

Nazis Blast British From Air, On Sea

House Member Demanding A Third Term

Question About FDR No Longer 'If,' But 'How?'

WASHINGTON, July 11 (AP)—Renomination of President Roosevelt to a third term was demanded today by 64 members of the house who signed a statement setting forth their position.

The signing of the statement became known as speculation over the manner in which Mr. Roosevelt will announce his intentions grow even more intense than the discussion over what his intentions are.

TO CHICAGO
CHICAGO, July 11 (AP)—Democrats turned toward their convention today talking about a third term for President Roosevelt and a platform declaration against sending Americans to fight in European wars.

Whether the president would take a third term nomination and lead the battle for the democrats against the republican standard bearer, Wendell L. Willkie, was the first question asked by incoming national committee members.

ARMY GUARDS VOTE COUNT

MEXICO CITY, July 11 (AP)—The sight of heavy detachments of police and soldiers, many of them armed with machine guns, apparently quieted riotous Mexican elements today as early disorders were reported as courtiers' boards started tabulating returns in Sunday's presidential election.

Treasury Chiefs Planning A Talk

WASHINGTON, July 11 (AP)—Secretary Morgenthau disclosed today that he had invited Sir Frederick Phillips, undersecretary of the British treasury, to visit him there soon.

SAYS BRITAIN FACES A CRISIS IN FOOD

LONDON, July 11 (AP)—R. S. Hudson, minister of agriculture, told commons today that Britain was facing a crisis immeasurably more serious than in 1914, and said food production must be increased in the next year lest millions go hungry.

Reveal Discovery Of Bombs Near Scene Of Recent GOP Convention

NEW YORK, July 11 (AP)—Two powerful dynamite bombs were found near the convention hall during the republican national convention in Philadelphia two weeks ago, it was learned from a high police authority today after Police Commissioner Lewis J. Valentine disclosed a number of bombs were found during the meeting.

Valentine made the disclosure in a talk to his detective force in which he asserted that the bomb explosion at the world's fair July Fourth which killed two detectives "is just the beginning."

seven bombs were found in various places in Philadelphia and that "some" of the bombs discovered were under construction in a meeting hall where Communists gathered.

Valentine warned the men that more bombings might come and urged them to exercise utmost caution in handling bomb cases.

NAVAL EXPANSION BILL TO WHITE HOUSE

WASHINGTON, July 11 (AP)—A \$4,000,000,000 naval expansion bill was sent to the White House today by congress.

It was a major portion of the defense campaign and legislators on Capitol Hill were manifesting a desire to approve President Roosevelt's request for \$4,848,171,957 in cash and authorizations to start this expansion and to increase greatly the army's land and air forces.

The defense commission announced meanwhile that it had let \$100,000,000 in contracts in recent days for new warplanes for the army and navy. Other contracts are being negotiated.

Many Raiders Are Shot Down Over England

Machine Guns Turned By Invaders On Civilians In Streets

LONDON, July 11 (AP)—Germany's bombers, in unrelenting raids, blasted England from coast to coast with bombs today and turned machineguns on civilians in the streets of towns, but England's defenses took a steady toll.

The government reported a "few" deaths.

At least eight German raiders were reported shot down—three in the southwest, five from one coast port—by British fighters and coordinated anti-aircraft fire which kept the attackers high in the sky.

Shipping Toll Is Claimed Greater Than Last War

BERLIN, July 11 (AP)—Destruction of British shipping at a rate far in excess of Britain's average losses in the World War's unrestricted "sink on sight" submarine campaign was reported today by the German high command.

In six weeks ending July 8, the high command announced, 608,000 registered tons of "enemy commercial shipping" were sunk by submarine action alone.

This may be compared to the average of 220,000 tons lost monthly by the United Kingdom by all action in the 21-month unrestricted World War campaign which Germany launched in February 1917.

The reported rate of destruction against Britain in the present war already equals the fiercest period of the unrestricted campaign—the early months of 1917—when the British Isles at one time were said to have had only a three-week supply of food.

Thus, Germans declare that their submarine warfare is turning into a starvation blockade of the British Isles. The 608,000 tons cited in today's communique excludes the tonnage sent to the bottom by air attack.

Governor Submits Information On 5th Columnists

AUSTIN, July 11 (AP)—Governor W. Lee O'Daniel today personally tendered to Congressman Martin Dies information he had received on subversive activities.

Appearing at a hearing being conducted by Dies, sitting as a subcommittee of a national house investigating committee, the governor turned over certain records he had collected.

Amphitheatre Program To Be Varied

Wide variety is promised in the park amphitheatre program this evening, when the first of the chamber of commerce-sponsored series of free entertainment will be staged.

The governor recently asked citizens to send him reports on any subversive moves of which they knew.

Report Blast Fatal To Five

POPLAR BLUFF, Mo., July 11 (AP)—The postmaster at Holcomb said this afternoon five men were "literally blown to pieces" and "six or seven more critically injured" when a sawmill engine near Holcomb blew up.

NO GROUNDS FOR A PROBE OF WILLKIE 'HIGH PRESSURE'

WASHINGTON, July 11 (AP)—The senate campaign expenditures committee decided today that there was insufficient evidence to justify an investigation of reports that a "high pressure" telegram drive was employed in the successful campaign of Wendell L. Willkie for the republican presidential nomination.

New WPA Projects Seen For Lamesa

LAMESA, July 11 (AP)—Construction will begin Aug. 1 on a program of water and sewer line extensions for Lamesa.

220 Lives Lost In Burning Of Ship

ROME, July 11 (AP)—Two hundred twenty Italian and Albanian officers and men lost their lives when the Italian submarine *Pezomali* burned and sank June 26 off Durazzo, Albania, it was officially announced today.

Water Unit Established

Facilities of the soil conservation service office, a branch of the water facilities office at Midland, are now available to farmers and ranchers of Howard and Martin counties.

BRITISH FLEET BATTLES ITALIANS

ITALIANS—The British fleet steaming westward in the Mediterranean sea before engaging the Italian fleet may have moved in formation such as this. The photo shows HMS Resolution and HMS Hamble half hidden in their own spray as they follow another British ship in heavy seas during maneuvers.

Hungary Lines Up With Axis

BERLIN, July 11 (AP)—Hungary, as a friend of both Germany and Italy, definitely has joined the common front against England in southeastern Europe, authorized German sources declared today.

HULL ASSAILS NAZI ACTIVITY IN AMERICAS

WASHINGTON, July 11 (AP)—Secretary Hull said today that reported German activities in Latin America in connection with the forthcoming Havana conference apparently was a species of intimidation of nations whose sovereignty was entitled to the fullest respect.

MERCURY SOARS TO 100-MARK IN CITY

By The Associated Press
Summer followed its nose around the corner and stood in full view yesterday as 25 key Texas cities reported maximum temperatures ranging 100 degrees and above. Big Spring had a 100-degree reading.

Willkie After South's Votes

COLORADO SPRINGS, July 11 (AP)—Wendell L. Willkie said today he would make an active campaign for votes in the "solid" democratic south.

Britain Closer To Russia?

LONDON, July 11 (AP)—Foreign Affairs Under-Secretary R. A. Butler told the house of commons tonight that success in Britain's attempts to make friends with Soviet Russia had "appeared more likely" in recent months.

WILLKIE AFTER SOUTH'S VOTES

WILLKIE told reporters that while his campaign plans were indefinite, he would "undoubtedly" make a number of talks in the south during the coming campaign.

ABSENTEE VOTE TOTAL GROWING

Absentee voting gained another notch, Thursday with a total of 36 ballots on file at the county clerk's office. Those who will not be here at July 27, the date of the first democratic primary, may vote absentee through July 24.

Weather Forecast

WEST TEXAS — Showers and thunderstorms over Panhandle tonight and in northern half Friday; cooler in northern half.
EAST TEXAS — Fairly cloudy.

Sunset today 7:55 p. m.; sunrise Friday 6:45 a. m.

John Marsh Is New Manager Of KBST

John Marsh Thursday succeeded Hardy C. Harvey as manager of KBST, the Herald station.

Marsh is not an unfamiliar figure in Big Spring. He was a member of the KBST sales staff from April to September last year. He went from here to Texarkana where he has served as commercial manager of KCMC. Prior to coming to Big Spring he was in the Fort Worth office of the Texas State Network. He is a son of Charles Marsh, well-known Texas newspaper publisher.

"It is with extreme regret that Mrs. Harvey and I leave Big Spring," Harvey said. "While we have been here only a few months, I can say with all sincerity that I have enjoyed my work and associations here more than in any place in which I have lived, including Fort Worth."

Mr. and Mrs. Harvey and their son, George, left Thursday for Fort Worth from where they will go to San Antonio where Harvey joins the staff of KABC, another station which, like KBST, is operated by Elliott Roosevelt.

While the average cost of drilling a 1,000 foot oil well in parts of Texas is \$8,000, a 11,000 foot test costs nearly 24 times as much, or \$142,000.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of these gnawing, nagging, painful backache periods which are caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging headaches, rheumatic pains, low of pep and energy, swelling up of ankles, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sensations show there is something wrong with your kidneys or bladder.

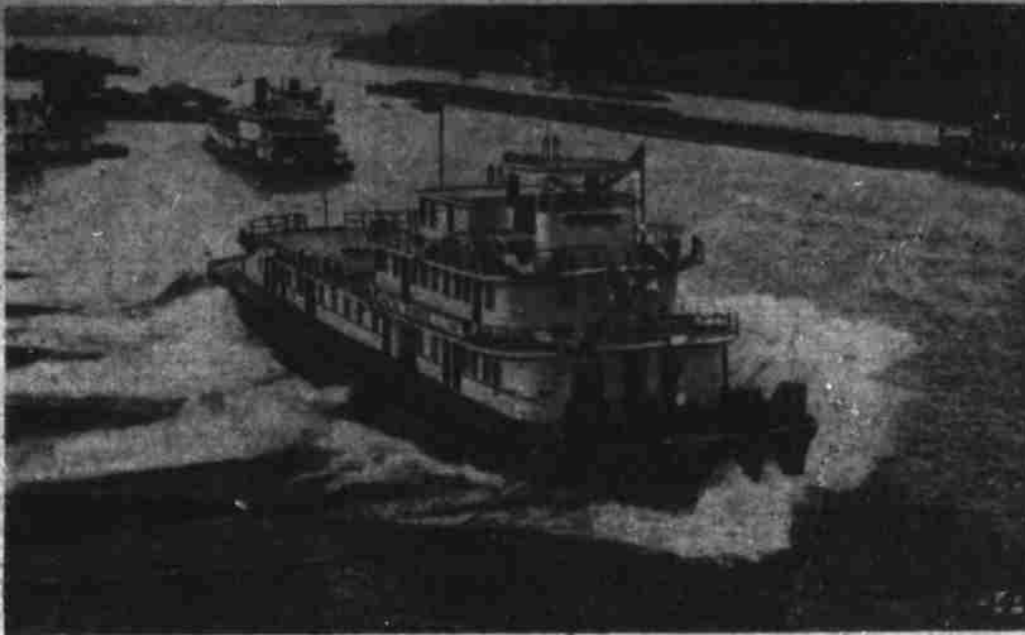

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years, they give happy relief and will help the 15 miles of kidney tubes wash out poisonous waste from your blood. Get Doan's Pills.

Ad No. 27-2-5

Political Announcements

The DAILY HERALD is authorized to announce the following candidates, subject to the Democratic Primary in July, 1940:

- For Congress, 19th District: GEORGE MAHON, C. L. HARRIS of Dickens County.

