(PRICE FIVE CENTS)

'LIAR!' SHOUTED AT TOWNSEND HEARING

Today we conclude the little serial, "Black Gold," which has many facts about the petroleum industry of the Panhandle oil field.

Continuing... The active head of one of the great refining organizations in the country is a man 86 years old. He was born before there was any petroleum industry, and in his lifetime he has seen that industry grow from infinitesimal beginnings to a giant employing 1,000,000 workers and with an investment of \$13,000,000,000.

He has seen it develop a scale of operations involving \$5,935,000,000 worth of oil lands and oil field equipment... \$3,400,000,000 worth of manufacturing plants and equipment... \$5,000,000,000 worth of distributing and marketing facilities...

Especially these recent years as a result of this unceasing program of research and improved production, he has seen the quality of petroleum products leap upward, and their prices go sharply down.

Gasoline of 1920, for example, was an excellent fuel—as good as the refineries of that day could produce, and amply adequate for the automobiles of that period. But the gasoline of 1920 could not stand comparison with the gasoline of 1936.

Such values as these would not be possible without very large resources, both financial and technical. No small-scale industry could afford the tremendous outlays for new equipment alone which these constant scientific advances make necessary.

As a matter of fact, when you consider the expenses to which the petroleum industry is subject, it is remarkable that oil products can be made and sold so cheaply in America.

A few figures: \$126,764,000 is paid by the industry each year to 1,000,000 employes... \$200,000,000 is paid annually to farmers and other land owners for drilling and production privileges...

The nation's largest taxpayer, the petroleum industry, turns over to various governmental bodies each year a sum seven times greater than the annual instalments due on the British war debt.

Gasoline taxes alone have brought in \$5,000,000,000 during the last five years, providing most of the funds spent on highways during that period. Petroleum today pays more than 11 per cent of all taxes collected by all governments.

Each barrel of crude oil costing an average of 97 cents at the well, carries a tax load of \$1.14 before it finally reaches the public. Direct taxes on the gasoline you consumed during 1935 totaled \$705,000,000—making a sales tax of 38 per cent to 40 per cent on every gallon purchased.

The fact that the petroleum industry is able to provide high grade fuels, and lubricants at the prices prevailing today, is little short of remarkable.

The petroleum industry is, in fact, an outstanding example of what can be accomplished, under the American system, in the satisfaction of human needs. This vast service of supply has been built up within one man's lifetime... and it has been built up entirely by the free play of individual energy...

Petroleum today holds a place, among the essential commodities of America comparable with food, clothing and shelter. It has enormously increased the comfort and security of existence... its variety and pleasures.

For every one of the 127,000,000 men, women and children in this country it has made life far more happy and worthy of living. And it has done this to a degree which has no parallel in any other country in the world.

Such is the American epic of oil... of which we here in Gray county are such a vital cog... It is an inspiring record of human achievement... a living symbol of vitality, the capacity for growth and progress, of a great people.

Here in Gray county and this section of the Panhandle we elect to go marching on with the progress... To be in the heart of such a great industry, is indeed a privilege... The statistics in this story of "Black Gold" were supplied by N. Y. Ayer & Son, Inc.

I Heard..

Dick Hughes whispering the information that Garnet Reeves had the longest, widest and flattest feet at the Perryton celebration Saturday but that the Pampa gang made him register from his old home town, Lubbock.

GLASS IS TO VOTE FOR FDR AND MAY TALK

DISSEMINATING ON MONEY POLICIES CONFERS WITH CHIEF

WASHINGTON, Aug. 25 (AP)—After a conference with the president, Senator Carter Glass of Virginia said today he would vote for Mr. Roosevelt next November, but was undecided whether he would speak in the campaign.

Glass, who has differed with the chief executive on some New Deal policies, particularly spending, told a group of reporters his doctors had advised him not to speak. But he added they similarly cautioned him in 1932 when he made a radio speech for the Roosevelt-Garner ticket.

The 78-year old Democratic chairman of the senate appropriations committee and one time treasury secretary said: "If you want to know whether I'm going to vote for the reelection of the president, I am."

"I never had any other idea," he said. "The president requested me to make a speech, Glass said: "He did not."

A busy round of conferences marked the president's day today prior to his departure late tonight for a 12-day inspection trip of the western states badly hit by the drought.

Secretary Hill called at the White House for a last minute review of the foreign situation. Later Mr. Roosevelt called in Secretary Ickes and Horatio Hackett of the WPA.

The Roosevelt policy to limit federal grants for PWA projects to that portion of the total cost going for relief labor was announced as the subject of the conference.

Other callers were Stewart McDonald, federal housing administrator; Chairman McInch of the federal power commission; Secretary Roper, Admiral William H. Standley, acting secretary of the navy, and Wendell L. Willkie and Preston S. Arkwright, private power officials.

Heat Continues; Optimists Look For Relief Soon

Although hope still reigns supreme, Pampa and the surrounding territory today were receiving but little reward for optimism from the weatherman.

The Santa Fe thermometer hit the going for 106 above as the high point on Monday. That was at 5 o'clock in the afternoon. The reading was 104.

Amateur weather forecasters say one more week will bring the end of the hot spell which began the first of June and has been going steadily, with only one or two slight interruptions, ever since.

Water from the booster tank and from two lines of hose soon had the fire under control. After an investigation, Chief Ben White learned that the place had been vacant for nearly a month and that tramps had been seen around the building yesterday afternoon.

Flames shot high in the air after they broke through the roof. The fire was spreading rapidly, fanned by a stiff south wind when water started its victory march.

MOVE ON NORTH FRONT HENDAYE, France, Aug. 25 (AP)—Repeated rebel air bombings and steady reinforcements were believed today to foreshadow a major insurgent offensive on the northern front of civil war in Spain.

Seriously Ill

George H. Dern, secretary of war, has grown worse since yesterday and physicians at Walter Reed hospital described his condition as somewhat alarming today.

ANXIETY FELT OVER ILLNESS OF SEC. DERN

Washington, Aug. 25 (AP)—Alarm over the condition of the secretary of war, George H. Dern, was expressed today in official Washington after army doctors reported a setback in his fight to recover from a heart complication.

At the White House it was revealed that an almost constant check was being kept upon the cabinet officer's condition with Walter Reed hospital, where he had been confined for more than a month after an unsatisfactory recovery from an influenza attack.

Close friends of Dern had known that most of the members of his family were gathered in Washington.

WASHINGTON, Aug. 25 (AP)—Officials at Walter Reed hospital today expressed anxiety over the condition of Secretary George H. Dern, who has been ill there for more than a month after a heart complication growing out of an influenza attack.

Harp Appointed Temporarily as State Secretary

AUSTIN, Aug. 25 (AP)—Governor Allred announced today he would appoint D. Lon Harp of Limestone county secretary of state temporarily in succession to E. B. Stanford who resigned to become judge of a district court at Waco.

Marlin E. Sandlin, assistant secretary of state, had been slated for the temporary position, but because the law provides the assistant's term shall be coincident with that of the secretary, question arose as to Sandlin's eligibility.

The governor said he had a man under consideration for permanent appointment.

DALLAS, Aug. 25 (AP)—D. Leon Harp of Limestone county, state secretary of state, was today named as the man to succeed E. B. Stanford.

TODAY IS OURS

Chapter I Smart and trim in her new spring outfit, Judith Howard stepped briskly from an elevator in the town's tallest office building and made her way through the noon-hour crowd to the wide entrance. There she took up an unobtrusive spot beyond the main stream of pedestrian traffic, and waited.

WOMAN DOCTOR KILLS HUSBAND IN HER OFFICE

HE SEIZED SURGICAL KNIFE AFTER A QUARREL

FORT WORTH, Aug. 25 (AP)—Dr. Grace Humphrey Hood, Fort Worth physician, shot and fatally wounded her husband, Ross Turner, after a quarrel in her office at the Medical Arts building today.

Dr. Hood admitted the shooting. She stood police and newspapermen her husband was with a surgical knife in his right hand. They had been talking in her inner office for about an hour.

Charges were not filed against the 40-year old woman immediately.

A well-known practitioner here, Dr. Hood kept her former name for professional purposes. She had practiced under the name of Dr. Hood before her marriage to Turner, 31, a salesman.

Friends of the couple said Dr. Hood had filed a suit for divorce in July but dropped it and went on a second honeymoon with Turner to Chicago. They returned about three weeks ago. Friends said another separation occurred since then.

According to Dr. Hood, she went into a lavatory for a moment after talking with her husband. She said she heard a box click and turned to see him rising from his chair with a knife in his hand. Then, she said, she ran to her satchel, procured a pistol she had been carrying since Monday night and fired one shot.

The bullet hit Turner in the chest. He ran out of the office into the corridor and fell into another doctor's reception room. A nurse called the receptionist, who was taken to a hospital.

En route, Turner told an ambulance attendant his wife shot him, police were advised. "God forgive her," he moaned at the hospital before he lapsed into unconsciousness.

Italy Considers Pact Effective

ROME, Aug. 25 (AP)—A spokesman for the Italian foreign ministry today said Italy considers an international neutrality accord on Spain is now in effect.

This was true, the spokesman declared, because all the governments involved have shown a disposition to put it into effect.

Nevertheless, he pointed out there had been no formal notice as yet that the accord, sponsored by France, was active.

BLANTON INSISTS THAT UTILITIES, TEACHERS AND REDS BEAT HIM

ABILENE, Tex., Aug. 25 (AP)—Thomas L. Blanton opened a department of Agriculture, and continued despair of unemployed to obtain work, all contributed to my defeat. They merely furnished a fertile field that was used by five powerful groups for propagating dissatisfaction, distrust and animosity through the sowing down of my district with every kind of false and ridiculous charge.

"Not one vote I have cast in 20 years was criticized, or attacked," he declared. Opposition of utilities he attributed to his support of the holding company "death sentence," that of Washington groups to his efforts for reduction of District of Columbia appropriations and that of communists and the National Educational association to the "Blanton red rider."

U.S. Woman Freed From Polish Jail

PAMPA DAY TO BE PLANNED AT OPEN LUNCHEON

WARSAW, Poland, Aug. 25 (AP)—The Polish government tonight informed the United States embassy that Mrs. Frederick Atkinson of Minneapolis, Minn., would be released from jail and charges of currency irregularities would be dropped.

The embassy was not informed when Mrs. Atkinson would be freed. She has been in jail at Ostrow for two days.

American officials were informed by the Polish government that reports she already had been sentenced were erroneous.

The embassy said plans for a vigorous protest had been abandoned because they had learned Mrs. Atkinson was held only for technical violations of the Polish laws governing exportation of currency.

Daughter Makes Appeal WASHINGTON, Aug. 25 (AP)—The state department was advised today by Yelka Galewski that her mother, Mrs. Minnie Galewski, New York City, has been held in a Polish prison for five weeks for alleged violation of the currency laws.

The report by Miss Galewski was made shortly after dispatches from Warsaw said the Polish government had informed the United States embassy that Mrs. Frederick Atkinson, of Minneapolis, would be released from jail and charges of currency irregularities would be dropped.

Mrs. Galewski asked the department to inquire concerning her mother and to do all possible to expedite a trial.

She described her mother as a naturalized American citizen, asserting that Polish authorities had released her on bond on August 14 but had refused to permit her to leave Poland pending a trial for which no time has been set.

The daughter said Mrs. Galewski was taken from an Express train at Sniatyn, on the Polish-Rumanian border, when she failed to declare all her foreign money while she was enroute from New York City to visit relatives at Cerrantzi, Rumania.

Landon And GOP Leaders Confer

BUFFALO, N. Y., Aug. 25 (AP)—Gov. Alf M. Landon opened a series of party conferences with New York Republican leaders today as he brought his presidential campaign into this upstate metropolis.

Eric and Niagara county delegates to the Cleveland convention gathered at a luncheon to meet the Republican nominee shortly after his arrival from an overnight stay at Ripley, N. Y., in the home of Charles Hamilton.

