

AREA 'PHONE TIE-UP CONTINUES

Russ Surprise Move Starts Treaty Meet

MOSCOW, March 10. (AP) — Soviet Foreign Minister Molotov unexpectedly injected the political situation in China into the opening session of the Foreign Ministers Council today, asking that the United States, Britain and Russia exchange information on conditions there.

Lilienthal OK'd By Committee On Atomic Energy

WASHINGTON, March 10. (AP) — The Senate Atomic Energy Committee today voted 8 to 1 for confirmation of David E. Lilienthal as chairman of the Atomic Energy Commission.

The committee also approved the nominations of W. W. Waymack, L. L. Strauss, Dr. Robert Bacher and Sumner T. Pike as members of the commission, and Carroll Wilson as general manager.

House Passes Parole Measure

AUSTIN, March 10. (AP) — The House today passed and sent to the Senate Rep. George Parkhouse's bill establishing a probation and parole system for the state of Texas.

An overwhelming favorable vote of 128 to 9 was accorded the bill.

The act empowers courts having jurisdiction over criminal actions to suspend the imposition or execution of sentences and to place defendants on probation under certain conditions.

Assistant State Secretary Named

WASHINGTON, March 10. (AP) — John E. Peurifoy of South Carolina, was nominated today by President Truman to be an assistant secretary of State.

Peurifoy has been serving as an acting assistant secretary.

FLOODED BOLIVIAN CITY—Trinidad, a city in Bolivia, is shown under flood waters. The picture was taken from a U.S. Naval plane. A plane sent by the U.S. Naval mission in Chile evacuated many residents of Trinidad. (AP Wirephoto).

Truman To Talk On Behalf Of Loan To Greece

President Tells Senate Leaders Of Foreign Crisis

WASHINGTON, March 10. (AP) President Truman will speak to a joint session of Congress at noon, Wednesday, in behalf of a loan to Greece.

Leaving an hour and 20 minute conference with the president at the White House, Senator Vandenberg (R-Mich) told reporters: "The president has discussed with us in great candor the situation involved in connection with the proposed Greek loan."

"He will come to Congress at noon Wednesday to a joint session of the House and Senate to discuss the whole situation."

A figure of \$250,000,000 has been discussed as the amount Greece needs from the United States in view of Britain's decision that it cannot go through with commitments it has made to King George's government at Athens.

Vandenberg, one of 13 members of a bi-partisan congressional group who talked with Mr. Truman, declined to elaborate on this brief oral statement.

Senator Connally of Texas, ranking Democratic member of the Senate Foreign Relations Committee, said that the session was a harmonious one.

When reporters asked Connally whether Mr. Truman specifically recommended a Greek loan, the Senator replied: "He will say that—he will discuss that on Wednesday."

Connally added that all the legislators "have agreed not to discuss the matter at all until the president's message."

From others, it was learned that Mr. Truman will ask for a \$250,000,000 direct loan to Greece.

Germans Moan At Scrip Recall

FRANKFURT, Germany, March 10. (AP) — The sudden recall today of all US occupation zone military scrip created consternation among some Germans.

The scrip was recalled with the announced purpose of blocking counterfeiting which has been flourishing in France and Germany for several months.

In Nuernberg, civilians not authorized to possess the scrip approached soldiers on the streets and offered them as much as \$50 to \$75 in scrip for a carton of cigarettes, chocolate, soap and coffee.

Texas Good Roads Group Criticized

AUSTIN, March 10. (AP) — Speaking on personal privilege Sen. C. C. Morris of Greenville today on the Senate floor hurled stinging criticism at the Texas Good Roads association which announced Saturday that it considers taxes adequate for farm-to-market roads.

Navy Drops Officers

WASHINGTON, March 10. (AP) — The Navy announced today it is dropping 6,000 officers to bring its officer strength down to 46,000.

Foremen's Unions Okayed By Court

WASHINGTON, March 10. (AP) — The Supreme Court ruled today that the employers must bargain with foremen's unions.

The ruling was made on an appeal by the Packard Motor Company of Detroit from a National Labor Relations Board decision. The company contended foremen were not employees with the meaning of the Wagner Labor Relations Act.

Justice Jackson delivered the court's 6-to-3 decision. Justice Douglas wrote a dissent in which Chief Justice Vinson and Justice Burton concurred.

CAR MEETS BOAT—Apparently not believing in signs like the one on this houseboat, a car owned by Louis Brunker of Chicago goes over the edge of the Chicago river, coming to rest on the boat's deck. The impact awakened the craft's unidentified occupant (right), and his dog (left), who watch a tow truck lift off the intruder. The car was parked on the river bank. A moving vehicle nudged it over the brink. (AP Wirephoto).

Grenade Is Tossed At President Roxas

MANILA, March 10. (AP) — A hand grenade exploded 20 feet from President Manuel A. Roxas tonight as he was making his final speech before a large crowd in favor of the American party amendment.

It was announced that the president was uninjured, but a photographer who was taking his picture was wounded in the side and back.

The grenade was thrown at 10:40 p.m. onto the grandstand in Plaza Miranda, in front of historic Quiapo church.

Roxas left immediately for Malacanang palace, his official residence.

Police threw a cordon around the whole area in an attempt to locate the would-be assassin, who had not yet been apprehended.

The huge crowd was thrown into a panic by the explosion. The photographer, Emilio Magalang, was the only person injured.

A spokesman at the presidential palace credited Jose Avelino, president of the Senate, with saving Roxas' life.

He said Avelino kicked the grenade away a moment before it exploded.

It was hurled accurately at the President as he sat down after finishing his speech.

The constitutional amendment which the President was advocating provides equal economic opportunities for United States citizens in the development of the Philippines.

There had been extensive campaigning for and against it for the past several months, with political observers predicting that it would be approved.

Justice Jackson delivered the court's 6-to-3 decision. Justice Douglas wrote a dissent in which Chief Justice Vinson and Justice Burton concurred.

GIRL, 17, EVEN THOUGH MARRIED, NOT SUBJECT TO CRIMINAL CHARGE

In answer to a request from Howard County Attorney George T. Thomas, the attorney general held Monday in an opinion that a 17-year-old girl who is married is not subject to a criminal prosecution on criminal charges.

Thomas had made the request after a 17-year-old divorcee and mother had been filed upon for driving while intoxicated. Previously, there had been an identical question on a forgery case by a married woman under 18 years of age. In each instance action had been sought under criminal codes as well as under juvenile statutes.

Crux of the opinion from the office of Attorney General Price Daniel was that marriage, regardless of its current status, had the effect of removing disabilities of minority, essentially a civil matter. No conflict was seen between this and the juvenile statutes. But had these been, the opinion said the juvenile statutes would have prevailed. These statutes make juvenile delinquency a civil, not a criminal, matter.

Thus crime by a juvenile delinquent may not be dealt with by regular criminal procedure but only in keeping with juvenile statute.

15 Texas Cities Feel Effects Of Phone Walkout

Company Reviews Union Complaint Of Chief Operator

ODESSA, March 10. (AP) All local Southwestern Telephone Workers Unions in the 15-city Midland district were ordered into continuous meetings at 8 a. m. today by W. D. Berry, district chairman.

Berry ordered the continuous sessions yesterday after a 5 p.m. deadline for the Southwestern Bell Telephone company to reply to the Odessa local's offer to arbitrate a five-month dispute had passed.

Company officials had previously said that "four different levels of management" had reviewed the union's complaint but did not find information to justify demotion of the employee in question. She is not a member of the union.

Phil Stewart, Southwestern Bell Telephone Company division manager at Dallas, said walkouts took place today at Kermit, Wink, Monahans, Midland, Big Spring, Pecos (toll operators only) and Marfa. Odessa workers struck Friday.

A union representative at Midland said that he understood that the Fort Stockton workers also had struck.

The district has a total of 15 exchanges.

The Southwestern Telephone workers unions in the district were ordered into continuous meetings at 8 a. m. today by W. D. Berry, district chairman.

The walkouts started Friday after the Odessa union had demanded that the night chief operator be demoted. The dispute had continued for five months and the company was given a 5 p.m. Sunday deadline to agree arbitration.

At Midland a union representative, said "the company's investigation of the chief evening operator at Odessa has been carried on at higher levels and not at the source of the trouble."

A worker said, "this is Odessa trouble, not to be investigated in St. Louis."

H. C. Harder, Odessa manager, issued a statement Sunday saying that the walkout came without warning.

The complaint against the chief operator was presented Oct. 23 at Odessa. It was discussed later in a division meeting at Abilene Feb. 12 at Dallas Feb. 21 and at St. Louis March 3.

Harder said the union had refused to allow the complaining parties to be interviewed by company officials.

"Our position" Harder said "is that criticism against the employee in question must be substantiated by more than an unsupported complaint or criticism before we would be justified in accepting the complaints and demoting the employee on the basis of them."

The union's complaints against the employe charge, among other things, that she does not know her job sufficiently well, that she has been discourteous to some operators, that she has pushed their chairs to different positions while they were working. Also that she has made slighting remarks about some of the operators and that she did not distribute Christmas gifts from telephone users to the operators in an equitable manner.

Formosa Rebellion Nipped By Chinese

NANKING, March 10. (AP) — The Chinese government's official central news agency said today martial law has been reestablished to prevent rebellion in Formosa as Chiang Kai-Shek declared his intention to maintain order in that newest of China's hot spots.

Chiang blamed "Formosans with Communist inclinations and those who served with Japanese expeditionary forces in the Pacific" for fomenting unrest in the island.

A delegation of Formosans came to Nanking to demand self-government and to accuse Chiang's government of killing 3,000 to 4,000 of their countrymen in "a wholesale massacre that put to shame even Japanese cruelty."

Chinese sources had reported 500 casualties in the uprising Feb. 28.

Spare Stamp No. 11 To Be Good April 1

WASHINGTON, March 10. (AP) The Office of Temporary Controls announced today that spare stamp No. 11 in OPA family ration books will become good April 1 for 10 pounds of sugar.

Validation of the 10-pound stamp will mark OPA's change-over from the 5-pound ration procedure for household users. The current stamp, No. 53 good for five pounds, will expire March 31.

Union Heads Still Meeting

Indications that company and union officials were in conference at top levels today offered some hope of an early settlement in the dispute between Southwestern Telephone Workers and Southwestern Bell Telephone company which kept an estimated 600 workers in continuous session and stopped all but emergency calls in the Midland operating area, which includes Big Spring.

Service here went on an emergency basis at 8 a. m. when locals went into continuous session simultaneously with those at Midland and several other points in the area, fulfilling a promise made Saturday to walkout unless the company accepted a union demand for arbitration by 5 p. m. Sunday.

Unless and until company and union officials agree on some point of negotiation there was little prospect that personnel would return to work. W. D. Berry, Midland area union chairman, was watching developments closely here.

