Steers To Meet Amarillo In Quarter Finals, 5000 See Game

By TOM BEASLEY

EL PASO—Big Spring's black and gold grid machine, flashing spasmodic brilliance, battled courageously here Saturday to defeat a game but less powerful El Paso High Tiger team, 19 to 7, and won the right to meet Blair Cherry's Amarillo Sandies next Saturday in the quarter-final title in the interscholastic school boy football race.

Obie Bristow's Steers struck a deadly blow from the start of the game when they managed to put over a touchdown on the seventh play.

They held the upper hand throughout the first period, keeping the Bengals on the defense, but the situation swapped about in the second period when the Tigers opened their famed aerial attack.

WASHINGTON By GEORGE DURNO

Program— President Roosevelt's brightest economists have reached the conclusion it will be 1935 before the United States are definitely out of the depression and back on an even keel.

Therefore, beginning with 1935 they have been mapping a five-year program of public spending, public works, public aid, etc. When you listen in on Mr. Roosevelt's next "fireside chat"—or perhaps you may have to wait for the January message—you will learn that the well-advertised national pump is going to be primed with a vengeance.

For obvious reasons the idea of a definite program spanning five years will not be stressed.

It wouldn't be politic, FDR has to stand for re-election in 1936 and there is always that chance he might not be around thereafter. This doesn't stop the planners from planning. Furthermore, they can start the ball rolling between now and 1936 in such luscious fashion that whoever might be elected in that year would have to hop on and continue to ride.

Applicant— Every word from the inside indicates that FDR is determined to finance the next year largely by borrowing and not by extra taxation. He is carrying out his part of the understanding with business to the extent of relieving it as much as possible from ex-

U. S. Maintains Neutrality On Controversy

SZEGED, Hungary, (AP)—Excitement over the Yugoslav-Hungarian controversy continued on the frontier as refugees straggled across the border.

A Hungarian student demonstration against Yugoslavia caused posting of heavy police guards. Government officials gathered sworn statement that armed Serb forces made an invasion. Yugoslav forces denied a violation of the Hungarian territory was made. Farmers were aroused and offered to organize and emergency force of civil guards to defend the Hungarian territory. Military authorities declined the offer, fearing armed clashes.

WASHINGTON, (AP)—Secretary Hull announced the United States was maintaining a neutral attitude toward the Hungary-Yugoslavia controversy.

He denied that United States Hungarian organizations had protested to the department against Yugoslavia's action. Hull said the United States was watching closely and added the department had no information from a Hungarian delegate of allegations made at Geneva that Youngstown, Ohio, Crolians were involved in plots against assassinated King Alexander.

Cast Of 100 Mexican Children To Present Christmas Pageant From City Auditorium This Afternoon

With a cast of about 100 children, the Kate Morrison school will present a Christmas pageant and chorus today 3 p. m. from the municipal auditorium. Under the direction of Miss Mina Franks, the children have been rehearsing for some time on their pageant and their musical numbers, carrying out the Christmas theme. Today's program, to which the public is invited to come, will be divided into two parts. The first part will be featured by a chorus of 50 children. They will sing a group of secular songs. Then the rhythm band will perform. This will be followed by a Santa Claus' drill. Send part of the program will be devoted to a pageant, "The Story of Christmas." Appearance of the children will mark the first complete program presented from the auditorium by Mexican school children. It will also mark resumption of the Sunday afternoon programs which for many months last year drew steadfast crowds.

Poison Liquor Kills Eleven Another Dying

PORTLAND, Ore., (AP)—Eleven men had died, one was dying and several others were critically ill Saturday from drinking poisoned denatured alcohol in Portland's waterfront district.

The source of the poison was said by police to have been a drug store in the area. Nearly all of the victims were found in cheap north end lodging houses. All were men.

Biggest Payroll Since CWA Given For Relief Here

The biggest relief payroll since the days of CWA was paid out here by the relief administration of Howard county to 374 clients. It amounted to \$5,483.20 and was about two thousand dollars above the average relief payroll.

Clients were working on five major projects. These included work on highway No. 1 east, the federal cannery, street paving, mattress factory and a sewing project. During CWA, with many projects requiring more men, navvies ran considerably higher than the relief roll this week.

The past week total mounted to the mark due to the fact that most of the clients were on the job the largest part of the week.

Services Held For Mrs. Hattie Jones

Funeral services for Mrs. Hattie Lee Jones, 60, Monahans, were held from the Rix Chapel 5 p. m. Burial was in the New Mount Olive cemetery.

Mrs. Jones, wife of Russell Jones, died in Monahans Thursday. She is survived by her husband, three sons, John J. Government In Nation-Wide Drive On Dope

More Than 400 Under Arrest As Federal Raids From Coast To Coast

WASHINGTON, (AP)—The government smashed a hefty fist down Saturday upon the country's dope peddlers and addicts and promised further blows in a concerted nationwide drive against illicit narcotics.

Federal narcotic agents in every major city from New York to San Francisco executed a series of swift raids upon dens and dealers that Saturday night found more than 400 under arrest and the number steadily growing. Thousands of dollars worth of narcotics were seized and scores of automobiles used by the purveyors were confiscated.

For Restored Buying Power TOLEDO, (UP)—The buying power of the people, especially those who have helped build the nation in time of peace, and war veterans who have saved it in time of war, must be restored, Congressman Wright Patman, of Texas, told a Democratic rally here.

Mr. and Mrs. Glen D. Guilley left Saturday afternoon for Dallas to be gone a few days.

Speaks Today

Dr. Bradford Knapp, president of Texas Technological college at Lubbock, will address Big Spring men in a joint service of all men's Bible classes today from the Setties ballroom. His address is scheduled to begin at 9:15 a. m. Officers of the various classes are urged to arrive early and check their class records before starting time. Dr. Knapp, an excellent speaker, had assumed a place of leadership since coming to Texas from Alabama to head Texas Tech. He was one of the principal speakers here at the West Texas Chamber of Commerce convention more than a year ago.

Ten Arrested After Raid On Midland Ring

210 Gallons Liquor, 5,000 Gallons Mash And Equipment Seized

After a week of watchful waiting, federal revenue agents swooped down on a huge moonshine liquor plant 7 miles east of Midland Friday night and broke up a big bootlegging ring with arrest of ten men.

Led by R. B. Hamilton, San Antonio, the agents confiscated 210 gallons of liquor, 5,000 gallons of mash, four automobiles and a complete rectifying plant.

Five of the men arrested were lodged in the Howard county jail, two in the Martin county jail at Stanton and three at Pecos. Hamilton declined to divulge the names of the eight white men and two negroes arrested.

He said that charges of evading the federal liquor tax and conspiracy would be filed against the men in Pecos Monday.

"We got the big boys," said Hamilton. Those captured were Midland men. Hamilton, with Agents A. A. Harms, A. A. Stewart, A. D. Fitzgerald, J. M. Watson, Sid Schader, and J. K. Ray of San Antonio, Austin and Waco, passed through here a week ago.

