Bridal Shower Ends Dinner And Ritual Program of BSP

Miss Gordon Is Given Pledge Pin, Then Surprise Gifts

A surprise shower for Miss Alice Gordon, who is to be married next month to Charles C. Buchanan of Houston, ended a meeting of Beta Sigma Phi last evening at the home of Miss Frances Stark, president.

The impressive ceremony was conducted at a candle-light table where jeweled pins were presented to Lois Hinton, Elizabeth Gordon, Jewel Shaw, Sybil Weston, and Alice Gordon, who have completed their period of probation, passed examinations, and met all membership requirements of the sorority.

A buffet dinner was served. Mrs. W. R. Ewing, present as an honorary sponsor, poured hot chocolate, and members helped themselves to creamed beef in patties, sandwiches, jellied salad, pickles, nuts, and cakes.

Miss Clotilde McCallister led a game of "follow the leader" after dinner, taking the group to the breakfast room where Miss Gordon discovered a table loaded with gifts behind a large sorority insignia.

In addition to the pledges, members present were Ann Clayton, Minnie Olive Montgomery, Jewell Binford, Lorene Nicholson, Misses Stark and McCallister, Mrs. C. T. Hunkapillar and Mrs. Raymond Harrah, sponsors, Mrs. C. L. Woolley, director, and Miss Josephine Thomas, a guest, were also present.

If you suffer from pains of neuritis what you want is quick relief. Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture.

Headaches, neuralgia and neuritis pains start easing almost at once. That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

THIRD METHOD OF PROVIDING FUNDS STUDIED

WOULD DIVERT THREE MILLIONS FROM GENERAL FUND

AUSTIN, Oct. 8 (AP)—The legislature today pondered two additional proposals to provide immediate funds whereby pension payments could be maintained through November, December and January.

Since Governor Allred's original suggestion that \$3,000,000 be transferred from highway funds in the present emergency met with strong opposition, he has proposed issuance of interest-bearing warrants to pensioners.

The third method. A bill by Senator John Redditt of Lufkin, provides diversion of \$3,000,000 from the general state fund to the old age assistance fund.

Ready response greeted the governor's second proposal yesterday. Immediately after his message was read, the House state affairs committee returned a favorable report on a bill authorizing interest-bearing checks and a similar one by Redditt was referred to committee in the Senate. The warrants will carry a maximum of 5 per cent interest and will be cashed by banks at face value.

Legislators were informed by the governor that the Social Security board in Washington had indicated it would match funds for pension payments provided the warrants were not discounted and banks had promised cooperation. Bankers assured the governor, he said, they would pay the checks if the plan was legal and the legislature passed revenue bills sufficient to pay them ultimately.

Meanwhile, the House continued deliberations of the James-Prater omnibus bill. Floor work started yesterday with downward revisions in spite of warnings it would fail to produce needed pension funds.

With levies on salt, gravel, sand and shale stricken and insertion of timber and gypsum refused, 10 cents a ton was added on quicksilver, 10 cents and five cents a ton on ores, 10 cents on marble and two cents on stone were up for consideration.

A Three Days' Cough Is Your Danger Signal

A cough, chest cold or bronchial irritation today may lead to serious trouble tomorrow. You can relieve them now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medical discovery that aids nature to soothe and heal the inflamed membranes and to relieve the irritation and inflammation as the germ-laden phlegm is loosened and expelled. Medical authorities have for many years recognized the wonderful effects of Beechwood Creosote for treating coughs, chest colds and bronchial irritations. A chemist worked out a special process of blending Creosote with other ingredients so that now in Creomulsion you get a real dose of Beechwood Creosote which is palatable and can even be taken frequently

Visit Brings Hint of Coughlin Quiz

Dispatches dealing with the visit of Cardinal Pacelli, above, papal state secretary, to the United States, were given added interest by speculation that the cardinal would probe political activities of the Rev. Charles Coughlin, "radio priest." Sources near the Vatican said the cardinal would examine "unofficially" the situation of the Roman Catholic church in the United States.

Regional Meeting Of BPW Clubs to Convene in Dallas

DALLAS, Oct. 8—Regional meeting of the Business and Professional Women's clubs, November 6, 7, and 8, will bring to Dallas women from Kansas, Missouri, Oklahoma, Arkansas and Louisiana as guests of hundreds of Texas club women. This meeting is held every two years, alternating with the meetings of the national convention, which are also biennial.

It was thought that many business women could not take the long trip to national meetings at Seattle, Washington, but that in smaller regional groups, the same benefits of education and fellowship, fun and information could be brought within reach of most club women. Accordingly, each section of the country will gather for regional meetings this fall, and in groups of six or eight states will hear the leaders of the organization speak on subjects of interest to the work of the clubs.

The national federation sponsors the work directly, thus giving these sectional meetings a national aspect. There will come to the regional meeting at Dallas nationally and internationally known business and professional women, among whom are the executive secretary of the national federation, Miss Louise Franklin Bache of New York City; Miss Earline White, first vice-president of the national federation, from Washington, D. C.; Miss Charl Williams, national president of the federation, from Washington, and Miss Lena Madelin Phillips, president of the international federation, from New York City.

