

# Baby Dies, Two Soldiers Stricken In Polio Spread

By the Associated Press  
The state's sixth known polio death was reported today in Laredo, previously untouched by the spreading disease.

A seventeen-month-old baby boy died late yesterday. The Webb county health unit diagnosed the illness as polio. The boy's name was withheld in order not to create excitement, officials said.

The vicinity in which the death occurred has been dusted with DDT for two blocks in all directions. However, no other precautions have been taken. Schools remain open.

The deaths so far since last week total six—four in San Antonio, one in Amarillo, and one in Laredo.

With four deaths and 19 cases reported, Dr. P. I. Nixon, chairman of the San Antonio health board, stated he believed the worst of the epidemic is over and that conditions will improve from now on.

Simultaneously with Dr. Nixon's announcement, railroad and bus station ticket agents stated there was a heavy exodus of women and children from the city.

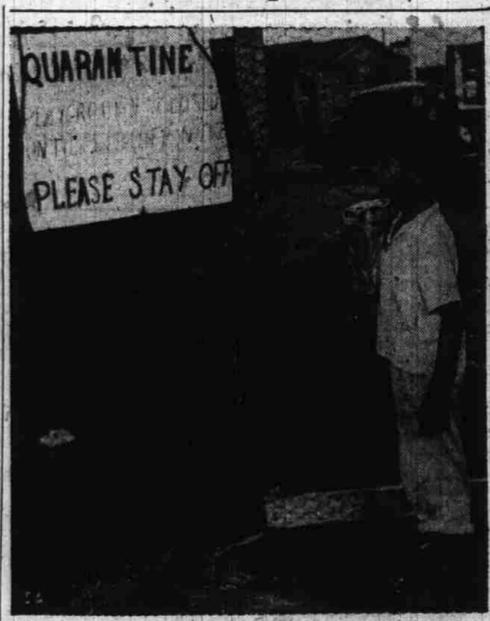

At Houston, Dr. Austin E. Hill, city health director, and Dr. Harold A. Wood, director of the county health unit, announced jointly yesterday that they intended to prevent San Antonio children from entering Houston schools.

"It isn't fair to our children," Dr. Hill said.

Pvt. Albert E. Graham, 19, and Capt. Allan S. Englund, 28, both of Fort Sam Houston, were admitted to Brooke General hospital as polio patients.

Two planes dusted hundreds of pounds of DDT powder over San Antonio. Crews sprayed buildings and contaminated areas.

Dr. J. V. Irons, epidemiologist of the state health department and Dr. S. Edward Sulkin, head of the department of bacteriology at

**PLAYGROUND CLOSED**—Joe Rovira, out of school because of a quarantine at Corpus Christi, Tex., against a poliomyelitis-like sickness, studies a sign which says a softball playground is closed by the ban. He is on his way home with groceries. Four cases of the disease have been reported in Corpus Christi. Measures against it also were being taken at San Antonio. (AP Photo).

Southwestern Medical College, Dallas, arrived at Corpus Christi to confer with officials there. The city is being blockaded, incoming buses sprayed and passengers questioned. The conference will determine quarantine measures. Five cases have been reported at Corpus Christi. Schools are closed.

Aransas Pass also remained quarantined. Schools were closed at Benavides and Freer. Kieberg county was quarantined. Rockport schools were closed.

# Blount To Run For Legislator Of This District

## Young War Veteran Planning Campaign When School's Out

Ralph E. (Peppy) Blount, Big Spring, has announced his candidacy for the democratic nomination as representative from the 91st legislative district.

Currently attending to his studies as a business administration major at the University of Texas, Blount will begin a tour of the district in behalf of his candidacy early in June.

Born in Ferris, Ellis county, Blount, who is 21, came with his parents, Mr. and Mrs. R. E. (Boody) Blount, to Big Spring when he was two and a half years of age and has resided here since.

He is a graduate of Big Spring high school and an ex-service man. He entered the service in July 1943, served six months in the Pacific theatre with the 345th bombardment group as a B-25 pilot on 31 bombing and strafing missions. Blount was made a first pilot on his fourth mission and was separated from service in September of 1945 with the rank of first lieutenant.

In making his announcement, Blount pointed out that his long residence in the district made him familiar with the people and with many of their problems, and that he felt he could serve the district well by reason of an open mind on all issues.

# Truman Asks Lewis, Operators To Submit Case To Arbitration

## Health Plans Topic Of Much Senate Debate

WASHINGTON, May 16 (AP)—Senate opponents of additional labor disputes legislation talked today of proposing that every industry engaged in interstate commerce be required to inaugurate workers' health plans.

"We are considering such an amendment as well as several others which will be disclosed in due course," Senator Pepper (D-Fla) told reporters.

Pepper is leading the floor fight against proposals which he contends would "undermine and destroy" labor. He puts in that category virtually all the score of proposed amendments to the labor committee's bill providing chiefly for a strengthened federal mediation service.

The senate's week-long preoccupation with labor matters developed a new facet, meanwhile, with a bipartisan move to deny government workers the right to belong to a union that permits strike action.

The idea of requiring industries to set up health plans for workers would be a counter-proposal to a move by Senator Byrd (D-Va) which has been the center of senate debate all week.

Byrd seeks to outlaw union collection and control of any such health and welfare fund as John L. Lewis has demanded from coal mine operators. The Virginian revised his original amendment to permit employers to contribute to a fund provided management had equal voice with workers on how the money is to be spent.

**MONARCHISTS CHEER UMBERTO**—Monarchists in Rome cheer and wave Italian flags in the palace garden as King Umberto II and members of his family acknowledge the plaudits. On balcony (l to r): Princess Maria Beatrice, Queen Maria Jose, Princess Maria Pia, King Umberto, Princess Maria Gabriella and Crown Prince Vittorio Emanuele. (AP Wirephoto).

# Answer Expected This Afternoon, President Says

WASHINGTON, May 16 (AP)—President Truman announced today he had asked John L. Lewis and the coal operators to submit their deadlocked contract negotiations to arbitration.

Lewis and Charles O'Neill, official spokesman for the operators, will give their decision to Mr. Truman at 3:30 p. m. EST.

Mr. Truman announced his proposal to a hurriedly summoned news conference. He said that Lewis and O'Neill both had agreed that their own efforts to settle the coal controversy had collapsed.

The announcement was made less than two hours after Mr. Truman conferred for 10 minutes with Lewis and O'Neill at the White House.

Mr. Truman said that the two chief figures in the coal dispute had told him they felt after overnight conferences with their associates that the coal negotiations held up to now had completely broken down and that further discussion was useless.

It was then, Mr. Truman said, that he asked them to submit their differences to arbitration.

He said the country is in desperate straits as a result of the 43 days' shutdown of the mines prior to the two week truce which began last Monday.

The Chief Executive said coal must be gotten out of the ground and that the suffering which had followed the strike would increase if there was no settlement.

Mr. Truman said that Lewis and the operators at White House talks prior to the strike which began April 1, had emphasized they would be able to get together among themselves and had assured him they did not think there would be a strike.

# Germany Latest Cause Of Split Among Ministers

PARIS, May 16 (AP)—The four-power foreign ministers council spent three hours in almost fruitless discussion of Germany today and prepared to adjourn later in the evening until June 15, when they again will attack the unsettled problems of peace.

Soviet Foreign Minister V. M. Molotov agreed to an American proposal to send a four-power commission to all four zones of Germany to investigate the state of German disarmament, an American informant said.

But this proposal was thrown out by US Secretary of State James F. Byrnes several days ago to counter a Soviet objection to Byrnes' offer of a 25-year four-power mutual assistance pact to guarantee the continued disarmament of Germany. At that time Molotov had objected that Germany's present state of disarmament should be studied before such a pact was considered, and Byrnes had proposed the commission.

Today British Foreign Secretary Ernest Bevin finally registered London's approval of the pact proposal.

France already has accepted the proposal.

The ministers approved last night Byrnes' suggestion that the council adjourn until June 15 and the conferees were ready to recess as soon as discussion of the German question is finished, probably today.

In recessing, the foreign ministers will leave unsettled the same problems which impelled their current session—the question of Austria, which the Russians flatly refused even to discuss; Trieste, which Britain and the United States insist must go to Italy while the Russians insist it must go to Yugoslavia; freedom of navigation on the Danube, which the Russians refuse to write into the Balkan peace treaty; and international freedom of commerce with Romania, Bulgaria and Hungary.

# Airliner Crash Kills 26 Persons Near Richmond

RICHMOND, Va., (AP)—Twenty-six persons were killed today in the crash of a southbound chartered airliner which ran into trouble a few minutes after its take-off from Byrd airport near Richmond and plunged into a railed drenched stand of Pine Woods in a vain attempt to return to the field.

The twin-engine Viking airliner came to grief in the heavy overcast about 1:10 a. m., plowed through the trees and burned on the soggy banks of Doran Creek only a few thousand yards from the airport.

The airliner left Newark, N. J., early last night for Atlanta. It put into Richmond and took off again about 12:30 a. m. in heavy weather. The ceiling at the airport was fluctuating between zero and 200 feet and visibility was one mile when she took off.

The CAA said the plane carried 24 passengers and a crew of two. A farmer, William Walton who lives near the scene in Henrico county, said he counted 26 bodies—20 men, three women, and three children.

Bodies of the victims were being brought out by horse and wagon and sent to Richmond funeral homes.

The first call to county police headquarters on the crash came at 1:24 a. m. from a radio tower on the Charles City road reporting a plane down near Doran Creek about a half mile off Doran road. County Police Sergeant H. W. Henshaw who went into the crash area said most of the bodies were badly burned, and there was a possibility only one could be readily identified.

Police found a passport in an unburned coat pocket of a badly charred body bearing the name Jose Materredona Zambrini. This, along with the muscular appearance of the body, led to the early belief that the plane had been chartered by Mexican or other Latin American workers or athletes.

# Army Requests Draft Of Men Between 26, 29

WASHINGTON, May 16 (AP)—The Army has asked President Truman to direct the drafting of men between 26 and 29 years old. The request was made because of a prospective replacement shortage resulting from the stop-gap revision of the Selective Service Act, a War Department official said today.

He said the President might act today. Officials have estimated that the existing pool of men in the 26-29 age group totals only about 15,000.

The Army which will continue after June 30 to discharge men with two years of service or a point score of 40, "can make no promises" as to reducing the release requirements to 18 months, the official said. He added the demobilization program will be continued as promised in January by Gen. Dwight D. Eisenhower, pending further action on the draft by Congress.

The Army's pinch in manpower will begin to be felt in October or November when men who volunteered for 18 months will start reaching the end of their terms.

President Truman halted the drafting of men over 25 following the surrender of Japan, and officials said another order from the White House to Selective Service is necessary to lift the ban.

# Woman Killed, Her Family Critically Injured In Tornado

By the Associated Press  
Alvin Minton, a ranch foreman, remained in a critical condition today, victim of a West Texas tornado that ripped across Mitchell and Nolan counties, killed his wife and injured his child.

In the afternoon, residents of Colorado City in Mitchell county stared at a funnel-shaped black cloud that dipped and swirled eastward, finally disappearing in the distance. The tail of the twister lashed down to damage two homes in the county, five miles south of Lorraine—those of R. T. Stephens and Mrs. Dee Compton.

Farther eastward into Nolan county the tornado roared, cutting a swath three miles long and 100 yards wide, killing or injuring sheep and cattle, destroying fences. Eight miles south of Roscoe, in the Champie community it swooped on three residences.

At 5:30 p. m. the twister enveloped the Minton home, swept it completely clear of its concrete foundations. Virgil Walker and R. H. Bennett, neighbors who hurried to the scene, found Minton, his wife and his nine-year-old daughter in their yard. A son, Clarence Minton, was en route home on a school bus. Two hours later Mrs. Minton died in a Roscoe, in the Champion community gravely injured. His daughter Sherry had a broken leg and other injuries.

Meanwhile, in Runtless county, adjoining Nolan county on the southeast, sheep-killing, property-damaging hail fell for the second consecutive night and estimates placed losses for the two nights at from \$300,000 to \$350,000.

In Ballinger, hardly a residence or business building escaped damage. On Tuesday night, hail measured at eight to nine and one-half inches in circumference, caused sheep losses in the county.

# Railroads Reject Union Proposal To Lessen Pay Hikes; Strike Still On

WASHINGTON, May 16 (AP)—Union representatives announced today that the railroad operators had rejected a modified union wage increase proposal. They said both sides would report to President Truman today they are unable to agree.

A. F. Whitney, president of the Brotherhood of Railroad Trainmen, said the nationwide railroad strike of engineers and trainmen still is set for 4 p. m. EST, Saturday.

Whitney and Alvanley Johnston, head of the engineers' brotherhood, told reporters they offered a modified proposal for a minimum increase of 18 percent or \$1.44 a day as compared with their original demand of \$2.50 a day.

Whitney said the operators' representatives would offer nothing more than the \$1.28 a day recommended by a presidential fact-finding board.

There still was speculation on whether federal seizure of the railroads might forestall the strike of 250,000 trainmen and engineers.

President Truman has said he will not hesitate to take over the lines if that action becomes necessary.

The hint came in an announcement, from Alvanley Johnston, chief of the Brotherhood of Locomotive Engineers that as a "safety measure" the big Illinois Central Railroad—already under government control—has been removed tentatively from the list of carriers to be struck.

The Smith-Connally war labor disputes act, however, provides penalties for strike interference with the operation of any facility under government possession.

# Pence To Speak On Ceramics

Dr. F. K. Pence, head of the ceramics department of the University of Texas, arrived in Big Spring by plane this morning for his scheduled address tonight in the Settles hotel.

Arrangements for tonight's session, which will be held at 8 o'clock in room No. 1 of the Settles, were made by the chamber of commerce.

Dr. Pence was carried on an inspection tour of local manufacturing firms utilizing clay, sand and gravel during the day by a delegation headed by Ott Graff, chairman of the chamber of commerce's industrial department.

Graff and V. A. Merrick, chairman of the chamber's membership department, urged all members of the organization and any other interested citizens to attend the meeting tonight.

J. H. Greene, chamber manager, reminded that ceramics is an industry comparatively new to this immediate section, and expressed hope that interest in the field will develop from the address.

# Two Killed, Six Injured In Crash Of Army Bomber

FAIRFAX, Calif., May 16 (AP)—Two men were killed and six were injured critically when a four-engine army bombing plane ran out of fuel and crashed near here early today.

Three of the injured were taken to the army hospital at nearby Hamilton Field, but the others were so badly hurt they could not be moved from the scene.

Blood plasma was rushed from Hamilton Field and administered in efforts to save their lives.

The B-17, enroute from Los Angeles, crashed into a hillside three miles west of Fairfax.

