

**GUTTED IN FIRE**—A fire which broke out at 3:11 p.m. Friday gutted the inside of the upper story of this two-story frame building at 405 Maple St. on the city's south side. The lower floor suffered heavy smoke and water damage. The upper floor contained a rooming house and the lower floor housed a barbecue eating place and a pool hall. Firemen fought the blaze for about two hours before bringing it under control. No injuries were reported and no estimates of damage were available.

# Breakthrough Anticipated In Peace Talks

PARIS (UPI)—The impending arrival in Paris of North Vietnamese President Ho Chi Minh's special envoy raised expectations Saturday of a possible breakthrough in the deadlocked month-old Vietnam talks between Hanoi and Washington. Tho is known as a "hard-liner" and neither American nor Communist conference quarters anticipated an immediate major switch in Hanoi's tough approach in the talks which resume Wednesday. But Tho was believed carrying a mandate to "negotiate" instead of merely marking time, as has been the performance to date of Xuan Thuy, the formal leader of the North Vietnamese delegation. U.S. deputy negotiator Cyrus Vance also was due in Paris Sunday from his consultations with President Johnson on the stalemated Paris preliminary talks. Vance was bringing the President's promise to the conference that the United States would go "far and fast" in its peace effort if North Vietnam showed some reciprocal restraint. Thuy rejected Johnson's offer out of hand Friday and warned that Hanoi has "no intention whatever" of offering any gesture of a reciprocal scaling down of the Vietnam War. North Vietnamese sources in Paris Saturday reaffirmed that Hanoi was standing by its refusal and will "fight until total victory" unless the United States halts all bombing and all other "hostile acts" against the North.

# Smith Gets Democratic Party Governor Position

## Smith And Hazlewood Take Gray County Vote

By JEFF HOLLADAY  
Pampa News Staff Writer  
Preston Smith outpolled Don Yarborough 1,357 votes to 936 in the statewide race for governor yesterday in Gray County's Democratic runoff primary, while Jack Hazlewood outdistanced James A. Joy 1,319 to 966 in the contest for justice of the 7th Court of Civil Appeals in Amarillo.

led Smith 426 to 420 and Hazlewood led Joy 437 to 402. In Roberts County, Smith led Yarborough by 111 to 57 and Hazlewood led Joy by 83 to 69, though results in this race were incomplete.

## Saigon Battle Rages

By RICHARD A. OLIVER  
SAIGON (UPI)—Viet Cong guerrillas pushed closer to the heart of Saigon early Sunday behind deadly 122 mm rocket fire and left behind a trail of razed buildings. Allied defenders destroyed whole city blocks in an attempt to keep the Communist troops on the capital's fringes.

South Vietnamese military spokesmen said Viet Cong troops had inched their way to within one-and-three-quarters of a mile from the presidential palace near the center of town in house-to-house fighting.

The Viet Cong slammed 11 rounds of 122 mm rocket and mortar fire into the city before dawn Sunday, killing three civilians and wounding 18 others. The rocket fire apparently was aimed at government installations, but only one military compound was hit, the spokesmen said.

The guerrilla bands fighting in alleyways in Cholon, the Chinese section of Saigon, forced the destruction of buildings which they used for cover. At least three city blocks were burned.

The Communists continued to harass allied defenders with sniper fire as they gradually pushed toward the center of the capital.

Smith carried every precinct in Gray County except Pct. 1 in Lefors, which gave Yarborough a 157 to 125 margin. Turn-out was light in the runoff contest in Gray County, with an unofficial 2,213 votes being cast.

In absentee voting, Smith tallied 208 to Yarborough's 83. Hazlewood had 198 to Joy's 93. Smith carried precincts 2 and 7 through 14 by a margin of 844 to 598; Pct. 3 by 26 to 15; Pct. 4 by 14 to 12; Pct. 5 by 125 to 65; and Pct. 6 by 15 to 6. Yarborough carried Pct. 1 by 157 to 125.

Hazlewood carried every precinct in the county except Pct. 6. The Amarillo candidate had the following margins: Pct. 1, 265 to 114; Pct. 2, 23 to 18; Pct. 4, 18 to 8; Pct. 5, 111 to 78; and precincts 2 and 7 through 14, 794 to 644.

Joy carried Pct. 6 by a single vote lead—11 to 10.

With results of 7 out of 9 precincts turned in, Smith led Yarborough by 704 to 434 in Wheeler County. Jack Hazlewood had a narrow 575 to 555 lead over James Joy.

HELEN KELLER  
... dies

EASTON, Conn. (UPI)—Helen Keller, a blind deaf-mute who rose from her silent world of darkness to become one of the great women of the 20th Century, died at her home Saturday, less than a month short of her 88th birthday.

The gentle woman who walked with kings and presidents in her lifelong crusade to help the world's handicapped, died on her estate outside Easton. She had been in failing health for two years.

At her side was her longtime companion, Mrs. Winifred Corbally. Her death ended an incredible story of courage and determination that resulted in accomplishments unparalleled by any woman of her time.

Many Achievements  
Despite her handicaps which led to an almost animal-like existence for the first eight years of her life, Miss Keller graduated from college with honors, became a humanitarian, author, lecturer and world traveler, primarily in behalf of the blind. Her phenomenal achievements won the acclaim of the world and a host of honors from U.S. presidents and many foreign governments.

Who knew her in her me active years could really grasp the true realization that this charming lady with gray blue eyes and regal bearing was once a helpless and pitiful child of whom a doctor said: "She is alive and that is all."

Helen Keller was, indeed, only alive when the doctor made his comment. It took a quiet young Bostonian, Anne Sullivan, to

## Yarborough Defeated In Third Try For Post

By DAVID ANDERSON  
DALLAS (UPI)—Lt. Gov. Preston Smith, 56, a conservative businessman from Lubbock, Saturday won the Democratic nomination for governor of Texas.

He defeated Don Yarborough of Houston, who twice had run unsuccessfully for governor as the candidate endorsed by organized labor and racial minority groups.

Smith will be a heavy favorite to defeat Republican Paul Eggers of Wichita Falls in November. Returns at 11:30 p.m. showed Smith with 756,909 votes to 620,726 for Yarborough and Smith was increasing his margin. Smith had 55 per cent of the vote.

Those returns were from all of the state's 254 counties, including 246 complete. Smith, 56, ran an old-fashioned handshaking campaign, disdained television, and spent more than half a million dollars most of it on direct mail and newspaper advertising.

Retiring Democratic governor John B. Connally did not endorse either of the candidates. Neither did President Johnson.

Presidential politics were not involved directly because neither candidate expressed a preference for any of the Democratic hopefuls on the national scene.

For Yarborough, a 42-year-old ex-Marine, the defeat may have been fatal politically. He lost a race for lieutenant governor in 1960, then lost to Connally for governor in 1962 and 1964.

His loss leaves the liberal wing of the Texas Democratic party with only one leader—U.S. Sen. Ralph Yarborough, who is not related to the gubernatorial candidate but supported him.

Smith is a political maverick who never sought to make any alliances with Connally or Johnson, the dominating forces of Texas politics for years.

Smith differed with Connally often on legislative matters and announced for governor last August while Connally was still considering seeking a fourth term himself.

The lieutenant governor, a short, bald theater owner with a country accent, never proposed a specific platform. He said the only important issue was experience, and pointed to his six years as a state representative, six years in the state senate and six years as lieutenant governor.

He called Yarborough an "ultra liberal" and said the choice was between a continuation of "sound, conservative, stable" government which he said Texas has had for more than 20 years, or a change.

Yarborough agreed, but said "I think Texans are ready for a change." Smith had almost unanimous support from business and trade organizations, while Yarborough had the endorsement or organization of labor.

Smith reported he spent \$577,843 in his campaign and Yarborough reported \$218,361.

## W. R. Combs Is Re-Elected As Pct. 1 Constable

Incumbent Constable W. R. Combs of Lefors won re-election in Saturday's Democratic Party Runoff Election by outpolling his opponent J. L. Bromlow 173 to 162.

Combs, who has no opposition in the November General Election, won his third term to the post by eleven votes.

The absentee balloting was even in the race with both candidates getting 15 votes. Precinct One, in Lefors, went to Bromlow by five votes, 144 to 139, and then Precinct Six, Laketon, where Combs has always run strong, tipped the scales there substantially in the incumbent's favor, 19 to 3.

Bromlow, formerly employed in the carbon black industry which was located near Lefors some years back, ran second to Combs in the Primary on May 4th when he polled 117 votes to the incumbent constable's 144. A third candidate, Floyd Mc-

## Committee Will Hear Report On Auditorium Plan

Members of the General committee for the proposed M. K. Brown Memorial Auditorium will meet at 12 noon Tuesday in the West Starlight Room of Coronado Inn to be brought up to date on the latest developments in connection with the project, including a preliminary report by George H. Dahl, Dallas architect.

The general committee consists of three members made up from a cross section of the citizenship of Pampa, headed by E. L. Green Jr.

An announcement was made by the trustees of the M. K. Brown Foundation some three years ago that a memorial auditorium would be constructed in Pampa as soon as funds from the foundation were available. No specific details have been arrived at, although Dahl has been employed as an architect on the proposed project.

No announcement has been made as yet as to the amount of money that will be involved or available for the project or when construction could be expected to get underway. However, it is possible that definite plans may be put in motion following the meeting on Tuesday.

## Legislators Gather For Session

AUSTIN (UPI)—Legislators were due in Austin Monday for a special tax session that could last two weeks or two months. "My guess would be 60 days," said Lt. Gov. Preston Smith. "It's always tough to pass a

tax bill." Rep. G. F. Mutscher of Brenham, a rising power in the House, said "I'm more optimistic. I think we can do it in one 30-day session. We're better prepared this time, and everybody

has known for almost a year that we were going to have to pass a tax bill."

Two of the men who will have most to say about the length of the session—Gov. John Connally and Smith—planned to be out of state Monday to give Sen. Ralph Hall of Rockwall his traditional "governor for a day" ceremonies.

The president pro tem is acting governor when the chief executive and the lieutenant governor are both out of the state. Hall is president pro tem of the Senate.

The length of the session probably depends mostly on two-thirds majorities in both houses for his tax bill. If he has the votes, the session should be over quickly by

## Defiant French Students March In Paris Again Behind Banned Leader

By ALLAN PRIAUX  
PARIS (UPI)—At least 35,000 defiant students and followers led by barred leftist firebrand Daniel Cohn-Bendit marched through Left Bank Paris streets Saturday in a massive protest against the Gaullist Regime. But the nationwide strike movement crumbled throughout France as President Charles de Gaulle held the nation in firm control.

The protest marchers surged along a mile-long route from the old Montparnasse railway station to the student-held Sorbonne University, but no violence was reported. They carried a banner reading, "The

"Fight Continues". Police had been under orders to arrest on sight the German-born Cohn-Bendit, the student leader who helped spark the anti-Gaullist upheaval of the past two weeks. But they preferred to ignore him as he defiantly marched at the head of the demonstrators.

Anti-Gaullist students demonstrated in the eastern city of Strasbourg, storming the university there in an attempt to pull down a red flag flown by leftists occupying the school. Several persons were reported injured and a number of windows smashed.

# Panhandle Water District News

By FELIX W. RYALS  
Last week's column was devoted to the part played by agriculture in the pollution of our ground water supplies.

Agriculture, like industry, has undergone a revolution. We no longer depend upon the natural fertilization of the soil by nature. Agriculture has become highly mechanized and depends more and more on chemical fertilizers. Phillips Petroleum Company and Shamrock Oil Company have large plants in the Texas Panhandle, producing chemical fertilizers to meet the ever increasing needs of irrigated agriculture. Some of the residues from fertilizers will eventually reach the underground water table.

**Feed Lot Pollutants**  
The number of cattle fed in feedlots has increased greatly. Between 1950 and 1966, the number increased from 4.3 million to 10 million.

