NEW BOSS LION — Lion E. E. "Pinky" Shultz, left, incoming president of the Pampa Noon Lions Club, is shown here being welcomed to the office by outgoing president Jim Morris. Morris was awarded the plaque seen in the background for his service as president of the club for the last year. (See story, page three.)

In Discussing 'Plan' For Pampa

Continued Growth For City Seen By Advisor

Pampa can look forward to another 10,000 persons living in the city during the next 15 to 20 years, bringing the total population to about 35,000.

This was the projection made by Marvin Springer, Dallas consultant engineer on city planning, at a meeting of the city commission and invited guests last night.

The meeting was the first of a series held to discuss a new Comprehensive Plan for the city. Springer and his firm were hired by the city in April of 1967 to draw up the plan and make projections on the growth and development of the city.

Most of the meeting last night centered on the population and economic growth of the city. Springer said Pampa has been confronted with a slower rate of growth in the last several years. He projected the city can look forward to a slow but steady rate of growth.

With births being more than

Monthly CoC Meet Set Monday

The June Membership Luncheon of The Pampa Chamber of Commerce will be held Monday noon in The Starlight Room of The Coronado Inn.

The program will be presented by John Fritsch, general manager for the Cleaness Corporation of America. Fritsch, local manager of the Pampa plant, will tell the Cleaness Story complete with pictures and information.

Celanese came to Pampa in 1951 and has enjoyed a continuous expansion since that time, adding materially to the economy of this area.

Reservations are now being made at the chamber office and will be accepted until 10 a.m. Monday. More than one hundred fifty people are expected to be in attendance.

Special entertainment features and a door prize from Montgomery Ward will round out the program.

First Day Of Summer Arrives

Roll up your shirt sleeves, men. Get out your cotton dresses, ladies.

Today is the first day of summer and old man weather greeted the citizens of Pampa with a typical summer day — the temperature was expected to be near 90, little wind and a fairly clear sky.

deaths and with new families moving in. Springer feels Pampa will increase by about 10,000 persons in the next 15 to 20 years.

He noted there has been a

Coast Guard Searches For Sailboat

By CHARLES E. TAYLOR
PALM BEACH, Fla. (UPI)—

The Coast Guard launched a search today for Hugo Vihlen, whose tiny ocean-crossing sailboat may be drifting aimlessly up the Florida coast in the grip of the Gulfstream.

The Coast Guard began the formal search for the 36-year-old airline pilot at the request of his parents, Mr. and Mrs. Edward Vihlen.

"They got worried when no one could find him last night and asked us to launch a formal search," a Coast Guard spokesman said.

The Coast Guard sent an amphibious airplane, a helicopter and the 95-foot cutter Shoalwater into the Gulfstream to search an area from north Miami Beach to west Palm Beach and about 45 miles seaward.

"We set up the search on the premise that he is basically doing nothing but drifting northward in the Gulfstream," the Coast Guard spokesman said.

Asked if the Coast Guard would take Vihlen and his six-foot sailboat April Fool in tow and spoil his Atlantic-crossing record against Vihlen's wishes, the Coast Guard said:

"We'll have to wait until we find him and assess the situation before making that decision."

Vihlen is fighting two unfavorable conditions in his attempt to climax the 4,100 mile voyage across the Atlantic.

First, the winds off the South Florida coast are from the west, which is blowing Vihlen out to sea. His boat does not tack well into the wind and was designed primarily to run with the wind.

Secondly, he is apparently trapped in the Gulfstream and unable to break free from the stream's northward flowing current.

Vihlen popped up suddenly late Thursday only six miles off Miami Beach. He left his cramped sea home after 83 days to borrow a yacht's marine telephone to call his wife.

slackening of the birth rate since 1958. This holds true for the entire nation, he added, and is not confined to Pampa alone.

The rate of birth is about half of what it was ten years ago. "The slower rate of growth is not by any means adverse," Springer said.

Springer provided several tables showing the employment, paid salaries and population increase of the city since 1960.

Employment of the city has fallen off by 1,000 since 1960. In that year the reported employment figures showed 7,378 persons working in the city. In 1967 the figures showed only 6,378.

During that time, however, the salaries paid during the first quarter of each year has increased since 1960. Total salaries reported for tax purposes was \$9,058,000 in the first quarter of that year. For the same period last year, salaries totaled \$9,432,000.

This reflects that although employment has fallen off, income has risen, Springer explained.

Springer reported the surveys by his firm have shown many families moving into Pampa are "a higher level of persons." He said they have a higher level of intelligence and a higher income.

Discussing the salary gain in (See GROWTH, Page 3)

BULLETIN

Viet Cong Rockets Hit Saigon Again

By JACK WALSH
SAIGON (UPI)—The Viet Cong today hit Saigon with the heaviest terror shelling in nine days. Guerrilla bands including a company of 60 women in uniform attacked outlying villages and military posts.

A rain of 122mm and 107mm rockets slammed into Saigon residential areas, killing six persons including three refugee children and wounded 20 other persons. The barrage—bloodiest since June 12—also hit Tan Son Nhut Airbase but did little damage to the military field.

North of Saigon, in Lam Dong province, U.S. spokesmen said a Viet Cong battalion including the women wearing jungle fatigues seized the village of Bao Luc temporarily. They said the male and female guerrillas warned the villagers against aiding anti-Communist forces and then faded back into the jungle.

Guerrillas Hit Bridge
In next door Long Khanh province, 50 miles northeast of Saigon, government spokesmen said Viet Cong bands swarmed at about 200 militiamen guard-

ing a bridge on highway 20, a major supply route. The Reds mined the bridge and inflicted (See ROCKETS, Page 3)

Warning Against Speeding Given

Police Chief Jim Conner today issued a warning against speeders on the city thoroughfares, particularly on Duncan and Somerville Sts.

He said it has been necessary to place radar units in action on these streets to reduce the hazards of speeders. He has been receiving a number of complaints about speeding.

"We would appreciate it if drivers would comply with the speed laws on these streets," he said, "to help reduce the number of accidents."

The speed limit on Duncan and Somerville is 30 miles per hour.

Radar units have been operating in the city for several months, Chief Conner said. For the past few days they have been concentrated on the thoroughfares.

TOP QUARTER HORSE — This outstanding quarterhorse, Mico Gold, owned by the Howell Ranch of Seagrave, is typical of the fine quality horses due to be shown here tomorrow when an official American Quarter Horse Show will take place in the main arena of the Top O' Texas rodeo grounds at Recreation Park. The show will get underway with judging at 9 a.m.

Fortas Is Seen As Possible Successor

By CHARLOTTE G. MOULTON
WASHINGTON (UPI) — Earl Warren, 77, has submitted his resignation as chief justice of the United States. Knowledgeable sources told United Press International today that Warren, who has presided during one of the most liberal and controversial periods in Supreme Court history, sent a letter of resignation to President Johnson about the time the court completed its 1967-68 terms on Monday.

The White House had no immediate comment. Warren's office said the chief justice does not comment on such matters.

Among those mentioned as possible successors to Warren was Associate Justice Abe Fortas, a longtime confidant of the chief executive who has continued that relationship since Johnson appointed him to the court last year.

It was not learned whether Warren specified a date on which he wanted to step down from the nation's highest judicial post, to which President Dwight D. Eisenhower appointed him Oct. 1, 1953.

In his 15 terms as chief justice, Warren has presided over a court that has handed down decisions that have drastically altered the nation's approach to school segregation, the rural-city ratio in state legislatures, religious practices such as prayer in public schools and the rights of individuals arrested by the police.

He himself wrote the famed school desegregation decision in 1954 which declared that separate school facilities for Negroes and whites were unconstitutional.

Some friends of the chief justice believe one factor in the timing of Warren's move was his desire to maintain the present liberal complexion of the court.

By stepping down now, he would enable Johnson to fill the vacancy. If he waited, the question of a successor would be up to the new president to be chosen in November. These friends thought Warren had in mind the possibility that the new president might be former Vice President Richard M. Nixon, toward whom Warren has been cool for many years.

The chief justice also was said to feel that he was at the peak of his career and that he had served long enough in the high post.

Johnson bolstered the court's liberal bloc last year when he replaced retiring Justice Tom C. Clark with Solicitor General Thurgood Marshall, the first Negro to be named to the court.

The liberal group headed by Warren usually has included Fortas, William O. Douglas, William J. Brennan Jr., Marshall and Hugo L. Black.

But in recent years, Black has voted in several cases with the conservative wing composed of Justices John M. Harlan, Potter Stewart, Byron R. White, Marshall's selection gave the (See JUSTICE, Page 3)

Class Of '48 To Have Reunion Here Saturday

Pampa High School's Class of 1948 will celebrate its 20th year reunion with a coffee and picnic Saturday. The coffee and "reminiscence" period is set for 9:30 a.m. to 11:30 a.m. in the Coronado Inn Pampa Club. The picnic starts at 2 p.m. in the Russell Street section of Central Park.

Classmates and friends of the class who attend the picnic were asked to take a sack lunch. Soft drinks will be sold in the park.

The 1948 Class plans for this reunion started more than a year ago, when one of its graduates, Mrs. Martha Maguire Thomas, daughter of Mr. and Mrs. Haskell Maguire, 2506 Mary Ellen, became "home sick" and started writing letters to ex-classmates. Mrs. Maguire, a resident of Buena Park, Calif., has located classmates in about 15 states. Several still live in Texas.

Nine members of the class are deceased. Several teachers are expected to attend the reunion, including Miss Madge Rusk, history teacher, Mrs. Leslie Hart, home economics teacher, and Jack Edmondson, former school superintendent here. Edmondson returned his registration card with "warden of P.H.S." added to his signature. He was assistant principal of Pampa High School in 1948, according to Mrs. Charles Duenkel, a 1948 class member and resident of 321 N. Frost.

Invitations were sent to about 180 class members. Hostesses for the coffee are Mrs. Jim Campbell (Billie Ann Moseley); Ray Duncan (Hilda Burden); Joe Dicosimo (Ann McNamara); Keith Davis (Jolynn Jones); C. L. Nicholson (Wadean Thomas); Buddy Price (Ira Ruth Taylor); Gary Cooper (Betty Jean Prigmore); Bill Adair (Mary Kretzmeier); Ed Brainerd (Lillith Martin); and Charles Duenkel (Mary Lou Mazy), all of the Pampa area.

Tim Duke Gets 2nd
Tim Duke, son of Rev. and Mrs. J.W. Duke, 121 N. Starkweather, won second place in the oratorical contest during the 50th annual Optimist Club International convention at Louisville, Ky.

One of five finalists, Duke received a \$1,000 scholarship and a wristwatch. He is a Pampa High School Junior.

Gianni Aubrey of California won first place in the speech event.

State Sales Tax Increase Is Expected

By DAVID ANDERSON
AUSTIN, Tex. (UPI) — The legislature today appeared headed toward passage of a 1-cent sales tax increase and an early adjournment.

