Chance of Mrs. Nannie Belle Worley of Pampa, recovering \$1,200 allegedly stolen from her by a band of gypsies when they accosted her on the L. E. F. road in here Oct. 28, 1930, looked brighter today with word from Dallas that nearly \$8,000 of \$25,000 found in possession of gypsies arrested there several weeks ago is being held as coverage against claims of the Pampa woman and asserted victims of the gypsies in Galveston.

JACK LLOYD, 68-year-old soldier of fortune, adventurer, veteran of many wars and numerous revolutions known throughout the world as "Burning Daylight" and hailed by newspapermen of the country as the "Original Globe-trotting Reporter," was a visitor in Pampa over Saturday.

The above photo shows "Burning Daylight" in the famous First and Last Chance Bar, at the foot of Webster street, in Oakland, California, where Jack London spent many of his days, completing his various books. It was Johnnie Heinholt, the proprietor of this bar, who "staked" London through Berkeley University. London's photo on the wall is very easily recognized, directly above it hangs a picture of Jack Lloyd, who was in Pampa for that week-end.

REBELS AND LOYALISTS READY FOR DEATH STRUGGLE

By ALEXANDER H. UHL MADRID, Aug. 1 (AP)—Fascist and Loyalist militia fought today in imminent hand-to-hand combat which must turn the tide of Spain's civil war.

By ALAN GOULD, Associated Press Sports Editor. BELLINGHAM, Aug. 1 (AP)—Reichsfuehrer Adolf Hitler formally launched the 11th Olympiad today amid ceremonies dazzlingly brilliant despite dripping skies marked by vividly contrasting demonstrations obviously fraught with political as well as sporting significance.

GREENVILLE, Aug. 1 (AP)—Two firemen were burned to death tonight after an explosion blocked their exit from a blazing building in the downtown section.

Daugherty and Jenkins had entered the building carrying a hose line and seeking the center of the blaze. An explosion, thought to have been from some canned goods, locked the door through which they entered. They battled their way to a window which was heavily barred and were unable to break out.

One hopes readers are not bored with this seemingly incoherent analysis. It was the mayor's idea. When a mayor wants to know the answers, it always has been our experience that the answers are given to him in addition to that, it is a matter close to the heart (or palate) and it may just as well be cleared up now. Later, with this warning we shall proceed to make close scrutiny of spelling on all cafe menus within reading distance.

With all this hullabaloo down in Spain, there filters out of the land of the fearful onion a story of the rebel who slept all night in a damy trench, only to find that it made him much more comfortable in sleeping with his Spanish catarrh.

On Friday, July 17, it was predicted in this space that an event of world-wide importance was about to break into the front pages of the world's newspapers. At that time we said it would happen before midnight of July 31.

Within 18 hours after our forecast of vital importance happening in the Spanish revolt burst into flame with severe fighting and heavy loss of life. Since then Fascist forces and loyal defenders of the government have been hammering one another with great bloodshed.

The story of Spanish revolt, watched keenly by every civilized nation of the world because of its intricate international possibilities, has occupied a place on Page One of every daily newspaper in the U. S. since the day following the outbreak. We stated here that something of that nature was about to be placed in the records.

Fact of the matter is, it even went beyond our greatest expectations and happened that it would happen. Fourteen days had been reserved to make good on the prediction. It took only 18 hours. With that, the subject is dropped to make way for scoffers and doubting Thomases to have their heads buried in the sand.

Cities Services Loses To Phillips 4-3 In 10 Frames

Closest Game of Season Played in League

A 10-inning struggle between the Phillips 06 and Cities Service teams, with Phillips winning 4 to 3, featured in the softball league here Friday evening. The game went three extra innings, as a regulation softball game is played in seven.

Batteries for the winning team, LaPrade, Chisum, and Dewey; for Cities Service, Mundy and Campbell. Results of other games in the league, which left Skelly undisturbed in the lead, follow:

Texas Company 2, Voss Cleaners 13. Batteries: Glazebrook, McBride, and Covington for Texas Company; Platt, Patrick, and Sheridan for Voss Cleaners.

Coltaco 3, King Oil 1. Batteries: Phillips and Macey for Coltaco; Poo and Grapes for King Oil.

Spain Withdraws Team

Spain's withdrawal of her entire team overnight due to uncertainties growing out of the current revolution, and the partial scratching of Brazilian entries as an aftermath to an internal squabble between rival factions seeking to designate entries in three sports—rowing, swimming and track—reduced the Olympic ranks at the eleventh hour.

Jamaica also failed to join the colorful parade of nations from which athletes scheduled to compete tomorrow in the formal opening of the actual competition were excused to save their stamina for the inaugural of the two-week pursuit of Olympic fame and glories.

The all-day civic celebration was marked by Chancellor Hitler's announcement that his government would underwrite the completion of ancient Olympic excavations in Greece.

The United States was one of four nations not dipping their flags, the others being Bulgaria, Iceland and India which did not manifest a salute of any kind while passing Hitler's reviewing stand. Great Britain was among 21 nations giving "eyes right."

TEXAS GROUP HITS FOR AND URGES LONDON

'CONSTITUTIONAL DEMOCRATS' FORMED AT DALLAS

DALLAS, Aug. 1 (AP)—Twenty-eight persons met here today and perfected a temporary organization of the Constitutional Democrats of Texas in opposition to the new deal and in favor of Alf M. Landon and Frank Knox in the presidential campaign.

They adopted a resolution condemning the Roosevelt administration and pledging support of Landon and the Republican platform. The resolution said these were "more nearly representative of the mind and the political philosophy which we have always cherished."

Judge W. P. Hamblen, Houston, former president of the Harris county Bar Association, called the meeting which favored permanent organization and authorized Hamblen, elected temporary chairman, to appoint a committee which will select an executive committee and name a time and set a place for the permanent organization meeting.

Joseph W. Bailey, Dallas, former Texas congressman, told the meeting he was not ready to enroll in

the organization and stated that at the present time he felt he was going to scratch every presidential elector for every party though he would vote the remainder of the state democratic ticket. No one else present said anything other than in favor of Landon and Knox.

Hamblen said he received approximately 300 answers out of 800 letters sent in calling the meeting. The organization will concern itself only with the presidential race and will take no hand in any other campaign, Hamblen said.

Hamblen named the following delegates to a national meeting of constitutional democrats at Detroit Aug. 7:

J. S. Cullinan, J. M. West, I. Friedlander, Houston; Stanley Boykin, Fort Worth; S. W. Adams, Big Sandy; E. F. Smith, J. Everts Haley, Austin; Joseph W. Bailey, Dallas; Leo Callan, J. M. Slatoff, San Antonio; J. C. Brooker, El Paso; John B. Daniel, Temple; H. G. Wheat,

Paris; Ambrose Johnson, Laredo; L. B. Russell, Comanche; A. L. Burford, Texarkana; A. T. Froehstle, Brazoria; Rev. Harry Hodge, W. P. Kinsolving, Beaumont; J. H. Kairth, Jr., Kelips; H. B. Gulbrath, Brownsville; E. R. Westmoreland, Lockhart.

TIME TO STOP AND THINK

Have you ever stopped to think seriously of the untold physical suffering caused by automobile accidents, and have you ever stopped to think seriously of the almost unbearable heart-aches caused by tragic automobile deaths, and have you ever taken the time to investigate the unbelievable loss in property and time caused by automobile mishaps?

A few, comparatively speaking, have witnessed wrecks where fathers and mothers have had their flesh torn and bones broken, their daughters have had their features disfigured forever and their sons, who have been youthful specimens of physical manhood, have had their future dreams blotted out by the loss of an eye, arm, leg and in some cases, permanent paralysis.

Some have witnessed wrecks where whole families have lost their lives, sometimes only the father or husband or the mother or wife, killed in the most horrible manner imaginable with their bodies bleeding and bones protruding, no one left to earn the money necessary for the comfortable maintenance of the family or in the case of the death of the wife, the saddest thing, that of rearing the children without the care of a mother.

If we would only stop and think of these things seriously would we take the chances we do when we are driving our cars? Accidents on our streets and highways must stop! The man on the street and the mother in the home, as well as responsible public officials and safety leaders, are voicing this demand as never before. The anxious interest of millions of Americans has been aroused by the constantly increasing death toll, a new high of 37,000 motor vehicle fatalities in 1935, 105,000 permanent disabilities, 1,180,000 temporary disabilities and an accident cost of \$1,600,000,000. These are actual figures taken from insurance companies records and do not include those not reported. Is there any wonder why we should not be aroused as never before?

In our own city, whether thru ignorance of drivers or whether they are physically unfit to drive or whether it is nothing but carelessness of those who care nothing for themselves or the world at large, those types who gain recognition only by the careless and dangerous manner in which they drive, we have these and all other kinds of drivers. Then, too, we have the pedestrian to consider. That individual who thinks the streets are made only for his particular benefit and use, one who will walk out in the street ten, fifteen or twenty feet to wait for a light to change, apparently never giving a thought that the streets are for the cars and the sidewalks for the pedestrians until the signal changes. This is one of the most careless, the most thoughtless the most dangerous and the most unnecessary thing that any intelligent man, woman or child could do. It is just as easy to stand on the walks and wait for the signal and be safe as it is to stand half way out in the street for some careless driver to shoot at, and while they might miss you time and time again, they will finally hit.

Our records show that children from five to fourteen years of age show a decrease in fatalities, no doubt due to the training they are receiving in our public schools. The percentage dropped from 1922 to 1935 twenty-one percent, while the rate for all ages jumped 109 percent.

Should we as individuals stand idly by in the face of the tremendous wholesale slaughter of human lives and do nothing or should we each shoulder our portion of the task and help to make and enforce laws that will permit us to drive and walk safely on our public streets and highways?

DAILY WASHINGTON LETTER

By Rodney Dutcher

WASHINGTON.—President Roosevelt's order placing all patronage postmasterships under civil service is both better and worse—from the standpoint of the merit system ideal—than the administration-sponsored bill to similar effect which was beaten by Republican opposition in the last Congress.

Democratic postmasters could have been service for life—assuming the election. If Republicans won to come to power.

ANSWERS TO QUESTIONS

Frederic J. Haskin

A reader can get the answer to any question of fact by writing The Pampa Daily News' Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. What was the average age of the framers of the Constitution? D. D.

A. They averaged 43 years. Twenty were under 40. Benjamin Franklin was the oldest—81—Jonathan Dayton, the youngest—37.

Q. What should be done with a benchmark when it is necessary to remove it? N. F.

A. The United States Coast and Geodetic Survey, section of leveling, Washington, D. C., should be notified. It will cooperate by sending out a new disk, properly inscribed, to fit the new location selected.

Q. Why are train butchers so called? E. L. G.

A. Dispensers of sandwiches, soft drinks, souveniers, candy, etc., were given this title in the early days when country people riding on the trains believed that the salamen tied to chincat or butcher them.

Q. Please give a list of famous Negro actors of all time. E. W. H.

A. Such a list would include Ira Aldridge, Robert Allen Cole, Egbert Austin (Bert) Williams, George Walker, Charles S. Gilpin, Jules Eldredge, Richard B. Harrison, when Winter Hood, Daniel Haynes, Florence Mills, Paul Robeson, and Rex Ingram.

Q. Is there such a word as prevention? R. L.

A. The word means preceding, antecedent; previous, hence, tending to prevent; expectant or anticipatory.

Q. Was Stephen Leacock born in Canada? J. L.

A. The humorist was born in Swannboro, England.

Q. What is a cirque? L. F. R.

A. The large, rounded, steep-sided heads of valleys developed by the erosion of valley glaciers are called cirques. In the Uinta, Big Horn, Sierra Nevada, and other ranges of the United States, cirques are remarkably numerous and well developed. They served as collecting grounds for glaciers, which, when compressed, formed the valley glaciers in these mountains. At the heads of the present alpine or mountain glaciers there are cirques filled with snow and ice.