On the immediate program also was a reception and tea for western New York Republican women, while at night Landon planned to be the guest of Edward H. Butler, publisher of the Buffalo Evening News.

The Kansas reached Buffalo at 11 a. m. (EST) after an hour and a half ride from Ripley.

A crowd which filled the course of the New York Central station welcomed the candidate with cheers.

As Landon drove up Main street a huge red, white and blue banner, which officials said measured 40 by 30 feet, was swung from a wire overhead. It bore portraits of Landon and his running mate, Col. Frank Knox, and the legend: "Vote Straight Republican Ticket."

Calling on Davy

That's the key to Davy Jones' locker that Marie Washington, niece of Rear-Admiral Richard E. Byrd, has hold of—a diving helmet she's putting on for a stroll on the ocean floor at Bermuda to gaze at the submarine beauties.

SENATOR BURKE RESIGNS DEMO NATIONAL POST

OMAHA, Aug. 25 (AP)—United States Senator Edward R. Burke, Omaha, said today he had resigned from the Democratic national committee. In a letter to Postmaster General James A. Farley, committee chairman, he said he opposed "certain administration measures" he considered were not "for the best interest of the country."

"Some loyal and sincere party adherents feel it is the duty of a member of the national committee to bend every effort to bring about the election of all nominees of the party," Senator Burke wrote Farley.

"I recognize the merit of this contention, but find myself unable to proceed along that line. "I cannot work for the election of any candidate masquerading as a Democrat, who is a Democrat in name only, and who neither understands nor cares at all for the fundamental principles, adherence to which has made the Democratic party such a vital force in upholding our nation."

The letter made no mention by name of Terry Carpenter, Scotts Bluff, Democratic nominee for Senator from Nebraska. Senator Burke recently said he was seriously considering resigning as national committeeman because he did not feel he could support Carpenter in the campaign.

Semi-Pro Baseball Tournay Nears End

WICHITA, Kas., Aug. 25 (AP)—The only two undefeated teams left in the National Semi-Pro Baseball tournament, Buford, Ga., and Arkansas City, Kas., match their power tonight.

In the other night game, Elkin, N. C., and Hollywood, each with one defeat, will meet.

The champions from Bismarck, N. D., won their way into the semi-final bracket with a 10 to 1 victory that eliminated Flint, Mich., last night. Wichita, Kas., defeated Elgin, Ill., 15 to 2, dropping the Illinois team from the competition.

Others still in the running, with one defeat each, are Duncan, Okla., and Enid, Okla.

Program Series Begun By Jaycees

The first of a regular series of interesting programs was presented at the noon luncheon of the Junior chamber of commerce in the Schneider hotel today.

SUIT ORDERED POSTPONED AT SESSION TODAY

DOCTOR IS 'SURE' OF SUCCESS OF HIS PLAN

CLEVELAND, Aug. 25 (AP)—Amid shouts of "Liar!" hurled by one attorney at another, Dr. Francis E. Townsend's appearance on the witness stand in a receivership suit against his pension organization was out short today by adjournment and adjournment.

After postponement had been agreed upon, Lawrence E. Tucker counsel for Dr. Townsend, proposed that attorney Charles H. Hubbell accompany Ben F. Sacharow, attorney prosecuting the suit, in an examination of records of the Townsend movement.

Sacharow objected. Hubbell jumped from his chair and asserted Sacharow was in the employ of R. E. Clements, resigned national secretary of the pension organization.

Hubbell (Sacharow) called me a "liar" yesterday, said Hubbell. This brought Sacharow to his feet shouting: "And I'll call you a contemptible liar and a peddler of perjury today."

Judge Frederick Owsen said: "Stop it, both of you, or I'll throw you out bodily," demanded Common Pleas Judge George Kerr. Order was restored and the courtroom emptied. Dr. Townsend deposed to return in October if called.

The proceeding was a deposition hearing in the suit of the Rev. Alfred J. Wright, ousted Townsend director, to throw Old Age Revolving Pensions, Ltd., into receivership, and obtain an accounting of \$1,000,000 in funds. Sacharow is Wright's counsel.

Taunt, white-haired Dr. Townsend said from the witness stand today he was "absolutely sure" of the success of his plan to have the government pay everybody over 60 a \$200 monthly pension.

Testifying in a deposition hearing by a Cleveland newspaper suit, against his Old Age Revolving Pensions, Ltd., Dr. Townsend was asked if he thought his movement would achieve its purpose through legislation.

"I'm absolutely sure of it," the 70-year old pension plan founder answered. Director Is Suing "Don't you know it is economically impossible and financial suicide?" asked his questioner, Ben F. Sacharow, attorney for the Rev. Alfred J. Wright, ousted director of the Townsend movement, who seeks receivership for the movement, and an accounting of \$1,000,000 in contributions.

Convict Plot To Escape, Kidnap Warden Balked

CANON CITY, Colo., Aug. 25 (AP)—Warden Roy Best said he had frustrated a plot today of five desperate prisoners in Colorado prison who planned to escape by kidnaping him and holding him hostage.

Best and a squad of guards confiscated two 38 automatics and 100 rounds of ammunition in a new building being constructed in the prison yard. The five convicts were placed in solitary confinement.

"We received information three weeks ago that these men would attempt their escape Sunday," Best said. "We located the guns and ammunition and then watched them carefully. Three times they moved them on us, but we know all the time where the guns and ammunition were."

"The plot was to grab me and hold me in one of the buildings as a hostage while the convicts demanded their freedom," Best said.

The convicts were placed in solitary confinement. "All the convicts except one have attempted to escape before, Best said. The warden said the entire prison was being searched for more guns and ammunition.

"We don't know yet just how the stuff was smuggled in," he said. "It might have come in through a trusty, through prison employes, in a truck or in coal cars. We ship the coal into the prison in carload lots. "The prison is quiet now. You could hear a pin drop any place. Every convict knows what happened."

THE WEATHER

WEST TEXAS: Generally fair to night and Wednesday.

(See STORY, Page 4)

# NATIONS JOIN TO PROTEST BRUTALITIES IN SPAIN'S WAR

## BOTH SIDES IN CIVIL CONFLICT ARE ACCUSED

### NEUTRALS CONFER AS THEY WATCH LATE DEVELOPMENTS

Diplomatic proposals, designed to check brutality of Spain's civil war were authoritatively reported today to be the subject of communications between France and Great Britain.

The foreign affairs committee of the British cabinet was believed to have taken the proposals under consideration. They originated among diplomats accredited to Madrid now at Hendaye, France, under the leadership of the Argentine envoy to Spain.

Since the war started in Spain, there have been frequent reports of the mistreatment of prisoners and civilians by both the socialist government and the fascist rebels.

It is these violations of international rules of war which the proposals are designed to check; not the war itself.

Fires of civil strife burned on in Spain toward their ultimate Fascist or socialist embers in a European atmosphere suddenly more breathless by Nazi-decreed expatriation of the German army.

war between Spain's socialist government, supported by communists and the military rebels who carry the banner of fascism, Adolf Hitler's doubling of the universal military term in the Reich served, nevertheless, to throw the whole international conflict between right and left into sharp relief.

His decree of two years' compulsory service under arms was aimed directly at what the Nazis called aggressive Soviet Russian militarism. Soviet Russia, to which France is bound by treaty ties of mutual assistance, has an estimated fighting force of 1,300,000, largest in the world.

In Moscow, commentators said the Hitler decree showed "how intensely Germany prepares for war."

Loyalists and rebels broadcast conflicting claims of victory in Guadarrama mountain fights, just north of Madrid.

The rebels repeated their aerial bombardment of Irun, on the Bay of Biscay—apparently part of their routine now. There was little damage.

Germany cemented the neutrality pact with announcement of an arms embargo.

**SWEET LEISURE**  
SALT LAKE CITY (AP)—Walter L. Webb, 67, retired today from what he considers the sweetest job in Utah—testing sugar for a sugar company.

"It's been a sugary life," he said, looking back over 35 years of service, "but it hasn't taken away my sweet tooth. I can still eat candy with the rest of 'em."

After a rest he's going to settle down on a farm and grow sugar beets.

The National Geographic society was founded in 1888.

## As Landon, 'Home Town Boy,' Brought Campaign to His Birthplace

Amidst scenes familiar since his boyhood, but not dramatically altered by the sea of upturned faces centering on him, Gov. Alfred M.

Landon is pictured as he carried his campaign for the presidency of the United States to his birthplace, West Middlesex, Pa., thus

launching his eastern campaign. As villagers pressed forward to hear the words of the "home town boy," his proposal to correct the

nation's ills "in the American way" was carried to thousands of others who filled the grove about him.

## SHORT STORIES OF PROMINENT PAMPA BUSINESS FIRMS

### Davis Plumbing Service Complete

Established here in 1926, the Davis Plumbing Co., at 118 West Foster has for 10 years offered expert and economical plumbing and heating service to Pampa people.

A complete line of mechanical plumbing appliances and Coleman Floor Furnaces, W. P. Davis, Owner, W. M. Lane, Mgr.

The plumbing and heating industries are businesses which are especially American in development.

The American characteristics of demanding something better and more convenient led to the invention and development of the priceless equipment which is now available in the plumbing and heating field.

Mass production and expert mechanical skills in later years enabled the plumbing and heating manufacturers to offer these essentials to the modern home at prices so low that even the most modest home owner need no longer deny himself the advantages of modern plumbing and heating equipment.

In this respect the Davis Plumbing Co. is equipped to supply and install any kind of plumbing and heating equipment which you may desire. If you are planning on a

bathroom or water heater of any kind, call them and they will give estimates and make suggestions free of charge as to arrangements of same that will give you more room, convenience and attraction.

This firm can supply you with plumbing or heating equipment which will lend beauty as well as efficiency to the home and can show you where you can often, with small expenditure entirely transform the appearance of your kitchen or bathroom and at the same time eliminate many inconveniences.

In this respect, it is likely that at no time in the past 25 years, has the need for new plumbing installations been so evident due to the fact that the amount which is done each year in normal times was reduced to a minimum during the depression.

Low material costs and convenient financing or terms in which to pay which are now available make this an advantageous time to modernize your plumbing facilities.

This firm has served Pampa for 10 years and this long tenure of business success could have been possible only by providing a service which is conscientious, efficient and economical.

### Conoco Provides Unusual Service

The Continental Oil Company This Year Announces—in Connection with Travel Bureau Service, the Conoco Tourists, Which You Will Welcome as the greatest improvement in Motor Travel Aid Since Roads Were Marked with Route Numbers, Conoco Products are Distributed in the Pampa Trade Territory by F. D. Keim, local Conoco Agent.

Organized in 1875, as a Colorado company, serving Colorado, Utah, Wyoming and Montana, and incorporated under its present name in 1885, Continental Oil Company has since expanded into an organization selling 42 states of the Union through 24,000 service stations.

A pioneer and leader in every respect, this company not only supplies products of unexcelled quality but they have led in their efforts to solve the problems of the vacationist and the motoring public.

The Conoco Travel Bureau, for example, has for several years offered you a free individual trip planning service. This year the same service is available but with a great improvement—the Conoco Tourists. When you apply for Conoco Travel Bureau service this year you will receive a spiral bound book 9x12 inches in size

known as the Conoco Touraide. This book is especially made up for you, contains the individual maps you need, bound in the Touraide in the order in which you will need them, and to eliminate folding and unfolding of road maps they are made the same size as the Touraide. Each map contains your best route individually marked, interesting information about the section through which you are driving, a list of scenic and historical points and a list of hotels and tourist camps in that section with location and rates.

This entire service, including the Touraide comes to you free of charge, a gift and exclusive service of the Conoco Travel Bureau America's largest free-trip planning organization. Watch for the sign of the Red Triangle, the Conoco emblem, which identifies Conoco Service Stations, at which Conoco Travel Bureau Service, Conoco Bronze Gasoline, Conoco Germ Processed Motor Oil and Conoco Service are available.

Mr. Keim acts in the capacity of a commission representative for the Continental Oil Company in Pampa and vicinity. He has his own trucks, employs his own personnel and is justly regarded as a local business man.

