

Many War Criminals To Stay In Prison

By GEORGE BOULTWOOD
BONN—Hundreds of German war criminals will still be behind bars in Allied prisons when the occupation ends.

JUDGE WOODLEY

Judge Woodley Campaigns Here For Court Post

Judge Kenneth K. Woodley visited in Big Spring on Thursday during a tour in behalf of his candidacy for a post on the Texas Court of Criminal Appeals.

While here Judge Woodley visited with several friends and acquaintances and made a brief tour of the business district.

A native of Lavaca County, Judge Woodley is now a commissioner for the Court of Criminal Appeals. In the current race he is seeking a post as a voting judge on that court. Previously he served as County Attorney of Uvalde County and as District Attorney and later as presiding judge in the 28th Judicial District.

He is a past president of the judicial section of the State Bar of Texas, past president of the Border District Bar Association and a member of the advisory committee on rules of civil procedure.

C-City Chamber Is Seeking Suggestions For Program

COLORADO CITY (Sp)—The Colorado City Chamber of Commerce has set June 12 as "Town Hall Day" here and plans to consult townpeople and farmers and ranchers of the trade territory for suggestions on improving the chamber's program of work.

"Out of these suggestions will come our program for the coming year," said Dub Oliver, chamber manager.

The committee for the community clinic is composed of James Boyd, Frank Massad, Paul Hunter, Warren Costin and Jeff Taylor.

Ralph Duncan from the East Texas Chamber of Commerce will assist the local group in conducting the clinic. Also a Junior Chamber of Commerce committee has been appointed to help co-ordinate plans for the day. On that committee are James McNeill, Irving Jarrett and Max Caddell.

The schedule follows: Merchants and services, 9 a.m. to 10 a.m.; industry, 10 to 11; farmers and ranchers, 11 to 12; merchants and services, 1 p.m. to 2 p.m.; professions, 2 to 3; women, 3 to 4; teachers and ministers, 4 to 5.

A. L. McSpadden, local Texas Electric Service Co. manager, is president of the Chamber of Commerce.

Local Vanguard Due In Ft. Hood For 36th Training

Advance detachment of Big Spring National Guardsmen was due to pull into North Fort Hood Friday afternoon to help in groundwork for two weeks of summer training for Texas' 36th Infantry Division.

The Big Spring vanguard includes seven men, four trucks and three 105-millimeter artillery pieces. The convoy left Thursday and was to meet troops from other batteries of the 132nd Field Artillery Battalion in Roscoe, spend the night in Abilene and proceed to Fort Hood today.

Remainder of the local battery is to leave early Sunday by bus and arrive at the camp site in time to set up tents Sunday night and begin two weeks of intensive field training Monday. Twenty-eight enlisted men and four officers are to make the trip Sunday.

Leading the advance detail is Sgt. Ben Boadie. Others in the group are Pfc Clyde Crump, Paul Fortenberry, D. W. Day, Floyd Moore, James Bacon, and Pfc Bennie Kilgore.

have been served or they have been released by a special Allied-German review board.

Many Germans—especially the ex-soldiers—wanted the prison gates thrown wide open as part of the price for German aid in defending the West.

The Allies stood firm that the sentences of their military courts could not be questioned, but as a concession to German public opinion, they agreed that the special review board should be set up.

A proposal to give the prisoners into custody of the Bonn government had to be abandoned when it was found the Germans would have no legal power, under their constitution, to keep them in prison.

It is estimated that some 600 will still be in the three Allied prisons in West Germany—Wart (British zone), Wittlich (French zone) and Landsberg (American zone)—when the occupation ends.

The victorious Western Powers tried nearly 5,000 Germans for war crimes and convicted more than 3,700. Little is known of the fate of thousands arrested by the Red Army.

About 300 Germans are still in jail in France. Other nations once under the Nazi heel, like Denmark, Norway, Holland, Belgium, Luxembourg and Yugoslavia, as well as Iron Curtain countries, still have Germans behind bars.

Their future will be the subject of negotiations by Bonn with the countries concerned, but for the "Big Seven" in grim Spandau Prison, Berlin, there will be no review.

The Russians, who still share guard duties with the Western Allies, will not hear of any modification of the sentences of Rudolf Hess, Walter Funk, Erich Raeder—all life—Albert Speer and Baldur von Shirach (20 years each), Constantin von Kierath (15 years) and Karl Doenitz (10 years).

The big names in the West are mostly in Werl, in the British zone near Hamm.

There Field Marshal Albert Kesselring, 65, is serving a life sentence, commuted from death. With him is the last major war criminal to be convicted, Field Marshal Erich von Manstein. He was sentenced by a British court in 1949 to 18 years for responsibility for atrocities by German troops in Russia. It was later reduced to 12 years.

Another five generals and a collection of smaller fry like concentration camp guards make up the rest of the inmates of the special wing reserved for war criminals.

Kiwanians Hold Memorial Day Fete At Lunch

Kiwanis Club members had their own Memorial Day observance at the organization's regular luncheon meeting Thursday in the Settles.

The Rev. James Parks urged a return to faith in God and faith in mankind in a brief message which followed a musical program.

A nation must have vision to exist, Rev. Parks emphasized, and the eyes of free men must be turned to God. Otherwise, he said, those who gave their lives on battlefields have died in vain.

A girls' trio composed of Della Sue Reynolds, Jimmie Bennett and Shirley Riddle sang two hymns. They were accompanied by Mrs. H. M. Jarratt.

Other musical selections on the program featured a male quartet from the Odessa Kiwanis Club. Members of the quartet were Joe Jaensch, Joe Hodges, Carlos (Cotton) Clover and John Guffey.

A large delegation from the Odessa club attended the luncheon. While here they left the Division 12 "travelling drum."

The program for the meeting was arranged by Troy Harrell.

Feted At Luncheon

Mrs. Ora Farlow of Canyon, state director of the American Legion Auxiliary Hospital Schools, was honored Wednesday at a luncheon at the Wagon Wheel by Mrs. Harold Steck.

Others attending were Mrs. L. H. Steward and Mrs. H. W. Whitney.

WHY "GET UP" NIGHTS?

It's not necessary. Raise the ph. of the fluid in your bladder with CIT-ROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.50 at your druggist. For sale by

Every Effort Due To Override Tideland Veto

By The Associated Press
Texas and Louisiana state officials promised President Truman that every effort would be made to override the President's veto of the tidelands bill.

Sen. Long (D-La.) said last night he believed there was a chance the Senate would cancel the veto.

Sen. Tom Connally (D-Tex.) said he would work toward that goal.

In the House, several representatives predicted the veto would be overturned by a big margin.

The President vetoed the state ownership of tidelands measure yesterday saying he could see "no reason for the federal government to make an outright gift, for the benefit of a few coastal states, of property interests worth billions of dollars."

A Senate vote on passing the bill over the veto, which requires a two-third majority, is not expected before June 10.

"Of course I do not agree at all with the President's position on the tidelands," Sen. Connally said. "I have always believed the states were the rightful owners of these lands. . . and I shall vote and work to override the President's veto."

Sen. Nixon (R-Calif.) said the President's statements in the veto message were "so intemperate and so misrepresentative of the facts they will help those who favor state ownership."

Sen. Long said the President indicated that he was willing to give the states all resources in the lands except oil, thus recognizing the imprudence of claiming the off-shore areas.

He said he hoped the veto will be brought before the Senate when there is a full attendance.

"It is my belief that it will be close, but I believe we have a chance to override the veto," Long said.

Three top Texas officials blistered the President for the veto.

Gov. Allan Shivers, Atty. General Price Daniel and Land Commissioner Bascom Giles make up the state school land board which had control of the submerged lands until the federal government laid claim to them.

Shivers accused the President of making use of "the doctrine that might makes right—a doctrine new to America but old in the history of dictatorships."

Daniel accused the President of substituting "his will for that of the people's elected representatives."

Giles said Congress would be urged to override the veto.

School Is Over Officially Today

School was over officially for approximately 150 teachers in the Big Spring Independent School District system today.

Although classes were met finally last Friday, teachers have been completing reports during this week.

Dean Bennett, director of elementary education, said reports were in hands of the principals. At high school Roy Worley, principal, and Mayron Shields, assistant principal, said that the teacher work was complete.

The administrators and those in supervisory capacities for the most part still have the task of consolidating teacher reports into those for schools and for the system. Some will be busy all summer, but most principals will complete their work within another week. They will return two weeks in advance of the opening of school to prepare for the year's work.