These women will be heard in forums and round tables, as speakers at banquets and over radio, and Miss Phillips will be guest speaker at the first open forum of the season at Dallas, under the auspices of the civic federation of Dallas.

Said to be one of the cleverest exhibitions of a single industry is the annual Turkey Trot held at Cuero each year when groomed and costumed turkeys parade to the strains of martial music. The affair this year, Nov. 10-11, has been designed as a Centennial festival. The turkey industry is of major consequence in Texas.

Fort Bend county will hold its Centennial celebration at the fair grounds near Richmond, Oct. 23-24.

Long distance rates reduced 7 TIMES in 10 years

LATEST REDUCTION
Sept. 1, 1936:

Reduced rates on calls over 234 miles and reduced person-to-person overtime rates after 3 minutes of overtime.

In 1926, a person-to-person long distance telephone call between New York and San Francisco cost \$20.60 at any hour.

Today—1936—the same call may be made for only \$6.75 at night, or any time on Sunday.

This wide difference between the long distance rates of yesterday and today is the result of 7 voluntary rate reductions made in the past 10 years.

It illustrates a Bell System policy in action—the policy of voluntarily reducing rates when it can be done. Southwestern Bell Telephone Company.

WOOLDRIDGE WON'T BE ABLE TO PLAY AGAINST CAPITOL HILL FRIDAY

GRAHAM WILL CALL SIGNALS FOR STRUGGLE

REDSKINS PREPARE TO AVENGE DEFEAT OF LAST YEAR

Twenty-seven Harvesters, accompanied by Coaches Odus Mitchell and J. C. Prejesta, team manager and business manager, will leave here at 7 o'clock tomorrow morning for Oklahoma City where they will meet the Capitol Hill Redskins.

Only 26 of the Harvesters will be able to take the field. Woody Wooldridge, 135-pound quarterback, will be on the bench with a badly sprained ankle, received last Friday night in the game with Norman. He has been unable to practice all week and was still hobbling around yesterday afternoon while the Harvesters went through a long practice session.

Coach Mitchell said this morning he would start the same team that faced Norman last week with the exception of Wooldridge. Graham will call signals from the left halfback position and Ayer will replace Enloe at right half.

The change will give three dangerous punters in the backfield and all four can pass. Showers has been doing the punting but Ayer has been getting more distance in practice. Graham is also a dangerous punter. Showers has been doing the bulk of the passing but it is likely that Ayer will help tomorrow night. Graham is a lefthander and a tricky passer. Enloe can also fade back to chuck the ball.

R. Jones and Maxey will be back at end. Jones' injured arm is responding to treatment and he is expected to be in good shape for the battle. The rest of the line will be the same with L. Jones and Nelson, tackles, Morgan and Mathews, guards, and Noblitt, center.

Many substitutes are expected to get their chance against the big Redskins, whose size is expected to wear down the starters.

Capitol Hill's team is being re-

modeled for the invasion of the Harvesters. A 27 to 7 loss to Amarillo, the most humiliating in many years, caused Jim Lockbaugh to make several changes in his lineup.

The following information comes from the Capitol Hill Beacon: Determined to prevent Pampa Harvesters from homesteading in the Redskin stadium Capitol Hill high school gridmen this week buckled down to serious practice sessions for the invasion of the Harvesters Friday night.

Coach Jim Lockbaugh has spent the week reorganizing the Hill attack after devastation wrought by the Amarillo Sandstorm in last week's 27-7 encounter. Capitol Hill will average approximately 180 pounds per man in the line while the Redskins' backfield is expected to scamper with an average weight of 170 pounds.

Wigwam of the Redskins has been especially active this week as the Hill eleven prepared revenge for the 18-0 trouncing administered at the hands of the Harvesters last year.

Oilers And Barons Will Play Tonight

TULSA, Okla., Oct. 8 (AP)—Balked last night by rain, the Tulsa Oilers of the Texas league and the Birmingham Barons of the Southern association were ready to cross bats here tonight in the third game of the Dixie championship series.

Tulsa was on its toes for the first Dixie series game ever played here and had visions of winning the battle. The Oilers won the first two games.

Doc Stewart, Oilers secretary, said a record crowd of 6,000 was expected to turn out. A parade yesterday upon arrival of the teams gave evidence of this city's baseball fever. Marty McManus, Oilers manager, had decided on Irv Stein, tough right hander, to pitch tonight. George Darrow, tall southpaw, will oppose him.

KILLED ON HIGHWAY
ALPINE, Oct. 8 (AP)—C. A. Gilley, dean of men at Sul Ross college, and a group of students arranged to attend funeral services at Seagraves today for Bill Arledge, 22-year old sophomore killed on the highway near here Tuesday night. Officers who investigated the death said it was an unavoidable accident. The youth was run over by a car after he had become ill and had fallen in the highway.

