

# THE PAMPA NEWS

VOL. XIX

PAMPA, TEXAS, FRIDAY, OCTOBER 9, 1925

NO. 28

## ITEMS OF INTEREST FROM OVER THE STATE

**Houston.**—Mrs. Edith Miller was shot and instantly killed and Chas. A. Clark was seriously wounded at 3:30 a. m. Tuesday at the Ila Inn, near the turning basin here.

**Tahoka.**—The jury in the case of J. P. Crowley, charged with the murder of O. E. Hocks in Brownfield, was completed Tuesday at noon. The case is being tried here on a change of venue.

**Ablene.**—The Simmons University Cowboy band has been named as official band for the Texas Division of the United Confederate Veterans, and will attend the meeting of the Stone Mountain Confederate Memorial Association in Georgia.

**Desdemona.**—Andrew J. Bartug, 6, of Desdemona, died here from rabies believed to have been contracted six months previously. The child became suddenly ill and died within a short time. An attack six months ago had been diagnosed as meningitis.

**Houston.**—Lawrence Goff, 27, foreman of the crew at the well of the Humble Oil and Refining Company, which caught fire at Goose Creek Monday noon, died at 9 a. m. Tuesday in the Baytown hospital as a result of burns.

**Ablene.**—A reward of \$100 was posted here Tuesday for the arrest and conviction of the motorist who last Saturday night ran down and seriously injured Steve Edlins, 67, a resident of this city. Edlins sustained a broken leg and a severe gash on the head. The motorist did not stop.

**Sweetwater.**—An early morning dash for liberty by a prisoner in Nolan County jail here was thwarted Tuesday when the man was recaptured at the end of a mile chase in which a group of high school students, the district clerk and the foreman of the grand jury figured.

**Temple.**—An almost new twenty-passenger motor bus was destroyed by fire on the road between Temple and Belton, entailing a loss estimated at \$9,000, partly insured. The property was the Parker Bus Line of Temple, and had been operated between Temple and Waco. The fire is supposed to have originated in the wiring.

**Austin.**—Miss Winifred Smith of Austin, Tuesday was appointed "Miss Texas" for the coronation at the College Circus of the All-College Club at the Dallas Fair Oct. 1. Miss Smith is the daughter of Mr. and Mrs. W. R. Smith of Austin and was appointed by Governor Miriam Ferguson.

**Lubbock.**—Mrs. Mattie Holland, 32, was found dead at her home here Monday, an empty bottle from which poison had been drained lying at her side. She left a note stating that she could not live without her sister, Mrs. Ore Dowling, who died at Galveston two weeks ago. The body was sent to Bryan for burial Tuesday. Her husband, E. H. Holland, local insurance man, survives.

**Austin, Texas.**—One of those "pay us or die" letters addressed to a prominent citizen of North Texas was referred to the Governor of Texas Tuesday. It threatens the life of the man if he doesn't pay \$10,000 in \$1,000 bills to the D. & D. Company by Oct. 20, gives explicit instructions in an ungrammatical epistle and states that "we are a gang of murderers hounded to raise \$20,000 and have killed only 27 persons."

**Rev. Max A. X. Clark of Boise, Idaho,** accompanied by his wife and little daughter, were Pampa visitors Thursday. Mr. Clark was here looking over the field with the view of holding a city-wide evangelistic campaign in the near future. The Clarks open a revival meeting this week-end at the court house in Pampa. They will be assisted by the famous Newby twins, musical evangelists, of Bridgeport, Texas.

**F. W. Cronin** called the News to convey to his many Gray County and Pampa friends for their kind patronage during his stay here. He and his family departed for Vernon Monday, where they will reside for the present.

## WEATHER VARIETY AND SLIGHT QUAKE

Apparently, it takes all kinds of weather and a few other things to make a Panhandle season.

Temperature almost equal to mid-summer heat was registered Saturday, followed by a small calibre northerly early Sunday morning.

Tuesday cleared off and warmed up only to be followed by another cool wave, and that in turn followed by three-tenths of an inch of rain early Thursday morning, and cooler weather.

Not content with this variety, the weather man, or whoever he has left in charge, slipped us a slight earthquake shock which was plainly felt here at about 11:30 Wednesday night.

The continued rains and heavy dew each morning is delaying cotton picking and gathering feed, and unless a change is soon had much damage will be done.

Cotton which has been picked recently has been so damp and green that it is next to impossible to gin it, hence the local gin has shut down until the weather improves and cotton has a chance to get dry.

## CLASS TO PUBLISH THEME EACH WEEK

The Junior and Senior classes of the local schools have arranged to have a theme published each week in this paper. There is a strong competition between these two English classes, and each of them expects to win.

The theme for this week was written by Doris Gilliland, a Senior, and is as follows:

**A Plea for the Flapper**  
The flapper? A common term used nowadays to indicate the unconventional young woman. Yet, considering the rapid advancement this world has made in recent years, has she had any other choice than to keep up with the times? We have advanced in our ways of thinking, the same as in our ways of living and doing. Are we not broad enough to see that the flapper is but a product of the fast life of this modern age? Perhaps she is a little unconventional, according to the ideas of our grandmothers, but customs change with the years, as well as other things change.

Often we do not stop to consider the good qualities of a flapper. We only magnify her foolish actions, until they look evil. After all, it is only the evil which can find evil most readily.

What if the flapper uses rouge and lipstick? Does the use of cosmetics harm her morally? Some people have the idea that only wild girls use cosmetics. Perhaps some of the so-called flappers smoke and drink, but these habits are far more harmful physically than morally. Are they not harmful to men also? Most girls have sense enough to refrain from doing such things, and those who go to such extremes are by far in the minority.

The flapper may dress in the height of fashion; but, like all other things, styles are continually changing. If she does not wish to be hampered by long skirts and high necks, it is no sign she is disgraced. In the long run, she is far more capable physically to take her place in the world. She may bob her hair, to be sure, but who is it, young or old, who does not do that now-a-days? It is certainly a great convenience.

