\$2.00 PER YEAR

WHEAT HARVEST GETS UNDER WAY

OIL FIELD DEVELOPEMENTS GOING FORWARD

NEW RIGS ARE BEING BUILT DAILY; MANY LOCATIONS MADE

Stupendous operations in the Pampa oil fields are now under full sway despite continuous rains of the past few days.

The Wilcox Company alone is starting ten new wells and plans to put them down as quickly as possible.

Osborne and Young will drill a well on the southeast corner of the south-east quarter of section 106, block 3, on the A. Holmes land. Work was started on the derrick this week.

The J. W. Bradford well five miles south of Pampa is now down to a depth of about 500 feet.

The Phoebe Worley well No. 3 was drilled 18 inches deeper into the pay sand and its flow was increased by about one hundred barrels per day, according to official information received Friday. This well is now making around 3,000 barrels per day, natural flow.

A gas engine is being installed at the Merien well and it is expected to be put on the pump soon. It is thought this well will pump one thousand barrels per day.

Thirty-six car loads of oil was shipped Friday morning from the Pampa field, and arrangements are being made by the Sinclair Pipeline Company to increase their facilities to take care of forty cars daily.

PROSPERITY ITEMS

The Buick building will be completed by the end of this week.

A. H. Tinsley and family arrived Wednesday for a short visit.

Bernice Chapman is spending a few days in Amarillo.

Wilma Chapman and Julia Mae Barnhart have left for Boulder, Colorado where they will attend school.

Mrs. Geo. Kemp and Mrs. L. A. Parker of Clarendon were business visitors in Pampa Tuesday.

L. L. Davis and family of Alhambra, Calif., have recently moved to Pampa to make their home.

Mrs. Porter Malone visited the first of the week with her parents, Eberhart and Mrs. Wiley Pollard at Amarillo.

FRANK LLOYD FILMS NEW MASTER DRAMA

Frank Lloyd, after years of consistently good picture making has come into his own as an independent producer for First National Pictures and his name on a motion picture is a certain assurance that that picture is of unusual calibre for Lloyd does things in a big way and has become a leader because of it.

Lloyd made "Black Oxen", one of the screen sensations of two years ago, after many directors said it could not be picturized. He filmed "The Sea Hawk", after other producers said it was too big for picturization. He filmed "The Silent Watcher" from a story of less than 70,000 words, "Ashes of Vengeance," "Oliver Twist."

HARLEY SADLER'S OWN COMPANY TO BE HERE JULY 5TH

Harley Sadler's Own Company will show in Pampa the week beginning July 5. This company needs no introduction to Pampa. Mr. Sadler as the famous comedian "Toby" will present a complete program of new plays and acts. Little Gloria Sadler, "The Boss" of the company will in all probability be the "Star" of the week. "Les Miserable," "Tale of Two Cities" and a score of other memorable big pictures have been directed by Lloyd.

"Winds of Chance" he declares is his most active and most pretentious effort. It has presented production problems that not even the spectacular "Sea Hawk" rivalled. It is the second Rex Beach story Mr. Lloyd has filmed. He made "The Silver Horde" about five years ago. Anna Q. Nilsson, Ben Lyon, Viola Dana and Victor McLaglen head a splendid cast in "Winds of Chance," which will be First National's offering at the Crescent Theatre next Monday and Tuesday. Beach has drawn a vivid picture of the Alaskan gold rush here.

Mr. and Mrs. G. C. Malone attend the Amarillo Convention this week.

Allen M. Wilbanks Jr., of Amarillo spent last week end at the home of P. O. Sanders.

REV. JAMES TODD, JR.

Mr. and Mrs. James Todd, Jr., accompanied by Miss Mary Meers were in Wheeler last Monday. Mr. Todd was there to arrange for the erection of the tabernacle for the special evangelistic meeting to begin Sunday, July 25. Following the meeting in Wheeler, Mr. Todd will be in a tabernacle meeting in Shamrock. Paul N. Jett, a ministerial student in the Texas Christian University, will be the song leader in both meetings. These two meetings are part of the "Plains-wide Revival Campaign" of the Christian Church, which is being conducted throughout the Panhandle District. The campaign opened February 1st and will reach a climax in the district convention in Lubbock in September. The goal is: a revival in every church in the district; one thousand new members; fifteen churches organized; fifteen building campaigns launched. The local church held their revival at Easter, and has nearly reached its quota of new members, and is giving the services of the minister to the Panhandle District in the Wheeler County campaign. The new parsonage which will be occupied by Mr. and Mrs. Todd next week is one of the fifteen new buildings. Mr. Todd is to speak at the convention regarding the work of the Pampa congregation in doing in helping the weaker churches. Sunday will be the last Mr. Todd will be in his pulpit until the second Sunday in August. Next Friday, July 2nd, Mr. and Mrs. Todd will hold "Open House" at the new parsonage from three to five in the afternoon, and seven to nine in the evening. An invitation is extended to the general public as well as the membership of the congregation to call and inspect the new building.

W. S. PARIS BRINGS IN FIRST WHEAT OF SEASON; BRINGS \$1.50

WIDELY KNOWN RANCHER KILLED

JOHN W. MAY, BOX T RANCH, LIPSCOMB COUNTY, STRUCK BY AUTOMOBILE

Amarillo—John W. May, pioneer ranch man of Higgins, was instantly killed late Sunday night when struck by an automobile while crossing Tyler street at Seventh. He was 72 years old.

The impact of the shock was so great Mr. May's body was hurled against the windshield, shattering it, and was then lifted almost over the car.

J. W. Washington, negro cook, driver of the car, is in the county jail with a charge of negligent homicide pending against him.

Mr. May was one of the most widely known cattlemen of the Plains country. He was owner of the famous Box T ranch, near Higgins, and was a pioneer resident. He was in Amarillo to attend the convention and was walking to Judge Jack Adkins' home, where he was to spend the night, when struck by the car.

Washington, according to police was speeding, and had passed a large bus at the intersection, when the accident occurred.

Mr. May's head was crushed and his body otherwise badly bruised. He died within a few minutes after being hit. His body was hurled against one end of the windshield and flung onto one of the rear fenders, the impact being so great, police report.

Washington stopped after striking the aged man, and was arrested by City Detective Webb, who answered the call. His bond was set at \$500, when transferred from the city to the county jail.

Mr. May has many friends in Amarillo, having visited here often. He is survived by his widow and three step-sons, F. H. and J. R. Doyle of Higgins and H. C. Doyle of Kansas City.

The funeral services were held from the First Baptist Church Wednesday afternoon. Rev. G. L. Yates officiating. Interment was in Llano Cemetery.

HI-JACKERS FORCE DRILLERS TO SHUT DOWN RIGS; ROBBED

More than a dozen drilling rigs were shut down between 2 and 3 o'clock Tuesday morning when four hi-jackers rounded up 27 drillers and tool dressers and relieved them of \$400 in cash and 18 watches. Two suspects are being held at Borger and several of the victims declare they took very familiar.

Miss Nettie Fine is visiting in Pampa for a few days.

PAMPA HAS SMALL REPRESENTATION AT WEST TEXAS C. OF C. CONVENTION

Wednesday night of this week saw the close of the biggest convention ever to be held in a West Texas city. Amarillo entertained more than 50,000 people during the three days of the West Texas Chamber of Commerce convention with the ease and smooth running organization of a city of 100,000 people.

Practically every city and town in West Texas was represented at the convention. Wichita Falls, Memphis, Corsicana and Goodnight were awarded prizes for their delegations. Wichita Falls was selected as the next convention city and will entertain West Texas in the spring of 1927. Homer D. Wade was elected manager of the West Texas Chamber of

The greatest wheat harvest Pampa and Gray County have ever known has started. Rains during the past few days have held up operations, but work is going forward wherever possible.

