On Wednesday evening at the Settles hotel the Florence Rend banquet-annual function of the Order of Eastern Star-will be seld. This banquet bonors a local girl who is near the highest Eastern Star office in the state. Next ear she will become worthy grand entron of the state of Texas. All numbers of this order, which is one of the largest organizations of Rig Spring, will attend to pay their cts to Mrs. Read.

On Thursday many P-T. A. mem ers will pack their bags and de part for Sweetwater to attend the district conference. The conclave will be held there the remaining three days of the week. Big Spring lows more interest in P-T. A work every year and expects the ittend the 1936 conference. Book Review

For those who remain at home the 1930 Hyperion club book review is an event eagerly awaited, as all the other book reviews were. This review promises to be unique. The book is written by an ex-newspaper man, a Texan, who climbed to newspaper fame in New York City as editor of one of the biggest dai-lies of the nation. His name in Stanley Walker, and the book is "Mrs. Astor's Horae." He has used a popular phrase to connote an American attitude of mind. In his book he tells of many interesting book he tells of many interesting experiences in his life that are particularly American in nature. The book is being reviewed by an up-and-coming newspaperman, Joe Pickle. 'The hour is 4 o'clock.

Social Function The usual number of bridge clubs will meet during the week. Sev-eral showers for Mrs. Charles Frost, the former Miss Marie Johnson, an Easter bride, are to take place; they offer a change of entertainment for bridge players. Centennial Operetta To Be Tuesday

Large Cast Of Local Talent And Singers To Appear

Texas Indians, Franciscan monks, Spanish senoritas and soventeenth century adventurers will throng the aisles and stage of the municipal auditorium Tuesday evening, recreating for the centennial

The occasion will be the presen-tation of a Taxas operetta, "The Rose Window of San Jose," in which is told the story behind the most famous bit of early stone carving in Texas.

In the cast of characters the role of the handsome young sculptor who carved the window of the mission will be played by Bill Lewis. J. C. Milburn plays the part of his friend.

Both of these young Spaniards have come to America leaving their sweethearts behind them. The girls are Rosita and Mariquita, played by Camille Koberg and Virginia Ogden. In the play they are sisters and their father is J. W. Maddrey. The role of Father Margil, the priest whose life is dedicated to founding this mission in Texas which he calls New Spain-is tak n by W. J. McNallen.

Miss Edith Gay is Prairie Flow er, the Indian girl who is a friend of the sculptor. She has two friends who are Miss Freddis Adkins and Mrs. Howard Thomas.

Because of the revival at the First Methodist church the operet-ta itself will not start until 8:30. There will be a program of musi-cal numbers by the high school band and the presentation of colors by Jack Hodges scout troop. The doors will however be open to the public at 7:30 in order to get the crowd seated in time.

COME in for a "Discovery Drive" in a Hudson or Terraplane with the Electric Hand. See what it means to shift gears at a finger flick . . , smoothly and surely . . with both hands on the wheel and both eyes on the road. Then let us show you FOUR MORE ways in which the Electric Hand makes driving almost magically simpler, easier and safer. most magically simpler, easier and safer.

No Levers to Stumble Over

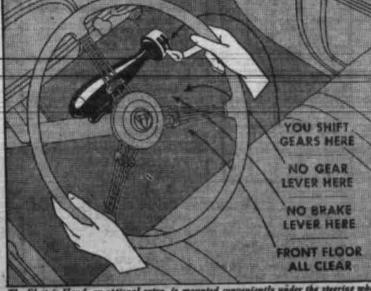

Now you can enjoy a front seat ride with no gear or brake lever in the way...with the floor all clear. A front seat, at last, in which three can stretch in comfort. That's another Electric Hand advantage.

At the wheel of a 1936 Hudson or Terraplane, you'll soon find many other reasons why these cars are growing so fast in popularity.

You'll discover more power, and smoother power, than you find in cars priced hundreds of dollars higher. More room, too...in the biggest cars ever priced so low. With the newest, most advanced style of the year and many new comfort and safety features found on no other 1936 cars.

Then let us show you what others have discovered about the amazing economy and long life of Hudsons and Terraplanes. The proof is waiting...come and see.

CONSTITUTIONAL AMENDMENTS

To the heat of various candidates' contests, local, state national, some Texans may overlook the important fact | Finally the resignation of Mac that nine constitutional amendments, some of them impor-tant in the state's governmental setup, will be before the votors in the general election in November.