Q. When was Rock of Ages written? M. S.

A. Augustus Toplady, celebrated divine, was the author of the hymn. It was published in the Gospel Magazine in October, 1775, probably soon after it was written, although a local tradition associates its symbolism with a rocky gorge in the parish of Ellersay, his first curacy. It was translated into Latin by Mr. Gladstone.

Q. What does the Italian name, Casanova, mean? L. R. S.

A. It means new house.

Q. How many farms have radios? H. M.

A. Of the 6,800,000 farms in the United States, about 2,500,000 are equipped with radios.

Q. What recognized training is available for men who wish to enter the meat packing industry? M. L.

A. An Institute of Meat Packing, designed to conduct research, develop publications, and give instruction in packinghouse subjects, was established in 1923 at the University of Chicago. It is conducted jointly by the university and the Institute of American Meat Packers and offers instruction through home study.

Q. Has Germany issued stamps for this year's Olympic games? K. G.

A. Germany has issued eight stamps of varying values, several of which portray sports which have not appeared before on stamp issues. The sports depicted are work on the parallel bars, diving, soccer, football, javeline throwing, relay racing, fencing, rowing, and steeplechase riding. Each stamp is being sold at a premium over its face value, the extra proceeds being used to help defray expenses incidental to the games.

Chapter V While Ann put on her new evening gown—the cardinals red—the maid was in the room, giving finishing touches to the bed. She helped Ann with the fastenings, and suddenly the girl turned. Do you know anything about a young man by the name of Jaime Laird?" she asked.

The maid smiled. "Everybody knows him at Lake Racine. You'll find a lot of gossip in the village. He's quite a lady killer, they say. One of those playboys. He spends most of his afternoons at the track."

"Track?" Ann begged. "The horse room or whatever they call that dark little hole in the village where they bet on the races that take place all over the country. It's rigged up with loud speakers, and it's just like being at the races, they say." The maid smiled. "But it's not legal. You die in and die out. They tell me it's the biggest racket since bootlegging."

Ann recalled some talk at the betting racket, controlled by gangster bosses. They had invaded the summer resort because men and women on vacation are easy marks; they have time on their hands, and money to spend.

Ann was sorry to learn this about Jaime. "Surely he rides or climbs or does something in the outdoors. If he goes to the gym room in the afternoon, what does he do in the morning?"

The maid said wearily, "He watches the ticker tape in the stock office. He's a rich young man."

Ann was thoughtful when she went down the stairs to meet Jaime. But these doubts vanished when she swept through the lobby in her evening gown, a cloak over her arm, the cynosure of all feminine eyes. Jaime was waiting for her at the door.

Once she was seated at his side in the sleek roadster, she felt superbly confident and at ease. "You are a good-looking babe," Jaime said, without conscious flattery. Such simplicity in praise was becoming to a sophisticated young man.

Ann said little during the drive. She sat, turned so that she could feel the cool breeze against her face. She was so gloriously happy. When the roadster swept up to the portico of the Majestic hotel she ran up the steps and waited for Jaime. He had parked the car. She was aware that several heads turned to look at her.

Jaime joined her, and they went into the bar where everyone at the Majestic appeared to be at the moment.

Her escort seemed to know them all. Some called out familiarly. "Hi, Jaime," and invariably the men looked at Ann. After 10 or 12 of these stares she felt self-conscious, but when she sat on a high stool at the bar, with a cool drink before her, she regained her poise.

"Among the startling phases of the revolution in the theater," he wrote, "is the almost complete disappearance of plays that can clock up extraordinarily long runs. The critics may burst forth with their most scathing denunciations, ticket agents may push sales with the persistence of sidewalk hawkers, press exploiters may bring out their thousands of tricks—but you can't mark up one of those 3-year runs any more. A play that lasts a year is doing mighty, mighty well."

Such are the perils of prognosticating Broadway that one who takes his assignment too seriously is apt to come into some embarrassing moments—to wit, this essay as set down several seasons ago.

At the second intermission she found herself with a young business man, Lefty Ponds. He told her that he was a customer's man in a bond house in New York.

With him she walked out on the terrace, overlooking the lake. There was a water pagant that night and the series of brightly lighted floats made a gay procession. When the music began and the other young couples had gone back inside, Lefty asked Ann to sit out the dance with him.

They sat on the stone bench, looking down into the water. Ann flung her head back in the breeze, and took in the bracing mountain air.

"I've known you only 10 minutes," she said, "but I feel as if I've known you a long, long time. The mountains—"

"Vacation romance," Lefty Ponds replied smiling. "I may as well tell you frankly, I'm married. My wife and kids are in Europe. And I'm crazy about them, too."

"Oh!" Ann said. She looked at him a moment, then stood up. "See here!" he said. "You don't mind a little thing like that, do you?"

She faced him squarely. "No, I don't mind. I'm glad you came right out and told me. You dance divine-ly."

He stood up. "And I think you are divine in this moonlight. Where has Jaime been hiding you all this time?"

"Hiding me? I only arrived today," Ann said coolly. "But what was it you were telling me about Princeton? You played on the football team—"

"Of course. Don't you remember me?" Lefty asked proudly. "I was the one who ran 60 yards for the touchdown against Yale. That was eight years ago."

"I'm afraid I was rather young then," Ann said, smiling. "I couldn't remember."

"All the girls remember me," Lefty said.

"So?" Ann put in. "All the girls find you irresistible. What a marvelous man!"

"Not at all. But wait—don't go back in."

He caught her hand and drew her close to him. His kiss brushed her hair as she turned quickly away. Ann heard a soft laugh and, looking around, saw that Jaime was standing there.

"These vacation romances come fast and furious," he said.

"Guard my tongue," he said. He can set the tempo for the day, and by his own self-control restrain others.

PAMPA OF YESTERYEAR

TEN YEARS AGO TODAY

City Engineer A. H. Doucette was given charge of plans for the first unit of paving on city streets. Cuyler, Foster, and Alchison streets were paved.

J. L. Lester of Huntsville was employed to teach agriculture in the Pampa school system.

The Santa Fe rushed completion of 20 miles of side tracks needed for oil cars and increased freight business which came with discovery of oil a few months previous.

The city bought three acres of land to drill additional water wells. Mayor F. P. Reid asked residents to use water sparingly until the wells were completed.

The school board ordered new bleachers constructed for Harvest Park.

Gus Irwin tested an airplane that he had built. Before an audience of 1,000, Ronald Teague brought a new plane to Pampa airport to add to the half-dozen privately owned planes here.

Rains cut Sunday school attendance.

ONE YEAR AGO TODAY Pampa Road was widened, 8; Holsum Brewster, 4; in Denver Post baseball tourney.

Mrs. N. B. Cude of Kingsmill, Gray county entry, won third place in the state clothing contests for Home Demonstration club women at College Station.

Rain, wind, and an electrical storm did slight damage.

air races coming, the Chatterton air derby in connection—and things to be done about both.

She has had so many hours in the air that she can't remember the number—not even approximately," she says.

NEBRASKA BOY CONFESSES IN TEMPLE THREAT

Letter Written Last May to Child's Father

GRANT, Neb., Aug. 1 (AP)—Sterling W. Powell, 16, who admitted writing a letter threatening the life of Shirley Temple, child film star, unless her father paid him \$25,000 was free under \$1,000 bond tonight to await action on a federal grand jury.

Powell, a voracious reader of film and detective magazines and motion picture fan, pleaded guilty to an extortion charge before U. S. Commissioner A. F. Strelitz at North Platte today and was bound over to the next term of federal district court which begins June 8, 1937.

Sheriff Howard Betchel of Perkins county, Powell's home, signed the \$1,000 bond and brought the boy back here.

He said that Powell had told him "he never meant to go through with it" and did not go to the specified place to look for the money.

The letter, written last May to Shirley's father, George F. Temple, order him to drop \$25,000 "from an airplane near Grant, on May 15" or "the life of Shirley Temple will be endangered."

Temple, at Eureka, Calif., told authorities the letter was not noted until May 18, three days after the deadline. The Temples did not take the matter seriously and Shirley was not told of it. Temple called it "a silly action by some youngster."

Powell's arrest yesterday was announced by J. Edgar Hoover, chief of the Federal Bureau of Investigation, who said the youth was traced through scientific paper tests of the stationery used.

Circuit Rider's Wife Succumbs

LUBBOCK, Aug. 1 (AP)—Widow of West Texas' first Methodist circuit rider, Mrs. Mary Luella Dunn died unexpectedly of a heart attack at her home here this afternoon.

The 77-year old pioneer Texan had reared nine sons and daughters, had borne the privations of a circuit rider's wife, and yet had time to aid her minister-husband in the building of Methodist churches in Colorado, Sweetwater, Big Spring and Snyder. Rev. Robert F. Dunn, her husband, died of a heart attack here in 1929.

Survivors were: Dr. Sam G. Dunn and Misses Mary, Myrtle and Beulah Dunn, all of Lubbock; Dr. Nelson Dunn, Fort Worth; Robert Dunn, Los Angeles; Mrs. O. P. Clauch, Payport; Mrs. Lee Quillen, Houston, and John W. Dunn, El Paso.

URNS GIANT KILLER

FORT WORTH, Aug. 1 (AP)—Norman Rowland, a tall, slender young golfer just out of high school, turned giant killer here today in the semi-finals of the first invitation tournament of the Meadowbrook country club. He shot state champion Don Schumacher to the side line, 1 up.

CANTOR RELEASED

HOLLYWOOD, Calif., Aug. 1 (AP)—Eddie Cantor, pop-eyed comedian, was released by Samuel Goldwyn today from the film contract about which he has complained.

announced by J. Edgar Hoover, chief of the Federal Bureau of Investigation, who said the youth was traced through scientific paper tests of the stationery used.

Seabright Net Singles Won by Alice Marble

SEABRIGHT, N. J., Aug. 1 (AP)—Alice Marble of Los Angeles gave a superb exhibition of power and accurate stroking in the first real test of her comeback march today to overwhelm Carolyn Babcock, ranked fourth nationally, 6-0, 6-3, in the finals of the 49th annual Seabright tourney.

The blonde Californian took only 36 minutes to defeat the Wightman cup player.

In the men's doubles final, Wilmer Allison of Austin, Texas, signaled his probable retirement from competitive tennis by teaming with John Van Ryn of Philadelphia to overcome the national clay court champions, Robert Riggs of Los Angeles, and Wayne Sabin of Portland,

Oregon, in straight sets, 6-3, 6-3, 6-0. Allison and Van Ryn, the national doubles champions, retired the present Seabright bowl from competition by this victory. The last bowl was won in 1925 by William T. Johnston and C. J. Griffin.

Mrs. Dorothy Andrus of New York and Don Budge, the Davis cup star from Oakland, Calif., won the mixed doubles title in straight sets from Grace Wheeler, Santa Monica, Calif., and John McDiarmid of Fort Worth, Tex., who yesterday won the men's singles. The scores were 6-4, 6-4.

In the semi-finals Mrs. Andrus and Budge eliminated Mr. and Mrs. John Van Ryn of Philadelphia, 6-4, 6-4, while Miss Wheeler and McDiarmid overcame Miss Babcock and Allison 12-10, 6-4.

NEW JUDGESHIP URGED

HOUSTON, Aug. 1 (AP)—Creation of a new federal judgeship for South Texas has been recommended by Federal Judge T. M. Kennerly, he said today.