The House Thursday turned its back on Gov. John Connally's tax proposals and instead voted a general sales tax increase. Connally, who never made a vigorous attempt to pass his own tax bill, said he had no objection to the House action.

The House voted 91-56 to raise the state sales tax and the special motor vehicle sales tax from 3 to 3 1/2 per cent, effective Jan. 1, without changing the city sales tax. That would make the total sales tax levy 4 cents on the dollar where the city-sales tax is in effect and 3 cents elsewhere.

The \$124 million tax bill went to the Senate, where a vote is expected next week. Lt. Gov. Preston Smith said the sales tax increase has more support in the upper chamber than Connally's bill would have had.

Smith said he sees no reason now why the legislature can't adjourn by July 3, the end of its 30-day special session. "I think we can finish now unless we run into something we have not anticipated," Smith said.

The Senate vote on liquor by the drink, expected next week, "could go either way," Smith said.

The liquor bill, already passed by the House, was complicated slightly in a Senate committee Thursday when Sen. Jim Bates of Edinburg insisted upon coupling it with his bill to close down private clubs in dry areas.

Bates insisted that his bill be sent to the Senate floor next week along with the liquor bill, and he got his way.

The difference between that \$140 million deficit and the \$124 million would be made up in the liquor bill, estimated at \$17 million a year.

Connally's tax proposals received no real consideration in the House.

Rep. Ben Atwell of Dallas, sponsor of Connally's bill, gave it a cursory and noncommittal explanation, then Rep. R. H. Cory of Victoria offered his general sales tax increase as a complete substitute for Connally's bill.

The vote to substitute Cory's bill was not recorded, but it was overwhelming.

A proposal by Rep. Carl A. Park of Port Arthur to levy a corporate income tax was defeated 109-37 and a proposal by Rep. Don Gladden of Fort Worth for a personal and corporate income tax lost 130-13.

Connally's tax proposals received no real consideration in the House.

Rep. Ben Atwell of Dallas, sponsor of Connally's bill, gave it a cursory and noncommittal explanation, then Rep. R. H. Cory of Victoria offered his general sales tax increase as a complete substitute for Connally's bill.

The vote to substitute Cory's bill was not recorded, but it was overwhelming.

Washington Window

By STEVEN GERSTEL

WASHINGTON (UPI)—The Senate Ethics Committee is trapped in a very delicate political quandary. The committee could hold the key to the Missouri senate race and the political fortunes of four men.

For more than a year, these six-man panel which judges its peers has had before it charges that Sen. Edward V. Long used a congressional committee to help jailed teamsters boss Jimmy Hoffa.

After a preliminary examination of the allegations, the committee decided last October that it could find no evidence of wrongdoing on the part of the portly Democrat from Missouri.

Then Life magazine—which made the original charge—ran an article containing new allegations and accused the committee of whitewashing Long.

Subsequently, Committee Chairman John C. Stennis, D-Miss., announced that further examination of the allegations was forthcoming. There the matter rests, now seven months later.

Members of the committee privately acknowledge that one of their concerns in dealing with the Long matter is the fact that he is running, running hard, for re-election.

Long faces a difficult primary test in August. He is challenged by Lt. Gov. Thomas F. Eagleton, a young and attractive campaigner, and by True Davis, a former diplomat. The winner takes on the Republican standard-bearer, Thomas B. Curtis, a veteran member of the House.

By action or inaction, the Ethics Committee could have a bearing on the primary or the election if Long subdues his two Democratic challengers.

If the committee does nothing definite before the primary—which is most likely—the Missouri voters have to go to the polls unsure about the charges against Long.

All they would know is that Life magazine made the charges, Long heatedly denied them, and the committee is examining the allegations.

Television In Review

By RICK DU BROW

HOLLYWOOD (UPI)—This has been something of a historic year in television because it has shown that the unrelenting force of public opinion can bring significant changes to the home screen.

I don't mean such trivial matters as whether angry letters from viewers can keep a piece of entertainment fluff on the air. Regardless of what networks say about such alleged viewer influence in regard to entertainment series, the fact is that letters have almost no impact whatever.

I am talking, rather, about the influence of unrelenting and powerful public pressure in such areas as antismoking commercials, programs that deal with the race problem and changes of attitude toward violent "entertainment."

Note Viewers' Impact

If the viewer gets cynical about his lack of effect on what weekly series stay on or go off, he should note with care that he has—and can have—impact in

Wall Street Chatter

NEW YORK (UPI)—Graham Loving & Co. says it foresees no major market decline in the near future but does expect a "change in leadership" accompanied by new highs in the major averages. The analyst says the next upward move probably will be at a slower and narrower pace than the most recent one.

Spear & Staff Inc. notes that pension funds, insurance companies and others have become "much more aggressive" in their stock investing approach. The investment adviser says that in addition to the temptation of the "supergrowth" issues, these groups are being lured by the "mouth-watering" stories of success and wizardry of some performance fund managers.

The Alexander Hamilton Institute says the "speculative froth" on the market is a "serious cause for alarm, noting that many obscure issues are rising rapidly out of all proportion to their fundamental value. The company says uninformed investors making heavy purchases are likely to be the "bitter...stuckholders" of tomorrow and adds the time-worn advice: "investigate—then invest."

The Vice Presidency

By DICK WEST

WASHINGTON (UPI)—There seems to be a good possibility that Hubert Humphrey and Richard Nixon will be the Democratic and Republican presidential candidates this year.

If so, we will be witnessing a typical American success story—a thrilling triumph over adversity that should give new hope to the inhabitants of Resurrection City.

For Humphrey is the vice president and Nixon once held that office. If they can overcome such a handicap, it means the poor, the oppressed and the downtrodden everywhere have a chance.

Overcoming poverty and/or racial discrimination should be fairly easy compared to overcoming the vice presidency. It is true that two of our last four presidents first served as vice presidents. But both originally reached the White House by reason of the deaths of their predecessors.

Road to Oblivion

With a few exceptions that prove neither the rule nor anything else, the vice presidency has traditionally been used as a stepping stone to oblivion.

Nixon, of course, won the GOP nomination once before, but his subsequent defeat in the general election was a severe

Motor Inn To Open New Store

Motor Inn Auto Supply, Inc. will open its tenth store on July First at 713 E. 10th in Amarillo, according to Crawford Atkinson, president of the wholesale automotive parts firm.

Jim Adcock will be manager of the new store which will employ five people. Don Sauls will be the outside salesman, a position he also serves for the other Motor Inn store at 2803 W. 26th in Amarillo.

This new store brings to 65 the number of Motor Inn employees in the total organization. Other store locations are in Borger, Dumas, Groom, McLean, Pampa, Panhandle, Perryton, and Sunray.

A new national respect for the rights of vice presidents also is showing up in other ways.

For instance, the national conventions are some weeks away but already political pundits are speculating as to who the vice presidential nominees will be.

What is more, they are doing it with straight faces.

This contrasts sharply with many previous conventions where the vice presidential

letting television know forcefully his feelings toward social developments.

For television, almost without exception, is a medium that follows rather than leads—chiefly because of its desire to appeal to the mass audience, and the caution required in such an approach to business.

And the public has learned time and again that it can count on hardly anyone in influential positions to fight its video battles. Congress is of little help—too many congressmen are afraid to offend television, and some have broadcasting interests. The Federal Communications Commission, despite an occasional outspoken member, has its paths blocked in too many ways.

And so the public, aided by the inevitability of history, and rallying around issues that seem certain to require action, is learning to fight its own battles, even if accidentally so. It hardly seems planned. There is a fine irony of inevitable moral direction in all this because, after all, the airwaves belong, under the law, to the public.

New Trends

Anticigarette commercials, once buried so that hardly anyone could see them, now are prominent—and often excellent. The racial matter suddenly is being dealt with in major documentary series, and is having effect on entertainment too. And the current feeling against overdone violence in escapist programming seems to be having an effect. All three networks have pledged cooperation with President Johnson's commission on violence.

Wednesday, for instance, NBC-TV offered several changes worthy of mention. In the past, it said it approved violence in shows only when justified. In the future, it says it will allow it just in cases when it is essential. Furthermore, it has banned violence in trailers and teasers for coming shows.

There is a question public influence is largely responsible for the current furor. Television could have acted after the assassination of President John F. Kennedy. It could have acted after the slaying of Martin Luther King. It is finally acting after the killing of Sen. Robert F. Kennedy because the public won't put up with waiting any longer.

Growth

Classified Ads get fast results, relation to employment, Springer explained the gain would probably level off when compared with buying power. Incomes are still higher, however, though the buying power is slightly less than it was about ten years ago, Springer added.

County Judge S. R. Lenning Jr. questioned Springer about the effect of Shell and Texaco petroleum companies moving their head-quarters from the area. Springer said the moves would have some effect on the city, but the petroleum industry would still remain in the city.

Springer said the industry would probably not add much to the growth of the city. It would still have a sustaining effect on the city, he explained, since a lot of the field workers and similar employes would remain.

Judge Lenning also asked Springer if he had "the facts to show how many young people are going to stay (in Pampa)?" Springer replied he did not, since it was hard to make such a projection. He explained there is a trend for the younger people to move to the larger, major cities. He feels the trend will slacken off, however.

During the hour-long meeting Springer discussed slightly the zoning ordinance of Pampa. He said at present the corporate areas of the city are mainly confined to the developed area of the city.

Springer said the city commission should have a public hearing on the zoning ordinance and projected revisions. "This is absolutely one of the most constructive aspects" of the preparation of the Comprehensive Plan, he said. The hearing would give the people knowledge of what is being considered and would give them a chance to voice their opinions.

Springer said such a hearing has "worked very well" in other cities. Further details and information on zoning ordinances and revisions will be given at the next meeting, tentatively scheduled for July 18.

Springer said several meetings of an hour to an hour and a half would be necessary to discuss the zoning regulations in sufficient depth.

The city has entered into a contract to pay Springer and his firm \$33,500 for the complete Master Plan survey. The setup should be ready for a public hearing by Labor Day this year and be in the complete stage of development by March or April of 1969.

Bill Included

West Projects

The Public Works fund bill passed by the House Wednesday included \$892,000 for continuation of water import studies for West Texas and Eastern New Mexico, according to Panhandle Congressman Bob Price.

The fiscal 1969 appropriations allowed the Corps of Engineers \$425,000 for their investigation and \$467,000 to the Bureau of Reclamation, Price said.

The Reclamation Bureau recently issued a preliminary report on their study of the feasibility of importing huge amounts of water from the Mississippi River.

Commissioner of Reclamation Floyd E. Dominy emphasized that any import plans that may result from the investigations must carefully respect the rights of the many states whose interests would be involved.

"The preliminary studies reveal that the High Plains region will need to import 16.5 million acre-feet of water a year in order to meet its agricultural and municipal and industrial requirements by the year 2020," Commissioner Dominy said.