If our flapper were consulted as to her ideals of life, no doubt they would be much the same as those of our grandmothers. She has her ideal of a man, but instead of waiting patiently for the right one to come along, she sets out to find him. She usually gets the one she wants, too. After trying them all out, she can take her choice. Then, in order to keep him, she must exert all her wiles, for the modern young man is not easily satisfied.

Men do generally as they please and have their own code of morals. Why should not the flapper do likewise? She desires equal rights with men, and does not want to be placed in the background, as were women of former years. She has set her own standard of what is right and wrong, and lives up to it. She has a much broader outlook upon life, and knows that so many of our petty little conventions are but forces after all. She does not hide behind the skirts of a lived chaperon, but goes about with the same freedom as a man. Chaperons are ornaments, she thinks, and most usually they are. The flapper does not need a guard to see that no

## TIGERS ARE COMING FOR GAME FRIDAY

The Golden Sandstorm of Amarillo high school defeated the local Harvesters in a one-sided game played at Amarillo last Saturday, to the tune of 26 to 0.

This was the first game for the local football squad this season, and was listed as a practice game.

Friday of this week the McLean Tigers will be here for a contest on the local gridiron, and a hard game is anticipated by both teams.

A bomb was thrown into the Harvesters' camp this week when it became known that the team was ineligible to compete in the Interscholastic League contest this year.

Coach Green immediately took the matter up with Roy B. Henderson of the Interscholastic League at Austin, and was advised by Mr. Henderson to go ahead and play McLean here, as the game had already been contracted. However, it is generally understood that should McLean be defeated that it will not count against them in the Interscholastic contest.

The reason assigned for the Harvesters being disqualified is that several of the players failed to attend school a sufficient length of time or to secure the required number of credits last year.

Rivalry has always been kept between the Pampa and McLean teams, and the last game played by them on the local field, resulted in an overwhelming defeat of the Tigers, 56 to 0. This time the Tigers return with blood in their eyes, intending to avenge that memorable affray.

Fans will have an opportunity to see several of last year's stars in action, as well as some promising new material which Coach Green is training. Gantz, Wallen, Davis, Duncan, Strange, Lockhart, Barnard, Gill, Cornett, Lewter, Poe, Kratzmeier, Hardin, Converse, McKay, and probably others will be used in the game today (Friday), which will begin at 3:15 p. m. on the local field.

## RANDALL COUNTY WON FIRST AT WICHITA FAIR

Wichita Falls, Texas.—The citizenship of the city responded to "Wichita County Day" at the Texas-Oklahoma Fair, Tuesday and estimates late Tuesday evening on the day's crowd ran as high as 45,000 people, while more conservative estimates placed the attendance at 35,000.

Late Tuesday evening it was announced that the awarding of prizes had practically been completed.

In the agricultural exhibits, Randall County captured first prize with an exhibit which displayed in a most forcible manner the productivity of that county. Other county exhibits were awarded prizes in the following order: Dallas, Deaf-Smith, Wilbarger, Collin and Roosevelt County, N. Mex.

## INSTALLATION OF OFFICIAL METHODIST BOARD SUNDAY

Every member of the local Methodist church, especially, is requested to be present next Sunday. The annual selection of the official board has been made, and will be publicly installed at the close of the sermon Sunday morning. This should be of great interest to you, and I am sure that it will be profitable both to you and each of the board.

Anyone else who is not a member of our church is cordially invited to be present. It may be interesting to you, and we shall appreciate your presence very much.

B. J. OSBORN, Pastor.

harm befalls her; she is perfectly capable of caring for herself. There is no need for someone continually telling her what is right and what is wrong. By using good judgment, she can decide for her own self.

As a result of these characteristics, we have the modern young woman, with her fearless outlook upon life, unhampered by stupid conventions, which were set by our ancestors. Perhaps she is no better than the girls of preceding generations; still she is certainly no worse. Her customs and dress have changed, but at heart she is still the ever-puzzling woman. She has merely developed into a new type, one at which we marvel. She has brought a world of criticism down upon her head, to be sure, but after all she has simply advanced a step or two in putting herself to present-day conditions.

## LOCAL DRILLER IN AUTO ACCIDENT

J. P. Black, oil well driller of this city, was seriously injured Tuesday afternoon when his Ford roadster turned over about six miles this side of Amarillo, on the pavement.

Mr. Black was alone in the roadster, but was just behind his wife and son, who were driving a larger car, when his car overturned. They were on their way to Artesia, N. M., where Mr. Black had been transferred by the Dancinger Oil Company for whom he had been working here for the past several months.

W. H. Fuqua of Amarillo happened to be passing soon after the accident and aided the family in getting the injured man in a car and taking him to a sanitarium in Amarillo.

The first reports coming back here of the accident, were that Mr. Black's condition was hopeless, but later it was learned that he had a chance to recover. A broken arm and concussion of the brain were suffered by Mr. Black.

## REPORT CARDS TO BE GIVEN OUT FRIDAY

Superintendent R. C. Campbell of the local schools stated Wednesday that the pupils' report cards for the month ending Oct. 2, will reach the parents Friday of this week, and he and the principal, Mr. Green, request the patrons to examine these report cards carefully and sign and return them to the school. They are also asked to praise the dutiful students and stimulate the delinquent.

Continuing, Mr. Campbell said, "All pupils in the high school have three home lessons to prepare and about three hours' home studying will be required for the preparations of these lessons. Intermediate grade pupils have two home lessons that require about two hours of preparation; and no pupil in the first to the fourth grades should study longer than one hour, if any, at home, as what they need mostly is sleep.

Speaking of the school work, he added, "We sincerely request the support of the patrons, and in the proper advising their children as to discipline and other school regulations. This school is to be run as a business this year, and each pupil is to work as if he or she were carving out for themselves a black land farm. A real education is more than a black land farm, as the title to the farm might be faulty. We are expecting some real good work this year, especially if it is backed up by real patrons at home and supervised and directed by some real teachers at school. We urge parents not to keep their children out of school any more days than can possibly be helped.