Foodstuffs Are Scarcer, Higher

CHICAGO, Aug. 1 (AP)—A week of rapidly rising basic foodstuffs prices, which set a general six year high closed today with new peaks for corn and other major farm products.

Corn brought its gains for the week to 17 cents a bushel. With a 4-cent spurt—the daily limit allowable—September delivery closed at \$1.08 1-2.

Other cereals rose also as forecasters saw little chance for any immediate change from the sunny weather which has daily increased the crop damage of the north-central and adjacent areas.

E. W. Snow, Chicago authority, said the retail price changes resulting from the drought probably would not be felt for several months.

But a report of the bureau of labor statistics in Washington listed a drop in potato prices of 13.5 per cent as the only item which prevented a rise in the general index of food prices in the last two weeks of July. The index declined 0.3 per cent, the report said.

The monthly report of the department of agriculture indicated the smallest world wheat supply since 1927 and said world prices were expected to average higher than in 1935.

LOGAN LEADING

LOUISVILLE, Ky., Aug. 1 (AP)—M. M. Logan, incumbent, increased his plurality over J. C. W. Beckham in their hotly contested race for the Democratic U. S. senatorial nomination as tabulation of today's primary vote proceeded slowly tonight. Returns from 663 of the senate's 4,296 precincts gave Logan, 35,973; Beckham, 29,359, and John Y. Brown, 18,434.

Convicts Riot In Oregon Pen

SALEM, Aug. 1 (AP)—Pangs of hunger failed to break the rioting spirit of 700 convicts at the Oregon penitentiary tonight as yells and shattering of window panes echoed from cell blocks where the defiant prisoners retreated yesterday following an unsuccessful escape attempt.

The 12 leaders of the revolt, staged in protest against a court ruling barring automatic release on good time credits, were in the "bull pen," taken there after the riot was quashed with the aid of state police. One prisoner was killed and two others wounded, one seriously, in a dash for the walls.

Warden James Lewis refused dinner to the rioters last night and they were given no food today. Preparations were made for trouble when the first meal is served, possibly Sunday morning.

Guards, working in pairs, patrolled the cell blocks, armed with small tear gas guns, and attempted to quiet the defiance of the rioters, but met with little success. State police details remained at the penitentiary to aid the warden subdue the howling mob.

UNIFICATION FAVORED

AL GRANGE, Oore., Aug. 1 (AP)—Unanimous sentiment in favor of unification of the three branches of Methodism was announced here this morning by Bishop James Cannon, Jr., of Los Angeles, after the installation of the 71st annual conference of the Methodist Episcopal Church, South, Northwest Area. It was the first time the unification proposal was brought before a Methodist Church, South, conference of this kind.

Jimmy Haritos is thought to be the only Greek jock on American race tracks.

great rush to the Alaskan country, when the cry of gold was heard round the world from the Yukon and the Klondike... that Lloyd broke into the "limelight" of the world. For it was after the colorful life of the veteran that the late Jack London, the famous Oakland author, wrote the story of "Burning Daylight," a story of the North country that will live forever.

Speaking of the days in the Alaskan rush, Jack recalls that Tex Rickard hit the country "broke". How Alex Pantages and Tex both worked as "flunkies" before Tex opened up the famous Great Northern... how Rex Beach was on his uppers while getting data for the "Silver Horde," and how many of the celebrities of today... in all walks of life were just "men about town" in the various camps.

Spins Western Yarns
All of the western camps in the mining industry knew "Daylight," and he recalls the best of the camps as he spins his vast experiences... Virginia City... the "hey day" town of all times... and Mark Twain it's greatest character, Silverton and Silver City, Ely and Tonopah, Carson City and Reno, Death Valley and it's famous "Scotty"... Cripple creek and its hundreds of camps... Leadville... with the one and only "Silver Dollar" Taber... Deadwood and its colorful characters of Deadwood Dick, Doc McCall, Poker Alice and Tex Orley, Keystone, its Holy Terror mine and famous Casey, Butte and Helena, the Cour d'Alene and its wild and woolly camps of Wallace Mullin and Kellog, Goldfield and Gold Hill, Bingham Canyon and Preacher Jack, Bisbee and the one and only Tombstone... with its original "Boot Hill" cemetery.

Since the cry of oil has attracted world-wide attention, Jack has followed the string of "Silver Dollar" Taber... Deadwood and its colorful characters of Deadwood Dick, Doc McCall, Poker Alice and Tex Orley, Keystone, its Holy Terror mine and famous Casey, Butte and Helena, the Cour d'Alene and its wild and woolly camps of Wallace Mullin and Kellog, Goldfield and Gold Hill, Bingham Canyon and Preacher Jack, Bisbee and the one and only Tombstone... with its original "Boot Hill" cemetery.

In Florida Boom
During the great Florida real estate boom, Jack sat at the desk of the Palm Beach Times... and was also on the Miami Tribune for a while in that excitement.

When the Dempsey and Gibbons fight was promoted for Shelby, Mont., Jack rushed to that section of the country, and was on the staff of the Shelby Promoter... the daily paper of that famous Montana oil town.

Military experiences and adventures also have taken up some of the veteran's time, and like all good soldiers of fortune, Jack has done his hitch in the French Foreign Legion, and knows what it means to be sent to the "last outpost" and what the life of beau geste really involves.

In the World War he served with the intelligence department of the British army; in the Boer war he was with Lord Kitchener's outfit; in the Russian and Japanese affair he was with a C-sack unit; in the last Ethiopian fighting he was with the "White Legion," and he was one of the early adventurers that joined "Teddy's" Rough Riders in the Spanish American war.

Three Years With Villa
Of all his adventures, Jack tells you that the three years he was with Pancho Villa were the greatest of all. Villa, he says, was one of the greatest men that he ever fought under. Jack wears the first "dobby" dollar that Villa gave him for a watch charm, and he carries the cane today, that Francisco Madero carried the day he was assassinated.

Down in Nicaragua, where the bandits were still rampant that winter, when the latter... his famous revolution, and was forced out of the country, when the earthquake almost wrecked the entire country.

revolution that has "made page one" has seen Jack in action, and he cites especially that he has been in more than a half dozen affairs in Cuba alone.

Speaking of war, Jack believes that all the world will be in another war before the year has passed, and that when the final showdown is made, Great Britain, France, Russia and the United States will have to battle the rest of the world, for, as he points out, these countries control more than 80 per cent of the natural raw resources of the world, and more than 96 per cent of

the oil and no country in the world can expect to become a military power that does not have its own oil fields.

Sees Roosevelt Victory
Having traveled in 37 states of the country in the past 11 months he states that throughout the entire country, the "little man," the average American citizen, is the one who will re-elect Roosevelt, for everywhere, the people of the voting power have told him that they will vote for Roosevelt to continue his great program, so that the social justice bills may get a real trial.

The greatest point that the people tell Jack about, he says, is the work of the C. C. C. organization, that has put more than two million men through its organization. The western mining people praise the President, because for the first time since the days of '93 mines from the Rio Grande to the Canadian border are all working... and getting the best price ever known for their ores. The farmers, he says, are for Roosevelt. Instead of 18-cent wheat, today they are receiving more than a dollar, and even the middle class people tell him that it is the first

time in their memory that conditions are improving during a presidential election year.

The last time that Lloyd was through Pampa was in the "building" of a real town. The veteran was more than surprised to see the great modern city that has been built out here on the prairie—made possible through two great industries, oil and carbon black.

Almost every newspaper in the Panhandle had Lloyd at one time or another on their staff, and he was one of the early day writers

for the Herald in Borger, and on the old Panhandle in Amarillo.

Panhandle Oil Potential Is 732,414 Barrels, Files Show

Possible Production Represents 2,825 Wells

The Panhandle oil potential was 732,414 barrels last week after new production had been added.

Other totals for the week: Number of wells, 2,825; number of marginal wells, 909; potential, 732,414 barrels; marginal oil, 47,129 barrels; exempt oil, 1,239 barrels; prorable oil, 682,892 barrels; allowable, 59,490 barrels.

These figures represented the four oil-producing counties as follows:

Carson County. Number of wells, 302; marginal wells, 135; potential, 37,051 barrels; marginal oil, 4,864 barrels; exempt oil, 40 barrels; prorable oil, 32,147 barrels; allowable, 5,371 barrels.

Gray County. Number of wells, 1,509; marginal wells, 347; potential, 310,273 barrels; marginal oil, 24,666 barrels; exempt oil, 926 barrels; prorable oil, 284,681 barrels; allowable, 29,724 barrels.

67 PER CENT OF TEXAS CRUDE OIL MANUFACTURED IN STATE

DALLAS, Aug. 1 (AP)—Sixty-seven per cent of the crude oil produced in Texas is converted into manufactured products by refineries within the state, figures released by the Mid-Continent Oil and Gas association of Texas show.

This information, says a statement by the association, is substantiated by figures for 1935, compiled by the U. S. Bureau of Mines and the Petroleum Administrative Board, Washington, which show that Texas produced 31,097,000 barrels of crude last year of which 262,925,000 barrels were utilized by home refineries.

The association's statement, giving the 1935 figures of the Petroleum Administrative Board as authority, says Oklahoma refined 27,422,630 barrels and shipped 138,000,000 barrels to other states or consumed within the state.

"This," the statement adds, "means that Oklahoma utilizes only 29 per cent of its raw material against 67 per cent consumed by Texas oil refineries."

"A balance sheet of the Texas oil industry shows crude oil is shipped to 20 other states and well as to numerous foreign countries. Texas also receives crude from Oklahoma, Louisiana and New Mexico, as well as some foreign oil, a portion of which is reshipped in interstate and foreign commerce."

"Texas leads the world not only as the largest producer of crude oil but also as the largest manufacturer of petroleum products," the statement continues. "In 1935, Texas produced 40 per cent of the nation's crude oil supply and its 197 refineries processed 27 per cent of all the manufactured into petroleum products in the United States."

SWEET, SOUR GAS ALLOWABLES FOR PANHANDLE FIELD ARE SET

SPECIAL ORDER FIXING ALLOWABLE PRODUCTION OF SWEET AND SOUR NATURAL GAS IN THE PANHANDLE DISTRICT OF TEXAS FOR THE MONTH OF AUGUST, 1936.

The commission, after due notice as required by the statutes of Texas held a public hearing on July 16, 1936, at Austin, Texas, relating to the production and regulation, for the month of August, 1936, of the production of sweet and sour natural gas in the state of Texas in accordance with the provisions of House Bill No. 266, passed by the Forty-fourth Legislature of Texas (1935), and threat the commission received and heard evidence and gave all parties an opportunity to be heard.

From the evidence introduced at said hearing, together with that which was received by the commission at previous hearings involving the Panhandle gas field and which was re-introduced and considered as a part of the evidence at the said hearing on July 16, 1936, the commission finds that said findings are supported by the evidence received and considered at the said hearings, and from intensive study of these fields through its engineering staff, and from a personal study and investigation by the commission.

It is therefore ordered that, except as heretofore and hereinafter otherwise ordered, all the provisions, directions, rules, regulations and orders set forth and contained in the basic order relating to the Panhandle gas field and the different zones thereof be and the same are hereby adopted and promulgated and continued in force and effect for and during the month of August, 1936, and that same shall continue thereafter in force and effect until otherwise ordered by the commission.

It is further ordered that the daily allowable gas production computed on the basis set forth in House Bill No. 266, in said zones respectively, for and during the month of August, 1936, and thereafter until otherwise ordered by the commission, shall be as follows:

East Panhandle sweet gas field: 114,860,000 cubic feet daily.

