

Congress May Drop Contempt Action

WASHINGTON—(AP)—Congress apparently will drop contempt action against some 60 people who refused to say whether they are or ever were Communists.

There are three reasons:
1. The Justice Department has passed the word informally that it's best to lay off until its own cases against Communist Party leaders are out of the way.
2. The House committee involved — Labor and Un-American Activities — probably couldn't get the members together before the end of the year to act on contempt citations.
3. House legal experts doubt that contempt action begun in the present Congress could be carried over to the new one. Their curbsome opinion is that any contempt involved was against the 80th Congress, but that the 81st couldn't cite anybody except for contempt against itself.

The Labor Committee was considering contempt action against union spokesmen who were witnesses at investigations to determine the extent of any Red infiltration into their organizations. During the hearings, around 60 persons refused to answer the big question—whether they were or ever had been Communists.

About a score more declined to answer the same question at last summer's spy hearings of the un-American Activities Committee. Most of the witnesses claimed that answering the question would tend to incriminate them and that would be unconstitutional.

Justice Department officials who talked things over with committee agents have said that, if the 12 Communist Party leaders now under indictment by a New York grand jury are convicted, that might provide a real basis for the re-institution of a law which would tend to incriminate them and that would be unconstitutional.

Consequently, the department has suggested that the House committee go slow for the moment.

Substitute Labor Law Is Drafted

WASHINGTON—(AP)—The administration is preparing a substitute for the Taft-Hartley labor law with built-in compromises to meet possible objections from Congress, industry or labor.
This, it was learned today, is the plan being followed by a five-man lawyer team assigned to draft the new law.
1. Write labor legislation which can be sent to Congress with Mr. Truman's blessing, and 2. Write alternatives for several sections of their draft, as possible substitutes along what may be a bumpy legislative route.

They plan to file the gist of the suggested new law with President Truman's aides by Monday.
Exactly what it will contain is a carefully guarded secret, but it was reported to call for reinstatement of most of the old Wagner Labor Act, plus some modified Taft-Hartley provisions.

Backing up Mr. Truman's pledge to replace the Taft-Hartley Act with a "fair" labor law he has said he expects to seek advice from industry and labor.
The drafters' work probably will be changed, in some respects at least, on the basis of these talks, with further changes likely in Congress.
That is why alternate drafts of the most controversial parts of the suggested legislation are being drawn up.

Right now the drafters expect Taft-Hartley repeal and a substitute to be offered to Congress in a single bill.

Drunkettes Fined \$15

It was a heck of a way to spend Thanksgiving in a jail cell on no mattress—but one 18-year-old drunkette had to do it yesterday.

The girl was one of two drunkettes picked up Tuesday night by city police and charged with vagrancy while she and her companion were inhaling hops in a S. Cuyler tavern.
The other girl was released Wednesday night on payment of a \$15 fine plus \$7 for a jail mattress she helped tear to shreds.

The girls tried spite work on police by flooding their jail cell, ripping a mattress to ribbons and raising a racket in their cell that could be heard a half block away.

The spit work brought down like fire on both girls Wednesday and today. This morning the one that spent Thanksgiving in jail had her fine suspended on her promise to leave for her native Seminole, Okla., within 24 hours.

Smith Rites Set For Tomorrow

Funeral services will be held at 2 p. m. tomorrow from the First Baptist Church for Mrs. Ida Mae Smith, 67, who died suddenly from a heart attack at her home, 1044 S. Hobart, at 4:46 p. m. Wednesday.

Mrs. Smith was born Feb. 22, 1881, in Grayson County, Tex., and moved to Pampa in May, 1921, from Blum, Tex. Her husband, the late R. A. Smith, who died Mar. 6, 1941, was a former county commissioner of Gray County.

She is survived by three daughters, Mrs. L. R. McKenzie of Pampa, Mrs. H. K. Wolfe of Texas, and Mrs. R. E. Martin of Trinidad, Colo.; by seven sons, R. E. (Tun) Smith, Willdon and Alvin, all of Pampa, Bill of Houston, Grace of Skellytown, Carl of Port Arthur, and Don of Long Beach, Calif.; by one sister, Mrs. John Ballard, Rogers, Ark.; by three brothers, Dr. Paul V. Binion of Pampa, Dave Binion of Rogers, Ark., and John Binion of Whitewright, Tex.; and by seven grandchildren.

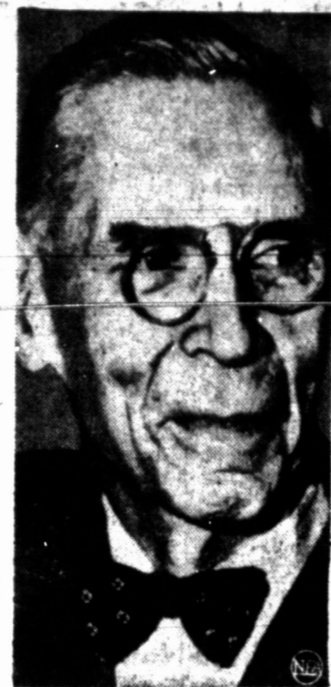

One son, C. W. Smith, was killed in the Battle of the Bulge in December, 1944, and a daughter, Mrs. Ora Sheets, died Sept. 19, 1941.

Funeral services tomorrow will be at 10 a. m. at the residence of Mrs. M. L. Dalton, 2101 S. Duval, in the direction of the Duval-Carmichael Funeral Home, will be beside Mrs. Smith's late husband in Fairview Cemetery.

WE HEARD ...

Mike Musgrove was a winner in the B-W sponsored slogan contest. His slogan is fitting now, "Be careful of your lights on your Christmas tree, or there won't be a home for Santa Claus to see."

ANTI-INFLATION — Dr. Edward G. Nourse, chairman of the Council of Economic Advisors, will head a group of cabinet members and devise a "definite program" in an effort to combat inflation, by appointment of President Harry S. Truman. The program will be submitted to the eighty-first Congress for action.

Resolution By Poland Is Defeated

PARIS—(AP)—The United Nations Assembly defeated today a Polish resolution to forbid economic pressure by one nation against another as a means of influencing domestic or foreign policy.

Poland's Dr. Oscar Lange carried the ball in the debate for the Slavic bloc, attacking the European Recovery Plan (ERP) as an American "economic cold war against the Eastern European countries."

Lange contended the use of "economic power to influence the policies of another country is inadmissible."

The vote on the resolution was 33 to 8, with Russia and the Eastern bloc alone supporting it. Willard L. Thorp, an assistant U. S. secretary of state, opposed the proposal as an attempt to discredit the ERP by a nation's envious of American assistance to European recovery.

Lange charged that some countries cannot sell materials to some other countries for reasons of military security, demanding:

"Is the refusal to sell gramophone records and such a part of military security?"

Thorp denied there has been any American attempt to dictate other countries' export policies.

Dr. A. A. Arutunian of the Soviet Union said the United States should accept the resolution. (See RESOLUTION, Page 3)

City Tests Maintainer

The City Commission this week accepted use of a street maintainer on a 30-day trial, and postponed decision on the purchase of 100 new parking meters until next week's meeting.

The commission received bids from Park-O-Meter, Dual, and Kar Park automatic meter companies, and from M. H. Rhodes and Mico manual meter companies. Kar Park is the meter now in use in Amarillo, and Pampa is currently using Mico hand-operated meters.

The city called for bids on 100 meters after receiving many requests from residents and business men along side streets in the downtown area for metered parking along their streets.

In calling for bids, the commission provided that the revenue from the additional meters, if purchased, would be used to pay for themselves, so that the city's budget will not be affected.

After opening and reading the bids and after examining sample meters submitted, the commission deferred its decision until next week.

At last week's meeting, the commission received bids for a new and larger street maintainer to replace an old and inadequate machine now in use. The Texas Machinery Company of Amarillo submitted the lowest bid of \$10,000 for a new Gallion, tandem drive maintainer, after allowing \$1,446 on the old Caterpillar machine on a 30-day trial.

This was both the lowest bid and the highest trade-in offered, so the city has contracted to use the Gallion machine on a 30-day trial to test its performance.

PRIZE CATTLE HEAD FOR SHOW—This group of prize cattle, part of a 70-car trainload from Iowa, is unloaded at Chicago prior to the opening of the 8-day International Live Stock Exposition. The animals will form the vanguard of more than 5 million dollars worth of prize livestock and grains to be placed on exhibit.

Maritime Strike Settlement Near

SAN FRANCISCO—(AP)—Terms for settling waterfront strikes on East and West coasts today cleared the decks for early resumption of normal American shipping. Negotiators in the 86-day CIO longshore strike on the Pacific Coast announced settlement terms last night. Earlier in the day negotiators agreed on peace in the 17-day strike of AFL longshoremen on the Atlantic Coast.

Both tentative agreements must be ratified by the union memberships before some 515 strike-bound ships put to sea.

On the Pacific Coast four other unions are involved in the strike, but the longshore terms are considered the key to peace. The four other unions scheduled meetings with management today.

Final settlement would return 92,000 to maritime jobs and many thousands more to work in other industries halted or curtailed by the strike.

It would release some \$30 million of Marshall Plan cargoes in Eastern docks and restore business running into the millions of dollars.