The pilot and co-pilot crawled out of the control cabin, and a rescue party cutting with torches through the fuselage of the big B-17 to learn the fate of the others extricated one other soldier. The three survivors were taken to the nearby Hamilton Field hospital in critical condition.

First report of the crash at Hamilton Field came at 2:05 a. m. (PST) when the pilot telephoned from a house near the wreckage and reported that some of the six trapped men were then alive.

# Small Demands Legislation To Outlaw Strikes

WASHINGTON, May 16 (AP)—Civil Production Administrator John D. Small asserted today John L. Lewis has thrown industry into "chaos" and called for legislation outlawing strikes for at least six months.

Small said in a statement that Lewis, president of the United Mine Workers, "pulled the switch on American industry."

"Lacking any sign that labor will now agree voluntarily to a holiday from strikes, or that management will agree to voluntary arbitration, I am forced, as a private citizen, to the reluctant conclusion that legislation is urgently required," Small said.

He added, however, that hasty legislation "written and debated in the heat and rancor of an emergency is almost always apt to be bad legislation."

# Individuals Must Keep Places Clean, Hogan Tells Lions

Maintenance of sanitary conditions is an individual responsibility, Dr. J. E. Hogan, city health officer, declared in an address at the Lions club Wednesday.

Regulations are helpful, but result depend upon individual initiative in maintaining clean premises and in encouraging neighbors to do likewise.

So long as there are flies, there will be summer infections. The time to stop flies is before they propagate, he said. Thus, DDT may not do the job that many expect of it for "it doesn't completely take effect if only a million of 50 million flies are killed."

Hogan urged that all fruits and vegetables eaten raw be washed thoroughly.

# Bruton Searches For Good Home For Youngster

A youngster, whose worse offense seems to be nothing to do and the ill fortune to lack a good home environment, may be on his way to the state school for boys unless some local individual intervenes.

What the lad needs, in the opinion of Juvenile Officer J. B. Bruton, is not confinement, but a home and an opportunity to do something.

He is not, according to Bruton, a "bad boy." His worst offense seems to be that of habitual truancy and staying out at nights. He has been with boys who have been in trouble, but invariably they give him a good bill of health, said Bruton.

At 16, the lad is small for his age and perhaps undernourished. He is timid.

What Bruton would like is for any couple or individual interested in helping the boy to notify him at his office or home as quickly as possible. Since there are similar cases which occur from time to time, Bruton would be pleased to have others who might be interested in this sort of service to notify him.

# Official Of State Democrats Succumbs

PALESTINE, May 16 (AP)—Mrs. Fannie Campbell Wommack, co-chairman of the state Democratic executive committee, died at her home here today.

Prominent in Texas politics for many years, Mrs. Wommack was the daughter of former governor Thomas M. Campbell.

Mrs. Wommack, a life-long resident of Palestine, was vice chairman of the state Democratic executive committee for the past two years. She had been in ill health for the past six weeks and died shortly after 2 a. m. today.

# Last Meetings Slated For Thought Survey

The Big Spring chamber of commerce thought survey moved into its final day of operation today with two well attended sessions completed on the morning schedule.

Sizable groups met this morning with Elmo Wasson, chairman of the goodwill department, and Lewis Price, chairman of retail trade, presiding. Two other meetings this afternoon were to close the schedule. To preside this afternoon were Iva Huneycutt at 2:30 p. m. and G. H. Hayward at 4 p. m.

Hundreds of ideas have been contributed during the survey, chamber officials said, and tabulation work is expected to be complete by the end of the week. All ideas submitted are being recorded for use as reference in planning the chamber's program of work.

# Rain Damage Slight On City, County Roads

A check Wednesday disclosed only slight damage to public facilities in Big Spring and Howard county from the rains and hail of Tuesday night.

Only normal erosion was noticed on city streets, and the only instance where emergency work was required occurred in the 1700 block of Gollad street, where a sewer ditch washed out considerably.

Although county commissioners had not completed their inventory this morning, no serious road damage in the county had been reported.

# Middle-Of-The Road Crop Shooters Fined

When Robert Miller and Robert Basham elected to try their luck at shooting Wednesday afternoon, they could hardly have chosen a more conspicuous arena.

After receiving two complaints that several parties were engaged in a crap game squarely in the middle of a road just east of the city limits, members of the sheriff's office moved in to arrest the pair or violating state gambling laws.

Miller and Basham took time to retrieve their respective bank rolls, which the law said was scattered carelessly about them, then marched down to justice court and there paid fines amounting to \$1 and costs.

# Achievement Tests Being Given Today

Achievement tests for Eighth grade students of the county's school are being conducted at Big Spring high school today by Walker Bailey, county superintendent.

Schools represented and the number of students participating are: Gay Hill; 2; Center Point; 2; Midway; 9; Elbow; 1; Lomax; 2; and Vealmoor; 3.

Similar tests will be conducted at Coahoma, Forsan and Knott during the week. The student with the highest grade will be given an appropriate award.

# Tons Of Hail Batter, Ruin Crops; Undaunted Petrees Eat Ice Cream

Glen Petree looked hopefully for another good show Tuesday afternoon when clouds gathered over his place three and a half miles southeast of Stanton.

Then occasional rumbles of thunder mounted into a din like a buckboard wagon rattling over cobblestones with a load of croquet balls.

First there were a few pecks as hail bounced off sod and roofs. Then it began in earnest. Petree and others took refuge under a frame tool shed. A terrific dry hail set in with deafening noise. Shingles fluttered off the shed roof and occasionally a large stone plummeted through as though the covering were paper.

For several minutes there was nothing but hail. Then rain began to fall and for about 20 minutes rain and hail battered the earth.

Petree looked out over a field where young cotton had come up on the strength of a recent shower. Steadily the area covered until it looked as though it had been blanketed by snow. Pastures carried from two to three inches of hailstones.

Presently driving rain set in and continued intermittently for nearly two hours, pouring out an estimated four inches of rain. More water surged through the yard than Petree had ever seen.

Much of the hail melted under the flood, but tons of it washed and drifted in low places Wednesday as Petree surveyed the damage, his crops had been battered out of existence. Twenty acres of thrifty Johnson grass had been reduced to gaunt stubs and stems.

Drifts of hail two and a half feet high still testified Wednesday afternoon as to the scope of the storm. On high places, mesquite leaves covered the ground around tree trunks, and branches were struck as clean as if peeled by hand.

But Petree was an opportunist. He hauled out the freezer and the family utilized the abundance of hailstones, still piled up 24 hours after the storm, to make ice cream.

# Texas Guard Leaders Called For Meeting

AUSTIN, May 16 (AP)—Major Gen. Fred L. Walker, commander of the Texas National Guard, has called a meeting here May 20 of guard leaders from over the state to review progress being made in reactivating the military unit.

Allotments of units to the various localities, the capability of these communities to maintain units, and general guard policies will be discussed.

**MacArthur Orders New Postal Designs**

TOKYO, May 16 (AP)—General MacArthur carried his Japanese democratization campaign to the postage stamp today, ordering that henceforth neither militaristic nor ultranationalist designs shall be used.

He ordered a one-yen stamp last December withdrawn because it carried Shinto designs.

"Such designs," said the order, "often contain objectionable subjects. Their use by Japanese in propagandizing militarism and ultranationalism is well recognized."

**Remove Stains, Add New Sparkle to DENTAL PLATES**

Eliminate each messy, time-consuming brushing. Just get your plates or bridges in a glass of water, add a little LLENITE, Frodo's Bubbles, and shake and let them disappear. Your teeth sparkle like new. Ask your druggist today for LLENITE.

**LLENITE the Brushless Way**

Cunningham & Phillips; Collins Bros. Drugs; and all good druggists.

**Divorcee Can Keep Films Of Her Shorts**

CHICAGO, May 16 (AP)—Mrs. Elsie Meinke, 28, won't have to give her former husband movie films showing her in a bathing suit and shorts, says Circuit Judge Elmer J. Schnackenberg.

He also vacated a \$100 fine for contempt of court assessed against Mrs. Meinke yesterday after she refused to surrender the films as provided in terms of a divorce decree she was granted last Dec. 28 from her husband, Clifford, 34.

An hour after the fine was imposed, Mrs. Meinke appeared before Judge Schnackenberg to explain why she had returned her former husband's movie projector but retained about 100 films.

"About half those films were taken on vacation," she said, "and they show me in a bathing suit or in shorts. I'd be embarrassed to have him show them to other people, or maybe to his next wife."

Instructing Mrs. Meinke to pick out the films of her in a bathing suit, Judge Schnackenberg told her:

"Let your ex-husband have one last look at them, to give him memories."

**BLIMP WITH PONTOONS**—This U. S. Navy blimp, equipped with rubber pontoons, rides the surface of Lake Erie during experiments conducted by Goodyear Aircraft.

**Bomber Feared Lost At Sea Near Japan**

TOKYO, May 16 (AP)—Two occupants of a US Fifth Air Force A-26 bomber were feared lost at sea yesterday when their plane was forced down in the ocean 50 miles north of the Ashiya airbase.

However, headquarters said a smoke signal and dye marker had been reported from a search plane late yesterday, and that the search would be continued.

**FALSE TEETH That Loosen Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

**Named For The Cod**

SANDWICH, Mass., (UP)—Cape Cod has only 37,000 inhabitants in the winter, but boasts of a summer population that exceeds 200,000. The Cape was discovered by Bartholomew Gosnold, en route from England to Virginia in 1602, and he named it for the fish he saw.

No money was missing, only two diplomats.

**Steals Diplomas**

WABASH, Ind. (UP)—Thieves broke into the local high school recently. The intruders broke a glass on the door, got in, then used a railway spike and hammer to splinter the principal's office door.

No money was missing, only two diplomats.

**Make This Home Recipe To Take Off Ugly Fat**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

**HOUSING SOLVED; JOINS THE ARMY**

LOS ANGELES, May 16 (AP)—Ira A. Gilmore, 26, and his wife Sybil, 27, have found a solution to the housing problem which has been plaguing them since last October.

They both joined the Army yesterday.

**2-Way Radio**

PETERBORO, N. H.—All buses operated by the Granite Stage Co. are being equipped with two-way radio. This will enable drivers to keep in constant watch with their home terminal and to report to police immediately any forest fire or highway accidents which they discover.

**State Tentatively Approves Building Of Traffic Tunnels**

AUSTIN, May 16. (AP)—Construction of two vehicular tunnels at a total estimated cost of more than \$15,000,000 in the traffic-congested Houston-Galveston area today appeared to be a step nearer realization.

The state highway commission yesterday gave tentative and conditional approval to construction of a tunnel under the Houston ship channel at Spillman's Island near Baytown, and to another to connect Galveston Island with Bolivar Peninsula.

The commission made offers to the local governments under which it would assume, from federal and state sources, \$5,000,000 of the cost of the Bolivar tunnel (estimated to cost more than \$10,000,000), and the same amount of the cost of the tunnel under the Houston ship channel.

Disposing of the largest batch of post-war business to date, the commission also took these major actions:

Improvement and enlargement of traffic facilities on US Highway 90 at Orange, including construction in cooperation with Louisiana of a four-lane bridge across the Sabine river.

Opening up of a bottleneck now existing at Hillsboro where heavily-travelled US Highways 81 and 77 converge, providing alternate four-lane routes through the central Texas town.

Improvement, repair and virtual reconstruction of numerous other heavily-utilized highways in all parts of the state.

**THE RIGHT BAIT CATCHES TACKLE**

BRAINERD, Minn., May 16. (AP)—The opening of the fishing season found George Fisher, Brainerd newspaperman and fishing enthusiast, unable to find a rod and reel to complete his tackle. Then he inserted a "blind" classified advertisement in a newspaper.

The first answer which brought him the equipment was a surprise. It was from S. G. Fitzpatrick, Fisher's roommate.

sprawling Matador ranch near Channing have been busy sending thousands of head of cattle to markets.

There's still romance and glamor in cowpunching—if you don't have to do the work.

The Channing ranch, together with the holding of the Matador Syndicate, is the second largest in Texas—second only to the King ranch.

The Southern Matador ranch, for example, comprises about 450,000 acres. Some believe that the holdings of the syndicate, including land in Montana, exceeds that of the King ranch.

Cattle are run on an average of one head to every 30 acres. If a full load is being run, about 20,000 head will be included in the ranch's inventory. The recent roundup and shipment by the Matador outfit is only a small part of the year's total activity. An estimated 8,000 to 10,000 head will move from the Channing ranch this year.

A shipment from Murdo was probably the largest single steer shipment from the Panhandle under one brand this year. More than 2,700 head were prodded aboard two special cattle trains bound for Kansas grasslands. The trains carried nearly 45 cars each. The loading came as the climax to a monthlong roundup over thousands of acres in Oldham county. Cowhands and managers alike waded through the powdery dust in the dawn-to-dusk operations.

General manager of the entire syndicate, John McKenzie of Denver, was on hand.

It's dry, hard work, and the cowboys are the last to claim that their job is glamorous. But there's drama, and color, and excitement. There's system to it all, but when you have cowboys, and wild stock, and twirling ropes and branding irons and wide open spaces—well, it's not exactly assembly line routine.

The romance of the Old West is still there, from the old chuckwagon on up.

The sandal is the most ancient type of footwear.

## Fire And Police Reports Shown

More than 300 cases were handled during the month of April according to police department reports for the month as submitted to city commissioners.

The offense of drunkenness led the list with 140, including 12 dismissals and fines in the balance of cases. One vagrancy case drew a \$200 fine and 21 such cases were dismissed. For unlawful train riding, 18 persons were picked up, and 15 for gaming. On VD tests, 12 reacted positively and were treated, four had negative reactions. Nine cases were transferred to the county for action, three to the juvenile officer and one to military authorities.

Patrol cars covered over 10,000 miles and the police radio handled approximately 1,700 calls. Sixty traffic tickets were issued, 41 cases are pending. Fines collected totaled \$2,098.

Reports from Fire Marshall L. W. Bettle showed insured loss of \$1,350 on 26 fires. The worst part, however, was two deaths and one injury due to fires in April. Mercantile establishments had seven fires, dwellings 5. There was one rooming house blaze, six trash fires, five cars and trucks. One run was made outside the city

## Army's Butter Quota Drops Sharply For '46

KANSAS CITY, Mo. (UP)—The Army's consumption of dairy products will decrease sharply in 1946, according to the Quartermaster General.

The report, released through the Kansas City quartermaster depot, said the decrease was the result of the smaller peacetime Army and that the individual soldier's consumption of dairy products was as high as ever.

Butter allotments for 1946 showed a 1,926,619,000 pound decrease from 1945 allotments.

At the same time the Army announced that, pursuing its policy of supplying as much fresh food as possible, no canned cheese or butter would be procured during 1946.

