutenant General Benjamin O. Davis, 55, West Point 1936 graduate and commander of the 13th Air Force in the Philippines Islands, will be promoted to a full general—the first Negro to attain that top rank. As a four-star general, he will take over the Tactical Air Command at Langley, Va., the presidential commission that is studying what should be done to eliminate the Post Office Department's annual deficit of around \$1 billion will recommend that the giant agency be converted into a non-profit government corporation. That will be in line with the policy favored by former Postmaster General Lawrence O'Brien. The ten-member commission was to report early this month, but the murder of Dr. Martin Luther King and outbreak of violence and riots in a number of cities delayed the findings.

NEW YORK (NEA) — Before answering reader mail, we would like to take a moment to commiserate with Barnard College for Women.

To its great dismay, Barnard has just read in the newspaper that scores of its students have been lying about their living quarters. Unbeknownst to the college authorities these girls have actually been living in single-liaison with young men from Columbia University across the street.

More than 60 girls have readily admitted lying. But, they say, it is not the business of the college to question where they live or in what kind of liaison.

Moreover, Columbia does not impose housing regulations on its men. And to do so at Barnard is discrimination on the basis of sex and, therefore a violation of civil liberties.

And anyway, the girls say, coeducational housing helps solve personal emotional problems and get better grades.

Well, it is very sad to see American higher education faced with a question it cannot answer. And naturally, this emergency gives renewed dedication and purpose to the work we are trying to do here at the Institute.

And now, a peek into the mailbox: DEAR DR. CANNEL: As president of a democratic college, I have seen to it that the student decide on what courses should be taught and who should teach them. Now I find that the undergraduates want—well, coeducational housing. Can I do that?

ANSWER: Not without professional assistance. If you will send a dossier on each student to us here at the Institute, our liaison officer will work out the rooming arrangements.

DEAR DR. CANNEL: Speaking for the trustees at our university, I would like to say that I am shocked at recent student behavior. What can we do to keep these young people from revealing their emotional problems and home remedies to newspaper reporters.

ANSWER: Yours is a common complaint. Most colleges and universities have found that student problems like these can be readily solved by a good, rousing fund-raising and new-buildings program.

DEAR DR. CANNEL: Since moving in with this term's roommate, I have been promoted to varsity cheerleader, have much better grades and no emotional problems to speak of. However, my digestion is shot from his cooking. What can I do?

ANSWER: Surveys conducted here at the Institute indicate that a few nights out with the girls each week will not only aid digestion but clear up acne as well.

DEAR DR. CANNEL: Our son attends a fine college where he gets excellent marks, is a student leader, enjoys a busy social life. During a recent visit

Pull Up A Chair

By FRANK JAY MARKEY

The United States has only two borders with other nations—Canada and Mexico. Soviet Russia has exactly 13 They include Norway, Finland, Poland, Czechoslovakia, Hungary, Romania, Turkey, Iran, Afghanistan, Mongolia, Red China, North Korea and Japan. However the 3,967-mile border between the U.S. and Canada is the world's longest and hasn't a single fortification on its entire length. The 1333-mile frontier that separates the U.S. and Mexico holds the world record for crossings. An estimated 110 million cross it every year. We wonder if 110 million people cross all of Soviet Russia's 13 borders in a year and how easily they can do it?

Today's smile: A mother was driving her young son home when he asked: "Mom where are all those kooks and nuts and infernal idiots?" His mother replied: "They only happen to be on the highway when your father is driving."

Thoughts while shaving: Seems as though DeGaulle can always swindle Uncle Sam when it comes to money. When the U.S. bases were removed from France Uncle Sam sold buildings, tools, spare parts, vehicles electrical, medical and dental equipment to the French for a paltry \$139,000. It had originally cost \$3.2 million...

If you're plagued with parkway driving every day, just relax. Better days are coming. The planners are working on a network of 100-mile an hour express ways with automatic electronic steering guidance devices imbedded in the roadway to control the speed and direction of the cars while their drivers relax in computerized safety. Makes us wonder how they plan to control the guys who weave in and out of traffic lanes and the women drivers, who are either too fast or too slow.