The negotiators' agreement boasts the Western longshore basic wage by 15 cents to \$1.82 an hour, which was the amount the union was asking when it struck Sept. 2.

The AFL union officers tentatively agreed on a 13-cent hike retroactive to Aug. 21 to bring the Eastern daytime base scale to \$1.88 an hour.

The 65,000 AFL union members vote Saturday on the terms. Waterside observers predicted a union ratification of the Pacific agreement but believed that if no hitch developed it would be about a week before dock work resumed.

On the East Coast, besides the pay boost, peace terms include broader machinery, increased vacation benefits and a designated day off each week. There would be maximum shifts of nine hours, and an 8 a. m. starting time.

On the West Coast, besides the pay boost, peace terms include broader machinery, increased vacation benefits and a designated day off each week. There would be maximum shifts of nine hours, and an 8 a. m. starting time.

JOHNNY GETS HOLIDAY TURKEY—From an "iron lung" in a Los Angeles hospital, Johnny Turner, nine-year-old polio victim, looks at the traditional Thanksgiving turkey held for his inspection by his favorite nurse, Mrs. George C. Turner, who is his mother. Mrs. Turner, a registered nurse, donates her time to Johnny's polio ward as Los Angeles experiences the second worst polio epidemic in national history.

Lawmakers Would Set Ceiling Of \$15 Billion on Defense

WASHINGTON—(AP)—Senator Tydings (D-Md) served notice on the armed services today that the new Congress will aim at a \$15 billion ceiling on defense costs next year.

"We must keep America strong and the world at peace," he said, "but do that with the idea that the taxpayer also must survive."

"We will cut out every bit of military expense that is not fully justified," he told a reporter.

Tydings is due to become chairman of the Senate Armed Services Committee when the Democrats take over Congress Jan. 3. He also will be a ranking member of the Appropriations Committee, which has a hold on government purse strings.

"It is my hope," he said, "that for purely armed services at home and abroad we will make expenditures less and certainly no greater than the present year."

The current defense budget ranges around \$15 billion. But next year, Tydings said, "we may be able to cut it to 14 1/2, 14 or 12. We'll have to be a little tough and make them prove their cases."

He said the armed services group also will take a fresh look at the draft law to see how it is meeting military manpower needs.

Tydings said he plans to reintroduce legislation to put the Air Force on a full 70-group combat basis. The House approved such a plan last session but the Senate later modified it.

At the same time, he expressed opposition to any special Congressional inquiry into bickering between the Air Force and Navy. No one expected the unification act to "work smoothly" right away, Tydings said.

War Dead to Be Returned

The Army has announced that the body of Pfc. Jack Haulman Dean Hoff of Plemons is among the 7,372 American dead of World War II being returned to the United States for permanent burial from temporary military graves in France and Belgium.

Hoff is the son of Mr. and Mrs. John H. Hoff, Plemons, and brother of V. L. Hoff of Skellytown. He is also survived by several other relatives in Gray and surrounding counties.

Hoff graduated from Plemons High School in 1940 and entered service in 1943. He was one of four brothers who saw service.

LIVING STANDARD SHOWN

GENEVA, Switzerland (AP)—The American factory worker produces more than twice as much for his labor as the factory worker in the United Kingdom, a study made public by the International Labor Office showed.

Indications Are Better Than Average

By KEN BENNETT News Oil Writer

From all indications the Panhandle is about to produce another oil field. The Sinclair-Prairie Oil and Gas Company well, the Sinclair Lipps, Roberts County, Section C, G & M Survey, is a producer.

The company has as yet given out no information regarding the well, but enough information has been obtained from other sources to state that the field is there.

It has been reported since The News' rumor story Wednesday that pay is at a depth of 3512 feet in the Pennsylvania formation. The test resulted in the production of 36 barrels of distillate in 12 hours. The gravity is from 59 to 65, according to reports, which indicates a producing area of extreme value.

Distillate which is usually pale yellow in color, is high in propane and butane value; and if this well is an indication of what is to be found in further operations, it means more in development than ordinary oil wells.

Geologists have maintained that somewhere in the North Panhandle discoveries would be found to prove the existence of the Anadarko Basin. This well is proof of that theory.

That basin has meant the development and expansion of several new oil fields; and since the Sinclair well is proving its existence here, an immediate effect can be assured in new oil activity in the Panhandle.

Conflicting reports were to be heard in and around Pampa this morning concerning the well. One was to the effect that the company was circulating mud for further tests. Another was that the company was drilling again, which would indicate that they were serious.

(See INDICATIONS, Page 3)

Commission Will Study Road Plan

Gray and Roberts county and Chambers of Commerce officials got the "take it under advisement" answer this week from the State Highway Department on their request for the construction of Unit 2 and extension of Unit 1 along the proposed Pampa-Perryton road, Highway 70.

The request, put before the commission, was for the construction of a black top (Unit 2) on 4.4 miles of roadway beginning at the Gray County line and running north through Roberts County toward the Canadian River. The road is commonly known as the old Miami Highway.

The road at present is concrete from the city limits north to the county line. The stretch along Hobart, now also known as Highway 70, will eventually tie into the old Miami Highway for the straight run north to Perryton.

Football 'Fever' High at Lefors

LEFORS (Special)—With football "fever" running high here, all business houses here will close tomorrow from 2 to 5 p. m. for the game between Lefors and Phillips, at Harvester Park, Pampa.

It was reported tickets are on sale at Pampa, Clarendon, Wellington, McLean, and Shamrock, as well as at Phillips and here.

Today

On this day in 1628, John Harvard, English schoolmaster and chief founder of Harvard University, was born.

On this day in 1914 the British fleet sailed from Jamaica intending to attempt capture of New Orleans. In the War Between the States, the Army of the Potomac crossed the Rappahannock River to winter quarters. Those born this date (from those who include): Charles W. Goddard, playwright, born in Portland, Me.; Tom Wallace, editor, born in Hurricane, Ky.; The headlines this day in 1942: Willie Smith, "The Sunk Off Buns"; in 1944, "Thanksgiving Observes"; in 1947, "1947: Robots Fail to Halt Sweeping Yanks"; in 1949, "U. The 'Red Dean' Reproves Us For Aversion to Communism

By The Associated Press
 AP Foreign Affairs Analyst
 We have in our midst the Very Rev. Hewlett Johnson, dean of England's ancient Canterbury Cathedral, who is known as the "Red dean" because of his extreme left views and his great friendship for Soviet Russia. The good dean is speech-making and is devoting much of his energy to reproving us for our aversion to communism. He says "peoples all over the earth view with misgivings the encirclement of the Soviet Union by 434 American air bases," and the "expenditure by the United States of vast sums for war purposes."

The "Red Dean" was denied a visa by the U. S. State Department last August when he sought to come here under sponsorship of the National Council of American-Soviet Friendship. That organization is on Attorney General Tom C. Clark's "subversive" list. However the State Department withdrew its objections after a group of educational leaders offered to sponsor the dean.

So we have Dean Johnson with us, extolling the virtues of the Bolsheviks. As a matter of fact the National Council of American-Soviet Friendship is sponsoring a rally in New York's Madison Square Garden Dec. 13 and among the speakers will be the "Red dean" and Soviet Ambassador Alexander S. Panyushkin. One would think the "Red dean" would have enough business of his own to mind back home, the vast majority of Britons being hostile to communism. However, his propaganda there doesn't seem to have achieved the success which he craves. Twice the "Red dean" has been publicly rebuked by the primate of all England. But to give the dean credit for steadfastness of purpose, he hasn't seemed to give a tinker's dam. Perhaps more than incidentally, the dean isn't answerable to the head of the Church of England but only to the government.

Court Rules On Texas Gas Pipeline

WASHINGTON — (AP)—A federal court held Monday that the Border Pipe Line Company of Texas, selling natural gas for export to Mexico, does not come under authority of the Power Commission as do companies transporting the fuel across state lines. Owned and operated wholly within Texas, the Border Pipe Line Co. delivers gas at a terminus near the Rio Grande to an industrial consumer which then transports the fuel into Mexico. The case was before the United States Court of Appeals for the District of Columbia.

The Texas pipeline company petitioned the tribunal to set aside an order of the Power Commission of Feb. 14, 1947, holding it to be a "natural gas company" within the meaning of the Natural Gas Act and subject to all regulatory provisions applicable to such concerns. "The operation before us is because of petitioner's sales for foreign commerce that the commission seeks to control all its activities," said the court opinion. Noting that the Power Commission in 1942 had issued an export permit to the Border Pipe Line Company, the court declared that not until 1947 had the commission "asserted its regulatory authority in other respects over the same business."

Congress in passing the Natural Gas Act of 1938 provided general regulatory provisions for the movement of gas "but only insofar as such commerce takes place within the United States," said the court, and added: "Questions such as the ones presented in this case are properly for the Congress... our views upon the meaning of the statute make unnecessary the consideration of other points presented. The petition to set aside the order of the commission must be and is granted. Order of the commission set aside."

