

Fear Further Disorders In Textile Strike

China Denied Entrance Into League Of Nations

11,000 Guardsmen Patrol Scenes In Various Sections

News Behind The News THE NATIONAL Whirligig

Written by a group of the best informed newspapermen of Washington and New York. Opinions expressed are those of the writers and should not be interpreted as reflecting the editorial policy of this newspaper.

Influence Of Japan Factor In Decision

Other Nations, Including Chile, Spain And Turkey Are Elected

WASHINGTON (By George Durno) **Tough**—Make no mistake, northern mill owners are plenty worried about the textile strike.

"It is not only dangerous but ruinous," one spindle boss wrote his Washington handyman.

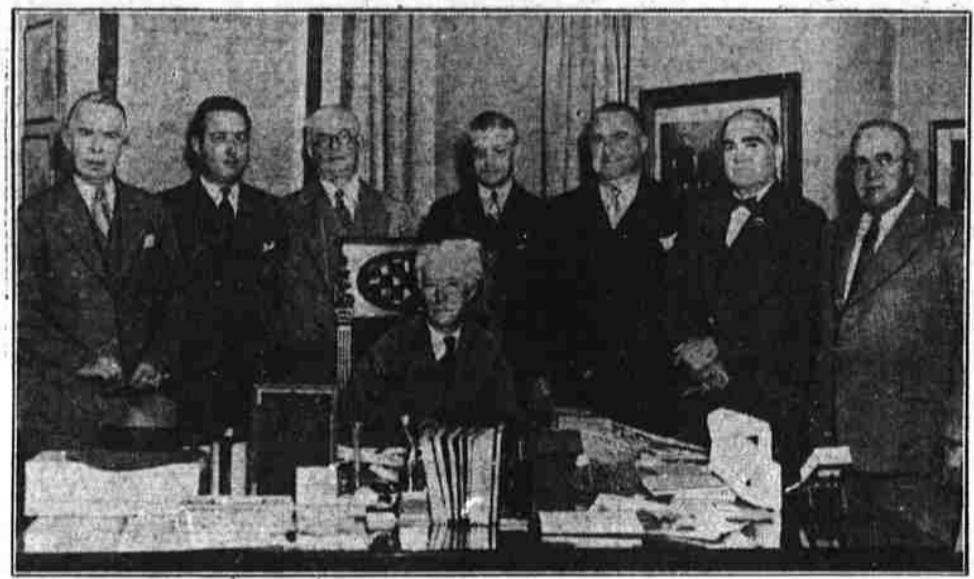

This particular letter cited a lot of reasons why it threatened to be ruinous—most of them uncomplimentary to the New Deal—but the real fear wasn't even mentioned.

GENEVA (UP)—China lost its privilege of reeligibility for a seat in the council of the League of Nations Monday when the assembly gave her only twenty-one of the thirty-four votes necessary.

Observers deemed Japanese influence in the Far East and in the league, from which Japan withdrew last year, was decidedly strong.

Japanese observers were elated. Refusal to reelect China means Turkey will be receiver of a non-permanent seat, succeeding China.

BIG LEAGUE BASEBALL LEADERS PLAN WORLD SERIES

The pending world series was the chief topic of conversation at a meeting in Chicago of officials of two American league teams and three National league clubs with Judge Kenesaw Mountain Landis, high commissioner of baseball. Standing behind Judge Landis are, left to right: C. F. Navin, secretary of the Detroit Tigers; W. C. Witt, treasurer of the St. Louis Cardinals; Frank Navin, president of the Tigers; William Harridge, president of the American league; James Tierney, secretary of the New York Giants; Ed Barrow, business manager of the New York Yankees, and William Walker, president of the Chicago Cubs. Chinese Air Unit Aided By U. S., Charged

Senate Munitions Committee Hears Testimony To Effect Monday

WASHINGTON (UP)—Testimony that the United States Department of Commerce aided in recruiting and formation of a military air school for the Canton, China, government, was laid Monday before the senate munitions committee.

The matter was described as having been handled "very confidentially" early last year in order that it might not come to the attention of another Oriental power, which might challenge "impropriety" of the action.

The testimony came out in questioning of United Aircraft export officials.

Captain Hubbard May Go To C.C.C. Camp Sweetwater

Captain Harold J. Hubbard, in command of the C.C.C. camp here, remained on duty Monday despite the fact he was mentioned as the officer to be in charge of the Sweetwater C.C.C. camp.

He was notified to wait until further developments before proceeding to Sweetwater. He was there Saturday with Captain J. D. Bender, sub-district commander, and Captain E. R. Galbraith, assistant, on an inspection tour of the proposed camp site at Lake Sweetwater.

By Associated Press
Fear of disorder mounted in the nation's textile areas Monday, while 11,000 national guardsmen patrolled the scene.

Southern operators were determined to open their mills. Governor Eugene Talmadge at Atlanta, announced martial law "is in effect all over the state of Georgia where ever there are disorders and local authorities cannot handle the situation" growing out of the strike. It was declared "to preserve order and to protect the lives of all citizens of Georgia, as well as their property," the governor said.

Adjutant General Lindley Camp's men arrested several pickets at Newnam, Georgia.

The strike cut into the ranks of Maine textile employes. From 20 to 30 per cent of 4,500 workers of the Peppereil Manufacturing Company, Biddeford, and the York Manufacturing Company, Saco, joined the idle ranks.

