

THE PAMPA NEWS

VOL. XIX

PAMPA, TEXAS, FRIDAY, JULY 3, 1925

NO. 14

ITEMS OF INTEREST FROM OVER THE STATE

Denton. — Marvin White, charged with the theft of an automobile from City Traffic Officer W. J. Simmons, was given a suspended sentence of five years on his conviction in district court here.

Wichita Falls. — With an increase of over \$5,000,000 for the month of June in bank clearings, the local clearing house association's reports for the first six months of 1925 show an increase of \$26,314,634 over the corresponding six months of 1924.

Austin. — Geo. W. Grimes, 57, victim of an automobile accident last Sunday morning in which his wife and daughter were killed and he and his grand daughter seriously injured, died early Tuesday morning at a hospital. The granddaughter, a baby, is still in a critical condition.

Dallas. — R. A. Miskell, 19, steeplejack and stack painter, was severely burned and cut about the hands and arms here Tuesday when he saved himself from almost certain death by sliding 35 feet down a rope as his scaffold gave way.

Dallas. — The first bale of 1925 cotton received by the Texas Farm Bureau Cotton Association to be marketed co-operatively arrived here on Monday, it was announced. The bale was shipped by Gustave Reineke of Mission. It is 15 days earlier than the first bale received by the association last year.

Austin. — Buck Simpson, hero of the World War, who captured single handed a German machine gun nest with over 50 prisoners, has just received a distinguished service medal from the government in addition to decorations he has already received.

Dallas. — A leap from her window, while her bed burned, probably saved Mrs. B. Stringer from being trapped in her burning home here Tuesday. She awoke to find the house in flames and the blaze burning the bed covering. She was alone in the house.

Kyle. — A dozen bottles of liquor were discovered in an automobile which collided with a bus just outside the city limits of Kyle, resulting in the arrest of four men who are now in jail at San Marcos until they make bonds of \$1,500 each.

Austin. — When notified that the highway commission had dropped the fight over the 1925 automobile license plate contracts, R. B. Walthall, member of the board of control, said Tuesday that he is delighted. He said the plates for 1926 were the cheapest ever bought; the prettiest; fulfill the specifications asked by the highway commission, and will be in the hands of the county clerks by Oct. 1.

Denton. — Confinement in the penitentiary for a period of 10 years was the verdict in 15th district court here Monday afternoon in the case of J. R. Jones, who was charged with swindling in connection with the giving of an alleged worthless check for \$5,218 in payment for an automobile which he had bought from a motor company here.

Canyon. — A marker for the site of old Fort Elliott, near Mobeetie, used by the United States Army as headquarters during the Indian troubles following 1874, is planned by the Panhandle Plains Historical Society. The fort was abandoned by the army in 1894.

Amarillo. — Tightening of the game laws in the Panhandle is reported by B. D. Garmon, district warden, who has been empowered to appoint 50 to 75 deputy wardens for the Plains country. He plans to make the appointment soon and will issue instructions for strict enforcement of the laws to protect wild game life in this territory.

San Antonio. — Struggling over his pick handle as he sought refuge from tons of dirt which caved in from a side of the excavation for a new building, Alfonso Guadalupe, 25, was buried alive beneath the avalanche Monday night. Three hours later his body, crumpled as if ready to spring from the hole in which he had been working, was found with a huge rock resting upon the dead man's back.

FREE EMPLOYMENT OFFICE ESTABLISHED

E. J. Crocker, state commissioner of labor announces that he has authorized the opening of the West Texas Free Employment Bureau, located in the city of Abilene, with chief deputy J. Lee Tarpley in charge.

The service rendered by this department is entirely free to both employer and the employe. The Abilene Chamber of Commerce together with the new labor bureau will endeavor to assist the farmer, ranchman, industrial employe, merchant, and others to secure just the sort of employes they desire.

Employment will be secured for farm hands, day laborers, and salesmen, whenever and wherever possible, anywhere in Texas, and especially West Texas, west of Fort Worth to the border.

Those desiring to take advantage of this free service may wire or write J. Lee Tarpley, care of Chamber of Commerce, Abilene.

QUAKE DOES GREAT DAMAGE ON COAST

Santa Barbara, Calif. — About \$25,000,000 in property damage, 13 persons known dead and virtual destruction of most of the business buildings on State Street resulted from an earthquake here at 6:45 a. m. Monday.

Large hotels and office buildings were wrecked, water mains burst and flooded many streets and a reservoir dam at Sheffield gave way and flooded another section of the city.

Several minor shocks were felt after the main quake, and the disturbances were felt in many sections of the Pacific Coast.

Plans are already under way for rebuilding the damaged sections with buildings more permanent and larger than those destroyed.

