Television In Review

By ROBERT MUSEL
NEW YORK (UPI)—Some time ago there were well-founded reports in Europe that the Polish television network was in trouble for showing too many programs favorable to the West. The story goes that the network got back into official good graces by promptly putting on a series it obviously considered had as much corruption and violence as any Marxist could hope to see about the United States.

The series was our own "The Untouchables." The point is that when the Polish network was ordered to find something anti-American it did not bother to concoct its own program. It knew, as European networks know only too well, that the United States does this best itself.

The present coverage of the violence, real and potential, surrounding the Democratic National Convention in Chicago is another example of the sort of thing that has been glowing in front of the TV sets in Moscow, Warsaw and Budapest.

Armed Soldiers Even our allies, the British, who are also taking as much live coverage of the convention as they can cram onto the satellite, must be wondering again what is happening to their big friend across the Atlantic that armed soldiers and police have to attend the process of choosing a man to run for the White House.

There is no escape from this situation under our thankfully free press and television. Most Americans know how to evaluate the complete coverage available to them from NBC, CBS and ABC. But this is usually heavily edited by the time it reaches foreign screens and not always—even in Western Europe—by editors friendly to the United States.

One answer, of course, would be for our politicians to think of world opinion in selecting a site for a convention and in the conduct of the convention itself. Nearly two centuries after the Declaration of Independence they might replace the remnants of our pioneer exuberance with dignity remembering that our President is the most powerful elected official in a world grown so small a British newspaper said the other day: "They're choosing our President, too."

'Superchair' Aid To Ill Woman

DALLAS (UPI)—Mrs. Jessie McGuire, a 72-year-old arthritis sufferer, said Monday she was fed up with sitting around for the past 40 years and decided to do something about it. So she enlisted a group of junior high school boys and built a superchair.

"It is so painful getting in and out of chairs that I have designed one so I will not have to ever leave it," Mrs. McGuire said.

The red, strange-looking, wheelchair type seat is equipped with everything Mrs. McGuire needs—including a paint brush holder.

Painting is her occupation, and she uses the holder so she can reach canvases on the floor.

Mrs. McGuire's biggest dream is getting a truck to take her "all around." She hopes to buy the truck with the money from a lawn sale of her paintings.

Traveling is her secondary dream.

"I want to go to New York and Midland," she said. "And I want to keep on going."

"I do not want to sit here and die," she said. "That is the hardest job anyone could ever do."

Kremlin Kills Red Liberalism

By K. C. THALER
VIENNA (UPI)—The Kremlin has rung the death knell for liberalization in the Communist bloc for some time to come, diplomats said today.

The Czechoslovak venture spells a sharp tightening of the screw in all East European countries and in the Soviet Union itself.

But what Moscow may hope to gain in its shaky East European empire, it is certain to lose in the world Communist movement.

The agreement emerging from the tortuous negotiations in Moscow between Czech leaders and the Kremlin's ruling trio leaves many questions unanswered. It left, seemingly deliberately, many loopholes.

But there is little doubt the hardline policies that will freeze liberalization in domestic, economic, social and intellectual life behind the Iron Curtain. It also will put some brakes on foreign liberalization by bloc allies and generally try to bring the Red allies into line with Moscow—at least for a while. Pessimists predict it may be for years.

Much will depend on whether and to what extent Moscow will be able to repress the awakened people, who have shown tremendous determination in the past crucial days of the Soviet invasion.

The results Czechoslovak Communist leader Alexander Dubcek brought back to Prague from the Moscow talks leave Czechoslovakia, in principle, a Soviet-occupied country, accord-

ing to the diplomats. The Red army is likely to stay for a prolonged period, even if its numbers may be reduced gradually.

They also said there are to be Soviet-controlled brakes on the nation's press and radio in the spheres of inter-Communist affairs and relations. This provision exposes a wide field to hardline repression.

According to the diplomats on the credit side stands the recognition of the Dubcek regime which its leaders have wrung from the Kremlin against overwhelming odds.

This "concession" marks one of Moscow's worst defeats in recent years.

