### Bailey County Had Active Role In 1972 Affairs

**REVENUE SHARING**  
In the month of December Bailey County received \$39,422.00 Federal Revenue Sharing money, which was for the first half of 1972. Payment for the second half of 1972 is expected shortly after the first of the year. But we have no way of knowing how much it will be. These funds will be kept on a Certificate of Deposit earning interest until all Revenue Sharing Funds have been received, and until the Commissioners Court makes judgments as to how they should be expended.

**CRIMINAL JUSTICE**  
In the field of Criminal Justice, Bailey County, in cooperation with the City of Muleshoe, has installed a teletype system that is of immeasurable benefit to the Law Enforcement Officers. Also the two political entities have purchased riot control equipment. These items were made available through cooperation with the Criminal Justice Council. And the principal part of the funding came from the Criminal Justice Council.

An application is being submitted on behalf of the 15th Judicial District for adult and Juvenile probation services for each of the three counties comprising the District, Lamb, Bailey and Farmer. If the application is approved, as we fully expect it will be, there will be one probation officer in each of the three counties. Thus in the near future Bailey County should have an official probation officer to supervise the juveniles, misdemeanors, adult, and felony adult probationers. This also is being obtained and funded through the Criminal Justice Council.

The application was worked up by local officers in cooperation with Archie Tarter, County Judge of Farmer County, G.T. Sides, County Judge of Lamb County, Glen Williams, County Judge of Bailey County, and District Judge Pat Boone.

Judge Boone will be Project Director, Judge Glen Williams will be fiscal officer, and the three counties will cooperate with each other for their own mutual benefit. It is believed that by the use of official probation services many lives can be rehabilitated, and much good can be done.

Judge Glen Williams has served on the 15 County Criminal Justice Advisory Committee for three years, and for the past year as served as chairman. At the December meeting he was elected as chairman for another year. Raymond Cabrera of Bailey County

was recently appointed to the Committee by Giles McCrary, Mayor of Post and President of the South Plains Association of Governments.

**HEALTH PLANNING**  
A Comprehensive Health Planning Program is being instituted in Bailey County. Its purpose will be to study the health situation, to identify problems, if there are any, and to make recommendations for their solution.

This is a part of a nation wide program and will be generally operated in connection with a Regional Health Planning Council currently being established throughout the 15 county South Plains Association of Governments area.

The County Committee is composed of: Marshall Cook, Hospital Administrator, Muleshoe; Ann Sinclair, L.V.N. Box 366, Bula; Paul Wilbanks, Pharmacist, 114 Main Muleshoe; David Hamblen, D.D.S. 121 Ave. B, Muleshoe; B.E. Sanderlin, M.D. Muleshoe; Ingevine Tiller, R.N. Route 5 Muleshoe; B. R. Putman, Optometrist, Drawer 5, Muleshoe; George Mitchell Muleshoe; W.C. Smith Box 55, Maple; Mrs. J.E. McVicker Box 756 Muleshoe; Gayle Underwood, Box 785, Bula; Joe Anzures Box 572 Muleshoe; Charles Issac, M.D. Muleshoe; Raymond Cabrera, 323 W. Ave. E, Muleshoe; G.R. "Corky" Green 103 West Ave. D, Muleshoe; Glen Williams, P.O. Box 589, Muleshoe.

And two members from Bailey County will be placed on the Regional Council. A meeting to elect officers and adopt by-laws will be held in the Corral Restaurant Thursday evening January 4 at 7:30 p.m. Committee members are urged to be present and all interested citizens are invited.

### Weather, Local News Highlight Past Year

### Investigation Of N.M. Highway Sought

A tragic bus-truck collision on a narrow bridge east of Fort Sumner, N.M., Tuesday that claimed 10 lives has prompted a special investigation of the "critically deficient" highway bridges in the state.

A meeting was called Thursday of the Clovis Chamber of Commerce Highway Committee to discuss the situation of highways in eastern New Mexico. Funding was one of the major items discussed. About 30 persons attended the meeting including Clovis city commissioners and county officials and state legislators from Curry, Roosevelt, DeBaca and Quay Counties.

Plans have been made to request a legislative investigation into why eight to 10 bridges in the state have been declared critically deficient by the highway department but have not been repaired or replaced. Also to be questioned was why federal highway safety program money had not been used where it was needed.

One of the legislators pointed out that the money to build one overpass on I-40 would build five bridges needed to replace those like the one

## Annual Weed Control For Winter Grains

AMARILLO...Winter annual weeds are beginning to appear, especially in early planted fields of wheat and other small grains, according to Frank C. Petr, area agronomist of the Texas Agricultural Extension Service at Amarillo. Now is the time to start making plans for spraying these weeds before they utilize moisture and nutrients needed by the grain crop.