BATTERY B TO GIVE ARTILLERY DISPLAY

Approximately 400 rounds of ammunition costing about \$8,000 will be fired in the service practice to be held by the 131st Field Artillery, Battery B at Harding's ranch Saturday in connection with the Defense Day celebration.

Four French 55's will be used in this practice. The caissons and guns were used in France during the World War. This practice will be conducted along identical lines as were followed during the actual fighting in Europe. There will be about 50 men taking part.

IN APPRECIATION
I wish to thank the following business houses of Pampa and McLean for the prizes offered in the contests for Gray County Club girls:
Pampa Drug Co., silver thimble.
J. E. Murfee & Co., gingham dress.
Woodward-Lane, jar of strawberry preserves.
T. J. Coffey and Bro., voile dress.
Mrs. W. T. Wilson & Son, box of handkerchiefs.
Erwin Drug Co., bottle of toilet water.
Puckett Grocery Co., sack of flour.
McLean Supply Co., sack of flour for bread contest.
Erwin Drug Co., yeast cakes.
EULA NELL SEELBACH,
County Home Demonstration Agent.

"ANGELS AND DEMONS"
Everyone should be interested in these two subjects at the Christian church Sunday morning and evening, because these inhabit the realm which will be the eternal destinies of men. At the 11 o'clock service the subject of "Angels" will be discussed, their relationship to the sons of men, whether there are "guardian angels," and other kindred questions will be answered with the Word of God. The subject of "Demons" at 8:15 o'clock will be equally interesting and instructive. Come bring your friends with you and hear God's word.
Remember, Bible school is in a. There is a class for every member of the family. The attendance at all services last Sunday was good.
These two hours in Christian fellowship and the ministry of God's word will help you to live a better and more wholesome life. Come with us.
JAS. TODD, Jr., Minister.

Mr. and Mrs. T. V. Lane and Mrs. H. M. Davis were Amarillo visitors Sunday.
The Piquin Produce Company wants to sell you—wants all your chickens, eggs and hides.

DIED SUDDENLY AT SULPHUR OKLAHOMA

G. A. Halstead of this city and California, died suddenly at Sulphur, Okla., Thursday night, June 25, of heart trouble.

Mr. and Mrs. Halstead had been in Sulphur several weeks but intended to return here at an early date to see after their farming interests, when his death came.

Deceased had divided his time between here and California for the past several years, having property interests in both states.

George Andrew Halstead was born June 18, 1868 in Macon County, Missouri he was united in marriage with Miss Lillie Salsbury of this city, July 16, 1921. He is survived by several brothers and sisters, the following of whom attended the funeral: J. L. Halstead of Alva, Okla., Marcus Halstead of Wichita, Kan., and Mrs. Wishard of Kiowa, Kan. Deceased joined the Cumberland Presbyterian church in 1886, and was an ardent Bible student.

The remains were brought here and funeral services held at the Methodist church Monday afternoon, conducted by Rev. B. J. Osborn. Interment was made in Fairview cemetery.

STATE CHIEF CLERK NOW HELD ON BOND

Austin, Texas. — Earl Calloway, 33, of Breckenridge, cousin to former Representative Oscar Calloway, of Comanche and who Wednesday was to take his post as chief clerk of the Gas and Oil Division of the Texas Railroad Commission, is under bonds totalling \$2,000, on indictments from Shackelford county, charging embezzlement and forgery.

There are two charges of embezzlement and one of forgery. They were brought by the grand jury at Albany Tuesday in connection with Calloway's connection two years ago with the Earl Calloway Petroleum Company, Sheriff Biggs of Shackelford county reported.

JUNE RAINFALL BELOW NORMAL

Rainfall in the Panhandle in June was the lightest for that month since 1918, according to the monthly report of the Amarillo weather bureau. Precipitation last month was 1.71 inches compared with 2.89 as normal and 1.43 in 1918. The same month last year had 2.82 and for 1923 the total was 9.76.

The month, however, was cooler than the normal, the mean temperature being 65 against 72.8 as the average. The highest temperature was 100 on the 15th, while the lowest was 52, on the 7th.

GOT NICE WHEAT CHECK

A reader of the News dropped in to tell us that he had just seen a check in the hands of E. H. F. Brooks, who lives southwest of Pampa. It was the size of the check that attracted notice. It was drawn for the sum of \$4,240.00, and was for a part of the wheat raised by Mr. Brooks, and sold to the Pampa Grain Co. He is not yet done harvesting. Reports are that Mr. Brooks' wheat is averaging 33 bushels per acre, and he contracted his crop at \$1.50 per bushel.

Rev. and Mrs. H. R. Whitley, Mrs. W. B. Henry and Mrs. B. W. Rose visited Mrs. C. L. Gray Tuesday, at the Northwest Texas hospital in Amarillo.

Miss Hazel Cline of Shreveport, La., spent Sunday with Mrs. Siler Faulkner and family. She was en route to Eureka, Kan.

