SOVIET ARMY SMASHING TOWARD KHARKOV

BRYANSK MENACED BY RED PUSH; REPORT EVACUATION OF NAZI SMOLENSK 'ANCHOR'

LONDON, Aug. 7 (AP)—Red army shock troops, plunging deeper into the Ukraine in a wide flanking movement to throttle the big German defense pillar of Kharkov, today captured Graivoron, 45 miles to the northwest, a special Soviet communique announced.

Gaining nine miles and overrunning 70 villages the Russians thus cut another point on the Kharkov-Bryansk railway, while directly north of Kharkov Soviet units pushing down the Uby river from Volochev were within 25 miles of Russia's third largest city.

Berlin announced a second threat to their Kharkov base in broadcasting a report that a big Russian army massed at Chuguev, 25 miles to the southeast, had gone over to the offensive and made initial gains. This pincers movement was similar to the tactics that conquered Orel and Belgorod.

Above the Ukraine, Bryansk was menaced by Soviet troops spilling through the gap at Orel. Gains of seven miles were made during the day, the special Soviet bulletin said, and the Red army was believed to be within 30 miles of that hinge of the German central and southern fronts.

Graivoron, like Zolochov, is on the Kharkov-Bryansk railway, and its capture indicated the Russians were cutting a wide swath after their earlier breakthrough at Belgorod on a 43-mile front.

The sweep west and southwest of Orel was so swift today that 100 villages were wrested from the Germans.

The bulletin, recorded by the Soviet monitor, said the Russians captured Shamardino, 10 miles west of Orel, Gnedilovo, 30 miles to the southwest, and the railway station near Stakhanskaya five miles to the south.

The Nazi-controlled Paris radio, in a broadcast recorded by the Associated Press, said the Russians were pouring wave upon wave of massed tank forces through the break at Orel as they slashed to the west and southwest.

Friday, the special bulletin said, Russian troops on all fronts disabled or destroyed 43 German tanks, and eight enemy planes were brought down.

A partial evacuation of Smolensk, German anchor on the central front, was reported in dispatches today.

Triumphing Soviet forces still are striking violently at the seemingly demoralized Nazis and their pursuing movements have been facilitated by the occupation of an entire network of railroads from Moscow through Orel, Kursk and Belgorod.

The last remnants of Germans who defended the Orel salient were streaming back through Karachev toward Bryansk under a hail of Russian bombs and hotly pursued by tanks, mobile guns and infantry.

Would-Be Escapee Of Alcatraz Foiled

SAN FRANCISCO, Aug. 7 (AP)—Ted H. Walters, Arkansas bank robber, attempted to escape from Alcatraz federal prison today but was caught by guards on the rocky edge of the island.

Three Jap War Vessels Sunk In Solomons

Enemy Garrison At Vila Weakened; Japs Raid Rendova

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Sunday, Aug. 8 (AP)—American naval forces in a brilliant hour-long night battle sank a Japanese cruiser and two destroyers and probably sank a third destroyer after intercepting the four warships carrying supplies to the enemy garrison at Vila, Kolombangara Island, General MacArthur announced today.

The Americans suffered no losses.

The action in the Vella Gulf between Vella Lavella and Kolombangara Islands was fought about midnight Aug. 6.

Torpedoes and gunfire sent the enemy ships to the bottom to raise the toll of enemy warships lost in the current Solomons offensive to at least 23 and possibly 26 warships.

The new naval triumph, following closely on American capture of the vital Munda airbase on New Georgia, had the effect of weakening the garrison at the next logical objective of the Solomons push—Vila which is 17 miles northwest of Munda.

Vila is eight miles across the Kula Gulf from another towering enemy garrison at Bairoko harbor, New Georgia.

From Munda, American infantrymen pushed north to assist other forces beleaguering the Japanese at Bairoko. This push is being made "without encountering opposition," today's communique said.

Saturday afternoon, a force of 60 Japanese divebombers and fighters attacked American positions on and adjacent to Rendova Island, which is eight miles below Munda.

The only casualties to our forces were in a field hospital. Antiaircraft guns shot down three Japanese divebombers and three Zeros were downed by our fighters which suffered no losses.

CBI School Will Be Moved To Midland

MIDLAND, Aug. 7 (AP)—Midland Army Air Field officials announced today that the Central Bombardier Instructors School is being moved from the Carlisbad, N. M., Army Air Field to the Midland Army Air Field.

The CBIS will function under the command of Col. John P. Kenny, Midland Field Commander, but will operate separately from the Bombardier School here, it was announced.

Lt. Col. Joseph G. Russell, who commands the CBIS at Carlisbad, will come to Midland to direct the CBIS to direct training courses of the instructors school.

Key To Victory Over Japan Lies In China, Declares Naval Chief

WASHINGTON, Aug. 7 (AP)—In an extraordinary interview on Allied global strategy, Admiral Ernest J. King today forecast powerful and crippling stabs at strategic Japanese positions in the Pacific but indicated the key to final victory over Japan lies in China.

The sprawling, populous but almost isolated Asiatic ally must be kept in the war, the admiral said, for it occupies in respect to Japan a vital place analogous to that held by Russia in respect to Germany.

Plane Industry Needs Workers

WASHINGTON, Aug. 7 (AP)—The Office of War Mobilization appeared today to be faced with the problem of finding 100,000 new employes for the aircraft industry in the next 12 months if it hopes to meet manpower demands of the nation's plane building plants.

Bernard M. Baruch, special advisor to War Mobilization Director James F. Byrnes, has undertaken a survey of the industry's needs and it is understood to have before him information which indicates the aircraft plants will need to get 58,000 additional employes each month for the next year if they are to reach their projected peak production in 1944.

A timely slant on the problem was given today in a War Production Board report that United States airplane production reached a new high of 7,373 military planes in July, but nevertheless fell behind goals.

Production must be increased "still faster and reach still higher quotas," the board said in reporting that July output exceeded June's by 4 per cent in numbers and 4 per cent in weight with an increase of 13 per cent in heavy bombers. What the July goals were was not announced.

With some male workers returning to the farm, others being drafted and women quitting because of health, transportation or other conditions, experts said Baruch's problem presents a tough nut to crack.

Commissioners, Pro-Library Group To Meet Monday

The special library committee, armed with petitions and letters from Howard countians, will meet with the county commissioners court Monday morning at 10 a. m. to request consideration of a proposal to set aside funds for the establishment of a county free library.

The committee headed by Mrs. J. E. Brigham, chairman, and composed of Mrs. J. E. Hogan, Mrs. Norman Read and R. W. Whipkey, is making its request for consideration on the same day as the county budget hearing for 1944 is scheduled.

Nazi Troops Flee Cracking Lines As Escape Port Hit

ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 7 (AP)—U.S. troops in Sicily have seized Troina, threatening to split Nazi forces in half, and British units squeezing up from the southwest have taken Biancavilla from Italians running up the white flag of surrender, headquarters and field reports announced today.

These two important strategic victories on the central sector narrowed the Sicilian front to only 45 miles in width, and the Allied bag of prisoners soared to 125,000.

(The Morocco radio said an entire Italian coast guard battalion surrendered to the Allies Saturday.)

Routed from their mile-high fastnesses in Troina by American guns, bayonets and bombs, remnants of the German 29th motorized division fled toward the Messina Straits tonight in the closing phase of the Sicilian campaign.

Maj. Gen. Terry Allen's First division veterans, who scaled the last rocky heights to Troina and crushed surviving Germans with rifle butt and bayonet, "disjointed" the German line and American troops "are threatening to prevent the junction of the German 15th armored and Hermann Goering divisions retreating to the east coast," headquarters announced.

British armored columns moved forward over mined roads and past blown-up bridges in planar sweeps in two directions around the dusty foot of Mt. Etna, taking in the bombarded Italian garrison at Biancavilla 15 miles northwest of Catania.

Gen. Sir Bernard L. Montgomery's Canadian and British advance guards were throwing back the 15th and Goering divisions into a possible trap if the Americans succeed in reaching Bronte or Randazzo on the circular Mt. Etna road before the enemy's withdrawal to the Messina area is completed.

Under a blazing night and day attack, both sides of the Straits of Messina were littered with wrecked boats, craft which might have been used for a Nazi Dunkerque.

The Americans were meeting "stiffening resistance," the communique said, adding that "in the coastal sector to the north, naval forces are engaged."

FBI Arrests South American, Federal Employee, As Spy

WASHINGTON, Aug. 7 (AP)—A 35 year old South American employed by the office of the coordinator of Inter-American affairs was arrested today on charges of espionage.

The accused is Robert Lanus Valleilla, a native of Cali, Colombia, who worked for the Inter-American Bureau as a foreign language translator.

J. Edgar Hoover, director of the Federal Bureau of Investigation whose agents made the arrest, said that Lanus admitted he had written three letters in secret ink transmitting information concerning the national defense efforts of the United States.

No Lion Cubs For War's Duration

CORPUS CHRISTI, Aug. 7 (AP)—Sheeba, Corpus Christi zoo's huge lioness, knows the pangs of war-loneliness.

Her mate has been shipped to San Antonio for the duration. The government, zoo officials explained, frowns on lion babies for the duration.

Westward—Seizure of Orel and Belgorod (solid arrows) by the Russians prompted Premier Joseph Stalin to spur his troops on westward with the cry "death to the German invaders." German troops fell back toward Bryansk and Kiev (open arrows), their entire defense line threatened. Shaded area is axis-held.

Public Is Reminded Recruiting Office Closes This Week

Men who have in applications for enlistment in the U.S. Navy or who wish to initiate applications here at home either should act by the middle of the week or be prepared to deal through Abilene, Lubbock or San Angelo.

Fred Baucum, recruiter, reminded the public again Saturday that the recruiting sub-station here has been ordered closed Aug. 14, and that it will be impossible to ship after Thursday.

Bearing this in mind, several closed out their applications during the past week, he reported. James Michael Morgan, Big Spring, and William Richard Walts, Midland, were shipped as Seabees, while Robert Eugene White, Charles Douglas Watson, Tom Russell, Jr., and Jesse Ray Drennan of Monahan all were shipped for general service.

Baucum said there were still some applications pending from men contemplating Seabee service and several from 17-year-old youths.

After Aug. 14, applicants from Howard, Glasscock, Martin, Midland, Ector, Ward and Winkler counties will make application to the San Angelo navy recruiting sub-station; those in Dawson, Andrews, Gaines, Borden and Scurry counties to Lubbock; and those in Mitchell county to Abilene.

During the past week, Baucum has had a good response, adding to the already more than 1,150 applications handled by the local station in 25 months of activity. There were three applications from women for enrollment in the WAVES, he said. Two were from Midland and one from Big Spring.

DONALDSON LEADING

LOUISVILLE, Ky., Aug. 7 (AP)—Former State Highway Commissioner J. Lyter Donaldson of Carrollton, who was actively supported by Gov. Keen Johnson, led three opponents tonight for nomination for governor as unofficial returns from today's democratic primary were tabulated.

Axis Prisoners Of War Ease Farm Labor Shortage

DALLAS, Aug. 7 (AP)—Axis prisoners of war down on the farm don't compare with free labor, but some 4,000 of them are lending willing hands to get southwestern crops in, the army disclosed today.

These 4,000 prisoners are helping to ease a farm labor shortage widely reported to be critical.

More than 150 contracts—involving groups of prisoners from 15 to 300—have been let in Texas, Oklahoma, Louisiana, Arkansas and New Mexico. States over which the Eighth Service Command has supervision.

Army commanders and farmers alike, said the command's aliens and prisoners of war branch, report that the captured enemy soldiers appreciate the chance to earn money in addition to the

Sunday Afternoon Rodeo Promises Many Thrills

Get in the saddle, tenderfoot, that's a rodeo coming to town. You'll see some ropin' and ridin' that'll make something to "write home about" to the folks up north.

Scheduled for 3 o'clock Sunday afternoon, the amateur event will be held at the rodeo grounds by Ira Rice, Alvin Walker and Odell Buchanan.

Especially invited to attend are servicemen and civilians to whom rodeos are a novelty. The events will include mule riding, steer riding and calf roping. The rodeos have been held near Centerpoint but in the belief that many soldiers at the Big Spring Bombardier School

FIRST BALE OF MITCHELL CO. COTTON GINNED

COLORADO CITY, Aug. 7.—Mitchell county's first bale of 1943 cotton was ginned today, coming from the farm of James Hall of near Westbrook.

The bale was ginned at the Westbrook Co.-op gin, and weighed 535 pounds. It brought 22 cents a pound.

Ginned in Colorado City this morning was a bale grown by Russ Mathers, who farms just across the Mitchell county line in Coke county.

Reviewing The Big Spring -Week-

Our new friends from far distant sections need not use such delicate terms as "unusual" in referring to the temperatures of the past week. There can be no possible offense in frankness — for when it gets past 100 degrees, we figure it's hot and there isn't us trying to put a face on it.

Germany has hailed at a new secret weapon, which is due to make its appearance in November. It isn't a bomb, according to the insiders, nor a radio-directed rocket, or any possible type of gas. That leaves only one thing — a white flag.

Hearing will be conducted Monday morning on the proposed 1944 budget for Howard county, and the same evening on the 1943-44 school budget. For those who have the habit of screaming about taxes — here is the opportunity to get in telling counsel. It will do no good to moan and groan after the rates and expenditures have been planned.

There appears to be nothing seriously out of line in either the county or the school budgets, although the county shows \$55,000 of its total of little over \$250,000 as "ending" balances. This means that in effect virtually one-fourth of the total is unbudgeted except to be roughly allocated to various funds.

Farmers have been the target of some propaganda concerning (See THE WEEK, Page 6, Col. 4)

Fire Department Birthday

Fire Fighters—

Reading from left to right the personnel of the bombardier school's fire department are: Bottom row, Morris T. Wooten, Audley F. Winn, Louis G. Pittard, Sgt. Harry Long, Pvt. Grady Hodnett, Pvt. Frank Lamb, Paul D. Sledge, Claude C. Harris, Jewell J. Willingham, Wesley Collins, Leonard G. Steteville. Middle row, Howard Y. Crocker, Robert N. Hill, James L. Hale, Johnnie W. Carter, Ray T. Sue, John M. Wolcott, Fire Chief Eli C. Gaylor, Thomas A. Morris, Thomas J. Murray, Herbert A. Moore, Victor H. Woods, Wilfred W. Davis, Top row, Johnnie R. Morrow, Franklin P. Stevenson, Ruy McDaniel, Lewis H. Merworth, Willie W. Patterson, Alvie L. Harrison, Claude A. Self, Willie Carr, and Ernest B. Bethell.

