

FD Names New Ambassador To Moscow

Bowers Called Home For Conference On Spanish Affairs

WASHINGTON, March 4 (AP)—President Roosevelt today summoned Claude G. Bowers, American ambassador to Spain, home for conference on recognition of the Franco government, and filled the long vacant ambassadorial post in Moscow.

Succeeds Davies—Laurence A. Steinhardt, now ambassador in Peru, was selected to be the third American ambassador to the Soviet Union, filling the post left vacant nine months ago when Joseph E. Davies was transferred from Moscow and made ambassador to Belgium.

Bowers sailed from France today and should reach Washington by the latter part of next week.

The disclosure he had been summoned home "for consultation" gave rise to speculation the United States might give early recognition to General Franco's government.

The United States has followed closely the British and French lead in wartime relations with Spain. These two governments last week announced recognition of Franco.

Secretary of State Hull at that time said no step would be taken pending full study of developments.

The Steinhardt appointment was not officially announced, since this ordinarily is not done until the nomination goes to the senate. There was authoritative confirmation, however, of reports of the president's action.

The long vacancy in the Moscow post gave rise to a belief in some circles here that American-Soviet relations had suffered some strain. This was denied at the state department.

Some doubt, however, apparently arose in Moscow. Ambassador Alexander A. Troyanovsky returned to the Soviet Union last summer on vacation and has not returned.

Seek Business Man In Girl's Slaying

OKLAHOMA CITY, Mar. 4 (AP)—Search for a 52-year-old Oklahoma City business man who disappeared from his home about the time of the brutal slaying of 13-year-old Hazelteen Black widened tonight as police in surrounding states broadcast his description.

The newest suspect in the murder was last seen by members of his family at 10 a. m. Thursday, shortly before the junior high school student was beaten and strangled to death in her home.

Detective Captain Charles Ryan said the man rented a car from an Oklahoma City firm and had not returned it.

Several suspects arrested yesterday were released by Ryan after he declared he was convinced they had no connection with the case.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

One thing about the public health meeting here Friday — it confirmed our suspicions. Like Bro. Matt Harrington, we heard symptoms of several diseases described, and we had most of them.

Beautiful weather Friday and Saturday, E. B. (before sandstorm), however, probably caused the real ailment—spring fever.

Another thing about the meeting is that it reaffirmed the old truth that sickness is costly. It is not difficult, therefore, to grasp the point that money now spent wisely on public health may well be money saved in the long run.

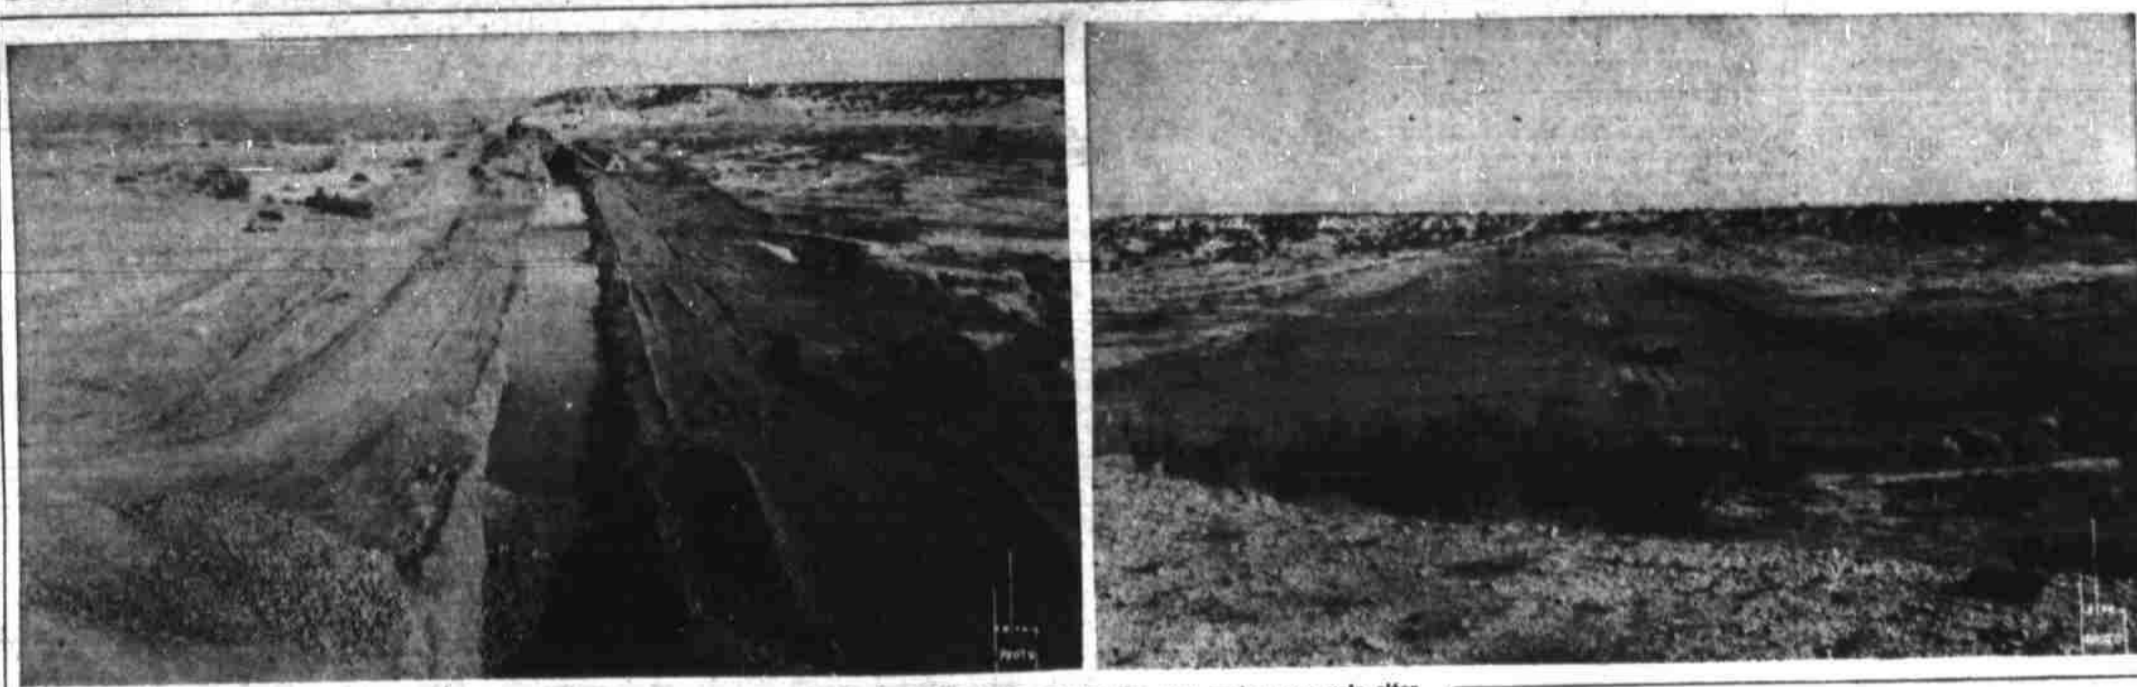

Sen. Gunrey (R-SD) protested the broad freight rate revision proposed by southern senators on the ground that the move was inspired by the TVA. West Texas had quite a bit to do with the move and is interested in justice—not the TVA.

Currently the scholastic census is being enumerated. For the past two years every child listed between six and 17, inclusive, has meant \$25 to the various districts. Since so little of school troubles hereabouts are financial, it behooves all to see that their children and their neighbors' children are included in the census.

Last week the five mile sector of highway No. 9 south of Big Spring was included in the highway department projects for \$157,000. Even now the routing through the city park is being protested from some sides. Wherefore, should the protests grow in number and pressure, another delay could easily happen.

CAMERA GIVES AN IDEA OF WHAT BIG SPRING'S NEW WATER RESERVOIRS WILL LOOK LIKE

Big Spring folk riding out to the new water reservoir sites southeast of the city nowadays can get an idea of what the units in the municipal supply system will look like, as is evidenced in these Kelsey photos. At the left, work of puddling the clay core for the dam on Powell's creek is shown. This trench ranges from 15 to 25 feet in depth, and the Powell dam will be 30 feet high and 1,600 feet long. The camera is at the north end of the dam, which will extend to the promontory in the distance. At the right, first excavation is being started for the Moss Creek dam, to be 1,500 feet in length and 30 feet in height. The core trench for this structure will be 30 feet deep, and steel sheet piling will be driven 45 feet below that depth, to insure against seepage. In both pictures, the view is to the south, and in each instance, water will be backed up to the right of the view.

SUB-COMMITTEE TO REPORT MONDAY ON PENSION TAX PLAN

Heavy Work Ahead Before Issue Goes Before The House; Constitutional Amendment Is Generally Talked

AUSTIN, Mar. 4 (AP)—Grueling labor over the week-end in efforts to formulate an old age pension-tax plan for early consideration of the house of representatives was the program today of a 10-member sub-group of two important legislative committees.

Following preliminary conferences, sub-committee members prepared to meet all day Sunday and Sunday night if necessary to complete the draft of a constitutional resolution for submission Monday to the house committees on constitutional amendments and revenue and taxation.

Meanwhile, a triple possibility was mentioned frequently in discussions of the pension-tax problem among legislators on both house and senate sides of the capitol.

1. That as a solution of the problem the legislature would submit a constitutional amendment in an election probably next July.

2. That no taxes whatever would be enacted at this session.

3. That a special session would be called probably in August or early September to approve an enabling legislation which the people adopt the constitutional amendment.

Sharp debate was expected when the sub-committee reports to its parent committee, but no great delay in dispatching a measure of some stripe to the floor of the house was probable.

Public hearings, in which Governor W. Lee O'Daniel's transmission tax proposal and sales, income, criminal resource and other taxing propositions were dissected, were completed by the committees last Wednesday.

Various proposals to re-do the pension setup also were considered.