E. D. Kelley of Elberta, Miss Louise Kelley of Wichita Falls, and Miss Mary Sell of San Antonio visited a few days with Mr. and Mrs. Tom Clayton and family this week.

Mr. and Mrs. O. T. Smith of Charleston were Pampa visitors Wednesday.

Miss Florence Johnson of Miami was a weekend visitor with Mrs. Donna Lee Stroop.

Mr. and Mrs. W. M. Crocker have gone to Shamrock to make their future home. Mr. Crocker has accepted a position as manager of the Woodridge Lumber yard in that city. We regret very much to lose Mr. and Mrs. Crocker from Pampa, and trust that they will return in the future.

Mrs. J. R. Crawford and children of Amarillo are guests at the J. S. Wynne home in this city.

OIL FIELD ACTIVITY IN THIS LOCALITY

Wilcox No. 2 well on the Combs & Worley ranch, six miles southeast of town, made its first flow of oil Tuesday morning from the upper pay, being the third well in that section to come in. While the well is yet uncompleted, it is believed that it will make a good producer. Soon after the flow work was discontinued, but preparations are being made to care for the oil and it will be drilled on down to the second pay, which should be encountered around 2925 feet in depth.

Oil has been standing in the hole for several days since picking up the first pay sand. An additional 500 barrel tank is being moved from town to the lease, to help care for the oil until the monster 80,000-barrel tank is completed on the lease.

A natural gas engine of 25-horsepower has been ordered shipped, to the Clark & Harbin well which will be installed for pumping power instead of the steam now being used. Owing to the size and condition of this hole it is not making as much oil as was at first expected.

The Dancinger Bros. Oil & Refining Company's well on section 85, J. B. Bowers land, is now drilling two shifts and it is expected that it will be completed within the next few days unless unforeseen difficulties arise.

A. R. Anderson's well south of the river is still shut down, but it is expected that drilling will be resumed within the next few days. The well is making between ten and fifteen million feet of gas at its present depth.

Reports are current that the drilling contract has been signed up and that the crew is here to begin drilling a test west of town near the county line, and in the neighborhood of the Tipton gasser. We have not as yet learned the exact location, but it is said to be on land owned by Allice Ryrum.

Reports are also current that work will be resumed on the Wilcox well on the Jud Wilson land, five miles north of town, which has been shut down for several months at 3785 feet.

Work on the 80,000 storage tank on Wilcox Co.'s Combs & Worley lease is going forward in a satisfactory manner. The tank will probably be completed within the next three or four weeks, when sufficient storage will be available for the company to put their two wells on capacity production, something heretofore impossible owing to lack of storage.

A year ago this week the first well, the Wilcox No. 1, came in, throwing oil over the derrick at several different times. Since that time the development has been extremely slow, owing in part to the oil market being in such a poor condition, to the lack of storage, and to the high cost of drilling. These things are now rapidly changing about and the prospects are that within the next twelve months that many new wells will be drilled in the proven field, as well as on the outlying acreage in all directions.

FORMER TEXAN DIES IN ACCIDENT

The remains of Mrs. Bertha Parrish, former resident of Amarillo and who was killed in an automobile accident in California last Saturday, passed through Amarillo Wednesday night for Lela Lake where interment will be made.

Her husband was a telegraph operator on the Fort Worth & Denver, but he died of illness in April.

NEEDED IMPROVEMENTS TO BE MADE AT ELK CITY

Last week the people of Elk City, Okla., voted by a majority of more than eight to one in favor of a \$25,000 bond issue for installation of a complete new storage system which will be installed and the whole city given sewer service. The new works will be finished by completion as soon as all legal matters are arranged.

Friends of Mrs. E. L. Gray of Bartlesville, will regret to learn that she is seriously ill at the Northwest Texas hospital in Amarillo. Mr. and Mrs. Gray formerly resided here.

The W. M. S. wishes to thank all who helped in any way with their ice cream social last Saturday afternoon.

FIRST WEEK IN JUNE HOTTEST ON RECORD

Everybody in the eastern part of the United States realizes that the first week in June was the hottest in their recent recollections. It may prove comforting to know exactly how hot it was in comparison with other years, and to be told that for many places where the hot spell was felt it was the hottest week for June 1 to 7 on record.

The hot area stretched more than halfway across the United States, ending quite sharply along a line that passed about midway through the Dakotas, Nebraska, Colorado, New Mexico and through the western end of Texas. On the other side of this line the weather was cold, freezing temperatures being recorded at many points; east of it the temperature exceeded normal from 3 to 16 degrees.

In Washington, D. C., for example, the average maximum temperature was 97.1 and the mean temperature was 83.4, which is 14 above the normal mean for that week. A glance over the table for 20 years back shows also that the coldest first week in June, which occurred in 1907, had temperatures average 10 below normal, making a range from warmest to coldest of 24 degrees.

