Clark Pitches Brilliant Game and Beats Texans 11-9

GRAYS CLOUT OFFERINGS OF 4 TWIRLERS

Crowd of 1,000 Sees Western Leaguers Let Down

8 STRIKE-OUTS IN 5 INNINGS

Amarillo Team Has Two Rallies In Game

Before a crowd which occupied all of the temporary bleachers and a circle of cars which nearly surrounded the new field, the clouting Pampa Grays drove out 11 runs yesterday while their super-hurler, Bob Clark, retired the Amarillo Texans unmercifully in all except two innings and held the ambitious Western Leaguers to 9 runs.

Riled by their inability to hit and the ineffectiveness of a quartet of pitchers, the Texans may come back strong against league opposition Thursday and thereafter, but their showing here yesterday was undeniably dismal.

Texans Are Surprised

The Texans came to Pampa expecting to have a work-out before their opening game Thursday, but went home a beaten bunch of ball players. The Pampa boys outplayed them and the pitching of Bob Clark was something they have not had to contend with, as no less than 13 Texans fanned the air.

With a home run, a triple, two doubles and seven singles to their credit, the Grays made a fine showing. Amarillo also had 11 hits, but Pampa took advantage of the breaks.

The cause of defeat was attributed by Amarillo to the wind and rough diamond, but it was really just too much Clark and Pampa.

Pampa started early when Weeks was safe on an error, and scored on Rowe's hit and out. No more scoring resulted until the fourth, when the Grays started on a rampage.

Reynolds Started It

Reynolds started things with a single, Weeks doubles and Rowe and Scaling singled. This ended Mr. Newton's term in the box, and Shores was rushed in to be treated the same, and before he retired six runs were in the Pampa sack and Tinning was warming up.

The Grays garnered their other runs when Clark hit his home run in

It Was a Good Winter For Boll Weevils, Says Report

(By The Associated Press.)

WASHINGTON, April 13.—The department of agriculture in its cotton boll weevil emergency report said it was too early to predict final emergence, but said it was now obvious that the percentage of survival would probably be greater than for 1926 at many points.

Blind Girl Leads High School Class

LOUISVILLE, Ky.—A blind girl, Mary J. Jackson, 19 years old, is leader in her classes in Girls' High School here. Using the Braille system in preparing her lessons, Miss Jackson has averaged more than 95 percent during the last term in geometry, Latin, English, Spanish and history.

"I don't find it a bit harder to do my work," she says "than the other girls who have eyesight. Maybe it is because I enjoy the study so much."

A Divorce For Vanderbilts

After living apart for 18 years, William K. Vanderbilt, II, and Mrs. Vanderbilt, the former Virginia Fair, are about to be divorced by the Paris courts. Following the divorce it is said Vanderbilt will be married to Mrs. Barclay Warburton Jr. Mr. and Mrs. Vanderbilt are pictured above.

STORM TOLL VERY HEAVY

Texas and Oklahoma Towns Torn By Twisters

(By The Associated Press.)

DALLAS, April 13.—A windstorm which struck near Hebron, in Denton county, today destroyed the house of a Mexican farmer, and tore down fences and small buildings.

Since all wires are down, the extent of the damage could not be determined.

FORT WORTH, April 13.—(AP)—A tornado struck Kennedale, 11 miles southeast of here today, demolishing two residences, a dairy barn, and a school house. No one was injured.

Gale at Ballinger

BALLINGER, April 13.—(AP)—A strong wind and electrical storm did considerable damage to trees and plate glass windows here today.

FORT WORTH, April 12.—(AP)—A baby was killed, several persons were injured, a number of houses in outlying districts were destroyed or damaged when a tornado struck the Watson community five miles northwest of Arlington today, according to reports received here.

Levee May Break

OKLAHOMA CITY, April 13.—(AP)—Residents of more than 20 city blocks in a thickly populated district on the north bank of the North Canadian river here were warned to flee from their homes today.

The levee, usually six feet wide at the top, had worn to less than a foot during the night, and was expected to give out, flooding the entire area.

LAW AFFECTS COUNTY SEAT VOTE

Elections May Be Held Every Two Years

It has come to the attention of local citizens that House Bill 275, just signed by Governor Dan Moody, makes it possible to hold a county seat every two years providing the county seat is more than five miles from a railroad.

It has been more than two years since the Gray county election was held, when a move to bring the county seat to Pampa failed by a small number of votes.