Bombardier School System Keeps Loss To Minimum

The fire department at the Big Spring Army Air Force Bombardier School celebrated its first birthday last Sunday, August 1. Since its inception a year ago it has made 146 runs on the post, holding down the fire loss to a mere \$2,755. In view of the many millions of dollars worth of equipment and housing involved at the school, this insignificant fire loss is indicative of the outstanding work of the post fire fighters in fire prevention and fire control.

In addition to the usual strict precautionary measures against any outbreak of fire on the post, two of the latest types of fire alarm systems are employed. The PBX system consists of 36 phone boxes spaced strategically on telephone poles throughout the post. A huge control board with 36 corresponding discs (one for each box) is located in the fire chief's office, and when a phone is used its disc lights up on his board, indicating the exact location of the fire.

from Big Spring. Eli C. Gaylor is the fire chief; Thomas A. Morris is the assistant fire chief; Claude A. Self and Howard Y. Crocker are the two crew chiefs and Ernest B. Bethell is in charge of the office and records. The two fire prevention inspectors are Louis G. Pittard and Victor H. Woods. Other fire fighters are Morris T. Wooten, Audley F. Winn, Paul D. Sledge, Claude C. Harris, Jewell J. Willingham, Wesley Collins, Leonard G. Steteville, Robert N. Hill, James L. Hale, Johnnie W. Carter, Ray T. Sue, John M. Wolcott, Thomas J. Murray, Herbert A. Moore, Wilfred W. Davis, Johnnie R. Morrow, Franklin P. Stevenson, Ruy McDaniel, Lewis H. Merworth, Willie W. Patterson, Alvie L. Harrison, and William I. Carr. Seven soldiers are also assigned to the fire department for the purpose of fighting brush fires out on the range. They are Sgt. Harry Long, Pvt. Grady Hodnett, Pvt. Frank Lamb, Pfc. Harold Ziebell, Pvt. Norman Duax, Pvt. Alvin Smith and Cpl. Earl Beall.

According to Fire Chief Gaylor the fire fighting equipment here is the latest and most modern obtainable. "No matter how good your men are," he declared, "you just can't keep fires down without the right equipment, and our fire apparatus at the bombardier school would compare favorably with that of a fair-sized city." The motor equipment consists of six trucks: one 750 American

La France pumper truck (750 means that it can pump 750 gallons of water per minute), one 500 GMC pumper truck; two crash trucks, one no. 125 and one no. 135, for use on the line; and two 300 brush trucks for brush fires out on the range.

District Meeting Of AAA Here This Week

A good attendance is in prospect for the district AAA meeting to be held here Tuesday and Wednesday at the Settles hotel, according to M. Weaver, AAA administrative officer.

A. J. Jeffries, field man, will be in charge of the two-day meeting which will be held from 9 a. m. to 5 p. m. each day at the hotel.

Several district officers and several representatives from each county, are expected. Counties in the district include Howard, Glasscock, Mitchell, Nolan, Fisher, Scurry, Borden, Dawson, Gaines, Midland, Ector, Sterling, Kimble, Tom Green and Coke. Over 60 persons are due to be present.

INVENTORY DAY
The local ration office will be closed all day Monday, August 16, Sonora Murphy, chief clerk announced Saturday, while office personnel takes inventory of all supplies and documents.

Texas Airman Bag Jap Zero With Small Caliber Machine Gun

(The following story was written by Sergeant Wallace R. McLain, Glendale, Calif., a marine corps combat correspondent and distributed by the Associated Press.)
KERNY MESA, Calif., Aug. 7 (AP)—Sergeant Cron L. Childress, 22 USMC (of 608 1/2 West Sixth Street) Austin, Texas, related his "most exciting experience" in almost a year overseas—he bagged an enemy Zero just before it would have crashed the torpedo plane in which he was flying.

Back from duty with one of the first marine torpedo squadrons to see action in the South Pacific, Sergeant Childress is believed to be the first radioman-gunner to down a Zero with a single .30 (small) calibre machine gun.

"We took off from Guadalcanal in the early afternoon of last February 2nd with seven torpedo and dive-bombers," he said, "to intercept a force of some 20 incoming Jap destroyers. We contacted them above Munda, (New Georgia Island) steaming along with a bunch of Zeros flying protection, and our torpedo planes were the last to go in."

"First a Zero made a pass at us and pulled away. Then, a second made a run, coming straight in on our tail. I squeezed off about 100 rounds and could see my tracers going into his engine."

"Suddenly the zero burst into flames and nosed over. He probably would have crashed into us if I hadn't got him."

"Our plane had about 90 holes in the armor plating and was badly battered. The rear glass was shot out. Our pilot had two slugs in his left shoulder and because of four other zeros we never did complete our run."

"Upon returning to Henderson Field we discovered our plane's flaps were so shot up we couldn't open them to land and had to slide in sideways. The pilot had almost passed out, one of the tires was flat and the gas tank was leaking."

Deplores Broadcasts

NEW YORK, Aug. 7 (AP)—Eugene L. Garey, general counsel for the Cox congressional committee investigating the federal communications commission, said today at a press conference that testimony taken here during the past week showed the FCC and Office of War Information had built up "a hive of alien ideologies" in foreign language radio stations.

Don't be kidded. You can't get new radiators. See HARRIS, 400 East Third.—adv.

Sergeant Childress, who enlisted February 18, 1942, underwent almost 80 enemy air raids and shelling while with the Guadalcanal-based air squadron.

Aranha Opens Conference

RIO DE JANEIRO, Aug. 7 (AP)—Oswaldo Aranha, Brazilian foreign minister, today opened the second conference of the Inter-American Bar association attended by representatives of 14 American nations who will study post-war world legal plans.

the similar period of 1942, the interstate commerce commission reported today.

For expert radiator repair see HARRIS, 400 East Third.—adv.

Generous size costs little. And you make even greater savings in larger sizes.
SOOTHES HEAT RASH

We Have A Plan for the FUTURE

We're using 25% of our income to buy War Bonds now. Of course it means doing without a lot of little pleasures and comforts—but nothing about war can be pleasant or comfortable! While our boys are dying for freedom, the least we can do is back them up buying the bonds that can help end this war soon! Now here's our plan for the future: when Victory is won, we'll have enough money in War Bonds to buy and furnish the home we've always dreamed of; the electrical equipment and car we shall have done without so long.

How about your family's plans for the future? Buy as many War Bonds as you can, to win the Victory and to help provide for your peacetime happiness!

First National Bank

Latest Graduating Class Replaced By New Arrivals

Immediately upon the heels of the latest graduating class a new group of fledgling bombardiers arrived to keep the ball rolling out at the Big Spring Bombardier school. Forty states are represented in this new class of 48-15 which is the largest thus far, and the boys are already hard at work in the ground school preparing their way for intensive bombing practice three weeks hence.

Those who survive the tough twelve weeks training period as cadet bombardiers will graduate October 28, receiving their appointments as flying officers and their silver wings as bombardiers.

RESOLUTION ADOPTED
LONDON, Aug. 7 (AP)—The Free Italy movement in London adopted a resolution today asking that a "national front of action," representing all anti-fascist elements in Italy, open peace negotiations with the Allies immediately.

Reprinted from text of message published by makers of RED GOOSE and FRIEDMAN-SHELBY shoes and circulated by newspapers throughout the nation.

A Vital Message To All Shoe Buyers

FROM THE International Shoe Company

BECAUSE there has been considerable misunderstanding regarding the quality of shoes now available to civilians, it is important that you become acquainted with the facts.

Perhaps this message from America's largest manufacturer of shoes will be helpful to you.

At present, our Government has first call on shoe materials. Millions of pairs of shoes are being manufactured annually for our armed forces. These shoes are built according to rigid government standards. Only the best materials and skilled workmanship are suitable. Neither you nor we would have it otherwise. Victory demands it.

But—does that mean good shoes—dependable shoes—are not to be had by civilians?

Not at all—you can still buy good shoes. The honor and integrity of the International Shoe Company stand behind that statement.

We, as well as other shoe manufacturers, could make more shoes were we willing to disregard quality—but quality is the essence of this message—and this company is determined not to use present conditions as an excuse for lowering the moral standards of its products.

Despite heavy demand from our armed forces, there is still a sufficient quantity of good, serviceable shoe material available to meet essential civilian requirements. We assure you that we will continue to manufacture shoes that will return full value for your dollar—and satisfactory shoe mileage.

You may continue to have confidence in the shoes made by men, women, and children by our shoes.

INTERNATIONAL SHOE COMPANY, St. Louis, Mo.

COUNTY, SCHOOL BUDGET HEARINGS MONDAY

TAX RATE REMAINS SAME, BUT COUNTY BUDGET CALLS FOR CHANGES IN DISTRIBUTION

Howard county expects to take in \$165,880 and expend \$162,465 during 1944, exclusive of balances, according to a summary of the proposed budget, which is up for public hearing Monday at 10 a. m.

Resources are boosted by \$57,424, which is the estimated balance of all funds at the beginning of the year. The budget indicates a slight shrinkage of balances during the fiscal year 1944 to \$53,444.

Proposed disbursements compare with an estimated \$137,297 for the current year and an actual of \$175,414. Resources are estimated to be substantially up for 1944, increasing by \$23,582. This, however, is hardly an increase over the current year but rather may be better guessing at revenue from automobile licenses.

The tax rate this year remains the same, under budget provisions, but the distribution of the 50 cents is somewhat different. The road and bridge fund still gets 15 cents, the general fund 25 cents. The jury fund has no appropriation this year, but the cent saved here is put with one saved from cutting the viaduct levy to nothing to give a two-cent levy for the road and bridge special fund.

Permanent improvements draw one cent of the total, and the interest and sinking fund (road refunding 3 cents, special road 3 cents, courthouse and jail warrants 1 cent) account for the other seven cents.

According to the proposed budget, current tax collections of \$63,500 may be expected along with \$2,450 in delinquents. Other receipts are pegged at \$100,000, of which \$65,000 is expected from issue of automobile licenses.

By funds, a breakdown on the proposed budget reveals these high points:

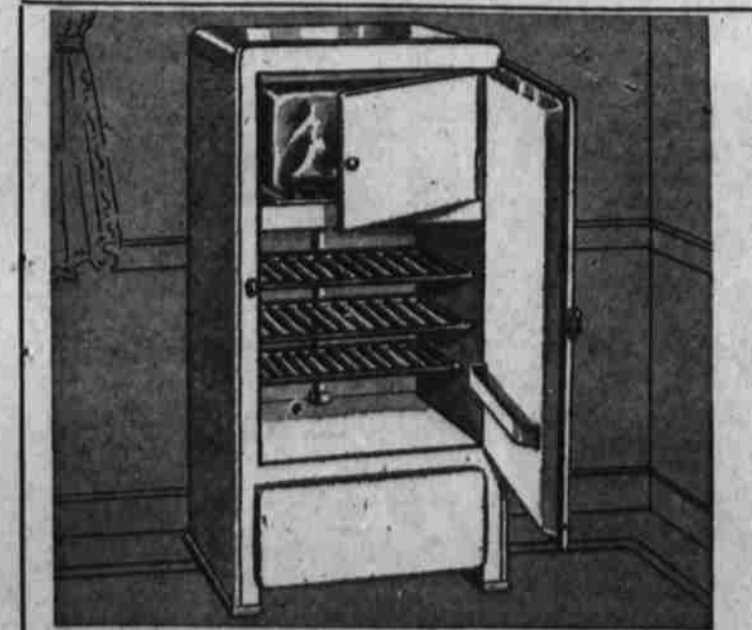

Jury—Receipts of \$7,337.45, practically all carried over in a cash balance. Disbursements of \$5,437 of which \$2,500 is for district court jurors, \$1,400 for the

Big Spring Calf Roper To Compete At Midland Fair

MIDLAND, Aug. 7.—One of the nation's top calf roping matches of 1943 will be held Labor Day, Sept. 6, at the rodeo grounds of Midland Fair, Inc., here.

Toots Mansfield of Big Spring, the only man to hold the world's championship three years in succession, will compete against Clyde Burk of Comanche, Okla., who also has held the championship three years.

Burke was champion in 1942 and the two ropers are running a close race for the 1943 title. The titles are awarded on points chalked up during the year.

Mansfield won the world crown in 1939, 1940 and 1941 and defeated Burk in a championship match here last year. Burk won the world championship in 1936, 1938 and 1942.

Roy Parks, president, and Leonard Proctor, vice president of Midland Fair, Inc., announced that the two ropers had signed contracts for the match.

Burk challenged Mansfield for a return roping of lighter calves after Mansfield won the championship match here Sept. 13, 1942. Calves will weigh less than 210 pounds at the matching this year.

Each man will rope 12 calves. Another outstanding roping match, a jack-pot roping, open to any contestant, and exhibitions of bronc riding, Brahma bull riding, bulldogging and other rodeo attractions will complete the program.

Opportunities For Employment Here

It is not necessary to look to the verdant pastures of some distant state for employment, for plenty of good opportunities exist here at home, according to listings by the US Employment Service.

Among jobs for which men are needed, reports USES, are warehousemen, truck drivers, airplane (service) linemen, sales clerks, refrigerator mechanics, cooks and assorted cafe and night club help, laborers.

Women are particularly wanted for laundry workers, sales clerks, checkers, and beauty operators.

Pie Crusts May Be A Trifle Tough

NEW YORK, Aug. 7, (AP)—American housewives may not actually be forced to make doughless pies this winter but they may have to stretch their imaginations—and supplies.

Milling circles reported today that despite heavy wheat production and enormous carryovers, there was a meager amount of the soft red winter wheat used in making flour for pies and cakes.

The only solution, millers say, is to blend hard grains with soft to produce a flour which may result in a tougher, but still satisfactory, pie crust.

The purse for the Burk-Mansfield match will total approximately \$2,500.

The Labor Day program will give soldiers stationed in this area a chance to see a real western show and will provide ample thrills for spectators.