The Kremlin has had to accept the men it branded as traitors and counterrevolutiona-

Wall Street Chatter

NEW YORK (UPI)—McDonnell & Co. finds the Czechoslovak crisis "falls inopportunely on a stock market which is not altogether technically sound."

However, the firm says, the market "is not so desperately weak that it will collapse without great resistance." McDonnell sees the Czech situation ruffling "the relative tranquility of the world and of the stock market," but does not believe the impact on the stock market will alter its basic course and direction.

Nevertheless the new repression is expected only to delay liberalization, not to prevent it forever.

investment community has been fragmented for months and lacks "consensus as regards the primary trend, a feeling for the trend of profits, and an instinctive urge to either fish or cut bait."

The Alexander Hamilton Institute looks for continuation of the present unsettled market for the next few weeks at least, "barring a breakthrough in the stalemated Paris peace talks."

International political events continue to exert downward pressure on stock prices, the firm observes, and "President Johnson's reaffirmation of our North Vietnam bombing policy, coupled with a new Viet Cong offensive, is hardly conducive to progress in the Paris peace talks."

Spear & Staff expresses a measure of relief that stocks "did not tumble in the wake of the Czech calamity" but observes that it cannot be inferred that the market therefore is bullish.

Spear says the thinking of the

Article Suggests Ways to Equalize Life Spans of Wives and Husbands

By GAY PAULEY
UPI Women's Editor
NEW YORK (UPI)—Today, the myth of the frailer sex—woman—has been pretty well exploded. Instead, statistics indicate that man is the frailer, more prone to crippling or killing ailments or accidents. More men than women die of heart disease. More men than women have ulcers. More men die of tuberculosis, of cirrhosis of the liver. More men have fatal accidents. More men commit suicide.

Biologically, women are apt to outlast their husbands in 60 out of every 100 cases where they are the same age. The women have a six-year margin on the life span.

Lonely Years
But a wise wife can cut down this margin by a few years or may at least postpone those lonely years of widowhood. It takes some doing, in these days when almost all of us are subject to high pressure living. Some suggestions come in the current "Health News," a publication of the New York State Health Department, which bluntly titles an article "How to Keep From Being a Widow."

A great deal of men's heart troubles show up in the middle years, particularly among men who drive themselves without respect for their hearts or blood pressure. These men live hypertensive lives, doing everything with gusto, including eating, drinking and smoking too much, working too hard, playing too hard.

Where does the wife help relieve these pressures? Cushion him as much as possible about the pressures of business. Help him to relax at home. In turn, though, if you add to his tension by demanding more activity, urging him to make more money, you may be laying

on the last straw, says the article's author, Lorraine B. Maloy.

Proper Diet
Attention to his diet is probably the first step a woman should take. Check with your physician on the proper weight for your husband, considering his age and activity. Only a physician familiar with the patient should prescribe a diet and the fact that it is outlined for him by a professional may help him to hold in and reduce his waistline.

It is better to forego his praise of hot biscuits or blueberry pie in order to get his waistline back to where it was when you met him. Your own cooking habits may have to be changed drastically.

Smoking long has been known as a factor contributing to hypertension and heart disease. One of the recent findings of New York State's Cardiovascular Health Center at Albany Medical Center was that men who smoke a pack of cigarettes a day, or more, are nearly twice as apt to develop coronary heart disease as non-smokers of the same age.

Color, Dual Purpose Furniture Create Space in a Small Room

By AILEEN SNOODY
NEA Home Editor
NEW YORK (NEA)—Color, judicious use of dual-purpose furniture and unusual arrangement of wall shelves help a small room put on large-room airs.

A classic use of twin sofas cornered in a room make a start in two settings. A one-room apartment, for example, leads many lives with a small white-brick terrace and clay-potted plants extending its living space.

The room can appear to grow through use of a monochromatic color scheme that avoid chopping up an area. In keeping with the leaning to pineapple shades this season, make walls a sunny yellow and echo color in window shades and a notched canopy-type valance. In pineapple yellow are steel-based love seats. These designed in deeply tufted chenille velvet. Again an accent is the soft-beige weltless design using latex foam rubber cushioning. The sofas convert to comfortable beds.

