

A Fun Filled Day Scheduled For Fourth Of July

Red, white and blue flags and banners will welcome all of Muleshoe, her guests and neighbors to a fun-filled Fourth of July celebration here on Thursday.

A full day of activities for the enjoyment of all ages has been planned by the Muleshoe Chamber of Commerce and Agriculture, Chamber Manager Tommy Black emphasized. Local business and social organizations are participating. All proceeds from any event will go to the chamber's Fourth of July Celebration fund.

Chamber manager Black, secretary Mrs. Kerry Moore and the five Ambassadors toured surrounding towns on Thursday and Friday this week to advertise the event to the area.

Unique anywhere in the world, so far as known, will be the annual World Championship Mule Shoe Pitching Contest.

Other Western flavored events will be the annual pony express race, a big afternoon parade and an evening rodeo. A pit barbecue supper and a pancake ride-in breakfast offer food for the hungry.

Skydivers will swoop over the Muleshoe Airport during the day. There will be all kinds of games and contests for children of all ages, plus a model airplane exhibit to view.

The Old Settlers will hold their annual reunion. There will be much to see: painting exhibits, hobby displays, window dressings by local merchants, refreshments, and fun. Two

programs are offered at 8 p.m., the Gallians recording group, and others, in a musical gospel-singing program; and a Junior Rodeo performance.

MORNINGS To schedule the day, start with the Pony Express Race from Needmore to Muleshoe which will start promptly at 7:30 a.m., with Mrs. Leon Spears directing. The defending champion team is last year's winner, the Muleshoe Roping Club.

The Jaycee-sponsored ride-in breakfast will be held at the airport following the pony express race. All riders will be fed free pancakes. The public is invited to attend at \$1.50 per plate.

At the airport, look up and watch the members of the Am-

arillo Sky Divers Club who will perform during the day. See the model airplane show there too, a bigger and better show than ever. Bring the kids and the other young-at-hearts to see the models.

No where else in the world is there a pitching contest with Muleshoe mule shoes. That World Championship contest will start at 9 a.m. Registration ends at 10 a.m., chairman of the event Doug Bales said.

Defending his world championship title will be Ed Neutzler in the men's division, with Patty Pena, women's division champion and Benny Pena, junior division champ.

During the day, in case it is hot as last year's 94 high was, there will be exhibits and

displays downtown and inside.

Muleshoe Art Association will hold the annual art exhibit and show at 319 Main Street from 10 a.m. until 6 p.m. Prizes will be given by the art association and by businessmen. In Muleshoe State Bank's hospitality room the Muleshoe Hobby Club will display arts, craft and hobby articles.

"KIDS ONLY" Children of all ages can win not only ribbon prizes, but a silver one dollar piece for each first place in every contest.

Among the games and contests will be bicycle races, BB Gun contest, skating races, archery contest and many other events. Beta Sigma Phi sorority and Royce Clay, chairman of the event, are sponsors. Refresh-

ments will be served by the sorority. All of the activities "for kid's only" will be held in a blocked off area of West Second Street, between the Law Enforcement Center and the local library.

During the afternoon the annual Old Settlers Reunion will be held beginning at 2 p.m. at Fellowship Hall of the First United Methodist Church.

PARADE The big Fourth of July parade will begin at 5:30 p.m. at the Boy Scout grounds on South Main, with R.A. Bradley as parade marshal. Five riding clubs and more floats, sweethearts of Muleshoe and area clubs and organizations, the Chamber of Commerce Ambassadors, plus antique

cars, a horse and buggy rig driven by Mickey Simms, of Sassers Western Wear, Clovis, and others will be participating.

A new entry this year will be Stanley Black of the XIT Steak House, driving his new Muleshoe mules Milford and Herman.

The color guard will be the 4th Marine Division Company A, 4th Motor Transport Battalion, from Lubbock.