More State Funds Make Increases In Salary And Other Expense Possible

An estimated \$195,217 budget for the 1943-44 school year, an increase of approximately \$13,000 over the current year, will be given public hearing Monday night at 8:30 at the high school.

The budget, which must have public hearing before being passed on by the school board, shows an increase of \$5,500 to make a total of \$206,000 in expected revenues brought about mostly by a \$2.50 increase in the state per capita apportionment for scholastics.

The per capita apportionment from state funds shows an increase from this year's estimated \$81,430 to next year's \$87,900. Total or state funds is up from \$85,726.66 this year to \$91,927.50. Current tax revenue receipts show an estimated decrease for next year of around \$1,000 while delinquent taxes will be down about \$2,500.

Disbursements in instructional service show salaries in the elementary schools to be raised from \$70,850.99 this year to \$77,236.50 next year and in the high school from \$45,671.92 this year to \$49,062.75 next year. The colored schools instructional service is slightly up for the new year including salaries and supplies from \$2,083.99 to \$2,675 to make the total salary increase in the city \$12,000.

Interesting to note is the trend of the times in the materials and supplies and special courses. This

'Hit The Ice' Is New Hilarity Hit By Abbott & Costello, Showing At Ritz

No Icicles—Just imagine! Lou being coy with Ginny Simms around. The scene is from "Hit The Ice," the newest of the daffy productions turned out by Abbott and Costello, in which Miss Simms adds physical and vocal beauty. Hilarity throughout is promised in this feature by filmdom's No. 1 funny men which is at the Ritz theatre today and Monday.

They've done it again, for about the umpteenth time.

Which means that Bud Abbott (the slim one) and Lou Costello (the chubby one) have come through with another hit in hilarity called "Hit the Ice," which should be cooling enough news for the Ritz theatre to be advertising for today and Monday.

Abbott and Costello who have made light of nearly every profession and tangled up the works in nearly every locale, take to ice for their latest escapades. The picture is termed as up to par with previous A & C productions, which spells enough for their vast fan following.

The two this time are two screwy sidewalk candid cameramen who accidentally get pictures of a bank robbery. However, they have been sighted at the scene of the crime and are believed to be members of the gang. This causes them to go into hiding, and an ice rink seems to be as good a place as any. They eventually prove their innocence, return the bank loot and become heroes of the day.

All this is done, mind you, with the usual deluge of Abbott-Costello gags, some new and some not so new which have been done over. The comedy pace is fast, and slows down for the turns only when attractive Ginny Simms comes in for vocals, or when Patric Knowles and Elyse Knox appear for romantic sequences to help keep the story going. Ginny sings "I'm Like a Fish Out of Water," "Happiness Bound," "Slap Polka," and "I'd Like to Set You to Music." Johnny Long and his orchestra provide the background.

There is a chorus of 50 skating beauties who contribute grace on the ice. Abbott and Costello do their turn on skates, too, but with less grace.

"Hit The Ice" is termed a good laugh hit with plenty of speed, pace and sparkle.

East Side Kids In Scrap With Nazi Ghosts

The East Side Kids, who ordinarily do not need much help in building up a picture with adventure or humor, nevertheless ring in Bela Lugosi in their newest film, a mixup of spooks, spies and spoofing. The result is called "Ghosts on the Loose," and is featured today and Monday at the Lyric theatre.

The play concerns the complications which arises when nazis who have rumored that their working premises are haunted in order to preserve privacy, are discovered by East Sider Leo Gorcey and his associates, who mistake the address of a house they seek to redecorate for a newly wedded couple. Trapdoors, sliding panels, tunnels, etc., figure in what goes on, and the ending is a satisfactory one.

The emphasis on this newest East Side drama is on humor, with action toned down a bit. Lugosi is in his customary boogey-man role, while with Gorcey are the other East Siders you know, Hunts Hall, Bobby Jordan, et al. Another player is Ava Gardner, known as Mickey Rooney's former wife.

New Curfew Law In Effect Monday

A reminder of the new curfew law to go into effect Aug. 9 has been issued by the Liquor Control Board supervisor, T. W. Franklin, to establishments selling alcoholic beverages and to customers who drink them.

The new law prohibits the sale of liquor and beer after 1 a. m. and drinking of the beverages after 1:15 a. m. Sunday mornings, and prohibits sale during week nights after midnight, as well as consumption of the liquors after 12:15 a. m.

Places cannot open until 1 p. m. Sundays for the sale of alcoholic beverages and during the week may not open for sale of beer and liquors until 7 a. m.

The law will be enforced here by all local peace officers, as well as by all places of business. The cafe, night club or restaurant owner found guilty of permitting drinking after the curfew hours is subject to an injunction closing his business. He who drinks after the curfew hours may have his liquor or beer seized and be fined not more than \$50.

Real Love—Gary Cooper and Teresa Wright are the stellar players in the film drama based on the real life of that baseball immortal, Lou Gehrig. The picture, showing at the Queen today and Monday, is "Pride of the Yankees," which deals factually not only with Gehrig's great baseball career, but also with the heart-warming love story that he and Mrs. Gehrig lived.

Hero In The Making—In the Tennessee hill country, learned the marksmanship and simple courage which made him the great hero of the World War. In this scene from the film, "Sergeant York," Gary Cooper, as York, talks with his pastor, played by Walter Brennan. "Sergeant York" is at the State theatre today and Monday.

Drama Of War Hero, Sergeant York, At State Theatre Today

"Sergeant York," the film which opens today at the State theatre, is the factual story of Alvin C. York, Tennessee mountaineer who became America's number one soldier hero of the first World War.

Gary Cooper stars in the title role of Alvin York for which he was given the Academy Award. Walter Brennan and Joan Leslie, who plays Gracie Williams, the present Mrs. Alvin York, head the supporting cast of hundreds. Cooper was Sergeant York's own choice for the title role.

There are 44 major speaking parts. Twenty-six represent real life characters, most of whom are still living. The real life characters include four members of the York family; Gracie Williams; Pastor Pile, minister of York's church; the present Secretary of State, Cordell Hull; General John J. Pershing; the late Marshal Foch; the late Mayor John Hyman of New York; Oscar of the Waldorf; York's divisional, regimental battalion and company comrades during the war and ten of his soldier buddies.

Section of York's home valley, the Three Forks of the Wolf, in the Cumberland mountains of Tennessee, was duplicated at the Burbank studio on Hollywood's largest sound stage. A mountain that could be revolved (it was built on a merry-go-round type base), a 200-foot long mountain stream, pine, oak and cedar woods (121 trees in all) were features of the set. A fox hunt and a turkey shoot were among many scenes filmed on this set. Also romantic scenes between Cooper and Joan Leslie.

Youthful Miss Joan Leslie is exactly the age Gracie Williams was when York courted her. Gracie was seventeen when she married Alvin.

War sequences show training flashes in camp, battle action in the Argonne Forest in France. One engagement, most famous single encounter of war, is pictured in detail. This is the action where York performed his amazing feat of single-handedly killing 25 German machine gunners and, with the aid of a handful of comrades, capturing 132 prisoners. For this act he was decorated with the Congressional Medal of Honor, the Distinguished Service Cross, the French Croix de Guerre with palm, and other Allied valor awards.

Gary Cooper As Lou Gehrig At The Queen

The romance of a famous athlete and a typical American girl is the real-life basis of "The Pride of the Yankees," Samuel Goldwyn's outstanding production which is at the Queen theatre today and Monday with Gary Cooper in the star role.

Cooper portrays the noted New York Yankee ballplayer, Lou Gehrig, whose untimely death from paralysis ended one of the most inspiring careers in modern sports annals. Millions of Americans knew of Gehrig's amazing exploits on the diamond but very few knew the man himself, or

of his courageous struggle upward from poverty — and it is the human "behind the scenes" story of the former janitor's son and the Chicago girl he married that Goldwyn has brought to the screen.

Opening with Gehrig as an eager eleven-year-old playing baseball on the vacant lots along Amsterdam Avenue in New York, the picture reaches a dramatic conclusion on the memorable "Lou Gehrig Day" at the Yankee Stadium in 1939 when the army of fans gathered for their hero's farewell to the game he loved.

Teresa Wright plays the loyal wife and Walter Brennan appears as Gehrig's sports-writing sponsor, while Babe Ruth, Bill Dickey, "Bob" Meusel and other noted ballplayers portray themselves in the offering. Sam Wood directed, with Paul Gallico writing the original story.

Who Killed Who?

Oil Developments Break Rapidly

Ickes Calls For Cut In Texas Gas Ration, Approves Coal Plan

By The Associated Press
Curtailed gasoline rations for Texas motorists today loomed as the result of fast breaking oil developments this week highlighted by Petroleum Administrator Ickes' announcement that the "oil transportation problem has been about whipped."

Ickes' statement coincided with assumption of broader powers over drilling and production in a six-state area by the Houston district office of the Petroleum Administration for War and with renewal by the petroleum chief of the campaign for higher crude prices.

At a public hearing in Chicago on oil, Ickes said easing the transportation problem would permit diversion of petroleum products from the southwest and mid-

die west to the east to equalize rationing.

Gasoline consumption in the southwest and middle west must be curtailed, Ickes said.

Ickes disclosed that he planned an immediate appeal to the Office of Price Administration's refusal to hike crude prices 35 cents a barrel to provide an incentive for greater oil production.

In a move designed to expedite disposal of oil problems in the nation's principal producing area, PAW vested broader control over drilling and production in Texas, Louisiana, Alabama, Arkansas, New Mexico and Mississippi in the District 3 headquarters office in Houston as part of a general decentralization program.

At recent hearings in Dallas of the naval affairs committee's petroleum investigating subcommittee, Texas oil men voiced strong criticism of alleged delays in clearing problems through PAW's Washington office. They contended that exploration for new reserves was retarded by what they described as bureaucratic red tape in Washington.

Under the new grant of authority the Houston office may deny or grant exceptions under PAW order No. 11 which sets out conditions governing the use of materials for exploration and development of oil fields.

Deputy Petroleum Administrator Ralph K. Davies in a statement suggested that the move "should materially expedite the handling of wartime petroleum problems in the southwest area

because of the on-the-ground treatment those problems will receive from PAW officials."

Davies directed that all oil problems in the district be submitted to the district office headed by D. E. Buchanan, formerly of Tulsa.

Meanwhile in Washington a senators' committee started an investigation to determine whether the nation's petroleum reserves might be supplemented by liquid fuels processed from coal and oil shale.

Endorsing the bill, Ickes estimated that with proper treatment the nation's coal reserves "would be sufficient to provide 1,500,000,000 (billion) gallons of synthetic liquid fuel a year for 1,000 years and still leave enough for all ordinary uses."

In Austin the railroad commission prepared to resume special hearings Monday on the potential output of wells. The West Texas area and scattered fields elsewhere will be considered. Testimony received from fields already surveyed "has shown definitely that they can produce without waste at least 150,000 additional barrels of sweet crude daily," announced Commissioner Ernest O. Thompson.

Clerical Training Program Planned

Arrangements were made Friday for offering a series of classes to aid retailers with their wartime clerical problems.

Following a meeting between W. J. Adams, representative of the state board for vocational education, division of distributive education, and merchants, the division of commerce announced that the first of three courses to be taught by Jean Redmon, University of Texas extension service distributive education division, would probably start next week.

Miss Redmon is expected to arrive here Tuesday to begin preliminary arrangements and to enroll students for the 10-hour "pre-employment" course. She will maintain headquarters at the chamber of commerce. The course includes the fundamental laws of good salesmanship and practical sales psychology.

Subsequently a 20-hour course will be offered for extras and new sales people, and finally an employer 12-hour course on how to train an employee.

In all the courses, the registration fee will be only 50 cents since cost of the teacher is borne by the university. Most merchants will allow employees time off to attend.

"These courses are especially designed to assist retailers in meeting their wartime personnel problems," said Atkins. The university and chamber are combining to make the courses possible.

The War Today— Week Probably Heralds End Of Axis Strength

By KIRKE L. SIMPSON

The week embracing August 5, 1943, bids fair to go down in history as heralding the beginning of the end for the German-Italian-Japanese axis.

On that day Catania in Sicily surrendered to British troops and the axis flight from Sicily began to forecast the fate of Sotterling Italy.

Half the world away, American troops that day finally cleared the Munda airframe in New Georgia of all but Japanese dead and a few hole-hiding stragglers. The work of restoring the enemy-bullt air field for use against his Rabaul and other outposts began. A further Japanese retreat had been forced.

On that day in Sweden Nazi military transits to and from Norway, except for home-ward bound sick and wounded, were cut off by Sweden. There was no stormy reaction from Berlin. Nazi prestige fell to an all time low in Sweden.

On that day British admiralty reports were telling of clean-cut and costly defeat for a fleet of a score of more Nazi U-boats in the Atlantic which never broke through to their convoy targets. Some of them went to the bottom.

And on that day also the press of the world was filled with official American accounts of the havoc wrought among Nazi oil refineries in Rumania the weekend before by the mass flight of American heavy low-level bombers which had begun the business of total destruction of that vital Nazi war essential.

But most of all to make that a day of rejoicing among all United States citizens was the news that the first of three courses to be taught by Jean Redmon, University of Texas extension service distributive education division, would probably start next week.

What all those happenings might portend toward hastening final collapse of Italy alone but of Hitler's Balkan satellites and even of Germany itself none could say. By way of neutral countries intriguing reports came from Germany. Some told of wildfire panic in Berlin, fed by the accounts of refugees from bomb-blasted Hamburg. One man who came to Switzerland after travels in the reich told of rumors sweeping Germany that a military dictatorship might be set up next month, replacing Hitler.

There was talk in Allied capitals of impending new Anglo-American strategy conferences to step up the attack on the axis everywhere and take prompt advantage of these favorable developments.

Within the week virtually every authoritative stated condition precedent to the possibility of complete defeat of the axis in Europe in a matter of months instead of years was realized or on the way to early realization.

And, by every indication, heavy new forces of sea and air were being groomed for use against Japan far earlier than had been dreamed possible in Allied councils only a month or two ago.

Board Of Trustees Approves Transfers, Classifies Schools

County board of trustees was in session Saturday to approve transfers and to classify five rural schools which were not decided in June when other schools were classified.