500 Cattle Enter Livestock Auction

An estimated 500 cattle and 50 to 60 hogs were paraded before the buyers at the Big Spring Livestock Auction Company's sale Wednesday.

Butcher cows sold from 18.00 to 21.00, fat butcher calves from 30.00 to 34.00, stocker steer calves from 30.00 to 35.00 and heifer calves up to 33.00.

Plain stocker calves went for 26.00, cows and calves for 190.00 to 250.00 and hogs up to 20.00.

County OK For Dr. Pigford As Health Director Needed

Approval of the Howard County Commissioners Court apparently is the only action necessary for appointment of Dr. Charles A. Pigford as director of the Midland-Ector-Howard Health Unit.

State Health Officer Dr. George W. Cox this week certified Dr. Pigford for the position, but delayed appointment until name of the proposed director could be submitted to governing bodies of Big Spring, Midland and Odessa and commissioners courts in Howard, Ector and Midland Counties.

Odessa and Ector County officials and the Big Spring City Commission all have okayed the nomination of Dr. Pigford. Midland city and county officers considered the appointment Thursday and approval was almost certain to follow, according to Midland Mayor Perry Pickett.

Name of the physician will be submitted to Howard County commissioners at their meeting Monday. Life Fox, sanitarian for the Big Spring-Howard County section of the tri-county unit, reported.

If final approval is given, appointment of the director probably will follow with Dr. Pigford to assume duties immediately. It is expected that another addition will be made to the Big Spring-Howard County Health Unit staff shortly after a director is named.

An additional sanitation inspector was authorized in a budget increase voted by city and county governments earlier this year and an inspector probably will be employed within the next few weeks.

Dr. Pigford, a public health specialist, has served as city physician at Tulsa, Okla., and as health officer at Seagraves, Texas.

Tom Green FB Launches Drive For Rainmaking

SAN ANGELO, (SC) —The Tom Green County Farm Bureau, sponsoring the drive for raising \$10,000 for the purpose of enrolling this county in a cloud seeding program seeking to increase precipitation is ready to form a county organization to throw the campaign into high gear and step on the gas.

Letters have been sent nearly all ranchers and farmers and these will now be followed up by personal solicitations. The rate set for the county is two cents an acre for all land, rangeland or cultivated.

Land enrollments and contributions are being accepted by the Farm Bureau, at the county agent's office and at the three San Angelo banks.

Tom Green County, represented by Rancher Joe Funk, as county director, is a member of the Colorado Water Association, a non-profit corporation set up to contract with Dr. Irving P. Krick's Water Resources Development Corporation of Denver for the seeding operations which are now being carried on.

The Lower Colorado River Authority has agreed to pay from one-fourth to one-third of the expense of seeding a 21-county area in the LCRA's watershed. This step was taken by the LCRA after an engineering firm had been employed both to check on the reliability and responsibility of Krick, and the feasibility of the seeding operation. The engineers made favorable reports in both instances.

Scouts To Honor Leaders At Fete

Unit leaders will be honored at a barbecue outing for Scouters of the Lone Star Boy Scout district today.

Festivities will start at 5:30 p.m. at the Round Up grounds in the City Park extension area.

There will be a softball game, games and contests for men and women, a "style show," horseshoe pitching and washer pitching contests.

The chicken barbecue is to be served about 7 p.m. Scoutmasters, Cubmasters, and assistants, and their wives, and Den Mothers and their husbands are to be guests. Other registered Scouters in the district are financing the affair through purchase of tickets, said Gil Jones, district chairman.

No Damage In Fire

No damage resulted when an air conditioner caught fire in an apartment house at 815 E. 3rd at 1:30 p.m. Thursday, firemen reported. The minor blaze occurred in a building owned by Troy Williams.

WHEN MEETING PROSPECTIVE EMPLOYERS Job Hunters Can Make Good Impression With These Tips

Manager Leon M. Kinney and his staff at the Big Spring office of the Texas Employment Commission frequently find it necessary to make suggestions to job applicants about their personal appearance before sending them out to interview a prospective employer.

"We know," Kinney explains, "that personal appearance in many cases is the factor that determines whether or not the applicant gets the place. It is our job to do everything we can to help the applicant get a job and in some cases this means making suggestions about their personal appearance that will help them. We want them to make a good first impression."

In this connection Kinney says his office has just been supplied with a list of suggestions prepared by Miss Marie Brennan, director of placement and training for the Dictaphone Corporation, and that he feels her suggestions are especially applicable at this time when there will be many graduates out looking for their first jobs.

Miss Brennan's suggestions, Kinney points out, are for women, and he heartily endorses them. "If the girls who come to our office looking for work," he says, "will follow these suggestions it will be quite helpful to us as well as to them. We figure that if they make a good first impression here they will also make a good first impression on the prospective employer."

- to whom we refer them."
- Kinney lists these suggestions:
1. Make-up: Use, but don't over-use it. Try to achieve a natural effect.
 2. Hair: If too curly, tame it. If too straight, put a wave in it. Be sure that it has that well-brushed look.
 3. Hat: A trim, but smart hat is "a must." Save the kerchief for another day.
 4. Dress or suit: Either, but be conservative. Choose simple, uncluttered lines.
 5. Heels: High, medium or low, but be sure they are straight.
 6. Nail polish: Be sure it is un-

7. Gloves: Fine, but be sure they are spotlessly clean.
 8. Stockings: Wear them, no matter how hot it is, and be sure the seams are straight.
 9. Jewelry: Leave it at home.
 10. Perfume: Go easy with it—very easy. Light cologne and toilet waters are best.
- According to Kinney, these suggestions have been compiled by a woman who places a minimum of 1,800 other women in employment each year. "Miss Brennan says," Kinney comments, "the proper basic approach to a job, whether it be the first job or the 100th, is good manners and plain common sense."

Collision Reported

Harold L. Pitcock, Forsan, and Bertie O. Harrohan, Midland, were drivers of vehicles involved in a minor collision in the 200 block of Main about 5:40 p.m. Thursday, according to investigating officers. No personal injuries were reported.

Christ's Standard of Moral Purity

THE LORD DEMANDS CLEAN THINKING AND CLEAN LIVING

Scripture—Exodus 20:17; Matthew 5:8, 13:16, 27-28; Mark 10:14-15; Luke 8:14.

By NEWMAN CAMPBELL. IMPURITY in life is rebuked in the Bible, from the Book of Genesis to the Book of Revelation.

In this matter which is of the utmost importance in the lives of men and women today, just as it was in His day, we can be safe if we follow the rules He laid down many centuries ago.

If men and women, and even little children, are tempted or urged to do what is right, let them ask themselves, "What does Jesus say?" and they will be guided aright.

In the Sermon on the Mount He told the multitudes who followed Him about to learn of Him, "Blessed are the pure in heart; for they shall see God."

Later in that magnificent Ser-

mon Jesus said that even to think impure thoughts was another way of being unclean. It was better, the Master declared, that a man or woman should pluck out an eye, or cut off the right hand if it led to unchaste thoughts, "and cast it from thee; for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell."

"Ye are the salt of the earth," Christ said, "but if the salt hath lost its savor, wherewith shall it be salted? It is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men."

Self, as we all know, is one of the most important of chemicals. Without it neither man or beast can be healthy—unless, of course, a person is suffering from an abnormal physical condition in which it cannot be tolerated.

Cakes of salt have been used as a preservative of salt was made to officers and men. It flavors our foods and makes them more palatable; it preserves foods, and performs many other functions in our daily living. But if the saltiness (or savor) is gone from it, salt is useless, only fit to be cast out as Christ said.

Jesus also told His followers that they were the light of the world, like a city that was set on a hill which could not be hid, and He added that men did not

hoping He would so answer that they could use His words against Him.

"What did Moses command you?" Jesus asked. "And they said, Moses suffered to write a bill of divorce, and to put her away."

"For this cause shall a man leave his father and mother, and cleave to his wife; and they two shall be one flesh; so then they are no more two, but one flesh."

"What therefore God hath joined together, let no man put asunder."

Do married couples who contemplate divorce, think of the vows they made when they were wed? Possibly if they did—and if they made their vows (both of them) in good faith, meaning solemnly to keep them all their days—there might not today be so many broken homes and children deprived of one parent to love and cherish them.

What was Jesus' home life like? We do not know too much about it, but we can be certain that He was a beloved member of a united and happy family.

St. Luke tells us, "And the Child grew, and waxed strong in spirit, filled with wisdom; and the grace of God was upon Him."

