Machinery Begins Operating Around Clock On Project

Equipment on the Big Spring municipal airport job went on a 24-hour basis Monday.

Reports received by B. J. McDaniels, city engineer, from WPA Supervisor Glenn Minter's office showed Tuesday that tempo of operations were to be kicked up materially in an effort to get into a rigid program for completing the four-runway job on schedule.

WPA workers assigned to the subject, however, were still working on a day-time basis. More men were due to be brought in daily from Colorado City to supplement local manpower assigned to the job.

Failure of the elevated grader Monday cut the cubic yardage of dirt moved to little less than 4,000 but the day and night schedule of operation now was expected to produce a volume of excavation reaching into five figures.

Machinery in use at the port includes two maintainers, two cats and blades, two pneumatic rollers, an elevated grader, a cat and Fresno, eight six yard dump trucks, 20 three-yard dump trucks and four transport trucks.

County's Cash Balance Drops

Howard county's cash balance continued to show a seasonal decline during the past month, report of County Auditor Claud Wolf showed.

New Plane For Training Bought

Purchase of a new Stinson five-place cabin ship brings to eight the number of planes in use at the Big Spring airport in CAA flight instruction classes.

Chief Instructor Art Wintehiser has accepted delivery on the new plane, and radio compass and other instruments—for use in cross country flights—are being installed.

It is planned to acquire two other planes later, said Dr. P. W. Malone, head of the C. of C. committee sponsoring the CAA program.

Twenty-four are at present enrolled in two phases of the new instructors' course which recently was inaugurated here.

The new course is in line with an expanded program announced by CAA, under which that agency is stepping up its advanced training to cooperate with the army in providing needed instructors.

Critics Say Draft Extension Licked

WASHINGTON, July 15 (AP)—Administration critics acclaimed today a decision of congressional leaders to put aside an army request for authority to send selectees outside the western hemisphere, and forecast tough opposition to a proposal to keep the men in service more than one year.

Senators Wheeler (D-Mont) and Nye (R-ND) both asserted there was a 50-50 chance of defeating legislation to extend the service period of selectees and national guardsmen beyond the 12 months now prescribed by law.

The War Today -- India Likely To Assume New Role

By DeWITT MacKENZIE Herald Special News Service It's small straws that show the way the wind blows, and there would seem to be a potential development of moment concealed in a little item from London this morning saying informed British political circles expect an important announcement shortly about a maximum war effort by India.

General Marshall Tells --

Why Keep Men In Army -- In Testimony To Congress

WASHINGTON, July 15 (AP)—Gen. George C. Marshall, chief of staff, was disclosed today to have told congress that specially trained army units, instead of marines, should have occupied Iceland but were prevented from doing so because of difficulties presented by the one-year draft service rule.

Marshall made this statement in testimony given before the senate military committee July 9 in support of legislation which would permit the retention in active service of selectees and national guardsmen for longer than one year. The testimony was made public by the committee today.

If selectees or reservists had been sent to Iceland instead of marines Marshall said, an unfortunate situation might have arisen because the reserve officers would have had to agree to be relieved of active duty and then be recalled to active duty by their consent.

"Had we pursued that course," General Marshall testified, "we might have found ourselves in the very unfortunate situation in which part of the reserve officers had volunteered and part had not. Such a situation would have advertised the convey before it sailed, and we would have been risking

GENERAL MARSHALL the lives of everyone in it. "If you serve notice that you are going to send an expedition of that nature, you are also offering an opportunity to any hostile people to take such action as they see fit. If, as a result of such advertise-

ment, one or more ships had been sunk, the testimony continued, "we would not have heard the end of that for the next 20 years, and very properly so."

Marshall said his requests for authority to retain men for more than a year and removal of restrictions which limit the service of drafted men to the western hemisphere had been misunderstood and misinterpreted. He specifically denied he planned an "expeditionary force" or an army of 2,800,000 men.

Unless the present one-year limit is removed, the top-ranking army officer said, "our present trained forces will largely melt away."

Going before the house military committee today, the chief of staff urged approval of legislation to permit the war department to weed out officers who "are slowing down the army."

Opening hearings on that bill, Marshall said, "if an officer is unable to move with dispatch in the conduct of his business it is embarrassing to all those around him," and "one of the great difficulties now is that there is no place to put men who definitely slow down procedure."

Aluminum Drive Takes Shape Here

Uncle Sam needs aluminum, and a steering committee named by Mayor G. C. Dunham today will thresh out the best plan for getting every available piece in Howard county.

The committee has been called for a special session at 5 p. m. in the chamber of commerce office. Members of the group are J. D. O'Barr, VFW; Bruce Frazier, American Legion; Gladys Smith, Business and Professional Women; Dave Duncan, Rotary; Schley Riley, Lions; Dr. W. B. Hardy, scouts; Bill Younger, American Business Club; Shirley Robbins, Kiwanis; R. R. McEwen, automobile dealers; C. W. Cunningham, school board; Dr. J. O. Haynes, pastors' association; and J. H. Greene, chamber of commerce.

While there is no immediate danger of exhausting a list of local artists, Matt Harrington, committee chairman, pointed out that a more representative listing of available talent would add immeasurably in arranging programs.

The program that week set a rigid standard of excellence," he said, "and we are interested in trying to maintain it. To do this we need more folks who can sing, dance, play or otherwise entertain to contact the committee and signify their willingness to help in this series."

Those who know of good numbers for the program were asked to report to the committee. A program for Friday evening is shaping up well, the committee announced. Harrington is to preside and will introduce B. J. McDaniels as master of ceremonies.

A portion of the program is to appropriately coincide with the expected presence of many pioneer residents who will be at the city park all day for the annual Howard County Old Settlers Reunion.

Young Illiterates Take Up WPA Study

SAN ANTONIO, July 15 (AP)—More than 1400 young Texans, rejected by selective service draft boards for illiteracy, have voluntarily enrolled in WPA adult education classes to study elementary reading and writing. It was reported today by Carl W. Huster, state director of the WPA adult education program.

District supervisors of the adult education program started a three-day meeting with staff members of the WPA state community service program here yesterday.

COBLESKILL, N. Y., July 15 (AP)—Three members of the crew of a Mechanville-Binghamton freight train of the Delaware & Hudson railroad were killed early today when a locomotive boiler exploded, derailling 11 cars and ripping up both main tracks for considerable distance.

The force of the explosion sent the boiler and locomotive cab hurtling several hundred feet through the air. The victims, all occupants of the cab, were identified as Charles K. Smith, engineer; Elbert J. Price, fireman, and James M. Cleary, head trainman. All resided in Binghamton.