Failure of the new measure to get a two-thirds vote in each house renders it not effective until July 14, or 90 days after the day of adjournment of the Legislature.

The old law was as follows: "Whenever an election for the location of a removal of a county seat has been voted on by the electors of any county, and the question settled, it shall not be lawful for a like application to be made for the same purpose within five years thereafter."

The amending measure qualifies this law with the following: "Provided that an application may be made and election held to remove the county seat from a location more than five miles from a railroad operating as a common carrier, to a location on a railroad, within two years thereafter."

"Bill" Edwards To Give Charter To Rotary Club

Will S. (Bill) Edwards of Denton, district governor of Rotary, will come to Pampa Friday to present a charter to the new club here.

The ceremonies will follow a banquet Friday evening at the First Methodist church, and Mr. Edwards who is editor of the Denton Record-Chronicle, will be one of the speakers.

Delegations from clubs in Dalhart, Amarillo, Panhandle and Canadian are expected to accept invitations to be present.

The local club has already taken part in several Rotary events, sending delegates to various conventions and entertaining speakers and visitors.

Pampa Grays To Play Metros Here Next Sunday

The Pampa Grays will again be seen in action Sunday afternoon at 3 o'clock, when they play the return game with the Amarillo Metros here.

In the first game the Metros defeated the Grays by a 3 to 0 score, but it should be different this time. The Grays will start the same lineup that defeated the Texans yesterday.

Fort Elliott Road Delegates To Meet Here Tomorrow

Tomorrow delegates from those interested in the Fort Elliott Highway association will meet in Pampa.

The official conference will take place at the Chamber of Commerce at 4 p. m., when business matters will be discussed.

A banquet will be tendered the visiting delegates, and at 8 o'clock a social program will be given by the Chamber of Commerce.

The Fort Elliott highway runs from Elk City to Amarillo and representatives from many intermediate points will attend the conference in Pampa. Mayor F. P. Reid will officially receive the delegates.

City Is Asked To Pay \$2,000 In Damage Complaint

The city of Pampa has been asked to pay \$1,000 damages by Mrs. M. J. Purvis, on the grounds that sewage pumped upon her land by workmen repairing a leak was highly objectionable, detrimental to her health, and damaging to the property.

Negotiations are under way to compromise the damage figure.

Small Cafes And Filling Station Are Levelled By Fire

Damages of \$2,500 or more resulted about 11:30 p. m. last night in the burning of three business houses on the Wilcox road in the extreme south part of the city.

The Pond and Owl cafes and the Barnes filling station were destroyed. In the Pond cafe, where the flames are said first to have been noticed, groceries, fixtures and some household goods were lost. Some fixtures were saved from the other buildings. Little could be done to check the flames.

An investigation made today indicated that the fire, the cause of which is unknown, might have been of incendiary origin.

SCHOOL CHILDREN SEE MOVIE FREE TODAY

The first five grades of the Pampa public school were given a treat by Roy Star of the Rex theatre this afternoon, when they were admitted free to the show. They saw Hoot Gibson in the "Painting Frontier."

RELIEF CREWS IN CHARGE AT ROCK SPRINGS

150 Are Injured — Many Killed Not Identified

BABY IS TOSSED BUT NOT HURT

Storm Struck Isolated Village Without Warning

(By The Associated Press.)

ROCK SPRINGS, April 13. — At least 62 dead and about 150 injured were taken today from the ruins of Rock Springs, which virtually was annihilated last night by a tornado. Relief workers took possession of the town today.

Rock Springs was lashed into ruins within a few minutes by a tornado from the northeast, which razed all except a few buildings and roared down a two-mile path.

Many Children Die

Thirty-two known dead have been identified, as follows:

Robert Dollibrite and four members of his family; Mrs. Will Feltz; Mrs. W. J. Adams; Mrs. Pennington and two children; J. Billings; Rev. Spiers of Methodist church; Mrs. Spiers and one child; J. T. Cowden, his wife and two children; Charles Herrington, Charles Baker, Charles McMain; Mr. and Mrs. Willis; Judge Griffith and two children; Guy Henderson and three children, and Burnett Babb.

Twenty-nine other bodies recovered have not been identified.

The usual sardonic pranks of a twister were in evidence. A baby was hurled 50 feet through the air, but landed safely.

In Goat Section

With a population of but 800, Rock Springs is in the center of a sparsely settled goat-raising section of Southwest Texas—one of the most isolated towns in the state.

Campwood Terminus of the Uvalde and Northern Jumper line is the only railway point within 20 miles.

