Red Guns Turned On Kiev; German Defense Weakens

LONDON, Sept. 27 (AP)—Red army units were battling for footholds across the broad Dnieper river today as the Germans reeled westward in retreat along a smoking front which a Soviet communique said extended from the Kuban bridgehead 750 miles northward to the war-racked city of Smolensk.

Kiev, ancient holy city of Russia, lay under Soviet siege guns on the eastern bank of the Dnieper with the Polish frontier 100 miles beyond, while at least a half-dozen other key towns along the winding river appeared ripe to fall into the hands of the hard-driving Red army as Nazi resistance continued to crumble.

Milk Supply Is Threatened By Lack Of Feed

Dairy herds are going on the block as a critical protein feed shortage moves rapidly toward a head here, J. H. Greene, chamber of commerce manager, told directors of the organization Monday.

Ninety head of cows producing for the Big Spring milk shed were sold Friday to Lubbock interests, he reported, and added that another local herd was to go on sale Wednesday.

"On the basis of our studies," he warned, "I believe that unless something happens to turn the tide, we may be practically out of milk within three weeks or so."

This view was joined by several directors, among them C. J. Staples, grocery store manager, who said that milk and butter supplies already were down to the vanishing point.

There is need for immediate relief, the manager pointed out, and unless applications for large quantities of soybeans go through, ranchers will find themselves in the same fix as dairymen in the space of two or three months, he predicted.

Dairymen, he explained, had hung on in hopes that the ginning season would bring a new and adequate seed supply. Instead, the crop is short and producers are making sure of their own supplies by claiming certificates for meal in the amount of 40 per cent of the gross weight of seed.

This leaves only about 100 pounds of meal available for the market, and prospects are that possibly half of this might have to be set aside for the commodities corporation.

Willard Sullivan, president, urged dairymen, ranchers and others to cooperate with the chamber, oil mill, etc. in a desperate effort to find a solution.

Ben LeFever reminded directors of the impending industrial scrap iron drive and of a restricted film to be shown to industry representatives here Oct. 8.

Ted Groehl, special bond drive chairman, appealed for all to "buy all the bonds you possibly can. We are going to have to dig down, dig until it hurts if we make our quota," he declared.

Report on the organization of an US 87 Highway association recently in Denver was given by Joe Pickle, who predicted the route could be made an artery for a tremendous amount of traffic in post-war times since it connects with the Alaskan and the Pan-American highways.

The Russian communique told of advances which brought Soviet forces abreast of the Dnieper in the vicinity of Dnepropetrovsk; in the Kremenchug sector 100 miles northwest; to the south of Peryaslavl, 100 miles southeast of Kiev, and in the Kiev area itself.

The Russian claims were substantiated by the Berlin radio in a broadcast which admitted that the Russians had penetrated the German defenses and had reached the river's edge at several undisclosed places. The broadcast also said that in some instances the Red army assault had carried across to the western bank.

More than 5,000 Germans were killed in the day's fighting, the Russians said, declaring many of the enemy were drowned as they were driven into the Dnieper. There were indications that in some sectors the German retreat was developing into a rout.

In the Smolensk area the Russians swept forward six miles. Far to the south the Russians were busily engaged in a campaign to smash the Nazis' tenuous hold on the Kuban bridgehead across the narrow straight separating Crimea from the Caucasus. The communique said that Soviet units had driven the Germans from four more villages.

Big Spring and surrounding area watched overcast skies hopefully Monday for drizzle breaking rain after a total of .11 of an inch was reported as the weekend total by the U. S. department of commerce weather bureau.

Generally, this was about the amount reported in this territory. It had done little good, however, but kept cotton pickers from fields. Some said the drizzle had helped set cotton in burs so that the prematurely opened crop could now stand a heavier rain without great damage.

While all of the state seemed to be cloaked by over-hanging clouds, only the lower valley region got real relief. Mission reported 1.15 of an inch, Laredo 1.01, a downpour at McAllen. Brady had about as much as any place in West Texas with .98 of an inch.

Other points reported: San Antonio .83, Austin .46, Dallas .92, Fort Worth .07, El Paso .10, Midland nearly half an inch, but reports of heavy rains in the Pecos and mountain regions were unconfirmed although heavy drizzles had fallen in the territory intermittently during the weekend.

Workers signed a pledge promising to "pour into the production of ships for victory so full a measure of my muscle, mind and money that the fighters of our United Nations will never lack war materials to blast into oblivion the enemies of free labor."

President Roosevelt, in a special anniversary message, urged all Americans to mark the occasion by purchasing an extra war bond. In that way, he said, "every American can become a builder of ships."

Headquarters calls the highway the Ledo road, but engineers on the job call it the "Tokyo Road" because, said Major John Meyer of Tuskegee, Ala., "the stuff transported over it eventually will wind up in Japan"—now some 3,000 miles away.

Jap Defenders Of Finschhafen Face Pressure From All Sides

By OLEN W. CLEMENTS ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, Sept. 27 (AP)—Japanese defenders of Finschhafen, their hands already more than full in coping with Australian troops at their very doorstep, today stood the imminent and additional risk of being swept up from all sides.

Hardly more than 20 miles to the rear of their position on the northeastern tip of New Guinea was another Allied force pushing steadily eastward along the shore of the Huon Gulf from captured Lae.

On their land flank, ten miles or less distant, was still a third Allied ground element, a section of the Australian jungle troops who debarked on the coast six miles north of Finschhafen five days ago.

Stettinius To Talk With Hull

OMAHA, Sept. 27 (AP)—Edward R. Stettinius, Jr., the newly appointed under secretary of state, hurrying by plane from the west coast to Washington, indicated today he would confer with Secretary of State Cordell Hull as one of the first orders of business in his new assignment.

Fortresses Fly 200 Miles To Bomb Emden

By GLADWIN HILL LONDON, Sept. 27 (AP)—American Flying Fortresses, carrying U. S. air force operations in Britain to a new month's record, reached more than 200 miles across the North Sea early today and bombed Emden, the great German shipbuilding center.

Ledo Or 'Tokyo' Road Is Passage For Allies

AN AMERICAN BASE ON THE INDIA-BURMA FRONTIER, Sept. 5, (delayed) (AP)—Despite hills and high water, American army engineers—assisted by Indians and Chinese—have hacked a roadway through the jungle from India into Burma along which, if God and the strategists are willing, an attack upon the Japanese may be launched.

Axis Partners Hide Concern

LONDON, Sept. 27 (AP)—The two surviving axis partners—Germany and Japan—observed the third anniversary of the signing of the tripartite pact today by putting on a show of unconcern over Italy's capitulation, but with a warning to satellite powers not to follow the Italian lead.