### Many Brands At Panhandle Lumber Co.

Carrying a complete stock of Nationally known and advertised brands of Paint, Roofing, Wall Board, Builders Hardware, Lumber and other Building Supplies, the Panhandle Lumber Company can supply you with building materials for every demand. Neil McCullough, Manager.

served this community for over a quarter century and maintains a thoroughly stocked building store. In addition to lumber they have a large and diversified stock of other building materials, many of which are hardly known to the average person but which can be used in making your home or building modern without adding materially to its original cost. These materials are bought in carload lots direct from the mill, or manufacturers for the lowest of prices which are passed on to their patrons.

The Panhandle Lumber Company's business policy is one of courtesy and convenience to their patrons.

If you are planning on building or alteration work of any kind you will find them well equipped to assist you in anything pertaining to plans, estimates or materials.

They invite you to visit them when shopping for everything in the lumber and hardware building material line in the belief that they can more nearly satisfy you not only in merchandise and price, but also in courtesy, convenience and all other elements making for pleasant trade relations.

### Votes Will Test Townsend Plan In Its Own State

SAN FRANCISCO, Aug. 25 (AP)—The Townsend Old Age pension movement meets a test of ballots in the state of its origin today as California nominates party candidates for Congress at a primary election.

Townsend-endorsed candidates are seeking nomination in the congressional districts, with E. J. Margrett, state manager for the pension organization, predicting victories in at least 13.

The endorsements cut across party lines and in some instances fall to incumbents who, observers consider, are certain of nomination because of strong backing by their regular political organizations.

This is true of Richard J. Welch of the fifth (San Francisco) district, who is unopposed for his own (Republican) as well as democrat and progressive nominations.

Because of this situation, observers look to the contest in the third district for the outstanding Townsend test. Sheridan Downey, attorney for Dr. Francis E. Townsend, founder of the movement, is running for the Democratic nomination against Representative Frank H. Buck, an avowed opponent to the pension plan.

Representative John H. Hoeppel (D), convicted of conspiracy to sell a West Point Military Academy appointment, faces 14 opponents in the twelfth district.

Besides nominating congressional candidates, voters will express party preferences for 20 state senators and 80 assemblymen.

### Rebel Planes Do But Little Harm

HENDAYE, France, Aug. 25 (AP)—Spanish rebel war planes today bombed Irun for the third consecutive day but caused little apparent damage. Three planes dropped nine bombs on government positions outside the city.

The rebel warship, Canarias, after bombarding San Sebastian, steamed up the Bay of Biscay coast and engaged in a two-hour artillery duel with Fort Godelupe.

The newspaper Prente Popular reported that Antonio Primo de Rivera, Fascist organizer, Martinez de Velasco, head of the reformist party, and several others had been condemned to death at Madrid for conspiracy to fire the prison in an effort to escape.

Reports from Madrid said four persons had been executed as the aftermath of a fire in the Model jail and a special court was formed to try others connected with the incident.

### Japs Are Accused As British Soldiers Are Shot From Car

PEIPING, Aug. 25 (AP)—Three British soldiers were fired upon while returning to their barracks from a motion picture, the British embassy disclosed today.

The shots came from a moving automobile and one soldier was wounded in the leg.

The incident created apprehension here because of rumors it was instigated by Japanese seeking to avenge the slaying of Kikaku Sasaki, a Japanese soldier, May 26.

Japanese officials accused British soldiers but the latter were acquitted by a British consular court.

### Looking Through the Human Body

Internal construction of the human body, with bones, blood vessels, and other mechanisms in correct relation, is revealed in this photo of the Camp Translucent Woman, made from a transparent, durable substance by scientists under sponsorship of S. H. Camp, Jackson, Mich., philanthropist. A two-year educational tour of the nation was planned for the model. Photo shows the Translucent Woman's upper body.

### AROUND HOLLYWOOD

BY ROBBIN COONS.

HOLLYWOOD—Interview with Myrna Loy, 1929 model.

She sat in a straight chair in a drab studio office, and nervously fingered the strings of her tennis racket while she hesitantly answered questions about her life and work. She looked like a schoolgirl, pale face dotted with many freckles, and her crinkly red hair done simply in a plain knot at the back.

She was as different as possible from the slithering siren one expected to meet, because that was when Myrna Loy was inevitably the veiled prophetess of doom, the fatal oriental Lorelei who lured heroes to destruction unless—as usually happened—the blond heroine stepped forward in time.

She did wish, she confided diffidently, that she did not have to play so many of those parts. But she was glad to be working, and she would rather do those than wait for better.

The slant-eyed siren was just a butternut, and no more exciting. But here is Myrna Loy, 1936 model: A smart young woman with a sort of gay dignity sits on the yellow silk divan in her white-walled dressing room where tall sprays of flowers are reflected in mirror-top tables. Her dark green dressing robe emphasizes the rich auburn of a smart coiffure topped with auburn ringlets. Make-up hides the freckles but the humor that goes with them shines through unless—as usually happens—the blond heroine stepped forward in time.

She, too, remembers the scared girl of earlier picture days, and recalls a still earlier experience when her agent took her to interview a producer whose verdict was that she had "absolutely nothing" for pictures.

"He said I was colorless," she remembers but the latter were acquitted by a British consular court.

As a result of last night's incident the British embassy requested the Chinese government to protect British lives and property in China.

### Trotzky Says He Plans 'Revenge'

HOENEFOSS, Norway, Aug. 25 (AP)—Leon Trotzky declared today it was his duty to "revenge" the 16 men executed in Moscow today for an anti-Soviet conspiracy.

The Soviet government accused Trotzky, celebrated Bolshevik exile, as the absent master of the plot.

"My duty is to unmask one of the greatest crimes in the world's history, and to avenge the executed," said Trotzky.

"The executions in Moscow were necessary to prevent any revived defendants from unmasking the GPU (Soviet secret police)."

"But I, who was represented as the chief promoter, am still alive!"

## LANDON SAYS DANGER LIES IN PROPAGANDA

### SLAM AT TEACHERS' OATH TAKEN BY KANSAS

By OVID A. MARTIN

RIFLEY, N. Y., Aug. 25 (AP)—Gov. Alf. M. Landon moved deeper into New York today for conferences on presidential campaign strategy after declaring that "widespread use of the machinery of the federal government to maintain the present administration in power" created a propaganda danger.

The Republican nominee, who in a speech at Chautauque last night called for freedom of education, press and radio, turned toward Buffalo to discuss with party leaders plans to win New York's 47 electoral votes.

He will deliver the third and final formal address of his eastern trip there tomorrow night.

Governor Landon prefaced his speech in the Chautauque amphitheater with the statements:

"In Kansas we believe that our schools—public, parochial and private—must be kept free of all control by the federal government."

"In Kansas we insist no teacher should be required to take any oath not required of all other citizens. In Kansas we believe in academic freedom and we practice it."

Declaring "our system of free education has failed if class distinctions are allowed to develop in this country," he said:

"In these days of widespread propaganda it is imperative that our teachers be kept free and that our educational institutions, our newspapers and the radio be kept independent either from propaganda of autocratic government or from the influence of any selfish interest."

"There must not be censorship of what is spoken or written and, equally important, there must be no control of the source of news."

"Another danger from propaganda is now present. It is more serious than the danger of our teachers becoming propagandists."

"It concerns the widespread use of the machinery of the federal government to maintain the present administration in power and to bring into question the faith of the people in their way of life and in their form of government."

### Newsboy Writes Thanks For Trip

The Pampa NEWS carriers who made the trip to Pike's Peak, Colo., last week not only enjoyed their trip but they enjoyed their method of transportation in the Scotty Ford, furnished for the tour by the Tom Ruse Ford Co., of Pampa.

This is evidenced in a letter received yesterday by Mr. Ruse from Royal Hemling, Jr., of LeFors, one of the carriers who rode in the Scotty Ford.

The 11-year-old Mr. Hemling writes to Mr. Ruse as follows:

"Dear Sir: I certainly did appreciate the Scotty Ford you let us use on our trip to Pike's Peak. I didn't know what we would have done if you hadn't let us use your car. I like the Ford car better than any other car I know of. Not because we own one, but because I like them very well. When I get big and buy a car I am going to buy a Ford. Skelley oil and gasoline sure does make the engine run and sound good."

"I sure wish we could do you a favor some time for your kindness to us, and I sure wish you good luck in selling cars this year, and that includes every year. If I can do anything for you any time I sure will try to do it for you. I imagine most of the other boys would say that, too. I am a Pampa Daily NEWS boy and am eleven years old. I deliver papers in LeFors."

"Yours very truly, "Paul Hemling, Jr."

The first fossil cycad to be received by the school of geology at the University of Oklahoma was presented this summer by B. L. James, Ardmore, former geology student.

## American Woman Is Sentenced To Prison In Poland

WARSAW, Poland, Aug. 25 (AP)—American embassy officials took up with the Polish government today reports that Mrs. Dorothy Atkinson of Minneapolis, wife of a milling executive, had been sentenced at Ostrow to one year in prison for alleged violation of Polish currency regulations.

Reports here stated Mrs. Atkinson crossed into Poland from Germany, to which country she was returning when stopped by customs officials.

Embassy officials confirmed she had been arrested but said they had been told nothing officially of the reported sentence. They sent a representative to Ostrow to investigate.

A bank draft she carried with her, it was asserted, was cause of her detention. Presumably it was held in violation of stringent Polish customs regulations.

"The Polish government sought to restrict foreign exchange dealings by decree last April. Exportation of money was prohibited."

## ELECTROLUX IS SILENT!

... and this is more than a comfort! It's proof of the basically different operation of Electrolux (no machinery at all) which makes possible its famous long-life advantages:

ELECTROLUX has the simplest of all freezing methods. A tiny gas burner takes the place of all moving parts. This simplicity accounts for the permanent silence of Electrolux. And it accounts, too, for all those big Electrolux advantages which promise long service at low cost. Please accept our invitation to see the 1936 Electrolux models for yourself. Inspect their many modern conveniences. Purchase terms are liberal. Come in!

## IS YOUR REFRIGERATOR OPERATING CHEAP ENOUGH?

Was your Refrigerator represented to you to operate for \$1.00 to \$1.50 per month and in reality costs you from \$3.00 to \$5.00 per month? If such should be your fate see us! We maintain and Guarantee that Electrolux will give you refrigeration at 1c per day. More than 2000 satisfied customers in Pampa trade territory.

## THOMPSON HARDWARE CO.

## FOR YOUR SUPPORT, I AM DEEPLY THANKFUL!

As your District Clerk I pledge myself to serve the citizens of Gray county to the best of my ability.

## MISS. MIRIAM WILSON

# QUIET WEDDING READ FOR MISS HODGE AND MR. WILLIAM GASKINS

### After Colorado Trip Couple Will Be At Home Here

Almost a week earlier than they had planned, Miss Pauline Hodge and William Gaskins were married Saturday afternoon at 2 o'clock at the First Methodist parsonage. The Rev. Will C. House read the ceremony, which had been announced for August 28.

Miss Johnnie Hodge attended her sister as maid of honor, and N. D. Steele acted as best man. The bride wore a navy tulle ensemble with a corsage of yellow and white roses, and the bridesmaid a navy tulle dress with pink carnations.

Present for the wedding were the bride's parents, Mr. and Mrs. John Hodge, and Mrs. Steele.

The couple returned to Pampa and will leave this week for Denver and other points in Colorado. They will arrive after September 15 at 810 N. West street.

Miss Hodge is a graduate of Pampa high school and has been employed in the commercial department of the telephone company here. She has attended West Texas Teachers college at Canyon.

Mr. Gaskins, who has been employed as a chemist by the Cabot companies here the past three years, attended school at Denver and was graduated from Denver university, where he was a member of Sigma Phi Epsilon fraternity. He is the son of Mr. and Mrs. Fred Gaskins of Denver.

Announcement of the engagement was made several weeks ago, and the bride has been entertained by a number of friends.