Reds Due to Strike Back in Chinese War, Analyst Says

By DEWITT MACKENZIE
 AP Foreign Affairs Analyst
 The Chinese government's announcement of a sweeping victory over the Communist rebels in the capital of Nanking—has been seized upon in Central China as giving hope that the terrific Red offensive has been smashed. But we shall do well to await developments before jumping to conclusions. We must bear in mind that this great battle has been fought by unabated fury for some ten days. The time has arrived when, even under far more favorable circumstances, the attacking Chinese Communists might be expected to pause to

Discount Offered to Price Law Violators

MEXICO CITY — (AP)—Price-celling violators fined for their offenses between 1943 and 1947 were offered a 25 percent discount if they paid by New Year's. Hundreds of small merchants, especially butchers and bakers, were fined in an ineffective effort to hold down the cost of living. Some paid but many didn't, preferring the delaying action of court procedure. How much they owe has not been calculated. but because the capital of all China is involved. The prestige of both the government and the rebels is involved in the possession of Nanking, for the capital of any country is the symbol of national security in the minds of the citizens.

Frat Men Charged With Indecency

FRANKLIN, Ind. — (AP)—A minister from neighboring Brown County claimed a Franklin College fraternity marched its 20 pledges naked around the girls' dormitory several nights ago, and he said he will demand prosecution. The Rev. John Beyer, pastor of the Baptist church at Helmsburg, said he would ask the Johnson County prosecutor to charge the fraternity members with public indecency. The minister said the upperclassmen marched two-deep around the nude pledges in the frosty night air as spectators crowded the dormitory windows. He declared the group disappeared before police arrived.

...Better Than a Pound of Cure
Too many people discover—too late—that the old adage is quite true: an ounce of prevention is better than a pound of cure! They ignore persistent warning signals only to discover that the "minor" ailment has developed into a serious illness. So why gamble with your good health? See your doctor at the very first indication that all is not well within you. He can diagnose and treat your condition for better for having caught it in the early stages and set you back on the road to a complete recovery with far less expense to you in both time and money.

Fair Enough - by Westbrook Pegler

Now that it is all over, I wish Mr. Truman would tell me where he saw those 75-cent lamb chops that he talked so much about.

For a long time, fair to good lamb chops have been steady to brisk at \$2 a unit in the humble inn where room-service mothers my modest wants and we seldom speak of steak because even a thread-bare little sheet of senile bull-muscle of a size and texture suitable for black-eye therapy is \$3.50.

Your honest artisan really gets six days' pay for four days' work and even at that his production is retarded so much that you would be generous in stating that he delivers three days' work for six days' pay.

A few years ago when alarms were rung that unions were growing too strong, the taunt always was, "Too strong for what?"

When Mr. Truman says 75 cents is too much for a lamb chop, what does he mean too much? Too much for a man drops in \$125 for four days' work? Or too much for a city girl with a dependent child or mother on \$40 a week?

Success Secrets by Elmer Wheeler. What do you consider the ONE most important Secret of all? A business school student asked me recently.

Well, that's a pretty big order, isn't it? But I had an answer ready: I'll string along with John D. Rockefeller, Sr., who said, "I'll pay more for the ability to handle people than for any other ability."

And with Douglas E. Larson, Editor of Your Magazine, who has just made a study of the reasons workers get fired - with the conclusion that 80% of the people who lose their jobs, lose them not for lack of ability to do the job, but from lack of ability to get along with co-workers, bosses and customers.

Remember that people are not flesh and blood machines but human beings with feelings, desires, passions, pride and self respect.

cleaned up. Then another session was called until the regular sessions in New York next fall. Two sessions were held in 1946 - the first in London, the second in New York. UN leaders would like to avoid a second session, which could be called next spring.

Principal jam in the UN gears at Paris has been in the important Committee One. Headed by Paul Henri Spaak of Belgium, it deals with international political and security questions.

At the opening of the Paris session this Committee One had 90 items on its agenda. That is far too heavy a load. It has suggested the need for splitting this committee in two. One would deal with political questions, the other with security. This would give the UN seven principal working committees.

The crucial debate on this question has of course set back the entire UN working schedule. The Paris meeting was originally set to adjourn in mid-November. It probably won't be ready to adjourn before mid-December.

George sticks up that sign to get out of homework!

George sticks up that sign to get out of homework!

Gracie Reports

By GRACIE ALLEN. A lot of men are sore at the Department of Labor because it says husbands spend more money for clothes than wives.

My husband says the Dept. of Labor must be very inefficient because, if they checked up on department-store clothing accounts, they overlooked mine, which he says would have caused a landslide on statistics on the women's side all by itself.

Personally, I think men unjustly accuse their wives of extravagance because of a psychological difference in the sexes. A woman is insulted if someone thinks she is wearing an old outfit, but if someone comments on a man's new suit, he hurriedly claims it is an old one.

Anyway, I think we women should rush right out and buy enough clothes to make those Labor Dept. figures balance a little neater.

INFLUENCE
The good man imparts know-
ingly and unknowingly goodness;
but the evil man also exhales
consciously and unconsciously his
evil nature—hence, be careful of
your company.

**Varietas Has
Capitalist Study**
"Bless the Chimney Tall" was
the theme of the program at the
Varietas Study Club meeting Tues-
day afternoon in the home of
Mrs. Dow King, 1316 Christine.
In keeping with the program,
roll call was answered with
"Smoke in Our Eyes," or bad
labor laws.

**AN UTTERLY NEW
KIND OF
COMPLEXION CARE**

for face, hands, neck and arms. Try it
for just five days and see what it
does for your dry skin and com-
plexion.

For a night or morning cleansing,
apply *Pearls in Wine* (transforming)
Combination Cream liberally. Massage for
a minute or two. Wash off with plain
cold water. Dry. Use no soap while
making this test.

For lubricating the skin at night,
after cleansing apply a small amount
of cream and allow it to remain. In
the morning apply a small amount of
cream and remove for a powder base.

One remarkable ingredient in *Pearls
in Wine* *Combination Cream* gives it its
unusual cleansing properties, far be-
yond that of soap and water. Another
ingredient helps to velvetize the skin
surface.

Sold only in **\$1.00**
drug stores plus tax for a generous jar

**Pearls
in Wine**
Combination Cream

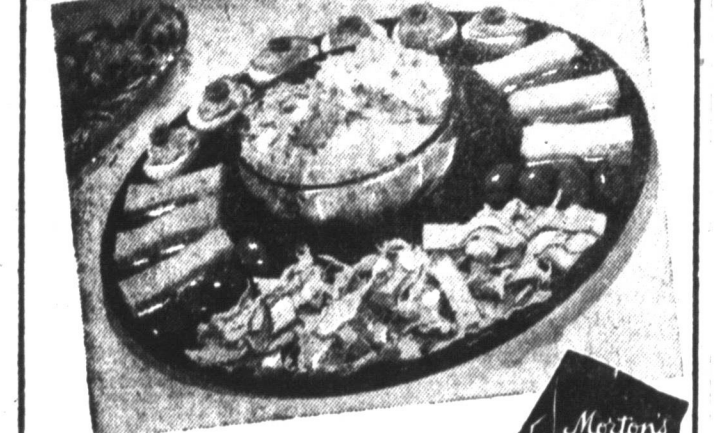

The program entitled "Let the
Smoke Curl High" was on the
modification of the capitalist
system. Mrs. Horace McBece led
the discussion. She said the only
way to save a free government
was to restore the capacity of
employment in private business.
"Flight of Santa Claus" parade,
strike as a tool, was Mrs. S. C.
Evan's subject. She told the back-
ground of several strikes and
related their dangers.
"Home" by Edgar A. Guest
was given by Mrs. Felix Stalls,
who stressed the point that it
"takes a heap of living in a
house to make it a home."
President Mrs. J. G. Doggett
had charge of the meeting. Plans
were completed for the float to
be entered by the club in the
"Flight of Santa Claus" parade.
Besides those mentioned, re-
freshments were served to Mrs.
Henry H. Butler, J. G. Cargile,
H. P. Dosier, H. T. Hampton,
E. J. Haslam, J. E. Kirchman,
R. W. Lane, C. L. McKinney,
J. C. McWilliams, Luther Pier-
son, Frank Wilson, J. C. Voll-
mert and Ralph Thomas.
The average adult has 20 square
feet of skin.

**NSA Has Annual
Bosses' Night**

The Top o' Texas Chapter of
the National Secretaries Associa-
tion held its second annual
Bosses' Banquet in the Palm
Room of the City Hall Monday
evening.
The tables were decorated in
the Thanksgiving motif of fall
flowers, fruits and leaves. Mrs.
Finis Jordan, president, gave the
welcome address and a short talk
on the inception of the NSA,
which is a professional organiza-
tion for secretaries. After the in-
roduction of members and guests,
Miss Joan Lunford entertained
with several accordion and piano
selections. After the dinner hour,
dancing and games were enjoyed
by the group.
Members and guests registered
were: Messrs. and Mrs. Sid Land-
ers, P. S. Cochran, C. L. Woolley,
Tom Rose, Bryant Caraway, Finis
Jordan, Joe Fischer, Mesdames
Norman Pulp, Madeline John-
ston, Laura Belle Cornelius,
Minnie Barnes, Mildred Lafferty,
Noel Thompson, Tommie Stone,
Letha Northup, Cecil Lunford,
Misses Vivian Lafferty, Joan
Lunford, Charlie Neel Young,
Orleene Matheson, Lynn Cornelius,
Avis Kelley, Mesrs. Barnes Kin-
ner, Carrie Nation, O. G. Grant.