'Excess Profit' Repeal Voted Down By Solons

WASHINGTON, Sept. 27 (AP)—The house ways and means committee voted today against repeal of the "excess profits" law in war contracts, and at the same time threw into high gear its consideration of a new general revenue law by Jan. 1.

Nine Thousand Surgical Dressings Must Be Completed Before Shipment Can Be Made To National Red Cross

With the children back in school and your duties down to a minimum again, why not plan your daily routine with several hours to be spent at the Red Cross surgical dressing room. Every day that the battle continues, the need for more bandages becomes even greater.

Mrs. Bernard Fisher, chairman of work at the Red Cross surgical dressing room which is located over Wacker's store, has announced that 9,000 bandages must be completed before a shipment can be made. This probably sounds like a large amount to be completed but with steady work and more workers, it can be accomplished in a short time.

Four by four bandages are still being wrapped and rank as the easiest to be folded among beginners. If workers prefer 2x2's, Mrs. Fisher states that there is also a supply of them.

The rooms are open Monday afternoon from 2 to 5 o'clock; and from 7 to 9 o'clock in the evening; and Tuesday through Friday from 9 to 12 a. m. and 2 to 5 p. m.

Only three requirements must be met in order to work at the volunteer service room. Workers must wear 22x27 inch head dresses; must wear cotton dresses or smocks and must wear no nail polish.

Charles Kinsey, Jr., former resident of Xenia, Ohio, has been promoted to the rank of captain, and James B. Frank, Beverly Hills, Calif., has been promoted from second to first lieutenant.

Truck Driver Named In Four Complaints

Four counts of violating truck-operation statutes were filed by state highway patrolmen against a negro over the weekend — and the negro's employer was named in a complaint too.

In cases listed in justice court, the truck driver was charged with failure to have an operator's license, with having no lights, no brakes, and with speeding. The truck owner was charged with permitting an unauthorized operator to drive.

A separate traffic complaint was for parking on the pavement. Six cases of drunkenness were handled in the justice court over the weekend.

Texas Seamen Are Prisoners

DALLAS, Sept. 27, (AP) — The navy department today made public the names of 107 merchant seamen, nine of them residents of Texas, held prisoners of war. Of these, 103 are captives of Japan, and four are held by Germany.

Texans on the list include: Theodore Brignac, second cook; wife, T. Brignac, 428 Augusta Ave., Port Arthur.

Modern Etiquette

Q. "The other evening I went to a movie alone and it seemed to me the place was darker than ever before. Because it looked like rain, I had my raincoat and my hat and when the usher left me, I squirmed into the row of seats, groping in the dark and raking women's hats off as I proceeded to what I thought was an empty seat. Boy, did I get eaten out! Should I have kept on saying excuse me to each person, or what?"—CR.

A. There's one consolation in not being able to find a seat in the dark, for everyone in the movie house has probably experienced the same thing, but before you start down the aisle, it's a good idea to become accustomed to the darkness. Too, if you are carrying a coat or other belongings, fix them so that you won't muss up hair-do's and hats. When leaving the movie, you should always turn your back to the stage pressing as close to the seats they are facing as possible. When someone rises to let you pass say "Thank you." If you step on their feet say "I beg your pardon," but never "Pardon."

Allies Depending Too Much On Russia Says Communist

CHICAGO, Sept. 27, (AP) — It is an illusion for the United States to expect the Soviet Union "will be able or willing also to undertake the burden of the military struggle against Japan," Earl Browder, general secretary of the U. S. Communist party told a second front rally last night.

"All chatter about the Soviets giving us 'bombing bases' in Siberia is harmful nonsense," Browder continued, "with only one aim and end, to try to give the Soviet Union similar tasks in the far east which she has performed in Europe, namely to win the war for us."

Earlier in his speech, the Kansas-born communist leader asserted, "the cold hard truth is this, that unless we get down our high horse, unless we, the United States, consolidate the alliance with Britain and the Soviet Union on the basis of equality all around there is not the slightest prospect for us to emerge from this war with anything that can properly be called victory."

Elbow School Shows \$175 War Bond Total

Elbow school has sold \$175 in war bonds thus far in the campaign, it was announced today.

Biggest portion of the total came in a week ago at a program in the school auditorium with the Rev. P. D. O'Brien, Big Spring, as speaker. He also presided over the bond sale that followed. Those attending were served refreshments, but school authorities and children didn't let it stop at that. They continued the sale during the week.

Father Booked For Baby's Death Plunge

LOS ANGELES, Sept. 27, (AP) — Detectives, investigating the ten-floor death plunge of a 16-month-old baby, have booked the child's father, Claude L. Dexter, on suspicion of murder.

Det. Lt. R. B. McCreadie said the baby, Johnnie, narrowly missed a pedestrian in plummeting to the sidewalk last night.

McCreadie said Mrs. Dexter told him she was out of the room at the time. He declared Dexter, secretary of a cracker bakers' union in nearby South Gate, stated:

"I was lying on the bed with the baby. Then I went to sleep. That is all I know until my wife told me the baby had fallen out of the window."

McCreadie reported the window sill in the room is two and one-half feet from the floor.

DOWNTOWN STROLLER

Met up with BOB WOLF, who gave us a lift to work the other morning. He was carrying assorted canning jars in the car which were to house some pickles that his wife was putting up. At least, he thought they were pickles, anyway, he figured on simplifying them when he got home.

Mrs. TOX WIGINTON, the former DOROTHY LEE BASSETT, was in the office the other day and the first time we have seen her for many months. She is leaving this week for Jasper, Tex., where her husband is located.

Said our farewells to Dr. AMOS R. WOOD, who came in the other day to say goodbye. He and Mrs. WOOD left today for Long Beach, Calif., where they will make their home.

Maybe it is a little late to be still commenting, but we think bouquets are still in order for the five decorated flyers who appeared at the bond rally the other night at the theatre. Unassuming, friendly and nervous because of their on stage position, they did credit to the air corps, the army, and their country.

Mrs. FRED BRUNER, the former JEWEL JOHNSON, was busy today getting the gals all lined up for the wiener roast to be held tonight with the USO for the soldiers. It sounds like it will be a swell affair.

Texas Solons Work For Oil Price Increase

WASHINGTON, Sept. 27 (AP) — A concerted drive for at least a 35-cent-a-barrel petroleum price increase has been started by Texas congressmen.

A discussion on the petroleum situation last week was participated in by speaker Rayburn of Bonham, who turned his gavel over to another member so he could express his views on the chamber floor.

Rayburn asserted "what we need is new discoveries to keep up the oil reserves we have above ground. The prospect is that the oil we have in the ground is not going to carry us many years. We need to encourage discovery; we need this injection of a 35-cent-per-barrel increase in the price of oil in order to increase drilling to find new fields and deep fields."