Four hundred pounds of boned beef will be barbecued and served, with all the trimmings, at the Old City Park east of downtown. To begin at 6:30 p.m. the barbecue supper will be free for parade participants and also open to the public at the ticket prices of \$2.75 for adults and \$1.50 for child-

ren. The Lions Club will serve the barbecue. Journals' Publisher Larry Hall will again be chief barbecuer. A spokesman added "Bring your own lawn chairs or blankets to the park."

Muleshoe's Rotary Club will operate a mobile coke stand during the day at downtown spots. Trophies will be awarded to parade and pitching contest winners, Chamber Secretary Pat Moore added.

EVENING Two activities are scheduled for the fourth's evening. The Gallians, a young Gospel-singing group, will perform at 8 p.m. on the west side of the football stadium, weather per-

The City Pool will be closed Tuesday or Wednesday, July 1 and 2, due to electrical motors repairs. Pool Manager Bob Graves announced Friday.

Friday night members of the City Council met with representatives of the Volunteer Fire Department in order to resolve the dispatching and record-keeping duties that will need attention upon Chief Ladd's retirement as chief. Chief Ladd explained that due to business and the health of Mrs. Ladd that it was necessary that he be relieved of duties as chief. City Manager, Jim Rankin and Jack Dunham, fire association president, were approved to work out dispatch problems on a temporary basis and a committee was appointed to make recommendations for a solution. Mayor Alex Williams pointed out that in his years on the council there has been no decrease in the budget of the Fire Department and the council has always tried to work very close with the Fire Department in the past and will continue to do so in the future.

Kiwanis Have Firework Stand

The Muleshoe Kiwanis Club has changed their meeting time to 12:00 p.m. Friday's at the XIT.

The Kiwanis Club will meet at 12:00 noon thru the month of July and would like to invite all old members to meet with them.

They are now operating a firework stand just west of Muleshoe on Highway 84 in front of the O.K. Spraying Service. Our government is going to outlaw fireworks it seems, so this may be your last chance to buy fire crackers, Roman Candles, Sky Rockets, etc. Buy now. They are well stocked, but the present stock is all they are certain of. So don't wait while they have a good selection.

Be sure and visit the fireworks stand open each evening at 7:30 p.m. until late and Saturday and Sunday afternoons. They will be open all day July 4th. The profits from these fire works will go to the Hospital Action Fund. So help the Kiwanis and help Muleshoe.

south of Olton, Texas on FM Highway 168.

The deadline to enter without exception is July 2 and a person may enter only one event.

Events are men's singles, men's doubles, women's singles and women's doubles. The number of players will be limited. Events are open to any amateur within a 35 mile radius of Olton, Petersburg, Floydada and Muleshoe will also be eligible for entry.

There will be \$50.00 awarded for first place singles and \$10.00 awarded for second place singles, plus trophies.

One hundred dollars will be awarded for first place doubles team and \$25.00 will be awarded for second place doubles plus trophies.

Entry fees are \$5.00 for singles, and \$10.00 for doubles and entry fees will not be refunded.

RIBBON CUTTING CEREMONIES - - - Performing the cutting of the grand opening ribbon at the entrance of Wooley-Hurst International Harvester Company's new building Friday morning was J.P. Kaine, company division president. Watching with pride are (l to r) Mrs. W.C. (Bill) Wooley, Wooley, Kaine, and Mrs. Andy Hurst, and Hurst.

Natives Of Muleshoe, Tx. Are IH Officials

International Harvester Company sent two former "Muleshoe-ite" officials back to Muleshoe Friday for the grand opening of Wooley-Hurst Company, one a "native" by adoption and one by birth.

The president of the Agricultural/Industrial division J.P. Kaine just "adopted" Muleshoe when he worked in the West Texas area back in the '50's, while with the IH truck division in Dallas. He says he always liked this Muleshoe area, which is one of the top areas in sales and services in his company.

A native of Muleshoe and graduate of MHS and Texas Tech, Richard Goodwin "came home" for the opening of IH's new building. The son of Mr. and Mrs. Ross Goodwin, Goodwin is the Market Planning Manager of Crop Harvest-

ing in West Texas for the company. He lives in Dallas. Other company officials from Dallas here Friday were H.L. Hudson, regional manager; Bob Freeman, manager of sales; Jerry Nichols, district sales manager, and Harold Newton, area manager, Hereford.