- For State Representative 51st Legislative District: DORSEY B. HARDEMAN.
- For District Attorney (70th Judicial Dist.): MARTELLE McDONALD.
- For County Judge: WALTON MORRISON, GROVER E. CUNNINGHAM.
- For Sheriff: JESS SLAUGHTER, R. L. (BOB) WOLF, ROWAN SETTELES.
- For District Clerk: MORRIS (PAT) PATTERSON, HUGH W. DUNAGAN, J. H. COLLEY, J. H. (HUB) RUTHERFORD, J. D. (DEE) PURSER, JOE E. HARRISON, C. T. (TRUBETT) DeVANNEY, JOHNNIE NALL.
- For County Clerk: LEE PORTER.
- For Tax Assessor-Collector: JOHN F. WOLOOTT, R. L. (LEE) WARREN.
- For County Attorney: JOE FAUCETT, GEORGE T. THOMAS.
- For County Treasurer: MRS. IDA COLLINS.
- For Commissioner, Precinct No. 1: T. M. ROBINSON, ROY WILLIAMS, J. E. (ED) BROWN, C. T. McCAGHEY, L. W. COLEMAN, C. E. (CLAUD) HARLAND, EMMETT GRANTHAM.
- For Commissioner, Precinct No. 2: T. C. THOMAS, H. T. (THAD) HALE, A. W. (ARCHIE) THOMPSON, W. E. HARRIOTT.
- For Commissioner, Precinct No. 3: J. S. (JIM) WINSLOW, DENVER H. YATES, BURNIE J. BETTY, A. J. (ARTHUR) STALLINGS, CLOVIS E. McDANIEL, W. C. (BILL) EVERETT, RAYMOND L. (PANCH) NALL, J. M. MORGAN.
- For Commissioner, Precinct No. 4: A. J. SIMPSON, ED J. CARPENTER, GLASS GLENN, E. H. PUQUA, G. E. PRATHER.
- For Justice of Peace Precinct No. 1: J. S. NABORS, W. E. (WALTER) GRICE, LOUIS A. COFFEY, NEWTON ROBINSON.
- For Constable: CARL MERCHER, J. E. (JIM) GREENSHAW, S. M. MCKINNON, HARRY L. DORMAN.
- Public Weigher, Howard County: ALFRED LANCASTER.

EVEN THE RIVER FEELS NAVAL BOOM—Here's the William Penn, one of the largest motorships built for river freight traffic, as she slipped down ways at Pittsburgh. It was built for operation on the Mississippi and Ohio rivers. The Diesel-powered tugboat, 176 feet long, will push and flank barge flotillas carrying some 10,000 tons of freight.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MacKENZIE

If we could have lifted the roof off the Munich conference of the German-Italian partnership yesterday, we probably should have found the conferees as much concerned with the Italo-British naval battle in the Mediterranean as with the war-threats in the Balkans.

Actually the dangerous Balkan situation and this initial clash between the British and Italian navies are intimately related and both have a vital bearing on the Hitlerian plans for domination of Europe.

For this battle on the Mediterranean marks the beginning of a new phase of the war. It is to determine who rules the seas.

Upon the outcome hinges control of the entire Mediterranean area, the Near East and the Balkans.

To Mussolini has been assigned the task of smashing England's naval might and clearing the British out of "our sea," as the Italians like to think of the Mediterranean.

Rival accounts of this opening engagement are contradictory and leave much to be desired.

The thing that matters, however—and this is a point which must have received much consideration at Munich—is that in this and other recent operations the British have been showing a decidedly aggressive attitude.

The most striking indication of British initiative was the determined and well-nigh unprecedented action she took to prevent the French navy from falling into German hands. No nation which didn't mean business would challenge world opinion by going to the extreme of taking over or sinking with loss of life the bulk of her ally's fleet.

Almost equally impressive has been the way in which the Britons have been carrying the air-war to Germany, and fighting toe to toe with the Nazis in aerial battles.

Whether his is an indication on the British power of resistance to the coming German onslaught is naturally a matter of pure speculation. However, it can be taken as a meaningful dogged determination.

In view of the manner in which things are moving in the Mediterranean and in the Balkans, one would rather expect Hitler to make his big assault on England quickly so to avoid getting caught in difficulties on other fronts.

Hitler's immediate worry is the danger of an upheaval in the Balkans, which would cut him off from badly needed supplies and create a threat at his own back door. It is understood that Hitler has told Hungary to lay off for the time being. That doesn't settle the matter, of course, but any de-

velopment is to the Führer's advantage.

Meanwhile, the Turks have been expected to receive demands from Russia at any moment for a share in control of the Dardanelles Straits—one of the world's most important strategic positions—which form the gateway between the Mediterranean and the Black sea. It even was said that plans had been made to call the Turkish parliament to consider these demands tomorrow.

Effectiveness Of 75 Millimeter Shells Shown

FORT LEWIS, Wash., July 11 (AP)—The army now knows from first hand observation the effectiveness of a 75 millimeter shrapnel fired point blank at a moving target.

Two World War tanks were blown to pieces yesterday in a demonstration staged by gunners of the tenth field artillery. Only two or three shots were required to put the tanks out of action and then the artillerymen proceeded to pound them to bits at their leisure.

FIVE CONVICTS EFFECT ESCAPE

HOUSTON, July 11 (AP)—Five convicts were missing today from the Central prison farm near Sugarland.

The five—Cora Hudson, Rex Brannon, S. D. Vowell, La Verna Hartell and George S. Ray—were missed at a checkup in the bunkhouse last night. They had reported for the supper checkup.

None was believed to have secured a weapon.

Hudson, from Navasota, was serving 70 years for robbery in Smith county; Brannon, of Mexico, five years for automobile theft from Navarro county; Cowell, of Cosham, 68 years for robbery and kidnaping in Johnson county; Hartell, of Canada, robbery in Reeves county, and Ray, of Indiana, eight years for burglary and theft in Jefferson county.

DOCTORS SAY BLIND MAN WILL SEE AGAIN

ELDON, Mo., July 11 (AP)—Olin Rosten, who regained his sight suddenly last February after four years of blindness, has lost his vision again.

A bright light flashed in his eyes one night last week.

Startled, he cried out.

"Then everything went black," he said.

Since then he has been as blind as he was after an accident more than four years ago.

Rosten's physician explains his affliction as photophobia—"fear of light"—and says:

"He will see again when his fear of light is broken by a firm conviction that he can see."

Rosten said a sudden shock restored his sight last February.

221 West Third St.

U.S. AMBULANCE DRIVERS TO BE FREED

BERLIN, July 11 (AP)—All American ambulance drivers known to be in German hands are to be freed promptly, some after trying experiences, the German high command informed the U. S. embassy today.

Four who were missing many weeks finally were located in Brussels. After their capture, these men continued to assist British and French wounded behind the German lines until all had been cared for.

The high command said all the American drivers would be released promptly, if arrangements could be made to send them home.

Condition Of 1940 Fruit Crop Is Below Average

WASHINGTON, July 11 (AP)—The condition of the new orange and grapefruit crop was slightly below average on July 1, the agriculture department reported yesterday.

Stated in percentages, the July crop report graded the orange crop from the 1940 bloom at 69. On July 1 last year, it was 71.

Grapefruit condition was placed at 60 per cent, one point better than last year but six points below the 10-year average.

The department predicted the total production of citrus fruits would be considerably larger than the 1939-40 crop, which was reduced by winter freeze damage.

The 1939-40 grapefruit crop was estimated at 34,575,000 boxes, compared with 43,714,000 in 1938-39.

Texas' orange condition declined from the 69 of last year and the 68 average to 63.

Grapefruit condition in Texas, with 65 last year and an average of 60, was down to 53.

H&H Store In New Location On 3rd St.

A completely remodeled store will greet H&H Food Store patrons this weekend as the firm observes formal opening of their new location, 222 West Third. The building, located opposite Montgomery Ward and formerly occupied by another grocery, has been thoroughly refinished and new display fixtures added.

"Our main thought in the interior arrangement of this new location was for the greatest shopping convenience possible," Brutus Hanks, manager, said. "Our present stock arrangement in one area especially proud of; one we feel will enable shoppers to find all their needs with the least effort."

In addition to the many "open house" values listed by H&H in their advertisement elsewhere in today's Herald, dozens of others will be offered during the two days.

Free refreshments, consisting of Admiration coffee and cakes, will be served all day Saturday. Souvenirs will be given and every woman entering the store will receive a flower.

Make Stained Discolored FALSE TEETH

Look Like New—No Brushing

Simply place your denture in a Kleenite bath—leave for 15 or 20 minutes, while you dress or overnight. Rinse—replace—No Brushing. Now look at your teeth—gleaming, lustrous, stainless, natural looking; plate clean and sweet—free from all unpleasant taste and odor. Ask for and get Kleenite—the dentists plate cleaner, at druggists, Biles & Long Pharmacy, Inc.—adv.

NEW PROJECTS ANNOUNCED BY HIGHWAY UNIT

AUSTIN, July 11 (AP)—The state highway commission yesterday added six new projects and withdrew seven previously announced from its list of lettings for July 23.

Added projects, by counties, included: Wilbarger, widening drainage structures on U. S. highway 287 from Chillicothe to Vernon.

Projects withdrawn included one on U. S. highway 67 in Cass, Bowie, Morris and Hunt counties.

Cage Clinic To Be Held Aug. 5-17

AUSTIN, July 11 (AP)—A two-weeks basketball coaching school will be held by the University of Texas Aug. 5-17.

Jack Gray, coach of the University of Texas Longhorns, runner-up in the 1940 Southwest conference race, and Dr. F. C. (Phoggy) Allen, coach of the University of Kansas, winner of the National Collegiate Athletic Association tournament, will direct the school.

The total amount spent by the oil industry in Texas from the discovery of oil through 1938 was more than seven billion dollars.

Rites Friday For Rueckart

Funeral services for E. A. Rueckart, Big Spring garage operator who succumbed Wednesday, will be held at the First Presbyterian church at 4 o'clock Friday afternoon, with the pastor, Dr. D. F. McConnell, officiating. Mr. Rueckart had been a member of the Presbyterian church since the age of seven.

Mr. Rueckart, 40, died unexpectedly, victim of a heart attack. Native of Big Spring, he had resided here all his life. Survivors include his mother, a sister, and two brothers.

Active pallbearers will be Harry Weag, Lawrence Deason, J. W. Griffith, John Tucker, O. R. Bohlinger and H. E. Meadows. Honorary pallbearers include Dr. Noble Price of Lamesa, and Dr. G. T. Hall, T. S. Currie, Harry Lester, W. W. Scott, R. Walker, Sam Ely, E. T. Moore, John Albert Smith, Roy Williams, Jim Shalicky, F. E. Wilson, Bill Loving, Paul Cochran, Charles Mason, Gordon Renner, Joe Boadle, Bryan Rogers, Victor Melling, Lee Porter, J. J. Green, Ed Gray.

Charles Schultz, Don Mason, W. M. Fahrenkamp, Emil Fahrenkamp, W. T. Boadle, L. H. Chickens, L. B. Kinman, Andy Tucker, J. E. Price, D. F. Bigony, James Shubert, Arthur Shubert, Tom Holt, Fred Keating, Martin Dehinger, Mark Harwell and D. A. Martin.

SHIPS SUNK
LONDON, July 11 (AP)—The admiralty reported today that an Italian destroyer and a hulk of the type generally used as a depot or store ship were sunk yesterday by British warplanes in a raid on an Italian harbor north of Augusta, Sicily.