"Tansy mustard and Kochia are the weeds most commonly encountered in the major wheat growing area of the state," Petr explains. "They can be controlled easily with one-half pound of 2,4-D applied either by air or ground spray equipment. It is important that the small grain plants are fully tilled before 2,4-D is applied. Yield losses and plant deformity may result if the plants are too young."

Not all wheat fields require spraying, since good stands of vigorous wheat shade the ground early and discourage germination and growth of weeds, the agronomist says. In late planted fields or in those that did not receive moisture until recently, the weeds may not ap-

pear until January or February. Therefore, fields should be checked carefully.

"Weeds are easiest to kill while they are in the rosette stage with a diameter approximately the size of a half-dollar," Petr advises. "If the weeds are elongated and yellow blossoms have begun to appear, it may be too late. They have already caused a reduction in potential grain yield."

"Research on weed competition which has been conducted by Dr. Allen F. Wiese at the Southwestern Great Plains Research Center at Bushland, indicates that one weed per square foot can reduce wheat yields by 10 percent. If a potential yield of 40 bushels per acre is assumed, the yield loss would be about four bushels or about \$7.00 per acre at current prices. With an estimated spray cost of \$1.50 per acre, this could mean an extra \$5.50 per acre as a result of controlling the weeds. When two weeds are present per square foot the estimated yield loss is 20 percent. Assuming a 15-bushel-per-acre yield potential un-

der dryland conditions, the loss caused by weed competition would be about three bushels. In this situation the farmer could pay the spray cost of \$1.50 and realize an additional \$4.00 per acre from the weed control practice."

One-half pound of 2,4-D will control most winter annual broadleaf weeds, advises Petr. However, treacle mustard is showing up on some fields in the Northern High Plains. This weed is more difficult to kill and requires one pound of 2,4-D for effective control, says the area agronomist. It is important to fight this weed diligently to prevent its spread and hopefully to eradicate it.

**MINE SURVIVOR KILLED**  
ROCK FALLS, ILL. — Cecil Sanders, the only survivor of a southern Illinois mine disaster that killed 119 men in 1931 was killed in a car crash on Thanksgiving day. Mr. Sanders, 65, apparently "blacked out" while driving home from a family dinner.

CLAUDIA LITE ON WELFARE REFORM

Under new proposals, the Nixon Administration has moved to tighten the management of state welfare programs in an effort to "restore public confidence" in financial assistance to the needy.

**CAR PRICES HIKED**  
The Price Commission has authorized the General Motors Corporation to increase prices on cars and trucks by an average of \$54. Ford Motor Company was allowed an increase of \$62.55.

## Final Rites Conducted For Claudia Lite

Services for Mrs. Claudia Lite, 82, were held at 3:30 p.m. Thursday in the Singleton-Ellis Chapel of the Chimes with the Rev. V.L. Huggins, pastor of the Trinity Baptist Church, officiating. Interment was in the Bailey County Memorial Park under the direction of Singleton-Ellis Funeral Home.

Mrs. Lite died at 3:15 a.m. Wednesday, December 27, in the West Plains Memorial Hospital. She was born Sept. 11, 1890, in Wheatley, Ark.

A resident of Muleshoe since 1943, she moved here from Searcy, Ark. She was a member of the Trinity Baptist Church.

Survivors include a daughter, Mrs. Dorothy Green of Muleshoe; a son, Earl, of Balparaiso, Ind.; a sister, Mrs. Ola Henderson of Flint, Mich.; six grandchildren and five great-grandchildren.

### What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

The Church is God's appointed agency in this world for spreading the knowledge of His love for men and of His demand for men to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Candlelight Vows Unite Miss Phelps, Srygley

MRS. DERYL LYNN SRYGLEY, the former Rebecca Jane Phelps

A candlelight ceremony in the First United Methodist Church at 2 p.m. on December 29 united in marriage Rebecca Jane Phelps and Deryl Lynn Srygley of Levelland. Rev. J. B. Fowler, pastor of the church, read the double ring vows.

Parents of the couple are Mr. and Mrs. Bernard Phelps of Muleshoe and Mr. and Mrs. John D. Srygley of Levelland.

The church altar was centered with a floral arrangement of forever yours roses, golden wave roses, bridal pink roses, gypsophilla, pink geraniums, magnolia leaves, English ivy, eucalyptus, and smilax flanked by white altar candles. Behind the chancel rail were two Florida palms. Spiral candelabra on either side of the predece were entwined with smilax. Smilax marked the first nine pews on either side.

Wedding music was presented by Mrs. Jerry Hoover, organist, and Kim Cowan, pianist. Lee Weldon Stephenson, professor of English at South Plains College, read from the 13th chapter of First Corinthians.

