

Auditor's Report, Projects On Local Council's Agenda City To Pave Streets Itself During Summer

A decision to go forward with municipally-done paving through the remainder of the warm-weather months was reached by city commissioners in session Tuesday afternoon. They instructed the city manager to proceed as rapidly as possible to fill requirements to the maximum extent.

An attempt to renew a contract-letting program was turned down, at least for the time being, because of time involved. Officials declared such an undertaking could not get underway in volume before winter, when construction would be handicapped.

The use of city facilities, it was indicated, will be tested this summer. If progress is not satisfactory, then the council will consider a larger contract proposition in the fall, for spring beginning.

A three-block surfacing deal is under way on East 15th; excavation is under way for a block on Tenth, between Gregg and Security; and signs are practically complete on Rannels, from 11th to 18th, and on Washington Boulevard, in its entirety.

The city construction program is favored by Manager B. J. McDaniel, who said it would be expedited in every manner possible, and that over-all progress would depend to a great extent on the sign-up for participation by property owners.

The commission Tuesday heard a report from Mayor G. W. Dabney on the general plans for the proposed five-city water reservoir project on the Colorado river, and authorized payment of \$1,233 into a \$4,000-fund to finance additional engineering and investigation of the huge project.

Commissioners considered projects for members of a tax equalization board, and will make appointments at the next meeting. The independent school district is expected to use the services of the same board, which is due to start holding sessions in August.

Being drafted, the council was informed by McDaniel, are ordinances to provide for a garbage collection fee (probably 50c), setting a franchise (street-use) tax on buses and taxicabs, and covering operation of the new parking meters.

The commission Tuesday passed new regulations governing hunting and fishing at Moss Creek lake.

To Activate Reserves SAN ANTONIO, June 26. (AP)—Gen. Jonathan M. Wainwright, Fourth Army commander, has been authorized to begin activation of reserve units July 1 in Texas, Oklahoma, New Mexico, Arkansas and Louisiana, it was announced at Fort Sam Houston today.

Outlook For Agreement On Trieste Improves PARIS, June 26. (AP)—French newspapers printed unconfirmed reports today that Foreign Minister V. M. Molotov was expecting a telephone call from Moscow which might bring a surprise development in the Trieste issue, key to Italian peace negotiations.

Secretary of State Byrnes was represented by American informants as encouraged by a series of private talks with Molotov, who has been adamant in demanding that Trieste be transferred from Italy to Yugoslavia.

RACING NEWS PUBLISHER SHOT—James H. Hagen, Sr. (above), publisher of the Mid-West News Service, which dispenses racing service on a nationwide basis, was shot June 24 in Chicago, Ill., while driving his car. Hagen reported a threat on his life two months ago. (AP Wirephoto).

Navy Chief To Cooperate On Merger Plan

WASHINGTON, June 26. (AP)—Navy Secretary Forrestal has notified President Truman of his desire to cooperate "fully" to achieve the goals of the president's army-navy merger program.

Forrestal's attitude toward the merger proposal was expressed in a letter to Mr. Truman. The letter was released by the White House.

The navy chief said he considered the objectives recently outlined by the president as "attainable." He added that he believed it possible to overcome difficulties in drafting the necessary legislation.

"I wish to thank you for the patience with which you have listened to the navy's views on the reorganization of our national defense and for the time which you have devoted to the subject," Forrestal wrote.

"You may be assured of my desire and that of Admiral Nimitz to cooperate with you fully in the effort to achieve the objectives in your program."

Secretary of War Patterson recently wrote the president expressing wholehearted approval and pledging support of Mr. Truman's recommendations on unification.

While Forrestal's language was more carefully worded, he referred to the subject of land-based planes for naval reconnaissance, anti-submarine warfare and shipping protection.

Soil Conservation Payments Made Payments amounting to \$4,770.40 have been distributed to Howard county farmers by the AAA office in the past few days. The return was for soil practices carried out under federal supervision during 1945.

House Unit Approves UNRRA Allotment WASHINGTON, June 26. (AP)—A new \$465,000,000 cash allotment for the United Nations Relief and Rehabilitation Administration was recommended today by the House appropriations committee.

The UNRRA item was the most controversial and largest of a group of miscellaneous appropriations in a \$725,571,909 deficiency supply bill sent to the House floor for debate starting tomorrow.

Year's Budget May Be Largest In City History

Budget for the city of Big Spring for the current fiscal year will be submitted to the commission by the end of the week, City Manager Boyd McDaniel told the council in session Tuesday, and a special meeting next week is in prospect.

The commission will make final decision on budget items, and set a date for a public hearing on the document.

Unofficially, it was said the 1946-47 fiscal schedule will be the biggest in the municipality's history.

Meanwhile the commission received Tuesday the formal report of auditors, Hilliard and Freeman, on the city's last fiscal year, which ended March 31.

The audit showed assets at the end of the fiscal year of \$3,396,357.71, with liabilities of \$1,238,148.03. The balance at the end of the year was down \$45,144.23 from the previous year, to \$118,640.00, but the audit pointed out that this decrease was accounted for largely in the following outlays:

purchase of site for veterans hospital, \$20,172.39; purchase of swimming pool revenue bonds, \$17,000; capital outlay \$1,012.79. Operating expenditures were \$18,721.47 over revenue, due largely to increased material and labor costs.

Total revenues were \$392,080, up \$800,000 from the previous year, while operating expenditures aggregated \$291,986, a gain of over \$78,000. Capital outlay was \$18,935, up something over \$10,000.

The auditors' report pointed out that of the funds derived from taxes, only \$9,761.57 went into the city's general fund. All of the revenue, therefore, to meet operating expenditures and capital outlay of over \$310,000, had to be derived from other sources, principally the water department.

Total tax collections for the year, including current, delinquent, penalty and interest, were \$133,050.44, and of this amount \$177,876.40 was transferred to the interest and sinking fund.

Total revenues from the water and sewer department were \$198,813.15. In the interest and sinking fund, bonds retired amounted to \$63,390, and over \$40,200 was paid in interest. The interest and sinking fund had a cash balance of \$92,500.

The city's bonded indebtedness was listed at \$1,159,000, after the \$366,000 retirement.

The audit had some criticism to make of records in the police department, pointing out that adequate records were not maintained to show payment of fines, credit on fines through jail terms, etc. No recommendation was made, however, for a new system of keeping police court records.

Note was taken also of discrepancies in cash accounts in the park and swimming pool fund. There was no shortage, but amount of cash did not check because of commission payments to employees.

Armed Services Await Signing Of Pay Increase

Possible Draftees Interested In Date Bill Becomes Law WASHINGTON, June 26 (AP)—With more than \$50,000,000 at stake, the nation's men in uniform riveted their attention on the White House today to learn when the draft extension compromise and its companion pay increase measure become law.

The twin bills cleared final congressional hurdles yesterday. Public interest centered on the nine-month extension of the wartime draft beyond June 30 with non-fathers between 19 and 45 probably most concerned as possible draftees. Neither service, however, has indicated any desire to draft anyone over 26. Other prime provisions of the measure include:

- 1. An 18-month limit on compulsory service.
2. No further inductions of fathers.
3. A clause that fathers now in service may apply for release after August 1.

But the men of the army, navy, marines and other armed services from gold braided officers down to privates and apprentice seamen were more interested in the time of the pay boost signing.

The increases—ranging from \$25 a month for the privates up to \$166.67 for the upper bracket generals and admirals—will become effective on the first day of the month following the presidential signature.

In all, congressional committees estimated the pay increases will total something over \$632,000,000 for the next year.