"I might also state to the public generally, that we will not be able to play legal football this year, as nearly all of our men are ineligible; this year, and a majority of them were ineligible last year. We must and will adhere strictly to the regulations as handed down by the state authorities in this respect, and will, thereby, hold up the desired athletic grades. Good athletics follow in the wake of 'real schoolin'."

## AT THE CHRISTIAN CHURCH

The mid-week service is being well attended, and considerable interest is being manifested. Systematic Bible study is being engaged in for a few more weeks preparatory to the opening of the "Applied Christianity Forum." If you are interested, bring your Bible and come next Wednesday evening at 7:30 o'clock.

Bible School Sunday at 10 o'clock. Preaching of God's word at 11 a. m., and 7:30 p. m.

JAMES TODD, Jr., Minister.

Misses Bernice Chapman and Lottie Leach Cary, of Pampa, are among the 65 students who won places on the student honor roll of the West Texas State Teachers College during the summer session that has just closed. The total enrollment was 1235.

**Austin.**—The State of Texas can not collect a franchise tax from a state bank that becomes a national bank, after the change is made, an opinion from the Attorney General's Department, held.

There will be no regular meeting of the W. M. S. next Wednesday, but a number of ladies from the church will meet with Mrs. Nels Wallberg and do some quilting.

## DECIDE TO IMPORT NEGRO LABORERS

The pronounced shortage of farm labor has reached an acute stage here, and the matter has been brought to the attention of the Pampa Chamber of Commerce.

After discussing the situation at the regular meeting Tuesday night, another meeting was called for Wednesday night, when a good representation of business men and farmers was in attendance. It was brought out at that time that many farmers are trying to secure help in picking cotton and gathering feedstuff, and that no laborers are available. The possibility of securing white and colored labor was discussed and the organization went on record as favoring the importation of cotton pickers, regardless of color, and Secretary Buckler was instructed to get in communication with employment offices in Fort Worth and other points if necessary, with a view of securing men at once.

The Chamber of Commerce and business men of the town as well as the city and county officers have pledged their whole-hearted support in seeing that negro laborers are protected, should they be imported to pick cotton here. In view of the fact that negroes have never felt safe here, it was thought best to get the sentiment of the business men and officers before considering the negro laborer.

Those who are in need of pickers should let Mr. Buckler know of their needs at once, as he wishes to know approximately how many will be required, etc.

Some cotton growers contemplate taking their trucks to Fort Worth and Dallas and bring back loads of laborers, as much cotton is already open, and with a few dry, warm days will cause the demand to be still greater. It was the consensus of opinion at the meeting Wednesday evening that the prevailing prices would be \$1.50 per 100 pounds for picking and \$1 per 100 pounds for pulling or snapping cotton, where the pickers boarded themselves.

The Chamber of Commerce will do all in its power to help the farmers get the necessary help to handle their crops.

## CATO SELLS PRAISES MERITS OF ADVERTISING

Judge Cato Sells, a distinguished visitor in Canyon last week, looked over the Randall County News, and remarked that the advertising was the most interesting part of the newspaper.

"A few years ago small town merchants did not realize the drawing power of advertising, and consequently he did not do much business. Today the small town merchants who advertise are doing a good business, and the small town enjoys a good newspaper. Advertising certainly has been profitable for the small town."—Randall County News.

## AT THE METHODIST CHURCH

Sunday school at 9:45 a. m. Lee Horrah, Superintendent.

Evening services at 7:45 o'clock. Epworth League at 8:45 p. m.

Women's Missionary Society meets Wednesday afternoons. Mrs. B. J. Osborn, acting president.

Come and worship with us Sunday. The subject for Sunday morning will be "Making use of the Laymen." (Exodus 18:13-28; Acts 6:1-4.) Yours for a great service, B. J. OSBORN, Pastor.

We cordially invite anyone who can, to come and worship with us. We shall try to have a message for you.

B. J. OSBORN, Pastor.

## BURGLARS BUSY AT ALANREED

Word was received Monday from Alanreed that burglars had entered a garage and filling station and general merchandise store and carried away more than \$1,000 worth of auto castings, tubes, hardware and dry goods.

The many friends of Mrs. Edward Dammigan, who was formerly Miss Beatrice Sloan of this city, will be pleased to learn that she is improving rapidly at St. Anthony's sanitarium at Amarillo, where she underwent an operation for appendicitis recently. She is reported out of danger.

Kenneth Sawyer visited friends in Amarillo a few days last week.

## KANSAS CITY STOCK MARKET

CHAS. M. PIPKIN, Market Correspondent

**Kansas City Stock Yards.**—The few good to choice steers and heifers offered Monday sold readily at strong prices. Best stockers and feeders were strong to 15 cents higher. The plain medium and common killing classes were weak to 15 cents lower. Veal calves were off 50 cents. Hog prices were off 10 cents to 15 cents and close to the low point of the season. Trade at the decline was active. Eastern demand has slackened materially. Sheep and lamb prices were higher. Lambs are fully \$1.50 higher than ten days ago.

**Monday's Receipts**  
Receipts Monday were 33,000 cattle, 8,000 hogs and 11,000 sheep, compared with 37,000 cattle, 7,000 hogs, and 14,000 sheep a week ago, and 45,300 cattle, 13,250 hogs, and 20,150 sheep a year ago.

**Beef Cattle**  
The few good to choice grain fed steers offered and the best classes of grass steers were steady, and the other kinds 10 to 15 cents lower. A heavy run of northwest grass cattle in Chicago met with a sharp decline. Here several bunches of yearlings and good weighty steers sold at \$12 to \$13.50. They were fully steady. The better classes of grass fat steers brought \$8.50 to \$9. Short fed steers brought \$8.75 to \$10.50, and medium to good grass steers \$7.25 to \$8.25. They were 10 to 15 cents lower. Common grass steers at \$5 to \$6 were steady. Fat cows and heifers were 15 to 25 cents lower, and canners and cutters off 10 to 15 cents. Demand was active at the decline. Calves were 50 cents lower, extreme top \$13, being paid for small lots.