West Panhandle sweet gas field: 519,983,000 cubic feet daily.

Panhandle Sour Gas field: 486,567,000 cubic feet daily.

and the same shall be allocated and prorated among the gas wells in said zones respectively on the basis directed and ordered in said basic order, and the amount of gas each well is allowed to produce monthly in accordance herewith, shall constitute its monthly allowable production, subject to adjustment by the system of recrdation and calculation of gas well deliveries, but no well shall in any event be permitted to produce in excess of twenty-five (25) per cent of its open-flow capacity daily. Schedules shall be prepared and available to all gas well owners accordingly.

It is further ordered that this docket be kept open to consider any claims of discrimination or hardship which might result by virtue of this order, and that the commission is anxious to hear at public hearing, in accordance to law, evidence pertaining to any peculiarities of any or all of the gas field, or reservoirs and or gas wells affected by this order.

The Quaker State Oil Co. Zurich No. 1 in South Union County, N. M. is now drilling at a depth of 1,800 feet in sandy lime, the well having had gas showings since they passed the 1,100-foot level. The formations of this well so far have been checked with the Moore county big gas wells.

G. C. Stark, secretary-treasurer of the Quaker State, L. W. Tarkenton, president, Charles H. Mundy Sr. returned Thursday night from San Miguel county where they have spent a week assembling two large blocks of acreage for the Quaker State Oil company. It is reported that each of these blocks is located on two of the best structures in New Mexico. One well was drilled on one of these structures in 1925-26 and encountered approximately 30,000,000 feet of carbon dioxide gas flow from 1,200 feet to 2,200 feet.

It is the Quaker State's plan to develop this gas district and build a dry ice plant for the manufacture of dry ice.

6 NEW WELLS COMPLETED IN PLAINS FIELD

2,447 BARRELS ADDED TO PANHANDLE POTENTIAL

A drop in the new potential last week was more than offset by new locations in the Panhandle field. The week ending July 26 added 4,689 barrels of oil to the field potential, while the potential during the last week was only 2,447 barrels.

The new oil represented six completions, three in Hutchinson, two in Gray and one in Wheeler. Four gas wells were completed, two being in Moore county, one in Carson and one in Gray.

Oil completions for the week were: Gray County. Champlin Refining Company's No. 11 McLaughlin, tested 679 barrels with the hole bottomed at 3,006 feet.

and the pay coming from 2,880-85 and 2,930-006 feet. Texas Company's C. S. Barrett No. 4 had a potential of 608 barrels from a total depth of 3,442 feet. Pay was encountered at 3,135-3,242 feet.

Hutchinson County. Timms-Robinson's Moore No. 2 had a potential of 360 feet. Gulf Oil Corporation's No. 6 Pitcher was bottomed at 3,178 feet in the lime, with pay from 3,105-3,135 feet.

Gray County. Harry Stekol's No. 1 Wisdom tested 195 barrels. Total depth was 3,133 feet, the pay coming from 3,010-3,088 feet.

Wheeler County. Skelly Oil Company's No. 22 Johnson was drilled to a total depth of 2,899 feet in the granite wash. Pay was hit at 2,593-2,597 feet.

Moore County. Texas-Interstate's No. 1 Brown tested 53,731,000 cubic feet of gas with 402 pounds of rock pressure. A&K Petroleum Company's No. 2 Wilbur tested 58,765,000 cubic feet of gas with 410 pounds of rock pressure.

Carson County. Texoma Natural Gas Company's No. 3-G Burnett, had an initial production of 53,105 cubic feet of gas with 384 pounds of rock pressure.

Gray County. Eben D. Warner's No. 1 Park tested 3,142,000 cubic feet of gas with 420 pounds of rock pressure.

compiled with charges will be filed Monday against any alleged offenders.

Officers said it was not the plan of the sheriff's investigators to arrest any offenders during the check-up early today.

Any found violating the grand jury recommendation will be cited and ordered to appear in court to answer charges of violating the midnight closing law.

Officers said most of the proprietors, when notified, indicated they would abide by the jurors' request. Some intimated they might elect to fight the order in the courts.

In their report the grand jurors requested city and county law enforcement officers to "see that all public dance halls, beer bars and liquor stores be closed as the law provides at midnight each Saturday night and remain closed until 7 a. m. Monday."

The jury's order continued: "This plan and must be done, and we know that the people of Gray county as a whole do not want this condition to exist."

er Faulker, Democratic county chairman, and following a ruling from Attorney General William McCraw, the resignation was accepted.

The action means that the name of Charles I. Hughes will be certified by the Democratic executive committee as the nominee for the post. The name of Mr. Graham will not appear on the second primary ballot.

In the first primary contest for the office, Hughes received 1,219 votes, Graham 741 votes, and Jesse was third with 603 votes.

Graham's letter of withdrawal, submitted to the county chairman follows:

"In view of the fact that Mr. Charles I. Hughes lacked such a small number of votes of receiving a majority of the votes cast in the first primary election for Justice of the Peace, Prec. 2, Place 1, and in view of the fact that a majority of the voters have indicated that they do not desire me as the nominee for this place, I hereby tender to you my request that my name be omitted from the ticket as a candidate in the second primary election and request that you certify Mr. Hughes' name to the proper authority as nominee."

No. 3
(Continued From Page 1)

Outside of adopting a platform of principles, the only discretionary work left to the Democratic convention is the naming of a new state chairman and a new state executive committee. Gov. James V. Alfred having dominated these selections at the Galveston convention two years ago and there having been no rifts in his ranks it is reasonable to expect practically the same party organization to be maintained for the ensuing two years. After that will come the complete turnover always incident to a new governor.

Blalock to Stay.

Myron G. Blalock of Marshall can continue as state chairman if he so desires and he probably will remain at the party helm. The committee men also probably will hold their seats. The Republicans also named a state chairman and state committeeman besides making state office nominations. Although R. B. Cramer of Brownsville, Republican state leader, remains at the head of his party, there may be a change in the state chairmanship due to the recurring illness of T. P. Lee of Houston, the incumbent. Lee will be re-elected if he is named. Thus far no one has been censured as his possible successor should be asked to step out. The Republican state committee, like the Democrats, will remain much the same.

John Grant, Houston lumberman, is a receptive candidate for the Republican gubernatorial nomination. He is not a strong contender, like most nominees, and that may stand in his way as the Republicans plan to make a vigorous appeal to the electorate this fall.

Orville Bullington of Wichita Falls polled the largest Republican gubernatorial vote in the history of the state with a total of 317,807 to 528,985 for Mrs. Miriam A. Ferguson in 1932. Bullington is an exhorter of an appealing type. His vote exceeded that of Dr. George C. Butte in the old Klan fight of 1924, when Bullulock's vote was 284,970 and Mrs. Ferguson's 422,558. Two years ago the Republican candidate, D. E. Waggoner, received the small total of 13,534, compared with 421,422 for Alfred.

With no hope of winning the state election little importance attaches to the platform the Republicans adopt. Necessarily it will be patterned after the Cleveland declaration of principles.

With Gen. Emilio Mola's rebel army at Robledo, Spain, Aug. 1—dead and dying soldiers, victims of initial skirmishes between fascist leftists, tonight paved with blood the insurgent roadway to Madrid.

From dawn until dark the advance posts of the opposing armies, the one bent on capturing Spain's capital city, the other on defending it at all costs carried on guerrilla attacks.

Slinging, which went on incessantly, took a heavy toll on both sides.

From their headquarters the Fascists could look southward to the heights of the Guadarrama which, splendidly fortified by the government, barred their way to the capital city, 40 miles distant.

Colonel Garcia Escamez, column commander, added 2,000 monarchists and irregular troops, as well as army artillerymen, to his 3,000 men besieging Buitrago, a mile and a quarter from here.

MORE PWA WORKERS

ABCARD' ROOSEVELT TRAIN EN ROUTE TO HYDE PARK, N. Y.

Aug. 1 (AP)—After a personal check-up in flood control relief situations in Vermont and New Hampshire today, President Roosevelt told newspapermen aboard his train he was going to insist on a larger ratio of relief workers being employed on PWA projects.

Australian amateur athletes are not allowed to receive instruction from professionals.

MOTHER SLAIN WITH HATCHET BY DAUGHTER

'MOST COLD-BLOODED' GIRL SPURRED ON BY SWEETHEART

BAYONNE, N. J., Aug. 1 (AP)—Gladys MacKnight, 17, called the "most cold blooded girl" he had ever seen by Chief of Police Cornelius O'Neill, calmly confessed today she hacked her mother to death with a hatchet while her young sweetheart cried "hit her again."

A late supper which delayed their tennis game was blamed by the pair, Chief O'Neill said, for the quarrel between mother and daughter which preceded the slaying in the kitchen of the MacKnight home last night. O'Neill said the girl's apparently ungovernable temper had been the cause of repeated verbal clashes between the two.

After signing statements, Chief O'Neill said, the girl changed from tennis clothes to a pink summery dress for the arraignment at which she and her companion, Donald Wightman, 18, radical religious hour singer, were ordered held for the

grand jury on first degree murder charges.

Her unconcerned manner contrasted sharply with the extreme nervousness of young Wightman. His hand's twitched but the girl was smiling affectionately at him.

O'Neill said Wightman was the first to "break" after the pair was arrested in Jersey City following a ride to Somerville, during which they stopped once to buy beer and sandwiches and once to hug and kiss each other. The girl confessed only after being shown Wightman's signed statement, O'Neill said.

"Gladys, I have told the police the truth, and I want you to do that also," O'Neill quoted Wightman as saying.

"So what?" was her reply, the chief said.

SEEK PRISONERS

LIBERTY, Aug. 1 (AP)—Peace officers in scores of East Texas counties late today were on the lookout for the six prisoners who escaped the county jail here at noon by overpowering S. S. Hudgins, jailer, and a negro trustee, Mrs. Pat Lowe, wife of the sheriff, spread the alarm of the jail break by telephone within a few minutes after the six escaped in Jailer Hudgins' new (Plymouth) automobile.

vener at nature and had not been occupied for some time prior to its occupancy by relief forces. Tons of records of the state relief commission and the WPA were destroyed. Over 10,000 garments produced by the federal sewing unit here and three car loads of flour were reduced to ashes. The flour was to have been distributed Monday.

Jenkins, who had been a member of the department for only a few months, is survived by his widow and three children. Daughters, a veteran fireman, leaves his widow and four children.

City officials were unable tonight to say what started the fire.

Firemen believed an accumulation of gas may have contributed to the explosion which cut the men off from escape.

Early reports that another man and a woman perished in the flames were declared without foundation late tonight when firemen searched the smoking ruins and failed to find additional bodies. No one was missed so far as a checkup tonight could show. A spectator who arrived at the scene before the firemen came said he believed he had heard screams.

Norman Baines, superintendent and general manager of the warehouse, estimated the loss in canned goods and other merchandise to be around \$5,000. The value of the building was set unofficially at \$25,000.

LANDON LABOR OPINION FIRES NEW DEALERS

ICKES TO GIVE MAJOR ANSWER MONDAY NIGHT

BY EDWARD J. DUFFY, Associated Press Staff Writer.

WASHINGTON, Aug. 1 (AP)—With political speechmaking gradually ranging the whole field of New Deal policy, the dispute over Gov. Alf M. Landon's labor position is widely regarded as a preview of the rough and tumble campaigning expected in the fall.

In a week which saw Col. Frank Knox accept the Republican vice-presidential nomination and witnessed a move to coalesce anti-Roosevelt Democrats, the assertion by Landon that unions have no right to promote "the organization of an unorganized industry" aroused special contention.