Rep. Ewing Thompson of El Paso called on the Office of Price Administration to boost the crude price ceilings, declaring that the present price of around \$1.20 a barrel was set at the level of some three years ago.

Rep. Lindley Beckworth of Gilmer, whose district includes the East Texas oil fields, discussed the crude price question with Fred Vinson, economic stabilization director, emphasizing the difficulties confronting the marginal well producers, whose profit is so small that a price of a few cents a barrel sometimes determines whether they stay in production.

AUSTIN, Sept. 27, (AP) — The Falls also called for immediate action on the crude price increase plea, asserting that "for many months now the best brains in the petroleum industry, as well as the best-informed men in government, have been warning this country of an impending petroleum shortage."

Union Law Test Case Scheduled For Oct. 20

Rep. Ed. Gossett of Wichita constitutionality of Texas' union registration law will be argued before the state supreme court Oct. 20.

Chief Justice James P. Alexander ordered a hearing on that date in the case of R. J. Thomas, president of the United Automobile Workers (CIO) who was released from custody of the Travis county sheriff and placed under \$1,000 bond by the chief justice.

Justice Alexander freed Thomas on a writ of habeas corpus after the labor official had been fined \$100 and sentenced to three days in jail for contempt of court by District Judge J. Harris Gardner. Thomas spent three hours in custody of sheriff's officers before his release Saturday night.

He did not occupy a cell but spent his time in the jail kitchen where he was served a meal.

Ernest Goodman of Detroit, Thomas' principal attorney, said the supreme court hearing would be argued on the question of constitutionality.

Thomas was found in contempt after he addressed a labor rally in Pelly and solicited membership in a union without registering with the secretary of state as required by Texas law.

Dawson Co. Ranch Sold By Mrs. Rose

LAMESA, Sept. 27, (AP) — Mrs. Katherine Weaver Rose has sold her 60,000 acre farm and ranch northwest of Lamesa to W. L. Woodward, independent oil and gas operator. Sale price was not announced but was reported to be one of the largest in this section recently.

Woodward has taken possession of the 2,000 acres in cultivation, but Mrs. Rose retained possession of the grazing lands until Jan. 1.

200 Pigeons To Be Entered In Race

HOUSTON, Sept. 27 (AP) — Pigeons will span the 150 miles from Mexico to Houston Sunday in a race that may net \$1,000,000 for Uncle Sam's war coffers.

Two hundred birds will fly in the event sponsored by the Houston Limited club and the war bond sports activities committee. Any individual who purchases \$5,000 or more in war bonds may sponsor and name a pigeon.

Thirteen entries already have been made, representing bond purchases of \$117,800.

BULL DAMAGES TRUCK

THE DALLES, Ore. — S. L. Strong told the sheriff's office a bull charged head-on into his 30-ton truck-trailer.

Damage to the truck: \$250. Damage to the bull: Only the indignity of picking itself out of the ditch.

Saturday Tilts To Pit Nation's Top Elevens

By HAROLD CLAASSEN

NEW YORK, Sept. 27, (AP)—Not only will Saturday's two big football games—Notre Dame vs. Georgia Tech and Michigan vs. Northwestern—include four of the country's best teams but the turf at South Bend and Evanston will be torn up by some of the outstanding players of the young season.

Notre Dame has its Angelo Bertelli and Julius Rykovic in the backfield and Capt. Pat Filley, a watch-charm guard who is stronger than boiled coffee. The Atlanta Engineers counter with Eddie Prokop, who broke away on an 80-yard touchdown run last Saturday, and center George Manning, plus George Steger, Vanderbilt Great at guard last season but now at Tech.

Northwestern's offense is geared to Otto Graham, a student for another season as a navy trainee while Michigan's coach Fritz Crisler dons dark glasses every time he scans his roster.

All four of the clubs won last Saturday, three of them spectacularly and Northwestern halting a weak Indiana eleven, 14 to 6. Michigan saw its all-star outfit romp to a 57 to 6 verdict over Western Michigan and Notre Dame made Pitt Coach Clark Shaugnessy sorry he revived the T-formation, 41 to 0. Georgia Tech, a pre-game underdog, mastered North Carolina, 20-7.

But all the A-1 talent won't be confined to those two gridirons Saturday.

Army unties Glenn Davis in its second home game for the benefit of Colgate and Mike Micka, a combination that spilled Rochester Saturday, 7 to 0. The cadets tamed the Villanova wildcats, 27

to 0, in their debut. Columbia opens its campaign against Princeton, a 47 to 9 cropper to a surprising Penn. squad Saturday. The Quakers next entertain Yale.

Navy blanked North Carolina pre-flight 31 to 0, and next tackles a Cornell team that beat Sampson, N. Y., Naval 27 to 13.

A Duke team that romped over Richmond, 61 to 0, last weekend and now has counted 101 points to none for its two opponents, entertains the pre-flighters this Saturday. North Carolina's huge Leforce and Jim Ford passed Tulsa in one of the few inter-sectional games of the year.

What would have been a breeze in any other year shapes up as one of the southwest's best games Saturday with Texas, shorn of many of its own stars but aided by naval trainees, host to Southwestern University, which inherited the longhorns of 1942.

Louisiana State, which defeated Georgia, 34 to 27, turns Steve Van Buren lose against Rice, which fell before Glen Dobb's Randolph Field Flyers, 6 to 0, in its opener.

The Midwest presents an all-civilian duel, at Iowa City with the Hawkeyes, losers by 21 to 7 at Great Lakes, playing Wisconsin, defeated 10 to 7 by Camp Grant when Bob Orlando booted a late field goal. Great Lakes next takes on Pittsburgh while Minnesota, victor over a nervous Missouri outfit, 26 to 13, battles Nebraska. Missouri collides with Ohio State, whose fuz-faced freshman bowed to Iowa Pre-Flight, 28 to 13.

On the west coast, winners of last Saturday's two big games are rivals this weekend—California, which downed St. Mary's starless outfit, 7 to 12, entertains Southern California, whose Trojans found little difficulty with UCLA, 20 to 0.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, Sept. 27, (AP)—The oddest letter in the collection of missives received by boxing's service athletic fund is one that has nothing to do with boxing. . . . Most of the boys write either to ask for boxing equipment or to express—sometimes rather pathetically—their gratitude for the gloves, punching bags, etc., that have helped provide recreation for soldiers, sailors and marines in the far corners of the earth. . . . Then along came one from Corp. Thomas Samaris, who identified himself as a former New York high school basketball player who once won the Col. J. R. Kilpatrick trophy for foul shooting in Madison Square Garden. . . . Now he's a member of a small detachment somewhere in the Pacific; he and his buddies had built a makeshift basketball court, using coconut logs, scrap lumber and salvaged twine, but they couldn't improvise a basketball. . . . "Please send us one," he asked, "any kind, just as long as it will bounce." . . . He got two new ones.