Four schools, graded as no grade schools, were Fairview, Richland, Morris and Green Valley, whose pupils all transferred to other schools in the district. Of this number only one, Richland, was in session last year.

Morgan was classified as an eighth grade elementary school with one teacher.

The trustees rejected 11 transfers out of 258 received at the county superintendent's office, all from the Couble school. The other 247 transfers were approved.

TROPICAL SOJOURNS
Sgt. Robert L. Smith of the Ferry Command wrote his mother, Mrs. Felton Smith, that he has just recently returned from trips to North Africa, Ethiopia and India which he found were interesting spots but plenty hot.

Most Texas housewives, like June Farrar (above), have empty deposit bottles they have delayed returning. To be sure of enjoying your favorite beverage this summer—all deposit bottles should be returned to where they were purchased.

Turn In Those Empty Bottles

Mr. and Mrs. Average Texas Citizen will be able to enjoy milk, carbonated beverages and beer during the hot summer days ahead. But the empties must be returned.

The next ten days have been set aside by members of bottling associations, dairies, retail grocers and chain store organizations in an effort to retrieve some of the millions of returnable deposit bottles that have gone astray since last September.

While there are plenty of ingredients that go to make glass, much of the glass-blowing machinery of the nation is working to supply containers for other perishable foodstuffs.

Residents throughout Texas have been requested to search their premises and turn all deposit bottles over to the stores from which they were originally purchased.

The grocer, in turn, will see that they are returned to bottlers for thorough cleansing and sterilization before they are put into circulation again.

Services Held For Mrs. J. W. Griffith

Mr. and Mrs. J. P. Dodge and family have returned from Venus where they attended funeral services for Mrs. Dodge's mother, Mrs. Jennie Jay Griffith who succumbed Monday morning.

Funeral services were held Tuesday afternoon at 4 o'clock and interment was in the Barnesville cemetery. Others attending from here were Mrs. Austin Burch, Mrs. A. C. Rawlins and children and Jenetta Dodge.

Conley Leaves To Take New Post

E. M. Conley, manager of the local Montgomery Ward store, will leave Monday for Pueblo, Colo., where he has been transferred to serve in a similar capacity.

He will be succeeded by E. Q. Greene of Kansas City, Kas., who has been with the company for the past five years, working in San Angelo and Corpus Christi.

HEARING POSTPONED
Hearing scheduled for Saturday morning for a 12-year-old boy who reportedly has admitted to police that he broke into three cases was postponed until Wednesday when he will be brought before County Judge James T. Brooks.

VISITOR HERE
Mrs. P. Teague is here visiting her sister, Mrs. A. R. Armstrong, for a few days. She will return to her home in San Antonio.

Garner Club Girls Lead In Picnic

Garner 4-H club members were hosts to a community picnic of 50 people, Friday at 7 p. m. with parents and home demonstration club women as special guests.

Highlights of the gathering were the picnic supper, which consisted of fried chicken, salads, cantaloupe, tea, cake, pies, ice cream and many other good things to eat.

Each girl brought one exhibit of each kind of fruit and vegetables she had canned. Rhea Merle Boyles, home demonstration agent, gave a short demonstration in wearing and labeling of canned products. To make a high score a jar must be clean, full of clear liquid and the product, have bright caps, color characteristics of the product, good quality vegetables or fruits uniform in size, and properly labeled.

Patay Phillips was awarded a Gold Star pin for the most outstanding work done during 1942. Those appearing on an impromptu program were Billie Jena, Bettie Dean and Bennie Gross, Jolene Campbell, Dorothy Rasberry, Charlotte and Ruth Nichols. Charlotte Ruth Nichols exhibited her ability in clothing by wearing the 4-H club dress she had made. Mary Alice Dorsey was outstanding in her canning work. She exhibited eleven varieties of canned products. Others with canning exhibits were Jolene Campbell, Joe Marie Myers, Charlotte Ruth Nichols and Dorothy Rasberry. Gladys Trantham and Rhea Merle Boyles were guests from Big Spring.

Divorce Is Granted

A divorce was granted in 70th district court Friday to Martin Sosa from Estelle Sosa. Custody of a minor child was awarded to the defendant and the plaintiff was ordered to pay \$10 a month for its support.

Judge Cecil Collings was in Stanton Saturday to hear cases.

'Work Or Fight' Campaign In Georgia Town

VALDOSTA, Ga., Aug. 7, (AP) — Valdosta businesses will be called on for one or more workers for a day's work each week from each firm and to pay these persons at their regular salary rate, the farmer in turn to pay the employer at the prevailing rate of farm pay. A local "work or fight" campaign is being enforced.

It is estimated that this additional labor must be obtained to pick 1,200 bales of cotton and a large acreage of peanuts in Lowndes county.

OPEN LETTER

To Poultry and Livestock Owners of HOWARD COUNTY

SINCE there's not enough protein feed to go around, we must stretch our present supply to produce all the meat, milk and eggs necessary for VICTORY.

This means we dare not waste precious feed on unthrifty livestock or poultry. We must cull unprofitable producers—save more pigs—stamp out disease and parasites—prevent costly losses.

We know from our many farm contacts that most of these production "accidents" can be prevented. We are convinced that our food goals can be reached without additional labor or expense, and with the feed we now have, simply by plugging unnecessary production leaks and stopping easily-preventable loss and waste.

Accordingly, as our part in the "Food for Victory" effort, we have volunteered for "active duty" in the service of feeders of this community to help stamp out such wasteful Production Saboteurs.

We will gladly call at your farm at any time to assist in such feed-saving practices as culling chickens—worming pigs—disinfecting houses, birds and animals against parasites and disease—checking feeder and watering space, etc.

We also offer a helpful war-time production survey of your livestock and poultry, based on a series of practical production guides suggested and recommended by both national and state agricultural authorities.

This "feed-stretcher" service is offered to every feeder of this community regardless of the feed he is using. Nor will you be obligated in any way. We only wish to share with you and other patriotic Americans the important task of winning the War!

Our Store Will Be Closed Every Tuesday To Enable Us To Carry On This Work.

The Inside Story of Synthetic Rubber

As a car or truck owner, you are vitally interested in tire production. Every patriotic American should know the facts regarding rubber... to this end the Seiberling Rubber Company has produced a very interesting booklet entitled "The Inside Story of Synthetic Rubber." As local dealers and distributors for this company we have received a supply of these books... they are free for the asking. Come in and get one next time you are down this way.

The public has been led to believe that plenty of new tires and tubes made of synthetic rubber will be available very soon... but that is not the case. This booklet will tell you why. It is well worth reading.

And in the meantime... TAKEGOOD CARE OF YOU TIRES

- Drive slowly—not over thirty-five miles an hour (very important in hot summer weather).
- Don't make jack-rabbit starts or quick stops. Take curves and corners slowly.
- Drive carefully Avoid ruts, car-tracks, stones and rough roads.
- Have your tire dealer check your tires regularly for cuts and abrasions and repair them before they go too far.
- See that air pressure is checked once a week.
- Get your tires recapped before they get too smooth.
- Don't scrape your tires against the curb.

Villain in Polio Rise May Be Fly

AUSTIN, Aug. 7, (AP) — A University of Texas bacteriologist today suggested that crowded and insanitary conditions in defense areas have probably increased incidence of infantile paralysis as well as dysentery in certain Texas cities.

Dr. T. V. Schubardt, professor of bacteriology, cited additional evidence that flies and sewage are responsible for the spread of infantile paralysis.

Growing belief that flies pick up the virus from insanitary sewage systems was based on the close correlation of the rise of dysentery, a fly-and sewage-spread disease, with the increase of infantile paralysis as shown by the state health department's weekly current reports.

Public Welfare Battle Still Undecided

AUSTIN, Aug. 7, (AP) — A legislative investigating committee's stern demand that two members of the board of public welfare resign, and the board's brief but pointed reply leaves the pension issue in its customary place: a political football punted high in midfield.

The committee's recommendations following several days of testimony taking and the welfare board's position represented widely-separated viewpoints on pensions. In the middle are the pensioners and the general public, both somewhat confused.

Broadly, the committee appointed by the 48th legislature to look into all phases of public welfare has taken the position that too much money is spent in administration, and not enough on the old folks.

Catherine Fox And Dot Germaine Are Favored In Tourney

EVANSTON, Ill., Aug. 7, (AP) — Catherine Fox of Glen Ridge, N. J., and Dot Germaine of Philadelphia, the young glamor gals of golf who spun into stardom by reaching the semi-finals of the Women's Western Open last month, have been installed as the favorites in the 6-day Western Amateur starting Monday.

They became eligible by shifting their allegiance to two Chicago District clubs which are members of the Women's Western Golf Association.

Betty Jameson, now living in Mexico City, will not return to defend her title.

Fifth All-American Bombing Olympics To Be Held Here August 16

"Berchtesgaden," which is sprouting up right in Big Spring's back yard, is due for demolition next Sunday—and the public can have a grandstand seat for the whole affair.

The affair is the fifth All-American Olympics, coming here for the first time, in which 24 of the nation's top bombardier cadets compete in aerial war games.

"Berchtesgaden" happens to be the shack centered in a 200-foot

Draft Boards Can Waive Screening Examination

WASHINGTON, Aug. 7, (AP) — Selective service headquarters has empowered local draft boards to waive the usual screening examination before placing in I-A men registered with them but now living elsewhere.

A spokesman said today the purpose was to facilitate classification of men in communities where it is difficult or impossible for them to have a screening examination. He expressed the opinion that in actual practice there would be little use of the waiver power.

The screening examination is the preliminary physical test and is intended to weed out from prospective inductees those with obvious physical defects making them unfit for service.

Under current practice arrangements are made for the screening examination in the community where the registrant is living. A man registered with an Arizona board and living in Washington, for instance, would be given the preliminary examination here on instructions from his board if it was ready to place him in I-A, presuming he had no physical defects.

Under the new regulation, the Arizona board could within its discretion, simply order the man to report to an army induction center where he would be inducted if he passed the army's final physical examination.

The selective service spokesman, in response to a question, said the procedure possibly could be used to speed induction of "absentees" but minimized that possibility. He said it was anticipated the waiver power would be used only where it was impractical to arrange for the screening examination.

circle which will be the target of the competing bombardiers. This circle, just to the east of the AAFBS, is immediately to the north of Scenic Mountain, from which the public may enjoy an unobstructed view of the whole spectacular event. The natural grandstand advantages of the mountain overlooking the target will enable spectators to follow closely the results of the bombing.

The meet will begin promptly at 8 a. m. next Sunday and continue for about four hours, with each of the 24 contestants dropping six bombs, all from the 8,000-foot level. Regular 100 pound sand-filled practice bombs will be used, and these contain a black powder charge which upon impact explodes with a vivid flash, followed by a great billow of smoke.

Special stands will be constructed for officers and guests, and a large scoreboard and public address system will be employed to keep the crowd informed as to the progress of the meet.

Several high ranking officers are expected here for the event, including Major General Gerald C. Brant and his staff. General Brant is commanding general of the Army Air Forces Gulf Coast Training Center, with headquarters at Randolph field.

Competing teams will be from the bomber-training schools of Midland, San Angelo, Childress and Big Spring; Deming, Roswell and Albuquerque, N. M., and Victorville, Calif. Team scoring the most hits in or around "Adolph's rock-bound boudoir" will win the much-prized pickle barrel trophy.

Cosden Test Is Acid-Treated

Cosden No. 1 Chester Jones, southeast offset to the Gutherie & Cosden No. 1 Pauline Allen which opened the Vincent pool in north-eastern Howard county, Saturday was treated with 2,000 gallons of acid from top of a line stained section at 3,960 feet to bottom of the hole at 4,407 feet.

Reaction could not be ascertained immediately. There was some free oil in the hole, estimated at a barrel a day from 4,264-72 feet, and therefore it was not possible to tell if the fluid returns contained other oil. Recovery of the fluid was expected Sunday when operators will check to see if the test warrants the use of several times that much acid. Location of the Jones offset is 660 feet out of the northwest corner of section 5-25, H&TC.

Cosden & Gutherie No. 2 Pauline Allen, northwest offset to the discovery, was reported below 3-240 feet in lime in section 57-20, LaVaca. Magnolia No. 1 Willis Winters, in the northeast corner of section 6-25, H&TC, was at 2-640 feet in lime, and Coffield & Gutherie No. 1 Guy Guffey, in the southwest corner of section 58-20, LaVaca, was at 2,770 feet in lime.

Four miles to the north of the area, the Cosden & Gutherie No. 1 Conrad, a test drilled and abandoned in 1940, was being deepened below 2,961 feet.

Cosden & Gutherie No. 2 Pauline Allen, northwest offset to the discovery, was reported below 3-240 feet in lime in section 57-20, LaVaca. Magnolia No. 1 Willis Winters, in the northeast corner of section 6-25, H&TC, was at 2-640 feet in lime, and Coffield & Gutherie No. 1 Guy Guffey, in the southwest corner of section 58-20, LaVaca, was at 2,770 feet in lime.

Four miles to the north of the area, the Cosden & Gutherie No. 1 Conrad, a test drilled and abandoned in 1940, was being deepened below 2,961 feet.

Cosden & Gutherie No. 2 Pauline Allen, northwest offset to the discovery, was reported below 3-240 feet in lime in section 57-20, LaVaca. Here 'n There

Mrs. George Biggerstaff, friends here have been advised, recently had accepted for publication the lyrics for a song, "Lonely and Blue," which has been recorded for broadcast purposes. Mrs. Biggerstaff will be remembered as Marie Hatton of Grand Saline, who formerly was a frequent visitor in Big Spring.

Recently graduated from officer candidate school at Fort Benning, Ga., with a second lieutenant's commission was Harold P. Steck, former insurance underwriter in Big Spring and active in civic affairs here. He entered the army in September, 1942.

Cadet Grover R. Cunningham, Jr., son of Grover Cunningham of Big Spring is now stationed at Vanderbilt University, Nashville, Tenn., where he is a member of the meteorology training detachment.

Taking a special course in Diesel engines is Charles J. Dorries, route 2, Big Spring, who is in the navy and stationed at the Naval Air Technical Training center, Chicago.