"This is no small matter, and before any plans are developed for diverting any such quantities from the lower Mississippi River system, we intend to be sure that only water in excess of the foreseeable needs of any states involved can be considered surplus and available for possible importation into High Plains."

The Progress Report found that there is no question but that water will be available in the Mississippi River for export during some periods of most years, but determination of the amounts and times when water can be exported will require exhaustive studies to establish future needs in the valley states.

There was also \$30,000 budgeted for Arkansas-Red River salt control which includes forks of the Red River in Childress, Hal Collingsworth and Donley counties, Price added.

Thefts Are Reported

Several minor thefts were reported to the Pampa Police Department this morning with less than a total of \$20 taken.

Betty Brown, 409 1/2 Gray, reported that her purse and its contents were taken from a couch by the front door yesterday between 11:30 p.m. yesterday and 6:30 this morning.

The person or persons entered through the unlocked door. The purse was valued at \$5. It contained \$9 cash and her identification cards and other belongings.

A person or persons used a pry bar of some sort, according to the police report, to pry up the lid of the vacuum machine at the Boom-A-Around Car Wash, 1405 W. Alcock.

A wrench was used to remove the nuts holding the coin box to the lid. The coin box and approximately \$3 to \$4 in coins were taken sometime between 9 p.m. yesterday and 6:15 a.m. today.

Tommy Roberts reported a billfold, \$6.75 in cash and three keys taken from a locker at the Pampa Youth and Community Center. The billfold without its contents was found later.

Justice

(Continued From Page 1) Warren group a majority, regardless of which way Black went.

Warren's relations with Nixon have amounted to a feud. There was a point when the two were not on speaking terms, according to friends of the chief justice.

Although the California delegation was pledged to Warren, Nixon had a poll of state Republicans conducted showing strong support for Eisenhower. Warren backers labeled the Nixon moves as a "stab in the back" for Warren.

Evening Lions

Install Officers In Awards Banquet

New officers were installed and awards presented at the Pampa Evening Lions Club Ladies Night Banquet on June 13, in Furr's Cafeteria. Guests were welcomed by the president, Wm. Bennick and Membership Key awards were given to Lions, Ted Mastin, Floyd Sackett, and Ed Wiens, for each being responsible for two new members for the club.

A 100 per cent Eye-Bank award was presented to the club by Lion Gene Lewis and the 10-year Crippled Children 100 per cent membership plaque was presented by Lion John Locke.

The \$500 Scholarships were given to Jennifer Cunningham and John Griffen by the scholarship chairman, Wendell Watson. Gifts were given by the president to John Locke, as Lion Of The Year, for his outstanding work at the local level and as a Membership Chairman of District 2T-1 the past year and to Betty Supina, in appreciation of her faithful service as club sweetheart and pianist for the club.

Susan Patrick, recipient of last year's 4 year scholarship, expressed her appreciation and told of her first year college experiences and honored the club with a few piano numbers.

Howard Willis of Amarillo was introduced by Floyd Sackett, as guest speaker. Willis gave a personal and convincing testimony of how the Kerrville Crippled Childrens summer camp can transfer and change the whole life of a child, as his own polio crippled child, he said, "changed from a reticent, backward boy to become a useful confident student, having been elected as Editor-in-Chief of his high school paper for the coming year and winning honors at Oklahoma University and Texas A&M Colleges."

New officers installed by

John Locke were Floyd Sackett, Pres. Wm Rutledge, vice-pres.; Frank Anderson, 2nd vice-pres.; Speck Riley, Lion Tamer; Edward Wiens, Tall-Twister; and Geo. Bagley and Wendell Watson as directors for two years.

The president's pin and gavel were presented to the incoming president, Sackett, with appropriate remarks, and reciprocal past-president's pin presented to the out-going president, Wm. Bennick.

Noon Lions

Install New Officers Here

E. E. "Pinky" Shultz was installed as Boss Lion of the Pampa Noon Lions Club at the club's installation banquet held last night in the basement of the First Methodist Church.

Shultz succeeds Jim Morris as top Lion in the club. (See picture, page 1)

Special awards were given last night to various club members, including: Harold Daugherty, first vice-president; Ken Peebles, broom sale chairman; Dudley Steele, boys and girls committee chairman; Archie Maness and Bob Monzingo, minstrel co-chairmen; O. L. Gaylor, secretary; Max Pressnell, minstrel director and "Red" Cox, minstrel business manager.

Installation of officers for the new year was by Lion International Counselor Ralph Thomas.

Those installed were: Incoming president, E. E. Shultz; first vice president, Bob Rogers; second vice president, Archie Maness; secretary, O. K. Gaylor; assistant secretary, Wynn Veale; lion tamer, Jim Hughes; tall twister, Jerry King; incoming directors, Harold Comer, Bill Fraser and Bill Monroe.

John Locke were Floyd Sackett, Pres. Wm Rutledge, vice-pres.; Frank Anderson, 2nd vice-pres.; Speck Riley, Lion Tamer; Edward Wiens, Tall-Twister; and Geo. Bagley and Wendell Watson as directors for two years.

The president's pin and gavel were presented to the incoming president, Sackett, with appropriate remarks, and reciprocal past-president's pin presented to the out-going president, Wm. Bennick.

CRITICIZES DEMONSTRATORS

CANBERRA (UPI) — Prime Minister John Gorton of Australia today criticized violence by anti-Vietnam War demonstrators and said that to describe them as "nuts" was "perhaps too mild."

'Gunnye Shack' Open House For Adults Tonight

The Gunnye Shack Youth Recreation Center, corner of Somerville and W. Kingsmill, will hold an open house for adults at 8 p.m. today.

All adults are welcome, according to Thelma Bray, adult advisor.

The adults are invited to meet the youth board of directors. Included are John Karr, president; Carol Campaigne, vice president, and Nell Duncan, secretary-treasurer.

Official opening of the coffee house is Saturday.

The youths have painted the walls of the building in decorating the center.

Girl Dismissed From Hospital

Shirley Howeth, 18, of 922 S. Finley, was dismissed from Highland General Hospital this morning after being treated for injuries she received yesterday in a bicycle accident.

According to the police report, she was carrying a carton of soft drinks she had purchased at a grocery store when her brakes failed to operate properly, throwing her from the bicycle.

She fell on the bottles and suffered lacerations and cuts on one of her hands. She was rushed to Highland General and underwent emergency treatment.

The accident occurred about 9:20 a.m. yesterday in the 800 block of S. Cuyler.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

A Century's Acquaintance

Give a thought to helium. It's the second commonest element in the universe but one of the rarest in the world. It was discovered on a distant star before it was found on earth. It's odorless, colorless, will not burn, explode or combine with any other element, is unaffected by radioactivity, has the lowest boiling point known and flows uphill as a liquid. It makes your voice squeaky if you breathe it. It was 100 years ago, in 1868, that British astrophysicist J. Norman Lockyer discovered a new element in the corona of the sun and appropriately named it helium, from the Greek word for sun. Not until 27 years later was helium found on earth and not until 1918 was it first extracted in volume from natural gas. Some 93 per cent of the western world's known reserves of helium are found within a 300-mile range of Amarillo.

Freedom of Seas Threatened

There are many reasons why our enemies, the North Koreans, can seize a U.S. ship and get away with it. What is amazing is that our friends, the South Americans, have been doing the same thing for years. In the last seven years, more than 60 American-owned fishing vessels have been seized by Chile, Ecuador and Peru. In most cases it has been in the same manner as the North Koreans took the Pueblo—at gunpoint. In several cases, the capture was accomplished by an American ship that had been loaned to the friendly nation. None of the American boats was within the internationally accepted 12-mile limit, which even the North Koreans recognize. So far, the U.S. government has paid almost \$500,000 for the release of captured boats and crews. What has happened is that these three countries, plus four others in Latin America, have extended their territorial limits out to a fantastic 200 miles in order to throw a legal net over all the fish in this vast expanse of water.

Rewarding Greed

The sinfulness of greed is schooled into every child in our land. Our nursery rhymes, our folklores, the Bible—all tell of the reprehensibility of greed. Any school child can name you half-a-dozen figures in history or mythology who were done in by greed. But grown-up Americans reward greed. Political greed. This strange trait is not new to adult Americans. Abraham Lincoln took note of it more than a century ago when he was campaigning against Sen. Douglas. He told a Springfield, Ill., audience: "They have seen in his round, jolly, fruitful face, post offices, land offices, marshalships and cabinet appointments, charge-ships and foreign missions, bursting and sprouting out in wonderful exuberance, ready to be laid hold by their greedy hands." Poor Douglas wasn't really hep, however. Even in what Abe said was true, Douglas didn't

Racism on the 'Left'

"Widely publicized hostility (of some Negro groups) to whites, and especially to Jews, has alienated or cooled the fervor of a number of white community leaders who have until recently involved themselves and their organizations in civil rights." We read of a similar ethnic development in the conservative weekly Human Events; namely, that the Bible of the New Left, San Francisco's Ramparts magazine, is on the rocks because of a pro-Arab slant that repelled the Jewish supporters. We hear rumbles also that the filthy drama crowd that infects so many campuses is under scrutiny from Jewish interests because of veiled anti-semitic passages. Many Jewish people probably

Question Box

(We invite questions on economic and the proper functions of government which will not insure approval.)

QUESTION: If the U.S. government is going to be permanently in the charity business, let us now do it efficiently. Should we not mass produce cooked food and supply living quarters at some convenient place, run buses to jobsites for those who want to escape the ghetto? Surely third-generation welfare recipients have outlived their claim to "dignity." What do you think? James D. Thackrey.

ANSWER: If the government—state and local, as well as federal—is going to get into the business of supplying every human want, Mr. Thackrey's tongue-in-cheek suggestion is a logical follow-up.

When government undertakes to provide individuals with schooling, with food, clothing, shelter, medical care, employment service, job training and placement, it can go all the way for a short time in providing for their "welfare." It can give them everything except freedom—the right to choose what is best for them. The only people who have total security are slaves or prisoners. Their bodily wants are provided, but they have little freedom to choose. And when they have lost that freedom they have lost their dignity.

Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed with name and address.

Editor: The assassination of Senator Kennedy was a deplorable act of violence! However, I also deplore the brutal unwarranted slayings of our police, and the many acts of violence against the innocent citizenry. Especially I grieve for our valiant servicemen in Vietnam, cream of American youth, fighting a war they are not allowed to win. I have failed to note a day of mourning set aside on their behalf, nor have I seen Old Glory dipped in their honor!