Costly Raids Foreseen As Lively Player Mart Looms

NEW YORK, Oct. 8 (AP)—Back on Easy street with money in the bank and spectator interest revived, baseball magnates expect one of the liveliest player marts in years this winter. While there's plenty of money in the cash boxes, good players are increasingly hard to find. So the raid is on, full steam ahead, in the

minors with deals sizzling on the fire. The world champion Yankees seem set without player worries, however. Here are some of the setups before the trade winds blow a gale:

American League.
Tigers—Rudy York has been re-called from Milwaukee and will play first base or the outfield depending on success of the experiment of moving brittle Hank Greenberg from first base to the outer garden. Geo. Tebbets, rookie from Beaumont, may replace Manager Cochrane as catcher.

White Sox—Crying need is a catcher to replace aging Luke Sewell. Senators—Need another infielder

and outfielder, who can hit and one good starting pitcher.

Indians—The Indians would settle with a decision giving them Bob Feller with no strings attached.

Red Sox—Pitchers is the cry of the land of milk and honey.

Browns—Prospects are low with no help in sight. Rogers Hornsby probably will stick.

Athletics—Connie Mack's outlook is very bright. Has two excellent pitching prospects coming up in Alvin Williams and Bud Thomas from Atlanta. Flock of fine rookies also coming up.

National League.
Giants—Manager Bill Terry's greatest job is to replace Travis Jackson at third and get some bat-

ting punch. Through as a player, Terry's first base job may go to Johnny McCarthy, rookie from Newark.

Cubs—The bars are down. Owner Phil Wrigley wants "he men" who play ball for keeps and Manager Charley Grimm has his consent to rebuild from the bottom up.

Cardinals—Pitching talent is the big need of the Gas House Gang.

Pirates—A second baseman who can hit is the demand.

Reds—Chuck Dressen may not return as manager. Another heavy hitting outfielder and a good pitcher required.

Bees—Pitchers Lou Fette from St. Paul and Ira Hutchinson, former White Sox finger, coming up to-

gether with Outfielder Frank McGowan, heavy hitter from Buffalo.

Dodgers—New manager coming up and possibly change of ownership. Biggest need is a second baseman and shortstop. Outfielder Eddie Wilson, who hit .347 until hit on the head late in the season, returning.

Phillies—Coach Hans Lobert expected to succeed Jimmy Wilson as manager. Need everything.

TECH TO RAID WICHITA GRID ON SATURDAY

WHEATSHOCKERS HAVE ONE OF TOUGHEST ELEVENS

LUBBOCK, Oct. 8 (AP)—Forewarned and forearmed against a reception that is expected to prove more destructive than reassuring, the Texas Tech Raiders, 52 strong, entrained early this afternoon for Wichita, Kas., and their second game with the rugged Wichita university Wheatshockers. It will be Tech's first raid into Kansas, its third effort against Kansas teams.

The Raiders defeated the Wheatshockers, 13 to 7, here last year, then coached by Bo McMillen, 7 to 0, in 1933. Both Tech and Wichita university have improved since last year, a tough tussle is anticipated.

Coach Pete Cawthon of Tech started his shock troops against Oklahoma City university last Saturday night when Tech won a 34 to 6 victory, and seemed pleased. He has devoted most of his attention this week to the reserve, and may start them against the Wheatshockers. If that is the case, Curfman and Philbrick will start at ends, Katrola and Murphy at tackles, Brown and Green at guards, Guzik at center, Duval at quarter, Chernosky and Smith at halfbacks, and Tarbox at fullback.

When the wholesale substitution is made during or after the first quarter, Ramsey and West will be at ends. The Browning brothers, Jesse and Leslie, at tackles, Louis Jones and Pete Owens at guard, Wiginton at center, Captain Demp Cannon at quarter, Baze and Bell at halfbacks, and George Winters at full. That's the regular lineup, the one which defeated Texas Christian university in the second game of the season.

The Raiders will arrive in Wichita early Friday morning.

PUNTS AND PASSES

(By The Associated Press)

BOSTON—Vinny Sandercock Boston U's star ball-carrier, is quitting the game. He truned in his suit and said he's going to try out for (of all things) the college glee club.

MILWAUKEE, Wis.—Coach Tarsan Taylor believes the speed of his Marquette footballers is improving year by year. He's only had to order the penalty for "naughty" words twice this season. The penalty is a mouthwash—with soap.

DALLAS—The boys who try to tell of an edge in weight and bruising power the Fordham Ram will carry against Southern Methodist in New York Saturday had better have another look at the statistics. The Mustang aerial circus outweighs the Fordham husks 12 poncher along the man, and has a backfield bigger, player for player, than the New Yorkers.

LOS ANGELES—From all reports, it has "come up seven" again for Howard Jones. From the way his Southern California club steam-rollered through their first two games, and his three-deep reserve strength, the current Trojan outfit looks like the best in five years.