Mrs. James Vincent Campbell of New Orleans, La., attended her sister as matron of honor. She wore a formal length empire gown of candy pink chiffon and satin. It was designed with a high ring neck, long bishop sleeves and a pyramid skirt. She carried a tiffany designed bouquet of Enchanting Cymbidium orchids, bridal pink and American Beauty roses, baby's breath, stephanotis and English ivy.

Serving as best man was the groom's father, John D. Srygley. Ushers were Matthew Bernard Phelps, brother of the bride; Curtis Griffith of Lubbock, brother-in-law of the groom; and James Vincent Campbell Jr. of New Orleans, La., brother-in-law of the bride.

The bride, given in marriage by her father, was attired in a formal length gown of ivory satin and imported hand-run Alencon lace, intricately jeweled

with tiny seed pearls and crystal beads. The molded semi-empire bodice, veiled with the jeweled lace, was fashioned with a high wedding-ring neckline, enhanced with a narrow fold of the satin and long, tightly fitted, satin edged sleeves. A large bow applied with motifs of the lace enhanced the back of the gown and extended into long streamers. The slim A-line skirt banded at the hemline by scallops of the jeweled lace swept to a full chapel length train. Her chapel length bridal veil of imported ivory silk illusion fell the full length of her gown from a matching calot of lace encrusted with pearls. The tiffany designed bridal bouquet was of Enchanting Cymbidium orchids, bridal pink and American Beauty roses, baby's breath, stephanotis and English ivy.

The mother of the bride wore a formal length gown designed with an ivory peau de soie skirt and a long sleeved mohair knit overblouse of dove blue, belted at the waist.

The groom's mother was attired in a formal length skirt of burgundy velvet with a mauve pink chiffon blouse featuring long pleated sleeves.

A reception followed the ceremony in the fellowship hall of the church. The cake table was draped in a floor length white linen cloth overlaid with white linen lace garlanded with swags of smilax. The bride's bouquet accented the table setting. The tiered wedding cake was surrounded by fresh flowers.

The serving table, draped with a white heirloom linen cloth, was centered with a tiffany designed arrangement of red, yellow, and pink roses, gypsophilla, pink geraniums, magnolia leaves, English ivy, and smilax. Silver punch and coffee services were used. Finger sandwiches, decorated mints and nuts were also served. A folding screen, flanked by Florida palms, was placed behind the serving table.

Mrs. Charles L. Lenau and Mrs. William Myron Pool II presided

at the cake table. Presiding at the coffee service were Mrs. Bill St. Clair and Mrs. Irvin St. Clair. Serving punch were Mrs. Pat Bobo and Mrs. Sam Damron. Miss Marilyn Pool registered the guests. Members of the houseparty were Mrs. Herbert L. Griffiths, Mrs. Larry B. Hall, Mrs. Carl Bamert, Mrs. Ben F. Chapman, Mrs. E. O. Baker, Mrs. Wilbur LeVeque and Mrs. Eugene Black.

For a wedding trip, the bride chose a pascale blue wool knit dress with a winter white long-sleeved bodice, complimented by a suede leather weskit. She wore matching accessories and an ivory cymbidium orchid corsage.

The couple will be at home at 2339 Oak Street, Denton, after January 1.

Mrs. Srygley graduated from Muleshoe High School and attended Gulfport College for Women in Gulfport, Miss., and South Plains College in Levelland.

Srygley is a graduate of Levelland High School and attended South Plains College. He will continue his studies at North Texas State University in Denton.

Out of town guests attending the wedding included Mr. and Mrs. J. M. Srygley of Littlefield, grandparents of the groom; Mrs. J. L. Birdwell of Lubbock, grandmother of the bride; Mr. and Mrs. J. V. Campbell of Gainsville, Mr. and Mrs. William Ellwood Keeney of Lubbock, Mr. and Mrs. William Ray Brown of Rotan, Mr. and Mrs. John E. Birdwell of Lubbock, Mrs. Michael McPhaul of Austin, Mrs. Robert E. Merrell of Clovis, N.M., and Mrs. Grady Beard of Portales, N.M.

A rehearsal dinner was hosted by Mr. and Mrs. Sam Damron, Mr. and Mrs. Irvin St. Clair, Mr. and Mrs. Bill St. Clair and Mr. and Mrs. Morris Douglass at the Sam Damron home on Thursday evening, December 28.

MR. and MRS. JODIE BARRETT

## Barretts Honored On 25th Anniversary

Mr. and Mrs. Jodie Barrett celebrated their 25th Wedding Anniversary on December 15. The Barretts were honored with a dinner and reception hosted by their children, Mr. and Mrs. Ronnie Barrett, Mr. and Mrs. Rickey Barrett and Robbie and Suzan Barrett.