Management personnel attempted to handle emergency calls only on the Big Spring board. The same was true at Midland and Odessa, where the walkout originated Friday morning to enforce demands for demotion of an evening chief operator. Not only were traffic operators out, but plant commercial and construction (Western Electric Communications workers) as well.

It was the most serious tie-up of telephone service here. Last year there was a short-lived continuous session, a device which avoids the technicalities of an out-and-out strike, as workers sought to enforce contract demands. Because there was no "strike," there was, of course, no picketing.

There was a possibility the stoppage would spread, for Lubbock locals were said to have the matter of joining in the continuous session under advisement and Abilene locals were understood to be contemplating a poll on the issue this evening.

Berry, in a statement to The Herald, said: "We regret that it has been necessary to go into continuous session, for workers realize their responsibility to the public just as they appreciate management's feeling of responsibility. However, management steadfastly refused to negotiate the issue and there appeared no other course open."

Southwestern Bell Telephone officials issued a statement declaring that "the telephone company sought to investigate the facts behind the union complaint by seeking to interview the individual complainants. This act the union has opposed. If the union will order the workers to return to work and make it possible for the company to find out what the facts are, the company will continue its investigation. Jointly with the union and take whatever action is justified by the facts."

Berry said that union opposition to the interviews resulted from the company's refusal to make interviews at the local (Odessa) level "at the outset of the complaints, and because that the company proposed to send in representatives from outside the area to interview complainants individually and without union representation being accorded the privilege of being present."

If and when the company accepts a union offer to arbitrate the matter, he said, workers will be ordered back immediately pending outcome of negotiations.

20 American Seamen Are Held As Refugee Ship Is Intercepted

JERUSALEM, March 10. (AP) — Twenty American seamen were hauled before a magistrate's court in Haifa today on charges of "aiding and abetting illegal immigration" into Palestine and were ordered held under detention for trial 14 days hence.

The seamen, crewmen of an intercepted Jewish refugee ship, included both Jews and gentiles. Also under detention at Haifa were an American newspaperman and a French woman writer who were aboard the ship.

A British military announcement today meanwhile disclosed that the weekend death toll from gunfire and bomb blasts had grown to 10.

This announcement said that one British soldier had been killed and six others wounded in a gun and grenade attack on an army installation at Hadera between Tel Aviv and Haifa at 8 o'clock last night. Twenty Jews in the area were questioned, it added, and one was detained.

Nine persons had been killed previously, and British Army officers had said they "frankly" were expecting fresh violence as a result of deportation of unauthorized Jewish immigrants aboard the intercepted vessel.

Officials reported 599 such immigrants were aboard the 700-ton steam yacht Abril, boarded off Jaffa Saturday. They said that, except for a pregnant woman and her husband who were permitted to stay in the Holy Land, all were shipped to a Cyprus camp aboard three British troop carriers.

An official announcement said the US crewmen were arrested yesterday when the Abril was brought to Haifa.

Newspapers reported the Abril formerly was the private yacht Cytherea — later the wartime patrol vessel FY 31 of the US Navy, which sold her for \$36,000 last year. The ship, which was flying the Honduras flag when stopped, was believed to have sailed from France.

Side Lights: All Activities Here Slowed

BUSINESS SUFFERS There were a number of cases where routine business calls were postponed. One man who went to the telephone exchange said he was anxious to call Abilene to find out what happened to two houses he had purchased which were due to arrive several days ago. Another sought long distance connection to order merchandise. Both were advised to try other methods of communication.

CAB SERVICE CUT Taxi-cab companies reported that their telephones were getting a "rest." One company had received less than half a dozen calls during the morning. Cabs still were kept operating, however, serving patrons who walked to the taxi stands.

PRESCRIPTIONS PHONED Prescription clerks expressed various reaction to the telephone services disruption. One druggist did not know of the walkout until interviewed by a Herald reporter. "The telephone's been ringing all morning with doctors calling in prescriptions," he said, "and I've been so busy I haven't had time to try an outside call myself." According to another druggist, prescription business had declined sharply.

STORE DELIVERIES Snatched temporarily from under their noses was the housewife's time saving grocery delivery service. One store, normally handling 30 deliveries a day, had an influx of customers making purchases in person. Few calls got through.

SHERIFF HAMPERED The strike was being felt, along with other places, by the sheriff's office in Snyder. The peace officer tried calling the Texas Liquor Control board here to supply information on a report that must go to state headquarters in Austin but was informed that the line here was "dead."

TRAFFIC INCREASES Downtown traffic increased appreciably as shoppers, denied access to phones, made trips to town to attend to purchases. City officials crossed fingers and hoped there would be no catastrophic developments which might develop because of curtailed phone service.

OFFICES QUIET Florists began to twiddle thumbs, for most of their business is handled by phone. Secretaries and office workers described matters as "peaceful and quiet" without constant jingling of telephone bells.

Hartung Whole Show As Giants Nose Out Cleveland Indians

Bradley, Wolves Chosen To Play In Garden Show

NEW YORK, March 10. (AP) — The cards for college basketball's blue ribbon events, the NCAA and National Invitation tourney, virtually were completed today with selection of North Carolina State and Bradley to the N.I.T.

The only vacant berth, two in the NIT and two in the NCAA, probably will be filled in a day or two. The N.I.T. bids are expected to be given to New York quintets — St. John's of Brooklyn and either Long Island U. or City College. Syracuse, Connecticut and Santa Clara still have a chance.

Five teams definitely have been named to the NCAA. The champion St. Louis Billikins of the Missouri Valley Conference and Oklahoma, Big Six winner, will meet in a playoff game March 17 for the right to represent District Five. Columbia, Eastern Intercollegiate champ, appeared to have the inside track in District Two. The Fourth District, only other without a representative, was slated to select its team today. Six schools were under consideration with Wisconsin, Big Nine winner, given the best chance.

This is the tournament picture: Eastern NCAA: District One—Holy Cross (23-3). District Two—Unnamed. Columbia has inside track. District Three—Navy (16-1). District Four—Unnamed. Six teams under consideration. Wisconsin (15-5) first choice. Notre Dame (20-4), Loyola of Chicago (20-9), De Paul (16-9), Illinois (15-5) and Indiana (10-8).

Other candidates: Western NCAA: District Five—Oklahoma (20-6) or St. Louis (18-9) which ever wins playoff game on March 17. District Six—Texas (24-1). Southwest conference champ. District Seven—Wyoming (22-4). Big Seven titleholder. District Eight—Oregon State (27-4). Pacific Coast conference champion.

National Invitation: Six teams, Kentucky (32-2), West Virginia (18-1), Duquesne (21-1), Utah (16-5), North Carolina State (24-4) and Bradley of Peoria, Ill., (25-5) have been named to the Madison Square Garden tournament.

Illness, Hurts Plague Entries In Local Relays

Sickness and injuries in other sections are threatening to put a slight on the Big Spring Relays, scheduled to take place Saturday at Steer stadium.

School has been turned out at Odessa because of a flu epidemic and indications are Coach Gall Smith will not be able to bring his sterling Bronco squad here unless the siege is lifted.

The sponsoring organization, the Big Spring Athletic association, learned this morning that Clifford Jett, ace San Angelo hurdler and high jumper, suffered a broken bone in his right ankle in a basketball game in the Concho city last weekend and would not be able to appear here.

Officials of the Saturday games are hopeful that the weather clears up long before Saturday, giving all teams a chance to further their conditioning before the show begins.

Pro Grid League May Be Formed In Southwest

WASHINGTON, March 10. (AP) — An option for formation of a Southwestern football circuit has been granted by the Association of Professional football leagues.

J. R. Klawans, San Francisco, president of the Pacific Coast league and chairman of the association, said yesterday the loop would consider cities in Texas, Oklahoma, New Mexico and Louisiana.

Texas cities under consideration include Dallas, Fort Worth, Houston, San Antonio, El Paso and Amarillo, he said. Others are Tulsa and Oklahoma City, Albuquerque and Santa Fe, N. M., and New Orleans and Shreveport, La.

Local Fems Play Midland Tonight

Arah Phillips takes her girls volleyball team, representing the local high school, to Midland this evening in the first of a home-and-home series set of games.

Contests will be played between both the reserve and the regular squads of the two schools. The aggregations will meet in a like arrangement here Wednesday evening, the first debate starting at 7 o'clock.

In Midland, the locals will be meeting one of the toughest foes of the season. The Midlanders wrapped up the district championship in 1946 and have most of their squad back this year.

Both teams are entered in the Invitational tournament here March 21-22.

COMPLETE BUILDINGS

16x48 frame construction. Lumber and insulation roof. 1/4" weatherproof plywood walls. Heavy plywood floors. Strong frame.

SET UP IN BIG SPRING... \$430.00 (Add Approx. \$1 for every mile out of town). Ideal for chicken houses, barns, warehouses, tourist cabins, houses, churches, etc.

S. Coleman & Co. At Camp Berkeley On Highway 158 Just Outside of Abilene, Texas

AFGHAN — Ch. Karach of Afghanistan, owned by Leah P. McConaha of Great Neck, N. Y., was adjudged best of breed in the Afghan hound competition at the 71st annual show of the Westminster Kennel Club in New York City.

Kramer Predicts Falkenburg Will Take His Place

NEW YORK, March 10. (AP) — Jack Kramer of Los Angeles, who added the National indoor tennis championship to his turf court title over the weekend, plans to quit the amateur game after this year and he already has his successor as American court king all picked out.

He is young Bob Falkenburg, also of Los Angeles, who advanced to the finals of the 44th annual indoor tournament here Saturday only to go down before Kramer's smashing attack, 6-1, 6-2, 6-2.

"There's no reason why Falkenburg should play second fiddle to anyone," said Kramer, who brought the 21-year-old national collegiate champion all the way from California and then pinned his ears back in the singles final.

Together, they won the indoor doubles championship, beating Billy Talbert and the veteran Frank Shields in a five-set final.

"Bob's being a 'natural,' has just had it too easy in his tennis career and hasn't practiced hard enough," Kramer criticized.

"Maybe he didn't have the incentive. I think the only thing that's going to make that guy really buckle down and work like a horse on his game is marriage. I know it affected me that way."

Falkenburg left for Brazil within hours after the end of the tournament.

Mayne Reduels Lipscomb In Grapple Club Match

Brady In Opener Against Poggi

Patrons of the gentle art of wrestling—whether they like the Greco-Roman or Cumberland and Westmorland, the Cornwall and Devon or Lancashire style—should get their fill of action at Pat O'Dowdy's club just off the Lamesa highway tonight.

Ring heavies who favor using anything short of brass knuckles to win a match go against smoothies who take issue with those who would be so lawless.

The 8 o'clock curtain raiser sends the "gentleman jim" of the squared circle, Art Brady, out against cunning Gorilla Poggi, the Argentine apeman. Brady cleaned up on Jack Pappenheim in a bout here last week, amazing the spectators more than somewhat with his improvement.