SPORTS ROUNDUP

By EDDIE BRIETZ
Associated Press Sports Writer

NEW YORK, Oct. 8 (AP)—Walter Piewe, freshman coach at Marquette, was born in Berlin, so it is fitting that he should have two halfbacks named Kaiser and Wilhelm... Headlines in the Houston Chronicle: "Slingin' Sam outpitches Robbins, 14-14"... which means Sammy Baugh passed Texas Christian to a triumph over Arkansas... seventy-one passes were heaved during the contest for some sort of record... Baugh completed 12 out of 30 and Jack Robbins, the Arkansas Hubbell, connected for 18 out of 31.

Betting favorites for the national football title this year are Princeton, Ohio State, Pitt and Minnesota.

Just for your information this corner picked the Yankees in six games... don't remind us that we also picked the Tigers and Cardinals in the spring... still think they would have won with any kind of luck.

Far west scouts report Howard Jones has got 'em again at Southern California... the old Babe still is tops... at the Yankee victory dinner the other night, the diners gave him the biggest ovation of all... one of the biggest busts in the world's series was Bill Terry's strategy... It failed him at every turn... the Giant's will be almost completely rebuilt for next year... only ones sure to stay are Bartell, Whitehead and Hubbell.

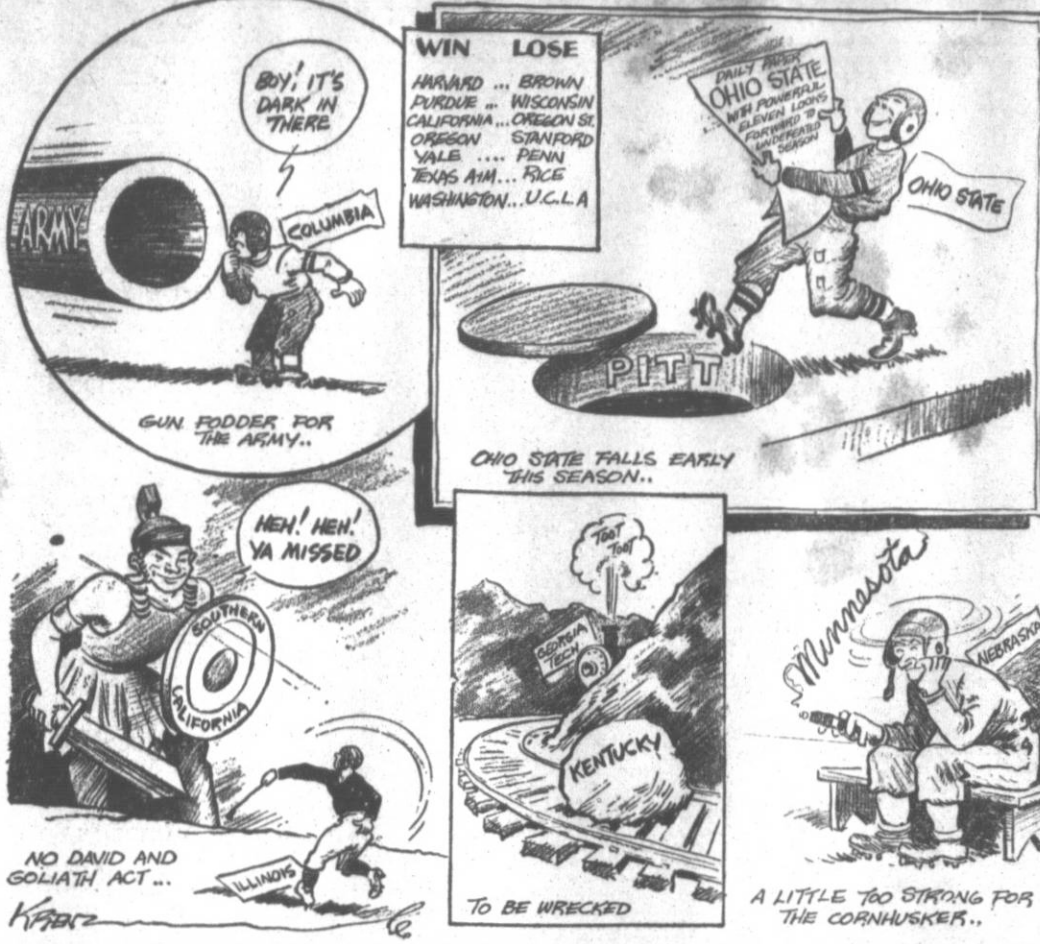

FISH STORY
PERU, Ind. (AP)—Glenn Fisher, grocer, called police, reported he heard burglars creeping around his kitchen.

A squad of officers, carrying sawed-off shotguns, responded, broke through the kitchen door.

They found a half pound bass which Fisher had caught had wiggled from a dishpan of water and was flapping feebly on the floor.