Intensively trained at the Sheppard Field glider mechanics school, a part of the AAF training command, Pfc. George L. Moore, son of Mr. and Mrs. D. M. Moore of Big Spring was one of a picked crew of glider mechanics recently flown to the Laurinburg-Maxton army air base at Maxton, N. C., for field training in glider maintenance and repair during test maneuvers.

Preston L. Lucas recently has been promoted to sergeant, at the Wendover air base, Wendover, Utah. Son of Mrs. O. O. Hill, 205 North West 3rd street, Sgt. Lucas attended school here, and entered the service in September, 1940. He is a gunner engineer.

P. W. Looney Saturday paid a \$50 fine in city court after entering a plea of guilty to a charge of dangerous driving.

Peppy Blount, son of Mr. and Mrs. R. E. Blount, has been transferred from Sheppard Field, Wichita Falls—but even his parents do not yet know what his new station is to be.

Mr. and Mrs. K. S. Beckett have had as their guest Mrs. Kirby Beckett and daughter, Kirby Sue, of El Paso.

Big Spring Bombardier School broke into Life Magazine's current issue with a print of Janet Blair, chosen as the local school's "Fin Up Girl."

Seven is not a lucky number—not for seven Mexicans who were caught in a dice game Saturday. They were fined \$15 each for their sins.

Chamber of commerce directors meet Monday noon at the Settles hotel for their regular semi-monthly meeting. Highway reports are due to be heard at the parley.

Football For Only Eight Texas Colleges

Wine's Homer Gives Roswell Team A Win Over Bombardiers

Blasting out a homerun which tied up the ball game and touched off a rally that won it, Wine hit Roswell (N. M.) Army Flying School team to a 4-1 victory over the Big Spring Bombardier School baseball squad Saturday afternoon.

The Big Spring Bombardiers nursed a one run lead going into

the seventh when Wine, Roswell catcher, delivered a homer as first man up. The New Mexico boys went wild and pushed across two runs before Lieut. Arch Shelton, Big Spring twirler, could put down the uprising.

There was little to choose between Shelton and West in the pitchers match, for each allowed eight hits, but West had four strikeouts to a brace for the Big Spring chucker.

Millard and Westenberg each slammed out triples for Big Spring and Resly had a double for Roswell.

The two teams tangled again at 2:30 p. m. today at the Big Spring Bombardier School. Pfc. Smith or Cpl. Szymanski probably will go to the hill for the locals.

Wood's Team Takes Lead In Golf 'Series'

DETROIT, Aug. 7 (AP) — Cagney Little Gene Sarazen slipped one over on his old rival, Sir Walter Hagen, today as Craig Wood's Ryder Cup squad seized a 2 1/2 to 1/2 lead over Hagen's challengers in golf's war-orphaned world series.

Sarazen, firing a four-under-par over the rolling Plum Hollow course, contributed enormously to a four-ball victory with Wood over Hagen and Melvin (Chick) Harbert that went right to the 18th green. The score was 1 up.

That sent the cup squad away to a lead it never relinquished. Jimmy Demaret and Sgt. Vic Ghezzi added another triumph, while Byron Nelson and Harold (Jug) McSpaden broke even for another half point. The lone challenger victory was gained by Sammy Byrd and Jimmy Thomson.

Today's successes made Wood's squad an overwhelming favorite to finish the conquest in eight 36 hole singles matches tomorrow to take a 3 to 1 series edge.

Demaret and Ghezzi gained the most one-sided triumph, defeating Navy Lieut. Lawson Little and Light Horse Harry Cooper, 5 and 4. Nelson and McSpaden, unbeaten in Ryder play, came from behind on the last hole to tie Willie Goggin and O'Neil (Buck) White.

Byrd and Thomson, with Sammy ripping four shots off par, defeated Lloyd Mangrum and Frank Walsh, 2 and 1.

Summary — Errors, Smeltzer, Thompson; homers, Wine; three base hits, Millard, Westenberg; two base hits, Resly. Struck out by West 4 by Shelton 2.

Signor Winner Of Chicago Handicap

CHICAGO, Aug. 7 (AP) — Signor, a speedy five year old sprinter owned by Herbert Wolf of Kansas City, led from start to finish in the \$10,000 Chicago Handicap at Washington Park today.

The winner charged home two and a half lengths ahead of Alford, entry of A. C. Ernest, of Cleveland, while the Mill B Stable's Ended ran third. Occupation, the 3 to 2 favorite and leading money winning juvenile of 1942, tired in the stretch and dropped back to finish sixth, in a field of seven.

Signor with his stablemate, Contradiction, was the 5 to 2 second choice and returned \$7.80, \$3.60, and \$2.80 across the board. Alford returned \$9.00 and \$4.80 for place and show.

Baylor Drops Out Of S'west Play This Year

DALLAS, Aug. 7 (AP) — Down here in big Texas where almost every town of any size has a college football team in normal times, only eight squads will answer the call in September.

This is less than half the number participating last fall and a two-thirds cut from 1941.

Transportation and manpower difficulties caused it.

The only major casualty is Baylor university, which announced yesterday it would have no intercollegiate athletics in 1943-44.

This left six teams—five of them from Texas—in the Southwest Conference.

In addition to Texas, Texas Christian, Southern Methodist, Rice and Texas A. and M. of the Southwest Conference, only Texas Tech, one of four schools from this state in the border conference; Southwestern of the Texas Conference and North Texas Agricultural College of the Texas Junior College Conference will answer "here" when the campaign opens.

Another school that had been depended upon to play this year—Texas College of Mines at El Paso—virtually counted itself out today.

Walter Milner, Mines coach, said there would be no team unless the war department allows army trainees to play. The war department has stated emphatically several times that its trainees would not be permitted to participate in intercollegiate athletics. It was on the basis of the latest pronouncement that Baylor definitely withdrew.

Of the eight college squads to go to the post next month only two of them will have all "civilian" teams. They are Texas A. and M. and Texas Tech. The others will use naval trainees.

Texas Coaches Gathering For Annual Grid School

WACO, Aug. 7 (AP) — The men behind the world's greatest schoolboy sports program—the Texas interscholastic league football race—were arriving tonight for the opening of their annual coaching school.

Between 200 and 250 are due to register tomorrow for the eleventh annual clinic sponsored by the Texas High School Coaches' association.

Many school superintendents will be here to sign up coaches, if any can be found unattached. One of the major reasons for discontinuance of football in many smaller schools is inability to obtain mentors.

Ralph Jones of Lake Forest University, the nation's leading authority on the T formation; Henry Frka, coach of Tulsa University; H. C. (Bully) Gilstrap, line coach of the University of Texas, and Joe Davis, assistant coach at Rice, will be instructors. Members of all-star high school squads who appear in the annual game climaxing the school Friday night will arrive Monday. Jones will coach the South squad and Frka the North.

Tennis Titles Are Nabbed By Californians

KALAMAZOO, Mich., Aug. 7 (AP) — A pair of youthful Californians, top-seeded Bob Falkenberg, 17, of Hollywood and Herbie Flam, 14, of Beverly Hills, today annexed the National Junior and boys tennis championships.

Falkenberg, 6-foot, 2-inch junior ace, swept past second-seeded James Brink of Seattle, 6-4, 7-5, 6-4, in the finals to annex the title vacated by another Californian, Budge Patty of Los Angeles.

Flam, seeded first in the boys division, turned back Edwin Davis of Baton Rouge, La., 6-2, 4-6, 6-3, suffering his first loss of a set since the opening of the Western boys championship, which he won last week.

Boys doubles finals also followed as Davis and Herbert (Buddy) Behrens of Ft. Lauderdale, Fla., first seeded, whipped Oliver Roddey of Charlotte, N. C., and Bob Galloway of Due West, S. C., 7-5, 6-3.

Falkenberg teamed with Brink for a straight-sets victory in the junior doubles final over Jack Tuero of New Orleans and Billy Windham of Orlando, Fla., 6-3, 6-2, 6-7.

Errors Aid In Yank Win Over Philadelphia

PHILADELPHIA, Aug. 7 (AP) — The first place New York Yankees took advantage of three errors today to beat the Athletics, 3 to 1.

Don Black and Orrie Arntzen, who replaced Black in the eighth, held the Yanks to eight hits, but their efforts went for naught as their support in the sixth inning Charley Wenzeloff came up with a five-hitter.

In the second inning Charley Keller walked and stole second. Joe Gordon beat out an infield hit, sending Keller to third. When Don Heffner let the grounder go through his hands for an error Keller raced home.

The A's tied it at 1-1 in the fourth on JoJo White's single and Dick Siebert's double, but the Yanks bounced back with two unassisted runs in the sixth.

With two out, Bud Metheny singled to right and took second on a wild pitch. Nick Etten grounded to First Baseman Siebert who threw wild to Black, covering first. Metheny scored on the play and Etten reached second. Keller drew a base on balls and Gordon singled Etten home with the last run of the game.

Guard Squadron And 365th Win In Softball

Dunham and Reich squared off in a pitchers duel Friday afternoon in the Big Spring Bombardier School enlisted men's softball loop, and Dunham's mates came through with more timely hitting to give his 365th a 3-2 decision over the 78th.

In the other game, the 1047th Guard shaded the 359th, 7-6, but the event could hardly be called a pitchers battle with an assortment of 25 hits.

William was the leading hitter for the 365th with two singles for a perfect day. The four singles which Dunham allowed the 78th were well scattered.

Redick had a perfect day at bat for the Guard, doubling and poking out a brace of singles. Danko had a double and two singles in four times up, and Harrell had a double and single. Bryant had three for three to aid the 359th cause, while Pinkston hit two for three and Henderson two for four.

Chicago at Detroit (2)—Ross (8-4) and Lee (4-6) vs. Bridges (5-3) and Trucks (9-7).

Cards Turned Back, 4-1, By Pittsburghers

ST. LOUIS, Aug. 7 (AP) — The second-place Pittsburgh Pirates, scrambling for their first National league pennant since 1927, beat the league-pacing St. Louis Cardinals today, 4 to 1, with an explosive second inning in which the Bucs scored all their runs.

The victory put them back where they started yesterday—11 games behind the world champions—and made up the ground they lost last night when the Cardinals made their aging ace, Rip Sewell, walk the plank, 8 to 3.

Wally Hebert went the full distance for the Bucs, scoring his seventh victory against seven losses. He allowed 13 hits, but gave no bases on balls. Three double plays helped him, leave nine runners stranded.

Harry Walker, the Cardinal centerfielder, hit safely in his 18th consecutive game when he singled in the third inning. Lou Klein clouted a double and triple for the Cardinals, but it was Walker Cooper's single that scored the only Red Bird run.

George Munger, who started for the Cardinals, walked the first two batters in the second inning. One-run singles by Al Lopez and Vince DiMaggio and Pete Coarsant's two-run double drove Munger to an early shower and his third loss.

Haegg Does It Again; New American Mark In Two-Mile Run

CINCINNATI, Aug. 7 (AP) — Gunder Haegg thundered over the quarter mile course at Withrow stadium tonight for a new American outdoor record for the two-mile run. He was timed officially at 8:51.3, bettering the mark he set at Los Angeles by 2 and 3-10 seconds.

The gaunt Swede was not first across the finish line, however. Little Bob Berger, high school student of Bay Village, O., with a 440 yard handicap to work on broke the tape in 8:49.7.

Bill Hulse, America's fastest miler, was third, although he was given a 100 yard handicap, and Gil Dodds, Boston divinity student, who started from scratch with Gunder the Wonder, came in last.

In setting the new American outdoor record, the Gavle gazelle, who is a fireman by trade in his native village of Gavle, Sweden, failed to break the fastest American two-mile run set by Greg Rice, barrel-chested ex-Notre Dame star, who ran the distance indoors in Chicago in 8:51.1.

Dodds broke in front of Haegg at the starter's gun and the swift Swede was content to let him hold in front for two laps. At this point Gunder started to move. He kept driving to pass Hulse at the 5 and 3-4 mark.

The full lap given Berger was too much even for Haegg to overcome and he flashed past the finish about 10 yards behind the short-strided high school runner.

12-Year-Old Girl Wins Swim Honors

CLEMENTON, N. J., Aug. 7 (AP) — Florence Schmitt, 12 yr old junior high school girl from Port Washington, N. Y., won the women's senior national long distance swimming championship at Clementon Lake today, dethroning Ann Hardin, of Indianapolis, who had worn the crown for four years.

The New York youngster went the three mile route in one hour, 21 minutes, 7 seconds today. Miss Hardin finished second, 70 yards behind.

All-Army Finale In Colorado Springs Play

COLORADO SPRINGS, Colo., Aug. 7 (AP) — Defending Champion Johnny Kraft, the long-hitting corporal from Denver, and Lt. Matt Palacio of Lincoln, Nebr., came through the semi-finals of the annual Broadmoor invitation golf tournament today to set the props for an all-army finale.

Kraft defeated O. H. Hofmester of Colorado Springs, a Warrent Officer in the second round, 2 and 1. Palacio, eliminated Al Edwards, Colorado Springs, 5 and 4 in the other 36-hole semi-final match.

Kraft and Palacio will play 36 holes for the title tomorrow.

12-Year-Old Girl Wins Swim Honors

CLEMENTON, N. J., Aug. 7 (AP) — Florence Schmitt, 12 yr old junior high school girl from Port Washington, N. Y., won the women's senior national long distance swimming championship at Clementon Lake today, dethroning Ann Hardin, of Indianapolis, who had worn the crown for four years.

The New York youngster went the three mile route in one hour, 21 minutes, 7 seconds today. Miss Hardin finished second, 70 yards behind.

Wall Street

NEW YORK, Aug. 7 (AP) — Stocks were a bit heavier in most departments today but again the tone reflected meagerness of buying interest rather than weight of offerings.

It was one of the slowest two-hour sessions of the year, transactions totaling 290,760 shares against last Saturday's 823,450.

A few leaders were well enough supported to emerge with fractional gains, this group including American Telephone, up 3/4; U.S. Steel, up 1/8; Western Union, up 7/8, and Westinghouse, up 3/8.

Losses ran to a point or so for John A. Manville, Montgomery Ward and Case Threshing. Narrow declines were recorded by Bethlehem Steel, General Motors, Sears Roebuck, Douglas Aircraft and the general run of rails.

The Associated Press 60-stock composite dipped .1 of a point to close at 49.0.