Rather than gun legislation, which would only disarm the law abiding citizen, I suggest that the insane rulings of the U.S. Supreme Court, which codify the criminals and communists, be immediately reversed. I suggest that our police be unshackled, so they may uphold law and order and protect our citizenry. I suggest an immediate registration of all communists, pro-communists, anarchists, and all those who advocate violence in our land. I suggest an end to Marxist professors in our schools and a return of God instead. I suggest that Congress declare a State of War against the International Communist conspiracy everywhere, at home and abroad, and I suggest that our military be allowed to fight for Victory in Vietnam. I suggest an end to aid and trade with ALL Communist countries and an end to "building bridges" to the Red enemy. Furthermore, I suggest that Old Glory be flown at half mast daily, until the brutal conspiracy has been defeated worldwide, and all nations once again set free. To all those who do not care for our nation, our American constitution, or national sovereignty and Christian Heritage, I strongly suggest a one-way ticket to Moscow or Peking—the sooner, the better!

I pray that all our citizens will now stand and be counted for God and our beloved nation, and I echo the cry "Let none but Americans be put on guard tonight!"

Bette Rooney

will be shocked to discover they turned out to be anti-Jewish in character. Frankly, we are not surprised at this turn of events. It's a good rule of thumb that wherever you find depravity, it will be exhibited eventually, in anti-semitism.

Home and family are venerated by most Jewish persons. Yet these two institutions are the very target of Ramparts and the dirty-speechers. The conflict was bound to come because it was already inherent in the situation. The moral seems to be that whenever men resort to force, legal and otherwise, to accomplish their objectives they are not safe to associate with. Men of force usually turn out to be persecution-minded. They are not desiring of financial support from any right-thinking person, especially from people who have borne the brunt of persecution down through the ages.

'Can't Understand It—His Brand Had 10-Per Cent Less Nicotine!'

Murderers Saved By Supreme Court

(Chicago Tribune)

The United States Supreme Court again has invaded the legislative functions of government, handing down a decision which, in effect abolishes the death penalty in all states. The decision, made in the case of William Witherspoon, killer of a Chicago policeman, applies retroactively to 435 other persons now under death sentences in the United States. Among them is Richard Speck, the killer of eight student nurses.

For many years it has been standard practice in capital punishment cases to exclude all prospective jurors who said they had scruples against imposing the death penalty. This practice was upheld several times by the Supreme court. Seventy five years ago the court held:

"A juror who has conscientious scruples on any subject, which prevent him from standing indifferent between the government and the accused, and from trying the case according to the law and evidence is not an impartial juror."

This ruling has now been placed in the ash can by the Supreme Court, which held that the state of Illinois "stacked the deck" against Witherspoon by excluding prospective jurors opposed to the death penalty. The court based its reasoning on the theory that "in a nation less than half of whose people be-

lieve in the death penalty, a jury composed exclusively of such people cannot speak for the community."

An astonishing footnote in the opinion explains that this statement is based on a 1966 public poll which showed that 42 per cent of the people favored capital punishment for convicted murderers, 47 per cent opposed it, and 11 per cent were undecided.

All public opinion polls are based on a small sampling of the population, but now we have the highest court in the land making a decision on the basis of what 47 per cent of a small group of people told a pollster. We have no recollection of a more ridiculous line of reasoning by any court high or low.

The Doctor Says:

By Dr. Wayne Brandstad Use of Laxatives Can Cause Gas Pains

Q—When I eat my meals, or even when I drink fluids, I get loud rumblings from my stomach. What causes this? Can anything be done to stop it?

A—The rumblings come from a mixture of gas and fluids, not in your stomach but in your intestines. It is increased by taking laxatives, eating foods that are known gas-formers and the nervous habit of air swallowing. For complete relief you must avoid the cause. For temporary relief, a defrothing agent, such as activated charcoal, is worth a try. Several new defrothers that contain methylpolysiloxane are available but their effectiveness has not been conclusively proved.

Q—I get severe chest pains during the night. My doctor says they are gas pains. Why would gas pains persist for over two years?

A—They will persist indefinitely unless your doctor can find and remove the cause.

Q—Is it true that a person with a heart condition should not take baking soda to cause belching and relieve the gas in her stomach?

PAUL HARVEY NEWS

Some Suggestions Before You Call Meeting to Order

By PAUL HARVEY Barnstorming speakers have been smiling through tears. However neglected or manhandled they are by inexperienced hosts, they must not demonstrate petulance. They do say to me what they dare not say to you. Most hosts for political meetings, union meetings, social clubs, charity boards, civic

PINE TREE FEATURES

AN END TO RIOTING I was talking with some people about current racial tension. The question was raised: "What can we do NOW to stop rioting and looting?" Obviously, the number of alternatives are limited. Individually, there are behavioral guides any of us can use. We can disengage any set-to and refuse to participate. If a riot is going on in one part of the city, we can go to another part. It is unlikely that there are enough people who want to riot so that rioting could ever become universal. The difficulties are provided by a small number of people.

But the nature of the question asked begged a collective answer. What can we do now to stop the rioting and looting? This is to ask: What can the government do? The first fact that must be grasped is that much, if not all, of the unrest boiling to the surface of our social arrangement is being urged and advocated by the willingness of men in government. And since the Thirties, to use government as an instrument for redistributing the wealth of the producers.

So, the long-term solution would have to relate to a reversal of that policy. If all tax laws, all social security laws, all wage and hour laws, and all the rest of the legal clutter that hamstring our economy were removed, there would be capital to invest and new jobs by the thousands erupting all over the place. Sooner or later, steps along these lines will be taken. They may be taken only after the economy has been completely wrecked. Or they might be taken while some shreds of freedom and private enterprise remain. But this argument failed to satisfy those who kept prodding for an answer NOW. How do WE stop a riot NOW? Put in that light, the question is a little like asking the man who jumps from an airplane without a parachute what he proposes to do.

Obviously, there are only two collective alternatives, or a possible combination of the two. You can meet the force of the rioters with counter-force. This is to arrange a showdown and a pitched battle. Possibly this could eventuate in a full-scale revolution on the model of the 1917 upheaval in Russia under Czar Nicholas.

Or you can seek to placate the rioters by acceding to their demands. But this is the process of unionizing and it leads to continued demands on a mounting scale as a perpetual program. Whenever people are able to obtain some particular benefit not by labor, but by clamor, they will be back clamoring for more.

There is another factor as well. Many of those engaged in rioting don't really want placation. Their purpose isn't to alleviate poverty, but to destroy. And they will be the hard core that will continue to press toward revolution, no matter how generously the welfare ladies are filled. So, as a matter of fact, there is no solution at all that the government can produce which will prevent rioting at the moment. Either force or placation will fail. And if both are attempted at once, a failure can be predicted with equal assurance.

So, in the end, policies suggested earlier must be adopted. And the important point would be to get those policies in vogue as soon as possible. However, those policies would be unpopular, and hence they will not be advocated politically with any seriousness. So where does that leave us? That leaves us outside the airplane, wondering where we are going without a parachute. It appears that the American people are in for a hard landing.

luncheons or chamber of commerce banquets want to be properly hospitable to invited speakers. Convinced that they would appreciate constructive suggestions on the care and feeding of visiting VIPs, I have put together some rules which may spare the guest much discomfort and the host some embarrassment.

These are not Roberts' Rules, these are Harvey's rules gleaned from some experience and much observation. Reception committees should allow for time zone changes and for the fact that inbound flights may be early as well as late. I remember once when my own plane was unmet at a rural airport and I had to hitch a ride to town on a highway repairman's pickup truck. I enjoyed it; others might not.

It's best to make some one person responsible for hosting each visiting guest. That person should see that he is not ushered into the reception until some guests have arrived and should stick by his side to help with names.

Try to pretest the public address system. Would he like a light on or water beside the lecturer? By the way, don't call a lecturer a podium. A podium or rostrum are things you stand on; a lectern is something you read from—like a desk or a pulpit.

Don't let the stagehand black out the house lights and then hit the speaker in the eyes with a blinding spotlight; he is speaking into a punishing glare; he needs some eyeball-to-eyeball contact with his audience.

In a large auditorium gathering, provide easy access for your speaker through a stage door. Don't make him walk the gauntlet down a crowded aisle so that his subsequent introduction becomes anticlimactic. Base your introduction of the speaker on some research. Write it out. Keep it brief. Ask if there is anything he would like included.

When you've introduced the speaker, get out of sight. Don't sit there on the platform with your socks' tops showing or worse, with your undergarments hanging out. At least you are a distraction; at worst, a spectacle.

If it's imperative that members of a committee remain seated on stage—protect them with a modesty panel or draped bunting or something. When the speaker finishes speaking, somebody say something. Let the audience know the program is over. Return to the microphones if only to say, "Drive carefully and good night." Additionally, remember that if you can afford a head cold—he can't. Spare him yours if you can. Don't lock him in a closed car with germs, cigars or children. Asking for his autograph is a compliment. Handing him a stack of a hundred programs to be autographed is not. Most host organizations plan well; most all could plan better. These hopefully constructive suggestions are intended to improve your own poise, confidence and enjoyment of these frequently uncomfortable occasions. People in public life are helplessly egocentric, but will reward a little help from you with a lot better performance.

Compared to the folks here in Eagle Rock, New Yorkers seem pretty provincial. Nobody in New York has heard of Eagle Rock. But everybody in Eagle Rock has heard of New York.

WANDA MAE HUFF, Women's Editor

POLLY'S POINTERS For a Bridal Shower, Give A Complete Sewing Kit

By POLLY CRAMER

DEAR POLLY — When invited to a bridal shower, I usually take a sewing kit as a gift. I start with a basket or sewing box that is partially equipped, then add a large pair of scissors, a box of straight pins, a bunch of safety pins, a variety of sizes of white buttons, 10 spools of thread (being sure to include black and white), a package of iron-on tape and a booklet of sewing instructions.

—MRS. H. M.

DEAR GIRLS — I think that is a great idea. You might even start from scratch. Paint an unfinished basket, line with scraps of printed cotton, equip with the necessities first, then add as many extras as your budget allows. Be sure to include a tape-line. Felt decorations cut in the shapes of scissors, buttons and other such sewing supplies could be glued to the outside for a decorative effect.

—POLLY

POLLY'S PROBLEM

DEAR POLLY — I would like to know how to make an old-fashioned rag rug. I have tried to find instructions for doing this but all has been in vain. Thank you for such an informative column.

—ELSIE

DEAR POLLY — After getting out some leather-bound books packed away several years ago, I wanted to cry. They had mildew on them. I carefully cleaned them with liquid dish detergent, dried them well and they looked better but I had almost decided to throw them away when I thought of spraying the covers with furniture polish containing lemon oil that I

use. After shining, they gleam like new.

—MRS. W. G. H.

DEAR POLLY — Some of my toddler's pull toys did not have balls on the ends of the pull cords to help him hold them. I saved the snap-on tops of liquid detergent bottles, ran the cord through the hole in the top, then tied a knot to hold it. Now he has something to hold on to and enjoys his toys much more.

—LOUISE

DEAR POLLY — I keep a shoe bag hanging high in my clothes closet, where the small children can't reach it. In it several pockets I keep cleaning fluids, furniture polish and other household cleaners that could be dangerous if a child got hold of them. Thank you for such a helpful column.