Billed by W.C. (Bill) Wooley as a travelling chamber of commerce for Muleshoe, Kaine said he really was not certain "how this all got started," but was originally from near San Antonio, a graduate of the University of Texas, and now lives near Chicago. He still claims his adopted hometown of Mule-

shoe. Commenting on Muleshoe's growth he noticed the airport's progress especially, and added that "compared to other towns - some drying up-

Muleshoe is 'alive' and businesses such as the new Wooley-Hurst implement company will bring people to town to shop to keep this area growing."

Old Settlers Set Reunion

The annual Old Settlers Reunion will be held at 2 p.m. on July 4 at the Fellowship Hall of the First United Methodist Church.

All persons who are able are asked to wear pioneer dresses or outfits to the annual meeting of old timers.

Prizes will be awarded to the

person traveling the furthest distance, the oldest pioneer present, and the couple married the longest.

Officers for 1973-74 are John Blackman, president; Mrs. Gordon Murrain, vice-president; and Mrs. Mervin Will-

Dr. Prohl Speaks At Rotary Ladies Night

The Muleshoe Rotary Club met with their wives Tuesday, June 25 for their annual Installation and Ladies Night.

Dr. Emil Prohl of Tahoka was the guest speaker and installing officer. The invocation was given by Bob Blackwood and the Master of ceremonies was the retiring President Jess Winn.

Special guests for the occasion were Mrs. Emil Prohl, the Club Sweetheart Terri Crane, Don Loag, who received the Rotary Clubs Scholarship, the newly installed Presidents daughter and son-in-law Mr. and Mrs. Jack Rennels and his step daughter Miss Frantonia Berryhill.

Dr. Prohl told those present of his Hungarian "wetback" father who jumped ship coming to America in 1895. His mother was a German orphan, who arrived at Port Arthur, Texas with only her ticket, name, age, and that of her sister's sewn in her dress. Dr. Prohl told of their coming to this country, getting jobs, making a home, and raising a family.

Dr. Prohl, a family physician in Tahoka for 37 years has been in Rotary all of those 37 years. He has held every office in his local chapter except secretary and will soon be

Residential Drive Given Double Impetus

Fund raising by the Hospital Citizens' Action Fund committee received an impetus with the employment of an architectural firm and that firm's first preliminary drawing for a Muleshoe replacement hospital. (See picture page six.)

Organizations and individuals are still signing up to work in Monday night's house-to-house drive chaired by Ivan Woodard. Following the kickoff meeting at 7:30 p.m. at Corral restaurant the volunteers will canvas the city for donations for the capital fund campaign now underway for the hospital building program.

Brasher, Goyette and Rapier, architects-engineers of Lubbock, is the firm hired by the citizens' committee, chairman H.D. Hunter said following their Thursday night's meeting. Bob Rapier, partner of the

Local Clubs, Individuals Volunteer

In a united effort to assist in the hospital fund raising drive Monday night, local organizations and clubs have come forward to volunteer their services for the community.

Individuals and other groups are invited to join those who have already signed up as volunteer workers. They may call Ivan Woodard or Mrs. J.E. McVickers, or come to the Monday meeting at 7:30 p.m. at the Corral restaurant for orientation and instruction.

The Muleshoe DeMolay chapter has made and distributed poster advertising the fund drive.

Members of the following who will assist in the drive are the ESA sorority, Llano Escacado Civic Club, Ladies' Day Golf Association, Lubbock Christian College Associates, Joyce Hill Circle of First United Methodist Church.

The Jaycees, the Jayettes, Lions Club, Rotary Club, DeMolays, Beta Sigma Phi, both chapters, and others.

Lubbock firm, told the Journal Thursday that the rendering of an over-all picture combining both the existing and a new hospital structure is their first indication of trying to define the look for the building program here. Writing a new program within the framework of money available and in compliance with the several state and federal agencies is necessary next, he added.

