Toots repeated his last year's victory over Clyde Burke of Comanche, Okla., in Midland's "world's championship" contest, but unlike last year, it took a mighty show of skill and steady nerve to stave off a home stretch rally by Burks.

Mansfield had a total time for 12 calves of 197.1 seconds, while Burk's time was 209.1 on a dozen white-faced calves. The champion's time figured to the remarkable average of 16.4-a figure that would be good enough to finish in top money

The mixed doubles match be-tween Mr. and Mrs. A. G. Broyles and Mr. and Mrs. H. H. Boyd will be finished in Lamesa because it was too dark to finish the match Sunday afternoon and all of the finalists are from Lamesa.

The tournament was a complete success, according to officials of the annual affair, and about twice as many entered as was anticipated. There were contestants from

many cities besides Big Spring and every entry was a good, fast and determined tennis player, who helped keep the matches going in high gear until the last point was finally called. Prizes were awarded to the win-

ners of the five events immediately after the tournament was over and George Tillinghast, manager of the matches, expressed his appreciation to the contestants and the officials of the tournament. Tillinghast added that the entire affair was made possible through the cooperation of the local merchants and businessmen who posted prizes.

Nazis' Elaborate Defense System Smashed In The Soviet Offensive

(Delayed) (AP)—An elaborate sys- structed and appeared to be a tem of German field defensessimilar to those the allies may encounter later in western Europe -has been laid bare by the Red army's offensive which has taken Kharkov, Taganrog, Belgorod, Orel and other important points. Generally speaking, the nazi defenses consisted of three zones to a depth of 10 to 10 1-2 miles, with intermediary lines intended

to absorb the shock of attacks. Details of the intricate defense system were explained and shown to American and British correspondents today in a visit to this

FD Bolsters OWI Powers

WASHINGTON, Sept. 7 (P) Following up a decision to give the public the stark facts of the war. President Roosevelt has sent out letters to the army, the navy and the state department, intimating that the Office of War Information was created for just that purpose and should have a freer hand.

OWI in any future disagree-ments with the army or navy may appeal to the White House itself, the president indicated, even when the services might claim "military security" as the reason for withholding facts.

The letters did little more than restate the powers originally con-ferred on OWI more than a year ago-powers which OWI never succeeded in exercising fully-but they have tended, authoritative sources said, to restore OWI's damaged prestige and to remind the armed services that the agency's recommendations are not to be ignored.