—MRS. J. B.

Hostesses Sponsor Party for Couple

CANADIAN (Spl) — Mrs. Albert Christian, Mrs. O. B. Wright, and Mrs. Ray Henderson were hostesses at a shower held here recently honoring Mr. and Mrs. Lynn Davis. Mrs. Davis is the former Miss Mary-Nell Spivey of Houston.

The serving table was draped with a lace cloth over yellow and was centered with a floral arrangement of yellow daisies and chrysanthemums. Milk glass appointments completed the setting. Other decorations included a cake decorated with a miniature church, bride and bridegroom.

About 45 attended and sent gifts.

Mrs. Dorman Has Design Program For Garden Club

Pampa Garden Club attended a meeting recently in the Gray County Courthouse annex as Mrs. Myron Dorman presented a program on "Basic Design in Flower Arranging."

Mrs. Thelma Bray reported 35 crepe myrtles have been planted on Red Deer Trail south of the Coronado Inn.

Final plans were made for the annual garden club placement show to be held June 27 at Mrs. John Sweeney's home on 916 Christine. The show will be open to the public, free, from 2 to 6 p.m.

In August, the club will complete plans for a garden lighting program by Southwestern Public Service. Gardens of five Pampa residences will be lighted and shown on tour. Mrs. Horace Prince will supervise the lighting.

Hostess for the annex meeting were Mrs. W. R. Campbell, assisted by Mrs. Frank Hall. Two guests, Mrs. Bill Storck and Mrs. W. E. Abernathy, and 21 members attended.

Members will meet at 9:15 a.m. July 15 in the annex for another program.

Families Attend Reunion in Park

The family of the late Ike Davis attended a reunion in Hobart St. Park recently. Mr. and Mrs. John R. Davis of Pampa attended with their children's families, Mr. and Mrs. Kenneth Kyle of Perryton; Mr. and Mrs. Jerry Davis and children, all of Amarillo. Mrs. Kyle is the former Thelma Davis.

Other Pampan attending were Mr. and Mrs. Dale Davis, and children and Mr. and Mrs. Darrel Davis and children.

Mr. and Mrs. C. A. Holmes of Lubbock, and Mr. and Mrs. Stew Rice, and children of Wilton attended. Mrs. Holmes is the former Fae Davis.

By Abigail Van Buren

DEAR ABBY: As I write this I am practically blinded by tears. My husband told our 17-year-old son that if he didn't come home with a haircut tonight, he didn't have to come home at all. It is midnight, and Jon is not home yet.

Why should something like the length of a boy's hair make such a big difference to a father? Jon is not a "bad" boy. All boys he goes with have long hair.

Jon and his father have fought about this for over a year and now it has come to a showdown, because he finally pushed the boy too far and gave him an ultimatum.

If something happens to Jon I will never forgive my husband for his stubbornness.

I don't like long hair on boys, either, but at least I didn't drive my own son out of the house because of it.

Please, please put something in your column about fathers who always have to have the last word. I have given up.

HEARTBROKEN MOTHER

DEAR MOTHER: There is much more involved here than hair. In a good father-son relationship, the father never gives his 17-year-old son an "ultimatum" merely because he "outranks" him. Patience and understanding should be forthcoming from the older and wiser man.

Altho I also prefer short hair on men, I realize that long hair is "in" and kids have as much right to their fads as adults.

Tell Father to emphasize the more permanent and lasting aspects of his son's character, and forget the hair for now. I will grow shorter (or disappear entirely) soon enough.

DEAR ABBY: I cannot for the life of me understand what is the matter with our 24-year-old daughter. She started going with a 44-year-old man, and now she says she is going to marry him! Abby, this man is nearly old enough to be her father. He isn't rich and he isn't, especially, good looking,

but she says she "loves" him. We are just sick about it.

Our daughter has worked and supported herself since she was 13, and she dated nice young fellows her own age, but when she met this man she lost all her good sense.

How can we get some sense thru her head before it's too late?

HER MOTHER

DEAR MOTHER: Don't expect to get anything "thru her head." A girl "in love" has a filter-tipped brain. If marrying this man is a mistake, she may have to learn the hard way.

DEAR ABBY: Re: the married man who had a heart attack in the apartment of another woman at 2 a.m., listen to this:

Several years ago, a friend of ours (I'll call him Larry) was involved in an automobile accident with a lady companion in the wee hours of the morning. (He was supposed to have been "out with the boys.")

The lady, who was an attractive widow and a friend of his wife, was only slightly shaken up, but Larry had to be hospitalized for several weeks. During that time Larry's wife found out that there had been some hanky-panky between this widow and Larry, altho they both insisted they were only "good friends."

The day Larry was to be brought home from the hospital, his wife arranged that he be taken to the widow's home!

It was mid-afternoon and the widow was entertaining her garden club.

Can you imagine the scene when the ambulance pulled up in front of the widow's house, and Larry was carried in on a stretcher over his vigorous protests?

The widow, of course, told them they had made a mistake whereupon they put Larry back into the ambulance and delivered him to his own home.

The club members went home holding their sides, the widow was mortified, Larry's wife took him back, and at this writing they are living happily ever after.

CONFIDENTIAL TO MILT: Why not give it a go? One thing about a beard... it sort of grows on you.

ASTROLOGICAL Forecast
By CARROLL RIGHTER

FOR SATURDAY, JUNE 23

GENERAL TENDENCIES: This can be a very unusual and odd Saturday. There are many drastic changes taking place and you are apt to feel that they are adverse because they happen in a very unwise manner. Nevertheless, what ever is no longer of use in your life should be gotten rid of so that new and progressive interests can come into it. Accept them willingly.

ARIES (Mar. 21 to Apr. 19) — Choose those ideas that are really good or you can yield to temptation and get into a state of confusion. Something new and very progressive are your best bets now. Step out for a bit of fun tonight.

Taurus (Apr. 20 to May 20) — If you state exactly what you want from others you find they go along with your ideas very willingly. Show that you have ingenuity and you get the fruit of some personal aim. Be very shrewd though.

GEMINI (May 21 to June 21) — Find some new method by which to delight higher-ups who control your business affairs. You have to use patience in pulling through that new arrangement. Ask of others that you are a person who has lots of vim and vigor.

MOON CHILDREN (June 22 to July 21) — Get out to those meetings where you get things. Meet with other people and thus make quick progress in the future. Make sure you know what your personal aims are. Then they can be really successful.

LEO (July 22 to Aug. 23) — Do what a higher-up expects of you even though you can't see the point in this work so far as you are concerned presently. But you get benefits later. Get into those interests that put you in the good graces of GEMINI in general.

VIRGO (Aug. 24 to Sept. 23) — Some new attitude is necessary if you are to make those plans successful. If you are taking some short trip to get right results, use those clever systems to get what you want from competitors. Be happy.

LIBRA (Sept. 24 to Oct. 23) — Follow through with your inclinations to get a long famously with others and accomplish those things that have been impossible to you before. Use that plan worked out to the last detail with the right people. Also, stop indulging your thumbs.

SCORPIO (Oct. 24 to Nov. 21) — If you get those duties completed that will really please those around you, you make their life easier as well as your own. Then a new door of opportunity opens up for you. Being very altruistic is really important now.

SAGITTARIUS (Nov. 22 to Dec. 21) — Your mate, or the one you love the most, is having a change of attitude and you should do likewise for true rapport and happiness. Get into those circumstances that make you feel glad to be alive. Stop being slowky.

CAPRICORN (Dec. 22 to Jan. 20) — Try to get into the comprehension those plans you have in mind for making all of your lives more successful and ideal in the days ahead. Be more willing to entertain at home. Give your children a chance to express themselves there, if any.

AQUARIUS (Jan. 21 to Feb. 18) — A little meeting today with regular partners is good so that you can map out a way to have your routine run more smoothly in the future. Be sure to get to the dentist, doctor on time. Avoid late hours tonight.

PISCES (Feb. 19 to Mar. 20) — This is just the right day for completing those statements you have had little time for before. Then plan just what it is you want to do in the days ahead. Don't allow the leaving everything to chance. IF YOUR CHILD IS BORN TODAY... he or she will be one of those young people who will want to deliberate constantly over every decision. That always step in in the interim and reap the benefits. Teach early that his or her first idea is usually right and therefore to go ahead quickly.

You, Your Child and School

By DAVID NYDICK
(UPI) Education Specialist

Are your children going to attend a summer camp? If it is a sleep-away camp, there are several important things to remember. These concern both the items to send and your plans for communication.

Make sure you send a sufficient amount of clothing of various types. Camps will usually provide a suggested packing list.

What general hints might be profitable to parents? First, it is by no means advisable to go out and purchase many dollars' worth of clothing. Send along clothes which are part of the child's regular summer wardrobe. Camp laundries are not usually able to do careful individual work. Make sure that most items are able to be laundered.

Mark Clothing Well

Every piece of clothing and equipment should have the child's name clearly marked. Name tapes should be sewn whenever possible. "Iron-on" tapes sometime fall off. Boots, shoes, and other similar items can be marked with indelible ink or pencil.

The type of clothing will depend upon the camp program and location. Additional long pants are advisable if the program includes a great deal of hiking and camping. A camp located in a mountain area will have some very cold weather, especially, in August. Some winter sweaters and jackets may be very welcome. The camp directors or parents of children who have previously attended the particular camp can be most helpful in advising you.

If the camp requires a specific uniform, don't place your child in the embarrassing position of being without one.

Boots a Necessity

What items do parents often forget to send? Surprisingly enough some parents do not send a pillow. Other parents send rubbers but neglect to send boots. When it rains in a summer camp boots are usually a necessity. Don't forget to send at least three bathing suits. Children are often swimming twice a day and the suits do not always dry in time.

Rebekahs Honor District Deputy

CANADIAN (Spl) — Members of the Rebekah Lodge held a salad supper recently in honor of Mrs. Pearl Allen, of Perryton, District Deputy President of District 11. She was presented with a corsage and gift.

Mrs. Allen was accompanied to Canadian by members of the Perryton lodge: Mmes. Lucille McDonald, Winnie Edler, Mildred Stone, Hazel Allen, Elnora Harness, Eva Fisher, Cel Cudd, Fannie Jackson, Clara Stubblefield, Roberta Moulton and Willie Hasley.

Attend The Church Of Your Choice

The Weekly Message Of Inspiration

AN ILL NATION
Gene Segroves, Minister
Hi-Land Christian Church

AN ILLNESS:

Since the death of Senator Robert Kennedy, we have seen and heard a number of news commentators referring to our nation as a sick or diseased nation — and well it may be.

Although a man may have always had a strong body, this does not mean that when sickness comes he should close his eyes and pretend that he is not sick. So our nation — while still the greatest in the world — needs to admit her illness and seek corrective measures.

SYMPTOMS:

The following are symptoms of an illness which seems to be getting worse each year.