A thousand pickets faced a company of national guardsmen at Belmont, North Carolina, shouting "you'll start a revolution."

In Washington, Francis J. Gorman, chairman of the textile strike committee, issued an ultimatum that if the strike is not settled this week, all remaining divisions of the industry would be called out.

Gorman said the mills running are operating on skeleton forces and are "not producing anything," while efforts to reopen closed mills had "fizzled out."

Textile mills north of the Mason-Dixon line are so much in debt to their local bankers that they can feel the well-known hill firmly imbedded in them. Months ago their representatives were in Washington trying to get a "direct-loan-to-industry" out of the federal government. They missed. Many of them were on the verge of folding.

Then dawned the prospect of NRA. Production jumped to top speed. Everybody was trying to stock up before the code went into effect. Even the weak sisters were taken out on the floor for another whirl.

This era of "prosperity" lasted about six months. Came the shutdown again. Financially, it's getting very dark for the northern warp-and-wool gentry.

CHILE, SPAIN AND TURKEY ELECTED
GENEVA (UP)—The League of Nations assembly Monday elected Chile, Spain and Turkey as members of the league council (non-permanent seats).

Switzerland, home of the league, declared in a public meeting of the league assembly Monday she would vote against admission of Russia into the league "because Russian communism seeks to take root everywhere and because its ambition is a world revolution."

Giuseppe Motta, former president of Switzerland, expressed this attitude.

Gov. Ferguson Submits New Oil Regulatory Bill

Griffin Returns With Cotton Tax Exempt Document

County Agent O. P. Griffin returned Monday morning from College Station with cotton tax exemption certificates for Howard county.

Monday he and his aides were busily engaged in weeding out certificates entangled with issuance of 400 interim certificates (issued pending receipt of the regular certificates).

He said that as soon as the interim certificate situation could be straightened, issuance of the certificates would be started.

There are 2,340 certificates to be issued in this county.

Griffin has been at College Station for the past two weeks in an attempt to procure the Howard and Glascock certificates.

AUSTIN (UP)—Governor Ferguson Monday submitted to the Texas legislature a bill to extend regulatory powers of the railroad commission to refined products of derived crude oil.

Enactment of the bill was asked by the commission as a necessary step in efforts to regulate production in the East Texas oil field.

Moley Answers Assertions At Dallas On NRA

DALLAS (UP)—Raymond Moley, advisor to President Roosevelt, answered assertions that England needed no NRA or other government measure with a statement Monday that Britain had its "new deal" years ago.

He said England installed and managed a flexible currency, social insurance, financial responsibility, sound banking legislation, sound labor policy, housing program, etc., years ago, while the United States had to install "ours in a tremendous hurry, in a time of extreme crisis."

70th Court Meets Here

Down south the textile owners are dug in for a finish fight. Up north their less robust brethren have been forced into line. The New Englanders foresee shortened hours and higher wages and they swear they just stand another jolt. The wage differential between north and south always has been a sore spot—the spinners and weavers from Yankee land, who take the wrong end of the differential on the chin.

While southern mills (backed specifically by Commonwealth and Southern and by big industry generally) are bent on offering no quarter to organized labor, many of their northern associates have visions of closing up forever. It's a simple question of unpayable debts and too much competition.

Francis J. Gorman, maestro of the striking textile workers, is fully in step with this situation. He knows he can get tough and stay tough just that much longer.

Grand Jurors Charged By Judge Klapproth In Session Monday Morning

A short term of the 70th district court was convened here Monday morning by Judge Charles L. Klapproth.

Grand jurors were charged specifically to investigate four charges of driving drunk, as many attempt to murder charges, two forgery counts, two car theft charges, and charges of robbery, cotton theft, horse and mule theft, and disposing of mortgaged property.

Club Le Parce came in for more attention when Judge Klapproth charged the grand jury to look into alleged violations of liquor laws as the result of a temporary injunction obtained more than a month ago against the club owner and operator. The injunction was dissolved as concerned the owner, and the management changed hands. Judge Klapproth charged the grand jury to investigate violations of the liquor laws elsewhere.

Louie Hutto, Coahoma, was chosen foreman of the grand jury.

Docket for the six weeks term of court will be called 10 a. m. Tuesday.

To Let Hartwells Teacherage Contract Saturday At 3 P. M.

Contract for the Hartwell teacherage will be let Saturday 3 p. m. from the office of County Superintendent Pauline C. Brigham, she said Monday.

Revised plans and specifications may be obtained from her office Tuesday morning, she said. Contractors who have the original specifications must have them changed before their bids will be eligible, she said.

The Hartwell public body, which will let the contract, announced Monday that the prevailing wage scale in that community was 37 1/2 cents for unskilled and 75 cents per hour for skilled labor. Laborers may be paid no less than these wage scales provide.

Mr. and Mrs. Phil Berry of Stanton were visitors here Sunday.

Deputy Superintendent To Visit Here Sept. 26

J. T. H. Bickley, deputy state superintendent, will be here September 26 to aid Elbow and Highway schools in gaining an accredited rating. He will outline necessary requirements to trustees of the districts.

Mr. and Mrs. A. M. Ripps are in San Antonio spending a few days with Mr. Ripps' family.

Left—For a change, big-time politicians are taking that old gag about "As Maine goes etc." seriously.