**Stockers and Feeders**  
There was an active demand for good to choice stockers and feeders at 10 to 15 cents higher prices. Plain and medium kinds were no more than steady. The bulk of the thin steers sold at \$6.50 to \$7.50. Stock heifers sold up to \$7. Stock calves were quoted strong.

**Hogs**  
The downward course in the hog market remain unchecked. Monday's decline was 10 to 15 cents and this loss took the general market \$1.25 under the high time ten days ago. Indications are that present prices will prevail for the next ten days. The top price Monday was \$12.50, and bulk of sales \$11.50 to \$12.40. Packing hogs sold at \$10.50 to \$11, and stock hogs and pigs \$12 to \$12.75. Demand in the East has slackened materially in the past few days.

**Sheep and Lambs**  
The sheep market remains in a firm position with prices considerably higher than a week ago. Monday's trading was active, best lambs selling at \$15.25 to \$15.50. Some native lambs brought \$14 to \$14.50. Fat wethers are quoted at \$8 to \$8.75 and fat ewes \$7 to \$8.

**Horses and Mules**  
An active demand continues for horses and mules at strong prices. Receipts are not as large as demand needs.

## ATTENDED CLARENDON SUNDAY SCHOOL MEET

Members C. T. Hooker, P. C. Ledrick, Dolly Burdett, E. H. Mundy, J. C. Neal, J. E. Ward, Joe Shelton, R. C. Campbell, B. J. Osborn and Carson Lottus, and Messrs. B. J. Osborn, Cecil Fox and Lee Horrah attended the Methodist Sunday School Council at Clarendon Tuesday. The council was held by three special workers, sent out by the General Sunday School Board, from Nashville, Tenn.

## STREET LIGHTS BEING ERECTED

Concrete footings are being run for the additional street lights which are being installed on Caylor street.

As soon as the weather permits this week will be completed, and the three new lamps will be of the latest giving that block full of the ornamental standards.

Mrs. W. M. Craven of Shamrock, formerly of this city, has been seriously ill, but is reported greatly improved at this time.

The W. M. S. will hold their annual bazaar Saturday, Nov. 21. The place will be announced later. There will be plain sewing, fancy work, baby clothes, novelties, etc., for sale. The ladies are taking this means of raising money for the new church building.

If printing crime news encourages crime, perhaps we should quit printing earthquake news, too.

The strongest thing about some weak men is their resourcefulness in finding excuses for their weaknesses.

Both the Army and Navy want to keep the air force as a sort of valet but in time the servant may boss its masters.

We are going to take a lesson from France. Real soon we expect to call a conference of our creditors and let them know how much we are willing to pay, and when we will pay it.

An opportunity awaits someone, as there seems to be no fad in this country right at present. Who is going to be the successor to the inventor of the cross word puzzle?

To take charge of his new dry enforcement districts, Col. Lincoln C. Andrews is looking for \$100,000 a year men to whom he will pay \$7,500 a year to catch \$500 a year men who are making \$100,000 in the rum business.

For centuries, Europe has been the home of art, literature, learning, science, invention and the luxuries of life. But the masses could not generally share these luxuries with with wealthy or officially prominent people. It remained for the United States in a short 150 years to give the telephone, electricity, the automobile, planes, phonographs, modern railroad transportation, insurance, household gas appliances, the camera, and numerous other conveniences many of which even today are luxuries in Europe, to the poorest citizen in this country as part of his daily life.

A transient grafter "worked" some of our business men last week to the tune of \$5.00 each, which they paid in advance, on an advertising scheme. Had the News worked up a similar proposition at about one-third the cost, and offered to collect only after the service was rendered, it would probably have met a cool reception by many business men. It seems that a stranger with a proposition of most any kind can secure some business in most any town, notwithstanding the fact that most such propositions are unfair in one way or another, and all the solicitor is after is a chance to pick-up some easy money, at the expense of the small town merchant.

More than 14,999 retail merchants in the United States failed last year. Some of them failed because of inexperience or incompetence. Some because they were lazy. Some because there was no real need for them in their communities. But most of them, it is safe to say, were simply forced out of business because the odds against them were too great. The grocer, the hardware man, the druggist, the clothing merchant, the retail merchant in general has one of the toughest jobs a man could cut out for himself. He invests his money in it. He spends long hours at it. He worries about it—and oftentimes what does he get out of it? In return for his risk and his work, Harvard University has found, the average retail grocer is rewarded by a net profit of 1.5 per cent of sales. Other merchants get along on correspondingly smaller margins of profit. These are things we should think about in our every-day dealings with our merchants in Pampa. These merchants are the purchasing agents for the community. They are doing a vital and a difficult job for us and their reward is none too large. They don't ask to be subsidized. All they want is an even break. And this means, simply, give them the support one citizen of this town should give another. Trade in Pampa—pay your bills promptly. And, for good measure, don't be afraid to give your friend, the merchant, a pat on the back when he has earned it.

## Among Our Exchanges

Sayre Journal: Parents can do a great work for good in this community during the coming months if they will co-operate with the schools and keep in touch with the efforts teachers are making in behalf of their children, and thus come closer to the real problems the school officials have to face. The teachers will do their share, but parental responsibility can not be shifted.

Lynn County News: There is a cry throughout Lynn County for cotton pickers. On account of the drought and the short crops in Central Texas, numerous pickers were expected here before the end of September but they have not shown up yet. Cotton is now opening rapidly and it is hoped that many pickers from the east will be here before long. White families are preferred.