PLAINVIEW, July 15 (AP)—Sought for eight months in connection with the disappearance of W. B. Munger, Hale county farmer, last October, Jess Long 43, was held in the county jail here today. Long was indicted on a murder charge several weeks ago by the Hale county grand jury. He had been an employe of Munger.

Long was arrested Monday on another charge at El Reno, Okla., where he had been employed at a creamery for eight months under the name of Jack Moore. He was identified as Long by officers who had seen his picture in a detective magazine, and the suspect was held for Hale county.

Spy Suspects Are Indicted

NEW YORK, July 15 (AP)—Thirty-three persons rounded up in a federal bureau of investigation spy hunt last month, were indicted by a federal grand jury today and ordered to trial in September on charges of espionage.

Six other persons similarly were indicted, but U. S. Attorney Harold Kennen said they were at large in foreign countries, including Germany and Portugal.

The 33 were accused of conspiring to transmit information to a foreign government, and 31 of these were additionally accused in a second count of acting as agents for a foreign government without having registered with the state department.

British Get War Goods From French

VICHY, Unoccupied France, July 15 (AP)—All French planes in Syria and Lebanon, all ships in territorial waters of the mandate and certain war materials are yielded to British under terms of the armistice of Acre announced here today.

Paris papers reported, however, that the greatest part of the French munitions and aviation gasoline had been destroyed before the signing of the armistice and that French boats and French planes had fled—some to Turkey and some to North Africa.

Train Explodes, Killing Three

GRAND PRAIRIE, July 15 (AP)—Explosion of a drum of tear gas attached to a safe at the Farrar Lumber company here last night frustrated an attempt by knob-knockers to crack the strong box.

So strong was the gas that deputy sheriffs who investigated this morning had difficulty examining the premises. They said the burglars evidently had found the gas strong also, since they left their tools in front of the safe.

The gas drum was connected with the knob of the safe.

Churchill Calls USSR True Ally

LONDON, July 15 (AP)—Prime Minister Churchill declared today in the house of commons that the new British-Russian agreement for joint war action against Germany was an alliance and that the Russian and British peoples now were allies.

Implying that British relations with the French also were favorable, the prime minister said the armistice which gave British and Free French forces control of French-mandated Syria and Lebanon was signed yesterday in a cordial spirit on both sides.

That, Churchill said, "is a proof of the deep comprehension of the French people of the true issues at stake in the world."

"We seek no British advantage in Syria. Our only object had been to beat the Germans and to help win the war."

The British - Russian alliance does not mean, Churchill declared, that Britain is identifying herself with "the communist creed" or that she is "fighting the battle of communism."

BIG SOUTHERN STEEL STRIKE IS AVERTED

By The Associated Press A labor dispute closed the main plant of the Great Lakes Steel Corporation at Ecorse, Mich., today but a strike threat was lifted from the Tennessee Coal, Iron and Railroad company, the South's largest steel producer.

As pickets of the Steel Workers Organizing Committee (CIO) patrolled the gates of the Great Lakes concern, Sergeant Alvin Gilman of the local police told reporters "there's a strike going on." The plant is working on defense orders.

The union, however, made no announcement of a strike and Orville Kincaid, SWOC organizer, said the management had agreed to sign a contract at 2 p. m. tomorrow but that the workers refused to wait. Company officials issued no statement.

Although the main plant was closed, two other units of the corporation were open, the Michi steel plant and the Hannah Furnace company.

At Warren, O., a strike tied up production at the Copper-Weld steel company, although a CIO organizer described the walkout as unauthorized.

The issues were not immediately clear at the Great Lakes Steel plant, where 8,000 men have been working and where 6 per cent of the products were said to be for defense use. The company and the CIO Steel Workers Organizing Committee, however, recently have been in a contract dispute.

Extra policemen were ordered on duty. Two hundred pickets were on duty last night at the Copper-Weld plant at Warren, where 2,000 men normally are employed.

Har Wines, CIO-SWOC organizer, declared that no strike vote had been taken and that the walkout was unauthorized. The union, he said, were demanding that the company rehire 12 foremen, who walked out workers claimed had quit rather than carry out company orders to discharge 30 men.

The company makes steel alloys. Most of its production is for national defense uses.

Johnson Says 'No Protest'

WASHINGTON, July 15 (AP)—Rep. Lyndon Johnson (D-Tex), runner-up in the recent special senate election in Texas, announced today he would accept cheerfully the official vote canvass that showed Gov. W. Lee O'Daniel winner by 1,311 votes.

"A public servant worthy of his hire," Johnson said in a statement, "would not preach 'Roosevelt and unity' all over Texas and spend the remainder of his term fighting and contesting before an overburdened senate for an 18-months job."

"A year from now there is another decision to be made. I accept cheerfully the official results certified Monday at Austin that Governor O'Daniel was elected United States Senator. I shall cooperate with the new Texas senator behind the commander-in-chief in meeting the defense problems ahead."

Germans Say RAF Planes Destroyed

BERLIN, July 15 (AP)—The German high command reported today that 20 raiding British planes were destroyed in daylight and night thrusts yesterday against the continent, in which it acknowledged "some dead and wounded among the civilian population" of the Reich.

Russians Say Nazis Suffering Setbacks Counter-Attacks Reported By Reds

By The Associated Press Adolf Hitler's invasion forces were declared to have been hurled back 19 miles as Russian troops launched a major offensive along the strategic Dnepr river front today, and at the same time the soviet high command spoke confidently of "the bloodthirsty fascist hordes whom we will now smash."

Russian military dispatches said red troops, striking back on the central front guarding Smolensk and Moscow, had crossed the Dnepr river at several points.

In the south, too, a soviet war bulletin declared Russian troops had won a victory with the annihilation of two German-Rumanian artillery regiments and an infantry regiment driving toward Kiev, capital of the Ukraine.

The German high command, again using a single sentence to describe the mammoth conflict, declared:

"Operations in the east are steadily progressing." A dispatch from the front, timed 5 a. m. today (8 p. m. Monday, E.S.T.), published in the soviet government newspaper Izvestia, said the Russian drive westward was continuing.

The dispatch reported that soviet troops had recaptured the town of Rogachev, on the west bank of the Dnepr river, 130 miles southeast of Minsk, which has been the scene of some of the bitterest fighting of the 24-day-old struggle.

In contrast to the Russian claim, DNB, the official German news agency, asserted that soviet attempts to maintain a defense front in the Dvina and Dnepr river sectors had been smashed by Nazi attacks.