Further expanding the area for living-bedroom-dining life is the use of smoke glass paneled screens in the dining area corner.

In this space, an interior designer used a desk-table that houses two upholstered ottomans. These stainless steel-based pieces are for dining or extra seating. When not in use, they slide back into the unit and avoid cluttering the corner.

A staggered arrangement of wood shelves combined with a painting to form an intriguing wall design. The shelves hold books and bibelots but take up absolutely no floor space.

Another room using sofas set at right angles and off-the-floor shelving units does lean on two bright color notes. The main one acts to pull the small area together, though, when used with neutral-toned furnishings and pale gray walls. This is a red sunburst effect area rug surrounded by a black-and-white sofa. Bright gold velvet toss pillows accent the sofa, and stools in the same fabric act as frames for the conversation area. Again try economy of furniture pieces with merely a few solid white and solid black chairs used elsewhere in the room.

Dear Abby

By Abigail Van Buren

DEAR ABBY: We have always owned our own home and have recently started renting, and we have a question to ask. In a rented house, WHO is supposed to pay for putting up and taking down the screens and storm windows? The owner or the tenant?

RENTING

DEAR RENTING: Unless it is specifically stated in the contract, the tenant usually assumes the responsibility. (If he does not, he is probably trying to pass the buck—or save one.)

DEAR ABBY: Our daughter is 20 years old. She had a mental breakdown 6 months ago and spent 12 weeks in a hospital.

She's home now. She's not working, but she dates regularly as she is a very pretty girl. We have not met any of the fellows she has gone out with as she meets them somewhere else. Last night she stayed out all night and we were worried sick.

Our daughter is still in therapy. So I called her psychiatrist asking if we could lay down two rules of dating.

(1) Her dates MUST pick her up at home so we can at least meet them.
(2) No more staying out all night.

The psychiatrist said, NO. If we were to impose such rules on her she might do something to harm herself. My husband agrees with the psychiatrist. I do not. Where do you stand?

MOTHER

DEAR MOTHER: I stand with you (and so do three competent psychiatrists with whom I have consulted about your problem). Unless your daughter's psychiatrist has more information about your daughter than you have and is reasonably certain that you have no cause to worry, she may already be doing something to "harm" herself.

As long as your daughter is under 21, and living at home, she should abide by the rules.

In 1812, Charles Babbage had an idea for a computer that performed a series of operations, but his idea was unrealized until the 1930s. The World Almanac says, His "analytical engine," designed to take data from punched cards, had a program written for it by a daughter of Lord Byron. Although Babbage labored 50 years, his machine was never completed.

Nonconformist Shirt Goes Back to School

By HELEN HENNESSY
NEW YORK — (NEA)—The shirt, long a necessary part of many a school uniform, is now the starting point for fall's most nonuniform sort of back-to-school dressing. But it's not the same shirt.

The boyishly square, man-tailored prototype has given way to femininely curved body-shaping. Collars and cuffs have been enlarged, sometimes romantically rounded. Plain white takes a back seat to gay colors, menswear stripes and checks or prints.

The shirt that goes back to school this fall can be as flirtatious as a peacock, as media-tive in mood as the maharishi-of-the-moment or as proper as white flannels. And, as important as the shirt might be, it's less a matter of which one you wear as it is of how you wear it. The new math of assembling separates this fall might be labeled Shirt Dressing I, required in any progressive fashion curriculum.

You'll find the prerequisites in an expanded collection of shirts, turtlenecks, and shirt-oriented sweaters for the 7-to-14 set and skirts, jumpers and neck ties are added to the course for their bigger sisters. These are designed to allow the wearer to do her own thinking as far as putting the parts together is concerned, with no set formula. And there's virtually no limit to correct answers.

You might put a classic Ox-

ford suit in stripes under a V-necked sweater for an up-dated version of a '30s schoolgirl or copy a British schoolboy in a pin-striped body shirt worn with a knitted necktie.

You can be as much of the moment as folk rock in a high-necked, guru shirt (worn with chains, of course) or as old-fashioned as a waltz in a shirt with a frilled jabot. For a cowboy-

and Indian look, try an earth-colored tattersall checked shirt under a fringed leather jumper.