McLean News: Among the thousands of people who attended the afternoon performance of the circus at Amarillo last Saturday, only a few were induced to stay for the after show of the "wild west and rodeo," despite the fact that a big bunch of riders would come out with pistols and spurs to advertise the show. The rodeo imitation of the good old days that are now gone forever may appeal to people of the effete East, but Western folk know the difference, and they see no entertainment in such shows.

Randall County News: It would seem that in the effort of the sheriff's department of Potter county to close amusements is not meeting with popular sympathy. Carnival joints were closed, and the Tri-State Fair faces a deficit. It is a regrettable, but nevertheless true fact, that the carnival with all its attending evils is popular at fair time, whether it be a county fair or a big state fair. It seems to be almost impossible to put over a fair proposition without the carnival. This condition seems to exist in all sections of the country, whether we like it or not.

Clarendon News: "The biggest fair in the world for its age," is the best way to describe the Tri-State Exposition at Amarillo. Laying aside all sectional pride and facing the facts in the case, leaves the Tri-State Exposition far in advance of any fair in the world only three years old. Last Saturday there were over 32,000 in attendance, and the total attendance for the entire fair will run much higher than any previous year. The Dallas Fair was many years old before it had so large an attendance in one day, and it is easy to see that with the rapid development of the Tri-State Exposition, we shall see a daily attendance of 50,000 in the next few years. It's the Panhandle way of doing things.

Wellington Leader: There are many smart people in this world, and among the smartest are those who are employed by large concerns to get free publicity into the most valuable of all mediums—the country paper. This week the Leader received the cleverest story from the publicity department of a certain hotel in Texas. The man who wrote the story has had newspaper experience, for the story has an enticing lead—a lead is the first sentence in case you are not familiar with newspaper parlance. The story told of how many plates the hotel had, how many carpets. It even told the editor of this paper that he could be a guest of that hotel for the small sum of \$3 or \$4 a day in case he was in the city at a certain date, and

**SANITARY BARBERSHOP**

—first class Barber Work Baths and Laundry Agency

**WISE & BROWN**

after he had run that strictly advertising story free of charge. The writer of that story was smart—even talented, but the management of the hotel was not so wise or it would have realized that the best way of getting advertising matter before the readers of the country papers is to pay for the advertising space.

Higgins News: Monticello, the home of Thomas Jefferson, has at last been bought by various societies and will now be preserved as one of our

Another "Bull" Durham advertisement by Will Rogers, Ziegfeld Fellow and screen star, and a leading American humorist. More coming. Watch for them.

## Improving on History

I just finished hearing a Politician, one of the Washington Boys, talk on Abraham Lincoln. The only thing I could picture in common between him and Lincoln was that they had both been in Washington. When a Politician aint talking about himself, he is talking about Lincoln. Lincoln has had more Public men speak of his good qualities, and fewer copy any of them, than any man America ever produced. His famous address was only about two hundred words long. No Politician has ever been able to even copy his briefness. In fact that is the last one of his qualities that they would try to copy. Lincoln said more in those 200 words than has been said in the entire City of Washington in the last 10 years, and here is a quality that no historian or speaker has ever brought out before. At the completion of the Gettysburg speech, he wisely refused one of Grant's Cigars, and borrowed a sack of "Bull" Durham from an Ex Southern private, rolled his own, got on his Mule and went back to Washington.

*Will Rogers*

national historic spots. We are far too lax in our preservation of historic spots that have become famous because of the men and women who have made them more than ordinary in our national history. Jefferson was one of the greatest men of his age and to him we owe too much to forget the part he played in giving us the declaration of independence and our liberty as a nation. Congress should now see to it that the old mansion is kept in repair and preserved to future posterity.

# THE PASSING DAY

By WILL H. MAYES  
Department of Journalism, University of Texas

**Texas Youths in School**  
Reports from all over Texas are that there is everywhere an increased attendance in the schools. Most of the colleges and universities have an increase of from 10 to 20 per cent over last year's attendance. This shows that both parents and children of Texas are awakening to the value of an education. Thousands of parents are making great sacrifices in order that their children may be equipped for better living and better service, and scores of organizations of many kinds are rendering assistance to students who might otherwise have to stay out of school. Say what we will about the frivolity of youth, we must confess that the young people of today are getting a better education than their parents have, and there is every indication that this generation will go far ahead of the last in attainments of every kind. Texas seems determined not to stay behind.

**Better Roads in Texas**  
From all sections of Texas the newspapers bring reports of increased interest in road building. A session of the State Highway Commission at Austin now draws nearly as many people as a legislative session. These are petitioners for State aid, highway contractors and politicians who are thought to have some sort of a "pull." Immense sums are being invested in roads, and counties are figuring in terms of million dollar bonds that a few years ago would have been frightened at a \$100,000 bond issue. There is one danger, and only one, in all this good roads movement. Officials and people alike may become extravagant and wasteful. There are already rumors afloat that there is much waste and that Texas roads are costing too much money for the kind of roads that are being constructed. It is up to the people to see that they get full value for their investment in roads, and up to the officials in charge of road building to protect the people.

**Make Aviation Safe**  
Colonel Mitchell, of the aviation service, station at San Antonio, has drawn to himself much commendation and criticism by his statements in regard to inefficiency in the aviation service. The people are largely in accord with him, and the officials in aviation say his charges are without foundation, and that Mitchell is just trying to get in the spotlight. Whether Colonel Mitchell is right or wrong in his charges, there is a feeling that there is much unnecessary loss of life in the aviation service, and it is hoped that his criticism will result in improvement. Every parent who has had or has a son in the service is praying that Mitchell's complaints may secure immediate action looking to safer flying.

**Music a Part of Education**  
When the parents of today were in school, music was regarded somewhat as a needless acquirement for children. There was a kind of regard for music, for people have always loved melody, but to study it in school was regarded as a waste of time. Those who gave their lives to it were classed along with poets, as somewhat queer and freakish—hardly responsible citizens. There were a few piano players everywhere, a few singers, a few song leaders, but most people did not think it worth while to study music beyond a few lessons at "night singing school" and these were largely excuses for boys and girls to get together in a common meeting place. Music has come into its own, and is a recognized study in the public schools. Children without

love for music are the ones now classed as "queer." Every school that can afford it—and most of them can—now employs its music teacher, who is an important member of the faculty.