**Hopkins HD Club
Has Round-Table**

Hopkins Home Demonstration
Club held a round-table discus-
sion on "Am I a Good Parent?"
at its meeting Tuesday afternoon.
Mrs. Milo Bird had charge of
the discussion.

Mrs. W. E. Melton presided
at the short business meeting in
the absence of the president, Mrs.
Vern Savage led the group in
repeating the club collect. Each
member answered roll call with a
Thanksgiving recipe.
Mrs. Joe Stone, 4-H Club
sponsor, announced that the Hop-
kins 4-H Club would have a
dinner Dec. 3, at the Community
Hall.
Members present, other than
those mentioned, were: Mmes.
C. H. Brickey, Emil Urbanczyk,
B. V. Brummett, George Reeve
and C. Johnston.
The next meeting will be held
Dec. 14 in the home of Mrs.
Savage.

CONSISTENCY
It is a little stream which
flows softly but it refreshes ev-
erything along its course.
—Mad. Swetchine

SUGAR**

The Atlantic coastal region has
the lowest divorce rate in the
country; the mountain division has
the highest.

**The
Woman's Page**

**B&PWs Have
Holiday Dinner**

Business and Professional Wom-
en's Club held its Thanksgiving
dinner for members and their
guests Tuesday evening at the
Terrace Grill.
Eight tables decorated with
bouquets of maroon and gold
chrysanthemums seated 93 mem-
bers and guests. Brightly color-
ed fall leaves and apple candie-
holders completed the decorations.
Club president, Miss Florence
Merriman, presided. The program
consisted of the invocation by
Willard Chapman, a vocal solo
"Thanks Be to God," by Miss
Inez French accompanied by Mrs.
Eloise Lane and a short talk by
Carroll Chisum, son of Mr. and
Mrs. Roy Chisum, recently out
of the U. S. Navy who talked
about his experiences on his trip

**YWA Central Baptist
Group Has Banquet**

Sam Choy of Wayland College
was the principal speaker at the
YWA Central Baptist Church
group's annual Thanksgiving ban-
quet Friday night in the Palm
Room of the City Hall.
The Rev. Hal Upchurch served
as master of ceremonies and Pete
White presented the invocation.
Clyde Green, instructor at Way-
land College, presented several se-
ctions including a Brahms Rhap-
sody-Rose Wang of Wayland Col-
lege contrasted Chinese women
to "Little America."
On the program committee were
Miss Maurine Jones and Mrs.
Ross Cornelius. Mrs. A. B. Whit-
ten, Mrs. Sigourney Waters and
Mrs. Elsie Gae had charge of the
other arrangements.

with American women, after which
Muriel Okimoto, also of Wayland
College, sang the "Indian Love
Call."
The tables were arranged in
a square with a shock of feed
and pumpkins serving as the
centerpieces. Programs were in
the form of bundles of feed.
Attending were Rev. and Mrs.
Upchurch, Mr. and Mrs. Pete
White, Mr. and Mrs. Sam Bates,
Mr. and Mrs. E. P. Sheriff, Mr.
and Mrs. Eddie Cox and Misses
Frances Silcott, Jewell Beckham,
Eddie Morrison, Fara Mae Roen-
feldt, Reba, Norma and Tessie
Killian, Ola Mae Smith, Mary

**WOMEN
who feel
NERVOUS**
caused by functional "middle-age"
Do you suffer from hot flashes, weak
nervous, irritable, clammy feelings—
due to the functional "middle-age"
period peculiar to women (30-50
yrs.)? Then go to Lydia E. Pinkham's
Vegetable Compound to relieve such
symptoms! It also has what Doctors
call a stomachic tonic effect!

LYDIA E. PINKHAM'S COMPOUND

**TROOP 7 GS
ARE AWARDED
SPECIAL PINS**

Seven Pampa Girl Scouts and
two Scout leaders were awarded
five-year pins at a party of Troop
7 at the Scout House Tuesday
night. Mrs. Betty Boswell, troop
leader, said.
The girls have been in Troop
7 since it was organized in Oc-
tober, 1943 by Mrs. Carlton Nance.
Since that time, they have pro-
gressed from second-grade Brown-
ies to seventh-grade Intermediate
Scouts.

Mrs. Nance and Mrs. A. E.
Marlow also were awarded five-
year pins for their services to
Troop 7. Mrs. Marlow was a
troop committee member when it
was organized.

Mrs. Nance's daughter, Judith
Ann, pinned the five-year badge
on her and Virginia Gay Marlow,
daughter of Mrs. Marlow, pinned
on her badge.

Girls receiving the awards were
Paula Browning, Charlotte Ann
Call, Judith Gall Followell, Vir-
gina Gay Marlow, Judith Ann
Nance, Ada Christine Pierce and
Sunny Rae Pierce.

Marilyn Weiss and Del Janice
Graves will receive their five-
year awards in February and
March respectively.

Following the awarding of the
pins, refreshments of white-cake
decorated with green leaves and
inscribed "Troop 7" was served
to the above mentioned and Carl
Stone, Mrs. Ed Weiss, Mrs. L. G.
Pierce, Carlton Nance and A. E.
Marlow.

**Firemen's Auxiliary
Gives Thanksgiving
Dinner at Station**

Firemen's Auxiliary met Tues-
day evening in the fire station
recreation room with Mrs. A. W.
Ferguson, hostess.
The president, Mrs. C. L. Mas-
on, was in charge of the business
session. Plans were completed for
last night's Thanksgiving dinner
which was served at the fire
station.

Members are dressing dolls that
the firemen prepared for Christ-
mas and are asked to return them
to the fire station as soon as
possible.

Plans for a Christmas tree and
party at the fire station were
discussed but were carried till
the next meeting.

Mrs. Ernest Winborne intro-
duced two new members to the
auxiliary, Mrs. J. L. Bowers and
Mrs. Otto Doggett.

Refreshments of sandwiches,
pumpkin pie and coffee were
served to: Mmes. Bowers, Elmer
Darnell, Doggett, Ferguson, Al-
bert Fuller, E. L. Gardner, L.
Gallimore, Tom Haggard, L. D.
Hilburn, Emmitt Hunt, Mason,
E. N. Pierce, J. V. Pirkle, C. A.
Winborne and Ernest Winborne.
Secret pals then exchanged gifts.
The next meeting will be Dec.
10 at the fire station recreation
hall with Mrs. Albert Fuller host-
ess.

Bible Sales At New High

The Bible—consistently a best seller—reached new heights in 1947, according to research experts gathering information for the new World Book Encyclopedia.

According to the researchers, Bible sales last year totaled about 30 million, which means that 57 were sold every minute, night and day.

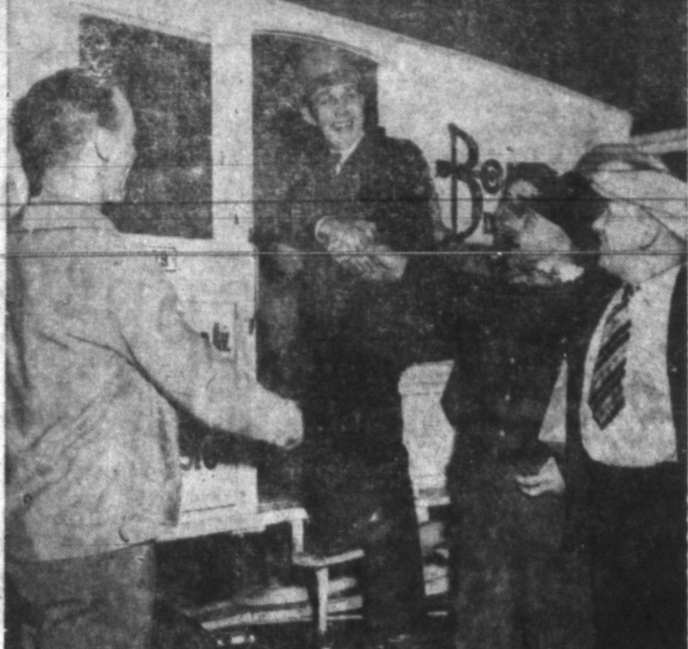

This sales total is due, in part, to the fact that the Bible has been translated into many languages and is found in all parts of the world. In all, there are 184 translations of the complete work, and 1,100 translations of various sections of the Bible.

The World Book researchers point out that the Bible is often referred to as "The Book," but it really should be called "The Library," as there are 66 books for Protestants, 73 for Roman Catholics, and 24 for Jews. Even the name "Bible" is plural in its original meaning, as the Greek word "biblia" means "books"—not book.

ACTRESS HAS BABY

SANTA MONICA, Calif.—(P)—It's a girl for Phyllis Avery, former stage actress, and her husband, actor Don Taylor. The five-pound, 12-ounce baby was born Tuesday by Caesarean section.

Milkman Gets the Cream

Off on what will probably be his last trip in a milk-wagon, Gunnard Seaberg shakes hands with his fellow employees of a Chicago daily. Seaberg has been told he's an heir to a \$600,000 estate in Denmark.

Santa is all wrapped up in these Newcomers

we want you to know, as a newcomer, just what the spirit of the "flight of Santa Claus" really is... It is best expressed in the words of Mr. Frank Fata... so newcomers... this is how your fellow citizens feel towards the "FLIGHT OF SANTA CLAUS:" "Stories may be born, and stories may sink into oblivion, but the story of Christ's birth in the manger will live on forever. All during the year, we allow other things to fill our thoughts, but on Christmas there is one thought uppermost in our minds—the birth of Jesus and what his presence on earth has meant to us.