Today's Guest Star
Stanley Frank, New York Post: "The 'T' formation was a great boon to football. It familiarized the gladiators with at least one letter of the alphabet."

You Pick 'Em
(Turning to the left for another look at world series pitching?)
Ernie Bonham, Yankees—called Tiny because he ain't. . . . probably will pitch the second series game for the Yanks unless his control is too good. . . . Leading American pitcher last season but not doing so well this year. . . . Speciality is control but is most effective when he's a little wild and the batters don't know whether he'll nick the corners of the plate or miss 'em. . . . warns up with a three-pound iron ball so the baseball will feel light. . . . "shot put" Bonham, discus thrower Atley Donald and high-jumper Johnny Lindell, the Yanks could muster quite a track team—but his is baseball.

Max Lanier—leader of the St. Loo Letties. He gave a better Yank team than the 1943 model a lot of trouble in last year's season.

Little Southwestern moves into big-time football this week, marching against Texas in a game that takes the top spot on the Southwest conference schedule.

Texas Christian and Arkansas will be opening the championship race at Little Rock and Rice will be playing Louisiana State, conqueror of Rose Bowl Georgia, but Southwestern's battle with the Longhorns still must be rated No. 1 on the gridiron hit parade.

Strangely, a major ambition of a football player is to beat his Alma Mater. That's why Southwestern has looked only toward Texas. On the Pirate team are most of the stars of last fall's Longhorn eleven, sent to the Georgetown school in the Naval program.

Last week Texas batted down Blackland Army Air Field with a 65-6 barrage while Southwestern was trampling the Ward Island Marines 54-0.

Texas Christian will be playing its first game of the season when it meets Arkansas but the Razorbacks sharpened their attack last week with a 59-0 victory over Missouri Mines.

Rice was one of two southwest conference teams to loose the opening game. The owls fell before Glenn Dobbs and his Randolph Field Rambler while Southern Methodist succumbed to the pass magic of Tulsa's Golden Hurricanes.

The Owls lost 6-0 as Dobbs kicked, ran and passed to a touch-down in the final minutes. Clyde Leforce and Jim Ford passed Tulsa to a 20-7 victory over S. M. U. The Methodists never could get off their heels until the last half.

S. M. U. plays the North Texas Aggies at Dallas this week. The Aggies were not in action Saturday. They met Southwestern the week before and lost 20-0.

Texas A. & M., which whipped Bryan Air Field 48-6 in the College Station inaugural, meets Texas Tech at San Antonio. The Aggies were impressive in smashing the Fliers, particularly with their blinding speed. Tech, tumbled last week before Oklahoma A. and M. 1-13.

Steers Priming For Tilt With Lubbock Friday

John Dibrrell's boys don't pay much attention to crepe hangers and tradition.

Accordingly, they are priming themselves to stage an upset Friday by beating Lubbock on the Westerners' home field.

A week ago they had these same plans, but then Cisco lay between them and the Lubbock tilt. Then it would have been hard to find many outside the Steer camp who believed that the trick could be turned. Now after Lubbock ran into the San Angelo meat chopper, fans are beginning to believe that maybe the Steers can turn the trick.

If they do, it will be the first time in history that a Big Spring team has plastered a Lubbock contingent. Off and on, Steer teams have been at it for better than 15 years, but to no avail. Once 15 years, but to no avail. To 6-0, but that was the best effort.

What happened to Lubbock against San Angelo, however, is no grounds for over-optimism at the hands of local players or fans. The Bobcats are reputed to have one of the strongest teams in the state this year, and Bullish Blonzy Cross, Angelo sports scribe, has put out so much super-man dope that the Cats themselves have been convinced and act accordingly. Poor Lubbock ran into this buzz-saw of talent and confidence. The 40-0 score was the result.

Lubbock has some fine players, particularly in the line. Nash and Locke, guards, are said to be pound-for-pound among the finest in this region. On straight power plays, the Lubbock line functioned fairly well, but end sweeps and razzle-dazzle stuff (of which the experienced Bobcats have an abundance) completely befuddled them. Big Spring has neither the power nor the experience to pull much of this.

In fact, the two teams stack up pretty much in the same category—fairly light, short on experience, and speedy.

Big Spring has the most aggressive little team it perhaps has ever had. The boys think this will be the difference.

Base Stealing Home Run Races Heated Affairs

By TED MEIER

Associated Press, Sports Writer
Outside of debating the relative merits of the St. Louis Cardinals and New York Yankees in the coming world series, interest in the major leagues shifted today to the George Case-Wally Moses base stealing race and the Rudy York-Charley Keller struggle for the home run championship.

Case, fleet outfielder for the Washington Senators, stole three sacks yesterday to go one up on his rival from the Chicago White Sox. He has swiped 56 to 55 for Moses.

Charley Keller walloped two homers for the Yankees yesterday to boost his season total to 31. Unfortunately, from his standpoint, York likewise smashed out a couple of roundtrippers for Detroit against the Boston Red Sox. York thus retained the home run lead with 33.

Keller's roundtrippers helped the Yankees to a double win over the Cleveland Indians, 3 to 2 and 6 to 5 in 10 innings. His first of the day came in the ninth inning of the opener and won the game. York belted his pair of four-masters in a lost cause as the Tigers dropped a doubleheader to the Red Sox, 3 to 2 and 6 to 2. Jim Tabor connected for a 10th inning homer to win the opener. The veteran Tommy Bridges suffered his fourth straight loss in the nightcap.

After taking a 15-3 lacing in the first game, the Washington Senators rallied to beat the White Sox, 5 to 2, to split a twin bill. Case swiped his three bases in this game. Moses, who recently stole three bases against the Athletics, did not make any attempt. The Sox scored 13 of their 15 runs in the first game in a wild fourth inning.

In the National League the Cincinnati Reds came up with two neat four-hit pitching performances on the part of Elmer Riddle and Johnny Vander Meer to beat the Boston Braves twice, 2 to 0 and 1 to 0, thereby tightening their hold on second place.

Howie Krist continued his mastery over the Phillies as the Cards split with the Philadelphia club. Krist pitched a 4 to 1 victory in the opener, but the Phils took the nightcap, 3 to 2, in 11 innings on George Mungler's wild pitch.