## Farewell Party Entertains For College Students

A going-away party for members who will leave soon for college was given by the high school division of First Methodist Sunday school on the church lawn yesterday evening.

After various games, ice cream and cake were served. Favors were miniature suitcases.

Members present were John Edwin McConnell, J. Lee Jarvis, the Rev. W. C. House, Mrs. House, Mrs. J. E. Gilbert, Mrs. R. S. McConnell, Alberten Schulke, Janice Purvisnee, Lucille Bell, Maxine Wheatley, Hazel Jo Montgomery, Georgia Mae Rogers, Leona Hurst, Sara De Woody, Richard Montgomery, Lawrence McBee, Jessie Marie Gilbert, Betty Bell, Ethel Wilder, Edwina Gilbert, Helen Schelleberger, and Ray Monday.

## COLLEGE-BOUND GIRL HONORED AT BREAKFAST

### Miss Irvine Given Party By Two Friends

Miss Irene Irvine, who is to leave August 30 to enroll for the fall term in the New Mexico School of Mines, was honored at a breakfast yesterday morning. Miss Frances Stark and Mrs. Joan Jordan entertained in Mrs. Jordan's home.

Garden flowers were attractively placed about the rooms and on the table. After the delicious breakfast, contests were enjoyed and each guest presented Miss Irvine a gift of lingerie.

Those present were Misses Irvine, Sonia Rasi, Clara Lee Shevemaker, LeVerne Ballard, Adeline Brazel, Georgia Rogers, and Oree Brook; Mmes. Glen Pool, Ely Fonville, Tom Wade, Farris Oden, J. C. Carroll, and Lloyd Hamilton.

Gifts were sent with best wishes for a year of study from Mmes. R. Earl O'Keeffe, Charles Wooley, Mabel Gee, Alex Schneider, Gladys Robinson, Violet Gehr, M. P. Downs, Katie Beverly, and Miss Ola Nellis.

## Miami News

MIAMI, Aug. 25.—Mr. and Mrs. C. W. Bowers and Mr. and Mrs. E. Sides left Sunday for a few days' vacation at points in New Mexico.

Mrs. B. P. Talley and Miss Zell Stewart returned Sunday from a two week's vacation spent at Colorado Springs.

Miss Ardene Talley of Fort Worth is spending a few days with her parents, Mr. and Mrs. H. A. Talley.

Mrs. Tennie Atkins of Dallas arrived Saturday night for a visit with her parents, Mr. and Mrs. C. S. Seiber. She was accompanied home by her sister, Mrs. Holt Barber, who has been her guest for the past week.

Mrs. Cleve Coffee of Amarillo is the guest of friends and relatives here this week.

Mr. and Mrs. Albert Hayter of Shamrock visited friends here Sunday.

Mrs. J. B. Cole of El Paso has returned to her home after a pleasant visit with Mrs. E. R. Haynes and the R. B. Haynes family.

Mr. and Mrs. C. C. Fitzgerald and son of Higgins spent the week-end in Oklahoma City.

Mr. and Mrs. Jack Montgomery and Mrs. Pedro Dial made a business trip to Oklahoma City last week.

Mrs. G. Carmichael and daughter, Marie, left Friday for a vacation at Dallas and other points in East Texas.

## Outdoor Revival To Continue This Week

A revival in the Church of God, being conducted in the open air behind the Alamo hotel, will continue through this week. It is announced by H. W. Pugh, evangelist.

The public is invited to attend and everyone is assured of a hearty welcome.

## Summer Chic for Fuller Figures

In Cool Cotton  
Voile and so  
Easy to Make

By ELLEN WORTH

Pretty features about this charming new dress have been specially thought out to flatter the fuller figure.

Note the cool V-neck with band that ends in a softly falling jabot that cuts breadth. It has cool cape sleeves. The bodice cut in princess styling at the front will give a tall appearance. It is belted only across the back.

You'll find this one-piece dress amazingly easy to sew.

Sports cottons as shantung linen-like weaves, crisp cool sheer seersucker, pique besides linens and tub silks will also make up effectively in this model.

Style No. 1823 is designed for sizes 16, 18 years, 36, 38, 40, 42, 44, 46, 48 and 50-inches bust. Size 36 requires 3 1/2 yards of 39-inch material.

Our Illustrated Home Dress-making Book contains the latest fashions together with dress-making lessons and the fundamental principles of sewing. Whether you are an experienced sewer or just a beginner, you will find this book helpful indeed in making your summer clothes. It is just full of ideas to enhance your own looks. You simply can't afford to miss it! Send for your copy today.

## Which Did Mother Wear?

1916

1936

Uniform styles at Texas State College for Women (CIA) have changed with the prevailing fashion, and the demure miss of 1916 bears little resemblance to the trim

young modern of today. Miss Joy Hawing of Denton models the uniform worn by her mother two decades ago, and the uniform she will wear this fall.

## SISTER MARY'S KITCHEN

By NEA Service

You needn't go further than the corner market these days to find a delicious dessert, for peaches are in season and, served just as they are or made into elaborate dishes, peaches are one of the most popular of fruits.

I suppose that's why we say that something which rates highly is "a peach."

Since you may prefer peach pie to the shortcake, I'm giving both recipes.

**Peach Pie**  
Eight or ten perfectly ripe peaches, 3 eggs, 1 cup sugar, 3-4 cup flour, 3 tablespoons butter, 2 tablespoons lard, 1-2 teaspoon salt, 3 tablespoons ice water (about).

Scald the peaches, slip off the skins and cut in halves. Sift salt with flour and work in lard and shortening with pastry blender. Add water, a few drops at a time, cutting it in with a broad-bladed knife. Shape into a round flat cake and roll on a lightly floured molding board into a sheet. Fit into a nine-inch pie dish which has been well greased with lard. Pink edges and fill with peach halves, cut side up. Beat eggs until light with sugar and pour over peaches. Bake in a hot oven (425 degrees F) for 12 minutes. Then reduce heat to 350 degrees F and bake until peaches are tender about 30 minutes longer.

**Peach Shortcake**  
Two cups sifted cake or pastry flour, 3 teaspoons baking powder, 3-4 teaspoon salt, 2 tablespoons butter or other shortening, 3-4 cup milk (about), 8 or 10 peaches.

Peel and slice peaches and sprinkle with sugar. Cover and let stand while making and baking shortcake.

Sift flour once, measure and add baking powder and salt. Sift again into mixing bowl. Cut in shortening with pastry blender. Add milk,

cutting it in with a broad-bladed knife. Turn onto a slightly floured molding board and knead very lightly with the tips of your fingers which must be well floured. Divide dough into halves and roll gently into two rounds not more than 1-2 Fit one round into a well-greased layer cake pan and brush with softened butter. Put remaining dough on top and bake in a hot oven (400 degrees F) for 20 minutes.

Reserve some peaches for garnish around the edge of the plate. Separate halves of hot shortcake. Spread bottom half with softened butter and half of the fruit. Put on top, crust down, spread with butter and remaining peaches. Garnish with whipped cream with or without sugar and cream.

**Tomorrow's Menu**  
BREAKFAST: Blackberries, cereal, cream, scrambled eggs, toast, milk, coffee.  
LUNCHEON: Cold sliced lamb loaf, potato chips, scalloped corn, watermelon cones, muck and food, milk, tea.  
DINNER: Chilled tomato juice, pan-fish, lima beans in cream, cucumber salad, peach shortcake, milk, coffee.

## Boys In Rowboat Fight Off Sharks And Capture One

FRISCO, N. C., Aug. 25 (AP)—Two 13-year old boys related a tale today of how they battled a school of mad-dened sharks from a rowboat, bagged one, escaped, and then returned the big fish to prove their story.

The boys, James Mitchell-Hedges and Raymond McHenry, were wading in the shallow waters of Pamlico Sound off Hatteras Island.

One boy spied a fin cutting through the water, low behind them. They hopped into the boat just as the shark swished by, the youths said.

The shark left but soon came back with ten others which swam around and around the boat so closely, the boys said, they could have struck a blow with the oars.

One shark finally became enmeshed in the net.

Quickly the boys loosed the net from its mooring and rowed for shore, towing the imprisoned shark. They said the other sharks followed to within a few feet of shore.

The captured fish measured 11 feet and weighed approximately 700 pounds.

**CRUDE PETROLEUM UP**  
TULSA, Okla., Aug. 25 (AP)—Estimated daily average crude petroleum in the United States increased 8,017 barrels daily during the week ending Aug. 22 for a total daily production of 3,076,218 barrels, the Oil and Gas Journal reports.

Production in Oklahoma increased from 901,450 to 905,306 barrels for an increase of 4,044 barrels daily.

East Texas reported an increase of 5,539-barrels for a total of 448,787 barrels daily. Production in the total state of Texas was up 14,742 barrels to a total of 1,184,754 barrels daily.

California's production was down 15,000 barrels, declining to 577,000 barrels daily. Louisiana increased from 232,330 to 234,322 barrels daily.

**REBELS CLAIM VICTORY**  
GIBRALTAR, Aug. 25 (AP)—A Spanish rebel broadcast today asserted the insurgents had dislodged loyalist forces from Navaterra in the Guadarrama mountains north of Madrid after a week of fighting.

Mexico officials are attempting to have farmers raise soy beans.

## JUNE WEDDING OF LOCAL PAIR IS ANNOUNCED

### Mr. and Mrs. Danner Are At Home In City Now

Announcement is made of the marriage on June 9 of Miss Sunny Jones and Paul Danner. The wedding was solemnized at Sayre, Okla., by the Christian minister.

Miss Joan Hill and Frank Shields attended the couple. Immediately after the ceremony Mr. and Mrs. Danner returned to Pampa, and since announcement of the marriage they are at home at 303 Sunset Drive.

The bride is the daughter of Mrs. Mattie Baker. She attended high school here, and for the past year has been employed at the Pampa theaters.

Mr. Danner, formerly of Houston, is with the Empire company.

## Utility Lawyer Says Business Is Losing Freedom

BOSTON, Aug. 25 (AP)—George R. Grant of Boston, chairman of the public utility section of the American Bar association, declared today attempts at state and federal regulation of private property and business, if continued, might "alter our whole business structure."

In an address prepared for delivery before that section at the Bar association's 59th annual convention, Grant said:

"If American business still treasure a reasonable degree of freedom of management which it formerly had considered safe under constitutional guarantee . . . it must fight to retain public opinion favorable to that end, and the time to fight is now."

Problems of publicity in sensational criminal cases, raised by the trial of Bruno Hauptmann for the Lindbergh baby kidnaping, also were up for consideration today.

"Tumult and excitement have prevailed in the ranks of so-called defendants on the question of one hand, and of those who advocate certain new deal theories of public welfare on the other hand."

## Girl Scout News

Troop one met at the Little House yesterday morning, when patrol names were chosen. Alma Watkins and her patrol decided on the poppy as their crest, while the bluebonnet was chosen by Mary Lou Douglas' patrol.

Two new members were welcomed to the latter group, and completed tenderfoot tests. Some of the old members finished second class tests, while others worked on first class tests.

Scouts attending were Frances Deering, Betty Jo Hillard, Thelma Jo Thompson, Annabelle Lard, Mary Lou Douglas, Blanche Day, Alma Watkins, Cletha Smith, and the leaders, Mrs. R. K. Douglas and Mrs. Clarence Coffey.

Joan Hawkins was a visitor, and entertained with a piano number.

**CRUISER IS DAMAGED**  
GIBRALTAR, Aug. 25 (AP)—The 10,000-ton Italian cruiser Gorizia, damaged in her bows, was towed stern first into Gibraltar today. Informed sources said the Gorizia was damaged by an explosion in gasoline tanks in her bows. No casualties were reported.

The fossil of a prehistoric camel has been found in Oklahoma.

## To Wed Pupil

Coach, trainer, and "inspiration" behind the Olympic decathlon victory of Glenn Morris, Miss Charlotte Edwards is to become Morris' bride when he returns to America from Europe. Miss Edwards, seen here in a new photo at Sterling, Colo., where she is a school teacher, is given full credit by Morris for his record-breaking feats in Germany.