Gandhi's Fast Is Protested

British Authorities Asked To Stop His Hunger Strike

RAJKOT, India, Mar. 3 (AP)—Messages from all over India poured in on British authorities today urging immediate intervention to stop the "fast unto death" of Mohandas K. Gandhi before it led to dangerous consequences.

As the shriveled, 69-year-old master politician, whose influence is a potent force on India's millions, ended his second foodless day his vitality was reported low.

The health minister of the Bombay presidency flew here to watch his health, fragile even before he began his sixth hunger strike to persuade the native ruler of Rajkot state, Thakore Sahab Shri Dharwadraj, to give his people a voice in the government.

Most business in Bombay was at a standstill. Markets closed after prices declined and traders became fearful of a slump because of the unsettled political situation.

The congress party (Indian nationalist) government of the United provinces telegraphed King George VI's victory of Rajkot, urging him to intervene. It warned that if anything should happen to Gandhi, "we consider the ultimate responsibility yours."

Rajkot officials were firm in rejecting Gandhi's demands and in insisting that the ruler "takes no responsibility" for any trouble growing out of the spiritual leader's hunger strike.

More Money Is Requested For Army Items

Fund For Pilot Training Included In New Program

WASHINGTON, Mar. 4 (AP)—Immediately after his return from the naval maneuvers in the Caribbean, President Roosevelt asked congress today for \$124,000,000 to supply "critical items" of army equipment and train 20,000 civilian airplane pilots.

The money would supplement the \$499,800,000 army appropriation which the house passed yesterday and sent to the senate.

The president's request was transmitted in letters to speaker Clegg.

Of the total, \$110,000,000 was earmarked to provide the army with additional semiautomatic rifles, anti-aircraft artillery, gas masks, tanks, anti-tank guns, ammunition and other items.

The president recommended that the funds for training young pilots be made available immediately so that the Civil Aeronautics Authority could get the program under way at the beginning of the fiscal year starting July 1.

For second defense, the president recommended \$3,295,531 be appropriated for continental United States installations; \$766,284 for insular possessions and \$1,416,372 for the Panama canal zone. These sums would be supplemented by authorizations to make contracts totaling \$1,061,000, for which actual appropriations would have to be made later.

As was the case with \$7,250,000 item for second defense in the army supply bill approved by the house yesterday, details of how and where the money would be spent were kept secret.

Mrs. Lawrence Of Luther Dies

Services Today For Pioneer Resident Of County

A career linked closely and prominently to affairs in the Luther community of Howard county had ended today, in the death of Mrs. Mary Melora Lawrence, wife of the man for whom the community was named.

Mrs. Lawrence, 74 years old last August 28, succumbed at her home Friday night at 9:30, after a illness of three months.

She was married Jan. 10, 1893, to L. F. Lawrence, and the couple came to Howard county 31 years ago last August. The name given to the community in which they settled is Mr. Lawrence's first name, and for years he and Mrs. Lawrence have operated the Luther store and postoffice.

Held in high esteem by the many who have known her during her long residence in Howard county, Mrs. Lawrence was known as a Christian worker and a friendly, understanding neighbor. She had been a member of the Baptist church since girlhood.

The funeral service will be held at 3 o'clock Sunday afternoon at the First Baptist church.

COMMUNITY FARM MEETINGS SLATED

Dates for a series of community meetings for the purpose of enlightening Howard county farmers in the Texas Agricultural Association were set by farmer-organizers in a meeting here Saturday.

The series opens Tuesday at Lomax, then continues at Knott on Wednesday, Vincent on Thursday, Coahoma on Friday, Moore on March 13, Elbow on March 15, Gray Hill on March 16, and Center Point on March 17.

Arrangements were made to have out-of-county farmers at each meeting. Wayne Ingram, Vincent, served as chairman of the organization parley Saturday.

INDIVIDUAL LIBERTY HAILED AS NATION'S GREATEST DEFENSE

Democracy's Benefits Reviewed By Roosevelt And Hughes During Gala Anniversary Affair

WASHINGTON, Mar. 4 (AP)—Upon a cheering, gala joint session of congress, President Roosevelt and Chief Justice Hughes impressed today the thought that the individual liberty guaranteed by the constitution is this nation's defense against those who would destroy democracy.

Gathered in the big hall of the house of representatives were the members of both branches of congress, commemorating the first meeting of the national legislature under the constitution, 150 years ago today. With them were the members of the cabinet, the supreme court, the heads of the army and navy, and the diplomatic envoys of more than 30 foreign countries.

It was an occasion for traditional American patriotic speech-making, for tribute to the founders of the country, and to the constitution. But Mr. Roosevelt and Chief Justice Hughes made it also an occasion for reviewing a century and a half of democracy, what it has meant and what it promises to mean to the people of America. They found their thoughts following singular channels.

"Today," said the president, "with many other democracies, the United States will give no encouragement to the belief that our processes are outworn, or that we will approvingly watch the return of forms of government which for two thousand years have proved their tyranny and their instability alike."

He served notice, too, that the United States would not stand passive and silent while religious liberty was being destroyed.

Madrid Urged To Surrender

Defenders, However, Remain Alert Against Surprise Attacks

BURGOS, Spain, Mar. 4 (AP)—Generalissimo Francisco Franco directed batteries of loudspeakers against the republican lines on the Madrid front today, appealing to the defenders of the capital to surrender without further bloodshed.

Amplifiers carried the words of the nationalist propagandists over the trench-tops to republican guards several hundred yards away.

"Surrender! Our troops can walk into Madrid any time! El Caudillo (the chief—Franco) decides," was one of the appeals.

The nationalists also rocketed into the city cardboard cartridges filled with propaganda sheets reminding the republicans that Catalonia had been "liberated."

Nevertheless, the nationalists took precautions against any surprise maneuvers. Sentinels at advance posts were kept on the alert.

(Madrid dispatches said Fernando Milla, communist executive commander, had emphasized to a provincial party meeting the "gravity of the situation." The communist party, he said, wanted peace on "such terms as will not imperil the liberty and independence of Spain.")

STERLING BOYS WIN IN LAMB SHOW

SAN ANGELO, Mar. 4 (AP)—Sterling City and Sterling county vocational agriculture pupils and 4-H club members combined to sweep all blue ribbons before them in the fat lamb competition in the eighth annual San Angelo Fat Stock show at judging, except for Sunday's coin show, was completed late today.

The lamb show was the largest in the exposition, 800 animals being entered in the various lamb classes.

THEFT ARRESTS MAY SOLVE MURDERS

SAN ANTONIO, Mar. 4 (AP)—Deputy Sheriff Joe Dominguez, returned from Monterrey where he worked with Mexican authorities in rounding up suspects in an international auto theft ring, said today arrests in the case may solve three murders.

Smashing of the ring also has caused Gen. Amador Guerrero, governor of the Mexican state of Nuevo Leon to order an investigation into operations of Mexican customs officers at Mexican ports of entry from Texas, Dominguez said.

Pony Express Riders Reach Big Spring

Two Leaders Push On For 25 Miles Of Night Riding

The Pony Express—Golden Gate bound—took a licking from a biting West Texas sandstorm Saturday, but scores of the faithful were rewarded shortly after sundown when two of the twelve entries trotted into town somewhat the worse for wear.

Matador Man Leads—Shannon Davidson, Matador, who has been dogging the heels of T. J. Sikes, Devol, Okla., off and on since they left Nocona, led the straggling parade into town by about 30 minutes and two miles.

His rugged mount jogged to the relay station at the Army Store at 6:45 p. m. while several hundred people gathered around to gaze and elop traffic.

At 7:15 p. m. Sikes came in atop a sleek horse, tired, dusty and cold. Doggedly determined to either hold the lead or stay near the head man, he elected to push on.

Davidson, who had given his horse over to the charge of Wood Bird, Matador, to cool, gave up the idea of changing to clean clothes and a night's rest. The two rode off not far apart with the idea of making another 25 miles before camping.

During the afternoon many drove eastward from Big Spring to spot the riders. At Coahoma they noted that Davidson eased by Sikes, the man who lost and then regained the lead Friday.

Scattered back of them were Chris Ussellon, Montague county, Shorty Hudson, Knox City, Elgie Reed, Electric, V. H. Henderson, San Antonio, Boy Moyer, Crowell, Slim Mathis, Dalhart, Allen Clark, McLean, Helms, Dumas, Alford, Karley, Quannah, and George Cates, Crowell, L. A. Parton, Nocona, manager, said that some riders may not get here before late Sunday or Monday.

To Push Plea For Air Line

North-South Case To Be Carried To Capital March 27

Encouraged by filing of an application by Braniff Airways for an airline from San Antonio to Denver by way of Big Spring, representatives from seven Texas cities and delegates from Denver decided in a conference Friday at Fort Worth to push claims for the north-south route before the Civil Aeronautics commission in Washington on March 27.

At that time representatives from the various cities will confer with congressmen on plans for presenting the master brief now in the process of completion.

T. E. Braniff, Oklahoma City, head of the airline bearing his name, said that "We are ready, able and willing to provide the service you desire." Tom Cotton, Amarillo, believed "the rich territory to be served is in immediate need of an air transport service," while J. H. Greene, Big Spring, chairman of the inter-city committee in charge of brief completion, viewed the proposed route in the "interest of the plan of national defense" inasmuch as it connects the army air bases at San Antonio and Amarillo with the army technical school at Denver.

Attending from here were Greene, Dr. P. W. Malone, Bob Schermerhorn, Hudson Landers and Glen Golden. Dr. Malone, Landers and Golden returned Saturday evening while Greene and Mr. and Mrs. Schermerhorn were to fly back Sunday morning.

Income Tax Man To Be Here 10th-11th

Howard county folks who need help in wrestling with that ole debil income tax may have some, from one of Uncle Sam's men, this next weekend.

Announcement has been made that H. C. Broadbuss, deputy collector of internal revenue, will be at the courthouse here from 8:30 a. m. to 4 p. m. on Friday and Saturday, March 10 and 11, to assist anyone on the perplexing problems of those returns due March 15. The advice and assistance are free, arranged by the internal revenue department as a courtesy to the people.