Based on copyrighted material produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A., and used by permission. Distributed by King Features Syndicate.

MEMORY VERSE

"Blessed are the pure in heart, for they shall see God." —Matthew 5:8.

mon Jesus said that even to think impure thoughts was another way of being unclean. It was better, the Master declared, that a man or woman should pluck out an eye, or cut off the right hand if it led to unchaste thoughts, "and cast it from thee; for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell."

"Ye are the salt of the earth," Christ said, "but if the salt hath lost its savor, wherewith shall it be salted? It is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men."

Self, as we all know, is one of the most important of chemicals. Without it neither man or beast can be healthy—unless, of course, a person is suffering from an abnormal physical condition in which it cannot be tolerated.

Cakes of salt have been used as a preservative of salt was made to officers and men. It flavors our foods and makes them more palatable; it preserves foods, and performs many other functions in our daily living. But if the saltiness (or savor) is gone from it, salt is useless, only fit to be cast out as Christ said.

Jesus also told His followers that they were the light of the world, like a city that was set on a hill which could not be hid, and He added that men did not

hoping He would so answer that they could use His words against Him.

"What did Moses command you?" Jesus asked. "And they said, Moses suffered to write a bill of divorce, and to put her away."

"For this cause shall a man leave his father and mother, and cleave to his wife; and they two shall be one flesh; so then they are no more two, but one flesh."

"What therefore God hath joined together, let no man put asunder."

Do married couples who contemplate divorce, think of the vows they made when they were wed? Possibly if they did—and if they made their vows (both of them) in good faith, meaning solemnly to keep them all their days—there might not today be so many broken homes and children deprived of one parent to love and cherish them.

What was Jesus' home life like? We do not know too much about it, but we can be certain that He was a beloved member of a united and happy family.

To Get Degree

LaRue Tucker is a candidate for an Associate in Arts degree from Stephens College for women at Columbia, Missouri. Commencement exercises are to be held June 3. Miss Tucker is the daughter of Mr. and Mrs. J. G. Tucker, 1510 Eleventh Place.

Mrs. Farlow Conducts School Here

Mrs. Ora Farlow of Canyon, director of American Legion Auxiliary Hospital Schools, conducted a school of instruction for members of the local units and out-of-town guests at the VA Hospital Wednesday evening.

Dr. L. B. Andrew, superintendent of the local VA Hospital, and Carlton Carr, chief of special services, addressed the group.

In her talk, Mrs. Farlow stated that over \$3,000 was being spent each month by the Auxiliary units in conducting the hospital work. The program's support comes solely from the sale of poppies once each year.

Mrs. Harold Steck, local unit hospital representative, stressed the need for volunteer workers here.

Attending were representatives from the Snyder, Stanton, Canyon and Big Spring units.

Bible School In Progress At Knott

KNOTT (Sp) — The Vacation Bible School is in progress at the First Baptist Church.

Mrs. Herschel Smith and Oliver are visiting their daughter, a sister Mrs. C. E. Taylor and family in Houston. The Taylors are former Big Spring residents.

Mr. and Mrs. Garland Nichols have returned from a trip to Granville, Ark. where they visited Mr. and Mrs. Clint Billings and Mr. and Mrs. Jess Bedwell, all former residents of Howard Co.

Visiting Grandmother Alharts recently were the J. E. Alharts of Sparenburg, Mrs. W. N. Irwin, Mrs. Earl Castle and the Oliver Nichols family.

Mrs. J. C. Spaulding and Mary Ann attended graduation exercises at Littlefield when Mrs. Jimmy Ted Irwin received her diploma.

MENU FOR TOMORROW

Menu for Tomorrow TV SNACK Grilled Open Cheese and Tomato Sandwiches Tea or Coffee

French Cocoa Balls (Recipe for Starch Dish Follows) FRENCH COCOA BALLS Ingredients: 1/2 cup cocoa, 1/4 cup confectioners' sugar, 1 cup walnut or pecan meats, 1/2 cup sweetened condensed milk, 1 tablespoon vanilla.

Method: Mix 1/2 cup of the cocoa and 1 1/2 cups of the confectioners' sugar. Chop nut meats and add. Mix in sweetened condensed milk and vanilla. Shape into balls. Mix remaining sugar and cocoa and roll balls in it. Makes 3 dozen.

Brownsville's scorching Charros became the hottest club in the Gulf Coast League last night when they stopped Laredo's winning streak at five games and ran their own to six victories in the last seven outings.

Brownsville, playing good and bad in streaks, set down the league leading Apaches, 12-5, and enabled second-place Harlingen to move back within three and a half games of first. A week ago, Brownsville had lost seven straight.

AT BIG SPRING CHURCHES

Many Churches To Dismiss Early So People Can Attend HCJC Exercises

Most churches in the city are making plans to dismiss evening services early in order that members of the congregations may attend the Howard County Junior College baccalaureate ceremonies set for 8:30 p.m. at the college auditorium.

The speaker will be Lloyd Thompson, minister of the First Baptist Church.

Pentecost Sunday will be observed in several local churches.

Using as his text 1 John 1:9, Dr. P. D. O'Brien, pastor of the First Baptist Church, will preach Sunday morning on the subject "God Forgives Sin." That evening he will discuss "Give Yourself A Chance,"

based on Hebrews 12:1. The evening service will be dismissed early.

CATHOLIC The Rev. William J. Moore, OMI, will conduct masses at 7 and 9:30 a.m. at St. Thomas Catholic Church. Rosary will be recited at 5 p.m.

Masses will be said by the Rev. Paul Halley, OMI, at 8 and 9:30 a.m. at the Sacred Heart (Latin-American) Catholic Church.

FIRST CHRISTIAN Lloyd Thompson, minister, will return this week from the International Convention of the Christian Churches in Chicago. He will speak at the morning service. The evening worship will be dismissed.

CHRISTIAN SCIENCE Marking gains complete freedom from disease and unhappiness through the realization that God is everpresent. This is brought out in the Lesson-Sermon titled "Ancient and Modern Neurocyma, Alas Mosmerism and Hypnotism, De-nounced" to be read at the Church of Christ, Scientist Sunday.

Members of the Church of Jesus Christ of Latter Day Saints will meet in the Girl Scout Little House Sunday at 10 a.m. for Sunday School.

CHURCH OF GOD The Rev. A. W. Conn, evangelist, will speak at both services of the Main St. Church of God Sunday. His morning topic will be "A Vision of God" based on Proverbs 29:18.

CHURCH OF THE NAZARENE Pentecost Sunday will be observed at the Church of the Nazarenes. The pastor, the Rev. Lewis Patterson, will speak at the morning service on "The True Meaning of Pentecost." His evening topic will be "Why People Do Not See Jesus." The evening worship will dismiss early for the baccalaureate service at HCJC.

ST. MARY'S EPISCOPAL There will be an observance of Holy Communion at 8 a.m. Sunday at St. Mary's Episcopal Church. Church School services will follow at 9:45 and the morning worship and sermon will be at 11 a.m.

At 6 p.m. the YPF will meet and at 7 the instruction class will be held in the study of the rector, the Rev. William Boyd.

ST. PAUL'S LUTHERAN In observance of Pentecost Sunday, the Rev. A. H. Hoyer, pastor, will speak at the morning services of St. Paul's Lutheran Church on "Have You Received the Pentecost Blessing?" The Lord's Sup-

ON A VISIT

Russians Take You To Tolstoy Estate

By EDDY GILMORE MOSCOW (U)—A group of us decided a week in advance to drive by car to the family estate of the great Russian writer, Leo Tolstoy, author of "War and Peace," at Yasnaya Polyana.

The group included Dutch, Italian and Thailand diplomats, this correspondent and various members of our families. The diplomats had notified the Ministry of Foreign Affairs 48 hours in advance they were making the trip, as the rules require. As a foreign correspondent, I obtained permission from the Press Department to make the trip.

We took three cars with Russian drivers for each. The road led south from Moscow on the new hard-surfaced highway that connects the Soviet capital with the Crimea. But we weren't going that far—only 25 miles.

At Podolsk, 25 miles south of Moscow, the people were getting ready for the May Day holiday. Thousands were on the streets, for it was Sunday and a "free day" for most of the workers. The scene was similar at Serpukhov, a big textile center farther along the road, but even livelier. It was a bright sunny day and the women were out in spring colors—bright reds, light blues, yellows, pinks and emerald greens.