**Comal River to Furnish Power**  
Five dams are to be constructed along the Comal river from New Braunfels to a point five miles below Seguin and the water will be used for furnishing power to industrial plants. The time will come when all such streams in Texas will be used in manufacturing. In a few years more Texas will become as noted for manufacturing as it now is for agriculture and stock raising, but that will be after Texas comes to appreciate its water and to conserve it.

**WHAT THE LITTLE "AD" HAS DONE**  
Advertising has made the Victoria Dog famous. It has put Castoria down your throat, left bristles in your gums, and then come along with a Rubber-set and taken them out. It has put Soro-dont, Pebecco and Pepsodent on your teeth. It has put Murine in your eyes, sold you Cuticura for pimples, Pears' for the bath and Ivory for the tub. It has put Arrow collars around your neck and Ingersolls around your wrist. It has jammed your feet into Hole-proof sox, put Paris garters on your legs and Tiffany rings on your fingers. It has worn out your jaws on Wrigley's and posted you on what to buy to cure corns, warts and bunions and ingrowing toe nails. Go anywhere you will, do anything you wish, and advertising has had a hand in it—absolutely. And then some people ask—Does advertising pay?—Ex.

**DIFFERENT VIEWPOINTS**  
There is much talk these days about whether the modern girl maintains a moral standard as high as did her grandmother. The discussion proves nothing. Hoop skirts and pantaloons did not assure chastity any more than short skirts and gaily-colored garters cannot immorality. The girls are the same as they were 60 years ago, only they dress differently and are interested in newer things. The motive behind the jazz dance and that which called the girls of the countryside to the old-fashioned quilting bee are exactly the same. Both are based on the desire of young people to get together and enjoy themselves with people of their own age. And 60 years ago, as now, the older people pulled long faces at the joyous hilarity of their juniors.—Fort Worth Record.

**To Put Him Straight**  
Casey—Look here, you little simp, before we begin I want you to know you're fightin' Casey O'Connor.  
Pat—Yes, and after you come to, you'll find out you've been fightin' Pat Sullivan.  
**Wires Crossed**  
He—Say, Mabel, may I come over tonight?  
She—Sure, John, come on over.  
He—Why, this is not John!  
She—This isn't Mabel, either.  
It is oftentimes hard for the innocent bystander to understand where theology ends and religion begins.

## HOME HAZARD HINTS

Thirty 'Safety First' Rules Which Should Be Strictly Observed by All

- By J. W. TIMMONS, State Fire Marshal.
1. Keep house, yard and outbuildings clear of rubbish and inflammable materials.
  2. Do not start an open fire near fence, barn, or house; never when a wind is blowing.
  3. Be sure all chimneys are safe. Have them examined and cleaned each season before fires are built.
  4. Never stop flue openings with paper or rags. Use only tight metal caps.
  5. Watch the stoves! Do not place close to frame walls, and have a good zinc underneath.
  6. Screen open fires. Safety of life as well as property demand it.
  7. Use only safety matches; and keep matches away from children.
  8. Never start a fire with kerosene.
  9. Never throw waste paper on an open fireplace or grate.
  10. Do not put ashes in wooden receptacles.
  11. Do not empty ashes against fences, barns or outbuildings.
  12. Keep gasoline out of the house and barn.
  13. Never use gasoline or inflammable volatiles to clean gloves, clothing, etc., in the house. Gasoline vapor is more deadly than dynamite.
  14. Never fill lamps, oil or gasoline stoves by open flame light.
  15. Do not look for missing articles in attic or closets with matches or open light. Use electric torch.
  16. Do not permit children to play with fire in any manner.
  17. Use lamps with a broad base and set only on solid supports.
  18. Do not permit swinging gas brackets.
  19. Never leave the house with an open fire burning, or with oil or gas stoves lighted.

21. Never hang clothes or rags close to stove grates or on radiators.
22. Never place kindling or wood against stoves.
23. Do not use paper shades on lamp or electric globes.
24. Beware of the electric iron! Install a red pilot light to the iron connection.
25. Do not use pennies, nails, or wire for fuses in electric circuits.

Fuses are your electric safety valves, and only the safe kind should be permitted.

26. Have your wiring carefully gone over once each year by a competent electrician.
27. Do not leave oily rags or mops on the floor in closets. They are subject to spontaneous combustion.
28. If you smell smoke, investigate at once.

**Caught Up With Him**  
"John, I just found some of your canceled checks, and it was high time I did. Who is this Cash person you've been spending so much money on?"—London Mail.  
"I have a noiseless typewriter in my office now."  
"Better marry her, old chap, before she quits her job."—Judge.

# Firestone

**Why Gum-Dipping is so Important to Car Owners**

**GUM-DIPPING**—the Firestone extra process builds into tires extra quality by impregnating and insulating every fiber of every cord with rubber.

This exclusive method is carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring process.

By this method, added strength and flexibility are imparted to the cords, making Gum-Dipped Balloons most serviceable and enduring over rough roads.

Save money—buy Gum-Dipped Balloons now—while prices are low.

## TEA FOR TEACHERS

The McMurtry home was the scene of a most enjoyable occasion Thursday afternoon of last week when Mesdames Buckler, Cook, Cole, Doucette, Hunkapillar, McMurtry, Smith, Thompson and Walstad joined forces and gave a musical tea, honoring the teachers of the local schools, their sponsors and the executive board of the Parent-Teacher Association. The spacious home was cheerful in a gay profusion of autumn flowers and despite the rainy weather and muddy roads, all but a few of the few invited guests were present. Mrs. Tom Rose graciously consented to play while the guests were assembling, and after all had arrived and were comfortably seated, the following brief program was rendered:

Welcome son, "How Do You Do"—Lawrence McMurtry, Jr., and Burton Doucette.