TEXAS AGGIES WILL BATTLE RICE AT HOUSTON SATURDAY

(By The Associated Press)

October football weather gave new impetus to southwest conference games today as they continued drills for week-end grid wars: Wisconsin at College Station, the Aggies worked against Rice plays in preparation for their game with the Owls at Houston Saturday. Coach Homer Norton sought a smoother team than the one that barely nosed out Hardin-Simmons last week and experiment with several backfield combinations.

The Baylor Bears will leave tonight for Fayetteville where they tangle with the Arkansas Razorbacks Saturday. Due to their defeat by Centenary the Bruins will probably present an altered lineup when they meet the Porkers.

Coach Fred Thomsen gave the Razorbacks a rest from aerials, on which they depended to a large extent against Texas Christian last week, stressing a running attack and a defense against Baylor plays.

COLLINS AND PARMELEE ARE TRADED OFF FOR L. WARNEKE

ST. LOUIS, Oct. 8 (AP)—Branch Rickey, vice president and business manager of the St. Louis Cardinals, said today Jim "Ripper" Collins, first baseman, and Leroy Parmelee, pitcher, had been traded to the Chicago Cubs for Lon Warneke, pitcher, in a straight player deal involving no cash.

Collins is a product of the Cardinals' farm system and was brought to the Redbirds direct from the Rochester International league club, a class AA asset of the St. Louis club. Until this year he has been a regular and one of the best distance hitters on the club. This season he slumped badly and gave way at first base to Recruit Johnny Mize.

Parmelee came to the Cardinals last winter from the New York Giants in a straight player deal by which Whitehead went to Manhattan to get a loser's share in the late world war. He started off well but failed to finish many games in the last half of the season.

Warneke has been the Cub pitching staff for several seasons and is regarded as one of the best right-handed hurlers in either big league.

Parmelee to bolster a pitching staff that faltered with the National league pennant in its grasp, the St. Louis Cardinals assured themselves of a nucleus for what may be the best pitching staff in the major leagues. The return of Paul Dean, who went into voluntary retirement toward the end of the season with an arm ailment, would give them a "big three" probably without an equal in baseball today.

MORRISONS WILL FACE EACH OTHER ON OCTOBER 17

DALLAS, Oct. 8 (AP)—Paul (Duffy) Dean's ailing arm, the arm that probably cost St. Louis' Cardinals a pennant, is fit as a fiddle again... Duffy, seen after a year 37 nine at Tension Park golf course here, said his flipper is in prime condition... the right arm he showed into a tee shot, causing a bit of a hook, bore out his claim... incidentally, the younger Dean is no easy catch on a golf course.

The Southern Methodist-Vanderbilt grid "natural" scheduled for Dallas' Cotton Bowl Oct. 17 may set an all-time southwest attendance mark... weary SMU ticket sellers report sales have reached the 15-year lines of the 48,000 capacity bowl... and it's 10 days before Ray Morrison leads his Commodores against the hot, aerial troupe... the set-up is tailor-made: Morrison, "coming home" to meet Matty Bell's Mustangs, of which one of the main cogs is his own son, Jerry Kirk Morrison, best of the Methodist passers... it's a picture—Ray Morrison, showing aerials at the master of forward passing, his father... and don't forget it was Morrison who jerked Bell from the jobless ranks and started him to the Rose Bowl.

Crisp, autumn weather speeded up the Mustangs' entrapment yesterday for New York City and officials are forecasting a 35,000 crowd when the ancient foe tangle in the Cotton Bowl Saturday... choice seats went rapidly and today only end-zone tickets were available... twenty thousand tickets have been sold.

Earl Walsh, Fordham university scout, said after watching Southern Methodist in their first two games: "Matty Bell has a team, with the exception of a modicum of inexperience, as good as the Rose Bowl outfit." The Mustangs entrained yesterday for New York City and the Fordham tilt Saturday... Matty Bell, after watching Southern Methodist in their first two games, said: "We haven't got a chance."

The facts department of Texas Christian university reveals that Charles (Slim) Morrison, six foot six inch sophomore end, has the largest hands of any player in the conference... he has a span of 11 inches... the department adds that the average TCU player is six feet tall, weighs 183 pounds and is 20 years and two months old.

Paul Tyson, the veteran Waco high school mentor, remarks that Hugh (Big Bad) Wolfe, Texas' rambling back, was the "best player on the field in the L. S. U. game." Figure this one: O'Hara Watts, Dallas golfer, shot five straight birdies and a record-breaking nine of 31 at Longview recently but lost his tourney match to Jimmy McGonagill of Dallas... he started his back nine spurge under a five hole handicap... Coach Pete Cawthon at Texas Tech says straight birdies and a star placement kicker, Chas. H. Hoesel, who does nothing but kick extra points and gun for field goals, is injured... it's a boil on the big toe of his right (and kicking) foot!

Secret workouts continued at Rice as the Owls practice blocking and worked on plays for use against the Aggies.

Louis Cardinals today made a straight player deal for Lon Warneke, ace of the Chicago Cubs' staff, said today Jim "Ripper" Collins, first baseman, and Leroy Parmelee, pitcher, had been traded to the Chicago Cubs for Lon Warneke, pitcher, in a straight player deal involving no cash.