DNB also reported that the German push toward Leningrad, known as St. Petersburg when it was the capital of Czarist Russia, was proceeding despite efforts to bolster their line by rushing in hastily assembled reinforcements.

Senator Glass Asks Repeal Of Neutrality

WASHINGTON, July 15 (AP)—Senator Glass (D-Va.) called today for immediate repeal of the neutrality act, to reestablish freedom of the seas for American shipping and show Hitler that "we are not afraid" of him.

The act bars American merchant ships from combat zones flxed by the president and Glass, in his first interview since his recent

election as president pro tempore of the senate, said "we ought to wipe that thing off the statute books and throw it in the rottenest wastebasket in the country."

"It never should have been passed at all," the 83-year-old Virginian asserted. "It gave up the freedom of the seas, for which we had been fighting since the beginning of the nation."

"It was passed because a lot of people were afraid of Hitler. We should tell him now that we are not afraid."

Repeal of the act would clear the way for ships under the American flag to carry goods into British ports, and while he did not couple the two ideas directly the veteran senator declared that the United States "should take any steps necessary to see that our war materials are delivered to Great Britain."

Reds Promise To Stay In Moscow

MOSCOW, July 15 (AP)—The Soviet government does not contemplate the evacuation of Moscow, S. A. Losovsky, vice commissar for foreign affairs, today informed the head of the diplomatic corps, Mohammed Saad, the Iranian (Persian) ambassador.

The envoy called at the foreign office to ask if any plans were being made to move the government from the capital, in view of the German offensive aimed at Moscow. Losovsky replied that there was no reason for evacuation.

Daylight Saving Law Asked By FD

WASHINGTON, July 15 (AP)—President Roosevelt asked congress today for legislation to provide daylight saving time "upon such a regional or national basis, and for such part, or all, of the year, as he might deem necessary in the interest of our national defense."

In a communication to the house, the chief executive said the conservation of electrical energy was essential to the national defense program and that extension of daylight saving time was necessary now.

The president outlined recommendations of the federal power commission and said conservation in the southeast especially was needed.

Mr. Roosevelt also sent letters to eight southern governors telling of a need for daylight time and declaring that the country "is faced with a serious power shortage that is impeding the national defense program."

The shortage is particularly acute, he said, in the southeastern portion of the country.

The letters went to the governors of Alabama, Virginia, Tennessee, North and South Carolina, Georgia, Mississippi and Florida.

In his communications to the eight governors, Mr. Roosevelt expressed a hope that if it was legally possible, proclamations would be issued to put daylight saving time into effect in their states.

Every effort is being made, the governors were advised, to meet rapidly increasing power requirements.

It is hoped, the chief executive added, that "emergency transmission connections will shortly make it possible to deliver any excess power from one region to another."

He said it was imperative in the southeast that "action be taken to alleviate the present shortage at the earliest possible moment."

US-Mexico Pact Signed

MEXICO CITY, July 15 (AP)—The United States has agreed to purchase from Mexico all her surplus war commodities for the next 18 months under terms considered here to constitute the most important United States-Mexico understanding in recent years.

The agreement also provides that Mexico will limit the export of such commodities to the United States and nations of the western hemisphere and that the American government will expedite exports to Mexico as far as "compatible with the national defense program."

Documents were exchanged last night at the foreign ministry by representatives of both governments. Floyd B. Ransom, United States businessman here, was appointed special representative of the federal loan agency to administer the agreement.

The agency contracted to purchase up to 125 per cent of the total of commodities exported during the past 18 months. The additional 25 per cent was to cover a possible increase in production during the term of the agreement. Prices to be paid will be determined by average price in United States markets one week prior to any exchange.

Commodities covered by the agreement include mercury, molybdenum, antimony, tungsten, lead, copper, other war essential metals, and fiber. Japan has purchased huge quantities of these metals at prices above the world market level.

Canada Restricts Sunday Oil Use

OTTAWA, Ont., July 15 (AP)—Canada announced today the prohibition of sale, delivery and distribution of gasoline and oil to motorists from 7 p. m. to 7 a. m. week-days and for all of Sundays, effective tomorrow.

The order was announced by Federal Oil Controller G. R. Cottrill. It was coupled with an appeal to citizens to cooperate against the prospect of a serious shortage by cutting the use of their cars 50 per cent.

Yank Streak Halted, But DiMag Goes On

By JUDSON BAILEY
Associated Press Sports Writer
The New York Yankees still can be beaten.

This information probably will be received in disbelief by the rest of the American league, but it is a matter of record that the Chicago White Sox accomplished the trick 7-1 yesterday and snapped the 14-game winning streak of the bombers.

It was just as decisive as the score shows. The Sox stepped out into a two-run lead in the second inning and finished with another four-run flurry in the eighth. John Rigney, although allowing eight hits, was always in control and even had Joe DiMaggio subdued, but not stopped.

DiMaggio topped a pitch into a slow roller down the third base line and beat it out for a single on his third trip to the plate and stretched his hitting string to 54 consecutive games.

When you consider that the Yankees have won 18 of their last 20 games and 33 of their last 38, a single setback does not stand out as very significant, even though it ends the longest winning streak of the year in the major leagues.

The Cleveland Indians took advantage of the opportunity to have the margin between first and second place to four games by bumping the Boston Red Sox 4-1 behind the five-hit hurling of the incomparable Bob Feller. This was the fastballer's 18th triumph.

The veteran Tommy Bridges also produced a five-hitter as the Detroit Tigers came from behind to down the Philadelphia Athletics 4-2.

On the other hand a combination four-hit hurling job by Ken Chase and Vern Kennedy of the Washington Senators wasn't good enough to beat the St. Louis Browns. The two Washington flingers walked nine men and the Browns won 6-4, helped by George McQuinn's home-run—the only roundtripper of the day in either league.

The Brooklyn Dodgers expanded their National league lead with a 1-0 victory over the Chicago Cubs in the day's most stirring struggle. Kirby Higbe shut out the Bruins on two singles for his 13th triumph of the season, but until the ninth inning Vern Olsen was just as effective although allowing six hits in eight frames.

Then in the sixth Brooklyn leadered the bases with a single, an error and a walk. Manager Leo Durocher put himself into the game as a pinchhitter for Higbe and laid down a perfect bunt to score the winning run.

Meanwhile the tail-end Phillies obliged by defeating the St. Louis Cardinals 5-4 and dropping them to 3-2 games behind the Dodgers. Old St. Johnson held the Redbirds to seven hits, but it took a single by Bobby Bragan with the bases loaded in the eighth to snare victory for the Phils.