Negro Stabs Officer, Shoots Bus Passengers

TYLER, June 26. (AP)—An intensive manhunt is underway for a negro wanted in connection with a brawl in a bus here in which an officer was stabbed fatally and two passengers accidentally shot.

City Patrolman Jeff Bule was killed, and Bill Lewis and Paul Moore, bus passengers, shot when an officer fired at the negro. Officers pieced together this story today.

A bus driver called Patrolman Bule when a negro passenger entered the bus and refused to move to the back when ordered. Bule told the negro either to get off the bus, or move back.

A knife was pulled, and Bule was stabbed. The officer drew his pistol and fired several times, the bullets striking Lewis and Moore, passengers, in the shoulder. Neither was seriously injured.

Bule was rushed to a hospital, but died in the ambulance en route. A bus driver called Patrolman Bule when a negro passenger entered the bus and refused to move to the back when ordered.

It's Hot, Yesterday, Today, And Tomorrow Texas weather forecasters are stuttering today. They say it was hot yesterday. It will be hot today. It will be hot tomorrow.

With clear skies covering most of the state and with rain reported only in the Fort Arthur-Houston areas, temperatures today and tomorrow should be in the middle 70's or higher, except in West Texas where 100-plus recordings are predicted.

Barkley Urges Senate To Pass OPA Bill With "Imperfections"

BUS CRASH KILLS SEVEN—Seven members of Spokane's Western International League baseball club met death June 24 near Seattle, Wash., when their chartered bus plumed from the Snoqualmie Pass highway four miles west of its summit in the Cascade Mountains. The driver and eight other players were injured. (AP Wirephoto).

Passenger Train Plows Into Truck Jammed With Workers; Ten Killed

HARLINGEN, Tex., June 26. (AP)—Nine were killed and 12 seriously injured when a passenger train plowed into an open truck packed with Latin American farm workers on a palm-lined right-of-way near here shortly after dusk yesterday.

The accident was similar to one in 1940 when 31 were killed near Alamo, a few miles to the west of here.

The victims and wreckage yesterday were scattered for 150 feet. Some were hurled almost into nearby orange and grapefruit orchards.

The dead were: Gaona Sanchez, 48; Concepcion Gonzalez Longoria, 35; Matea Martinez, 18; Isael Alonio, 17; Natividad Torrez, 46; Maria Rubio, 32; Nicolas Hernandez, 45; two unidentified persons.

All were believed to be residents of nearby La Paloma. They were all Latin Americans, or American citizens of Mexican heritage.

The dead and injured lay along the rails for half an hour until ambulances from Harlingen and Mercedes arrived to pick them up. No occupants of the truck, which was believed to contain 21 persons, most of them standing in the bed of the vehicle, escaped injury.

There were numerous rumors, however, that the king either had committed suicide because of a thwarted love affair while he was a student in Switzerland, or because of dissatisfaction with his role as monarch, or that he had been killed by reactionary royalists who disliked his democratic tendencies.

As a result of the rumors the commission was appointed to make an investigation. The commission ordered the body taken from its great golden urn in Dusit hall for examination and x-rays were made to determine the course of the bullet.

CAPTAIN IN TRIANGLE SLAYING GIVEN SUSPENDED SENTENCE NEW YORK, June 26. (AP)—Army Capt. Archie Miller, Belleme, Tex., veteran who pleaded guilty to first degree manslaughter in the fatal shooting of Capt. Eugene Dale last Dec. 28, today received a suspended sentence from general sessions Judge John A. Mullen.

An army detainee was waiting for Miller, expected to be taken to Governor's Island to face army action.

Young King's Death Probed

BANGKOK, Siam, July 26. (AP)—A reliable report today said medical evidence secretly studied by a board of 18 physicians supports to a considerable extent the theory that youthful King Ananda Mahidol was the victim of an assassin.

The 20-year-old monarch was found dead in his apartment June 9. The official report to parliament the next day said he accidentally shot himself and that the bullet went through the forehead.

There were numerous rumors, however, that the king either had committed suicide because of a thwarted love affair while he was a student in Switzerland, or because of dissatisfaction with his role as monarch, or that he had been killed by reactionary royalists who disliked his democratic tendencies.

As a result of the rumors the commission was appointed to make an investigation. The commission ordered the body taken from its great golden urn in Dusit hall for examination and x-rays were made to determine the course of the bullet.

GOP Attempt To Stall Vote Falls Through

WASHINGTON, June 26 (AP)—Democratic Leader Barkley told the senate flatly today that the compromise OPA extension measure is "the best bill possible under the circumstances."

He asserted that it contained "imperfections." At the same time he called upon his colleagues to follow the lead of the house and accept the legislature as put together by a joint committee which worked out differences between the two branches.

In its present form, the bill would extend the life of OPA until July 1 of next year, strip the agency of many of its wartime controls over rising prices, but kept the ceiling on meat, poultry and dairy products.

A parliamentary ruling made it unlikely that Senator Wherry (R-Neb) would even be able to make his motion to return the whole bill to the joint committee for further revision.

The ruling was made by Senator McKellar (D-Tenn), president pro tem of the senate. As he explained the situation to the senate, the conference committee's recommendations first must be voted up or down—although full debate is permissible before that vote.

If the committee report is approved, the bill goes on to the White House. Only if the report were voted down could any member have the right to move to ask the house for a new conference, and instruct senate conferees to insist on inclusion of any particular amendment.

Even before this ruling, a drive by Republican senators to send the bill back to conference with the house showed signs of folding up.

Senators who earlier had expressed interest in the idea told reporters privately that the big margin by which the house rejected a similar move made defeat almost certain.

The house vote was 221 to 150 against returning the already-limited compromise legislation to committee for elimination of most ceilings.

Senator Wherry of Nebraska, the Republican whip, still held to his plan to ask return of the bill to a conference committee, however.

Administration leaders expressed confidence they had enough votes to defeat Wherry's motion and to send the bill on to the White House. It was approved 265 to 105 by the house yesterday.

There was no indication that any filibustering tactics would be employed against the bill. OPA expires next Sunday at midnight unless the extension measure is enacted.

Administration leaders expressed confidence they had enough votes to defeat Wherry's motion and to send the bill on to the White House. It was approved 265 to 105 by the house yesterday.

Sellers To Speak Here At 8 P. M.

Grover Sellers, candidate for the democratic gubernatorial nomination, will speak here this evening at 8 o'clock at the court-house lawn.

The Texas attorney general, now seeking promotion to the highest office in the state, is making a swing through West Texas this week and comes here after speaking engagements at Merkel, Sweetwater, Snyder and Colorado City during the day.

At Abilene last night, he outlined some of his proposals, including appointment of a land board to administer a fund for veteran use in land purchases; appropriations sufficient for \$40 a month to pensioners; redistricting of the state; raising of teacher salaries; 40,000 miles of farm-to-market roads in four years.

From here he will go to Starling City, San Angelo and Brownwood on Thursday.

Boy In Car Trunk Reported Kidnaped NASHUA, N. H., June 26. (AP)—A garage mechanic brought out the happy solution of a "kidnaping" that touched off a two-state hunt yesterday.

Harold Scott reported to police that a youngster, reported snatched and tossed into the trunk of an automobile, was his 11-year-old son he had placed in the compartment in an effort to find the source of a rattle.

Polio Causes Death DALLAS, June 26. (AP)—William Clifford Larson, 16, of Dallas died in a hospital here last night of an illness his father said was diagnosed as poliomyelitis.