A contemporary Spanish style would be practical and economical for united the various old types of brick buildings and a new hospital building into one architectural style, Hospital Administrator Marshal Cook pointed out.

Pledges and cash donations are approaching the half million mark, toward a goal of one quarter to one million dollars set by the Hospital Citizens' Act Fund committee. More than \$300,000 to half million more is needed in donations to reach the stated goal.

The donations, plus whatever mortgage loans, Hill-Butner loan, or sale of revenue bonds are necessary, will finance the building program. Officials hope that sufficient money will be raised through donations, so that less money will have to be

Screwworm Case Reported

Reports of screwworms out breaks continue to be reported in northern Texas. A confirmed case of screwworms was reported in Parmer county near Farwell Tuesday, June 25.

Producers are urged to double efforts to control and check for signs of screwworms. Texas recorded 590 positive cases in May. This 67% of total cases that have been reported this year.

Rains down state and areas of west Texas have caused conditions for the growth of screwworms. With additional moisture it is expected to see more cases develop.

Producers should check carefully.

GI Home Loans Show Increases

After a two month lull, GI home loan activities "perked" up somewhat in April, the Veterans Administration reported today.

Officials said that despite a tight money market, loans jumped nearly 37 percent to 28,800 from 21,000 in March, and nearly 10 percent over a year ago.

Applications for loans climbed eight percent, from 31,200 in March to 33,800 in April, nearly six percent higher than April 1973. There was a slight decline in appraisals during April, 1.5 percent to 54,300, from 55,130 in March. Even with the decline, however, VA officials noted, April appraisals were 13 percent higher than a year ago.

borrowed. At the current high interest rate, it is desirable to borrow the least amount and to hold principal and interest as low as possible.

Every effort is and will be made to ask ever individual or family, every business, and every organization or group having the ability to give to the hospital - in both time and money giving. Monday night's drive chairman Woodard said, A business drive and area drives will continue the effort.

"All who live in, are located in or have an interest in, the health and medical needs of those who live in the hospital's service and surrounding service areas need and deserve a more efficient facility in which we all can have sincere pride and a sense of accomplishment in 'our' hospital", Cook said.

Government will cost more money as long as people demand more services, free of charge.

Young Ladies Work With Church

The Trinity Baptist church and Muleshoe are privileged to have two young ladies working with the church this summer. They are Miss Barbara Noriss and Miss Kay Lawler.

The girls are staying with Mr. and Mrs. Lester Baker while in Muleshoe.

Planned for the summer are Vacation Bible School at the Mission July 8-12, Teen Time the first week in July and Youth retreat end of the third week of July.

They have already completed Vacation Bible School at Trinity Baptist Church.

This is both girls first summer to work with the church or away from home.

Miss Kay Lawler, 19 year old daughter of Mr. and Mrs. Preston Lawler, is from Lockhart. She has one brother David who is 20 years old.

Miss Lawler, who is a soph-

omore at South West Texas State University, surrendered her life to special services at the age of 13. She became interested in special services through BSU.

When asked what part of her work she liked the most she stated "All of it, my work gives me so much joy. I really enjoy working with the young children." Miss Lawler must also enjoy music because she sings, plays organ and plays piano.

Miss Barbara Noriss, 19 year old daughter of Mr. and Mrs. Jim Noriss of Wylie, Texas attended Wylie High School and East Texas Baptist College. She has two brothers Loy 17 and Danny 14.

Miss Noris began this type work from her involvement in BSU, talks with mission directors and general encouragement. She also likes all aspects of her work.

When the girls first arrived in Muleshoe they were presented a red Mustang for their personal use. The girls have had several experiences with the car, which they call the "Red Frog", since it is a standard shift car and neither of them knew how to drive it.

The girls will be in Muleshoe through the month of July.

Revue Winner Announced

This year's winner of the Bailey County Dress Revue Show was Keva Roming, a member of the Progress 4-H Club. The alternate was her sister, Benetta Roming, also a member of the Progress 4-H. These girls are daughters of Mr. and Mrs. Ben Roming of Muleshoe. Keva will participate in the district show on Tuesday, August 6, at the Lubbock Country Club.