TO GAIN SERVICE
WASHINGTON, July 11 (AP)—Representative Thomason (D-Tex.) said today the postoffice department would establish city mail delivery service October 1 in Midland, Tex., with three regular carriers and one substitute.

POSTS \$750 BOND ON ARSON CHARGE

Bond of \$750 on a charge of arson was set by Justice of Peace John C. Ratliff here Thursday for Earnest R. Perry. The defendant, named in a complaint signed by Deputy Sheriff Denver D. Dunn with burning of a car, waived examining trial.

FARM MEASURING WORK PROGRESSES

Measuring of Howard county farms for compliance under the 1940 AAA program is progressing steadily, both in the field and office.

An unusually large percentage of overplanting on the cotton base has been noted to date, it was reported. Out of 137 farms checked at the office, 57 have been over on cotton acreage. This will necessitate rechecking in each case.

In former years farmers have been overly conservative on cotton planting, but this year they apparently are trying for maximum acreage. Currently, 30 farms per day are being measured.

MANSFIELD PLANS A TRIP TO TEXAS

WASHINGTON, July 11 (AP)—Representative Mansfield (D-Tex.), despite his 79 years and a serious illness a few months ago, smilingly contemplated today a trip to Texas during the congressional recess called for the democratic national convention.

"It's a long ride down to my district, and I would have only a couple of days there," said the veteran legislator, whose district includes Galveston. "But I may go down to see my friends and convince them I'm behaving myself and am as good as ever."

TO SAN ANTONIO

Lawrence A. Deason, Jr., son of Mr. and Mrs. L. A. Deason, has gone to San Antonio where he will be associated with Paul Daily, a former Big Spring resident and distributor for Aronaca airplanes.

In the autumn he will enter St. Mary's university, where Daily is serving as instructor in the CAA aviation training program.

O'Daniel Has No Time For Game Commission

AUSTIN, July 11 (AP)—Governor W. Lee O'Daniel today refused to accept the invitation of one member of the state game commission to meet with it and explain his campaign remarks condemning the body as a "millionaire sportsman club."

"I won't have time to talk to them today," the governor said. "I don't know when I will have time to meet with them."

In his campaign for re-election, O'Daniel, in an address at Waco last week said:

"I might simply mention the state game, fish and oyster commission, which I like to look at as the millionaire sportsman club, with all expenses paid by the Texas taxpayers, with all its 74 boats, large and small, and with its horde of game wardens and with its own bank account, and with its authority to actually sell some of the natural resources of the state and spend the money in any manner it desires."

"It is one of the most powerful oligarchies in the state."

"I finally got two members on that six-member board, and it will be another year before I can appoint two more, thus making a majority, and really get it cleaned out."

O'Daniel did not pay for his services in directing wildlife conservation efforts of the state, scheduled a meeting this afternoon. A reply to O'Daniel's remarks is expected.

CAPT. LEGGE HERE

Capt. W. W. Legg, in charge of the Lubbock district for the state highway patrol, was here on a routine inspection tour Thursday. Capt. Legg at one time was stationed in Big Spring by the patrol.

Texas has 32,980 miles of crude-oil pipe lines, or nearly one-third of the nation's total of 110,580 miles.

Aviation Is Gaining More Enthusiasts

Enthusiasm in aviation training here is increasing daily.

The local flying club, which owns a Taylorcraft plane, is the latest to prepare for what looks like an influx of flight instruction and training. Frank Adcock, member of the club, has flown the ship to Grand Prairie for a major overhaul and reconditioning job and is expected back soon.

Art Wintheler, airport manager and CAA instructor, is expected back Friday with an army ship to be used in the projected CAA advanced flying program. It is being loaned by the army pending delivery of a ship ordered by Wintheler.

It possibly will be powered by a 200 horse power motor, whereas the flying club machine develops only 40 horse power and the CAA Cub trainer only 20.

Another indication of the amount of interest in aviation is the larger crowds which line the field each evening to watch CAA students fly and to see American Airlines transports land and take-off.

Ten CAA students who won flight scholarships are well along into the course and are now, for the most part, are advanced enough to be doing stalls and spins.

O'Daniel

(Continued from Page 1)

proceedings by any citizen in any district court to bar the name of a candidate who has violated the statute from the primary or general election ballot.

"Is there any difference between giving a candidate \$15,000 money to be used for transportation and which the candidate would have to report and which would exceed the limit which he could spend, and giving him a \$15,000 automobile for transportation purposes in his campaign?" McGregor queried.

"If a man needs a suit of clothes, is there any difference in giving him the suit, and giving him the money to buy the suit?"

There has been no official announcement by the governor that the bus was given him, or that its value is \$15,000. Jesse McKee, drilling contractor of Fort Worth, and other friends have been reported to have donated it. McKee was not available immediately for comment on the McGregor statement.

WORK PAYS FOR LICENSE—Rather than accept the offer of money for a dog license from the mayor of Quincy, Mass., young Albert Marks, 13, swept out the Quincy dog pound and did odd jobs there, in pay for Rags' license. Rags is Albert's pet dog, picked up for lack of a license. The boy's accepting a broom from Dog Officer George F. Reid, who bossed the cleanup.

Hatch Bill Gets House Approval

WASHINGTON, July 11 (AP)—Overwhelming house passage of the Hatch anti-politics bill assured today its early final enactment, for the senate had only to agree to minor amendments before sending the legislation to President Roosevelt.

Both the chief executive and Wendell Willkie, republican presidential nominee, have endorsed the measure. It bars political activity by state, county and municipal workers paid in part with federal funds, limits campaign contribu-

SESSION ENDS

BATON ROUGE, La., July 11 (AP)—The Louisiana legislature brought its regular biennial session, one of the busiest in history, to a close today. The house of representatives adjourned sine die at 11:28 a. m. (CST).

Firemen Are Ready For Convention

Firemen waxed red hot Thursday in preparation for the first quarterly convention Saturday of the Permian Basin Firemen's association ever staged in Big Spring.

Members of the local department had exhausted a supply of welcome banners, proceeds of which will go toward financing the convention, which promises to be the largest in the history of the organization.

Tickets for the Firemen's Ball, to be staged in the Settles hotel starting at 9 p. m., also were being pushed at the chamber of commerce office and the Taylor Electric company.

Registration for the affair will get underway at 8 a. m. and representatives from approximately 30 towns are expected. Elton Taylor, member of the volunteer firemen which serve as an auxiliary to the regular department here, said that as many as 500 were anticipated.

First feature of the program will be an address by Olin Culbertson, Austin, secretary of the state firemen's association. At 3 p. m. the pump-and-race, always a convention highlight, will be run at the city fire station, followed by a novelty hose connect race for visiting women.

The program will continue with a barbecue at the city park at 6 p. m. and be climaxed by the Firemen's Ball, to which the public is invited.

APPLICATIONS FILED ON RANGE PROGRAM

Fifty-three Howard county ranchers have made application for participation in the federal range program, the county agricultural conservation office announced Thursday.

The applications are being forwarded to the state office.

Local Fields Are Exempted From Oil Shutdowns

Exemption of three local fields from the state-wide oil shutdown order during July and August has been announced by the state railroad commission.

Previously affected by the partial shut-down ruling imposed by the commission as a means of holding down excessive reserves, the Iatan-East Howard, Snyder and Howard-Glascock pools will be free to carry out their daily production schedules. E. C. Stipp, division engineer for the commission, said he was advised from Austin Wednesday evening.

The ruling will enable Cooden refinery to secure more oil to more nearly meet its demands.

IMPERIAL SUGAR offers EXTRA PRIZES

IN STATE FAIR CULINARY CONTESTS

Imperial Pure Cane Sugar will duplicate each of 360 cash awards for cakes, breads, jams, jellies, preserves, pickles, canned fruits and vegetables with a grocery order for like amount to be honored at your favorite store. Write State Fair of Texas at Dallas for premium list and entry blank. To be sure that you get the pure cane sugar you want in putting up fruits, jellies and preserves—demand Imperial, and get what you ask for.

GOOD THINGS TO EAT

MARKETS Wall Street

NEW YORK, July 11 (AP)—Early rallying tendencies displayed by stocks and aircrafts today failed to inspire other stock market groups to any great extent and extreme gains running to two or more points were substantially cut or erased at the close.

Improved Wall street sentiment at the start was attributed partly to word the Washington administration would urge repeal of profits limitations on aircraft and shipbuilders and permit all manufacturers of munitions to write off expansion costs over a 5-year period. Pushing of the defense program also was viewed as a buoying influence for corporations.

Livestock

FORT WORTH, July 11 (AP) (USDA)—Cattle, 1,900; calves, saleable 800, few loads steers above 2.00, top 10.00; bulls 6.00 down; slaughter calves 6.00-9.00; practical top 9.50.

Hogs, saleable 800, total 700; top 6.80; bulk good and choice 175-275 lb. 6.45-7.75; good and choice 150-170 lb. 6.16-6.40; stocker pigs scarce, butcher pigs up to 5.75.

Sheep, saleable 3,000, total 4,300; medium to good spring lambs 7.25-7.75; yearlings 6.25 down; feeder lambs 5.50-6.25; feeder yearlings 5.00-7.00.

Revival Will Open Sunday At Moore

MOORE, July 11—Next Sunday, July 14, the summer revival will begin at the Moore church with the Rev. Van Morrison of Plum, Tex., conducting the meeting. The revival will continue through until the following Sunday. Everyone has a cordial invitation to attend.

Mr. and Mrs. E. M. Newton were hosts to a chicken barbecue given at the city park on July 4th. Those present were Mr. and Mrs. J. W. Wooten and grandson, Bobby Wooten; Mr. and Mrs. H. P. Wooten and son, Ronald; Mr. and Mrs. G. C. Broughton and children, G. C. Jr., Johnnie Ray, Dorothy Lee and Robert Wayne; Troy Newton, Miss Erma Nes Wooten, Miss Wynona Bailey; Miss Eula Fay Newton; Roy Wooten; Mr. and Mrs. Floyd White and children, Mary Sue, Jimmie and Evelyn Ann; Mr. and Mrs. Milton Newton and sons, Billy, Norman and David.

Farmers are busy in their fields now, and the crops are showing great improvement after the recent rains that fell in this community last week.

Mrs. G. B. True of Big Spring and Mrs. Jerome Lusk left Sunday for Tennessee to visit with relatives. They will be gone for three weeks.

The annual Fourth of July picnic and celebration on the school campus was termed a great success. In the morning tennis, croquet, and horse shoe pitching were enjoyed. The Big Spring girls all star softball team played the Moore locals and lost by a score of 10 to 7 in the home teams favor. At the noon hour an old time basket lunch was spread. Highlights in the afternoon included a baseball game between the Moore Independents and the Phillips Tire company of Big Spring with the Thiremen winning 6-4. A doll show was held in the gymnasium with all the small girls participating. Wanda Jo Daniels placed first and received an award. A stick horse race between the smaller boys was run off in front of the building in which Billy Barber was victorious and received an award. In the stick horse trick riding division Author Leonard Pacey was declared winner of that division and also received an award.

Services of the Highway Baptist church group will be held in the gymnasium next Sunday, July 14. The second Sunday in each month has been set aside for services.