## College 50 P.C. Vets

CORVALLIS — Oregon State college officials reported that 2,005 of the 4,205 students enrolled for the spring term are war veterans. Approximately 30 per cent of the veterans are married.

limits and one concerned an electric line.

In cause of fires, smoking led the list with six, trash accumulation with five, improper use and disposal of matches next with four, faulty electric wiring three, and improper use of gasoline two.

## Use Of Water Takes A Jump During Month

Water consumption took a substantial jump during April, according to the monthly statement presented to city commissioners by C. R. McClenny, city secretary.

During the month 51,062,900 gallons were metered, an increase of 15,551,200 over March 1946, and an increase of 4,011,800 over April a year ago. Water and sewer costs billed to customers in April amounted to \$18,762, an increase of \$3,633 over March. At the end of April, general fund receipts had totaled \$55,717, of which \$30,000 resulted from sale of securities, and \$1,847 transferred from other funds. Cash balance was \$24,973.

Tax collections during April totaled \$928 and delinquent tax collections amounted to \$397. From the interest and sinking fund, \$38,000 bonds were retired and \$13,632 interest paid along with \$80 exchange. This left the bonded indebtedness at \$1,103,000 and the interest and sinking fund balance at \$46,063 at the end of the month.

Principal general fund sources of

## Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or painful passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Dogs were raised in ancient Mexico for food.

### Lions Auxiliary Has Monthly Luncheon, Appoints Committees For Convention

Members of the Lions Auxiliary entertained Wednesday with a luncheon in the Settles hotel, with Mrs. Joe Pickle, Mrs. B. J. McDaniel and Mrs. John Coffee as hostesses.

Following the invocation by Mrs. K. H. McGibbon Mable Smith sang "In a Monastery Garden" and "The Wind," accompanied by Mrs. Wiley Curry. Roy Smith performed magical tricks, assisted by his mother, Mrs. Roy Smith Sr.

Committees were appointed for the Lions convention which will be held here in June, and those to serve on the entertainment committee will be Mrs. Jack Smith, Mrs. Dan Conley, Mrs. Ted Groehl, Mrs. John Coffee, Mrs. Boyd McDaniel, Mrs. Joe Pickle, Mrs. R. R. McEwen Jr., Mrs. Cliff Wiley Mrs. J. H. Greene, Mrs. C. H. Staples and Mrs. Bill Griese. Committee to be in charge of registration will include Mrs. Cecil McDonald, chairman, Mrs. E. H. Strauss, Mrs. Rogers Jeffry, Mrs. John Coffee, Mrs. Wiley Curry, Mrs. H. W. Wright, Mrs. O. S. Riley, Mrs. Jack Y. Smith.

The June meeting will be dispensed with, members decided, in order to devote more time to the convention. Hostesses for July will be Mrs. C. C. Jones, Mrs. K. H. McGibbon and Mrs. J. H. Greene.

New members attending the Auxiliary meeting were Mrs. Jack Gary, Mrs. Marvin Sewell, Mrs. Charles Hix, Mrs. C. C. Worell, and Mrs. Matt Harrington.

Guests of the club were Mrs. R. H. Snyder, Mrs. Wacil McFair, Mrs. R. W. Fesmire, Mrs. Earl Corder, Mrs. Alvin Thigpen, Mrs. James Wilcox, Mrs. H. W. Smith, Dorothy Selin, Mrs. O. A. Kraet, Mrs. Buel Fox, Mrs. D. W. England and Mrs. Cecil Snodgrass.

Members present were Mrs. George Melear, Mrs. Joe Pickle, Mrs. Jack Y. Smith, Mrs. C. C. Jones, Mrs. Wiley Curry, Mrs. C. W. Deats, Mrs. Bill Griese, Mrs. John Ratliff, Mrs. Cecil McDonald, Mrs. L. E. Edwards, Mrs. Rose Hefley, Mrs. Escot Compton, Mrs. Dan Conley, Mrs. Jake Doup, Mrs. Henry Clark, Mrs. B. J. McDaniel, Mrs. E. B. Strauss, Mrs. H. W. Wright and Mrs. Ted Groehl.

### Harmon Smith Back After Service In The Navy

KNOTT, May 15 — Harmon Smith, son of Mr. and Mrs. O. R. Smith, has received his discharge and is at home after four and a half years in the navy, and his friends are welcoming him back to Knott. Norris Smith of Alpine and Howard of Abilene, both visited here to be with Harmon. Mr. and Mrs. O. R. Smith have had three sons in the service and two sons-in-law.

Mrs. J. T. Gross has returned home after an extended visit in Lynden, Wash., with her daughter, Mrs. P. O. Manuel, Mr. Manuel and a new granddaughter, Nancy. She returned by way of San Jose, Calif., and visited a brother, H. A. Pounds, and family. Dinner guests Wednesday evening in the Gross home were a nephew, Kenneth Doyle Beckham, who has just received his discharge after three and a half years in the navy; Mr. and Mrs. J. B. Springer and Joyce Beckham of Lubbock; Mr. and Mrs. A. J. Gross and Mr. and Mrs. Herschel Johnson of Big Spring and Mr. and Mrs. Britton Pounds and family of Knott.

Sunday guests in the A. E. Cockrell home were Mr. and Mrs. C. G. Ditto, Mr. and Mrs. Guy Ditto, Mr. and Mrs. David Smith and family, Darrell Shortes, Sis and Son Ditto and Joyce Kemper.

Mrs. Ora Richards had as guests Sunday Mrs. Emmett Lumpkins and daughter, Nona Sue, Mrs. O. G. Laudamy and daughter, Georgia, Mrs. Medil Shortes and Lela Mae Gilbert.

Mr. and Mrs. Britton Pounds and daughter and Mr. and Mrs. J. T. Gross visited a niece, Mrs. Clinton C. Roberts, in Lamesa Wednesday. Mrs. Roberts is recuperating from an operation.

Mr. and Mrs. C. J. Shockley and family, and Velah and Roy Kemper visited Sunday in the J. J. Kemper home.

Weekend guests in the R. J. Fleming home were Mr. and Mrs. Sylvester Martin and family of Rotan; Mr. and Mrs. Jewel Martin and family of Eunice, N. M.; Paul Althart and children of Sparanburg; and Mr. and Mrs. Tom Castle, Louis Bages, Inland Martin and son Floyd, all of Knott.

Mr. and Mrs. Britton Pounds spent Mother's Day with her mother, Mrs. Connor of Slaton.

Mrs. S. T. Johnson and her father, A. Petty, spent the weekend with Mrs. J. B. Smith and family at Fort Stockton.

Mrs. Luke Straughn, Mr. and Mrs. H. E. Hooper and son, Mr. and Mrs. Herschel Johnson and daughter and Mr. and Mrs. A. J. Gross, all of Big Spring, were guests in the J. T. Gross home Sunday.

The Knott schools will close for the summer after one more week of classes.

DIPLOMA DRESS... For the big moment in a young girl's life, and for many important evenings, this New York dress in shirred yellow marquette rates top billing.

### 4-H Girls' Club In Final Meeting For The Year

FORSAN, May 16—Members of the 4-H girls' club held their last meeting of the school year this week, and were given a demonstration in biscuit making by Miss Margaret Christie, county home agent. Names were drawn for the selection of a delegate to attend a 4-H camp at Ruidoso, N. M., the last week in May, and Annie Mae Loftin was selected with Juanita Cox as alternate.

Sgt. Kenneth Cowley, stationed in San Antonio, visited relatives here over the weekend.

Mr. and Mrs. Brady Nix and Gwendolyn, of Crane, were guests of the Bill Congers over the weekend.

Mrs. Hollis Wallace and Sue of Odessa spent Mother's Day with her mother, Mrs. H. E. Boulter.

Mrs. G. L. Monroey has returned home from a visit with her daughter, Mrs. Gwendolyn Bennett, at Port Jackson, Long Island.

Mr. and Mrs. R. E. Peacock have as guests Mrs. Roy Patterson and son of Oakland, Calif. Mrs. Patterson and Mrs. Peacock are sisters-in-law.

Mrs. Ted Henry has had as guests Mr. and Mrs. Dan Richards of Paducah.

Mrs. Don Linebaker and Tommy Lee have returned to their home in Monahans after a visit here with the Woodrow Scuddays.

Mr. and Mrs. Audrey Chambers have a new son, Douglas, who was born in a Big Spring hospital May 6 and weighed eight pounds and 14 ounces. Mrs. Chambers and son are back at home and doing nicely.

Mr. and Mrs. Dee Ayers had as visitors over the weekend Mrs. Rosa Ayers and Mrs. Pearl Routh.

Mr. and Mrs. C. C. Settles recently had as guests Mr. and Mrs. J. N. Mangum and children of Monahans.

Mr. and Mrs. W. O. Averett spent Saturday and Sunday in San Angelo to be with her mother on Mother's Day.

Mr. and Mrs. Nell Manning of Sterling City were in Forsan Monday to visit friends.

Mrs. Catherine Johns of Tombstone, Ariz., was a recent visitor in the C. C. Long home.

Gene Huestis has returned from El Paso, where he took his physical examination for army induction. He has 21 days before reporting.

Grady Hale and son, Lloyd, and M. E. Saunders of Pyote spent three days fishing on the San Saba river.

Corp. Douglas Keith of Goodfellow Field, San Angelo, visited his parents, Mr. and Mrs. N. J. Keith, over the weekend.

Recent visitors in the C. M. Adams and T. R. Camp homes were Mr. and Mrs. Leland Camp and Cleo, of Welch.

Mr. and Mrs. Webb Henson of Sterling City attended the ball games here Monday night.

Mr. and Mrs. M. M. Fairchild and family attended a reunion of the Hart family in the home of O. C. Hart, in Stanton recently. It was the first time all members of the family had been together in three years.

Mrs. Jeff Pike has been visiting Mr. and Mrs. Byron Johnson in Abilene and Mr. and Mrs. Cecil Parker in Dallas.

Tommy Henry has returned home after a several months' stay in Gustine.

### Fierro Installed As Head Of Kate Morrison P-TA

Telesforo Fierro was installed as president of the Kate Morrison Parent Teachers association Wednesday evening when the school had open house.

Other officers were Salome Ranjel, first vice-president; MeLeicio Sarmiento, second vice-president; Sonora Robert Meñozza, secretary; and Senora Isabel Salazar, treasurer.

Work done by the students throughout the year was on display in each room. Mrs. Dorothy Wilson, principal of the school spoke briefly to the guests on the work done during the year, and the part of the community play in making the school year successful.

A group from the first, second and third grades presented a group of songs, and the sixth grade gave two choral recitations. They were directed by Mrs. L. Baird and Miss Willa Dean Gist. Approximately 300 attended.

If you are plump with full hips, wear interesting, shoulder details and fly or buttoned front dresses.

OVER 100 MILLION BOTTLES SOLD! SIMPLY GREAT FOR MONTHLY PAIN

Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to female functional periodic disturbances. It also relieves accompanying weakness, nervous, cranky feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic!

### Dr. Hogan Warns Parents Against Outbreak Of Summer Diseases

A warning against the looming polio menace was issued by Dr. J. E. Hogan when he spoke to members of North Ward Parent Teacher association Tuesday afternoon.

Extra precaution should be taken during the summer months against not only polio, but chicken pox and measles, he said.

New officers assumed their positions at the last meeting of the year, and Mrs. Truett Thomas was installed as president of the unit. Others who took office at the meeting were Mrs. B. E. Winterrowd, vice-president; Mrs. R. D. Sallee, secretary and reporter; and Mrs. T. F. Horton, treasurer.

Committee appointments included budget and finance, Mrs. Joe Simmons, Mrs. T. F. Horton, Mrs. Cliff Cunningham; membership, Mrs. A. L. Cooper, chairman, Mrs. B. E. Winterrowd, Mrs. Alvin Viererge, Mrs. R. D. Sallee; safety, Mrs. W. A. Abat, Mrs. Walter Ledbetter; health, Mrs. Brown Rogers, Mrs. Ed. B. Corcoran; hospitality, Mrs. Melvin Choate, Mrs. R. W. Jennings, Mrs. A. V. Deal; parliamentary, Mrs. Winterrowd; goal sheet, Mrs. C. E. Suggs; publications, Mrs. George Hill; council representative, Mrs. Alvin Viererge; radio, Mrs. W. D. Arnold.

The program was given by the

### Friendship Club Meets With Mrs. Lewis Murdock

Mrs. Lewis Murdock was hostess to two tables of bridge when she entertained the friendship bridge club Wednesday afternoon.

Guests were Mrs. Marvin House, Mrs. Shine Phillips, Mrs. Conn Isaacs, Mrs. Kelley Lawrence, Mrs. Ed Strauss, Mrs. Guy Dillingham, Mrs. B. J. McDaniel, Mrs. Robert Stripling, Mrs. Charles Watson, Mrs. Garrett Daugherty and Mrs. George French.

Do not store food wrapped in paper in the refrigerator. Paper acts as insulation and slows the cooling of food.

### P-T A Sees Class Play

Program at the meeting of Central Ward Parent Teacher association was presented by the seventh grade Wednesday.

"The New Minister Arrives" had as its cast DeLona McFerrin, Ola Jean Munseley, Martha Ann Johnson, Paul Jenkins, Jimmy Frank Wilcox, Jo Ann Smith, Fritz Smith, Jonanna Hickson and Barbara Dehlinger. The two act play was directed by Mrs. H. L. Derrick. Patricia Lloyd played a between acts piano number.

During the business session Mrs. E. O. Hicks reported that the luncheon open house proceeds amounted to \$101. Ten children were present for the summer round up examinations, members were informed. Parent-Teacher members were reminded that the P-TA council meeting will be held Friday from 10 a. m. until 12, and the school of instruction will be from 1 until 3 p. m.

Mrs. Derrick's room was the room count.

Attending were Mrs. J. C. Lane, Mrs. T. J. Dunlap, Mrs. E. A. Ingram of Fort Worth, Mrs. W. E. Bagley, Elizabeth Smith of Snyder, Mrs. W. R. Settles, Mrs. J. P. Kenney, Martha Fay Mollay, Mrs. Derrick, Mrs. R. M. Parks, Mrs. J. H. Kinley, Mrs. T. A. Stevens, Mrs. Tracy Smith, Mrs. H. W. Smith, Nancy Smith, Mrs. Larson Lloyd, Mrs. Hicks, Mrs. Roy Brown, Mrs. L. D. Jenkins, Mrs. R. E. Snyder, Mrs. Theo Sullivan, Grace Mann, Mrs. Elvis McCrary, Mrs. H. D. Stewart, Mrs. Wilcox and Mrs. Arthur Caywood.