With Dizzy Dean and Warneke, the Cardinals assured themselves of a nucleus for what may be the best pitching staff in the major leagues. The return of Paul Dean, who went into voluntary retirement toward the end of the season with an arm ailment, would give them a "big three" probably without an equal in baseball today.

Last of the Centennial celebrations in Texas is the Fruit, Vegetable and Flower show at Weslaco, December 11 and 12.

LONDON CONFIDENT
TOPEKA, Kas., Oct. 8 (AP)—Gov. Alf M. Landon, expressing "renewed confidence of victory" today a few hours before starting a 2,400-mile lake states presidential campaign, asserted a check of new deal figures would give results "quite different" from those reached by President Roosevelt.

The annual Texas citrus fiesta at Mission will be inspired with the spirit of the Texas Centennial. The dates of the fête are Dec. 4, 5 and 6.

Cubs Reluctantly Give Up Warneke

CHICAGO, Oct. 8 (AP)—The Chicago Cubs, 1935 national league champions, but a disappointment to owner Phil K. THE FINANCIAL WHIRLIGIG

INSURANCE. A corporation to insure insurance companies is now under consideration by the administration. This report emanates from an informed Washington source. It was said that as the Federal Deposit Corporation insures bank accounts so a plan is being prepared to safeguard policyholders of insurance companies.
Your correspondent's contact said that the matter has been on the fire for some time. It was being withheld pending the writing of an act to be presented to Congress. But now it will be forced out because of the Colonel Knox statement that insurance companies and don't intend to do so for a long while. If your correspondent's informants really know the inside. These holders say that the liquor industry will adjust themselves somehow. And that after the industry has settled somewhat, prices for the shares will justify their patience.
REPORTS ARE THAT: SEC "insider's reports" disclose that corporation insiders have been liquidating holdings. . . . Anaconda Wire and Cable stockholders in line for large extra dividend. . . . Floor traders account for speculative activity in rubbers. . . . Chicago, Milwaukee & St. Paul's 1936 earnings will equal those of 1935. . . . Niles-Bement-Pond to show \$3.50 a share for year -extra dividend likely. . . . Zenith Radio being switched into Crosley Radio for better trading possibilities. . . . New York Central's first nine months net estimated at better than 65 cents a share. . . . Few aviation equipment manufacturers make more or any profit on Pan-American Airways contracts. . . . Pacific Coast Company shares strong due to business volume of its cement manufacturing subsidiary. . . . General American Transportation buying traced to long-pull accounts. . . . Higher costs reducing American nesting profits but 1936 results will better those of 1935. . . . Speculative interests again active in Radio Corporation equities. . . . For 1936 Container Corporation will show about \$2 a share. . . . An investment trust bought large blocks of Keystone Steel. . . . Union Pacific will show better than \$8 a share for year 1937.

writers—the upheaval of international money markets. Quite a bit of the huge Great Northern refunding issue went into foreign accounts. That is why—they say—the Northern Pacific refunding operation has been put off for a while longer.
SPECIAL. Early this year F. W. Woolworth started his more elaborate and aggressive merchandising policy. It lifted prices from the original "five and ten cent" idea upon which the organization was founded. Results to date are satisfactory.
Woolworth benefited from the increased buying movement. Profits are running at a higher average. Earnings for the current year will be the best since 1931. The management always having favored a liberal dividend policy, a special dividend is expected to be declared before the close of 1936.
PATENT. Long-term security holders aren't liquidating their liquor company equities. They didn't do so when National Distillers reduced prices on a favored product and don't intend to do so for a long while—if your correspondent's informants really know the inside. These holders say that the liquor industry will adjust themselves somehow. And that after the industry has settled somewhat, prices for the shares will justify their patience.
LOCKHEED AIRCRAFT'S 1936 sales volume will total \$2,000,000. That's what it was last year. But insiders say that the 1936 net profit will run under the \$217,986 shown for 1935. Reason? Unbalanced production schedules and added expenses of the first six months will cut into annual earnings. Yet a few cents a share will be shown for the year.
But the outlook is regarded as greatly improved. Unfilled orders amount to \$1,250,000 against \$600,000 a year ago this time. The company is working on two experimental planes for the army. If these are accepted the company is expected to "run in the money" all through 1937.
DELAYED. For the present the Northern Pacific Railway has foregone the right to call the Series B refunding and improvement six per cent bonds. The issue is outstanding to the tune of \$105,939,600. By an indenture the company must notify holders three months in advance. Thus the opportunity to redeem this issue as of January 1 has been neglected. The easy money rates currently prevailing will not be utilized.
Wall Streeters wonder why they can't understand how come officials aren't taking advantage of current low interest rates. They can't see why the six per cent issue can't be replaced by a four or even a three and one-half per cent issue. But the answer is—according to under-