The Huntington Park, California, youngster moves with alacrity and guile and no doubt will give the Bull of the Pampas a busy evening.

Poggi is returning to action after a three weeks' layoff, having suffered a cracked elbow in a match with Pappenheim in Lubbock in early February.

In the other portion of the main event, young Kenneth Mayne of Salt Lake City gets another chance to main Bucko Lipscomb of Indiana, a barrel-chested toughie who tried to "do in" the Utahian last week and failed only because Referee Paul Wilkens stepped in at the right moment.

Last week's match proved little other than the fact that the ropes can prove a very good ally if used in the right way.

Lipscomb knitted one of Mayne's legs into the hemp and the Westerner found it impossible to free himself. The arbiter dissolved the deadlock by informing Lipscomb he was the victor.

After Bucko had been satisfied on that point and departed the arena, Wilkens took stock of Mayne's predicament and changed the decision, awarding it to Ken.

The decision, if nothing else, was novel since arbiters have rarely been known to change their minds about such things.

If Lipscomb ever found out that the decision had been taken from him, he hasn't let on. He's a ring journeyman who doesn't worry too much about anything.

ment to marry 19-year-old Lourdes Machado, whose father is a radill tycoon in that country. They will honeymoon in France and Egypt.

Dodds' Two Victories Will Long Be Remembered By NY Fans

NEW YORK, March 10. (AP) — The 1947 indoor track season was history today, as far as New Yorkers were concerned, but it will be a great many years before the fans forget the sensational performance of galloping Gil Dodds in the finale Saturday night.

Dodds scored crushing victories in both the one-mile and two-mile runs at the New York Knights of Columbus games, with only an hour's rest between them, completing a "distance double" achieved by few men in the history of indoor foot-racing.

He made his twin victories all the more spectacular by running the mile in 4:07.1. The second fastest time ever recorded for the distance on a standard indoor track.

After winning the Cardinal Spellman trophy handily in the shorter route, the Boston Athletic Association star returned an hour later and captured the two mile event by 40 yards.

It took him nine minutes 15.5 seconds to complete his two mile romp but the capacity crowd of 15,000 at Madison Square Garden hardly expected him to approach any records after his dazzling performance in the mile.

What the excited throng actually saw was the greatest feat of speed and endurance since the incomparable Paavo Nurmi won races at one mile and 5000 meters in the same indoor carnival here in 1925.

Dodds' twin triumphs completely overshadowed all other developments of the meet. The fans will soon forget how Joe Nowicki of Fordham won the 1,000 yard run in 2:12.1 and how Elmore Harris of the Shore A.C. took the six hundred in 1:12.9, both avenging

defeats in the National AAU meet. They may forget that Barney Ewell of Philadelphia's Shanahan Catholic Club defeated National AAU Champion Ed Connel in the 60-yard dash and tied the world indoor record of 8.1 seconds for the second time this season.

But they won't forget Dodds, the Nebraska-born preacher. Not for a long, long time.

LOOKING 'EM OVER

Big Spring's entry in the Longhorn professional baseball league hasn't been named yet. Needless to say, that has been worrying Joe Langston, the club's general manager, more than a little bit.

Joe thought of staging a contest to hang a handle onto the Big Springers who knows full well that the result would please only one party rather than the masses. Yet he wonders just what the public in general wants, would like some ideas along that line.

At the present time, the skipper from Sopchoppy favored a label of something like "The Ranchers" for his boys, this being the west and they being entered in the Longhorn league. Too, Joe—like all the other fans in the village—wants them to ride herd on the league and can think of few more appropos monikers.

Still and all, he wants all the fans to have a say in the matter and will wait until they have time to express their views. Their recommendations will influence the final decision strongly.

Langston is also very much concerned over where to peg the gate tariff. He doesn't know whether to tax the customer 62 or 74 cents. The Abilene club priced its duets at 74 cents each last year and never wanted for customers.

However, we favor the former scale. A family man would be more apt to purchase the cheaper pasteboard several times a week, even in these times of inflation. That holds especially true when one considers the fact that he usually takes his family with him.

Work gets underway on the Odessa ball park today, according to A. D. Ensley, co-owner of the club.

The land for the ballfield has been cleared and the contract let for lighting. In addition, lumber for the fence and stands has been purchased. Ensley, who is business manager of the club, has also purchased a bus for transporting the club.

Present plans for a plant with a seating capacity of 3,000. Incidentally, the local team will do all its traveling by private automobile. Geographically speaking, the town is nearly in the center of the league. Only Vernon is off the beaten path.

Ellis Part's superlative basketball team of San Angelo, which has averaged 56.3 points in its 28 games played to date, will carry West Texas colors into the annual Texas Amateur Athletic Federation basketball tournament next week.

Local athletes who have seen the Angoans play, and have played against them, suggest they could go a long way in the tournament, if they got at full strength.

Four high school coaches are included on the Ellis Part's roster. They are high-scoring Johnny Klieck, San Angelo high; Keith Long and Diddle Young of Lake View; and Waymon Wilson, Ballinger.

The Angoans lost a brace of games (in four starts) to the ACC reserve team and a single test with the McCarney Independents.

Pete Farquhar's American Legion team of Big Spring, no slouch on the courts, had the unhappy experience of running up against the Parts club in the Sterling City tournament. The Tom Green county hot-shots humbled the Legionnaires on that occasion, 93-54.

A Dallas sports radio announcer — his name slips our memory — came up with a good suggestion the otherday when he recommended that official scorers be appointed to record football and basketball games, the same as in professional baseball.

Games officials have long been paid in football and basketball but the all-important job of putting the official result of each to record has been left to chance.

Longhorns Train Sights On Title

Southwest Conference basketball was just a memory today to every team save champion University of Texas. The Longhorns still have a few tough games coming up.

After a few days rest from their 24th victory in 25 states, a 64-52 affair over a team of all-stars, the Longhorns start practice today for next week's National Collegiate Athletic Association tournament.

If Texas wins the Western division title in Kansas City, it will face the Eastern champion in New York. Baylor was the last conference team to conclude season play, bowing to Indiana State, 64-59, in Davenport, Iowa, Saturday night.

The Southwest Conference has authorized Texas to play two practice games before going to the NCAA meet, but Coach Jack Gray hasn't indicated whether he'll take advantage of the offer.

Full season scoring honors went to Al Williams, of Arkansas, with 384 points. John Hargis, Texas, was second with 360, and George Kok, Arkansas, third with 346. Texas' first opponent in the NCAA tournament will be Wyoming University, March 21.

How you can help YOUR ARMY DO ITS PART FOR PEACE

A MESSAGE FROM THE SECRETARY OF WAR

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety, our duty to promote world peace—are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

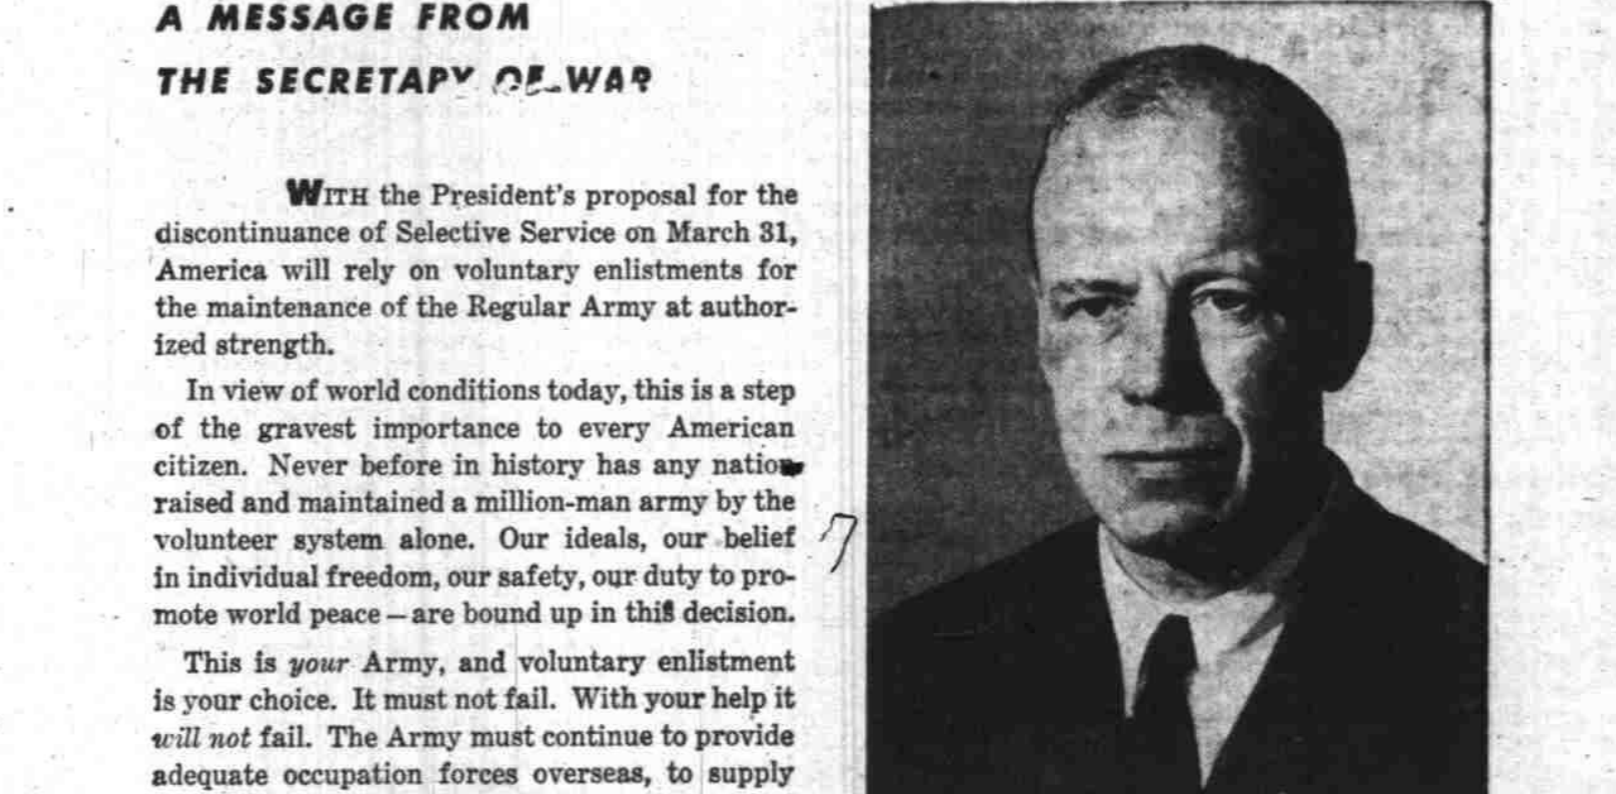

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for training in valuable skills at Army schools.