Mrs. W. H. Ward and Mrs. Lester Newton were co-hostesses to the quilting circle which met in the gymnasium Tuesday. Guests included Mrs. J. M. Thomas, Mrs. Joe Hull of Ballinger, Mrs. E. D. Hull, Mrs. M. A. Rainey of Big Spring, Mrs. G. C. Broughton, Mrs. D. W. Adkins, Miss Anna Smith, Miss Vera Dean Payne of Big Spring, Mrs. Jack Daniels, Mrs. L. Z. Shaffer, and Mrs. J. B. Merrick.

Mr. and Mrs. G. C. Broughton and children G. C. Jr., Dorothy Lee, Johnnie Ray, and Robert Wayne spent Sunday at Midland visiting Mrs. Broughton's brother, Mr. Howard Newton and family.

Rev. Joe Hull of Ballinger arrived here Monday to visit his parents, Mr. and Mrs. E. D. Hull. His wife and daughter Gertrude accompanied him back to Ballinger. Mrs. Hull has been convalescing after having undergone a tonsillectomy last Saturday.

Mrs. Ada Phillips of Graham arrived here Tuesday to visit with her son, Mr. Verdie Phillips.

Mr. and Mrs. Bud Ward and son, Robert Otis, moved to Big Spring last Monday to make their home.

Mickey and David Bauch of Sweetwater who have been visiting their grandparents, Mr. and Mrs. Dave Bauch, returned to their home Wednesday.

Mrs. Nina Beckham of Joplin, Mo., visited friends and relatives here past of last week. Mrs. Beckham is a sister of Mrs. L. E. Lomax, Mr. Boss Hill, and Mrs. G. N. Grant.

ADDITIONAL DONORS TO RED CROSS FUND

The Howard-Glasscock chapter's contribution to the Red Cross war refugees fund continues to climb slowly, with donations still being received at chapter headquarters. The total to date is \$2,584.29, well beyond the quota of \$2,250.

Latest contributors include the Stith-Bitt club, Friendship class of the First Baptist church, Mrs. C. Miller, W. C. Jones, Lola O. Smith, Elbow Sunday school, Mrs. C. E. Talbot and Frank Lester.

Intracoastal Canal, Achievement Of 35 Years' Labor, Due To Be Of Greater Value To Shipping

HOUSTON, July 11—Thirty-five years ago a Galveston News reporter dropped into the office of C. S. E. Holland, vice-president of the First National bank of Victoria, Texas.

News was slack that day. "I'll give you a story," said Holland. "We need a shipping canal from the Mississippi to the Rio Grande."

The reporter sat back and listened.

Holland talked prophetically of a great waterway through the fertile sections of Texas and Louisiana, increasing transportation facilities and developing the vast resources of the coastal country.

The more he talked, the more interested the reporter became, and the next day the Galveston News spread Holland's far-sighted plan on the front page.

The banker was flooded with inquiries and promptly called a convention, attended by Texas, Louisiana and Mexican delegates.

Today, 35 years later, Holland—gray-haired and 73 but as enthusiastic as ever—still is plugging at his waterway program.

He has seen the Intracoastal Canal become a reality. More than half completed, it stretches from the Mississippi at New Orleans to Freeport, Tex. A mind-boggling volume of shipping—in the neighborhood of \$70,000,000 worth last year—plies its quiet waters.

Hospital Notes

Big Spring Hospital
A. E. Thomas of San Antonio is undergoing medical care at the hospital.

Richard Flora of Chicago, Ill., is submitting to medical care.

Mrs. Dorothy Childers of Cicero underwent surgery today.

Mrs. T. W. Alderson was dismissed today.

To Corpus Christi

In 1941 it will be completed as far as Corpus Christi, and ultimately, Holland hopes, to its planned terminus, the Rio Grande at the southern tip of Texas.

The history of the canal and the men who sponsored it is a grand tribute to whole-hearted civic enterprise without personal gain, to years of voluntary labor with benefit of the state and its citizens the sole objective.

Through the story's pattern C. S. E. Holland stands forth as the motivating spirit. He has served as president of the Intracoastal Canal association since its inception; he has sought to beg off at times, but the membership wouldn't hear of it.

There had been previous weak-sister moves toward a coastal canal, but Holland's interview with the Galveston reporter represents the actual starting point.

The organizing convention was held at Victoria August 8, 1905. One of the speakers was Jack Garner of Uvalde, then a national representative, today the vice-president.

Stories of the meeting said his speech was "brief and to the point." Garner told the 200 delegates they would have to pursue the gigantic program with "bulldog tenacity."

2,000,000 Tons A Year

They did, hounding the federal government for appropriations until the first wedge was driven—a canal, 5 feet deep and 40 feet wide, running from Sabine Pass to Galveston—just a hop and a step

compared with the \$14,000,000, 600-mile route that will be available when the Corpus Christi leg is opened next year.

The canal presently is 9 feet deep and 100 feet wide, hugging the Gulf of Mexico coast. More than 2,000,000 tons of shipment—85 per cent of which is oil—annual-ly rides its length slowly on wide barges pulled by tugs.

The big ditch, through its connections with the Mississippi system, brings to the doors of Texas and Louisiana farmers, shippers and business men the markets of the nation's commercial and industrial centers—at a walloping saving.

For instance, before the canal drew breath, it cost \$27 a ton to deliver steel by rail from Pittsburgh to Houston. Today, via the canal, it costs \$5.

ORATORY—Keyster for the Democrats' national convention opening July 15 in Chicago will be Alabama's William B. Bankhead, House speaker, who's considered a fine orator.

Second Victim Of Auto Crash Dies

DURANT, Okla., July 11—Richard M. Levey, 38, Seminole, died in a hospital here yesterday, the second victim of an automobile collision which killed a Kansas City man and injured three other persons near Tishomingo Tuesday.

A car driven by Levey and another being pushed onto the highway by a third machine collided. Louis Dolgnow, 48, Kansas City, a passenger in Levey's car, was killed.

'THE LAND OF THE FREE'—Their first glimpse of New York's skyline excites these British refugee children brought to U. S. aboard the Volendam and scheduled to stay on this side of Atlantic for the duration of the war.

SOME OF BRITAIN'S FOUR-WHEELERS—To carry out bombing raids on enemy territory, England relies on the men at her air stations, seen busy loading up a plane for a raid.

Coahoma News

Mr. and Mrs. C. E. Fulwiler of Abilene visited several days this week in the home of their daughter, Mrs. J. W. Price.

Esteladian and Mary Pearl Tell left Sunday night for their home in Brady following a week's visit with their grandmother, Mrs. Kate Wolf, and other relatives.

Mr. and Mrs. Oscar Smith of Hobbs, N. M., spent last Thursday in the home of Mr. and Mrs. Arnold Johnston. Opal Smith returned home with them for a two week vacation with friends here and in Big Spring.

Mr. and Mrs. R. V. Guthrie had as guests this weekend, Mr. and Mrs. Clarence Rowland and son, of Lubbock.

Mr. and Mrs. G. D. Fuller of Midland were Sunday dinner guests of Mr. and Mrs. L. H. Stamps.

Mr. and Mrs. Tom Ehrkehead and son, Thomas Austin, and Margaret Crouse left Saturday for a three day vacation in Christoval.

Ruth McQuary of Colorado spent several days this week with friends and relatives.

Mr. and Mrs. Bolden Ellis and daughters of Dallas spent a brief time here with Mr. and Mrs. R. V. Guthrie last week.

Clifford Lytle, Fred Woodson and James Hunter spent last Sunday visiting at the home of Ruby Lee and Opal Smith of Hobbs, N. M.

Mrs. Norman Read had as her guests over the 4th, Mrs. T. H. Bernard of Lubbock.

Mr. and Mrs. Fred Bodine and daughter, Nita Pearl, left Tuesday to make their home in Stanton where Mr. Bodine has accepted the position as supervisor of the caretakers of the Stanton grade and high schools.

Vernon Bates of Odessa visited with friends in Coahoma Sunday and Sunday.

Mr. and Mrs. James Teague returned Sunday from a weekend visit with their parents in Rising Star. Clarice Walker, a niece, returned home with them.

James Stroupe and Letha Nell Roberts returned home Sunday from Brownwood where they spent the weekend visiting friends.

Mr. and Mrs. W. T. Hagler and daughter, Swan, of Royalty, spent the 4th of July visiting their parents, Mr. and Mrs. S. R. Hagler.

Mr. and Mrs. Ronnie Mays and child and Earlene Reid are spending the week vacationing in Bryson and Dallas where they are visiting with Mr. and Mrs. Tom Kinder and Mr. and Mrs. Andy Mays.

Fred Wesson, Vance Courson and Buck Graham returned Tuesday from a four-day fishing trip at San Angelo.

P. N. Shive left this week for Kerville where he is to enter the American Legion hospital for treatment.

Mrs. N. W. Pitts taught a lesson on "Things You Should Know" at the Baptist church Monday afternoon. Mrs. Jack Darden gave the devotional and Mrs. Chester Coffman was in charge of the business session. Homemade cakes were brought and taken to the Baptist encampment at Big Spring.

Miss Faye Dennis has as her guest this week her cousin, Berylene Cramer of Midland.

Mr. and Mrs. Oscar Musgrove and daughter, Mildred, left Tuesday for San Antonio where they will make their home. Musgrove is to be employed at the San Angelo dairy.

Mr. and Mrs. Virgil Young and Mr. and Mrs. Merle Stroupe spent last weekend fishing at the San Angelo lake.

The Coahoma Red Cross knitting club met last Thursday at the city tabernacle with Mrs. Norman Read, Mrs. Charles Read, Jr., Mrs. Della Lay, Mae Ruth Reid, Louise Wheeler, Mrs. Earl Reid and a guest, Mrs. T. H. Bernard of Lubbock, present.

Mr. and Mrs. Les Pugh of Sudan are the guests of Mr. and Mrs. Horace Adams this week.

Mr. and Mrs. Bill Yardley and daughter, Gay Nell, spent last week visiting friends in Eastland.

Picnicking and swimming at the Foster tank furnished entertainment Friday afternoon for the local Boy Scout troop. Present were George Boswell, Jr., Harold Boswell, Willard Patterson, Ben Logan, Gray Birkhead, Jack Hunter, J. W. Warren, Bobbie Bell, Kenneth Hardy, W. L. Bell, Herbert Lindsey and George Boswell, scoutmaster.

Bonnie Rae Reid is spending this week visiting in the home of Mr. and Mrs. Hiram Reid of the R-Bar community.

W. L. Watts and daughter, Betty Iva, returned to their home in Hamilton Monday where they visited with Mr. and Mrs. Marvin Watts the past three weeks.

Octave Martin and family spent Sunday fishing at the Colorado river.

Mr. and Mrs. Percy Smith of Midland spent last Sunday with Mrs. Smith's parents, Mr. and Mrs. J. F. Mays.

Mr. and Mrs. Frank Loveless were Sunday guests of Mr. and Mrs. Jim Loveless of the Spade community.

Cordeila Motter of Dallas is visiting among Coahoma friends and relatives this week.

Mr. and Mrs. A. C. Hale and children, accompanied by Mrs. Kate Wolf, left Wednesday for a two week vacation in Brady and Gateville to visit relatives.

Mr. and Mrs. Chuck Zonker and son of Odessa and his brothers from Ohio spent last Friday visiting in the home of Mr. and Mrs. W. M. Spears.

Lamesa Seeks New Airport

LAMESA, July 11 (Sp) — City and county authorities are working toward securing an airport location for this city, and County Judge W. M. Yates, Mayor W. L. Marr and Raymond Lee Johns, chamber of commerce manager, have just returned from a statewide CAA conference in Waco where they gathered data to assist them.