The Tolstoy estate is about 10 miles south of Tula, capital of the Tula Oblast, a five-way rail center. The estate is remarkably like it was when he wrote "War and Peace." A tree-lined avenue leads from the gate to the main house—a white square structure with a spacious veranda around two sides and terraces facing east and south. Visitors—they run into the thousands each year—are asked to put on cloth slippers to protect the floors and stairways.

On the ground floor are the guest rooms and the walled room, which was Tolstoy's study in the 1890s, just about as he left them when he died in 1910. On the second floor is the library, where his works were copied and where a secretary answered the thousands of letters Tolstoy received. An ancient Remington typewriter still stands against one window and a bottle of Swann ink on a writing

table in the center of the room. A pathway through a beautiful birch forest leads to Tolstoy's graves. He asked there be no structures or ornaments on his grave. And there aren't. Green leaves from nearby cedars cover the grave itself and atop these is a carpet of some of spring's first wildflowers.

North And East Ward Teachers Are Breakfast Guests

North and East Ward teachers were entertained at a breakfast Thursday morning in the home of Principal and Mrs. M. R. Turner, 202 Lincoln.

East Ward teachers had attended a close-of-school luncheon Tuesday noon at the Wagon Wheel Cafe. Present for both events were Mrs. A. C. Kioven, Neal Cummings Mrs. Ray Cantrell, Mrs. Bill Gage, Mrs. Vergil Smedley, Charles Hadderton, Mr. and Mrs. Turner, Mrs. Bill Griens, Mrs. Louise Horton and Mrs. C. C. Coffey.

Also present for the breakfast were Mrs. Cora Cowan, Mrs. J. H. Talton, Carl Dixon, Mrs. Wayne Matthews and Mrs. Margaret Armstrong.

Little Need For Washday Blues When Proper Precautions Are Taken

"I've got the washday blues," wails a radio commercial. But there is no longer any need for a woman to be blue on washday.

Be smart and forestall some of your anxiety by buying clothing that tells if and how a garment should be washed. Then you'll be

in on the know when washday comes. File the label in a safe place until you're ready and follow directions to the letter.

Although the tag on new material may say "washable," observe the following precautions unless specific directions are given: warm, not

hot water; mild soap, no rubbing or wringing, squeeze out the suds; and no artificial heat.

Many of the new man-made fibers, novelty weaves and finishes may go into the washing machine successfully, if the garment is carefully constructed and if you don't leave it in the machine too long. But if the material is fragile and sheer, why not play doubly safe and wash by hand.

To bleach or not to bleach is the question. Both liquid and powdered bleaches are now on the market and some of them may be used on any material. Others are limited to certain fabrics. So for best results read the label and act accordingly.

Remember earlier years when rayons were not so tubbable as they are now? They still need to be pampered, however. Don't soak them! Never have water hotter than 110 degrees and always rinse two or three times in water of the same temperature.

Give them special care in ironing. Don't sprinkle the rayons, but take them from the line when they're just right for ironing. They need not be quite as damp as cottons.

Remember that ironing on the wrong side with a warm, never hot, iron, will prevent that objectionable shine.

Nylon garments need not be batted as much as other fabrics if they are well-made and the dyes and finishes are truly washable. You may use an all-purpose soap and somewhat hotter water.

White nylon is a bit stand-offish and requires that you wash it apart from the rest of the laundry for best results.

Rinse nylon thoroughly in warm water, carefully squeeze out excess moisture, smooth out wrinkles and place on wooden hangers. The garment will require little, if any, ironing and this should be done with a warm iron.

Fortisan, another new fabric, needs the same handling as nylon. Vinyon, water-resistant and non-inflammable, can be washed in lukewarm water and soap, but should not be ironed.

Plastic films, Koroseal, Krene, Syntilite and Vinylic, can be sponged off with just soap and water.

Other fabrics such as Plexon, Saran and Velon require extra cautious care. Heat will melt them.

Dip Fiberglas draperies up and down or soak in water and suds, but never twist, rub or wring. The material dries quickly so press when dry with a cool iron, avoiding sharp creases.

DESIGNING WOMAN

Family Bathroom Assumes High Style Inexpensively

By ELIZABETH HILLYER

An extra pair of large curtains, two small, unpainted drawer chests, unframed mirror and a pop bottle rack from the grocery store may be all the family bathroom needs to change to powder room good looks.

The only bathroom in the house can't be bedecked with too fancy trimmings, but its change to high style can make it more practical, too. The window in the room sketched once cut down useable wall space. Now it's an important part of a new dressing table.

The lower half of the window is covered with mirror, heavy unframed mirror cut to fit and attached to the window frame. This way it not only reflects nose powdering, but adds to the privacy of the room by cutting off the view from the outside better than either blinds or curtains, and enough light for the room comes from the window's upper half.

Two separate chests become a

long dressing table when they take on a top that stretches wide enough to provide knee room between them, and hide-away room for a bench. The dressing table becomes a smart piece of furniture painted a dull black, and it increases pull-away space generously with its deep drawers for towels and equipment.

Ceiling-to-floor curtains close to conceal the bathtub when the room acts as a powder room. They might be hung from overhead racks or on rods that are attached both to the ceiling and the walls. They can have a water-proof lining, or shower curtains can be hung in the usual way behind them.

Small, inexpensive wire shelf frames holding glass shelves trace eye-catching patterns on the wall when they're painted black, and they're show-off spots for the prettiest cosmetics. Black paint, to repeat the rest of the black in the room, was all that was needed to turn a wire pop bottle rack into a decorative and commodious towel rack once it was begged from the neighborhood grocery.

Mrs. C. W. Guthrie and Mrs. Lloyd Wasson entertained a group of friends at a coffee Thursday morning in the Guthrie home, 609 Washington Blvd.

The refreshment table was laid with an imported linen and organza cloth and featured a fruit arrangement as the centerpiece. Mrs. N. W. McCleskey and Mrs. R. L. Tollett poured.

Other members of the house party were Mrs. Roy Townsend, Mrs. J. D. Jones, Mrs. John Fort, Mrs. Dorothy Ragan, Mrs. James Duncan, Mrs. Marvin Miller and Mrs. Kimball Guthrie.

Bride Is Honored At Shower

Mrs. Bill Montgomery, the former Shirley Van Kirk, was honored Wednesday afternoon at a bridal shower in the home of Mrs. Roy Martindale.

Co-hostesses were Mrs. Bill Bunn, Mrs. Jack Drake and Mrs. W. J. Ashcraft.

The honoree was attired in a pastel green linen dress with white accessories. Mrs. Drake presided at the guest book. The serving table was laid with a floral cloth and silver and crystal appointments were used. The bridal cake was decorated in pink and white, the bride's chosen colors. About 20 called.

Committee Outlines Work For Next Year In Executive Meet

The work for the year ahead was outlined when the executive committee of the East Ward P-TA met Thursday morning at the school.

Mrs. A. C. Kloven presided during the meeting and also reported on the National P-TA Convention held recently in Indianapolis, Ind.

During the convention a general discussion on federal aid to the schools was held. The retiring president, Mrs. Hughes, urged the delegates to take back to their local units the federal aid issue.

BAYLOR -- Official Watch of PIONEER Air Lines

Mongols Rumored Lining Up Along Iron Curtain Borders

By WILLIAM L. RYAN
Associated Press Foreign News Analyst

Persistent reports of population shifts along the Soviet Union's western borders have given rise to speculation in Europe that Stalin is building a human curtain on his frontier to seal off the Soviet people from Western influences.

Polish and Romanian sources in Sweden and Italy support the reports, but much mystery surrounds them. Putting the pieces together it is possible to emerge only with the conviction that important population transfers have been and are going on in the areas.

One story which this reporter heard in Stockholm is that the Russians are busily building a guard line all the way from Lithuania or Latvia to Romania, populating

border areas with nomadic Asiatic people or Mongols after the deportation of the native population. The operation is said to center on the border between present Poland and that part of the USSR which was Polish before it was seized by the Russians under the 1939 Nazi-Soviet pact.

British and American sources in Vienna say they have no confirmation of the report. They tend to believe that the settlements along the border area are made up of prison labor. They have no reliable reports of any unusual influx of Mongol settlers there.

Interreport-Ost, an organization in Vienna which sifts information from Soviet satellite countries, reported recently it had heard the Mongol story.

"These rumors," it said, "seemed fantastic in the beginning. Analyses of serious scientists, plus similarities in reports from persons who have been in Eastern Poland, however, continue to indicate such a movement of population.