The reception was held in the Rickey Barrett home. Cake

and coffee were served from silver appointments from a table laid with an avocado cloth. Carols were sung by the group. Also attending were the Barretts' grandchildren, Micheal and Latrece.

### Fashion

Color is very evident in shoe shops. Some shoes combine colors or are trimmed in matching fabrics or colors.

Suede is making a come back for winter shoes and some of it is easier to keep than the kind used in past years.

Come, Winter, with thine angry howl,  
And raging bend the naked tree:  
Thy gloom will soothe my cheerless soul,  
When nature all is sad like me.

-Robert Burns.

# Holloway-Lewis Wed In Lubbock Ceremony

MRS. LOWRY LEE LEWIS, the former Cassandra Holloway

Miss Cassandra Holloway and Lowry Lee Lewis, both of Lubbock, were united in marriage at 7 p.m. on December 29 in the Lubbockview Christian Church. Rev. C. Robert Coleman read the double ring vows. The bride's parents are Mr. and Mrs. J.M. Holloway of Lubbock. Parents of the groom are Mrs. Noble Holt of Lubbock and Barry T. Lewis of Muleshoe.

The altar was centered with a white wrought iron Gothic arrangement of white gladiolus, mums and poms and white tapers, flanked by candle trees. Circle candelabra with white tapers and tropical palms completed the altar setting. The bridal aisle was marked with white standards, garlands of gypsophelia and lighted votive cups.

Special wedding music was provided by Mrs. Ray Dunn of Lubbock, organist, and Royce Suggs of Brownfield, soloist.

Bridesmaids were Mrs. Gerald Wilhelm of Arlington and Mrs. Charley Trimble of Lorenzo. They were attired in formal length gowns of ivory foilie fashioned with high ruffled necklines and long sleeves with ruffles at the wrists. Narrow ruffles formed square yokes on the bodices and softly draped cummerbunds encircled the waistlines. The A-line skirts were softly gathered with two deep ruffles at the front hems extending up the backs to the waistlines. The gowns were accented with large Dior bows at the center back. The attendants carried colonial cascades of Waburn Abbey Roses tied with avocado green velvet ribbon. The wore bits of gypsophelia nestled in their hair.

Serving his brother as best man was Barry Lewis Jr. of Columbia, Mo. Larry Calvert of Muleshoe was groomsman. Ushers were Royce Blair of Plains and Darrell Wilson of Muleshoe.

Escorted and given in marriage by her father, the bride wore a formal length gown of ivory foilie fashioned with a Victorian neckline of scalloped ivory Nottingham lace and long narrow sleeves with ruffles at the wrists. A bias

fold of self material encompassed the natural waistline. The softly pleated skirt was encircled with a ruffle at the hemline. The headpiece was a Juliet cap of lace with velvet ribbon inserts holding a chapel length veil of illusion. The bride carried a colonial cascade of gardenias, white roses, and stephanotis centered with Lily of the Valley. The bouquet was showered with white satin love knots.

A reception followed the ceremony in the home of the bride's parents. The serving table was laid with a white net cloth over satin and was centered with a silver corgone filled with Waburn Abbey Roses and white

tapers. The bride's double ring wedding cake was surrounded with fresh gardenias. The cake and punch were served from crystal and silver appointments.

Members of the houseparty were Mrs. Morton Weisman, Lubbock; Mrs. Bayard Kip, Lubbock; Mrs. B.S. Miller, Jr., Lubbock; Miss Suzanne Kip, Plainview; Miss Neels Dyer, Hale Center; Mrs. Barry T. Lewis Jr., Columbia, Mo.; Mrs. Mike Weisman, Fort Worth; and Mrs. Sidney Pippin, Brownfield.

Following a wedding trip to Dallas, the couple will be at home in Lubbock.

The bride graduated from Monterey High School in Lubbock in 1968. She received a

B.S. degree in home economics education at Texas Tech University in 1972. She is employed by the Dawson Schools in Welch.

Lewis graduated from Muleshoe High School in 1969 and is a senior at Texas Tech University majoring in accounting.

A rehearsal dinner was held on December 28 in the Hemphill Wells Gold Room in Monterey Center in Lubbock.

## Administrator Named At South Plains Hospital

Mrs. Eddie (Louise) Landers of Amarillo has been named the new administrator of the South Plains Hospital at Amarillo. She took the place of Floyd G. Rowell after he announced his retirement effective December 1, 1972. Rowell had filled the position for seven years.