The size of feedlots has also increased. In the past, most cattle were fed on a family farm. Now, the majority of cattle are fed in concentrated feeding operations with capacities of 10,000 or more becoming common. In Colorado, for example, there are approximately 1,100 feedlots with a combined capacity of about 700,000 head. Eighty-seven of these lots have capacities greater than 1,000 head, and 28 have capacities greater than 5,000. The 28 feedlots with capacities greater than 5,000, however, account for two-thirds of all the cattle fed in Colorado. A similar pat-

tern appears to be developing in West Texas, which now has feedlots with a capacity for about 550,000 head. There are 112 lots with capacities of greater than 1,000 head each.

The statistics quoted above are all the data needed by some people to conclude that agriculture is contributing significantly to the nitrate enrichment of water supplies. The fact, however, is that there are really very few actual measurements that can be used to verify or refute these claims.

G. E. Smith, in a water forum talk at the University of Missouri in 1965, concluded that the nitrate-contaminated aquifers in Missouri were closely related to livestock feeding. He believed that fertilizer nitrogen had been of little importance in water contamination, but could become important in the future.

J. F. Mink, in an article in Science Magazine in 1965, attributed the increase of nitrate-nitrogen to the percolation of nitrate added in fertilizers.

**Land Use Determines**  
We recently carried out a study to determine the contributions of fertilizer materials applied to soil and of wastes from feedlot operations to pollution of ground water. The study area was the Middle South Plateau River Valley in Colorado. This valley is an intensely farmed, irrigated area underlain with a water table varying from about 10 to 65 feet beneath the surface. Most of the feedlots in Colorado are located in

the valley. Non-irrigated pasture or cropland surround the valley.

One-hundred and twenty-nine cores extending from the surface to water table or bedrock from sites of differing land use were obtained and analyzed. Emphasis was placed on the quantity of nitrate in transit to the water table. The amounts of nitrate moving through soil profiles toward the ground water varied widely with land use.

## CO-OPS INCREASE BUSINESS

Thirty-two percent of the nation's farmer cooperatives had gross business of \$50 million or more in 1965-66 up 27 percent from 1961-62 when the last survey was made. A further breakdown of the gross business volume of \$20.9 billion done by the co-ops, according to the Farmer Cooperative Service shows that 40 percent of the total came from 66 co-ops reporting annual business of \$50 million or more. This represented less than 1 percent of the total number reporting, and was made up primarily of large regional associations.

Livestock producers are again reminded of the importance of checking stock for any wounds and treating them immediately. They are also advised by officials of the eradication program to take worm samples from wounds and send them to the Mission Lab for positive identification. Sterile fly production has been increased in an effort to halt the increases in screw-worm cases. Weather conditions continue very favorable for the spread of the pest.

Post-mergence weed control in cotton is more positive than premergence. It is used from the time cotton emerges until layby time, says Fred C. Elliott, Extension cotton specialist. Timely application of postmergence herbicides and mechanical methods can drastically reduce or eliminate hand hoeing, he adds. Most postmergence treatments work best when weeds and grass are less than 2 inches tall and will usually do a better job when the weather is warm. Always use a surfactant at the recommended rate to control emerged weeds and grass, he says. Local county agents can supply details on herbicides and their use.

## Water, Inc. News

By CLIFF CHAMBERLAIN  
Executive Director

Over five times as much water is used in Texas today as 20 years ago. Increases in population, irrigation and industrial growth have expanded the total state water requirements to the point we face a potential scarcity. Already a scarcity exists in some areas and as groundwater depletion becomes more widespread, the size of the water short areas will increase.

More than one-third of the total annual water supply in Texas comes from underground sources. Three-fourths of the states' towns and 80 percent of

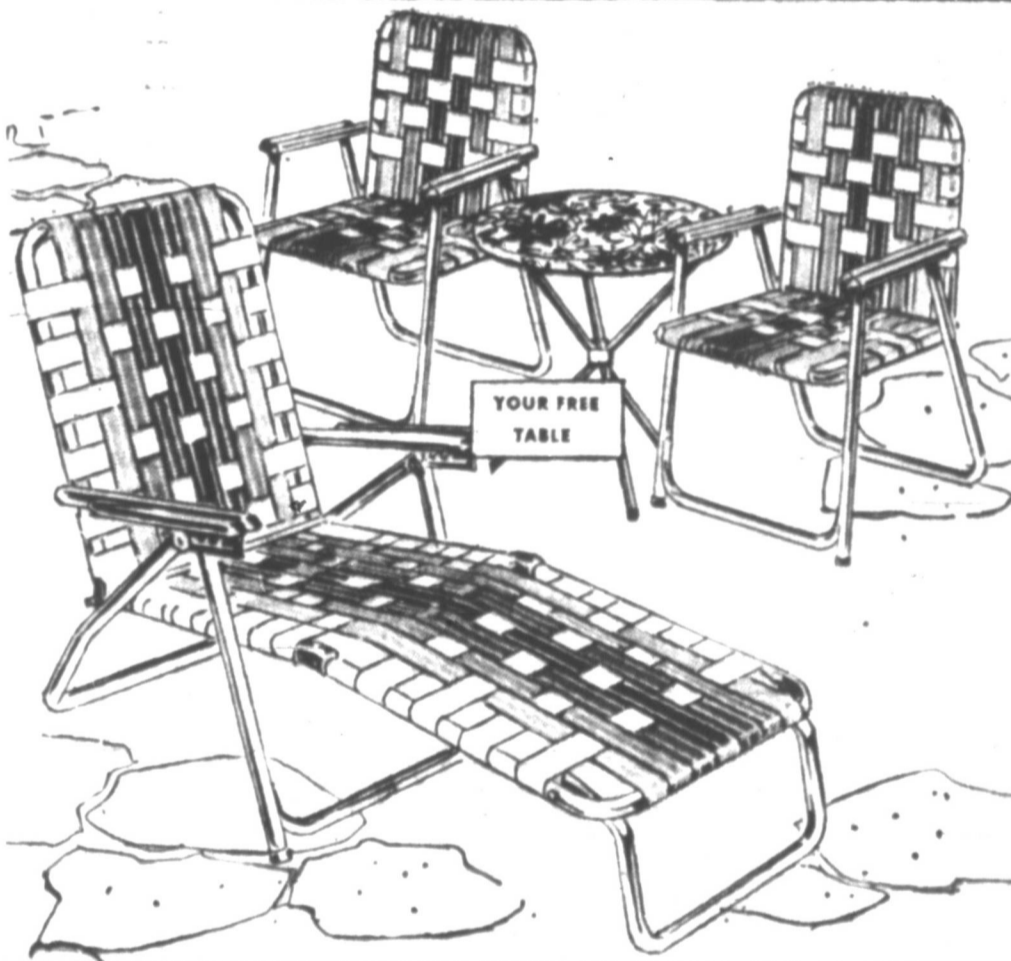

its irrigated farm lands have drawn most of their water from beneath the earth's surface.

Constant large scale withdrawals for exceeding these underground reserves are seriously depleting these underground reserves. Unless other water supplies are rapidly developed, Texas irrigated acreage will be reduced by two-thirds.

This is the situation facing Texas today. This is causing national, state, and local policy decisions to be made which will effect all areas facing a potential shortage such as West Texas and Eastern New Mexico.

The Bureau of Reclamation of the United States Department of Interior has stated in its progress report on West Texas and Eastern New Mexico Import Projects Investigations that a surplus of water exists in the Mississippi. The amount of surplus water and the most practical point of withdrawal are being studied by the Corps of Engineers and Mississippi River Commission.

The fact that there will be a national need for additional farm land by 1985 is well established by studies conducted by the Texas A & M University Water Resources Institute.

# Connie Richardson Gets Wheeler Title

WHEELER (Sp) — Miss Connie Richardson, 18, daughter of Mr. and Mrs. George Richardson of Wheeler, was named Miss North Wheeler County Sweetheart here Friday night in a pageant to select a contestant for the Miss Lake Meredith Contest slated for June 8 in Borger.

A 1968 graduate of Wheeler High School, Miss Richardson was selected by a panel of three judges. Runners-up were Nancy Moore, 19, daughter of Mr. and Mrs. Jess Moore of Wheeler, and Linda Moore, also 19, daughter of Mr. and Mrs. E. M. (Spud) Moore of Wheeler. Both are students at West Texas State University.

Named Miss Congeniality at the contest was Mary Dell Tucker, 20, daughter of Mr. and Mrs. J. N. Tucker of Wheeler. The pageant was sponsored by the Thursday Review Study Club.

The pageant also featured intermediate and junior miss divisions in addition to the senior division. Only senior division contestants were eligible to compete for the Miss North Wheeler County title.

Named winner of the intermediate division was Miss Alice Velasquez, 16, daughter of Mrs. Alicia Velasquez of Wheeler.

Miss Deborah Henderson, 13, daughter of Mr. and Mrs. J. D. Henderson of Wheeler, was named top winner in the junior miss competition.

Two scholarship winners, also sponsored by the Thursday Review Study Club of Wheeler, were announced at the pageant. They were Miss Mary Dell Tucker, winner of the Miss Congeniality contest, and Linda Weems. Miss Tucker, a student at West Texas State University, was awarded a \$50 scholarship, and Miss Weems, a student at Abilene Christian College, was given a \$100 scholarship.

## Commissioners Okay Bills, Talk Right-Of-Way

County commissioners Saturday morning approved the treasurer's report and paid bills in a routine end-of-the-month session.

The commissioners court also discussed right-of-way proceedings for a stretch of land on State Highway 70. The area is 5 miles south of Pampa and is to be widened and resurfaced for 4.4 miles.

Total estimated cost of the project is \$492,600. Construction is expected to begin this fall.

Those attending the Saturday meeting were County Judge S. R. Lenning Jr. and commissioners Joe K. Clarke, Clyde Organ, Truitt Johnson and J. O. McCracken. Mrs. Wanda Carter, deputy in the county clerk's office, recorded the minutes.

Tools, Tire Are Stolen Here

M. O. Fuller, 108 S. Sumner, reported to Pampa police Saturday morning that tools and a tire and wheel valued at \$388 had been stolen from his pickup truck while it was parked in front of his residence.

According to a police report, the theft was thought to have occurred between 8 p.m. Friday and 8 a.m. Saturday.

The tools included assorted wrenches, sets of drive sockets and a 3-ton jack. Also stolen were a 15-inch wheel and tire.

Stolen Car Found

A 1962 model automobile stolen Wednesday from Thompson Parts, 312 Kingsmill, was recovered yesterday in Central Park, according to Pampa police.

Some people plant flowers in the spring

But then what does a flower have that a gas light doesn't?

Flowers brighten up your yard. So does a gas light. After you install a gas light, it might be the first time you've seen your flowers at night.

Flowers come in different sizes and shapes. So do gas lights... designed to lend distinction to any landscape. Take your pick. If they're taken care of just right, flowers will bloom the whole season. A gas light blooms year 'round, and requires absolutely no care.

Flowers have a wonderful fragrance. You've got us there. A gas light doesn't have an odor at all. But we know you'll overlook that, since a gas light has so many other nice features.

New lower prices on the '68 models are in effect through July 31st. Prices start at \$52.70 cash (includes installation and tax) or only \$2.00 per month. Pretty inexpensive when you consider how many springs it will last.

Plant a gas light this Boy a PATIO PAIR (One que grill) and save \$88.00. Prices start at \$103.70 (includes installation and tax) or \$4.00 per month.

### Center Wrap-Up

**George Smith, Director**  
**Pampa Youth and Community Center**  
**SUMMER OPENING HOURS**  
 —The Center will go into its summer opening schedule Monday, June 8. At this time the Center will be open Monday through Friday from 9-12 a.m.; 1-5 p.m. and 7-10 p.m. Saturdays from 1-5 p.m. The Center will close Sundays. The swimming pool will be open from 1-4:30 p.m. and 7-9:30 p.m.