Statements from the Republican generals that a serious situation existed which behooved the G. O. P. to redouble its efforts against November's election were unprecedented. Normally the winner gloats and the loser alibis and that's that.

A prominent Republican confides that he considered the Maine election results far more significant than the California primaries which made Upton Sinclair a "Democratic" candidate for governor.

"After all," came the reminder, "California has been sending Hiram Johnson to the Senate for years. Main was supposed to be a normal Republican State."

What worries the Republicans this time is the possible psychological effect Maine's bow to the New Deal may have on the "middle-of-the-road" voters in other sections of the country two months hence.

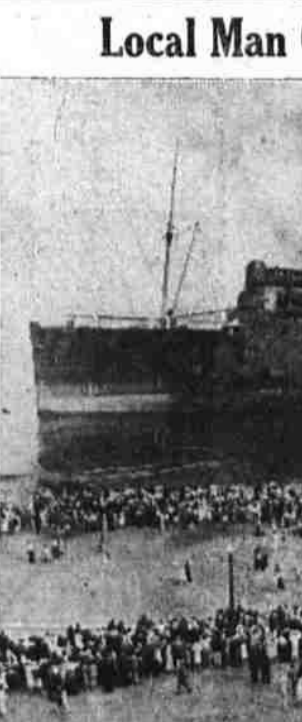

C. of C. Committees To Meet During Week

Two Chamber of Commerce committees have been scheduled to convene this week.

Wednesday 3 p. m. the civic and beautification committee will hold a joint session with the Garden club. Harry C. Newton, landscape architect of CCC camp technical staff, will be principal speaker at the meeting.

Thursday 7 a. m. in a breakfast session the oil committee will meet with the managers of the oil field supply companies at the Bettles hotel.

Local Man Once Served on Death Liner

John E. Bourko, Department of Commerce wireless operator stationed west of the airport at the radio beam station, has a peculiar interest in the Morro Castle, which carried 154 people to death in a maritime fire. He served as radio operator on the Morro Castle on one trip to Havana and return. Bourko was then transferred to the United Fruit service.

Pictured above is the ill-fated ship as it was beached in front of hotel property belonging to a son of Bourko in Asbury Park, New Jersey. She wrote him that most of the crowd near the boat had been charged by the beach owner for the privilege of viewing the human furnace.

The Morro Castle was a comparatively new ship, said Bourko. "She was a fine vessel," he recalled. "She couldn't have burned unless something was wrong."

"She was so constructed that one compartment could have burned without affecting others. Why, it would look as if something had been spurted about."

RUINS SHOW INDIANS DEVELOPED TO HIGH DEGREE

LINDSBORG, Kan. (UP)—The Wichita Indians, who once made their home in this area, were far from being a group of stupid nomads, according to scientists with the expedition exploring Indian grounds along Paint Creek for the Nebraska Historical Society. On the contrary, the Wichitas were intelligent village residents who knew how to store food and to make pottery of good quality, the excavators say.

It was believed the mounds were ruins of Indian dwellings, but investigation has shown that this was not the case. The mounds now are believed to be refuse heaps such as would accumulate near any dwelling place. The Indians are believed to have lived in grass huts.

Celtars were discovered nearby in which quantities of food were stored during the winter, and a large number of household articles were found in them. Included were several pieces of pottery which can be restored to their original appearance, members of the excavating party said.

TEXAS WOMAN BECOMES GRANDMOTHER AT 30

AMARILLO (UP)—A son was born to Mr. and Mrs. Joe Nunn today on the Tri-State Exposition grounds, and Mrs. Annie Lee Davis became a grandmother at 30.

The baby was the first ever born at the fair grounds. His parents and grandmother, whose home is at Uvalde, Texas, are connected with a show that is here for the fair.

HOWARD COUNTY NOT INCLUDED IN LIST FOR SHEEP BUYING

Howard county was not included in the 18 counties in which sheep buying was begun Monday.

County Agent O. P. Griffin said, however, that he had been advised that organization for buying would be set up on this county as soon as possible.

He had not been notified what quota this county would receive.

Manila Police Shoot Down 3 Cigar Workers

Nineteen Others Injured In Clash Between Workers And Policemen

MANILA (UP)—Three striking Filipino cigar workers were shot to death by police Monday when they stormed La Minerva cigar factory here. Nineteen others were injured, including a woman and nine policemen.

Mexican Dies In Truck Crash Sunday Night

Accident On Highway No. 9 South Injures One Other Seriously

Tomas Ortiz, Mexican, died Sunday night of injuries received when the truck in which he and 14 other Mexicans were riding overturned at the Waason corner on highway No. 9 south.

Ortiz sustained a broken neck. One other Mexican received serious injuries.

The accident occurred when the truck, travelling at a good rate of speed failed to make the turn. The vehicle crashed into an embankment, spreading its occupants over the road and right of way.

Confusion gripped the victims and officers found two running away one without a shoe. Two miles from the scene of the crash, Ortiz will be buried in the Mexican Catholic ceremony following services conducted by Rev. Theo Francis 5 p. m. Monday.

Discovery of the simple principles of magnetism possessed by magnetite, or loadstone, was made by Chinese in 2400 B. C. or 3,500 years before magnetism was known in Europe.