Similar conditions prevailed in many other cities. In the region near the Great Lakes, where the departure from normal was about 15 degrees, the change resulted in unusual discomfort because of the cool weather that usually prevails there.

Boston had an average departure of 16.7 above normal for the week, although the average temperature was only 80. The average maximum was 91, and the high point was touched on June 6, when the mercury climbed to 100. The average departure above normal in Chicago was 15.5, with 96 the highest temperature of the week.

The temperature in St. Louis also registered 96 on the 6th, but the average departure was 9.6 above normal for the week. Kansas City showed an average departure of 7.2 and Duluth 10.1. One of the cities experiencing nearly normal conditions was New Orleans, for the temperature stayed at 88 for five days, with an average maximum of 87.4 and a departure above average normal temperature of only six-tenths of a degree.

LOCAL AND PERSONAL

Mr. and Mrs. Sherman White of McLean, Mr. Poteet of Haskell and Miss Seelbach spent Sunday with Mr. and Mrs. F. C. Quarles in the B. E. Finley home.

Mrs. F. O. Bennett and children of Lubbock arrived Monday night to visit her brother, F. W. Grogan, and family.

Mrs. H. B. Moore and son Lester, and Miss Dorothy Moore of Quanah, returned home Sunday after a two-weeks' visit at the F. W. Grogan home in this city.

Miss Lillian Lemmon, who has been visiting her aunt, Mrs. J. G. Weems at Kingsmill, returned to her home at Stafford, Kan., Wednesday.

Mrs. B. E. Finley and two daughters returned Wednesday from a month's visit with relatives and friends in California.

F. W. Grogan has moved the Pampa Power & Light Co. office from the old White Deer land office building to the Crescent Theatre building, where the business of the company will hereafter be transacted.

I. S. Jamison went to Charleston this morning to meet Mrs. Jamison, who is returning from Glenrose.

J. F. Vickers of San Jose, Calif., arrived here Sunday afternoon to look after his farming interests here.

Mrs. O. T. Hendrix and children left Thursday to visit relatives and friends at Fargo, Okla.

Malvina Doyle and Webb were Amarillo visitors Wednesday.

Kenneth Sawyer has returned from a visit with relatives and friends in Wichita Falls.

Mrs. Lillie Halstead of this city and sisters, Mrs. G. C. Unhanger and Jack Pearson of Shreveport, La., left Thursday for Liberal, Kan., to visit their sister, Mrs. G. C. Combs.

J. W. Carroll of Summit is here looking after his wheat crop.
Tom Connolly of Chambliss was here Monday.
John L. Coell of Dallas is here looking after his harvest.
Malone Furniture Company has mattresses stacked in the yard in the balcony and a room full of the new furniture.

KANSAS CITY STOCK MARKET

CHAS. M. PIPKIN,
Market Correspondent
Kansas City Stock Yards.—The sharp advance in prices last week brought an increase in receipts Monday. Chicago had more cattle than Kansas City and there was a corresponding greater decline there than here. However, the choice to prime kinds held steady and the decline prevailed in the grass-fat and short fed classes. Following moderate declines late last week, hog prices ruled strong to 10 cents higher and within 5 to 10 cents of last week's extreme high point. Sheep were about steady to 25 cents lower.

Monday's Receipts
Receipts Monday were 20,000 cattle, 5,000 hogs, and 8,000 sheep, compared with 15,000 cattle, 10,000 hogs, and 7,000 sheep a week ago, and 12,700 cattle, 17,350 hogs, and 8,200 sheep a year ago.

Beef Cattle
Good to choice grain fat and best grass fat and wintered western steers were fully steady. Plain to fair kinds were weak to 25 cents lower and the common classes were steady. The decline did not remove all of last week's advance in the medium classes and steady prices for the common and best kinds left the range in quotations the same as last week. Prime 1,000 pound yearlings sold up to \$12. Other choice yearlings, light and handy weight steers brought \$11 to \$11.75. Some choice strong and heavy weight steers sold at \$10.50 to \$11.25. Short fed calves, meal and hull fed Texans, and double summered wintered steers brought \$8.50 to \$10.75. Straight grass fat steers sold at \$4.75 to \$5.85. Most of the grass fat cows sold at \$4 to \$5.85, and grass fat heifers \$4.75 to \$5.25. Fed cows and heifers were scarce and fully steady. Veal calves were 25 to 50 cents lower, top \$10.

Stockers and Feeders
Trade in thin cattle developed uneven prices. The bulk of the good steers sold at fully steady prices, and other classes were lower. While inquiry is increasing, most of the demand is for the better kinds.