There's no end to the number of ways fall's nonconformist shirt goes back to school.

THE PROPER SCHOOLBOY SHIRT and tie are likely to wind up on the well-dressed schoolgirl this year. Boyish as the striped oxford (left) may seem, the shirt has girlish princess shaping. Bright, goldenrod oxford guru shirt (right) is body-seamed, treated to double-button cuffs, double-button guru collar and a brassy accent of keys-on-a-chain.

—SCARBOROUGH, England—When John Ashmore and Arleen Ebrooksbanks go on the honeymoon Saturday after their marriage, they will have the best bedroom in a new hotel, the best table in the hotel dining room, near the pianist, and use of the hotel's heated swimming pool. In fact, they'll be the only guests at the hotel. The manager decided to give John and Arleen a free five-day honeymoon before the hotel opens its doors to general guests.

UNFETTERED FELLOW

PHILADELPHIA — William R. Welch sang the praises of bachelorhood Monday after blowing out the candles on his 107th birthday cake.

Asked his formula for longevity at the birthday celebration in Philadelphia General Hospital, Welch replied: "I never got married."

WOMAN DRIVER

BROMLEY, England — Mrs. Mary Camplon couldn't imagine what surprise her husband Brian had in store for her on her birthday as they drove to a building site where a giant bulldozer was at work.

"It's all yours for 15 minutes, love," said Brian. "Happy 34th."

Then she caught on and drove the bulldozer around with guidance of the driver. "I always said I'd like to drive one of those when Brian and I passed one," Mrs. Camplon explained.

FALSE TEETH

LIVERPOOL, England — The cinema marquee read, in foot-high letters, "Artie's Teeth."

Film fans were baffled at first. Then workmen renovating the theater explained they were kidding coworker Artie Bensley.

47, about his new set of teeth. Artie finally took the letters down.

"They're a nice set of teeth," he said, "but not all that good."

Backstairs at the Democratic Convention: One of the nation's leading columnists, who is forever calling for a more alert national administration, had his pocket picked in a Chicago hotel elevator shortly after arriving at the Democratic National Convention. The take: \$150 and credit cards.

A delegate went into the drug store at the Conrad Hilton, the headquarters hotel in Chicago to purchase a small screwdriver. The price: \$45. It was chrome-plated and part of a set. No sale.

The larger Loop hotels were going through misery when the main force of delegates hit town over the weekend. And because of an old problem: guests who had promised to check out by a certain date decided to stay over a few more days to watch the Democratic fun.

In some cases, convention guests had mailed room deposits weeks ago only to arrive in Chicago and find themselves booked in smaller hotels many blocks from the center of activity.

Comedian, writer and producer Carl Reiner, one of the leading figures of the entertainment world working for Sen. Eugene J. McCarthy, presided over a press conference here featuring "Stars for McCarthy."

The participation of Reiner and such other stars as Dinah Shore, Tony Randall, Dick Van Dyke, Jill St. John, Martin Landau and Barbara McNair in active competitive politics reflects a relatively new trend in campaigning.

Show business folks for too many years felt they would offend their audiences by showing any interest in partisan politics. The situation began to change after World War II when a few brave stars of stage and screen began to sing and recite at political rallies. But they steered clear of intraparty fights for the most part.

Now the New York-Hollywood set is split into sharply divided factions, each warring quite actively on behalf of favorite candidates.

By United Press International
CHICAGO — Sen. Ralph Yarborough, pleading to be seated as part of the challenge delegation from Texas to the Democratic National Convention:

"I'm the U.S. senator from Texas—the only Democratic senator from Texas, and they won't even let me on the floor."

CHICAGO—Gov. John Connally of Texas, after Yarborough's challenge delegation was defeated in its effort to be seated:

"This is going to be the roughest convention we've seen in 20 years."

CHICAGO—An off-duty policeman, praising the ability of Chicago Mayor Richard Daley:

"This really is a great city. Daley's not going to let anything happen to it."

SCULPTURED SEA SOUNDS DOWN BY THE SEASHORE. This is not a rock 'n' roll group, but friends of artist Billy Hiebert of Oakland, Calif., who was inspired to create these sculptures when he wondered what musical instruments might look like if designers could go a little wild. Though Hiebert's instruments are primarily for display, they do make sounds; hence, this impromptu band.