T. A. Hopper Found Dead

Long Time Howard County Resident Dies At Home Of Daughter Monday

Thomas Ahas Hopper, long time resident of Howard county, was found dead in bed at the home of his daughter, Mrs. Dovie Morris in the Wright Addition Monday 6:30 a. m.

He had apparently been dead for some time when discovered.

Mr. Hopper is survived by two sons, K. B. Hopper of Cisco and Willie Hopper of Littlefield, and six daughters, Mrs. C. E. Elliott and Mrs. H. C. Kiker of Georgia, Mrs. R. L. Simmons of Gall route, Mrs. W. W. White of Stanton, Mrs. H. F. Woods of Tyler and Mrs. Morris.

He also leaves three brothers, Thomas, Eli, and Whit Hopper of Alabama, and one sister, Mrs. Ann Ains of Eastland county.

Services were to be conducted Tuesday 2 p. m. from the Eberly chapel with Rev. C. A. Bickley, pastor of the First Methodist church, officiating. Burial was to be in Mount Olive cemetery beside his wife.

The Weather

Big Spring and vicinity—Partly cloudy tonight and Tuesday. Not much change in temperature.

West Texas—Partly cloudy tonight, warmer in the southern portion. Tuesday partly cloudy, cooler in the northwest portion.

East Texas—Partly cloudy tonight, warmer, except on the coast. Tuesday partly cloudy, warmer in the northeast portion.

New Mexico—Generally fair tonight and Tuesday. Cooler in the north and east portions tonight.

Cards Reduce Giant Lead To 3 I-2 Games

Cards Take Double-Header From Giants Sunday At Polo Grounds

NEW YORK (AP)—Before the largest crowd that ever jammed into the Polo Grounds, 62,730 pennant-hungry fans, the Cardinals and the Dean brothers exercised their charm over the Giants Sunday to win both games of a double-header, 5 to 3 and 3 to 1.

The second game went 11 innings in a struggle between Paul Dean and Carl Hubbell before Pepper Martin's homer broke the spell and sent the Cards off to victory. A four-run rally in the seventh won the opener for "Dizzy" Dean, although he went out for a pinch hitter in that inning.

The twin victory enabled the Redbirds to pull up within 3 1-2 games of the league leaders.

BRAVES LOSE TWICE TO LOWLY REDS

BOSTON (AP)—Cincinnati took both ends of a doubleheader from the Boston Braves here Sunday, Paul Derringer holding the Braves to four hits in the opener to win, 2-1, and Beryl Richmond, recently acquired southpaw from Baltimore, making his big league debut to lead the nightcaps, 5-2.

Richmond pitched only seven innings in the second, being relieved by a pinch hitter in the eighth with the Reds trailing, 2-1, but held Boston to four hits during his stay. So Johnson finished the game and held the Braves scoreless.

DODGERS HAND CUBS TWIN SETBACK

BROOKLYN (AP)—The Dodgers showed surprising form Sunday, twice knocking down the Chicago Cubs, 11 to 6 and 5 to 4, to finish their season series with the Bruins at a count of 12 losses against eight victories. It was the first double bill the Cubs lost this year.

S.M.U. Coaches Find New Football Hope

DALLAS, (Sp.)—Coaches Ray Morrison and Matty Bell, Southern Methodist University football coaches, think they have found a man in their backfield that will make Southwest Conference football fans forget about Ernie Koy and Harrison Stafford, former Texas University football stars. The young man that they plan on doing the trick is Harry Shuford, 190 pound fullback from Tyler, Texas, where he played on the state championship high school team in 1930. Shuford, who bears a close resemblance to Ernie Koy in general appearance, is playing his second year on the Mustang team and is due to bear the brunt of the backfield attack. He is the battering ram type and is a hard man to stop on line plunges. As a blocker, he is the best man that has worn the Mustang colors since Smack Reiser starred for the Ponies on the 1923 conference championship club.

attention even more strongly. For this celebration emphasized a familiar but still profoundly important fact; namely, that the long frontier between Canada and the United States has been unfortified for 117 years.

In a world that bristles with international relations and rivalries, here are two great nations so supremely confident that they will keep the peace with each other that they let their joint frontier go entirely undefended.

It is a unique achievement in international relations, and restoration of the old bastions of Fort Niagara is simply a symbol of it. The people of the two nations have a right to be exceedingly proud.

Badgers Pictured As Weak Team This Year

McCamey Has Little Hopes

Collins Says Upton Clan To Be Weaker This Year Than Last

By BILL COLLINS (Special To The Herald)
McCAMEY—With only seven last year lettermen returning and with the entire squad numbering less than thirty, McCamey high school enters into her fourth season of class A competition with her football prospects perhaps dimmer than at any time since the Badgers left class B to mingle with the faster competition of district 3. It is a rather tough situation that faces Coach Marlin Hayhurst, last year's assistant coach who replaces Leonard Hill as head coach this season, and Jim Farlin, but the two, although none too optimistic, are going at their task willingly and with a determination to turn out a fighting eleven capable of making it interesting for the other teams of the circuit. Such determination often brings results and Hayhurst and Farlin may have a pretty tough club after all.

The Badgers tackle the tough Pecos Eagles, class B aggregation, on McCamey's recently lighted football field Saturday night, Sept. 22nd, and after that the coaches will know just what their proteges are capable of doing under fire. At present, they refuse to comment on the prospects.