On the week the big board 60-stock composite was down .2 of a point against a drop of 3.6 points the week before. The latter was the severest setback since prices started their long upward climb in April of last year.

Guard Squadron And 365th Win In Softball

Dunham and Reich squared off in a pitchers duel Friday afternoon in the Big Spring Bombardier School enlisted men's softball loop, and Dunham's mates came through with more timely hitting to give his 365th a 3-2 decision over the 78th.

In the other game, the 1047th Guard shaded the 359th, 7-6, but the event could hardly be called a pitchers battle with an assortment of 25 hits.

William was the leading hitter for the 365th with two singles for a perfect day. The four singles which Dunham allowed the 78th were well scattered.

Redick had a perfect day at bat for the Guard, doubling and poking out a brace of singles. Danko had a double and two singles in four times up, and Harrell had a double and single. Bryant had three for three to aid the 359th cause, while Pinkston hit two for three and Henderson two for four.

Livestock

PORT WORTH, Aug. 7 (AP) — Cattle 200; calves 25; very limited supplies; no mature steers offered. Prices on other cattle and calves unchanged, quality considered. A few common to medium yearlings \$8.50-11.00. Some beef cows \$8.50-10.50; some fat calves \$8.50-12.50; no stockers and feeders reported sold, the few here being carried over for Monday's trade.

Hogs, 300; about steady; most good and choles 190-300 pound butcher hogs 13.75-15.90; good 160 pound averages 13.25; sows steady to weak at 12.75-13.00.

Sheep 2,900; nominally steady; receipts mostly slaughter ewes that sold steady at \$7 for the good kinds down to \$4 for thin culls.

Vic says...

We're hoping it won't be long until the boys unload a few more on old Japan...

We're also hoping that it won't be long until you pay us another visit... whether you come in to chat, to buy or just look around. Some new shipments of Suits, Shirts, Shoes and other apparel are arriving.

B'Springers Advance In Midland Tourney

MIDLAND, Aug. 7. — Championship of Midland county club's Red Cross benefit golf tournament will be determined Sunday, when both semi-final and final rounds will be run off. The last rounds developed as an all-Midland affair, with Dick Lehms and Bob Hafele of the city; Capt. R. W. Ashley of the Midland Bombardier school; and Lt. Elton Dosier, a Midlander who now is stationed at the San Angelo army air field, as the top four.

Lehms took out the tourney's medalist, Charlie Timms, 2-1, to go into the semi-final round against Capt. Ashley, who had ousted Jack Malloy of Midland. Lt. Dosier beat Major R. J. Rohn, 2 up, and will play Hafele, victor over Jack Bell, Jr., of Gainsville by a 5-4 score.

Timms, an Arlington high school youngster, copped medal honors with a three-under par 71. Lt. Dosier was runner-up.

Several Big Springers remain in the running in the Midland affair. Les Speer won his way into the semi final round of the first flight with a 2-1 win over Fred Turner, Jr., of Midland. In the second flight, Ira Thurman also was a semi-finalist, by virtue of a 2-1 victory over S. M. Erskine of Midland.

In the third flight, Pvt. M. K. House, Jr., a Big Springer now stationed at the Marfa army air field, advanced with two wins. He beat C. H. Shepard of Midland 3-2, and A. A. Love of Midland 2-1.

M. K. House, Sr., went into the semi-finals of the fifth flight, winning 8-4 over J. B. Richards of Midland.

A large field was participating in the Midland event, including many top flight players. All proceeds of the tourney go to the Red Cross, and war bonds and stamps are to be the prizes.

INDIANS BLANKED

CLEVELAND, Aug. 7 (AP) — Steve Sundra shutout the Cleveland Indians with five singles today as the St. Louis Browns registered a 2 to 0 victory. Doubles by Harland Clift, George McQuinn and Vern Stephens accounted for the Browns' two tallies in the sixth inning.

SOX BEAT TIGERS

DETROIT, Aug. 7 (AP) — The Chicago White Sox piled up seven runs in the first four innings today to beat the Detroit Tigers, 7 to 4, in the second game of their four-game series. Bill Dietrich, who was relieved in the eighth, got credit for the win.

Libraries, Bulwarks Of Democracy

By MRS. MARY RUMPASS

The need of a public library for Big Spring and Howard county is inevitable.

It is becoming essential that democracy be extended into the every day life of the mass of citizens and the way to remedy the defects of democracy is not to have less democracy but to have more.

How can more democracy be achieved? Through its provision of books and magazines, pamphlets and newspapers, bureaus of service and other interests for all the people. The library serves as a focal point for the advancement of democracy both social and political.

"There is more democracy in the typical library today than there was 20 years ago, and the end of the trend is not yet in sight," says Professor Herbert Goldhor, of the University of Chicago. "It serves as a tool of democracy for it is only as an individual has the opportunity to read on all sides of all questions that he can ever be prepared to take his rightful place in a democracy."

The board on library service, August of 1937, points out that a community without a public library

adds responsibilities and functions to the school libraries often beyond the latter's capacities to meet current demands. At the same time the board hopes to teach the importance of library service and show the ways and means of working for the kind of public library which would most satisfactorily meet the community needs.

The needs of rural communities for equal education and recreational facilities can be secured by such library service.

Why shouldn't the rural population have equal opportunities with their city cousins? The more our nation is unified through learning, the more substantial it will become. We have many nationalities in America, and a library is a big factor in unifying our foreign population in a democracy.

In pointing out the needs to the public, it may stimulate the desire of some who have given little thought to the library movement to the call of library committees to secure the aid to establish a public library for general use for all people.

From a Cleveland, Ohio, library comes the voice of one who has been lifted out of the gloomy

and sordid world into a finer and more exalted one through work and study in the library. He gives results in the following statements: "Library work is full of advantages for the wide awake boy. Through the library he can get a glimpse of the cross-section of humanity — through reading some of the books he can strike a happy combination where tolerance and understanding will be added to his virtues."

Leading educators throughout the country declare "The library is a social dynamo, and libraries of the present can succeed in making democracy in the future a little more safe, in making the common man a little more gloriously human. This is our destiny, and this is the service which your library and ours must give."

Here is a message from the people in England as to the value of libraries during wartime. "The blackout is giving people an opportunity to catch up on their reading. During past winters every village has had open a hall, well lighted, warm and heavily curtained where people have gathered to read, discuss books, and plan for a better world after the war."

Girl Scouts Return From Encampment

A group of Girl Scouts representing members of troop one, two, five, six and eight have returned from a seven day encampment at Camp Louis Farr at Merton. The group was accompanied by Mrs. Florence McNew, leader of the local troop No. 2, who served as counselor during the encampment.

The Big Spring group was outstanding in representation at the Merton camp and eight of the group were awarded foot traveler's badges. The group included Luan Wear, Carol Conley, Ann Blankenship, Vera Dell Walker, Billy Jean Younger, Jeanne Slaughter, Nellie McElhannon, Vivian Middleton.

Classes were devoted to arts and craft work along with illustrated instruction and recreation included swimming, hiking and other out-door sports.

Those attending from Big Spring were Joyce and Jo Ann Beene, Mary Evelyn Johnson, Harriett Lunsberry, Vivian Middleton, Lynn Porter, Doris Jean Powell, Donnie Jane Roberts, Reba Jean Roberts, Dorothy Raynor, Rosa May Raylor, Luan Wear, Jeanne Slaughter.

Ann Blankenship, Carol Conley, Billy Jean Younger, Jean Cornish, Vera Dell Walker, Jo Ann Boykin, Tommie Ruth Kinman, Mary Joyce Sumner, Kay Warren, Earlyn Wright, Rita Fay Wright, Mary Gerald Robbins and Caroline Smith, Nellie McElhannon, June Cook, Bonnie Ruth Dempsey and Marilita Sanders.

The local Girl Scout council with the aid of Cosden refinery sponsored the trip.

YWCA Worker To Speak At Dinner Here

Miss Eleanor Wilson, national chairman of activities for the YWCA, will be honored guest and speaker at an informal banquet which will be held at the Settles hotel next Saturday evening at 8:30 o'clock, under the sponsorship of the Big Spring United Service Organization.

Miss Ann Gibson Houser, program director for the local soldier center, announced Saturday that all girls who had been serving as members of the Girl's Service Organization would be expected to attend the dinner next week.

Miss Wilson, speaking in cooperation with the national USO, has had extensive training with volunteer service work, and will give the first in a series of lectures concerning training as junior and senior hostesses. Other lectures will be announced later.

All junior and senior hostesses are asked to attend the dinner.

FALL FASHION: With the fall school term just around the corner, teensters are beginning to get the clothes lever with ideas galore for something different in the way of a school wardrobe.

Neatest trick of the fall season for pepping up new clothes or remaking old ones is the newborn fad of felt ready-cut appliques, designed by Ruzak. Hearts, flowers and foldersols come packaged with complete sewing instructions.

Pictured top left is a hat and bag set which, with applied felt hearts and rick rack, transforms a plain combination to something really different with the aid of a matching patch pocket belt.

The H's Report Vacations, Short Trips And News From Service Men

JOE HAMBY — Talked with her sister-in-law, Mrs. J. C. Pearce.

R. V. HART — "My, I'm about to work myself to death" says Mrs. R. V. Hart. Seems she's been not only papering her house but painting as well. "Then when I'm not busy I work in the yard" she says.

J. HARVEY — Mrs. Harvey started out by saying she just couldn't think of a thing newsworthy, but during our conversation we learned that her husband, J. D. Harvey, pastor of the Church of Christ, is conducting a revival at Rotan. Mr. and Mrs. Alfred Collins are visiting in Ruidoso and Mr. and Mrs. H. D. Mansur and daughter are visiting in Elk City, Okla.

G. H. HAYWARD — Mrs. Hayward has been busy canning corn,

beans, tomatoes, peas and jelly this week. "Next week, I'll be doing the same thing" she laughs.

C. E. HIGGINBOTHAM — talked with Mrs. Higginbotham — she was telling us of a recent trip to Louisiana where she visited with her son, Clant Higginbotham who is stationed with the armored infantry there.

T. J. HIGGINS — "Boy I'd give \$20 of American money for a good old malted milk" writes Lieut. T. J. Higgins to his parents, Mr. and Mrs. T. J. Higgins. Lieut. Higgins has been stationed with the air corps in China since April. Mrs. Higgins' other son, Jack Lane is now in training at Shepherd Field. Also learned that Mrs. Higgins' daughter and husband, Mr. and Mrs. George Thomas are visiting in Fort Worth this week-end.

NEIL HILLIARD — "We're just staying home and trying to keep cool" says Mrs. Hilliard.

HENRY C. HOLDEN — Mrs. Holden had as dinner guests Saturday Mr. and Mrs. Chester O'Brien, Sr., the Rev. Chester Jr. and the Rev. Bill Roach. Mrs. Holden was telling us of the revival at the North Nolan Baptist church which is being conducted by Rev. Holden and the Rev. O'Brien.

HERBERT HOOVER — Mrs. Hoover was telling us that her husband, who is a Lieutenant at the Big Spring Bombardier School had been on several cross country flights lately. "But of course those are business and not pleasure trips" Mrs. Hoover said. Recently they visited various towns in Missouri which was their home before joining the armed forces.

Dance Held At The Post Gymnasium

Members of the WAC contingent at the local field presented the floor show at the enlisted men's dance which was held in the post recreational building at the Big Spring Bombardier School Saturday evening.

A large number of enlisted men, their wives, dates and local girls attended the entertainment, and music was furnished by the post orchestra under the direction of W-O Robert Bruner.

Appearing on the program were Sgt. Ola Franklin who sang "Blue Skies" and Cpl. Frances Gilday who presented a novelty tap dance. Auxiliary Mildred Simmons played a violin solo and Aux. Patricia Miller sang "After You're Gone." Feature of the entertainment show was a dancing chorus composed of Auxiliaries Marie Battistillo, Norma Hruhy, Bernice Sciorra, Ann Mowicka, Lena Wychoff, Elizabeth Chazansy, Frances Gilday, Mildred Simmons and Patricia Miller.

Transportation to the entertainment was furnished from the Settles hotel by army trucks.

B. and P. W. Club To Entertain WACs With Party At USO Monday Evening

The Business and Professional Women's Club will entertain with an informal party at the Big Spring USO club Monday evening honoring members of the WAC contingent stationed at the bombardier school.

Committees announced Saturday to serve during the evening include Mrs. G. G. Sawtelle, registrar; Jewell Barton, Gladys Smith and Glynn Jordan, decoration committee; Mrs. Ollie Eubanks, Nellie Gray and Helen Duley, dance floor committee; Wynona Bailey, Ima Deason, Edith Gay, Mary Louise Griffin, Connie Cushing, Jewell Johnson, Kitty Ford and Myrtle Jones, refreshment committee; Velva Glass, Mary Whaley and Sue Haynes,

game committee.

During the evening a group of WACs will present a radio program at 9:15 o'clock, and included on the program will be a piano solo "Sophisticated Lady" by Auxiliary Barbara Hooley, a trio number by Afc. Anne Mowicka, Sgt. Ola Franklin and Aux. Bernice Sciorra entitled "Beautiful Ohio" and "Till We Meet Again." Aux. Mildred Simmons, violin solo; Aux. Patricia Miller a song "You'll Never Know" and a song by Aux. Sciorra "Always in My Heart."

The entertainment will begin at 8:30 o'clock and all members of the B and P W club and WACs stationed at the local field are cordially invited to attend.

Cosden Chatter

By SUE MCCORMICK

There's an old saying that good things always come in pairs. We believe it because we have a pair of new girls here, and both are named Dorothy Williams! That isn't all—they both have the same middle initial, and both live at the Crawford hotel. "Dorothy Virginia" is an "old-timer," having been here a month. She is in the sales department. "Dorothy Verna" has just come here from Abilene, and is working in the credit department. Some nicknames will have to be forthcoming in order to keep this amusing but confusing situation straight.

Also added to our list of new employees is Mrs. Anne Darrow, who began work here last week in the credit department.

We're very proud of Helen Duley these days because she was chosen "Miss USO" last Thursday evening at a formal dance given at the USO garden. Nice going, Helen.