The Christmas season is near at hand... kiddies are looking forward to the visit of old Saint Nick... the spirit of giving prevails... brotherly love fills the air. This year, more than ever before, we want our city to truly exemplify the spirit of Christmas—not by displaying expensive decorations, but instead by creating a warmth from one side of the city to the other, a warmth that will reach up to Heaven and express our heartfelt thanks to our Maker for all that we possess."

(Editor's Note—This is the Spirit of a Christmas City that you have moved to... WE SAY WELCOME). Here are the newcomers to Pampa: Mr. Steve Marco, Mr. Bob Levitt, Mr. and Mrs. Earl Thompson, Mr. Warren Hase, 515 North Frost; Ray F. Caskey, 405 Doucette, from Abilene, Texas; Mr. Fred Levitt, 504 North Sumner, from Austin, Texas; Mrs. H. P. Farvin, 505 N. Frost; G. A. Rich, 622 East Craven; Mrs. W. E. Marvin, 605 E. Foster; Mr. and Mrs. J. P. Billingslee, Jr., 619 N. West; Mrs. Molenda Miller, 421 E. Browning; Mrs. Allena Elder, 908 E. Fisher; C. D. Lee, from Wichita Falls, Texas; Mrs. Julian Cole, Delores Cole from Berger; Mr. and Mrs. W. W. Haralson from Levelland; Mr. and Mrs. O. H. Robinson from Clarendon; S. M. Cooper from Lefors; Louise St. John from Mobeetle.

Harvesters Lose to Bulldogs by One First Down

Ladies Night Tonight at Sportatorium

Tonight will be "ladies night" at the Sportatorium wrestling arena. One lady will be admitted free with the purchase of one full priced admission by the person accompanying her. Promoter Vic Burnett announced this morning.

Tonight's card will present two main events. One bout will bring together Bearded Benny Trudell, former Canadian junior heavyweight champion, and young Eddie Gideon, the Wrestling Scot. Eddie, true to his 100 percent Scotch descent, likes to get things over with in a hurry. He doesn't like to waste time. He is noted in wrestling circles for his clean tactics, good sportsmanship and speed.

The Scot undoubtedly got much of his ability from when he was a young boy. His parents were strict, and they made him wear the traditional kilts instead of the conventional dress of this country. This caused much kidding from his schoolmates, and Eddie early learned to take care of himself.

The other event will feature Dory Funk, ex-Howard and Western Conference 175 pound champion and Olan Boynton. Boynton is one of the meanest, roughest and dirtiest ring villains to climb through the ropes in this part of the country. He knows all of the holds not in the books, but one he better watch out for is Dory's knee lock and toe twist, very legal and very antagonizing.

our men know which end is up

When it comes to keeping your Buick up to steering scratch—a safer touch can handle it—our men know the answers.

They know the front-end construction of a Buick better than anyone else, so naturally they know what to do and what NOT to do to keep it at its best.

When wear and time have taken their toll of parts like control arm assemblies, steering arms and tie rods, they have our large stock of fresh-from-the-factory Buick parts for replacement.

Buick "savvy" plus factory-engineered parts makes a combination that can't be beat for keeping Buicks at their best.

WARREN'S WARMUP

By Warren Hage—News Sports Editor

QUESTION FOR TODAY: With what team did Babe Ruth last play as an active player?

TWENTY-FOUR HOURS AGO: The Pampa Harvesters and the Borger Bulldogs squared off in a grid battle that was rated as a tossup, and it finished as just that. This was Warmup's first experience with settling a tie ball game through the statistics, and what an experience.

This was undoubtedly the closest contest played here in a long, long time, having to go all the way to the first downs to decide who actually did win the game. But from all the figures, diagrams and notes that we have on the game the Bulldogs were winners by the very slim margin of one first down. We have a play-by-play diagram of the game, and anyone who is in doubt as to the count may look at it anytime.

It was indeed a tough game for either team to lose. Pampa had a couple of opportunities to win, but misplays cost them away. A clipping penalty that nullified a 49-yard scamper by Jackie Williams hurt. A missed tackle that would have dropped Hampton behind the goal line for a game-winning, two-point safety missed out. Tempers were lost between the boys once or twice. The coaches had occasion to become irritated several times.

This brings to a close a fairly profitable season for the Pampa High School Harvesters. They were crowned Harvesters Football Queen of 1948 by Jackie Williams. Attending the crowning were Dorothy Dixon and Derral Davis and Mary Ellen Hawkins and Ralph Hutsell. The kiss given the Queen by Jackie was powerful enough to unseat her crown.

SIDE LIGHTS: It was a crowning event yesterday. Martha Parks was crowned Harvesters Football Queen of 1948 by Jackie Williams. Attending the crowning were Dorothy Dixon and Derral Davis and Mary Ellen Hawkins and Ralph Hutsell. The kiss given the Queen by Jackie was powerful enough to unseat her crown.

An extra man in the backfield at one stage of the game was a rabbit, who, apparently having seen enough, was hurriedly scampering home.

When the game was over, the hands were very well exchanged. With only 20 minutes of combined practice the 150 musicians formed two bells to the accompaniment of "The Bells of St. Mary's," formed a blue cross outlined in gold in honor of "Thanksgiving," and formed a UN for the United Nations, displaying the flags of the member countries.

Missing at the game was the American Flag atop the flagpole at the north end of the field. The ball-stealing tactics of Borger's Chuck Chambliss finally paid off. All game long he was after that ball like a cat after a mouse. His work on the final play of the game meant victory for his team.

TODAY'S ANSWER: Babe Ruth finished out his active playing career in 1935 with the Boston National League club.

"Dodgers' Alley" is the new name of a street in Ciudad Trujillo, Dominican Republic, where the Brooklyn Dodgers trained last spring.

Score Tied at 14-14; Four Penetrations for Each Team

By GENE GARRISON
News Sports Writer

Joe Bittspik must have taken a holiday from Al Capp's Lil' Abner comic board yesterday afternoon and spent his vacation on the Pampa side of Harvester Park. It seemed as if the comic "bogey-man" haunted the Pampa Harvesters as the Borger Bulldogs captured runner-up honors in the District 1-AA grid race by nudging the Harvesters by the narrowest possible margin of one first down.

The two teams battled the allowed 48-minutes to a 14-14 standstill in a querulous contest that was marred with disputes and inopportune penalties.

Coach Tom Tipps' charges though they had yesterday's three official announced that they were leading by four penetrations to two with less than a minute to play. But a double check after the fracas had ended, and a double check with the rule book, gave the game to the check had revealed that a 4-4 tie had occurred in penetrations.

The annual classic was the first in the history between the two schools to end as yesterday's game. Although it is doubtful whether any ill-feeling between pupils of the two cities was created, a definite question has arisen on the accuracy of the officials.

The locals had 95 yards in penalties assessed against them, including one that nullified a touchdown. But the story doesn't end there. The Bulldogs also had their share of the referee trouble. They got four penalties for 35 yards, and one of them might have cost them a tally.

Jack Williams, a hard-running Harvester co-captain and left halfback, opened the scoring after nine minutes of playing time had elapsed. The local schoolboys took the kick-off and on a steady drive, carried to the 12 where Williams slipped across. Derral Davis, other Harvester co-captain, added the extra point and the Pampans were in front, 7-0.

The Bulldogs received the kick-off, and with Jerry Glass and R. C. Dalton carrying the bulk of the attack, the visitors tallied when Dalton hit End Kenneth Hall with an 18-yard aerial for the score. Glass converted and it was a 7-7 ball game.

Early in the second quarter, the Harvesters held and took over on their own 33. Wesley Kieth and Williams alternated in carrying to the Bulldog 47. From there, Williams slipped off left tackle, reversed his field and spun 47 yards to score standing up. But, Referee Howard Kitchens "eagle-eyed" a Harvester in the act of clipping, called the play back to the point of contact and penalized the green and gold 15 yards back to the Borger 33.

The Pampans then failed to score and the two teams once again resorted to their see-saw antics. Still in the second period, Williams chalked up the final Harvester tally with a 17-yard dash.

The scoring jaunt culminated a series of Harvester gains that ended on the Borger one-foot line and, then took up again after Glass punted to Kieth on the Borger 40. Kieth returned to the 17 and Williams carried over the first play. Davis added the extra point, his second consecutive of the afternoon.

The first half ended with the ball resting on the Borger one-yard line in possession of the Harvesters, fourth down and goal to go. Quarterback Lamar Lively called time out three consecutive times deep in Bulldog territory, but time ran out before they could push across a counter.

The visitors came back strong in the third and fourth quarters, tying the count in the third when Dalton hit paydirt from eight yards on a naked reverse around right end. Glass added the conversion and all scoring was completed.

In the final period, the Bulldogs piled up four first downs as compared with one for the locals. But the Harvesters received one 15-yard penalty that gave the Carbon City athletes one penetration and then the Harvesters fumbled another time and the Bulldogs recovered on the Pampa seven for their other penetration.