Pampa received its first load of 1926 wheat on Wednesday morning of this week. It was grown by W. S. Paris, who lives 12 miles east of here. It tested only 57 pounds to the bushel, but C. S. Barrett, who bought the grain for Pampa Grain Company, states that the wheat was still a little green when tested and that he thought it would test 61 pounds when dry.

One dollar and fifty cents was paid for the first load of 60 bushels by the Pampa Grain Company, while it was only \$1.15 on the market.

It was stated in last week's issue of the News that a crop of 200,000 was expected to be harvested this year. These figures should have been 2,000,000 bushels this year.

Combines will be started on Monday of next week if the prevailing weather continues.

HOSPITAL NOTES

Miss Agnes Abbott of McLean had her tonsils removed Monday.

Lawrence Godwin of Mobeetie is recovering from bullet wounds.

W. L. Davis, Jr., had his tonsils removed Monday.

Mrs. Melton, who underwent an operation last week will be removed to her home the last of this week.

A. C. Jackson and wife of Lubbock visited last Sunday with Mr. Jackson's sister, Miss Sallie Jackson.

Mrs. J. S. Wynn has as her house guest, Mrs. J. R. Crawford of Amarillo.

Miss Ratliff of Lubbock visited this week with Mrs. Dickens.

Mrs. Bill Lang of Panhandle is visiting Mrs. E. R. Naudy.

Mr. Cheatwood who narrowly escaped death several weeks ago in an explosion has returned to his home. He left the hospital the last part of last week.

H. A. Gilliland and son, Alfred left Thursday morning of this week for Oklahoma City where they plan to purchase equipment for another theatre for Pampa. Mr. Gilliland states that while in Oklahoma City he plans to purchase a modern cooling system to install in his old theatre, which is one of the largest and most modern in this section of the Panhandle.

MEMPHIS TO BE GOLD MEDAL BAND; STAMFORD OFFICIAL

Memphis will be the "Gold Medal" band but not the official band of the West Texas chamber of commerce for next year.

The honor of "official band" will go to the Stamford Bremen's band as Memphis has held the honor once before and it is against the rules of the Texas Bandmasters' association to give the honor twice to the same organization.

With the title of "Gold Medal" band Memphis will receive the cash prize of \$500 offered for first place in the five-year class and the \$100 having been offered by the West Texas Chamber of Commerce to the organization winning first prize. Stamford draws a prize of \$250 in cash.

The winner of the prize for the second band will not be awarded until tonight at the city auditorium when the prizes will be awarded. The one-year band contest was being held today. The director of the Memphis band is Paul James. Dick Rowland is director of the Stamford Bremen. The two bands scored 84 and 78 respectively. Two hundred dollars for third and \$100 for fourth prize will be returned back to the association as there were only two bands competing in this class.

In the four-year class Lamson, W. T. Cox, director, won first prize of \$250 with 85 and one-half points.

Stamford, second, 81 1/2, with 85 and one-half points; and Post, third, 75 and three-eighths. N. L. Knott director, prize \$27.50.

Sweetwater won first prize of \$227.50 in the three-year class on a score of 93. C. Henderson director; Vernon, second, G. Ward Moody director, score 89 and one-half, prize \$125, and Quannah, third, E. H. Hamilton director, score 87 and one-half, prize \$62.50.

In the two-year class Borroughs Home band of Arlington won first, 84 score, Earl Irons director, prize \$225; Clarendon, second, 87 and three-fourths, prize \$115; and Big Springs, third, Professor Hartman director, 87 and one-fourth, prize \$60. Brockwidge was first in the high school class with a score of 92, Ralph Frazier directing. Lubbock will second with 90, Professor Crowl director. No third prize offered. Amounts of the cash prizes have not yet been announced.

A banquet was given at the Amarillo hotel at noon today, attended by 50 bandmasters, officials of the West Texas chamber of commerce, and judges.

G. C. Colburn is state president of the association and Paul James is vice-president of the western division.

HUMBLE PIPELINE COMPANY BUYS TWELVE ACRE TRACT FOR LOADING RACKS; PIPELINE IS READY FOR OIL

THANKS S. & Q. CO.

The Pampa Chamber of Commerce and delegates from Pampa wish to thank E. Sauer and associates for the courtesies shown them while in Amarillo during the convention. Headquarters for the Pampa delegation were held at the S. & Q. store, formerly known as Allen's Dry Goods Store, and every courtesy was offered them by both the owners and employees of the store.

Mr. and Mrs. Harold Miller visited in Pampa Monday and Tuesday of this week.

Ralph Tipton of Amarillo was a Pampa visitor this week.

Mr. and Mrs. Homer Giles of Panhandle were guests of Mr. and Mrs. J. D. Sugg this week. Mrs. Giles until her marriage the throughout of this month was Mrs. Ruth Tipton.

The Humble Pipeline Company purchased this week from Alex Smith twelve acres of land one mile west of Pampa for their loading racks and offices. The Humble Company leased three acres some two weeks ago for loading racks.

The consideration was for \$200 per acre. Mr. Smith retained the mineral rights to the property.

The Humble Pipeline Company is now ready to begin shipping oil but will have to wait some several days until the Santa Fe Railroad builds the side track for the loading racks before oil can be pumped thru the pipeline.

Their 55,000 barrel storage tank near the Merion well is completed, and it is probable that other tanks of this size will be built soon on their own acre tract in this field.

Hugh Brodding returned this week from Wheeler where he has been visiting his sister, Mrs. D. A. Hunt.

Mr. and Mrs. J. B. Williams were business visitors in Pampa the first of this week.

people who have been students in the University of Texas.

He is well equipped and in every way qualified to properly and efficiently represent the state...

It became known here some time ago that officials of the C. & O. W. railroad, running from Clinton, Oklahoma, to Cheyenne, Oklahoma...

Engineers of the company are now surveying a line from Cheyenne to Pampa, with a view of establishing his town as its western terminus...

For some time officials of the state highway department have opposed the state taking over the maintenance of the highway across Gray County.

The annual convention of the West Texas Chamber of Commerce held at Amarillo on June 21, 22 and 23 of this year was a great success...

But what of the towns that did not accept this wonderful opportunity to advertise the advantages that each had to offer to prospective home seekers and business men?

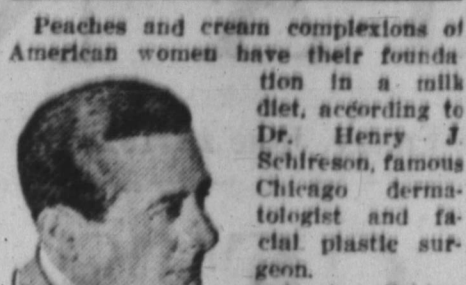

A number of Pampa citizens worked hard and faithfully in preparing for this convention and in actually carrying out their plans in Amarillo...

Pampa must have a paid secretary for its Chamber of Commerce.

Secretary Buckler has given generously of his time and energy in this position, but it is unfair to him to expect him to do the work required of the office without any remuneration whatsoever.

Pampa is large enough to have a paid secretary and steps should be taken immediately to secure one.

Be a Milk Tippler, Says Dr. Schireson

Dr. Schireson has one infallible prescription for the attainment of beauty. It is: "One quart of milk a day, one hour of sunshine, and repeat ad libitum."

"Beauty specialists and cosmetic makers," says Doctor Schireson, "would be driven out of business in a few weeks if all the women of America would drink their quart of milk a day."

"Babies and children have complexions of angels for the reason that they are fed largely on milk. Milk used externally or internally is a beautifier.

"The milk-fed girl is easily distinguished by the velvety texture and the healthy color of her skin. Milk is a wonderful body builder, because it contains every structural element. It is, in a way, an elixir of life."

"Authorities agree that milk is the most nearly perfect food but it is an extremely delicate one as well. Heat sufficient to kill all bacteria is the essential of absolutely pure and sterile milk. One of the advantages of evaporated milk, which is simply fresh cow's milk with sixty per cent of the water removed, is that it is entirely sterile and is more easily assimilated than ordinary market milk."