It was aimed directly at what would permit them to start on their projected round-trip flight to London.

Their big (Vultee) monoplane, its 1,000-horsepower engine overhauled and a two-way radio installed, said airport attaches, was ready for the flight.

Richman, cafe and theater singer who owns the plane, said James H. Kimball, government meteorologist, had told him present storm areas over the Atlantic would not be dissipated for at least two days. Indications were that a start could not be attempted before Friday.

NEWARK, N. J., Aug. 25 (AP)—Dick Merrill and Harry Richman sought an approval of the department of commerce today which would permit them to start on their projected round-trip flight to London.

Richman, cafe and theater singer who owns the plane, said James H. Kimball, government meteorologist, had told him present storm areas over the Atlantic would not be dissipated for at least two days. Indications were that a start could not be attempted before Friday.

CIVIL SERVICE EXAMINATIONS  
The United States Civil Service Commission has announced open competitive examinations as follows: Accounting and Auditing assistant, \$1,800 a year.

Administrative Offices, various grades, \$3,800 to \$5,600 a year. Senior Administrative assistant, \$3,200 a year. Social Security board.

Full information may be obtained from O. K. Gaylor, secretary of the U. S. Civil Service Board of Examiners, at the post office here.

Nevada, smallest state in the union in population, ranks sixth in size.

Mary Phillips, George M. Cohen's favorite leading lady, is one of the latest stage actresses to succumb to the Hollywood fever.

Saratoga, Calif., which had a population of 93,000 in the last census owns art treasures valued at \$15,000,000.

Leslie Hewes, instructor in geography at the University of Oklahoma, doing field work this summer in the Oklahoma Ozark mountains gathering material for a doctor's dissertation entitled "The Cherokee Indian Country."

## German Army To Have 800,000 In Terms Of Decree

BY WADE WERNER.  
Associated Press Foreign Staff.

BERLIN, Aug. 25 (AP)—Germany will have an army of between 700,000 and 800,000 men, the propaganda ministry announced today, as soon as October recruits are called to the colors.

The 1914 class now completing its year of training will be held another year, it was announced. Men belonging to older classes or who volunteered for services will be relieved.

Germany's present fighting strength has been estimated at 500,000 and upwards. (The French press estimated today the reich would have an army of 1,200,000 by 1937, or almost twice as many as France's 605,000.)

Reichsfuehrer Hitler's decree increasing the term of compulsory military service from one to two years, a propaganda ministry spokesman said, becomes effective with a war ministry order today or tomorrow.

It was aimed directly at what would permit them to start on their projected round-trip flight to London.

HALL-McCUSTION.  
Miss Maudie McCustion and Dee Forest Hall were married at 4 o'clock yesterday afternoon, when the Rev. Will C. House, First Methodist minister, officiated in his study at the church. The couple, both Pampa residents, will make their home here.

## Demo Campaign Literature Here

Pictures of Roosevelt and Garner, plus with photographs of the presidential candidate and Democratic campaign literature are ready for distribution in Gray county.

Siler Faulkner, Democratic county executive chairman, today received a supply of pins, pictures and literature, and announced that it is free to the public for the asking while the supply lasts.

The material may be obtained at Mr. Faulkner's office in the courthouse.

## Questions that Some Folks Ask

About Cardui  
Benefit For Mal-Nutrition  
Cardui contains extracts of two plants which are classed among the "bitters" in medicine because they are known to increase the flow of digestive juices—to improve digestion—so there is a craving for sufficient food for the body's needs, and by their action more energy (or strength) is obtained from the food eaten. The food, of course, brings the additional strength, but Cardui serves as the means to this end by its good influence on the digestive system.

# CITIES SERVICE WINS WAY TO PLAYOFF WITH VOSS TONIGHT

## WINNER WILL BE PANHANDLE TITLE HOLDER

### FAVORED SKELLY TEAM IS ELIMINATED IN TIGHT GAME

Voss Cleaners and Cities Service will meet again tonight at Road Runner park to decide which team will represent the Panhandle of Texas at the state softball tournament to be staged in Fort Worth early next month.

Last night in two of the most exciting and thrilling games in the local tournament, Voss Cleaners dropped their first game to Cities Service, 6 to 5 in eight innings, and then stepped back into the limelight with a 4 to 3 win over the favored Skelly-Schafer Oilers.

Tonight's game will be called at 8:30 o'clock. Admission for the championship tussle will remain 10 cents for women and 15 cents for men.

Cities Service stepped into a lead in the second when Voss's three hits, a walk and an error accounted for four runs. A base hit and an error put the gamblers comfortably in front in the next inning. Not beaten, Voss evened the count in the fourth with three hits, a walk and an error. For three runs after they had pushed one across in the fourth when Pinnell tripped but was caught trying to score. Morrison led him to the plate after getting a life on an error.

Won in Eighth

Cities Service won the game in the first half of the eighth which opened with Hoy hitting a single. Halbig went out but Johnson crashed through with a single. Hoy, however, was caught at the plate on a beautiful peg by Morrison. Murphy was safe at first when Prince threw his easy grounder into the dugout, which let Johnson score the winning run.

Dick Sullins, Voss Cleaners' roving shortstop, came up with one of the most sensational plays of the tournament when he took Harvey's fly on the dead run toward the fence.

Skelly-Schafer jumped into an early lead in the second game but failed to hold it. A walk to Stine, first batter to face Patrick, resulted in a run in the first inning when he scored on Hays' long single. Again in the second Skelly's shortstop hit took three hits, White's perfect peg from deep center field to Sheridan at the plate cutting off Sorenson. Paff's double scored Cobb who had singled. Skelly went three runs up in the fourth when Smith kicked an one of Patrick's shoots to send it to the left field fence.

Score is Tied

The cleanersmen, who had been held to one hit going into the fifth, jumped on Wimpy Hays to tie the score. Prince opened proceedings with a double. Voss's shortstop went out to third base but Patrick came through with a single to score Prince. Sullins then evened the score with a triple down the first base line.

The next hit of the game came in Skelly's half of the seventh when Sorenson led off with a double. Fielding saved the day even though Weathered led one get away from him to put another man on base after Sorenson had been forced at second.

Then came the seventh. Prince's error led Voss to score after the game, came through for the second time against Skelly, this time opening the inning with a single. He went to second when the roving shortstop tried to pick him off first and threw the ball away. Maples fled out to left. Prince made the throw, but the fielder, also put the fans on their feet with a couple of great catches.

The lost sent Skelly-Schafer out of the tournament, leaving only Voss and Cities Service of the 19 teams which opened hostilities nearly two weeks ago.

## THOUSANDS TRY TO QUALIFY IN AMATEUR GOLF

### Title Is Open After Little Turned Professional

NEW YORK, Aug. 25. (AP)—A thousand golfers, firing probably 150,000 shots over thirty courses, started out in one of the greatest of links tests today, the sectional qualifying rounds for the United States amateur championship.

On the sidelines were 30 who could watch the knock-down, drag-out battle unperturbed. They were sure of their places among the 210 who will be permitted to start in the match play rounds at the Garden City, L. I., golf club Sept. 14, either through exemption or because they qualified in the California tests two weeks ago.

Of the record entry list of 1,120, exemptions were granted only to the ten members of the British Walker cup team which arrived yesterday to play the United States in the international matches at Pine Valley next week, a half dozen other British players and eight former national amateur titleholders.

After the California rounds, played early to avoid a conflict with the state championship, qualified six men, 1,087 players were left to compete for 180 places in today's tests.

That list included all but two members of the United States Walker cup team and practically every other well-known amateur in the country.

In addition to George Voigt of New York, the Walker cuppers who elected to tackle the huge Metropolitan field instead of trying to win one of the few places offered in their home districts were Albert (Scotty) Campbell and Harry Givan of Seattle and Reynolds Smith of Dallas.

In addition to the British Walker cup squad, exemptions were granted to Tony Torrance, A. R. Aitken, Lieut. Col. H. A. Boyd, H. E. Taylor, Stanley Morrison and Henry Longhurst of Great Britain and the former champions, George Dunlap, Chic Evans, Francis Outmet, Jesse Guilford, S. Davidson Herron, Max Marston, Jess Sweetser and Ross (Sandy) Somerville. Last year's title holder Lewis and Henry Longhurst turned professional, leaving the field undefeatable.

## NEXT 10 DAYS MAY PRODUCE LEAGUE CHAMP

### CRUCIAL STAGE NEAR WITH GIANTS AND CARDS IN TIE

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer

The National league pennant race may be decided between now and September fourth, although the season still has more than a month to run.

The stage was set for a "crucial" tour yesterday when the Pittsburgh Pirates, replaying Sunday's tie game through exemption or because they qualified in the California tests two weeks ago.

Today the Giants, showing no sign of the late-season "crackups" that have marked their other campaigns, open an important trip through the western half of the circuit. If Bill Terry's team should run into a big winning streak it could almost wrap up the flag and bring it home.

Paul Dean, making his first start since July 4, showed no signs of the sore arm which has been bothering him, but he couldn't keep the cards on top. Given a comfortable lead by a four-run blast in the third, he weakened in the fourth inning and retired before an attack that tied the count.

Ed Heusser was the victim of a six-run blast in the next inning and the Bucos bats played the same tune against George Barnshaw and Flint Rhim to pile up a total of 25 blows. Bill Brubaker set the pace with five straight hits.

Meanwhile the Cubs, only 3 1/2 games off the pace and holding a fine spot to go places, had a stiff struggle with Cincinnati's Reds. They finally won out in the tenth inning, 2 to 1, when errors by Les Scarsella and Alex Kampouris put Frank Demaree on third. Augie Galan singled him home.

In the only other game on the big league program, the Chicago White Sox continued their bid for third place in the American league by hammering out an 8 to 4 decision over Detroit's Tigers. Nethin Taylor Bridges nor Vic Sorrell could check the Chicago batters.

## WESTERNERS START PRACTICE, ENDING TALK OF SQUAD STRIKE

Three letters from last year, two of them 200-pound linemen and the other a "flashy 170-pounder, will join six other lettermen around which Coach Weldon Chapman of the Lubbock Westerners will build his 1936 squad. Practice was scheduled to get underway yesterday with 50 boys reporting, maybe.

There was talk in Lubbock that a strike would be called by the players when the school board announced "no training camp this year." Coach Chapman thought he had the difficulties ironed out, however, and expected most of the boys to report to their new field.

Says the Lubbock Avalanche: "Leading the squad will be the two regular guards of last season, Captain Wilburn Pierce and C. L. Sicra. Pierce will be at his regular guard slot, but Sicra has been converted into a fullback and signal caller. He is one of the best punters and passers on the squad.

Heavyweight at Center

At center will be the oversize Rafe Nabors, 212-pound letterman. Nabors should make a great lineman, and is expected to be a power in defense. His understudy will be Herb Leaverton, a Cowhand of last season. Sterling Short, 200-pound guard, and C. H. Tubbs will be outstanding candidates for guards.

Short was a season's letterman, and Tubbs comes up from the Cowhand team.

Paul Kinar and Robert Spikes are other former Cowhands who looked good in spring training, along with Jerry Nash and Lloyd Sanders, left and right respectively.

At the tackle positions, the leading candidates are Babe Ritchie, 208-pound man-mountain who made an excellent record last season, and Virgil Simmons, 190-pound newcomer who showed good blocking and tackling in the spring drill.

Joe Pytel, Henry Ford, Homer Henlee and S. C. Carlton are other candidates expected to compete strongly for tackle posts.

Squadmen at Ends

Arvil Lee Oden and Ralph Lettinger, squaddens of last year, are the most promising ends. Giving them close competition for the regular jobs will be H. L. Gantz and Billy Woods of the Cowhands and "Rusty" Johnson, Ernest Winter and Joe Bob Foster of the Junior High Cowboys.

Three letter men will try for backfield jobs, with Storrs leading the speed merchant last year and almost a regular, and Max Rutledge, hard-hitting halfback, are in line for regular berths, the wing-back positions, left and right respectively.