The locals ended the season without the services of Phillip

Army-Navy Battle Again Tomorrow

NEW YORK (AP)—College football holds its most colorful spectacle—the Army-Navy game—at Philadelphia tomorrow, but the bowl sponsors will be looking the other way.

They'll be focusing attention on the South which is expected to fill most of the remaining open spots in the post-season fixtures.

The present list of leading bowl eligibles includes five Dixie teams—Clemson, North Carolina, Georgia, Tulane and Mississippi—plus Oklahoma, the Big Seven champion, and Oregon, the national champion, best out for the Rose Bowl bid.

Of these, all but Oregon, which has closed its schedule, will be in action on the last full Saturday of the 1948 campaign.

The Cotton Bowl at Dallas is still looking for an opponent for Southern Methodist. The Sugar Bowl at New Orleans and the Orange at Miami must complete their entire lineup.

But even with the keen bowl interest there is no stealing the spotlight from the annual open spots for eleven at Philadelphia's Municipal Stadium.

A crowd of 101,000, including President Truman, is expected to watch Army bid for a perfect season against a Navy outfit that has lost eight of its previous 10.

Odds-makers have established the Cadets three touchdown favorites.

At South Bend, Notre Dame will be seeking to extend its unbeaten string to 27 games against the annual set by Notre Dame University record by Knute Rockne's great 1923-1930-31 teams.

Clemson, one of the five unblemished powers, will try to raise its bowl stock by beating Auburn at Mobile, Ala. Once tied North Carolina will take on Virginia at Charlottesville.

Traditional conflicts face the three Southeastern Conference hopefuls—Tulane, Mississippi and Georgia. Each beaten once, they are striving for both the conference championship and a bowl date.

Georgia is host to Georgia Tech at Athens. Mississippi meets Mississippi State at Oxford. Tulane battles Louisiana State at Baton Rouge. Vanderbilt, which has come along fast since losing a pair of season openers, meets Tennessee in another Dixie headliner.

Oklahoma's Big Seven champions close their campaign against Oklahoma A. and M. at Stillwater.

Southern Methodist, winner of the Southwest title, engages Texas Christian at Dallas. Two intersectional frays find Michigan State at Santa Clara and Penn State at Tacoma against Washington State.

Cornell clinched its first Ivy League tie in nine years yesterday by upsetting the favored Pennsylvania team, 23 to 14, in the feature game of a lean turkey day menu.

Texas A. and M. broke a nine-game losing streak to tie Texas, 14-14, and knock the Longhorns out of a chance to share the Southwest crown.

Missouri won second place in the Big Seven standings by humbling Kansas, 21-7. Wake Forest, headed for the Dixie Bowl at Birmingham, triumphed over South Carolina, 20-0.

Utah captured the Big Six crown by humbling Utah State, 41-7. Nevada and its star passer, Stan Heath, set three new collegiate offensive records in topping Wichita, 42-12. Heath passed for two touchdowns, making his season's total an all-high 22. Nevada increased its passing touchdown total to 27 and its aerial yardage to 2,295, both new records.

Wendt Went

EL PASO (AP)—You might just call it Fred Wendt day. The ace Texas Mines backfield did all the celebrating.

Wendt led Mines to a 92-7 victory yesterday over New Mexico A. and M. by personally scoring 42 points and carrying the ball for 326 yards to set a new national ground-gaining record for a season.

Wendt ran his total to 1,383, which exceeded by 102 yards the national record set by Rudolph "Little Boy" Mobley of Hardin-Simmons six years ago.

The Mines team rolled up 727 yards of which 700 was on the ground. Wendt made six touchdowns and kicked six extra points. He has a total of 134 points for the season.

Glass backboards will be installed in the University of Texas Gregory Gym for the coming basketball season. The transparent board will improve the "end zone" seats among the 8,000 seats.

About two-thirds of all divorcees in this country are granted to women.

SPORTS

Page 10 Pampa News, Friday, November 26, 1948

Phillips-Lefors Battle For Title Here Saturday

Tickets are still available for the Lefors-Phillips Regional grid championship game to be played on the local field at 2:30 Saturday afternoon. They may be obtained at the Chamber of Commerce office, all seats on the Pampa home side of the field.

For those who are unable to attend the game, it will be broadcast over KPDM immediately following the Army-Navy game. Ken Palmer and Carl Livingston will do the honors at the microphone.

Reports from Phillips indicate that Coach Chesty Walker has definitely shifted Bill Frazer, regular right halfback, to the key post of quarterback, to fill in for the injured Billy Hughes. The rest of the squad is sound physically, and are prepared to go all out to win this championship affair.

The Blackhawks win over Perryton gave them their ninth district championship since Walker became head coach there in 1939. Seven times they went on to gain the regional crown, and they will be after number eight Saturday.

Dom DiMaggio of the Red Sox keeps his eyes on the ball after fouling off a pitch, hopes it is out of the catcher's reach.

Payne, who received an injured leg in practice last week. Payne's replacement, Leon English, turned in a sparkling performance, but was also injured in the second quarter. He saw limited action throughout the final stanza.

Derral Davis, Jack Williams, and Wesley Kieth, always playing heads up ball, continued their sterling play. Williams was injured in the second quarter and also was used sparingly in the last half.

Bill Bond broke through to throw several of the Bulldog backs for losses and turned in probably his best game of the current season.

Coach Tipps used his second-string backfield throughout most of the last half.

Payte Drafted by Class B Team

Word was received late Wednesday by the front office of the Pampa Oilers that they had lost pitcher George Payte in the Class B draft. Gainsville of the Big State League drafted him for the regular \$1,000 dollar draft tag. Last season with the Oilers, Payte won 16 and lost 11. He pitched 16 complete games, throw-

ing 228 innings, allowing 247 hits and 207 runs. He issued 183 free passes and whiffed 138 men. George let go of 25 wild pitches and finished the season with an earned run average of .600. Payte also pitched two shutouts last season, one over Clovis and one against Lubbock. He was selected as one of the pitchers on the South All-Star team in the league's annual glitter game.

Conn Wins

DALLAS —(P)— Billy Conn's comeback tour is rolling smoothly along. The Pittsburgh, Pa., battler floored Jackie Lyons of Oklahoma City at 1:25 of the ninth round in their ten-round bout here last night. Approximately 2,500 fans turned out. Conn weighed 168, Lyons 184. Read The News Classified Ads.

Hack Wilson Rites Named Most Valuable

BALTIMORE —(P)— Hack Wilson, the man who neared Babe Ruth's home run record but died almost penniless, will be buried at Martinsburg, W. Va., the town where he broke into baseball. Sheriff Strong Lewis of Martinsburg informed Baltimore police by message last night that Mrs. Hazel Wilson, second wife of the former National League home-run king, has been living with her parents in Martinsburg. She will claim the body.

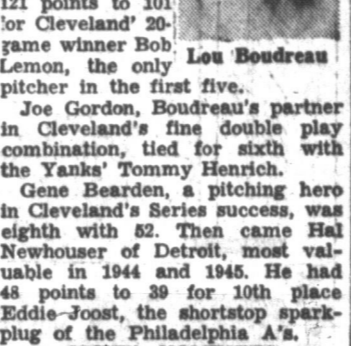

Earlier, while friends of Wilson vainly attempted to locate his widow in Pennsylvania, the National League laid plans to hold funeral services here tomorrow. Wilson, who was paid \$38,000 by the Chicago Cubs the year after he set an all-time major league record for runs batted in, died here Tuesday at the age of 48. Sports fans from all over the country have been telephoning a local funeral director with offers to help pay for final rites.

Lou Boudreau Named Most Valuable

NEW YORK —(P)— Lou Boudreau was the most valuable player in the American League in 1948. Most everybody agreed on that a month ago. Now it's official on the vote of the 24-man committee of the Baseball Writers Association.

The writers rated the athlete from one to 10 but Ed Burns of The Chicago Tribune, the retiring president, reports 22 of them named Boudreau first. The other two first place ballots went to Joe DiMaggio, the pillar of the New York Yankees. On a point basis, with 10 for first, nine for second and on down to one for 10th, Boudreau received 324 to 213 for Joe DiMaggio. Ted Williams, batting king with an unofficial .369, was third with 171 but no first place votes. Next came Vern (Junior) Stephans, one of Williams' Red Sox teammates. He polled 121 points to 101 for Cleveland's 20-game winner Bob Lemon, the only pitcher in the first five. Gene Gordon, Boudreau's partner in Cleveland's fine double play combination, tied for sixth with the Yanks' Tommy Henrich. Gene Bearden, a pitching hero in Cleveland's Series success, was eighth with 82. Then came Hal Newouser of Detroit, most valuable in 1944 and 1945. He had 48 points to 39 for 10th place Eddie Joost, the shortstop sparkplug of the Philadelphia A's.

OTHER NOMINEES
Frank Majeski, Philadelphia, 76; Eddie Fobetta, Boston, and Vic Rascher, Cleveland, 18; Ken Keltner, Cleveland, 15; Gerry Priddy, St. Louis, 16; George Kell, Detroit, 14; Walter (Hoot) Evers, Detroit, 13; Al Zarilla, St. Louis, 11; Bob Dillinger, St. Louis, Bobby Doerr, Boston, and Jim Hegan, Cleveland, each 10. Luke Appling, Chicago, 8; Bob Feller, Cleveland, 6; Lou Brissie and Ferris Fain, Philadelphia and Joe Dobson, Boston, each 5; Bill Goodman, Boston, and Barney McCosky, Philadelphia, each 4; Yogi Berra, New York, Don Dilglio, Boston, and Larry Doby, Cleveland, each 4; Cliff Fanning, St. Louis, 2; Pat Mullin, Detroit, and Phil Rizuto, New York, each 1.