During the morning hours when the pool is not open for public swimming the pool will be used to teach swim lessons. If the child who is interested in receiving swim lessons, contact the Center and check the schedule. Participation can be on a daily basis or on a membership plan. The daily fee is 35 cents for those below 12 years of age and 50 cents for those above 11. Membership plans are available for individuals and families. The individual plan is for those 6 years of age or older and costs \$5 for six months and \$8 per year. The family plan includes all members of the immediate family and sells for \$12 for six months and \$20 per year.

**TWIRLING LESSONS** — The Center is again offering the twirling lessons for young people this summer. The classes will begin June 8 and last through June 28. All classes will be taught from 1:30 to 2:30 p.m. on Monday, Wednesday and Fridays. Instruction will be under the direction of award winning baton expert, Teresa Mercer, of the High School Band Department.

To participate in this twirling class, a person must be a member of the Youth Center and bring a balanced baton. Memberships are on sale and enrollment is open to all ages.

**SWIM LESSONS** — The summer schedule of swim lessons is just about full of enrollees. All classes will meet on Monday through Friday at an hour between 9-12 a.m. Free lessons are given, if available, to Center members while non-members are charged \$4 per child per course. Lessons are taught by Jackie Marlar, Water Safety Instructor. The remaining schedule is:

- July 15-26
- 11-12 a.m.—Polywogs
- July 29-Aug. 9
- 10-11 a.m.—Advanced Bgnrs.
- 11-12 a.m.—Intrmd & Swmrs.
- Aug. 12-23
- 10-12 a.m.—Junior & Sen. Lifesaving

There also is the Red Cross lessons for swimmers which are taught by the Red Cross office. They have three sessions June 17-26, July 1-13 and July 15-26. Volunteer instructors who are Water Safety Instructors are used in this 6-week learn-to-swim program.

All lessons are \$1 each class per person. Included in this schedule is Beginner, Advanced Beginner, Intermediate, Swimmers, Adult Beginner, Adult Advanced Class and Jr. Sr. Life Saving. To enroll please come by the Center office.

### Interest On US Bonds Increased

AUSTIN, Tex. (UPI)—President Johnson announced an increase in interest on government series E and H savings bonds from 4.15 to 4.25 per cent and on "Freedom Shares" from 4.74 to 5 per cent, effective Saturday June 1.

Announcing the action from his Texas ranch, the Chief Executive said the higher bond rates will apply not only to newly purchased bonds but to outstanding bonds until their next maturity date.

Johnson hiked the interest rates to the maximum permitted by law to make the bonds more competitive with banks and savings and loan associations and thus more attractive to investors, administration officials said.

Sales of government bonds have been lagging because of the lower rates and tight money market, officials said.

"Bond owners will be rewarded for investing in America and will not have to cash in their present bonds to take advantage of the higher rate," the President said in a statement.

The boost in E and H bonds was announced in 1955 when the rates went up from 3.75 to 4.15 per cent.

Johnson announced the appointment of an advisory committee on the teacher corps, naming Mark R. Shedd, superintendent of schools in Philadelphia, to be chairman.

Johnson had a news conference Thursday, and said he

### Red Cross News

By LIBBY SHOTWELL Executive Secretary ARC

When this letter is read by you, your executive secretary will be on her vacation with my daughter and her husband. We plan to visit with relatives in Richmond, Va., Washington D. C., and Roanoke, Va. We plan to come back via the HemisFair in San Antonio. It will be good to get away, but we are sure it will be equally good to get back home. Mrs. Noel Thompson will be in our Red Cross office and will take care of the work while we are gone.

There are a few registrations available for children in the Learn to Swim classes at the Gly Pool. We are sure that you remember the rules, a child must be ready to attend public school this fall before he or she can be registered in our swim program. The \$1 fee goes to the City for the use of the pool and not to Red Cross. The first session begins June 17 at 9 a.m. and 10:00 a.m. to 11 a.m. then we will clear the pool for the Summer Recreation children. Please come to the Red Cross office to register your child as

There will be a Standard First Aid class beginning Monday evening, June 8 at the North Fire Station sponsored by the Cabot employees with Ray Fisher teaching the class. Fisher invited the community to meet with this class and take the course if they want to. There is plenty of room at the fire station and the first lesson will be a film on Part 1 and Part 2 of the First Aid Course. There is no charge for the instruction.

The Red Cross will sponsor a Home Nursing Class to be held at the Church of the Latter Day Saints on Sloan St. beginning Monday evening at 7 and the community is invited to come and take this course also. Mrs. Lois Stevens, RN., will hold the first class and Mrs. Ralph Converse will take the other lessons. Mrs. Converse is an LVN and has taught the course to LVN students at High Land General Hospital. There is no charge for the instruction and the books are bought and kept by the students. We invite anyone who has elderly persons in the home to come and take this course. We know that they will learn many things to make the persons in the home

The first meeting of the new Red Cross Board will be Tuesday morning at 7 at the Coronado Inn. We are urging all new directors, chairman and officers as well as those who remain on the board from last year to make this important meeting.

Our Red Cross Finance committee will meet with the Pampa United Fund budget

committee Tuesday afternoon at 3 p.m. in the Coronado Inn. We have had a good year and we are grateful for the help we receive from our United Fund. If it were not for this means of raising money to help carry on our work, we would have to spend months panning and getting ready for a Red Cross fund drive. Thanks to everyone who works to make this effort a success.

**McCalla Named To Position By Halliburton Co**

Halliburton Services, a division of Halliburton Co., has promoted a Luling district superintendent, Joe B. McCalla Jr., to the post of assistant division manager in the oilfield service firm's Wichita office.

The change, effective June 1, was announced by M. W. (Cy) Reed, vice president in charge of field operations in Duncan, manager in the oil field service firm's Wichita office.

Okla., headquarters of Halliburton Services.

McCalla, a Halliburton employee since 1951, is a petroleum engineering graduate of the University of Corpus Christi. All of his career has been spent in the Corpus Christi division of Halliburton. The firm's Wichita division services the oil and gas industry from offices in Wichita and Amarillo and service locations in Kansas, the Texas Panhandle and southern Nebraska.

# Offshore Activity Strains Oil's Technical Abilities

United Press International — The rush to extract oil and gas from the ocean floor is putting tremendous pressure on the petroleum industry's technological abilities.

In the past decade the industry's attention has become focused on nearly 11 million square miles of Continental Shelf sloping away from the earth's coastlines. The investment in offshore leasing, exploration, drilling, production and gathering is counted in the billions of dollars.

Currently some 8 per cent of the free world's output comes from offshore. There are predictions that in the next ten years that figure will have to increase to nearly 30 per cent and in this forecast lies the challenge for developing men and machines to function safely and economically under water.

Little is known of the oil potential in the remote depths beyond the Continental Shelf. Nearly 90 per cent of the shelf is 600 feet deep or less and some experts feel production from 1,000 to 1,500 feet will be the limit.

**One Deep Test**  
Although at least one venture is now scheduled for 1,300 feet, most of the activity will be in the 100 to 600 foot range. Eventually it is a possibility that technical developments will allow, and economic considerations will force, the industry to take all aspects of its offshore work under water. Testing, production and processing would all be beneath the surface, well away from the hazards of ship traffic, storms, waves and ice.

In only 300 feet of water, for example, the present surface platform method requires building a structure taller than a 32-story building. The costs are staggering.

There is speculation that complete sub-surface operations would involve artificial undersea environments in which crews live and work on the bottom. Another possibility is that virtually all the undersea work will be automated and controlled from on-shore installations.

**Costly Work**  
Time and money, applied to the ocean as they are applied to space exploration, would not doubt solve the problems. But because of the vast sums already committed the key word in offshore and undersea development is, according to one expert, "expediency."

"The 'man in the sea' program is still on the drawing board," he said. "That may be 10 years away. The oil companies want an approach with what is available now."

"They may have to do it wrong at first, but as much money has been spent they will have to do it now and let the sophistication come later."

# Pipeline Firm Plans 1968 Expansion

Natural Gas Pipeline Company of America has announced its expansion plans for '68 which will increase its daily delivery capacity by 468 million cubic feet for the 1968-69 winter, at an estimated cost of \$68.5 million dollars. Construction on this project—involving both the Company transmission and underground storage facilities is underway.

The Company received approval from Federal Power Commission, Washington D. C. for the first segment of expansion.

The company has filed a supplemental application with the Commission requesting approval of plans to construct facilities to increase its peakday delivery capacity by an additional 104 million cubic feet. Estimated cost of the proposed facilities is 23.8 million dollars.

# Humble Moves Four Families At Canadian

CANADIAN (Sp) — Mr. and Mrs. Max Morgan, Mr. and Mrs. Woodie Ford and Mr. and Mrs. George G. Flagg and their families, who have been here with the Humble Oil company, have been transferred to Rawlins, Wyoming. Mr. and Mrs. Robert Renfro and family, also Humble employees, have moved to Denver, Colo.

Mr. and Mrs. Phil Thomas and Mr. and Mrs. Roe Sumral and their families, from King'sville, are now Humble employees here.

# Shell To Expand Houston Refinery

NEW YORK (UPI) — Shell Oil Co. has announced it will spend about \$100 million to expand its Houston refinery to a total daily capacity of 255,000 barrels of crude oil.

The work to start this year will be completed in 1971.

The program includes a 160,000-barrel a day distilling unit, a 25,000-barrel a day hydrocracker, a 36,000-barrel a day catalytic reformer, a 15 million cubic feet a day hydrogen plant and a saturates gas plant.

Torreon reported 45 dehydration deaths during May. Chihuahua gave the next highest count of 42.

# Southern Africa Has Boom In Exploration

By FRED LANKARD  
United Press International  
Southern Africa never able to match the petroleum development of the continent's northern and western sections, currently is the scene of an exploration boom.

The Oil and Gas Journal reports that over a dozen companies are involved, both onshore and offshore, in geophysical programs stretching from the South West African border to Mozambique.

The Journal said wildcat drilling is expected in the area before year's end.

Interest is centered primarily in the Republic of South Africa where 18 months ago the government awarded offshore concessions to 10 companies and enhanced the deal with a series of tax incentives.

South Africa's desire for a major discovery off its coast is emphasized by the fact that the country's oil consumption increased some 14 per cent to about 129,000 barrels daily in 1967. Virtually all of that oil was imported, mostly from Iran.

While the offshore seismic work is being completed, the government is also taking steps to prepare for the possibility of petroleum self-sufficiency. A tanker fleet has been acquired, plans are being mapped for new pipeline systems and a new 50,000 barrel refinery, and an emergency two-year supply of oil is being stockpiled as insurance against an embargo.

South Africa may be the busiest but it is not the only area of activity.

A four-year exploratory program has been agreed upon for neighboring Zululand. In southern Mozambique a combine of companies is conducting geophysical work on a 15-million-acre onshore and offshore concession and to the north similar studies are underway on the country's coastal plain.

Across the Mozambique Channel in Malagasy (Madagascar), the earth's fourth largest island, French, Italian and American firms are taking advantage of recently granted onshore and offshore exploration permits to check the geologically promising western coastal region.

Not to be outdone, South West Africa, across the continent's southern tip from Mozambique and Zululand, has called for bids on previously untouched acreage.

The eight blocks involved in the bidding include some 60,450 square miles onshore and another 26,764 square miles in offshore tracts.

**the Drama of DRUGS**

By Joe Tooley

An all-too-common ailment of women is the "sick headache," also known as the migraine. These usually affect one side of the head, and in some cases, are so severe that the sufferer must take to her bed for as much as two days.

Surprisingly, these headaches are very seldom the result of anything physically wrong, but rather are caused by a sensitive nervous system. It is interesting to note here that women who suffer from migraine usually have trim, attractive figures and move and walk quickly. Another characteristic is that the sufferers are usually the possessors of sharp, inquiring minds; but they are also perfectionists.

The best-cure is learning to live serenely and tolerantly.

Richard Drug helps you to achieve a serene, confident attitude by keeping complete stocks of fresh medicines. Also the skilled, licensed pharmacists merit your confidence.