There'll be a search for a blocking back and line buckler who can go. From the Cowhands are Melvin Billings, Earl Ince, Isaac White, Furman Williamson and H. L. King, who will be trying for backfield positions.

From Mule Davis' Junior High Cowboy squad are Harold Parsons, Dutchy-Cawthon, Bill Sessums, and five newcomers, Jarvis Wright, Couslon Paxton, Robert Castle, Jack Coulson and Max Hilton.

Assisting Chapman through the early days of the fall camp, and possibly until after school starts will be the regular backfield coach, Goobar Keyes, Assistant Line Coach Benny McWilliams, and Cowhand Coach Ross Ayers.

To the Westerner schedule of nine games may be added a tenth, probably a road trip to Canon City, Colo., on Oct. 3. El Paso plays here Sept. 18, the Westerners go to Abilene Sept. 25, play Cleburne here Oct. 9, Capitol Hill of Oklahoma City here Oct. 17, Pampa at Pampa,

## TEXAS GOLFER IS LIKELY TO WIN NATIONAL

### Smith Believes The Dallas Contenders Good Enough

By REYNOLDS SMITH, United States Walker Cup Team (Written for the A-P)

DALLAS, Aug. 25 (AP)—As I look back over 10 years, I well remember the first golf ball I ever hit. The thrill, the sensation of seeing that ball rise off the ground, was one I have never forgotten. I knew then I was destined to be a golfer.

So, starting with what the experts told me was a natural, smooth swing and the desire to win, I practiced and played golf as much as possible. After some five or six years I engaged in tournament play and it was not long until I was facing the very toughest competition in the Morelands, Goldmans and Mungers.

This season proved invaluable when I played me to keep my head when I played in the national amateur championship of 1934 and set a world's record by winning five extra-hole matches and advance to the seventh round.

I feel that this showing nationally, together with the winning of some major championships in the southwest, made it possible for me to realize my greatest dream—the dream of every amateur golfer—to be selected as a member of the United States Walker Cup team.

It might be well to mention here that I believe the Americans will again win due to the fact that as a team, we are a more fearless, bold type of golfer than our English friends. So, for this reason and the fact that the matches are to be played over Pine Valley, the toughest course in the United States, I rate the American favorites.

From the Walker Cup matches I leave for the Garden City golf club in Long Island, where the national championship is to be played September 14 to 19. I would like to say here that one of our Texas boys is likely to bring the championship home—perhaps to Dallas.

## INDIANS CLING STUBBORNLY IN FOURTH PLACE

### TIE IS HELD UNTIL DARKNESS ENDS BATTLE

Today's games: San Antonio at Dallas (night). Beaumont at Fort Worth (night). (Only games scheduled.)

The Oklahoma City Indians, fighting to remain in the top division for a chance in the Texas league title play-off, at least are holding their own in fourth place.

They battled the Fort Worth Cats to an eleven-inning 4 to 4 tie last night. The game was called to allow the Indians to catch a train home. Pisticuffs between rival catchers, Gus Brittain and Dallas Warren, enlivened the affair.

The Buffs could do no better than break in a doubleheader with Galveston. Jimmy Lyons chalked up his tenth consecutive win as he hurled the Buffs to a 2 to 1, eleven inning victory in the opener. Bill Tom Bennett gave up but two bingles to blank Houston in the afterpiece, 2 to 0.

The Dallas Steers found a tartar in Clarence Pickel, lanky Tulsa hurler, who tamed the loop leaders 4 to 1.

San Antonio's scheduled doubleheader at Beaumont was postponed on account of rain.

## Rams Are Latest Laketon Victims

Laketon's revamped lineup took rubber game of the season from the Pampa Rams, 8 to 6, Sunday afternoon on the Ram field. It was Laketon's 11th win in 16 stars this season.

With "Silent Alf" West absent, Laketon sent Duke Mays of the Western Carbon Blackfaces to the hill. He was opposed by Lefty Harbey who showed up better with the willow than at chinking the ball. Harbey crashed one for a home run on his first trip to the plate and followed with a double and a single before the Wheat Growers could get him out.

Roy Barnes led Laketon's attack with a triple, double and single, all at opportune times. His triple started a rally in the seventh which broke a 3 to 3 tie.

The Rams also threatened in the seventh with a three run rally but after that Mays allowed only one hit.

Errors paved the way for several runs on both sides. Blair, Ram shortstop, was the "goat" with four miscues recorded against him.

Laketon will try to avenge a 9 to 8 loss in 11 innings to Shell next Sunday afternoon.

Shanghai and Nanking, China, boast huge stadiums seating 70,000. Many were turned away from the Chinese Olympic tryouts.

## YESTERDAY'S STARS

(By The Associated Press)

Augie Galan, Cubs—Drove in both of Cubs' runs as National league champions defeated Reds 2-1 in ten innings.

Luke Sewell, White Sox—pounded out home run, double and two singles and drove in three runs against Tigers.

Mace Brown and Bill Brubaker, Pirates—Former head cards to two hits in 6 2-3 innings of relief hurling; latter had perfect day at bat with five singles.

Not only is Mrs. Hall the leader of the "weaker sex," but she is the champion of the world's class B shooters. She held her own at 197 out of 200 a year ago and then beat them in a shoot-off to take the laurels the highest a woman has won over the traps.

Today's North American events were 200-target races at 16 yards, and the East-West 10-man team shoot.

Hale C. Jones, 29-year old automobile salesman from East Alton, Ill., won his first grand American title yesterday after years of effort by beating all other state champions in a 200-target race. He broke 196 of 200 to the R. M. Jenkins of Orleans, Ind., for the crown, and then broke 25 in a row in the shootoff to win. Jenkins missed his 22nd target.

## Pippen Recalled To Bolster Staff Of Card Pitchers

ST. LOUIS, Aug. 25 (AP)—Branch Rickey, vice president of the Cardinals, announced today Henry (Cotton) Pippen, 24-year-old star hurler of the Sacramento Pacific Coast league club, has been recalled to help the Red Birds' pitching staff in the National league pennant drive.

Pippen's winning of 10 consecutive games for Sacramento was heralded as the outstanding feat of the coast league season.

He was ordered to fly to St. Louis immediately and Rickey said the former Texas College of Mines athlete might be in readiness for Thursday's game with Boston.

## MAJOR LEAGUE LEADERS

National League

Batting—Medwick, Cardinals, .370; Mize, Cardinals, .368.  
Runs—J. Martin, Cardinals, 102; Ott, Giants, 95.  
Runs batted in—Medwick, Cardinals 119; Ott, Cardinals, 107.

Pitching—Lucas, Pirates 11-3; Hubbel, Giants 18-6; French, Cubs 15-5; Gumbert, Giants 9-3.

## Secret Practice Is On Bears' Schedule

DALLAS, Aug. 25 (AP)—The Centennial all-America footballers, who meet the Chicago Bears of the National Professional Football league here September 7 will take no chances on their strategy being revealed. Locked gates will hide their drills.

Coach Dutch Meyer of Texas Christian, who with Coach Matty Bell of Southern Methodist will tutor the collegians, expected 14 stars to report for the opening of training today. Seventeen others are scheduled to arrive after they compete in a similar contest against the Detroit Lions at Chicago September 1.

"Those Bears will catch onto our tactics too soon to suit us anyway," Bell commented recently.

## Youngsters May Beat Champs In Tennis Doubles

BROOKLINE, Mass., Aug. 25 (AP)—The devotees of tandem tennis looked over the opening results of the 45th men's national doubles today to predict another windup involving the defending champions, William Allison and Johnny Van Ryn, against Don Budget and Gene Mako, the U S Davis cup pair.

Those two teams have met at least 10 times this season and the racquets of Budge and Mako, young and promising and California's best, have always been victorious. Four of their triumphs came in Davis cup test matches.

Allison and Van Ryn defeated Bunge and Mako in last year's national doubles final, three sets to one, but the youngsters have made much progress down the tennis roads since then and the oldersters appear to be slipping backwards.

The presence of the other 12 teams to survive the first round play is not regarded as threatening.

## Ex-Star Of Grid Comes Back After 20 Years To Play

BERKELEY, Calif., Aug. 25 (AP)—William Lorne West, 20 years ago a star right end on University of California's "wonder team," is back at school determined to play varsity football again.

The 40-year-old athlete, who says he is Cherokee Indian and Irish, stands six feet plus and weighs 225. He wants a tackle position.

West left the university as a sophomore to go to war. He has two years' eligibility.

## Sports Roundup

By EDDIE BRIEZE, Associated Press Sports Writer

NEW YORK, 9 AUG. 25 (AP)—Jesse Owens will "definitely" turn pro... Jesse Owens will "definitely" turn pro... Jesse Owens will "definitely" turn pro...

Notre Dame will have a swell team next fall despite heavy graduation losses... and don't let anyone kid you about that... Eimer Layden, despite the moaning you can hear all the way from Canada, has enough material for three Grade A teams... and secretly brags about it.

Jesse Owens was given a lot of nicknames by European sports writers, but the only one he remembers is the "black panther," the tag given him in London... Jesse says he couldn't read the labels the German scribes tacked on.

Max Schmeling demanded \$600,000 on the line for a return bout with Joe Louis... Mike Jacobs, who had offered \$300,000, recovered himself and told Max to go to... So far, Joe McCarthy is the only major league manager to call his shots in the spring... but it looks as if William Terry may get under the wire... If the Yanks and Giants meet in the world series, they're sure to break all attendance records.

## Suspension Lifted For Wes Ferrell

BOSTON, Aug. 25 (AP)—Boston Red Sox Manager Joe Cronin, today announced he had lifted the suspension he slapped on the hurling ace, Wes Ferrell last Friday after the big right hander slaked from the box in the sixth inning of the game with the new York Yankees.

Cronin talked with Ferrell for three quarters of an hour at Fenway Park before announcing the pitcher would take the mound again on Thursday. His suspension, however, was lifted effective today.

Cronin said the \$1,000 fine he imposed on Ferrell would stand.

Ferrell went onto the practice field immediately after his conference with Cronin.

Johnny Frederick, former Brooklyn baseball player, today is renting tourist cabins on the Redwood highway in California.

The youngest Finnish Olympic athlete is 25, and the oldest 40.

## CONFESSOR TO ROYAL FAMILY UNDER ARREST

### New Fascist Purge Is Under Way In Madrid

**BY JAMES OLDFIELD.**  
(Copyright, 1936, By The Associated Press)

MADRID, Aug. 25.—The Spanish Socialist government arrested the aged Father Jose Fernandez Montana, who ministered to the former royal family, in a new purge of Fascist sympathizers within Madrid today.

The former confessor to Alfonso and Victoria was arrested as a new "people's summary tribunal" inaugurated "swift and relentless justice for Fascists."

Four rebel officers were executed upon sentence by the new tribunal, created after a fire and attempted rebellion in the capital's "model prison" Saturday.

On the battle front, loyalists prepared to move up reinforcements in the mountain terrain outside Madrid from the enemy yesterday.

Far into the night, flames from the burning wing of the one-time royal palace of La Granja lit up the silent plain of Segovia, an official report asserted.

Artillery crews hidden on a road 6,000 feet high along the Guadarrama Sierra ridge from Navacerrada to El Pinar pass rested after unleashing a veritable tornado of shells

on the rebel town of San Il Defonso, nestled around the magnificent palace built by sombre King Philip V nearly two hundred years ago.

Two rebel planes were brought down in flames during the battle, the government report said, while on the nearby pass of Navafria, militiamen beat off a Fascist attack.

**TORRID TAXPAYER**  
KANSAS CITY (AP)—With Joseph Centimano, 24, it was a plain case of 109-degree heat and doing something about it.

Police found him wearing trunks and sitting on a curbing, enjoying a stream of water from a fire hydrant. "I am a taxpayer," he explained. "The water is public water and I was hot so I went with my wrench and turned on the hydrant."