The Cincinnati Reds skinned past the Boston Braves 7-4 with a three-run rally in the 13th inning.

The New York Giants edged out the Pittsburgh Pirates 3-2 with three runs in the ninth.

Another In Fox Family Goes For A Rich Purse

NEW YORK, July 15. (AP)—A big horse named Foxbrough will be running up at Suffolk Downs tomorrow in an effort to prove he's an exception to the rule that horses, like humans, seldom are able to follow in the footsteps of a celebrated brother or sister.

Foxbrough, owned by William Woodward, chairman of the Jockey Club, is a son of Sir Gallahad 3rd-Marguerite. That means he's a brother of Gallant Fox, which won \$228,165, and Fighting Fox, whose earnings came to \$122,000. The latest of the Foxes is headed for the \$100,000 mark, and will be there soon if he can win the \$50,800 Massachusetts Handicap tomorrow.

Fighting Fox won that rich race two years ago and that's why it means so much to Foxbrough's record if he comes through. It will be proof that the giant five-year-old is following, not stumbling over, the footsteps of his famous brothers.

McCLUSKEY LEGS WILT IN SUMMER HEAT—Though his spirit was willing his flesh was weak in the steaming heat of 95 degrees, and so Joe McCluskey (running suit), veteran New York Athletic club distance runner, staggered about the Philadelphia track. It was during the national A.A.U. track and field championships and McCluskey was leading the field in the 10,000-meter run, with three laps to go, when his legs buckled under him because of the heat. LAMESA HITS PAMPA 17 TIMES FOR 10 TO 3 WIN

PAMPA, July 15 (Sp)—John McPartland, leading earned run average pitcher in the league, gave up 17 hits and Pampa Oilers lost 10 to 3 to Lamesa Lobos last night.

Lang, Guynes and Bennett led the Lamesa attack with three hits each. Janecki, Lamesa catcher, fanned the first four trips to the plate but singled on his fifth to score two runs. Brown had a big night in centerfield with four great catches while Matney led the Oiler defense, twice robbing Arroyo of hits after the little pitcher had doubled in the first inning.

Here's a Question with Three Answers . . .

. . . and each one RIGHT!

"What's the gasoline for my money?" Under the Humble sign are your answers—three continuously improved motor fuels, each serving best in its field.

In order to make continuous improvement* available to every Texas motorist, the Humble Company provides three gasolines at Humble Service Stations and Humble Dealers—one for every car, for every automobile budget—and all three, mind you, are SECOND TO NONE in performance in their respective price ranges.

First, there's THRIFTANE, a GOOD gasoline at thrifty price, recommended to drivers of automobiles with low compression motors.

Second, there's HUMBLE, a BETTER gasoline, designed to give expected performance from today's fine automobiles.

And third, there's ESSO EXTRA, the BEST of all the fine gasolines ever sold under the Humble sign. A few odd extra pennies gives you the extra performance which ESSO EXTRA delivers.

When you fill up today, and every time your car needs gasoline, look for the red, white and blue Humble sign—and fill up with Humble!

* It is basic Humble policy to make continuous improvements in all Humble products, from month to month, and, when necessary, even from day to day. This policy is your guarantee that the performance of Humble gasolines and Humble motor oils will always be up with, or a little ahead of, the performance of the car you drive.

A Texas Institution manned by Texans

Texas Nose Wonder— WHEN WILL O'DANIEL TAKE OFFICE?

AUSTIN, July 15 (AP)—While the dramatic U. S. senatorial election faded into history, Texans wondered today when Governor W. Lee O'Daniel, victor in the bitter contest, would quit the state capitol for the senate office building in Washington.

The governor, who will serve out the remaining year and five months of the late Senator Morris Sheppard's term, added nothing to yesterday's boom. "I have no plans to announce at present," O'Daniel bubbled on whether he would soon resign, or simply present himself to the senate and take the oath. Lieutenant-Governor Coke Stevenson, veteran Junction legislator, will succeed to the governorship.

Mrs. W. Lee O'Daniel intimated the governor's family might soon leave for Washington, saying it appeared 18-year-old daughter Molly, engaged to be married, would "have to hurry to have her wedding in the mansion." She added Molly did not plan an Austin marriage.

The official election board canvass showed O'Daniel won by a 1,111-vote margin over new deal Congressman Lyndon B. Johnson, receiving 175,800 to Johnson's 174,779. Attorney General Gerald C. Mann's 140,807, Congressman Martin Dies' 80,853 and 4,850 cast for others.

The bare plurality was the smallest total the governor, a former flour salesman, ever received since his advent into politics three years ago. He won two gubernatorial campaigns by majorities over strong fields.

Chances of a possible investigation of the election apparently went glimmering when one state senate committee recessed subject to call of the chair and another failed to discuss it.

The general investigating committee headed by Senator R. A. Walmert of Seguin, came out of an executive session with a formal 40-word statement saying it had met to hear testimony from a Washington columnist, that the columnist didn't appear and that it had recessed.

The un-American activities investigating group, headed by Senator Clem Fain of Livingston, did not consider the election in an executive session, merely pursuing an inquiry started before the legislature adjourned.

No election contest appeared on the horizon, Johnson previously having stated he would accept the official election board count.

Fish Becoming More Important Item On Menu

CHICAGO, July 15 (AP)—Seafood—traditionally America's Friday menu—gradually is becoming part of the daily fare.

Statistics of shipments received at Chicago, the nation's largest inland seafood wholesaler center, bear out this transition in the American diet, government market experts said today.

The growing taste for fish, they said, is due to a nationwide promotion program by the fishery industries, improved cold storage transportation facilities, and, more recently, increased prices of some competing meats.

During 1940 the Chicago wholesale market received 59,438,000 pounds of fresh and frozen freshwater, salt-water and shell fish. This was an increase of 25 percent over receipts in 1939. By the middle of this year receipts totaled 2,000,000 to 4,000,000 pounds more than last year, indicating a new record high would be reached.

Despite the growing demand, prices of most types of fish have remained virtually the same the last three years. One notable exception, market experts said, is halibut which is about two to three cents higher than a year ago.

**Gas And Bloating
Caused Misery**
Mrs. C. E. Gillaspie, Box 195, Route 5, Wichita Falls, says: "For two years I had acid indigestion, constipation and kidney misery. I would bloat and gas crowded my heart until I thought I would choke. "Since taking Hoyt's Compound, I am relieved of the gas and bloating and I do not have those choking spells. My kidneys are better and I don't have to get up nights. My bowels are regular. I am glad to recommend Hoyt's to sufferers!"
Hoyt's Compound is recommended and sold by the Collins Bros. Drug Store and by all leading druggists in this section.—adv.