Negro's Death Again Delayed

Electrocution Set Back Until Monday Morning

HUNTSVILLE, Mar. 4 (AP)—Winnell Williams, 19, little negro who held in the Howard county jail Saturday on a charge of driving while drunk after a girl and a car had been struck here Friday evening.

Officers said that a girl had been injured when a truck purportedly driven by Whaley grazed her on a downtown street. Officer L. A. Coffey gave chase and took the defendant into custody when the truck collided with a parked car on W. 3rd street.

Jack Kathley, Lamesa, turned over by city police to the county for speeding across the Gregg street viaduct, was fined \$50 and costs Saturday by J. H. Hooley, justice of peace, on a charge of drunkenness.

The governor, acting on a recommendation of the state pardons and parole board, today postponed the execution until Monday morning to prevent the electrocution from falling on Sunday. The negro now is scheduled to be electrocuted the first minute of Monday.

Williams, Dallas negro, read his Bible tonight and talked with Bible He received notice of postponement of the execution with a terse "thank you" as an assistant warden read him the governor's telegram giving him another 24 hours of life. Williams was convicted in March, 1938, of slaying Dairyman E. E. Atwood of Dallas in an attempted robbery.

His case attracted attention 30 days ago when Governor O'Daniel reprieved the negro from the electric chair "in order that Winnell Williams may suffer this dreadful punishment, certain death staring him in the face day and night, for 30 days before he is relieved by death in the electric chair."

The statement brought a storm of protest.

To Celebrate Golden Wedding Day

Mr. and Mrs. John S. Benson.

John S. Bensons Look Back On Long Marital Life

John S. Benson left his home in Falkenburg, Sweden, in 1879 when he was 18 years old—because he hated the thought of being drafted into the army.

From Hull, he drifted to New York and stayed a while and then from New York he went to Pennsylvania where a man had offered him a job in a mine.

This will be 50 years ago March 7 and Mr. and Mrs. Benson are celebrating their golden wedding anniversary on that day.

Life wasn't exactly a smooth, straight road for them right at first and financial troubles and sickness were major problems. During the railroad strike of 1894, Mr. Benson, with other strikers, was blacklisted by the railroad companies and couldn't get a railroad job anywhere.

Stranded and many miles from home, he had to "dum" his way back to El Paso where his family was living. When he got there he was broke and his family were all sick and he was in despair.

Then out of the blue someone offered him a chance to come to Big Spring to work for the T. & P. railroad and the whole family moved here in November, 1906.

Mr. Benson, who has been retired for seven years, is 77 years old now and can laugh about his experiences. But Mrs. Benson, who shared his troubles and successes, tells how she would never let him leave the house in a peevish mood because she explained, "we railroad women had a superstition that if our man went out on the road in a bad humor and angry, something might happen to them."

When the couple came to Big Spring 33 years ago, there were few people here but many pigs and cows, which roamed the streets at will. The Benson home at 1710 Gregg street was practically isolated.

Mr. Benson is active and reads without his glasses. His hobby is raising chickens as pets. Mrs. Benson thinks reading is her hobby because she reads all the time.

The couple has three children living, Mrs. O. W. Morris of Big Spring, Mrs. Earl Craig of Boulder, Colo., and Mrs. C. L. Wood of Los Angeles. They also have nine grandchildren and one great-grandchild.

The Bensons haven't planned an elaborate preparation for the day, they will just live it like they have all the others, calmly and always looking for the best things to happen.

### Women At Work She Specializes In Gift Sales

Because she likes to fix up packages in fancy wrappings and enjoys making a gift look appealing, Miss Anita Bonds has found her job as supervisor of the gift department of Sherrod Bros. Hardware one to her liking.

Before coming to the store here eight months ago, Miss Bonds was assistant in the gift department in Lubbock for the same company. After only a year in the company's employ she was sent here to supervise the new store department.

"Twice she has tried to do other work, has run a beauty shop and done relief work but each time she has preferred to come back to her present type of job."

"Running a gift department in hardware store is a little different than being in charge of a regular gift shop," explained Miss Bonds, "because many of the articles carried in a special shop just won't work in a hardware store." In other words, a charming display of linens wouldn't exactly fit in with hardware.

Consequently her department features crystal silverware, china ware and the like. Miss Bonds in her capacity as a supervisor is also a buyer for her department and orders what she needs, marks it up, then sells it, and wraps it in its gift form.

She also maintains a service whereby busy persons can call up and order a type of gift and have it wrapped and sent to the home of the recipient, all without bothering to shop for themselves.

Miss Bonds, whose home is in Levelland, decided about six years ago that she wanted to go to work and because she lived next door to a man who owned

ANITA BONDS

a hardware store, she asked him for a job in his store. Not long after this he decided he needed some extra help and she went to work.

Never having worked before and most particularly never having worked in a hardware store, there were many amusing incidents in her first few months on the job. When someone came in and asked for a technical tool, she explains now that she just showed him anything that seemed to fill the bill in her eyes.

"Customers had many a good laugh at my ignorance," says Miss Bonds, "but I just kept on until I learned the name of everything and how it was used." In her present job, Miss Bonds doubles in the hardware selling during busy times, and gets a little kick out of watching skeptical male customers change their minds when she knows what they want and how to operate it. "I can sell everything from nails to wash tubs and really enjoy it."

A gift department in a hardware store is a pretty unusual idea and it takes someone rather versatile to fit in but Miss Bonds seems as much a part of her surroundings as most of us would be in our kitchens.

# The World Is A Background For Exciting Film Story

### Fredric March, Joan Bennett In 'Trade Winds'

No dramatic picture ever to reach the screen has equalled in the variety of its far-flung scenic backgrounds Walter Wanger's "Trade Winds," which is offered as the Ritz theatre's Sunday-Monday feature with Fredric March and Joan Bennett in the starring roles.

This thrilling and yet light-hearted screenplay tells the story of a detective chase that leads half way around the world, and authentic scenes are shown in the seven different countries in which portions of the action take place. These were filmed by Director Tay Garnett, who made a 40,000-mile trip aboard his yacht "Athene" for the purpose of insuring a truly correct background for the story.

Beginning in San Francisco, when Miss Bennett flees after having apparently killed a man, the action shifts to Honolulu, Hawaii, where she passes long enough to buy a fake passport and have her hair dyed black. With Detectives March and Ralph Bellamy always in close pursuit, Miss Bennett next escapes to Kobe, Japan, and shortly afterward proceeds to Shanghai, China, later to go from there to Saigon, Indo-China. Here Ann Sothern, March's secretary in his San Francisco office, re-enters the story and adds to the complications.

As the flight of the fugitive is resumed, the story moves to Singapore, Malaya, and from there to Colombo, Ceylon. With the excitement continually increasing, the next jump is to Bombay, India, where March spirits his quarry away from another detective working under orders from the San Francisco police. After an action-filled sequence in the Laccadive islands, off the coast of India, the story shifts back to San Francisco, where a startling climax brings the picture to a close. In each of the places visited, there are many scenes in well known, interesting and picturesquely colorful localities.

Short-wave radios are not permitted in Japan. Military authorities fear the Japanese public would hear too much communist and pacifist propaganda.

## THEY STAGE A WORLD WIDE CHASE

Fredric March and Joan Bennett (she dons a brunette wig in the picture) do some plain and fancy traveling in "Trade Winds," the Ritz theatre's Sunday-Monday feature, as Miss Bennett, suspected in a slaying, is trailed by March, a detective. Backgrounds for the picture are actual shots taken at far-flung points by Director Tay Garnett on an earlier world cruise.

## ON THE SCREEN AND IN PERSON

George O'Brien, the husky who makes popular westerns, comes to the Queen theatre's screen today and Monday in one of his better-known pictures, "Painted Desert," with Laraine Johnson, pictured here with him, in the leading feminine role. Of more interest, perhaps, is the fact that O'Brien, currently in San Angelo as a stock show participant, will be in Big Spring in person Monday night, for a personal appearance at the Ritz theatre at 8:15.

## Millinery Designer, Texas Author To Be Guests On Gail Northe's Radio Programs This Week

Florence Reichman, prominent milliner and designer from New York City, and J. Frank Dobie, English professor at the University of Texas and prominent Texas writer, will receive guest spotlights on Gail Northe's "Fashions & Personalities" broadcasts to be heard over KBST and the Texas State Network at 9 a. m. Monday and Wednesday, March 6 and 8, respectively.

On the Monday broadcast, Miss Reichman will discuss latest millinery creations, literally lifting the hats from the boxes for microphone discussion. The broadcast will come from WRR, TSN's Dallas affiliate.

J. Frank Dobie, appearing with Miss Northe on Wednesday, is a prominent Texas writer, and is editor of the Texas Folk Lore Society publications. Writer of recent best-seller "Coronado's Children," Mr. Dobie's latest book—"Apache Gold & Tequi Silver," concerning stories of lost mines in Old and New Mexico—will be released on March 18. The broadcast will originate from Austin, through KNOW, TSN's state capital affiliate.

### GEORGE HALL'S BAND

George Hall and his orchestra, of which no small part is the swinging sweet singing of dimpled Dolly Davis, makes his debut over KBST and the Texas State Network in the "Admiration Show of the Week" broadcasts, scheduled from 5:30 to 6 p. m. Sunday, March 5. Hall holds the long-run record of any band's engagement in a New York hotel. He played for eight consecutive years at the Hotel Taft. At present, he is enjoying much success touring the country.

On March 12, Casa Loma, radio's only cooperatively run dance band appears on the program, with Horace Heidt's Brigadiers set for March 19.

The "Admiration Show of the Week" series originates in the Mutual Network's Radio Playhouse, Times Square, New York.

### REYNOLDS HONORED

The Reynolds family, one of the best known families in the state of Texas, will be honored in "The Salute to the Pioneers" broadcast for Sunday afternoon, March 5, over KBST and the Texas State Network from 2:45 to 3 o'clock. Having moved to Texas at an early date and settled in what is now Shackelford county, B. Watt Reynolds and his wife, Annie, of Albany, Tex., were known in the pioneer days for their hardihood. They withstood many Indian raids, and were active in organizing several counties in West Texas.