Ex - Convict Held As Degnan Killer CHICAGO, June 26. (AP)—Two law enforcement officers planned to fly today to Phoenix, Ariz., to question a 42-year-old ex-convict who, the Phoenix sheriff said, related he had kidnaped and killed six year old Susanne Degnan last Jan. 7.

Proposed British-Canadian Wheat Agreement Held Up By US Opposition

OTTAWA, Ont., June 26. (AP)—A proposed long-term wheat agreement between Canada and Britain has foundered on the rocks of United States opposition in what may be regarded as an important test case of the post-war international trade structure, it was learned today.

British Food Minister John Strachey is returning to London without an agreement after talks in Washington and Ottawa. He had hoped to take a pact back with him.

The British and Canadians, it is understood, were about to enter a 10 year agreement under which

Britain would buy Canadian wheat at \$1.25 Canadian per bushel, or \$1.13 US. The current Canadian price is \$1.55, and the American and world price is approximately \$2.00 Canadian, or around \$1.80 US. Hence the proposed contract would have been at a little more than half the American price.

Perhaps more important than American opposition to this particular deal, is the firm American stand favoring multi-lateral trade agreements for the post-war world.

Canada found herself caught between Britain and the United States in their conflicting views. Britain, with Russia, has shown a frequent preference for bi-lateral

trade pacts, and in the wheat case certainly preferred it. Canada's announced policy has been all-out for the multi-lateral plan, her economic well-being depending on a strong general world trade, but in the case of wheat, one of her top exports and a chief money-maker, she was strongly tempted to assure herself of a long-range market to cushion against sharp reverses such as she has suffered in the past.

There seems to be no reason to doubt that some sort of an agreement eventually will be reached, but it probably will be on terms far more favorable from the American point of view, than those which almost were agreed to.

Mrs. Hurt Tells Ladies Of Modern Stewardship Duties

"Stewardship for Today" was the subject of the lesson taught by Mrs. Harry Hurt at the meeting of the Presbyterian Auxiliary Monday afternoon.

Concordia Ladies Aid Has Meeting

Mrs. R. A. Pachall, Mrs. Henry Fehler and Mrs. Walter Rueckert entertained the Concordia Ladies Aid of the St. Paul's Lutheran church Sunday afternoon in the Pachall home.

Bill Increasing Congressmen Pay Would Also Abolish Committees

WASHINGTON, June 26—(AP)—Congressmen are considering giving themselves a pay raise, their first in more than 20 years.

It was on March 4, 1925, that their salary was upped from \$7,500 annually to the present \$10,000. Legislation already passed by the senate provides \$15,000.

Only six members of the Texas congressional delegation were on the payroll when the legislators last voted themselves a raise. They were Senator Tom Connally of Marlin, then a House member; Speaker Sam Rayburn, Bonham, and Reps. Hatton W. Summers of Dallas, J. J. Mansfield of Columbus, Fritz Lanham of Fort Worth, and Luther A. Johnson of Corsicana.

If the measure goes to the White House, and assuming its final passage, it probably would become effective with the beginning of the 80th Congress, next January. Thus, Summers, Lanham and Johnson, would not get to enjoy its benefits, since they are retiring from congress.

The pay raise bill also has some other important provisions — at least the senate-passed version has. It would provide a retirement pay, in which the legislators would share part of the cost by withholdings from their salaries. It would provide for the employment by each congressman of an administrative assistant at a sal-

ary of approximately \$8,000 yearly, and it would provide for a "streamlining" of Congress by reducing the existing number of committees.

The streamlining provision may meet some rough sledding before it gets through the house.

Many legislators feel that concentration of more power into a committee, which would naturally result from consolidation of two or more groups into one, would subject the committee members to even more pressure from outside groups than is the case now.

Some feel that it would mean little actual savings in time, because transferring bills from an abandoned committee to another would pile the work up on the members and delay study and action upon them.

Then, there is the opposition to be expected from the chairmen, or ranking members, of a committee which would be abolished. The chairman has extra office space and help, even though his committee may be very minor and meet only once or twice a year. This is pointed to by the proponents of

the reorganizational proposal as a weakness in the present system which should be corrected.

Approval of the reorganization measure is expressed by the veteran and retiring Congressman Summers, but he warns that the people must be watchful that it doesn't lead to evils.

"There is a need for an administrative assistant to help a congressman," he says, "but we should be careful that he does not begin to exercise the duties of a congressman as the representative of the people in determining the policies of our government."

He added that the sound solution to the problem lay in reducing the necessity for more and more help in congressional offices, by returning to the states many of the powers and functions now concentrated in Washington. It is because of this concentration of power here, he said, that congressmen are flooded with pleas from constituents asking help, requiring time and effort which should be put into the normal duties of a lawmaker.

Memphis Man Claims To See Unreported Holdup

FORREST CITY, Ark., June 26. (AP) — Although Arkansas police confirmation was lacking today, a Memphis man insisted that he had been "an eyewitness" of the robbery of the nearby Blackfish Lake Club which he said netted gunmen an estimated \$80,000 to \$100,000 in loot.

The man, who related his story to the Memphis Press Scimitar, said he and his wife were visiting the club early Sunday morning when three masked men, brandishing machine guns, "nu a shotgun, broke into the rear entrance of the lake resort, looted the club safe and took the wallets and car keys of male patrons. Women guests were permitted to keep their valuables.

Simultaneously, District Attorney Will Gerber of Memphis announced he, too, had been informed of the robbery and that several Memphians were victims of the reported holdup.

Gerber said he was told the gunmen slugged the operators of the club on the head with a .45 cali-

Neurath Claims "Figurehead" Role

NUERNBERG, June 26. (AP) — Baron Constantin Von Neurath told the international military tribunal today that he was more or less a figurehead in his role as "protector" of Czechoslovakia and that major decisions were made in Berlin.

Von Neurath, who also served for a time as Adolf Hitler's foreign minister, testified that ministries in the Reich capital, acting for Hitler, pulled the strings and governors of occupied territories had no other choice but to carry out the directives.

He said the decrees he issued for application of laws against Jews and for the economic plundering of the protectorate were "direct orders" from Hitler. He said he tried to ameliorate conditions somewhat by allowing synagogues to remain open and permitting religious freedom in other ways.

He said some clerics were arrested, "but they were not arrested as clerics — they were arrested as political opponents" of the Reich.

Von Neurath said he also had to forbid religious processions because the Czechs used the occasions "for political purposes."

When laundering rag rugs wash them in rich suds and warm water. Rinse carefully, then dip them in a light starch solution. Press out water by hand or put them through a loosely adjusted wringer. Lay flat on paper to dry. The starch gives rugs more body and helps keep them flat.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalies

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalies if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkaline—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—\$6. "Unblock" your intestinal tract for real relief from indigestion.

MOTOR OIL
OIL-PLATES
YOUR ENGINE

Please see above. . . . Two cars alike—from paint to price. . . . Except that the keen buyer got himself a real plus—he got an OIL-PLATED engine. Its sleek inner finish—the engine's very soul—is under guard of OIL-PLATING. This special way of fighting wear fights carbon and sludge for fair!

And the way for you to adopt this type of protection is to get a fill of Conoco Nth motor oil—patented.

You'll get Conoco Nth oil's added OIL-PLATING ingredient, acting magnet-like, to make inner surfaces attract and hold OIL-PLATING. It seems part of the metal—stands off lots of the rub—thwarts its big share of wear. It's THE correct start for a new car. . . . Or if you're a veteran, there's lots of new hope for it, in changing to Conoco Nth oil—today—at Your Mileage Merchant's Conoco station. Continental Oil Company

Germ Grow Patriotic SCIENTIST HERDS 'EM INTO FLAG

Up Newsfeatures
SYRACUSE — Vari-colored germs thriving on an agar culture become an American flag when Dr. George Valley combines science and art.