Watched Closely Since that time they had the plant under constant surveillance. The building housing the cutter plant in Midland had been burned recently and the operators were moving the mash out of huge vats by truck to the cutter plant on the Big Spring road.

Thursday night they trailed a load of mash and spotted the plant. Friday at 11:30 p. m. they swooped down on the former location in Midland, captured the workmen and a load of mash.

Nab Operators Half an hour later they were waiting in the cold at the cutter plant. One by one as the operators put in their appearance, they were nabbed by the agents.

Hamilton and his men already knew who they wanted beside those they captured. Saturday morning the "big boys" were arrested before they got out of bed.

Only twenty gallons of moonshine liquor were found at the still when it was first captured. However, a search uncovered a cache of 190 gallons.

Presence of Bourbon flavoring led agents to believe that much of the liquor was eventually finishing way into market as purportedly legal stuff.

Liquor seized was valued at approximately \$400. The automobiles taken were valued at about \$2,000.

Big haul Biggest piece of equipment captured was a 1,000 gallon capacity copper still capable of turning out 800 gallons of liquor every twenty-four hours.

Four believe me they were working it twenty-four hours a day," said Hamilton as he recounted how he and his men had hidden out in the extreme cold waiting for the time to raid.

Records here do not show any raid ever having produced such a large haul. The agents are working under the alcohol tax unit. Two of the agents, caught by the controversial federal "common sense" test, were working without pay.

Rhythm And Romance Feature "Gay Divorcee" At Ritz

Clark Gable, Claudette Colbert Make Good Starring Combination

Claudette Colbert and Clark Gable, two of Hollywood's most popular stars, are teamed together for the first time in the Columbia production, "It Happened One Night," which is coming to the Lyric theatre today.

Gable sky-rocketed to fame a couple of years ago following his appearance with Norma Shearer in "A Free Soul," and overnight became the most popular male star on the screen. Thousands upon thousands of fan letters poured into the studios, and, as a result, he was given roles with many of the most famous female stars on the screen.

He appeared with Shearer again in "Strange Interlude," and with Joan Crawford in "Dance, Fools, Dance," "Possessed," and most recently in "Dancing Lady." He was co-starred with Jean Harlow in "Red Dust" and in "Hold Your Man," with Helen Hayes in "White Sister" and with Greta Garbo in "Susan Lenox."

Miss Colbert's stardom and popularity is based upon her marvelous work in such productions as "Sen of the Cross," "The Torch Singer," "Three Corners," "I Cover the Waterfront," and "The Smiling Lieutenant," and is now equal to that of the top-notch feminine stars of the cinema capital.

Together, with Gable furnishing the appeal for the feminine movie-goer, and with Miss Colbert's well known popularity with

the male sex, they should form one of the most popular star-combinations of years. The picture, "It Happened One Night," was directed by Frank Capra, whose recent production, "Lady For A Day," has been cited as one of the best pictures of the current year.

BOY SHOOT AT PISTOL'S REFLECTION TO TRY SUICIDE
CINCINNATI (UP)—From a 16-year-old boy, lying wounded at General Hospital, came this comment:

"Life is too hard to live. There doesn't seem to be any use to it." The boy, Otis Plumley, said the bullet wound in his right chest was self-inflicted.

When police wondered how the boy, right-handed, could have shot himself in the right chest, he explained that to fire the shot he twisted his wrist and stood in front of a mirror, aiming reverse-ly down the barrel of the pistol's reflected image. He is recovering.

OLYMPIA, Wash. (UP)—Washington's 1935 legislature will have the heaviest democratic majority in history when it convenes, Jan. 14.

Although the state normally is heavily republican, the house will have 91 democrats and 8 republican members. The senate will have 37 democrats and 8 republicans, with one vacancy unfilled.

New Romantic Team Sharing In Queen Hit

"Outcast Lady" Brings English Star To American Screen

A new romantic screen team will share the acting honors at the Queen theatre starting today when Constance Bennett and Herbert Marshall appear in the two principal roles of "Outcast Lady."

Though this is the first attraction in which the blonde screen beauty and the suave English leading man have been seen together, those who have viewed the picture predict that their success will result in their being brought together for additional productions.

The ultra-modern, smart, poised woman of the world as portrayed by Miss Bennett blends so well with the suave, sophisticated, polished manner of the personalities created for the screen by Marshall that their future co-starring seems inevitable to those interested in the production of motion pictures.

While as a romantic team these two differ radically from any other combination of screen lovers, numerous critics have vouched for the opinion that their public popularity will rival such teams as the celebrated Garbo-Gilbert, Crawford-Gable, Gaynor-Farrell combinations.

The supporting cast of "Outcast Lady" includes Elizabeth Allan, Mrs. Patrick Campbell, Hugh Williams, Henry Stephenson, Lumsden Hare, Leo Carroll and Alec. B. Francis.

ECHOES OF NEW DELHI CATHEDRAL REMOVED

NEW DELHI, India (UP)—A mixture that kills an echo has been successfully applied to the English cathedral in New Delhi.

Preachers found that words spoken loudly from anywhere except the organ and the choir gallery in the white stone interior of the beautiful church, echoed and re-echoed for eleven seconds. It was almost impossible to follow the voice of the preacher.

Now the whole domed and curbed ceiling of the cathedral has been sprayed with a preparation of bitumen, shredded asbestos and adhesive mixture, which forms a three-inch thick, permanently spongy, and sound-absorbing coat.

Rogers - Astaire Dance Team Is In Biggest Hit

Elaborate new spectacles of beauty, rhythm and romance feature the screen's big musical comedy, "The Gay Divorcee," which co-stars Ginger Rogers and Fred Astaire of "Carioca" fame, featuring music by five noted melody makers, and develops a joyous plot that tickled New York for 288 performances, and London for six months.

It opens today at the Ritz theatre.

The plot itself is one of super-entertaining farce comedy situations, a hilarious sort of romance boasting a ceaseless flow of complications as Astaire madly pursues the lovely Miss Rogers across many dancing floors and through the mazes of a swang futuristic hotel.

A second and even more laughable romance is provided by Alice Brady and Edward Everett Horton, in which the inimitable Miss Brady pursues Horton with marital designs.

The settings are the most lavish ever constructed on the RKO-Radio lot in Hollywood. One of them in particular, representing a resort hotel as such hoteleries are expected to be fifty years hence, was so huge that an addition to the stage had to be built to provide room for the cameras.

Five hundred light bulbs, each one as large as a watermelon, were used to illuminate the set, and a crew of fifty electricians was employed.

Against this remarkable setting for "The Gay Divorcee" fifty beautiful girls and fifty dancing men perform mass Terpsichorean novelties said to be entirely different from anything hitherto attempted on the screen.

One of the ensembles is a darling adagio dance in which the entire chorus takes part. A unique and thrilling part of this presentation is the fact that the girls appear in full length gowns, marking the first time this risky dance ever has been attempted in other than the scanty attire which makes for safety as the men hurl their fair partners through the air.