At the outbreak of the Civil war, the family moved to the site of old Fort Davis on the Clear Fork of the Brazos river in Throckmorton county, and with other settlers they built a fortress in which they could defend themselves against the marauding Indians, who became even worse when the troops were withdrawn from the frontier.

The Reynolds were devout Presbyterians, and founded the Reynolds Memorial Presbyterian church. They established the Reynolds Presbyterian orphanage at Fort Worth. When Sallie Ann Reynolds Matthews died in 1928, her last request was that her numerous friends not send any flowers to her funeral, but take the money they would have spent for flowers and send it to the orphanage.

### IS IMPROVED

G. H. Johnson, Sweetwater oil man, who suffered a heart attack at the office of the Great West Pipe & Supply company Friday morning, was somewhat improved at the Malone & Hogan Clinic-Hospital where he was taken for treatment.

## 'Boys Town' Returns To The Lyric

### Tracy In Role Which Won Him Academy Award For 1938

The memorable picture which brought Spencer Tracy his second successive Motion Picture Academy award for the best acting of the year—"Boys Town"—headlines the Lyric theatre's Sunday-Monday program. And co-starring with Tracy is that ultra-popular young man on the screen, Mickey Rooney who also appeared with the former in his Academy-winning picture of the previous year, "Captains Courageous."

Tracy won the "Boys Town" honor at the Academy banquet only a few days ago.

For the first time in his career, Tracy portrays a living man on the screen, Father Edward J. Flanagan, one of the greatest humanitarians of this day, who served as technical adviser on the production. True-life story of Father Flanagan, the film reveals his dramatic 21-year struggle to found a home for neglected and abandoned boys.

More than a year ago the studio became interested in Boys Town, the only incorporated village of its kind in the world. This city of little men, governed and operated by youngsters who range in age from six to 18, has a population of 275, of which 200 are boys, and is situated on the main highway west of Omaha, Neb.

It was from Father Flanagan's files, the records left by his boys, that Director Norman Taurog and screenwriter John Meehan and Dore Schary found the rich material for "Boys Town." In gripping terms of human drama, it tells the battle waged by Father Flanagan to save boys from lives of crime and his problem with one boy who thought he was too tough for Boys Town.

To assure fidelity to the spirit and backgrounds of Boy Town a motion picture company of 120 spent three weeks at Father Flanagan's home, filming authentic scenes for the picture.

Featured in the supporting cast are Henry Hull, Leslie Fenton and Gene Reynolds.

### ENTERS HOSPITAL

Mrs. A. L. Pesha, 1408 West Tucker street, Fort Worth, was admitted to the Malone & Hogan Clinic-Hospital for treatment of a respiratory infection Friday night.

## Hospital Notes

### Big Spring Hospital

J. R. Teague of Kermit underwent major surgery at the hospital Saturday.

Miss Mae Bell, 18-year-old daughter of Mr. and Mrs. Tom Bly, underwent a tonsillectomy at the hospital Saturday.

Mrs. M. L. Quinn of Midland, who suffered a heart attack at a local theatre Friday evening, was brought to the hospital for treatment. She was able to leave the hospital Saturday afternoon.

Miss Lanella, 14-year-old daughter of Mr. and Mrs. L. N. Cheser of Stanton, was admitted to the hospital Friday night for treatment.

## 'Men Of The Range,' Radio Group, To Be Here In Person Tuesday

"Men of the Range," pictured above, among the headliners in the Texas State Network's talent list, will make personal appearances in Big Spring Tuesday. Headed by Lew Preston, the group will be seen and heard Tuesday morning at 10:30 in the Montgomery Ward store here and again in the afternoon, perhaps at 2:30. The group will come to Big Spring from San Angelo where they are among the entertainers at the Fat Stock Show this weekend. "Men of the Range" are heard each week-day from 11:45 to 12 over KBST and the Texas State Network, their daily program originating in Fort Worth. As a result of their visit to Big Spring, their Tuesday program at 11:45 will be fed to the Texas State Network from the KBST studios.

## BIG SPRING STUDENT NAMED AS DELEGATE

LUBBOCK, Mar. 4.—The Kappa Kappa Psi, national honorary band fraternity, a recent meeting appointed Paul, Coe and J. C. (Jake) Douglas as delegate and alternate to the national fraternity convention to be held in August of this year in Cincinnati, O. This will be the first time the local chapter has been represented since its charter date last spring.

UNDER TREATMENT  
Mrs. Willis H. Taylor, 1501 Gregg street, was admitted to Malone & Hogan Clinic-Hospital Friday for medical treatment.

Spencer Tracy, portraying the role of Father Flanagan in "Boys Town," recently won the Motion Picture Academy Award for the best characterization in 1938 pictures. "Boys Town" returns here for Sunday-Monday showings at the Lyric. Tracy is pictured here with Boba Watson, one of the juvenile players, another of whom is the popular Mickey Rooney.

## George O'Brien On Screen At Queen In 'Painted Desert' This Weekend, At Ritz In Person Monday Night

While George O'Brien, the virile player of western roles, comes in person to West Texas this weekend, the Queen theatre takes advantage of public interest in his visit to offer on its screen, for today and Monday, one of his outstanding productions, "Painted Desert."

O'Brien was through Big Spring Friday morning on his way to the stock show and rodeo at San Angelo. Following his engagement there, he will return here by way of Sweetwater and Colorado, and, before departing westward from here, will make a personal appearance in Big Spring Monday night. That feature, however, is slated for the Ritz. The hour is 8:15.

The film, "Painted Desert," deals with a colorful struggle to get possession of a rich tungsten mine in Arizona.

Gorgeous settings in the Mojave desert of California and the actual Painted Desert near Cameron, Ariz., comprise the more colorful backgrounds of the film. The dynamiting of a mountain-side, and scenes of the stampede of an ore train are said to be among the most thrilling sequences ever filmed.

O'Brien plays the role of a well-to-do cattleman, on whose range a wandering prospector and his pretty granddaughter have discovered a

promising vein of tungsten. Flanagan to drive the trespassers away, O'Brien is himself driven off at gunpoint by the girl.

But when the old prospector, who has gone to town for more money to develop the property, is killed in an ensuing card game, O'Brien secures his title to the mine from the promoter, and then learns that it is immensely valuable. But in starting to develop it he comes in conflict with the girl, who is now aware that her grandfather signed away his rights before his death.

Unwilling to tell her that he is the real owner, O'Brien enters into partnership with her, and borrows enough money to put up a stamp mill and enlarge the mine. The promoter, however, anxious to regain control, commences a series of underhanded moves designed to force his opponent into financial troubles and loss of the property. With a stirring cattle stampede, a running battle between the ore wagon train and marauders who are trying to force the wagon over a cliff, and a desperate effort to blow up the mine, the picture achieves unusual heights of drama. Romance, treachery, laughter and a wealth of thrills are woven into the fabric of the story.

Bulgaria is now greatly increasing its trade with Portugal.

# TULSA MAN TO ASSUME MANAGEMENT OF LOCAL B'BALL CLUB

## The Sports Parade

By HANK HART

Highly capable, highly confident is Tony Rego who, nursing an overwhelming urge to get back into professional baseball, agreed to assume the piloting reins of the Big Spring WT-NM baseball league club in a Friday session with local directors.

An overseas veteran who belongs to the "Forty and Eight" and "Veterans of Foreign Wars" organizations, Tony, who is not an Italian as the name would lead to believe, but of Portuguese-French stock, knows well what he is moving into, indicated he would start work immediately building his club for 1936. His offer and the plans he suggested were unanimously accepted by directors and by a baseball minded city alike. He is to be given free reign both in the business office and on the field. That does not mean the directors have withdrawn from the picture. He suggested a budget committee be formed to help him review the club's business, wanted regular business sessions with said committee. Apparently well informed was Tony of the local situation and of the relative strength of the league. That he will effect a working agreement with a club of higher classification before returning here is certainly probable. Although he did not verify any such rumors, he indicated he certainly would not enter the field unprepared. What should please local fans most is that he will be prepared to combat Lubbock or any other clubs that exhibit strength in this league.

Tony's baseball record speaks for itself. In Thurman, one of the club's directors, says he saw the Californian in action in his heyday while with Los Angeles, says Rego was as good a scrapper as he was a catcher. A right handed hitter, he combined a deadly batting game with an enthusiasm that bordered on open aggressiveness to earn his trip into the big show. The Browns took him from LA in '23 where he remained until 1927 when he was optioned to the San Francisco Seals. He went to Portland in 1928 where he stayed until he transferred to Tulsa with Art Griggs in 1934. He was field captain the year Art sacked up the

Prospect for an eight club league is still good. In Amarillo, where Bob Seeds took over and where \$4,000 was raised by fans, everything is set. A city without professional baseball since 1928 when it was a member of the Western League, spirit has been resurrected among fans. A hookup with the New York Giants is possible. Midland, his said, has raised the necessary funds to guarantee a club again, Fincher Withers is progressing at Abilene while Lamasa, after a Tuesday evening meeting of fans there, elected to send a representative to Lubbock today. A stock company is being organized there and committees are now at work taking pledges. Lubbock and Clovis, of course, are all set. The coming season should be the best in the history of the circuit. Today's session may be a stormy one. Umpires are to be discussed as well as a '36 schedule. Several of the operators were dissatisfied both with the arbiters and Harry Faulkner's schedule last season, may do something about changing the league's policies.

### LEAVE FOR CAMP

HOT SPRINGS, Ark., Mar. 4 (AP)—The New York Giants, who have been taking preliminary workouts and baths here, packed up today and left for their regular training camp at Baton Rouge, La. Several of them were suffering from heavy colds.

### OUTLAW CHANGES MIND

BRADENTON, Fla., Mar. 4 (AP)—John Outlaw, the Boston Bees' last undesignated player, who hit .339 for Syracuse last season, walked into the club's hotel headquarters today and in five minutes signed the same contract he rejected without explanation three weeks ago.