Mrs. Landers has been employed at the South Plains Hospital for eight years and she and her husband and children have resided in Amarillo since 1962. He is employed by Santa Fe in Sudan. He has worked in Weatherford, Oklahoma; Los A senior at Amarillo High School; and Texas, a fifth grade student at the Amarillo Elementary School.

## Muleshoe Girl Scouts Go Christmas Caroling

Brownie Troop 328 along with some of Girl Scout Troop 375 and the Cadette Girl Scouts went Christmas caroling Thursday night, December 21. The group stopped at some of the teacher's homes and stopped at other homes from the Girl Scout Hut to Richland Hills. Hot chocolate and cookies were served to the carolers when they returned to the Scout Hut.

The carolers were Linda Nowlin, Brenda Parker, Charise Nolan, Karen Smith, Brenda and Linda Woodruff, Rach-

el Quiroz, Mary Ogerly, Sandra Parker, Terrie Martin, Terry McComish, Kristi Henry, Denise Peterson, Denise Moxon, Deanna Harris, Staci Vandiver, Marlana Phipps, Diane Gonzales, Beatrice Reyna, Doyle Hight and Mary Alice Orozco. The leaders that accompanied the group were Mrs. Jimmy Harvey, Mrs. Alton Parker, Mrs. J.O. Parker and Mrs. Don Martin. Don Martin and J.O. Parker helped rig the trailer with lights and did the driving. Chris Harvey, Benny Parker and Charles Martin also went with the group.

### Nitrogen-Phosphorus Balance Yields Higher Quality Potatoes

LUBBOCK....Higher quality West Texas potatoes can be had for a slight sacrifice in yield if farmers are willing to use less nitrogen with more phosphorus. This exhortation comes from Dr. William N. Lipe, assistant professor of horticulture at the Texas A&M University Experiment Station near Lubbock.

In potato fertility research conducted by Lipe during 1971 and 1972, high residual nitrogen levels coupled with large pre-plant applications of nitrogen was the primary cause of poor quality in West Texas potatoes.

"The quality of a potato," says Lipe, is related directly to low specific gravity (the measure of density of a potato), high reducing sugar content, and low total solids (solid content of a potato, sometimes determined by drying which takes away water content and leaves only the solids).

"Farmers sometime take the easy and cheaper route to high yield by using large applications of nitrogen to cotton, grain, sugar beets and vegetables. This results in residual accumulations of 300 to 400 pounds of nitrogen in the upper two to four feet of soil on many High Plains farms. Such residual causes sharp declines in the level of specific gravity and total solids the next year in vegetable crops and sharp increases in the levels of reducing sugars. In 1972 trials, high incidence of tuber rots also occurred in high nitrogen treatments, especially with the Red La Soda variety."

The solution? Proper balance of nitrogen and phosphorus.

The effects of phosphorus were just the opposite from those of nitrogen, Lipe explains. Although phosphorus did not significantly increase yield as did nitrogen, it did

have advantageous effects on quality. Specific gravity and total solids increased slightly with increasing levels of phosphorus. Especially notable was a decrease in reducing sugars as the level of applied phosphorus increased.

"It is apparent," Lipe exhorts, "that in order to maintain high quality in potatoes, it may be necessary to sacrifice some of the yield with a proper balance of nitrogen and phosphorus."

Growers are encouraged to begin a good soil testing program correlated with fertilizer response, in order to assure the best potato production for the consumer.

### Lazbuddie News

By Mrs. C.A. Watson

All the children and families of Mr. and Mrs. L.M. Hardage were home for Christmas. They are Mr. and Mrs. Wayne Hardage and family, Muleshoe; Mr. and Mrs. Bill Noffsler, Clovis; Mr. and Mrs. Lee Mason, Clovis and Mr. and Mrs. Bill Hardage from Commerce.

Capt. and Mrs. Don Watson and daughters from Framingham, Mass., were home in the Lazbuddie and Muleshoe area visiting his parents, Mr. and Mrs. C.A. Watson, and other relatives.

Mrs. Fred Gallman reports all her children home for the holidays except Twila, (Mrs. Gary Albertson). Those present were Mr. and Mrs. Gdon Gallman, Muleshoe, Mr. and Mrs. Robert Edwards and children from Pampa, and Mrs. Ron Johns from Lubbock.

A very unique and helpful gesture happened the past few days in the area. The Clays Corner had stopped gaining because gin hands were unavailable. Some students from college heard about the great need to get the cotton ginned and trailers emptied so with a few high school students to help, the boys kept the big saws humming. Among those that helped were David and Dale Gallman, Larry Cox, Jesse Mendoza, and Thomas Kirby.

Mr. and Mrs. Jimmie Johnson from North Carolina were here to visit her parents, Mr. and Mrs. John L. Seaton, and other relatives.