Interiors constructed on another huge sound stage included a hotel suite all fur lined. Of the no less than four smart

specialty dances, one at least, "The Continental," will challenge the remarkable popularity of the "Carioca," last season's Astaire and Rogers demonstration. Dave Gould staged both the "Carioca" and "The Continental."

That it is the most romantic ball room dance ever conceived was indicated when, according to stories published in the newspapers of Los Angeles, seven of the chorus boys became engaged to their partners during the first three weeks of rehearsal, and an inquiry revealed that of this group, only one pair were acquainted prior to signing up for the production!

Music for "The Continental" was specially written by Con Conrad and Herb Magidson. Others numbers were composed by Cole Porter, who wrote the music and lyrics for the stage production, and by Mack Gordon and Harry Revel. Mard Sandrich directed "The Gay Divorcee." Sandrich is the man who leaped to fame from the two-reel comedy field when he staged the musical novelty film, "So This Is Harris," which won the Academy of Motion Picture Arts and Sciences award.

DOLL HOUSE MADE HIM MOST POPULAR MAN

BOSTON, (UP)—Simon S. Rabinovitz was about the most popular man with the children in Roxbury after he had built a 12-foot doll house for his granddaughter, Dorothy Hyde, 10.

Rabinovitz built the house in six months out of 110 sugar boxes and odd lumber that was about his cellar. It is complete with electric lights, hardwood floors, a bed for Dorothy's baby dolls, a roll-top desk, top telephone, broom, rocking chair, waste basket and a china closet with toy dishes. The house was built at a cost of \$40.

CUBA, N. Y. (UP)—C. H. Chamberlain bagged two species of game with one shot—and kept the evidence intact to prove his story. While hunting along the Jersey Shore Turnpike, Chamberlain and several other sportsmen sighted a red fox in pursuit of a gray squirrel. Chamberlain took aim and shot the fox as it caught the squirrel in its mouth.

They Glide For The Box Office

Ginger Rogers and Fred Astaire, above, glide gracefully about the floor in "The Gay Divorcee" and do it so well that legions have also glided by the box office to see them perform in the musical-romantic hit opening at the Ritz today.

Winter Lilies of the Valley

Lilies of the valley are one of the earliest grown and surest bloomers in the house of all plants well adapted for indoor use. The lily of the valley is practically an all-season plant now, although its natural season is early spring. This is due to the development of cold storage, in which the lily of the valley roots or, as they are commonly known, pips, are held dormant until needed.

Lily of the valley roots potted from the garden, allowed to thaw, and then brought into the house, thawed and placed in a window will proceed to send out their spikes of snowy, fragrant bells in short order. The only requisite to be sure of blooms is that a blooming sized pip is planted, the bud being already formed and dormant in the pip. While roots can be dug from the garden for this purpose, it is much easier and more certain to buy the prepared commercial pips, which are sold so cheaply and are so certain to bloom that it is hardly worth while to dig them in the garden. One month from potting to bloom is all that is required in growing cold storage pips. You can order them at any time all winter, as needed.

One of the most artistic methods of growing them is in bowls of most sphagnum moss. When they are brought from cold storage the preliminary freezing needed for roots dug from the garden is unnecessary. You simply plant them and in the course of about three weeks they are in bloom. About 25 pips in a good sized bowl, say about 7 inches across, will give a beautiful display. Plant them in moss, fiber or soil, keep shaded until well into growth and then bring to the light. They should be stored in a cool place while growing is starting and kept shaded. A pot turned over the bowl will furnish the shade necessary.

They can be grown in soil in an ordinary flower pot most easily of all. Planted in November, they will be in flower by Christmas, putting them out about Thanksgiving time. Cold storage pips should be planted as soon as received and they will start into growth at once. Garden dug roots are slower and must be left out to freeze and brought in as needed. The cold storage pips give larger spikes and larger bells, as they are specially grown for indoor use and are much finer than those dug from the garden. Try half a dozen pots or bowls of lilies of the valley this winter at least. Once you have them they will be permanent additions to your

Rev. Ledwig Concludes Series Of Lectures On Catholic Teachings

Father Francis J. Ledwig concluded his series of lectures on the Catholic church at St. Thomas Catholic church Friday evening. Speaking on the subject of "The Sacraments," he explained the teachings of the Catholic church concerning the seven sacraments. He pointed out that a sacrament is a visible sign instituted by Christ, signifying and producing sanctifying grace in the souls of men. "The New Testament mentions all seven sacraments more or less explicitly," said Father Ledwig, "and while it is true that, there is

nowhere in its pages a list of them yet, there is no systematic statement of the teachings of Christ as one might expect to find in a creed, a catechism, or a manual of theology. Christ entrusted to his church all of his seven sacraments just as he entrusted the Bible to her safe keeping, but while she used daily these means of grace and salvation, she did not at once and immediately make an inventory of them."

On Saturday evening, Father Ledwig spoke on the subject, "Which is the True Church." He pointed out that Christ set up a standard by which all men might tell which was the true church founded by him and declared that there are four marks which must determine the true church as founded by Christ. The true church must be apostolic; it must be one, it must be universal and it must be holy like its divine founder and make men holy who profess the true church and practice its teachings. The true church of Christ must be able to trace its history and line of succession from the time of Christ, through Peter and the other Apostles in one unbroken and continuous line down to the present time. It must teach the same doctrine as was taught by Christ and must teach that doctrine in every known part of the world and there must have been no change in that doctrine from the time of the apostles until the present moment. The true church must be universal and not circumscribed by any national group or movement. The church was founded for the men of all nations. His idea was not the setting up of any national church. The true church of Christ must so conduct itself in its teachings and ceremonies that it inspires men to holy things and

to lives of sanctity else it cannot lay claim to being holy as was its founder, Jesus Christ.

Father Ledwig closes the week of religious services for the Catholic people in St. Thomas church this morning. He will preach at the eight o'clock mass on "Perseverance."

Father Ledwig is being assisted in his missionary work by the Honorable Dr. John Jos. Gorrell, Knight of the Holy Sepulchre and Papal Count. He is a writer, author and student of world affairs. He has very recently completed a book on world peace, "World Peace and Its Future" which is soon to come from the press. He has been active in Catholic church circles for many years and has the distinction of having had conferred on him many decorations of merit by the Pope as well as rare and much prized decorations of many European countries. Among his many decorations, besides the ones mentioned above, he holds the Medal of Merit of the French Academy of Arts and Sciences, the Gold Star of the Pontifical Academy of Science and the Tiberina of the Vatican and the Gold Medal of the Imperial and Royal Geographical Society of Paris.

STATE HOUSE SHRINKS
CHEYENNE, Wyo. (UP)—The Wyoming state house has shrunk three feet in altitude. A recheck of the earth's curvature revealed that the altitude, on the state house steps, was 6,097.599 feet above sea level. The bench mark, placed there by the U. S. Coast and Geodetic Survey, placed the altitude at 6,101 feet. A new bench mark has been installed.