It is a high tribute to the loyalty and spirit of the American soldier that two out of every three men in the present Army are veterans — men who have known the hardships of war and have chosen to continue their service.

A job in the new Regular Army is a good job — a job that compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

14-Months Walkout At Case Plant Ends

RACINE, Wis., March 10. (AP)—The nation's second oldest major strike, the 14-month old walkout at the J. I. Case Company plant, was at an end today after the UAW-CIO local 180 membership voted yesterday to accept what spokesmen termed "not a good contract."

The announced vote was 927 to 448.

The 3,500 union members had been out since Dec. 26, 1945, although workers in other Case plants at Rockford and Rock Island, Ill., and Burlington, Iowa, previously had returned to their jobs.

"This is not a good contract but

it is the best we could obtain," Leonard Woodcock of Detroit, special representative of UAW President Walter Reuther, told the membership.

He and Harvey Kitman, president of the local, urged members to accept the contract. The strike had been costing UAW international about \$12,000 a week, the union had announced.

Woodcock said "we are convinced this is the best contract we can obtain at this time. In order to hold the strength of Local 180 and to be in a position to organize other plants and get them back in the fold, we should end this strike now."

Kitman said the contract would yield an "across the board" pay increase averaging about 25 cents an hour. The union originally had asked 30 cents.

Theodore Johnson, company executive vice president, said in a prepared statement "the (contract) terms conform to principles basic to the company's policy."

Wage increases offered in October, 1946, were accepted by the union representatives. Johnson said. "These adjustments vary according to job classifications.

"No provisions were included in the contract for a closed shop, compulsory check-off and assessments or maintenance of membership."

John said the workers would be notified by registered mail when to return to their jobs. He said the strike was settled largely "through efforts of John W. Gibson," the assistant secretary of labor.

The prolonged dispute, exceeded in length only by that of workers of the Toledo, Peoria and Western Railroad in Illinois, was characterized by court clashes and word battles which were almost free of violence.

Secretary of Labor Schwelienbach urged government seizure of the plant last June but two months later President Truman said the government would not seize it.

In an order issued last December, the National Labor Relations Board said the "company" failure to bargain caused the strike." It ordered the firm to bargain.

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduce the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the food you eat will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—arm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

Probe Of Fire Killing Three Vets Launched

INDIANAPOLIS, March 10. (AP)—Michael J. Hyland, assistant fire chief, launched an investigation today of a rooming-house fire which killed three war veterans early yesterday.

Dead were John Moore, 45, retired Army sergeant; Ralph De Hoff, 28, and Bernard Callon, 42. Coroner Henry L. Stevens said death was due to suffocation.

Mr. and Mrs. Russell Payne, owners of the double house on the city's west side, and other roomers escaped. Payne rescued Francis Morley, 38, who was sleeping soundly in his smoke-filled room.

The alarm was turned in by Tom Inhoff, a tavern proprietor, who said he was awakened by the barking of his dog. Firemen broke through second floor windows after drenching the house with water, but found all three of the victims already dead. Payne estimated damage at \$10,000.

The largest expenditure was \$3,350,000 for negro education. The Governor recommended \$2,750,000. Other items (none included in the governor's budget) were emergency appropriations to the highway patrol, cosmetology board, Pecos

Weekend Traffic Claims Six Lives

By The Associated Press

Weekend traffic accidents took the lives of six persons.

Three persons were killed and three injured seriously in a collision of two automobiles Saturday night eight miles southwest of Spearman.

Dewey Faust, about 60, and Dave Laws, both of Spearman, were killed instantly and Ray M. Isenhower, 37, died en route to a hospital.

J. F. Wallman, 85, of Hallsville, Texas, died Saturday night of injuries he received when struck by an automobile.

Curtis Zachery, 22, Wylie, Collin county, was killed yesterday (Sunday) when his car overturned on a highway curve on the outskirts of Wylie.

Mrs. Iris Leona Webb, 23, of Dallas, was killed and two others injured Saturday night when their automobile crashed into a tree near Seagoville.

Spenders, Taxers Vie In Legislature

By PAUL BOLTON
Herald Austin Bureau

AUSTIN, March 10. — A hedge-podge of ifs, ands, and maybes still besets the 50th Texas Legislature as it wrestles with the problem of satisfying those whom want to spend, and those who don't want to tax.

Quick Action Saves Guests

GARY, Ind., March 10. (AP)—Quick action by two restaurant employees and the hotel manager was credited today with the escape of 300 guests of the Lake Hotel in downtown Gary as fire swept the west wing yesterday morning.

The manager, Mrs. Rosalie Gross, said she stayed at the telephone switchboard long enough to warn all guests after Mrs. Rose Kleant and Mrs. Irwin Simon, restaurant managers, reported the fire. They said they saw the flames and smoke suddenly shoot out of a kitchen ventilator fan.

Mrs. Gross estimated damages at \$200,000. She said 40 rooms, occupied mostly by permanent residents, were burned out in the four-story, 150-room brick structure.

Extensive damage was suffered also by ground floor rooms occupied by business establishments. No injuries were reported. Firemen carried out Fred Perrone, an 80-year-old invalid resident, in his wheelchair.

Youth Who Shot Father Released

LOGANSPORT, Ind., March 10. (AP)—Deputy Sheriff Eugene Burkett said Donald Gene Sisson, 13, was released without charges after shooting and killing his father as the man chased the boy's mother with a shotgun.

Burkett and State Trooper Bernard Leavitt said the mother and her three children told them the father, John R. Sisson, 52, had been drinking since Thursday and became frenzied yesterday.

The officers said Sisson was committed to the State Hospital for Insane here last Nov. 15, but was paroled to his wife two months ago.

Burkett and Leavitt said the family gave them this account of the incident:

Sisson, after arguing with his wife about entertaining a son, Raymond, at dinner, handed her a 16-gauge shotgun, saying, "Before night one of us will be dead and I'm going to give you the first shot." After Mrs. Sisson set the gun in the corner, Sisson pushed aside two of the children, Glenn Larry, 11, and Jack Richard, 5, and began fighting with her.

Donald ran to the barn, got his .22 calibre rifle, and fired four shots at his father as the father seized the shotgun and aimed at

William Allen, 77, Dies In San Antonio

SAN ANTONIO, March 10. (AP) William Wells Allen, 77, native of Gatesville and one of the early developers in Texas, died at a hospital here yesterday. He was well known for his work in and near Spindletop and Corsicana oil fields.

Following funeral services here today the body will be sent to Gatesville for services and burial tomorrow.

Entry Deadline Near In Lubbock Junior Stock Show

LUBBOCK, March 10. — Last day for making entries in the South Plains Junior Fat Stock show is March 15, Dave W. Sherrill, new Lubbock county agent and general superintendent of the exposition, reminded all would-be exhibitors today. Sherrill said all entries postmarked not later than midnight of that date would be accepted by M. D. Fanning, Fat Stock Show secretary, Box 561, Lubbock, Texas.

Dates for the 1947 show are March 24, 25 and 26.

Many exhibitors who have animals in the various junior fat stock shows throughout the South Plains will have fat pigs, calves and lambs at the Lubbock exhibition.

Oratorical Finals To Be Held Here

Five finalists in the American Legion's divisional oratorical contest for high school speakers will be held here Thursday at 8 p.m.

Local post officials were advised Saturday by J. N. Spikes, Lamesa, divisional chairman of the activity, that the contest would be held here to determine the winner from among the five districts in the Fifth division.

Eliminations will be staged in the high school auditorium, at 8 p.m. and the public is invited to attend. Student speakers, who have been determined to district contests, will be judged by a board of five, comprising a representative from each district. Eloise Haley will be the judge from this district.

IF BACK ACHES DUE TO KIDNEYS Flush Them Out This Doctor's Way

If excess acidity of your urine makes your back ache so you groan... so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kilmor's Swamp-Root. Invariably you take it, it starts to work flushing out those excess acids that may be causing your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and bladder irritation that makes you get up nights. Caution: take as directed. You'll see it's really marvelous.

For free trial supply, send to Dept. W, Kilmor & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

World's Only Army Without Payroll

YENAN, China, March 9. (Delayed) — (AP) — Communist China has the world's only regular Army without any payrolls, reports its commander, Gen. Chu Teh.

The No. 2 Communist Party leader, Chou En-Lai, said that was one reason Communist China has no inflation. Not even professional officers and soldiers of its million-man Army receive any pay, he added. Consequently, they can't very well boost prices by bidding for scarce goods.

Not more than three per cent of the Communist population is supposed to serve in the public office or in the Army, with the remaining 97 per cent working and contributing—in kind, not cash—to their support.

A Sound, Constructive Girl Program

Here, as all over the nation, Girl Scout week is being observed. Through it, perhaps the public will become better acquainted with the work and the possibilities of the Girl Scout movement.

It is a sound and worthy program because it not only has constructive and clear objectives, but also because it has significant and purposeful activities in support of the objectives.

Through the various tests, advancements, games, and instructions, the Girl Scouts point toward making girls more useful and more versatile. It also lays stress upon the virtue of good character and upon duties of citizenship. Both of these are extremely important in this day, particularly when the acceptance of new freedom and equality for woman is progressing so rapidly. It cannot be stressed

too much that the character of the nation's womanhood is still a mighty force and hope for the nation's welfare. The adage about the hand that rocks the cradle is still sound in substance.

Still another fine thing about the Girl Scout program is that it is a leisure time affair. Use of leisure time generally is the root of most troubles of delinquency, or mischief. Girl Scouting aims at directing and utilizing leisure time for constructive purposes, not merely absorbing leisure. It has every chance, therefore, of succeeding and continuing where many fads of the moment fail.

All in all, Girl Scouting gets at the roots of the problem and offers real hopes of results. It deserves the support of parents and of the community as a whole.

Trade And Economic Well-Being

In his Waco address, President Truman focused attention on a fact that is too often ignored by people in their thinking on international peace and well being, namely that of world trade.

It is a fact, whether people wish to admit it or not that economics play a much greater part in the creation of national and then international unrest than is generally attributed to them. It is easy to get so involved in debate about fundamental political philosophies and ideologies that sight can be lost of the hard dollar and cents angle.

In calling for a system of international cooperation in trade, the President stands on solid ground. The alternative, as he explained, is for governments to enter the picture by cartels or quotas, permitting trade to degenerate into barter or monopolistic stagnation.

While it may be difficult to see at the moment, this will bring a balance between supply and demand at home, and unless there is a good world market for our goods, we will be plagued with an over-supply with resultant regression and perhaps even depression. But unless other nations of the world have the resources and dollar credits with which to trade, they cannot bid for our goods. We would not be in a position to import if we have no export market for our processed goods.