"Milk is mentioned forty-seven times in the Bible. The Promised Land of the Israelites was said to flow 'with milk and honey' and Ovid graded milk as second only to nectar, 'the drink of the gods.'"

Perfect Wisdom

Perfect wisdom hath four parts, viz: Wisdom, the principle of doing things aright; justice, the principle of doing things equally in public and private; fortitude, the principle of not flying danger, but meeting it; and temperance, the principle of subduing desires, and living moderately.—Plato.

Influenza Ravages

Authorities differ as to the first account of influenza, as well as to the identity of epidemics occurring before 1550. A severe epidemic in 412 B. C., described by Hippocrates and Livius, is thought to have been influenza. Authentic epidemics of the disease have occurred frequently since 1173.

Work is going forward on the J. W. Martin building.

NOTICE TO MEMBERS OF THE TEXAS WHEAT GROWERS ASSOCIATION

A contract has been signed between the Texas Wheat Growers Association and the Pampa Grain Company for the latter to handle all wheat grown in this section by members of the association.

POLITICAL ANNOUNCEMENTS

The following candidates present their names to the voters of Gray County, subject to the action of the Democratic Primary in July.

FOR SHERIFF AND TAX COLLECTOR: JOHNNIE R. BACK, E. S. GRAVES (For re-election), A. R. (CAL) CALAWAY.

FOR COUNTY JUDGE: A. C. HUSTED, T. M. WOLFE (For re-election).

FOR COUNTY TREASURER: MIRIAM WILSON (Re-election).

FOR COUNTY AND DISTRICT CLERK: CHARLIE THUT (For re-election).

FOR TAX ASSESSOR: F. E. (EWING) LEECH.

FOR COUNTY ATTORNEY: JOHN F. STUDER.

FOR COMMISSIONER Precinct No. 2: W. A. TAYLOR (Re-election), JOHN TURCOTTE.

FOR COMMISSIONER Precinct No. 3: THOS. O. KIRBY.

FOR COMMISSIONER Precinct No. 1: C. W. BOWERS.

ATTORNEY GENERAL: J. V. ALLRED, JOHN W. HORNSBY.

"JOHNSON GIRLS" ARE GOOD STUDENTS WHILE THE "JONES' FAMILY IS NOT" SAYS CORRESPONDENCE INSTRUCTOR

Austin, Texas, June 24.—The "Johnson girls" make good correspondence students, but members of the Jones' family do not, says D. E. McArthur. And McArthur may be regarded as an authority in his line, for since June 1, 1926, his time has been devoted to teaching correspondence courses exclusively for the University of Texas.

Since 1920 McArthur has been teaching the history correspondence courses. From 1923, he has also been supervisor of the University newspaper collection, until J. R. Reynolds of Mt. Pleasant was appointed to that position.

Mrs. Darell and daughter, Edna Fay, are visiting in Pampa. Mrs. Darell is visiting with her cousin, Mrs. V. E. Fatheree, and Miss Edna Fay with Miss Eunice Barnard.

papers have character, he says. Women, who enroll for more correspondence work than do men, he finds, make the best students and the worst. They can be the most conscientious and exhibit the least confidence, likewise a woman student will often endeavor to take an examination with practically no preparation, with a sort of "take a shot at it" attitude. Men, on the other hand, regard it as a business proposition, and would no more think of taking the examination without studying than they would of entering a business deal blindly. Excuses for delayed work seem to come natural to the gentler sex, according to McArthur and those excuses run strong for operations.

The names of some students have been on McArthur's books for a year or more, because he does not drop them until he has to. Humor and pathos abound in his work, and McArthur has settled down with pleasurable anticipation to his work as the University of Texas first full time correspondence instructor.

Misses Elizabeth Carson, Claudine Pope, and Margaret Buckler visited Mrs. Clinton Henry last week on the J. A. Ranch. Mr. and Mrs. Dave Pope brought the young ladies home Sunday.

Safe or Sorry

There are no cut prices to health. The best is none too good. So, when you buy cheap plumbing fixtures, and think you are saving money, you are not. You are losing money. And what's worse, you are making your home a breeder of disease.

The only kind of plumbing worth having is the best. Anything else is dead loss.

When you buy "seconds," "damaged," "defective" plumbing goods, you buy trouble, sickness, death.

A crack in a home for disease germs. A leaky pipe leaks away health.

Buy only quality plumbing—quality fixtures, quality materials, quality workmanship—the kind that is guaranteed.

WHAT THE CORN MARKET DID IN 1925

TWENTY per cent more corn was produced in 1925 than in 1924, according to the corn survey of the Sears-Roebuck Agricultural Foundation. An increased production of 587,536,000 bushels brings the 1925 figure to 2,900,581,000 bushels. This, plus the carry-over of 1924, makes the general marketable 1925 corn crop of 2,961,581,000 bushels the largest in five years. While the corn crop was nearly a failure in the Southwest and the average yield was low in almost the entire cotton belt, the corn belt itself, in practically all sections north of the Ohio and Potomac rivers, produced an excellent crop of fine quality.

The large excess production, however, and the fact that there is fewer live stock on the farms and some curtailment in feeding operations, have made corn plentiful and low in price. Prices dropped steadily from the top price in January of \$1.32 to 82 cents in November in Chicago. Receipts fluctuated violently with an up-turn grade beginning in October.

The United States is the corn nation of the world, producing 70 per cent of the entire crop. New uses for corn promise to increase consumption of this grain appreciably. Particularly significant is the manufacture of corn sugar, which is increasing in commercial importance.

First 24 Hours of Life Baby's Hardest Time

By MARIE K. JOHNSON

Undernourishment is one of the most common of the causes of infant mortality, according to a survey recently undertaken in Chicago. Statistics show that of 4,522 babies under one year of age that died in 12 months, 988 died in the first 24 hours.

Eight hundred and seventy-six died in the first six days, exclusive of the first 24 hours, and 1,708 died from the seventh day to the sixth month. Eight hundred and sixty died in the last six months of the year. The survey indicated that a surprisingly large number of infants are "artificially fed," which condition, doctors agree, had a marked bearing on their undernourished conditions. Naturally, no one food may prove satisfactory in every case, although the survey showed that evaporated milk in many cases had proved an excellent substitute for mother's milk. This may be explained by reason of the fact that evaporated milk is simply pure, concentrated cow's milk from which 90 per cent of the water has been removed. It contains practically every element necessary for good health and is consequently an excellent builder of bone and tissue.

Although authorities on health recommend evaporated milk as a baby food, like other substitutes for the natural supply, it should not be considered as a food complete in itself. Addition of orange or tomato juice, barley water or lime water is important in providing adequate diet for the infant.

For babies, milk of dependable purity is essential. Market milk will not keep for any length of time and is also liable to contamination, especially in hot weather, while evaporated milk, hermetically sealed in sterilized containers, remains as fresh and pure as on the day it was canned.

Sterility in evaporated milk, authorities agree, is one of the most important points in its favor. In processing, evaporated milk is subjected to 260 degrees heat for a half hour thereby removing all possibility of bacterial life being present in the milk. Heat is the only preservative for this type of milk and the heat has the further beneficial effect of making the curds of milk more flocculent and easier to digest.

AMERICAN YOUTH

Elizabeth ("Betty") Clark, 13, of Cedars, Delaware, is one of that state's girl candidates for the American Youth Award, established by the directors of the Sesqui-Centennial International Exposition, to be held at Philadelphia from June 1 to December 1 in observance of 150 years of American independence. If "Betty" is finally chosen to represent Delaware she will be given a week's trip to the Exposition and to Washington and White House, where she will receive a medal from the hands of President Coolidge.