Mr. and Mrs. Otto Peters' sons will arrive this week for a ten day visit here. Sgt. Eugene R. Peters, who is stationed with the anti-aircraft artillery command in New Jersey, will arrive Monday and Pfc. Huff Peters who is stationed with the air corps in Liberal, Kas., will arrive Wednesday.

DeAlva McAllister, who has been working in the credit department, is leaving Monday to teach school near San Antonio.

E. L. Tollett left Thursday by plane for a business trip to Chicago. Marvin Miller left for Graham over the weekend, during which time he will move his family to Big Spring.

E. A. Gabriel has left us to go into business for himself in Houston. We are sorry to lose Mr. Gabriel, and wish him the very best in his new company.

It is not easy to express in words how happy we were to learn that David Hopper, formerly employed in the pump house here, was listed as among those rescued after their ship was torpedoed and sunk. We are so glad that he is safe now after having been reported as "missing."

Best wishes for a quick recovery to James Lackey. He has been working in the laboratory and is suffering from a broken hand.

—VISITS AND VISITORS

Mrs. Harry Weck had as guests her niece, Irene Duke of Houston and Miss Emily Rose Hattiger of Dallas. They returned to their homes Thursday. While in Big Spring they also visited with Mrs. W. T. Bolt.

Mrs. R. W. Currie has returned from a visit in San Antonio and Kerrville. She went to Kerrville for her daughter, Ann, who has been at camp for the past six weeks and then visited in San Antonio.

Mrs. V. E. Flewellen left Saturday for Fort Worth to visit with her son, Lieut. Gene Flewellen who is stationed there.

Lieut. Jake S. Bishop is spending the weekend with Mr. and Mrs. Cappy Ricks in Brady.

Mr. and Mrs. Eugene Coleman of Fort Worth are visiting Mr. and Mrs. T. J. Walker.

Auxiliary Norma Bagley, Fort Mead, S. D., Mrs. Gibbons Potest of Red Bluff, Calif., and Mrs. W. H. Seabolt of Bryan are visiting their mother, Mrs. W. H. Bagley. Mrs. Seabolt left Saturday night to join her husband, Lieut. Seabolt who is stationed at Bryan. Ann Carol Lingle, who has been visiting in the Bagley home for the past ten days, has returned to her home in Lubbock.

Double Ring Ceremony Read In Chapel For Miss Peck And Cadet Esterbrook

Gladioli And Fern Used In Decorations

In a double ring ceremony read Saturday evening in the post chapel at the Big Spring Bombardier School, Miss Hazel Doris Peck, daughter of Mrs. L. Helen Peck, and Cadet Clifford H. Esterbrook, son of Clifford H. Esterbrook were married by Chaplain James L. Patterson.

Wedding vows were repeated beneath an arch ornamented with green fern and flowers. Floor baskets of white gladioli and other flowers were on either side.

The bride was attired in an ice blue crepe ensemble and her accessories were white. Her flowers were white gardenias arranged into a shoulder corsage.

Mrs. Dale Ellis, matron of honor, wore a red dress with white accessories and her corsage was of white carnations.

The bridegroom, attended by Cadet Calvin Ellis, is receiving cadet training at the Big Spring Bombardier School, and is a member of class 43-12.

Club Meets Tuesday

The Past Matron's club will meet with Mrs. Euta Hall Tuesday evening, 8:30 o'clock for a business session and social. Mrs. Blanche Hall will be co-hostess. All members are urged to attend.

Notes

MARY WHALEY

All this talk of share-the-ride groups which are to be organized to save tires is considered by some people as something new and different. Polite amazement is a common reaction to such plans as if this will create a situation never dreamed of before.

But to us, the share-the-ride plan is an old, old story. We've been sharing somebody else's car for many years and it's not new or difficult at all.

We have all sorts of ways to share rides. For instance, we walk with our head turned toward the street, looking at the cars going by. Our friends find it hard to pass us up when they catch sight of our expectant faces.

We have other methods, too, like calling up at strategic times and inquiring in unobtrusive words just when they plan to start something and if it would be possible to take us along. We've been sharing our friends' cars for years like this.

Also we've developed over the years a heart-rending bellow which we emit when somebody passes us by and doesn't see us. It is practically a guarantee to stop all traffic in all directions. This share-the-ride may be a new fangled idea to many but not to anybody who knows us very well. We've always claimed if we ever bought a car it would have to be a bus seating a couple dozen people in order for us to return all the rides we've shared.

Class Has Party In The Bob Wren Home

The Homemakers class of the East Fourth Baptist church was entertained with a party in the home of the class president, Mrs. Bob Wren, Thursday evening.

Games were played and refreshments served to Donna Womack, Shirley Womack, Mrs. H. Reaves, Patay Ann Reaves, Mr. and Mrs. R. E. Bennett, Fay Bennett, Mr. and Mrs. E. L. Patton, Mrs. A. F. Gilliland, Mrs. T. B. Clifton.

Mr. and Mrs. W. W. Bennett, Mrs. J. J. Porter, Pvt. and Mrs. Adrian Porter, Errol Porter, Mr. and Mrs. Jack Dearing, Mr. and Mrs. H. F. Moore, Cpl. and Mrs. E. D. Editorial - - Trend Toward More Private Initiative?

Texas cotton growers can plant all the acreage they please next year, the old Supply and Demand law having come into action, recognized by Marvin Jones, War Food Administrator. No fields are to be measured, no quotas set, no nothing except each cotton producer is to be let do what his best judgment tells him to do, just as he was allowed to do before Secretary Henry Wallace ordered a plowup and a reduction of acreage.

The doctrine of prosperity by scarcity has received a body blow but will be nursed by some of the Washington economists who never saw a field of growing cotton or wheat or other staple product, for they still believe their theories are better than other people's practice.

Texas cotton farmers will do well to take a look at other things than cotton before deciding what

MURDER IN TIN

By CARL A. PETERSON

Chapter 18

Hernando's brow crinkled. "Hombre Chevalle, Chevalle?"

"Chevalle," Hernando repeated. "Senior Johnson talk of Senior Chevalle?"

My heart was thumping. They had taken up the bait sooner than I had thought. "What did Johnson say?"

He scratched his beaked nose. "Opalo?"

Lila Taggard put down her cigarette and I reflected there was no doubt of the working agreement between them.

I questioned him at length. All he recalled was Opalo. Since he was a miner he had wondered if Senior Chevalle dealt in opals. There was nothing more to be gained from him. I told him to come back tomorrow afternoon and I would have more money for him. As he left she said, "Why don't you follow him, Senior?"

"I don't think there's much in what Hernando said about Chevalle. I think he's lying. As I see it, he was just waiting to sell me something. Anything. But opals." "Opals," she murmured, laughing. "How imaginative Mexicans are! Hernando has seen American movies. He could have said oro. But you see he comes from a gold district. That would be too easy, so he says opal. He might have bought an opal ring once or admired one."

"Associations?"

Her mouth opened slightly, suddenly as if she had been shocked. "Opalo? Why there's a club by that name."

"A club?" I said innocently, thinking that they had both been clever. They had their own reasons for wanting to direct our investigations into Chevalle's history. If I hadn't helped them out they would have gotten around to Chevalle in their own way.

"It's a gambling club. I've been there with dad; Long ago. But Chevalle and the Club Opalo—" she gazed at her fixedly. "Would you like to accompany me to the Opalo tonight? We might look it over."

Her eyelids had stretched wide apart. "I don't know what to think," she said. "It can't be possible that this Johnson could have mentioned Chevalle—"

"Hernando is either lying or else—"

"Or else what?"

"Johnson might have squeezed Chevalle's name out of Lathrop. Chevalle mentioned Lathrop to us," I said.

"Do you see any link?"

"Lathrop, before they killed him, might have thrown out Chevalle's name as a man who had known your father. I think, though, we better see if Chevalle and the Opalo taken together, mean anything to us."

Thirty minutes later I was reporting to Fall. I told him of Hernando's visit, of Hernando's intention of coming back tomorrow for money prior to returning to Michoacan. Fall immediately had me describe Hernando in detail to two Mexican operatives whom he called in. He ordered them to go to the tequila place and if possible to spot Hernando and keep him under watch. I reported on Chevalle.

He said, "We've just learned that Chevalle's father was a French missionary to Korea. This is the case of the two fathers, Chevalle's and Lila Taggard's. And of the two deposed children. I told you my record was cloudy. I said nothing."

"There's a possibility that Chevalle is representing the Japanese," Fall said hurriedly. "Many missionaries have been interned by the Japs. We'll know soon whether Chevalle, Senior, is in France or in a Japanese concentration camp. If the latter is true, the Japs might have forced the son to work for them."

"Do you think that the Gestapo has pressured Lila Taggard into working for them?"

"More possible than ever. She brings you to Chevalle and Chevalle in turn tips you off about Lathrop. Then, the Gestapo picks up with another tip about Chevalle. It isn't a coincidence that Chevalle mentioned Lathrop's name a few days ago. This latent rivalry between the Gestapo and the Japs is very real. And it looks as if it's breaking out into open hostilities. It's the tin. Don't forget the Japs already control the Thailand and Dutch East Indies tin. If the Axis won, the Japs by controlling the Potosi mines and the Sam Taggard tin would have a world wide monopoly. Yes, this Chevalle-Johnson rivalry is worth exploiting. You will go to the Club Opalo tonight. I will phone Chevalle and use what I know of the Jap spy apparatus to order him there."

"You believe then that the

Club Opalo is the current business address for enemy agents? He must get the maps; he must kill Taggard. He can't tell the daughter of these plans. You take a few of my cigars while I find out about the Opalo. They may require evening clothes or a card or something."

To Be Continued
(Copyright, 1943, Carl A. Peterson)

The most famous Western Ocean packet of the early 1800s, the 1,413-ton "Dreadnaught," held the record of 13 days, 8 hours, between New York and Liverpool. Her skipper, Capt. Samuel Sarmiento, never once "lay to" in a storm.

No Success Yet Tunesmiths Seek A Hit To Match 'Over There' Of World War I

By JACK GAVER

United Press Staff Correspondent

NEW YORK (U. P.)—The boys who write the nation's songs are still shooting at the mark set by "Over There" and falling short in their efforts to compose THE song of World War II. There have been a few sporadic successes, but they have been along more or less specialized lines, such as about the air forces or other service branches, Pearl Harbor, etc.

The American Theatre Wing, which has more lions in the fire than a blacksmith, is trying to do something about the war-song problem through its Music War Council, headed by lyricist Oscar Hammerstein. This group is not conducting a contest, nor is it trying to find just one song, but it seeks to guide professional songwriters toward the kind of ditties needed for the present war and to arrange for the proper presentation of the best efforts to the public.

Members of the Music War Council include writers, composers, publishers, critics, orchestra leaders, singers, agents, exploitation men (pluggers to Tin Pan Alley) and propaganda analysts. A sifting committee first looks over the lyrics for content, judging them as a general suitability to the times, the purpose and their morale effect.

Ballyhoo for Choices

If the sifting committee o. k.'s a song, it falls into the hands of a large panel of judges, including orchestra leaders, singers, critics, radio executives and others who know both song quality and the public tastes. This panel is divided into sections, and each section meets once a week to hear the songs sung and played.

Several numbers already have received temporary approval, but the public won't hear about them for awhile because the council wants to consider more songs before reaching any final decisions. When these have been made, an exploitation committee of experts will arrange to launch the best songs in the manner which will give them the most effective premiere. After that they will be on their own.

Such sponsorship certainly will do a song some good, but it is a question whether one of the approved songs will develop into the one that will mean World War II as George M. Cohan's famous

tune stood for World War I. Personally I feel that we'll wake up some morning and hear a song that has popped up out of nowhere and that will be IT.

World War I Different

But maybe there will be no "Over There" for this war. Conditions are vastly different now. Americans are fighting all over the globe and, disregarding the music for the moment, that fact puts the lyric writer behind the eight-ball from the start. If a guy tried to write an all-inclusive song he'd wind up writing nothing

but a group of place names, like the paragraphs the late Thomas Wolfe used to put into his novels. It would be easier to get a job peddling gaseteers from door to door.

And the radio doesn't help matters, either. You hear "Over There" often enough, of course, during the last war, but there were no radios and juke boxes dining it into your ears every hour of the day at home or in public places. "Praise the Lord

Washington Daybook— Two Presidents Work Now In White House

(During Jack Stinnett's vacation, his column is being conducted by various members of the Washington staff of The Associated Press. This is the first of two columns on the White House by Harold Oliver.)

By HAROLD OLIVER

WASHINGTON — It's two "White Houses" in one these days at 1600 Pennsylvania Avenue — one for President Roosevelt and the other for James F. "Jimmy" Byrnes, sometimes referred to as "assistant president" for the home front.

The public visitor who used to enter the historic mansion through the low-lying east wing and park his camera before being taken on a limited tour of the Presidential living quarters, would see some interesting changes — both structural and human — if permitted to peek inside its portals these days.

Not since March, 1941, have tourists been allowed inside the White House. But for those who are curious as to what goes on inside this beehive of World War activity on a typical sweltering Washington day, let's take a quick look, from left to right, at the photo caption-writers would say:

First, that east wing across the street from the Treasury — which Byrnes with a smile calls his "left wing" — has been enlarged considerably. Where the tourist checked his camera in the pre-war days there's a large conference room for the home front boss. Also in this wing are Admiral William D. Leahy, chief of staff to the commander-in-chief; Harry L. Hopkins, munitions assignment board chairman and presidential lend-lease consultant; Mrs. Roosevelt's correspondence secretary; a room reserved for the Army; the mansion's so-

The Thrill That Comes Once In A Lifetime

the kill. Then, from another direction, rides peaceful Hoppy and sidekicks, California (that's Andy Clyde) and Lynn (George Reeves). Before you can wink, the bandits are at it, and Hoppy and pals are in to the rescue. They save the pretty girl and her mamma, but the scoundrels get away with the jewels—all the pretty girl had as a wedding gift from her poor but proud fiance. It went on from there, with Hoppy & Co. riding off in the end, leaving true love and virtue triumphant.

So here I consult my notes and find—none. An occasional squeal or giggle, as when California fell in the well, was scarcely worth recording. Molly, the music-loving burro, got laughs. The reels was taken in dead earnest and silence—five heads leaning forward, 10 ears straining for every word, hoofbeat, and pistol crack. Afterward, they all seemed glowingly content. With permission, they raced through Hoppy's own street, exploring the jail, the barbershop, the marshal's office, the general store. They were fascinated by the false fronts, and again they forgot about those and became five Hoppies chasing countless invisible bandits. But they hadn't screamed, yelled or whistled during the screening, or said one word.