"There still is the question whether this is a punitive deportation or whether the Russians mean this settlement to be a kind of cordon sanitaire against the penetration of Western currents. Soviet-Polish borders is far from being concluded. New transports keep coming — people who are closely guarded by Russian soldiers in settlements which are half concentration camps and half kollektives (collective farms).

"According to the information

available to the editors of Interreport-Ost and according to the opinion of experts, this actually seems to be a settlement of persons deported by courts as punishment.

"Polish reports mention the following tribes: Kazan Tartars, Khazaks from the Astrakhan region, Uzbeks, Kalmucks, Khirgiz, Central Asian Khakaks and Tshuk-honzes from the region of the Karelian ice coast."

While this identification of the peoples involved checks with the reports from Polish refugee sources in Stockholm and the AJI, I "Polish reports mention the following tribes: Kazan Tartars, Khazaks from the Astrakhan region, Uzbeks, Kalmucks, Khirgiz, Central Asian Khakaks and Tshuk-honzes from the region of the Karelian ice coast."

The other sources agree prison labor may be involved. But they insist:

The real meaning of the movement is to seal off Russia from all Western influences — including the Polish. The resettlement is by persons who speak no Russian nor any Western language. The presence of the strong Russian guard contingents can be explained by Soviet anxiety to keep the new settlers away from any contact with Poles, Ukrainians, Lithuanians or East Prussians whose borders are sealed.

Vera Kondakova, a first grade student in Moscow, has an embrace for Premier Josef Stalin during May Day celebrations in the Soviet capital. The little girl stepped out of a column of pioneer paraders to make her presentation. This picture was made May 1 in Moscow and released to the Associated Press by Sovfoto, a Russian picture agency. (AP Wirephoto).

Some County Candidates Fail To File Expenses

At least a dozen political candidates in Howard County apparently are among hundreds over the state who overlooked the deadline for filing initial statements of campaign expenses.

County Clerk Lee Porter said Thursday afternoon that 20 candidates had submitted expense reports to his office. There are 32 candidates for county and precinct offices.

These do not include candidates for state and district offices, who forward their reports directly to the Secretary of State.

The exact status of candidates who failed to file expense reports on time was still a mystery Thursday. The new Texas Election Law calls for an expense report from each candidate 60 days before the primary election, with subsequent reports due every 20 days thereafter. That would have put the deadline for the first reports at last Tuesday.

As far as could be learned, the law does not specify a penalty for candidates who miss the deadline. However, no official interpretation has been made of that section of the law.

Many candidates throughout the state failed to file first reports before the deadline, according to a survey conducted by The Associated Press.

The land north and east of the Great Lakes is rising—making a slow recovery from the great dimple pressed into the earth by the weight of ice during the ice ages, says the National Geographic Society.

The Santa Gertrudis breed of cattle is said to be the only beef cattle breed developed in the United States.

New Pittsburgh Airport Ready To Open Doors

By WILLIAM G. SMOCK
PITTSBURGH (AP)—An air traveler's dream comes true Saturday when the Greater Pittsburgh Airport—second largest commercial field in the world, throws open its modernistic doors.

In this aviation showplace, you can find almost anything you would in a good-sized city—except houses. There's a hotel, bank, Postoffice, scores of stores, night club, dance floor and restaurant among its conveniences.

The 33 million dollar airport boasts a seven-story, gleaming white terminal which requires a staff of 81 persons just to operate. The 10-million-dollar terminal houses some 2,500 people, counting airline personnel, store employees and the like.

The huge airport is second in size only to New York's Idlewild. It is 2½ times as big as LaGuardia Field in New York. The airport will be dedicated Saturday as an opening feature of Pittsburgh's Welcome Week—an industrial and civic open house.

Pittsburgh's new airport is located on 1,600 acres of hard-to-find level land in hilly Allegheny County (Pittsburgh), 15 miles northwest of the downtown section. When the Lincoln Parkway is finished air travelers will speed to the airport in 20 minutes over a four-lane express highway.

The modernistic semi-circular terminal is described as "the finest in the world" by John B. Sweeney, county aviation director. Fingerprinted passenger loading docks will be able to accommodate 30 big planes at a time.

A 360-foot paved loading platform at the end of several miles of runways and taxiways boasts a deck for sightseers, parking places for 5,000 cars and a 250-foot underpass.

Elevators, escalators and stairways wait to whisk the traveler upstairs to a 70-room hotel if he has to stay over. While waiting he can visit the restaurant, dance floor or nightclub. The big terminal even has provision for a customs office against the day when global flights start and end in Pittsburgh.

Coahoma Boasts 8 And 1 Record

COAHOMA—The Coahoma Bulldogs now own an 8-1 won-lost record in Colorado City Jaycee Softball League standings.

The Bulldogs' most recent victory came at the expense of Sun Oil last Monday night and that by a score of 9-3.

Sun Oil outfit Coahoms, 6-5, but the Bulldogs collected them when runners were on. Jimmy Ward struck out 13 men.

The Coahoma club scored five times in the fourth inning. Three walks and an error had a big part in the rally.

In Monday's other game, Col-Tex remained tied for the lead by belting Loraine, 15-2.

New Republic Is Noted In Indian Ocean

COLOMBO, Ceylon (AP)—The world's newest and one of its smallest republics—the Maldives Islands—has just blossomed in the Indian Ocean 400 miles southwest of Ceylon.

Inhabitants of the 2,000 tiny islands, scattered over 325 square miles of ocean, voted 99 per cent to become a republic with an elected president after more than 800 years as a sultanate. For the past century it has been under British protection.

The first president is 41-year-old Prime Minister Amin Didi, island strong man who will function as virtually a one-man government. The transition from sultanate to republic will be completed some time in December, when the Maldives adopt a new constitution—now being written by Amin Didi—and seats him as its first president.

The British government will continue to handle Maldivian foreign affairs. It has promised to send a cruiser and its high commissioner in Ceylon to the inauguration at Male, the Maldivian capital.

Creation of the republic of more than 93,000 islanders followed the death in Ceylon two months ago of 78-year-old Amir Abdul Majid, last of the Maldivian sultans.

A spokesman said there was no suitable elder statesman to take over as sultan, so it was decided to convert the Maldives into a republic.

MAY NEED A 58

Hogan Rates Own Hopes Poor In Saturday Play

Local linksters head for the golf courses Saturday to try and beat Ben Hogan.

Hogan himself will tour the Northwood Country Club in Dallas at 1 p.m. A radio network (CBS) will give his play national coverage.

It's all for charity. The golfers will pay \$1 each, plus green fees. If they beat Hogan, and they'll be given the proper handicap by their pros, they'll get a properly inscribed medal. If they lose—Well, it will be fun, anyway.

Proceeds go to the USO and the National Golf Fund. The whole thing is being sponsored by the PGA and Life Magazine. Close to 300,000 golfers will get in on the fun and it is estimated 10 per cent of those will beat Hogan.

Hogan says the percentage will be much higher, something like 75 per cent. And he laughs about it.

There's not a chance in the world for him to get out of losing at least 100,000 matches, he says. Practically all of the golfers shooting against him will have handicaps. Many will be playing on short pitch-and-put courses. It's not going to be any trick at all for many of them to shoot in the 40's, he points out.

Hogan will have to fashion a fantastic 58 or 59 if he expects to beat many people, he says. And Northwood, he adds, is no course for such a round. It's tough, as the pros descending upon the layout shortly for the National Open will find out.

Ben loves, it though. "It'll be a wonderful thing for golf," he says. "It will not only be a shot in the arm for the game but it will contribute a lot of money to worthy charities."

The women of course will get a chance to trip Hogan. And Freddy Corcoran, promotion director for the PGA, says women are potentially better putters and better at chipping than male golfers. He could be prejudiced, though. He also serves as manager of the Ladies PGA. He urges players of both sexes to compete Saturday.

Women will be allowed an extra five strokes, to go along with their handicaps set by home pros.

Bing Crosby and Jack Benny will be among the Hollywood notables taking part in the Saturday play. A commanding general at the Marine Corps Recruit Depot at Parris Island, S. C., will try his luck, too.

Sammy Sneed, Jimmy Demaret and there will match their Western Open scores with that of Hogan's.

After Hogan's score is announced, the winning score cards will be countersigned by club pros, golf committee members or public course officials and sent to National Golf Day headquarters at Chicago for verification of medal winners.

The "Beat Hogan" crown also includes such women stars as Patty Berg, Louise Suggs, Betty Jameson and others who will be playing in the famed Weatherwax match.