Plans are to secure a good port location and, if possible, develop in conformity to CAA specifications to the end that the port would fit into the national defense program.

Local interest in the project has been increasing and several surrounding towns have given the idea encouragement.

Fairview News

A picnic supper was held recently for Mrs. Nita Beckham and Mr. and Mrs. Staldon Row of Joplin, Mo., at scenic park. Mrs. Beckham is a sister of Mrs. L. E. Lomax, Mrs. G. N. Grant, T. F. and H. G. Hill of Fairview. Mrs. Row is the daughter of Mrs. Beckham.

Present were Mr. and Mrs. T. E. Hill and daughters, Mary Helen and Yvonne, Mr. and Mrs. G. N. Grant and Lucille and Jack, Jim Grant, Mr. and Mrs. A. J. Stallings and children, Mr. and Mrs. H. G. Hill and family, Mr. and Mrs. Alben Ryan, Mr. and Mrs. W. F. Cook and daughter, Maria, Mr. and Mrs. Raymond Lilly and daughter, Gayla Joyce, Mr. and Mrs. Jeff Grant and children, Mr. and Mrs. Reuben Hill, Jess Ryan.

Mr. and Mrs. Jim Milam and children visited Mr. and Mrs. T. L. Milam and Othelia Milam accompanied them home to spend several days.

Mrs. Lottie Holland visited in the home of Mrs. Haskell Grant Sunday.

Nelle Wilson of Fort Worth and Billie Wilson of El Paso visited in the home of Mrs. W. A. Langley over the weekend.

Lou Ann Creighton spent the weekend with Imogene and Dorothy Thomas.

Mrs. I. M. Bailey, Winona and John were dinner guests of Mrs. J. W. Wooten Sunday.

Mr. and Mrs. Fred Thomas and children visited Mr. and Mrs. G. J. Couch of Luther Sunday. Mrs. Couch, who has been ill with a throat infection, is reported much improved.

Olney Thurman of Big Spring spent Wednesday with Stanton Johnson.

Mrs. G. N. Grant and daughter, Lucille, and Mrs. Alden Ryan visited Mr. and Mrs. T. F. Hill and family Thursday.

Lucille Grant spent Monday with Lottie Holland of Moore.

Mr. and Mrs. Alden Ryan visited her parents, Mr. and Mrs. G. N. Grant, Monday.

Dynamite Truck Crashes, No One Even Scratched

COLUMBUS, O. (UP)—It isn't often a truck driver carrying 5,000 pounds of dynamite can crash into a utility pole, live to tell the tale. Glenn Helms, South Conwellsville, Pa., is the exception. His dynamite-laden truck skidded near here, bounced across a ditch, tore through a picket fence, bowled over a utility pole, narrowly missed several trees and finally stopped a few feet from an unoccupied house—without Helms suffering a scratch.

"Dynamite won't explode unless it's under pressure," explained Helms, "and mine wasn't under pressure."

The single state of Texas has 1,388,000 barrels of oil-refining capacity a day, or almost one-third the nation's total of 4,600,000 barrels.

Texas' forty carbon black plants produce 425,000,000 pounds a year, or 82 per cent of the nation's total output.

LOOKS SO PEACEFUL NOW—Here in the Chicago stadium where on July 15 the Democrats open their national convention. Stormy may be the scenes surrounding presidential candidate.

MENTIONED—The name of Attorney General Robert Jackson (above) has figured in stories about Democratic nominations. He's been mentioned as a possible vice president.

ENIGMA—Big Jim Farley, hand-shaking postmaster with countless friends, is known for his loyalty to F.D.R., some secret political ambitions and for opposition to a third term.

MY FAVORITE RECIPE—

Chicken And Noodles And Custard Cake Are The Local Favorites

Chicken and Egg Noodles. Nobody likes staying in the kitchen on Sunday to cook up a big meal but still the family likes that Sunday dinner and it presents a problem to the housewife. However, this recipe for chicken and egg noodles is the answer to the question. This is suggested by Mrs. Preston R. Sanders, 407 Park.

Angel Custard Cake. Mrs. Jim Waddie's recipe for Angel Custard cake (Test Kitchen endorsed recipe): 6 beaten egg yolks 3-4 cup of sugar 3-4 cup of lemon juice 1 1/2 teaspoon grated lemon rind 1 tablespoon (equal to one envelope of unflavored gelatin) 1-4 cup of water 6 stiff-beaten egg whites 3-4 cup of sugar. 1 large angel food cake. Make custard of egg yolks, 3-4 cup of sugar, lemon juice and rind. Cook over hot, not boiling, water until mixture coats spoon. Remove from heat; add gelatin, softening in cold water. Fold in egg whites beaten with remaining 3-4 cup of sugar. Tear angel food cake in bite size pieces, place in angel food cake pan which is oiled with salad oil. Pour custard over cake, fill until firm. Unmold; fill center with whip cream. Garnish with maraschino cherries. Serves from six to eight.

Seeks 40,000 Volunteers

OTTAWA, July 11 (AP)—Canada opened her first full-fledged recruiting campaign today to get 40,000 new volunteers for the Canadian active service force, full-time soldiers for duty at home or overseas, and to train 27,000 militiamen during the early part of August. In broadcasts last night, Defense Minister Col. J. L. Ralston and Air Minister Major C. G. Power figuratively hung a "men wanted" sign on the air waves. Col. Ralston announced the C.A.S.F. needed 40,000 volunteers, as a preliminary to the first compulsory drafts under the national resources mobilization act, primarily because Canada shortly will send "a very large body" of troops overseas.

Major Power dealt with the militia, the non-permanent soldiers, which Canada hopes to send every 21 men between 18 and 45 for part-time training. Major Power, in announcing a class would be called compulsorily if not enough volunteers report, declared: "I do not say that attacks on Halifax, on St. John, on Gaspé and on Quebec (all on Canada's east coast) are imminent. But in this strange, appalling, terrifying, overwhelming, almost inconceivable warfare nothing is impossible. It may be only a raid or a foray. But the conquest of Norway started by a raid, and we know that 1,500 Huns captured and held Oslo, the capital of that country, until reinforcements poured in and imposed slavery on the peaceful and unprepared inhabitants. We are resolved to prepare for any and every eventuality."

Menus For Your Approval

By MRS. ALEXANDER GEORGE. Each summer meals needs a "hot spot" for health.

DINNER IN A JIFFY Dinner Serving 4 Cream of Mushroom Soup Crisp Crockers Summer Fruit Flatter Nut Bread and Butter Chilled Custard Tea (Hot or Cold) Summer Fruit Flatter

4 bananas 1 cup grapefruit segments 1 cup diced avocado 1 cup orange segments 2 tablespoons lemon juice 1 1/4 cups cottage cheese 1-4 cup French dressing 1 cup berries 1/2 cup raisins (chicory, cran, lettuce) 1 cup grapefruit, avocado, orange and lemon juice. Arrange salad green on large chilled platter, center with the cheese which has been pressed into a round bottomed bowl and then unmolded. Add bananas, sliced, and fruits. Sprinkle with dressing and garnish with berries. Serve immediately.

Sunday Dinner Menu Fresh Vegetable Appetizer Roast Lamb Bettina Lamb Sauce Browned New Potatoes Corn Stuffed Peppers Rolls Currant Jelly Ambrosia Dessert Coffee (Hot or Iced) Milk daily for the children Bettina Lamb Sauce 1-4 cup finely chopped fresh mint 2 tablespoons lemon juice 2 tablespoons orange juice 1 tablespoon confectioner's sugar Mix ingredients, keep on back of stove to warm up, for 20 minutes, or so. Corn Stuffed Peppers 6 green peppers 1 cup cooked corn (or grated fresh) 3-4 cup soft bread crumbs 1 egg yolk 1-4 teaspoon minced onions 2 tablespoons butter 1-8 teaspoon salt 1-8 teaspoon paprika Wash peppers, discard seeds and pulp and stuff with mixed ingredients. Arrange, upright, in a small pan, add 1-4 inch water and bake 30 minutes in a moderate oven. Baste twice.

Hines Content To Say Nothing Of Opponents

By DAVE CHEAVENS Associated Press Staff Highway Commissioner Harry Hines is one candidate for governor who is not having much to say about his opponents, including Gov. W. Lee O'Daniel.

Yesterday at Seagoville he came very near to mentioning O'Daniel's name, but he let it go with a reference to "the present governor." He was firm, but mild, in criticizing the governor's stand on pensions. "Two years ago it was known Texas could not exceed federal regulations in matching pension money," he said. "I have nothing against the present governor personally, and I haven't been saying much about him in my campaign, but now he says the federal regulations have been changed. The empty promises made so glibly have resulted in a cut in pensions."

This long delayed job of meeting social security obligations can and must be done. Other candidates yesterday were not so restrained in their references to the incumbent. Ernest O. Thompson renewed his attack at Henderson, sarcastically asking O'Daniel if he could stop a lightning with biscuits, and referring to him as a "do nothing" governor. He again assailed a sales tax, particularly the transactions levy once proposed by O'Daniel. At Paris, Jerry Badler said: "When the governor comes to Paris, ask him why, with the great...

est legislative majority any governor ever had, he failed to pay old age pensions as he promised. Ask him why he muffed the ball and didn't pay the old folks." James E. Ferguson has not let the governor escape his barbs in several campaign speeches, and he has especially mocked O'Daniel's radio broadcasting style. Arion B. (Cyclone) Davis takes every opportunity to assail O'Daniel and his policies, mostly in statements to the press.

NEW DECREE

DALLAS, July 11 (AP)—Just imagine, Police Chief J. M. Walsh wrote in an order to his force, "a policeman off duty, in possession of a gun, is a man who is not a man." Walsh's order was a result of a gun hidden somewhere in the pants of his clerks. "Suppose he snuff his pistol quickly, he would practically have to unlock himself." In the future Dallas officers are to dress like politicians—both on and off duty.

LORETTA YOUNG TO WED AGAIN

HOLLYWOOD, July 11 (AP)—Loretta Young, 27-year-old film star, proposes to marry Tom Lewis, 33, an advertising executive, in about a month. Friends disclosed that their engagement will be announced at a party Monday. Miss Young's 1939 elopement marriage to Actor Grant Withers was annulled. Lewis has had no previous marriage. Other Hollywood news: Film Writer Norman Houston used Columbia Pictures Corporation for \$1,000,000 damages, charging that the picture, "Mr. Smith Goes to Washington," was based on his story, "Clown in Congress." Producer - Writer - Director Ben Hecht offered Franklin D. Roosevelt, Jr., a job as a movie actor, asserting "you've got Robert Taylor and the other Hollywood boys looked a mile for looks and personality."

Young Roosevelt, who had been visiting his brother, James, a producer, rejected the offer. "It looks too complicated," he explained.

YOUTH ADMITS FATAL ATTACK

SAN LUIS OBISPO, Calif., July 11 (AP)—A 14-year-old boy who authorities said admitted attacking and bludgeoning to death an 8-year-old girl, was held in the county jail today while the district attorney's office considered how to prosecute him. Victim of the slaying was Gayle Jones, daughter of Mr. and Mrs. J. C. Jones of Morro Bay, who was a pupil at a private school for maladjusted children, which her alleged killer also attended. District Attorney Anthony Brad said the boy had confessed beating the child to death with a rock. She was found nude and unconscious in a canyon near the school early yesterday and died soon after removal to a hospital.