Hogs
Following a moderate decline last Friday and Saturday the hog market strengthened again Monday, and the general market is only 5 cents under the extreme high point of last week. The top price Monday was \$12.50 and bulk of sales \$12.25 to \$13.45. The bulk and 120 to 140 pound kinds 165 to 200 pound classes sold within at \$12.75 to \$13.10. Packing sows sold at \$11.75 to \$12 and stock hogs and pigs \$12.50 to \$13.

Sheep and Lambs
Lambs broke 25 cents and sheep were steady. Most of the offerings were native lambs that sold at \$10 to \$12.50. No western fat lambs arrived. Some feedings lambs sold at \$11 to \$13. Small bunches of ewes brought \$4 to \$6 and wethers \$7 to \$8.

Horses and Mules
Trade in horses and mules is still limited by the meager supplies offered.

METHODIST DIRECTORY
Sunday school at 8:45 a. m. Leo Harrah, Superintendent.
Morning service and communion at 11 o'clock.
Evening services at 8:30.
Epworth League—Lillian McElmick, president.
W. M. S. meets every Wednesday at the church.

The welcome at the Methodist church still awaits you. We miss you when you are not there. We hope to meet you with the messages at both hours, and will be glad to see you at Sunday school, also. Instead of the regular Sunday school lesson, we have arranged a Sunday school day program that you will enjoy. Come at 8:45 a. m.

B. G. OSBORN, Pastor.
Mrs. Raymond Harrah was taken to a hospital in Amarillo Monday where she underwent a major operation Tuesday morning. Her husband and Mrs. W. W. Harrah and Mrs. R. E. Johnson were with her.

Mr. and Mrs. Jas. Balthage left this week for Shamrock to make their future home. We regret to lose these young people, but wish them well in their new location.
Dr. A. R. Sawyer will go to Miami next Monday for the week, returning here some time during the latter part of the week.

ADVERTISING RATES—Local readers, when run among personals, 10c per line; classified ads, 1c per word, each insertion. Display advertising rates upon request.

Science has not as yet discovered why men have the largest jaw muscles while women use theirs most.

Some people are ordinary liars. Others are more experienced and we say that they have a good line.

A British woman writer says women can't understand men. Well, we say this is lucky on both sides.

The man who can umpire a baseball game and satisfy both sides would make all the other great diplomats of history seem like amateurs.

A large portion of the businesses that have failed have as their secret slogan: "We can put anything over on the public."

Italy has grown tired of inadequate telephone service which it has endured under government ownership, and is now turning over its telephone system to private companies. European nations can afford to study America's system of private enterprise and industry, which has made this nation a world leader in less than 150 years.

July Fourth, our Independence day, is too generally regarded as a mere holiday—a chance to get out of work for a time and merely enjoy ourselves. We rarely pause during the day for a moment's serious thought on the duty we owe in perpetuating the ideas set forth by our forefathers almost a century and a half ago. We are usually so intent on having a good time that we give little heed to the matter of patriotism. Hence we would suggest that you think for a moment on the more serious side of the July Fourth celebration. Ask yourself, "Why are we observing this day? What is my duty toward the Republic founded on that July Fourth back in '76?" It is not necessary to go around with a long face seriously pondering over matters of government when our friends are enjoying themselves. Try to have as good a time as possible on Saturday, but take a moment or two to make the day seem worth something. Remember, we need patriotism during times of peace as well as during times of war. Citizenship in America offers tremendous opportunities and great privileges to everyone, but it also carries with it certain duties.

"Regardless of how your advertising money is spent, always let it function under a budget system, so that results of present efforts may be checked to serve as a guide for future advertising campaigns," advised C. C. Tatum, president of the Los Angeles Realty Board in an address before the National Association of Real Estate Boards at its annual convention in Detroit, Mich., recently. Mr. Tatum talked of advertising in its relation to real estate sales before the Home Builders and Subdividers Division of the Association. "Advertising is cumulative in its effect," Mr. Tatum said, pointing out the value of working out a definite plan. "Hit-or-miss, sporadic and irrelevant advertising will not build up a recurrent clientele. The importance of the newspaper as an advertising medium can not be overestimated. The billboard, the direct mail and other advertising should be used with the newspaper copy. All advertising," Mr. Tatum emphasized, "to be effective, to get results, to be worth even its initial cost, must be, above all things, truth-tell, honest and straightforward." Mr. Tatum laid stress upon institutional advertising, the advertising of services, departments, thoroughness, courtesy, attention to detail on the part of the real estate broker. The classified columns of the newspaper offer an effective and comparatively inexpensive medium for the Realtor. This type of advertising is one of the most profitable means for the advertiser who deals largely in completed homes and individual lots. The classified ad is a direct salesman."

Among Our Exchanges

McLean News: A beggar was in McLean one day this week, that inquiry developed had bought a second hand car in a neighboring town the day before, and he was seen to give a man a nickel to crank it for him in another town. People must be easy marks when professional beggars can buy cars in towns they pass through and hire them cranked. The only thing lacking was a private chauffeur to drive for him.