They should be given thorough study, in order that the White House early in new deal days to formulate a program with

lative authority to establish a state monopoly of liquor sales, such sales to be in unbroken packages and providing for local option elections. Should this amendment be adopted, the monopoly system would replace the present named to be adopted. But the present named to be adopted. for local option elections. Should this amendment be adopted, the monopoly system would replace the present new law the MacRae family. MacRae's sonproviding for package stores.

Another amendment is that proposing to restrict the membership of the legislature, putting the number of legislators any county may have at seven. This proposal was sponsored by a group of legislators from the smaller towns who are fearful that large-population centers might gain too much influence in the legislature.

There are four proposed amendments to raise salaries of state officials. The governor's pay would be increased from \$4,000 to \$12,000 a year; that of the attorney general from \$4,000 to \$10,000; secretary of state from \$2,000 to \$6,000; comptroller, treasurer and land commissioner from \$2,000 to \$6,000. The salary scale of Texas officialdom \$2,500 to \$6,000. The salary scale of Texas officialdom in-law Morton from acting project has long been a point of concern for many of the state's manager to project manager. The MacRae's vacated only last month, forward-looking people and many attempts have been made being replaced by a community to increase the pay. Such amendments in the past have manager.

Pensions are not overlooked in the list of proposed forts of 1,535 men. It is expected nendments. One would provide authority to create a fund that the other 83 will be finished to pay teachers in public schools, college and universities next month. The average cost of each home; including chicken supported wholly or partly by the state. Under this, provisions would have to be made for a fund for retired teach-

Another amendment provides authority for the legislative to enact a compensation insurance law for employes of the state government. The ninth provides for the creation of a new pardon board of three members and restricting the governor's elemency powers.

Most of these proposals are important. There are arguments for and against them, and the interested voter arguments for and against them, and help render a devaluation of the president's corporation to the president's corporation appointment of a surplus tax plan, was bragging about his city's tax system.

Rep. Fred Vinson, of Kentucky, interrupted: "Do you tax stocks in Pittsburgh?"

"No, we don't," said McNair.

"Do you tax bonds?"

"No, we don't," said McNair.

The Datly Washington Merry-Go-Round By DREW PEARSON and ROBERT S. ALLEN

Managing Edito WASHINGTON—Rex Tugwell's Resettlement administration is nursing a nice little situation down near Wilmington, N. C., which it is hoping congress will not discover. It is the Penderica homestead project, where Hugh MacRae sold his own land to the government, rrier then became project manager and \$6.00 put his son-in-law on the payroll \$3.25 as assistant.

MacRae, as a social planner with high ideals, came into the councils of the president when subsistence of the president when subsistence homesteads were first being talked about. After his idea for Penderlea was approved in June, 1934, he arranged that the government should buy his 4,500 acres of uncleared land at 35 an acre. He had paid \$1

an acre for it.

He proceeded to clear part of the land at a cost of \$150 and \$200 an acre. This expense, plus the purchase of several thousand chickens for homesteaders not yet in sight,

nelted the money fast.

Internal Row
About this time Harold Ickes. who then operated subsistence homesteads, ordered an investiga

tion. Here the real fight began.

MacRae resented any probing.

He came to Washington, staged a dinner for congressional friends, urged an investigation of the subsistence homesteads division of Ickes' department. His wrath was particularly strong against Charles E. Pynchon, able director of the di-

THE MAN'S STORY

FOR YOUNG MEN

THEY FIT SO WELL

Why do Society Brand suits fit as if they were made to your order? Because of the tailoring. A Society Brand suit

fits you better the longer you wear it

because the tailoring is soft and resil-

ient. It "gives" to the contours of your

body. The collar hugs your neck. The

cloth snuggles naturally around your

shoulders. The lapels lie flat. The

shape is tailored in-not pressed in

with a hot iron. In short, this is cloth-

ing as fine as ready-to-wear clothing

can be-seemingly made-to-order.

C. Blankenship disclosed that a crowded condition exists in the school system. Sooner or inter-more school buildings are going to be needed, and the only sensible thing to do will be to pro-vide them. The unfortunate thing about the Big Spring independent school district, is its size. It needs to be larger to adequately support the schools.