The rate opportunity to challenge the champ and at the same time contribute to two worthwhile causes has met with the enthusiastic support of golfers everywhere. In

four cities and half a dozen states, May 31 has been proclaimed National Golf Day. In Washington, D. C. several dozen distinguished four-somes of top government and military officials are entered in the tournament.

The "Beat Hogan" crown also includes such women stars as Patty Berg, Louise Suggs, Betty Jameson and others who will be playing in the famed Weatherwax match.

The rate opportunity to challenge the champ and at the same time contribute to two worthwhile causes has met with the enthusiastic support of golfers everywhere. In

LOOKING 'EM OVER

With Tommy Hart

You have only a couple of other radio men to vouch for his story, but Jack Wallace of Radio Station KBST Big Spring sank an eagle three on the 593-yard 11th hole of the Colonial Course in Fort Worth the other day.

That's the same hole that gave some of the top pros trouble in the recent invitational tournament there.

Wallace hit three wood shots to achieve the eagle. His 'put' was from 220 yards away.

Charley Lofland, the ex-Big Spring infielder, is blasting Gulf Coast League hurling at a .350 clip. He's with Laredo.

In a recent game against Fort Arthur, Lofland hit three home runs, a double and a single.

Raul Sanchez, who was here for a time in 1951, pitched a six-hitter on his return to Havana from Washington but West Palm Beach beat him, 3-1.

Havana is third in Florida International League standings.

Clarence Weikel, the ex-Lonehorn League arbiter who decided to remain on his job with a newspaper in Houston, has changed his mind. He's now calling balls and strikes in the Gulf Coast League.

Mel Neusendorf, the former Ballinger third sacker, failed to make the grade with Amarillo and has been cast adrift.

Mettoon, III, of the Mississippi-Ohio Valley League, which has Big Spring's Huck Doe as its catcher, got off to an uncertain start this year.

The club, saved at the last moment from transfer by public-spirited citizens, lost ten of its first dozen games.

Gasper Del Toro, who performed at shortstop for Big Spring back in 1947, is down to .228 with Iola of the KOM League.

And Vince Amor, who broke into pro ball here two years ago, recently was traded by Paris to Texarkana of the Big State League.

Amor had won three games for Paris. Paris got another pitcher, Jimmy Jones, in return.

Kenny Jones, with Midland up until this season, is hitting at a .295 clip for Temple of the Big State League.

Harold Davis, who is leaving the Marines to resume his job as basketball coach at HGIC here, is going to teach in summer school at the college.

Texas Tech is getting a fine new scoreboard for its football stadium, similar to the one now in use in the Cotton Bowl.

Tony Traspuesto, the one-time Big Spring backstop, hasn't changed much. He still gives his hurlers a verbal dressing down when they cross him up with a delivery. Tony is one of the big reasons Sweetwater has done as well as it has this season.

GOODE AND HOLDING, TOO

Walt Davis Among Leading Candidates For Olympics

LOS ANGELES, May 30 (AP)—Competition is still wide open in most events, but off 1952s performances to date, it appears that such established athletes as shot putter Jim Fuchs, pole vaulter Bob Richards, discus thrower Sam Iness and broad jumper George Brown will be hard to beat for top spots on the U. S. Olympic Games team.

To these add the names of high jumper Walter Davis, 400-meter hurdler Charles Moore, distance runner Fred Wilt and 400-meter runner George Rhoden.

The Statistical Bureau of the National Collegiate Athletic Association issued its latest roundup of best performances today, listing best marks through May 27, and this array of stars continued to lead the field in their respective events.

Here's a run down of the leading marks around the nation:

100-yard dash—Bob Richards, unattached, 14.1; Don Cooper, Los Angeles, 14.2; Don Lee, unattached, 14.8. 200-yard dash—George Brown, UCLA, 30.1; F. Morgan Taylor, Princeton, 30.2; Sylvia Price, Oklahoma, 31.9. 400-yard dash—Walter Davis, Texas A&M, 1.01; Charles Holding, Texas State, 1.02; Herman Wyard, San Jose State, 1.03; Charles Moore, Oregon, and Pope Hall, Florida, all 1.04. 800-yard dash—Jim Fuchs, New York A. C., 2.07; Don McEwen, Michigan, 2.08; Derrow Hooper, Texas A&M, 2.09; Ollie Chandler, Air Force, 2.10; Discus—Sam Iness, USC, 153 feet 5 1/2; Portaine Gordon, Los Angeles A. C., 151 feet 10 1/2. Shot—Jim Gerhardt, unattached, 47.2; Javelin—Cy Young, Los Angeles, 254.1; Bob Allison, Navy, 232 1/2. Hammer—Sam Pollock, Navy Olympian, 180 feet 10 1/2; Cliff Blair, Boston U., 180.2; Joe Chastbourne, Yale, 180.4. Pole vault—Dean Smith, Louisiana State, 9.3; Alex Burt, Colorado A&M, 9.2. 200-yard and 300 meters—Paul Wells.

Clovis Blasts Lamesa, 11-1

If you dislike pitchers' duels, take the West Texas-New Mexico League.

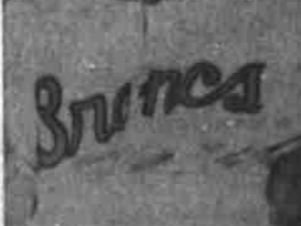

The hurling was a little one-sided last night. So were the scores—62 runners tallied in all.

Clovis ran up a 11-1 win over Lamesa to preserve its first-place hold by three and a half games. And the winners got the top pitching in the league, a five-hit performance by Bill Hair.

Albuquerque pasted Lubbock, 13-3, on 18 hits from three Hubber hurlers.

In the other games, Abilene sounded off with 24 hits to smash Borger 16-2, while Gene Wolf scattered 10 hits and his Amarillo club collected 13 in beating Pampa, 11-5.

Clovis collected 15 hits in slipping Lamesa into third place.

Fly Chaser

New Outfielder of the Big Spring Broncs is Juan Visteur (above), who performed for several clubs after leaving here in 1951. He's a left-hander all the way.

No Industrial Games Tonight

No games will be played in the YMCA Industrial Fastball League tonight due to the holiday weekend.

Webb Air Base was to have tested Cook Appliance in the opening game while Brook's Appliance was booked to tangle with Veterans Hospital in the afterpiece.

In games played Wednesday night, McDonald Motor outslugged Texas and Pacific, 12-6. Aubrey Armistead hit a home run for the losers. Billy Tubbs for the winners.

Cabot Carbon bested C. L. Rowe Humble, 14-6, in the other go. The Dunhams, R. G. and Jim, had a big hand in the victory. R. G. pitched all the way and Jim collected four hits. Taylor had three blows for the winners.

Anderson Bashes Wagon Yard, 27-4

Anderson Music Company walloped Wagon Yard Trailer Courts, 27-4, in a one-sided game of softball Thursday evening. The game was called after five innings.

Cockrell of the winners bashed two home runs.

Red-Faced Tulsa Gets Name In League's Record Books

By CHARLEY ESKEW Associated Press Sports Writer Red-faced Tulsa got its name put

in the Texas League record book last night, thanks—or no thanks—to the Dallas Eagles.

The hapless Oilers earned their niche, shared with three others, by failing to produce a run in three consecutive games; Dallas blanked them last night, 3-0, with Don Mossal throwing six-hit ball.

Fort Worth applied the first two whitewash jobs in the present Tulsa string, 5-0 and 2-0, in the two nights previous. And the Oilers are still in the running, for most consecutive scoreless innings of 37 held by Galveston's 1931 club. Tulsa's runless innings total 29.

Dallas' win boosted it within a game and a half of Beaumont at the top of the league race. Beaumont fell a second straight time to San Antonio, 5-3. Fort Worth, moving back into the first division, beat Oklahoma City, 7-2, and Houston clipped Shreveport, 6-2.

Mossal left 10 stranded and fanned five as the Tulsans were zeroed their eighth time this year.

Baez Saves Guerra's Fifth Win In Relief Role, 7-5

Locals Enjoy 4-Run Sixth

A stellar job of relief pitching by Bertie Baez saved Gil Guerra's bacon as Big Spring defeated the Vernon Dusters, 7-5, here Thursday night.

Baez not only came on to put out the fire in the ninth inning with the tying run at first base, and that by striking out the last two batters to face him, but delivered a sixth-inning single that kept a rally alive in the sixth. He spelled Buddy Grimes in that round and then went into center field.

A four-run outbreak in the big sixth turned the trick for the Steeds. They led, 3-2, going into the sixth but sent ten men to the dish in that round to get their four tallies.