### District, State Officials To Attend P-TA Council

Mrs. Philip Thompson, district Parent Teacher Association president from San Angelo, will install new officers of Big Spring P-TA units Friday when the last council meeting of the year will be held in conjunction with a school of instruction. The meeting will be in the First Baptist church.

Mrs. L. G. Byerley, state vice-president from Midland, will be in charge of the school of instruction which will last from 1 until 3 p. m.

The morning session will be filled with not only the installation of officials, but also annual reports will be heard and presidents will tell of plans for the future.

A covered dish luncheon will be served at noon. All P-TA members interested have been invited to attend.

### Local YMCA Plans Hi-Y Organizations

Local YMCA officials are working toward organization of Hi-Y and Tri-Hi-Y, and it is hoped that the clubs will be set up this spring.

A short training course will be held soon after the establishment of the clubs with instructors from the southwest area council teaching the advisors. Each club will be limited to 15 to 20 members and will be organized along junior service club lines. They will offer a place to receive basic religious philosophy, and social and physical recreation.

The film forum for Monday will be a special picture on "Food, the Secret of the Peace." It has been especially prepared for discussion groups and will feature a discussion trailer.

### Mrs. Dibrell Hostess To Bridge Party

Mrs. Pat Murphy was complimented at a farewell bridge party Wednesday afternoon by Mrs. John Dibrell in her home.

The dining table was centered with a bowl arrangement of colored daisies, and the floral arrangement was repeated in the entertaining rooms. A salad plate was served.

Mrs. Murphy won high score at bridge, and Mrs. Robert Stripling was winner of the floating prize.

Guests were Mrs. Marvin House, Mrs. Shine Phillips, Mrs. Conn Isaacs, Mrs. Kelley Lawrence, Mrs. Ed Strauss, Mrs. Guy Dillingham, Mrs. B. J. McDaniel, Mrs. Robert Stripling, Mrs. Charles Watson, Mrs. Garrett Daugherty and Mrs. George French.

### Bobbie Green Among Honored Students

Bobbie Green, daughter of Mr. and Mrs. Johnnie Green of Big Spring, was among 140 women students honored at the 15th annual recognition service on the Tech campus May 14. Awards were made only to those women students who have maintained high scholastic averages and who have shown leadership in campus activities.

Miss Green is a freshman secretarial studies major.

### Seniors Leave Friday On Balmorhea Trip

Approximately 120 seniors will leave Friday for Balmorhea where they will spend annual "Senior Day" at the state park.

Accompanying the class will be Mrs. Bill Low, Mrs. Vivian Peak, Mrs. Wiley Curry, Pat Murphy and Walter Reed.

### Social Calendar

THURSDAY  
KOUPLER DANCE CLUB will have a special dance at the country club at 8:30 p. m. with Mr. and Mrs. Jack Johnson and Mr. and Mrs. Charles Girdner as hosts.

FRIDAY  
P-TA COUNCIL and school of instruction will be held at the First Baptist church, the council from 10-12, and school from 1-3 p. m.

TEL CLASS of the First Baptist church will meet at 8 p. m. in the home of Mrs. C. G. Varnell.

TRAINMEN LADIES meets at the WOW hall at 2:30 p. m.

AFTERNOON BRIDGE CLUB will meet with Mrs. Elvis McCrary at 2 p. m.

MODERN WOMAN'S FORUM meeting has been indefinitely postponed.

# State Health Officer Doesn't Think Many Cities Are Sanitary

AUSTIN, May 16 (SpI) — The outbreak of a mysterious malady in San Antonio and Corpus Christi led State Health Officer George W. Cox scathingly to indict cities for not removing the causes of epidemics before they strike.

He inferentially cast doubt upon the efficacy of closing schools and public gatherings so long as restaurants are allowed to remain open and crowded buses to roll through city streets. If, he pointed out, the disease or diseases are contact-borne, there could be no better place for contact than a crowded bus; and generally over the state, restaurants are dirty.

Returning from San Antonio, Dr. Cox commented, "what puzzles me is why don't they clean up. In San Antonio there is open sewage; open cesspools, overflowing cesspools; 20,000 pit type toilets. They have many small water supplies and many of these are contaminated."

Asked whether it was not true that comparable conditions exist in most other cities, he said, "It is true to a greater or lesser extent. To prevent epidemics, we've got to kill off all the carriers. We know that sleeping sickness is carried by mosquitoes. We're reasonably certain that flies carry polio in some states."

Restaurants over the state are filthy. They get careless following the war. Did he think this dirtiness was

the result of a shortage of help? "Well, a shortage of help is not an excuse for dirtiness." Why did he think people wait until an epidemic strikes before getting excited about it?

"I've been preaching sanitation for ten years. But it's like a mad dog coming to town and we climb up a telephone pole and let the dog run wild. We ought to get down from the pole and fight the trouble. Kill the mosquitoes and the flies."

M. H. Ehlers, state sanitary engineer, amplified Dr. Cox's comments. "There's not a town in the state," he said, "that is 100 per cent sanitary. Nearly every town has open pit type toilets. And conditions are particularly bad in those towns which have had spectacular growth."

"Take for instance the conditions we found in San Antonio. A new addition is opened up; it advertises, 'no city taxes.' They build up, say, four acres, and they dig a cesspool. They have to dynamite in the limestone to get their depth. Limestone is stratified. Then they dig a well. The sewage seeps into the water supply. So far as the city water supply at San Antonio is concerned, it's in perfect condition, but there are 50 or more private sources of water."

"Then in these areas intensively built up, sewage lines have proved not big enough to handle the load. In San Antonio, for instance, a small line broke in several places and the sewage seeped to the surface. It came up through manholes, and through these sources was accessible to flies. Unusually heavy spring rains has brought lots of mosquitoes and flies. Why Saturday when we were going away from one place, we had a hard time getting the flies out of our car."

"San Antonio is far under-sewered. Houston was in the same condition and we had a big outbreak of polio there last year. They're trying to get it straightened up now. As for open pit type toilets—we've got them in almost every city. Off-hand I can think of a few cities that are completely sewerless, like Hastingen and Canyon. But it's almost a fact that the cities which have been growing are lacking in sewage facilities."

"I wish I knew how to say something to scare the people about conditions. Last week I heard a paper out at the El Paso meeting by New Mexico's state health officer. He said, 'the people don't give a damn. They just won't do anything until lightning strikes.' And that's about the way it is. . . . We've got to proceed on the assumption that polio can be carried by flies feeding at the stools of a polio victim. And until sewage can be made adequate, the only thing we can do is to disinfect as thoroughly as we know how, and screen our houses, and kill the flies."

## Worker Surplus Gains Slightly

Registering a gain of only seven during the past week, the number of surplus workers in the Big Spring area totals 722, according to the regular weekly report of the local USES office.

Veterans account for 474 of the total, with current job openings listed at 41. During the past week 45 were referred to jobs, and 28 were hired.

Through an inter-office recruitment program instituted in Region X, comprising Texas, Louisiana and New Mexico, the USES now has current information on job openings in those states. A number of skilled trades are needed at present. Information can be obtained at the USES office 105 1-2 East Second street.

Principal local demands for labor are as follows: One blacksmith, one general office clerk (male), one examiner-inspector, three casers, two motion picture projectionists, two fleet servicemen, 10 laborers, two dishwashers, five chambermaids, four waitresses, one general office clerk (female), one stenographer and eight maids.

Baboons are the largest and fiercest of all monkeys.

†Shrinkage does not exceed 1%

From where I sit . . . by Joe Marsh.

**The Truth About That Explosion**

For weeks Homer Bentley has tried to prove that big stump in his hayfield . . . with team and tractor. Finally he succeeds—breaks a score of windows round about, and frightens the neighbors half to death!

"All I need," apologizes Homer, "was a couple of small sticks of dynamite, like you should."

"That was no two small sticks of dynamite," Judge Cunningham says severely—and it finally comes out that Homer got so cussed mad at that everlasting stump, he'd plant-

ed a charge of TNT beneath its root.

Reminds you of all the excuses human beings use to cover up bad judgment. Like the "two-beer alibi." When somebody gets into trouble, and blames it on "a couple of beers," you can be mighty sure they are covering up the truth.

From where I sit, a moderate beverage like beer is a better way of keeping out of trouble than getting into it.

Joe Marsh

### Vets Told To Send Dischargees With Sugar Applications

The local OPA price board reminded today that all applications for sugar for institutional users or for veterans should be filled out and mailed in to the district office by the applicants themselves.

A veteran applying for sugar should fill out the application form and mail it, together with a certified copy of his honorable discharge. When the application has been approved, the copy of the discharge will be returned to the applicant.

Approval of all applications for sugar is made in the district office, the local board reported.

### Castor Oil Strategy

CLEVELAND, O.—Silver, the polar bear at Cleveland zoo, went on the sick list recently. Illness made her much too ferocious to be fed castor oil from a spoon. Or a shovel, for that matter. Zoo keepers doused her paws with the castor oil and she got a good dose when she licked them clean.

### Food Shortages Popularize French Cookery, Famous For Thrift, Flavor

By CHARLOTTE ADAMS  
Associated Press Food Editor

French cookery, especially the kind which is done in French homes, has long held an important lesson in thrift for Americans. As Louis Diat, chef of the Ritz-Carlton hotel in New York, points out in his new Home Cook Book, writing about his mother's cookery-skill and thrift: "The waste common in this country would have left her completely bewildered."

It is stupid to waste food. We always have been mistaken in letting the great plenty at our disposal allow us to be careless. In a world with so many starving human beings in it food waste is worse than stupid. It is really wicked.

Louis Diat's book will be of great help to any American house-

LOUIS DIAT prepares a dish of Pot au Feu. . . .

wife who wishes to provide her family with delicious food and still waste no ingredients. That should be the aim of all of us, in the light of the demands made upon us by President Truman and Mr. Hoover.

One of the most thrifty and delicious French dishes is Pot au Feu. It is served usually on Sunday in every French home. And there is enough left over for another meal, beside extra stock for the basis of soups or sauces to be served later in the week. At the first serving, the meat and vegetables may be served in the soup or the soup comes first (clear), to be followed by the meat and vegetables. Here is Louis' recipe:

**Pot-Au-Feu**  
3 1/2 pounds meat and bone (rump or fresh plate of beef)  
4 1/2 quarts water  
2 tablespoons salt  
2-3 carrots  
1 turnip  
1 small parsnip  
5-6 leeks  
2 stalks celery  
1 onion  
A little thyme  
1/4 bay leaf  
1 clove

Cover meat and bones with water, bring to a boil and parboil 5 minutes. Remove meat and bones, discard water and clean pot. Put back the meat, bones, the 4 1/2 quarts water and salt and bring very slowly to a boil, skimming all the time until the scum stops rising to the top. Boil very gently for 1 1/2 hours, add vegetables (which have been cleaned and cut in pieces of any desired size) and cook for 2 1/2 hours longer. Skim off the fat and correct the seasoning. Remove as much bouillon as desired for serving, remove meat, slicing enough for serving, and the vegetables. Strain remaining bouillon through cheese-cloth or fine sieve, let cool and

keep in refrigerator for use in soups or sauces. To make the bouillon a good brown color, brown an onion, sprinkled with very little sugar, in butter in a frying pan and add to the soup.

There are some particularly fine chicken recipes in Louis Diat's book, helpful in providing variety despite meat shortages.

**Chicken Sauté Louisette**  
2 1/2-3 pound chicken  
2 tablespoons butter or salad oil  
1 small onion, chopped  
1/2 glass white wine  
1 tablespoon flour  
1 clove garlic, crushed  
1/2 cup stock (or left-over gravy or canned tomatoes)  
4 tomatoes, peeled, seeded and chopped

Cooked rice  
Chopped cooked ham  
1 teaspoon chopped parsley  
Clean and singe chicken and cut in 8 pieces (each leg and second joint in one piece, the two wings, the breast in 3 pieces, and the back). Put butter (or oil) in saucepan and when hot arrange pieces of chicken in it and cook until brown on both sides. Add onion and continue cooking until onion is golden brown. Sprinkle in the flour, add garlic. Add wine and stock (or tomato), cover and cook 25 to 30 minutes. Remove pieces of chicken to another pan, place fresh chopped tomatoes on top and strain sauce over. Cook about 10 minutes longer, then arrange in center of a ring of cooked rice in which a little chopped ham has been mixed. Sprinkle with chopped parsley.

To test the waffle iron use a piece of paper. If the iron is just hot enough the paper will brown in about half a minute. If it takes longer to brown the iron is too cool.

### Farm And Ranch News

By WACIL McNAIR

Tuesday night's rain automatically postponed the 4-H club field and dairy day which was tentatively scheduled to be held in Coahoma today. County Agent Durward Lewter said the 4-H boys were informed in their individual notices of the event that arrangements would be changed if it should rain, and Tuesday night's fall covered enough territory that he believes most of the parents will want to utilize their time planting during the next few days. A later date, after the current school term is over, will be set.

Lewter said he expected the rain not only to speed up regular crop planting but also to cause an increase in vegetable gardening. Despite repeated pleas from the county USDA council to plant more gardens, few seed had gone into the ground before this week. Most everyone regarded it as useless work, with no moisture and little chance for seed to germinate without constant irrigation. Range conditions also are expected to improve now, although marks left on them by dry weather cannot be rapidly repaired.

A meeting of county agricultural agents in this district is being held in San Angelo today for the purpose of studying pecan development. Discussions were to be held on essentials in developing native pecans and in choosing varieties.

Vaccination against fowl pox is one of several livestock and poultry health suggestions published recently by Dr. E. A. Grist, poultry veterinarian for the A&M extension service. Fowl pox in both chickens and turkeys takes a heavy toll each year which can be prevented with the proper use of vaccine.

Dr. Grist says the season is upon us for protection of sheep and goats from sore mouth. Sore mouth vaccine has proved very successful in control of this disease. It must be administered each year for lambs and kids. For the control of internal parasites drenching should be done with phenothiazine or copper sulphate and nicotine sulphate solution.

B. F. Vance, state food manager, has been advised that mayors of principal Texas cities and towns have been asked to help in setting up local Famline Emergency committees. The request came from Chester C. Davis, national chairman, in letter form. Famline emergency committees already exist in

### OPA Assisting With Surplus Property

The local price board has recently been notified that the OPA price division has established a liaison contact with the War Assets Administration which will simplify the processing of veterans' requests for surplus property. While this is not a function of the price control boards, it was pointed out that the information is being made available to them in order that they may know what steps the OPA is taking toward expediting disposal of surplus property.

The name Esther comes from the Hebrew name Ishtar.

**Stagecoach Inn Sold**

MCKENZIE BRIDGE, Ore. (UP)—Historic Log Cabin Inn, which dates back to the stagecoach days, was sold recently by F. H. Taylor to Robert T. Tuttle of Eugene.