Enthusiasm At Work

The squad members are going through their daily workouts very enthusiastically and with only two weeks of practice behind them, the club already shows great signs of improvement. It is a green squad but appears to be a group of hustling candidates who comprise it. Despite the fact that the Badgers have won only a very few conference games during their sojourn in district 3, they have always been known as hard fighters no matter what the score, and it looks as though the 1934 edition will be no different from the rest.

Team To Be Light

The team as a whole will be rather light, averaging only slightly over 150 pounds to the man. With three letter men, Leon Belcher, Walter Knight and L. K. Trodgen, returning to the backfield, it

Above are shown leaders of football forces at Hardin-Simmons University for the coming season. Odell "Scatter" Winters, captain, who made all-conference selection at right end last year, is playing his third and last year. Coach Vic Payne, who together coached the Cowboys to a championship in 1928, are associated again after seven seasons. With a squad of 38 men including some fast and promising sophomores, Cranfill hopes to build a winning combination.

looks as though the ball carrying division will be faster and even better than last year, but it is the line that is worrying the coaches. Leon Belcher, last year's 14 year old stellar fullback, has added considerable poundage during the summer and it will be up to him to do most of the line plunging. Knight and Trodgen are fair broken field runners and they can pass the ball. J. B. Bearden, speed merchant and last season's track star, looks as though he will develop into a fair halfback both offensively and defensively. Bearden can lug the ball and he can pass and if he ever gets in the open, he will be gone. It looks as though either Knight or Bearden will bark the signals. This year's backfield is without the services of Bud Reed, last season's sensational ball carrier, who is now enrolled at Amarillo Junior College. Garth Poteet, last season's quarterback, will also be greatly

missed. Other backfield candidates who may develop into fair backs are Rodney Cates, James Trodgen, L. Z. Simco and Harlan Sharrard.

4 Lettermen In Line

The line must be built around four last year letter men. Gaylon Harding and Archie Green, ends, and Gene Echols and Herman Rogers are being worked at the center position at present. The most likely candidates for the guard positions appear to be Reggie Bossier, letter man, John Meador, Leonard Brown, Weldon Gilliland and Lee Shipman; Meador, Brown and Gilliland being last year's squadmen. Orville Meador, Dean Carwie, An-

likely be the weakest part of the line and will be the hardest to fill. Dick Garrison will be missed there. Gene Echols and Herman Rogers are being worked at the center position at present. The most likely candidates for the guard positions appear to be Reggie Bossier, letter man, John Meador, Leonard Brown, Weldon Gilliland and Lee Shipman; Meador, Brown and Gilliland being last year's squadmen. Orville Meador, Dean Carwie, An-

RELIEVES PAIN

CAPUDINE EASES ACHES
RELIEVES pain quickly without deadening nerves or upsetting stomach. Dissolves nerve strain. Brings welcome relaxation. Correctly blended formula.

drew Billman and Adrian James appear to be the most likely candidates for the tackle positions. With so much green material, the coaches will have to do considerable shifting from time to time until they find the most likely positions for their candidates. The coaches have very little to smile about.

Following is the tough schedule the Badgers face this year:

Sept. 22—Pecos here.*
Sept. 29—Alpine here.*
Oct. 5—Lamesa at Lamesa.*
Oct. 12—Colorado at Colorado.
Oct. 27—San Angelo here.
Nov. 3—Sweetwater here.
Nov. 10—Wink at Wink.*
Nov. 23—Big Spring here.

Nov. 29 Brownwood at Brownwood* (tentative).
*Non-district.

The Kentucky board of health reports tuberculosis caused more deaths than were attributed to accidents in that state during 1933.

a good cigarette gives you a lot of pleasure

... just about every cigarette smoker knows that—but here are some other facts to keep in mind . . .

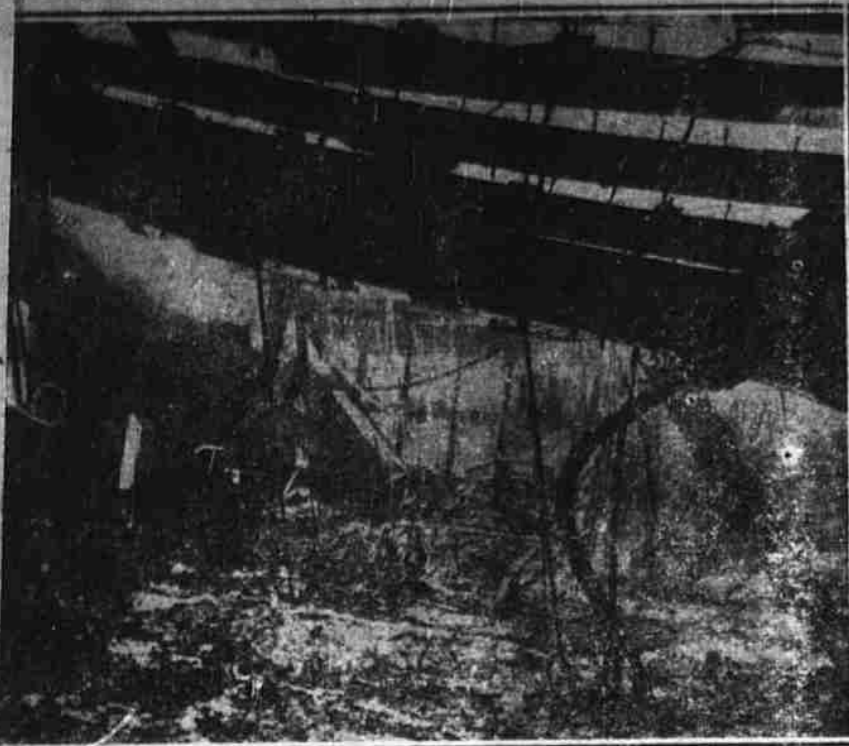

For a cigarette to be milder and taste better it must be made of mild, ripe Turkish and home-grown tobaccos.