FEEDING BABY DURING SUMMER

Milk is recognized as the ideal food for young children. It should be carefully guarded during the warm summer months, to insure its freedom from germs or bacteria that might cause harm to the child. Because of its nature, it is, under certain conditions, a breeding and propagating ground for germ life and may soon become unfit for use unless it is handled with the utmost care and vigilance. Perhaps the ideal way to obviate this risk is through the use of evaporated milk. This milk is only pure milk with sixty per cent of the water removed from it and is absolutely sterile. It is of double richness but may be modified by the addition of water, which will return it to its original volume with a greatly enhanced food value.

Evaporated milk is sterilized and has a high nutritive content. This causes it to be a very excellent food for the young child and the infant. In fact, many of the leading pediatricians of the country advocate its use after the child is deprived of its mother's milk. A formula, evolved by these pediatricians, through experimentation, is as follows:

From Sixth Week to Third Month.
Milk, evaporated 6 ounces
Lime water 2 ounces
Milk sugar 2 ounces
Bottled water 26 ounces
Seven feedings in twenty-four hours, 4 to 5 ounces at three-hour intervals during the day and four-hour intervals at night.

From Third Month to Fifth Month.
Milk, evaporated 7½ ounces
Lime water 2 ounces
Milk sugar 2 ounces
Bottled water 29½ ounces
Six feedings in twenty-four hours, 5 to 6 ounces at three-hour intervals during the day and 2 feeding at 10 p. m.

From Fifth to Seventh Month.
Milk, evaporated 10 ounces
Lime water 2 ounces
Milk sugar 2 ounces
Bottled water 29 ounces
Five feedings in twenty-four hours, 6 to 7 ounces at four-hour intervals, the last feeding to be given at 10 p. m.

From Seventh to Ninth Month.
Milk, evaporated 11 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Bottled water 35 ounces
7 to 9 ounces at four-hour intervals during the day. Last feeding at ten at night.

From Ninth to Twelfth Month.
Milk, evaporated 12 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Bottled water 34 ounces
8 to 9 ounces at four-hour intervals during day. Last feeding at ten at night.

"SCANDALS" BEAUTY IS NOW IN MOVIES

Dorothy Sebastian, brunette beauty of Birmingham, Ala., has quit George White's "Scandals" to enter the movies. She is now playing a featured role in Frank Lloyd's new First National picture, "Winds of Chance". Screen tests indicate a very promising film future for Miss Sebastian, who is just 19 years old.

Mr. and Mrs. Miller visited with Mr. and Mrs. George L. Bader at Canadian.

"If you were a man you wouldn't steal a kiss from a lady."
"Well, I beg your pardon! May I give it back?"

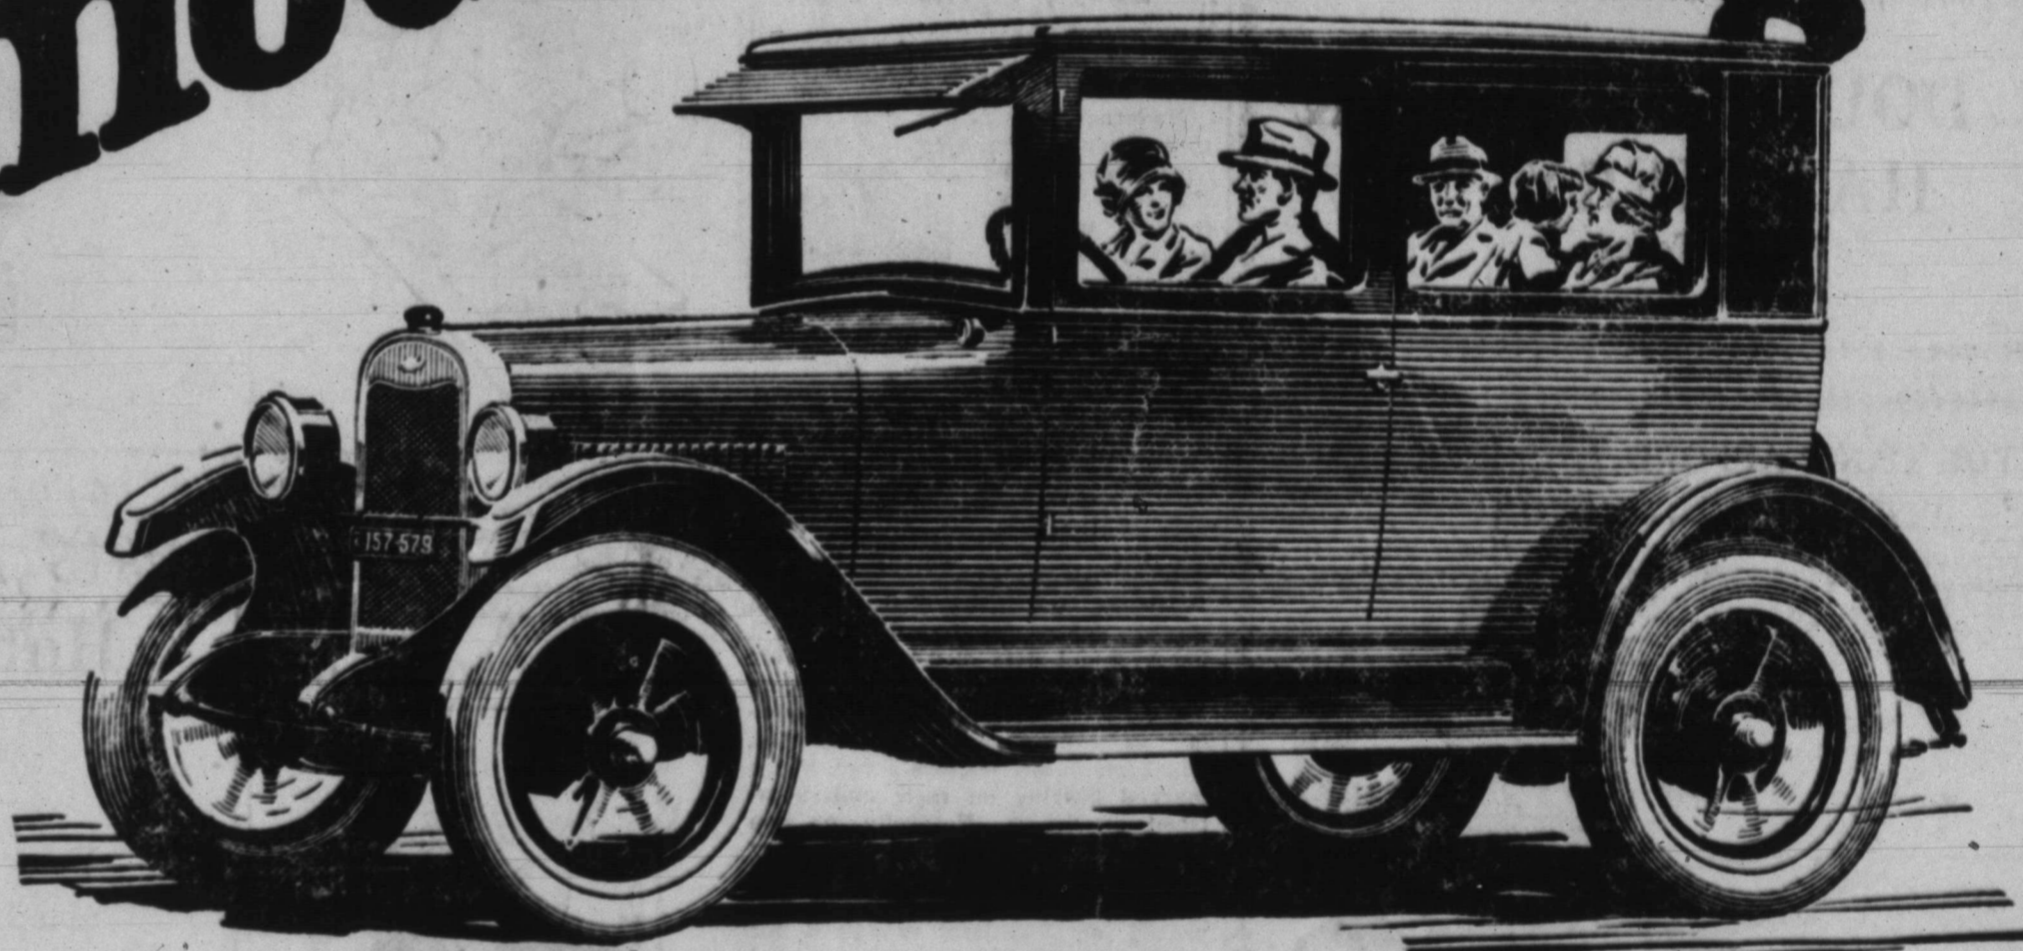

These movie stars surely do have a tough time of it every now and then. Take the case of petite Viola Dana. She traveled 2,000 miles to British Columbia that she might fall in the icy waters of Seymour Gorge and be rescued by Victor McLaglen. And then the sun played a mean trick on her just as she fell off the barge, and she had to do it all over. All this for a few thrills and some heart interest in Frank Lloyd's big feature production of Rex Beach's "Winds of Chance", which First National will show at the Crescent Theatre next Monday and Tuesday.