Deputy's Car Is Taken By Mistake And Then Returned

A party from Roxana made a bad mistake last night at the dance, when they decided to go for a drive and mistook Scott Rheudisal's car for their own. They departed in it.

Rheudisal, a deputy sheriff, was paying the dance a visit, and on returning to his car found it gone. He had to walk to town, but later found his car had been returned, none the worse for its little trip without the owner.

Deafness Sometimes Is Not Affliction

(By The Associated Press.)

FORT MEYERS, Fla., April 13.—Thomas A. Edison doesn't always regard his deafness as an affliction.

After some strenuous work a few days ago he visited a local barber shop. The barber was all smiles over his distinguished patron and he applied a lot of talk along with the lather.

When Edison failed to reply there were more questions. Finally, leaning up a bit in his chair, the inventor fairly shouted:

"I'm deaf—fortunately!"

IN THE NEWS

A new legislative act requires highway officers to wear badges and uniforms, and makes the sweeping provision that "all officers" making arrests for speeding must be uniformed and wear a badge.

Imagine that. When a speeder is approached by an officer with a big star pinned on the vest of a Hart Schaffner and Marx — or some other brand — he can remind this "law" that under the statutes an arrest would not be legal. But the framers of the bill intended to create just this situation, and they are aroused over the possibility that sheriffs and constables may not be included. They are making suggestions to Assistant Attorney - General Calhoun, who is writing an opinion to construe the law into some workable form.

"To hold that the law does not require sheriffs and constables to wear uniforms and display badges would rob the measure of some of its effectiveness," it was said to the attorney-general, "because some of the worst 'highway hawks' have been constables who have pounced upon motorists and collected fees for convictions for speeding."

If Gray county deputies are "deputy highway officers" they must wear uniforms and display appropriate badges under the provisions of the law, and they cannot be called deputy sheriffs since the law provides that no county shall pay salaries for sheriff's assistants. The legislature prescribes some minute practices, and failure to obey the changing provisions enables offenders to defeat justice.

The last legislature was noteworthy in regard to special provisions, one of which affects Gray county, should anyone take initiative in the matter. It relates to the House bill No. 275, which provides that county seat removal elections may be held every two years when the county seat is more than 5 miles from a railroad.

This measure, it may be assumed, is intended for emergency use, or to meet the desirability of having the center of county affairs near a railroad.

Railroad crossing accidents are providing a daily quota of deaths, and it appears that seasonal traffic has hardly begun. Trains must run, crossings will not be eliminated for some time, if ever, and it remains for the motorists to stop, look and listen.

Father Thinks He Is Still Too Young

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON. — When "Uncle George" Norris of Nebraska finally leaves the Senate, as he is again threatening to do, there will be a certain regret in this prosaic town such as would attend the passage of few other human cogs in the federal government.

Norris has his enemies, for he's a fighter. But there is less peanut politics and more genuine sincerity and honesty of purpose in this 68-year-old war horse than in almost any other member of Congress. It's hard to find anyone who won't admit as much, whether they like Norris or not.

Norris is a simple, unaffected, old-fashioned old cuss, with an old-fashioned, floppy square-cut bow tie, wrinkled old-fashioned high shoes and plain, ordinary clothes. His lack of sartorial pretensions goes along with a predilection to old-fashioned horse sense. His speech is no more pompous than his manner. He doesn't talk about "Congress in its wisdom," doing this and that and he doesn't play to the galleries.

The old fellow's head pokes itself up above the clouds sometimes, but his feet are generally on the ground. One of the most justified criticisms of even the best of senators is that very few of them have the intestinal stamina to wage a single-handed, long and bitter fight for a principle in the face of huge odds. That sort of thing, which incidentally gave Hiram Johnson's prestige a tremendous boost in the last Congress, is the best sort of thing "Uncle George" does.

He came to the house a partisan Republican. Soon he began to observe the indecencies and the futilities of peanut politics. He became more and more independent and Nebraska sent him to the Senate. In 1924, after "Uncle George" had again and again emphatically refused to run for re-election and after he had been made a candidate forcibly, by trickery and against his will, Nebraska elected him by a 140,000 majority.

Reverses Old Rule. Sometimes it may seem that "Uncle George" is getting a little moony in his old age. The trouble is that he's a complete reversal of the rule that men come to Congress progressives and slowly turn into moss-backed conservatives. Norris gets more progressive all the time. Corruption arouses his dander, but injustice and oppression make his blood boil.