Crime rate is increasing nine times faster than the population growth. Some of the crimes with the sharpest increase are: riots — looting — vandalism — robberies — assaults — murder and drug addiction.

Other symptoms of this illness are: Increase in immorality — rebellion against authorities — piracy of nations ships — increase of alcoholism — burning draft cards — despising of government — no-win war policy — high rate of divorce — deterioration of the home and etc.

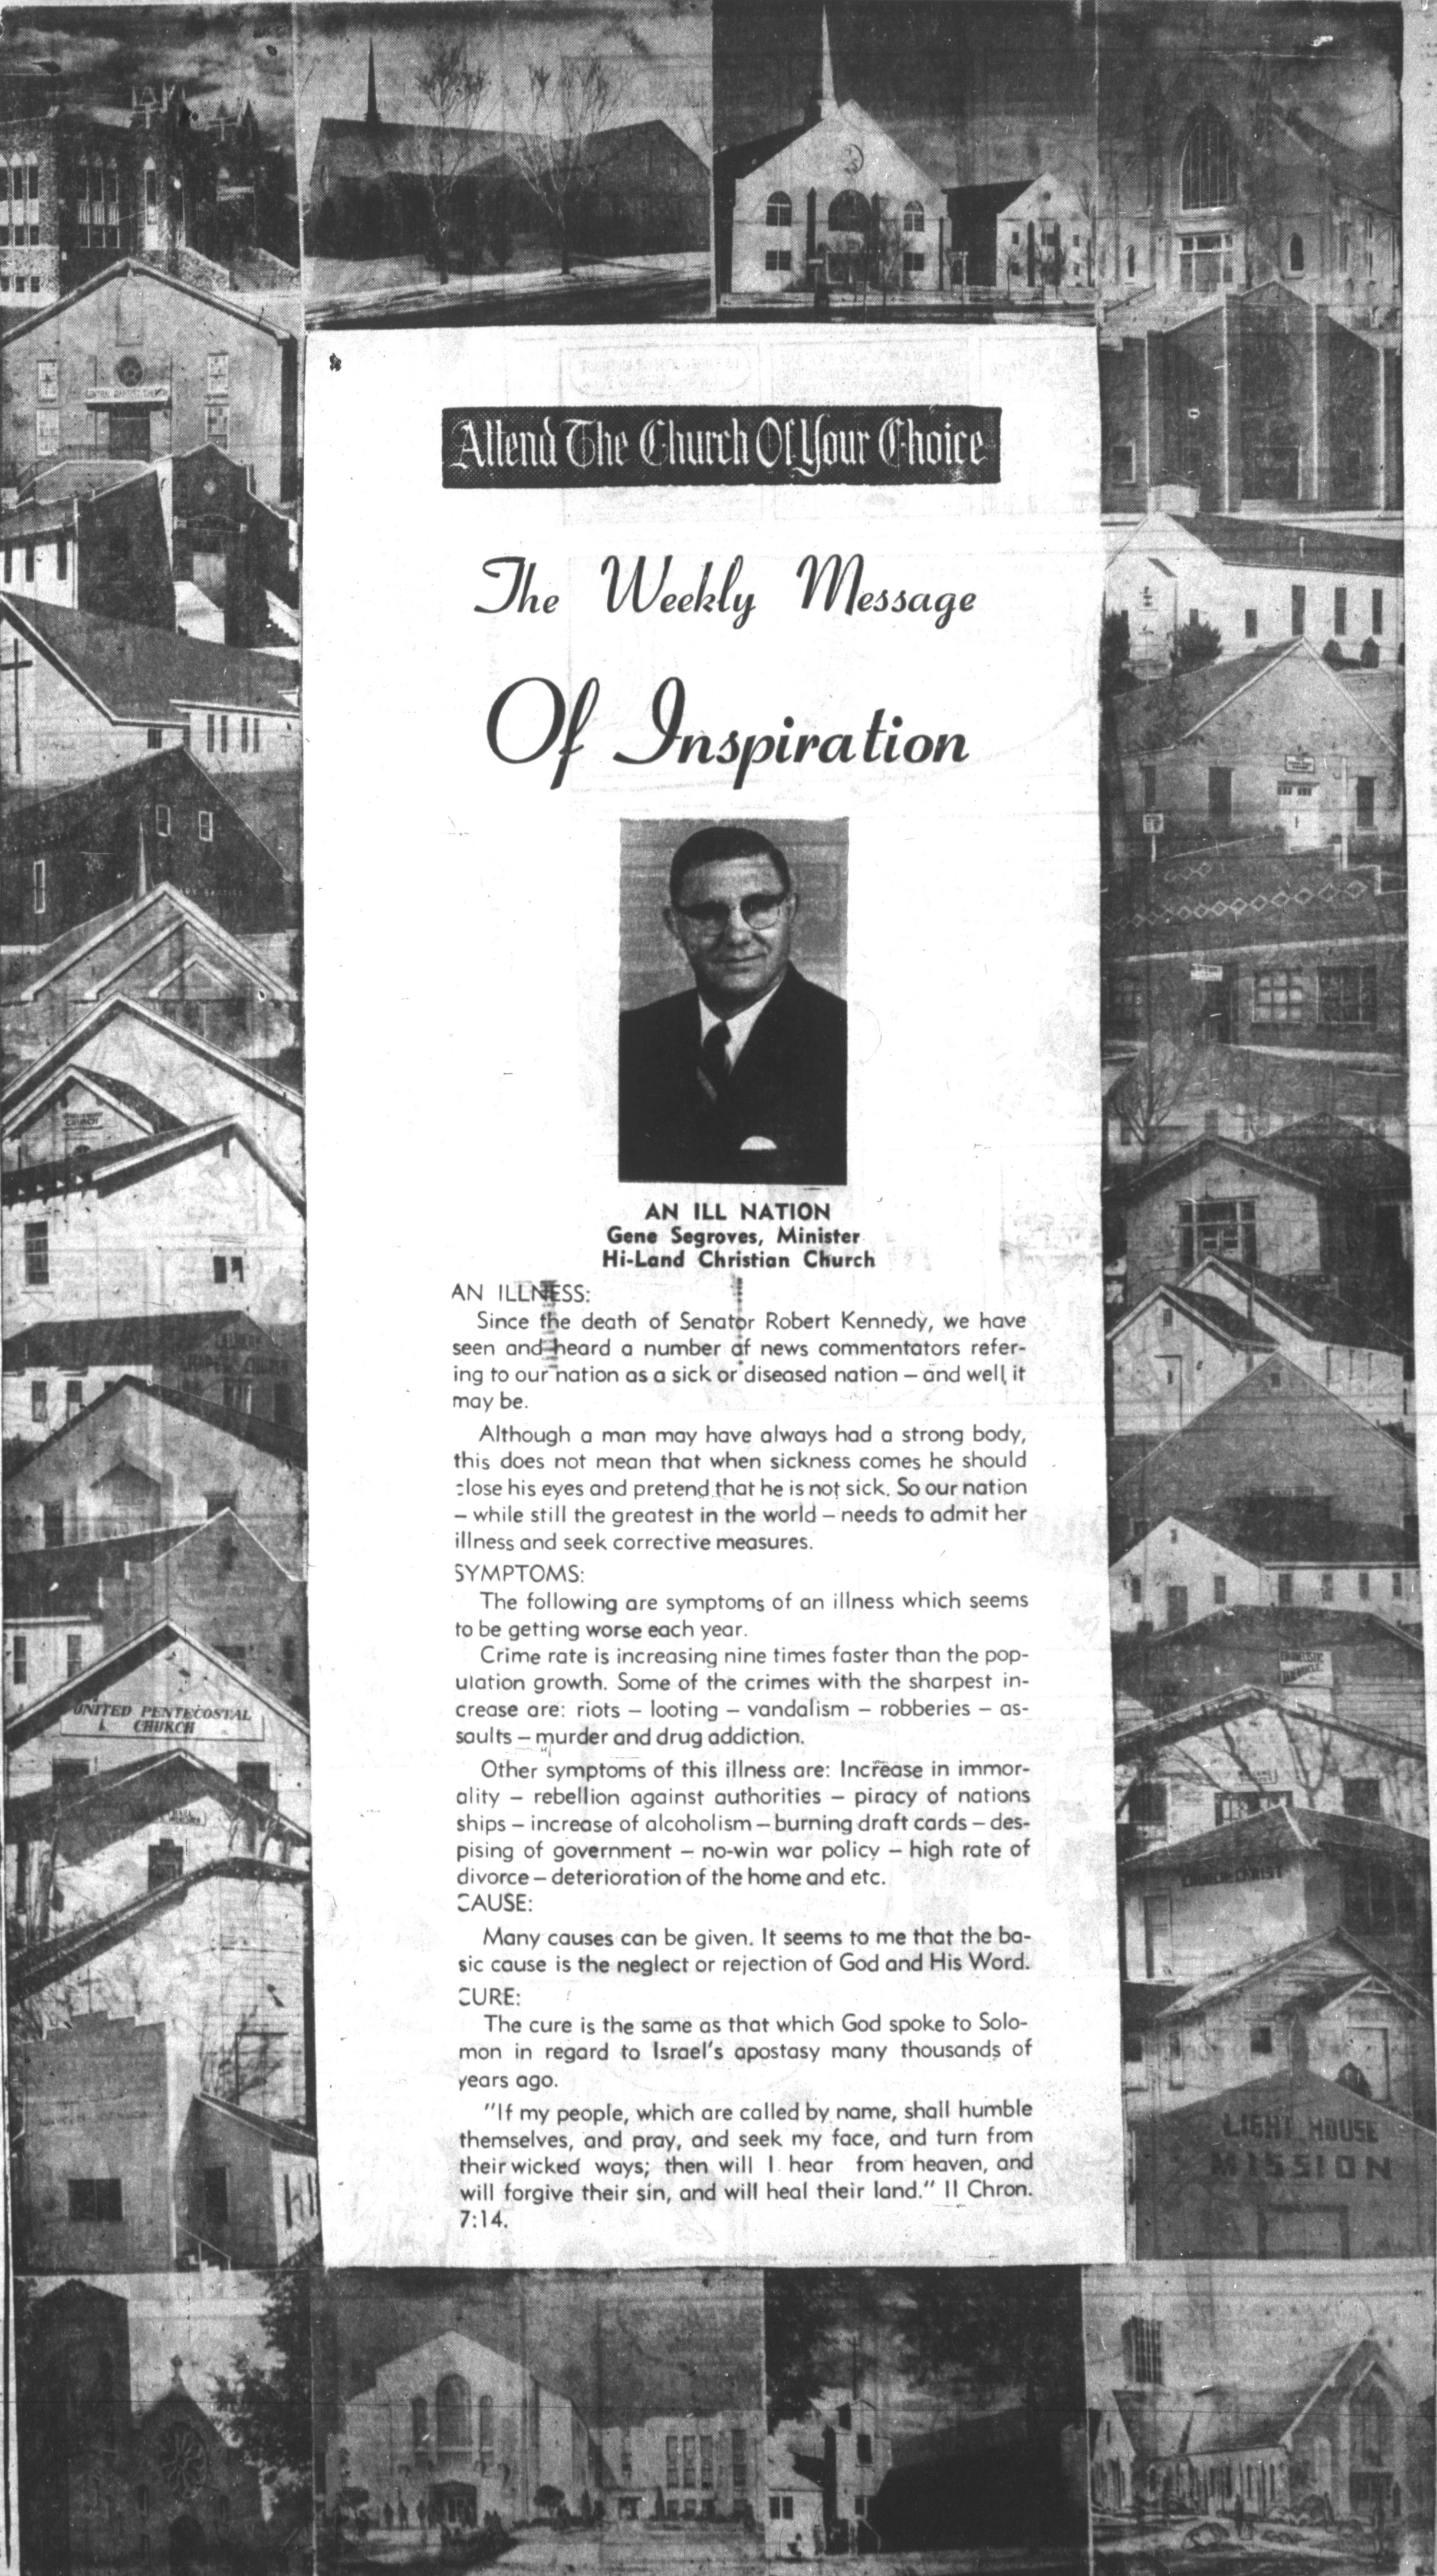

CAUSE:

Many causes can be given. It seems to me that the basic cause is the neglect or rejection of God and His Word.