FINAL PUSH

LONDON (UPI)—The Nigerian military leader, Lt. Gen. Yakubu Gowon, said Monday night on a radio news program the final Nigerian push on the breakaway Eastern Region be-

gan Saturday. He predicted the conquest of Biafra would be accomplished within four weeks.

LEAPING PROTEST

LONDON (UPI)—A negro jumped out of the public gallery

onto the floor of the House of Lords Monday while the house discussed the Soviet invasion of Czechoslovakia. He told police he was making a "political protest" but refused to enlarge on the statement.

MOSCOW — The Communist party newspaper Pravda, commenting on the talks between the Kremlin leaders and Czechoslovak leaders:

"They were held in a frank and comradely atmosphere."

PAMPA BOYS RANCHER — Greg Wilson, 15, one of 12 Pampa boys making their home at Cal Farley's Boys Ranch, demonstrates the art of brahma bull riding during a practice session at the ranch. The boys are preparing for the 24th annual Boys Ranch rodeo, scheduled Sept. 1 and 2. Attendance records are expected to be broken during this year's show at the ranch.

ANNUAL WALK across "Mighty Mac," Michigan's longest bridge, will take place again this Labor Day. For the 11th year, the tramp of feet will drown out the swish of automobile tires on the huge four-lane structure stretching five miles across the Straits of Mackinac, connecting Mackinaw City and St. Ignace. Two lanes are closed to vehicles for the traditional walk, which is the only time of the year when the bridge is open to foot traffic.

Boys Ranch Rodeo Set On Holiday

A new attendance record is expected at the 24th annual Cal Farley's Boys Ranch rodeo over the Labor Day weekend. Last year over 9,000 people turned out to see almost 100 Boys Ranchers perform in what is the only rodeo of its kind in the nation in which boys are the only contestants riding professional rodeo stock under RCA rules. Each of the 348 boys who live at the ranch will have a part in the rodeo with those who do not ride serving as parking attendants, helping at the chutes, selling soda pop and popcorn, and helping to prepare the giant-sized barbeque beef sandwiches which will be offered to visitors who arrive early to picnic for only \$1. Twelve former Pampa boys will take part in this year's rodeo. They are Harvey Kelly, Jimmy Martin, Roy Martin, Tommy Sells, Terry Van Sickle, Calvin West, Daniel Rains, Perry Rains, Richard Rains, Steve Rains, Charles Swift and Greg Wilson. Tickets for the two rodeo performances, at 2:30 on Sunday and Monday, September 1 and 2, may be obtained in advance from the Boys Ranch office, Box 1890, Amarillo, Texas, or by calling 374-6687. Box seats are \$2.50; general admission is \$1.50, and children and servicemen in uniform will be admitted for 75 cents.

Columbus is riding a jet-stream of homers in the close race for the International League pennant. The Jets beat Richmond twice Tuesday night 4-3 and 4-1 to move within 1 1/2 games of first place Toledo.

El Paso, 4 1/2 games in the fore in the West smacked the Amarillo Giants 2-0 and 3-0. Amarillo is 10 1/2 games out of first place in the Western Division. Single games were the order of the day in the Eastern Division and division leader Arkansas beat Dallas-Fort Worth 4-1 to push the Spurs a little deeper in the dungeon. Second place Shreveport Braves beat third place Memphis Blues 2-1.

Top Texas League Teams Triumph

Everybody followed the script Tuesday night in the Texas Baseball League with the top two teams in each division beating the bottom two teams.

Tigers Lose Ground When White Sox Win

By FRED DOWN
UPI Sports Writer

The question no longer is whether the Baltimore Orioles can catch the Detroit Tigers but whether they will.

The hard mathematics which a week ago seemed to make the Tigers secure in first place in the American League have disappeared. Three of the last 10 pennant winners—the 1964 New York Yankees, the 1965 St. Louis Cardinals and the 1965 Los Angeles Dodgers—were farther back on Aug. 28 than the Orioles' current four-game deficit and the 1967 Dodgers were three behind on Aug. 31.