Big Spring, Texas

Dear Santa:
I am 12 years old. I want riding pants, shirt, riding boots and jacket. I don't want my jacket so bad as I want the rest. I have tried to be a good girl and studied my lessons. I hope you don't forget my sisters, Billie Marie who is 6, Mary Ellen who is 9, and my big sister is 14. Also my mother, daddy, grandmother, and everybody else. I hope everybody will have a Merry Christmas.

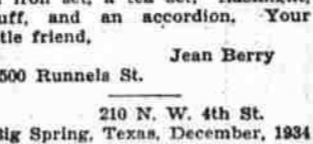

With love,
Paulna Tucker.

HANFORD, Cal. (UP)—For days, one of Dr. W. C. Williams' patients complained of sleeplessness, pains in his neck, throat and side of his face. Williams investigated, diagnosed the case as caused by a foreign body in the patient's ear, and set to work. After three irrigations, out came the larvae of a common carpet beetle. How it got into the ear, the patient did not know.

BATTLED BACK FOR LIFE
OLEAN, N. Y. (UP)—Jack Leahy had to fight for his life with a five-point buck deer in the woods near this city when the animal, instead of fleeing, attacked the man. Leahy was severely injured and it was feared he suffered several broken ribs. He finally drove the deer off by pounding on its head with a club.

Sandies Pile Up Big Lead In First Half

Crushing Victories of Bulldogs Ended When Valiant Comeback Fails

AMARILLO, (UP)—Amarillo Golden Sandies overpowered Ranger's Bulldogs 19 to 14 here Saturday to

win the football championship of districts 1 and 2 and the right to meet Big Spring in state quarter-finals.

Field scoreless in the first period when Sandies went over from the four yard line, after a 57 yard run by Harlow. Fyfe scored on a 15 yard run and Stidger raced 48 yards for another touchdown in the same period.

Rangers' aerial offense started clicking in the last two periods, Anderson plunging over for the first marker and then passing to Payton in the fourth for a second touchdown.

Anderson converted both times. Amarillo made seventeen first downs, Ranger eight. Seventy-five hundred people saw the game.

Michigan State Wins As Farmer Defense Cracks

SAN ANTONIO, (UP)—Texas A. and M. fought Michigan state on even terms for three periods Saturday but faltered in closing minutes of play and allowed the Spartans to score three touchdowns to take thrilling twenty six to thirteen decision. Michigan state attacked by Warmbeld and Reynolds backs latter racing seventy yards for touchdown on punt return. Couser played brilliantly for Aggie, twice passing to Wilkins for two Aggie touchdowns, Brand-

King Kong—Mighty Mite

This mighty mite, King Kong Kodrick will wrestle Ramon Vettilla, the Mexican middleweight champion Tuesday evening in the main event of the Big Spring Athletic club show. Vettilla has refused to put his title at stake in the match against Kodrick.

Greenville, Corsicana, Corpus Christi And Vernon Are Winners

GREENVILLE, Texas—The Greenville High School Lions swamped the Longview Lobos here Friday by a score of 47 to 6, before an estimated crowd of 4,000.

Longview got away to a flying start when they scored in the opening quarter when Elvens passed to J. Whitten, who took the toss and ran 42 yards for a touchdown, but after that it was all Lions. Marshall scored right after Longview's tally, for Greenville, in the first quarter, then scored three times in the second.

In the third and fourth quarters, McClain scored twice and Easter once for Greenville.

Greenville will meet Corsicana at Greenville next Friday, because Greenville played their last game with Corsicana at Corsicana.

CORSICANA, Texas—Corsicana High school Tigers won the right to meet Greenville next Friday in the quarter-finals, by virtue of their 28 to 13 win over the Athens Hornets here Friday, before 3,000 persons.

Both of Athens' scores were made by A. Johnson, quarterback, one each in the first and fourth periods.

Ashworth and Humphries scored for the Tigers in the second period, and Smith scored once each in the third and fourth periods. Each club made 19 first downs.

SAN ANTONIO, Texas—The Corpus Christi High school Buccaneers, although outplayed by a margin of ten to four for first downs, scored a ten to nine victory over the Thomas Jefferson High school of San Antonio, here Friday.

Ernie Carey scored the first touchdown for the Buccaneers, following a 37-yard pass from Haas to Lawrence.

Thomas Jefferson then scored in the third period on a pass from English to Parker. Later in that period Corpus scored, Lawrence kicking a field goal from the 14-yard line.

When, late in the fourth period, the Buccaneers were backed to their 3-yard line, Haas elected to ground the ball behind the goal and give Thomas Jefferson a safety, allowing them a free kick which took them out of danger for the short time remaining.

VERNON, Texas—In a thrilling football game, before a crowd of 6,000 persons, here Friday, Highland Park of Dallas, defeated the Vernon Lions by a score of 12 to 7. By stopping two furious drives by the Lions in the final quarter,

Washington University Unable To Cross S. M. U. Line

ST. LOUIS, (UP)—Southern Methodist's aerial stunts struck swiftly Saturday for a second period touchdown, then held off Washington University's equally air-minded Bears to score a 7 to 0 victory on a snow coated gridiron.

Just before the end of the second period Bobby Wilson hurled a 14 yard pass to Louis Smith, end, who stood in the end zone. Orr kicked the point.

That ended the scoring, although each team had several excellent opportunities.

The Mustangs were once stopped on the three-yard line. Washington came back with a slashing attack in the last two periods but was unable to penetrate the Mustang line for a score.

King Kong Kodrick To Grapple Mexican Middle Weight Champ

The Big Spring Athletic club, 403 Runnels street has changed its wrestling shows back to Tuesday night, and announces a card for this week that will have the middleweight champion of old Mexico in the main event.

Ramon Vettilla, the champ will wrestle King Kong Kodrick for the best two falls out of three to a finish. The Mexican champion has heard about the mighty King Kong, and refused to risk his Mexican title in this bout Tuesday, but said he would risk it at a later date if given big enough guarantee. Kodrick has been wrestling in Big Spring for several weeks and has only been defeated once, that by Benny Wilson. Kodrick has secured Benny now as his training partner, and intends to learn all the tricks that Benny can teach him.

Kodrick stated today "Me no get beat with Benny show how wrestle" so it looks as though Mr. Mexican will have his hands more than full Tuesday, with Benny Wilson coaching King Kong at the ringside.

The semi-final is bringing a new face here to wrestle the tough and crazy Irishman, Eddie O'Shea. Dutch Altman, from Hamburg, Germany is coming over from Abilene this Tuesday and will endeavor to stop O'Shea's wild and woolly tactics, and put a stop to his winning streak. O'Shea is the roughest wrestler ever to come here, and is the only man to come near beating Benny Wilson here, two weeks ago. If the Dutchman can do as he said he would do and beat O'Shea, he will prove to the fans of Big Spring that he is a very capable wrestler. They will struggle for a win for two falls out of three to 45 minutes.