Mr. and Mrs. Finis Jennings spent the holidays with their son and family, Rev. and Mrs. A.E. Jennings, Olton.

Mr. and Mrs. Curtis Goodwin and Mr. and Mrs. Ray Fox from Afton visited the Odis Elders during the holidays and other relatives in the Friona, Hub and Lazbuddie area. Goodwin is Mrs. Elders brother.

Visiting the J.D. Carpenters were their children, Shirley Howard, and Mr. and Mrs. Jimmie Carpenter and son, Keith, from Houston.

### WASHINGTON REPORT BY Lloyd Bentsen,

United States Senator

Senator Lloyd Bentsen (D-Tex.) announced today that he will sponsor legislation in the 93rd Congress to allow newsmen to protect their sources of information. "I firmly believe that a newsman should be able to offer his confidential sources of information the same protection a lawyer offers his clients or that a doctor offers his patients," the senator stated.

He cited the jailing of news reporters William T. Farr in Los Angeles and Peter J. Bridge in New Jersey as incidents that aroused his concern over the imperiled right of newsmen to pursue investigative reporting. The senator added that the Congress must take up the issue in the upcoming session in response to growing public concern over whether freedom of the press will continue to exist in this country.

"It would be difficult to overestimate the importance of a free press to our society, even though most of us, on occasion, take exception to some of the reporting that is done," the senator observed.

Senator Bentsen pointed out that both Farr and Bridge had been jailed by state judges relying on state laws, and that many of the other instances of confrontation between newsmen and public officials over the confidentiality of news sources had also involved state, rather than federal laws.

But, he added, Congress must set the example by approving federal legislation that will encourage states to pass their own laws protecting newsmen's sources of information. Such legislation would serve to place the moral authority of Congress behind newsmen properly pur-

suing their journalistic roles. It would help to discourage the abuse of government power against the news media, he added.

Senator Bentsen noted that the issue had aroused sufficient concern in Congress to prompt various legislators to offer bills designed to aid newsmen.

The complexity of the issue, he said, could be gauged by the substantial differences in the various bills. Underlying this complexity, he noted, were state laws such as the one in New Jersey which was once thought to be adequate but which had proved ineffective in the case of Bridge. (A new, stronger law has since been passed by the New Jersey Legislature.)

In seeking to determine a balance between the proper role of a free press and the legitimate role of government, Senator Bentsen said he had come to believe that the area of national security must be considered as a separate and unique case. Accordingly, he stated that he would favor legislation that makes an exception for the areas of national security and defense in order to assess any possible threat to our national safety or the adequacy of se-

curity safeguards. Furthermore, he warned that the press must remain vigilant and must encourage the highest standards of reporting if it wants to maintain not only its traditional freedom but the respect of the American public upon which that freedom ultimately rests.

He observed that prominent organs of the print media--after a close examination of both the Bridge and Farr cases--had raised questions over the propriety, accuracy, and professional standards of these two newsmen. Senator Bentsen said that his support for the protection of newsmen's sources would not extend to supporting irresponsible and unethical reporting practices.

"A free press is inseparable from the maintenance and protection of a free society," the senator concluded.

## Planning Needed To Cut Farm Taxes

COLLEGE STATION--Yes, the end of the year is rolling around once again, and farmers and ranchers should take a critical look at their tax situation before the final curtain goes down on 1972.

Agricultural producers can save numerous tax dollars by taking a careful look at their business transactions since January 1 of this year and by taking certain steps before December 31," points out Michael Sprott, economist in management for the Texas Agricultural Extension Service, Texas A&M University.

According to Sprott, the main objective of producers should be to attempt to level their income from year to year so as to avoid a drastic increase or decrease in their taxable income.

Since farm prices have been somewhat higher this year than in past years, farm income may be up considerably in some instances. If this is the case, a number of legitimate devices may be used to lower taxable income," notes the economist.

A key means is to accelerate deductible expenses by buying all or part of next year's feed, seed, fertilizer and other farm supplies before the end of this year. There are certain guidelines to follow regarding such purchases and Sprott advises producers to con-

ELIZA DAMRON

### Services Held Thursday For Mrs. Damron

Mrs. Eliza Damron, 89, died Tuesday afternoon in the West Plains Memorial Hospital following a short illness. Mrs. Damron was born June 30, 1883, in Erath County. She had resided in the Circle Back Community since 1922, moving there from Crosby County. She was a member of the Sudan Church of Christ.

Services were held at 2:30 p. m. Thursday in the Circle Back Baptist Church with Ivan Woodard, minister of the 16th Street and Avenue D Church of Christ, officiating. He was assisted by Rev. Doug Gardner, pastor of the Circle Back Baptist Church, and Rev. Doug DuBoise, pastor of the First Baptist Church. Burial was in the Sudan Cemetery under the direction of Singleton-Ellis Funeral Home.