The inn, which was a stopover for stagecoach drivers crossing the Cascades in early days, was constructed by George Purcell. It now is a gathering place for fishermen and hunters.

**Clause Goes Too Far**

DENVER—Pet shop owners in Denver discovered recently that they had been violating the law with every sale of a dog, cat, canary bird or what-have-you since 1940.

A complicated clause in a city ordinance covering pet sales stated, apparently inadvertently, that dealers could not sell any animals as pets.

**Mealtime Magic—**

**Change Of Season Brings On Change To Lighter Foods**

This is the season of the year when winter furnishings look sort of drab. And the same applies to our tables. So plan to let the beef pot roast with its rich brown gravy and mashed potatoes give way to lamb casserole with its medley of small whole potatoes, new peas, carrots. Replace the hearty steamed puddings and their luxuriant sauces with refrigerator desserts or well-chilled fruits and simple wafers.

**LAMB TROTTERS:** Mighty good eating is this dish of lamb shanks, one to a person for a hearty serving, simmered until tender in boiling water, the amount depending upon how much gravy is desired. For flavor, add an onion, celery tops, salt, pepper. Allowing just enough time for the vegetables to cook, add small whole carrots or carrot strips, scraped new potatoes. When nearly cooked, stir in 1 cup or more of fresh or frozen peas and 1 thin flour and water or cream thickening, turn into a casserole and serve with rice muffins, a green salad and not much else.

**JUST TO BE DIFFERENT:** Next time you plan on Fricassee (chicken, serve it with this Fried Mush. Stir 1 cup cornmeal slowly into 4 cups boiling water. Add 1 small can deviled ham, and cook until thickened, stirring all the time. Turn into greased loaf pans to chill. To serve, slice and dip in cornmeal. Brown each side in bacon or ham drippings. Add a salad of mixed greens, with ice-cold coffee gelatin or Bavarian cream to finish off, and there is a Meal.

After broiling Ground Beef Patties on one side, turn and spread uncooked side with a mixture of 1/4 cup minced onion, 2 teaspoons prepared mustard, 2 tablespoons softened butter, margarine or bacon drippings, for 4 patties. Continue broiling. Serve with fried thinly sliced raw potatoes, coleslaw, and deep dish cherry or berry pie, or cobbler, and cream.

Allow slices of beef liver, 1 pound, to rest two hours or more in 1/2 cup tomato juice with thinly sliced garlic. Drain, add salt and pepper, dip in flour, and cook quickly in hot drippings. Serve with scalloped canned tomatoes (juice used for the liver), and hash-browned potatoes with minced onion; apple sauce and ginger cookies.

A place for everything, for a desk drawer, use a stocking box with its neat partitions, to house labels, clips, erasers, pen points. Good too in your "handy man" drawer, for picture hooks, tacks, nails, screws and the like.

**Boost Friendship**

CORVALLIS, Ore. — Women throughout rural Oregon are promoting international friendship among farm women of the world by sending clothing and other needed items to foreign countries, according to Frances Clinton, assistant state home demonstration

leader at Oregon State college. Women active in this work are members of the Associated Countrywomen of the World.

The sweet potato, long valued as an energy food, is rich in vitamin A and C.

Piper Nigrum is the proper name for black pepper.

### Bathing Beauties Invited To Tea By HHS Club

Preliminary measuring and rehearsal for the 34 entries in the Bathing Beauty to be held Sunday is scheduled for tonight at a back lawn tea at 1013 1/2 Johnson. The affair Sunday is to begin at 1:30, with the finals to be broadcast over KBST from 2 until 3:15. It will be presented by the High Heel Slipper club through the cooperation of the city of Big Spring, with local firms sponsoring entries. Public is invited to attend. The winner will be designated as the official Miss Big Spring to represent the city in any out-of-town event of this kind. Mrs. Martha Cochran Hardin, former holder of the title, will present her successor with the ribbon. The bouquet of flowers has been donated by Estah's Florist. Representatives not previously listed, and whose selection was announced too late to be printed in the program, include Carol Smith, sponsored by the Crawford Hotel, and Patsy Sue McDaniel for Ollie Daniel's Service Station. Any contestant who has not been contacted about the tea is urged to come between 7:30 and 9:30.

### Smith Returned Here

Floyd Smith, who received a five year sentence in the state penitentiary for forgery in Sterling county Wednesday, was brought to the Howard county jail this morning to face similar charges here.

### Here 'n—There

The peaches and apricots on the two fruit bearing trees in the court house are getting so big, the custodian will probably be standing guard ere long to insure their being there when they ripen.

A. R. Voorhees, who has recently purchased a place at the edge of Eureka Springs, Ark., says the small city nestled in the Ozarks is an interesting place. It has upwards of 50 springs in the town, but topping that is a seven story hotel with every floor a ground floor. It is built into the side of a mountain.

Howard county has made its first payment in the retirement of the \$150,000 lateral road bond. During April nearly half of the \$33,778 expenditures by the county was for debt service, \$15,000 of it in retirement of the special issue of 1945, \$1,518.75 interest and exchange, and an additional \$118.87 as the county's part on a viaduct warrant retirement.

Everett Wilkinson, Couden Petroleum corporation employee, was reported resting nicely today, after undergoing an appendectomy in a local hospital Wednesday. Wilkinson has been playing on the Couden softball team.

Three more Big Spring men are listed among the week's discharges from the Army. Receiving their release at the Personnel Center, Fort Sam Houston, were T-4 Neil D. Spencer, T-5 Carroll F. Coates and M. Sgt. Weldon M. Dennis.

### Sanitary Toilets Being Contracted

Rapid progress is being made for speeding up elimination of open-type toilets in Big Spring. Lawrence Wells, city sanitarian, said today. Production of concrete slabs for installation of approved pit-type structures will be increased considerably within the next three weeks. If favorable conditions prevail at least 80 per cent of the open-type toilets should be eliminated during this period, Wells said. Residents needing them were urged to call the city-county health unit to make arrangements for delivery of the slabs. If people will call when ready for the slabs it will greatly expedite installation, Wells said.

### Forsan Students Tour Bakery, The Herald

Approximately 30 members of the seventh and eighth grades at Forsan made an inspection tour of two Big Spring industries Wednesday. Under the supervision of Leta Goin, the young students first witnessed processes in manufacture of bread at Mead's Bakery. Then they visited The Herald office to learn of processes in gathering news and advertising, transforming it into type and eventually to see it roll from presses as printed matter.

### Liu Chieh Says Reds Evacuate Manchuria

NANKING, May 16. (AP)—Chinese Vice Minister of Foreign Affairs Liu Chieh said today he had been informed that all Russian troops had been withdrawn from Manchuria. "I would think this includes Darlin," Liu said. Presumably Fort Arthur would not be affected. It becomes a Soviet naval base under the Chinese-Russian treaty. Liu reported that Moscow had yet to reply formally to the Chinese government regarding the withdrawal.

### Two Divorce Cases Settled In Court

Juanita Gomez won her suit in divorce action against David Gomez as well as the right to have her maiden name of Garcia restored in district court proceedings Wednesday. Stella Harris' decision to divorce Albert Harris was also made a matter of record with the district clerk.

### Grave Teaching Shortage Faces Texas Schools

Resignations plus only a fractional return to the profession among those who were in the armed services have confronted Texas schools with a grave teaching problem.

One of the basis of surveys touching 845 superintendents and 36,057 teaching positions—about 80 per cent for the state, an acute shortage of teachers is in prospect, according to Elizabeth Koch, San Antonio, president of the Texas State Teachers association. Since the opening of schools in September, 3,633 teachers, or about 10 per cent, have resigned. Another 5,540 now teaching possess sub-standard qualifications, trimming another 15 per cent from the professional field.

Of approximately 8,500 Texas teachers who entered the armed forces and industry from September 1941 through 1945, only 1,277 have returned to teaching.

Miss Koch is of the opinion that there is no alternative but to increase salaries to induce teachers to remain in or return to the profession. She pointed out that 110 independent districts have increased tax rates and that 143 others contemplate elections to raise rates. Common school districts in some 40 counties have followed a similar policy.

### Sellers Would Enlarge State Highway Patrol

EL PASO, May 16. (AP)—Attorney General Grover Sellers, a candidate for governor, said in a statement released here that it is ridiculous to expect 40 pairs of eyes to patrol 28,000 miles of road in 254 Texas counties. In his statement, released yesterday, Sellers advocated expansion of the patrol as a means of meeting "one of the state's gravest needs."

### John Coffey Speaks At Kiwanis Luncheon

John Coffey made the principal address at the Kiwanis club's regular luncheon meeting today at noon in the Bettles hotel. He presented a review of an article in a recent issue of the Kiwanis magazine.

### A And I Graduation Postponed By Polio

Kingsville, May 16. (AP)—Spring commencement exercises at Texas A. and I. College will not be held as scheduled here Sunday, Dean Otto R. Nielsen announced. Instead, he said the 38 students listed as prospective graduates will participate in the next class graduation planned August 23. Postponement of the exercises was necessary, Nielsen said, due to the Kleberg county quarantine order now in force.

### HSU Students To Hold Youth For Christ Meet

Four Hardin-Simmons students, including three engaged in religious work locally, will be in charge of the Youth for Christ meeting at East Fourth Baptist church at 8 p. m. Saturday.

The meeting is provided for all young people and is planned as a service "for youth by youth." Leo Bye, pastor at Lee's community, will be in charge of the rally, and will be aided by Chester O'Brien, Jr., Big Spring, and pastor of the North Nolan Baptist church here, David Green, music director for West Side Baptist church, and Peggy Mayfield, who specializes in religious music.

In addition to these, there will be at least 16 H-SU students conducting services here and at Coahoma Sunday. Among those to have charge at East Fourth Baptist church Sunday are Mr. and Mrs. Tommie Uley, Mr. and Mrs. Bill Shuain, Marilyn Hayes, H. W. Bartlett (Big Spring), Doris Green, Phyllis Cooker, Bernard Daugherty, Charlotte Holden.

At Coahoma will be Jerry Palmer, Lerchold King, Bobbie Joplin, Bill Rattiff, Alice Cook, Mary Egan, Douglas, Norma Beard, Doug Phillips.

### Loboes Outlast Borger, 8 To 6

LAMESA, May 16.—The Lamesa Loboes came up with some long range hitting power here Wednesday night before a crowd of nearly 1,000 to build up a 7-run lead, but their pitching and defense weakened in the late innings and they were hard pressed to escape with an 8-6 decision over the Borger Gassers. Pepper Martin, Lobo outfielder, went back against the fence in center twice to make spectacular catches of long drives.

Box score table for Loboes vs Borger. Includes columns for AB, R, H, PO, A, E and player statistics for Lamesa and Borger.

### Weather Forecast

DEPT. OF COMMERCE WEATHER BUREAU BIG SPRING AND VICINITY: Partly cloudy and continued warm today and Thursday. High today 92; low tonight 65; high tomorrow 95. WEST TEXAS: Partly cloudy this afternoon, tonight, and Friday; not much change in temperature. EAST TEXAS: Mostly cloudy this afternoon, tonight, and Friday; scattered thundershowers in east and south portions this afternoon and in south and central portions tonight and Friday. Moderate east to southeast winds on the coast.

### Son Born To Grafas

Mr. and Mrs. Otis Grafas, Jr., are the parents of a son, Otis Michael, born Wednesday morning at the Malone & Hogan Clinic Hospital. The baby weighed in at six pounds and 15 ounces.

### Elected To Post

NEW YORK, May 16. (AP)—Directors of the Variety Clubs of America yesterday elected William McCraw, former Texas attorney general, to a \$12,000, one-year post as national coordinator of the organization's program of charities.

### Nation's Appetite Unprecedented Despite Pleas From Hungry Abroad

WASHINGTON, May 16. (AP)—The United States today is eating itself into a new record for per capita food consumption, despite shortages in grains and fats at home, and a hungry world abroad. That is the gist of a report from the bureau of agricultural economics, which bases its forecast of record-breaking domestic food consumption in 1941 on the year's statistics to date and the prospects for the coming months.

### R. L. Anderson Victim Of Death

Robert Lee (Bob) Anderson, 51, died of heart failure going up in the elevator at a local hospital where he was rushed after suffering an attack three hours earlier. Death occurred about 3:30 Wednesday afternoon. Born October 10, 1894, in Limestone county, he has been a resident of Knott for the last 25 years. He was a veteran of the last war. Minnie Anderson, one sister, Mrs. W. A. Caddell of Phoenix, Ariz., three brothers, S. A. of Lowell, Calif., L. E. in the navy; and I. B. of Reno, Nev.; and other relatives. Services will be held Friday afternoon with details still pending. Arrangements are in charge of Eberley-Curry Funeral home.

### Mrs. Rice Services Scheduled Friday

Funeral services for Mrs. Sarah Ellen Rice, 54, who died yesterday, will be held in the Eberley-Curry Chapel Friday afternoon at 2:30 with the Rev. Dick O'Brien officiating. Pallbearers will be Harley George Butts, O. Wayne Butts, Earl Robinson, D. W. Rigby, Alton Smith, all grandchildren, and J. D. Spears, nephew.

### Round Up Club Holds Reports On Progress

Members of the Round Up Club—the chamber of commerce membership committee—held their second breakfast session Thursday morning, reporting on progress to date. Introduced as a new member of the organization and of the club was J. P. Bryan, who moved to Big Spring recently from San Angelo. Instead of free-lancing, Round Up teams favored a division of prospect lists for specific, individual canvassing. Several prospect cards were taken and team captains will make a more exhaustive division soon.

The bureau said 1946 production of food crops and livestock is now estimated to be about one-third above the average for 1935-39. If this estimate proves correct, 1946 food production would be about equal to that of 1943 and be exceeded only slightly by the record production of 1944 and 1945. Government limitations on supplies of flour and other consumer wheat products will have no significant effect, the bureau said, upon per capita nutritive supplies for the year as a whole.

At a news conference UNRRA director La Guardia recommended farmers be "required" to market their grain, and not feed it to livestock. He also proposed still darker bread and a moratorium on pastry for all Americans.

The bureau said 1946 production of food crops and livestock is now estimated to be about one-third above the average for 1935-39.

### Navy Offering Old Rates To Men Who Might Re-Enlist

Former Navy men may enlist in the regular Navy for terms of two, three, four or six years, at their former rate—if that rate is open—regardless of time elapsed since discharge, the Navy Recruiting office in San Angelo announces. A recruiter from the San Angelo office is in Big Spring regularly each Wednesday morning, and may be contacted at the post-office building for details. Or ex-Navy men interested in the new enlistment opportunities are urged to contact the Navy office in San Angelo.