Liquor Destroyed France In Five Weeks, Says Writer

It took five weeks to wipe out France. They said her army was the last word in military training, yet in five weeks she went by the board. What happened to France? A dispatch from Vichy said: "A government spokesman said today that alcohol was one of the chief causes of the moral collapse of France under attack." The other causes named were tuberculosis, cancer and syphilis.

Those soldiers sat there in their little, cooped-up quarters and had eight or nine months to kill while Adolf Hitler was attending to the Poles and Scandinavia. The French soldiers had nothing to do but play cards and drink. A single hospital had 814 cases of delirium tremens in the month of January alone. And people tell me you do not get drunk on wine! At the end of that disastrous era of intoxication of the young French soldiers, the Germans came and swept across them in five weeks.

What is America going to do? Is it going to train the boys to be Tony Galantos? Since repeal in 1933 we have spent 20 billion dollars for liquors. That is in addition to bootleg liquor. That would more than pay for all the preparedness program in which the United States is engaged today.

In Pennsylvania, Governor Arthur James closed every saloon on Oct. 16, the day of conscription. He said, "We do not want any distracting influences while our boys are going to sign up under the Selective Service Act." If we cannot have distracting influences when the boys sign up for war, is it logical to have distracting influences while the boys are training—or fighting?

The other day the commander in chief of the Swiss army said to the youth.... "defense will be incomplete unless we put the people on guard against alcoholism. Sobriety is for you a national duty no less than a matter of personal dignity." (Condensed from an article by Alonzo L. Baker and published at the request of the local W. C. T. U.)

Injunction Halts Enforcement Of New Liquor Law

GALVESTON, July 15 (AP)—A temporary injunction restraining enforcement of the new Texas law limiting the number of liquor prescriptions physicians may write and the quantity of liquor druggists may keep in stock was granted yesterday by the first court of civil appeals.

The case was that of T. V. Ellison et al vs. the Texas Liquor Control Board, on appeal from the Walker county district court which had sustained the act's constitutionality. The injunction was to remain in force until the appeal court's decision on the law's constitutionality.

(State Liquor Administrator Bert Ford said at Austin the order meant the control board could issue no more drug store liquor permits, and take no action toward enforcing the law until the court passed on the issue.)
A hearing was set for July 24 after an agreed motion to advance the case was granted.

Azis Nationals Go Home— American Transport Begins Strange Trip

NEW YORK, July 15 (AP)—The pride of the American merchant marine leaves today on a maiden trans-Atlantic voyage as strange as any in history.

Farewell parties are banned on the great drab-gray vessel that will sail for Lisbon with nearly 800 passengers straight into war danger waters.

The ship is the 37,000-ton former liner America—largest merchant vessel ever built in this country—which has been converted into a navy transport and renamed the West Point.

Sailing time was scheduled for 2 p. m. (CST), but the mass departure of axis nationals will be delayed pending the arrival of 18 German consular representatives flying here from San Francisco.

The latter group, including Dr. Hans Borchers, consul general at New York, and Captain Fritz Wiedemann, who held the same post in San Francisco, planned originally to sail for Japan, but missed their boat while awaiting

a British guarantee of safe conduct that came too late.

In a last-minute dash to catch the West Point, they chartered three transport planes and took off shortly after 3 a. m. (CST), which, with the usual flying time of 18 1/2 hours, should allow them to reach New York by 8:00 p. m. (CST).

They said the state department had promised the liner would be held for them.

Another eleventh-hour development in the expulsion of the group which had been assured safe passage to Lisbon was the release last night of three Germans from Ellis Island.

The state department turned loose Dr. Kurt Rieth, former German ambassador to Austria, held on charges of violating the immigration laws, and Dr. Manfred and Gunther Tonn, German newspapermen accused of neglecting to register as foreign agents, so that all three could sail on the West Point.

Elaborate precautions have been arranged by the state department and the New York police to prevent any demonstration or incident at sailing time: No one will be permitted either on the pier or

on board the vessel for bon voyage parties, and once aboard the passengers will not be allowed to set foot again on American soil.

The West Point—displaying no huge painted American flags on her sides and enabled to use her lights safely even when in waters in the war zone because of the safe conduct agreement with Great Britain—is expected to make the crossing in seven days.

It is scheduled to leave Lisbon July 23 with about 500 American consular employes and other United States citizens expelled from axis countries.

**Lightning Kills
Dalhart Youth**
DALHART, July 15 (AP)—Lightning killed Edwin Wedel, 19, at a farm 35 miles northwest of here last night, but two companions were only knocked down by the bolt.

Wedel and his brother, Bill, and Warren Elyans, their employer, were walking from the barn to the house.

Lost In Zoo Sunday Child Still There

CHICAGO, July 15 (AP)—Brookfield zoo, where oddities abound, has one of the strangest charges on record, and he isn't in a cage.

He is Tommy, 3 1/2 years old, who was found wandering unaccompanied through the zoo Sunday afternoon and hasn't been called for yet.

Tommy says he's all right but his father is "lost" and he said his mother has "gone bye bye." He said his father brought him to the zoo in a truck.

Edward H. Bean, zoo director, said Tommy would be kept at the Bean home for a few days in hopes that his father would call.

Cities Service Has All But A Cinch On Softball Crown

Cities Service virtually sewed up the Major league softball title Monday evening by swamping Staggs in the opening game of a scheduled double-bill, and then deadlocking the finale before crippled Staggs had to throw in the sponge.

Staggs, playing short handed, folded up in the fourth inning of the second game when two men went out with broken fingers. Just prior to this, Cities had blown higher than a drunken kite to let seven Staggs runs trickle across the plate.

A fat fourth inning in the first game gave Cities Service a quartet of runs, a good starter for a 6-1 victory. Maude Carroll had slapped out a home run in the sixth and J. Daylong had beat out a brace of bunts for the only hits off L. D. Cunningham, ace of the Cities staff. Cunningham struck out nine and walked three in that game. Carroll struck out six Cities batters and passed two.

Hart relieved Berry for Cities in the third of the last game and immediately Staggs rapped out four long hits to drive in seven runs. Jimmie Myers, Staggs catcher, snapped a finger in the third, and Anderson had the same bad luck in the fourth. This left Staggs with only six men and the game had to be called.

Zuppke Case Under Study By Trustees

CHICAGO, July 15 (AP)—Bob Zuppke's future as a big-time football coach hung in the balance today.

The University of Illinois trustees met in Chicago to study and possibly clear up the school's muddled athletic affairs.