Both President Roosevelt and his rival led the running debate for the present to subordinate. Having ended his vacation with a visit to Quebec, the President devoted part of his return trip today to conferences on New England flood

prevention. He and James A. Farley, who took leave as postmaster general yesterday to devote all his time to managing the re-election drive, are expected now to proceed with more definite speaking plans.

In Topeka, Gov. Landon gave attention to conferences on aid to drought-blighted sections of Kansas, and discussed the business situation with some visitors and the campaign with Senator Vandenberg (R. Mich.), former Governor Gifford Pinchot of Pennsylvania and others.

A Roosevelt backer four years ago, Pinchot said Landon is "a practical progressive" and pledged his support. It was announced there subsequently that Secretary Harold L. Ickes, who worked for the Bull Moose ticket in 1912 as did Pinchot, would discuss the Landon record "as a practical progressive" in a broadcast next Monday night.

This will be, it was said at Democratic headquarters here, another "major answer" of the administration to the Landon position.

LINDY'S AT OPENING

BERLIN, Aug. 1 (AP)—Col. Charles A. Lindbergh and Mrs. Lindbergh were obscure figures among the 100,000 spectators who attended the opening of the 11th Olympic games today. They planned to sit in the seats, but didn't sit with the high hats in the honor tribune nor did their names appear on the honor lists.

France Laueche, Appeal

PARIS, Aug. 1 (AP)—France tonight launched an appeal to world powers not to intervene in Spain's civil war, coupled with a warning to any nations backing the rebels. The government officially announced its investigation had shown that "foreign powers" were supplying the Spanish rebels with war materials, which fact "forced" France to reserve her liberty of judgement in supplying arms to the leftist government.

MISS GRAHAM IS BRIDE OF MR. HAMILTON IN HOME WEDDING Country Club Members Have Guests Friday; Will Golf, Dine, Dance Next Week

CLUB HOUSE IS SOCIAL CENTER ON WEEK-ENDS

DATE IS CHANGED FOR BI-WEEKLY EVENING PROGRAM

The Country Club house, which has become a summer social center, will be the scene next Friday of the bi-weekly Scotch foursomes, dinner, dancing, and bridge for members, following a dance for members and friends Friday evening of the past week.

Friday, instead of Wednesday, has been chosen for next week's evening of entertainment. Hostesses will be Misses Fred Cullum, Dan Williams, T. F. Smaling, and C. T. Hunkapillar.

Golf matches will start at 6 o'clock. Prospective players are asked to notify one of the hostesses or Mrs. Del Love in advance. Picnic lunches will be brought by the members for the dinner. Each box is to contain chicken, salad, and watermelon.

Both round and square dancing are on program for the evening in the club house ballroom. The Guthrie orchestra of three pieces will play. For those who do not care to dance, bridge games will be arranged.

The dance this week-end was open to invited guests of club members as well as their families. About 50 couples enjoyed dancing to the music of the Hippis orchestra.

Guests who registered were Messrs. and Mrs. Ed Damon, B. M. Behrman, Frank Perry, Karl E. Nichols, Huff, George R. Wallace, Jess Patton, Tom L. Wade, R. M. Klinger, Don Conley, J. W. Garman, Hamp Waddell, Lynn Boyd, S. Davis, C. N. Barrett, Arthur Swanson, Carl Lueders, Finis Jordan, A. M. G. Maxine, Wheatley, Janice Purviance, Sue Dodson, Lucille Bell, Lillian Rice, Sue Vinson, Martha Jones, Peggy Arnold, Mrs. Mary Ellen Webb, Mrs. J. H. Gallinger, Mrs. C. C. Cook.

Revival Starts This Week With Girl Evangelist

A girl evangelist from Oklahoma City, Miss Lois Watson, will preach the first sermon of a revival at the Full Gospel Temple, 500 S. Cuyler, this evening.

Services planned, the Rev. H. E. Comstock, pastor, makes this announcement. "Miss Watson is an able speaker, a sign to the fulfillment of the prophecy in Joel 2:28, 29, and Acts 2:15-18. She is an earnest contender for the faith that was once delivered to the church, preaching only the Bible, the word of God."

A lively song service of old-fashioned hymns will be a feature of each service, beginning at 7:45. The public is invited to attend the opening meeting and those to follow.

Homecoming for Church Is Today

A homecoming for former and present members of the First Baptist church at White Deer is announced for today by the Rev. Herman Coe, pastor.

This is an annual occasion, for which all members and their friends are invited to be present.

Mrs. Irwin's Home Is Scene for the Party Friday

Mrs. Philip Wolfe, leaving Pampa soon to make her home in Corpus Christi, was the honoree at a party coffee given by Mrs. Sam Irwin at her home Friday morning. Members of the Treble Clef club, of which Mrs. Wolfe is past president, and other friends made up the guest list.

Informal talk and music were on program for the hour. Miss Lorene Bastion sang a solo, "Without Thee, De Harlelot. Mrs. Walter F. G. Stein accompanied her, and also played two piano numbers, Waltz in A. Flat, Brahms, and Waters of Minnetonka, Lianeure.

Responding to requests, Mrs. Wolfe sang, playing her own piano accompaniment.

She was presented with the decorated guest book, in which each one present wrote a wish for her happiness and success. Members of the Treble Clef club also presented her with a fitted traveling case, in appreciation for her leadership and work in the club.

Coffee, dainty sandwiches, cookies, and pink and white mints were served from a lace covered table centered with a bowl of petunias and lighted with four white tapers.

The guest list included Misses Wolfe, Fred Cullum, C. O. Dodd, Dave Dodge, Ralph Dunbar, J. W. Garman, John Hann, John Horner, Ray Huling, Harry Lyman, J. C. McWilliams, Bob McCoy, L. K. Stout, C. W. Ferguson, L. A. Oldfather, Harry Hoare; Misses Jimma Searcy, Sue Vinson, and Frances Stark.

F. M. Hood, formerly local manager of the United Dry Goods Store, will go to Sweetwater, Tex., where he will become manager of a new store the company is opening there.

13TH BIRTHDAY CELEBRATED IN HOSPITAL BED

Boy's Friends Make Day a Gala One With Party

Although his 13th birthday was celebrated in Worley hospital, where he is receiving treatment for a knee injury, the day was a gala one for Johnny Garman Friday.

Boys from his Scout troop and other friends took a birthday cake and a collection of gifts to his room. In the party were LeRoy Malone, Neil McCullough, Jimmy Warner, Jacob Garman and John Frisbee of McAllen.

Another gift which added pleasure to the day was a sunshine bag prepared by a group of women from Holy S-c-us church and presented as a birthday surprise.

Johnny is the son of Mr. and Mrs. J. W. Garman. He is reported improving after a stay of several weeks in the hospital.

Emergency Food Shelf Furnishes Meals in Hurry

Department of Home Economics, Texas State College for Women. DENTON, Aug. 1.—Every efficient housewife has an emergency food shelf. Of course she plans adequate food for the group she intends to serve, but so often unexpected guests arrive, and it is her business to supply sufficient food for the group.

A well planned emergency shelf might contain a small supply of evaporated milk or milk powder, canned meats, fish, soups, fruits and vegetables. With dried fruits, a small assortment of wafers or crackers, and the usual daily supply of quickly prepared fresh foods, a meal can be prepared on time regardless of interruptions. At least one hot dish should be supplied at each meal. Canned chicken or vegetable soup can be quickly prepared.

FILLED COOKIES: 1 cup sugar, 1/2 cup shortening, 1 egg, 1-4 cup milk, 1/2 tsp salt, 1 1/2 tsp baking powder, 1/4 cup flour, 1/2 tsp vanilla. Filling: 1 cup dates, cut in pieces, juice of 1/2 lemon, 1/2 cup sugar. Mix the dough using additional flour as needed. Roll less than one-eighth inch thick. Cut with medium size cutter. In the center of each place a scant teaspoon of the date mixture. Cut out the center with a small cutter less than one inch. Place over the fruit. Bake in a moderate oven. Filled cookies keep very well for several days.

BACON OMELET: 1-4 cup bacon, 4 egg yolks, 1-4 cup cream, 4-4 tsp salt, 1/2 tsp celery salt, 1/2 tsp paprika, 1/2 tsp minced parsley, 4 egg whites, beaten, 2 tbs butter. Beat yolks with cream and seasonings. Fold in whites and pour into butter, heated in frying pan. Heat slowly until omelet has become puffed on top and is brown underneath. Sprinkle with the cooked bacon and fold half over. Cook 3 minutes. Carefully turn onto heated platter.

CORNERED BEEF SANDWICHES: 1 cup cooked, corned beef, 1-3 cup salad dressing, 3 tbs chopped canned pimentos, 1-4 tsp salt. Mix thoroughly the corned beef, salad dressing, the chopped pimentos and salt. Spread between slices of bread spread with butter. Heat in frying pan. Fill with filling from 6 to 8 sandwiches.

ARICOT LOAF CAKE: 1/2 cup fat, 1 cup sugar, 1 egg, 2-3 cup milk, 1 tsp vanilla, 1 tsp grated orange rind, 1-4 tsp grated lemon rind, 1-3 cup chopped dried apricots, 1/2 cup nuts, 1-13 cup chopped candied pineapple, 2 cups flour, 3 tsp baking powder, 1/2 tsp soda. Cream fat and sugar. Add rest of ingredients and beat thoroughly. Pour into loaf pan lined with waxed paper and bake thirty-five minutes in moderately slow oven. Cool and serve, cut in thin slices. This cake requires no frosting.

Girls of Scout Troop Will Plan A Camping Trip

Girl Scouts of troop one will meet at the Little House Monday morning at 9 o'clock, when plans will be made for a Scout camp. All girls interested are invited by the captain, Mrs. Clarence Coffin, to be present. The camp will be open only to paid Scouts. Girls are reminded that membership dues are 50 cents a year.

Mrs. Balch Has Party for Club

A table of Merry Mixers club members and a table of guests enjoyed bridge at the home of Mrs. Tony Balch Tuesday. Dainty refreshments were served after the games.

Special guests were Misses J. C. Teeters, P. G. Tilley, and D. E. Williams and Miss Lora Ward. Members were Misses H. O. Simmons, F. H. Meskimen, B. C. Fahy, and Balch. Mrs. Meskimen scored high for members and Mrs. Tilley for guests. Mrs. Simmons low, and Miss Ward held the traveling package.

FAMILIES AND FEW FRIENDS ARE PRESENT

HOME WILL BE HERE AFTER A TRIP TO COLORADO

In a late afternoon ceremony at the home of the bride's parents, Mr. and Mrs. J. W. Graham, Miss Evelyn Graham and Lloyd Hamilton were married Friday at 6:30. The Rev. John S. Mullen, First Christian minister, read the ring service.

White asters decorated the living room where several relatives and friends of the couple were seated to witness the marriage. The bride wore a daytime dress of white satin trimmed in pink, with a corsage of pink rosebuds.

A wedding cake centered the lace covered dining table, surrounded with pink gladioli and baby breath. The bride cut the cake, which was served with iced punch.

Guests for the wedding and informal reception were Mr. and Mrs. Cyril Hamilton, parents of the groom, Mr. and Mrs. Mack Graham, and Nancy Joyce, Mr. and Mrs. T. L. Wade, Mr. and Mrs. Lloyd Stevens, Mrs. Tom Price, Mrs. Haskell Maguire, Mrs. J. T. Hoy, Mrs. Sam Short, Mrs. Aleta Burrus, Miss Ruth Barnard, Miss Irene Irvine, Miss Jerry Mitchell, Miss Burton Tolbert, Miss Jo Flanagan, Virginia Graham, Jess and Ralph Hamilton, and J. W. Graham.