The Navy is also urging men not interested in active duty to join the Naval Reserve. All expenses are paid to Dallas and back to the man's home, if he wishes to join. Also, he draws a full day's pay, based on his rate, each night the Reserves meet, and each summer may go on a two weeks' cruise. He also is eligible for advancement in rate the same as men on active duty.

### Livestock

FORT WORTH, May 16. (AP)—(USDA)—Cattle 1300, calves 350; active, fully steady; medium and good steers and yearlings 14.00-16.50; common and medium cows 9.25-11.50; cutters 8.00-9.00; canners 6.00-8.00; sausage bulls 8.00-11.00; good and choice fat calves 14.50-16.00, common and medium calves 10.50-14.00. Hogs 300; active and steady; barrows and gilts for slaughter 14.65, the ceiling; sows 13.90; stocker pigs 14.75. Sheep 19,000; active, spring lambs and shorn lambs steady to strong; aged sheep steady; good and choice spring lambs 14.00-15.00; common and medium lambs 12.00-13.75; good shorn lambs 13.00-75; common and medium shorn lambs 10.50-12.50. Good shorn ewes 7.25-8.00.

### NEGRO SEEKS TO COMPEL TU TO ADMIT HIM

AUSTIN, May 16. (AP)—Heman Marion Sweatt, Houston negro, today sought by mandamus to compel officials of the University of Texas to admit him as a student in the school of law. Sweatt filed the mandamus petition in 126th district court claiming he has "arbitrarily and illegally been refused admission as a law student in the state university, which has never admitted negro students. His attorneys indicated they would not ask for a hearing before District Judge Roy C. Archer until some time next month.

**GI Bride Delayed By Birth Of Baby**

CHELTENHAM, England, May 16 (AP)—Sgt. G. E. Blotna of Piasa, Ill., won't be seeing his GI bride quite as soon as he thought he would.

His 22-year-old wife, Mrs. Elsie Blotna, set out for her new home Tuesday, but there was a slight delay. She gave birth prematurely to a one and three-quarters pound baby girl, described by doctors as one of the smallest ever born alive in England.

The baby, which Mrs. Blotna had not expected for three months, was reported today to be "making good progress." The woman doctor who delivered the child said she now hoped to keep the baby alive.

Mrs. Blotna was enroute to Lansdown Station, where she was to entrain for the Tidworth reception area, when she became ill. She hurried to her sister's home, a small prefabricated aluminum house, and the child was born 10 minutes after the doctor arrived.

The baby, named Veronica Mary, is kept in a small wicker basket, surrounded by hot water bottles, wrapped in cotton wool and covered with olive oil.

Sgt. Blotna, who is still in the army, is now in a hospital with a broken leg. He met his bride when he was stationed near Cheltenham during the war.

The Mississippi river has more than 40 tributaries.

**'South Of Border' Flavors Popular In Fish Dishes**

During the war when many devices were used to make dishes tastier and more appetizing, a number of cooks realized the value a touch of chili seasoning could add to numerous dishes.

The touch of "south-of-the-border" flavor to fish sauces and "foreign" dishes has become very popular.

**Mexican Shrimp**  
 1 tsp. onion chopped fine  
 4 tbs. butter  
 1 pint shrimp  
 4 lbs. flour  
 1-2 tsp. salt  
 1 tsp. chili seasoning  
 2 cups milk  
 4 tbs. tomato catsup  
 1 bay leaf  
 1 tsp. Worcestershire sauce

Melt butter, cook onion until tender; stir in shrimp and let brown. Now stir in chili seasoning, flour, salt and gradually add milk. Cook about 5 minutes; stir in tomato catsup, bay leaf and Worcestershire sauce; let steam a few minutes and serve while hot over boiled rice. (Lobster, crabmeat, or tuna may be substituted for shrimp.)

**Italian Spaghetti With Meat Sauce**  
 1-2 lb. ground beef  
 1-3 lb. ground pork  
 1 small garlic clove  
 1 chopped onion  
 2 cans tomato puree  
 4 tbs. olive or salad oil  
 1 tbs. Worcestershire sauce  
 1 tbs. chili seasoning  
 1 pkg. spaghetti  
 grated cheese (Parmesan)  
 Salt to taste

Brown meat slowly in skillet; add onion and garlic after meat is partially brown, then mix all other ingredients with meat and onions and simmer for 30 minutes or longer if desired. Pour sauce over cooked spaghetti, sprinkle on grated cheese and serve. If strong garlic flavor is not desired remove clove before adding puree.

**Seafood Cocktail Sauce**  
 3 tbs. lemon juice  
 1 tbs. chili seasoning  
 1 tbs. Worcestershire sauce  
 1 tbs. horseradish  
 1-2 tsp. salt  
 1-2 cup tomato catsup

Blend chili seasoning with lemon juice, then mix other ingredients. Chill. Serve over any seafood such as shrimp, oysters, crabmeat and lobsters.

**Bottle Cast Adrift Found 8 Years Later**

SEATTLE (UP)—Ten years ago, 15-year-old Naoma Sheehan wrote a note and cast it off into the waters of Puget Sound in a pickle bottle.

Today, she had an answer to that note. It was written by a recently-discharged sailor who found her pickle bottle in May, 1944, on the beach of Eniwetok in the Marshall Islands.

Miss Sheehan, who is now Mrs. Naoma Hockinson, wrote on the note: "July 1, 1936, 7:30 p. m., Naoma Sheehan, 1411 N. 51st Street. Whoever finds this bottle, write me a letter."

W. A. Messersmith of Red Bluff, Calif., recently discharged from the Navy, wrote to Mrs. Hockinson the other day, telling her that he was on the cruiser

Reno when between operations in May, 1944, the ship put into the Marshall Islands for fuel and stores.

"I had a couple hours' liberty, so went down on the beach to collect shells. I picked up a pickle bottle to carry the shells, but because it was all covered with tar and too dirty to carry with me, I tossed it down."

"When it hit a stone, it broke and your note fell out."

Messersmith asked for an answer to his letter and Mrs. Hockinson said she will write him soon.

"I cast away many bottles while the family was out camping when I was a little girl," she said, "but this is the first answer I have ever received."

**Elder Duck Sighted**

MASSETT, B. C.—An elder duck, resident of the polar and sub-polar region, has been reported seen near Massett. Officials of the provincial game department said it was the second time that an elder duck has ever been sighted in British Columbia.

**Drive On Magpies**

BEND, Ore. (UP)—The Deschutes County Sportsmen's Assn. has launched a contest, with prizes being offered for the greatest number of magpies and magpie eggs brought in by Aug. 1.

Youths already are inventing traps and other means of capturing the pesky birds. The Bend city fire department has taken on the job of tabulating the eggs and dead birds.

**PILOT, 63, RUNS HOME AFLOAT FOR STUDENTS**

MARIETTA, O. (UP)—Some retired river-pilots, steamboat captains and engineers buy chicken farms. Others build houses on high ground overlooking the river, with cupolas that look surprisingly like pilot houses, and spend their last years watching packets and tow-boats plow up and down the Ohio River.

But William Dana Greene, 63, member of a renowned tribe of rivermen that includes Captains Tom and Mary Green, is different.

He says he has been on the river too long to fool with abdications and dry-land pilot houses. None of that landlubber stuff for him.

After 30 years as a river pilot, Greene has taken the job as ship's master of Marietta college's recently acquired floating dormitory, "The Pioneer."

Greene will live aboard the former Coast Guard craft 24 hours a day. And his knowledge of rivers will help protect the 111-foot boat and its cargo of college students against the vagaries of wind, weather, and the unpredictable Muskingum River.

That Greene is well suited for his new job is evidenced in his long career on the river. He has owned four passenger and cargo boats, which he operated on the Ohio and Kanawha rivers. He has laid cables across the Ohio, hauled materials for bridges and dams, and worked as ship keeper and fleet master at the US Engineer Depot at Marietta. But this is his first job on a "floating dormitory."

**SAVE MORE**

Don't Serve Less

The President's Famine Emergency Committee asks us to conserve wheat and fat products so that 500 million people will escape starvation. We can do this easily by cutting down on waste and serving MORE of the plentiful foods—The good-tasting, good-for-you foods that we feature in such appetizing variety. And if your budget's being pinched by the rising cost of living, you'll welcome our low, low prices which enable you to serve plenty and save plenty at the same time.

# One Way To Make Job Easier

Final figures on the city's past fiscal year show expenditures of approximately \$325,000 for all purposes. The county budget has an outlay in the neighborhood of \$200,000. Local schools entail expenses upwards of \$300,000. Add these together and then figure in the cost of schools in common districts and two other independent districts outside of Big Spring.

The result is getting on toward a million dollars, especially if \$30,000 to \$40,000 for the junior college is figured in.

Inescapably, local governments and local schools are pretty big business. There is not

much prospect that they will become smaller immediately.

Officials are faced with a heavy responsibility in directing expenditures in such a manner as to insure the greatest possible return in service. They must seek to balance income against expense and all the while do the best possible job. It is not an easy one.

The only way it can be made easier is for the public to understand and appreciate the demands made upon the agencies, and to realize too that these expenses do not take into consideration state and federal taxes, both hidden and direct, and that in the final analysis the people pay the bill. Appeals made should be justified in this light.

# Trieste Is A Port And An Issue

You probably have been reading and hearing a lot about Trieste; and you may hear a lot more.

Trieste is a seaport on the Adriatic sea, and Trieste has become an international issue.

The port served as the Austro-Hungarian empire outlet to the sea, has since served part of Italy, Yugoslavia, the Czechs. It has been estimated that traffic through the port served a conglomeration of some 50,000,000 people. So it is a pretty important place.

What further complicates matters is that Trieste is predominantly Italian, but is surrounded by Slavic territory and people. The issue seems to be whether it should go to

Italy or Yugoslavia or be internationalized. Russia frankly wants it to go to Yugoslavia, for the obvious reason of extending Soviet influence toward the Mediterranean. Britain and the US have held out for the right of self determination. The idea of an international port along the lines of Danzig does not appeal to the most interested parties.

Although in this direction but differing in many aspects is a fourth possibility—that of making the port a United Nations trust. This much can be said of it—it is an international port by reason of serving so many people. Perhaps this very fact points to higher authority for its administration as an international trust.

## The Nation Today—James Marlow

# Nothing New About Welfare Fund

WASHINGTON, (AP)—There's nothing new in John L. Lewis' demand that the coal mine owners put up money for a health and welfare fund for the miners.

Other unions have agreements like that with employers. But such plans—according to the government's Bureau of Labor Statistics (BLS) which has studied them—have sprung up only in recent years.

The benefit plans funded by BLS covered more than 600,000 employees. The number now probably is a good deal larger.

This is what Lewis wants:

1. The mine owners are to create the fund by setting aside for it a percentage of their payroll. The miners would not contribute to it.
2. The owners then are to turn the money over to Lewis' union for the union to run without any supervision by the owners.

In most of the plans studied by BLS the employers alone—no contribution by the employees—put up the money. In the rest, employers and employees both contributed.

Although BLS doesn't say it in so many words, it seems clear from the study that such a very

small percentage of the unions have full charge.

In the rest of the cases studied employers and employees set up a joint board to administer the funds or the employers turn the fund money over to a private insurance company to handle.

BLS says a majority of the health benefit programs are handled by insurance companies which, in addition to sick benefits, make payments for accidental death or loss of a limb.

The usual contribution of the employers to the funds is two to three per cent of their payrolls. Lewis wants the mine owners to contribute seven per cent of their payroll.

Lewis says he wants the fund for six purposes for his miners: Medical service, hospitalization, life and health insurance, rehabilitation and training of disabled men, financial aid in hardship cases, and—if any money is left—cultural and educational work.

## Hal Boyle's Notebook

# Most Interesting City

BERLIN, May 15. (AP)—The most interesting city in the world today is Berlin. It is also one of the most comfortable to live in—if you have an American, Russian, British or French passport. If you are German, any farm in Bavaria would be better.

War and postwar living conditions have changed the flavor as well as the appearance of many famous cities. What you used to travel half the globe to see is no longer there.

New York, unless it has changed in the last few months, has become a sardine can.

Going westward you hit San Francisco. "You should have seen it in the old days," the natives cry, and complain of lack of lebensraum.

Let's don't slow down at Honolulu. The Navy probably charges you for foot space on the pier there now, and Waikiki beach is a second Coney Island.

Tokyo? It's okay if you like to bunk down in a city that looks like a mouth full of broken teeth. But

## IN A DARK ALLEY

Broadway—Jack O'Brian

# Wasn't Born Yesterday

NEW YORK. — Judy Holliday, the star of "Born Yesterday," which is the biggest hit on Broadway and, according to the man himself, Max Gordon's biggest hit in his prosperous career as a Broadway producer, is a young lady of great ability, solid good sense, some pretty high-flying ideals and a rather good idea of just where she stands in the theater.

She has, for instance, just finished a play. And how is it? "It stinks," she told me the other evening. "I'm going to tear it up. About all I have are a couple of good characters."

This uninhibited, honest attitude toward her own shortcomings is quite typical of Judy's entire approach to her recent success. She is completely unlike a certain other star of one of last season's hits who started, as soon as she received rave notices, to write a play, a novel, a biography, a musical, prepared to produce shows, star on a radio series, settle certain other problems which didn't seem seriously to concern him and, all in all, made himself pretty much of a pest, socially.

But Judy, recovered from night clubs to the legitimate stage, to the latter's most evident delight, has none of these sudden egotistical whims. She doesn't think that because she can act she also can write. One, she admits, has nothing to do with the other under most conditions. She started writing the play, in fact, because she couldn't find a part in a Broadway show. She was ready to accept damn near anything when "Born Yesterday" happened. It happened very suddenly, too, for it took a sudden illness on the part of Jean Arthur to send Max Gordon after Judy. The result is that most persons who have seen the

## Washington Merry-Go-Round—Drew Pearson

# Army Closes Secret Radio Station

WASHINGTON. — The War Department is now closing down one of the most unique wartime arrangements ever made involving another country—a Russian radio station located right inside the Pentagon building.

Lifting of wartime secrecy now makes it possible to tell the inside story of this Russian radio transmitter.

Shortly after the USA and the USSR became allies, the Soviet embassy complained that it was not able to communicate to Moscow. Apparently the embassy did not trust American or British communication channels. Moreover, under the Federal Communications Act it is illegal for any foreign country to operate a radio transmitter in the United States. Receiving sets can be used, but not sending.

When this problem was placed before President Roosevelt, he decided to cut red tape—and the law—by establishing a Russian radio station right inside the War Department. Technically this was still illegal, but when located inside the Pentagon building no one knew about the transmitter except the Army, and it was sworn to military secrecy.