PRESS FORUM

IF ONLY—

The other day at luncheon three men sat toying with their coffee spoons, when, in the course of conversation, one of them said: "How much more good we could all do in the world if we were only willing for someone else to get the credit!"

And I sat thinking— What a revelation of character that! What an indictment of our human nature! How it cuts to the quick our self-esteem!

Most of us are quite willing enough to assume a reasonable share of responsibility, even to do yeoman service—if only we shall be overlooked when the hymns of praise are sung.

Indeed we are not all adverse to more than mere good measure in this regard. Even to serving less, and yet receiving the greater acclaim. "Tribute to whom tribute * * * honor to whom honor" is principle of life; yet there is more in life than even that—"In honor preferring one another."

What matters it who shall receive the credit, if only the work is done; to whom shall go the honor if only the association shall be made greater, and all opportunity and share in the results?

"If only we were willing for someone else to get the credit!"—Rotograph.

A movement is being started which proposes the names of Governor Al Smith of New York for Democratic nominee for president, and Governor Dan Moody as his running mate. Such a combination would hardly suit the youthful Texas governor. It was generally rumored four years ago that the Smith followers attempted such a trade with Pat M. Neff, but the plan didn't work. Al Smith is one of the strongest politicians in America. He is an anti-prohibitionist and by religion a Catholic. His stand on prohibition is the only thing which may be questioned in his political life. It would be poor politics, indeed, to object to as strong a man as Al Smith on account of his religion. It is probably figured that Moody being an ardent prohibitionist, a Protestant and from one of the biggest Democratic states in the Union, his influence would offset the adverse criticism of Smith. Next year promises to be an interesting one from a political standpoint.—Canyon News.

Petitions Ask Council To Order Further Paving

Two petitions for additional paving, the first of several now being circulated, were presented to the city council last night, and after a short discussion were passed up for later consideration.

The city, short on finances but having property valuation sufficient to issue warrants for many uses, is being asked to match funds of residents for public improvement. Under the paving arrangement the city pays one-fourth of the cost plus engineering fees and incidentals.

The largest paving proposal takes in the following limits:

East Atchison avenue from the East line of the alley between Cuyler and Russell streets to the west property line of Frost Avenue and Russell street, and from the north property line of Russell street and Atchison avenue to the north property line of Russell street and Foster avenue, and on Frost street from the South property line of Frost street and Atchison avenue to the North property line of Frost street and Foster avenue, making a total of 1,123 feet.

This paving would serve the patrons of the new Schneider hotel and property owners in that vicinity. The other proposed paving would be an extension of the present paving past the post office. Its limits are:

On West Kingsmill avenue, from the alley next to the post office or from the terminus of the present paving, thence west to Russell street, making a total of 280 feet.

The additional paving, if contracted for, will affect the sidewalk program, since the crossings would automatically be cared for within the paving limits. The sidewalk ordinance is being prepared now and will be put into force early in the summer, it was said.

Pennsylvania Squad In Training Early

PHILADELPHIA—Spring football practice at the University of Pennsylvania will be in full swing shortly. The loss of the entire line from end to end, excepting tackles, and the graduation of a number of experienced back-field men have caused Lou Young to start spring training earlier than usual.

Young and his aides are looking ahead at the difficult schedule they must face. Franklin and Marshall, Swarthmore, Brown, Penn State, Chicago, Navy, Harvard, Columbia and Cornell is in the line up.

Airplane Inventor Risks Life In Test

(By The Associated Press.) SOUTHAMPTON, England, April 13.—Frank B. Courtney, an experimental air pilot, deliberately risked his life to prove the principle of his windmill airplane was right. The experiment ended in a crash in which Courtney was slightly hurt. One wing of the plane had come off while 60 feet in the air and another

came off when within 15 feet of the ground letting the machine fall like a stone.

"I am still convinced" Courtney said that the principle of the autogyro is right. I shall go on with the experiments, though in a different way. I knew that the breakage was inevitable and I had put in a report previously to that effect. But as no one would believe me the only way to test the machine was to break it in the air."

Wrestling Match Called Off When No Fans Appear

Because of an acute scarcity of cash customers present at bell time to see the scheduled Bobby Chick-Joe Kopecky wrestling bout at the skating rink here last night, the evening's card of grappling events was called off by Promoter George Hellman and all gate receipts were refunded.