TERRY HONORED

AUSTIN, Oct. 8 (P)—The Supreme Court held memorial services today for the late Judge John W. Terry of Galveston. Speakers paid tribute to

his qualities as a man and as a lawyer, lauding him as an example for all to follow. Addresses to the court were made by John L. Darrozet, and Frank A. McWilliams of Galveston, Frank Andrews of Houston and S. T. Bledsoe of Chicago, president of the Atchison, Topeka and Santa Fe railroad, for which Terry had been general attorney.
LOOKING FOR FULLBACKS OMAHA, Neb. (P)—Football coaching for a potential fullback might be advised to interview Leroy Marsh.
Leroy, 2 years old, has shown he can take it. Twice within two weeks he has fallen 20 feet to the ground from the second story of his home, receiving only minor cuts and bruises.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking the acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, leg pains, loss of sleep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Texas interscholastic league football teams faced another stirring week-end today. Scheduling 22 conference games along with some of the most attractive inter-district contests of the season.

All but three of the districts will have swung into the championship campaign.

The Oil Belt again features, bringing together leading teams. The San Angelo-Sweetwater struggle at Sweetwater headlines the fire-water. These two clubs are among the unbeaten, untied aggregations that have thus far tested conference competition. Breckenridge plays at Brownwood, Eastland at Abilene and Cisco at Big Spring in other encounters.

Two conference games are on the card in district 2. Graham playing at Quanah and Electra at Vernon. Graham and Quanah both have defeats and Vernon a tie. Electra has not yet played a "for keeps" game.

El Paso high engages Bowie of El Paso in district 4. They will be the finals teams to contest in conference play.

The feature of the Fort Worth district is the Masonic Home-North Side meleé, matching two of the favorites. Paschal, Fort Worth, plays at Mineral Wells in another conference game.

One conference game is scheduled in district 9. Kilgore going to the already beaten Texarkana team's field.

The pressure is on in district 11. Corsicana, tied with Cleburne for the lead, meets the highly touted Hillsboro Eagles at Hillsboro. Waxahachie going to Waco and Temple to Bryan.

One conference game is on the schedule in the San Antonio district. Harlandale going to Austin. The former lost its opener last week.

Attractive inter-district tilts include Cleburne, a Central Texas favorite, at Lubbock; Sulphur Springs at Paris; Poly, Fort Worth leader, at Longview; Lufkin, an unbeaten team, at Ball High, Galveston, where the Resorters are having a good season.

Pampa tries another intersectional opponent, playing Capitol Hill at Oklahoma City; Austin, El Paso, entertains Las Cruces, N. M.; Greenville tries Pauls Valley, defending Oklahoma champions, at Greenville; Marshall goes to Shreveport to play Fair Park; Port Arthur plays host to Byrd High, Shreveport, and Ysleta engages Tulosa, N. M., on the latter's home field.

Candidate Browder Goes to Jail

Distinction of being the first presidential candidate to go to jail since Eugene Debs was held during the World War came to Earl Browder, Communist party nominee, in Terre Haute, Ind. Pictured with officers who arrested him on "vagrancy" charges as they arrived in Terre Haute are, left

to right: Waldo Frank, novelist; Browder, and Seymour Waldman, Communist committeeman. They were jailed to prevent Browder from making a radio talk, but Browder's attorney later eluded police and read the speech over the air. Browder was freed after 25 hours.

Saved

A fire set by her assailant saved Aida Deery, New York showgirl, pictured recuperating from her experience, from the fate of three other women who were killed by attackers in Chicago hotels. An actress in an adjoining room, investigating suspicious smoke, found Miss Deery nearly strangled by a silk stocking twisted about her throat. Stuffed in her mattress was a paving brick left by the attacker exactly as in the murder of Mrs. Florence Castle and Mrs. Lillian Guild, who were beaten to death with bricks.

Ranked as an outstanding fall event, the South Texas State fair at Beaumont will hold much of the Centennial spotlight from Oct. 15 to 25.

TRIGGERMAN FOR BLACK LEGION IS SENTENCED

DETROIT, Oct. 8. (AP)—Dayton Dean, confessed "triggerman" in the Black Legion murder of Charles A. Beale last May 12, was sentenced today by Circuit Judge Joseph A. Moynihan to life imprisonment in the state prison of southern Michigan.

Dean, who pleaded guilty to a murder charge and testified for the state when 11 other Black Legion men were convicted last week on murder charges, at first told Judge Moynihan he had "nothing to say."

When the judge persisted, the chunky defendant cleared his throat at said:

"I am glad it's over. I hope no one else gets in the same jam. I'm glad also that the organization was broken up."

GIANTS TO MAKE TWO CHANGES IN NEXT YEAR

NEW YORK, Oct. 8 (AP)—Bill Terry has decided on at least two changes that'll be made in the New York Giants next year.