The school's athletic department has been in a state of unrest ever since the feud between Zuppke and Athletic Director Wendell S. Wilson came to light in 1938.

Wilson obtained Zuppke's resignation three years ago, but the trustees refused to accept it.

Harold (Red) Grange, most famous pupil during Zuppke's 28-year regime at Illinois, charged last week that Wilson had intended to become head coach himself in 1938 if Zuppke was let out. Grange also stated Wilson offered him a job as an assistant coach at his old school. Grange strongly advocated the retention of Zuppke.

Wilson denied Grange's charge Sunday and counter-charged that the former grid star was one of a group trying to oust him as athletic director.

Grange tossed more fuel on the fire yesterday by suing Wilson for \$50,000, charging the athletic director with issuing a "malicious, false, slanderous and defamatory" statement which "greatly injured" Grange's reputation.

Schulze Keeps Hits To Zero Until Seventh

BORGER, July 15 (Sp)—A 10th inning single to centerfield by Elaine Peterson, Big Spring cast-off, broke up a brilliant pitcher's duel here last night and gave the Borger Gassers a 1-0 win over the Bombers of Big Spring.

It was a heartbreaker for Buck Schulze, Bomber twirler, who came within an ace of repeating the no-hit, no-run performance of Charlie Wheelchel the previous evening. He had pitched perfect ball until the seventh when Harry Riordan, who also once played for Big Spring, got Borger's first bingle. Buck tightened up and didn't allow another safety until the fatal tenth when Hausmann singled, advanced on a passed ball and scored from second on Peterson's sharp single.

The Bombers had a beautiful chance to win the game in their half of the eighth when Zigelman got on third with only one down after singling and advancing around when Schulze's single was mishandled. But Zigelman was out at the plate on what was supposed to have been a squeeze play.

Hausmann, Gasser righthander and who scored the games' only run, marked up his 12th victory of the season. The Borger win trimmed Big Spring's advantage to three games.

The clubs and their series at Borger tonight before going to Lubbock for three games.

Lookin 'em Over

Someday we're going to get around to finding out how Big Spring got a monopoly on the West Texas Junior Golf tournament. Harold Akey, Munny manager, announced the fourth annual tourney would be staged here Aug. 5-7, and it will make four held here. Already these things are getting bigger and in future years they will continue to grow. Looks like a good 'thing and we'd like to know how it was worked.

Foor Pappy O'Daniel—why did he have to pick the day after Charlie Wheelchel's no-hit and no-run performance against Pampa to get officially elected U. S. senator, for Sam Scalling, Lamesa, monopolized the talk here that nobody knew or cared whether Pappy went to Washington.

As a result of Wheelchel's 11-inning dream performance, we predict his stock will rise plenty between now and Wednesday when voting in the WT-NM all-star game will end. In ballots received late Monday he suddenly was appearing as unanimous choice. Before that he was tied with about three others for fourth choice.

Speaking of balloting, we spot checked 10 out of a stack of 45 and found these results: Hayden Greer is a unanimous choice for shortstop (we actually counted 48 ballots on this). Jodie Tate was only one vote less popular as manager, for Sam Scalling, Lamesa, broke in for one of Jodie's ballots. Lefty Lucas, Wichita Falls, was well out in front as a pitching choice with Trees, Lamesa, second, and Ramsdell, Big Spring, not far behind. Bob Kohout was getting good support as was Wheelchel and Sullivan, Lamesa twirler. Schulze was close behind.

Castino, Lubbock, will win the coaching honors as far as local fans are concerned. Barrecca, Wichita Falls, was leading as second choice, and Zigelman, Big Spring, was next.

At first base it looked like Eddie Stevens. Sam Scalling, Lamesa skipper, had some votes, but his were scattered all over the playing field. Bengston, Lubbock, had the inside track on the longtime job with Eddie Guyton, Lamesa, second, barely ahead of Scalling.

Lorenz, Lubbock, appeared to have the third base job in his pocket, ranking well ahead of Hank Poitras, Big Spring. We've already stated Hayden Greer's secure position at short.

In the outfield, it looked like Schlereth, Lubbock, over Haney, Big Spring, at left; Brown, Lamesa, over Fete Zmitrovich, Big Spring, in a dead heat for center; and maybe Kirby Jordan, Lamesa, over the field for right. Haley, Lubbock, was leading as utility infielder, and Bartkowski, Lubbock, and Bolton, Wichita Falls, even-Stephen for utility outfielder.

But whether the Big Spring boys will land up on the all-star roster depends upon how fans respond by filling in ballots and sending them to the Herald by Wednesday afternoon.

It takes votes and more votes, and remember we are bucking big towns of Wichita Falls and Lubbock on this deal. If you want to seek out men represented, then don't fail to vote and get your friends to do likewise. Do it today! (Joe Fickie subbing for Jack Douglas.)

Westex Junior Golfers To Compete Here Aug. 5-6-7

Dates for the fourth annual West Texas Junior Golf tournament, played each year over the Big Spring Munny course, have been announced for Aug. 5-6-7.

Harold Akey, who has promoted the event for golfers up to 21 years of age, said indications were that there would again be another large field, one possibly equalling the record event of last year when 73 youngsters entered the contest.

Whether James Pritchett, Colorado City, will be eligible to compete again was uncertain here Tuesday. Age, however, would be the thing which might keep Pritchett out and Akey was not sure about that.

The Colorado City golfer won the crown last August over Roy Fain, Abilene, in a grueling 28-hole match when he sank his second putt for a par four while Fain was pitching over.

Bill Roden, Glen Rose, who did not compete last year, won the title in 1939, and Jack Johnson, San Angelo, captured the initial tournament honors in 1938. Last year he won the championship consolation.

Pritchett established himself as favorite of the 1940 class when he snatched medalist honors with a 73, three over regulation figure for the 18-hole grass green layout.

Opening day of the tourney will be given over to qualifying and medalist play with matches the following two days. There will be awards for winners of usual.

Still Going Strong—DiMaggio Started His Hit Parade Two Months And 54 Games Ago

CHICAGO, July 15 (AP)—Two months ago today 26-year-old Joe DiMaggio stepped up to the plate in Yankee Stadium and smacked a clean single off Ed Smith, chubb by Chicago White Sox southpaw.

The Yankee slugger had no way of knowing then that he was projecting himself on the most sensational batting streak ever recorded in major league history. In those lean days Joe was delighted to collect anything resembling a basehit.

Batting champion of the league in 1939 and 1940, Joe had just returned from a mid-trip below the 300 mark. Until he got that hit off Smith he had drawn "horse collar" in 11 games between April 22 and May 14.