The Brooklyn Dodgers, fighting to stay in third place, divided a bargain bill with the Chicago Cubs. Claude Passeau hurled a five-hitter for the Cubs in the opener, but lost, 5 to 1, on Bobby Bragan's homer with one on and Luis Olmo's triple with three on. Bill Nicholson paced the Cubs to a 5 to 3 triumph in the nightcap by hitting a double and his 27th homer of the season.

After Bob Klinger shut them out 5 to 0, in the opener, the New York Giants beat the Pittsburgh Pirates, 4 to 3, in 10 innings to gain a split for the day.

The St. Louis Browns swept a doubleheader from the luckless Athletics, 3 to 1 and 1 to 0.

Same Old Names On Schoolboy 'Favored' List

By The Associated Press

Favorites took definite shape today along the farflung battle line of Texas schoolboy football but for the most part they were standbys of other years.

Few new names crowded into the select circle as the field braced for showdown battles from Panhandle to Gulf.

Amarillo's Sandies, San Angelo's Bobcats, Denison's Yellow Jackets, Highland Park's Scotties, Sunset's Bisons, Longview's Lobos, Lufkin's Panthers and Austin's Maroons led the big parade but for the first time in many seasons there was not a powerhouse from Central Texas.

For the second week in a row the big three—Waco, Temple and Corsicana—took it on the chin and in the district there were only three unbeaten teams—Cleburne, Ennis and Mexia—teams that have not figured in championship calculations for many years.

Almost two-thirds of the field had been defeated or tied in the state and this week will find probably a dozen more teams taking the count.

Top battles match Amarillo with Vernon, Midland with San Angelo, Paris with Marshall and Brackenridge (San Antonio) with McAllen. They are the only games bringing together teams with unblemished records.

The Midland-San Antonio game takes the No. 1 spot because it will have a double meaning. It is a conference tilt counting in the standing of District 3.

Nine districts have conference games, seven of them making the start of the championship grind. In all there are 58 games on the schedule with inter-district struggles holding chief interest.

Forty-one teams are undefeated but four of them have ties on their records.

Unbeaten and untied are: Amarillo, Big Spring, Midland, San Angelo, Sweetwater, Electra, Quanah, Vernon, Ysleta, Denison, Gainesville, Paris, Highland Park (Dallas), Masonic Home (Fort Worth), North Side (Fort Worth), Poly (Fort Worth), Sunset (Dallas), Cleburne, Ennis, Mexia, Longview, Marshall, Livingston, Lufkin, Austin (Houston), Reagan (Houston), Beaumont, Goose Creek, South Park (Beaumont), Austin, Brackenridge (San Antonio), Edinburg, Harlingen, McAllen.

Unbeaten but tied are: Burk Burnett, Sherman, Greenville, San Benito.

Nazi Prisoner Train Wrecks In Virginia

CHARLOTTESVILLE, Va., Sept. 27, (AP)—Three hundred German prisoners of war, delayed at nearby Shadwell for nine hours when the train on which they were being transported wrecked and killed the fireman and engineer, were loaded into another train last night for the remainder of their trip to an inland prison camp.

Six enlisted men of the military guard and a brakeman, Garrard Plagman, II, of Richmond, Va., were under treatment. Two conductors also were hurt.

Two injured Germans were taken away in an ambulance under guard to the New Woodrow Wilson General Hospital being used by the army at Staunton, Va.

Given food by the Red Cross, the German prisoners offered no trouble during the time the train was stalled at the scene of the wreck, the cause of which had not been announced by railroad officials.

BUDAPEST MEN CALLED

NEW YORK, Sept. 27, (AP)—All male residents of Budapest between the ages of 20 and 48 who are not already in uniform have been ordered to report for enlistment Oct. 1 and Dec. 17, according to a decree of the Hungarian ministry, the OWI reported today.

WILLING WORKERS

LOS ANGELES—Mr. and Mrs. Robert Clyde Avery, each 73, didn't want to bother with celebrating their 50th wedding anniversary.

But fellow workers arranged impromptu observances during the couple's 10-minute rest periods at the aircraft plant.

Sox. He has swiped 56 to 55 for Moses.

Charley Keller walloped two homers for the Yankees yesterday to boost his season total to 31. Unfortunately, from his standpoint, York likewise smashed out a couple of roundtrippers for Detroit against the Boston Red Sox. York thus retained the home run lead with 33.

Keller's roundtrippers helped the Yankees to a double win over the Cleveland Indians, 3 to 2 and 6 to 5 in 10 innings. His first of the day came in the ninth inning of the opener and won the game. York belted his pair of four-masters in a lost cause as the Tigers dropped a doubleheader to the Red Sox, 3 to 2 and 6 to 2. Jim Tabor connected for a 10th inning homer to win the opener. The veteran Tommy Bridges suffered his fourth straight loss in the nightcap.

After taking a 15-3 lacing in the first game, the Washington Senators rallied to beat the White Sox, 5 to 2, to split a twin bill. Case swiped his three bases in this game. Moses, who recently stole three bases against the Athletics, did not make any attempt. The Sox scored 13 of their 15 runs in the first game in a wild fourth inning.

In the National League the Cincinnati Reds came up with two neat four-hit pitching performances on the part of Elmer Riddle and Johnny Vander Meer to beat the Boston Braves twice, 2 to 0 and 1 to 0, thereby tightening their hold on second place.

Howie Krist continued his mastery over the Phillies as the Cards split with the Philadelphia club. Krist pitched a 4 to 1 victory in the opener, but the Phils took the nightcap, 3 to 2, in 11 innings on George Mungler's wild pitch.

The Brooklyn Dodgers, fighting to stay in third place, divided a bargain bill with the Chicago Cubs. Claude Passeau hurled a five-hitter for the Cubs in the opener, but lost, 5 to 1, on Bobby Bragan's homer with one on and Luis Olmo's triple with three on. Bill Nicholson paced the Cubs to a 5 to 3 triumph in the nightcap by hitting a double and his 27th homer of the season.

After Bob Klinger shut them out 5 to 0, in the opener, the New York Giants beat the Pittsburgh Pirates, 4 to 3, in 10 innings to gain a split for the day.

The St. Louis Browns swept a doubleheader from the luckless Athletics, 3 to 1 and 1 to 0.

Report Due Soon On Lufkin Inquiry

LUFKIN, Sept. 27, (AP)—Director Roy Bedichek and Athletic Director R. J. Kidd of the Texas Interscholastic League have completed an investigation of Lufkin high school athletics and will submit a report to the state executive committee on the league.

The two were here to determine whether or not outside influence has been active in the school's athletics. They did not announce what their findings would be.

"We want to be sure that control of high school athletics is in the proper school hands," Kidd declared.

Both officials said they were not interested in any eligibility cases, adding that the investigation was opened through correspondence originating from Lufkin school authorities.