Reading, "Life's a Funny Proposition After All"—Miss Rorex.

Song, "Dream Daddy"—Josephine Lewis, Margie Buckler, Dorothy Dodd, Avis Helskell, Lucile Cole and Loretta Fletcher.

Piano solo, "Humoresque"—Mrs. Tom Rose.

Reading, "On the Telephone"—Mrs. James Todd, Jr.

Vocal solo, "Gypsy Maid"—Miss Leila Rorex.

At the conclusion of the program small slips of paper were passed to the guests, one set to the teachers and a corresponding set to the local ladies. On these slips were printed topics for conversation. Partners were found by matching slips, after which followed thirty minutes of lively conversation, during which a bell was rung at brief intervals which was a signal to change partners. Following this diversion a plate lunch was served of bread and butter sandwiches, fruit salad, potato chips, tea and cakes, and mints. Those enjoying the occasion were, besides the hostesses: Mesdames J. H. Ayres, J. R. Brown, R. C. Campbell, C. C. Dodd, Silver Faulkner, B. E. Finley, I. B. Hughey, Joe Lewis, H. L. Ledrick, Dave Pope, A. R. Sawyer, E. A. Shackleton, and the teachers, including Mesdames Daniels, Ferguson, Haynes, Hall, McCracken, Meador, Rose, Stowell, Todd, and Misses Amend, Alfred, Behrends, McQuirk, Richte, Rorex, Smith and Whiteley.

## CHRISTIAN MISSIONARY

The Woman's Missionary Society of the Christian church met Wednesday with Mrs. R. J. Kinzer. After the business period the program was rendered as follows:

Leader—Mrs. Chas. Tignor.

Devotional theme: "Our Money."

Song, followed by prayer by Mrs. James Todd.

"Stewardship"—Mrs. Fatheree.

"Women and Tithing"—Mrs. Chas. Thomas.

"Systematic Stewardship Teaching"—Mrs. Vickers.

Discussion: Do you believe that every Christian should tithe? Why?

How can we help to bring stewardship before the church?

Song, and hidden answers, by all.

Delicious refreshments of fruit salad with whipped cream, cake and cocoa were served, the 13 members and three visitors, who were Mesdames Price, Parvis and George. The latter became a member of the society.

## HONORING TEACHERS

The "Pep Class" of the Christian Church Bible school entertained the teachers of the public school last Friday evening in the church annex. A variety of parlor games were played with everyone entering heartily and happily into them. Many were heard upon leaving to comment upon the very enjoyable time they had experienced. Refreshments of hot chocolate and cakes were served.

## MISSIONARY SOCIETY

The Woman's Missionary Society of the Methodist church held a most enjoyable meeting Monday afternoon at the home of Mrs. W. Parviance when Mesdames Louis Clement of Shamrock and Mrs. J. G. Thomas of McLean, wife of the pastor of that place, were present. The meeting was called to order by Mrs. B. J. Osborn, and opened with a song. Devotional was led by Mrs. Parviance, after which Mrs. Thomas was introduced. She spoke to the members on the "Gibson Auxiliary." This auxiliary is for the members who cannot attend the regular missionary meetings, but who have an interest in the work, and all members of the church are entitled to belong. Mrs. Clement spoke next and gave a very interesting and inspiring talk on the Belle Bennett Memorial

and Scarritt Bible College." She emphasized the importance of supporting these institutions. Mrs. Carson Loftus then favored with a very enjoyable reading entitled, "A Sick Room Comforter," and Mrs. Irvin Cole rendered a beautiful piano solo. At the close of the meeting a delicious plate lunch of chicken sandwiches, potato chips, fruit salad, pumpkin pie and coffee was served the ladies present, who numbered 27.

## P. T. A. MEETING

The regular meeting of the Parent-Teacher Association was held at the school auditorium Friday, Oct. 2, when a business session was held and a number of business matters transacted. Mrs. E. A. Shackleton, chairman of the playground committee asked for and was voted, money to buy one giant slide to be added to the present playground equipment, and whatever money might be necessary to see that all present equipment was put in good condition.

Reports were given on various phases of association work. Miss Bernice Whiteley asked for the co-operation of the association in putting over a "stunt party," to be given at the auditorium Friday night, Oct. 9, the proceeds of which will be used to buy a basket-ball and other equipment for the girls' basketball team.

After the business session the program was then given as published. Miss Richie's pupils opened the program with a song, after which Mrs. Joe M. Smith read a paper on the dramatic age of childhood and its importance in the development of the child's character.

Mrs. W. Parviance followed with a talk along similar lines, illustrated by a chart diagram. These two numbers were followed by a round table of the subject by the association as a whole.

In the attendance contest the fourth grade won the banner for this month.

## JACKSON-CAVIN

A wedding of interest to Pampa and community occurred Sunday, Oct. 4, when Miss Mamie Jackson became the bride of Mr. John Albert Cavin of White Deer. Only immediate relatives and a few intimate friends of the contracting parties were present. The ceremony was performed by Rev. B. J. Osborn, pastor of the local Methodist church. The bride was attired in a brown traveling costume and carried a bouquet of roses.

Mrs. Cavin is the daughter of Mr. and Mrs. William Jackson of this city, and has resided in this community for a number of years. She has been prominent in social affairs and church work and will be greatly missed in these circles. By her sunny disposition and charming manner she has endeared herself to all who know her.

The groom is a business man of White Deer, and they will make their home in that neighboring town. Many beautiful gifts were received by the newlyweds.

The out-of-town guests in attendance at the nuptials were Mrs. Cavin and Mrs. Martin, mother and sister of the groom from White Deer; Mr. and Mrs. Jesse Ritter of Gloom, the latter being a sister of the bride.

The happy young couple left on the 7 o'clock train for Oklahoma City and their points, before taking up their residence at White Deer. Their many friends extend congratulations and best wishes.