The club is going to admit all the newsboys Tuesday night to this big all-star wrestling card, free. Every newsboy in Big Spring is urged to be a guest of the Big Spring Athletic club Tuesday night.

Headlining the card Friday evening, Benny Wilson won two falls out of three with King Kong Kodrick. With the falls at one each, Kodrick began his butting tactics. Then after time he rammed his head into Wilson's mid-section. Then Benny neatly stepped aside to let the little strong man plunge headlong into the concrete outside the ring. King Kong scrambled back, but he was no good after that and Benny had little trouble in pinning him down.

Roughest match of the evening was between Eddie O'Shea and Jimmy Murphy, a couple of grappling Irishmen. Murphy, noted for

stetter scored twice for Spartans, while Collins, and Reynolds accounted for other two. Couser, Gregory, Fitzer and Wilkins played smashing game for underdog Aggies.

Fans Storm Toyah Eating House And Cause \$65 Damage

Fans riding the Texas and Pacific special train to El Paso stormed the T. & P. eating house at Toyah Saturday morning and made off with silverware and food valued at \$65 by Jim Kelley, manager.

Kelley said he was not expecting the train to stop and only had one man on duty. The train passengers literally took the place in charge and took what they wanted. None were arrested.

Game Sidelights Disclose That Big Spring Can Get Together; 1000 Watch Special Pull In

BY JOE GALBRAITH
EL PASO—Big Spring team really played a game today but it was close. More so than the score indicates. Not until Ole Cordill snatched that was in the final minutes of play was the game decided. Ole really jumped up into the air and ran some fifty yards for a touchdown, and the game was settled. Up until that time Big Spring was continually threatened by the Tigers.

George Noel said he never did touch the ball in the fourth quarter when El Paso was awarded the oval on a punt deep into the Steers territory. George said he was waiting for a Tiger to kill the ball, but officials ruled otherwise, claiming the ball was touched by George, and awarded it to El Paso on the 20 yard stripe.

The big break of the game came on the next play when the Tiger fumbled and Bobby Mills recovered, thereby averting a score.

If you don't think Big Spring fans backed the team, you should have been at the game and heard the cheering section rooting for the Steers. It would have done your heart good. The spirit continued throughout the game. El Paso was awarded at the wonderful turnover by Big Spring fans. One man was heard to say "I wish El Paso would get that sort of spirit." Remarks were heard on every side complimentary to Big Spring.

When the big game pulled in Saturday morning, there was a crowd of some 1000 people on hand to greet the Big Spring delegation. Cars were parked at the station and every court was extended to Big Spring visitors. You would have thought it was Agostino day or autumn if you could have seen that parade this morning. It was a sight to any ones eyes.

The Big Spring pep squad and band led the huge parade through El Paso streets, did Turkey Bight street his stuff? Are you asking me? The brain trust, Stacy Dorn and Dr. Bennett were barred from giving advice to coach Bristow. However, their presence on the bench, along with other ardent Big Spring fans, was a comfort to Bristow, he said.

Mr. Bennett spent most of the morning taping the Steers' ankles here, etc. He did a real job and there were no injuries to any of the Steers.

There are so many sidelights to this game, we could send in a big book about them, however, I would like to say that every person on this trip was more than repaid for his visit by the magnificent play and spirit of the Steer team.

The game was snappy from the start and looked real interesting in the first quarter when the Steers got the lump and ran up 12 points to Tigers none. El Paso came back in the second period to score a touchdown on a series of passes and kick goal. Ole said that was the longest last quarter he ever saw.

Stacy Dorn said he didn't care how long the game would last after Cordill snatched that pass and ran for a touchdown in the final minutes. Boy it was a thriller. The Steers will play Amarillo this week, date and place to be decided. Let's all get together and support the Steers even more than we did today. What do you think? We may go places in this interscholastic league race.

Ole says Amarillo hasn't any license to whip the Steers. If you don't think the Steer players are a hearty meal Saturday night at Dick Ernest special table in the Hussmann hotel, you should have been there to watch them. Dick said the Steer team drank eight gallons of milk at the meal.

Big Spring line as a whole played a jam-up game today. They broke through and spilled many a play for the Tigers.

Bob Piner, Dr. Bennett, W. C. Blankenship and others inspected plans for the new Bowie stadium, to be constructed here soon. Big Spring needs a stadium, and the fellows were very much impressed with the plans.

The El Paso High school stadium is a peach. It is located in a natural amphitheatre with a huge concrete stand on the north side. It has a seating capacity of 11,000. There were approximately 5,000 present at Saturday game.

Lester Fisher played Santa Claus on the train enroute to El Paso. He bought up everything the butcher had on the train, and passed it to all the passengers, including candy etc.

Bill Curry said he slept well until someone pepped into his berth and asked him what time it was. Dr. Edington said he didn't sleep well until he took a couple of Aspirin before leaving Toyah. After that he said he didn't know anything until he was awakened in the yards at El Paso.

American Airlines kept Big Spring people posted as to the correct time. Burke Smith posted a large sign underneath the clock at a company office in the Hilton hotel. There was lots of comment on this display.

Everyone said the restaurant man at Toyah got a big business when the special stopped there early Saturday. Practically everything was sold out, including the dishes.

the best known rig contractors in this section. Associated with the partnership will be Ross Boykin, son of Zolite and son of the late Mr. Boykin.

FERA FIGHTS MALARIA
ESPAÑOLA, N. M. (UP)—One hundred men are working digging ditches in a FERA malaria control project near here. The ditches will be believed responsible for malaria.

Laymen's Meeting Called On Monday

Rev. Willis J. Ray announced a meeting of Baptist laymen of district eight to be held at the Douglas hotel Monday evening at 6:30. This meeting, said Mr. Ray, is part of a move being launched by Texas laymen at the Baptist General convention to culminate in a statewide rally at Dallas, March 7-8.

The speakers of the evening will be H. K. Wren of Snyder, organizer of district eight; Earl B. Smith of Dallas, if he can attend; and Rev. Winston Borum of Midland, vice-president of the Texas Ministers and Laymen's association. The male quartet of Midland will furnish the music. The meeting will be a dinner after which the men will organize.

Plains Farmers Raise Protest To Cotton Bill

LUBBOCK—Land owners, faced with the problem of losing desirable tenants, who found themselves unable to make a living with reduction of cotton acreage under the Bankhead acreage control bill, have set out to enlist the support of farmers and others in a battle to have the bill, sponsored by the Alabama Senator, set aside by congress.

At a recent meeting here land owners from all sections of Northwest Texas, and representing over 3,000,000 acres with from 8,000 to

10,000 tenants, adopted strong resolutions opposing the continuance of the control measure in 1935. These will be presented to every member of the Texas delegation in both houses of congress and to other high government officials.