CURE:

The cure is the same as that which God spoke to Solomon in regard to Israel's apostasy many thousands of years ago.

"If my people, which are called by name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." II Chron. 7:14.

Gibson Hurls Cards Over Chicago, 1-0

By JO EGERGEN
UPI Sports Writer
Blazing Bob Gibson extended the Chicago Cubs' scoring drought to record proportions while a parched Milt Pappas was bathed in a quenching shower of applause.

Gibson, the newest shutout king in the National League, completed his fourth successive whitewash job Thursday in pitching the St. Louis Cardinals to a 1-0 triumph over Chicago. He thus pushed the Cubs' string of scoreless innings to 46, a National League record for futility.

Gibson, who won his fifth consecutive game, has not yielded a run in 38 innings and his four straight shutouts are two shy of Don Drysdale's major league mark. The Cubs who have failed to score since last Saturday, a streak encompassing five games, are only two innings shy of the major league scoreless mark set by the 1905 Philadelphia Athletics.

Pappas Gets Win
Pappas, the sensitive right-hander traded from Cincinnati to the Atlanta Braves following a dispute with the Reds, management, recorded his first victory in nearly two months, a 3-1 decision against his former teammates which kept the Braves 5½ games behind the league-leading Cards.

Although he was limited to 2-3 innings by a pulled muscle in his thigh, Pappas was given a standing ovation as he left the field. Cecil Upshaw preserved Pappas' first victory since April 27.

In other games, the Philadelphia Phillies edged the San Francisco Giants 2-1, the New York Mets beat the Houston Astros 5-3 and the Los Angeles Dodgers squeezed out a 3-2 10-inning victory which snapped Pittsburgh's nine-game winning streak after the Pirates had won the two-night doubleheader opener 7-3.

The Detroit Tigers whipped the Boston Red Sox 5-1 and the Chicago White Sox drubbed the Cleveland Indians 8-4 in Ameri-

can League action. The Cubs, whose scoreless syndrome first became noticeable at Atlanta, fell behind in the third inning on a triple by Lou Brock and a single by Curt Flood and never recovered despite a fine four-hit performance by Ferguson Jenkins.

Torre Homers
Joe Torre hit his seventh home run to produce Atlanta's first run and Pappas singled and scored a run during the Braves' two-run fifth which saddled Gary Nolan with his second loss.

Rick Wise scattered six hits as the Phillies turned back the Giants with the help of Ray Sadecki's wild pitch in the first inning. The errant toss allowed Cookie Rojas to score the first Philadelphia run and the deciding tally scored on Tony Taylor's single.

Cleon Jones drove in four runs with a sacrifice fly and a homer and Art Shamsky also contributed a homer for the Mets. Tom Seaver, who struck out 12, needed ninth-inning relief help from Billy Short, who retired Rusty Staub with the bases loaded and two out.

Pinch hitter Jim Fairey's first major league home in the 10th inning off Roy Face provided the Dodgers and reliever John Billingham with the nightcap victory. Steve Blass hurled 6-2-3 hitless innings in the first game for the Pirates and collected two of Pittsburgh's 13 hits as Don Sutton went down to defeat.

GIN OIN FOLD
BOSTON (UPI) — Flanker-kicker Gino Cappelletti, five-time scoring champion of the American Football League, has scored player in AFL history the Boston Patriots, time club announced today.

The 34-year-old former University of Minnesota quarterback, who is the highest scoring player in AFL history with 949 points, will split the flanker duties with converted halfback Larry Garron and newcomer Jerry Lamb.

Amarillo Golfer Shoots 67 To Lead Men's West Texas Tournament Here

Marvin Dick Jr., 25-year-old ex-University of Houston golfer, shot a four-under-par 32 on the back nine to win medalist honors in the first-round of the championship flight of the 43rd annual West Texas amateur golf tournament at the Pampa Country Club Thursday.

Only the championship flight was in action on Thursday. All others began play today as 100 golfers play in various divisions—senior, junior-senior and others.

Tied for second were Gary Frankenfield, Ft. Worth, and Jerry Hrneciar, Shamrock. Both had 68s.

Frankenfield eagled the 13th hole and made a birdie on the 11th and 14th to score a three under par 33 for the back nine and place second.

Jerry Hrneciar, Shamrock and a former Texas Tech golfer equaled Dick's mark in shooting a 32 on the back nine to place second. He scored a 36 on the first nine holes.

Eddie Duenkel of Pampa was in fourth place with a 69. Defending champion Bill Holstead, 21, had an even par 71 for the day.

The second round of the tournament was scheduled today. A total of 72 holes of golf count in the totals to determine a winner.

The tournament ends Sunday when awards will be presented all flight winners.

Buster Carter, one of the leaders in obtaining the West Texas Men's Golf Tournament for Pampa, was forced to withdraw from the first round when his mother-in-law died.

Championship Flight
67—Marvin Dick Jr., Amarillo.
68—Gary Frankenfield, Fort Worth; Jerry Hrneciar, Shamrock.
69—Eddie Duenkel, Pampa.
70—Don Gaudin, Weatherford; Steve Thompson, Odessa; Jerry Barrier, Pampa; John Farquhar, Amarillo; William Coffey, Fort Worth; Miles Childers, Amarillo; Tom Jenkins, Wichita Falls.
71—Bill Holstead, Wichita Falls; Max Hickey, Pampa; Mike Evans.

72—Ken Newell, Fort Worth; Roy Pearson, Ranger.
73—Bob Loerwald, Pampa.
74—Ben Lane Jr., Amarillo; Mike Zinne, Wichita Falls; Mickey Jones, Odessa.
75—Bob Close, Perryton; Bob Sanders, Amarillo; Donald Brown, Wichita Falls; Dave Parker, Pampa.
76—Dick Back, McLean.
77—Jimmy Linn, Spearman; Mike Castles, Wichita Falls; Billy Don Ravis, Throckmorton.

78—David Brown; Jack Foster, Pampa.
79—Keith Flowers Perryton; James White, Pampa.
80—Pat Windom, McLean; Tommy Pletcher, Perryton; Bill Hart; Muleshoe.
81—Hugo Lowewestern, Amarillo.
82—Phil Branch, Amarillo.
83—Tom Rose, Pampa.
87—Champ Davis, Shamrock.
89—Don Skelton, Fort Worth.

Germans Mourn Death of Fighter

COLOGNE, Germany (UPI)—West Germany today mourned the death of Jupp Elze, a 28-year-old boxer who died Thursday from injuries suffered in last week's European middleweight championship bout against Carlos Duran of Italy.

Elze, who was the German middleweight champ, was the victim of a 15-round technical knockout at the hands of the Argentine born Duran June 12. He collapsed after the fight and was in a coma until he died Thursday night in the Cologne University hospital.

Elze, Cologne's boxing idol, was thought to have died penniless. His purse, amounting to \$7,500 for the Duran fight, was confiscated by government authorities for payment of taxes.

A fund raising campaign for Elze's widow and their 18-month-old son was organized by the local Express newspaper and contributions have totaled \$2,500 thus far, including one from ex-world heavyweight champion Cassius Clay.

Elze, who turned professional in 1961, won 35 bouts, lost six, had one draw and one no-decision.

THREE AMATEUR GOLFERS take a brief rest at the Pampa Country Club, site of the 43rd annual West Texas Men's golf tournament now underway here through Sunday. Pictured are John Farquhar, Amarillo, who recorded a 35-35-70, on the left. In the center is Bob Sanders, Amarillo, who shot 36-39-75 and Bill Holstead, Wichita Falls, who was tied for 10th place with a 37-34-71. Holstead is the defending West Texas amateur champion.

Matson Breaks Own Mark In Shotput

By JOE SARGIS
UPI Sports Writer
SACRAMENTO, Calif. (UPI)—Their isn't much they can do tonight on the windup of the national AAU track and field championships to top Thursday's opening show when the world record in the 100 meter run was kicked around as though it never existed.

Charlie Greene, Jim Hines and Ronnie Ray Smith all were clocked in 9.9 seconds for the classic sprint distance in semifinal heats to beat the old mark of 10 flat held by Greene, Hines and six others and tied earlier by Greene and French champion Roger Bambuck.

Before the night was over, Mel Pender, Larry Questad, Kirk Clayton, Ernie Provost and Lennox Miller also tied the record in a fantastic assault which left a crowd of about 10,000 gasping.

Greene Ahead
In the final, Greene nipped old emesis Hines by a head to take the title the first won in 1961 and lost to Jim a year ago. All eight men in the event were clocked in 10 flat and it took a long, hard look at pictures provided by the Bulova photometer to determine the pacings. Even so, the result proved anticlimactic to the earlier races.

Also lost in the shuffle was 9.8 clocking by Hines in one of the four trial heats. While it is the fastest ever record time for the event, it will never get into the record book because Hines was helped by a 6.2 mile per hour wind. The allowable wind for records is 4.47.

Six other titles were decided Thursday and there were some fine performances on the show which began at 5:30 p.m., and wound up at midnight at Hughes Stadium, one of the faster tracks around.

Randy Matson, Bob Day, and Bob Beamon set records in winning their titles. Matson, the world record holder and defending champion, won the shot put with a throw of 67.5 to beat his own mark of 66-11 set a year ago.

Schul Fourth
Day spurted on the gun lap to win the 5,000 meter run in 13:50.4 beating Bob Schul's mark of 13:56.2 set in 1964 just before Schul went on to win the gold medal in the event at Tokyo. Schul, one of a group of old war horses looking for one more chance on the Olympic

stage, qualified for next week's Olympic trials at Los Angeles by placing fourth.