Mrs. Damron is survived by her husband, Walter; a son, Floyd Damron, of Bovina; a daughter, Mrs. Ruby Garner of Muleshoe; a sister, Mrs. Rex Puckett of Phoenix, Arizona; two brothers, Jesse Malone of Reno, Nev., and George Malone of Oakdale, La.; five grandchildren and 12 great-grandchildren.

limited to the current year plus one year.

Producers may also want to consider purchases of farm machinery and equipment to take advantage of certain tax-reduction incentives under present laws, such as fast depreciation and investment credit.

Another means of reducing tax dollars for 1972 is to delay income from this year to the next, advises Sprott. For instance, grain and livestock can be sold under deferred sales contracts before the end of the year with payment made next year.

Installment sales can also help spread taxable income over a period of years so that pro-rata part of each payment can be taxed yearly at a lower rate. Such sales must involve either real property or personal property over \$1,000.

If producers are confronted with a considerably higher income this year than in the past few years, the technique of income averaging may be applied so that excess income is taxed at a lower than normal rate.

Regardless of what tax management methods are used to lighten the tax burden for 1972, Sprott emphasizes that good records of all transactions are "a must".

"Record keeping is a vital part of the overall management aspect of a farming or ranching operation," points out the economist. "Producers must be able to identify the source of all their receipts, regardless of whether cash or property, and they must have a record of all expenses. Anything less than that can be a serious handicap when the time comes for filing your income tax return."

When the world entirely fits your notions, you will be the only person on it.

## News of Our SERVICEMEN Don Watson

FT. EUSTIS, VA. (AHTNC). -Captain Don R. Watson, son of Mr. and Mrs. Charlie A. Watson, Route 3, Muleshoe, Tex., recently received the Army Commendation Medal at Ft. Eustis, Va.

The Medal was awarded for meritorious service. Such service can be over an extended period of time or for outstanding achievement in a single situation. In either case, the recipient must have demonstrated skills and dedication far above the average.

Capt. Watson earned the award while assigned as commanding officer of Company A, 2nd Battalion, Ft. Eustis, Va. He entered the army in 1966 and is presently a graduate student, assigned to 1st U.S. Army student detachment, Ft. George G. Meade, Md., while attending Babson College, Babson Park, Mass. He holds the distinguished Flying Cross, two awards of the Air Medal.

The captain was graduated from Lazbuddie (Tex.) high school in 1962 and received a B.S. degree from West Texas State University, Canyon, in 1966.

His wife, Janice, lives in Framingham, Mass.

## The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm cleans off his desk and claims he's ready for 1973, whether it's ready for him or not.

Dear editor:

Once a year at least a man ought to clean off his desk, empty his wastebasket and get set for the next twelve months.

Here are some notes I found on mine mixed up with old copies of The Journal, assorted big dailies, clippings from magazines and other items that seemed important at the time but why I've forgotten.

(1) Everybody's interested in breaking records, from seeing the longest, sitting on a flagpole the longest, carrying a football the furthest, to serving in Congress the longest, but I guess the record that will stand the longest throughout history is the one set by the Viet Nam peace negotiators in Paris. This is hard to believe, but they've negotiated now for four and one half years. I can't imagine grown men showing up every day for four and one half years to argue and get no where. Of course you've got to remember that one of the ne-

Prizes given were: traveling the furthest distance; Bobby and Sandra (Harris) Eason who traveled 1,000 miles from New Orleans, Louisiana. They received a world globe to save their money in to come to the next reunion; most children; Freddie and Tommie (Hail) Savage received a first place blue ribbon for having the most children. They have four; the couple married the longest was Jack and Juanita (Burkett) Roubinek. They were married in August 1961. A sympathy card was given them; Leland and Louise (Stinson) Dean received a second place ribbon for their long marriage. They were married in November 1961.

Also receiving prizes were: Bob and Norma White received a doll in a crib for being married most recently. They have Jerry Wright, receding hair line, received a red wig which he modeled; Robert Garlington received a large black hair bow, which he modeled, for the longest hair; bachelors were Bill Gilbreath and Robert Garlington. Gilbreath received a consolation ribbon.

Also receiving prizes were: for service above and beyond the call of duty, Bill Taylor, received an empty bottle of Miss Clairol for the most gray hair. He was the class sponsor; Gwen Roberts Hughes received special recognition for working so hard on her home in Farwell to get everything ready for the reunion.

Guests present were Mr. and Mrs. Bill Taylor, George Washington, Mr. and Mrs. Francis Gilbreath and Mr. and Mrs. Norman (Janie Sanders) Brantley.