Memphis Democrat: For twenty weeks the Democrat will have a page advertisement sponsored by twenty different firms of this city. This page is devoted to tell why people should trade in Memphis and where they can trade in the city. It also is for the purpose of developing community spirit—that which is necessary for any town to thrive and build. Co-operation, in other words, will build where each one working singly and selfishly will tear down. Keep the page in mind each week. Besides having a message there will be a view of a place of business of one of the participants in this "Buy in Memphis" campaign.

Higgins News: We used to wonder if the north pole was like the school flag pole—always there, standing straight up in the air. When the teacher shattered our childish fancy and said there was no pole there, and if we reached it we would not know it, we decided that though a pole was a pole, yet it might not be a pole after all. But when the teacher said that the north pole was a sea of water, we gravely told our mother that we guessed we would not study geography any more and to us every pole in the stake and rider fence was a sea of water and not a pole at all. If we ever start out in search of the north pole, we shall expect to find a pole sticking up in a sea of water. If, however, we are able to hoist the United States flag on the pole, we will be satisfied.

SHERIFF'S SALE
State of Texas, County of Gray:
By virtue of an order of sale issued out of the Honorable District Court of Gray County, on the 8th day of June, 1925, by the clerk thereof, in the case of L. H. Sallins versus F. W. Dillard, et al, No. 1258 and to me, as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on Tuesday, the 7th day of July, A. D. 1925 at the J. R. Henry oil derrick, one and one-half miles east of Pampa, in Gray County, Texas, the following described property, to-wit:
Three one-fourth inch pet cocks; two two-inch galvanized unions; one two and one-half inch union, and two No. 4, 41-B storage tanks, levied on as the property of F. W. Dillard to satisfy a judgment amounting to \$543.74 in favor of L. H. Sallins, and cost of suit.
Given under my hand, this 24th day of June, 1925. 13-2c
E. S. GRAVES, Sheriff.

CALIFORNIA LETTER

By J. F. VICARS
Much time has elapsed and many things have happened since my last letter appeared in these columns, yet I have not lost interest in this locality nor its people, and as often as Monday morning arrives we look forward with eager interest to the coming of the News, and, no matter what we are doing, we drop everything until we have gone through it carefully. And so I found when I came here Sunday afternoon that I was about as well posted on local affairs as those who have been here all the while.
I knew who had gone, who had married, who had come, who had been sick, who had died, crop conditions, oil developments, activities of the schools, churches, clubs and societies. For all this I am indebted to The Pampa News.
It is the only medium through which people hear of this locality, and as a matter of pride as well as for the information acquired, every citizen should support and read the local paper; and everyone can be of great help in making the paper more interesting by passing every item of interest, no matter how small, on to the editor. He will know whether to publish it or not. It may be the very thing people would like to know.

It was a great shock to me on my arrival here to learn that the dead body of my friend G. A. Halstead had preceded me by only a few hours. I had known him years and he owned a farm just across the road from one of my places. He was a good man, and I sympathize with his wife and other relatives.

I have met a large number of my friends since coming here and almost all of them seem to be holding their own exceptionally well; many of them looking better as the years go by.

I met Wm. Mullinax on the street this morning wearing a beautiful smile and a happy ring was in his voice, all because another fine girl had just made its advent into his home. I told him I was proud of every white baby born in the land—that while all the other races are multiplying and replenishing the earth according to the Scripture, the white race is barely holding its own. If this thing continues it is predicted by scientists and historians alike, that it is only a question of time when the white race will disappear entirely from the earth, and the dark ones only will survive. It is easy for one to believe this who has observed the families of our negro population and our dark skinned emigrants. The Chinese and Japanese on the Pacific Coast where I have had some contact with them for the past few years have, without exception, so far as I know, a large number of children in each home; and the same may be said of the Southern Italians, whom we hardly consider white.

Owing to modern conditions the families of the white race are becoming fewer in number as well as smaller. This is due to the alarming increase of divorces as well as to the entrance of women in continually increasing numbers into every trade, oc-

cupation and profession where they earn their own money and do not wish to be encumbered with children. The more highly educated, as a people, we become, the less inclined will the women be to assume the trouble and responsibility of a family. Hence, the disappearance in time, of the white race which has given to the world all the important discoveries and inventions which history records, and the highest civilization to which the world has ever attained, and which, to quote the language of a great American negro bishop and orator, "is the wisest, brightest and meanest of all the races."
Everybody seems to be talking about the Scopes Evolution trial back in Tennessee, in the very county where our friend Crawford of Pampa was brought up. The law under which he is being tried and which he has violated is a very foolish piece of legislation. Doubtless he will be

convicted and punished just as Gallileo was convicted and punished, but that did not keep the world from turning on its axis or from going around the sun.