## FOR S. S. CLASS

Mrs. C. T. Hunkapillar delightfully entertained her Sunday school class Friday night at her home. The hours were spent playing forty-two, and several contests added to the evening's enjoyment. Later ice cream and cake were served the following guests: Lorene Blanton, John Barnhart, Margaret Buckler, Floyd, Clarence and Bertha Coffin, Bonnie Carr, Christine Campbell, Thomas Clayton, Elizabeth Corson, Don Duncan, Alfred Duncan, Kenneth Sawyer, Marguerite Davis, Mary Thornton, Virginia Faulk-

ner, Elmer Hardin, Willard Johns, Vera and Roy Kratzmeier, Lillian Mullinax, Jack Mundy, Mary Osborn, Claudine Pope, Virginia Paulcoer, Vera and Evelyn Zimmerman, Geo. and Archie Lee Walstad and Edna Baird. Mrs. Emmett Duncan assisted Mrs. Hunkapillar in entertaining.

## STUNT PARTY AT SCHOOL

An entertainment will be given at the school auditorium Friday night at 7:45 o'clock for the benefit of the girls' athletic association of the local school. The entertainment will be in the form of a "stunt party," with Miss Bernice Whiteley in charge. Seniors, Juniors, Sophomores and Freshmen will compete and judges will be selected to judge the stunts. Music will also be enjoyed. Those in charge as well as those taking part expect "lots of fun." The admission charge will be the nominal sum of ten cents, and a good crowd is anticipated.

## REED-JACKSON

William Jackson, Jr., son of Mr. and Mrs. Wm. Jackson of this city, was united in marriage with Miss Margaret Reed of Miami Aug. 5. The wedding was solemnized at the home of the bride's parents in Miami. The happy young couple are residing at Lefors.

## BAZAAR POSTPONED

The Ladies Aid Society of the Christian church has postponed their Christmas bazaar from Nov. 28 to Saturday, Dec. 13.

## BAPTIST CIRCLES

Circles 1 and 4 of the Baptist church met Wednesday afternoon at the home of Mrs. G. C. Malone. The business session was presided over by Mrs. W. B. Henry. Mrs. Cass Phillips resigned as chairman and Mrs. T. W. Johnson was elected in her place. The mission study was conducted by Mrs. T. B. Solomon. The ladies voted not to have a Thanksgiving dinner this year. Enjoyable refreshments were served the ten members and one visitor present.

Circles 2 and 3 met Wednesday afternoon with Mrs. Hughes. The business session and devotional were in charge of Mrs. John McKamy. Mission study was led by Mrs. S. L. Anderson. The hostess served cake and cocoa to the 11 members and several children present. Next Wednesday these circles will meet with Mrs. Van Carter.

## GAS STOVES

I will trade you new gas stoves for your coal stoves, and will allow you a fair price for your old stoves. See our line of stoves and ranges now on display. Malone Furniture Co.

## NOTICE

Due to the weather conditions and the condition of the cotton, we have temporarily suspended operation. Under present conditions the sample is not of a merchantable type, the seed becomes heated and to continue to gin under present conditions means a direct loss to grower and operator, both in grades and weight. Our plant is in readiness as soon as conditions will warrant proceeding. Itc

Yours very truly,

**SMALL POINT ABOUT GAME WIFE DIDN'T UNDERSTAND**

Jane always insisted that she wanted to share all my pleasures. I was not quite so sure about it, but diplomacy has its uses, so I said nothing.

At length it became impossible to postpone again taking her to the ball game. I drew a long breath, muttered a prayer for guidance, and gave in.

"That man out there on the mound is called the pitcher. He pitches," I began.

"That man with the bat—with the club—is the batter. He hits the ball."

"Why," asked Jane.

"It doesn't matter," I continued. "He didn't hit it. If he had succeeded, however, he would have run toward that sack which is called first base, and if he gets there before the ball he is safe."

"But I thought you said this game was not danger-ous," Jane objected.

"Only to wise happy marriages," I responded.

"Oh!" said Jane.

"If a man gets to first base," I resumed, "the succeeding batters try to advance him by hitting the ball. If he goes all the way around, past second and third bases, and reaches home without being put out, a run is scored for his team."

"When three men are put out, the other side comes to the bat, and when each side has had nine turns out, the game is over. The team that makes the most runs wins."

"Is that clear?" I asked.

"Perfectly," Jane assured me. "But one thing I don't understand."

"What is it?" I inquired.

"Why is it," Jane queried, "why is it that the men wear mittens only on one hand? It seems so silly."

A soule judge decided that my subsequent remarks constituted mental cruelty.—J. K. M. in Kansas City Star.

**walking. But the test is in the "walking."**

It may be good exercise—excellent for some people who are less upon their feet than the mass of us. No, that's not the why of it when we get out into the "open road" and kick up the dust with our feet. Our reason if we have any, is more in the mind than the muscle.

Yet we have found that a saunter through a field or around a block will bring rest and peace when we would cry out against all things—that a brisk gait will free the dis-tempored mind and inspiration to "carry on" may be found in strolling through beautiful surroundings.

Walking is a most versatile cure—it may be adapted to our whim of the moment, it takes but a turn of the foot to carry us with a change of desire into other directions, into other fields of life to fit the background to our thoughts. To walk with difficulty up a hill to the crest where we can see the edges of the world—it is an allegory of life in which we labor and clamor for success to climb to the place where we can see clearly the hard way in which we came and the easy downward path before us.

Walking is for the soul. Health of body cannot often be attained through such pleasurable and whimsical routes as these, although walking is healthful.

Walking is a tonic that invigorates, a soothing syrup for the memory, a tonic for the inhibited mind, a restorative for the heart that thirns, a tonic fork for the soul that is off-pitch, and a rhyme whose silent words match the cadence of life's poem.

There may not be health but there's happiness in walking.—Randall County News.

**Hall's Catarrh Medicine**

is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists.