Happy Birthday; His Well Came In

Charles W. Hanes can't remember when he enjoyed a birthday as he did the one he observed Sunday. That was the day that the shallow oil test he has been drilling in the northwest part of Mitchell county on the Grable farm was shot with 250 quarts of nitroglycerine. Force of the shot carried an oil column over the derrick top and sent people scurrying for hill tops as the hole cleaned itself and sand, rocks and other debris showering over the countryside. Watching it all with a broad smile were Mr. and Mrs. Hanes, who served a lunch and cold drinks to many friends from Dallas, Fort Worth, Lubbock, Wichita Falls, Colorado City, Big Spring and other points who had come to congratulate him on the well and wish him happy birthday. Texas has 28,000 miles of natural-gas main lines or almost one-fourth of the total of 182,320 miles for the United States.

Radio Helps Keep The Wolves Away

SEATTLE, July 11 (AP)—Take it on the word of Stanton Bennett, chief engineer for America's "farthest north" commercial broadcasting station in Fairbanks, Alaska, radio is keeping the wolves away in Alaska. In story books hungry wolves watch sourdoughs bed down for the night and then pounce upon them when all is quiet. But now, Bennett, a Seattle visitor today declared, going to sleep he takes out a portable radio and listens to swing music. And after a while the wolves in the neighborhood get sleepy and go along home.

Strike Averted

WASHINGTON, July 11 (AP)—President Roosevelt, using "last resort" procedure, has deferred the threatened strike of 30,000 employees of the Railway Express Agency, Inc. The chief executive intervened yesterday after a Friday deadline was set for the walkout of the agency's union clerks and terminal workers. Dispute over working hours was the main issue. In halting the threatened strike and ordering creation of a fact finding commission, Mr. Roosevelt invoked the emergency measures authorized by the railway labor act.

Barter System Costs American Plane Company Contracts In South American Countries

By DEVON FRANCES Associated Press Aviation Editor

LOS ANGELES, July 11—In the last four months one leading American aircraft manufacturing company has "lost" the trade of nine South American republics to European competitors largely because of the latter's barter system.

In the ordinary times that would stir interest only in financial circles, but today, with air rearmament and hemisphere defense intimately associated in the public mind, the character of our trade with South America takes on more than a passing significance.

Two facts stand out in our air rearmament drive in relation to South American trade: that continent is virtually a virgin area for the development of air transportation, and the airplane—and particularly the military airplane—has become a symbol of might to Latin American peoples.

The competition between United States and European countries for aircraft sales in South America was dramatized at Lima, Peru, several years ago when Italian military planes and our navy's biplanes vied for top honors in performance before the Peruvian public during an air conference.

Today such competition has become more than an interesting sideshow to the panorama of world events because, in the words of President Roosevelt:

"Para, Brazil, is but 4 flying hours to Caracas, Venezuela, and Venezuela but 2 1/2 hours to Cuba and the Canal Zone; and Cuba and the Canal Zone are 2 1/4 hours to Tampico, Mexico; and Tampico is 2 1/4 hours to St. Louis, Kansas City and Omaha."

That was part of the data submitted by Mr. Roosevelt to congress in his special message May 18 suggesting an air force of 80,000 airplanes.

In spite of the European war the two leading European aircraft manufacturing companies having a brisk export trade, Germany and Italy, have pressed their commercial advantages in both the transport and sales fields.

What "defense" advantage may accrue to a nation or combination of nations enjoying sales advantages on another continent may be open to question, but both the army and the navy have been concerned with the popularity which Italian and German airplanes enjoy in several South American countries.

The problem facing the American aircraft industry in the drive for sales on that continent has been the same problem facing the manufacturers of other exportable products: a method of meeting European barter agreements. The Southern California aircraft company which lost its markets there could not match Europe's barter offers.

It had to have cash. Southern California aircraft concerns have received intimations that official Washington plans to mend the unequal competition for South America's aircraft trade.

Sooner State Census Check Shows Loss

OKLAHOMA CITY, July 11 (AP)—Oklahoma today added a loss of 72,263 residents to the huge financial cost of years of successive droughts and dust storms.

A preliminary census report gave the population as 2,323,777, compared with 2,396,040 in 1930. It was the first time in half a century that the area embracing the Sooner State lost ground.

While some of the decline was credited to a lower birth rate, close students of population agreed that prolonged droughts, soil erosion and farm mechanization caused at least 90 per cent of the drop.

The agricultural districts of western Oklahoma suffered the greatest blow, losing 71,413 residents. The number of farms in this area dropped from 109,282 in 1930 to 84,817. All 12 counties in the eighth congressional district (which includes the Panhandle), center of the wheat belt, had substantial losses.

While officials mulled over these figures and speculated on their effect on the state's congressional representation and share of future federal funds, observers of U. S. highway 66 reported the trek of migrant workers to the west and back was continuing.

"A man's gotta keep trying," said the spokesman for a caravan of two families which camped overnight in a hen house near Weatherford.

The eleven members of the party were just ready for supper—coffee and hominy.

"I couldn't make enough on my eighty to pay taxes and lost it," said the spokesman. "We went to California but came back. Things is no better there."

Colored Choir To Give Program At Local Church

The colored choir of Mt. Bethel church will be at the Tabernacle Baptist church tonight.

They have a reputation of being one of the best choirs in West Texas and have been compared with the celebrated "Wings Over Jordan."

The singers of Howard county are cordially invited to attend the singings at the church tonight and every Thursday night.

Nazi Agent To Be Arraigned Today

LOS ANGELES, July 11 (AP)—Indicted on charges of failing to register as an agent of a foreign government, Dr. Herbert Hoehne, 29, German nat., will be arraigned Monday.

Details of the evidence presented to the federal grand jury by FBI agents and officers yesterday were not disclosed. Hoehne, who says he represents a German drug firm, was arrested carrying mail packages he picked up at the San Francisco German consulate, destined from Berlin to Mexican and Central American consulates.

Unofficial reports from federal authorities are that every move in the case has been directed by Washington officials.

Dr. Hoehne's \$15,000 bail, reduced from \$25,000, will be supplied by the San Francisco German consulate, said Consul General Fritz Wiedemann there.

Collins Bros. Walgreen Agency Drug Store Opens Friday

ALMOST ANYTHING a customer might want in the way of cigars, cosmetics, camera supplies, drugs and sundries can be found in this part of the Collins Bros. Walgreen Agency store at 3rd and Main. In the left foreground is the cigar department, followed by the cosmetics division, the camera section and the drug unit. At the rear is the prescription department and to the right is the sundry counter. (Kelsey Photo).

Corner Location Has Been Made New Throughout

Centrally located, modernly equipped and furnished, and completely stocked, the Collins Bros. Walgreen Agency Drug store at 3rd and Main streets will observe its formal opening here Friday.

On a par in service potentiality with the larger Walgreen agency units, the store here is in a position to become an outstanding merchandising center in its field.

Head of the concern is Alfred Collins, long time Big Spring resident who has operated the Collins Bros. Drug store at 2nd and Runnels street for more than a decade. The new store is to be managed by Jack Deveau, formerly of Dallas, Shreveport and New Orleans, where he was associated with Walgreen concerns. The business will require a personnel of approximately 20 people.

All equipment, furnishings and merchandise are new and the systemized Walgreen merchandising plan has been followed through the store. There is no happen-so in stock arrangement, for each item is where it is because it was planned that way.

The store front is flanked by two display windows, arranged with a variety of merchandise. At the left, on entering, is the cigar department, a complete unit within itself. Next is the cosmetics department, which holds exclusive dealership for such lines as Helena Rubenstein, Tussay, Leon Laraine, L'Adonna as well as the other leading, nationally advertised cosmetics. The perfume unit is also complete.

Next is the camera section, containing a list of items needed by amateur photographers to replenish their stocks. In the drug department, next in line, are the nationally advertised drug items and the myriad of products tested and produced by the Walgreen laboratories. At the rear of this department is the prescription unit.

Specially arranged in the center is a new and modern fixture designed to display sundry merchandise ranging from materials for outings, sports, etc., to clocks, home necessities, electric coffee makers and percolators, waffle irons, health heat equipment, food mixers, electric flat irons, radios, vibrators and electric baby bottle warmers.

Toward the front in the center of the store is the candy department where are stocked boxes of King's and Walgreen's confections. Across the way is the 48-foot stainless steel fountain, with its adjacent booths and counter-stools which will seat 52 persons. At the rear is the kitchen.

Besides Deveau, the personnel of the store will include these: P. A. Smith, fountain manager; Gilbert Hollingsworth, assistant fountain manager; S. N. Hall, pharmacist; Mrs. Jack Ellington and Mrs. Ray Phillips, cigar department; Dorothea Echols, cosmetics; Elton Shaffer, display; and L. L. Robertson, kitchen, and several other utility employees.

Personnel of the Collins Bros. Walgreen Agency Drug store, opening for business in Big Spring, is carefully selected, said Jack Deveau, manager.

Not only are experienced men and women sought, but the Walgreen policy of favoring "family" people is adhered to closely. Where it is at all possible, persons with families will be chosen for the jobs.

This very policy has resulted in bringing six new families to Big Spring because of association with the new store, said Deveau.

A fixed policy of the Collins Bros. Walgreen Agency Drug store at 3rd and Main will be to stand behind every article that goes out of the store.

"We will guarantee every item to be of highest quality," said Alfred Collins, head of the company, "and that means a money-back guarantee."

Display work in the Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

Slogan for the new Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

It is "You Are Always Welcome at Walgreen's." To supplement this, the store has a phrase used in answering telephone calls—"The courtesy drugstore." And more than this, regarding the complete stock of merchandise, employees have a saying that "if it's made we have it or will get it."

HUNGRY OR THIRSTY patrons can find anything to please their taste in the new Collins Bros. Walgreen Agency Drug store fountain department. The fountain is completely new and of stainless steel, with grills and a kitchen making possible the filling of orders from an ice cream cone to sandwiches to any a la carte order one might expect to find in a large coffee shop. (Kelsey Photo).

Quality Items Pledged From Kitchen

Efficiency and quality are watchwords in the Collins Bros. Walgreen Agency kitchen at 3rd and Main, for out of it comes most of the foods served in the fountain department of the store.

In charge of the kitchen is L. L. Robertson, who has served as chef for several local cafes, and has had years of experience in the preparation of foods.

The kitchen has all new equipment, is arranged to make the most of available space, and at the same time to keep everything handy so that orders may be handled as rapidly as possible commensurate with quality preparation.

All staple foods used in the kitchen are of quality, nationally advertised lines. Other food and vegetables will be purchased locally in order to insure fresh supplies daily.

Local union labor was used exclusively in construction work necessary for opening the new Collins Bros. Walgreen Agency Drug store here.

All contracts were closed with local concerns, said Alfred Collins, head of the firm, and he has on file a letter sent by carpenters and painters expressing appreciation that local union labor was employed on the job.

'Smoke' Dept. Is Complete

Cigar department of the Collins Bros. Walgreen Agency store is a complete store within itself when it comes to smoking needs.

The department, operated by two experienced women, will be stocked with all the nationally advertised cigars, cigarettes, tobaccos, cigar and cigarette holders, lighters, humidors, pipes, etc.

In this department will be Mrs. Jack Ellington, whose husband is manager of the Collins Bros. Drug Store at 2nd and Runnels street, and who has had many years experience in cigar departments of other Walgreen stores.

Also assigned to the department is Mrs. Ray Phillips, who like Mrs. Ellington is a local woman and experienced in that particular line of merchandising.

Another Important Business Step For Collins Couple

The Collins combination is taking an important step Friday with the formal opening of the Collins Bros. Walgreen Agency Drug store at 3rd and Main streets.