The cycle can work either way, and those who would, for selfish or shortsighted reasons put obstacles and barriers in the path of a reasonably free trade may be cutting off their noses to spite their faces. What they might gain in protection currently might be lost in the long run.

While it may be difficult to see at the moment, this will bring a balance between supply and demand at home, and unless there is a good world market for our goods, we will be plagued with an over-supply with resultant regression and perhaps even depression. But unless other nations of the world have the resources and dollar credits with which to trade, they cannot bid for our goods. We would not be in a position to import if we have no export market for our processed goods.

The cycle can work either way, and those who would, for selfish or shortsighted reasons put obstacles and barriers in the path of a reasonably free trade may be cutting off their noses to spite their faces. What they might gain in protection currently might be lost in the long run.

The Nation Today—James Marlow—

How To Estimate 1947 Income Tax

EDITOR'S NOTE: This is the last of 12 stories explaining who must do what about his income tax return.

WASHINGTON, (AP)—This is strictly for people who, by March 15, must file an estimate of their 1947 income tax and make the first payment on it.

Remember: You can't know to the last penny what your 1947 income will be. The government allows for some error. That will be explained at the end of this story.

You'll need Form 1040ES to file your 1947 estimate tax return.

(Some people, depending upon their case, also will need either Form 1040 or the instruction sheet which goes with it, so they can check the tax-table or tax-rate on the back of them.)

If your 1947 income will be under \$5,000, you don't have to work out the estimated tax step-by-step. You'll find the tax on your income in the table on the back of Form 1040.

Included in that table is an

allowance — for under \$5,000 people — of about 10 per cent for deductions for things like charity and medical care.

If you're in the \$5,000 or over class, you work out your 1947 estimated tax step-by-step—as you did in making your 1946 return — and find your tax rates in the table on the back of the instruction sheet.

The \$5,000 or over people automatically can claim deductions of \$500 when they figure their estimated tax.

If they want to claim more than \$500, they can but — they like any under — \$5,000 people who want to claim more than their 10 per cent — will have to prove them when they file their final return in 1948.

Following is an example of how to fill out the 1947 estimated income tax return.

You, married, two children, have a weekly salary of \$160. For 52 weeks that's \$8,320. Subtract your standard \$500 expenses. That leave \$7,820.

From the \$7,820 subtract your \$2,000 in exemptions — you get \$5,820 exemption each for yourself, wife, two children — and have left \$5,820. That \$5,820 is the part of your income which is taxable.

But you don't have to pay all the tax now, or at the end of 1947, because most of it will be taken out of your salary by your boss before the end of 1947.

You can pay it in full March 15 or in quarterly installments — on March 15, June 15, Sept. 15 and Jan. 15, 1948.

Tear off the bottom part of 1040ES, filled out, and turn it into the internal revenue collector with the tax you owe. In installments or in full.

The government allows you to make an error of 20 per cent in your estimate. If you discover later that you've made a larger error, you can correct on those quarterly payments dates: June 15, Sept. 15 and Jan. 15, 1948.

Affairs Of The World—DeWitt MacKenzie

India Faces Large Scale Civil War

Former British Prime Minister Winston Churchill declares gloomily that feuding Moslems and Hindus of India are preparing for civil war when England withdraws her troops not later than June, 1948, in accordance with the recent promise of the Socialist government.

Churchill made this assertion in the House of Commons during a debate in which he and his conservative followers attacked the program. The post-master of colorful language termed the withdrawal "operation scuttle," and then produced this wild picture with sweeping strokes:

"It is with deep grief that I have watched the clattering down of the British empire with all its glories and all the service it has rendered mankind."

The big Socialist majority, however, stood behind Prime Minister Attlee's pledge. Sir Stafford Cripples, who has played

an important role in the Indian negotiations, told Commons that the only alternative to withdrawal would be to strengthen British controls and force British troops. That would mean England would have to remain in India at least fifteen to twenty years, he said. And Attlee gave this corollary:

"The time has come when Indians must shoulder their responsibilities. We can help them, but we cannot take this burden ourselves."

The danger of civil war in India will always exist until the warring Moslems and Hindus bury the politico-religious hatch. As a matter of fact the past few months have seen thousands slain and much property damage in communal fighting. Even as this is written, there is turmoil in the great Punjab province of northern India.

The consensus of impartial observers is that the time has come for England to withdraw. No one can say that there won't be civil war if she clears out, but it's hard to see one there where she doesn't. And her withdrawal according to schedule may be the move which will impel the Indians to remain within the British Commonwealth of Nations instead of severing all ties with Britain.

Many of India's Millions still are primitives and, gauged by western standards, her backwardness is vast. Still, she has been making mighty strides since the First World War.

While the masses certainly aren't qualified to rule themselves, there are many brilliant and highly educated Indians who are well equipped to take over the responsibilities. There are enough of them to see the job through.

In Hollywood—Bob Thomas

Heartbreak Will Be Eliminated

HOLLYWOOD, (AP)—For years big studios have maintained large lists of stock players most of whom suffer the heart-breaking experience of acting nothing but bit parts and eventually being fired. RKO is leading the way to abandonment of this policy.

Dore Schary, new RKO production head, told me the studio will concentrate on a few personalities intended for stardom. "I have seen too many disappointed kids remain on contract for years without getting a break," he said.

With most studios slashing overhead in an effort to cut production costs, this may become a general policy. It would lessen the number of jobs for actors, but also would decrease the number of broken hearts.

David Niven continues to impress Hollywood with his courage in the face of the tragedy of his wife's accidental death. He is now doing his fourth film since his return here—"The Bishop's Wife," and when he finishes, he'll go back to England for

"Bonnie Prince Charlie" for Konrad. His two sons preceded him to the homeland this week. Errol Flynn is spending his spare time in cutting room these days. He intends to make three short subjects from the footage filmed on his yacht tour. A shrewd businessman, Errol is making the boat pay off, what with the shorts and the rental for its use by the Orson Welles picture. The second Flynn heir may have arrived by this edition. Speaking of boats, George Brent is due for a rest. After "Out of the Blue" he'll do another (making it six in a row) and then take off on the race to Honolulu. After that, he'll take a three-month tour to Tahiti and other spots in the South Pacific. Oh for the life of an actor.

Bing Crosby doubts if he'll take his European jaunt this summer, as he had planned. He tells me conditions there look too grim for tourists. And are the newsreels editorializing in their latest editions? They show scenes of hunger and cold in Europe, then flash to shots of

the Santa Anita handicap with 80,000 people betting wildly.

Wives Helping Student Spouses
 BOSTON, (U.P.)—Two wives of former servicemen are helping their husbands through Boston College Law School by working as models at an average of \$10 an hour.

Despite posing for photographers and displaying clothes at fashion shows, Mrs. Connie La Bossiere and Mrs. Betty L. Casey find time to care for their apartments and think that modeling is a pleasant and easy job to combine with homemaking.

Connie, a 21-year-old brunette, also has played on the stage for three years with the Cambridge Summer Theater.

Blonde Betty, 22—a former laboratory technician, had her "fill of the movies" when she played a bit part during local shooting on the picture, "Rue de Madeleine."

Hal Boyle's Notebook

A Key To Key West

KEY WEST, Fla. (AP)—A key to Key West:

The waters off Key West, southernmost tip of the United States, are favorite fishing grounds for American presidents . . . Harry S. Truman is the third to test his luck here . . . Franklin D. Roosevelt and Herbert Hoover also angled for some of the 600 varieties of fish that inhabit the gulf waters . . . Zane Grey and Ernest Hemingway fished for literary local color as well as piscatorial prizes . . . Key Westers are a breed apart . . . Their little two-by-four-mile island is a strange mixture of Bahaman, West Indies and American atmospheres . . . It has a fabulous and romantic past during which pirates, wreckers, sponge fishers, cigar industries, and bootleggers brought successive tides of wealth that always ebbed . . .

Connected now to the mainland by the spectacular Overseas Highway, Key West looks to tourists like a remote island. Its attractions: frost-free climate, superb fishing, an absence of pollen that has fever sufferers, and a leisurely outlook . . . It's considered impolite to glance at your watch, because nobody is supposed to care what time it is . . . Local gag: In Key West a calendar lasts four years . . .

Because the island is 156 miles from Miami but only 90 miles from Havana you find Arroz con Pollo (chicken and rice) on the menu more often than steak . . . A favorite delicacy is Cuban coffee sweetened by thick condensed milk instead of sugar . . .

John James Audubon, artist ornithologist, in 1832 started a long line of famous painters tracking here for subjects . . . Writers such as John Dos Pass-

os, Robert Frost, John Dewey, and John Erskine and some political bigwigs like to vacation here because of the seclusion . . .

Outstanding architecture of the island is the quaint old frame Bahama House . . . Many were floated across from the Bahama Islands on barges and still stand impervious to termites and hurricanes after a century . . .

Key West has been a keynote of American Naval power for more than a hundred years, and the survivors of the battleship Maine were landed here . . .

Salvaging of sailing vessels wrecked on the Florida reef became a \$1,500,000 a year industry . . . Legend has it that local wreckers lured many vessels into the rocks . . . Classic yarn concerns Parson Egan, owner-master of a wrecking vessel . . . One Sunday his sermon text was, "Know Ye Not That They Which Run in a Race Run All, but One Receiveth the Prize?" . . . Sighting through the window a ship in distress, he stroled, still preaching, to the door, where he had a head start on the congregation . . . Suddenly he gave the traditional yell: "Wreck Ashore! Now we will all run a race and see who receiveth the prize" . . . The story is that Parson Egan did.

CHEER LEADER'S POINT
 SALEM, Ill. (U.P.)—Phyllis Lee Salem high school cheer leader, has a sure fire formula for silencing hecklers. At a school basketball game she resoundingly slapped a wisecracker who refused to be toned down. His mouth remained shut and his face red for the remainder of the game.

Washington Merry-Go-Round—Drew Pearson

Marshall's Two Great Objectives

WASHINGTON.—As a military man, General Marshall planned two great offensives. One was in 1918 when he charted for General Pershing the transfer of one million men from St. Mihiel to the Meuse-Argonne front, plus 40,000 tons of ammunition, 34 hospitals, 93,000 horses, 164 miles of railway and 87 depots—all in a week's time with no enemy aviator discovering it.

The other was in the last war when as chief of staff he planned the historic landing on Normandy.

These two offensives, great as they were, in some respects will not be as difficult as the two great peacetime objectives which George Marshall as Secretary of State will attempt to win at the conference beginning in Moscow today. Those two objectives are:

1. A permanent peace treaty with the nation which has caused every major European war in the past century—Germany.
2. The end of our present suspicious chip-on-the-shoulder relations with Russia and the establishment of a permanent friendship with the nation which can be our most disastrous enemy.

Both, obviously, are interdependent. And if Marshall can win real friendship with Russia, the treaty with Germany will be much easier.