Wherever theology and science have conflicted, science has finally triumphed, not in the courts, perhaps, but in the progress of learning, and civilization. The truths of science became so apparent that the theologians themselves, in time, accepted its conclusions. God has never written anything contradictory of Himself either in the rock or the book. The trouble is we can not read His handwriting correctly all the time, but the more we learn, the more clearly we discern that His writings, whether in the Book or in the rock, are all in harmony, and the man who honestly and faithfully studies both records is far more worthy of our confidence than him who most contemptuously rejects the one and clings to the other.

So while we read the Book let us also study Nature where we may "find tongues in trees, books in running brooks, sermons in stones, and good in everything."

ADMINISTRATOR'S NOTICE

The State of Texas, County of Gray: To those indebted to, or holding claims against the estate of Henry Gorenflo, deceased.
The undersigned having been duly appointed administrator of the estate of Henry Gorenflo, deceased, late of Gray County, Texas, by Judge T. M. Wolfe, judge of the county court of said county on the 29th day of May, 1925, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in Pampa, Gray County, Texas, where he receives his mail.
This 20th day of June, A. D. 1925.
EDWARD GORENFLO,
Administrator of the Estate of Henry Gorenflo, Deceased. 13-4c

JONES-HOBART

A marriage of interest to a wide circle of friends in San Antonio and the surrounding country was celebrated at the Laurel Heights Methodist church Wednesday evening with Dr. S. H. C. Burgin performing the sacred ceremony, the contracting parties having been Frederick Abel Hobart of Canadian and Miss Minerva Jones, daughter of Mr. and Mrs. Chas. J. Jones of Utopia. Just before the entrance of the bridal party into the church, Charles Stone sang "At Dawning," by Cadman, accompanied on the organ by Miss Martha Ragdale. At the conclusion of the solo Miss Ragdale played the Bridal Chorus from Lohengrin for the entrance of the bridal party. Miss Maxine Williams of Robstown, the maid of honor, entered first, followed by the matron of honor, Mrs. Gaddis, sister of the bride, the little flower girl, Miss Elizabeth Hord, came first in front of the bride, who entered with her father.

The bridegroom with his best man, John Gaddis, and the groomsmen, Donald D. James, coming in from the pastor's study, met the bride at the altar. The church was in a charming decoration of daisies, palms and ferns. The altar was banked in the pretty blossoms with a background of ferns and palms, and on either side were a number of wax tapers in silver holders. On either side of the altar were tall baskets of daisies and ferns, while the windows and pew ends were festooned in garlands of daisies. The bride wore a lovely gown of ivory satin, trimmed with hand-made satin roses. A filmy tulle veil was caught to the hair by a cap of maline and Chantilly lace, over this fell a filmy veil of Chantilly lace caught to the cap at the back with orange blossoms. A bridal bouquet of white roses and lilies of the valley was carried.

Following the ceremony at the church a reception was held at the home of the bride's sister, Mrs. John Gaddis. The home too, was in lovely decoration of ferns and daisies. Cake and ice were served to the guests. Mr. and Mrs. Hobart left later in the evening for New York, Philadelphia and Washington. Mrs. Hobart wore a becoming ensemble suit of tiger-colored satin and romaine crepe with blonde pumps and hose and with hat to match.—San Antonio Express.

The groom is the only son of Mr. and Mrs. T. D. Hobart of Pampa, and has many friends here. He and his bride will reside on the ranch near Canadian.

Mr. and Mrs. T. D. Hobart attended the wedding at San Antonio, returning home Friday evening.

SURPRISED PRESIDENT

The W. M. U. ladies surprised their popular president, Mrs. W. B. Henry, last Friday afternoon, when they repaired in a body to her home where a social time was enjoyed and games, contests and music indulged in. Several readings were given by Mrs. W. E. Cobb, Virginia Lines, Erdine Benton and Helen Carter. Mrs. Henry was presented with a silver tomato receiver as a token of love and esteem. Later refreshments of punch and cake were served the 29 present.

W. M. S.

The W. M. S. held its regular monthly social, work and business meeting Thursday afternoon of last

week at the home of Mrs. B. J. Osborne, the working hour being spent with fancywork. Miss Juanita Osborne favored with a piano solo and Mrs. Carson Loftus gave two enjoyable readings. Later a business session was held, conducted by Mrs. Osborne, minutes were read, reports of officers given and several interesting matters discussed. Refreshments of ice cream and cake were served to the 21 present.

SIXTH BIRTHDAY

The H. L. Ledrick home in East Pampa was the scene of much merriment Monday afternoon, when Master Paul Ledrick, familiarly known as "Mickey," celebrated his sixth birthday. Various games were enjoyed as well as the shooting of fire crackers, and later refreshments were served to the following youngsters: Jack Walstad, Chester Hunkapillar, Chas. Cook, Jr., Earl Rice, Jr., Hoyt Rice, Idell Rice, Mary-Belle Crawford, Janice Purviance, Jeanette Cole, Dorothy Thomas, Foster and Barnes Kinzer, Rex Rose and Lannie Lyons. Many birthday remembrances were received by the young host.