A bulletin board was displayed with pictures of each class member's children.

Those attending were: Mr. and Mrs. Mack Allison, Lubbock; Mr. and Mrs. Ronald Elliott (Linda Bartley), Lazbuddie; Mr. and Mrs. Don Eth-

gotiators was a woman.

(2) What are young people going to hit on in 1973 to demonstrate they're different? About all long hair indicates now is that if you don't cut it, it'll grow long, as Daniel Boone discovered years ago, and Moses even earlier.

(3) As glad as the astronauts were to get on the moon, they were even gladder to get back to Houston. I won't say what this says for the moon.

(4) Telling a man to cheer up, the rate of inflation is slowing down is like telling a drouth-stricken farmer to cheer up, every day it doesn't rain he's one day closer to the next downpour.

(5) Nowadays you don't solve problems, you just deplore them.

I could go on, but after a man reaches a certain point the best thing to do is to rake everything off his desk and start over.

Yours faithfully,  
J. A.

## Bula News

By Mrs. John Blackman

Mrs. P.R. Pierce was in charge of the study when the WMJ met Tuesday afternoon at 2:30. The lesson was taken from the royal service magazine with topic for study 'Current Missions', dealing mostly with missionaries in the Middle East. Prayer chairman, Mrs. Richardson, read the call to pray or calendar and scripture reading Matt. 4:1-11. Mrs. Williams offered the opening prayer with Mrs. Pierce giving the closing prayer. Attending were Mrs. E.O. Batties, Mrs. P.R. Pierce, Mrs. C.A. Williams, Mrs. Rvena Richardson and Miss Vina Tugman.

The school faculty Christmas party was held Monday evening Dec. 11, at the home of Mr. and Mrs. Jack Birdwell. Each family brought one of their favorite dishes for the evening meal. The serving table was laid in a red covering featuring Christmas motifs on the side, centered with a single red candle surrounded by holly leaves.

Following the dinner meal, gifts were exchanged and games of 42 were enjoyed along with lots of visiting.

## CONGRESSMAN Bob Price

In a letter to President Nixon, Congressman Bob Price today urged the reestablishment of a meat import quota for 1973.

Price, who endorsed a similar letter to Nixon by the American Hereford Association asked that a quota of 1,060 million pounds of beef imports be reimposed to insure a dependable supply of high-quality and wholesome meat at reasonable prices for U. S. consumers.

The Congressman stressed that American beef producers as well as the public "must be protected from an uncontrolled flood of foreign beef which would greatly upset the balance between supply and demand, and would take a heavy toll among sam'l domestic producers."

The letter was in response to an Administration decision last June to drop beef import quotas as part of an overall program to curb inflation. Since that time beef imports have increased substantially and have depressed domestic beef prices.

"As a lifelong rancher myself and one who represents one of the most important cattle producing regions in the Nation, I fully concur in the views expressed by the American Hereford Association, and respectfully request that you give this matter every possible consideration and attention," Price said to the President.

# Fort Worth Rodeo January 26

FORTH WORTH (Sp1) --Billy Minck Rodeo Company of Fort Worth has been signed to provide bucking stock, calves and steers for the riding and timed event: at the 55th edition of the Fort Worth Rodeo, scheduled Jan. 26 through Feb. 4 in conjunction with the 1973 Southwestern Exposition and Fat Stock Show.

"We will have the top bucking horses and bulls from over the United States and Canada during the Fort Worth Rodeo," Minck said. "Due to the size of the cowboy entry list--over 500--the scope of the Fort Worth show, I have contracted with

four other outstanding rodeo production firms to join with me in supplying stock for the rodeo here."

In addition to Minck's championship stock, bucking horses and bulls will be on hand from Beutler Bros. & Cervie of Sterling, Col.; Reg Kessler of Missoula, Mont.; Wayne Vold of DeWinton, Alberta, Canada; Harry Vold of Fowler, Colo., and Neal Gay of Mesquite, Texas.

Cowboys will be contesting for over \$90,000 in rodeo purse money. Reportedly, all the current cowboy champions of the various events will be joined by many aspiring challengers. Phil

Lyne of George West, Texas, all-around world champion cowboy for the last two years will be here.

In all, Minick has lined up 110 bulls, 250 horses, 150 calves and 150 Mexico steers. Included in the bucking stock will be 100 head which have qualified for the National Finals Rodeo in recent years. NFR is the "world series of rodeos" held each December in Oklahoma City.

"Incidentally," Minick pointed out, "we have brought in 50 of the wildest range-mustangs from an Indian reservation in Great Falls, Mont., for the Wild Horse Race feature of the rodeo."