Mr. and Mrs. Hamilton left Saturday for Colorado. After the trip, they will be at home on North Somerville street.

Both are popular young Pampa residents, graduates of Pampa high school. Mr. Hamilton was a member of Harvester football team. He is now employed with the Magnolia Petroleum company, and the bride has been in the office of the Southwestern Investment company. Parties last week were given by friends as pre-nuptial courtesies for her.

Melon Feast and Games Entertain Girls and Boys

A watermelon feast on the Presbyterian church lawn entertained the intermediate division Friday evening, with the Rev. L. Burney Shell and Mrs. Shell as hosts.

Informal reports of the recent intermediate summer conference at Ceta Canyon were given by the girls and boys who attended from Pampa. Two visitors, Misses Eva Foreman and Mary Frances Jones, were with the members, Mmes. T. E. Kenney, Wheeler Paris, Elnis Jones, Floyd McLaughlin, Ransom Carter, and Sam Arnett. The hostess served ice cream and cake in the afternoon.

The next meeting will be with Mrs. Wheeler Paris on Aug. 12.

All-Day Quilting Enjoyed by Club

LAKETON, Aug. 1.—The Get Together club had an all-day meeting at the home of Mrs. Jay Evans Wednesday. The day was spent quilting. Each member brought a dish for the delicious fried chicken dinner that was served at noon.

Two visitors, Misses Eva Foreman and Mary Frances Jones, were with the members, Mmes. T. E. Kenney, Wheeler Paris, Elnis Jones, Floyd McLaughlin, Ransom Carter, and Sam Arnett. The hostess served ice cream and cake in the afternoon.

Mrs. Salmon Is Recent Hostess

Mrs. R. M. Salmon entertained at her home Friday with a shower for Mrs. LaFon McKenzie. Guests spent the afternoon embroidering a nursery rhyme quilt for the honoree. A string game led Mrs. McKenzie to a heap of gifts.

A salad course was served to Misses McKenzie, A. A. Day, D. B. Nash, J. F. Henderson, W. H. Fray, C. P. Fisher, Howard Giles, Wesley Leveyer, rhyme quilt for the honoree. A string game led Mrs. McKenzie to a heap of gifts.

Mrs. Balch Has Party for Club

A table of Merry Mixers club members and a table of guests enjoyed bridge at the home of Mrs. Tony Balch Tuesday. Dainty refreshments were served after the games.

Special guests were Misses J. C. Teeters, P. G. Tilley, and D. E. Williams and Miss Lora Ward. Members were Misses H. O. Simmons, F. H. Meskimen, B. C. Fahy, and Balch. Mrs. Meskimen scored high for members and Mrs. Tilley for guests. Mrs. Simmons low, and Miss Ward held the traveling package.

Jack Mann entered Pampa-Jarrett hospital yesterday for medical attention.

She Knows Her Texas

It pays to study Texas! That's what Mrs. Bernice Huff of Lamesa discovered when she won first prize in the "Romantic Texas" contest sponsored by The Texas Weekly in connection with the forthcoming publication of Peter Molyneux's popular history, "The Romantic Story of Texas." Wife of a crew foreman for an oil company in West Texas, Mrs. Huff journeyed to Dallas to receive her check for \$2,250 in a special ceremony announcing the contest winners. Shown with her above is former Governor Dan Moody who made the presentation on behalf of Editor Molyneux in a state-wide broadcast.

Sowing and Reaping

IN HUMAN experience one must first sow before one can reap, and one reaps what one sows. If one sows panny seeds in a garden, one does not expect chrysanthemums to appear. Rather does one watch eagerly for the first green of the pansy plant to push its way through the earth, already violating the velvet flowers to follow. If, on the other hand, weeds are allowed to grow in a garden, what can be expected but a growth of weeds. Therefore, a wise gardener is careful in his sowing and watchful in his weeding.

In Deuteronomy, Moses is recorded as saying (22:9), "Thou shalt not sow thy vineyard with divers seeds: lest the fruit of thy seed which thou hast sown, and the fruit of thy vineyard, be defiled." Even if one is careful in one's selection of seeds, with the first appearance of the dainty plants may come the harmful weeds. Anyone who has done much gardening knows how aggressively the weeds strive to outdo the plants, and what alertness is required to see that the weeding keeps pace with the eager pushing forward of the desired plants.

Mary Baker Eddy writes in "Miscellaneous Writings" (p. 343), "The weeds of mortal mind are not always destroyed by the first uprooting; they reappear, like devastating witch-grass, to choke the coming clover." How we all dislike to see a weed-clogged, overgrown garden! And we realize the work involved before all devastating weeds are cleared out; for, from the time of ripening, their seeds have not only been re-seeding their immediate vicinity, but have also been blowing hither and yon to interfere with the neighbors' gardens. Occasionally, if the weeds are rank on the adjoining property, the one whose garden is clear may be tempted to be annoyed, and even to feel that punishment should come to those responsible for letting the weeds scatter their seeds. But immediately comes the realization that if any weeds have been left in one's own garden, they may be blowing over the fence to someone else's sower bed. The wise plan is to keep up one's own weeding, and then guard in every way against the possible encroachment of weeds from without. Sometimes the weeds are so nearly like the plant or flower that one fails to recognize them at first glance, and care is required not to pull up the plant. If we liken the seeds in our gardens to the mental qualities

that we encounter in our everyday experience, we find hypocrisy claiming to be almost identical with the lovely flower of consecration. Deceit and dishonesty, envy and jealousy are poisonous if one lets them in, as also are apathy and indifference. The noxious weeds of revenge and retaliation, and the rank growth of hatred would kill whatever comes within their range. So, we must be ever-watchful that we pull up the rank growth of mortal mind in order that the lovely flowers of unselfishness, happiness, fidelity, co-operation, unity, and peace may not be crowded out. As are our individual mental gardens so are the mental gardens of the nations and of the whole world affected. What joy will come when all mankind learns this glorious lesson of right thinking!

Sometimes, as one sees error flaunting itself in the world around us, evil may appear to become more firmly entrenched, and one is tempted to believe that power lies in erroneous thinking; but what error sows will be reaped in tears. Evil attempts to plant what ends in remorse which only the truth can wipe out. Why waste a moment worrying for fear error should have its own way? Why ever be tempted to want to avenge a wrong? If one has begun sowing forgiveness all the time, he will soon be reaping such gardens of loveliness that only compassion can be felt for the blindness of those who would not see. Mrs. Eddy writes in "Miscellaneous Writings" (p. 228), "To know that a deception dark as it is base has been practised upon thee,—by those deemed at least indebted friends whose welfare thou hast promoted,—and yet not to avenge thyself, is to do good to thyself."

There are no flowers so lovely as the mental-flowers which grow in a garden of gratitude and forgiveness. When one can actually send forth love and can desire to see another who has injured him go forward the very founts of love are unloosed for him. . . . What wonderful things will happen among nations and people when they can sow and reap in this worthwhile way; when individuals and nations learn to watch for and dispose of the unlovely weeds that fringe the highways and byways of international co-operation, and work together for the good of all. World peace will then be assured, and hideous, revengeful war, with all its terrors, will disappear into nothingness. Let us sow the lovely things of God, that we may reap them.—The Christian Science Monitor.

Last Witness to Parker Capture To Attend Fete

DALLAS, Aug. 1.—The last eyewitness to the rescue of Cynthia Ann Parker from the Indians on the Texas frontier in 1860 will attend the reunion of ex-Texas Rangers at the Texas Centennial exposition August 20 to 22, inclusive.

He is John Gillespie, 94 years old, of Fort Worth. He was a member of the Ranger company of which Lawrence Sullivan Ross was captain. Ross later became governor of Texas.

Mr. Gillespie, at the time but 18 years old, vividly recalls the incidents of the battle and the rescue of Cynthia Ann, whose son, Quanah Parker, later became a Texas celebrity.

Despite his advanced age, Mr. Gillespie still is in possession of all his faculties and is unusually vigorous. He saw long service on the Texas frontier in the days when Indians and outlaws combined to make a busy life for the Texas Ranger of the period.

Major George Black, president of the association, anticipates a large attendance of these pioneer Rangers of the 1860 to 1880 period. They are to be guests of the exposition, "bedded" in the Ranger cabin, with meals provided.

A statue of "The Texas Ranger" is to be unveiled by Governor James V. Allred, and there is to be a premiere showing of "The Texas Rangers" Paramount film. Director King Vidor and Jean Parker, star of the picture, will be present.

Don Duncan Has Joined Marines

Don Miller Duncan, son of William E. Duncan, of Pampa, enlisted yesterday at the Dallas recruiting office of the United States marine corps.

Private Duncan left Dallas immediately after his enlistment for San Diego, Calif., where the marine corps maintains a training center for recruits. The period of training will be at least one month after which Duncan will be transferred to sea duty, foreign duty or will remain at one of the many shore stations.

While undergoing training Duncan will receive thorough instruction in rifle and pistol practice, drills and inspections and the responsibilities of a marine. He will have an immediate opportunity of enrolling in extensive educational courses maintained by the marine corps.

The maximum age requirements for enlistment in the U. S. marine corps have been raised to 28 years during the month of August. All requests for applications will receive prompt attention.

'PISTOL BILL' ROWELL TELLS OF EARLY DAYS IN HALL COUNTY

NEWLIN, Aug. 1 (P)—W. H. "Pistol Bill" Rowell, who says he herded strays on the Chisholm Trail as a boy, debunks some of the frontier legends that have gathered color with the years.

He received his nickname from a child who was amused at the way he "hopped about" with a heavy pistol on his hip rather than from any spectacular feats with a six-shooter. He says he never was a deputy sheriff at Salsbury, the railroad town that literally was moved five miles when Memphis was chosen the seat of Hall county. Moreover, he says, the stories about gun fights between citizens of Memphis and Salsbury in early days are untrue.

"Salsbury and Memphis were just like two candidates in an election," Rowell says, "and there wasn't no deputy sheriff in Salsbury. I just had a habit of being boss." "Pistol Bill" is a figure left over

well, Kan. When the river was normal, trail herds crossed the Trinity west of Dallas, but when it was up they crossed at Doane's store and went straight across the Indian Territory to Kansas. In early days, Rowell says, he worked for his father on the Three Heart ranch and he still uses the Three Hearts brand. He came to the Panhandle in 1889, settling on the western part of the old Shoenall range near Newlin and north of the Prairie Dog fork of the Red river. "I've never been a big cowman but I've never owed for a cow in my life," "Pistol Bill" says. "Some of the stock on my place is of the same strain my father owned on the Three Hearts in Grayson county." He says towns in the southeastern Panhandle were more peaceful than

NATIONAL ROAD OIL-ASPHALT CONGRESS TO MEET IN TULSA

TULSA, Aug. 1.—Highway engineers, oil men, contractors and motorists will convene in the Fifth National Road Oil and Asphalt Congress here October 8 and 9 to discuss improvements in the construction of low-cost roads in the last two years and to exchange plans for greater and more diversified use of the bituminous paving materials in future highway programs. This year's Congress, the fifth of a series which began in 1931, will be expanded to national scope with the outstanding highway builders of the United States represented on the program. The Congress is a cooperative effort sponsored by the asphalt and road oil division of the Mid-Continent oil industry through the Western Petroleum Refiners association

with Chambers of Commerce, highway officials and contractors organizations cooperating. The Congress was not held last year so the members this year will be able to examine the progress made since November, 1934, and exchange experiences gained in the past two years. Consistent expansion in the bituminous highway system is reported from almost every state and in 1935 the mileage of bituminous type highways constructed exceeded the new mileage of any other type including dirt and gravel roads. The use of oil and asphalt has expanded far beyond the secondary and farm to market roads. They are in increasing demand by engineers in the construction of high type, primary highways where traffic

is the heaviest. Engineers point out that asphalt and asphaltic oil surfaces are unique in that they can be designed to carry any anticipated traffic load and that their cost will be borne by the gasoline taxes and license fees on cars actually using them. Appearing on the two-day program will be state highway engineers from western and mid-western states, engineers from the Bureau of Public Roads, chemists and engineers from the oil companies and contractors who actually build the roads. The French liner "Normandie" consumes about 80,000 barrels of oil each round trip across the ocean and has 29 oil-fired water tube boilers for main propulsion.