The scientist, head of the bacteriology research department of Bristol Laboratories, Inc., has just completed his first American flag made from living germs.

The germs he uses, some of which would cause considerable discomfort in the system of a human being, are part of his collection of 125 species for the more serious work of learning the effects of penicillin.

As Dr. Valley explains it, the stars and white stripes of the flag are made from Staphylococcus Al-

A STRONGER TIRE...

SALE! RIVERSIDE SPARK PLUGS!

each 37¢

Wards NEW spark plug... has 3 NEW war improvements! Specially engineered to give you more mileage... faster starts... better PERFORMANCE! Get a set NOW at this low sale price!

GUARANTEED 16 MONTHS!

Exchange price 5.95

Wards "Kwik Start"... the same quality, capacity as other nationally-known batteries selling for much more! 100 ampere-hour capacity, 45 heavy-duty plates! A dependable power-plant!

This is the year... This is the tire... For those trips you've delayed so long!

Before you travel... check your tires! Tire-failures can be dangerous, costly, annoying! Let Wards Tire-Man tell you about the new, stronger Riverside... the tire that's even stronger than our pre-war tires! Each individual cord is stronger to begin with, then chemically-strengthened to stay stronger longer... next, liquid-dipped (to "weld" them together) and cushioned in rubber. Finally, each ply is cemented before vulcanizing to give you more miles of greater safety, real protection against separation, bruises and blow-outs!

RAYON CORD CONSTRUCTION

6.50 - 16 and larger size Riversides are built of rayon cord—smaller sizes of finest cotton! Every Riverside is built MUCH stronger than pre-war!

DEPENDABLE TIRE RELINERS

All passenger car sizes 1.78

Add miles of wear and extra safety to your worn tires with Ward Reliners! 3-ply:: made of select tire casing! Over-size for protection right up to tire bead:: easy to install, tool

SALE! SEALED BEAM FOG LAMPS 3-19

Fits all cars... adjustable vibration-proof bracket! Chrome-plated finish. Get yours NOW!

MECHANICAL BUMPER JACKS REDUCED! 1.89

Lifts from 9 to 30 inches! 2,000-lb. capacity. Removable steel handle, base. Save now!

CLEANSSES as it LUBRICATES!

WARDS PREMIUM GRADE Vitalized Motor Oil

Fill up your crankcase NOW with Wards Vitalized Motor Oil—the oil that cleanses your engine as it lubricates! Vital chemical "extras" that are added to Vitalized Oil during refining cleanse your engine of power-wasting sludge and carbon... keep it running cooler, CLEANER... help make it LAST longer!

TWIN-TRUMPET HORNS 4.85

For all cars! Complete... easy to install! Gives loud blast!

Single Horn 2.89

GET A POLAROID VISOR AT WARDS! 4.95

Eliminates sun-glare from road! Easy to install... fastens easily to visor of most cars!

In your container Plus Federal Tax **18 1/2¢** QT.

- CLEANSSES AS IT LUBRICATES!
- PREVENTS CORROSION!
- DISPERSES ENGINE SLUDGE!

Don't Sell This Country Short

The country is filled with pessimists of the variety who predict such a dismal future that they are ready to give up and just let the nation inevitably go to the dogs.

Thus, it is encouraging to hear a pronouncement to the contrary from a leading banker, who comes from a profession which is not, at the moment, noted for polyanthous utterances. He is R. L. Thornton, president of the Mercantile National bank, one of the largest in the Southwest.

His appeal is: "Don't Sell This Country Short." In a brief piece, he lays the predicate of waves of "isms" following war periods, pointing out that a record wave is almost sure to follow a record war. He is not disturbed by commotion for "where men and women have equal rights and different views, we will never have tranquility, but out of it we will more frequently have right than wrong."

Mr. Thornton advises people not to get "excited about these strikes, inconvenient

and troublesome and in some instances disastrous and hurtful as they are. . . They are like measles, annoying for awhile, but they eventually cure up. For the reason that Capital and Labor can't get more cents out of a dollar than there are in it, it's a scrap for the 100-cent dollar and will come out somewhere near an equitable division; for that's what the fight is over and both have sense enough to know that neither can get more than there is in it; and while these things pinch, hurt and annoy us, someone has to make that dollar before there is anything for either side to get. . .

"Let's have faith. Our foresight has been timid; the Southwest has in many instances outgrown our imagination and our planning. We believe that this is the greatest section of the United States and that it has the greatest potential opportunities; and that the next decade will see the greatest industrial development of our lifetime. So let's all (step up to the plate) and swing at it, for that's the way home runs are made."

Getting The Record Straight

At the moment five cities of this area were hearing reports on a proposed dam on the Colorado river for impounding a joint water supply, we anticipated that there would be claims from several points that each had the better supply at the moment.

Well, this has started. The Midland newspaper points out that "the City of Midland probably is better able to supply its demands for water than any of the other four cities in the association. Its present production from 14 wells is approximately 4,320,000 gallons daily. Its water is acknowledged as among the purest in this area. . . Big Spring, which has a heavy investment in its producing system, has been forced to request citizens to use water sparingly for purposes other than regular household needs."

Big Spring's production does not reach four million gallons daily, but it has a potential for peak demands in excess of 5,000,000. If the city or anyone has asked people

to not water lawns or do anything else they please with water this year, then we've been scooped. Moreover, local water meets USPH standards, which cannot be said of that to the west because of mineralization.

We mention this not only to keep the record straight, but also to point out that Big Spring, while among those most favorably supplied at the moment, is well aware of the need of constantly seeking greater supplies. The truth of the matter is that few cities in all of West Texas, and certainly none in this immediate area, have all the water they will need a few years hence; and some of them are suffering at the moment.

As studies of the proposed dam project progress, others may find Big Spring representatives hard-headed in insisting on exhaustive engineering and research, but they also will find them among the most actively interested in exploring the possibilities realistically and cooperatively.

HOW TO START A FOREST FIRE

Broadway—Jack O'Brian

At 78 Joe Has Plans

NEW YORK. — Joe Howard is an amiable, fun-loving fellow who is all prepared to die, with his mausoleum bought and paid for in advance, but with a firm intention of not using it for a good many years; perhaps 22 years, anyway.

Joe is 78 — his birthday party a few days ago also marked his 70th year in show business. He started singing when he was eight years old in Snavely's Saloon and Billiard Parlor in Kansas City back in June 1876 and today he still is warbling his famous tunes in another saloon, Billy Rose's Diamond Horseshoe, which is located in subterranean elegance two stories below the street floor of the Paramount Hotel.

Joe Howard holds a few records of his own. He has had eight wives. His present spouse married him in the depth of the last depression after he was wiped out in Wall Street. They have a 15-year-old son.

Several times a millionaire and just as many times broke, Joe was a big spender and a tremendous earner. He has written some of the nation's most popular tunes. His "I wonder Who's Kissing Her Now" is a torch chant which has served several generations, one of 528 songs the elder Tin Pan Alleyite has turned out.

In his day he was a veritable Bing Crosby. He neither looks nor acts his age as he does two shows nightly at the Horseshoe; three on Saturdays.

Joe was born in New York and began writing songs when he was 18. He later produced 28 musicals, 15 of which were hits. In 1906 he had four shows running at the same time in Chicago. He made fabulous amounts, even by present day standards. Joe estimated he made and spent \$250,000 a year — every year.

With one of his wives — Ethelyn

Clarke, who was his sixth as well as I can determine — Joe toured France during World War I.