They said the recent eligibility hearing in which all-state footballer Jitter McKinney was ruled out by the district committee was now a closed matter. McKinney, Lufkin's great passer and runner, was ruled out for having received money from local fans with which he purchased a suit of clothes.

5 AP STAFFS IN ONE GET THE REAL WASHINGTON NEWS

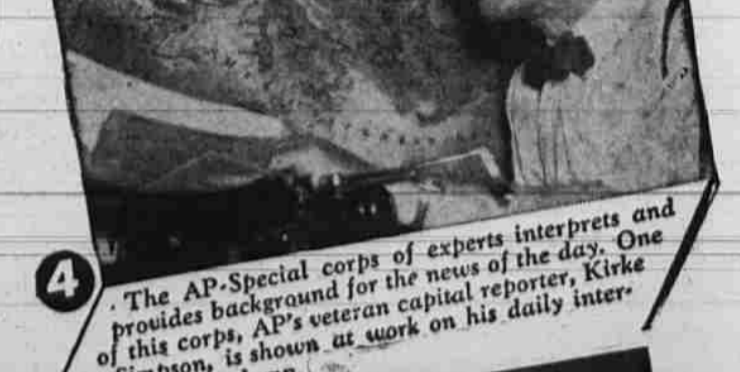

1 The General Staff covers the fast-breaking news, produces most of the national news headlines, many of the international. Here, Jack Bell, head of AP's Senate reporters, talks informally with Senator Burton K. Wheeler of Montana.

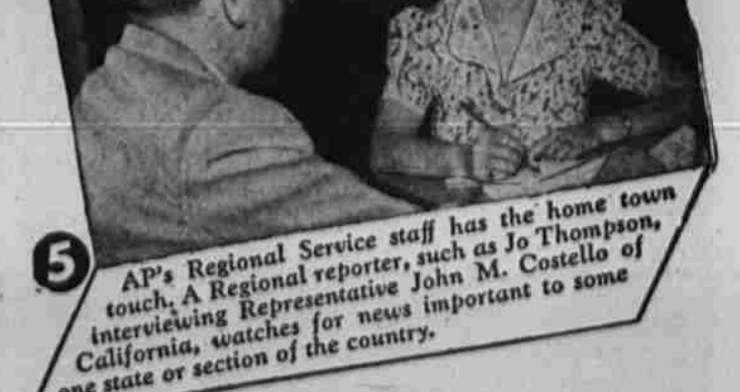

2 The Photo Staff flashes out to this and hundreds of other AP newspapers a running picture report almost simultaneously with that of the high speed printers. George Skadding is shown making another of his famous Roosevelt pictures.

3 AP Features' capital staff covers the human side of Washington—and more with such top flight reporters and columnists as Herman Allen and Jack Stinnett. AP Features' artist Milk Morris is sketching War Mobilization chief James F. Byrnes.

4 The AP Special corps of experts interprets and provides background for the news of the day. One of this corps, AP's veteran capital reporter, Kirke L. Simpson, is shown at work on his daily interpretative war column.

5 AP's Regional Service staff has the home town touch. A Regional reporter, such as Jo Thompson, interviewing Representative John M. Costello of California, watches for news important to some one state or section of the country.

E. B. Dozier, owner and manager of the West Texas Bowling Center at 314 Runnels street, has announced that all men interested in joining the men's bowling league meet at the Douglass hotel Monday evening at 8 o'clock. Players will be organized for league play. Women's league was organized two weeks ago and tournaments are being held.

Dozier pointed out that in order to qualify for American Bowling Championship tournaments, bowlers must be affiliated with a league such as the one sponsored here.

Dozier has just completed a remodeling program at the bowling alley which included re-surfacing the floors, repainting the entire building and replacing a large per cent of his equipment. Hard hit by the shortage of paints and lacquers which are used in the surfacing of lanes, Dozier explained that a new synthetic lacquer which is now on the market is proving to be quite satisfactory with continued use.

Bond Purchaser—Biggest single subscriber of government securities in Howard county during the Third War Loan has been the Cosden Petroleum corporation, purchaser of \$225,000 in treasury notes. This picture shows R. L. Tollett (second from right), Cosden president, handing the company check to Mrs. Katye Armstrong, as A. V. Karcher and Ira Thurman look on. Southern Ice Co. Has Kept Up Ample Supply For City

In city after city throughout the nation, queues formed outside ice houses this summer to get small rations of ice.

In many places there was not enough to go around, and ice had to be rationed with priority for those who required it first of all for health considerations. Allotments generally were so small as to preclude its use in making of frozen desserts at home, etc., or in many cases for keeping ice boxes cold.

But that never happened in Big Spring.

Southern Ice Co., with its big production facilities and long experience in the manufacture of ice, was able to turn out enough ice not only to meet its big fruit car re-icing demand, but to furnish the retail market here with all requirements. No customer had to turn away from either the Southern Ice plant or its sub-station at 901 Main because there was none to be had.

Considering that the presence of a military installation boosted the consumption as well as in-

creased population, company officials are especially proud of the record. It was pointed out that the accomplishment assumes still bigger proportions as more people return to ice refrigeration.

Since wartime restrictions have

stopped manufacture of mechanical ice boxes, many of those in service are running into troubles which may not be overcome. Ice is the answer to their problem, for there is no mechanical failure in a block of pure, sparkling ice-man's ice.

This year is expected to total 215,000,000 bushels, compared with 209,000,000 bushels harvested last year, Worley said, adding that the oncoming crop is expected to be ready by Nov. 1.

HOUSTON, Sept. 27, (AP) — Houston's public, private and parochial schools opened their doors to 92,000 students today following a two-week extension of vacations caused by the high infantile paralysis incidence here.

More Soybean Feed For Texas In Sight

WASHINGTON, Sept. 27, (AP) — Representative Worley (D-Tex.) said he had received assurances from the Commodity Credit Corporation that if the mid-west soy bean production this year is as large as expected the quantity of protein feed for Texas panhandle cattle growers will be greater next winter than in the 1942-43 feeding season.

Save Shrubbery By Cultivation, Says Vineyard

Plants Can Be Kept Alive With Small Amount Of Water

Even with the summer's drought, it is possible to take care of your shrubs and trees according to J. O. Vineyard, owner and manager of Vineyard Nursery, 1705 Scurry.

Even though the ground is dry, Vineyard backs his advice with years of experience, suggests that you keep cultivating flower beds, and all kinds of shrubs. Keep cultivating and water, the ground all you can while still being conservative with the water.

Just a small amount of moisture will keep the shrubs from dying and they will have roots to grow from again next year.