# Greenbelt Lake Set For Visitors

QUANAH — (Sp1) — The Townsend of Childress, chairman of the Greenbelt Authority, announced today that the new Greenbelt Lake resort, Sherwood Shores IX, the lake-side resort, located on the north side of Greenbelt adjacent to the new Clarendon Country Club was opened last September and hundreds of lots have already been sold with home construction underway. George De Armoud, developer of Sherwood Shores IX said plans call for swimming pools, parks and paved streets, water and utilities over the some 700 acre estates.

A special invitation has been issued to lake visitors to tour the new Greenbelt Lake resort, Sherwood Shores IX. The lake-side resort, located on the north side of Greenbelt adjacent to the new Clarendon Country Club was opened last September and hundreds of lots have already been sold with home construction underway. George De Armoud, developer of Sherwood Shores IX said plans call for swimming pools, parks and paved streets, water and utilities over the some 700 acre estates.

The National Outboard Association boat races will get underway shortly before 2 p.m. at the close of the brief dedication ceremonies. Mike McCully, Clarendon postmaster, heads a special Greenbelt celebration committee which is sponsoring the five-day affair in cooperation with other Greenbelt towns. The celebration is being underwritten by the Clarendon Chamber of Commerce.

Information booths, designated camping areas, boat ramps, concession stands, plus many other public facilities have been arranged for guests. The lake, with more than 25 miles of shoreline, will offer plenty of room for celebration weekend visitors.

"Even with big crowds, the lake will certainly not be crowded," McCully pointed out. "And for the boat races, we'll have room to spare, because fans can watch from both sides of the lake and from the dam, a real vantage point for this thrilling regatta," he added.

The Texas Parks and Wildlife Department has already authorized an expenditure of \$30,000 for improvements and facilities and more is expected to come later.

Howard Leads Nats  
CLEVELAND (UPI)—Frank Howard crashed three hits and ignited a four run sixth inning rally with his 20th homer of the season Saturday as the Washington Senators dented the Cleveland Indians 6-2.

Howard's blast, a 450-foot smash into the upper left field seats, came after Cleveland had trimmed the Senators' lead to 2-1. Bernie Allen singled and scored on Paul Casanova's two out double to left. Eddie Fisher replaced Cleveland starter Stan Williams and walked Eddie Brinkman before surrendering a two run triple to reliever Darold Knowles.

## White Sox Edge Twins

CHICAGO (UPI)—Bill Voss singled with one out in the ninth—the first hit off Dean Chance—and scored on Dick Kenworthy's two-out single Saturday to lift the Chicago White Sox to a 1-0 victory over the Minnesota Twins and spoil Chance's bid for a no-hitter on his 27th birthday.

Chance pitched 8 1/3 innings of hitless ball before Voss hit a slow grounder to the left of Rich Rollins. Rollins was unable to handle it and Voss was credited with a hit.

# Defending Champ Need Not Qualify

SAN ANTONIO, Tex. (UPI)—Defending champion Don January and runnerup Don Massengale head up a list of 13 Texas PGA member players who will be exempt from qualifying for the 50th PGA Championships at Pecan Valley Country Club July 18-21.

In addition to January and Massengale, the other exempt players are Miller Barber, Gay Brewer, Charles Coody, Ray Floyd, John Lively Jr. and Dudley Wyong in the Northern Section and Tommy Aycock, Harold Blaylock, Jack Burke, Marty Fleckman and Kermit Zarley in the Southern Section.

These 13 are among 88 exempt players in the total entry list of 1,491 PGA members, leaving 1,348 players to shoot for 71 places in qualifying rounds which must be completed by June 27.

HOWARD HOT  
Frank Oliver Howard, the Washington Senator giant, currently leads the American league batting averages with .340.

## Staub, a lefthander batter and a righthander thrower, tops the RBI column, which baseball men consider more important than the batting average column. He has 28 RBIs. This puts him ahead of such established stars as the two Willies — Mays and McCovey.

Howard is rapidly becoming a gate attraction since his spectacular home run production this year. It has always been said that he has tremendous potential and may hit enough home runs this year to get a sizeable increase from the conservative Senator baseball organization next year.

Staub has never been a top home run hitter but he seems to have the knack of hitting when it counts for either a single or a double.

## Fishin' Roundup

By MELVIN CLARK

C. E. Fry, 715 E. Kingsmill, took his son John L. Fry of East Alton, Illinois, to the Harbor Bay area at Lake Meredith last week.

They caught nine walleye one day, and seven the next day. One of these, weighing 15 oz., and measuring 13 inches long had a \$5.00 prize tag on it! His method for catching walleye is to set a soft cushion on the bank, then set out 2 poles with minnows on the other end, put a coffee pot on your right, ice water on your left, and wait for the action.

Bill Sublett, and his son, Mike, 2124 N. Faulkner, tried their luck trolling with a white and black Bomber, which really worked for them. They came home with eight walleye. Four of them were more than 16 inches long, and two were approximately 20 inches.

Mike Flaherty caught his limit of walleye in about 20 minutes using black and yellow jigs.

K. E. Rasco, 1009 Prairie Drive reported the crappie are just getting started good at Cheyenne, Oklahoma, so next week end will probably be wild. The crappie were running a little over one pound each, and biting on small minnows.

On a government lake close to Roll, Oklahoma George L. Palmer of 333 Roberta, caught six good channel cat, approximately 18 inches long. He was using stink bait.

L. V. Hopp, 825 W. Kingsmill, and Irwin Woodward, 725 N. Banks, went to a lake close to Leedy, Oklahoma Memorial Day in spite of the weather. Just before the heavy rain came and the wind that almost blew them away, they caught 3 good bass, and after the storm they caught 4 more which made a total of 7 bass each weighing 2 lbs. and over. Their bait was plastic worms and jigs.

Lake McLellan reported a good week with a lot of bass being caught. Bob Steager Pampa, caught one 2 1/2 lb. bass using a bushwacker lure. Fred Williams, Pampa, using a "Williams Special" (a lure which he made similar to a bushwacker) caught 7 bass with a total weight of 15 1/2 pounds.

A. V. Greenyard, Amarillo, caught two 2 1/2 lb. bass on Hell-benders. S. P. Hall Pampa, caught 7 bass with a total weight of 16 lbs. using H & H spinner. Also using H & H spinner, black and yellow, Johnny McPherson, Pampa, caught one 2 lb. and two 2 1/2 lbs.

R. E. Mitchell, Pampa, caught two 2 lb. bass on minnows, also using minnows. Bob Gardner, Skellytown, caught 14 crappie and one 1 1/2 lb. bass.

# Miss Eva Bryan, Lloyd Harvey Repeat Marriage Vows

MRS. LLOYD EDWARD HARVEY  
... nee Eva Kay Bryan

Miss Eva Kay Bryan repeated nuptial vows with Lloyd Edward Harvey at 8 p.m. Friday in a double-ring ceremony in First Methodist Church, Stanton. Rev. H. H. Hunt of Lubbock, assisted by Rev. Richard Payne of Stanton, officiated for the exchange of vows.

The bride is the daughter of Mr. and Mrs. O. B. Eryan of Stanton. The bridegroom is the son of Mr. and Mrs. L. R. Harvey of Miami.

### BRIDE

Given in marriage by her father, the bride wore a candlelight silk organza dress over peau de soie. Designed with a bateau neckline and trumpet sleeves, her gown extended into an A-line floor-length and was trimmed with alencon lace.

The candlelight silk illusion veil was attached to a headpiece of French organza roses, seed pearls and alencon lace.

She carried a cascade of orchids, pink sweetheart roses, orange blossoms and baby breath.

### ATTENDANTS

Mrs. Jack Witten was matron of honor. Maid of honor was Miss Carolyn Houston and Mrs. Gary Bizzle, bridesmatron. Bridesmaids were Miss Sarah Wells, Miss Sandra Bolerjack and Miss Eddy Ledbetter. All bridal attendants were dressed in formal gowns of petal pink chiffon with wide brimmed pink silk organza hats with organza loops and bows in the back. They carried bouquets of sweetheart roses, baby breath and orange blossoms around votive candle cups.

Junior bridesmaid, Miss Lesa Bess Angel, and flowergirl, Miss Whitney Young, were dressed similarly to other bridal attendants.

Best man was Drew Harvey, the bridegroom's brother. Ushers were Bob Bryan and Tom Ed Angel. Groomsman assisting were E. J. McIlvan, George Young, Ralph Hamm, Gary Mims and Jack Yates.

Other attendants were Jimmy Bryan, junior groomsman; Eryan Thomas Angel, ring bearer, and Eddie Bryan, train bearer.

The couple exchanged vows before votive candle tapers, ropes of greenery and smilax with a lighted cross on the altar.

Organist, Miss Mel Rae Angel, accompanied Mrs. Judy Reager, vocalist as she sang "Entreat Me Not To Leave Thee," and "Wedding Prayer."

The bride's mother was dressed in a yellow silk suit and wore a yellow orchid. The bridegroom's mother chose a turquoise silk dress and a white orchid.

### RECEPTION

For the reception Tommy Sprinkle provided music as Miss Judy Reuter assisted at the punch service. Kay Abraham and Marilyn Newman served cake as Mrs. Richard Steinhauer registered guests. Others assisting with the reception were Sara Jane King, Billie Mullins and Toni Knight.

After a honeymoon to the HemisFair in San Antonio, the couple will live in Miami.

The bride is a 1963 graduate of Stanton High School, and a 1962 graduate of Texas Technological College. The bridegroom is a 1963 graduate of Pampa High School and 1968 Texas Tech graduate.

### PRE-NUPTIAL EVENTS

Pre-nuptial events included a bridal shower May 25, in Mrs. Buddy Cockrell's home, east of city. Assisting hostesses were Mrs. Lee Arrington, C. W. Bowers, Boyd Brown, John Earnley, Dale Prouse, J. W. Philpott and G. M. Walls.

Pink and white carnation corsages were presented to the honoree, Mrs. O. B. Eryan, and Mrs. Lloyd R. Harvey.

The table, set in crystal and silver, was covered with a pink linen cloth and featured an arrangement of pink roses. Mrs. Henry Harnly and Miss Betha Lee Stubbe assisted.

Guests attending were Mrs. Ray Jones, Willis Clark, R. J. Bean, A. W. Skewes, David Holt, A. R. Mayberry, Joe Fischer, George Philpott, and Misses Jeanne and Joyce Fischer. Several others sent gifts.

PLEDGES AND TRANSFEREES — New pledges and transferees accepted recently into Upsilon Chapter, a Ritual of Jewels Chapter of Beta Sigma Phi, were seated, left to right, Mrs. Dale Largent and Mrs. Max Patton, transfers from Nu Phi Mu Chapter; standing left to right, Mrs. Kenneth Howard, Mrs. Darrell Danner, Mrs. Jimmie Carter and Mrs. Charles Wilkerson, pledges, and Mrs. Bill Greer, a transfer from Bartlesville, Okla., chapter.

## Beta Sigma Phi, Upsilon Chapter Honors Members in Ritual Ceremony

Members of Upsilon Chapter, Beta Sigma Phi, sponsored Ritual Ceremonies for new members coming into Upsilon Chapter recently.

The Rituals ceremony was held in the Citizens Bank and Trust Co. Hospitality Room with Mrs. Weldon Carter, president, reading the ceremony rituals.

Mrs. E. D. Kindie reported that Dwight Rogers received the Beta Sigma Phi scholarship this year.

Hostesses for the evening were Mrs. Charles Potter, Mrs. Jack Eubanks and Mrs. E.C. Jenkins. A miniature hand carved Italian cart filled with pink baby roses, matching napkins and nut cups were used for the table.

March, April and May Hostess Committees sponsored a Preferential Tea for pledges and transferees of Upsilon Chapter of Beta Sigma Phi Sorority recently.