The council-manager plan is now the most popular form of government in all cities of over 10,000 population. And it's used by one-third of the U.S. communities with a population between 500 and 10,000. Since World War II an average of 100 cities or towns a year have adopted it... We always thought the expression "to divide the sheep from the goats" derived from English literature, but a clergyman told us it comes from the Bible. He said we would find it in Chapter 25 of Matthew. Sure enough we did... If you like golf here's a good tip for you. Always use expensive balls. They can be driven farther than the cheap ones.

The Pensacola (Fla.) JOURNAL reported in a story: "Consumed internally, children can end up deathly ill—or just Plain dead. "They certainly can!"

Country Editor speaking: "The trouble with most self-made men is that they quit the job too early."

however, I noticed that he was rooming with another fellow. Is this a bad sign?

ANSWER: Everything is a bad sign. We here at the Institute cannot specify what it is a bad sign of without further information. If you will let us know what you are afraid of, we will be happy to confirm it by return mail.

DEAR DR. CANNEL: I am a normal, healthy, maladjusted junior who is rooming with this wonderful sophomore girl. However, she does not wash dishes very clean. Also, I have developed hay fever. What can I do?

ANSWER: Hay fever is not a junior ailment. What you probably have is an allergy to house dust, which can be easily cleared up with a year or so of psychological counseling.

A thought for the day: Daniel Webster, said: "Justice, sir, is the great interest of man or earth."

Vitamins: Pro And Con

"Caution: Vitamin supplements may not be necessary for your health."

The Federal Drug Administration, which has been engaged in a running battle with the vitamin manufacturers, apparently would like to see some such label on every bottle of liver extract pills or what not.

Vitamins and minerals are abundant in commonly available foods, maintains the FDA. Except for people with special medical needs, there is no scientific basis for the routine use of supplements.

The drug companies admit that this is technically true, but counter that bottled nutrition is still necessary because a lot of people simply don't eat as well

as they should, irrespective of their financial status.

They cite a study made by another government agency, the Department of Agriculture, which shows that 50 per cent of the families surveyed had inadequate diets that were below recommended allowances in one or more nutrients.

The situation seems to be deteriorating. A similar study a decade earlier found 40 per cent of American families nutritionally deficient.

So what's a mother to do? Common sense suggests that the best course is to have regular checkups and to follow the advice of the family physician while the protagonists in the pill controversy fight out the issue among themselves.

The Best 10 Years

When retirement standards cut off many persons in their most productive period of life, it is refreshing to read about a man who is still going strong in his 93rd year. He is J. C. Penney, founder of the great chain of stores bearing his name. On a visit to Portland, Oregon, he expressed thoughts that are good medicine in these days of confusion. Among other things, he said, "... I'm looking forward to the next 10 years as the best years of my life... I belong to too many organiza-

tions, like the 4-H, that represent young people and I meet too many outstanding examples of today's youth to sour on any of them. I see leaders of tomorrow... business leaders, governors and perhaps even presidents."

The occasion of Mr. Penney's visit to Portland was the presentation of scholarships to young 4-H leaders made possible by a grant from his company. His presence and faith are an inspiration.

Is There Such A Right?

We have often wondered if people realize, when they insist on and exercise the "right to live and vote," that what they are actually claiming is the "right" to

coercively participate in decisions with respect to how OTHER people live THEIR lives and make use of THEIR property?

The Almanac

Today is Monday, April 29, the 120th day of 1968 with 246 to follow.

Confederate stronghold, fell to Union forces.

The moon is between its new phase and first quarter.

Wall Street Chatter

NEW YORK (UPI)—Graham Loving & Co. feels that although it is still too early to be certain, the market apparently is in the process of starting an "intermediate decline, correcting at least part of last month's advance."

The firm recommends that "traders and aggressive investors use rallies to selectively reduce positions in anticipation of a better buying opportunity probably in the middle or latter part of May."

Stanley Heller & Co. comments that "for the near term it would seem academic whether we are now entering a new bull market or merely an extended rally in a bear market. The analyst says he believes "the absorption of an abundance of institutional cash reserves will continue to reflect itself in higher equity prices."

Hayden, Stone, Inc. thinks that the most of the near term trading highlights will quite likely be provided by new individual stocks and groups participating belatedly on the upside. The analyst feels that the "generally improved psychological, technical and fundamental atmosphere in which the market is currently operating, should prove to be strong supporting factors."