J. Dave Raymond, Santa Fe agent at Panhandle for the past eight years, will be transferred to Amarillo August 1 as chief clerk to J. W. Barron, agent.

The transfer is regarded as a promotion for Mr. Raymond, who has made hundreds of friends at Panhandle. Mrs. Raymond taught in Panhandle high school for many years, but in recent months has been at El Paso for her health.

Wheeler Grasshoppers. Among the reports of large grasshoppers, few can equal the experience of a Wheeler farmer when he saddled one of the insects, by mistake, for a horse.

As the story goes, M. L. Clark, living east of Wheeler, was delayed from milking until twilight fell. Finding the cows had not come up as usual, Clark stepped into the darkened barn, took a saddle from its accustomed place, and tossed it on the first animal he came to, thinking it one of his work horses.

Leading the critter to the outer gloom, he hastily and unsuspectingly mounted. Response to a grood of Clark's heel was all that could be asked for—and more.

After a dizzy flight of more than 200 yards, the astonished rider found himself hanging head downward in one of his famous peach trees. There in that position he was able to see, against the better light of the skyline, a curious sight.

Body of Train Plunge Victim Sent to Sedalia

The body of C. P. Jones, about 29, who died Friday afternoon of injuries received a few hours earlier in a plunge from a speeding Santa Fe passenger train just west of White Deer, was sent last night to Sedalia, Mo., for burial.

Jones, accompanied by E. L. Beamer of Amarillo, special Santa Fe officer, was enroute to a psychiatric hospital at Kansas City when he plunged from the train window. He was an employee of the Fred Harvey company at Grand Canyon, Ariz.

Information regarding survivors was not available here. His mother, who resides in Parsons, Kan., was to be in Sedalia to make funeral arrangements. The body was prepared for shipment by the Pampa Mortuary.

CORRECTION In the advertisement of Western Railroads which appeared in The News July 21, round trip fare from Pampa to San Francisco for Tourist Sleeping Car Fare was quoted at \$48.80.

The correct fare, which should have been quoted, is \$49.80.

AMERICANS IN BERLIN DRAW SOFT BERTHS

ALL EXCEPT WOODRUFF IN 800-METER RACE

BERLIN, Aug. 1 (AP)—All Americans, except for John Hughey Woodruff, lanky Pittsburgh Negro 800-meter star, drew comparatively soft berths today when the International Amateur Athletic Federation, reversing a previous decision, announced the draw for preliminary heats in the Olympic 100-meter dash and 800-meter run.

Woodruff, America's metric half-mile sensation, was placed in the fourth heat with Erikny of Sweden. Dr. Paul Martin, Switzerland's five-time Olympian, Gerald Backhouse, Australian "dark horse," Szabo, the fleet-footed Hungarian and four others.

The first four in each heat tomorrow will qualify for the semifinals Monday afternoon.

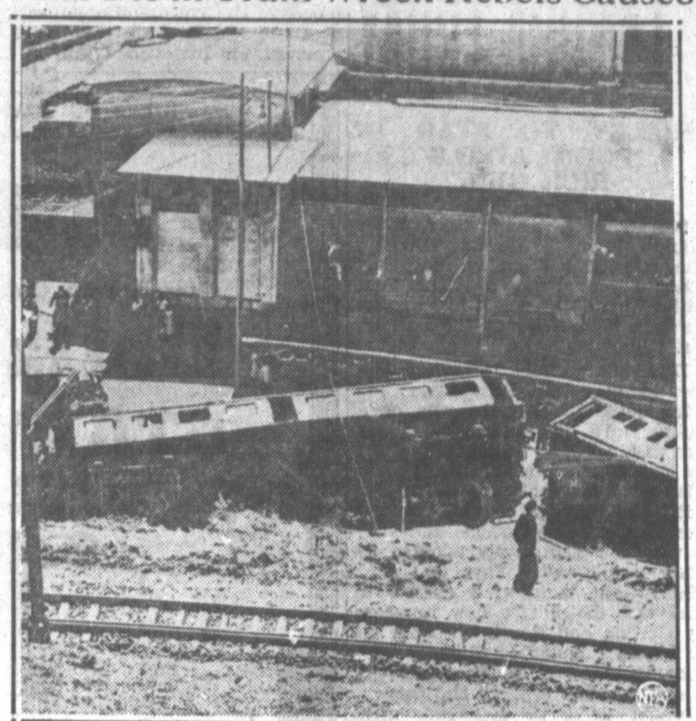

Charles (Chuck) Hornbostel of Evansville, Ind., and Harry Williamson of High Point, N. C., drew much easier assignments.

Jesse Owens, coffee-colored Ohio state sprinter and jumper, who will attempt to duplicate Paavo Nurmi's feat of scoring three "first's" in one set of Olympic games, was drawn in the last heat of the 100-meter dash. This field attracted 68 sprinters.

Owens, who also will compete in the 200-meter sprint and the broad jump in which he is the new world record holder at 28 feet 8 1/2 inches, was matched against K. Sasaki of Japan, J. de Almeida of Brazil, Casar of Malta, and Devrnt of Belgium.

V. Darnell and children, Carolyn and Von Keeling, accompanied by Vera Ruth Patterson of Dalhart, left Friday for San Antonio and Corpus Christi to spend a two-week vacation.

Four Die in Train Wreck Rebels Caused

Four killed, 27 injured was the toll chalked up by Fascist terrorists who derailed a passenger train in the Bilbao district as the Spanish revolution spread. The overturned carriages of the wrecked train lie in the foreground of this picture, sped to America aboard the Queen Mary on her record Atlantic crossing.

IT'S IN THE METER TO WIN 1500 METER, CLAIM

AMERICAN COACH IS NOT AFRAID OF U. S. TRIO

BERLIN, Aug. 1 (AP)—All conjecture about whether America, England or New Zealand will provide the next Olympics 1500 meters champion now appears to have been overlooking one very important factor—namely, Luigi Beccali.

The 29-year-old Italian, who captured the most prized of all Olympic foot-races at Los Angeles, has given every indication of winning it again. His American coach, the veteran Boyd Comstock, believes Beccali will win—and not from either Glenn Cunningham, the Kansas iron-horse, or Gene Venzke, Pennsylvania's stylist. Beccali has trained himself to lick Jack Lovelock of New Zealand and Stanley Wooders of Great Britain.

The Italian has trained harder than any athlete in the Olympic village; harder, Comstock believes, than any athlete ever trained before. Comstock is certain that Beccali is a better runner now that he was four years ago.

He read Lovelock and Wooders as our most dangerous rivals," Comstock said. "Archie San Romani, the third American entrant, I know very little about."

He Learned About Fairs From Him

Senator Joseph F. Guffey, of Pennsylvania, left, is shown getting what might be termed a double exposure to exhibitions. In the Centennial Club of the Texas Central Exposition in Dallas, he met Meyer Lichenstein, of Johannesburg, South Africa, who told him of plans for the Johannesburg World's Fair, scheduled for next year.

MARKET BRIEFS

NEW YORK, Aug. 1 (AP)—A few specialty grain stocks out in today's brief stock market session but most of the leaders slipped into fractional declination.

The proceedings were generally aimless. The ranks of both bulls and bears were depleted by an exceptional number of holiday absentees.

Earnings and dividend news continued to bolster market sentiment, although this failed to when buying appetite for any great extent.

The list made a recovery gesture at the opening. Then the farm implement group encountered further selling on drought fears and impaired by crop losses.

The Associated Press average of 60 stocks was unchanged at 67.7.

American Telephone backed up a point Friday following decision of the company to lower interstate tolls.

Steele reflected indications that will operate this month will not slip under the current high rate. A few of the utilities held steady.

NEW ORLEANS COTTON NEW ORLEANS, Aug. 1 (AP)—Cotton today started a new month and a new crop year by moving forward from 7 to 9 points.

The typical week-end dealings, active options fluctuated narrowly a few points above the previous close and ended with a point or so of the best levels for the day.

The market received its stimulus from increased supplies of domestic cotton exchanges today and reports from the eastern part of the belt that excessive rains had resulted in considerable crop deterioration.

A holiday in foreign markets exerted a restraining influence over domestic exchanges. October, December, January and May closed at 12 1/2, March made the best advance, moving up 9 points to 12 1/2. Spots were quiet and steady with middling at New Orleans 7 points higher at 12 1/2.

KANSAS CITY LIVESTOCK KANSAS CITY, Aug. 1 (AP)—(USD) increased supplies of live cattle steers this week resulted in a sharp decline. Unless there is a rain soon in the pasture areas of Kansas and Oklahoma many steers will probably be returned to Texas where grazing conditions are more favorable.

Sheep killing classes are 25 lower as compared with last week's close, Colorado

CHICAGO GRAIN CHICAGO, Aug. 1 (AP)—In feverish buying, corn today soared to the maximum that trade has seen in any 24-hour period, and it went up this week.

Official forecasts indicating drought would intensify throughout the country 7 days were mainly responsible.

Corn shot skyward 5 1/2 cents a bushel, as then held at virtually the day's apex. Wheat sharply rallied more than 3 cents a bushel. Today's peak for corn futures, 11 1/2, marked the highest altitude attained since August 1929.

Manufacturers Register Added To BCD Library The 1936 "twenty-sixth" edition of Thomas' Register of American Manufacturers was received yesterday by the Pampa Chamber of Commerce as a valuable addition to the directory available to all Pampa citizens. The register, a 14,000-page directory, lists all prominent American manufacturers, classified by articles and products, with the financial rating of each. The edition, a \$15 book, was donated to the Chamber of Commerce by the Thomas Publishing Co. of New York for the use of local members. The 1932-33 edition which has been on hand at the Chamber of Commerce has been used extensively by business men of Pampa. Several new city directories have likewise been added recently to the directory library maintained by the Chamber of Commerce through the courtesy and cooperation of the Hudspeth Directory Co. of El Paso, publishers of the Pampa city directory. Among new arrivals are city directories from Albuquerque, N. M., Fort Worth, Austin, and San Antonio, Texas; and the District of Columbia. At the present the directory library contains 48 directories from seven states, Texas, Oklahoma, New Mexico, Colorado, Kansas, California, and the District of Columbia. The Hudspeth Directory Co. has promised a copy of the Dallas, Tex. directory as soon as one is available, this being called for more than any book not now available. Pampa citizens are invited to make use of the directory library. Chamber of Commerce officials announced.

'LITTLE LORD FAUNTLEROY' COMING HERE

YOUNG BARTHOLOMEW WILL NOT BE A 'SISSY'

An old friend in a new guise will be welcomed at the La Nora Friday and Saturday when Little Freddie Bartholomew will acquaint us with a completely de-siffed "Little Lord Fauntleroy," bereft of the traditional long golden curls, plush suit, lace collar, and baby blue ribbon sash, but none the less lovable at that.