## Herd As Usual, First Ranking Baseball Nine

Nine Lettermen To Return; Owls May Be Tough

By WILLIAM T. RIVES Associated Press Staff

The sports expert—who may be anybody from the insurance salesman who sold you that policy you didn't need, to the batboy for the Coon Ridge Panthers — is always happy when the baseball season rolls around.

The rest of the time dizzy races make predicting distinctly hazardous, but the expert can clear his throat and solemnly affirm that Texas University's baseball team looks like the cream of the Southwest Conference.

And chances are he'd be right. The Longhorns have won so many pennants the campus must look like Main street on the Fourth of July.

And so, in spite of the fact that training chores are not far advanced, Texas again is the favorite. Why not? Such lettermen as Wallace Lawson, clouting veteran outfielder, and Bobby Moers, who hit well over .300 last season, give the Steers an edge. Seven other lettermen also returned.

The Longhorns' best pitching prospects are Sophomore Dave Rodriguez of Miranda City, Udell Moore of Hollis, Okla., and Melvin Deutech of Caldwell. Ned McDonald, letterman hurler, also is back.

Texas opens the conference schedule against Rice at Houston March 20.

Rice, held back by poor weather most of the training spell thus far, is so ambitious it is engaging a semi-pro team (Grand Prize) Monday and Tuesday.

Six lettermen return to the Owls, including two hurlers — Floyd Mecher and Gilbert Heddler, and Coach Cecil Grigg hopes a crop of sophomores will haul his team into a contending position.

Southern Methodist and Texas A. & M. were dealt hard blows with the loss of J. D. Norton, S.M.U. outfielder, and Walter Bass, the Aggies' sophomore pitching satellite.

Norton injured an ankle in the S.M.U.-Baylor basketball game, and Bass broke a bone in his left hand when he crashed into a fence while chasing a fly ball. Both will be out at least a month.

The Methodists' principal needs are for a first baseman, a third baseman, and another good outfielder. Billy Dewell and Guy Dougherty, heady pitchers, will be back, but Red Ewing, short-

## Tony Rego, Ex-Big Leaguer, In Deal

Club's Goal Now \$2,500; L. E. Morris To Represent City At Lubbock Meet

With their objective reduced from \$4,000 to \$2,500 and half of that sum already realized, "trouble-shooters" in the fund drive for the Big Spring WT-NM baseball league club set out with renewed effort Saturday to "go over the top" and insure the professional game here for once and for all.

A Friday afternoon session of directors brought startling and pleasing news for Big Spring fandom. Like a bolt from the blue the man along the main stem learned that an "angel" had stepped into the picture, that, in the utter confusion which had stymied the campaign since the beginning, this individual had made an offer and the offer had been whole heartedly accepted.

That "angel" is Tony Rego, the one time regular catcher for the St. Louis Browns, later the field captain of the Tulsa Oilers and at present in business in the city of Tulsa. Cool, efficient Rego, a veteran of 14 years in the game, came to Big Spring from Tulsa by way of Dallas where he first acquainted himself with the local situation in conference with League President Milton E. Price.

From his parley with R. L. Cook, club president, and the directors came the agreement that Rego was to assume complete management of the franchise, that local officers were to renovate the West Fifth and San Antonio streets plant and that a sum of \$1,500 was to be posted by local officers to match a sum of \$1,000 supplied by Rego, said sum to be held in escrow as "loss insurance." The fund will protect the organization in case of loss.

Contracts for the new agreement will be drawn up this week. Rego, who was forced to return to Tulsa immediately following the meeting, said he would return here Wednesday to begin plans for the opening of the season.

Directors set Wednesday evening as the next meeting date of fans and directors. Cook said he was confident that the \$2,500 will have been subscribed by that time.

In setting their objective at \$2,500, directors brought attention to the fact that an indebtedness of \$1,100, incurred by last year's club, had to be met in addition to the many requirements in the reconstruction of the plant.

Present plans call for reinforcement of the fence, addition of new grand stand and bleacher seats, improvement of the playing field and purchase of bulbs for the lighting system. Work was to start as soon as success in the fund drive was assured, Cook said.

Leith Morris will represent the club in the league's schedule meeting at Lubbock today. The \$200 forfeit fee, which must be posted with the league president, is being supplied by Rego.

Today's meeting is expected to bring about the application for franchises at at least four cities not represented last year. Delegates of Amarillo, Pampa, Lamasa and Abilene have been invited along with those of Big Spring, Lubbock, Midland and Clovis, members of the circuit last year. The franchisees of Hobbs and Wink have already been surrendered to the league.

stop; J. C. Wofford, pitcher, and Nolan Jackson, keystone sack guardian, have quit school.

A. & M. only lost one regular from the 1935 team and may be the halter around Texas' neck this season. The loss of Bass will be offset by the return of Hal Welch, letterman pitcher who was ineligible last year. Jack Cooper, second baseman from Dallas who led the conference in batting, may be converted into an outfielder in a defense-boistering move.

Baylor has only three lettermen but one of them is Tommy Fine, brilliant pitcher, and Coach Morley Jennings is not pessimistic. His team will be faster than the '28 crew and a little aid for fine may put the Bears in the first division.

Coach Howard Grubb of Texas Christian faces the pleasing prospect of sending eight lettermen and a promising bunch of first-year men into the campaign. Billy Bilderback, ineligible last year, will help with his first-basing and a batting thunder.

Arkansas does not participate in the conference's baseball play.

## Livingston Is New Champion In Hi Playoff

Abilene Beaten By Bowie In Try For Third Place

AUSTIN, Mar. 4 (AP)—Twenty seconds before the final gun cracked in the huge Gregory gym tonight, Center Alex Weatherford of Livingston whirled out of the mass and fired a one-handed shot through the hoop that gave his Lions a victory over Sidney Lanier of San Antonio, 27-25, and the Texas interscholastic league basketball championship for 1936.

It was a stormy, smashing game that concluded two days of spectacular play in which Livingston and Lanier fought off champions from six other regions in the 18th state tournament.

Bowie of El Paso won third place by defeating Abilene, 23-22. The Lions had to stave off a driving Lanier rally that overcame an eight point lead in the fourth quarter and tied the score at 25-all with half a minute to go.

14 Points In Last Half

With Lanier trailing by one point, Billie Saldana got two free throws and made one good to set the stage for Weatherford's "money" shot.

Tall Jos Trevino was the lad who shot Lanier back into the game. He whipped in 14 points in the last half after going scoreless the first two periods. Weatherford was high for the champions with 12.

The tricky dribbling and passing of two swarthy guards, Capt. Tony Cardona of the all-Mexican Lanier team and Foster Bullock, Livingston's full-blooded Alabama Indian, helped make the championship game the most sensational of seven thrilling clashes during the two-day tournament.

Close Scores

Livingston defeated Vernon by four points, Bowie by two and finally Lanier by two in their hectic championship chase, driving Coach Bubba Gernand to the verge of a breakdown. Gernand, a great three-spot athlete at Baylor in 1935-36, saw his first high school team win the highest honor in interscholastic league basketball.

Sidney Lanier likewise had rough sailing throughout, beating Gilmer 49-32 and Abilene 33-31 to reach the championship round.

Both the Lions and the Veks missed many shots in the tense first half, which ended with Livingston ahead 13-11. By the end of the third quarter they had built a 28-20 margin.

Then Cardona and his mates fired their final charge, and it came near being enough to blow the Lions out of the running.

About 3,000 fans saw the final program, and about a half that number turned out for the semifinals this morning in which Livingston eliminated Bowie, 24-22, and Lanier put out Abilene, the '35 runners-up.

## Cage Tourney At Courtney Mar. 10

Fem Teams Play For Chance At State Title

COURTNEY, Mar. 4—Coach Norman J. Robnett of the Courtney school has been appointed district director of the Girls' High School Basketball association of Texas, will supervise the District 19 tournament which will be staged in the Courtney gymnasium March 10-11. Winner of the meeting will be eligible to compete in the state-wide tournament which will be held at Baylor university, Waco, March 15-17.

President of the state association is L. C. McKamie, Abbott, Tex. Although it is too late this season plans are underway to stage county tournaments next year, according to information received from the president's office.

Entry deadline for the Courtney meeting is March 9 and drawing for places in the bracket will be held at 4 p. m. the same day at Courtney high school. Entry must be accompanied by a \$3 fee which is sent to the state organization. Fifteen per cent of the gate receipts of the tournament will also be forwarded to state headquarters to help defray expenses of district winners to the state tournament.

The Courtney team will offer the other sextets strong competition. During the course of the season they played 21 games, winning 20 of them. The Eagles' only loss was inflicted by Garner, which they had previously defeated. They won championships in the Coahoma and Big Lake tournaments, winning high point honors at the latter meeting with 160 points scored in three games.

Teams are expected from Westbrook, Garner, Garden City, Klondike and Union.

RETURNS HOME

Anne Martin, county superintendent, returned Friday evening from Cleveland, Ohio, where she attended the National Education association annual convention. She was the only one from Big Spring or the Howard county to attend this year.

CHALK, Mar. 4—Sports interest at Chalk school has turned to softball, tennis and track following the completion of the basketball season last weekend.

In the county meet both the junior boys' and girls' teams captured championship honors, the boys winning the title they took last season by defeating Vincent, 19-11, while the girls were triumphing over Vincent, 13-11.

All games were played in the Coahoma gymnasium.

## Track Drills Begin Monday

Daniel Succeeds Carmen Brandon As Mentor

High school track and field workouts will get under way Monday afternoon under the direction of John Daniel.

No extensive drills are planned until arrangements can be made for equipment but the athletes are expected to take regular workouts.

Daniel succeeds Carmen Brandon as mentor.

MEDWICK READY TO TAKE CUT

ST. PETERSBURG, Fla., Mar. 4 (AP)—Joe Medwick, the St. Louis Cardinals' star slugger and outfielder, was willing today to end his holdout and sign his contract for what he received last year.