What's more, the Orioles have six games remaining against the Tigers, including three this weekend.

The race became a reality Tuesday night when the Orioles picked up a game and a half by beating the Oakland Athletics 5-3 and 7-2 while the Tigers lost to the Chicago White Sox 2-1.

The Orioles have won six of their last eight games while the Tigers have lost five of their last six.

Rookie Merv Rettenmund won the first game for the Orioles with a two-run pinch-hit homer in the ninth inning and breezed in the second game behind the six-hit pitching of Wally Bunker. The White Sox beat the Tigers when Buddy Bradford scored from second base on second baseman Tom Matchick's throwing error with one out in the ninth.

The Boston Red Sox defeated the Cleveland Indians 7-1, the California Angels beat the New York Yankees 2-0 after losing by the same score and the Minnesota Twins downed the Washington Senators 7-1 after a 2-0 defeat in other AL games. In the National League, the

New York Mets topped the St. Louis Cardinals 2-0, the Cincinnati Reds routed the Philadelphia Phillies 10-0, the Pittsburgh Pirates shaded the Atlanta Braves 4-3, the Houston Astros beat the Los Angeles Dodgers 4-2 and the San Francisco Giants topped the Chicago Cubs 8-4.

Rettenmund hit his first major league homer off Warren Bogle, following a single by Curt Blefary, enabling reliever Eddie Watt to win his fifth game of the season. Blefary had given the Orioles a 3-0 lead with his 11th homer of the season in the fourth inning after singles by Brooks Robinson and Dave Johnson.

Floyd Robinson's two-run single following a run-scoring single by Reggie Smith and preceding a throwing error by Duke Sims sparked a four-run third inning as the Red Sox took sole possession of third place.

Rookies Billy Harrelson and Andy Messersmith allowed one

hit—a single by Joe Pepitone in the sixth inning—as the Angels gained their split. Stan Bahnsen and Steve Hamilton combined in a six-hitter for the Yankees in the opener during which Mickey Mantle drove in the 1500th run of his career.

Bruce Look's three-run double in the second inning was the big blow of the second game for the Twins as Jim Roland pitched a five-hitter for his fourth win. The Senators were held hitless by Dean Chance for seven innings in the first game but Mike Epstein singled leading off the eighth and Bernie Allen hit a two-run homer after a forceout.

CELTS GET BRYANT

BOSTON (UPI)—The Boston Celtics have acquired guard Emmette Bryant from the Phoenix Suns in return for a second round draft choice next year.

The Suns, one of the National Basketball Association's two new clubs, claimed Bryant from the New York Knicks in the expansion draft.

NOTRE DAME is expected to be the prime contender for the national championship this season under the guidance of quarterback Terry Haarratty (right), who may pass his way to a new total offense record. His favorite target is split end Jim Seymour (top), the school's all-time pass receiver.

Leading National League Batter Has 17-Game Hitting Streak

By VITO STELLINO
UPI Sports Writer

Pete Rose is the best hitter of all time?

At first glance, his .351 average this season doesn't compare with some of the marks rung up by hitters like Ty Cobb, Rogers Hornsby, Joe Jackson, Tris Speaker and Ted Williams—who have compiled the best lifetime averages.

But when you consider the year Rose is doing it in, his .351 average looks comparable to the .424 Hornsby batted in 1924. Rose, whose goal is to become the first batter who doesn't hit homers to make \$100,000, collected four hits Tuesday night as the Cincinnati Reds routed Philadelphia 10-0 to boost his average to .351. Rose has just eight homers.

He's doing this in a year when there are only five .300 hitters all in the National League—the 20 major league teams. And he also missed 13 games at mid-season with a sprained thumb.

By contrast, in 1930 there were 76 .300 hitters on 16 major league teams—43 in the National

League and 33 in the American League. Bill Terry won the National League title with a .401 average while Al Simmons led the AL with a .381 average that year.

Rose, who has now hit in 17 straight games, went 4-for-5, scored a run and knocked in one as the Reds clobbered Rick Wise and three relievers. Tony Cloninger went all the way for the Reds' giving up four hits to gain the win. Cloninger also hit a bases loaded double during a six-run explosion in the fourth inning.