To that end, the Secretary of State made plans before he left Washington to canvass our main points of difference with Russia and do everything humanly possible to work out a genuine basis for friendship and understanding.

SPLIT INSIDE KREMLIN

One of the big problems he will face is the definite evidence of a split inside the Politburo regarding the United States, plus the interrelated question of who is the real boss of Russia.

Fourteen men make up the Politburo, an organization which rules the destinies of the far-flung Soviet Union as no other group in the world. And the impression given to the outside world, is that these 14 men work as a cohesive, compact unit, that they do not have differences of opinion such as those inside the British and American cabinets. And while it is difficult to find out what actually goes on inside the Kremlin, there is increasing evidence that this harmony is a myth, and that two opposite schools of thought exist regarding friendship with the United States.

This was somewhat evident

even as far back as the Teheran conference, when Stalin himself, though considered a dictator, sometimes told Roosevelt before giving an answer on a certain point that he would have to call up his marshals in Moscow to get their o.k.

It was also apparent to Jimmie Byrnes both at Potsdam and during the long series of discussions which he had with Molotov and Stalin that the latter was more friendly and easier to deal with than Molotov.

This diagnosis is borne out by some of the top diplomats of satellite countries—nations which border Russia, are under Soviet influence, and whose leaders visit Moscow frequently to straighten out their affairs of state. From one such diplomat whose information has been reliable in the past, comes the following summation of what transpires today inside the Kremlin.

MOLOTOV HATES USA

The group most hostile to the United States and Great Britain, according to this source, is headed by heavy-handed Foreign Minister Vyacheslav Molotov. His chief messenger boy is Andrei Gromyko, now envoy to the United Nations, and the man who upset world hope of agreement on atomic energy by flatly rejecting all previously discussed plans for control of the atom.

The opposite faction inside the Kremlin which believes peace is possible between capitalist America, Socialist Britain and Communist Russia is headed by Stalin himself. However, Stalin isn't as potent as he used to be, is frequently absent from Moscow for rests in the Crimea.

Recently a foreign diplomat closely attuned to the Soviet sphere of influence protested to Stalin against the boorish tactics of Gromyko. The Stalin agreed, but remarked: "He's Molotov's boy, not mine."

During the Foreign Ministers conference in New York, Molotov, having heard complaints about Gromyko, said: "Have you been having trouble with my friend Gromyko?" he asked Polish, Yugoslav and Czech envoys.

When they admitted they had, Molotov merely replied that Gromyko spoke for him at all times. Then, just to emphasize the point, Molotov named Gromyko deputy minister of foreign affairs.

The Stalin school of thought inside the foreign office is represented by shrewd, genial Vice-Commissar Andrei Vishynski, who last year sent one of his

close friends, Boris Stein, long Cordial to the United States, to the United Nations, with instructions to soften up Gromyko. Stein, however, had no effect. Apparently following Molotov's instructions, Gromyko remained as rude and uncompromising as ever.

LIFTING IRON CURTAIN?

This split covers much more than Gromyko's work at the United Nations. It ranges over a whole variety of things, including the Soviet treatment of letting foreign newsmen into Russia, the removal of censorship and the elimination of all but security travel restrictions.

The group also favors closer cultural relations with the United States. They have a utilitarian motive in this—a preliminary step toward getting a large-scale, American-Soviet trade pact. Including a multimillion-dollar loan to Russia.

The Molotov team, however, does not want to go this far. While it would like to have a US loan, it will not take any preliminary cultural steps toward getting it. Its members seem to believe that war between the two schools of thought is inevitable.

When a satellite diplomat protested to Stalin against the hard-bolled Molotov school of diplomacy and asked why something wasn't done about it, Stalin, according to diplomatic sources, replied:

"I believe in giving people enough rope, then events will take care of themselves. Besides you forget that I'm not as young as I used to be."

Foreign diplomats who have talked to Stalin also remark on his increasing mellowness. Recently a delegation of Polish Communists visited him to tell how they had renamed a large steel mill in Poland the "Stalin Works." According to diplomatic sources, Stalin replied:

"That wasn't very smart. Some day there'll be a strike there and the headlines all over the world will read: 'Workers Strike against Stalin!' How will that look?"

These are some of the divisions of opinion reported to exist inside the Soviet, divisions which, if true, will make the work of Secretary Marshall all the more difficult. In a later column this writer will give some of his own deductions on what is going on inside the Soviet regarding peace with the U.S. (Copyright, 1947, The Hill Syndicate, Inc.)

Broadway—Jack O'Brian

Hildegard Is Now Americanized

NEW YORK.—Hildegard, the willow Milwaukee lass whose publicity once would make you believe she was an authentic Continental tootsie and as such completely deserving of her European airs and Parisian manners, now is a thorough Americanized young lady. She eschews her once famous international nippus for strictly home-grown, if you'll pardon the expression.

Furthermore, this concern with the golden bantam approach to American song and humor has catapulted Hildy even further than her earlier successes. The well buttered whimsies in which she now indulges over radio, night clubs and vaudeville loud-speakers have turned her into one of the largest feminine wage earners in the history of show business.

This year the Wisconsin warbler is finishing her ninth New York supper club season, fittingly topping it off at the Hotel Plaza's swishy Persian Room with the lengthiest engagement of her recent existence—a six months' stay during which she busted all records for that fancy sipping and supping room.

Further, she has decided her income bracket will preclude accepting several engagements, two of which would pay her \$20,000 a week for movie show appearances. Might we add—corn seems to be permanently in season so far as Hildy is concerned?

That famous old dawg of Lower Fifth Avenue, the Cafe Breoyort, has had her face lifted.

This quiet, revered old hotel has kept somewhat delayed step with the times, but now makes a great leap to catch up, adding a jaunty air to the more dignified sector of Greenwich Village with a new cocktail lounge and smartly tinted dining room in the latest cafe style. I must admit some of the old ladies who dine nightly in the Breoyort, a custom they find as impossible to change as the styles of their ancient dinner gowns, looked a little startled at the changes the first night. Otherwise, it seemed all to the good. I didn't hear one Greenwich Village ghost rolling over in his bier. Or beer.

This quiet, revered old hotel has kept somewhat delayed step with the times, but now makes a great leap to catch up, adding a jaunty air to the more dignified sector of Greenwich Village with a new cocktail lounge and smartly tinted dining room in the latest cafe style. No 'Phone--No Nothin'

Take away a woman's telephone and she finds a dozen needs for it in the space of several hours . . . but take away a society reporter's telephone and she's absolutely sunk!

She's the town's chief 'chatter' hanging on her beloved telephone for hours, jotting down notes as she discusses activities with reporters from church auxiliaries, business women's groups, bridge clubs and countless other organizations.

Monday morning finds her outlining a social calendar for the week. The list necessitates an average of 20 calls verifying dates and time of scheduled events.

This is in addition to the regular run of news which calls for an average of 15 conversations each morning.

The second week of every month is always a busy club-time in Big Spring with Parent-Teacher organizations, Sunday school classes, sororities and lodges holding semi-monthly sessions.

Telephones or smoke signals, the society reporter wants the news of their activities, and club women can be helpful in bringing notes to The Herald after their meetings.

M. D. (Dick) Collins, Lafayette, La., druggist, has been visiting here with Dr. and Mrs. T. M. Collins. He returned home over the weekend.

Mrs. Armstrong Named Delegate To Meeting

COAHOMA, March 10. (Spl.)—Mrs. Sam Armstrong was elected as delegate to the district Texas Home Demonstration Association convention which will be held in San Angelo at a recent meeting of the HD club held in the home of Mrs. Sam Armstrong.

Members received postcards from Mrs. H. L. Borden, former resident, now in Florence, Italy with her husband, who was previously stationed at the Big Spring Bombardier school. Their children, Mary Margaret and Larry are attending the University of Florence.

How women and girls may get wanted relief from functional periodic pain

Cardui, major women's aid, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, and thus help build resistance for the "blow" to some. Started 3 days before "your time" it should help relieve pain due to purely functional periodic causes. TRY IT!

CARDUI

Forsan Junior Class Presents Program

FORSAN, March 10. (Spl.)—The Junior Class of the Forsan High School presented the play, "Here Comes The Prince," Friday evening in the school gymnasium. Billy Sue Sewell and Billy Lou Gandy sang a duet number accompanied by Sara Chanslor at the piano and Joyce Cleavenger announced the program.

Directed by Miss Laura Whittenburg, the cast included Gyndolyn Oglesby, Jerry Duncan, Evelyn Martin, Doyle Gilmore, Wenoka Bedell, Pat King, Donald Gressett, Eddie Ray King, Charles Wash, Bill Leonard and J. B. Hicks.

Mr. and Mrs. C. J. Lamb and Mr. and Mrs. W. E. Heideman will be in Fort Worth during the week attending the annual Fat Stock show.

Mrs. B. R. Wilson left Thursday night for Denton to visit for several days with her son and his wife, Mr. and Mrs. Russell Wilson. The Wilsons are the parents of a daughter Connie Raye, born Thursday.

Mrs. Bob Ewell is in Beville with her parents, Mr. and Mrs. W. H. Gist.

Mrs. J. Pike entered the Big Spring hospital Saturday.

Mr. and Mrs. Bill Conger, and family were recent visitors with Mrs. Conger's mother in Stephenville.

Mark Nasworthy is in San Angelo with Mrs. Nasworthy who is a patient in a hospital there.

Mrs. O. D. Elliott is confined to her home with influenza.

Mr. and Mrs. R. E. Duncan have returned from Oklahoma City, Okla., after attending funeral services for her father, Frank Trent.

E. B. Prescott and Mrs. Ed Shreve, have returned to their homes after receiving treatment in a Big Spring hospital.

Mr. and Mrs. Harley L. Grant are home following their wedding trip to Odessa, Midland and Andrews.

Mr. and Mrs. Jack Keith received word from their son, Douglas, that he would leave for overseas duty Friday morning.

Ackerly Residents Attend Fort Worth Fat Stock Show

ACKERLY, March 10. (Spl.)—Locals attending the Fat Stock Show in Fort Worth, reports of illness, and school activities highlight the news from the Ackerly community.

Mrs. W. W. Davis of Big Spring visited recently with her daughter Mrs. Paul Adams, who also had as guests, Mr. and Mrs. D. E. Lloyd of Napa, Calif.

Planning to attend the Stock Show in Fort Worth this week are Mr. and Mrs. Gaston Martin and family, Mr. and Mrs. Marvin Franks and family, Mr. and Mrs. V. J. Coleman and family, Mr. and Mrs. Harold Preston and family and Mr. and Mrs. Frank Condon and family.

Members of the sophomore class will present their play at the school Tuesday evening.

H. L. Jones is confined to the Price hospital in Lamesa following a heart attack which he suffered recently.

Mrs. R. L. King is receiving treatment in a Lamesa hospital.