According to Vineyard, the Chinese Elm is the most drought resistant and easily taken care of tree. These trees should be pruned from now on through the fall to prevent the wind from splitting and the ice from breaking the long branches.

The trees which last winter were broken down from the ice and had to be cut back should be trimmed out now before the ice gets them again this winter.

In addition to pruning and cultivating trees, the nursery specializes in landscaping, design and construction. A phone call to 1888 will bring the experience and advice of the Vineyard nursery to their customers. This experience and knowledge based on many years of service here and in other communities.

Our Shipping Needs Continue To Grow

When Hitler's submarine weapon failed, as we believe now that it has, the Axis was doomed. If we had not liked the submarine then civilization, as we know it and want it to be, would have been obliterated. Because this global war is, above all things else, a war of movement.

In this war, 900,000 have been shipped and many more were sent two or three times as far. In World War I we were proud of getting 1,725,000 tons of supplies across the Atlantic in a year. This time we moved 10,500,000 tons in a like period, much of it to the far reaches of the Pacific or, if to Europe, by the long routes.

"Send Brad Forrester in." Seconds later, the door opened. Jane caught her breath. So Brad Forrester was the smart alec in the news room was he? She acknowledged the introduction with a slight nod and listened while her uncle re-told her story.

"But Uncle Ed," she said when he finished, "shouldn't we call in the government men?"

Brad Forrester walked over and leaned both arms on the back of a chair and looked down at her somewhat grimly. "You just have, Miss Carter. Secret Service at your service."

Industrial Future Of State In Danger Says Houston Man

HOUSTON, Sept. 27 (AP)—The proposal to pipe Texas natural gas to the Appalachian industrial area constitutes a dangerous threat to Texas' industrial future," declares W. N. Blanton, executive vice president of the Houston chamber of commerce.

Daily withdrawal of huge quantities of natural gas would cause a reduction of pressure, a drop in oil recovery, and would severely reduce Texas' fuel supply, Blanton asserted.

The federal power-commission last week granted the Tennessee Gas and Transmission company a certificate to construct the 24-inch line.

District Farm Meeting Slated

Issues and problems of paramount importance to producers in meeting wartime food and fiber goals will be discussed by farmers of this area in a meeting at Big Spring Friday, October 9.

The meeting is sponsored by the Texas Farm Bureau Federation as one of a series over the state to consider current questions and issues affecting agriculture.

Problems to be discussed will include farm labor, machinery and supplies, price ceilings, subsidies and rollbacks, and the Pace parity bill, which would include farm labor cost in calculating parity prices of farm products. This measure, which was passed by the House at the last session of Congress but failed of passage in the Senate is expected to be introduced again during the present session.

The Texas Farm Bureau Federation strongly supported the Pace bill when it was before Congress last winter, and plans for mobilizing the full strength of Texas farm opinion behind the measure when it comes up this time will be discussed at this meeting.

Principal speakers will be J. Walter Hammond, president of the Texas Farm Bureau Federation; Judge C. C. Randle of Ellis county, chairman of the state committee on membership; R. G. can Farm Bureau Federation, and C. B. Ray, organization and cooperative marketing specialist of the Texas A. & M. College Extension Service. Round table discussion will follow the talks.

E. R. Hatzegard of Westbrook, member of the state board of directors from this district, will preside. The meeting will start at 10 A. M. at Hotel Settles.

north and northwest of Salerno immediately along the coast. Here the Fifth army stormed and captured "limited objectives" in a sustained offensive, a headquarters spokesman said, but three or four miles of tough mountain going remained before the British troops there could break through to the open Naples plain. From their mountain crests, however, the British overlooked the plain.

Front line reports said the fighting there was more ferocious than anything seen in the Middle East, North Africa or Sicily since the British breakthrough at El Alamein in Egypt nearly a year ago.

In their new advance, Gen. Clark's Americans left the Salerno plain far behind and took mountain heights dominating an elaborate network of highways, some of which lead to Avellino, the center of resistance for the whole area inland from Naples.

Messages from the front said the Americans now were consolidating their lines and straightening out their avenues for supplies, preparatory to the next big push, which might take them to an east-west road leading to Avellino only two miles north of their present position.

The enemy rearguards had demolished practically every bridge and road, however, and considerable repair work was necessary to open the flow of supplies.

Norfolk Nurses Are Poisoned By Food

NORFOLK, Va., Sept. 27 (AP)—Most of the 40 nurses at Norfolk general hospital who were stricken over the weekend by severe gastric disturbances believed to be some form of food poisoning were back on duty today.

An official of the nursing staff said that none of them was ill enough to require hospitalization but all were confined to their beds. Hospital Superintendent W. P. Earnsey said an investigation was being made.

Recent graduates of the Kingman army air field flexible gunnery school, near Kingman, Ariz., were Willis R. Loving, son of Mr. and Mrs. Harry A. Loving, 201 North Nolan, and Calvin J. Sewell, son of Mr. and Mrs. Calvin Sewell of Forsan. Both now hold the rating of sergeant.

First Big Spring resident to become a bombardier trainee at the local air school since it received its first cadet class just a year ago is 1st Lt. Thomas W. Stallworth, who is taking the course as a student officer. Lt. Stallworth is married and lives at 407 1-2 Bell street. Before entering the service he was an instructor at the University of Texas but now counts Big Spring his home. He attended school at Dallas, earned his B. S. degree in civil engineering at Rice and his master's degree in C. E. at Texas University.

Announcement is made from the Big Spring Bombardier school of the promotion of Walter E. Schultz to the grade of sergeant. Sgt. Schultz lives at 505 Lancaster and was employed by Continental here before going into service. He is a Forsan high school graduate.

Pvt. Duval Robinson Wiley, son of Mr. and Mrs. Cliff Wiley, has been selected for the Army Specialized Training program for basic engineers, and is training at Eastern Kentucky State College at Richmond, Ky. He was sent to Richmond from Camp Maxey.

French Liberators Of Corsica Push On

ALLIED HEADQUARTERS IN NORTH AFRICA, Sept. 27 (AP)—French troops fighting to liberate Corsica continued to press closely upon the Germans in the narrow northeastern corner of the island yesterday in sharp engagements with enemy patrols and artillery west of Bastia, a French communiqué said today.

Considerable losses were inflicted on the Germans in raids by a French shock battalion, the communiqué said.

The Germans were forced to evacuate the airfield of Chiconaccia, 44 miles south of Bastia on the east coast, after destroying their equipment and fuel.

The communiqué said the embarkation of German troops by air from Corsica had been seriously hampered by Allied air attacks.

WAC Recruiter Hints At Announcements

Important announcements concerning a new and intensive women's recruiting campaign may be expected within a week, Lt. Mary F. Goldmann WAC recruiter, said here Monday.