There may have been two reasons for this. They didn't have a mob to join in, and they didn't have any adults around saying "Sh-h-h!" The adult around—the one with the notebook—was too busy ridin' and shootin' with Hoppy to say anything.

Hollywood Sights And Sounds—Hoppy's Juvenile Fans

By ROBBIN COONS

HOLLYWOOD—Our old friend Hopalong Cassidy gained four new admirers today, and entrenched himself further in the devotion of a fifth.

Steve, aged 8, was the old Hollywood boulevardier and frequent of the Hitching Post theater—the boulevard house devoted exclusively to western movies—who already knew Hoppy well. The others, Johnny and Gary, Bill and Raymond all aged 9 or thereabouts, were quick to hop along on the Hopalong bandwagon.

The general idea was this. Nobody has really seen a western movie unless he has seen it with a bunch of boys and heard their reactions. It seemed a thing to do.

The Hitching Post wouldn't do. I had tried it before. The juvenile sections of the audience were vociferous enough, and at times the general sound effect was like that of a Comanche raid, but there were always adults. These were divided, roughly, into two kinds: parents saying "Sh-h-h!" and non-parents saying "Sh-h-h!"

We chose Harry Sherman's studio projection room. The boys chose seats up front and I chose one just behind them.

Then life began. "Harry Sherman presents 'Bar 20' with William Boyd as Hopalong Cassidy." A listing of the cast, with music in the background, and then — a long shot of a lone stagecoach crunching dust on a lonely mountain trail, against a magnificent backdrop of open sky and giant boulders. Quickly now, a close-up of waiting bandits, ready for

At 12:30 p. m. the hard-working South Carolinian has a snack served at his desk — soup warmed up on a portable hot-plate, a sandwich Mrs. Byrnes makes for him and a cup of coffee.

About the only recreation Byrnes enjoys these hot, humid days is walking "Whiskers," his wire-haired terrier, around the hotel grounds. An avid golfer, he has hung up his clubs for the duration.

(Tomorrow: The President's Day.)

The Navajo Indians of New Mexico are natural soldiers. Most of them are already hardened by their nomadic life. That may account for the fact that they like the strenuous branches of the service. Recently 82 joined the Marines. On the firing range, they outshot all other platoons at their particular field.

Blondie, will you wake me up at ten? I'm going to lie down for a while.

It's quarter of ten now — why don't you just go to bed?

I want to take a little nap first.

It seems kind of silly to me.

No more silly than a preface to a book — or an introduction to a — FNF

LEGAL NOTICE

CITATION BY PUBLICATION TO CLAUDE RANDOLPH.

You are hereby commanded to appear and answer the Plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being the 13th day of September, A. D. 1943 at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas. Said Plaintiff's petition was filed on May 22, 1943. The file number of said suit being No. 4782. The names of the parties in said suit are Mammie Randolph as Plaintiff and Claude Randolph as Defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff sues for divorce alleging the residence requirements, and alleges extreme cruelty and abandonment by the Defendant, and prays for a divorce and custody of all of the minor children born of said marriage.

Issued this 30th day of July, 1943.

Given under by hand and seal of said Court, at office in Big Spring, Texas, on this 30th day of July, A. D. 1943.

GEORGE CHOATE, Clerk, District Court, Howard County, Texas.

By B. Housewright, Deputy.

MORE SWEETS

DETROIT, Aug. 7 (AP)—A 10 per cent increase in sugar rationing for commercial users, which means more bakery goods, candy and soft drinks, will be put into effect within a few days. Price administrator Prentiss Brown disclosed today.

He indicated the move might be a forerunner of a general lifting of sugar rationing for all consumers.

The Mark of the Well-Dressed Man

Is not necessarily the mark of expense. It is the mark of good styling, of neat design, of good fitting and of quality merchandise. It is the mark that all men find in clothing that comes from Elmo's.

MEN'S WEAR OF CHARACTER

BOMBARDIER PROMOTIONS

Officer promotions announced Saturday from the Big Spring Bombardier School included the following, from second to first lieutenant:

Donald M. Johnson, Albuquerque, N. M., bombardier instructor; Louis F. Ettlinger, Port Richmond, Staten Island, N. Y., bombardier instructor; Hugh P. Hipps, Greensboro, N. C., T/D, New Haven, Conn.; George G. Gardner, Jr., Chicago, Ill., bombardier instructor; Homer W. Penry, El Reno, Okla., classification officer; Robert E. Georges, Junction City, Kas., pilot; Jesse O. Bryan IV, Greenville, Ala., bombardier trainer officer; Amos B. Hardin, Hunt, Tex., bombardier instructor; Orlynn E. Schueller, Fairbury, Neb., adjutant; Millard E. Mulry, Royce City, Tex., bombardier instructor; Jordan D. Cannon, Levelland, Tex., bombardier instructor.

French Cache Of Gold Safe In Allied Hands

FORT-DE-FRANCE, Martinique, Aug. 7, (AP) — Despite repeated orders from the Vichy government to sink some \$285,000,000 in gold coin stored in Fort Desaix's casemates, France's greatest single cache of wealth is safe in Allied hands.

Plans for sinking the gold in the event of foreign attack had been completed. The 2,766 boxes of metal were to be loaded aboard one of the Freca warships in the harbor and taken to sea at a point known for its great depth. Here, where the sea is too deep for successful diving and retrieval, the gold was to be dumped overboard and the ship itself scuttled.

With Col. Pierre De Chevigne, member of the French delegation from Washington and interim chief of the island's police and military establishments, led the way, a guard of honor greeted an inspection party at the Fort's gateway. The Colonel led the way toward the gold-studded casemates holding the coin from the Banque de France.

Beyond a heavily armored door was the treasure chest of concrete walls and arched ceilings.

Containers for the money, each holding about \$32,000 in coins of various nations, resemble so many boxes in a shoestore. Most of the coins are French Louis D'or, or 20 franc pieces of the days when the franc was more valuable, but one-third of the total is in United States \$5 and \$10 gold coins.

Tunesmiths

(Continued From Page 10)

and Pass the Ammunition" was a good catchy war number, but it was played into oblivion months ago. Three months from now you'll wonder whatever became of "Coming in on a Wing and a Prayer," the current radio favorite.

Maybe it would be a good thing if everyone just dropped this business of trying to do something about war songs. They've got the boys pressing and, in Tin Pan Alley, that isn't good. They like to work up their own individual fevers and now and then they hit. Coban must be laughing.

Several Men Reclassified

The steady process of reclassifying registrants as often as their status is changed Saturday resulted in these new listings by the Howard county selective service board:

- 1-A—Daniel V. Pérez, Leonard A. Coker, Fernando M. DeLeon (H), Donaciano Rocha (H), Encarnacion C. Esquivel (H), C. B. Hult, Jr., Harold W. Stubblefield.
- 1-C—Joe L. Queen, Walter L. Kellogg (H), LeMoyné B. Munna, Isam V. Mancy.
- 2-A—Thomas R. Agin, Raymond L. Blackmon, Floyd E. McDonald.
- 2-C—Wenceslao T. Gonzales, Ed. L. Green, Margarito Duran, Garland G. Conway, Macon A. Ulmer.
- 3-C—Robert W. Rice, James R. Ledbetter, Lonza W. Marlar, Cornelious Meek, Grady G. Weaver, William L. Van Meter, Jr.
- Pending—Dennis O. Brunson, Cecil L. Winterbauer, Jaime G. Morales, William R. Hoard, David L. Massey, Jr.

Navy Has Places For Ship Repair Officers

Lieutenant Commander G. W. Cook, Jr., officer in charge of the Office of Naval Officer Procurement, 1530 Allen Building, Dallas, has announced that the Navy will begin immediately accepting applications for commissions in a new special program. Then new program, Ship Repair Officers, in one of a number of special billets open at this time. This new program is significant in that it affords an opportunity to men with engineering and technical experience to be commissioned as officers in the Naval Reserve. It also changes current procurement policy in that the rank of warrant officer is again open for qualified machinists, steel men, shipfitters, and similar skilled trades.

Civilians who meet the qualifications for appointment as ship repair officers are urgently needed at this time. These men will be given regular Navy indoctrination training in ship repair work at Navy yards. After this training, officers will be assigned duty in ship repair units for service at advanced bases and on repair ships. Commander Cook points out that the Navy's ability to repair ships quickly will be one of the most important factors in maintaining our naval strength in the Pacific and elsewhere.

SEX NO HANDICAP
WASHINGTON, Aug. 7 (AP) — The American Association of University Women appear to have won an argument with the civil service commission—and henceforth women workers will not be included in the "physically handicapped" category of a commission manual.

New Laws Affect Various Aspects Of Life In State

AUSTIN, Aug. 7, (AP) — Most Texans, including some canine population of the state, face new prohibitions and privileges beginning August 10, effective date of numerous laws passed at the last general session of the legislature.

A survey of some of these statutes shows they are likely to affect many phases of man's day-to-day life.

They can bear on his drinking

At Elmo's—Joining the Elmo Wasson's men's store Monday will be A. A. Watson (above), who has had 16 years experience in the merchandising field. Watson has been with the Burr store here, and prior to coming to Big Spring last November, had been in charge of men's departments at the Max Berman store, Colorado City, and the Swanson Hurt store at Lamesa.

Wirtz Appointed As Consultant On Power Matters

WASHINGTON, Aug. 7 (AP) — Secretary of the Interior Harold L. Ickes tonight announced the appointment of Alvin J. Wirtz of Texas, former under-secretary of interior, as a consultant on power matters.

Expressing regret that Wirtz could not give full time to the "increasing power problems" of the department, Ickes declared his advice would be sought particularly in connection with plans being formulated for handling power on the three hydro-electric projects in the southwest recently turned over to the interior department by the president.

Wirtz had had 20 years experience with private and public power developments, the secretary said in announcing the appointment, and as general counsel assisted in the creation and organization of the Lower Colorado River Authority in Texas.

Representative Of Veterans' State Service To Be Here

J. H. Mitchell, field representative from the veterans state service office, will be here Tuesday to assist any veterans or dependents with claims growing out of military service.

Mitchell may be contacted at the chamber of commerce office during the day.

Wants Politics 'Adjourned'

WASHINGTON, Aug. 7 (AP) — Carter Glass, 85-year-old democratic senator from Virginia and frequent critic of new deal domestic policies, asked the American people in a statement today to "adjourn politics and proceed with the war."

HARRIS recommends S-cell cores for all cars or trucks.—adv.

habits; economy; business, profession or trade; his health, even his dog if he is blind.

Some of the mechanics of state government will undergo alterations. These laws were among those not receiving sufficient votes to give them immediate effect. Therefore they become operative 90 days after final adjournment of the general session.

Here are a few with general or fairly wide application:
Seeing-eye dogs, accompanied by their masters, are entitled to free passage on buses, trains and other public transportation vehicles.

Hours of sale and public consumption of alcoholic beverages are tightened. Package store hours are from 9 a. m. until 10 p. m. daily except Sunday when all-day closing is ordered. Beer and wine retail sales are legal between 7 a. m. and midnight weekdays except Saturday night when sales may extend to 1 a. m. Sunday morning. Sales cannot be resumed on Sunday until 1 p. m. a 15-minute grace period, 12:15 a. m. and 1:15 a. m. respectively is permitted for public consumption.

Chiropractors submit to state licensing and regulation under a board to be appointed by Governor Coke R. Stevenson. Labor unions come under multiple regulations requiring them to register with the secretary of state, file detailed financial reports, hold regular elections and meet other stipulations. This law, one of the bitterest issues of the session, is under court attack but its enforcement has not yet been enjoined.

Public health and fishing may benefit from a statute prohibiting the pollution of fresh water streams and lakes with anything that would destroy their usefulness.

Public prosecutors may seek to enjoin anyone who has made as many as three loans at interest rates in excess of the constitutional limit of 10 per cent. A \$1 additional charge for actual expenses incurred in making the loan is permitted.

An amendment to the Jim Crow law requires that whites sit in the front seats of buses and fill them progressively toward the rear and that negroes first sit in the rear seats, filling them progressively toward the front.

'Make Wallace Food, Price Chief' Campaign Begins

WASHINGTON, Aug. 7 (AP) — A campaign to make Vice President Wallace head of a proposed new food production, price control and rationing agency has been launched, D. C. Speaker said today, by some groups in agriculture who describe themselves as the "liberals" in their field.

The agency would supplant the War Production Administration and the Office of Price Administration, and Speaker, unofficial authority, cited especially these lines in the latest issue of "Spade", agricultural publication having support among advocates of the Agricultural Adjustment Agency and circulating among local AAA committeemen:

"On the theory that Martin Jones didn't want to be food administrator and was talked into it on the basis of a temporary receivership, there's much speculation over who may succeed him as top man—if FDR proclaims a new combined food-processing-rationing-pricing outfit to take the wind out of opposition sails.

"All things considered, the biggest bet is Henry Wallace. Rumors persist that FDR will call on him to take over general direction of food."

Particularly active in the want-Wallace move are several former officials of the Agricultural Adjustment Agency, speaker said. This is the bureau which Wallace, as secretary of agriculture during the early days of the

Roosevelt administration, helped create to adjust farm production to available markets.

NEGRO APPREHENDED

Members of the sheriff's department left Saturday afternoon for Abilene to take into custody Tim Fores Henry, negro wanted here on a forgery charge. Henry was apprehended in Abilene by member's of the sheriff's department there.

WOMEN GET WINGS

SWEETWATER, Aug. 7 (AP) — Scores of young women from every corner of the nation received their silver wings today as the training command's only school for women graduated its largest class of ferry pilots.

Cor. 3rd & Main Big Spring

The People of Big Spring Are Lucky!

While many towns are unfortunate in that they do not have enough doctors to take care of them, Big Spring does have enough doctors to take care of us adequately — if their time is not wasted.

Your Doctor could possibly see a dozen patients while making one home call.

Do not disturb his rest with night calls unless it is an absolute emergency!

Your Doctor will appreciate your kindness and thoughtfulness.