He admitted this as he loafed around the club's hotel appearing perturbed over the fact President Sam Breadon and General Manager Branch Rickey have made no effort to talk terms and dotted lines to him.

His salary last year was about \$20,000. The club wanted him to take a cut—reported to be \$5,000.

Sports Interest To Softball At Chalk

CHALK, Mar. 4—Sports interest at Chalk school has turned to softball, tennis and track following the completion of the basketball season last weekend.

In the county meet both the junior boys' and girls' teams captured championship honors, the boys winning the title they took last season by defeating Vincent, 19-11, while the girls were triumphing over Vincent, 13-11.

All games were played in the Coahoma gymnasium.

## Midland Team Sweeps Series

Takes Four Matches From Locals; House Is Decided

Midland high school netters swept four matches from representatives of the local school in a series of tennis exhibitions at the Municipal courts Friday afternoon.

In the feature match Marvin House, Jr., Big Spring, was defeated by Joe Lanham, Midland, 5-7, 2-6.

Two singles and two doubles matches were included on the program.

The two teams will probably meet again in Midland next weekend.

## Coast Stars In Tennis Sweep

NEW YORK, Mar. 4 (AP)—The Pacific Coast mopped up the floor of the Seventh Regiment Army titles in the national indoor net today in a clean sweep of singles championships.

Wayne Sabin, Davis Cup prospect from Portland, Ore., took the men's crown and pretty Pauline Retz from Los Angeles captured the women's honors.

Sabin, top-seeded, trounced the veteran Frank Bowden of New York, 6-3, 5-7, 6-3, 6-1.

Miss Betz, who accounted for top-seeded Norma Tauble and third-ranked Barbara Nields in earlier round matches, came through with a 7-5, 4-6, 6-1 over Heelin Bernhard of New York to take the women's crown.

Miss Tauble and Grace Surber of New York annexed the women's doubles title without difficulty, beating Jean Wright and Josephine Sanfilippo of Brooklyn, 6-1, 6-2.

## Local Team In Bowling Meet

Scheduled To Begin Play In Southwestern At 2 P. M.

A Big Spring team composed of Ward Hall, J. C. Loper, Harry Hoekendorf, P. D. Ausmus and Stanley Wheeler left here Saturday for Wichita Falls where they will compete in the Southwestern Bowling tournament today.

The local team will begin bowling at 2 o'clock this afternoon.

In the recent Tri-State tournament at Amarillo that group finished fourth in team play.

In 1928 Hoekendorf was a member of the Southwestern championship team and singles and doubles champion as well.

## Stanton Team In Track, Field Win

Thomason Takes First Place In Three Events

STANTON, Mar. 4—Stanton's Buffaloes won first place in a four-way track and field meet here Saturday afternoon, scoring 32 points to 26 1-3 for second place Andrews. Courtney came in third with 17 2-3 points, while Merrick could not place.

Wendell Thomason led the Stanton team, winning the 120-yard high hurdles, 220-yard low hurdles and the broad jump, placing second in the 440-yard run and was a member of the mile relay team.

## LOOK TO A BRIGHT FUTURE

WHY not enjoy the present more by realizing on the happiness that can come later? To think this is dreaming is merely being foolish; it can and is being done by hundreds of everyday people just like yourself.

THE first step toward establishing this security is opening a First National savings account and adding to it a small amount each week. Before you know it you will be well on the road to attaining a brighter future.

NEW ADMINISTRATION POLICY

In my article on Tuesday I argued that the failure of the purge and the republican gains in the 1938 elections...

It is, I believe, that they have reached a dead end on the path they were following. Reduced to its simplest terms, they have established a system by which a substantial portion of the national income is being redistributed by political devices.

Given the present national income, the administration has gone as far as it can in the political redistribution of that income.

But when they look at business they find that the corporate directors are not making the investments of capital which would begin to produce this much larger national income.

The dilemma of the New Dealers is that they cannot continue to redistribute as much national income as they are now redistributing unless they can induce corporate investors to enlarge the national income.

And the reasons are: First, that the investors believe that the New Deal system of redistributing income will enlarge itself under political pressure.

It is the one measure above all others which could create a sufficient prospect of profit to overcome the deep inertia of business men and investors.

There is, as you see, West? "It's a little, anyway. Start up, Asy. I got to get things going. While I'm busy, you just fix up this mess."

"Wouldn't want me to throw in a solution of the farm problem, would you?" Asy drawled.

Weston's eyes narrowed. "Let everyone know? Huh! Asy, what I told you is true. And what's more, you're going to settle the whole business yourself."

Continued tomorrow.

The Herald's Serial Story Dangerous Service

By Grace Elliott Taylor

Chapter 40 LOVE AND WAR "Why do you think there will be a raid?" Petrel asked.

Peter leaned forward. "Because we were left in peace last night, is the reason everyone is being given. Actually, it is because reinforcements have joined the rebels."

"I've been out all night." During the day she found that his information had been correct.

"There's another reason why it will go on," Tony told her. "Soon, Spain will be pleading for non-intervention as hard as we are."

"You're ready to move, we'll go home." "Darling, I'm not ready to leave Spain. But she knew he would not stay away."

But at least, they both insisted, she must agree to go to the British Embassy. They found it better to shift for themselves, but in the present suspicion, panic, and constant shelling and air attack, it was unsafe for her to go out into the streets.

It was a very bold stroke, and it is hard to say whether the New Deal stalwarts would stand for it or would regard it as a betrayal of the whole New Deal philosophy.

It would be a very bold stroke, and it is hard to say whether the New Deal stalwarts would stand for it or would regard it as a betrayal of the whole New Deal philosophy.

Often, during the weeks that followed her wedding, Petronella remembered Tony's words, spoken in the corridor of the train, before Albacete. Spain was at once hell and heaven.

Except for touring the fronts, occasionally, with Peter, Tony did not run unnecessary risks. But there was often rescue work, in the dusty destruction of the streets, after shelling and raids.

Mr. Roosevelt is still as bold as he used to be, he will see that half measures will not extricate him from the situation in which he now finds himself.

Coming at a time when the danger of a world war is definitely less, it could give the country the breathing space of a period of high prosperity. Perhaps in that period the country could find a way to deal with its deeper difficulty: the difficulty of getting control over pressure groups demanding an indefinite and illimitable distribution by political devices of the national income of the people.

### Urge Action In Federal Help For Business

**Recommendations Made By The U. S. C. Of C.**  
WASHINGTON, Mar. 4 (AP)—The United States Chamber of Commerce suggested today that recent administration assurances to business be translated into a comprehensive seven-point program of "positive and practical action."  
In its periodical "Washington Review," the chamber said that "the revival and reinvigoration of business enterprise is properly coming to be recognized as America's number one problem."  
"Anything which contributes to that and is of course to be commended," the statement added.  
The chamber's statement was issued shortly after Secretary Morgenthau had promised to give house and senate tax committees the treasury's recommendations for revamping taxes which tend to restrict business.  
The recommendations were re-

quoted yesterday by Chairman Harrison (D-Miss) of the senate finance committee and Doughton (D-NC) of the house ways and means committee.  
The chamber listed the following recommendations for specific assistance to business:  
"Reduction of expenditures."  
"Abolition or reduction of taxes which discourage, and sometimes penalize, business initiative."  
"Modification of repressive laws and regulations which impede the flow of money into capital markets."  
"Curtalement of the competition of government with private enterprise in many fields of business."  
"Repeal or revision of labor legislation which promotes strife and discord."  
"Limitation of the authority of federal agencies which exercise the functions of prosecutor, judge and jury in the regulation of business activities."  
"Discontinuance of ex parte investigations and inquiries which tend to discredit business and impose an unnecessary burden upon business enterprise."

### The Daily Herald's Bible Offer

When it was proposed to make the leading newspapers of the country the channels through which this Bible stream would flow, it was thought by some critics to be impossible, because it was claimed that the press is interested only in the news of the day. It would be an unworthy newspaper, indeed, that would not lend its aid toward encouraging Bible reading, and now that the movement is well under way, the critics are forced to admit their error. The present offer includes two different volumes—Style A, illustrated below, and Style B, which is fully as complete but less elaborately bound.

**Clip and Present or Mail Your Coupons TODAY**

Four Permian Pools Show Extensions

Ector, Crane and Yoakum Co. Fields Are Widened

SAN ANGELO, Mar. 4—The Foster pool in Ector county was extended one mile north and the Duns pool in eastern Crane county one-half mile east this week.

Locations was staked for a scheduled Ordovician test in the Masterson pool in Fecos county, contract was awarded by Lone Star Gasoline Co. for its third test in Schleicher county's sweet gas and distillate producing area and by the Buddha Oil Co. of San Angelo for the deepening of its 5,118-foot wildcat near Carlsbad.

Atlantic Refining and Ray B. Rhodes No. 1-D Johnson headed from broken pay topped at 4,070-86 feet to extend the Foster pool in Ector county one mile north. It drilled to 4,225 feet, showed no water and swabbed 20 to 30 barrels of oil hourly through tubing before shooting. Location is 330 feet east of the southwest corner of section 42-42-12-T&P.

Cities Service No. 1 W. H. Rhodes, extending the south end of the North Cowden field one-half mile east, made 15-minute flows at one-hour intervals following a 665-quart nitrogen gas shot, with the total depth 4,301 feet. It is near the center of the northwest of the northwest of section 24-43-12-T&P.

Sinclair-Rearick No. 1-A Kendrick, extending the Denver field in Yoakum county one-quarter mile east, flowed naturally through casing 245 barrels of oil in 16 hours, bottomed at 5,144 feet, was tubed and acidized. It is 1,550 from the south, 2,310 feet from the east line of section 325-D-John H. Gibson, Texas Pacific No. 16 Bennett, was completed as the largest well in the Bennett pool proper, rating 2,780 barrels daily. It is 2,200 feet from the south and west lines of section 605.