Therefore the Russians were given a special section of the Pentagon building which they alone controlled. Russian guards patrolled this section night and day. No American was allowed inside. A total of 70 Russian officers and men staffed this extra-territorial area. It was as if a small section of American soil were set aside, subject to Soviet jurisdiction and law.

This arrangement has continued since the war—up until this week when the Russian radio transmitter is supposed to close down.

A powerful bloc within the association favored the price control principle but wanted administrative OPA changes.

Finally a compromise was reached, with Namm and Hahn given the green light to go ahead with a drive for changes in the pricing administration to wipe out "inequities."

Namm, however, is a good friend of industrialist Victor Emanuel, godfather of Truman's close friend RFC Commissioner George Allen.

Emanuel is also a power in Republic Steel, the Aviation Corporation of America and the National Association of Manufacturers—which has been calling for the complete abolition of OPA. Friends say that it was Emanuel who finally convinced Namm that the National Retail Dry Goods Association should get behind the NAM drive.

Because of the membership vote, Namm never quite dared call for the complete abolition of OPA, but he did throw NRDDGA support behind a number of amendments which, in their practical effort, mean the end of OPA.

In addition, he hired the Hill & Knowlton Public Relations agency to plan the NRDDGA campaign. It is significant that Hill & Knowlton also handle public relations for the Aviation Corporation and Republic Steel, two of the Emanuel enterprises.

The campaign was extremely successful in the House—in fact, too successful. Pressure from the buying public on NRDDGA members became heavy enough to worry them. In addition, the moderates such as Macey's, Neiman-Marcus in Dallas, and Jelleff's in Washington, remember all too well what happened after the last war.

As a result even Namm and Hahn are now worried by the Frankenstein monster they helped build—the House OPA bill, and Congressman Hartley of New

## Truman Ladies and Protocol

Probably the President doesn't know too much about it, but Mrs. Truman and daughter Margaret poked a finger into the State Department the other day and tried to tell Secretary James Byrnes how he should run one phase of American diplomacy. They wanted a special friend of theirs, Stanley Woodward, appointed chief of protocol.

The man who holds this job arbitrates where visiting big-wigs, cabinet ladies and Supreme Court justices shall sit at official dinners. It was created about the time of the Gans and Alice Longworth began vying with each other as to which should precede the other at dinner; and, while the job at first was not considered important, Jimmy Dunn, the first protocol officer, proved that its close social connections could be of value when they eventually hoisted him to Assistant Secretary of State.

Secretary Byrnes had planned to appoint efficient Allan Dawson as chief of protocol, replacing retiring George T. Summerlin. In fact, Byrnes had even drafted a message to Montevideo, where Dawson is serving in the American embassy, telling him of his appointment. But suddenly he got a call from the White House.

Presidential Secretary Matt Connelly was on the phone, saying that President Truman wanted charming Stanley Woodward to be chief of protocol.

Irked at being told who should get a relatively routine job, Byrnes asked Connelly why the President wanted Woodward. Connelly finally confessed that Margaret and Mrs. Truman had taken a fancy to him. As assistant chief of protocol, he had helped out on various White House dinners.

Now Byrnes is on the spot between a commitment he had already made and the ladies of the Truman family.

## Merry-Go-Round

If all the food served in farewell dinners to Lord Halifax had been shipped to Europe it would have fed about one medium-sized city. Of course the British ambassador couldn't decline the formality of going through these farewell dinners without being impolite, but he might have suggested to his hostesses that they eat the swanky food. At the last dinner given him by ex-Ambassador Joe Davies (who is head of General Foods), and his wife, his Lordship didn't hesitate to decree that the dinner should begin at the unheard hour of 6:30. He wanted to get home early. . . . Secretary of the Treasury Fred Vinson came away from the Davies-Halifax dinner a very dour man. He lost \$63 at bridge. Furthermore, he lost to his cabinet colleague Secretary of Agriculture Clinton Anderson. Only man in Washington who plays better bridge than Anderson is General Eisenhower, though Brazilian Ambassador Martins tried hard. . . . Important New York political medicine was hatched while President Truman spoke at Fordham University. He will back Senator Mead for governor—despite Jim Farley; also favors Florio La Guardia for senator despite Florio's Republican background. (Copyright, 1946, by the Bell Syndicate, Inc.)

Caraway seed is imported usually from Holland. It is good mixed with cottage cheese.

# Select Field Starts Firing In Colonial Tourney Today

## Nelson Favored Without Taking Practice Shot

FORT WORTH, May 16 (AP) — Twenty-four links artists start chasing each other in one of the richest tournaments of the year today—the \$15,000 Colonial National Invitation—with Texan Byron Nelson the favorite without even playing a practice stroke.

This is nothing particularly new, however. Nelson seldom practices, especially when he's winning and last week-end he turned in faultless golf in taking down first money in Houston's \$10,000 tournament of champions.

Byron last played long, dangerous Colonial country club course in 1941 when he participated in the National Open, and didn't find it easy then as Craig Wood with a four-over-par 284. Colonial hasn't changed. All of the entries in warm-up rounds yesterday pronounced it one of the toughest layouts in the country.

There has been only two instances of par-cracking in the sunsets. Sam Snead, the slammer from Hot Springs, Va., did a two-under 68 yesterday and Dick Metz of Chicago had a 69 but most of the others have found regulation figures quite elusive. Between 280 and 284 will take down first money of \$3,000, they agree.

# Pipeliners, VFW Score Wins In Softball Play

Manhattan Club seeks to insure its position atop the Muni softball league standings in tonight's first game at the city park when the contingent goes up against ABC. Game time is 7:30 p. m.

The 9 o'clock aftermath dispatches Coahoma, one of four teams yet unbeaten in Muni play, into action against H. M. Rowe's Howard County Implement company.

One of the leaders bids fair to fall Friday night when Manhattan and Coahoma get together in a makeup game. The bout was postponed from last week due to rain.

Cosden's Pipeliners of Forsan and the Veterans of Foreign Wars chalked up triumphs in last night's doubleheader.

Cosden overran Big Spring Hardware, 5-2, in a surprisingly close contest while the Vets were making shambles of the Coca-Cola defense to win, 12-0.

The Pipeliners rode to victory on the wings of a three run up-rising in the fourth stanza. Clyde Wynans and Norm Newton had combined their talents in the first two innings to give the Spartans the lead.

Wynans tripped and sprinted home on a ground ball. Newton found a pitch to his liking and clouted out a homer in the second.

Tommy Elliott hurled for the Vets against the Bottlers and rationed out two hits. He contributed toward his victory with a long home run.

Hunka Stewart also hit for the circuit while Jake Anderson drove out one good for three bases in one attempt.

The victory was the Vets' third in five tries and insured their hold on sixth place in circuit standings.

Havana University was founded in 1782.

# LOOKING 'EM OVER

With TOMMY HART During the past week, Big Spring's Clifton Patton and Horace Young, Sweetwater, have attached their names to professional football contracts, bringing to eight the number of District 3AA graduates in the big leagues.

Four of the players—Bob and Sam Flowers, Patton, and H. C. Burrus—formerly sported Big Spring colors. John Kimbrough, who goes to Los Angeles of the All-America league, hails from Abilene. Sam Baugh, Bulldog Turner and Young are all from Sweetwater.

Patton signed with the Brooklyn Dodgers of the AA circuit and that must have hit Warren Woodson right between the eyes for the HSU coach was expecting him to hold down a tackle slot on his Cowboy grid squad next fall.

Young goes to the Green Bay Packers, gives Curley Lambeau a needed blocking back. Babe created quite a reputation as a "bowl-em-over" boy while at Southern Methodist university.

With the exception of Bob Flowers, Sam Baugh and Bulldog Turner, the District 3AA products will be considered as first-year men. Kimbrough played three or four exhibition games, one with an outfit called the New York Yankees but he never made a campaign of it.

End of the Trail tale: Gee Walker, once one of the better baseball players in the major leagues, has been pink-slipped by the Sacramento club of the Pacific Coast league because of a failure to hit.

The Coast league, incidentally, expects to draw 4,000,000 paid admissions this season, which will help its argument along that it is of major status.

Nick Cullop, in former years one of the most dangerous hitters in minor league baseball, is managing Pocatello of the Pioneer league.

D. W. Robertson, right fielder for the Continental softball team of the Forsan league, was finding Permian baseball league pitching to his liking a dozen years ago. He was with the Texon brigade, which was managed by Spike Conley at the time.

Robertson used to play ball with Gus Leedy, who played a while of an infield when here in the late '20's, back at Thurber.

The former Abilene hurler, Clem Hausmann, is finding AAA ball too fast for him. After being sent down from the Boston Red Sox, Clem was batted out of the box five times in a row while playing with Los Angeles. As a result, he lost his job as a starter.

Hack Miller, Lubbock's catcher-manager, didn't wait long to have a run-in with a WT-NM league umpire. He got loose with a tirade against John Carter in a game April 30 and the verbal blistering he delivered cost him \$25.

As long as Miller is in the league, the circuit treasury can always be assured of remaining solvent.

I. B. Palmer, George Sturdivant's new backstop at Lamesa, is an Amarillo castoff.

Ed (Special Delivery) Jones, who was a Pittsburgh university grid standout in other years, was supposed to sign with the Utica baseball club of the Eastern league but wound up playing semi-pro ball in Scranton instead.

# Bad News Given Nition's Nimrods

WASHINGTON, May 16 (AP) — Bad news for duck hunters came today from the fish and wildlife service.

Reporting a decline of 25 per cent in the continental population of migratory waterfowl in the last year, Director Albert M. Day said: "It is obvious, therefore, that American sportsmen will be called upon to take a smaller portion of the 1946 crop so that more breeders can be permitted to fly north in the spring of 1947."

Day based his estimate of a 25 per cent decline in waterfowl population on his agency's annual January inventory of the birds.

With two exceptions — black duck or "black mallard," and the blue winged teal—all species of game duck showed losses since the 1945 inventory.

Day attributed the decline in ducks to a below normal breeding season in 1945, plus very heavy shooting last season.

Sugar cane is planted by placing cuttings in the Earth.

# Senators Declare War On Lefties; Red Sox Stifled

By JOE REICHLER Associated Press Sports Writer

Rival managers, who have been lefthanding the Washington Senators since the start of the season, have learned much to their dismay that they have overdone a good thing.

Realizing the Nats possessed a lineup composed of seven lefthanded swingers, not including the pitchers, opposing mentors saved their southpaw hurlers for the Nats.

In the club's first 14 games, opposing managers shot portersiders at Washington nine times with six of them gaining decisions over the Senators. The net result was that the Nats, pre-season favorites to give their rivals stiff opposition for the American league pennant, found themselves trying desperately to keep out of the cellar.

Then, almost overnight, the Senators solved those troublesome southpaw slanders.

In their last seven games, the Senators have faced four lefties and have sent them all scurrying for cover.

They took a southpaw scalp yesterday when they kayoed young Ted Gray, Detroit's rookie lefthander, in the second inning and went on to win 6-3.

The victory gave the Nats a .500 won and lost percentage for the first time this season, with a fourth place record of 12-12.

A lefthander proved a wise choice for St. Louis Cardinals Manager Eddie Dyer. With Lefty Howie Pollet holding Brooklyn to five scattered singles, the Redbirds shaded the Dodgers 1-0 to displace the Flatbush favorites as the National league leaders.

The Boston Red Sox dropped their second game in the last 19 and their fifth in 28 games this season when they bowed to the Chicago White Sox 3-2, but did not lose any of their five and a half game cushion, as the second place New York Yankees also were beaten, 8-2 by the St. Louis Browns.

Cleveland came up with some grade-A pitching to gain a double shutout over the Athletics 3-0 and 5-0. Mel Harder, making his initial start of the season, scattered six hits in the opener to register his 13th victory of his major league career. Steve Grmek allowed only four hits in the nightcap.

The Chicago Cubs got off on the right foot in their eastern invasion by whipping the Philadelphia Phils 6-4 in a 13-inning endurance contest. A three-run homer by Catcher Clyde McCullough in the fatal 13th offset a pair of round trippers by the Phils' Johnny Wryostek and Del Ennis.

Another fine pitching exhibition by Joe Begg, who notched his fourth triumph without a defeat, enabled Cincinnati's rising Reds to edge out the New York Giants 2-1 in a 10-inning thriller under the arc lights at the Polo Grounds.

The Pittsburgh-Boston Braves National league clash was postponed by rain.

# VFW Converges On West Texas Lanes Friday

The maples at the West Texas bowling alleys will be a beehive of activity throughout the day Friday as Manager E. B. Dozier relinquishes all income to the charity fund of the local chapter of the Veterans of Foreign Wars.

Dozier intends on taking a holiday. The Vets will move in to take charge of the lanes and the concessions booths, all of which are expected to do a booming business.

Only expense will be the salary of the pin-boys.

According to Neal Barnaby, on the working committee of the VFW, the Vets will go out upon the town to solicit business for the emporium, seeing to it that all persons within hailing distance get a chance at flinging the bowling ball.

Barnaby says the recreational spot will open early and close late.

Several tournaments will be run off during the day's activity.

# Rankin, Hardy Out As Steers Begin Drills

Coach John Malaise greeted approximately 25 boys as he launched his spring basketball drills at Big Spring high school Wednesday afternoon.

Two of the youngsters who won numerals last season—Horace Rankin and Bobo Hardy—did not take active roles in the drills. Rankin has a bad knee, suffered in a football scrimmage, while Hardy was sick. Bobo was present but did little work.

Other lettermen participating are C. A. Tonn, Jackie Barron, Bill Campbell, Eddie Houser, Ike Robb and Mary Wright.

Malaise will keep the boys on the courts until May 30.

# Panthers Assume Lead By Beating Shreveport, 2-0

By The Associated Press

Fort Worth perched gingerly atop the Texas league standings today, a half game ahead by virtue of their 2-0 win over Shreveport last night and Dallas' 4 to 3 loss to Beaumont.

While the Cats crept into first place, the Dallas Rebels, victims of a three-game losing streak, slipped from the pinnacle into second place.

John Van Cuyk, on the mound for Fort Worth in that city, held the Sports to one single in the eighth and another in the ninth for his third victory of the season.

The Exporters knocked Rebel Bobby Hogue from the mound in the eighth inning in the game at Dallas. He was replaced by Quentin Altizer, youthful southpaw, who appeared for the third consecutive night in the role of relief man.

At Oklahoma City, the Indians nosed out Houston 4-3. It gave Oklahoma City their second triumph in a row, a feat for the Indians who had had no such luck before during this season.

At Tulsa, Joe Bullo's two-base hit in the eighth paid off in two winning runs as the Oilers won an 8-7 victory over the San Antonio Missions.