It might rank next to the most important business move Mr. and Mrs. Alfred Collins have taken since they opened the original store, which continues in the same location to this day, at 2nd and Runnels streets on Oct. 18, 1927.

Collins was just preparing to enter his second year as Big Spring high school football coach when his father, Dr. T. M. Collins, erected a new business building just previous to this he and Mrs. Collins, known to many friends as Bess, had tested their confidence by buying a home, so entering business appeared the next logical step.

It was something new for them, but by the end of the first month they had seen enough to be convinced the store would "make a living." It did more than that, for it grew rapidly and even expanded into three stores with M. D. "Dick" Collins, a brother, as a member of the firm. At one time the concern had three stores, but eventually Alfred took over the original store and he and Mrs. Collins concentrated on it.

By the end of the 10th year in business, the annual customer total was running well above 300,000 and the volume of territorial trade grew substantially. The two subsequent years did not change this. So when the opportunity came for opening a Walgreen agency store at a new location, they were ready to take advantage of it.

Pharmacist for the Collins Bros. Walgreen Drug store at 3rd and Main is S. N. "Pappy" Hall, who has had years of experience in prescription departments of large drug stores.

Hall has recently been in Sonora, but previous to the time he went there, he had spent six years in Dallas with the Walgreen stores.

He is a graduate of the University of Oklahoma school of pharmacy. In addition to being in charge of the prescription department of the store, he will assist clerks in serving drug needs of customers.

COLLINS COMBINATION, a familiar one in Big Spring circles, consists of Mr. and Mrs. Alfred Collins, or as many people know it—Alfred and Bess. They opened their first store in Big Spring more than 13 years ago and have steadily expanded the business. Opening of a new store marks an important step in the growth of their business. (Kelsey Photos).

ELTON SHAFFER TO DIRECT DISPLAYS AT NEW STORE

Display work in the Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

Slogan for the new Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

It is "You Are Always Welcome at Walgreen's." To supplement this, the store has a phrase used in answering telephone calls—"The courtesy drugstore." And more than this, regarding the complete stock of merchandise, employees have a saying that "if it's made we have it or will get it."

New Manager Took A Fancy To Big Spring

Four years ago Jack Deveau, traveling through the country, passed through Big Spring. He looked the place over and liked it.

"I made up my mind then that I would make Big Spring my permanent home," he said.

Today Jack Deveau is manager of the new Collins Bros. Walgreen Agency Drug store at 3rd and Main streets.

He evidently kept his decision in mind, for "when Mr. Alfred Collins got in touch with me and offered me the position here, I moved my wife and our daughter, Pat, here to make our permanent home," Deveau said.

The drug store business is in his blood, and has been almost all his life. He started in as a lad of nine years working around drug stores in Minnesota and has been at it ever since.

Fifteen years of his life have been spent with the Walgreen stores, most recently in Dallas. Prior to that time, he was in Shreveport, La., and New Orleans, La.

No more ardent booster for the new store can be found than Deveau, who explained that "after having been in most of the larger Walgreen agency stores, I believe that the store here is as beautiful as any Walgreen store and will be able to serve drug needs conveniently for the shoppers of Big Spring and area."

FAMILY PEOPLE GET PREFERENCE IN EMPLOYMENT

Personnel of the Collins Bros. Walgreen Agency Drug store, opening for business in Big Spring, is carefully selected, said Jack Deveau, manager.

Not only are experienced men and women sought, but the Walgreen policy of favoring "family" people is adhered to closely. Where it is at all possible, persons with families will be chosen for the jobs.

This very policy has resulted in bringing six new families to Big Spring because of association with the new store, said Deveau.

FULL GUARANTEE ON ALL MERCHANDISE

A fixed policy of the Collins Bros. Walgreen Agency Drug store at 3rd and Main will be to stand behind every article that goes out of the store.

"We will guarantee every item to be of highest quality," said Alfred Collins, head of the company, "and that means a money-back guarantee."

Display work in the Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

Slogan for the new Collins Bros. Walgreen Agency Drug store carries out a spirit of southern hospitality.

PRESCRIPTIONS ON PHYSICIAN'S ORDER

One thing the Collins Bros. Walgreen Agency—or the Collins Bros. Drug Store—for that matter—will not advertise is that no substitutions are ever made on prescriptions.

It has always been a policy of Collins Bros. to compound prescriptions in keeping with the pharmaceutical oath—that is exactly as the doctor prescribed. That, of course, is to be the policy of the new store. Hence, there is no point in advertising a thing so obvious, said Alfred Collins, head of the concern.

NOTICE SECRETARIAT

GENEVA, July 11 (AP)—Rumania's notice of her withdrawal from the league of nations effective July 10, 1942, reached the league secretariat this morning. Two years' notification is required.

Modern Fountain Department Is Major Attraction Of New Store

Perhaps no one department is more important than others in the new Collins Bros. Walgreen Agency Drug store, but certainly one of the most important is the fountain.

Specializing in all types of foods, soft drinks, ice cream and refreshments, the fountain service includes 12 booths and 10 counter-stools—enough to accommodate 52 persons at a time.

The counter has an over-all length of 43 feet and is completely equipped with the most modern of fountain facilities, including a machine for home-made ice cream which the store uses exclusively.

Everything is finished in stainless steel and is kept spotlessly clean. Booths are in chrome and leather, arranged for utility of space and speed of service.

In charge of this department is P. A. Smith, formerly of Fort Worth and Dallas where for nine years he worked in and managed fountain units for the Walgreen stores. In other years he has been in the food business. He specializes in steaks and chicken, yielding this duty to none in his department. Mrs. Smith and their daughter, Peggy, have joined him here.

Assistant manager of the fountain will be Gilbert Hollingsworth, formerly manager of the large fountain in the Dallas Walgreen store and a chef in a Dallas hotel. He, too, has been joined here by his wife and baby.

OVER 11,000 ITEMS IN WALGREEN STORE

Ask for something at the Collins Bros. Walgreen Agency Drug store, and chances are you will get it. Opening inventory shows over 11,000 items to be in stock by the store. "Anything we haven't got, we'll get it," said Jack Deveau, store manager.

Flying Here For Opening

Formal opening of the new Collins Bros. Walgreen Agency Drug store here will attract visitors from as far as Florida.

Dick Collins, brother of Alfred Collins and a member of the original Collins Bros. concern, will board a plane at Daytona Beach, Fla., and fly here for the opening. He is merchandising manager for Walgreen system stores south of the Mason and Dixon line and from coast to coast.

Dick Seibens, West Texas salesman for Walgreen Agency stores, is to be here for the opening of the store as will Mack McCutcheon, fountain manager of the Walgreen store in Fort Worth, and Gaddy Goodwin, Fort Worth store manager.

Air Conditioned For Walgreen Unit

Air conditioned is the correct word for the Collins Bros. Walgreen Agency Drug store, for the air is really conditioned.

First it is drawn through a filter, cleaned, and then through evaporators where it is cooled before blowers distribute it over the store.

Cosmetic Advice To Be Available To All Women

Not only will women be able to select cosmetics from a wide variety of the better known national brands at the Collins Bros. Walgreen Agency Drug store, but they will be able to get expert advice concerning their needs.

Dorothea Echols, cosmetician for the store, has had years of experience. She came here from Vernon where she was in a large department store. Prior to that time she had been associated with a Dallas department store in the cosmetics department. Consequently, she has learned how to advise women on the particular cosmetic most suitable to their skins.

Store Completely Illuminated With Fluorescent Lights

A new illumination record has been established by the Collins Bros. Walgreen Agency Drug store at 3rd and Main streets, as far as Alfred Collins, owner, has been able to determine.

There being no records to the contrary, Collins believes it to be the first drug store in the state to be completely illuminated by fluorescent lights.

All lights—the ceiling, display window, and show cases—are fluorescent. The effect is comparable to daylight, for there is no glare, no heat.

new store being formally opened today, are making an economic contribution to the community in payroll.

The new store, located at 2nd and Main, and the original store at 2nd and Runnels street, together employ a total of 28 people. Of the number, 20 are associated with the new store.

Magic Show At The Ritz

A unique stage show is promised theatre-goers Saturday midnight, when "The Great Lester," appears with his magic acts and other features, at the Ritz. The show will be presented only the one time, along with a screen program which features a Leon Errol comedy, "Papa Always Pays."

The stage presentation includes a one-hour show by Lester, and his three-foot power driven buzz saw. This feat gained for Lester the attention of Life and Look magazines. The Hindu rope trick also is featured in his repertoire, along with one of the most daring wire balancing acts presented on a stage.

The most celebrated of his performances is his illusion of sawing a living woman in two, with a three-foot power driven buzz saw. The Hindu rope trick also is featured in his repertoire, along with one of the most daring wire balancing acts presented on a stage.

A LONG WAY FROM ADOBE HOUSES—Proof of a 1940 building spree in Mexico City, D. F., is this modern new apartment house. Rentals are from \$35 (American) to \$50 monthly.

FEDERAL PAYMENTS BOOST 1939 TEXAS FARM INCOME

WASHINGTON, July 11 (AP)—Thanks largely to a big boost in government benefit payments, the cash income of Texas farmers climbed to \$567,596,000 in 1939, a gain of \$41,612,000 over that of 1938.

Actual cash income from farm marketings dropped to \$546,841,000 from \$457,170,000, but this was more than offset by a boost in government payments from \$68,814,000 to \$110,755,000, the bureau of agricultural economics reported today.

Figures for Texas were made public by the bureau in a report which placed the total cash income from farm marketings and benefits in 1939 in all states at \$5,539,602,000, compared with \$3,071,934,000 the preceding year.

The gross farm income realized by the nation's farmers and livestock men last year, the bureau said, was \$9,769,000,000; that of those in Texas, \$646,208,000. For 1938 the national total was \$9,362,000,000; that of Texas, \$608,569,000.

From livestock and livestock products, Texas farmers grossed \$295,355,000 in 1939, while their actual cash farm income was \$233,328,000, their cash farm income from the various crops was \$233,815,000; the gross, \$240,098,000.

The gross income from cattle, calves, beef and veal totaled \$109,572,000 for the year, compared

with \$94,170,000 in 1938 and \$98,386,000 in 1937. Cash income from sales of these products amounted to \$108,319,000 in 1939, while in 1938 it was \$93,078,000. The 1937 total was \$97,747,000.

The 1939 gross income from hogs, pork and lard was \$29,682,000, a decline from 1938's total of \$30,127,000 and the 1937 figure of \$37,013,000.

Farm sales of sheep, lambs, mutton and lamb in 1939 placed \$10,856,000 cash in the pockets of Texans, which was about the same as 1938's \$10,856,000.

Gross farm income realized on chickens last year was \$11,525,000 compared with \$11,975,000 the previous year.

The gross farm income realized on turkeys was \$6,289,000, or nearly \$500,000 less than in 1938.

Cash realized from egg sales dropped to \$16,978,000 from \$18,260,000.

Farm income from wool climbed to \$18,550,000 from the \$16,654,000 reported for the previous year.

TEXAS PLANTS ARE APPROVED AS SOURCE OF WAR MATERIALS

DALLAS, July 11 (AP)—The southwestern division of the U. S. chamber of commerce has announced that the war department has surveyed and approved the following number of manufacturing plants in the southwest for possible purchase of war materials: Arkansas, 17; Louisiana, 35; Oklahoma, 18; Colorado, 37; Missouri, 27; Texas, 136; Kansas, 24; New Mexico, none.

The materials which these plants might produce for the war department range from office supplies to artillery.