Lou Boudreau, the only pitcher in the first five.

All-Midwest Team Named

CHICAGO —(P)— The 1948 All-Midwestern football team picked by the Associated Press, based on recommendations of coaches, scouts and sports writers:

Pos Player, College Class
E-Hart, Notre Dame Sr.
B-Rifenburg, Michigan Sr.
T-Nomellini, Minnesota Jr.
T-Wistert, Michigan Sr.

Marines Put on Guard At American Embassy

NANKING —(P)— For the first time since Pearl Harbor Marines are guarding the American embassy in China. A detachment of 40 men arrived from the Tsingtao U. S. Navy station to take up guard duties today. A spokesman said their presence was normal to assure the security of the embassy compounds.

LARGEST CORAL REEF
Great Barrier Reef, fronting the coast of northern Australia, is the largest coral reef in the world. It is 1,000 miles long and 30 miles wide.

Texas Aggies Winless Warriors Score Wonder of Day

AUSTIN —(P)— The "Winless Warriors" of Texas A and M are the wonders of the Southwest Conference today. They came from behind yesterday to battle mighty Texas in a 14-14 draw and cheat the Longhorns out of any chance to share in the conference championship.

Trailing 7-14, the Aggies came from the shadows of their tenth straight defeat on a 72-yard scoring pass play—Burl Baly to Charlie Wright. Burl Ed Turley booted the extra point to tie the count at 14-14.

This was the first time the A. & M. cadet corps hasn't stood silently in Texas' Memorial Stadium while a beaten Aggie eleven walked off the field to the strains of "Silver Taps."

Not since the stadium was dedicated in 1924 has a Longhorn team failed to win on Memorial Field, building a jinx that hexed great and near great teams from Aggieland.

Two running plays by big Ray Borneaman, sandwiched around a 14-yard pass from Paul Campbell to Lewis Holder, ate up 60 yards for a Texas touchdown in the first quarter. A fumble by Aggie back Bob Goode set the stage for the drive. Randall Clay made it 7-0 with a perfect placement. A pass interception by half-back Ralph Daniel set up the Aggies' first tally early in the fourth period.

He scooted 33 yards with the ball to the Longhorn 27; passes from James Cashion to Goode and again to Wright worked the ball down to the two-yard line and Goode plunged over. Turley kicked the point to draw the Aggies even with the Longhorns.

Texas surged back. Tom Landry intercepted one of Cashion's passes to initiate a 54-yard march. Campbell tossed a pass to Bubba Shands for the touchdown and Clay kicked the extra point that put Texas ahead 14-7.

With less than four minutes to play, A and M took the kickoff after the Longhorn tally. Burl Baly faded back on the first offensive play and let loose with a high, long toss. Shands tried to knock the ball down but it bounced high in the air.

Wright snagged it and crossed the goal line untouched. Turley calmly split the goal posts.

The dramatic finish to the 55th meeting of the two big state schools gave Texas A and M a season record of nine defeats and one tie. Texas finished with a six-three-one slate.

A modern hunting arrow, propelled by a 65-pound bow, will pass completely through a large animal's body unless stopped by a heavy bone, according to the Encyclopedia Britannica.

The University of Texas opens its new basketball season with an inter-sectional trip on December 2 and 4, meeting LSU at Baton Rouge, La., and Tulane at New Orleans.

Smuggled Gas Blocks Berlin's Hats

Berliners in the western sector, suffering from a fuel shortage resulting from the blockade, have turned to smuggling to get enough gas. The "propagas," a gasoline by-product, is brought from the Russian zone in trucks. This store uses a container of propagas to heat its hat-blocking equipment. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

Waltz into Darkness BY WILLIAM IRISH

THE STORY Time, 1930 Place, New Orleans Louis Durand, 37, a w-l-to-da bachelor, has been come coming with Miss Julia Russell, ...

HE waited until after they were through their supper to speak of it, and then only in the mildest, least reproachful way.

Just as he was about to wonder why the script in itself did not tell her that, she had already withdrawn its contents and opened them, and murmured "Oh," so the question never had a chance to form itself in his mind.

She read it rather quickly, even hurriedly, her head moving with each line, then back again, in continuous serried little twitches.

She took the whole envelope first, and studied it a second, this way and that. "Who's it from?" she said.

New Congress Faced With Strike Injunction Problem

By JAMES MARLOW WASHINGTON —(P)— One of the biggest questions before the new Congress, when it starts to change the labor law, is this: What to do, if anything, to prevent big strikes that could paralyze the country and endanger the national health and welfare?

Writer Has Ideas for Getting More U.S. Citizens to Polls

By JAMES MARLOW WASHINGTON —(P)— After every election in this country some screams about the small number of people who voted. But what's the answer?

or an answer. His idea is this: Give everyone who votes a certificate that can be used in getting a deduction from the income tax.

Texas 4-H'ers Win Chicago Trips

Ann Peterson, Wayne White, Betty Blackerby, Reuben Rother

SUPERIOR records of achievement in National 4-H Better Methods, Canning, Clothing and Garden programs have won 1948 state championship honors for four Texas club members. Each received an all-expense trip to the 25th National 4-H Club Congress in Chicago, Nov. 23 to Dec. 2. The winners, who were selected by the state club office, and brief outlines of their records follow:

Getting that well-known "new look" was little trouble for Ann Peterson, 17, of Devine, who selected, sewed, made over or mended 26 garments for herself and other members of the family during three years of 4-H club work. In addition to completing five 4-H projects, which three were in clothing, Ann served as president and leader. She gave a talk at a community meeting and wrote three stories about 4-H tours, camps or special events. Ann has done some interesting things with textile paints. A peasant blouse which was plain white she painted attractive Mexican girl and ivy flower vendors around the neckline. She painted with towels with designs taken from the bathroom wall paper, painted initial A on the cuffs of a dress and a pillow top with Mexican designs, which was done in six colors. Named State winner in the 1948 National 4-H Clothing Achievement program, she was awarded an educational trip to the Chicago Club Congress provided by Spoon Cotton Educational Bureau.

Wayne White, 17, of Coahoma, has applied many better feeding and housing methods in his livestock activities. He has won an achievement through the National 4-H Better Methods Electric program. Wayne has been named State winner in the program in recognition of the many better methods he has developed for doing farm tasks. He has given demonstrations on trimming calves feet, grooming livestock, terracing, culling chickens and pruning trees. In addition to project work, he has served as junior leader of his local club for five years. Wayne provided an educational trip to the National 4-H Club Congress, Chicago, provided by the Westinghouse Educational Foundation.

The Blackerby family of White-river has no worries when it comes to being supplied with a variety of healthful foods all year around. Canning 1,984 quarts of meat, fruit and vegetables helped 4-H'er Betty Blackerby, 16, win State honors in the National 4-H Canning Program. She also has served her club in many offices and is a junior leader. Betty was provided an educational trip to the National 4-H Club Congress, Chicago, by the Kerr Glass Mfg. Corp. as recognition for her outstanding achievements.

Providing his family with plenty of healthful home-grown vegetables was a major achievement for Reuben Rother, 20, of McDade, but he has now also been recognized with State honors in the 1948 National 4-H Garden program. Reuben planted and tended peaches, tomatoes, squash, blackberries, melons, potatoes, cabbage and cucumbers during his seven years as a 4-H'er. He has used crop rotation and learned their value in both garden and field crops projects. As a recognition of his achievements, Alis Chalmers provided Reuben with an educational trip to the National 4-H Club Congress, Chicago.

All of these activities are conducted under the direction of the Extension Service of the State Agriculture College and USDA cooperating.

Losses of Sheep Running High From Kansas Blizzard

GOODLAND, Kans.—(AP)—Estimates on livestock losses in last week's blizzard are running from 25 to 40 percent on sheep and five percent on cattle in this northwestern section of Kansas.

The hardest-hit region appeared to be Thomas County, east of here, where the Colby News Press-Tribune estimated up to 40 percent of the sheep had perished. There were 70,000 to 100,000 sheep in that county before the storm. Here in Sherman County, where there were about 12,000 sheep, the loss was placed at 25 percent by Perry Gaskill of Goodland, who was pasturing 5,000 head.

It may be several days before a full story can be told. Only fragmentary and scattered reports are being received because of broken telephone lines and bad road conditions.

Also, livestock men are faced with the task of digging sheep out of snowbanks and rounding up cattle that strayed for miles before the storm's blast.

Most of the sheep were shipped in from Southwestern states for winter wheat pasture. Dry weather this fall held back the wheat and the sheep movement was far less than usual.

While great numbers of sheep smothered in snow drifts, cattle fared better. George Kinney of Garden City said some of his cattle wandered 30 miles from their pasture during the gale.

State Rep. Dick Golden of Goodland said he believed all of the 700 steers on the Golden Brothers Smoky Hill River Ranch survived. He Pizel of Kanorado lost 10 of his 112 steers.