Of course, all baseball fans know what he's done since Mel Harder held him hitless May 14. Joe has done so well that today he went against this same chubby Smith in an effort to extend his consecutive game hitting streak to 55 games.

Willie Keeler's old record of 44 lasted more than 40 years. Your guess is as good as anyone's on how long Joe's incredible string will endure.

Joe was batting .304 when his streak began. In the subsequent two months the Yankee powerhouse has collected 86 hits in 215 times at bat, scored 92 runs, collected 153 total bases, knocked in 54 runs and blasted 15 home runs, 14 doubles, four triples and 53 singles.

'Fine Spirit' Shown By Russell Helps Put Tulsa In Second Place

DALLAS, July 15 (AP)—President J. Alvin Gardner of the Texas league today paid tribute to Glen (Rip) Russell as "an example every young ball player should follow."

Gardner was speaking not only of ability but team spirit as shown by this husky young man in putting Tulsa into the battle for the league pennant and insuring himself a trip back to the majors.

Two years ago Russell, playing first base for the Chicago Cubs, broke his leg. Chicago kept him last season but he was spending too much time on the bench.

Chicago owns half the Tulsa club, so Business Manager James T. Gallagher suggested that Russell go to the Oilers where the might whip back into shape and also regain his confidence.

Under baseball rules Russell could have demanded that he be sent to Class AA instead of a Class A league. But in the spirit of cooperation—because Tulsa needed players—Russell agreed.

Yet, while Russell played a grand game at first, Tulsa wasn't getting anywhere. So Chicago helped by sending Ed Waitkus, a former Tulsa star, back to the Oilers.

Then a problem arose. Waitkus was a fine first baseman but Tulsa needed Russell's punch. Manager Roy Johnson wanted to try him at third, a position he had played only in high school. He agreed to "do everything to help the club."

With Russell at third and Waitkus at first Tulsa climbed to second place.

Now Russell can go back to the Cubs either as a first or third baseman. He's batting over .300 and fielding in fine fashion. He was so good the fans picked him to play third base tomorrow in the annual league All-Star game at Beaumont.

"He's a fine young man, exemplifying the spirit and sportsmanship needed in baseball," Gardner said.

Hogan-Demaret Challenge Gets Some Takers

TOLEDO, O., July 15 (AP)—Ben Hogan and Jimmy Demaret, the two Texans who won the Inverness four ball matches (and \$2,000) in June, found takers today for their offer to wage \$300 on their ability to beat any two professionals in a best-ball match over 36 holes.

A group of Inverness members announced they were willing to back their home pro, Byron Nelson, and any partner he might select, to the tune of \$2,000, and that they would donate one-half of the gate receipts, if any, to the American Red Cross.

The group, said its spokesman, "has the money ready to put up any time convenient to Mr. Hogan and Mr. Demaret, the only stipulation being that the match be held on a neutral course."

Oakland Hills at Birmingham, Mich., was proposed.

Barbara And Zivie Tie Score At 2-All

PHILADELPHIA, July 15 (AP)—After two years of tussling, the score between Fritzie Zivie and Johnny Barbara stands at two to two.

Zivie, welterweight champion from Pittsburgh, beat out an unanimous decision over the Chicagoan last night in a 12-round, over-weight bout before 4,100 who paid a net of \$5,345 at the Philadelphia Gardens.

Zivie weighed 150 1-4 to Barbara's 152 3-4.

Aluminum Pots Price Of Race Admittance

SALEM, N. H., July 15 (AP)—Any worn-out aluminum pot or pan will admit the owner or carrier to the opening program of Rockingham park's 18-day summer race meeting on next Monday.

General Manager Lou Smith announced today.

He said that ancient utensils of that metal, so vitally important to production for national defense, would be accepted in lieu of the customary 50-cent admission fee and turned over to a government agency.

Editorial -- Bond Assumption Bill Abuses Extend Too Far

Failure of the legislature to re-enact the highway bond assumption bill has created not only a great furor, but a hunt for a "villain" as well. The greatest agony is coming not from counties which were participating in the law but intended originally, but from those who seemingly had rid themselves of obligations beyond the purposes for which the assumption law was conceived. It is this latter group who leads the search for a scapegoat.

Man About Manhattan—Edgar Bergen Plans Personal Appearance Tour Of Country

By GEORGE TUCKER NEW YORK — Check-up and comment: Edgar Bergen is going on an eight-week personal appearance tour to improve his ventriloquism. The years on the radio have robbed him of some of his skill, and he wants it back. When people aren't looking at you, it doesn't matter whether your lips move or not. Bergen has been kidding Charlie in private so long that he needs live audiences, and now he's going after them. Fred Stone, the actor and father of the three Stone girls, used to earn his living as a boot-cleaner to cowboys. They paid him \$7 a week to keep their high heels shined.

Hollywood Sights and Sounds—New Movie Directors Always Get Tenderest Treatment

By ROBBIN COONS HOLLYWOOD — A new movie director gets tender treatment. An old-timer can shift for himself, but a fledgling—if he's a right guy—can count on his crew's and players' extra-best efforts. You could see it on the set of "The Maltese Falcon," where writer John Huston, son of actor Walter Huston, is doing his first picture from his own script. Jack Sullivan, one of the top assistant directors, was assigned to him, and was keeping an eagle eye on the little things that count. William Wyler had sent over a "director's chair" loaded with every: a broken-down megaphone, a receptacle for "touches," a pair of white gloves (a la William Dieterle), an inspirational pamphlet entitled "Are You Man or Mouse?"

THE SACRED DAGGER

NAGARAS AGAIN Awd by the suddenness of the retribution the rest of the men rose to their feet, hands up. Sherwood ordered Doddap to possess himself of the fallen man's pistols. "Now keep those birds on the left of the fire cage covered, Mackey. I'll take care of the others." Anne had risen tremblingly and backed away from the dead man. "Come here," directed Sherwood. She obeyed. He asked if any of the men would like to try their luck and remove the dagger from the felt and see if he could fight his way free. There were brave and swaggering men among them, men untrifled by the superstitions of primitive people. For all they knew their future was a wall and a firing squad. Yet no one volunteered. He smiled slightly. "Anne, put the knife where it belongs." She hesitated. "Put it away," Sherwood ordered sharply. "Now sit down and get hold of yourself." She dropped to an empty chest near by, the Nagara chief staring at her, his eyes shining with a fanatical light. "Ward, don't underestimate the dagger—and herself!"