NEW COLUMN

LONDON, July 11 (AP)—Every man, woman and child in Britain is to be organized into a silent column pledged to kill rumor. Talkers taken to task by hearers will be "invited to make contributions to charity" by dropping coins into "chatterboxes in public places."

Modern New Home Added At Stanton

STANTON, July 11 (Sp.)—Another modern new home has been added to the residential section of Stanton, that of Mrs. Evelyn Woodard, which was recently completed. Colonial in design, the house is of frame construction, painted white, with green roof and shutters. It faces south, with the living room on the southwest, and on the southeast, a spacious porch, with colonial railing along the edge of the roof, behind which is the bedroom, with both south and east exposures. One of the most attractive features of the outside of the house, is the large studio window on the front of the living room.

Though only a three room cottage, the house has large rooms, and embraces enough square feet for an average five-room home. Attractive features of the living room include the large window, two single windows at each side of a colonial wooden mantel, and the large six-panel colonial front door. The walls are papered, with damask finish paper. Between the living room and the bedroom, both of which are the same size, is a small hall, connecting living room, bedroom, bathroom, and kitchen, so that each room is strictly private and no two rooms need open into each other.

PRODUCTION ORDERS

AUSTIN, July 11 (AP)—The railroad commission yesterday issued a number of orders on oil production, including one which permitted the use of gas for repressuring oil sands in the Panhandle field of Hutchinson county.

ARMY GETS MORE RECRUITS IN AREA

Several young men in the Big Spring area are reported as recent enlistments in the U. S. Army. Two—William T. Bolt of Big Spring and Thomas A. Weeks of route 1, Lamesa—have been assigned to the Gulf Air Corps training center at Brooks Field.

Three others have been assigned to the 3rd coast artillery at Fort McArthur, Calif. There are Robert Cecil Findley of route 2, Big Spring; Roy Curtis Merworth of Big Spring, and Felty J. Bagley of Big Spring.

SOUTHWESTERN LIFE REPORTS GAINS FOR THE FIRST HALF
A gain of sixteen per cent for the first half of 1940 is reported by Southwestern Life Insurance company in information from C. F. O'Donnell of Dallas, president, re-

Texas Gains Acreage By Okla. Error

AUSTIN (UP) — Before next July, some 400 land owners who haven't known for years whether they lived in Texas or Oklahoma will buy from the state of Texas a \$600,000 strip of land for \$30,000. But they thought the land was theirs all along.

A Philadelphia mapmaker's mistake in 1818, which erred in determination of the 100th Meridian which separates Texas' panhandle from the western border of Oklahoma, has caused the trouble. Now since the line was established by the U. S. supreme court in 1930, 30,000 acres of wheat and pasture land that was once believed to be in Oklahoma has become Texas. The former Oklahoma landowners by a special act of the Texas legislature in 1931 are allowed to buy it back at \$1 an acre. The land is worth approximately \$20 an acre. The "owners" have a year from June 27 in which to file an application. Those who fail to do this will see their tracts become Texas public free school land.

Old Claim Thrown Out

Since 1912, John L. Wortham, Austin, and his heirs have been claiming the disputed area on grounds that it belonged to Texas all the time and was therefore vacant and subject to Wortham's offer to buy it. It was only last year that the courts denied the Wortham claim. This cleared the way for a Texas land commission board, composed of the state land commissioner, the attorney general, and the governor, to take applications for the land from the owners.

The strip is about two-thirds of a mile wide at its base on the Red river, running north 135 miles, it tapers to a point, adding a narrow sliver of dirt to five Texas counties.

One man living in the strip boasts he has resided in two states, Oklahoma and Texas, three counties (one because of a name change) and Indian Territory — and has never moved.

This same controversial meridian line has figured in the history of five countries — Spain, France, United States, Mexico and the Republic of Texas. The original, and erroneous, map was used as basis for treaties between Spain and France when Spain ceded the Louisiana territory to France; the United States and France at the Louisiana Purchase; and Spanish Texas holdings; Spain and Mexico when Mexico won its independence; and the United States and the Republic of Texas in 1836.

In litigation since 1919, Oklahoma, by 1920, had patented 20,000 acres of the land and in 1919 sued for it. Texas filed a counter suit in 1926 and won.

Today a row of concrete cones with a brass plate in the top mark the true location of the 100th Meridian and has ended the squabble for all time. This survey was made by Samuel S. Gannett on order of the U. S. Supreme Court.

This is the most recent of the Lone Star state's boundary lines, developing along its 4,138 miles perimeter.

Just settled was a dispute with Louisiana where game wardens arrested a Texas fisherman in the Sabine Pass area. The survey line there is based on the west bank of the Sabine river. But in the last century, due to winds, currents, and the river flow, silts had deposited to make the west bank longer and throw the boundary into question.

There also have been troubles with Oklahoma over the meandering Red river on the north and with Mexico over changes in the Rio Grande. Now the Mexican boundary is agreed on as being wherever the river is, regardless of what course the stream takes.

'Gifts' Received From Employees By State Superintendent L. A. Woods

(This is the second of a series of articles.—Editor.)

By ALEX LOUIS Austin Correspondent

AUSTIN, July 11.—"An apple for the teacher. That seems the thing to do."

This beginning of the popular song offers a good label for a custom which has developed in the State Department of Education.

Testifying before the first legislative investigating committee which he has had to face, Supt. L. A. Woods conceded in 1933 that he had received "a few gifts" from his employees.

Since then he, apparently has received many other gifts.

A special committee of the 44th Legislature, in 1935, was instructed to check up on reports that the state superintendent was compelling his employees to contribute to various funds.

This committee examined several witnesses, including Supt. Woods, and made the following report of its findings:

"The investigation by the committee revealed that a number of collections had been made from the employees in the Department of Education for such purposes as the payment of campaign debts of the state superintendent, the discharge of personal obligations and for the purchase of presents for such state superintendent."

"These donations, the committee added, were 'voluntary.'"

But it went on to recommend "that the heads of the various state departments should be prohibited from accepting or receiving donations from the employees of such departments, whether voluntary or involuntary, on account of the fact that a mere request for such contribution might assume the strength of a demand, and thus become oppressive to such employees."

Supt. Woods faced another investigation in 1937. This time a special committee of the House of Representatives made an exhaustive study of his administration.

That committee reported, among other things:

"It was found that the employees of the department, especially including the employees in the higher brackets, were called on at least every election year to donate campaign expenses of the state superintendent."

Thus the custom of "an apple for the teacher" has developed in the State Department of Education. And no one can deny that it has been "good politics."

(NEXT: Public funds wasted.)

City's Water Revenues Cut By Rainfall

Rain made its presence felt on city water revenues and a PWA grant payment ralled the general fund, the June financial statement approved by city commissioners Tuesday evening showed.

Water billed to consumers during the month aggregated \$12,366, a decline of \$1,176 from May but \$212 up from June a year ago. Rains relieved the irrigation pressure for yard beautification and replenished the T. & P. lake supply to cut consumption demands.

By reason of a \$22,099 PWA final grant payment, general fund revenues were boosted to \$43,367 for the month. The total also included \$2,321 in current and \$1,418 in delinquent tax collections. Disbursements from the fund aggregated \$26,032, including a \$2,488 item transferred to the interest and sinking fund and operating and capital outlay expenses of \$23,544.

The park department showed a \$1,268 over-run for the month due to finishing the amphitheatre and rushing other work. The administration, police, fire and building had small excesses, and the water department was \$3,108 over for the month, due to a \$5,040 capital outlay item in conjunction with inauguration of surface water service. Other departments were under budget figures.

For the first quarter the net under-run was \$9,181, these departments showing savings on budget allowances: Health \$1,275, street \$7,076, sewer \$1,143, and airport \$2,364. The park department, with \$7,076, had the only sizeable excess.

The non-tax revenue swimming pool and park system fund had resources of \$863 and expenses of \$624, leaving a net balance of \$239. The cemetery fund lost a little ground with receipts of \$26 and expenses of \$90, to leave a balance of \$1,162.

Advertising Starts' Em Off
—and—
Advertising Keeps' Em Going

That the new Collins Bros. Walgreen Agency Drug Store is a believer in HERALD advertising is demonstrated in the columns of this issue, where you'll find messages telling of the opening values at Collins.

The Herald is happy to be a part in this merchandising effort, and will continue to assist in making advertising messages pay.

Congratulations To Collins Bros.
Walgreen Agency

THE HERALD

THE LITTLE MERCHANT PLAN HELPS THE BOYS

GIVE THE BOYS A BREAK!

The Big Spring Herald has adopted the "Little Merchant Plan" of delivering papers to subscribers in the city of Big Spring. TWENTY BOYS are engaged in the business of delivering this newspaper to the homes in Big Spring. These boys' earnings and success depend on how efficiently they serve YOU. Give them a welcome when they call!

By this new plan, the earning power of the boys is limited only by their energy and ability. The more subscribers the boy obtains, the greater will be his income. He passes YOUR home every day.

Many of these boys are working their way through school, or helping to support families, or building up a fund with which to attend college. These boys come from all walks of life. It will surprise you to know how many of them are helping to take care of a widowed mother and several children. ALL OF THEM ARE WORTHY BOYS. By offering them the chance to increase their earnings, the Herald hopes to enlarge the boys' opportunities—teach them honesty, salesmanship, efficiency, courtesy and help them to become REAL MEN and appreciate the value of a dollar.

Big Spring Daily Herald

Water Meet For Scouts Set Aug. 20

Plans are being developed in Midland for the annual Buffalo Trail council water meet on Aug. 20. The affair has been held annually since 1933 with the exception of 1935.

As in former years, swimming activities for Boy Scouts will be accompanied by barbecue and all the trimmings.

The program will stand practically unchanged with the scheduled starting time 9 a. m. and the events to embrace breast, side, back, free style strokes, relay races, water polo, diving and several fun events, among them a towing race. There will be several general swim periods for all scouts, whether they participate in races or not.

Arrangements for the meet are under direction of W. R. Upham, Midland district chairman, and Guy McMullen, R. F. Peters, Clinton Lackey, Claude Crane, John Hows, George Abell, Rev. John Pickering, Wallace Wimberly, Russell Conkling, H. G. Bedford, Guy Brennenman, Ray Beville, E. D. Richardson, J. Scott Blair, F. J. Middleton and Bill Collyns.

CONCESSIONARIES EXPECT BUSINESS AT DEMO MEETING

CHICAGO, July 11 (AP)—The Chicago stadium is getting its young face lifted for the national Democratic convention next week.

Although built only 11 years ago the huge indoor stadium already is becoming one of the historic spots in the nation's second city.

Stadium concessionaires have stocked the larder with these items:

- 100,000 bottles of beer, 125,000 bottles of soda pop, 30,000 gallons of draft beer, 75,000 ice cream bars, 25,000 bags of peanuts, 25,000 bags of popcorn, 180,000 cups of coffee, 25,000 ham, 10,000 roast beef and 5,000 cheese sandwiches, and 75,000 hot dogs.

DO YOU WANT HIS BENCH?

YOU may be sitting on top of the world today, but what about that time when production ceases?

Every game must have an ending. Some win, some lose. Many exist on bread lines and benches. Others, unhappily depend on relatives. A few enjoy retirement with Life Insurance incomes that provide beds of ease as well as necessities.

Will yours be a Bench or a Bed?

You can easily buy guaranteed Southwestern Life security and pay by the month, quarter or year, out of surplus earnings. And, Southwestern Life protects your family while you save for this old age independence.