His present wife, Mary Ramo before Joe changed her last name, is responsible for his comeback several years ago. She started Joe rehearsing his old songs and when he got his job the resultant stir brought radio scouts down to the Diamond Horseshoe, and he subsequently was signed for the Guy Nineties program. That was the beginning of a brand new career. And after entertaining six generations of Americans, he is headed for even more success.

Twentieth Century-Fox has bought his life story and will film it. Joe himself will go to Hollywood at the end of his present engagement as technical adviser.

Joe has sung "I Wonder Who's Kissing Her Now," he estimates, 750,000 times.

"And I'm willing to sing it that many more, God willing," he said, as he headed for another Horseshoe appearance.

105 Young Medics Added To Hospitals

DALLAS, June 26.—Eight veterans administration hospitals in the Dallas tri-state branch, badly in need of additional personnel, will receive 105 young medical officers for active duty this Saturday.

Dr. Lee D. Cady chief of the branch's medical service, said they had been ordered to two years active duty with the VA as a substitute for regular hospital residents.

Rio Grande Up

LAREDO, June 26.—A crest of 15 feet is expected here on the Rio Grande river as a result of heavy rainfalls in West Texas last week-end.

Washington Merry-Go-Round—Drew Pearson

Murray Offered A No-Strike Pledge

WASHINGTON — President Truman had a significant off-the-record talk last week with CIO chief Phil Murray to discuss moves to combat inflation. Reconversion director John Steelman was also present. Truman began by thanking Murray for his help in avoiding a maritime strike.

"I want you to know that I appreciate what you did there, Phil," said the president. Then, switching immediately to price control, he asked Murray how he thought the country could stabilize and get production.

"Mr. President," replied Murray, "if you get an efficient price control bill out of congress and effective administration of the law by the OPA, you will have a stabilized economy."

"I know that, Phil," countered the president, "but what we need for production now is fewer strikes."

"Well, Mr. President, we're certainly doing our share," Murray replied. "You recall that, pursuant to your request, our steel workers extended their contract. The contract was supposed to have expired last October but we put the date off until the following February in order to guarantee uninterrupted production. You asked me to do the same thing in the auto industry and I did it so that they would have one year's full production. You asked me to do it in the electrical industry and I did it there too. I don't see how much more we can do. The CIO didn't call the recent coal or railroad strikes."

"That's true, Phil," Truman replied. "You've made every contribution in the interest of the nation that I have asked you to make, and I want you to know that I appreciate your patriotism."

referee waves his hands like that he has decided that the fight is over."

"Do you mean," asked Russian Delegate Gromyko, "that his decision is final?"

"Right," replied Australia's Evatt. "This is one place you can't exercise the veto power."

Capital Chaff

President Truman has four candidates in mind to succeed Harold Smith as director of the budget: Assistant Postmaster General Gael Sullivan; George Killian, the former budget director of California; Joe Paunch of the state department; and Congressman Mike Moroney of Oklahoma. All are very fine men. . . John Snyder's first act upon being confirmed as secretary of the treasury was to select a leading Detroit Republican, Arthur Gardner, as his personal assistant. . . After the United Nations atomic commission extended the Louis-Conn fight, Bernie took them to the Stork Club to meet Walter Winchell. . . James McGranery, able assistant to Attorney General Tom Clark, will resign—fed up with the justice department. . . Hard-hitting Congressman Ellis Patterson, defeated for the senate, may run for the house of representatives again as a write-in candidate. . . Because of the prestige its fighting foreign ministers has given Australia, President Truman decided this week to raise Australia's diplomatic missions from a legation to an embassy. Minnesota ship-builder Robert Butler will be the first American Ambassador to Australia. . . Harrison Irving, who has tended the summer White House lawn in Independence for the past eight years, has deserted Mr. Truman. He found a higher paying job at the negro Methodist church.

The Nation Today—James Marlow

Take-Home Pay Less Since Pre-War

WASHINGTON. (AP) — When a man says "I make so much a year," just say to him: "Sure, but how much in take-home pay?"

True, a job which paid \$15,000 a year ten years ago still pays \$15,000.

But, because of higher taxes, the official who made \$15,000 in 1936 took home more than the official making \$15,000 today.

And when the 1946 official gets his take-home pay home, he can do less with it than in 1936.

The reason: higher living costs. Living costs have risen at least 36 percent since 1936, according to government figures.

But at this time — when living costs and taxes are up and salaries generally have risen—top government officials' salaries have remained the same.

(The salaries of government workers making under \$10,000 will be raised 14 percent, starting July 1.)

In the example given, it was assumed, for tax figuring purposes, that each official was married and had no dependents.)

Take the President: That job paid \$75,000 in 1936. It pays \$75,000 now. Assume that in 1936 and in 1946 the President, before figuring his income tax, knocked \$5,000 off his income for deductible expenses.

That leaves \$70,000 upon which to figure a tax.

In 1936 the tax on \$70,000 was \$16,448, leaving the President a net income of \$53,551.

But in 1946 the tax on \$70,000 was \$39,273, leaving the President a net income of \$30,727.

So, by these calculations, President Roosevelt's net income — or take-home pay — was \$53,551 in 1936. President Truman's in 1946 is \$30,727.

Hal Boyle's Notebook

Army Tries New System

BERLIN.—(AP)—The golden era when an American soldier could translate a carton of cigarettes in Germany into a \$150 bank deposit back home is over.

New currency restrictions in occupied Europe are sounding the death knell to one of the greatest military rackets in history. The introduction of serial numbered currency control books is ending a 13-month ride at the taxpayers' expense.

The racket in its simplest form was based on the sale of cigarettes, army food and candy to hungry Germans for exorbitant sums in allied currency marks, most of which were printed by the Russians.

Soldiers found that they could get \$100 to \$200 for a carton of cigarettes, \$5 to \$10 for a bar of chocolate. They could then take the marks to the nearest army postoffice, convert them into money orders and mail them to relatives or banks in the United States.

The racket spread like a prairie fire throughout the army of occupation. It knew no rank. Colonels and corporals played the game together, sometimes standing for hours at the postoffice windows. A new group of big-time operators arose known as "the Berlin millionaires." Inside it of relying on the peddling of extra army cigarette rations, they imported their own cartons from the states by the hundreds.

Embarrassed by the discovery that the army was sending home three times the amount it was taking in, authorities last fall made their first attempt to control the market. They distributed currency exchange control books which listed each soldier's pay. Money transfers to America and sums spent in Germany in excess of ten dollars were deducted. Unfortunately, however, no central record of the books was kept. Enterprising warriors and civilians attached to the army found little difficulty in obtaining several extra books. By astute private bookkeeping they could make their own entries and parley their earnings several times.

The new books will be serially numbered and a central check made so that no soldier can manipulate with extra books.

Already the steady operators are looking for loopholes. "A smart guy can always find his way through any system," they say.

But finance officers are confident the new books will cut the flood of illegal postal money orders to a dribble by eliminating the "easy money amateurs." They feel the average soldier is unwilling to risk detection on open forgery.

First Half Munny Softball Circuit Title Goes On Line At 9 o'Clock Tonight

Cosden Tangles With Coahomans In Second Go

Cosden's Oilers and the Coahoma Stanolind Oilers swing from the heels in a softball game at the city park at 9 o'clock this evening that will either decide the Munny league first half title or throw the race into utter chaos.

If the Cosdens win, they can inscribe their name on the trophy without argument. Should the Stanolind troupe come through, however, it will leave three teams with a chance to cop the bunting. League President Dewey Collum is arranging to have Cosden and Doc's Redcaps, the other team in the running play Thursday night — in event Coahoma slips up on Pett Womack's gang. The winner would then play Stanolind for the title in an arrangement yet to be worked out.