This year's revue was held in the community room of the Muleshoe State Bank on Tuesday afternoon, June 25. Mrs. Bill Harmon was narrator for the show. Ribbons were presented to the sixteen girls by Mrs. Robin Taylor, county extension agent.

Those winning blue ribbons besides Keva and Benetta, were: Prynness Parkman, Kristi White, Starla Black, Jacinda Gleason, and Tamara Gilliland. Those receiving red ribbons were Staci Vandiver, Tami Bratcher, Beth Harmon, Lavon Rhodes, Della Shaw, Jonette Suddeth, Shelly Sain, Michelle Parkman and Belinda Wheeler.

A special "thank you" goes to the dress revue committee: Doris Vandiver, Margaret Gleason and Jo Harmon for the decorations and the mothers of the Y-L 4-H members for furnishing refreshments.

The county extension agent, and the leaders would also like to thank the Poyorns White Store for furnishing the stereo and tapes for background music.

When people lose confidence in the leaders of the nation, the country is threatened with revolution.

Rebekahs Plan To Sell Pies

Muleshoe Rebekah Lodge met June 25 with Mrs. E. H. Gattlin, Noble Grand presiding.

One new member was welcomed, Mrs. Pat Childers and one visitor, Linda Gosset, Mountain Air Rebekah Lodge.

The District Deputy president, Lena Hawkins held a short school of instructions.

The Muleshoe Rebekahs are to sell pies at the Rodeo at Earth July 11 at the Barbecue Supper.

There were 29 members present for social hours.

AUGUST PLANS REVEALED . . . Mr. and Mrs. Carl Beauchamp of Dumas announce the engagement and approaching marriage of their daughter, Miss Paula Ann, to Victor Jake Schumann, son of Mr. and Mrs. Donald L. Schumann of Spearman, formerly of Lazbuddie. Miss Beauchamp is a 1972 graduate of Dumas High School, attended Texas Tech University and West Texas State University. She will attend Amarillo College of School of Nursing in the fall. She is a member of Zeta Tau Alpha Sorority. Schumann is a 1971 graduate of Spearman High School, attends West Texas State University and will be a senior majoring in Agricultural business. He is a member of Phi Delta Theta Social Fraternity. The couple plan an August 24 wedding.

Some of the members of the Church of Christ came and sang songs for us on Sunday. It was enjoyed by all of us.

Mr. and Mrs. Jim Guinn of Friona visited their mother, Myrtle Guinn on Saturday.

Mrs. Thompson is here from her home in Arizona and is visiting with her mother, Mrs. Perry each day. Mrs. Perry is a little better.

Several have been coming in to play "42" this week. We are glad to have them come.

Mrs. Whitford who is suffering from Pneumonia is a little improved. We hope she gets better daily and soon returns to her room.

The following little verse is one we should remember and think of often, "God grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference."

It would be a better life and a better world for us if we but accept this day with courage and the wisdom to do what is right and always be found doing daily what a Christian can do and look toward tomorrow with confidence and hope and faith in our God.

AUGUST WEDDING PLANNED . . . Thomas E. Pike announces the engagement of his daughter, Cynthia Elaine to George Edward Ellington, son of Mr. and Mrs. Carl Ellington of Muleshoe. The bride elect is a graduate of John Jay High School in San Antonio and her fiance is a graduate of Muleshoe High School. They plan an August 17 wedding at Mout Olive Lutheran Church in San Antonio.

Senator Tower To Speak June 2 At Plainview

Senator John Tower of Texas will be the featured speaker at a kick-off fund raising dinner for State Senatorial Candidate Mary Kirchoff of Plainview at 8 p.m. Tuesday, July 2 at the Plainview Country Club.

Senator Tower, one of the strongest voices in Washington, is the senior Republican member of the Committee on Banking, Housing and Urban Development. He also serves on the Joint Committee on Defense Production, and is the second ranking Senator on the Armed Services Committee.