He was ordered to tell it to the commissioner of water collections. h... Aug. 25, P... J... TH... TH... MAR

## WAR INVOLVING GERMANY, JAPAN, AND RUSSIA BECOMES GROWING THREAT TO PEACE

(Editor's Note: Do relationships between Russia, Germany and Japan threaten peace in eastern Europe and the Orient? DeWitt MacKenzie, a veteran foreign correspondent for The Associated Press, explains in this article the current situation, its background, and its potentialities.)

**BY DEWITT MACKENZIE,**  
Associated Press Staff Writer.

NEW YORK, Aug. 25 (AP)—Three developments have given rise to concern as to whether the frequently predicted Russo-Japanese-Germanic war is approaching:

1. The initial success of Admiral Horthy, Hungarian regent, in his efforts to create a strong anti-Soviet front of middle European nations, including Germany.
2. The report from Berlin that the German government is about to double compulsory military service to two years because of "Russian military expansion."
3. The Russian charge that Germany and Japan are about to conclude an alliance and are riding for war.

Admiral Horthy, en route for a hunting trip in the Austrian Alps, went quietly into Bavaria last week-end for a "secret" conference with Adolf Hitler.

The Nazi dictator is said to have given Horthy his support for a proposed tripartite parley among Germany, Austria and Hungary to plan an anti-Bolshevik drive. Moscow already has called Poland a potential enemy and an ally of Germany.

Both Russia and Japan long have been talking openly of the probability of war between them, and just as openly have been rushing military preparations to meet any eventuality. Each country is well set for trouble if it comes.

Germany has indicated two objectives if she should engage in a war against Russia: the elimination of what she calls the communistic menace to Europe, and territorial expansion at the expense of Russia.

The Russian territory most often cited in Berlin is the rich Ukraine. Germans have been mentioning this freely as compensation to Poland for return of the Polish Corridor, Danzig, Memel, and perhaps upper Silesia.

Because of Poland's geographical position between Germany and Russia, her assistance would be vital to Hitler in event of war. The Polish army, reconstructed and retrained by the late Marshal Pilsudski, is held to be one of the crack fighting units of Europe.

While the barricade of alliances is being erected on the western bor-

### Newsmen Attend Centennial Often

DALLAS, Aug. 24 (AP)—Texas Centennial exposition officials today based hopes of a heavy fall attendance on the number of newspapermen visiting the exposition.

Seventeen states exclusive of Texas, were represented by newspaper employees Sunday. It was estimated 250 newspapermen pass through the gates each week.

Texas has been designated Ohio day, National Park day, Mason county day, and Milan county, Floyd county and Hardeman county agricultural days.

Yesterday's attendance was 31,368.

**OBBLIGING MONOTONY**  
COLUMBUS, O. (AP)—Mrs. Elinor C. Lewis asked police to look for a daily burglar who raids her ice box about noon.

It's been going on for months, she said, and on occasions he prepares a dessert, cooks a meal, washes his dishes, turns on her radio, reads her magazines, and leaves "thank you" notices.

EXECUTION OF RUSSIAN PLOT GROUP RUSHED

FIRING SQUAD KILLS 16 WHO CONFESSED CONSPIRACY

MOSCOW, Aug. 25 (AP)—Death before a firing squad ended today the careers of 16 confessed conspirators, many of them once high in the ranks of Bolshevik leadership.

They had been convicted a little over 24 hours before the death sentences were carried out secretly. A terse statement announced the executions after the central executive committee of the Soviet Union declined an appeal for mercy.

It was believed the execution took place at Detention prison near the foreign office in the heart of Moscow. Executions of this kind generally are believed to be carried out individually, with each prisoner shot in the back.

All had confessed their participation in the plot which the exiled Leon Trotsky, former minister of war and one-time revolutionary zealot, was linked as leader.

The communique announcing the fulfillment of sentence, "the highest measure of social defense—death before a firing squad," stated:

"The president of the central executive committee declined the appeal for mercy of the persons (the 16 conspirators herewith named) condemned by the military collegium of the U. S. R., August 24.

"The sentence in regard to all has been carried out."

The communique also did not explain why the action was so sudden. A previous announcement had said the prisoners would have 72 hours of grace.

Included among those who died were Leon Kameneff and Gregory Zinovieff, once members with Dictator Joseph Stalin of the triumvirate at the head of the Soviet Union during the illness of Nikolai Lenin.

"Skeets" Gallagher's hair turned white when he was 28, overnight. It was neither fright nor grief. It just happened.

Sued by Husband as Fake Countess

Eight volumes of family tree to the contrary, Lawrence P. Marrou of East Orange, N. J., oil fortune heir, charges that the title of beautiful, blonde Countess Adrienne Pantaleoni (above) is a fake and asks annulment of their marriage. The Countess says her title has been handed down by 800 years of ancestors.

LET'S KNOW TEXAS AND TEXANS

By WILL H. MAYES

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquiries must give their names and address, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Give the areas of the smallest counties in Texas. J. K. Olney. A. Rockwall is smallest with 149 square miles; Somervell next with 184; then Morris with 259, and Delta fourth with 261.

Q. I notice Refugio plant to erect a "campanera" at Centennial structure. What is that? C. C. Corpus Christi. A. A "campanera" or "campanero" is the bell bird of South America. A "campana" is a bell. A "campanile" is a bell tower, separate and apart from a church, and perhaps better expresses the kind of structure to be erected at Refugio, in which are to be hung the bells that were formerly in the old mission of Our Lady of Refugio.

Q. What Texas governor was removed from office by order of the Federal government? When was this and who succeeded him? D. A. Plano. A. Governor Throckmorton on July 30, 1867. E. M. Fense was appointed to succeed him. General Sheridan representing the Federal government in the proceedings.

Q. What part did Hermann P. Seale have in the early settlement of Texas? E. E. Yoakum. A. He came to Texas from Germany in the early 1850's; settled at New Braunfels, where he taught the first school under an elm tree; erected Seale's Hall, now a crumbling ruin, at New Braunfels; was

ICKES' FOSTER SON FREED ON DRUNK CHARGE

One Bottle Of Beer Caused Technical Complaint

WCBURN, Mass., Aug. 25 (AP)—Judge Arthur E. Eno of Lowell, today acquitted Robert H. Ickes, 22, foster son of Secretary of Interior Harold Ickes, of driving while under the influence of liquor.

Young Ickes, employed on a Public Works administration project, pleaded innocent to the charge that he had one bottle of beer several hours prior to his arrest the night of Aug. 10.

Sergeant Charles Harold, who arrested Ickes, testified he showed no signs of being intoxicated after the car bumped another machine in parking.

Harold said only after questioning Ickes about his license and registration did he smell his breath and believe he might have been drinking. Several other witnesses testified Ickes appeared sober.

Ickes' arrest brought from his foster father the charge that his foster son was the victim of unfair publicity inspired by "unfair political reasons."

Harold, however, denied the secretary's declaration asserting the charge was merely a technical one made in all such cases.

Mother Killed Girl Who Had 'No Pretty Clothes'

SEATTLE, Aug. 25 (AP)—Mrs. Ester Hilda Olson, 32, sat unperturbed in the court today after police said she admitted killing her 12-year-old daughter out of kindness because "she had no pretty clothes, no nice home."

Deputy Sheriff O. K. Bodia said the woman confessed she killed her daughter, Rose, on her birthday last Thursday with an ax and a butcher knife.

"Rose and I had to live like animals," Bodia said Mrs. Olson told him. "I've been on relief, getting \$10 a month. What chance did Rose have to be anybody or have anything?"

"She had been running around too much," Mrs. Olson told him. "And she had just come home from a birthday party that night and had gone to bed."

"After she had gone to bed I ate a grapefruit with a lot of sugar on it and I got a funny feeling and funny ideas came into my head. I grabbed an ax and hit her on the head and when I saw her suffering so bad I didn't know what to do. I took the butcher knife and cut her throat."

"I put her underneath the bed. I was afraid my folks would see her. I washed off the blood on the ax and off the butcher knife. I burned up two blankets."

"I took the body to Mrs. Olson tried to commit suicide shortly after the killing."

county judge, legislator and postmaster, and had such a strong influence upon the German settlement that he was fondly called "The Soul of New Braunfels."

A CENTURY OF TEXAS CATTLE BRANDS

All Texans will be interested in the origin and significance of early cattle brands of famous ranches as reproduced and catalogued in this new book of 84 pages. Arranged by counties.

Introductory articles on Texas History and the Story of Cattle Brands by Frank Reeves; and foreword by Anson Carter, owner of Fort Worth Star-Telegram; all of special interest to every cattleman.

Bound and postpaid for 50 cents. Address all orders to Will H. Mayes, 2610 Salado Street, Austin, Texas.

CHINESE MOB STORMS HOTEL TO KILL JAPS

OPPOSITION TO PLAN FOR CONSULATE IS THOUGHT CAUSE

SHANGHAI, Aug. 25 (AP)—Szechuen provincial authorities at Chengtu today advised the national government that a mob of 2,000 Chinese Monday night stormed the Chengtu hotel and killed two Japanese, injuring two others.

Another report said two of the travelers were seriously injured and two kidnapped.

Japanese here stated the group consisted of two Japanese newspapermen from Shanghai, one official of the south Manchurian railway, and one Japanese businessman from Hankok.

The travelers carried passports bearing Chinese visas which authorized them to travel in the interior, Japanese authorities said.

The Japanese here said they believed the affair was an outgrowth of Japanese pressure for the reopening of the Japanese consulate in Chengtu, closed since 1932. The Chinese government has opposed the reopening on the grounds Chengtu is not a treaty port, and therefore a foreign consulate there is unauthorized.

A Chinese crowd, the Japanese said they were informed, met at Chengtu Monday afternoon to oppose the proposed consulate, after which they "marched to the hotel where the Japanese were staying, overpowered the Chinese police and attacked the Japanese."

Primaries Today Have New Deal, Pension Issues

(By The Associated Press) Primaries in three states today commanded national attention.

In Mississippi the veteran Senator Pat Harrison, after a campaign in which he stood on his record as a new Deal supporter, contested with former Governor Sennett Connor for the Democratic nomination.

Connor was aided by Senator Bilbo, colleague, but foe of the senior Senator. The party will also nominate seven Representatives, one unopposed.

In South Carolina there is a clear-cut fight between Senator James P. Byrnes, administration stalwart, and two New Deal critics—Thomas P. Stoney, former mayor of Charleston, and Col. William C. Harless, a retired marine, for the Democratic nomination.

The Democratic nomination movement met a ballot test in the state of its origin. The endorsements did not follow party lines. E. J. Margett, the pension plan's state manager, predicted victory in at least 13 districts.

More Money For Defense Wanted

TOKYO, Aug. 25 (AP)—"Perfection of national defense" heads the list of major national policies for the 1937-1939 fiscal year, the cabinet office announced today, indicating increased army and navy appropriations.

Promotion of foreign trade and encouragement of large-scale emigration to Manchoukuo were included in the seven-point program, the cabinet said.

Three months of cabinet deliberations and political bargaining preceded announcement of the policies.

Townsend's Wife Expended Pension Funds To Travel

CLEVELAND, Aug. 25 (AP)—Dr. Francis E. Townsend was expected to testify further today concerning financial affairs of his \$200-a-month pension movement after asserting his right to spend funds as he saw fit.

The 70-year-old chief of Old Age Revolving Pensions, Ltd., also testified last night at a deposition hearing that his wife's travel funds came from the organization's general account.

"There doesn't have to be a resolution for the expenditure of funds," Dr. Townsend said in response to a question by Attorney Ben F. Sacharow asking if the board of directors' approval were required.

"I am the president of the O. A. R. P.," he said. "All I have to do is to order the money drawn from the account. I merely tell the treasurer what I'm going to use it for."

The Rev. Alfred J. Wright of Cleveland, deposed Townsend director, is suing for an accounting of more than \$1,000,000 of the movement's funds, removal of Dr. Townsend and appointment of a receiver.