When asked as to whether or not he would again attempt to stage a similar exhibition here, Hellman stated that it was highly improbable that he would, intimating that the interest and enthusiasm manifested by local followers of the roped enclosure were not sufficient to warrant the promotion of fistic or wrestling encounters on anything like a paying basis.

Pampa Athletes Few But Talented For Canyon Meet

The University Inter-scholastic League meet of District 1 will be held in Canyon April 22 and 23 with students from this big area taking part.

Pampa will be well represented at the meet, as her winners in the events at McLean will attend. The athletes contestants are in training now and will be in good condition for the meet.

In the senior field and track events Pampa will be represented in the different events by the following: pole vault, A. Walstad; shot put, A. Lewter and E. Maness; discus, Lewter, Kahl and Seltz; running high jump, Tippen and Ayres; running broad jump, Salsbury and Walstad; javelin, Lewter and Hardin; 120-yard hurdles, Maness and Walstad; 100-yard dash, Lewter and Tippen; 880-yard run, Anderson; 220-yard low hurdles, Maness and Walstad; 440-yard dash, Walstad and Carlton; 220-yard dash, Maness and Tippen; 100-yard dash, Hutton; 100-yard dash, Kahl.

Tennis, senior boys' doubles, Albert Lewter and Hugh Moore; girls' singles, Lillian Mullinax.

Sport Briefs

Well fans, it certainly wasn't nice the way the Grays treated the Texans yesterday, but all must admit the best team won.

Bob Clark can hit a home run anytime without any wind to help carry the ball. The one yesterday cleared the fence by at least thirty feet.

Did you notice Rowe in center field covering the ground? That boy has a future before him, and can hit too.

The Amarillo News says a "good crowd attended the game for the size of the town." Wonder if Amarillo realizes Pampa has a population of nearly 10,000.

When a ball team starts cutting and slashing at pitched balls it means they are guessing.

Ed Gober and "Lefty" Martin are behind the new park and are pushing the work along.

One witty Texan remarked yesterday, "No wonder those boys can catch fly balls on a rough field. After driving over Pampa streets, it is no mystery."

Michigan Infielders Warming Benches

ANN ARBOR, Mich.—Three infielders of the University of Michigan baseball of a season ago, which won the Western Conference championship, are bench warmers this year because of a profusion of good sophomore material, and the fact bodes no good for teams who wish to wrest the honors from the Wolverines this year.

Capt. William Puckelwartz, however, is a fixture in center field. The team is not overconfident of repeating, for its pitchers and catchers are none too good, coaches say.

(By The Associated Press.)

KYSYL ORDA, Kazakstan Soviet Republic, April 12.—Although the soviet government has conferred local autonomy upon the 5,000,000 Turcomen, Kalmucks, Bashkirs, Tadzhiks and Kirghizes inhabiting Turkestan, it has found them reluctant to abandon their old forms of patriarchal government.

The Kirghiz tribe, for example, know only the law of their elder leaders, who enjoy utmost authority. All their social, business and family affairs are regulated by patriarchal superiors.

Engaged almost entirely in horse-breeding and sheep-raising, wool and horses constitute the sole wealth of the Kirghiz, who are of Mongolian origin. They are nomads, living in felt tents. In the winter the sheep and goats share the tents with their masters.

BASEBALL

the fifth with two on, and Weeks got his third run in the sixth.

The Texans never saw a ball until the sixth when Clarke let up and six runs were squeezed across. Up to that time all the Texans could do was hit the air, Clark having eight strikeouts in the first five innings. In the ninth, the Texans started a rally and put three runs across, but Swartz, pinch hitting, fanned for the last out.

Under New Management
Owing to the withdrawal of the board of directors, the park was not completed, but the team has now taken over the building of the park and the work is progressing rapidly. It will be completed for the next home game. More than 1,000 enthusiastic fans saw the Grays make the Texans look like bush leaguers yesterday, and will be out to see further victories come to Pampa.

With the line-up the Grays put in the field yesterday, they are ready to meet all comers and Pampa fans will see some fast baseball during the season. The management is mak-

of Rock Springs. Relief workers from San Antonio and Kerrville and a detachment of troops from Fort Clark were delayed in arriving on account of bad roads.

The storm came with little warning, just after dark, according to survivors. Fire broke out soon thereafter, the postoffice and a restaurant burning.

Of the injured, twenty are expected to die before night. Most of the unidentified are Mexicans. Ambulances are conveying injured to Campwood, where they are being housed in a theatre, which is being used as an emergency hospital.