We wish you could go into the factories and see Chesterfield made. The mild ripe tobacco is cut in long even threads—then packed into the cigarette so as to make Chesterfield draw right and burn evenly.

A good cigarette can give you a lot of pleasure, and we would like for you to try Chesterfield.

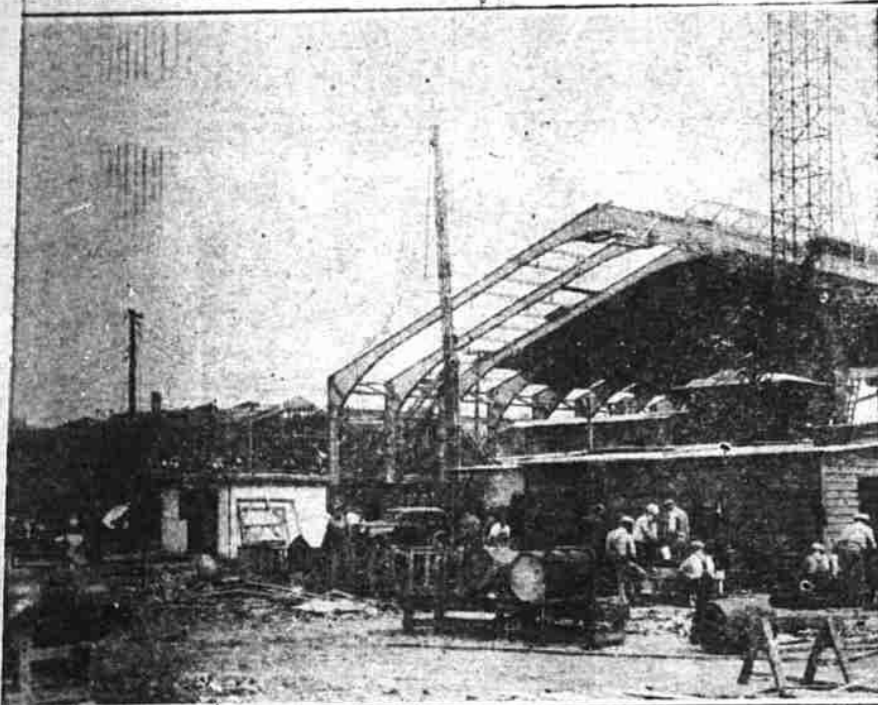

the cigarette that's MILDER
the cigarette that TASTES BETTER

LOS ANGELES KIDNAPERS GET LIFE

Sentences of life imprisonment were imposed in Los Angeles on Floyd Britton (standing, center) and C. R. Russell (seated, right), confessed kidnapers of Mr. and Mrs. John Jeske from a mountain cabin in July. Jeske formerly was chauffeur to the late Lon Chaney. Britton and Russell are shown with Los Angeles officials and a third man captured with them. (Associated Press Photo)

300 Pounds Of Guard In One Piece

Matador Captain

Hyde (Tiny) Moore (left), 300-pound guard candidate at the University of Kansas, may cause some embarrassing moments for football gridiron rivals of the Jayhawk school this fall. Moore, who is 6 feet 2 inches, is shown with an average size halfback, Joe Mangels. (Associated Press Photo).

Apparently recovered from a double knee operation this summer, Malcolm "Moon" Martin, of Lorenzo and Lubbock High, is one of the most anxious of all the Matadors to get started on the 1934 season. A regular end last year, he has been named captain of the 1934 force. Tech opens with the University of Texas Longhorns Sept. 22.

Blamed By Mates On Rescue Ship

Treasurer Indicted

Officer Testifies

Cecil S. DeBoin (above), nation-floor of the ill-fated steamer Morro Castle, shown as he testified at the New York trial, is indicted and returned from federal inquiry into the disaster. He says that his account were true. He was one of the last men to leave the burning ship. (Associated Press Photo).

Ivan Freeman, acting second officer of the ill-fated steamer Morro Castle, shown as he testified at the New York trial, is indicted and returned from federal inquiry into the disaster. He says that his account were true. He was one of the last men to leave the burning ship. (Associated Press Photo).

Members of the crew of the liner President Cleveland, testifying at the New York inquiry into the Morro Castle disaster, said the rescue boat's master, Robert E. Carey (above), delayed launching lifeboats and as a result failed to save the vessel. (Associated Press Photo)

RHODE ISLAND RIOTERS SMASH STORE WINDOWS

It took bayonets, gas bombs and combined efforts of police and national guardmen to restore order to Rhode Island's textile strike centers after the most serious outbreaks in the New England area. Guardsmen are shown in front of a liquor store, whose windows were smashed in rioting, at Woonsocket. (Associated Press Photo)

OTTO PLANS RETURN TO AUSTRIA

Sources close to the Hapsburg family in Brussels revealed that former Empress Zita and her eight children, including Archduke Otto (left), expect to leave exile and be living in Austria by Christmas. It was understood Otto's return would be made with the understanding that he would not seek the return of a monarchy. This is one of his latest pictures. (Associated Press Photo)

Cosden Takes Play-off Lead

Locals Battle From Behind To Defeat Coahoma 11 to 9
By HANK HART

The Cosden Oilers took the lead in the U. S. 80 League playoff Sunday when they came from behind to defeat the Coahoma Sinclairs 11-9 after the Bulldogs had taken a five run lead during the first four innings.