Mrs. D. L. Hinkle presented the Nu Phi Mu member, Mrs. Max Patton and three of Upsilon Chapter's pledges, Mrs. Ken Howard, Mrs. Jimmie Carter and Mrs. Darrell Danner with keys and a yellow rose.

Refreshments were served in Mrs. Thelma Bray's garden after the ceremony.

Members attending were Mrs. Mmes. Robert Hadley, Charles Potter, Jack Eubanks, Ken Freeman, Ron Fox, Thelma Bray, Robert Brogden, Jimmie Carter, Jack Eyrd and D. L. Hinkle.

## Miss Gray Weds Donald W. Wills

Miss Patricia Ann Gray and Donald Wallace Wills exchanged marriage vows recently in the home of the bride's parents, Mr. and Mrs. Johnny Gray of Groom.

The Rev. Dermot O'Brien officiated for the double-ring ceremony.

The bridegroom is the son of Mr. and Mrs. R. W. Wills of Groom.

Miss Linda Heath was maid of honor. Best man was Jerry Lane Richard Hargesheimer seated wedding guests.

Given in marriage by her father, the bride was dressed in a wedding gown of white organza with re-embroidered bracelet-length sleeves. Her bouffant veil of illusion was fastened by a jeweled floral coil. Her flowers were white gardenias.

The couple's families attended a small reception after the wedding ceremony.

The bride graduated from Amarillo College and attended Texas Technological College. The bridegroom is a West Texas State University graduate and a member of Kappa Alpha Order.

After a wedding trip to New Mexico, the couple will live in Amarillo.

## Canadian Couple Sets Nuptial Date

CANADIAN (Spl) — Mr. and Mrs. O. B. Wright of Canadian are announcing a June 15 wedding date for their daughter, Miss Sharon Wright, to Johnny Blake O'Neal, son of Mr. and Mrs. Earnest O'Neal of Tulsa, Okla.

Miss Wright graduated from high school here with the class of 1967. She has recently been employed here by the Canadian Millwork, Inc.

Mr. O'Neal is a 1967 graduate of Broken Arrow, Okla., High School. He is employed by a contracting company.

The wedding vows will be exchanged in the United Pentecostal Church at Comanche, Okla.

## Betrothal Slated For Area Couple

CANADIAN (Spl) — Mrs. Tommie Scott of Amarillo is announcing the engagement and approaching marriage of her daughter, Miss Pamela Kay Scott, Canadian, to Dennis Osterson, son of Mrs. LaVerne Welch of Canadian.

The bride-elect is the daughter of C. A. Scott, Jr., of Chester, Mont. Her fiance is the son of Jack Osterson of Corpus Christi.

The couple will be married at Corpus Christi, within the week. They will make their home in Canadian.

## Miss Mary Budd, John Holloway Exchange Nuptial Pledges in Candlelight Ceremony

Miss Mary Kathryn Budd re-alist, as she sang, "Still as the Night," by Bohm, and the "Wedding Prayer," by Dunlap.

Spiral candle trees interwoven with English ivy provided background for the altar and lighted the kneeling rail. The center aisle was lighted by candlelight. Arrangements of white snapdragons and kilian daisies were placed on each side of the altar.

### ATTENDANTS

Mrs. Thomas Green of Houston, sister of the bride, was matron of honor. Maid of honor was Miss Linda Cox of Pampa.

Bridesmaids were Miss Glenda Williams, Amarillo, and Miss Patsy Lou Holloway, sister of the bridegroom, of Pampa.

All bridal attendants were dressed in A-line gowns of azalea pink, featuring an empire bodice with a floating panel as back interest. Tiny azalea pink roses in pink net were their headpieces. Their bouquets were cascades of pink sweetheart roses, baby's breath and English ivy.

Best man was Thomas Thompson, Pampa. Groomsman were Ronald Eddens, Fort Worth; Raymond Nance, Pampa and Wesley Filer, Waco.

Ushers were David and John Budd, brothers of the bride; Patrick Cantrell, James Nanney, John Osborne, Barry Peterson, Keith Swanson, Thomas Veale, and Douglas Berger.

### BRIDE

Given in marriage by her father, the bride was dressed in an A-line gown of peau de soie with a floating overlay of silk organza. The front of her gown featured a high neckline, which dipped to a V in the back. The chapel-length train fell from a rose of organza and lace which adorned the V lines of the back of her dress. The dress and train were appliqued and edged with alencon lace accented with tiny seed pearls.

A miniature version of the rose that held the train was used on the shoulder-length veil of illusion. Her bouquet was white roses and stephanotis intertwined with English ivy.

### RECEPTION

For the reception in the church Fellowship Hall, a white satin cloth covered the serving table which was appointed with pink candles in silver candelabra and a silver punch bowl. The four-tiered cake was marbled with pink and topped with live sweetheart roses.

Misses Nancy Trowbridge and Susan Trowbridge assisted at the punch bowl. Miss Carletta Johnson served cake as Mrs. Preston Cox registered guests. Mrs. Robert La Fon assisted with the reception.

For the honeymoon to Colorado, the bride traveled in a blue and white coat and dress ensemble with white accessories and the roses from her bridal bouquet.

The bride's mother wore a blue chiffon float with ivory accessories. The bridegroom's mother chose a pink silk shift with pink accessories. Both wore an orchid corsage.

The couple plan to live in Lubbock, where the bride is a senior in elementary education at Texas Technological College. She will graduate Aug. 24. The bridegroom has received his B.B.A. degree in finance from Texas Tech and is attending Baylor Law School where he is a member of Delta Theta Phi law fraternity.

### Patterned Stockings Fad To Continue Through Fall

By GAY PAULEY  
UPI Women's Editor

NEW YORK (UPI)—The fad for patterned stockings began three years ago, and any return to neutrals is not yet in sight.

The way the hosiery industry sees the leggy look for fall, patterns and textures go right on, often bigger and bolder than ever. Checks, diamonds and plaids coordinate with informal or "country" casuals in men's wear fabrics or leathers.

A revival of the 1930's fashions brings the return of clock patterns at the ankle, the clocks either woven-in pattern, or has glitter attached. Like rhinestones.

The hostess with the mostest Rudi Gernreich, who takes inspiration from, among other things, the typesetter's manual, all-over horizontal printing of the alphabet in assorted sizes and types, set in black on white.

Another Gernreich design will make the wearer look as if she had on feather underpants. The wearer simply pulls feathered garters over regular panty hose. Schiffli embroidery also

The Panhandle Dietetic Association met for dinner at the Villa Inn in Amarillo recently, as Mrs. D. V. Hayter, president presided in the business meeting.

Mrs. Hayter announced members would help the Lubbock association host the State Meeting in 1970 in Lubbock.

Dr. Joan Coleman, State Coordinator for the Food Service Supervisors Course, reported on the two-day lab session held in Dallas in April.

Mrs. Sue Bodkin of the Dairy Council, a guest, discussed the recent opening of council offices in O'lahoma and Texas. She was in Amarillo to seek applicants for a Home Economist for the Amarillo office of the Dairy Council. This office will include 26 counties of the Panhandle.

Officers were elected for the 1968-69 year. They are Mrs. Curtis Timmons of Amarillo, president; Mrs. Jack Ware of Borger, president-elect, Miss

### Garden Club Has Dinner to Install 8 New Officers

Pampa Garden Club met recently for its annual officers' installation dinner. Floral decorations were done by Justine Sweeney and June Moore. Mrs. Melvin Stephens, president, presided.

Mrs. Thelma Bray reported on the planting of a Red Bud tree south of London Bridge in memory of Mrs. Joe Shelton.

After Mrs. W. R. Campbell read the history of this past year, Mrs. V. N. Osborne presented the Garden Clubber of the Year award to Mrs. C. C. Matheny.

Mrs. Stephens installed officers, Mrs. John Sweeney, president; Mrs. W. Lee Moore, first vice president; Mrs. Myron Dorman, second vice president; Mrs. Bob Miller, treasurer; Mrs. A. J. SWEATER SETS are fashion look-alikes. Rich textures decorate classic pullover and cardigan shapes in easy-to-knit styles. Knitting instructions are available for sizes 12 to 18.

# Sweaters Grew from Couture Push in '26

By JUDY LOVE  
 Lanvin, the famed Paris fashion house, is given credit for introducing the sweater in couture circles in 1926. Schiaparelli's dressmaker sweater and Chanel's simple pullover draped with necklace after necklace

were soon to follow. Not all the classics in sweater design came from Paris, however. The richly patterned fisherman knit sweaters, so popular today, were knit centuries ago in cottages along Ireland's Galway coast.

In the '40s there was a fad for sweaters with cut-outs, much like the holes in Swiss cheese. In fact, the designer of the Swiss cheese sweater said it was created for a customer whose favorite cashmere cardigan had been attacked by moths. The customer could not bear to part with the sweater, so a new fashion was born as the moth holes were expanded into decorative see-through shapes.

At still another time when necessity became the mother of invention, sweater sets were born. The twin set — a pullover and matching cardigan — was originated in England, where women living in chilly houses without central heating considered it a fashion blessing.

The first sweater sets appeared in the '30s and they are still going strong today. Now, they are embellished with textures that are rich to the touch, like the timely patterns on the pullover and cardigan I'm showing you. These two tops add up to easy knitting. Knitting instructions are available for sizes 12 to 18.

## Home Demonstration Club Has Program on Flowers

Mrs. Chester Williams' home, 2332 Williston, was the meeting place for the Merten Home Demonstration Club recently. Mrs. Ed Wylie, president, presided as members read the club prayer.

Mrs. Bob Clements demonstrated making a feathered pink carnation corsage, and said, "flowers are not what they used to be. More artificial flowers which look very real are used often in decorating." She suggested when ordering flowers to order them early and specify exactly what is needed and the amount one can pay.

Displays shown included large frocked poppies in vivid colors which can be used with Scotch broom for greenery in Spanish and colonial type rooms. Others were an arrangement of red roses with maple vine in a brass vase.

Mrs. Clements suggested when cleaning artificial flowers use a vacuum sweeper and brush lightly or dip them in mild suds and rinse.

"Cut flowers should be cut early in the morning and put in warm water to seal. When the water has cooled, arrange them in cold water. For storage, use plastic bags and put them in the refrigerator," she said.

Mrs. Frank Grantham was welcomed as a member. Mrs. V. Smith led recreation. Mrs. Hogan won the corner, and Mrs. Clements the white elephant prize. Members attending were Mmes. Clyde Gray, G. B. Hogan, Irene Humberson, Gilbert McVey, D. A. Rife, V. Smith, E. P. Templin, Ed Wylie, Frank Grantham, T. G. Groves, Bob Clements and Chester Williams.

### Mr., Mrs. O'Dell Feted with Party After Retirement

A reception was held recently in the Citizens Bank and Trust Co., for Mr. and Mrs. Ralph O'Dell, 1109 Mary Ellen. Mr. O'Dell is retiring from Phillips Pet. Co., and the couple is moving to Lebanon, Mo.

The table was decorated with a pink net cloth and pink gladiolas, with a silver punch bowl, nuts and candy dishes. An orchid corsage and boutonniere were presented to the honorees.

Serving at the table were Miss Debbie Evans and Miss Nancy Eloise Evans. Mrs. Ted Mastin Sr., and Mrs. Reva Tomlin were at the registration table for the 124 guests who attended.

Hostesses were Mmes. J.H. Reeves, Vardeman Smith, Rue Hestand, Herman Jarrard, Rena Hahn, P. B. Kratzer, Bill Chatman, Ted Mastin Sr., B. E. Evans, Reva Tomlin, Maude Voyles, Lula Taylor and Helen Chenoweth.

Mr. O'Dell has worked for Phillips 41 years, and the couple lived here 39 of that 41 years. He was a pumper, and is a member of Masonic Lodge and Commandery. A member of the First Baptist Church, he is a worthy patron in the Order of Eastern Star and was a worshipful master in the Blue Lodge. Mrs. O'Dell is a member of O.E.S.