Should Cosden slip down the Coahomans, however, the All-Star game will go on as scheduled Thursday night. Womack will pitch Red Harrison against the Coahomans while the Stanolind manager, Morey Morrison, is due to counter with Roy Weeks.

Cosden will probably field its strongest lineup in an attempt to settle the first half argument for once and for all. Red Womack will do the catching. Jim Tidwell, W. D. Berry, Frank Barton and Jake Morgan are infield fixtures while L. D. Cunningham, Pat Stacey and Leonard Morgan will compose the outfield.

Coahoma is at present half a game off Cosden's pace. The East Howard countians have won nine times in 11 starts, a record good enough to deadlock them with the Redcaps for second place. The Cosden have won nine times in ten outings.

A preliminary bout this evening will pit the Big Spring Hardware troupe against Dub's Garage. Starting time is 7:30 o'clock.

Chandler Gains 12th Triumph

By the Associated Press
The San Antonio Missions picked up a sizable margin of safety for second-place in the Texas league last night with a 12 inning victory over Oklahoma City, 7-5.

The Dallas Rebels, who had been threatening for the next-to-best slot, took a 2-9 defeat from the Shreveport Sports.

Fort Worth's league-leading Cats edged out the Beaumont exporters, 3-2. The Tulsa Oilers handed the Houston Buffs a 11-8 defeat in the first game of a doubleheader and came from behind to earn a 3-3 tie in the nightcap.

The final score of the San Antonio victory came when pitcher Sig Jakucki doubled and then went home on a single by Ray Coleman.

The Dallas-Shreveport game was featured by a wild melee in which police ejected Manager Al Vincent from the field and fans showered the infield with beer bottles. The argument started in the seventh when the umpire ruled a triple after the ball lodged under the outfield fence on a hit by Chet Hajduk.

The Fort Worth Cats rescued Eddie Chandler's 12th victory of the season when they scored two unearned runs in the eighth.

The second game of the Houston-Tulsa fray ended in a 3-3 tie when called at the end of the ninth inning because of an electrical storm.

Today's schedule:
Beaumont at Fort Worth.
Shreveport at Dallas.
San Antonio at Oklahoma City.
Houston at Tulsa.
(All night games).

Dub's Garage Loses To Ackerly, 13 To 5

ACKERLY, June 26; — Dub's Garage softball team of Big Spring dropped a 13 to 5 decision to the Ackerly Independents here Tuesday afternoon.

Recurring attack of 'fumbllitt' more than enemy hits spelled defeat for the Big Springers.

Bruce Robinson rode out the storm on the hill for the Mechanics.

LOOKING 'EM OVER

Following is the Munny softball league's All-Star team as chosen by the circuit's skippers and Dewey Collum, the organization's president. Published, too, is the alternate squad, which is to be used in determining positions on the All-Star game.

FIRST TEAM	PDS.	ALTERNATE TEAM
Ocie Heason (Redcaps)	(C)	(Manhattan) Bill Parker
Red Womack (Cosden)	(P)	(Forsan) Cleo Wilson
Glenn Bredemeyer (Ford)	(C)	(Manhattan) Jim Daylong
Roy Weeks (Coahoma)	(P)	(Forsan) Gordon Lowe
L. D. Cunningham (Cosden)	(P)	(ABC) John Malaise
Jim Tidwell (Cosden)	(1B)	(Manhattan) Charley Reed
Joe Aberig (Coahoma)	(2B)	(Ford) Dr. Stratus
Pat Patterson (ABC)	(3B)	(Ford) Charley Teague
Lewis Heuvel (Forsan)	(SS)	(ABC) Tody Williamson
Hal Battle (VFW)	(LF)	(Cosden) Pat Stacey
Doc Malone (VFW)	(CF)	(UBW) Joe Hooper
Leonard Morgan (Cosden)	(RF)	(VFW) Hunka Stewart
Lefty McCabe (Forsan)	(Util.)	(BS Hardware) Clyde Wynans
Billy Wesson (Dub's)	(Util.)	(VFW) Leroy Wood
Bill Brown (Coahoma)	(Util.)	
Dyke Talbot (Ford)	(Manager)	

The all-star game, which will pit the first half champions against the selected squad, is tentatively set for Thursday night. If, however, Coahoma defeats Cosden tonight and forces the three top teams into a playoff, the game will be postponed until such time as the title is decided.

Players on the alternate team will replace those of corresponding positions of the championship club in the all-star lineup.

Eight of the circuit's eleven clubs are represented on the first team while the other three contingents rated at least one position on the alternate squad.

Tonight's title classic between the Cosdens and Stanolind of Coahoma is expected to attract one of the largest throngs of the campaign to the Munny diamond.

Cosden must win to claim a clear title. If Coahoma slips through, Doc Wilkinson's Redcaps automatically come into the picture.

The Redcaps have a record of nine wins in 11 starts. A Coahoma win Monday night over Forsan would have eliminated the Redcaps from title consideration. Now it's anybody's fight and certainly anyone's guess as to what club will emerge as the top dog.

Last Half Of Munny Loop Race Starts Monday, Continues Through Sept. 4

Forsan's Cosden Pipeliners will play all their second-half Munny softball league games on their home diamond, League Prexy Dewey Collum has announced.

The schedule gets underway Monday with four games on the Forsan and city park diamonds and continues through Wednesday, Sept. 4.

Complete card: (Games to be played here unless otherwise designated.)

- July 1—Forsan vs. Cosden at Forsan; Dub's Garage vs. United Bow Works at Forsan; ABC vs. Big Spring Hardware; VFW vs. Manhattan.
- July 3—Dub's vs. BS Hardware; Forsan vs. UBW at Forsan.
- July 4—Manhattan vs. BS Motor at Forsan; VFW vs. ABC at Forsan; Redcaps vs. Coahoma; Cosden vs. UBW.
- July 5—Redcaps vs. BS Motor; Cosden vs. Coahoma.
- July 6—Forsan vs. Coahoma at Forsan; BS Hardware vs. UBW at Forsan; ABC vs. Dub's; VFW vs. BS Motor.
- July 10—VFW vs. BS Hardware; Manhattan vs. ABC.
- July 11—Redcaps vs. Manhattan at Forsan; Dub's vs. Forsan at Forsan; Coahoma vs. BS Motor; UBW vs. ABC.
- July 12—UBW vs. Coahoma; Cosden vs. Redcaps.
- July 15—BS Hardware vs. Forsan at Forsan; Dub's vs. Cosden at Forsan; ABC vs. BS Motor; Redcaps vs. VFW.
- July 17—Manhattan vs. BS Hardware; VFW vs. Dub's.
- July 18—Cosden vs. BS Motor at Forsan; Redcaps vs. Forsan at Forsan; VFW vs. UBW; Manhattan vs. Dub's.
- July 19—Coahoma vs. Manhattan; UBW vs. Redcaps.
- July 22—Forsan vs. BS Motor at Forsan; Dub's vs. Coahoma at Forsan; Cosden vs. BS Hardware; Redcaps vs. ABC.
- July 24—BS Motor vs. BS Hardware; Coahoma vs. VFW.