The BULL'S EYE

Editor and General Manager
WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, the famous humorist and screen star, and leading American humorist. More coming. Watch for them.

Meeting the "Bull" Durham Smoker Face to Face

I am just making, as the Politician says, "A swing around the Circle," to see what was going on in "Real America." I had been in New York so long, I was getting a kind of a Subway "Slant" on things. I was becoming as narrow as a Metropolitan Newspaper Editorial Writer. My eyesight was getting so poor I couldn't see beyond the Hudson River, and my mind wouldn't function farther away than Albany, N. Y.

I knew that New York was "amusing the world," but I wanted to meet the fellow who was "feeding it." I am kinder oddly constituted. You can cut off my amusement, but if my food stops you are going to have an argument on your hands.

I, as Editor and Proprietor of the Bull's Eye, wanted to meet not only the readers, but the consumers of THIS Wonderful Product of OURS. (The American Tobacco Company and me.) Well, I wish you could see the type of Men they were. Big fine healthy upstanding He-Men. They were not the little Anemics that has to tap his Cigarette on the box before he can smoke it. They were our Producers of our Necessities of Life. When I saw the type of He-Men smoking "Bull" Durham, it almost made me cry, that I wasn't a smoker myself.

Will Rogers

P.S. There will be another piece here a few weeks from now. Look for it.

Khedive's Ex-Chef Gives Cooking Tip

Great chefs are born, not made. Rarely if ever do they rise to the heights in their profession by dint of perseverance. In Europe and the East a chef with the true gastronomic instinct is treated with jealousy. He expects and obtains the treatment of an ambassador. His dishes are the pride of his master, to be boasted of to friends in the cafes and basars.

H. Gedejian.

Such a chef is Haroutoun Gedejian, sometime chef to the family royal of the khedive of Egypt, now the owner of a bizarre gold coast restaurant in Chicago. In his forty-three years as a chef extraordinaire, Haroutoun's word has been law in the cuisines of three Egyptian princes and one princess, the mother of the khedive. When Lord Kitchener was sirdar of Egypt, before the trouble in the Soudan, Haroutoun cooked for him.

One of Kitchener's favorite dishes, according to Haroutoun, was schisch-kabb, a dish made from milk-fed baby lamb. Prince Jamel, another of his masters, was particularly fond of dried cream and honey, a preparation which is one of Haroutoun's sensibly guarded secrets. Prince Snad Pasha was a keen admirer of a confection Haroutoun makes entirely out of flour, butter and nuts.

In many of his admirable dishes, Haroutoun uses evaporated milk, which is simply fresh cow's milk sterilized in cans and with sixty per cent of the water removed. Because of a homogenizing process through which evaporated milk is put, the fat globules in the milk are broken up into microscopic particles and distributed throughout the milk, where they remain in homogeneous suspension.

This breaking of the fat globules gives a distinct buttery flavor to every drop of the evaporated product, a flavor which ordinary market milk does not have. Haroutoun says he uses evaporated milk in preference to market milk in the preparation of all sorts of baked dishes, as well as in cooking.

"Why so glum, Gertrude?"
"Well, I got married for fun."
"Well?"
"And now I am out of humor."—*California Wampus*.

Old Salt (telling yarn)—I'm a deep sea sailor, friend, an' ain't used to traveling in deep woods, but at last we got into the pirate cave. Gosh, the gold was all over the floor three feet deep!

PERSONAL & LOCAL

Mrs. Roy Sewell was an Amarillo visitor Saturday.

Mrs. Joe Logan is visiting with her mother, Mrs. Rider.

Edgar Anderson has returned from Arizona.

The Johnson buildings will be completed by August 1st.

L. E. Charlton was a Pampa visitor last week.

Miss Donilee Stroop was an Amarillo visitor last Tuesday.

The Intermediate B. Y. P. U. had a party at the D. R. Henry home Tuesday night.

Mr. and Mrs. I. B. Hughey attended the C. of C. Convention in Amarillo.

Mr. and Mrs. Robert Sewell of Spearman spent the week-end with Mr. and Mrs. Roy Sewell.

The Senior B. Y. P. U. of the Baptist Church had a lawn party Tuesday night at the Baptist Church.

Miss Mable Davis, her brother, Jim, and their father spent Sunday in Canadian, guests of Mr. and Mrs. George L. Coleman.

Mrs. Nettie White visited in White Deer Thursday afternoon. Her grand daughter, Miss Myrtle White returned home with her.

Mr. and Mrs. W. H. Logan of Lubbock visited this week with Mrs. Logan's parents, Mr. and Mrs. W. B. Henry and family and other relatives and friends.

O. J. Ashborn, former resident of Pampa returned this week from Hollywood, California, where he has been making his home. He intends to make Pampa his permanent home. Mrs. Ashburn and son, Ainsley remained in California but expect to join Mr. Ashborn sometime during the summer.

The local Eastern Star chapter met Tuesday night, June 15th. The District Deputy, Mrs. Elzora Freeman was present. There were twenty-two members and visitors present to whom delicious refreshments were served.

The regular meeting will be held Friday night with a good attendance expected.

Mrs. Z. H. Munday has just returned from a visit with her daughters, Miss Mable Munday and Mrs. J. D. Edgar, in Oklahoma, where Mrs. Edgar is under medical treatment under Dr. Iera A. Smith. She states that Mrs. Edgar is gradually improving. She states it will probably be a year before she has entirely recovered.

Stamford—Reduced passenger rates have been granted by the Rock Island, Santa Fe, T-B, M-K-T; and the Denver Road on labor moving into West Texas during the harvest season. Fare of two thirds the regular one way rate have been granted by these roads on parties of twenty-five or more moving into the grain belt of West Texas. These dates are now in effect and will continue until July 17.

AT THE BAPTIST CHURCH

All our services were well attended last Sunday. The B. Y. P. U. elected new officers and the interest indicates that our young people are very much awake. Sunday School attendance was a little off. We are working hard in our teachers' meetings to enlist all the people in Sunday School work. If you are not attending some other school, we extend you a hearty invitation to join one of our classes.

The theme for the morning hour will be "The Bible Teaching on Money," the evening service will be evangelistic. We have had seven additions to the church since the meeting closed.

Miss Simson of Fort Worth was with us last week, visiting our local W. M. U., and organized the Y. W. A., with Mrs. J. S. Carter as leader. Mrs. Fred Sheridan was selected to lead the Sunbeams.

Sunday School begins at 10:00, preaching at 11 and 8:45, B. Y. P. U., at 3:00; W. M. U., Wednesday at 2:30, and prayer meeting at 9:00. You will find a big welcome with us. F. A. TIPPEN, Pastor.

Clarence Hitchcock, insurance man of White Deer was a business visitor in Pampa this week.

CIRCLE NO. 1 B. M. U.