She had just returned from Lubbock where she had been for a two day conference of all recruiters in the West Texas district.

National surveys have shown that the only untapped source of "manpower" is that of young women, she asserted, and leaders are going all out in mapping a drive to get as much maid as possible out of this group.

"WACS are trying to replace men casualties," she said. "Since Pearl Harbor there have been 70,000 men lost to actual service and women must step in to release fighting men to take their places."

Youth Injured And Traffic Stopped By Highway Crash

One youth was injured and traffic was blocked on the highway between Iatan and Westbrook early this morning for several hours when a car and truck were in collision.

Burl Haynie, state highway patrolman, said that name of the youth who suffered injury was not known immediately but that he was in a Colorado City hospital under treatment.

Glenn Coffee, Tucson, Ariz., driver of the truck laden with telephone poles, and Sgt. Wallace A. Pendergrass, Seminole, stationed at Abilene, driver of the car, escaped injury. The lad had been given a ride by Pendergrass, said the patrolman.

The truck, which caught a glance of blow spilled its cargo of poles across the highway and stopped traffic for a period of about five hours.

Good Shows Logged In Mitchell Test

Encouraging shows were logged Monday by Mel Richards, Big Spring oil operator, in his No. 1 Erwin, northwestern Mitchell county wildcat.

Deepening the old Sinclair No. 1 Erwin, which was abandoned at 3,060 feet, Richards reported porosity and shows at 3,840 and 3,887 feet with enough gas to burn. Drilling for the pay zone logged in the Vincent discovery area, which lies four miles to the west, the Richards No. 1 Erwin hit pay horizons approximately 100 feet higher than anticipated.

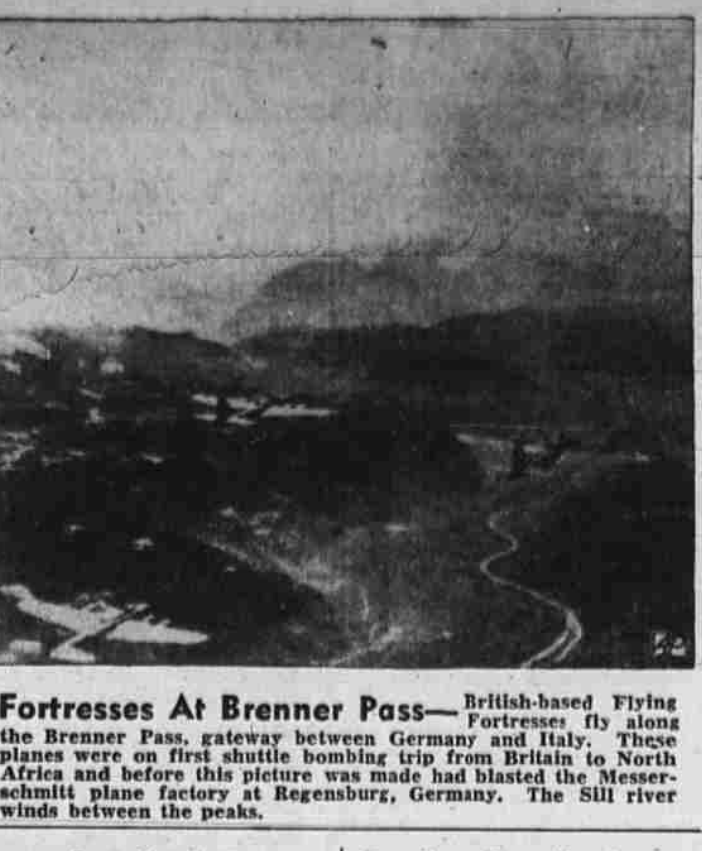

Preparations were made to straighten and run seven-inch casing to 3,830 feet to shut off waters 200 feet up the hole. Location is 330 feet from the north and west lens of section 1-25, H&TC.

Annual Farm Cash Income Is Larger

AUSTIN, Sept. 27 (AP)—Texas farm cash income for the year swelled to \$590,000,000 with August's income of \$127,000,000.

The eight-month figure was 42 per cent above that for the same period last year and August's income was 71 per cent higher than that for August of last year, the University of Texas Bureau of Business Research reported.

Dr. F. A. Buechel, statistician, said farm prices for most products show a substantial gain over a year ago.

Carrier San Jacinto Has Been Christened

CAMDEN, N. J., Sept. 27, (AP)—The aircraft carrier San Jacinto rode at anchor in the Delaware river today, a second direct contribution by the people of Houston, Tex., to America's expanding navy.

Mrs. Jesse Jones, wife of the Secretary of Commerce, christened the ship, which was built with surplus funds after Houston's residents raised \$80,000,000 in a drive for \$30,000,000 to replace the cruiser Houston, lost in the Pacific.

The ship was named for the battle of San Jacinto, in which general Houston's Texans defeated the troops of Mexican general Santa Ana. It is the second U. S. navy ship to bear that name.

Jap Installations In Burma Attacked

NEW DELHI, Sept. 27, (AP)—U. S. and RAF bombers and fighters ranged over Japanese-occupied Burma yesterday to attack enemy air, land and river communications and military installations, it was announced today.

American medium and heavy bombers raided railway yards and communications in the Mandalay and Rangon areas, a U. S. command headquarters said, adding, "excellent results were reported and yard installations were heavily damaged."

No American planes were lost in any of the operations.

Solons Faced With Aid Problem

WASHINGTON, Sept. 27 (AP)—Rexford G. Tugwell bluntly told congress today that it is confronted with the choice of giving economic aid to Puerto Rico or facing the possibility of "suppressing an angry people" who may feel that they have been "wronged."

The Puerto Rican governor, in a report sharply criticizing what he termed the failure to adopt a definite policy toward the Caribbean possession, asserted it would be just as cheap to provide the "means of reconstruction" as to "keep peace with an idle and starving population" of spirited stock.

As a solution for the island's problem, Tugwell advocated "a deliberate policy of assistance" for a few years and then a plebiscite to give the Puerto Ricans a chance to say whether they want statehood. If the electorate and congress do not approve of statehood, he said, then a plan providing for gradual independence—along the lines of the Philippine plan—could be adopted.

Cattle Shipments At Record High

CHICAGO, Sept. 27, (AP)—Shipments of cattle into the country's 12 major livestock markets today were the largest in 17 years, the department of agriculture reported.

Shipments today totaled 156,900 head. The previous high for receipts on a single day was in September, 1926, when 162,000 head were received.

Kansas City received the largest saleable shipment, 40,000 head. Omaha had 26,500 head and Chicago 21,000. In addition, several thousand head were sent directly to packers at these markets.