FOXY FOX CUB

The name of Jimmy Foxy is sure to be perpetuated in baseball, if you listen to the proud arguments of Papa Foxy, Red Sox socker, and the youthful ambitions of James Foxy, Jr. The youngster, shown above, is the slugger of Camp Sokokis, a boys' outfit in Maine, and is noted for his long distance clouting. He doesn't quite fill out a Red Sox uniform, yet, however.

# PARLEYS FILL DAY FOR FOR BEFORE TOUR

## CORN LOAN PROGRAM FOR DROUGHT AREA BEING MAPPED

WASHINGTON, Aug. 25 (AP)—President Roosevelt plunged into a series of conferences today prior to his departure from the capital for a fortnight's tour of the drought stricken crop lands.

One of the scheduled parleys was with Senator Carter Glass, Virginia Democrat who has been critical of some New Deal policies. The invitation prompted some discussion among observers as to what part Glass would play in the election campaign.

Mr. Roosevelt, accompanied by aides including Secretary Wallace and Harry L. Hopkins, works progress administrator, will leave the capital at midnight. In the middle west the group will be met by Rexford G. Tugwell, resettlement administrator.

During the trip Mr. Roosevelt will confer with officials and governors of 16 drought-affected states, including Gov. Alf M. Landon of Kansas, Republican presidential nominee. Aides said Mr. Roosevelt would make no speeches before audiences during the trip but might broadcast his impressions of the survey.

Agriculture department officials were busy meantime with details of a corn loan program designed to assure seed supplies next spring for wide stretches of the corn belt.

Wallace said he hoped funds for the corn-loan program would be advanced by the commodity credit corporation, adding that as much as 2,000,000 bushels of seed might be needed. He said \$5,000,000 to \$10,000,000 would be required to finance the program.

Coincidentally, WPA officials were reported confident that funds could be found for drought relief under provisions of the \$1,425,000,000 relief appropriation act of congress.

## County Judge To Enter Hospital

Judge C. E. Cary, of Gray county court, will leave Pampa tomorrow morning for Temple, Tex., where he will enter a hospital for treatment.

Unless an operation is found to be necessary, Judge Cary said he expects to return in two or three weeks.

County court is in adjournment until the opening of the October term on Monday, Oct. 5.

Miss Johnnie Scribner underwent a tonsillectomy at Pampa-Jarratt hospital this morning.

### GRAIN TABLE

CHICAGO, Aug. 25 (AP)—

Wheat	High	Low	Close
Sept.	1.13 1/2	1.08 1/2	1.10 1/2
Dec.	1.10 1/2	1.08 1/2	1.09 1/2
May	1.09	1.08 1/2	1.08 1/2

CHICAGO GRAIN  
CHICAGO, Aug. 25 (AP)—Late session rallies of about 2 cents in corn and 1 1/2 cents in wheat erased early losses in the grain market today. Corn closed at net gains for the session.

Buying of corn contracts, particularly those for September delivery, was associated with advice that the Argentine government would aid farmers in holding their corn in anticipation of higher prices. Private reports indicating rains have stopped threatening in some parts of Saskatchewan province, Canada, were credited with influencing late buying and scattered short covering in wheat.

September corn led the steep rally in that grain. Corn closed 3/4 cent higher compared with yesterday's finish. September 1.12 1/2-13, December 96 1/2-97. Wheat unchanged to 1/2 cent, September 1.10 1/2-3, December 1.09 1/2-10, oats lost 1/4 cent, closed 1/2 cent off, and barley dropped 1 1/2-3 1/2. Provisions lost 8 to 12 cents.

# EUROPE AT A GLANCE

(By The Associated Press)

Great Britain and France were reliably reported to be in communication on diplomatic proposals to check acts of brutality in the Spanish civil war.

Germany's doubling of military service term intensified Europe's leftist-rightist struggle. Reich's propaganda ministry estimated the decree meant an army of between 700,000 and 800,000 after October recruits are called to colors. French press reckoned Germany's 1937 army strength at 1,200,000, twice as large as that of France.

Moscow, at which military decree aimed, said it demonstrated Germany's "intensive preparations" for war.

Spain's Socialist government, in new purge of Madrid's Fascists, arrested the one-time confessor of former King Alfonso and executed four officers accused of starting a fire and mutiny.

Both rebels and loyalists claimed victory in Spanish mountain fighting north of Madrid. Rebel war planes again bombed Irún, in the north.

reported to have shown gradual but steady improvement and almost daily conferred by telephone with his subordinates in the war department and attended to official correspondence from his hospital bed.

The 64-year old war secretary was stricken ill with influenza last spring while making an inspection trip by boat of the Southern Intercoastal waterway. He was removed from the army engineers' vessel on which he was traveling at Charleston, S. C., and was flown to Washington where he entered Walter Reed hospital for a stay of several weeks.

He was anxious to get back to his desk and later friends became convinced that he left the hospital earlier than he should have. Almost immediately upon his release from Walter Reed he set out on another inspection trip to an army engineering project on the Delaware river in Pennsylvania.

Upon his return to Washington he suffered a relapse and again was taken to the hospital in mid-July, where he has been since that time.

President Roosevelt recently called upon him there. A prominent operator of gold mining properties, Dorn served two terms as governor of Utah, his adopted state, from 1925 to 1932.

He was appointed secretary of war by President Roosevelt and assumed that cabinet portfolio when the present administration took office in 1933.

# Senate Seat At Stake In Voting

VICKSBURG, Miss., Aug. 25 (AP)—The first precinct to report in today's senatorial primary gave nine votes to Senator Pat Harrison and none to former Governor Sennett Connor.

The precinct is in Warren county. In the congressional race, McGehee received 7 votes and Ellsey 2.

JACKSON, Miss., Aug. 25 (AP)—Fair weather greeted voters who went to the polls today to decide whether Senator Pat Harrison, chairman of the Senate finance committee, will be returned to his post.

Harrison is opposed by former Governor Sennett Connor, whose candidacy is supported by Harrison's colleague, Senator Theo G. Bilbo.

Voting was light in Jackson shortly after the polls opened but picked up later in the morning.

Tupelo, in north Mississippi, reported perfect weather with a steady stream of voters casting ballots.

Voting was brisk at Greenwood with indications that almost the entire electorate would be recorded.

Hattiesburg reported almost 1,000 persons voted by 9:30 a. m. the voting was brisk at Columbus.

UVALDE, Tex., Aug. 25 (AP)—Removal of challenged votes from ballot boxes in an election contest involving nomination for the Uvalde county judgeship continued today.

Special Judge Grady Lowery was prepared to take testimony this afternoon to determine the legality of the votes for M. R. Walcott, incumbent, and Bob Davis, nominee.

Mrs. Tom Herod and Mrs. Earl Davis left yesterday for Dodsonville where they will visit their parents, Rev. and Mrs. W. O. Cooley, former Pampans, for a few days.

securities commissioner, appointed secretary of state today by Governor James V. Alfred, said he did not know if he would accept the post.

"My duties with the securities commission now are such that I do not think I should leave them," Harp said.

An hour before Harp was told of the new appointment by the Associated Press he had given an interview to a newspaper reporter predicting Governor Alfred would have difficulty filling the vacated secretary of state post because of the salary of only \$2,500 a year.

"I was offered the job once before and refused it," he said.

Harp said the secretary of state had "tremendous responsibility," and anyone competent to hold the office could earn much more in private life.

He said he was in favor of the amendment which would increase the secretary's salary to \$6,000 annually.

He was here today en route to Chicago where he will attend a conference with other state's officials who propose to standardize whiskey warehouse receipts.

investigators it was worth \$500,000?" Dr. Townsend said he believed his answer at that time was that "I presumed it might be worth that." Then the doctor added:

"Mr. Sacharow, if the court grants your request and this organization is thrown into receivership, the Prosperity Publishing Company will be worth less than ten cents."

Sacharow questioned Dr. Townsend about the transfer of O. A. R. P. funds to Townsend Visual Education, Baltimore project, and to Dr. S. E. Taylor of the project.

Dr. Townsend said his "guess" was that between \$12,000 and \$15,000 has been transferred from O. A. R. P. to the other movement.

Questions as to Dr. Townsend's

personal wealth were ruled out by Common Pleas Judge George Kerr.

A wind storm broke while the hearing was in progress, shattering a large window in the courtroom and showering pieces of glass over a dozen elderly women, Townsend supporters. None was hurt.

# COLUMN

(Continued from page 1)

served to give you a better understanding of the industry around which your local lives are woven, we shall feel that the time nor space has not been wasted.

There is a law against Knock-Knocks, now—and we're glad of it... On the other hand something new has come up to take its place. It has to do with juggling nursery rhymes and such un-ill there is no sense to the darn things.

Like this: Roses are red, violets are blue, sugar is sweet, and so you won't talk eh? ... Or, Hickory-dickory-dock, the mouse ran up the clock, the clock struck one, and, boy, was the mouse mad?

Still more of same: Thirty days have September, April, June and November; all the rest have thirty-one—except Grandpa, and he has a long beard.

See? Not a particle of sense. Just fun. Take your pick and then twist the last line to suit yourself... However, never mind sending them to us... There's enough levity in the office now.

Week's best story, we think, is this one (lifted):

It was a picture only Whistler could paint. A gray-haired grandmother sat knitting by the lamp light. A small boy curled at her feet with his dog. The family album lay on the little table nearby. Logs crackle in the fire-place. Serenity, if ever.

The little boy looks up into Grandma's kindly face and says: "Grandma, why are you knitting?" ... And Grandma replies: "Oh, just for the hell of it."

# Rites Conducted At White Deer

Funeral services for Mrs. Margaret Francis McBee, 87, who died at Skellytown Saturday, were conducted yesterday at White Deer cemetery by the Rev. C. B. Riggs, pastor of the Holiness church at Skellytown. G. C. Malone Funeral home was in charge of arrangements.

Mrs. McBee had resided in Skellytown for two years. She was a native Texan, born in Henderson county in 1849.

Survivors are three sons, A. J. McBee, Skellytown, R. D. McBee, Atoka, Okla., and N. L. McBee, Healdton, Okla., three daughters, Mrs. Sarah Christian Ardmore, Okla., Mrs. D. L. Wright, Marietta, Okla., and Mrs. Margaret McCurley, Chickasha, Okla., and one brother John White, Van Zandt county.

# Funeral Set For White Tomorrow

Funeral services for Jim Ferrin White, 74, who died in a local hospital Sunday afternoon, will be conducted at 3:30 o'clock tomorrow afternoon in Fairview cemetery in charge of the Calvary Baptist church, South Barnes street, with Mrs. Chandler officiating. Burial will follow in Fairview cemetery in charge of Pampa Mortuary.

Mr. White, a resident of Pampa for nine years, passed away following an extended illness. He had made his home with a son here. Survivors are four daughters and two sons. Funeral services will be held at 3:30 p. m. at the church. All elders and deacons are urged to be present to outline fall and winter programs.

and after four years there will attend Theological Seminary for an additional three years before he is eligible for ordination in the Presbyterian ministry. He was graduated from Pampa high school in 1934.

# CHURCH BOARD CALLED

The official board of the Presbyterian church has been called for Wednesday night, 8 p. m., at the church. All elders and deacons are urged to be present to outline fall and winter programs.

and after four years there will attend Theological Seminary for an additional three years before he is eligible for ordination in the Presbyterian ministry. He was graduated from Pampa high school in 1934.

"APPAREL FOR WOMEN"

Others have found that good digestion and a sense of well-being are encouraged by Camels...so

*"for Digestion's sake... Smoke Camels!"*

"I'LL TELL YOU WHAT I DO," says Miss Claire Huntington, expert stenographer, "to aid my digestion, I smoke Camels while I'm eating and afterwards."

Good digestion and a sense of well-being are helpful allies for every one!

PEOPLE in every walk of life...men and women...agree that Camels ease strain and encourage digestive well-being. Millions of smokers find that "Camels set you right!" Camels increase the flow of digestive fluids... alkaline digestive fluids...so necessary to good nutrition. Camels never tire your taste or get on your nerves.

**COSTLIER TOBACCOS**

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