Beamon leaped 27-4 to win the long jump title. His leap easily beat the meet mark of 26-11¼ set by Ralph Boston in 1961. Boston, who shares the world record at 27-4¾ with Russia's Igor Ter-Ovanesyan, finished second to Beamon with his best leap of the year—26-7¾.

The other titles Thursday went to Ed Burke in the hammer (217-0), Dick Railsback in the pole vault (17-¼) and Earl McCulloch in the 110-meter high hurdles.

PINDER SIGNS
PHILADELPHIA (UPI)—Cyril Pinder, a running back from the University of Illinois, has signed his 1968 contract with the Philadelphia Eagles, it was announced Wednesday.

Pinder, who was declared ineligible in his senior year because of a "slush" fund investigation at Illinois, will report to the Eagles pre-season training camp July 14.

SCHEDULE BOUT
PHILADELPHIA (UPI)—Emile Griffith, former middleweight champion, and Gypsy Joe Harris, a leading contender, officially signed for a 12-round bout July 8.

Rebels Host Borger Club On Saturday
The Pampa American Legion baseball club meets the Borger team in a district contest at Optimist park Saturday night. Game time is 7:30.

Pampa, now 2-2 after losing a home contest at the hands of Palo Duro of Amarillo, 14-4, on Wednesday night, will meet the only undefeated team in the northern division.

Pampa Lass Ties For Low Net

Huber Country Club of Borger was host for this month's Panhandle Women's Golf Association. Low gross over the entire field was won by Billie Nichols of Huber with a 74 and low net over the field was tied by Shirley Stafford, Pampa and Margaret Logan, Huber, with a 59.

Balls were presented to players of the seven clubs for individual team scoring, with players being eligible for only one ball. Pampa's low gross was won by Ruby Husted, with a 79 and low net by Joyce Scott with a 62.

Low net on nine holes of Pampa was won by Marge Gipsen, with a 30 and Beth Ramsey and Betty Ellis, with a 31.

In team standing, Pampa rose from 6th place to 3rd, with Huber taking first. Dumas Country Club will host the next Panhandle Day, July 18th.

Ninety seven players enjoyed a luncheon which preceded the round of golf. A traveling plaque will be awarded the club having the lowest total team score at the conclusion of play in November.

Cougar's Supremacy May End

LAS CRUCES, N.M. (UPI)—Following the trend set by a professional ranks this year, a group of young, seemingly nervous players are threatening to end the University of Houston's supremacy in the collegiate circles.

Moving into the third round today with half of the annual NCAA golf tournament gone, the defending champion Cougars find themselves no better than fifth place in the team standings and Houston's Hal Underwood, favored by most to cop the individual crown, is buried in 13th place eight strokes behind the leaders.

In the race for the individual crown, Oklahoma State's Grier Jones is setting a record pace. Jones stacked a 68 Thursday atop his opening round of 65 to post a two-round total of 133—two strokes lower than the 36-

As a team have played the hole record of 135 set in 1965 by Houston's Marty Fleckman. Two strokes back of Jones comes Allen Miller of the University of Georgia. At 136 is Paul Purizer of Arizona State. Carl Di Cesare of Florida State was in fourth place after two rounds with 138 and tied for fifth were Lynn Janson of Michigan State and Jack Lewis of Wake Forest with 139.

U.S. LOSERS
LJUBLJANA, Yugoslavia (UPI)—The United States Olympic basketball team went down to its second defeat in as many nights against Yugoslavia Wednesday night 83-78.

University of North Carolina star Charlie Scott and Donald Dee shared American scoring honors with 16 points each.

DETROIT (UPI)—Southpaw Les Cain Monday was optioned to the Toledo Mud Hens of the International League by the Detroit Tigers on a 24-hour recall basis.

Cain, 20, was in eight games for the Tigers and compiled a 1-0 record with a 3.00 earned run average.

Prairie Trails & Pioneer Tales

By TRACY CARY

Do any of you remember when there was a dugout in the center of Cuyler Street in front of the White Deer Land Building? No? Well, one of our fine pioneer ladies, Mrs. Hallie Case Tiemann, recalls that this was the first Pampa home of her uncle and aunt, Mr. and Mrs. Thomas V. Lane and their two boys, and when Mrs. Tiemann was a small youngster she moved with her family to Pampa where her father and uncle were employed by the railroad.

In a most interesting sketch of the Case and Lane Families which Mrs. Tiemann has sent the Gray County Historical Survey Committee to be included in the Gray County history, she recalls that her first teacher was Mrs. Annie Daniels at Canadian where she was first sent for her education.

From Mrs. Lucille Ewing Woeft and her brother Robert F. Ewing the Pampa Genealogical & Historical Society received several items to be displayed at the Pioneer Cottage Museum that belonged to their parents, Judge and Mrs. W. R. Ewing.

Among the precious heirlooms which will be used in the display are the ball dress of Mrs. Ewing (then Lula Fitch) used by her about 1896 made of chalfins and elegantly trimmed in velvet and pearl buttons.

Other items were a lady's purse tooled in leather and which was a souvenir of the 1904 World's Fair in Saint Louis. A pillow sham which was made at Mobeetie in 1885 by Mrs. Robert Fitch, mother of Mrs. Ewing with a large "F" embroidered in the center.

CLASSIFIED ADS GET RESULTS PHONE MO 4-2525

Justice of the Peace J. R. Ewing reads, "To District Judge W. R. Ewing - Whose efficient conduct of the affairs of the Ninth Administrative District is effectively aiding the administration of Justice in Texas, this Centennial is respectfully inscribed by a fellow worker on the Bench."

Two other books were "One Hundred Years of the Supreme Court of Texas" and "Historical Introduction to Texas Jurisprudence". The EWings commended the deepest respect and friendship of a host of persons throughout the country and when these items are placed on view at the Cottage will call forth many treasured memories.

The Pioneer Cottage Museum Committee has also asked that if any of our readers have items on the following list which they would like to either give or lend to the museum, they will be recorded as your gift and placed on display at the Cottage.

Needed for the living room are a settee, table and coal oil lamps, small rocking chair, child's chair, bookcases, pendulum clock, books, Bible, photographs of early contemporary scenes, hat rack with buffalo horns, lace table cloth for table, tin type pictures, iron stove (wood or coal), child's dolls, chest of drawers, table wash bowl and pitcher, clothes chest (wardrobe type), cradle, sewing machine, trunks, chamber pot (china), boots and women's high laced shoes, ladies' dresses and hats of the period, vanity items—combs, brush, mirror, etc., high backed bed, quilting wheel, writing slates, child's marbles, yarn winder, other appropriate items.

Needed for the kitchen are: iron cook stove, iron kettle, Dutch oven, coffee pot, coffee grinder, lidifter and coal shovel, hand washboard, wash bench, water bucket, dipper, shaving mug, razor strap, towel rack, mirror, coal oil lamps on wall brackets, small kitchen table, food chopper, crocks, butter molds, churn, wooden bread troughs, dish pans, hat rack, bonnet, man's hat, kitchen safe, colander, bowls, spice cans, pitchers, snuff jar, spoon holder and spoons, cheese bowl & cover, fruit jars, and plates.

Also a larger kitchen table and chairs, high-chair, sugar bowl, knives & forks, water glasses, saucers, platters & plates, jug for cider, flour sifter, hot iron, kraut press, lye soap, axe, gun, wood carders, rolling pin, lard bucket, bottles of medicine (old), spectacles, whiskey bottle, flour barrel, red checkered tablecloth, wash tub, dipper & bucket, laced bottom chair, egg eater, and apple corer.

man hours of volunteer labor has been contributed to landscaping the Cottage. Over 200 persons have contributed either supplies, labor, or money to help get the museum started.

BRITAIN DECLINES LONDON (UPI)—British spokesmen, citing high cost and other economic commitments, said Thursday Britain will not join a \$422 million atom-smasher project of the 13-nation European Organization for Nuclear Research.

'Computer Age' Gives New Way To Train Young Men

GATESVILLE, Tex. (UPI)—An instructor at a school for wayward boys said today the computer age has given the school a new way to make its young men ready for a brighter future.

Training in the use of computers is the key, Bennett Kennedy of the Mountain View School for Boys said.

"Ours is the only program in the nation to use computers for rehabilitating delinquent youngsters," Kennedy, data processing instructor, said.

"We teach the boys a marketable skill they can sell to an employer," Kennedy said.

He said almost 120 boys have gone through the program and many are now going to college.

"Not one of our students has been sent back because he got into trouble again," he said.

Use Advanced Computer The program, which uses advanced IBM computers, started two years ago.

Dr. Turman is very progressive, Kennedy said. He discussed the idea with Texas A&M and a computer program was worked out.

Our equipment is equivalent to almost any junior college in the state, better than any high school in Texas," he said.

Teen-Ager Discovered New Comet

CAMBRIDGE, Mass. (UPI)—A teen-ager from Bishop, Tex., was assured by the Smithsonian Observatory today his name will be recorded in history—attached to a comet.

The observatory said the new comet was discovered June 14 by amateur stargazer Mark Whitaker, 16, who spotted the fiery-tailed sphere from his back yard through a four-inch telescope.

Whitaker's discovery was confirmed by Norman Thomas of the Lowell Observatory at Flagstaff, Ariz., who found the comet on a photographic plate made of the asteroid "Icarus" June 16.

The Smithsonian Observatory said the comet "Whitaker-Thomas"—a ninth magnitude object—in the constellation Serpens, in the southern nighttime sky.

Thomas was given credit as co-discoverer with the young Texan since he found the comet without being aware Whitaker had already located it, the observatory said.

They are suited for the work. "Capability and grade level are important," he said.

"The greatest problem we face is when a boy leaves school before he has completed a high school education or reached 18 years of age.

House Due Vote On Food Bill WASHINGTON (UPI)—One key demand of the Poor People's Campaign—food for the hungry among the estimated 30 million poverty-level Americans—is due for a vote by the House within the next two weeks.

House action, tentatively planned now for July 1, will center on a bill approved by the Education and Labor Committee Tuesday.

An estimated \$224 million in such revenues will be spent as of June 30, the end of the 1968 fiscal year.

The additional \$100 million the committee bill would authorize would have to be used for free or reduced price lunches.

super masque Sterling
ACRYLIC LATEX PAINT
Sterling 12 Star Super Masque is just what the name implies—a superior mask for shabby interior surfaces. This fine quality acrylic latex paint is easy to apply, dries quickly, and is washable far longer than ordinary latex paints. Super Masque covers in one coat, dries to a velvet finish in minutes. You can redecorate in the morning... entertain in the evening. See your Sterling 12 Star dealer—ask for the color chart of 21 standard colors and 27 intermediates. Pick up your Super Masque and your lovely milk glass vase at the same time.