By Abigail Van Buren

DEAR ABBY: I am 16 and am going with a guy who is 18. We plan to get married as soon as I graduate from high school. I have a part-time job after school and on Saturdays, and here is our problem: We don't want to start our married life with nothing, so we started a joint savings account at the bank. My mother found out about it and said it wasn't "right" for us to have a joint account. Why not? My mother says that she believes in saving, but she should have his and I should have mine, and she has never heard of a 16-year-old having a joint savings account with a guy before they get married.

Abby, I don't see what's wrong with it. My mother listens to you, so please put your answer in the paper.

UPSET

DEAR UPSET: I am pleased to learn that your mother listens to me, but since you wrote to me, I hope you will, too. I agree with your mother. Send me your name and address and I'll explain more fully in a personal letter.

DEAR ABBY: What is your opinion of a man, 42, dropping his bride of 10 months off at the hospital to have their first baby, and then driving over to play 18 holes of golf during the event?

On the following week-ends he was also out playing golf when friends drove from distant cities to see the baby. He said having this baby made him the happiest man alive. Sign me... WONDERING IN HOUSTON

DEAR WONDERING: You have a right to be teed off, trapped by a hacker like that. I'd say that your husband's conduct was below par, especially while the baby was being born.

DEAR ABBY: Please help me. I am so depressed. I am 56 years old and have always thought I had average intelligence, but now I am beginning to have my doubts.

For years I have wanted to learn how to drive an automobile, but my husband strongly objected to paying for a driver's course. Well, three years ago I saved up my own money and secretly took a driver's course, but I failed the driving tests three times!

### TO GRADUATE

Miss Ruth Brown, daughter of Mr. and Mrs. Leon Brown, 938 Brunow, graduates from Texas Woman's University today. She will receive her bachelors degree in business. She plans to work at a private camp in Kerrville for the summer and teach business this fall.

A thought for the day: British poet Robert Browning said, "Every joy is gain, and gain is gain, however small."

### Wesleyans Discuss Guild Conference

Wesleyan Service Guild of First Methodist Church met in Miss Ila Pool's home, 1610 Charles, recently for the last meeting until September.

The president, Mrs. O. G. Smith, requested all members to attend the Wesleyan Service Guild Conference at Mt. Sequoyia, Ark. June 14, 15 and 16 and the guild week-end at Ceta Canyon July 13 and 14.

The 19 members attending had a salad supper with Miss Pool in charge of the program.

Mrs. Aubrey Jones conducted the installation of officers for 1968-69. New officers are Mrs. O. G. Smith, president; Miss Ila Pool, vice president; Mrs. Grace Boston, secretary; Mrs. J. M. Turner, treasurer; and Mrs. Lee Harrah, coordinator.

Two guests attending were Mrs. W. H. Burton and Mrs. Harold Wright.

Others attending were Mmes. Don Nensiel, Malcolm Denson, J. C. Payne, Frank Shotwell, Sherman White, L. B. Penick, Dennis Stillwell, Esther Daugherty, and Misses Inez Clubb, Alma Wilson, Alice Gordon and Lillian Mullinax.

Wild flowers were used for table decorations. Mrs. O. G. Smith and Mrs. L. B. Penick assisted Miss Pool with hostess duties.

### Society Discusses Programs for May

Pampa African Violet Society met recently in the home of Mrs. W. A. Green, north of the city. President, Mrs. Charles Glison, presided for the business meeting as members discussed programs for May.

Members served refreshments to the Senior Citizens May 16, and were invited this month to see Mrs. Clyde Martin's violets in Clarendon.

Mrs. V. N. Osborne, program chairman, presented Mrs. Dan Glaxner, whose program was colored slides of the 1968 Tournament of Roses Parade. Wild Flowers of the United States and scenery pictures made by Mrs. Glaxner.

Refreshments were served by hostesses during the social hour. Members attending were Mmes. J. E. Carlson, R. F. Dirksen, V. N. Osborne, Harrison Dismukes, Dan Glaxner, Charles Glison, Holly Gray and Lee Moore.

### Area Couple Set Engagement Plans

CANADIAN — Mr. and Mrs. Ray Morey of Canadian are announcing the engagement and approaching marriage of their daughter, Miss Cindy Morey, to Sgt. Charles Newton, son of Mr. and Mrs. Troy Newton of Canadian.

The bride-elect is a graduate of Canadian High School and attended Stephen F. Austin College at Nacogdoches. She has been employed at the Canadian Lumber Company.

Sgt. Newton has just recently returned from his second tour of duty in Vietnam. He is the recipient of the Air Medal, two bronze stars and three Purple Hearts. At present he is serving with the Green Berets as an instructor at Ft. Devens, Mass.

The wedding will take place later this month in Massachusetts.

### Bride-Elect Has Wedding Shower

CANADIAN (SPL) — Miss Eva Anderson, bride-elect of Tommy Hinkle, was honored with a wedding shower recently in the home of Mrs. Lester H. Hodges. Co-hostesses were Mrs. Jack Williams and Mrs. James Orr.

The serving table was covered with a white cloth with an over-cloth of blue net. The centerpiece was an arrangement of blue and white flowers flanked on either side by blue candles in white holders.

About 35 attended or sent gifts.

### Astrological Forecast

By CARROLL RICHTER

(FOR SUNDAY, JUNE 2)

**GENERAL TENDENCIES:** It is necessary that you distinguish between the real and the unreal, the solid and secure and the flimsy and the frivolous, the spiritual and the temporal, for if you are going to be able to utilize today and tonight to advantage, take some time out to show you are a person who is ethical and moral to your concepts.

**ARIES (Mar. 21 to Apr. 19)** — Although you are intent on pleasure, it is first necessary you handle some important duties, and wisely. Assist those around you to get ahead faster in their particular ambitions. Then be happy, have fun.

**TAURUS (Apr. 20 to May 20)** — Take care not to enter into any altercation that may be brewing or in full action now between a family and a stranger. Finish home chores before you amble out to visit, etc., later on.

**GEMINI (May 21 to June 20)** — Attend services of your choice and get out for dull duties right now and gain the inspiration you need at present. Be most careful on the road or you can have some unfortunate accident. Be alert.

**MOON CHILDREN (June 22 to July 21)** — Stop worrying about that monetary matter so much and do something constructive about it. Then get into some form of recreation you like, but stay within your budget. Take your mate along with you.

**LEO (July 22 to Aug. 21)** — Stop picking on those at home and get out for this and recreation. Entertain that charming person you like so much. This can be a particularly happy day for you. If you extend your visit, be courteous with the others and this can lead to great things.

**TAURUS (Apr. 20 to May 20)** — Show wisdom and care that you are an A-1 citizen, have a good family life, and can handle home affairs very well. Avoid going off on any tangent. This is the time to be very controlled and charming with every one.

**GEMINI (May 21 to June 20)** — Show higher-ups that you are an A-1 citizen, have a good family life, and can handle home affairs very well. Avoid going off on any tangent. This is the time to be very controlled and charming with every one.

**SCORPIO (Oct. 23 to Nov. 21)** — Find out what happens next of you. It is necessary but don't give them the impression that you want to do just the opposite. Forget those new outlets. You still have not taken care of those vital personal affairs. Get a wiggle on.

**SAGITTARIUS (Nov. 22 to Dec. 21)** — Put the brakes on and think clearly now you are best going to handle certain situations that have come up. Be sure you know the facts get the data you need. Then out to some new and very interesting ideal direction.

**CAPRICORN (Dec. 22 to Jan. 20)** — Go ahead and see those people you like and do not be influenced by others who desire that there be a reverence of concepts. Do that work that is necessary before some social affair can be successful. Be friendly with others.

**AQUARIUS (Jan. 21 to Feb. 19)** — Instead of being so personal about some situation with a partner, look at it from the

worldly standpoint. If you slow down a bit, you won't be guilty of breaking any rules. Take care you don't break another's heart.

**PISCES (Feb. 20 to Mar. 20)** — If you get that work done first, you will still have time to put some good idea to work later on. However, take the time to do something very thoughtful for those you love.

**IF YOUR CHILD IS BORN TODAY...** If your child is born today, he or she will be a born mixer and early in life will want to make his or her mark in the business or creative world, and there is a great desire to be famous here. Much desire to delve into the unknown is present, and this could be the secret to the greatest success in this chart. Give a well-rounded education.

**FOR MONDAY, JUNE 3**

**GENERAL TENDENCIES:** Certainly no day or evening to take any chances but you find that by steady application to the duties at hand and by refusing to go off on any tangents whatever, you will be able to turn the potentially adverse aspects of today and tonight to your advantage. Show your very best.

**ARIES (Mar. 21 to Apr. 19)** — Get busy with the duties that are yours and stop trying to shove them off on others' shoulders who are very un-cooperative, anyway. Show others your conscientiousness. Get approval of higher-ups.

**TAURUS (Apr. 20 to May 20)** — Leave important duties behind to have time to relax and then enjoy the wisdom and care that you are an A-1 citizen, have a good family life, and can handle home affairs very well. Avoid going off on any tangent. This is the time to be very controlled and charming with every one.

**GEMINI (May 21 to June 20)** — Show higher-ups that you are an A-1 citizen, have a good family life, and can handle home affairs very well. Avoid going off on any tangent. This is the time to be very controlled and charming with every one.

**SCORPIO (Oct. 23 to Nov. 21)** — Find out what happens next of you. It is necessary but don't give them the impression that you want to do just the opposite. Forget those new outlets. You still have not taken care of those vital personal affairs. Get a wiggle on.

**SAGITTARIUS (Nov. 22 to Dec. 21)** — Put the brakes on and think clearly now you are best going to handle certain situations that have come up. Be sure you know the facts get the data you need. Then out to some new and very interesting ideal direction.

**CAPRICORN (Dec. 22 to Jan. 20)** — Go ahead and see those people you like and do not be influenced by others who desire that there be a reverence of concepts. Do that work that is necessary before some social affair can be successful. Be friendly with others.

**AQUARIUS (Jan. 21 to Feb. 19)** — Instead of being so personal about some situation with a partner, look at it from the

worldly standpoint. If you slow down a bit, you won't be guilty of breaking any rules. Take care you don't break another's heart.

THE NEW SUBDUED LOOK in eye make-up takes practice to perfect, with pink new the important undertone used to enhance the colors applied over it. This girl is using a brush-on eye shadow palette to create the soft, subtle effect necessary for glamor eyes that will highlight the season's fashions.

### Femme Fatales Fashion Subtle Make-Up for Eyes

By HELEN HENNESSY  
NEA Women's Editor

NEW YORK — (NEA) — The "naked face," with all the emphasis on the eyes is out. Lipstick and rouge shades have become deeper and pinker, eye make-up more subtle.

Beauty consultant Carole Young says this gives the face a more balanced look, bringing all the features into play.

Eye make-up, although more subtle, is just as complex and takes just as much time to apply as it did before. Less emphasis doesn't mean less effort. Pink is a shade that should be added to your list of eye cosmetics. A touch of pink deepens the color of the iris and makes the white look whiter, giving a sparkle to the eye.

Blue-eyed girls should smooth on blue cream eye shadow over the entire lid from lash to brow. Add pink to the upper lid only and then apply blue, brush-on eye shadow. Outline the crease with brown brush-on eye liner. Color the lashes with brown longer-lash mascara. Brush the brows carefully and

apply a light or dark brown shade, depending on the natural color of the brows.

The lucky girl with green eyes can achieve a lovely effect with various shades of green. The base should be golden green cream eye shadow over the entire lid. A tiny touch of pink cream eye shadow at the outer edge of the upper lid gives a soft touch. Next comes a dusting of green brush-on eye shadow and brown mascara.

Brown-eyed lasses can achieve a deep velvety look with shadow in various shades of brown, heightened by pink. Dust the lid with toast brush-on shadow and add a light application of pink. Then line the crease with brown cake eye liner. Black mascara goes on the lashes and the brows are shaped and colored with dark brown or black.