In much the same fashion as they demonstrated last Sunday, the Oilers found the needed power in the late inning and blasted Bud Mahoney unmercifully from one end of the park to the other. Mahoney succeeded in remaining in the game but salvaged little after the Cosdenites got started.

Bob Potter went the route for the Oilers and saved the bad second inning in which the Sinclairs tallied five times, held the opposition fairly well in hand.

The Oiler's biggest spree came in the seventh inning when six runs crossed the plate on three errors, a walk and two hits.

The Oiler's biggest bat, Lefty Baber, again took hitting honors for the locals when he binged twice in five attempts.

Edi Reid led the Sinclair attack with three hits in five attempts.

The second game of the playoff series, originally scheduled to be played Wednesday, has been moved up to Sunday, with a third, if needed, to take place the following Sunday.

Tigers Beat Sens 2 To 1

Daring Base Running By Tigers Enables Team To Bring Victory

DETROIT (AP)—Balked by the three-hit pitching of Monte Weaver, the Detroit Tigers resorted to a bit of daring base running Sunday as a means of winning their series final with the Senators, 2 to 1.

The victory placed Detroit five and one-half games ahead of the second place Yankees who were defeated at Cleveland.

CHISOX TAKE TWO FROM BOSTON

CHICAGO (AP)—After George Earnshaw pitched a two-hit 2 to 1 victory over Boston in the first game, the cellar White Sox batted out a 12 to 10 victory in the night-cap to sweep the three-game series and establish a four-game winning streak.

Both hits off Earnshaw were singles by his pitching opponent Johnny Welch, who kept pace with the big right hander until two were out in the ninth. Then Luke Appling doubled and scored the winning run off Jack Hayes' single. The victory, Earnshaw's 13th, brought him his third \$500 bonus check.

TRIBE TURNS BACK YANKEES, 5-3

CLEVELAND (AP)—Mel Harder pitched five-hit ball and led the "evils" batting attack Sunday as the Indians overcame the New York Yankees, 5 to 3, dropping the Yanks five and one-half games behind the Detroit Tigers.

The Yanks used four pitchers, Johnny Broaca being the starter and loser, as the tribe nicked him for nine hits.

This Stops Laxative "Dread"

Because of harsh action, bad taste or interference with daily duties, people dangerously "delay" their relief. The delicious chewing gum laxative, containing a laxative ingredient regularly prescribed by physicians, answers their problem. You show that the laxative ingredients is distributed uniformly, giving a more natural action, complete and pleasant. Delicious Peppermint contains no richness or upset stomach or diet. Delay is dangerous, so today safely get back on schedule and may thank your God—before the next constipation.

TEAR GAS DISPERSES MEXICAN DEMONSTRATORS

A crowd of 40,000 Catholics who marched before government buildings in Mexico, D. F., protesting against religious policies of the administration, was dispersed by tear gas. Some of the marchers are shown seeking to protect themselves from the gas. (Associated Press Photo).

Plans Made To Entertain 3000 Veterans Of 90th Division At Reunion In Ft. Worth Oct. 6-7

FORT WORTH—Plans have been completed to entertain three thousand world war veterans of the 90th Division and veterans who trained at Camp Bowie at the annual reunion of the war time members of the Oklahoma and Texas National Guard division in Fort Worth Saturday and Sunday, Oct. 6 and 7. A parade of veterans will be held on the afternoon of October 6 with a ball that night. Sunday morning, Oct. 7, memorial services will be held in Trinity Park followed by a barbecue and visit to the old Camp Bowie camp site.

Prior to the memorial services a thirty-six gun salute will be fired by the composite regiment of the division artillery consisting of six firing batteries of 24 75 millimeter guns, the headquarters battery and a combat train. This regiment will be mobilized in Fort Worth for the two day reunion and will participate in the parade. It is motor drawn. In addition, the 36th Division aviation squadron under command of Major Thomas W. Black-Cramer, m. will be brought here from Houston for the reunion and will fly over the line of march of the parade. A registration fee of fifty cents will cover the expense of all features of the reunion for the veterans. Oklahoma is expected to make a strong bid for next year's reunion and a big attendance from that state is indicated. Congressman Jed Johnson, Anadarko, Oklahoma, vice-president of the 36th Division association has written Colonel Dallas J. Matthews, Reunion Chairman, that plans are being made to run a special train from Oklahoma City to the veterans.

Brother Of Odessa Woman Elected S. Carolina Governor

ODESSA—Olin D. Johnson of Spartanburg, S. C., brother of Mrs. Paul Moss of this city and known to a number of Odessa people since a visit here some four years ago, received the democratic nomination for governor of South Carolina, in the democratic run-off primary in that state, Tuesday, according to daily press releases this week.