MET WITH MRS. BARNARD

Circle No. 1 of the Baptist Church met at the home of Mrs. T. H. Barnard.

The Devotional was led by Mrs. O. H. Gilstrap. Mrs. Edd Cobb presided over the business session.

The following officers were elected for the coming year.

Chairman—Mrs. Edd Cobb.

Co-Chairman—Mrs. O. H. Gilstrap.

Secretary-Treasurer—Mrs. T. H. Barnard.

Mission Study Leader—Mrs. T. B. Solomon.

Assistant Study Leader—Mrs. Tippens.

Personal Service Chairman—Mrs. W. J. Brown.

Reporter—Mrs. T. H. Barnard.

Pianist—Mrs. G. C. Malone.

Christier—Mrs. O. H. Gilstrap.

This Circle will serve ice cream and cake at Kings Mill next Tuesday evening.

Meeting was adjourned with prayer by Mrs. Solomon. Six members and two visitors were present.

Wayne O'Keefe of Panhandle was business visitor in Pampa this week. Mr. O'Keefe is in the insurance business in Panhandle.

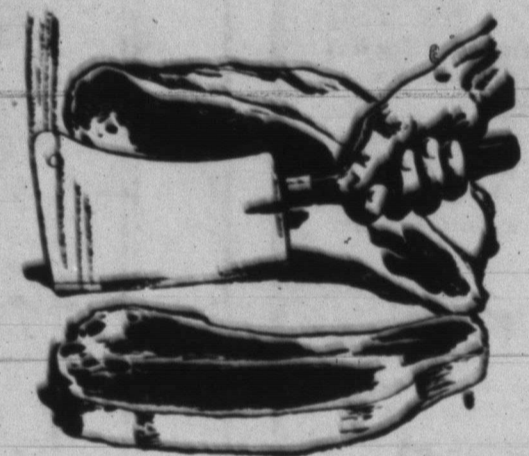

Error

It is being rumored that M. K. Brown is driving a new Cadillac. Mr. Brown wishes this erroneous story corrected and states that his old car was just Ducoed.

Harland Case, said to be the first baby born in Pampa, returned to Pampa for a visit with old friends recently.

Mrs. J. B. Logan of Lubbock is visiting her mother, Mrs. Ryder.

Short Cut Steaks

A steak that will please you because it is tender, juicy and cut from the choicest of Beef. Just enough fat to make it broil or fry well.

Mrs. Floyd McConel and Mrs. Oger McConel entertained a number at the home of the former, Thursday night, June 10th. Progressive "42" was the form of entertainment, and Mrs. Howard Van Bibber won high score. At a late hour the hostess served refreshments, consisting of punch, ice cream and cake to the following: Mr. and Mrs. W. E. Cobb, Mr. and Mrs. Chas. Mullien, Mr. and Mrs. Chas. Hodges, Mr. and Mrs. A. Barnard, Mr. and Mrs. Jim Wears, Mr. and Mrs. Howard Van Bibber, Mr. and Mrs. Lundy Stalls, Mr. and Mrs. M. L. David, Mr. and Mrs. Raymond Harrah and Miss Sealbach.

The "Klugs Mill Club" met with Mrs. Ollie Smith, Thursday, June 17th. After discussing business af-

fairs, the hostess entertained with "42", and later served refreshments consisting of punch, ice cream, and cake. Ten members and seven visitors present.

W. M. S. IN BUSINESS AND SOCIAL MEETING

The Women's Missionary Society met Wednesday afternoon with Mrs. W. W. Merten for the regular monthly social and business meeting, with Mrs. W. Purviance presiding. The reports of officers were given and plans made to entertain delegates attending the conference next Tuesday and Wednesday.

Mrs. Carson Loftus favored with two enjoyable readings and little Miss Mary Lee Morris delighted all

with her reading. Later a social time was spent and delicious home-made cream and cake were served to twenty-five.

The annual meeting of the W. M. S. of the Clarendon district will meet in Pampa next Tuesday and Wednesday, June 29th and 30th.

The W. M. S. will entertain the delegates who will arrive about 2:30 Tuesday and immediately go into session on Wednesday. An all day meeting will be held and lunch served at noon at the Methodist Church. Various committees were appointed Wednesday by the President, Mrs. W. Purviance.

ENJOY LAWN PARTY

Group Number One of the Senior B. Y. P. U. entertained group No. 2 with a lawn party at the Baptist Church Tuesday night of this week. A number of new and original games were played which kept the crowd in continuous laughter. Delicious refreshments of punch and cookies were enjoyed by all. Among the guests

was the Associational Missionary, Rev. Dunaworth.

MISSIONARY PROGRAM

The Missionary program to be at the M. E. Church, Sunday, June 27. Mrs. H. McBee, Superintendent

Mission Study. Subject, "The Torch Relighted in Chechoslovakia."

Piano Prelude, Hayes, Ludwig Von Beethoven—Mrs. Cole. Scripture Reading, I Cor. 13:1-13—Leader.

Prayer.

"The Land of John Huss"—Mrs. C. T. Nicholson.

"Bartak at Marbel Hall"—Leader.

"Vaclav Vancura, Bearer of the Torch"—Mr. A. E. Quest.

Solo, "Savior, Thy Dying Love"—Dorothy Doucette.

Mrs. L. C. McMurtry and son, Lawrence, Jr., will leave Saturday for New York City where they will spend the summer. Mrs. McMurtry will study dancing and "Son" will enter a boys' training camp near the city.

OUR INTRODUCTION

Our Appreciation Offering— Of Pampa's Own Unit—

Good people, have you fully realized the opportunity that is knocking at your door? As a city you do realize! We know that from the progress and civic pride that is evidenced on every side. As citizens you leave nothing undone to welcome the newcomers, to show your wonderful spirit of hospitality and your willingness always to help. We compliment you on these greatest of civic virtues which you so fully exemplify.

But Now FROM YOUR INDIVIDUAL STAND POINT are you fully realizing your personal opportunity—your individual opportunity to get on easy street—to make yourself financially independent? ONLY ONCE IN A LIFE-TIME DOES SUCH AN OPPORTUNITY COME!

An Appreciation As an appreciation of the wonderful welcome and co-operation given us in your midst, we are offering at a price much below the actual, intrinsic value

THE FIRST OFFERING, THE CREAM OF THE TRACT, IS FOR YOU GOOD PEOPLE. PAMPA'S OWN UNIT IN THE TALLEY ADDITION

Oil Rights Full oil rights accompany this first offering of PAMPA'S OWN UNIT. Full oil rights will not accompany later offerings.

Give Away Prices These lots are offered WITH FULL OIL RIGHTS at a price equal to the value of the oil right only. This is done to introduce our-

selves to you—to establish in your mind the ONE GREAT POLICY of our organization. "YOUR GOOD-WILL IS OUR GREATEST ASSET!" No transaction is never complete till YOU—THE CUSTOMERS—are fully satisfied. Profit is considered only after you are pleased and your permanent good-will assured.

Profit is considered only after you are pleased and your permanent good-will assured.

We frankly tell you these lots will never be offered so low again. This is for your immediate selection and before they are offered to any outsider or thru our outside connections where they will be gobbled up instantly by experienced investors. This is a special offer to you good people who are to be our neighbors and friends. We urge you to act quickly

NOW OR NEVER

Never again—Full Oil Rights with choice building lots 50x125 at these low prices

if you have bought some, buy some more and re-sell a part in 30 days at a nice profit... If you haven't bought—answer to yourself this question—"Do you prefer to be a wisher or a winner?" You can't win if you don't play! The only person who doesn't make a nice profit on any lots around Pampa will be the person WHO DOESN'T TRY! All Pampa lots will make money. WE BELIEVE THESE LOTS, WITH FULL OIL RIGHTS AT THE LOW PRICES NOW OFFERED, ARE THE GREATEST VALUE YOU WILL EVER HAVE PRESENTED TO YOU. NEVER AGAIN SUCH AN OFFERING—NEVER AGAIN SUCH VALUES!