A reception in honor of Senator Tower will be hosted by Mr. and Mrs. Kirchoff from 5 p.m. to 7 p.m. at the couple's home, 105 Yacca Terrace. Tickets to the reception are available from Mack Hunter at the City National Bank, Plainview, Raymond Alken and Dr. Joe Webb are in charge of ticket sales for the dinner at 8 p.m.

Mrs. Kirchoff, a long-time political observer has had a wide and varied career in service to the community and the state. In 1965 she was appointed by the County Commissioners to serve on the first board to establish what is now the Central Plains General Hospital. In this same year she had the honor of being the first woman elected to serve on the Executive Board, West Texas

Chamber of Commerce. In 1966 she was the only woman to testify on the 45 public forums concerning water importation to West Texas. As an outgrowth to this, she was asked to serve in organizing "The Small Towns Task Force"

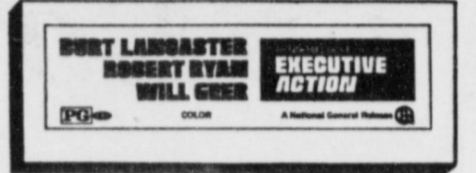

concerning survival of the smaller communities. Her material consequently was published in "The Small Community in West Texas." Memory works wonders with the truth.

Grain Sorghum Price Predicted To Increase

The market price ratio between grain sorghum and corn has widened in recent weeks and corn is now \$1.00 cwt. higher than sorghum, according to Grain Sorghum Producers Ass'n. Executive Director Elbert Harp. GSPA is a national organization of grain farmers,

with headquarters in Lubbock, Texas. "Grain sorghum may be a buyer's dream right now," said Harp, "but the seller may find this to be the worst possible time to market his grain." Harp quoted two main reasons for the variation of prices bet-

ween corn and grain sorghum: 1) Cattle feedlots have cut back sharply on numbers of fed cattle throughout the sorghum production belt. Feedlots that bought ahead are finding themselves in a grain surplus situation and some are reselling a portion of their grain. Others

are waiting to see if they are going to have any cattle to feed before purchasing grain. 2) Countries competing with the United States, such as Argentina, Australia and South Africa, have been capturing much of the foreign grain market sales during the past few months.

As the cattle situation improves, the GSPA executive feels that feedlots will resume a more normal operation, which should automatically help the grain export situation. With the corn/sorghum price spread of \$1.00 cwt., Harp said it is likely that there soon will

be a large shift of purchasing from corn to grain sorghum to take advantage of the price break. An example of price comparisons between corn and sorghum a year ago was the February 1973 Gulf Export Price for grain sorghum of \$3.73 cwt. compared to \$3.64 for corn. In June of

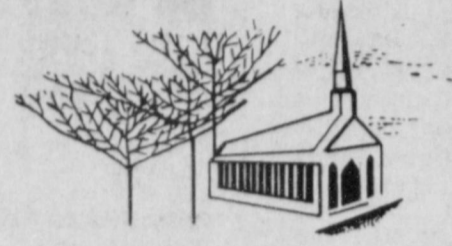

1973 the Gulf Export Price for grain sorghum was \$4.37 cwt., compared to \$3.85 for corn. During other months a year ago, corn and sorghum alternated as to which grain was selling at highest prices in the export market.

and not sell too cheap." Harp stated that a producer who is concerned about the market dropping below its current level can protect himself by setting a "stop order" to hedge his grain in case the market does start dropping. He said this would give price protection and a seller also would get the advantage of future increases in market prices. If the corn and sorghum crop continues to deteriorate, Harp said the prospects for a smaller than estimated grain crop becomes clear and some increase in the market price for corn and grain sorghum can be expected.