Elsewhere in the National League, Pittsburgh nipped Atlanta 4-3 in 11 innings, New York blanked St. Louis 4-0, Houston edged Los Angeles 4-2 and San Francisco drubbed Chicago 8-4.

In the American League, Baltimore swept a doubleheader from Oakland 5-3 and 7-2, Chicago edged Detroit 2-1, New York blanked California 2-0 but lost the second game by an identical 2-0 margin, Boston routed Cleveland 7-1 and Washington blanked Minnesota 2-0 but lost the second game 7-1.

Tommy Agee drove in three runs with a homer and a two-run single to pace the Mets to the 4-0 victory over the Cardinals. Dick Salma pitched a six-hitter for the Mets to boost his record to 9-8 while Larry Jaster, 8-11, suffered the loss.

Donn Clendenon struck out but reached first on Jim Britton's wild pitch and then scored on Jerry May's single in the 11th as Pittsburgh nipped Atlanta. Clendenon swung at a high, outside pitch for a third strike but the ball got past catcher Joe Torre and Manny Mota singled Clendenon to second. After an out and an intentional pass, May then singled Clendenon home.

Bobby Bonds drove in six runs with a pair of homers and grounder as the Giants whipped the Cubs. Bonds' hitting backed Bobby Bolin's seven-hit pitching and gave the Giants their 14th win in the last 18 games. Bonds

Optimist Football Set To Start September 24

Registration for interested boys in the Titer football league is Sept. 4 through 6 it was announced today by James Lewis, president of the league.

The league is sponsored by the Optimist Club which requests help for financing football equipment from sports-minded businessmen in Pampa.

The program is open to fifth and sixth grade boys whose thirteenth birthday falls before Sept. 1.

Boys interested in playing in the program must have their birth certificate and \$3.50 for insurance at registration from 5:30 to 7 at the Optimist Boys Club, next to the Optimist baseball field.

Lewis said that all boys must register, even if they played on a team last year.

Six teams will compete in the league. They include the Colts, Browns, Redskins, Lions, Tigers and Packers.

The league will start on Sept. 24. Four games are scheduled every week.

Lewis urged interested businessmen to help sponsor the

teams. Games will be held at the Babe Ruth baseball park.

All equipment except shoes will be furnished by league officials. Each boy must furnish his own tennis shoes.

Coaches on the teams include T. L. Garner, Packers; Warren Smith, Browns; Chuck Bennett, Rams; Don Carpenter, Colts; Harold Lewis, Redskins; Buzz Shelton, Lions.

Harold Lewis, brother of James Lewis, the league president, is a former halfback with the Baltimore Colts and Oakland Raiders professional football team. He also played professional football in Canada.

This marks the fourth year of operation for the football league and also its first year for James Lewis as president. He will be assisted by Bill Stephens. Al Green will act as official time keeper.

The games will be played under high school rules and tackle football will be the rule. Be-

cause of the lack of uprights at the converted football field near Optimist baseball park extra points must be scored by either runs or passes and will count one point.

Teams will play each other twice during the season. The league may take a group of boys to Shamrock for the football tournament if possible.

The league will schedule games until late in October.

Top Of Texas Golf Event Scheduled This Weekend

Former champions John Farquhar and Steve LeGrone head an expected field of 206 players in the 31st annual Top of Texas amateur golf tournament scheduled Aug. 31 through Sept. 2 at the Pampa Country Club course.

Farquhar, a two-time champion, won the event in 1963 and 1965. LeGrone took the championship in 1966.

Chew is an ex-Kansas amateur champion. Harvey, a top player on the East coast, hails from Greensboro, N. Car. Larson is the top player on the University of Florida golf team. Porter and Wright compete for North Texas State's golf squad. Deaton, formerly of Pampa, and Young are both Oklahoma State University golf players. Haren and Coffey, area players from Borger, have won a number of tournaments already this year.

Contestants must be 16 years or older and the tournament committee has the right to seed players.

Entry fee is \$20.00. In addition to prizes, there will be \$100 worth of Merchandise for each low round of the day.