R. C. Hopping of Lubbock, a pioneer of this section, pointed out that continuation of the Bankhead program in 1935 would have a tendency to stop the orderly and normal development of this new cotton production area by keeping down the annual influx of new cotton farmers who seek to build homes for themselves here. Thousands of dollars have been invested in large bodies of land in this section, while many more thousands have been invested by settlers in homes, school buildings, public improvements, etc.; bonds voted and taxes levied for these improvements. These expenditures

cannot be justified unless a larger population comes to improve and to bear the burdens. In the past three years hundreds of farms have been bought on a nominal cash payment down and so much a year, payable out of cotton crops, and also on a bale per acre plan. These farms cannot be paid out under present Bankhead production allotments. The bill discriminates against these men and other new land farmers.

Interest payments cannot be met out of present allotments in many cases, while the farmer who bought to cooperate with the government and to follow good farm practices by reduction of acreage also is heavily penalized. The cotton reduction for the older growing areas of the south has averaged only from 25 to 35 percent, while in the plains area it has averaged about 55 percent, in-

cluding acreage reduction and unfair allotment of yield per acre. The trend in cotton production in the plains area has been a steady annual growth in bales, for the past decade. In the middle 1920's the Caprock counties averaged less than 200,000 bales of cotton; by 1930 the average was 300,000 bales; in 1931 it went over 400,000 bales; in 1932 over 450,000 bales and in 1933, in spite of a 40 percent reduction, the latter figure.

Ninety percent of the Texas cotton crop has been sold in foreign lands in previous years. Reduction in 1933 slashed exportation and since then the downfall has been even greater. While department of agriculture propaganda emphasized no need to fear foreign cotton acreage increases, production in the larger counties has increased 23 per cent from 1931 to 1934, seven percent the

past year. TULIA—With thirty-eight percent of the 415 Swisher county voters asking for cotton crop certificates under the Bankhead bill voting, continuation of the bill was opposed by five per cent to three. Out of 150 votes 97 passed the set and 53 were for

Old Landmark Razed Superintendent's Home Being Torn Down Recalls Gala Days Of Past When It Was Scene Of Town's Social Life

The staring glassless windows of the old T. and P. superintendent's building now being rapidly demolished by workmen, remind old timers of the day when this two-story edifice towered over the dwelling of Big Spring as the Settles Hotel of yore.

HOSTESS

Mrs. John W. Ward, one of the most popular hostesses in the early days, who resided in the old T. & P. Superintendent's home now being torn down by order of the Fort Worth office.

structure. Whenever its hostess so willed, the house was the scene of gayety and fashion, and has been as closely allied with that part of the town's development as the railroad itself has been with the industrial development.

LET US NOT BE FORGOTTEN

By Theoda Hart Stackhouse
Let us not be forgotten, we who wait
Sad-eyed and wistful, chained to a lonely bed,
Exiles from life by this mad jest of Fate.

Weary with lost dreams, we the living-dead,
Send us then some small token, only say
We are remembered, that somewhere hearts still yearn
At our long absence, as day by weary day
Grow into months and years ere we return.

We will fight on then smiling, knowing life,
If we be not forgotten, in the end is worth the lonely hours of pain and strife
While love abides, and we have yet a friend.

For the past two years Miss Stackhouse has been a shut-in. Her case is typical of thousands of tuberculous patients who are "taking the cure" in hundreds of sanatoria today. She had tuberculosis as a child, but had almost forgotten the experience in the excitement of acquiring an education, the hectic rush of newspaper work and the absorption of writing fiction. She was well launched as a writer when a second breakdown forced her to enter a sanatorium in her native state of Oregon. Her medical history illustrates why tuberculosis associations, with the help of Christmas Seals, strive to impress upon the public: "Protect children from tuberculosis."

Have you mailed in the money for those seals yet? No seals are being sold by school children this year. All seals are being mailed out in envelopes to a list of names. These seals are not to be sold to others if the person receiving them does not want them. Those who did not receive seals may obtain them at the Douglass Hotel or from Mrs. Horace Reagan. The Howard County Tuberculosis Association wants to express its

1st Baptist Is Hostess To Women

Associational Meeting Of W.M.S. Held Friday

The churches of the Big Spring association sent W. M. S. representatives to the First Baptist church of Big Spring Friday for an all-day session climaxing the Lottie Moon Week of Prayer which was held there all week. Bad weather and illness prevented the attendance being as large as usual.

Mrs. Scott Cotten gave the morning devotional and Mrs. Deavers of Forsan the afternoon devotional. Mrs. V. Phillips, associational president, presided. A covered dish luncheon was served at noon with Mrs. E. P. Robbins in charge. The theme of the afternoon was "Girdling the Globe with Prayer." Mrs. J. E. Leigh of Dallas, state treasurer of the W. M. U., was present and spoke to the women in the morning on the Lottie Moon Christmas offering. In the afternoon she conducted a round table discussion and answered questions in regard to W. M. S. work.

Three memorials were presented to the Women's dormitory at Baylor University, Waco, in the names of two associational officers: Mmes. J. C. Douglass, R. V. Hart, and the late Mrs. Russell, mother of Mrs. Della K. Agnell and Miss Angeleta Russell now of San Angelo.

Mrs. Cotten talked briefly on the Mexican missionary work and Mrs. B. Reagan on the work in Africa. Mrs. Leigh went to the Lees Baptist church to address a meeting Friday evening and spoke to the women of the Mexican Baptist church Saturday afternoon.

Mrs. Wolfe Has Pretty Xmas Party

Four Tables Of Players Compete For Prizes

Mrs. Otto Wolfe gave an exceptionally pretty Christmas party Thursday afternoon at her home, climaxing the week's social events. Christmas tallies and Christmas colors on the plate emphasized the season's motif.

Mrs. Williams was presented with high prize, two lovely silhouette pictures and with slam prize, a set of clever wooden tea coasters.

Mrs. Albert Fisher received a set of novelty matches for making second high score. At the refreshment hour, an unusually delicious plate was served, consisting of creamed turkey on toast, grapefruit peel, glazed nickles, plum pudding, and coffee. Guests were: Mmes. Harry Lester, V. Van Gieson, J. R. Youne, Ashley Williams, Joe Ernest, Vivian Nichols, Tom Ashley, Emil Fahrenkemp, Robert Currie G. H. Wood, G. T. Hill, Albert Fisher, Fred Keating, W. F. Hornaday of Dallas, V. V. Strahan, and Tom Helton.

First Baptist Pastor Asks That Membership Attend Service Today

An urgent appeal to the membership to attend the Sunday morning service was voiced Saturday by Rev. R. E. Day, pastor of the First Baptist church.

"It is also necessary that all who signed the notes for the new building be on hand. A committee is in San Antonio seeing what can be done and will be back in time to report at the morning service," said the pastor.

"Please do not fall at this time," he asked. "If we all do our best,

there may be a way to save our building, but delay will be very costly at this time. In the name of all that is good, I ask the members and friends of the church to come Sunday morning."

Joleen Campbell Has Xmas Birthday Party

Joleen Campbell entertained a group of friends recently with a birthday party. Christmas decorations were carried out, a Christmas tree centering the dining table and a Christmas bell hanging from the chandelier with streamers of red and green to the corners of the table.