Dye make-up can have an enchanting effect but only if it is carefully applied. Always put make-up on slowly. A hasty job gives a splotchy effect that brings on laughs rather than raves.

### Hostesses Sponsor Area Club Meet

GROOM (SPL) — The Nightingale Club met recently in the Hospitality Room at the State National Bank Building with Mrs. Charley Hermesmeyer and Mrs. Kenneth Black as hostesses.

Refreshments were served to three guests, Mrs. Bud Brown, Mrs. Paul Holmer and Mrs. Corrine Wheeler and to members, Mmes. R.A. Britten, Joe Davis, Charley Fields, Ted Friemel, Glynn D. Harrell, Jim Hermesmeyer, Carl Homer, Kenneth Black, Charley Hermesmeyer, Mike Homer, Eldred James, Ernest Lamberson, Bob Milton, H. C. Swank, Stella Wilton, John L. Witt, John Quirk, Lucille West, Velma Evans, Ruby Denton, and Miss Beulah Shockley.

Games of pinocle were played with Mrs. Jim Hermesmeyer winning high score and Mrs. Joe Davis, low score.

### CHOOSE RIGHT SHADE

Foundation sometimes needs an assist from a specially formulated cover-up product, so why not resort to camouflage? A small amount of concealing cream will hide blemishes, scars, age lines, circles and even freckles. Be sure to choose a shade that blends with your foundation color.

WHITE DENIM SLEEVELESS CULOTTES (left) have mandarin collar. They are topped with a full mid-length denim wrap skirt with deep, flapped pockets. These are by Gianni of Originals. White denim cape from Gussie and Becky (right) is lined in broad blue and white stripe denim and tops a pair of denim lederhosens. Frog fastenings are matching blue.

## Denim Bows in as High Fashion

By HELEN HENNISSY  
NEA Women's Editor  
NEW YORK — (NEA) — Denim, the darling of the sportswear world, now takes a giant step forward onto the high fashion stage.

At the Denim Council's recent spring summer preview models came down the runway in a handsome array of round-the-clock fashions.

A formal black gown with a provocative off-the-shoulder asymmetric line featured a floor-length sheath slit to the knee. The slit was accentuated with a denim fabric flower frosted with tiny blue beads.

For dressy daytime wear one ensemble featured a white denim coat lined in black and white print and a sleeveless

princess line dress with print bodice and white skirt. With a nod to the mod, denim also included a two-piece costume that featured a long purple princess line overblouse and paneled skirt in solid purple with purple and white striped godets.

Denim fabric that had been vinylized was shown in several rain costumes. A street-length raincape in red had a matching fitted bonnet rain cap. A rain suit in loden green featured a skirt jacket and wrap skirt, both lined in red and white striped denim and with a red and white striped vest beneath.

Richest looking outerwear fashion was a faded blue denim coat dress with white stitching at cuffs, neckline and pockets.

Tunics, culottes, shorts, pants,

dressy daytime and evening wear—all of it is around for around for those of us who have favored this hardy fabric since we first donned a pair of comfortable cotton blue jeans.

Garza graduated from Texas Law School and was appointed federal judge for the Southern District of Texas in 1961.

# McCarthy, Kennedy Wind Up Primary Campaigns Tuesday

By DE VAN L. SHUMWAY LOS ANGELES (UPI)—Sens. Robert F. Kennedy and Eugene J. McCarthy, two weary challengers, reach the end of the campaign trail Tuesday in California's primary election. The outcome may prove decisive in their quest for the Democratic presidential nomination.

The two Democrats are in a three-way contest with the ghost candidacy of Vice President Hubert H. Humphrey in California's winner-take-all primary. The winner gets 172 of the states 174 votes at the August Democratic National Convention—and the momentum of winning the biggest test of the primary campaign.

A Kennedy or McCarthy loss would, for all practical purposes, eliminate the loser from contention at the Chicago convention—particularly Kennedy, who lost last Tuesday's Oregon primary to McCarthy. Confused Balloting Kennedy and McCarthy are both on the ballot and Humphrey isn't. The vice president's major supporters are gathered in an unpledged slate headed by At-

torney of State Frank Jordan predicts a 67 per cent turnout. Write-in votes are not possible under the primary law because the votes are cast for delegations, not individual candidates. U.S. Sen. Thomas M. Kuchel, a 16-year veteran of the Senate and its assistant Republican leader, faces the toughest challenge of his political career from Dr. Max Rafferty, state superintendent of public instruction, in trying for his third full six-year term.

Former State Controller Alan Cranston, the man Pierre Salinger beat for the Democratic Senate nomination in 1964, is heavily favored to win his party's Senate nod in his second try. His two major challengers are state Sen. Anthony J. Bellenson, Eeverly Hills, and William M. Bennett, San Francisco, a member of the state Public Utilities Commission.

The winner-take-all primary appears to be the clincher in the presidential nomination

# Mehodits Hear Rumbings In Aftermath Of 'Rights' Resolution

By PAUL BRINK United Press International Soul force clashed with law and order among some United Methodists Friday, but the rumbings apparently did not shake the new denomination of 12 million persons.

Several congregations, groups and individuals protested a recent Dallas resolution in which the church affirmed the right of

hopes of Kennedy and McCarthy. For Humphrey, a win won't really be a win nor a loss a loss. He's not on the ballot and Lynch has refused to say publicly who he'd support. At first, the Lynch delegation was a stalking horse for President Johnson. Most of the leaders of Lynch's delegation—including former Gov. Edmund G. Brown and Democratic National Committeeman Eugene L. Wyman—have endorsed Humphrey.

Christians to non-violent civil disobedience of the law in extreme cases. "Civil disobedience leads to anarchy," said a Methodist Mississippi editor. "Who is to say what is extreme?" asked Roy Lawrence in the Mississippi Methodist Advocate.

Law Undermined in Memphis charged the resolution gave "comfort to anyone who wished to break the law and undermine the rule of law."

And a Cincinnati church has passed a resolution by a whopping 325-1 count, rejecting the civil disobedience stand taken at the denomination's recent uniting conference.

**REPATRIATION** BARKING, England (UPI) — Royston Tilbury, 37, who left his wife and eight children four years ago, walked into court today and offered to repay all \$6,480 which the state paid to support his family.

Dr. Charles F. Murphy, pastor of Walnut Hills-Avondale United Methodist Church in Cincinnati said his congregation "does not believe in civil disobedience because it is taking the law into our own hands, and this goes against all Christian teachings."

But the complainers represent a small minority in the 42,144 organized Methodist churches, and one observer said the uniting conference did nothing more than reaffirm a social creed that had been in use a number of years.

Bishop W. McFerrin Stowe of Topeka, Kan., said anyone offering opinion on the resolution should read carefully the complete document as it was approved in Texas. He said the conference "was clear that 'no society can long continue without justice and order, and these cannot exist unless the members of a society adhere to the rule of law.'"

# Television In Review

By RICK DU BROW  
 HOLLYWOOD (UPI)—Television's Emmy Awards have long been an annual fiasco. But the recent telecast of the prize-giving exposed the farce so dreadfully that respect for the awards system is unquestionably at an all-time low.

On both coasts, leading members of the television industry agree the broadcast, and what it revealed, was shameful. Only Hollywood host Frank Sinatra and comedian Don Rickles saved the NBC-TV presentation from being a total debacle.

Rarely has any major television program got such a bad press. In addition to the daily columns, the broadcast and the awards have been subject to rough goings-over in the trade press and the nation's most popular magazine about television, TV Guide.

Variety Comments  
 A bannerline, page one story in the daily Hollywood trade publication, "Variety," dated New York, said:

"Such is the disgust with this year's presentation in certain power pockets at the networks that there is reason to ponder over the fate of the Emmys, and, indeed, of the TV Academy of Arts & Sciences as well."

"Reliable word is that CBS-TV, which is supposed to be the awards host network next year, has distinct reservations about carrying the telecast and has been holding internal meetings on the question."

"Should CBS decline on grounds it wouldn't put on a show it didn't have respect for—it might be the prelude to a total pullout from the TV Academy by CBS. Such a move could well be followed (if not preceded by) the similar exiting of ABC-TV and the news divisions of all three networks. The sentiment against the present awards structure is that strong."

TV Guide noted: "Worst of all by far, the winners of 18 news and documentary awards, all in New York, got dismissed with quick stand-up shots at their dinner tables, if that. Dismayed and disheartened, the TV news contingents could hardly believe what they saw..."

Urges Separate Show  
 "NBC News President William R. McAndrew, 'deeply disappointed and embarrassed' by what happened, said he'd urge the Academy next year to give the news awards a show of their own. ABC's news chief

Elmer) Lower and CBS news boss Dick Salant left no doubt they were determined to avoid a repetition of this put down, even if it means, as one TV newsman suggested, getting the hell out of the Emmys."

Through all of this, one cannot help remembering the wisdom of former CBS news boss Fred Friendly, who had his division boycott the Emmy Awards several years back, and maintained that video journalism should have its prize-giving separate from the absurd system that included situation comedies.

Several years ago also, in another protest against the Emmy nonsense, some daily television columnists formed an annual awards poll called the Critics Consensus. At times this poll, to which this writer contributes, is a bit too exclusive, but the television academy might do well to emulate the comparative simplicity and quality orientation of city of Texas expects 15,300 students in summer classes, registers a hoot about that. Soothing the egos of everybody would be 1,000 more than last year. Classes open June 6.

## Washington Window

By JOHN GOLDSMITH  
 WASHINGTON (UPI)—Republican strategists are preparing to make defense policies a major campaign issue this year and the result could be a revival, in reverse, of the 1960 "missile gap."

Democratic charges of a missile gap figured in the 1960 campaign which elected John F. Kennedy. Now similar GOP charges seek to run the Democrats out.

Soon after Robert S. McNamara moved in as secretary of defense in 1961 he called in Pentagon newsmen to say he had found no missile gap. Now McNamara's policies and decisions are under sharp partisan attack.

The nature of the Republican charges makes it quite clear they are designed to lay the foundation for a full fledged campaign assault by the party's presidential and vice-presidential nominees.

Critical of Defense  
 In recent weeks the Republican Coordinating Committee, headed by former President Dwight D. Eisenhower, has approved and published three separate reports sharply critical of administration defense policies.

The GOP reports were drafted by a special task force loaded with Pentagon alumni, both civilian and military. The task force is headed by two ex-secretaries of defense, Neil H. McElroy, and Thomas S. Gates, Jr., and has, as members, a number of retired members of the Joint Chiefs of Staff, including Gen. Nathan F. Twining, Adm. Arthur W. Radford, Adm. Arleigh A. Burke and Gen. George H. Decker.

The two prestigious panels have fired, in their reports, at what they called a policy of "gradualism" in Vietnam, at Pentagon research and development under the Kennedy and Johnson administrations, and at "patchwork" decision-making in the Pentagon.

Echoes of the missile gap are to be heard in the reports on research and development and Pentagon decision making. The coordinating committee says, for example, that research and development policies which have provided no new weapons systems "threaten to deprive

our nation of the military superiority sufficient to maintain our security."

Claim Over-Management  
 The report on decision making declares that "over-centralization and over-management" coupled with "ad hoc policy deliberations" in the Democratic Pentagon "have weakened our national security position and created increased risks."

The committee's findings, which hold out the promise of a new "missile gap" controversy, also illustrate the problems of campaign strategists trying to set national policy for a major political party in the United States. Coordination, in such efforts, does not come easily.

While the coordinating committee, at the urging of its top brass task force, was preparing to express concern about procurement policies and research and development, the Senate—with GOP help—was cutting the Pentagon's authorized expenditures for procurement and research and development.

## Musical Set Tuesday By Local Church

The Central Baptist Church will present the Youth Choir of First Baptist Church, Ada, Okla. in a Christian folk-musical, "Good News," Tuesday evening at 8 o'clock in the church auditorium.