W. M. S.

The Woman's Missionary Society met Wednesday afternoon at the home of Mrs. W. Purviance for Bible study. A very interesting and profitable lesson was conducted by the hostess. There will be no meeting next Wednesday as the mission study material has not arrived.

HOME SERVICE CLUB

The literary members of the Home Service club met Tuesday, June 23 at the home of Mrs. Geo. Finch. Mary Roberts Rhinehart was the study for the afternoon. Roll call was responded to by a work of the author and its characteristics. The life of Mrs. Rhinehart was given by Mrs. Finch. The review of the "Poor Wise Man" by Mrs. Chas. Talley. Cake and

cream was served the seven members present.

W. M. U.

The W. M. U. met Wednesday afternoon at the Baptist church for the regular monthly meeting and also the election of officers for the ensuing year. The nominating committee made its report which was as follows: President—Mrs. W. B. Henry.

First vice president—Mrs. H. R. Whatley.

Second vice president—Mrs. L. R. Taylor.

Third vice president—Mrs. E. E. Barrett.

Secretary-treasurer—Mrs. C. S. Barrett.

Personal service chairman—Mrs. T. B. Solomon.

Parliamentarian—Mrs. Harry Barnard.

Planist—Mrs. G. C. Malone.

Reporter—Mrs. T. E. Rose.

Following the business session which was presided over by Mrs. W. B. Henry, a lesson in Royal Service, "Our Schools in Foreign Lands," was led by Mrs. H. R. Whatley. Fifteen ladies were present.

O. E. S.

The local O. E. S. held an initiation last Friday night, followed by social hour. Mrs. Hooper, a visitor from San Francisco, Calif., brought greetings from her lodge. Punch and cake were served the 20 members present.

Mrs. Peppercorn (reading)—One of the idols most revered by the Japanese is that represented by the figure of a woman seated, resting her chin in her hand.

Mr. Peppercorn—Very interesting, my dear. Proves that the Japanese are among the wisest people of the earth.

Mrs. P.—How so?
Mr. P. (Impressively)—Because they defy a woman who gives her chin a rest.

Six Reasons Why

- you should own a Willard Threaded Rubber Battery:
- 1—It has more power to start a stiff engine;
- 2—It requires less recharging;
- 3—It suffers less from overheating in summer;
- 4—It saves you a \$10 or \$12 bill for re-insulation;
- 5—It lasts much longer;
- 6—It gives more all-around satisfaction.

8 HOUR SERVICE
Keep your battery charged. Better lights; quicker starting; more power; better mileage; come from using our 8 hour charging service. Results guaranteed.

For sale by PAMPA DRUG CO.

SHERIFF'S SALE
The State of Texas, County of Gray: By virtue of a certain order of sale issued out of the Honorable District Court of Gray County, on the 23rd day of April, 1925, by Charlie Thut, clerk of said court, against E. T. McClesky for the sum of seventy-four and 38-100 (\$74.38) Dollars, and costs of suit, in cause No. 1208 in said court, styled The McLean Independent School District versus E. T. McClesky, and placed in my hands for service, I, E. S. Graves as sheriff of Gray County, Texas, did, on the 23rd day of April, 1925, levy on certain real estate, situated in Gray County, described as follows, to-wit:

All of lots 11-20 in block 101, in the town of McLean, Gray County, Texas, and levied upon as the property of said E. T. McClesky; and on Tuesday, the 7th day of July, 1925, at the court house door of Gray County, in the town of Lefors, Texas, between the hours of ten A. M. and four P. M. I will sell said land at public vendue, for cash, to the highest bidder, as the property of said E. T. McClesky by virtue of said levy and said judgment. And in compliance with law, I will give this notice by publication, in the

English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Pampa News, a newspaper published in Gray County.

Witness my hand, this 9th day of June, 1925.
E. S. GRAVES,
Sheriff Gray County, Texas.

When You Buy Paint Do You Stop to Consider the Formula?

Monarch Outside White

| White Base | | Liquid | |
|----------------------|-------|-------------|-------|
| Carbonate white lead | 66.6% | Linseed oil | 81.7% |
| Zinc oxide | 33.4% | Turpentine | 9.3% |
| | | Jap dryer | 9.0% |
| White Base | 66.6% | | |
| Linseed Oil | 28.5% | | |
| Jap Dryer | 3.2% | | |
| Turpentine | 3.2% | | |

The above is a formula of which we are justly proud. Observe there is no silica (sand in plain English), cobalt or other adulterations in the formula.

Cheapest in the end, because it covers farthest.