Packages brought by the guests were placed on the tree. After games were played and pictures taken of the guests at the dining table, the presents were unwrapped and passed around.

The birthday cake was decorated in white and red with three candles. Hot chocolate, cake, jello and Santa Claus favors filled with candies were served to the following: Mary Evelyn Johnson, Evelyn Arnold, Wanda Lou Petty, Betty Jo Jenkins, Janice Dunsagan, Carol Lynn Read, Castleberry Campbell, Bennett Petty, Calvin Lunn Campbell, Lorena Campbell. Those sending presents were: James Howard Lester, Marilyn Youngblood, Dolores Gage, Dolores Hull and Hollis Yates.

Chapter Six
STORMY INTERVIEW
 "What do you mean?" I asked. "Are you suggesting that people still think I'm guilty?"
 "No, no," he raised his hand. "I don't go as far as that. I am merely pointing out to you, in your own interest, Nicholas, that if you attempt to resume your former life you must be prepared to encounter a good deal of unpleasantness."
 I thought of the young man in the tashop. "It wouldn't surprise me," I observed. "As Cresswell says, there are always a certain number of fools about who enjoy being malicious."
 Seymour moved uncomfortably in his chair. "I am afraid that things are even more difficult than you imagine. It is very painful for me to have to tell you so, but the general attitude amongst — well, amongst people who really matter — is such that any successful career for you in this country will be practically out of the question."
 I put down my glass. "Whom are you referring to?" I inquired. "The Prime Minister and the Archbishop of Canterbury?"
 "I am speaking in absolute seriousness. I had an interview yesterday with Lord Redland, who, as you know, is chairman of the Royal United Arts. He was very upset about it all, and as considerable as he could possibly be, but he assured me that, in view of the feeling in the club, it was absolutely essential that you should send in your resignation. Otherwise he committee will expel you."
 "Indeed!" I said slowly. "And what do you propose to do about it? You put me up: in fact, you insisted upon my joining the place."
 He shrugged his shoulders. "My dear Nicholas — what can I do? As a member of the Government, I possess a certain amount of influence, but..."
 But you naturally don't wish to exercise it on behalf of a discredited relation?" I helped myself to a cigarette from a box on the table. "Well, as far as I'm concerned," I added, "the Royal United Arts can go to the devil. I don't care in the least whether they expel me or not."

HEALTH CHAMPS OF 4-H CLUBS

Because Doris Louise Paul, 15-year-old girl of Muscatine county, Iowa, and Leland Monasmith, 18-year-old lad from Jersey county, S. D., were so outstanding among entrants in the annual 4-H club health contest in Chicago, officials reversed a decision to have no individual champions this year and crowned the pair health king and queen of the United States. (Associated Press Photo)

opinion. I warn you that if you attempt to do so the results will be disastrous. All your respectable friends will cut you, you will get no work, and you will be unable to earn a living. In six months time, when it is too late, you will be cursing yourself for not having accepted my advice."
 I looked at him thoughtfully. This outburst of eloquence was so foreign to his character that I couldn't help wondering what lay behind it.
 "Well, let's hear your advice," I said. "So far you've done nothing but prophesy."
 He came back to his former seat. There is only one thing to be done. You must leave England and make a fresh start in some other country. After all, you are still quite young and abilities such as yours are bound to bring you to the front. Here it would be quite hopeless for you, but in America or France — I am assuming, of course, that you will change your name — I see no reason why you shouldn't build yourself up a most successful career. If you are willing to adopt this suggestion, I, for my part, am ready to assist you."
 In a sudden illuminating flash I perceived clearly enough what Seymour was driving at. All he really wanted was a definite assurance that I would disappear. Provided I was safely out of the way the scandal and gossip aroused by my trial would soon begin to die down, and in a little while the unfortunate fact that I was first cousin to a rising and ambitious politician would have faded conveniently from the public memory. For a moment I was almost too amused to be angry.
 "How do you propose to assist me?" I inquired.

"In the way which will be most useful. I don't know exactly how you are situated, but I should imagine that most of the capital you have will be swallowed up by the costs of your defense. Well, I am not a rich man — far from it — but at the same time I am prepared to act as generously as I can. If you will be sensible enough to do as I suggest I will send Cresswell a cheque for the whole of your legal expenses. The only stipulation I make is that in order to give yourself a fair chance you will — abandon the name of Trench and leave England at once."
 I fought back a sudden intense longing to kick him round the room.
 "You've quite finished?" I inquired pleasantly. "You're sure there's nothing else you want to say?"
 He shook his head. "I think that covers everything."
 "Well, I don't!" I threw the stump of my cigarette into the fireplace and rose to my feet. "I always thought you were a pompous snob, but I did at least give you the credit of imagining that you might have small traces of decency and courage. I've been dragged into this hideous mess through no fault of my own, and at the very time when I'm most in need of a little help and sympathy, all you can think about is your own blasted convenience."

GOVERNMENT while it is struggling to get on its feet. Secretary Morgenthau's skill in handling the financial situation is a great comfort to FDR, and he has said so. LEGAL NOTICE

ROAD NOTICE TO LAND OWNER In the matter of the Petition of P. F. Cantrell and other for a Public Road in the County of Howard.

STATE OF TEXAS To George C. Bauer of Wayne County, Michigan, Lena Fieneser, a feme sole, C. F. Bauer, W. T. Jacobs, and J. J. Scott, all of Tarrant County.

TAKEN NOTICE, that the undersigned, J. J. Scott, of the County of Tarrant, Texas, by and through his duly authorized attorney, the undersigned, J. J. Scott, of the County of Tarrant, Texas, do hereby petition the Commission of the County of Howard, Texas, to lay out and survey a Public Road, as petitioned upon by P. F. Cantrell and others, beginning at point where N boundary line of city limits of Big Spring cuts the E. boundary line of Sec. 42, Blk. 32, Twp. 1-N., of the T. & P. Ry. Co. Survey in Howard County, Texas, and running to point in N. boundary line of Fairmont Ave., which said point is due North of the NW. corner of Blk. 32 of the Bayer Add. to the City of Big Spring, Texas, and to assess the damages resulting from the establishment of said road, will on the 18th day of December 1934, in discharge of our said duty, meet upon the following premises, to which each of you has some claim or title, to-wit: Northeast one-fourth of Section 42, Block 32, Twp. 1-N., T. & P. Ry. Co. Survey in Howard County, Texas, and will then and there proceed to assess any damages to which each of you may be entitled on account of the laying out of said Public Road, and do and perform such other acts as may be necessary and lawful in the premises.

Notes—Democratic leaders are watching for signs of party insurrection among their own conservatives. Tom McCarter has exposed International revenue to a grand jury. A permanent aviation commission is in sight. Brazilian manganese may get an edge on Soviet ore in the American market. Each state will soon be called upon to take care of its own unemployed.