Dorothy Thompson Says—President Farsighted In Occupying Iceland

By DOROTHY THOMPSON "To govern is to foresee." Because he foresees, the President has sent the Navy to Iceland with the full consent of the Icelandic government. The oceanic position of the United States constitutes our best defense, allows us to depend on sea and air power and has historically protected our domestic freedom by sparing us militarism. But the oceans protect us only if we observe the rule of oceanic defense, which is to protect the ocean itself at its entrance. Islanders, who think in terms of land, want us to protect ourselves in our harbors and on our beaches. An oceanic power that ever lets the enemy get to the harbors and beaches has lost its foresight. Iceland is exactly as important to us as the Philippines and Hawaii, and for the same reasons.

Life's Darkest Moment

Sam Spears Named To Recreational Post At Midland

Sam P. Spears has been named recreational supervisor at Midland, Haddon F. Malone, area supervisor for Big Spring and Midland, announced Tuesday. Spears assumed his duties effective Monday. Malone explained that the job at that point promises to be a big one due to the bombardier school being opened at Midland. Currently the Midland post will remain under the supervision of Malone. The average length of life among American wage earners was 62.93 years at the beginning of the present decade.

Uncle Sam Just Wasn't Polite

PHILADELPHIA, July 15 (AP)—64-year-old Enast Borises, who came to the United States from Austria in 1908, says it's not his fault he isn't a citizen and he'd just as soon be hanged as register as an alien now.

Borises told U. S. Commissioner Norman J. Griffin he applied for naturalization papers in 1915 and is "still waiting" for Uncle Sam to reply.

"They do not give me my papers," he shouted. "I do not register for them. They can hang me, deport me—do anything they want. All the same to me!"

None Injured In Gunpowder Blast

SOUTH ACTON, Mass., July 15 (AP)—An explosion — the third in recent months — wrecked a 24-foot-square wooden powder building of the American Cyanamid Corporation today, but officials of the gunpowder company said no one was injured.

Fire swept the structure after the blast, but company fire apparatus kept the flames under control.

Here 'n There

For shame. We missed reporting the polo game Sunday between Big Spring and Lamesa. The locals, under Dr. M. H. Bennett, scampered off with an 8-1 victory over a combination of the Lamesa Whites and Blacks (first and second teams). Spin Barron clipped one through the goal in the first minute of the opening chucker for Lamesa's only counter. Then with Dr. Bennett riding 'em down the field to his fellow players, Big Spring pulled out in front. Lewis Ris slapped in three, Lloyd Wasen one and Gus White, Jr., four. Playing for Lamesa were Barron, Lynn Parkinson, A. C. Woodard and Elmo Smith. Sunday Big Spring goes to Plainview for a game.

At the risk of making this another sports column, we mention the spontaneous drive around town to raise an apparatus fund for Charlie Whelchel, current hero who pitched no-hit, no-run ball in winning an 11-inning tilt at Pampa Sunday. Ira Thurman is collecting funds and fans are urged to leave a few iron men with him.

The sign on the aluminum pen in the middle of downtown Main street adjures the public to drop in scraps of the metal for "defense." Does it mean "the fence," or could the spelling of defense be wrong?

God couldn't or didn't speak up, so Isaac Blocker, negro, is resigned to his fate. Arrested by city police on suspicion Isaac beamed his lot. "Day got my finger prints s'war'whar, and 'tffen I git in trouble, dey jee' pull dem off'n de wall." Officers were unmoved, but Isaac went on: "Lawd, I ain't got no fadder, no mudder, no brudder no stuh to help me now. Lawd, 'tffen yo speak yo tell dese people I ain't done it." But the Lord didn't speak, so Isaac is in the city jail, awaiting call of either Vernon or Post City authorities on burglary charges.

W. D. Miller's state of mind Monday evening approximated what is commonly known as the gripe. Somebody hit his new Oldsmobile, and then sped away to the east before officers could be summoned. All Miller got out of it was a few dents in his new machine.

Say the city doesn't give service. Jack Hendrix's young son comes up with the explanation for the bright paint job the city has given all its fire plugs. It is, he explained innocently, to help dogs find the plugs more easily.

had a chance to get out and instead you came deeper."

He sat up facing her as the sound of many feet reached them.

The two girls came in first, assisted by sturdy Nagara soldiers and dropped down beside Anne groaning.

"I'm here for life," declared Beth, with profound determination. "I'll never go back over that trail." Anne could smile, now that they were all here safe. She drew farther out of the way and wrapped a rug around her. By the time more food had been prepared and eaten she'd dropped asleep and wakened again refreshed. With Sherwood she told of the adventure with the dagger.

Presently Beth went to the place behind the fire cage assigned to the girls as sleeping quarters, took off her shoes and declared: "Ready for bed; what a life!"

She looked about the tent. Anne sat beside Oliver. Mackey, despite his bruised lips, was playing his mouth organ, the doctor asleep beside him. By the light of the fire Larry examined some flints he had picked up along the trail. Diana and Sherwood talked together in low tones.

"Well," murmured Beth, "do I sleep alone?"

Her husband grinned at her. Anne said, "I'll be with you soon."

Diana continued her talk with Sherwood, her head close to his. Suddenly, she straightened and turned and stared at him a moment. Then she threw her arms around his neck and kissed him soundly.

"You darling," she cried, "I'll take you up on that. It's a bargain, and she sprang to her feet and moved over to her place beside Beth.

The doctor and Oliver continued to sleep. Mackey's music blew a few sour notes before he could get himself under control again.

Beth sat and stared at Sherwood in startled exasperation. Anne felt a trifle sick. He could say to her, "Loving you is the trick," and then turned around and moved Diana to ecstasy with his magic words.

Anne drew the furs snugly about Phillip and then joined the girls. Hesitating a moment, she finally removed the Nagara belt and hung it across a tent rib above her.

"Not very comfortable to sleep in," she explained.

Beth squirmed to one side a bit.

"Don't let it fall on me. I'd as soon be mixed up with a desert viper."

Once in the night, Anne awakened and listening heard the wolf pack—far out on the plain.

To be continued.

METEOR EXPLODES

DENVER, July 15 (AP)—A meteor which exploded 10 miles high over extreme northwestern Colorado a couple of weeks ago rattled dishes 78 miles from the center of the blast and showered fragments up to the size of a baseball for several miles, reports Dr. H. H. Nininger, curator of meteors at the Colorado Natural History Museum.

Advertising Isn't Perfect

Some advertisements are better than others, just as some windows are better than others.

Or as some salesmen are better than others.

So advertising isn't perfect, but it does a better job than anything else yet discovered.

It tells you what is to be had, and where to buy it, and is the cheapest way of doing this job.