Mr. and Mrs. Sual Britton of Stanton spent Sunday with J. Archer near Ackerly.

Mrs. Lee Thurmond and Tommy Lee of Lamesa were Sunday guests of her parents, Mr. and Mrs. T. L. Wallace.

Forsan Women Gather At Chanslor Home For Missions Program And Seated Tea

Members of the Woman's Missionary Society gathered in the home of Mrs. J. E. Chanslor last week for a home missions program and seated tea. The affair was held in connection with the observance of Week of Prayer.

Mrs. J. W. Overton was in charge of the program which centered around the theme, "Land Of All." "We've A Story To Tell To The Nations," was the opening hymn followed by scriptures read by Mrs. C. V. Wash. Following prayer by Mrs. J. White, Mrs. Overton discussed "Seeing Home Missions. The Unfinished Task."

Mrs. Newman Baker sang a solo accompanied by Mrs. R. L. Wash, and a letter from a new mission field telling of the work among the Papagos and Pima Indians was read by Mrs. Berl Clark. "Arizona Mission Work," was discussed by Mrs. Frank Tate, and Mrs. W. L. Johnson and Mrs. E. N. Baker sang a duet number.

Following prayer by Mrs. Overton, offering was taken for the Annie Armstrong fund.

Terry Wilson And His Clarinet To Be Featured At Tech Concert

Terry Wilson, who virtually was reared as a musician by Joe L. Haddon, director of the Big Spring high school band, will be spotted as a clarinet soloist at the concert of the Texas Tech 100-piece band here Thursday evening.

In addition to early training given by Haddon, Wilson went on study under several of the nation's leading clarinetists, including the first clarinetist of the Boston symphony, the Sousa band and many other virtuosos with the instrument.

He is due to play the Clarinet Concerto as a special number when the Tech symphonic concert unit makes two appearances here Thursday.

In addition, there will be a solo by John Pames Jaynie, a natural cornetist who is regarded as one of the finest young cornet players in the country today. He has been lauded for his brilliant tone and technique as well as his mechanical proficiency.

A varied program is in store at a matinee performance designed especially for students. While the Tech band will play several inter-scholastic league contest numbers for benefit of the local and visiting band numbers, there will be a lively parade of marches, novelties, familiar melodies.

The evening audience will hear lively marches, a symphonic treatment of the Finale from Tchaikovsky's Fourth Symphony, selections from Victor Herbert, overtures, novelties, popular numbers, etc.

Tickets for the event are on sale by sponsoring high school band members. Net proceeds go to benefit of the band's instrument fund.

Texans Sack Up Miami Honors

MIAMI, Fla., March 10. (AP)—A pair of former Texas caddies, Ben Hogan and Jimmy Demaret, joined the slim ranks of golf's all-time greats yesterday by defeating Lloyd Mangrum and Lawson Little three and two to win the \$10,000 International four-ball golf tournament for the second consecutive year.

Hogan, from Hershey, Pa., and Demaret of Ojai, Calif., finished the four-day tourney on the 34th hole at the Miami Country Club after carding 56 birdies in 135 holes of golf.

Braves' Baseball School Is Opened

GREENVILLE, March 10. (AP)—A week-long training school for young baseball players was scheduled to be opened here today by the Boston Braves, National League club.

Andy Cohen, Southwestern scout for the Braves, will be in charge of the school, assisted by Leslie Mann and Ben Tincup.

Boys 15-25 years of age are eligible for the school.

Men Bring Covered Dishes To Dinner

Borrowing from their wives the popular entertainment of 'covered dish dinners', men of the First Christian church met Friday night in the church basement to organize a Men's Bible class and to elect officers.

Each brought a covered dish for the dinner, and during a business meeting A. A. Marchant was named class president. Other officers elected were Ed Hall, vice president; Arthur Caywood, secretary and treasurer; H. L. Bohannon, social committee chairman; James Wilcox, calling; H. A. Smith, program; G. B. Farrar, entertainment.

Plans were made to hold social meetings every three months, and those attending were W. B. Martin, Chester Cathey, H. W. Smith, J. T. Langley, L. R. Hollingshead, C. M. Shaw, T. E. Baker, Justin Holmes, H. L. Bohannon, H. E. Clay, J. L. Firque, O. A. Hickman, H. O. Hudgins; Arthur Caywood, Gene Crenshaw, G. B. Farrar, Ed Hall, G. W. Dabney, Tom Rosson, A. V. Karcher, A. F. Hill, W. L. Savage, Ed A. Savage, John M. Wilcott, Brown B. Rogers, J. D. Benson, B. Reagan, F. M. Purser, James Wilcox, A. H. Mitchell, W. C. Williams, L. M. Brooks, W. A. Bonner and the Rev. Lloyd H. Thompson.

Guests included Earl Stovall, and J. D. Holmes.

Births Announced

Among births reported by local hospitals the past week were four from the Big Spring hospital and two from Malone and Hogan.

Reported by the Big Spring hospital:

A daughter, Sandra Pearl, was born to Mr. and Mrs. William L. Gaskins last Saturday. The child weighed seven pounds, one ounce.

Mr. and Mrs. Berton R. Mason announced the birth of a daughter the same day. She was named Lethia Carlina and weighed seven pounds.

Mr. and Mrs. Carrol F. Coates are the parents of a son, Mickey Don, born Monday. He weighed six pounds 11 ounces.

A son weighing eight pounds, seven ounces was born to Mr. and Mrs. Edward L. Tumlison Thursday.

Malone and Hogan.

Mr. and Mrs. Bledsoe O'Brien are the parents of an eight pound, 11 ounce daughter, Kerry Lynn, born Monday and a son, weighing eight pounds, was born to Mr. and Mrs. Bob Little Friday.

River Dragged For Missing Boy

INDIANAPOLIS, March 10. (AP)—Police dragged the White River today near the club from which Peter Hubbell, seven, disappeared Saturday but Sheriff Albert C. Magenheimer said the boy may have been kidnapped.

Virgil Quinn, sheriff's investigator, said he was studying four telephone calls received yesterday at the home of the boy's parents, Mr. and Mrs. Richard Hubbell, in a fashionable North Side residential section.

Quinn said different voices reported they had the wrong number in three calls Mrs. Hubbell received. He said the boy's sister, Sallie Joe, 18, reported no response on the fourth call, although she said she was sure someone was on the line.

Mrs. Hubbell said she found the boy's hat, coat and volleyball in the gymnasium when she went there early Saturday afternoon to see why he had not returned home for lunch. His bicycle was found in a rack outside the club.

The father is a supervisor for the National Inspection Co. of Chicago.

LIONS START THURSDAY

GREENVILLE, March 10. (AP)—Batterymen of the Greenville Lions, Big State baseball league member, will start training here Thursday. Other team candidates are slated to report March 17.

WARNING!
Colds Epidemic Spreading—Do This:

Follow these health rules. Eat simple food. Drink plenty of water. Get plenty of rest. Avoid crowds and people with colds.

And if you do catch cold, remember that the best-known home remedy you can use to relieve distress is to rub throat, chest and back at bedtime with Vicks VapoRub. Results are so good because VapoRub's relief-bringing action starts to work instantly . . . and keeps working for hours in the night to bring relief. Often by morning the worst miseries of the cold are gone. Try it! Get the one and only Vicks VapoRub!

IMPORTANT! To help prevent many colds from developing, do this: At the first warning sneeze or sniff, put a few drops of Vicks VapoRub in each nostril. Follow directions in the package. VapoRub works right where 3 out of 4 colds start . . . relieves sniffles, sneezes and stuffiness . . . and actually helps prevent many colds from developing if used in time! So with colds spreading, always be sure to keep VapoRub handy . . . use it early.

If the miserable symptoms of your cold are not relieved promptly—or if more serious trouble seems to threaten—call in your family doctor.

Do You Like Words? Can You Pronounce It?
When You Know How—It Is Easy
When You Know How, It Is Easy, To Get Well
Cuts From Cases: In Agreement:

RUPTURED INTERVERTEBRAL DISC—
In 1941, I fell from a 40-foot ladder, landing on my feet and in a sitting position. I suffered from a number of fractured ribs, broken bones in my feet, and severe pains in my lower back and right leg. I received medical treatment. As time went on, it became difficult to sit down. My condition was diagnosed as a ruptured disc in the lower part of my spine. An operation was advised as the only means of a cure but I was told that it might not be successful. Out of desperation and being unwilling to undergo the surgeon's knife, I sought Chiropractic aid. The cause of my trouble was located and adjusted. I experienced almost immediate relief and, within a few days, was free of all my symptoms. I can heartily recommend a scientific Chiropractic health service to those who are sick.

ASTHMA AND SINUS—I had Asthma and Sinus trouble for six years. I spent nine weeks in a hospital without getting well. I spent thousands of dollars without getting better. Drugs gave only temporary relief, but that was all. Going south to a warmer climate did not help. I had about decided that nothing could help me when I noticed an ad in the paper stating what Chiropractic could do for Asthma. I want to shout from the house-tops to all sufferers of these and other disorders to try Chiropractic and see what can be done for them.

There was a time when I looked at chiropractic through a pair of bifocal lenses, the upper plus prejudice, the lower plus lack of investigation. But because medicine with all its adjuncts had failed to reach the complicated ailments of my invalid wife. I like a learning man, grasped for anything in sight. I learned of Chiropractic through a friend of mine. I went at once to a school of chiropractic and remained two weeks investigating the science of chiropractic and, to my surprise, they were actually getting results on cases that were hopelessly incurable from the standpoint of medicine. The sooner the medical profession recognizes the work of the Chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialists and should be recognized.—M. E. King, M.D. (Therapeutic Review, 1918).

Dr. Wm. L. McLaughlin and Dr. Mark G. Gibbs, the Directors of the Big Spring Chiropractic Clinic, are Palmer Graduates.

The Clinic is equipped to give you the best of service with Chiropractic instruments and methods.

Public Notices

NOTICE TO BIDDERS
The Commissioners Court of Howard County, Texas, will receive sealed bids on the 25th day of March, 1947, at 10 a.m. on the following offer to sell:
One Model 1942 Chevrolet 4-door Sedan now operated by Sheriff's Department, and one Model 1940 Chevrolet Coupe with small pickup bed now operated by the Road and Bridge Department. Inspection of said equipment may be made by inquiry at the respective department offices. Bids may be submitted on either or on both said bids on optional case.
The Court has advertised items of equipment possible to trade on new equipment and reserves the right to reject any and all bids.
Given under my hand this 10th day of March, A. D., 1947.
CHESTER C. O'BRIEN, County Auditor.

Gilliam Blissard Inspecting Surplus

W. E. "Red" Gilliam and Grover Blissard, members of the county commissioners court, have gone to Oklahoma City where they will inspect surplus war property sought by the county.