This first offering as an independent producer of David O. Selznick, who made such outstanding hits as "David Copperfield," "A Tale of Two Cities," "Dinner at Eight" and "Anna Karenina," is a doubly important occasion in that it also marks a triumphant return to the screen after four years for the lovely Dolores Costello Barrymore who is co-starred with Freddie in the role of the Little Lord's adored young mother, "Dearest."

Adapted to the screen by Hugh Walpole, the famous novelist, this handsomely produced film marks an auspicious start for the newly organized Selznick International Pictures company. The picture is released through United Artists.

It tells in heart-warming terms the familiar story of the little American lad, who became a Lord and went to England to live in a castle with his grandfather, the gruff, Gottfried, old Earl of Dorincourt, (C-

Aubrey Smith), and was separated from the dear widowed mother whom the stubborn Earl refused to receive inside the castle gates because his son had married her against his wishes. How the child wins his way into the old man's heart and transforms him into a loving and delightful grandfather is charmingly depicted amid smiles and heart-tugs and tears. Eventually, the old Earl softens even toward "Dearest," but is too proud to seek her out until his new found happiness is endangered by the appearance of another claimant to the title of "Little Lord Fauntleroy" in the person of an unpleasant little chap named Bevis, (Jackie Beary).

Canyon Police Chief Is Killed

RATON, N. M., Aug. 1 (AP)—J. B. Gamble, 47, chief of police of Canyon, Tex., was killed last night when his automobile overturned on the highway near Eagle Nest, N. M., officers reported today.

Gamble was traveling alone, and physicians said after an examination they believed he lost control of his car after a heart attack. Authorities said no inquest would be held.

With his family Gamble had been vacationing at Eagle Nest. His body was brought here today and will be sent to Canyon, Texas.

DISCOVERY WINS SARATOGA SPRINGS, N. Y.

Aug. 1 (AP)—Discovery, generally acclaimed America's greatest thoroughbred, and Reaping Reward, a two-year-old which has yet to win his spurs, paraded home like real champions today to win the twin features races at Saratoga played host to upwards of 15,000 racing fans.

REX THEATER TO OPEN WITH 'BIG HOUSE'

PRISON LIFE DEPICTED IN EXCITING EPISODES

Life on the "inside" in a great penitentiary is echoed, in thrills, sensations, grim episodes, comedy and heart throbs, in "The Big House," Metro-Goldwyn-Mayer's much heralded drama of penitentiary life, which opens today at the Rex Theatre.

Stark realism, and men in the raw, are contrasted with home life and a love romance in the vivid story. There is a great prison riot, with a thousand men quelled by machine guns and army tanks; there is a pathetic story of the friendship of two convicts, and the regeneration of one by love, and the startling spectacle of a boy first offender thrown into company of hardened criminals until he becomes worse even than they.

Chester Morris, Wallace Beery and Robert Montgomery play the central male roles as three cell mates among whom the riot, hat, and farm revolts. Beery plays a gangster slayer, vicious, yet with a sardonic humor about his characterization; Morris is seen as a forger and crook who eventually finds regeneration in the turmoil, and Montgomery does a splendid characterization as the boy, showing the corrosion of a human soul.

Seek Child

Charges and counter-charges flew thick and fast in the battle of Mary Astor, film star, above, and Dr. Franklin Thorpe, her divorced husband, below, over custody of their daughter, Marilyn, in Los Angeles. The mother is not a "proper person" to rear the child, said Thorpe. Witnesses in turn charged him with misconduct with women friends.

ROOSEVELT IS APPROVED BY TEXAS DEMOS

COUNTY CONVENTIONS ARE HELD ON SATURDAY

By The Associated Press Texas Democrats met harmoniously in county conventions through the state Saturday, passed multitudes of resolutions on a wide variety of topics, and named delegates to the state convention.

Lubbock county Democrats passed resolutions asking for re-districting of the state for the legislature seeking revision of the constitution and adoption of the preferential ballot.

Potter county's convention was harmonious and contented itself with passing a resolution endorsing Roosevelt and Garner. Republican also met, but passed no resolutions.

Townsend old age pension advocates were overpowered in the Dallas county meeting and started a movement to enter their own candidates for Congress in the general election. They also considered the possibility of entering a slate of legislative candidates.

The regular democratic convention resolved in favor of cleaner political campaigns, endorsed Governor James V. Allred's administration, and adopted a resolution by Thomas B. Love asking in effect that places selling intoxicating malt and vinous liquors be closed on the premises be closed as open saloons, along with, places so handling distilled liquors, and thus be outlawed.

Lamar county Democrats endorsed the national land state administrations in a routine session. Gregg county's convention passed a resolution urging the legislature to cooperate in encouraging a sold conservation program for Texas and went on record favoring the Moffett amendment to limit counties to not more than seven representatives.

Smith county Democrats saw no need for passing resolutions, but loudly applauded spellbinders who denounced Al Smith's recent political moves.

Allred forces were in complete control in McLennan county. Resolutions praised the national and state administrations. Navarro county's meeting passed a resolution recommending that the legislature provide ample funds for old age pensions.

State and national administrations were endorsed. The Moffett resolution also found favor in Caldwell county (Luling) where Democrats commended Senator Sheppard, Governor Allred and Representative Buchanan in resolutions.

Travis county Democrats passed resolutions lauding the Allred administration, favoring ratification of the child labor amendment to the federal constitution and opposing a resolution to abridge freedom of speech of the press. Convention officials said action of the University of Texas in placing the student newspaper under faculty supervision prompted the free press utterance.

HOPKINS ENDORSED FORT WORTH, Aug. 1 (AP)—George C. Hopkins of Dallas was endorsed as the republican candidate for governor and delegates to the state convention Aug. 11 at San Antonio and the district convention here Aug. 22 were re-elected at the Tarrant county republican convention this afternoon. Thomas E. Ball of Fort Worth was endorsed as a candidate for attorney general.

TEMPLE CURLS WILL TOSS AT LANORA TODAY

SHIRLEY TO STAR IN 'POOR LITTLE RICH GIRL'

Shirley Temple, with her new boy friend, Michael Whalen, playing the role of her daddy, not only touches your heart in "The Poor Little Rich Girl," which plays today through Wednesday at the LaNora, but climbs right in.

Differing entirely from her former pictures "The Poor Little Rich Girl" gives Shirley the role of a millionaire's daughter who loves her daddy, but is entirely cared for by a staff of servants. Discontented with attention that puts her to bed with the slightest sneeze, Shirley decides to take a vacation—and what a vacation. Tentatively adopted by show people—Alice Faye and Jack Haley—she is given a chance to sing and dance five new numbers by Gordon and Revel. They are all so ideally adapted to Shirley's personality that it is hard to tell which is really enjoyed the most.

You'll want to hug this little bundle of personality as she works in winning the heart of sour old Claude Gillingwater. We prophesy that you will say this is Shirley's best picture.

Thursday at the LaNora, Herbert Marshall and Gertrude Michael will appear in "Forgotten Faces."

Garrett Refuses Blanton's Dare

EASTLAND, Aug. 1 (AP)—Judge Clyde L. Garrett today declined Representative Thomas L. Blanton's challenge for a series of joint debates in the county seats of the 17th congressional district.

Garrett, campaigning against Blanton in the run-off, asserted in a signed statement that it was his belief it is impossible to prevent such debates from developing into a "disgusting spectacle."

"We seem to agree on the princi-

pal issues," he said in his reply to the challenge. "You said it was your record in congress, and you asked re-election on it. "After 20 years the people of the district should have a pretty fair idea of the Blanton record." In an interview today Garrett said he had declined an invitation to speak before an executive committee of the Townsend organization at Cisco Monday. He said he had received an invitation from J. T. Newson, assistant state manager of the group, and said he learned the same day that O. H. Moore, campaign manager for Fred O. Jaye, Townsend candidate defeated in the first primary, had secured the "same hall at the same time for Blanton to speak."

Rose of Rancho Opens Tuesday On S. Cuyler

We have had Lawrence Tibbett, Lily Pons, Everett Marshall, Mary Ellis, and Nino Martini as recruits from the Metropolitan Opera to motion pictures, and now comes the glorious voice of Gladys Swarthout, who may be seen and heard (and heard, and heard) in Paramount's "Rose of the Rancho" which opens Tuesday and Wednesday at the State Theatre.

To Miss Swarthout: all honor for a noble beginning on the screen! John Boles is co-starred with Miss Swarthout in her motion picture debut and this too makes for a happy combination. Boles, with his rugged, yet suave, handsomeness, and his claim to distinction as a singer, is the perfect match for Miss Swarthout. Even in the event screen plots don't always, or usually always, work out for the best in the end, with hero and heroine living happily from here on out, you would know in this picture that Swarthout and Boles belong, to turn a deft phrase, to each other.

"Rose of the Rancho" is the screen's musical version of a play seen on Broadway some twenty-four years ago. The story dates back to the 1850's and centers around the colorful town of Monterey, California's first state capital and scene of a series of disorders almost unprecedented in pioneer history.

Barbary Coast Comes to State

Samuel Goldwyn's long-awaited "Barbary Coast" comes to the State theatre Sunday and Monday with Miriam Hopkins, Edward B. Robinson and Joel McCrea in its leading roles, and if the cheers that greeted it are any criterion, is well worth waiting for.

Around the building of America's last frontier after the California gold rush of 1849, Charles MacArthur and Ben Hecht have written a romantic and glamorous story of a love that flowered and flamed amid the tumult and treachery of a gold-mad city of love-hungry adventurers from every corner of the globe. Miriam Hopkins is more fascinating, more beautiful and more effective than ever before as Swan, who reigns over the crooked roulette wheel in the notorious Bella Donna cafe, run by Louise Chamalis, a man as ruthless as he is powerful. Robinson has his finest characterization as this "Public Enemy No. 1" of the Barbary Coast, and Joel McCrea is splendid as Jim Carmichael, a fine, idealistic young miner who enters Swan's life and transforms her by his love.

\$3,082,808 Spent By Highway Body

AUSTIN, Aug. 1 (AP)—The highway commission, concluding its July-August meeting today, determined low bidders on projects costing \$1,209,944. This brought the total for the three-day bidding to \$3,082,808. The bids included 800 miles of light surfacing to keep roads from becoming impassable in the winter and 11 railway underpasses or overpasses. The commission indicated it would not receive additional bids until the middle of September.

Commissioners said they favored construction of highway 34 from Kaufman to Parvin, shell surfacing of highway 172 from Midway to Olivia in Calhoun county, and closing the gap on highway 4 between Wellington and Shamrock and would order the work when funds became available.

The giant among oil pools is the East Texas field which covers over 100,000 acres and is expected to produce some 3,000,000,000 barrels of oil. Since its discovery in 1930 this field has produced 800,000 barrels.

Loyalists Seize American Motor Plants in Spain

WASHINGTON, Aug. 1 (AP)—Summary seizure of the Barcelona plants of the Ford Motor Company and the General Motors Corporation by forces aligned with the government in the Spanish revolution was officially reported today to the state department.

Although reported as the first large scale requisitioning of American property abroad since the Russian revolution of 1917, the news evoked no immediate official reaction here. "There were authoritative indications that no diplomatic steps in connection with the action were contemplated. The protection of American lives in Spain, it was said at the state department, still is the first consideration of this government."

Details of the seizure reached the department coincidentally with advice that 85 American refugees from Madrid had been taken aboard at Valencia by the heavy cruiser Quincy and that 45 others from Palma, in the Balearic Islands, had been safely landed at Marseilles, France, yesterday.

The embassy at Madrid previously had advised that all Americans wishing to leave the rebel threatened island capital already had done so. Approximately 170 still remained there.

American Consul Lynn W. Franklin said the two automobile plants and been taken over by the "central committee for anti-Fascist militia of Catalonia."