May We Help You Come in and tell us how we can help you. If you haven't all of the money just at the moment, drop in and let us help you work out your problem. We want to do everything we can to help you people get started and make some worthwhile profits. Don't hesitate but come and talk it over with us. We want to meet you. Come in and say "howdy" even though you are not ready to talk about buying lots. This is an open invitation to all.

Last If you know of anyone talking of buying lots you will do both them and us a real favor by calling us at phone 48 and giving us their name. Your tip will be kept strictly confidential if you so request.

Prices with full Oil Rights \$130 to \$150—others with partial oil rights as low as \$10.00. Terms to suit you.

What the Neighbors Are Doing

George Brown's red hen to the sad rooster said,
"I'm tired and sleepy and should go to bed,
But the hen house's so drafty and cold and damp,
It's not nearly fit to shelter a tramp."
So she flew to a limb of a tree nearby,
And so made her bed neath a rain-filled sky—
No wonder she laid not an egg that fall,
She was just too discouraged to try, that's all.
But when George built her a new hen house tight,
With windows and fresh air and nary a mite,
She soon began laying, and most every day
Mrs. Brown gathers eggs that her happy hens lay.

We furnish plans and known lumber for houses that will encourage hens to be industrious and profitable.

PANHANDLE LUMBER COMPANY

STATE UNIVERSITY HAS ALMOST COMPLETE PRE-HISTORIC ELEPHANT

Austin, Texas, June 23.—Removal of the prehistoric elephant tusk recently discovered eight miles from Austin on a branch of Little Walnut Creek, to the University of Texas has been completed. The tusk is thought to be a mate to that found last fall. Both have been presented to the University Museum Collection by the owner of the farm on which they were found.

When uncovered the tusk proved to be nine and one-half feet long and eight inches in diameter. It curved from the point of attachment to the head, first downward, then upward, ending with the tip pointing back toward the animal's head. Removing the specimen required great care, particularly as it was somewhat decayed, according to Dr. John T. Lonsdale and W. S. Adkins of the Bureau of Economic Geology of the University, who were in charge of the

work. The tusk was placed in a plaster of paris cast and brought to the University in two pieces.

With the acquisition of his specimen the Bureau of Economic Geology now possesses two tusks, a shoulder bone, a tooth and a number of smaller bones all probably from the same animal, Dr. Lonsdale said. From the material at hand it would be possible to at least roughly reconstruct the animal as it existed, he said.

The collections of the Bureau of Economic Geology contain many other specimens of great interest and scientific value. It is unfortunate that no place exists where these collections can be properly housed and exhibited to the public. It is hoped that some time soon a state museum may be established at the University of Texas where these and many other specimens can be shown.

combination with hemp and summer rape it forms a good ration. Much of the rape seed put up and sold in cartons is of a kind that seven wild birds do not eat because of its pungent and bitter flavor, says the United States Department of Agriculture, but all birds relish the mild taste of true summer rape.

Rotation Means Food

The rotation of crops is nearly as effective in increasing soil productivity as is the use of farm manures and complete fertilizers, as based on experimental yields of wheat, corn and oats, taken collectively. When rotation and the use of fertilizers are practiced together the one practice adds to the benefits of the other, and increased yields are greater than from either practice alone.

The Tattoo Tracer

A simple tattoo instrument has been devised for marking hogs as they leave the farm for the market so that they can be identified after slaughter. Such identification makes it possible to trace diseased animals to the farm where the infection originated. A tattoo mark properly applied resists all attempts to remove it. Such marks are valuable in establishing ownership of hogs in cooperative shipments as well as in combating disease.

Inside Information

A sprig of mint is good with peas or lima beans.

Do not use soda in making cream of tomato soup. It changes the flavor and affects the vitamin content.

Paradichlorobenzene is effective as a disinfectant and may be used just as naphthalene flakes are used.

Ill-Shaped Udders

Bucket-fed calves often acquire the habit of sucking each other. The vice has several harmful possibilities, says the United States Department of Agriculture. In the case of heifer calves, the result may be ill-shaped and pendulous udders which detract seriously from the beauty and value of the animals when mature. Also there is danger, especially in the case of well-bred dairy heifers, that sucking of the udders will stimulate virgin milk secretion. In time this milk secretion dries up and a ruined udder is the result. Many cases of chronic garget or hardened udders reported among virgin heifers are no doubt due to the sucking habit.

Keeping the calves secure in stanchions for a time after feeding from the buckets will tend to reduce the desire to suck when turned loose. A handful of grain given immediately after the calves have finished their milk will also help to remove the desire to nurse.

More "Insides"

Iron rust stains on white enamel may be removed with a solution of oxalic acid. Keep it out of the children's reach.

A two-way dish closet in the wall between the kitchen and dining room is a great convenience. If, on the kitchen side, it adjoins the sink it will save still more steps.

Mr. and Mrs. J. E. Williams spent last week-end in Clarendon visiting friends and relatives.

NOTICE OF ELECTION

WHEREAS, the City Council of the City of Pampa deems it advisable to call a special election as contemplated by Article 1104 of the Revised Civil Statutes of Texas, 1925.

THEREFORE, BE IT ORDERED BY THE CITY COUNCIL of the City of Pampa, Texas, that an election be held on the 19th day of July 1926, at which election the following proposition shall be submitted:

"Shall the provisions of Chapter 9 Article 1086 to Article 1105 both inclusive, of the Revised Civil Statutes of Texas 1925, relating to Street Improvements, be adopted or rejected by the City of Pampa, as provided by Article 1104 of the R C S of Texas 1925, and the constitution and laws of the State of Texas."

The said election shall be held at the Fire Station in the City of Pampa and the following named persons are hereby appointed managers of said election, to-wit: Presiding Judge, T. H. Lane; Judge P. C. Ledrick and T. W. Johnson and John B. Ayres as Clerks.

The said election shall be held under the provisions under the constitution and the laws of the State of Texas, relating to such elections and only qualified voters who are property taxpayers of said City shall be allowed to vote.

All voters who favor the proposition to adopt the provisions contained in Chapter 9 of the R C S of Texas, 1925, shall have written or printed upon their ballots the words: "For the adoption of the provisions of Chapter 9, Revised Civil Statutes of Texas, 1925."

And those who oppose, shall have written or printed upon their ballots the words: "For the rejection of the provisions of Chapter 9, Revised Civil Statutes of Texas, 1925."

Said election shall be held in compliance with the law with reference to regulating City Elections, in said City.

A copy of this order signed by the Mayor of Pampa Attested by the City Secretary of said City, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause said notice of election to be posted up at the City Hall and two other places in the City of Pampa, for at least thirty full days prior to the date of said election.

The Mayor is further authorized

and directed to have notice of election published in some newspaper of general circulation in said City and which notice shall be published once each week for four consecutive weeks, the date of the first publication not less than thirty full days prior to the date of the election.

F. P. REID, Mayor, City of Pampa, Texas.

TESTED: J. T. CRAWFORD, Jr., City Secretary. (12-4tc)

MRS. KEEHN A DISTRICT WINNER

Mrs. D. F. Keehn of the Wiling Workers Club, won second place in the district kitchen improvement contest. Mrs. Keehn was the county winner in Class 1 and this entitled her to the district contest. She has changed her old kitchen to a splendid well-equipped work shop at a very small cost, and the most interesting thing about it is the home-made conveniences which her own ingenuity has fashioned.

PAGE, LINE AND PARAGRAPH

Weight of Fleece
The weight of fleece is influenced both by density and by length of staple. Recent studies by the United States Department of Agriculture show that length of staple offers more of a leverage for increasing wool yields than density.

Five Counts Against Stumps
Stumps in cultivated fields are a serious liability. They occupy valuable land, foster the growth of weeds, mar the appearance of otherwise smooth fields, shelter harmful insects

and animals, and prevent the efficient use of machinery.