Among the items which the court will seek to purchase are air compressors. Judge Walton Morrison said the county would realize a saving of perhaps 50 percent if the property was found to be in good shape and the deal was negotiated.

Gilliam and Blissard expected to return here by Wednesday.

Champion Steer Will Be Named

FORT WORTH, March 10. (AP)—Naming of the grand champion steer took top spot at the Southwest Exposition and Fat Stock Show here today.

The grand champion steer was to be named after judging of top animals in the Hereford, Aberdeen-Angus and Shorthorn steer classes. These winners will compete against those named Saturday in the boys' baby beef show.

Attendance at the show climbed above the 100,000 mark yesterday, with more than 50,000 attending rodeo and horse show performances.

In the palomino horse division, Bacon Rind, shown by W. A. Watts of Archer City, was named champion palomino stock stallion yesterday. Riley Boy's Dollana, shown by Mrs. Dennis O'Connor of Houston, was judged best stock mare. Reserve champions were Booger Bear, stallion exhibited by Jack W. Bridges of Glen Rose, and Golden Boy's Miss Priss, mare owned by Spunky Clark of San Angelo.

Today was officially "4-H Club Day." Cities celebrating the day as their own were Coleman, Jacksboro, Cartwright, Okla., and Cleburne. Miss Rosemary Beck of Coleman, will be exposition queen.

Court Petition Challenges Road Land Appraisal

The county commissioners' court has filed a petition with the county attorney's office challenging the appraisal made of the right-of-way land of the Snyder Big Spring highway condemned recently by the court.

The case, which involved several acres of land belonging to Morgan Coates and C. J. Engle, will now be referred to county court where it will be settled in a trial by jury.

Appraisal of the disputed land was made by a jury of view last week.

Red Cross Meeting Slated Tomorrow

Regular monthly meeting of the Red Cross advisory council for the Howard-Glasscock chapter has been scheduled for 8 p.m. Tuesday at chapter headquarters.

Among other things, status of the annual roll call will be reported. Because of the reduced telephone services, council members were urged to attend without further notice.

Small Business Group Organizer Enlisting Big Spring Members

Small business, that somewhat indefinable but vastly important segment of American life and economy which long has had no organized voice in public affairs, now has a champion in the National Federation of Small Business, Inc., according to Wesley Smith, district manager of the organization who is here enlisting members.

The federation, organized about four years ago, already is exercising considerable influence in the legislative and business affairs of the nation, Smith said. The Federation each month submits to its membership through the nation issues of importance to the welfare of independent business, and through this means Congress is given what is described as direct contact with home-district business circles.

Several issues, including legisla-

Programs On Challenge Of National Service Are Instituted By Legion

A series of radio programs, based on the challenge of national service, and the response to this challenge that all Americans should give, is being instituted by the American Legion.

The local Legion post is joining in the national undertaking, and through the facilities of KBST, is to offer a 15-minute program each week. The first, on the subject of Community Service, will be broadcast by the local station Tuesday evening at 7:45.

Programs will be aired locally thereafter each Tuesday at 7:45 p.m., Post Commander Harold P. Steck announced. The entire series, titled "Decision Now," makes use of some of the top radio talent of the nation.

Parker To Get Second Chance At Martinson

AUSTIN, March 10. (AP)—Cocky Bill Martinson of Baylor, who ruined one of the greatest winning streaks in sports when he got the decision over Charley Parker in the Border Olympics 100-yard dash, can prove it was no fluke — as Parker adherents claim — when he meets the University of Texas flier here next Saturday.

The occasion will be a triangular meet between Baylor, Texas and Texas A&M.

Stubby Bill called the turn on the defeat of Parker after 55 straight sprint victories over a period of five years during which Charley ran 100 yards in 9.5, 220 in 20.6, captured two national AAU titles and equalled the world's record in the 100 meters at 10.2.

Martinson came to Austin a week ago to visit his friend, Desmond Kidd, who is a quarter-mile on the university track team. "I'm going to beat Parker," he told the folks at the Kidd home. They politely hid their grins.

Saturday night in the Border Olympics 100 at Laredo Martinson came out of his holes like a bullet and had travelled three yards before Parker hit the clinders. Parker backers claimed bullet Bill had jumped the gun. Anyway, Parker made up the distance and the two finished in what some thought was a dead heat, others best was a victory for Parker — and the judges said was a win for Martinson.

Coach Clyde Littlefield of Texas observed: "It doesn't matter. Martinson never will beat Parker if there's an even start."

Saturday, the newest and what may be the hottest track feud in the southwest will blossom in full out at memorial stadium. And next week there will be a third meeting as the two battle in the Southwestern Exposition Meet at Fort Worth.

Martinson isn't new to track. He was quite a star last year at Baylor, once running the century in 9.5. And he won the junior 100 meters and was second in the senior 100 meters in the National AAU.

Telephone

recorded and furnished after discussions on the matter progressed beyond area levels, said Berry. He indicated that management had made no serious or sufficient effort to get at facts in the case.

It was the company's position that the walkout at Odessa, and which subsequently spread to other points in the area, came without warning Friday morning. Company spokesmen said that the matter had been studied at five different levels and that each time the company did not feel it was justified in meeting union demands on the basis of facts furnished, that "the employee (Odessa's chief evening operator) was entitled to fairness and justice from management."

Continuous sessions were being held in the various localities throughout the district. Units of the local unions (plant, commercial, traffic and construction) were being held in the Settles hotel during the morning. Workers had been instructed to report back to work only upon proper authority from the union.

Union officials felt that it had been necessary to go into continuous session in order to show sufficient strength to force consideration of the matter at top levels.

Although there had been advance publicity of the imminence of a work stoppage here, most people apparently did not realize it as a probability. Consequently, when management personnel attempted to handle emergency calls after 8 a.m., the volume was so overwhelming that only part of the calls could be answered. By mid-morning, however, it was possible to get the operators, but they made connections only on emergency calls.

Local Trio Confere On Teacher Bills

A group composed of Walker Bailey, M. R. Turner and G. D. Kennedy left for Austin Sunday to confer with state school officials and area legislators on bills introduced recently in the Texas congress aimed at teacher benefits.

The trio will return here in time to attend the West Texas Teachers association meeting, which starts Thursday in Lubbock.

Two Cars Damaged In Collision Here

Two automobiles were damaged but occupants suffered no apparent injuries in a collision at 14th and Young Streets shortly before noon today.

The automobiles, driven by Ernest Rainey and Alpine Page, collided and then both machines turned over.

Stockmen Warn Of Cattle Threat

ALBUQUERQUE, N.M., March 10. (AP)—Prevalence of foot and mouth disease among herds in Mexico remains the greatest problem confronting United States stockmen and poses "more of a threat than ever," The New Mexico Cattle Growers Association was told today.

The statement came from George A. Godfrey of Animas, N.M., associated president, in a report prepared for delivery to the organization's 33rd annual convention.

Red Cross Drive Workers Told To Speed Reports

A call to workers to speed up contact work and file reports as rapidly as possible was issued this morning by H. D. Norris, Red Cross fund campaign chairman.

The fund drive total gained slightly this morning as a result of more residential work and a few reports from special gifts workers, downtown block canvasses and rural reports.

At noon today the office had tabulated \$6,298.68.

Special gifts acknowledged included \$50 from McCrory's, and contributions from Ira Driver and Estell Norman.

Three residential zone chairmen have reported their canvass work completed. They are Mrs. T. A. Underhill, L. E. Coleman and Mrs. Pat Martin.

In the group business division, employees of the Western States theatre, Cowper-Sanders hospital and American Maracabo Co. of Foran, have contributed 100 per cent. Ira Thurman and Bernard Lamun have completed their respective block canvasses in the business district.

Norris expressed confidence that the drive would go over the top provided sufficient contacts are made. Work still continues in the rural areas, while some phases of the drive in Big Spring are just beginning and others have not been launched. The annual canvass of T&P workers still was not underway this morning, but Norris said they probably would begin this week.

Sidelights

(Continued From Page One)

calls up to 11 a.m., but firemen presumed that, in case of alarm calls would be forwarded.

LEASED LINES OKAY

Leased ling-lines of the telephone company remained in operation Monday, in spite of the work stoppage. The Associated Press news report, coming into The Herald via leased wire to local teletype machines, was unimpaired.

Similarly, network radio programs continued to be "piped in" to radio station KBST, and the radio station's services went on as usual.

ESCAPING STRIKE ZONE

E. C. Dodd, president of Howard County Junior College, had pressing business with the War Assets Administration office in Dallas during the morning, but was denied a long distance call. Dodd got in his car, headed for Colorado City to place the call, and observed before he left that he would drive on eastward, if necessary, to get out of the "strike zone."

NEWSGATHERING HINDERED

The Herald's newsgathering activities were handicapped to some extent, particularly in the woman's department, which depends to a great extent on telephone contacts with women of the city to gather club news, personal items, etc. Another newspaper department that depends heavily on the telephone—classified advertising—took a "nose dive" Monday morning.

WEATHER COMES THROUGH

Only call put through to the newspaper office during the morning was the weather report, called in by the weather bureau at the airport.

Constable J. T. Thornton, who has been confined to his home for the past several days due to illness, returned to work Monday morning.

Attempt To Crack Safe Here Fails

Burglars made an unsuccessful attempt to open the safe at the Meier Insurance Agency Saturday night.

Apparently there was no loss, however, except an estimated \$100 damage to the safe.

The Insurance Agency reported that there was no money in the safe, since all Saturday receipts were deposited in the bank. Police are making an investigation.

Foodhandlers School Starting Tuesday

The regular March foodhandlers school will begin Tuesday afternoon at the city-county health unit office, Lawrence J. Wells, sanitarian, announced this morning.

The course was originally scheduled for last week, but was postponed when motion picture films and materials for instruction were delayed.

New employees of eating and drinking establishments can obtain permanent foodhandlers licenses by successfully completing the three-day course.

Services Held For Boston F. Mann

ACKERLY, March 10. (Sp.)—Funeral services were held at the Church of Christ Sunday at 3 p.m. for Boston F. Mann, long time resident of the Ackerly community, who succumbed in a Lamesa hospital Saturday.

Survivors include his widow, two brothers and two sisters.

Services were conducted by E. S. Hughes, pastor of the Church of Christ, assisted by J. J. White, and interment was in the Ackerly cemetery.

Pallbearers were Odus Williams, J. L. Kidd, Jr., J. L. Kidd, Sr., A. J. Lewis, K. G. Baggett and E. G. Murphy.

Blankenship Slates Talk For Brotherhood

W. C. Blankenship is to be the speaker before the Brotherhood of the First Baptist church at 7:30 p.m. today. President John A. Coffee has announced.

The meeting will be preceded by the regular meeting of the church's board of deacons at 6 p.m.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.