Johnny McCarthy, the rookie purchased late in the season from Newark of the International League, will get a chance to show what he can do at first base while Eddie Mayo, recruit from Baltimore, is not the replacement he wants for Travis Jackson at third base. Terry said:

"I'll start McCarthy," Terry said. "He has some things to learn, but I think he'll produce. Mayo won't do, however, and although Jackson is through I don't know who'll replace him. I'll probably farm Mayo out."

VATICAN AIDE WILL OBSERVE RADIO PRIEST

PAPAL SECRETARY IS IN U. S. BY ORDERS OF POPE PIUS

By EDWARD J. NEIL,
Associated Press Staff Writer

NEW YORK, Oct. 8 (AP)—Two of Italy's foremost statesmen, one of the new ambassadors to Washington on a formal mission, the other a priest significantly vacation-bent, sailed into New York harbor today aboard the Conte Di Savoia.

Far apart as their stations were the tasks ahead of his excellency, Fulvio Svelich, succeeding Count Rossi as Italian ambassador to the United States, and Eugenio Cardinal Pacelli, papal secretary of state to Pope Pius.

With the former, mild soft-spoken man of 49 who was born in Austrian territory, came the job, if it is to be done, of negotiating resumption of Italy's payments on the two and a half billions of war debts owed the United States.

The cardinal's visit officially was entirely informal, for the purpose of seeing America for the first time. But those close to affairs of the church saw behind the cardinal's sudden trip the intent of the Pope to have here his own observer in the final stages of Father Charles E. Coughlin's speaking campaign.

When he sailed from Naples Cardinal Pacelli said, "I am going to America simply on a vacation. I have a great longing to see the United States. There is no political aspect to my trip whatever."

Already echoes and re-echoes of papal displeasure have come thru the visit of two bishops to Rome and the apology of Father Coughlin for having called the President a liar in one of his addresses.

Both Ambassador Svelich, who will present his credentials immediately at Washington, and Cardinal Pacelli, grey nobleman of 60 scheduled to visit a few weeks as the guest of Mrs. Nicholas F. Brady, on Long Island, are renowned as diplomats abroad.

In honor of Gen. Enrique Mexia, the city of Mexia will hold its Centennial Fiesta de Mexia October 15-17. The city was named for the distinguished Mexican who owned a large tract of land where the town now stands.

FLASHES OF LIFE

(By The Associated Press.)

WHAT, NO PRETZELS?

CLEVELAND—If the "million" crickets in Mrs. Elsie Laured's basement change their tune to "Sweet Adeline," blame the public library attendant who advised her on how to get rid of them.

"They appeared a few days ago," said Mrs. Laured. "I went down into the basement the other night, and my goodness me, there was a million of them. Jumping around like a circus."

The library attendant advised her in shallow saucers to drive the crickets away.

A MOVING STORY.

LEWES, Del.—A barber wanted to move his shop but he hated to take time out to do it.

So he loaded his shop, lock, stock and barrel, onto greased wooden beams and started down the street.

En route—they moved it several blocks—26 customers, both men and women, climbed confidently into the visibly trembling chairs and received treatment. No casualties were reported.

TIME OUT.

FARGO, N. D.—"All things come home to rest," sang Margery Maxwell, opera singer from Delreigo's "homings."

Then she stopped, waved frantically to the orchestra conductor and gasped "I've swallowed a fly." She left the stage amid thunderous applause, got rid of the fly and returned to complete her song.

SATISFIED CUSTOMER.

DALLAS—The Grand Avenue State Bank had to call the fire-department to lock its money.

As seven officials and employees were closing the day's business four tear gas bombs, intended to explode only in case of robbery, went off. Choking and crying, the workers were helpless until firemen arrived with masks.

"You can say all you want to about that gas," cried W. F. Miller, executive vice president, "but it sure works."

TEXARKANA DAY

DALLAS, Oct. 8 (AP)—School children from the Texarkana district had their day at the Texas Centennial exposition today. Three special students were chartered to bring students from Texarkana, Mount Pleasant, Mount Vernon, Clarksville, New Boston and Atlanta. It also was police day, Chicago day and Southern Confederacy day. Yesterday's attendance was 19,006.

Fey Challenges Starhemberg to Fight a Duel

VIENNA, Oct. 8. (AP)—Austria's political crisis assumed an "opera bouffe" aspect today as a duel challenge and slander suit threats shunted attention from a cabinet meeting.

The ponderous machinery of an "honor court," modern Austria's compromise with the romantic code

duello, was set in motion to consider the challenge hurled by Major Emil Fey, "ousted" Heimwehr leader, at Prince Ernst von Starhemberg, once co-dictator of Austria.

The challenge came as a climax to the bitter fight for control of the powerful heimwehr (home guard) between Starhemberg and Fey.

Starhemberg charged Fey's conduct at the Assassination of Chancellor Engelbert Dollfuss was "never satisfactorily explained."

Stung, the fiery Fey demanded "a settlement in keeping with the tradition of the Austrian army."

If he does not obtain his "vindication" through the honor court, it

was learned, Fey may seek it in a law court. His attorneys have prepared briefs for submission to Starhemberg's attorneys demanding redress.