- July 26—BS Hardware vs. Coahoma; ABC vs. Cosden.
- July 29—Forsan vs. Manhattan at Forsan; BS Motor vs. Dub's at Forsan; BS Hardware vs. Redcaps; ABC vs. Coahoma.
- July 31—UBW vs. Manhattan; Cosden vs. VFW.
- Aug. 1—UBW vs. Manhattan, at Forsan; VFW vs. Forsan at For-

Pipeliners Win Forsan Crown

Cosden's Pipeliners gained undisputed possession of the first half title in Forsan Community softball league play by turning back Shell, 10-7, in a setto unreel Tuesday night on the Forsan diamond.

The Pipeliners went out in front by scoring twice in the initial round, slugged across two more in the second, then added tallies in bunches of three in the following two heats.

Coots Scuddy and C. B. Long divided time on the mound for the winners while Lee Gross used the slab for the losers.

Continental followed up in the second contest with an 11-8 victory over the High School Buffaloes. O. Griffith was the winning hurler.

The Oilers collected nine safeties in the first two stanzas while the Blooms came along to chop seven runs home in the third.

A schedule will shortly be drawn by League Prexy Dan McRae for second half play.

Major League Leaders

By the Associated Press
National League
Batting — Walker, Brooklyn, .265; Hopp, Boston, .360.

Runs batted in — Slaughter, St. Louis, 47; Musial, St. Louis, 46.

Home runs — Mize, New York, 13; Kiner, Pittsburgh, 9.

American League
Batting — Vernon, Washington, .370; Williams, Boston, .340.

Runs batted in — Doerr, Boston, 58; Williams, Boston, 56.

Home runs — Williams, Boston and Greenberg, Detroit, 17.

Darkhorse Entry Adams Fires 68 To Set Torrid Pace At C-C

Bennie Adams, darkhorse entry from Kermit, tore the Big Spring country club golf course apart Tuesday afternoon with a sub-par round of 68 to set away first prize in the West Texas Pro-Amateur tournament. Par is 72.

Adams' victory gave him 50 per cent of the aggregate prize money, which had not been determined by Pro Shirley Robbins this morning.

Lloyd Watkins, Odessa, was three strokes off the pace with a 71, good enough for 30 per cent of the pool, while Roy Fanning, Big Spring, came home with a 74 and won 20 per cent of the cash premiums.

J. V. Dixon, Abilene, was the low-scoring amateur with a one-under-par 71 and won a sports shirt for his efforts.

The best-ball foursome was composed of Bill Davidson, Odessa; Bill Barker, Midland; Sam Hefner, Big Spring, and Tom Suttle, Wink. Their score of 60 won them \$90 in merchandise awards.

Two teams deadlocked for second place with best-ball scores of 64. One quartet was composed of Bob Davidson, Odessa; Bob Satterwhite, Big Spring; T. J. Morgan, Big Spring; and Paul McHargue, Midland, the other of Obie Bristol, Big Spring; Gene Angus, Abilene; Pete Simmons, Abilene; and George Tillinghast, Big Spring.

The runners-up split \$90 in merchandise prizes.

Tyler Wins Double Decision From Paris

By the Associated Press
Tyler and Paris, second and third place teams in the East Texas league, fought a pitched battle last night with both ends of a doubleheader running 10 innings. Tyler won both, 2-0 and 10-8.

Henderson, first place in the league, won 11-7 over fourth-place Texarkana.

Jacksonville took a 9-1 victory off the cellar club Greenville. Lufkin trounced Sherman 13-4.

Athletes To Make Wholesale Assault On NAAU Standards

SAN ANTONIO, June 26. (AP)—The finest field in years — perhaps in history — indicated today that championship records will be smashed wholesale in the National AAU track and field meet.

As an army of athletes expected to reach 600 started rolling into San Antonio, at least seven meet marks and two world standards were put on the line with a lithe negro from little Baldwin - Wallace College in Ohio — Harrison Dillard — tagged as the major wrecking man.

Dillard, entered in both the junior division Friday night and the senior class Saturday, will have four chances to hang up new marks. He will run in both hurdles and seems certain to crack at least three records.

Dillard already has clipped the 120-yard high hurdles in 14.1. The junior 110-meter hurdles record is 14.2 and the distances are about the same. He also has run the 220-yard low hurdles in 22.5 to tie the world record. The 200-meter hurdles record in the junior class is 23.1 and in the senior division is 22.6. The 200-meter hurdles are more than a yard shorter than 220 yards.

Five marks are in danger in the senior class counting Dillard's low efforts. Lennart Strand, the Swedish flier, is aiming at the 1500-meter standard which he already has beaten with a time 3:45.6 — more than a second under the AAU record.

Dr. Arky Erwin of the New Orleans A. C., defending champion in the 400-meter hurdles in 51.3 the other day and that's several yards farther than 400 meters. The record for the latter event in the AAU is 51.6.

If Bob Fitch of Minnesota is feeling anything like himself he should smash the discus mark and also clip the world record of 174 feet 10 3/4 inches. Fitch already has sailed the platter 180 feet 2 3/4 inches this season.

The other world-record menace is Herb McKinley, the great negro runner from Illinois. McKinley ran 440 yards in 46.2 recently to better the world's record for that distance. The 400-meter world record is 46 flat and that's several yards less than the 440.

shutout was the big news in the American where Boston stretched its lead to 7 1-2 games by blanking Detroit, 1-0, while New York bowed to Cleveland's Bobby Feller, 8-3.

Hughson had a tough scrap with Detroit's Freddy Hutchinson, each pitcher allowing only two hits. Hutchinson walked four in a row after two were out in the eighth.

The Yankees fell before Raper for the fourth time with Raper Robert fanning 13 to boost his season strikeout total to 165 in 154 innings.

Bill Djetrich suffered a broken finger when hit by a line drive off Cecil Travis' bat as Chicago downed Washington, 6-4, and Sam Zoladak outpitched three Athletic hurlers to give the St. Louis Browns a 7-2 night verdict over Philadelphia. Two homers by Chet Laabs and one by Walt Judnich were the big blows.

Sleep repairs the brain, according to the findings of recent scientific research. During sleep more blood is pumped to the brain and can be used for the repair of brain tissue.

Ordinary safety razor blades are ground like a pocket knife. Pal Blades are different—they're Leather Stripped and Hollow Ground just like a barber's razor.

Results: Pal Blades are flexible in your razor—follow facial contours effortlessly. Your shave is cool, quick, no "bearing down." And delicate edges last longer, too. That's why millions call it the Pal.

Waiting is tough on us, too

For months we've been hoping to present each and every one of you with the new Packards you've ordered, and have been waiting for so patiently.

Last fall, the outlook was good. Packard was confident it would double its pre-war output in 1946. (The factory is equipped to turn out far more than that.)

Look what has happened! Then came material shortages. Parts shortages. For reasons completely beyond its own control, Packard was able to keep its assembly line moving only nine days in the first quarter of this year.

In the meantime... Our friends have kept calling us up and asking, "Hey! Where's that new Packard I ordered weeks ago?" Many of these are old friends—Packard owners since 'way-back.

But to make life more complicated, everybody seems to want one of these grand new Packards. Over 65% of the people out to buy new Packards are now driving some other make.

Honest, it's gotten so we hate to answer the telephone or look our friends in the face. But...

Your patience will pay off!

One of these days, the shortage of parts and materials is bound to ease up. And when it does, those twin-assembly lines at Packard will really roll.

Anyway, you can depend on this: As fast as the factory ships cars to us, we'll do everything we can to deliver yours at the earliest possible moment.

So, we hope you'll be patient a little longer. We're doing the best we can, and so are the folks at the factory!

Revised Fishing Laws Are Drawn Up By City Commission Tuesday

A new ordinance governing hunting and fishing at Moss Creek Lake, incorporating several provisions contained in a general measure and providing more flexibility in specific regulations, was passed Tuesday afternoon by the Big Spring city commission.