Ted Weiner of Fort Worth and associates were reported planning to drill a Yoakum county wildcat in the southwest quarter of section 874-D-John H. Gibson, six miles southeast of the Bennett pool on a 600-acre block assembled by R. T. Dasher of Seagraves.

Alcoa Location Alcoa Oil Co. staked No. 2 Pearl Chatterton, 860 feet out of the southeast corner of the southeast quarter of section 897-D-John H. Gibson, as its first location since acquiring The Texas Co.'s holdings in Yoakum county, with 17 producing wells.

T. G. Shaw No. 1 C. S. Dean, 1 3/4 miles west by northwest of a small discovery well in eastern Cochran county, swabbed 10 barrels of oil hourly for six hours following treatment with 7,500 gallons of acid in three stages with the total depth 4,981 feet. It is in the southwest part of league 94, Mills county school land.

S. W. Richardson No. 1 Miss A. E. Coke, one-half mile northeast of the Slaughter pool in Hockley county, swabbed 92 barrels of oil with three per cent water in 24 hours at a plugged back depth of 8,008 feet. It is to be plugged back farther. The well is in the southwest corner of labor 53, league 40, Maverick county school land.

Great Western Producers No. 1-B University, extending the Duns pool in eastern Crane county one-half mile east, swabbed and ballbed.

NEW PAY AREA Indicated For Jones County

Avoca Townsite Pool Adds Four New Producers

ABILENE, Mar. 4 — Indicated opening of a new Jones county oil pool between Anson and Stamford and the addition of four new producers for the Avoca townsite (Griffin) pool kept the center of West Central Texas development in northern Jones this week.

Gregg Oil company of Abilene and Gladevale topped sand pay on its No. 1 E. D. Appling, third test drilled on that 160-acre farm in the southwest quarter of section 32-BBB&C survey, and filled at the rate of 1,000 feet an hour before it was shut in to cement casing.

No. 1 Appling topped sand at 2,630 feet, oil saturation at 2,632 feet, and drilled to 2,635 feet, total depth, before running pipe. Flugs will be drilled out the first of the week.

Northwest of Old Tests It is nearly a quarter mile north-west of two previous tests, both drilled by Graham-Hunter corporation of Abilene. The first, a Palo Pinto try which was abandoned before 4,000 feet in January, 1938, tested 80 barrels of oil and 20 barrels of water per day from the same sand at 2,640-50 feet. An east offset was dry.

In the Avoca townsite area, the W. H. Peckham No. 1 B. C. Humphrey, in block 4 of the Humphrey addition inside the townsite, was treated with 1,000 gallons of acid and responded with a flow of 30 barrels of oil hourly from a total depth of 4,972 feet before it was to go on railroad commission potential gauge. It is a south extension for the pool, being south of the school campus producer recently completed.

Four U.S. Women To Be Presented At British Court

LONDON, Mar. 4 (AP)—Only four American women will be presented at the court of King George and his queen, the American embassy announced today, maintaining the practice Ambassador Joseph P. Kennedy inaugurated last year of restricting presentees to families of American officials or residents of London.

The presentees will be at the first court on March 9. The presentees: Mrs. Vinton Chapin, wife of the second secretary of the United States embassy, whose home is Dublin, N. H. Mrs. Samuel A. Greenwell, wife of Major Greenwell, assistant United States military attaché in London, of San Antonio, Texas. Miss Barbara Mead, daughter of Mr. and Mrs. Frank R. Mead, of Old Greenwich, Conn. Miss Alfreda Huntington, daughter of Mr. and Mrs. C. W. Huntington, of Hadley, Mass.

MARTIN BOYS WIN IN ANGELO SHOW

STANTON, Mar. 4 (Sp)—More laurels were added to the list of Martin county 4-H club boys Friday when they took prizes at the San Angelo stock show. Once again Russell Sadler came through with winning honors, with his calf, "Old Draw," which took first place in the local show several weeks ago. This time the calf took first place in the senior division, and won reserve champion of the show. The calf was bred by E. B. Dickenson, and fed by Sadler under the supervision of Martin County Agent George Bond.

Also in the list of winners at San Angelo, was Owen Kelly, who won eighth place in the senior division, milk fed class. This makes the third time in as many weeks that the Martin county club boys have won high honors in stock shows. In El Paso two weeks ago Russell Sadler won the reserve champion award with his calf, which could win no higher than seventh in the local show. Again in Big Spring last week he took reserve honors, while his brother, Billy Sadler, exhibited the grand champion.

The late Dr. Charles H. Herty of Savannah, Ga., a research chemist specializing in wood pulp products, is credited by some with bringing more wealth to the South than any man since Eli Whitney invented the cotton gin.

Used to take a natural railroad commission gauge. It is located in the southwest quarter of section 199-BBB&C survey, and had drilled pay from 3,237 to 3,265 feet after topping lime at 3,243 feet.

On the north end of the field, the Bert Fields No. 3 J. T. Taylor, offsetting the 5,000-barrel prize producer of the area, cored a lime stringer at 3,218 feet and set casing at 3,238 feet after continuing to find saturation at 3,235-36 feet. It is in the north half of section 199-BBB&C survey.

OWENS-WRIGHT PREPARING TO TEST SHOWS

Wildcat In Northwest Howard Co. Has Logged Three Oil Strata

Steve Owens No. 1 G. G. Wright, northwest Howard county wildcat test, finished straight-reaming to 4,990 feet and ran five inch casing preparatory to testing oil shows below that level while Continental No. 1 Munger, Borden county exploratory test nine miles south of Gall, set pipe after drilling through strong air show to focus attention of the local oil fraternity north of here during the past week.

The Owens No. 1 Wright, located 990 feet from the south and east lines of section 33-33-2n, T&P, is bottomed at 4,143 feet in brown lime and has logged a trio of oil shows from 4,042 to 4,117 feet. Continental No. 1 Munger, 440 feet from the south and west lines of section 28-31-1n, T&P, mudded off a strong volume of air below 1,390 feet and set eight inch string at 1,550 feet before switching from rotary to standard.

In southeast Howard county materials were moved in for an important outpost well to the Snyder pool. M. E. Ooley and H. D. McQuain No. 1 M. H. O'Daniel, 330 feet from the west and 2,310 feet from the south lines of section 30-30-1n, T&P, rigged for a 3,500-foot test. It is located about three-quarters of a mile south of nearest production. Ambrose Delcambre, Jr., was staking location 1,850 feet from the west and 2,310 feet from the south lines of the same section for another extension test in that area. It is to be known as the Delcambre & Richardson No. 1 O'Daniel. Magnolia was reported ready to drill on its 240-acre tract immediately to the north.

Equipment Moved In Equipment was moved in by the Ajax Drilling Co. for the Lockhart Petroleum Corp. No. 5 R. C. Scott, 1,650 feet from the north and 330 feet from the east line of section 86-29, W&NW, in the Lockhart pool midway between the Chalk and Snyder areas.

In western Howard county, the T. G. Shaw, trustee No. 1 H. H. Wilkinson shut off water at 2,985 feet and drilled ahead to 1,125 feet in lime. Location is 990 feet from the north and 330 feet from the east lines of section 19-34-1n, T&P. Ajax No. 2 O'Daniel, 1,650 feet from the east and 990 feet from the north lines of section 24-30-1n, T&P, rated 285 barrels daily pumping to give the Snyder pool its only completion for the week. Eastland No. 3-B, TXL, section 33-30-1n, T&P, drilled to 2,695 feet in lime with 500 feet of oil in the hole.

Other Activity Shell No. 3 Snyder, 1,850 feet from the north and 2,310 feet from the west lines of section 28-30-1n, T&P, drilled below 2,345 feet while Parton No. 2 Snyder, an eastern offset straight-reamed from 1,450 to 1,713 to shut off water. The two wells are on the northwest edge of production. Moore Bros. No. 7-A Snyder, 1,850 feet from the south and west lines of the same section, skidded and prepared to spud again after failing to eradicate hole trouble at 2,519 feet.

Magnolia No. 12 A. E. O'Daniel, in the northwest quarter of section 34-30-1n, T&P, which previously had taken a 358 barrel flowing potential on a 16-hour run, cleaned out 57 feet of bottom. Magnolia No. 12 O'Daniel cemented oil string at 2,515 feet and prepared to drill in. Magnolia No. 14 O'Daniel spudded and drilled to 510 feet while Magnolia No. 15 O'Daniel set 80 feet of 10-inch string. Moore Bros. No. 7-A O'Daniel, 1,690 feet from the south and west lines of the section, drilled to 1,735 feet.

Continental No. 14-A Clay, section 19-29, Howard-Glasecock pool, drilled past 1,260 feet after a test at 1,578 feet failed to give satisfactory results. The Continental No. 1-A Chalk, a deepening test, was below 2,000 feet.

Tennessee experiments indicate dry buttermilk can be mixed advantageously with green feeds in making ensilage for livestock feed.

Westex Teachers Meet At Lubbock Next Weekend

Friday will be a holiday for Big Spring students, while their teachers are at an annual convale. The West Texas Teachers association, an organization embracing all the Plains country, will meet in Lubbock Friday and Saturday, and a large percentage of the local faculty is expected to attend. Classes will be dismissed Friday so that the teachers may go to Lubbock. Big Spring entertained the teachers group last year, and may ask for the 1940 party.

Midway School's Museum Showing Rapid Growth

For the past several years the pupils of Midway school have been bringing odd rocks, shells and other articles to school for inspection. These things collected on the book shelves became conspicuous and someone suggested that they become the nucleus for a school museum. Since then the interest in the Midway museum has been growing and the pupils have added a number of interesting exhibits. The largest single collection in the museum consists of post cards from thirty-two states including Old Mexico, Canada and the District of Columbia. Naturally Texas is represented better than any other state. There are 116 cards showing views of twenty cities and 52 but views of only two cities are shown. Virginia with 47 cards is third showing views of seven cities. There are a total of 463 cards showing views of 97 cities.