Don't Wound Plants
Avoid wounding or breaking plants when cultivating or working around them. In harvesting fruits and vegetables to be stored, avoid bruising, as decay most frequently begins where the protective covering is broken. Certain insects, such as the potato tuber moth, gain access at points of injury.

What Canaries Like
Canary seed alone does not furnish a balanced feed for canaries, but in

C. B. Barnard Dry Goods

A Year From Today What will your Car be worth Then? Or in Two Years? Or in FIVE?

These vital questions create no worry in the minds of Dodge Brothers owners. Six, eight and even ten years of faithful service—with mileage running well into six figures—is not an uncommon record for Dodge Brothers Motor Car. In fact, 90% of all the cars Dodge Brothers have built are still in service—an astonishing record, when you think of it—and ample justification for Dodge Brothers well known slogan—**Long Life!**

Touring Car.....	1,017.00

KANSAS CITY STOCK MARKET

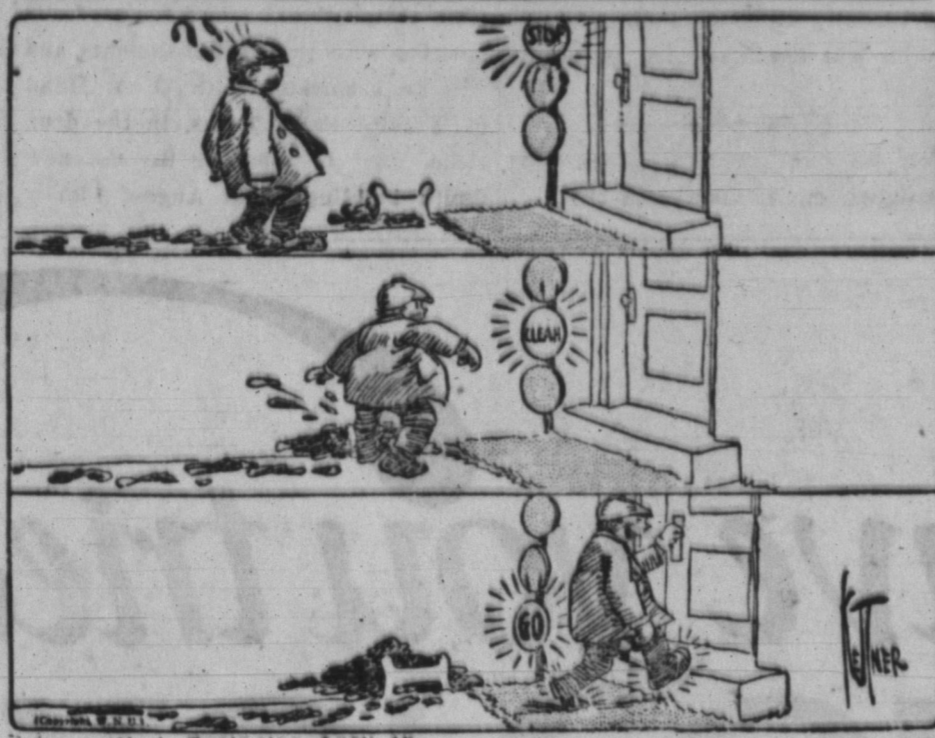

Kansas City Yards, June 21, 1926.
Cattle and Hogs Steady.

Lambs Higher
Good to choice fed steers and the better classes of short fed and grass fat steers were fully steady. The price in medium classes were weak, slightly lower. The general tone in the trade were active and a good clearance was reported. Hog prices were uneven ranging from strong to 10 cents lower, but in the average showing steady. The weakness was in the lighter weights. Lamb prices ruled strong to 25 cents higher, the first advance shown in the past two weeks.

Today's Receipts
Receipts today were 12,000 cattle, 9,000 hogs and 7,000 sheep, compared with 11,000 cattle, 12,000 hogs, and 8,000 sheep a week ago, and 13,200 cattle, 10,300 hogs, and 7,000 sheep a year ago.

Beef Cattle
Demand for good to choice fed steers was active at strong prices. Medium to good kinds were steady and plain short fed and grass fat steers were steady to weak. A

Home Traffic Signals

fairly good clearance was reported. The run included all kinds and classes and for that reason the volume of trade was large. In Chicago where the bulk of the run was fed steers the market was weak. Here long yearling steers sold up to \$10.20,

heavy weight steers up to \$10.15, and a few heifers \$10.15. The bulk of the fed steers brought \$9 to \$10. About 100 car loads of south Texas grass fat steers sold at \$6 to \$8.25. Prime heifers sold up to \$10.15, and sows up to \$7.75. Veal calves were 50 cents lower, top \$9.50. Bulls were steady.

Stockers and Feeders
Receipts of stockers and feeders remained small for this season of the year at firm prices. A good many fleshy feeders are available and they are being taken for a short feed. Stock cows and heifers were scarce.

Hogs
Though some sales were quoted weak and a few others stronger the average prices were steady with last Saturday and a good clearance was reported. Packers traded slowly but shippers were active and kept prices fully steady on the medium weights. The top price \$15 was paid for light lights, and the bulk of the 170 to 250 pound hogs sold at \$14.35 to \$14.65. Packing sows brought \$12.75 to \$13.25; stags \$12 to \$12.75 and stock hogs and pigs \$14.75 to \$15.75.

Sheep and Lambs
Lambs were 25 cents higher, the first upturn the market has encountered in the past few weeks. Western lambs sold at \$14.85 to \$15.10; native lambs \$13.50 to \$14.50; Texas yearling \$11 to \$11.25; wethers \$8.25 to \$8.50 and ewes \$5 to \$6.

Horses and Mules
Trade in horses and mules is still limited by the light receipts. Prices remain unchanged.

CHARLES M. PIPKIN,
Market Correspondent.

COMPENSATION

"Nature has been really cruel to her."
"Yes; but she's found a photographer with the kindest heart in the world."

Mr. and Mrs. Walter Crane from Miltonvale, Kansas, Charlie Vinzant from Wakefield, Kansas and Ivan Jackson from Clay Center, Kansas are visiting with Mr. and Mrs. William Jackson and Mr. and Mrs. Ernest Crane and Ernestine.

HEARD BY THE WAY

Waste brings woe, and sorrow hates despair.—Greene.
Our words have wings, but fly not where we would.—George Elliot.
Whatever you dislike in another take care to correct in yourself.
Economy is excellent, but not when applied to truth.
Some people are proud of their humility.—Beecher.
Marriage is a failure when love goes bankrupt.
A single word often betrays a great design.—Racine.
A decent boldness ever meets with friends.—Homer.
Procrastination brings loss, delay danger.—Erasmus.
Husbands who tighten the purse-strings may often loosen the bonds of love.
Treachery, though at first very cautious, in the end betrays itself.—Livy.
He who boasts of his descent, praises the deeds of another.—Seneca.
What one has wished for in youth, in old age one has in abundance.—Goethe.
Great men rejoice in adversity just as brave soldiers triumph in war.—Seneca.
The very substance of the ambitious is merely the shadow of a dream.—Shakespeare.
An effort made for the happiness of others lifts us above ourselves.—L. M. Child.

HART-PARR POWER

Will Give You More Leisure

Time to enjoy life is just as important as having money to enjoy it with. Hart-Parr tractors are giving thousands of farmers more money and more time. Farmers raise bigger crops, in less time and at a lower cost the Hart-Parr way. Don't put off getting that Hart-Parr tractor you have always wanted—get it this year. Come in and look over the 1926 line and ask us for a demonstration.

Pampa, Texas

Are you driving a second choice CAR?

Leadership today belongs to Buick because so many people make it their first choice among all motor cars.

They have discovered that other cars, priced the same as Buick, are not even close to Buick in value.

Volume production enables Buick to give you a lot better car for a very moderate price.

Do not be misled into driving a second-choice car. Compare the new car offered you to Buick, before you let go of your money!