Guerra, in quest of his fifth victory, pitched creditably if not sensationally until the ninth, when he couldn't get the side out.

Fred Oliveri, a pinch hitter, walked to start the trouble. Leon English was hit with a pitched ball and Lou Ehinger walked to load them up.

John Reimold dropped a hit in front of Pat Stacey in right and a run scored. Baez came on in relief and John Follis greeted him with a two-run single off the glove of Al Costa at short.

After that, though, Baez was in command. He got Joe Neidson on a high popper and then struck out Art Neal and H. C. Sargent in that order to send the crowd home happy.

Ozzie Alvarez was the big gun in the Big Spring attack. He drove in four tallies with two singles and an infield out. Al Valdes chipped in with a two-run single in the big sixth, the ball caroming off Lloyd Wallis' glove in the box.

Al Costa and Juan Visteur each had two hits for the Steeds while Follis had four safeties for Vernon and Reimold three.

RAMLINGS — A freakish double play got Big Spring and Guerra out of a jam in the fifth. Guerra picked up Art Neal's ground ball to the box and fired to Al Valdes to get Reimold on a force play at home. Valdes, in turn, threw to first but it was too late to catch Neal. Gonzalez caught Joe Neidson off second and threw to Al Costa, but it was too late. Follis broke for home on the throw-down and was caught on a close play when Costa fired the ball back in to Valdes. Wallis was seeking his second win and instead had to take his seventh loss. Sargent was retired four times on strikes. Chet Fowler, the Vernon skipper, was thrown out of the park in the eighth for arguing too vigorously with Plate Umpire Able Sykes after Pompeyo Carerras had been retired at first base on a close play.

Apparently, Sykes heard something that Base Umpire Bill Valentine did not.

EACH WITH 68

Mangrum, Bolt Front To Fore

ST. LOUIS, May 30 (AP)—Lloyd Mangrum of Chicago and Tommy Bolt of Durham, N. C., each with a two-under-par 68, held the lead today in the 49th Western Open Golf Tournament. But no one is ready to pick the winner in the 72-hole, \$15,000 competition.

The two old pros and newcomer Earl Wilde of Rock Island, Ill., with a 69, were the only members of the 120-man field to win the

first-round encounter with Westwood Country Club's long and troublesome par 70 course yesterday.

Most of the entries settled for scores in the low and middle 70s. They included Sam Snead, the White Sulphur Springs, W. Va., slammer who was a pre-meet favorite. Snead, with seven others, wound up with a 72, good only for an eight-place tie after 18 holes.

Unsettled Weather Hasn't Hurt Fishing Too Much

By L. A. WILKE

AUSTIN.—There'll be a lot of fresh water in many of the fishing lakes in Texas this week end, although there'll probably be very little that runs over the spillways. Lake Whitney seemed destined to get a good supply of water, which will be the first real test for the dam which was officially dedicated there well over a year ago.

Most of the other lakes got some water including Lake Travis in the Colorado chain, which was very low.

All this unsettled weather throughout the week, however, hasn't hurt fishing too much, and some fine catches, particularly of crappie and white bass have been reported from pretty much all over the state. And add to that is a new run of trout along the Gulf Coast. Despite the unsettled weather of last week end Gulf fishermen reported some splendid catches of trout and mackerel. If the winds settle down with the end of rain in about another week trout fishing should be hot from Freeport to Brownsville, according to best reports. Some of them are hitting on lures, but most of them are taking live shrimp.

The time of year is rolling around again for the world's biggest fish fry at Anahuac. Already the Mystic Order of the White Heron is sending out its invitations for this big annual affair, which this year will be held in the famous old Fort Anahuac Park on Saturday, June 21.

Arabella, the heron goddess, will be there to welcome the crowds that will come via plane, boat and automobile.

There'll be thousands of pounds of rich Trinity bay catfish, with tri-joles, rice, salads and hush puppies for the hungry. There'll be a lot of talk about the proposed new dam across the Trinity at Liberty, with water experts from all over the United States there.

And while this annual affair has no political significance, this being election year and nearby Liberty being the home of Price Daniel there'll probably be a fair handful of politicians there to just shake hands with the voters.

All arrangements are in charge of Guy C. Jackson Jr. of Anahuac, who has ramrodded the fish fry for years.

This is the time of year when lantern fishing seems to be at its best. It's a sure way to get a nice

string of crappie, and right now white bass are hitting pretty good at night.

While most fishermen use gasoline lanterns which have reflectors, others have rigged up seal-beam head-light arrangements, which operate on an automobile battery. The light is allowed to float on the water along side the boat, which is anchored in a likely feeding spot. Fish with minnows and worms, using either a tight line or float.

This is no fishing for a long pole, and many fishermen just drop their line over the side of the boat without rod or reel. Two or three persons fishing from one boat usually can get their limit each in a couple of hours, if they've found a good feeding ground. Occasionally a big bass is caught, but for the most part the string is made up of crappie and whites. Give it a trial if you are fish hungry.

Ferrari Racer Spotlighted

INDIANAPOLIS, May 30 (AP)—Freddie Agabashian of Albany, Calif., flashing a white-toothed grin he inherited from Armenian ancestors, led the fastest 33-car field to the starting lineup today for the 36th annual 500-mile auto race.

He was shoe-horned into a red and yellow race car only 29 1/2 inches high, a Cummins Diesel Special that was the first oil-burner to win the pole position in the Memorial Day classic.

Back in 19th position was the first foreign driver in the race since 1946, European Champion Alberto Ascari of Milan, Italy, in a V-12 Ferrari.

Alongside Agabashian in the front row, in positions they won with fast qualifying runs, were Andy Linden of Los Angeles in a super-charged four-cylinder Miracle Power Special and Jack McGrath of Pasadena, Calif., in a Hinkle Special.

The consensus at the pre-race drivers' meeting Thursday was that McGrath, Agabashian and Ascari will be the men to beat. There also was considerable enthusiasm for the rebuilt Nov V-8s piloted by Chet Miller of Glendale, Calif., oldest driver in the race at 49, and Duke Nalon of Fort Worth.

Ace Hurler

Top pitcher for the Vernon Dusters this season is Audie Malone, a limited-service man from Mississippi. He's won six games and has twice defeated Big Spring.

Corrales To Toe Rubber Tonight

Reggi Corrales will probably stroll to the hill tonight when the Big Spring Bronces take the field against the Vernon Dusters at Steer Park. Game time is 8:15 p.m. It'll be the 'sugar game' of a three-game set. Each team has won a decision.

A win for Vernon last night would have plopped the Bronces into the Longhorn League cellar. As it stands now, they are tied for fourth place (in games won and lost) but are only a game and a half removed from the cellar, a spot now filled by the Dusters.

Jesus Sosa may hurt for the Dusters. He beat the Steeds last time out.

The Cayuses head for Odessa Saturday, where they play three games with Midland, starting Tuesday.

Zekie To Stay, Midland Club Bosses Insist

MIDLAND. Zekie Bonura will continue as manager of the Midland Indians of the Longhorn League.

Club president Marion Flynn Thursday put an end to reports a change in management was contemplated.

"We feel that we have a winning club now," Flynn said. "Time has been necessary in erasing weaknesses which we know have existed."

"Rumors spread in Midland Thursday morning following a meeting of Indian Club directors."

Flynn cited Midland's 7-0 victory over Roswell here Wednesday night as an example of the kind of baseball local fans may expect.

"The Indians should now move into the thick of the pennant fight, Flynn said.

The Indians recently have acquired new players including a shortstop, first baseman, outfielder and stop, first baseman, outfielder and pitcher.

Bonura took over the Indians late last season, building them from last to fifth place in the league standings. They won 30 of the last 40 games under his direction.

This year the team has been hanging around the .500 mark but Wednesday night's victory over Roswell pushed the club to a mark of 17 wins against 20 losses, placing the club only 2 1/2 games out of second place in the Longhorn standings.

McDermott Has A One-Hitter

Associated Press Sports Writer

Wild man Maury McDermott, erratic Boston Red Sox lefty, has joined Bobby Feller, Bob Cain and Art Houtteman in the American League's one-hit club.

Last night he faced only 27 Washington batters.

A base on balls and a triple gave Boston its 1-0 win in the sixth inning.

Batters enjoyed a field day in Detroit where Cleveland maulled the Tigers, 11-4.

The New York Yankees had to use a little "Yankee luck" to get past Philadelphia, 3-2, even with Vic Raschi, the A's jinx pitcher, on the mound.