Alta Ramm Tours Washington

About 45 4-H'ers from throughout the High Plains will join other young Texans in Dallas, June 25th to embark on a heritage tour to Washington, D.C. and points in between. They will be participating in a six-day National 4-H Citizenship Short Course in the nation's capitol. Alta Ramm, daughter of Mr. and Mrs. Ernest Ramm of the Progress community in Bailey County, will be one of the 125 4-H'ers from Texas attending, announces County Extension Agent Spencer Tankley. The trip will cover eight days travel to and from the nation's capitol by charter bus. 4-H members will be accompanied by five 4-H leaders and two county extension agents. The 125 Texas youth and their leaders will leave Dallas,

June 25, arriving in Washington, June 30. The excursion will take them through Tennessee, Virginia, West Virginia and Kentucky, with visits to historical sites. In Washington, they'll participate with other youth from throughout the nation in a six-day citizenship short course. The program, Tankley said, is designed to supplement the citizenship education and leadership development training young people receive through the home, school, church and other organizations. Citizenship shortcourses are conducted at the National 4-H Foundation in Washington. Topics relating to the individuals concept and responsibilities of citizenship are covered in assemblies and opportunity sessions at the center.

EVERYONE LOVES A PARADE

To hear the band, to see the uniformed soldiers, to see the might of our tanks, to see the strength of our country, these things stir the heart and make us proud to be an American. Our God has made us strong and blessed us greatly, however our greatest strength is in the Lord. "GOD is our refuge and strength, a very present help in trouble." In these unsettled times we need to show our faith in the Lord, and speak with the courage of one whose father can do all things. Renew your strength each week by attending services in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Gloom for Cattlemen ... More Sheep Sold ... More Potatoes Available ... Wheat Production Down ... Change on Bee Front

TEXAS HAD about 15,350,000 head of cattle at one time or another in 1973, but, as everyone knows now, the cattleman is in trouble, with high feed prices and dwindling cattle prices. The number of cattle on feed is declining and may mean less beef on retail meat counters later on. The Texas Crop and Livestock Reporting Service said there were 1,930,000 head of cattle and calves on feed June 1, which is 14 per cent lower than a year ago and seven per cent below the 2,072,000 on feed May 1. During May, 219,000 head went into feedlots, which is 55 per cent below May, 1973 and 11 per cent below placements in April. A total of 361,000 head of fat cattle went to market in May, and that is 10 per cent below a year ago and eight per cent below marketings in April. The same kind of decreases is reported in Iowa, Nebraska, and California, other beef-producing states.

ON THE OTHER hand, sheep and lamb feeding and marketings are up. During May, 45,000 head of sheep were sold, which is 45 per cent more than marketings reported May 1; and in feedlots with capacities of 2,000 or more, 111,000 head of sheep and lamb for slaughter were in those lots. That is 31 per cent above the number on feed May 1, and the same number as of June 1, 1973. There were 71,000 head placed in feedlots during May.

DIGGING OF Irish potatoes in Texas is almost complete, and production is forecast at 92,500,000 pounds, or 10 per cent more than last year. The acreage in potatoes was 7,400 acres which is 10 per cent above last year, but the yield of 12,500 pounds an acre is the same as it was last year and that was 14 per cent more than the per-acre yield in 1972. Irish potatoes are grown all over the State, but commercially, the main crops are grown in the Rio Grande Valley, San Antonio-Winter Garden area, Knox-Haskell area and some in Central and East Texas.

IN ADDITION to the discussion of livestock in the first paragraph, it might be noted that worsening ranges in West Texas are causing some selling of cattle. Some rains in the area helped, but the Texas Crop and Livestock Reporting Service says that a good general rain is needed over the entire western two-thirds of the State. At that, range conditions averaged 68 per cent of normal on June 1, compared to 60 per cent May 1, and the best pastures are to be found in East Texas. Stock water is said to be short in many areas of the Panhandle and West Texas.

THE WHEAT crop, which was hurt by dry weather, is estimated at 63,000,000 bushels, compared to 98,600,000 bushels last year in Texas. That yield came from 5,600,000 planted acres, compared to 4,600,000 acres last year, but only about 3,000,000 acres were harvested this year, thanks to drought, and about 3,400,000 were harvested last year. The yield this year is estimated to have been about 21 bushels an acre, compared to 29 bushels an acre in 1973.