Within this collection of post cards are several special collections of cities including New York City, Washington, D. C., Valley Forge, Mount Vernon, the Chicago Century of Progress, the Texas Centennial, and Carlsbad Caverns. Other items of interest - in the

## PUBLIC HEALTH EXPENDITURES TERMED WISE ECONOMY, BY SPEAKERS AT MEETING HERE

Speakers before the concluding sessions of the District No. 1 State Public Health association meeting here Friday told more than 175 delegates from over most of West Texas that money spent for an adequate public health program was wise economy.

Moreover, they were challenged to arouse public opinion to the necessity of such a program and to "make their wants known" to the state legislature.

Alvin Allison, Levelland, representative from the 119th district, advocated matching federal health funds with state money to develop a "far reaching health program."

In protecting public health he saw a means of curbing the increasing number of mentally ill. Allison called for a program of prevention, education inspection and proper financial backing to "make Texas fit for Texans."

His colleague, Rep. C. L. Harris, Sp. of the 118th district urged the delegates to write legislators to support public health appropriations to avoid the pitfalls of "false economy." He said the progress of the state depended upon the health of its workers and suggested that promotion of the work was an individual responsibility.

Message From Dr. Cox  
Highlight of the afternoon session was a paper prepared by Dr. George W. Cox, Austin, state health officer, and read by L. E. Bracey, Austin, member of the health department.

"Every dollar spent wisely in the treatment of syphilis," said Dr. Cox, means "ten dollars will be saved in time to come."

He quoted statistics to show that 12 per cent of first admissions to state hospitals for care of mentally ill are suffering from the disease; that 30.8 per cent of the state prison inmates are afflicted with it; that more than 100 blind, deaf and feeble minded in state institutions are there because of syphilis. These, exclusive of the prison system, cost

the state \$317,211 annually as wards.

**The Cost of Syphilis**  
However, the greater cost in an estimated 50,000 man years annually through the ravages of the disease runs into the millions of dollars, said Dr. Cox. Since the state expends around \$65,000,000 every year on education, Dr. Cox pointed to a "terrible loss we are accumulating in the future when many of these youths (150,000) face the climax of their careers blighted by a disease that has no legitimate excuse to exist."

Dr. Cox advocated the appropriation of \$150,000 to combat and control syphilis by the "cheapest thing to do with syphilis is to cure it."

Dr. E. W. Prothro, Kermit, director of the Winkler county health unit, said that the state might save \$10,000,000 annually by a health program which would eliminate the "repeater" cost of education. Mrs. C. E. Birtchell, Kermit, Mary Louise Harwell, Kermit, and Lacy Turner, Wink, gave the parent, student and teacher view of the county health unit program.

Symptoms and treatment of tuberculosis were discussed by Dr. Charles J. Koerth, San Antonio, who pointed out that the disease is still a real menace, killing annually nearly three times as many as die in traffic mishaps. Some 70,000, he said, died from the infection last year.

Under the direction of Mrs. Eva Piper, Winifred Hodge, Evelyn Groves, Doris Collins, Earl Beck, Olin Watson, W. C. Boyen and Jud. Abernathy, Floydada senior speech students dramatized the activities of a health unit.

After Jack Wyatt, Amarillo, Dorothy Stevens, district health nurse, and Dora Snyder, Lubbock, were named as a constitution and by-laws committee and courtesy resolutions adopted commending Big Spring hospitality, entertainers and the press for cooperation, Dr. G. A. Gray, Sweetwater, district president, adjourned the meeting. Choice of the autumn meeting place was left up to the advisory committee.

## FIRST AID TESTS ON SCHEDULE MONDAY

Big Spring district eliminations in the Boy Scout first aid contest are scheduled for 7:30 p. m. Monday in the high school gymnasium.

Two troops will be picked to represent the district in the council eliminations here Saturday at 2:30 p. m. in the gymnasium. Al Stiles, Sweetwater, area executive, said that E. L. Vredenburg, assistant national director of health and safety, will be present for the meet.

A district dinner for scouts is being arranged for Saturday evening in honor of Vredenburg.

erty was denied in other lands, but would use every "peaceful means" to preserve religious and personal freedom.

"Where democracy is snuffed out there, too, the right to worship God in one's own way is circumscribed or abrogated," he said. "Shall we by our passiveness, by our silence, by assuming the attitude of the Levite who pulled his skirts together and passed by on the other side lend encouragement to those who today persecute religion or deny it?"

"The answer is 'no,' just as in the days of the first congress of the United States it was 'no.'"

Chief Justice Hughes said the most significant fact in connection with the anniversary "is that after 150 years, notwithstanding expansion of territory, enormous increase in population and profound economic changes, despite direct attack and subversive influences, there is every indication that the vastly preponderant sentiment of the American people is that our form of government shall be preserved."

Again, the president described the bill of rights, with its guarantees of freedom of worship, freedom of speech, of the press and of assembly, as containing a "vast chasm between our representative democracy and those reversions to personal rule which have characterized these recent years."

"Our guarantees of fair trials," Mr. Hughes said, "of due process in the protection of life, liberty and property—which stands between the citizen and arbitrary power—of religious freedom, of free speech, free press, and free assembly, are the safeguards which have been erected against the abuses threatened by gusts of passion and prejudice which in misguided zeal would destroy the basic interests of democracy."

## Pension Tax

(Continued From Page 1)

ed, and with the revenue-raising measures sent to the sub-committee, but the latter were far the more controversial.

While action on the sub-committee was important, nevertheless it was but an initial step in the long process of letting the voice of the people be heard in a constitutional election. In the whole committee and on the floor, any plan approved by the sub-group will be subject to revision. Then the senate must agree.

Corridor talk was that the sub-committee would report an "omnibus" pension-tax amendment, which would liberalize to some extent, without radically altering, the present pension system, and would provide for financing with a retail sales tax, an increase in natural resources tax and a tax on some service transactions.

A point at issue was whether the state ad valorem tax should be abolished, as advocated by Governor O'Daniel.

The general expectation was that the senate committee report, both as to pensions and taxes, would be much more conservative than that of the house group, and some believed it might follow closely a plan put forward last week by Senator Rudolph Weinert of Seguin.

This amendment would not affect the constitution as regards qualifications for pensioners. This legislature or another could change the pension law within the limits of the present constitution.

Financing would be by a retail sales tax and levies on a long list of services, including storage of automobiles, renting hotel rooms and transportation by common carriers. The ad valorem tax would be reduced.

## AT NATIONAL PISTOL MATCHES

Jess Woody (left) of Stanton and L. P. McCasland, state highway patrolman stationed here, will be carrying Big Spring's "colors" into the national pistol matches which opens Tuesday at Miami, Fla. Both won high ranking in the event last year, will shoot as a Big Spring team this year. They are making the trip by car and, assisted financially by local sources, will do some advertising for Big Spring en route and at Miami.

## The Week

(Continued from Page 1)

Spring means another forward step toward a north-south airline through here. It is only a step, but each stride in the right direction brings the goal nearer.

The sending of L. P. McCasland, state highway patrolman, to the Miami, Fla., pistol meet was a fine gesture on the part of Big Spring people. It not only can mean the advertising of this city, but can convince state authorities this city is interested in the patrol.

Despite a weather handicap, the second annual calf show was a big success here last week. It is interesting to note that plans are in the making to create a permanent home for this and other similar events. Such affairs benefit not only boys and agriculturists, but Big Spring also.

Big Spring should go after the next meeting of West Texas teachers when that body meets this weekend at Lubbock. It is one of the more desirable and larger conventions to be had.

Congratulations to Stanton on its band clinic Saturday. This, like the Coahoma homecoming, the Forsan school fair and other similar events, reflects a fine community spirit.

E. V. Spence, city manager, revealed Friday that the city commission will shortly study a plan whereby a \$350,000 housing unit could be undertaken here with federal aid. Whether this is realized or not, it should be well to go into the proposition thoroughly and thoughtfully. It might be a key to some other problems.

R. N. Wagener of Forsan, who recently proposed a change of timing on the city's traffic lights, writes in to say that a check he made shows there is room for from eight to ten cars in a block, while only two to four cars were getting through on each green signal. He had suggested that increasing the time would stack up more cars, and his survey is in answer to that.

Mr. Wagener also makes other suggestions for traffic safety, such as stop signs on streets intersecting the highways, stopping before a right turn, and using of headlights in the twilight hours. All of them are good suggestions.

## SCOUT CAMP DUE TO OPEN JUNE 6

Annual summer camp for the Buffalo Trail council will open this year on June 6 at Barkadale, Al Stiles, area executive, said here Saturday.

The event, outstanding for Boy Scouts, will consist of three one-week periods, according to the executive. Location will be the same as for the past three years on the banks of the Nueces river about 200 miles southeast of here.

## LOCAL GIRLS TAKE DEBATE HONORS IN ABILENE EVENT

Jacqueline Faw and Nettie Jean Carter, Big Spring high school girl debaters, Saturday took premier honors in their division at an open debate tournament in Abilene.

They won a loving cup for first place by defeating Comyn. Lorraine, Central Texas School of Oratory (Brownwood), Waco, Sunset (Dallas), and North Dallas High school.

Howard Hart and George Hatch, boy debaters, defeated McCaulley in the first round but dropped a decision to Paint Rock in their second match. There were 44 teams entered in each of the two divisions.

Eloise Haley, debate coach, accompanied the teams to Abilene Saturday.

## New Division Of Czech Territory Being Planned

WARSAW, Mar. 4 (AP)—The possibility of arranging a new territorial amputation of Czech-Slovakia to give Poland and Hungary a common border was reported tonight to be one of the chief subjects for important week-end talks between Rumanian and Polish foreign ministers.

Grigore Gafencu, foreign minister of Rumania, arrived here this morning to discuss international problems with his counterpart in the Polish government, Col. Joseph Beck.

Both Polish and Rumanian quarters said Gafencu and Col. Beck would discuss the possibility of Hungarian annexation of Carpatho-Ukraine, easternmost province of Czechoslovakia, thus bringing the Polish and Hungarian borders together on Rumania's north.

Mrs. Carl Mercer is recovering from a severe attack of influenza which confined her to her home for a week.