The New York Giants' seven-game win streak was snapped by Philadelphia, 6-3. Combined with Brooklyn's 7-3 edge over Boston, the Giants' National League lead was clipped to 1 1/2 games.

Ralph Kiner's fifth homer and Murry Dickson's pitching reversed Pittsburgh's backward motion to whip Cincinnati, 4-2.

Otto Graham, quarterback for the Cleveland Browns in the NFL, will assist coach Carl Snavely of North Carolina University during spring practice.

AT PRESTWICK
Stranahan, Ward In Semi-Finals
 PRESTWICK, Scotland, May 30 (AP)—Frank Stranahan of Toledo, seeking his third title, and young Harvie Ward, Tarbor, N. C., gained the semifinal round of the British Amateur Golf championship today with one-sided victories. Stranahan walloped Charles Carlow of Scotland, 6 and 7, while Ward prevailed over fellow countryman Jim McHale of Philadelphia, 6 and 8. Stranahan and Ward were scheduled to play again in the afternoon for the right to compete in tomorrow's 26-hole final.

Ward faced Joe Carr, veteran Irish Walker Cup ace, who eliminated Scotland's sensational Maj. David Blair, 5 and 4. It was Blair who provided the tournament with two stunning upsets yesterday when he defeated defending champion Dick Chapman, Pinehurst, N. C., and Billy Maxwell, Odessa, Tex., the U. S. title.

New Schedule For Y Loop

St. Thomas Catholic and West Side Baptist are leading YMCA Church Softball League standings, each with a record of two wins against no defeats.

North Side Baptist and First Christian have scored single wins in as many starts. First Methodist and First Baptist have 1-1 records. Wesley Methodist, East Fourth Baptist and First Presbyterian have each won none and lost two.

The schedule has undergone several changes, according to Y Director Tolly Baker.

The new schedule:

June 5, 1953
 2-01 Thomas vs. First Baptist
 First Methodist vs. 4th Bapt-4

June 6, 1953
 Wesley Methodist vs. Presbyterian
 First Christian vs. Westside Bapt.

June 14, 1953
 St. Thomas vs. First Christian
 First Methodist vs. Northside Bapt.

ON MONDAY

Municipalities Set Regional Meet Here

All of West Texas except the Panhandle area will be represented in Big Spring Monday at a regional meeting of the League of Texas Municipalities.

At least 75 officials from cities west of Abilene and south of Lubbock are expected to attend the Region II meeting, one of eight being held under auspices of the LTM. Invitations have been extended mayors, city managers and department heads in 76 West Texas towns.

The all-day session will be of the open-forum variety with emphasis to be placed on such municipal problems as subdivision control, annexation policies and the best use of available revenues.

E. E. McAdams, executive director, and C. C. Crutchfield, field consultant for the LTM, will be in charge of the program. A guest speaker will be heard during a luncheon session, but has not been announced.

Discussions on subdivision control will cover the extension of utilities both inside and outside corporate limits, as well as utility rate structures. Talks also will include the possibility of broadening tax powers for added revenues to meet increasing demands on municipalities.

LTM officials suggested that state senators and representatives, and all candidates for those posts, be invited to the meeting. Big Spring City Manager H. W. Whitney has extended the invitation to

Harley Sadler and J. Gordon (Obie) Bristol, candidates for Senate and Representative posts from this section.

Big Spring Commissioner Willard Sullivan, mayor pro tem, probably will extend the welcome to visiting officials in the absence of Mayor G. W. Dabney, who will be vacationing. Mayor Armistead East of San Angelo, president of the LTM, is expected to attend and probably will address the group.

All sessions will be held in the Bettles Hotel, starting at 9:30 a.m. and continuing through 4 p.m. The luncheon is set for 12:15 p.m.

Regional LTM meetings are held on alternate years, prior to meetings of the state legislature. The 1950 Region II meeting held in Big Spring was attended by 65 persons.

Other regional sessions already have been held at McAllen and Houston. Meetings to be held following the Big Spring gathering include Amarillo, June 4; Longview, June 6; Mineral Wells, June 11; Greenville, June 12, and San Antonio, June 13.

Angelo Man Dies Of Mishap Hurts

CASPER, Wyo., May 30 (AP)—Charles Martin, 66, San Angelo, Tex., died in Memorial Hospital Wednesday night of injuries received May 19 when the truck in which he was riding overturned eight miles north of here. A cousin, George L. Martin, Marathon, Tex., died in the accident. Martin had spent most of his life as a mining engineer in the Philippine Islands.

Army Projects In Texas Approved

WASHINGTON, May 30 (AP)—More than 15 million dollars in Army construction projects at Ft. Hood and Ft. Bliss in Texas were approved yesterday by the House Armed Services Committee. The projects total \$5,000,000 at Ft. Bliss and \$10,510,000 at Ft. Hood.

Memorial Day

On this Memorial Day we pause, . . . to pay tribute, and to honor the sacrifice made by our War Dead. To those of all wars, whose supreme sacrifice brought Victory and a promise of Peace.

Let us honor them by practicing the democracy they fought to maintain.

Driving School Bus 10 Years Meant Lot Of Fun For Fannin

GARDEN CITY — Every day has been different, and that's why 75,000 miles isn't too long after all. V. M. Fannin, who on May 22 completed 10 years as a bus driver for the Glascock Independent School District, gets such "kick out of kids" that he plans to continue with his bus driving.

He holds, incidentally, the longest record of service of any person connected with the school system here.

Mr. Fannin started out under C. G. Parsons who has worked under Supt. J. F. Jones the past two years. The district had six buses when he started, declined to five and now has seven.

He and Mrs. Fannin live at the site of the old Panther Draw school, and he drives the "peas oil field" bus coming in from the Lees area. It makes a daily run of 43 miles, which adds up to 75,000 for the 10-year school period.

This does not include an extra 10 miles which he ran until two years ago when the second east bus was added. Neither does it include hundreds and hundreds of miles driven to football, basketball, volleyball and other interscholastic League events or school outings.

In all those 10 years, Mr. Fannin has never had a mishap. Moreover, he has never had to call in another driver to make one of his trips: There were few mornings when residents along the way could not have set their watches by the time he passed their places. The few times his bus failed to roll up to school at 8:40 a.m. were due to weather or a rare bit of mechanical trouble, or maybe helping the west bus when it had trouble.

Albert, was captured and held captive in the Philippines for more than two years; or when another son, Cecil lost a leg in Germany; or when Albert became their third boy to go into the Army during the war.

Albert and Cecil both live in Big Spring; one in with Big Spring Hardware, the other works at the airport. Albert is a McCamey truck driver.

There are four other children, Arvid, Sacramento, Calif.; Mrs. John Overton, Chalk; Mrs. Inez Graham, Rankin; Mrs. Margie Faye Walker, Forsan.

Not long after Mr. Fannin started out as a bus driver, the family home at Panther Draw was destroyed by fire. The school board replaced the house and part of the furnishings and friends everywhere in the county rallied with donations. Of course, the loss was still heavy, but the Fannins were so grateful none would have suspected.

"I plan to be back next year," said Mr. Fannin. "You can't tell but what I might get to round out a few more years for them. I always did like children and they have a tendency to make life interesting. Each day it is something new."

George heads the Russell for President Advisory Committee. "The so-called walkout by dissent forces at the Texas convention was a fiasco," George said in a statement yesterday. "Only 41 of official votes from a total of 1,327 left the regular convention. We are assured the 32 Texas delegate votes will go with Russell all the way in Chicago."

"The Texas delegates are officially unintrusted but for their guidance," the state Democratic convention passed a resolution laying down specifications for a nominee that can be met only by Sen. Russell among the announced candidates.

Predicts Russell To Get 52 Votes From Texas Dems

WASHINGTON, May 30 (AP)—Sen. George (D-Ga.) says Sen. Russell (D-Ga.) will get Texas' 52 votes for the Democratic presidential nomination.

George heads the Russell for President Advisory Committee. "The so-called walkout by dissent forces at the Texas convention was a fiasco," George said in a statement yesterday. "Only 41 of official votes from a total of 1,327 left the regular convention. We are assured the 32 Texas delegate votes will go with Russell all the way in Chicago."

George pointed out that both Gov. Shivers and national Committeeman Wright Morrow again stated at the convention their personal preference for Russell.

Rain Threatened Over The Weekend

By The Associated Press

Texas started the long Memorial Day week end today with threats of more rain and showers hanging over vacationers and holiday celebrants.

The scattered showers were due to begin in West Texas today and spread over the North Central portion by tomorrow, weathermen said.