A CHANGE has been announced by USDA in indemnity payments to beekeepers whose bees are killed or damaged by use of pesticides near colonies. New rates are: \$22.50 for a destroyed colony (old rate: \$15); \$15 for a severely damaged colony; \$7.50 for a moderately damaged colony; and \$7.50 for each queen nucleus destroyed. Texas bee population is estimated at about 200,000 colonies.

Expanding Farm Economy Forseen By Implement Executive

Amarillo, Texas, June 29 -- U.S. farm income will level off "at a good high level," an International Harvester Co. executive predicted here last night.

And crop prices should remain strong "at a slightly lower level" that will benefit livestock feeders "who are having a rough time right now," J.P. (Pat) Kaine, president of IH's Agricultural/Industrial Equipment Division, told 400 IH dealers and customers at a meeting at Villa Inn.

"We see a continuing and increasing demand for U.S. meat both here and abroad," Kaine said as he expressed optimism about the future of the U.S. Agricultural economy because of population growth, particularly overseas where millions of new customers will have increasing purchasing power. This year, he said, Inter-

national Harvester is producing 15 to 20 percent more finished machines and 50 percent more service parts than last year, but is still faced with "serious shortages" of both.

To help alleviate the situation, Kaine said, his company has recalled IH people from retirement to expedite parts from suppliers, is buying components all over the world at premium prices to keep assembly lines going, is restricting exports to only 1.8 percent of total production, and is increasing capital expenditures for expanded production. He cited a \$14 million investment, announced just last week, which would increase Farmall tractor production by one-third.

The U.S. will export \$20 billion worth of agricultural products this year, nearly 20% of the nation's total ex-

ports, Kaine said, and "that's going to buy us a lot of petroleum and other products we must import to sustain our high standard of living."

Commenting on foreign tractors being sold in the U.S., Kaine said his company has never sought import restrictions as protection against foreign competition.

"If we can't build a better machine and provide better service to the U.S. farmer than they can, we don't deserve your business," he declared.

Despite the fact that Americans spend a small proportion of their income on food than any other people in the world, Kaine pointed out, "there is a furor over increases in food prices."

He said price controls on food would be "ill-advised" and would "discriminate against the producers of vital food and fibers who have not shared fully

in the economic advances of other segments of the economy."

The IH executive criticized "self-appointed defenders of the public good who seek to manipulate our business and personal lives", and "articulate headline grabbers" who seek to destroy American business.

Citing the vital importance of agriculture and agri-business, Kaine said "no single industry has made a more significant contribution to the socio-economic well-being of civilization."

The American farmer, he added, provides the food and fiber that are "the basic needs which must be filled if civilization is to advance. There can be no lasting peace in the world if the hungry remain unfed. A world society of haves and have-nots is unacceptable and immoral."

W.C. Wooley's Son Earns Degree

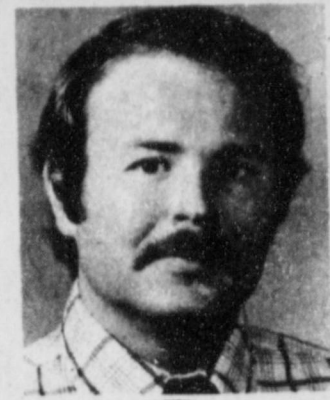

Michael W. Wooley, son of Mr. and Mrs. W.C. Wooley, has completed requirements for his degree of Doctor of Medicine and was graduated at the 32nd commencement exercises of the University of Texas Southwestern Medical School at Dallas.

He will begin an internship in Internal Medicine at the University of Texas Health Science Center at San Antonio. He and his wife, the former Kathy Cook of Friona, will move to

San Antonio from Dallas. The couple became parents of a daughter, Leah, born Thursday, June 27, in a Dallas hospital.

While at Southwestern Medical School, Dr. Wooley was a member of Phi Beta Phi medical fraternity, the Student American Medical Association and the Student Health Advisory Committee. He was also active in medical research in the field of respiratory distress and was a recipient of a Texas Merit Scholarship.

Scott Wooley, brother of Mike and son of the Wooleys, is a medical technician at Amarillo's Psychiatric Pavilion.