Written and staged somewhat like a Broadway Musical, "Good News" is the story of Christian young people being challenged by a non-Christian. The contemporary beat, with guitar and piano accompaniment, seeks to capture the attention of the audience and present the Gospel of Christ to modern day hearers.

The public is cordially invited. To attend, church officials said.

## Lake Meredith Festival Slated On June 6-9

BORGER (Sp1)—The fourth annual Lake Meredith Festival, an event that has grown by leaps and bounds since it began as a community fish fry in 1964, will unfold here June 6-9.

This Panhandle Community that bills itself as "The Gateway to Lake Meredith Resort Area" will once again host thousands of visitors from throughout the Panhandle who recognize Lake Meredith, nine miles west of here, as the recreational oasis of the area.

The fifth annual fish fry scheduled at the Aluminum Dome Coliseum here Saturday, June 8 is the highlight of the festival and its oldest event.

The Miss Minnow Pageant is the pre-schoolers' counterpart of the Miss Lake Meredith Pageant. Miss Minnow is a young lady

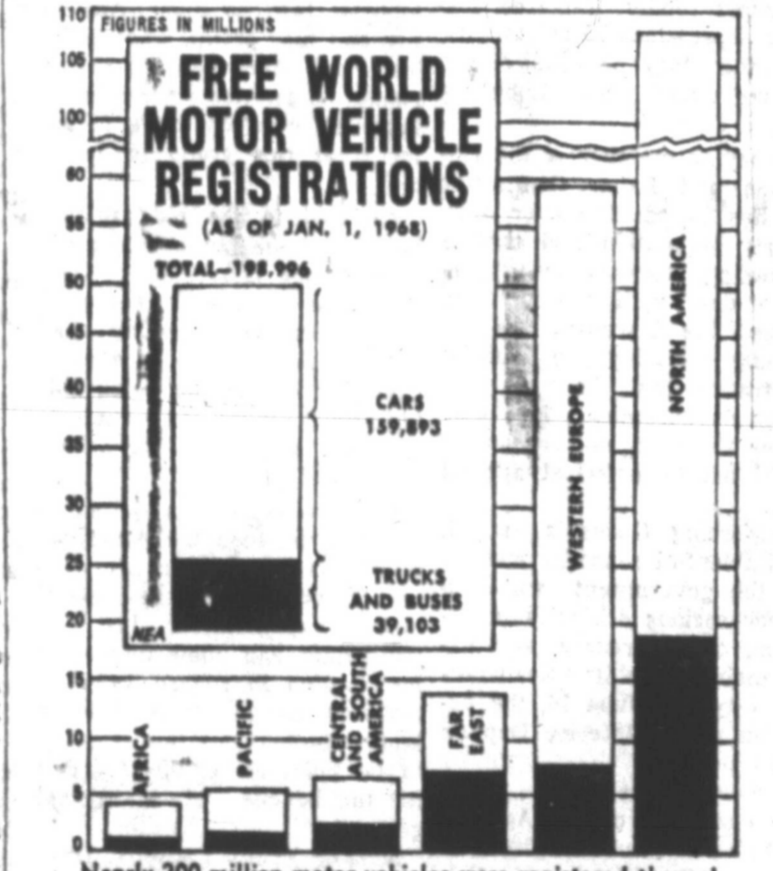

4-7 years of age chosen for poise and beauty from among 50 diminutive contestants. This year's contest is scheduled Thursday, June 6, at the Borger High School auditorium at 7:30 p.m.

Friday's events include an outdoor sports show at the Aluminum Dome Coliseum.

Saturday is the festival's big day—a fishing rodeo for tagged fish worth hundreds of dollars at the stilling basin below Sanford Dam, a dog show at the High school football stadium, the festival fish fry at the dome with 6,000 expected to attend, and the crowning of Miss Lake Meredith from among 13 contestants that evening at the high school auditorium.

The new Miss Lake Meredith will compete in the Miss Texas Pageant later this year.

A water carnival at Lake Meredith Sunday afternoon by the Borger Boat and Ski Club will conclude the festivities. Club members will perform aquatic and aerial acrobatics on water skis with kite soaring equipment.

Nearly 200 million motor vehicles were registered throughout the free world last year, 12.4 million more than in 1966, according to Automobile International's world motor census. The 6.6 per cent net gain is a record high. Chart shows distribution of vehicles with exception of about two million units spread throughout the Near East and Caribbean countries.

## Quotes In News

By United Press International  
 JOHNSON CITY, Tex.—President Johnson, expressing disappointment at a news conference that Hanoi has not reciprocated the U. S. bombing curtailment in Vietnam: "But if Hanoi will take responsive action, we are ready to go far and fast with them, and with others, to reduce the violence and to build a stable peace in Southeast Asia."

Paris—President Charles de Gaulle, in an address rejecting rioters' demands for his resignation: "In the present circumstances, I shall not withdraw. I have a mandate from the people. I shall fulfill it."

BOSTON—Former U.S. Ambassador to Japan Edwin Feischauer, on Washington-Hanoi peace talks in Paris: "The most difficult part of the peace negotiations will be about the future of South Vietnam itself. And this must be primarily between the Saigon government and the Viet Cong—the people who live in South Vietnam—with Hanoi and our-

MOSCOW (UPI)—The Soviet Union Thursday launched a new unmanned spacecraft in the Cosmos series, the Soviet news agency Tass announced today. Tass said the instruments on Cosmos 222 were functioning normally and it was carrying out its program. The last Cosmos launching was May 14.

Excess Sun Can Age Your Skin

The American Medical Association published a report in their journal, which stated that "There is indisputable evidence that continued exposure to the sun weathers and ages the skin. . . The connective tissues of the skin undergoes degenerative changes. . . Some of these changes are pre-malignant, the end results of which can be skin cancer. . . complete immunity to the effects of the sun is non-existent."

Gently apply a good suntan preparation, to screen out the dangerous ultra-violet rays. Do not forcibly rub this protection into the skin. After sun exposure, rub into the skin a good nourishing cream to replace some of the natural oil burnt out by the sun. Let us help you select a good product.

# French Film Director Says Paris Now Outranked By L.A.

By VERNON SCOTT

UPI Hollywood Correspondent  
HOLLYWOOD (UPI) — The possibility of a French nouvelle film director falling in love with Los Angeles is as posterous as a bird of paradise snuggling up to a moth.

Such an amour of wildly different genres just doesn't happen.

But, alas, such is the case with Jacques Demy—the distinguished director of "The Umbrellas of Cherbourg"—who is enamored of the City of Angels.

Demy is a small man physically. At 36 his hair is gray. He has large, watchful eyes and a Gallic accent which charms the ladies.

The Frenchman arrived here last October to write the screenplay and get the feel of Los Angeles for "The Model Shop," the film he will direct for Columbia Pictures. While awaiting the city Demy unexpectedly fell for gaudy old Los Angeles.

"The point of my picture is to capture the city as it is. And Los Angeles is a baroque place."

"But I love baroque," he hastened to say. "It is like Louis XV which is a beautiful baroque. On the other hand I've met many Americans who don't like Los Angeles. This I cannot comprehend. I drive around all day amazed by the colors, proportions and contrasts. It is unique among all the cities of the world."

Yeah, well, what's so unique? Hails Freedom

"First of all is the freedom. Anyone can do anything he wants."

That's good?

"Of course. Your underground papers would be banned in France. And your photo parlors where you can take pictures of nude girls. No place else in the world offers such things."

Have you ever been to Paris? Place Pigalle?

"Oh, yes. But that's different. They don't take pictures there. Demy refused to admit recent movies by Nouvelle Vague directors have bombed in this country. He says Trauffaut, Rene, Godard, Resnais, Chabrol and Malle are still going strong."

## Autograph Party For Area Author Set For Amarillo

AMARILLO—Tom Horn, a native of Amarillo whose parents own an agriculture operation near White Deer will be available here for an autograph party next Thursday at Brown's House of Books, 115 W. 7th, from 7 to 9 p.m.

Horn wrote the novel, "The Shallow Grass," acclaimed across the nation for its forceful style and authorship.

The story is about a 400-section ranch in the Texas Panhandle and covers the time from the open range days to the oil boom and after to the death of the last male of the Parker clan in Korea.

"We are very realistic with our film making," he explained. "We do not rely on symbolism or try to make the audience guess what we are trying to say."

# Will The Flick 'Candy' Titillate Like The Book?

By VERNON SCOTT

UPI Hollywood Correspondent  
HOLLYWOOD (UPI) — "Candy," like the Kinsey report, once was considered too raw a product for movies. But all that has changed.

So far as is known, no studio has purchased screen rights to the late Dr. Kinsey's tome on sex, but Terry Southern's "Candy" has just been completed.

It stars newcomer Ewa Aklon and sad-faced John Astin, late of television's "Addams Family" series and the unlamented "Tom Dickens, He's Fenster" show.

Astin's problem is that he has been overshadowed by cameo appearances in the film by Marlon Brando, Ringo Starr, Richard Burton and Walter Matthau, among others. In the cast's group portrait all that is seen of Astin is his hand—resting on Ewa's knee.

The famous supporting cast is prominently pictured.

But is Astin who plays the double role of Candy's father and uncle, two of fiction's genuine madmen.

Astin was asked how in the name of hedonism was "Candy" filmed.

"With a camera," he said. He was roundly reprimanded for being a smart aleck and promised to do better.

"I can say the picture is not a cop-out," he continued. "It carries out the spirit of the book and will let audiences draw their own conclusions."

But "Candy" is a classically dirty book.

"I know, I know. But it is done with style, humor and a little nudity."

Does that mean the producers have cleaned it up?

"I don't know. I don't know. I haven't seen it yet." Astin said this with a leer that twisted his mustache into an exclamation mark.

A thought for the day: Roman playwright Terence said, "Nothing is so difficult but that it may be found out by seeking."

## White Deer Graduate Is Designer Of South Carolina Historical Drama

Robert Allen Heaton, a graduate of White Deer High School, has been signed to design the light effects for South Carolina's first outdoor historical drama and the nation's newest outdoor drama.

Called "The Liberty Tree," the new play will open June 27 at a new amphitheater near Columbia S. C. Performances will be staged for 10 weeks this summer in the new \$200,000 amphitheater.

"The Liberty Tree" was written by Kermit Hunter, dean of the school of art at Southern Methodist University.

Heaton has worked the summer stock circuit and has been assistant technical director for Yale University and assistant to the designer at the University of Texas. In 1966, Heaton designed the lights for the production of the opera "Faust," for the New Haven (Conn.) Opera Society.

## City with a Future

"There is real poetry here," said just before shooting began on the picture, "Los Angeles is the future; Paris is the past."

No one, especially Los Angeles residents, could be more surprised.

"I mean it," said Demy. "This is the most unusual place in the world. It's weird, fascinating, wild."

Now just a damn minute, Demy!

"Don't misunderstand me," he added quickly. "Because I have a European point of view, which is different from Americans. I see things altogether differently."

## It's Plain Movie Making Reigns in Almeria, France

By JOAN CROSBY

NEA Entertainment Editor  
ALMERIA, Spain — (NEA)—The elevator doors opened and a bearded man in cowboy clothes, guns slung low on his hips, hands at the ready, strode into the lobby of the Gran Hotel with a High Noon showdown menace to his walk. He belted up to the bar—and ordered cafe latte.

Things are not always as they seem in Almeria. The cowboy was part of an Italian film company shooting a Western here with Americans Brian Kelly and Keenan Wynn starring. There is an American company here, with another one due shortly, two Yugoslav companies and a French company which didn't quite complete the picture when it ran out of money. Word in town is the producer left his girl friend, his dog and six reels of the film behind as security until he could raise more cash.

All this activity has given Almeria the title, "Hollywood of the Continent." However, Michael Caine, here filming "Play Dirty," for producer Harry Saltzman, says, "I think of it more as the Death Valley of the continent."

A wealth of natural scenery and good weather have combined to bring a lot of money into a less-than-prosperous city. "You can find everything you want here in the