Luckiest sheepman in Finney County was Gene Clay Jones of Garden City, who shipped all of his 4,200 sheep to feeding pens at Lamar, Colo., the day before the blizzard struck.

Roberts County Soil Group Gives Advice on Dams

The need of adequate core walls and spillways was made evident after ranchers and farmers lost several dams during the past few months, it was reported from the Roberts County Soil Conservation District.

The runoff was increased, thus putting an undue strain on the dams and spillways below. An adequate core wall should be cut through any layers of sand or gravel and then filled with soil. The soil will act as a sealing agent or stopper and will prevent the loss of water by seepage under the dam.

Badger holes, gopher holes and other rodents can damage a dam with a good core by burrowing through the body of the dam, thus allowing a seep or flow of water through the fill.

A spillway of the size to handle heavy rains is needed. They should be large enough to allow the peak of the flood waters to flow through it at a low velocity to prevent washing. The velocity depends on the depth and flow and width of the spillway. A suitable place for discharge of water from the spillway should also be provided. They should be seeded to grass or sodded.

A right size spillway will prevent erosion and at the discharge end the excessive water can be prevented from going over the dam and washing it out.

Another factor to consider in locating and constructing dams is to be certain the banks are sloped and cleaned of vegetation to insure a good bond when the fill is made.

Jester Boosts Polio Foundation

AUSTIN—(AP)—Gov. Beauford H. Jester gave an official boost to the Gonzales Warm Springs Foundation in its effort to aid victims of polio.

He proclaimed the month from Thanksgiving to Christmas as Gonzales Warm Springs Foundation Month as a statewide drive for funds got under way.

The Gonzales institution, maintained largely by contributions from Texas citizens, has treated more than 500 persons since it started receiving patients in 1941, said Ross Bothe, president.

The foundation is now equipped to care for 110 crippled children.

Rayburn Gets Gavel As Per Prediction

TULARE, Calif.—(AP)—When it comes to predicting elections, House speaker-to-be Sam Rayburn can tell the pollsters a thing or two.

Two years ago when he lost the speaker's job to Republican Joe Martin of Massachusetts, the Texan presented his gavel to a friend, Roy L. Riales, then House speaker of the Arkansas Legislature.

Rayburn specified that the gavel was being loaned, and that he'd need it back after the November election in 1948.

Riales, who came here to go into the soft drink business, said he is returning the gavel.

Husband-to-Be Takes Father-in-Law's Name

SACRAMENTO, Calif.—(AP)—The custom of the bride taking her husband's name was reversed by Superior Judge B. F. Van Dyke.

Hiso Shimizu, 33, asked permission to change his surname to Takedo, the name of his prospective father-in-law.

"My prospective father-in-law has five daughters and no sons," Shimizu explained. "My father has many sons. My brothers will carry on our name. So it does not matter to my father, but it is very important to my prospective father-in-law."

Judge Van Dyke granted his petition.

SMALLPOX DEATHS

SEOUL—(AP)—Sixteen of 48 persons stricken with smallpox in Seoul have died in the past two weeks.

Texas has 35 wins in its 55-year-old football rivalry with Texas A&M. The Aggies have won games, and four wound up in ties.

Grass Silage Can be Used By Livestock

The question of whether or not satisfactory grass silage can be made and used almost exclusively for all kinds of livestock has been answered affirmatively.

At least it has for H. E. Babcock, New York State's well-known agricultural expert. He gives his reasons for putting his faith in "wet" forage in an article in the December issue of Country Gentleman.

Babcock tested different methods of preparing forage for 15 consecutive seasons on his farm, and during that time, despite the fact that it meant handling a lot of extra weight and bulk, he became

a convinced wet silage man before and after making a fair silage. Silage so stored that it can be kept from season to season without much loss of feeding quality. The skin of the average adult contains about 3,000,000 sweat glands.

For farmers who want to extend their own silage usage, Babcock offers the following suggestions for the most practical equipment and the most efficient method to use in harvesting and storing the wet grass:

A field chopper which can be adapted both to cut grass direct and chop it, and to pick it up out of a swath or windrow.

Silage storage in town silos, in trenches, and in semi-trenches with the chopped grass piled as high above the ground as trucks and tractors can be driven. The elimination of all hand-

Canada Is Working For Wheat Agreement

WASHINGTON—(AP)—Canada was reported working for a new international wheat agreement.

A Canadian representative, Charles F. Wilson, has been talking up the idea at the annual meeting of the U. S. food and agriculture organization.

Some delegates said the proposal is being supported by the United States, Britain, India and other nations.

They said the proposed new agreement would follow the same general lines of one signed last March by 36 nations which import and export wheat. It would be brought up to date with possible changes in prices and quotas.

The Republican-controlled Senate failed to ratify the agreement for the U. S. sources close to President Truman have said he plans to urge the new Democratic-controlled Senate to take up the matter next spring. During his campaign he promised wheat farmers his party would act on such an agreement promptly.

The March agreement provided that the U. S., Canada and Australia would export a total of 500,000,000 bushels of wheat over a five-year period to 33 importing nations. The U. S. share would be 185,000,000 bushels.

It provided a ceiling of 32 a bushel and a sliding scale of minimum prices running from \$1.5 a bushel in 1948-49 to \$1.10 a bushel in 1952-53.

Former Guatemala Ambassador Speaks At Texas A&M College

COLLEGE STATION—(Special)—The Central American countries, and particularly Guatemala, are not agricultural competitors of the United States, E. J. K. R., former ambassador to Guatemala, said in a talk at the Texas Nutrition conference held at Texas A&M College.

Kyle, former dean of the school of agriculture of A&M, said that Guatemala exports bananas and coffee, raises corn and many other agricultural products but not for export. He pointed out that Texas ships cattle and sheep to Guatemala in large numbers and corn is also exported to that country from the U. S.

The speaker illustrated his talk with a technicolor film of scenes in that country.

Two and a half million of the population are Indians, the other million and a half are Spaniards, he said.

Texas Soil Moisture Conditions Improved

AUSTIN—(AP)—Soil moisture conditions in parts of Texas have improved for the first time in many weeks, the United States Department of Agriculture reported.

Its survey of farm and ranch conditions for the week ended Nov. 22 showed adequate moisture in eastern and southeastern areas following last week's general rains. Surface moisture was mostly adequate in the northern High Plains, central and southern areas, but it was still dry in the northwest, northcentral and west.

The wheat crop in the northern High Plains was in good shape despite some sand and wind damage, the USDA said.

Grazing conditions were better where the rains fell, but more moisture was needed for stock water. The pasture outlook over the state as a whole was not good.

WOMAN'S WORLD

The average homemaker, it has been found, spends 70 percent of her time in the kitchen. She walks from two and one-half to 11 miles a day, and carries 20 tons of water a year.

Horticulturist From India Is On Texas Tour

COLLEGE STATION—(Special)—S. G. Bam, assistant horticulturist of the model experiment farm at Baroda, India, recently inspected horticultural facilities at A&M College. The Indian expert, now a graduate student at Oregon State College, is on a tour of agricultural facilities of the nation.

He plans to spend several months in the lower Rio Grande Valley studying the operations of citrus canning plants.

Bam's guide on the A&M campus was R. F. Cam, horticulturist, who first met Bam at Oregon State while doing graduate work there.

Among the facilities inspected were the college canning plant and the horticultural fields. Bam remarked that the A&M course in food processing, which requires five years study, was the most complete course of which he had any knowledge.

Cotton Farmers Are Betting on Higher Prices

WASHINGTON—(AP)—Cotton farmers are betting on higher prices.

They are pulling a big chunk of their crop under government loan, rather than sell at current prices, which are above the loan rate.

An Agriculture Department official told a reporter today that some 3 million bales of cotton already are under government loan and the rest are looking for the future to approach or even exceed the 1937 record high of 5,581,000 bales.

The 1948 crop has been forecast at 15,166,000 bales.

"Many cotton farmers," the official said privately, "seem to think that cotton may go back to 35 cents a pound and they probably should get a government loan instead of selling at the present market."

The average cotton loan now is at 30.74 cents a pound on middling 15-16 inch, compared with the market price of about 31.5 cents.

The official estimated that an average of 100,000 bales of cotton a day had been going onto the government loan list.

One of the reasons for the optimistic feeling, he said, appears to be the probable return of Senator Elmer Thomas (D-Okla.) to the Senate Agriculture Committee chairmanship and the likely selection of Rep. Cooley (D-NC) as chairman of the House Agriculture Committee.

Both of these lawmakers, the official said, are in favor of keeping the cotton support price at 90 percent of parity rather than letting it fluctuate under the 60 to 90 percent scale called for in the long range farm law due to become fully effective in 1950.

Parity is the price declared by law to be equally fair to farmers and consumers.

Farmers generally feel that the higher the support price, the stronger the market will be.

Under the government loan program, farmers either may pay off the loan and sell the commodity themselves—if the price goes up or keep the full amount of the loan and let the government dispose of the crop as best it can.

SMALLPOX DEATHS

SEOUL—(AP)—Sixteen of 48 persons stricken with smallpox in Seoul have died in the past two weeks.

Texas has 35 wins in its 55-year-old football rivalry with Texas A&M. The Aggies have won games, and four wound up in ties.