Games today: Beaumont at Dallas. San Antonio at Tulsa. Houston at Oklahoma City. Shreveport at Fort Worth.

# Mayhew Announces A & I Grid Card

KINGSVILLE, May 16 (AP)—A ten-game schedule including five at home has been arranged for Texas A. and I. in football next season by Coach Dewey Mayhew.

The schedule: Sept. 21—Howard Payne at Brownwood, Sept. 26—Sam Houston State at Huntsville, Oct. 4—Southwest Texas State at Kingsville, Oct. 12—University of Houston at Houston, Oct. 19—McMurry College at Kingsville, Oct. 26—Corpus Christi Naval Air Station at Corpus Christi, Nov. 2—Sul Ross at Kingsville, Nov. 9—Trinity at Kingsville, Nov. 16—Stephen F. Austin at Nacogdoches, Nov. 23—Abilene Christian College at Kingsville.

# Thompson Advocates Extending Proration

AUSTIN, May 16 (AP)—Railroad Commissioner Ernest O. Thompson today advocated issuance of a 90-day oil proration order instead of the customary monthly order.

He took this position after announcing that the commission has received advance nominations for June from major purchasers indicating demand for 2,439,849 barrels of oil daily, an increase of 87,432 barrels daily over demand for May.

Identical nominations have also been made for five succeeding months, Thompson said.

The commission tomorrow holds its monthly statewide oil hearing, to take evidence on which to base its June proration order.

# Rankin, Hardy Out As Steers Begin Drills

Coach John Malaise greeted approximately 25 boys as he launched his spring basketball drills at Big Spring high school Wednesday afternoon.

Two of the youngsters who won numerals last season—Horace Rankin and Bobo Hardy—did not take active roles in the drills. Rankin has a bad knee, suffered in a football scrimmage, while Hardy was sick. Bobo was present but did little work.

# Forsan Teams To Play Off Games Tonight; Schedule Is Announced

Deprived of the chance to play Tuesday night because of showers, four teams of the Forsan softball league will try to put their games into the record books this evening.

The 7:30 opener pits the Forsan high school contingent against Shell while Phillips comes to grips with Continental in the afterpiece. Continental won its only start which Phillips took a shellacking its last time out. The other two teams will be breaking the barrier in league play.

Continental, with Cleo Wilson at the helm, will be slightly favored to eop the duke in their battle with the Gassers.

Remainder of the schedule: May 21—High School vs. Cosden Gassers; Lees vs. Shell. May 28—Phillips vs. High School; Shell vs. Continental. June 4—Lees vs. Cosden; Phillips vs. Shell. June 11—Lees vs. High School; Cosden vs. Continental. June 25—Continental vs. High School.

A schedule for second half play will be made up by league president Dan McRae at the conclusion of first half play.

# Prep Swimming Meet Set For Saturday

COLLEGE STATION, May 16 (AP) — The annual high school swimming tournament will be held here Saturday night with a dozen teams entered from six Texas cities.

Highland Park (Dallas) is defending champion.

Events will include the 50-yard, 100-yard and 220-yard free style; 100-yard breast stroke; 100-yard backstroke; 180-yard medley relay; 160-yard free style relay, and the low board diving.

# Legion's Stanton Trip Cancelled

A rain and hail storm that produced bad after effects caused cancellation of the game between the American Legion girl team of Big Spring and the Stanton All-Stars, scheduled to be played Wednesday night in Stanton.

The hail is said to have broken most of the lights in the Stanton arc system.

T. J. Dunlap ran his Legionaires through an extended drill at the ABC playground.

LEGAL NOTICE THE STATE OF TEXAS TO: DAPHNE MYRICK, GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of this Citation, the same being Monday the 24th day of June, A. D. 1946, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 10th day of October, 1946, and the title number of said suit being No. 5659.

The names of the parties in said suit are Randolph Myrick as Plaintiff, and Daphne Myrick, as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce alleging that Plaintiff has been for a period of 12 months prior to the filing of petition an actual bona fide inhabitant of the State of Texas, residing in said County of Howard for at least six months next preceding the filing of said suit; that on or about the 23rd day of September, 1934, Plaintiff was lawfully married to Defendant in England; that they continued to live together as husband and wife until on or after the 15th day of September, 1945, when by the misconduct of said Defendant this Plaintiff was forced to permanently abandon and separate from said Defendant, since which time they have not lived together as husband and wife. Plaintiff further alleging that he treated Defendant with kindness, but Defendant disregarding her marriage vows, lived and cohabited with another person, and Plaintiff was in France in the military service; that an illegitimate girl was born to said Defendant by reason of her illegality cohabiting with another person, and further alleging that there was one legitimate child born to said wedlock, Martin John Myrick, a boy about two years of age; that said minor child is with the Defendant in England and Plaintiff having no claim to the custody of said child; that there are no property rights to be adjusted. Plaintiff praying for divorce, dissolving said marriage relations, etc.

Issued this 7th day of May, 1946.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this 7th day of May A. D. 1946.

GEO. C. CHOATE, Clerk, District Court, Howard County, (SEAL)

CARD OF THANKS We want to express our sincere gratitude to our friends and neighbors for their kind expressions of sympathy and comforting words for the family.

# VOCATIONAL SCHOOL OFFICIALS REPORT PROGRESS AT MEETING

In a well attended meeting Wednesday night in the district courtroom, officials of the Howard County Vocational School and veterans from all sections of the county made important progress toward completion of plans for beginning vocational classes.

F. C. Dodd, president of the Howard County Junior college, presided at the meeting. Walker Bailey, county superintendent; Ray Boren, local veterans contact representative; J. D. O'Barr, of the USES office; Mark Lowrey, director of the vocational school and coordinator of trade and industrial education; J. C. Webb and L. R. Armstrong, instructors in agriculture, assisted in completing the plans.

Veterans who completed the forms for enrollment at the meeting were told that they can do their part to speed up opening of classes by immediately contacting Boren and completing the veterans administration forms necessary. It was announced that veterans not present at the meeting can obtain necessary forms for enrollment by contacting Dodd, Bailey or Lowrey.

Notification of exact dates for opening of classes will be given through personal contact and through the press, officials said.

## Donors Of Prizes For Plane Event Are Listed

Prize money for the model airplane contest slated by the NAA chapter for May 26 has been solicited from Big Spring merchants and business men, Matt Harrington, president of the organization has announced.

Awards totaling \$200 will be given winners of the contest, who are not required to post an entry fee. Winners will be declared in events for both powered and powerless models and for both free and controlled flight.

Harrington has announced prize money contributions from the following: Mode O'Day, Dr. Lee Rogers, Sears, Pitman's Jewelry, Waits Jewelry, Swartz's, Cunningham and Phillips, Sallie Ann Shop, Sam Blum, Record Shop, Quick Lunch, No-D-Lay Cleaners, M. Prager, G. N. Stevens, J. B. Collins, Iva's Jewelry, Woolworth's, Hemphill-Wells, J.K. Store, Crawford Drug, Nell Hilliard, Crawford Hotel, Carl Madison, Crawford Liquor, Empire Southern Gas Co., Amos R. Wood, J&L Drug, Heater's, Lyric Barber Shop, J. C. Penny's, Big Spring Motor, J. C. Griffin, R. E. Bridwell, Jack Phillips, Ted Phillips, Roy Reeder, Petty Service Station, Cecil McDonald, Rowe Garage, Stanley Hardware and D&H Electric.

Sugar cane is Cuba's largest crop.

## Livestock Market Steady At Sale

Choice butcher yearlings remained near the ceiling Wednesday at the weekly sale of the Big Spring Livestock Auction company as the market generally was steady.

Average butcher yearlings ranged from 15.00 to 16.50, with a few choice head hitting the top OPA allowable of 17.25.

Fat bulls sold up to 13.00; fat cows, to 13.50; and stockers continued steady at 15.50. Tuesday night's rain cut down the run considerably, but approximately 700 head went through the ring.

A fair run of hogs brought 14.40, the ceiling.

Russia's Red Army is only 28 years old.

By 1950, most of the US toll roads had become free highways.

**Goodman Cuts Mellow Records With Sextet**

NEW YORK (UP) — Benny Goodman's clarinet grows more vibrant the longer the swing master continues to play. Goodman's mellowness is never more pleasing in a new Columbia album of Goodman and his sextet.

Goodman and his clarinet are at home in virtually any type of combination whether it is with the full Goodman orchestra or with philharmonic or symphony orchestras.

But the richness of his playing is more evident when he's trilling out with the Sextet. The Sextet consists of Red Norvo on the vibraphone; Mel Powell and Teddy Wilson on the piano; Morey Feld at the drums; Mike Bryan playing the guitar; Slam Stewart on the bass fiddle; and Goodman, of course, on the clarinet.

The recordings include several never made before by Goodman. The album contains "Tiger Rag," "Ain't Misbehavin'," "She's Funny That Way," "I Got Rhythm," "Just One of Those Things" and "China Boy"—the standouts of the lot—and "Shine" and "Rachel's Dream."

The popularity of Woody Herman, which seems to grow with each new recording, should be enhanced with his latest Columbia record—"You've Got Me Crying Again." Herman and his boys take the old favorite for a real ride, with Woody doing the vocals.

On the reverse side is "Pana-

**Fiscal Report Shows City Is Big Business**

The City of Big Spring is a three and a half million dollar business with annual expenses of well over a quarter of million dollars.

This is one conclusion to be drawn from financial statements received by the city commission on the fiscal affairs of the municipality for the year ending March 31.

Total receipts for the year amounted to \$292,080 against disbursements of \$325,597, showing a net deficit of \$33,517 and leaving a general fund balance of \$11,615. Over-all cash balance was \$202,978, but with the exception of the general fund, this was

pledged against indebtedness or projects under construction.

The city has around \$42,000 in receivables, owns for did at the time the fiscal year ended \$53,130 in securities and held \$26,000 in uncollected bills.

Total assets, including the above items plus capital outlay (improvements and property) accounts, stood at \$3,695,708.

As for expenditures, \$165,492 went for general fund purposes including \$12,915 for administration, \$5,799 for tax collecting and assessing, \$40,689 for police, \$27,558 for firemen, \$10,401 for health, \$18,766 for streets, \$33,927 for water, \$5,798 for sewer, \$787 for parks, \$3,480 for building, \$1,730 for airport, and \$994 for charity, plus \$150,131 for works department requirements and \$20,172, the initial part paid on the veterans hospital site.

Water revenues accounted for the largest piece of revenue, totaling \$169,725 and the sewer department added \$18,344. Tax collections totaled \$127,437, but \$117,876 was earmarked for the interest and sinking (debt servicing) fund.

Other sizable items of revenue included \$5,592 interest, penalties and costs on back taxes, \$3,401 in occupation taxes, \$2,133 in permit fees, \$22,937 in fines and court costs; \$19,080 gas franchise, \$2,221 telephone franchise, \$5,410 electric franchise, \$1,100 from county on police radio, new water taps \$5,124; \$1,184 payments on pavement; \$7,123 from airport; \$1,950 sale of capital equipment; \$2,064 garbage disposal Ellis Homes; sale of effluent \$8,603; power charge to Cosden for pumping effluent to refinery \$1,899; rodent control and eradication \$1,733.

In addition to these regular funds, the swimming pool and park system, which does not receive tax funds, took in \$13,073 and paid out \$14,025. The cemetery fund received \$5,997 and expended \$4,778.

**M'Arthur Asks Word Of Woman Last Seen Captured By Japanese**

TOKYO, May 16 (AP) — What has become of Mrs. Verna Annette Gordon Brittain, who last was seen clambering down the hatch of a Japanese submarine in the Indian Ocean in March, 1944, after it torpedoed her ship?

General MacArthur, at the request of the state department, today asked the Japanese government that question. His adjutant general's office has no record of her as a liberated prisoner of war.

Mrs. Brittain, American born (city unavailable) writer, was said to be the wife of a British officer she married nearly 12 years ago at Penang, Malaya. This is all that is known here of her.

She was evacuated from Penang in 1942 to Singapore; later made her way to Australia via Java, and in March, 1944, obtained passage on a Dutch ship sailing from Australia to Calcutta.

The ship was torpedoed. Survivors who reached India said they last saw Mrs. Brittain and the Dutch ship captain hauled aboard the submarine and forced down the hatch.

**Attlee Announces Cabinet Mission's Six-Point Plan To Federalize India**

LONDON, May 16. (AP)—A six-point plan for a Federal Union of India was announced in the House of Commons today by Prime Minister Attlee.

Published as a government white paper, the plan was drawn up by a three-man cabinet mission to India following its unsuccessful negotiations for Indian leaders themselves to formulate a plan for Indian independence and an interim government to rule while the new constitution was being drafted and adopted.

The plan set forth these six points:

1. Establishment of a Federal Union of India embracing both what is known as British India and the 600 princely states of India. The union government would have control of foreign affairs, defense and communications and the power to raise money for these purposes.
2. A central executive branch and an all-India legislature. Any major question before the legislature would have a majority of the whole legislature for passage and also a majority of each of the two major parties in the legislature—the predominantly Hindu Congress party and the Moslem League.
3. All other subjects of government—the residuary power—to be vested in the provinces.
4. The princely states also to retain all powers not ceded to the union.
5. Permission for the provinces to form regional groups which likewise would have executive branches and legislatures. Each regional government would determine the subjects of its common administration.
6. Inclusion in both the union and regional constitutions provisions under which any provincial legislature could, by majority vote, call for reconsideration of the constitution after the first 10 years and at intervals of 10 years afterward.

**German Rations Low; Much Grain Urgently Needed**

HERFORD, Germany, May 16 (AP)—British military food administrators warned today that 9,000,000 persons in the British occupation zone in Germany may be placed on starvation rations of 500 calories or less daily unless there are substantial grain imports within the next few weeks.

German food rations in the British zone are now at the near starvation level of 1,050 per day. The administrators told a press conference the further reduction might be necessary unless additional food is imported between now and this year's harvest. A military government health officer said that the present ration scale is not sufficient to maintain health over a period of time.

He said it was expected that the overall death rate, which rose sharply in April from 12 per thousand per annum to 14 per thousand per annum, would show further severe increases during the summer.

The majority of Germans have until now been able to avert actual starvation by drawing on stocks accumulated before the end of the war, a food official said, but "these stocks are now definitely exhausted" and Germans in urban districts will have to live entirely on rations.

To give a picture of what these rations mean in terms of food consumed daily, he said each German, on normal rations eats:

- Four and a half slices of bread, one square inch of meat, one tablespoon of ersatz coffee, one quarter pint of skimmed milk, one tablespoon of vegetables, one half cubic inch of fat, a half teaspoon of jam, a half teaspoon of sugar.
- The normal consumer now receives no potatoes.