Johnson, a comparatively young man, defeated the veteran Cole L. Blease, of Columbia, for the nomination. Blease with 50 years in public life, has twice been that state's governor and is a former United States senator.

Johnson, during his visit here four summers ago, was preparing for an unsuccessful race for the nomination which he this year gained. The democratic nomination in South Carolina, as in Texas, is tantamount to election.

Texas Beer Taxes Pass Million Mark

AUSTIN—Revenue from taxes on beer and cigarettes added millions to the state's revenue during the past year, but the records of its three principal funds, general revenue, school and Confederate pensions, were heavily splattered with red ink.

Sunday was the first anniversary of the sale of legal beer in Texas since 1919. Comptroller's records show Texans paid \$1,128,427.28 in taxes on 152,200 barrels of beer while permits to manufacture and sell the beverage added \$806,537.94 to the state's coffers.

Receipts from the cigarette tax from the fiscal year ending Aug. 31, 1934, totaled \$4,007,845.82, an increase of \$540,741.80 over receipts the previous year. The increased collection of cigarette taxes was attributed directly to more strict enforcement of the law.

Mrs. H. G. Fooshee Is Matinee Hostess

Mrs. H. G. Fooshee entertained the Matinee Bridge Club Friday afternoon at her home on West Eighth street with a very attractive party. Flowers decorated the rooms.

Mrs. Underwood was awarded a serving tray and coasters for making high score. Mrs. Baker received a similar gift for cutting high. Playing with the club were Mrs. Clyde Watts, Jr., and Mrs. Lester Short.

A delicious refreshment plate was served the visitors and following members: Mmes: J. E. Fort, E. C. Boatler, L. T. Leslie, Hal C. Farley, George S. Harvel, Tom Donnelly, Sam Baker, Jimmy Tucker, Charles Badwick and A. E. Underwood.

Mrs. Fort will entertain the club this Friday.

Landscape Engineer To Confer With Civic Committee Of C. Of C.

Members of the Civic committee of the Chamber of Commerce will meet at the Chamber of Commerce office Wednesday afternoon, at 3 o'clock to discuss plans for city and yard beautification.

Joseph H. Dodge, architect with the C.C.C.'s and Harry G. Newton, landscape engineer, have volunteered their services to the committee and will be present for the conference.

Members of the Garden Club and other women interested in work of this nature have been invited to meet with Mr. Newton and Mr. Dodge at the hour and place stated.

Scarlet Fever Still A Menace To School Children At Present

AUSTIN—"Scarlet fever still continues to be a menace to children," said Dr. John W. Brown, State Health Officer, in discussing disease common to children. "Many cases are slight, but they may infect others who may become seriously ill. It is treacherous and undesirable, and the only good thing about it is that if one can avoid it until grown, the chances of never getting it are excellent."

"Scarlet fever is spread by the transfer of the infection in the discharges of nose and throat, ears, or abscesses of persons ill with the disease and those who are carriers

TEXAS LEAGUE PLAYOFF WILL OPEN IN SANTONE WEDNESDAY

DALLAS (AP)—The seven-game Shavghnessy championship series between Galveston and San Antonio for the Texas League pennant will start Wednesday.

The first two games will be played at San Antonio Wednesday and Thursday, the next three games will be at Galveston, Friday, Saturday and Sunday. If a sixth game is played it will be at San Antonio. Should the series go the limit, a coin will be flipped to determine the site for the seventh game.

President J. Alvin Gardner said Sunday that he has assigned Umpires Frank Cox, Steve Basil, Lee Ballanant and Eddie Palmer to the series. The winner of the series will complete in the Dixie series against the Southern Association pennant winner, which will be determined in a play-off between New Orleans and Nashville.

Under The Dome At Austin

AUSTIN (UP)—Peering ahead, the January session of the Texas Legislature seems destined to be a particularly busy one.

Eight amendments to the state constitution will be voted upon Nov. 6. If they are adopted the next legislature will be called upon for wholesale revision of the existing tax laws. County consolidations will be in order and lengthened terms for municipal officers will be possible.

Additional amendments to the constitution will be pressed upon the legislators to pass on the people. Among them will be more relief bonds, repeal of state prohibition and pruning of the pardon power.

The next legislature also will be asked to make adequate provision for the Texas centennial and, likely, for amendment or re-enactment of the 1901 constitution.

Maverick county as a permanent crop. F. O. Weyrich has five acres of it already transplanted which is in fine condition and compares favorably with that grown as a demonstration last year by Theodor Katakalis.

Callous county women who came to the 1934 Short Course must have reported favorably because one home demonstration club in that county promptly gave a "barn party" and made \$30 to pay the way of delegates to the 1935 Short Course. Guests were dressed "fackly" and enjoyed games, tamales, coffee. C. McClain who lives near Stanton in Martin county is putting up maize stalks that have suckered heavily and will make good silage whereas they would make tough and unappetizing hay.

ON TEXAS FARMS

By W. H. Darrow
Extension Service Editor

Flat breaking the land before planting has so often produced at least twice as much as nearby land that was not so prepared that Joe Cray of Hebbionville has about decided to make this practice a part of his rental agreement.

Fifteen 4-H club members who were furnished Hampshire gilts last fall in San Jacinto county are reporting the arrival of good litters of pigs. A general raising of the standard of hogs in the county is expected from this work.