NEW YORK

Violators—The law that government employees shall receive no remuneration from other sources is more honored in the breach than the observance. Informed New Yorkers say there are literally hundreds of federal workers—especially on the staffs of NRA and various commissions—who are collecting both from Uncle Sam and their regular employers. Most of them are lent by corporations who still pay their salaries because the government can't support them in their accustomed style. Technically they give their time—but in many cases they collect expense money from the treasury which brings them within the scope of the law.

Keen observers predict a Roman holiday when congress catches on. They shudder to think what would happen—for instance—if Huey Long or Homer Bone should discover that men in the pay of communications companies are working for the Communications Commission. The fact that such men know more about the business than anyone else isn't expected to soften the roar of the legislative lions on the coast of corporate vice.

Invited—Financial sharp rate Ambassador Bingham's latest plan for Anglo-American cooperation is unusually significant. They say he's trying hard to convince the British they can deal with FDR without risk that any agreement they may reach with him will be repudiated later.

Harmony—Even though most of the observers think President Roosevelt is headed leftward again when he next goes definitely on record, some of the political old-liners are settling a bit of consolation out of the current "truce" between the New Deal and big business. They say a person can be a Conservative around Washington now, and not be completely ostracized. Dulot tones and bashful modulation are the only requirements of the day.

Naval—The friends of Federal Housing Administrator James Moffett are grooming him to be Secretary of the Navy. This is predicted primarily on the ill health of Claude Swanson, who now holds the post, and a belief he soon will want to retire.

Distinction—Well-posted sources understand the Federal Reserve has an unusual experiment with security loans up its sleeve but hasn't quite decided whether to trot it out. If it does develop you'll probably hear yells from Wall Street.

Rush—One thing is very certain. Congress is going to have to act very fast after it gets here next month

CLIQOT ESQUIMOS

"Cliquot Esquimos", to be presented at the Settles hotel December 15, have long been considered as one of the first orchestras of this era. Not unlike the minstrels of old, who went about the country singing their ditties and playing their instruments, the members of "Cliquot Esquimos" offering their music in their initial appearance here.

other purposes. The maximum loan value for the former category is fixed at present at 55%. The Federal Reserve could change this but isn't likely to in the near future. Instead it's said to be thinking of encouraging non-speculative loans by allowing them a higher collateral value—perhaps as much as 75% of market quotations.

Gains—Anti-New Deal pessimists get scant comfort from recent statistics of business gains. Here are a few samples of percentage improvements in earnings for various groups in the first three-quarters of 1934 as against the same period in 1933. Auto company earnings are up to 14%, chemical companies by 45%, office equipment companies by 157%, tobacco by 166%, mines and metals by 396%. Thirteen steel companies converted a deficit of \$41,700,000 into a profit of \$12,900,000.

Backslider—More and more sources are plucking up courage to give the beleaguered utilities a hand. The National association of manufacturers is the latest organization to take up the cudgels publicly. And Wall Street is rumored to have elected Winthrop Aldrich of all people—the original New Deal banker—has spoken out against the danger of crowding the power companies too hard.

General—Santa Claus will bring an unusual number of fat financial plums to good little rich boys and girls this year. A good many wealthy folk are planning to bestow trusts on relatives. There's a reason for this wave of generosity. The new gift tax goes in to effect January 1st and transfers must be made before then to duck it.

Sidelights—Insiders estimates indicate that fire losses for 1934 will be the smallest in 17 years. There's been a quiet boom in fire insurance stocks—partly for this reason and partly because their investment portfolios are doing noble—Cramer's consumption is figured at \$123,000,000 this year—a 10% gain. It is more money to spend or more cases of nerves?

Football (Continued From Page 1) with the receiver absolutely in the clear. Cordill's smashing end runs were poison to the El Pasoans. The Tiggers rarely stopped the great galloping back.

Coburn, Steer tackle, was really the hero of the day. The score stood 12 to 7 in favor of Big Spring in the third quarter and the Tiggers were right on the El Paso line. A touchdown would have put them in the lead. It was a case where one realized the value of point after touchdown.

Wilson, Coburn and Sam Flowers were best on the defense for Big Spring. Neel played a great defensive game in the back field, also Captain Bob Flowers. Cordill was a sure and mighty tackler. Brunner and Goodrich were defensive stars in the Tiger secondary. Davis stood out in the line.

Tiggers snapped fifteen yard penalty for fessing fifth and ball on Big Spring sixty six. Neel tried pass intercepted by Heineman who was downed on Steer forty four. Heineman on lateral to Thomas last yard but play called back both off side. Heineman tried pass over center knocked down by Neel. Heineman tried another pass knocked down by Cordill. Heineman kicked to Big Spring ten and Neel thought Ball would either bounce over or be killed by El Paso but ball bounced lightly against his leg and El Paso man down fast on the play and fell on the ball. Tiggers ball on the Big Spring ten. Heineman made five through line. Heineman went to one stride falling by inches male first down. Heineman fumbled at the goal line and Coburn recovered for Steers on 3 yard line as Coburn ended. Score Big Spring 12, El Paso 7.

Fourth quarter—Neel kicked to Heineman who was downed on Big Spring 37 by Wilson. Heineman lateraled to Davis who fumbled but Tiggers recovered on Big Spring 41. Heineman tried a pass which was intercepted by Bob Flowers out of bounds. Play called back. Heineman tried another pass which was knocked down by Neel. Cordill took Heineman's low bullet kick on his thirty but was downed in tracks. It was a beautiful catch when Cordill stepped into the cannonball like kick which was about shoulder high. Hare dashed through left tackle for three yards on the next play Hare fumbled but recovered on a two yard loss. Cordill slipped off tackle to Steer 42. For first down. Cordill fumbled and Heineman recovered for El Paso on own forty. Heineman tried pass and it was intercepted by Neel on fifty who returned it to the forty three. Hare made nine off tackle to Tigger 35. Neel failed gain. Cordill whipped through line for first down on El Paso 30. Cordill went down on own forty seven. Captain M. Bob Flowers of the Steers and Crysler, Tiger left end, were banished from the game for fighting. On last play of game Heineman another one yard loss. Final score Big Spring 19, El Paso 7.

Men Braver in Dentist's Chair AKRON, O. (UP)—Contrary to belief by many, men can really "take it" better in the dentist's chair than women, Miss Lynn Nyma, dental assistant to Dr. L. J. Wehr here, said in an interview. "Don't let anyone tell you women aren't afraid of being hurt," Miss Nyma said.

Stranged Picked Apple Crop NORWAY, Me. (UP)—Luck was what Harry Goodwin called it. He was on his way to gather his late apple crop, when he found a man making a hurried last minute inspection of the trees. The stranger had picked them and was about to take the apples away. Goodwin thanked him for his thoughtful home and he (Goodwin) took them home.

IT WAS GOOD TO SEE 700 OR MORE Big Spring fans board the Football Special for El Paso, just to "root" for our own high school's winning team. There is another battle being fought in old Big Spring. Are we big enough to cope with Depression's problems? We can and we will, just as soon as we decide to constructively support constructive business operations even though the cost is a few pennies more.