Tessel, Patricik & Ostrau says the possibility of the current rally extending into the summer has been increased, insofar as some leading blue chips and growth stocks recently made historic highs, an indication of what could happen to other issues.

Weis, Voisin, Cannon Inc. says the time for "tempered optimism rather than aggressive buying" is at hand because the market has staged such a major reversal with few pauses

Astrological Forecast

By CARROLL RIGHTER

(FOR TUESDAY, APRIL 30)
GENERAL TENDENCIES: A day and evening to put on your thinking cap to get some highly sensible and logical ideas for advancing in the days ahead by a long-range visionary plan that is now yours. Be sure that you do let these a-bout see and realize that you are the one to be turned to so that pending arrangements can be carried through.

ARIES (Mar. 21 to Apr. 19) - If you contact regular associates, you find they will assist you to attain your most cherished wishes. Get out and visit with the right people and you become more efficient. Let that fine sales ability you have flourish. Do whatever is necessary to get out of debt you may have. Also plan on your own time to spend extra money.

TAURUS (Apr. 20 to May 20) - Concentrate on making more money or getting certain problems cleared up in present status. Do whatever is necessary to get you out of debt you may have. Also plan on your own time to spend extra money.

LEO (July 23 to Aug. 23) - Getting into the credit picture that most appeal to you with those similar interests sets you the support you want. Enjoy old associates as well as make new ones. This can be a very happy, productive day and evening.

WTSU Sets Marketing Seminar
Amarillo (SPL) - West Texas State University's school of business will sponsor a one-day sales and marketing seminar Saturday, May 4 from 8:15 a.m. to 4 p.m. at the Student Union Building in Canyon.

Truth, Consequences 'Fiesta' Set May 25
The annual Truth or Consequences, N. M., Fiesta will be held this year on May 2nd through 5th and will feature Ralph Edwards, television personality, whose former show inspired the name for the community.

Crossman Has New Open Door Policy
A new open-door policy for customers of Crossman Appliance Co. has been announced by Paul Crossman, Owner of the retail outlet at 523 W. Foster. "The open door policy," Crossman said, "is a new refrigerator-freezer with reversible doors which may be changed to open from whichever side the customer desires."

By Abigail Van Buren

DEAR ABBY: My husband (I'll call him Ted) is a salesman. We've been married for 20 years. Last month, while Ted was on the road, he had a severe heart attack. His brother called me and said that Ted was extending his business trip a "few extra days" and for me not to worry, but I knew something was wrong and I finally got his brother to tell me that Ted was in the hospital with a heart attack. Naturally I immediately went to be with Ted.

I stayed for three weeks and when I asked the hospital cashier for Ted's bill, I saw his admittance form, revealing that he had had the heart attack at 2 a.m. in the apartment of a woman.

She called the ambulance and he was hospitalized, using her ADDRESS. Also, instructions were left that his bill should be sent to HER house.

When I asked Ted to explain it, he said he didn't know the woman, that she was just the AMBULANCE DRIVER!

I have since found a number of cancelled checks in my husband's desk made out to this woman, going back over a year. Now Ted says he owed her money and was just paying her back, and he refuses to talk about it further.

I spoke with this woman on the phone and found out that she is a divorcee. She says she and Ted are "good friends."

Ted will be discharged next week. His doctor gave me instructions on how to care for him during his convalescence. The doctor assumes that my husband will be coming home for a three month bed rest. Under the circumstances, I am not so sure I want him.

Whereas his heart has been damaged, mine has been broken. What should I do?

SECOND WIFE BUT NOT SECOND FIDDLE

WAY OUT
LONDON (UPI)—A spokesman for the Beatles said today the singing group no longer will do live public appearances. The spokesman said the Beatles "cannot present their present type of music within the concept of a live concert." He made the statement in explanation of the Beatles' decision not to take part in a May 13 variety show in the presence of Queen Elizabeth.

ODORS AWAY
One Drop Air Deodorant
Kills household odors instantly
One drop per room gives twenty-four hour odor control. There are 240 drops in the 1/2-oz. bottle, an adequate supply for many months of spring-time freshness.