The new measure goes into effect immediately.

Permits are to be issued under the same conditions as provided under the old ordinance, at 25 cents and good for only one day of fishing. They will be on sale at both the lake and the fire station in the city hall.

Principal change of the new ordinance is in the section pertaining to boating. There are no restrictions placed on types of

set poles, seines, traps and dead bait are prohibited.

Hunting permits will be issued only for ducks and geese in proper season, and it is unlawful to bring firearms on the lake premises at any other time. Generally, fishing and hunting is to be governed by state and federal game laws.

Wading, swimming and throwing waste materials in the lake also are prohibited, and violators of any provision of the ordinance are subject to fines of \$1 to \$100.

Legion Workout Begins Friday

American Legion baseball workouts will be in full swing at 6 p. m. Friday on the North Ward diamond, according to an announcement made by W. D. Berry, coach, this morning.

Several of the youngsters have been going through preliminary drills with Berry.

The tutor said that eligibility rules would have to be strictly adhered to. Players will have to bring their birth certificates notarized by the county clerk to him by June 30, if they expect to play.

Youngsters who did not attain their 17th birthday until after January 1 are eligible to play Legion baseball.

Berry is lining up a schedule with out-of-town teams.

boats which can be used, but operation of all boats is to be governed by the federal maritime rules for inland waterway, which cover fishing with trotlines, set lines.

Big Spring Fems Lick Sweetwater

SWEETWATER, June 26—Big Spring's American Legion girls softball team nipped Sweetwater's team, 5-4, in a seven inning double played here Tuesday night.

Sweetwater hopped away to a one-run lead in the initial round but the visitors came up fast to go ahead.

L. Reid gained credit for the victory.

Worley To Attend Philippine Ceremony

WASHINGTON, June 26—(AP)—Representative Eugene Worley of Texas is due in San Francisco today to join other congressional members en route to Manila to participate in Philippine Independence ceremonies.

Worley was named to a special house committee to attend the ceremonies after Rep. Domengaus (D-La) was unable to make the trip.

The representative said he planned to investigate Texas complaints that marines stationed in the Pacific have been threatened with court martial if found writing to congressmen or senators.

Meat Production Far Below Normal

DALLAS, June 26—(AP)—Federally inspected meat production for the week ending June 22 dropped 23 per cent below the preceding week and 52 per cent below the corresponding week a year ago, the US department of agriculture has announced.

Production last week was 139,000,000 pounds, compared to 180,000,000 the previous week and 288,000,000 a year ago.

Errors Cost Lobos Game

LAMESA, June 26.—The Clovis Pioneers were grateful recipients of a 11-6 decision from the Lamesa Lobos here Tuesday night as the home club indulged in an orgy of nine errors to give the visitors a second-straight win.

Clovis got 11 hits off Callen McPike, who came in the game in the first inning after starter Jack Curran had walked the first three batters. Only three Pioneer tallies were earned. Cecil Hart will start at 8:30 p. m. today for Lamesa in the last of the series with Clovis.

The box score: CLOVIS AB R H PA A... Bean ss... Dotted lb... Woldt 3b... Bauer lf... Skidgel c... Collins 2b... Dobbs p...

Errors, Cumbie, Wilcox, Scopeton, Palmer 4, Ragone, McClain, McPike; runs, batted in, Cumbie, Woldt 2, Skidgel 3, Collins, Wilcox, Palmer, McClain; two base hits, Skidgel, Dotted, Ragone; three base hit, Bauer; home run, Woldt; double plays, Dotted to Bean to Dobbs, Dotted to Bean to Dotted, Bean to Collins to Dotted left on bases, Clovis 10, Lamesa 7; base on balls, off Dotted 8, Curran 3, McPike 3; struck out by Dobbs 8, McPike 5; hits and runs off Curran 0 and 3 in 0; McPike 11 and 8 in 9; wild pitch Dobbs 3; passed balls, Palmer; losing pitcher, Curran; umpires Henry and Sandt; attendance 804; Time 2:22.

RUSTY ADOPTED BY AGGIE CADETS

COLLEGE STATION, June 26.—Rusty, a little black mongrel pup with white paws and a white tip on her tail, has been adopted by the Texas A. and M. college cadet corps to take the place of Reveille, who died more than two years ago.

Four months old, Rusty was given to the corps by her owner, Tom Westbrook, Aggie veteran cadet student from Waco, who noticed the similarity between the white markings on Rusty and those on "Rev".

Cattle Receipts Light For Week

Cattle receipts at the West Texas Livestock Auction company nose dived to a mere 400 head Tuesday, despite a steady to strong market as stockmen seemingly negotiated an about face in their previous trend toward herd cutting.

Two factors were believed responsible for the light run: uncertainty over the fate of OPA and scattered showers during the past week. Some ranchers who were being forced to "unload" animals they would have kept ordinarily because of dry weather, may be hopeful now of getting sudan acreage into grazing condition.

Houston Man Held As Arson Prospect

HOUSTON, June 26.—(P)—Fire and police investigators today questioned a 21-year-old Houston pipeline worker, booked as "an excellent arson prospect" after a spectacular \$40,000 downtown fire yesterday afternoon at the H. J. Cohn furniture warehouse.

The pipeline worker was arrested early today on the roof of a hotel, after police had received a complaint that a prowler was on the roof. Police found the man seated against a low parapet striking matches and throwing them on the graveled roof. Ten boxes of kitchen matches were lying around him, police said.

Additions Listed For Amateur Show

Several additions were listed today on the bill for Thursday night's weekly amateur program at the city park amphitheatre by the chamber of commerce.

Youth Caravaners At Rotary Club

Members of the Youth Caravan from McMurry college presented the program at the Rotary club meeting Tuesday, explaining the background and objectives of the movement.

Trinity River Areas Plan Flood Control

FORT WORTH, June 26.—(P)—An intensified flood control program for the coming year was planned yesterday by supervisors of the 12 soil conservation districts on the upper Trinity river watershed above Palestine.

Military "New Order" Launched By Patterson

WASHINGTON, June 26.—(P)—The army launched a military "new order" experiment today by narrowing social and other distinctions between officers and enlisted men without wiping them out.

It also decided it can get along with less saluting, except where a snappy salute counts. Secretary of War Patterson put the new formula into army life when he gave carefully qualified approval last night to all but two of the 14 recommendations submitted by the Doolittle "gripe" board which investigated postwar GI complaints of too much caste in the service.

But They Can Still Gripe About It

ENLISTED MEN, MANY OFFICERS THINK PATTERSON HAS AN IDEA

By the Associated Press
Enlisted men the world over today greeted with mixed feeling Secretary of War Patterson's order giving them terminal leave pay and other concessions.

Safety Checking Program Ended

Big Spring police ended a full week's program of traffic safety checking Tuesday afternoon, and motorists were warned by the department today that it would be bona-fide tickets instead of "Check Your Car" pamphlets that officers for violations in the future.

However, the police department is not expecting an abnormal amount of violations. Praising the cooperation local motorists gave to the checking program, Chief A. G. Mitchell and Capt. H. W. Zachary said practically all drivers in Big Spring seem anxious to do their part in preventing accidents.

Fireworks Display Slated For Fourth

Weekly amateur programs at the city park amphitheatre will go back to their regular Friday night schedule after a large fireworks display on the night of July 4, the chamber of commerce announced today.

Holder In Suit

I. F. Holder, Big Spring, has been named in a suit filed by W. S. Margowski, OPA attorney, in federal district court at Abilene, charging rental overcharges of \$165 on property in Monahan.
