Jury Still Out In Treason Trial Of 'Tokyo Rose'

Nisei Defendant Weeps As She Awaits Verdict

SAN FRANCISCO, Sept. 27. (AP)—The fate of Iva Toguri D'Aquino, charged with treason as the "Tokyo Rose" of wartime radio Tokyo, is still in the hands of the jury today.

At 11:11 o'clock last night, weary court attaches, newsmen and scattered spectators were informed that the jury of six men and six women was retiring for the night. Deliberations were resumed at 9 o'clock this morning.

The 33-year-old defendant, Los Angeles-born Nisei, was every nervous. She wept once during the forenoon recess. When the jurors filed out to start deliberations, it required five minutes and two efforts to get her out of the courtroom.

While her during the long wait in the U. S. marshal's office were her sister, Mrs. June Hori of Los Angeles and her father, Jun Toguri, now of Chicago.

She went on trial July 5, charged with treason for wartime broadcasts aimed at lowering morale of United States troops. She broadcast on Radio Tokyo's radio hour as "Orphan Ann." But it was she, charged the government, who became known to thousands of GIs as Tokyo Rose.

The government did not ask the maximum penalty—death, for treason in wartime. The minimum is five years imprisonment. Judge Roche told the jury that to sustain conviction there must be proof of treasonable intent. "If there was no intent to betray, there was no treason," he said.

Say Arwine Is Turning Into Animal

DECATUR, Sept. 27. (AP)—A doctor testified the man accused of a double slaying has been reverting to the state of a wild animal.

Dr. W. T. Inabaltett, Wise County health officer, made this statement yesterday in the lunacy trial of W. I. (Ike) Arwine. Arwine, 50-year-old Bridgeport farmer, is charged with the slaying of Mr. and Mrs. J. E. Mash, also of Bridgeport, on Aug. 23.

The health officer testified he had diagnosed Arwine as suffering from dementia praecox, a paranoid type. He said he made his diagnosis shortly after Arwine was placed in the county jail here. Since that time, he said, there has been a "marked deterioration."

"He has been reverting... to the state of a wild animal," the doctor declared. A Dallas psychiatrist, Dr. Guy Witt, declared Arwine sane after examining him in the Dallas County jail a few days after his arrest. Arwine, his hands manacled, was brought to the courtroom before testimony began.

Two husky officers had to prod the wild haired man into the room. He breathed in noisy wheezes and his whole body trembled. His wife cried out and collapsed when her husband entered. He did not seem to notice as she was carried from the room.

British Profits Tax Increased One-Fifth

Cripps Acts Swiftly To Check Inflation

LONDON, Sept. 27. (AP)—Sir Stafford Cripps raised Britain's profits tax by one-fifth today to offset the inflationary effect of cheapening the pound.

The tax on profits now is 25 per cent. Cripps told the House of Commons he is increasing it "as from today" to 30 per cent.

The chancellor of the exchequer also warned British men: "If there is any further breaking away from the voluntary limitation of dividends I shall consider myself at liberty to introduce legislation to restrict dividends in the next finance bill."

Cripps opened the crucial debate in the House of Commons on the devaluation of the pound. He was fortified by a labor party caucus which, informants said, decided to stand behind the government on the currency issue.

A treasury spokesman said Cripps has authority to raise the tax on business and industrial profits at once. Later, the spokesman said, the chancellor presumably will submit some sort of formal motion asking House of Commons approval, which would be virtually automatic in view of the heavy labor majority.

Informed observers saw the action as a stop to rank and file labor which has been complaining that the little people will suffer most from the cheapening of the pound from \$4.00 to \$2.50. The trades union congress has been insisting that even a slight rise in the cost of living would prove unbearable to the lower paid British workers. The TUC has not yet given the government, of which it is the most powerful pillar, its public support on the devaluation policy.

In his address today Cripps insisted that food prices increases "are not likely to come either in large measure or soon." The price of bread, however, already is up a penny. Cripps said that it may be that by the end of the year the cost of living index figure may be up about a point.

Queuille Government Facing New Crisis

PARIS, Sept. 27. (AP)—A quarrel in France's year-old coalition cabinet over wages and prices threatened today to topple the government of Premier Henri Queuille.

The cabinet held a morning session and planned another tonight. A spokesman said only that Finance Minister Maurice Petesche, member of the moderate Peasant Party, had proposed measures to halt rising prices.

Booths For Sale Of Centurama Tickets Set Up Downtown

Three booths for the advance sale of Centurama tickets have been set up downtown as deadline for final reduced rates sales approaches.

Three tickets for \$2 may be secured until 9 p. m. today from vendors at Centennial headquarters in the Settles, a booth located in Zale's Jewelry store, and one set up at 2nd and Main streets. Mrs. Charles Watson, sales chairman, announced.

Reduced rates go out of effect when the Centennial Queen contest closes tonight. Tickets to the historical production will then sell for \$1 each.

Advance sales coupons may be exchanged for tickets to any one of the three performances of the pageant, Mrs. Watson said. Payment of a 20 per cent amusement tax must accompany the exchange.

Centennial Queen nominees who have been compiling votes on the basis of tickets sold for Centurama have been asked to report all sales tonight. Votes will be counted tomorrow.

Square Dancers Of City Invited To Aid In 'Trail Run'

Anybody in town who wants to take a few turns at square dancing is invited out to Airport Hangar No. 2 at 8 o'clock this evening. The program, free to everyone to "come as you are," will be the purpose of testing acoustics, etc., for the Centennial Square Dance Festival on Saturday, October 8. Harry King will be in charge, and said any square dancers will be welcome to help make the "trail run," for the Centennial affair.

Commissioners Meet

City Commissioners will meet today at 5 p. m. City Manager H. W. Whitney announced this morning. Routine matters make up the agenda.

ANSWER TO RED A-BOMB Conferees Agree On Full Arms Program

WASHINGTON, Sept. 27. (AP)—Swift agreement in a Senate-House committee on a \$1,314,000,000 overseas arms program sped along today one U. S. answer to the Russian's A-bomb claims.

The news of an atomic blast in Russia among the lawmakers that arms among nations must be strengthened against the threat of Communism.

A Senate-House conference last yesterday sidetracked a House economy move and agreed, in three hours, on the higher cost program voted earlier by the Senate. The discarded House figure was \$600,415,000, or \$444,985,000 less than the agreed-upon Senate figure.

The conferees worked on small points today. This will clear the way for final congressional action, first by the House and the Senate.

Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee told reporters the Russian arms reports "have given the arms program new strength." As the authorization bill now stands it contains: \$1,000,000,000 for the North Atlantic Pact nations; \$211,370,000 for Greece and Turkey; \$27,640,000 for Iran, Korea and the Philippines; \$75,000,000 which may be spent by the President—as he sees fit—in the China area; Permission to ship \$450,000,000 of surplus arms.

House members insisted on only relatively minor changes in the arms plan voted by the Senate.

Car Damaged In Collision Here

A car driven by J. I. Knox, 300 Benton street, was badly damaged in a collision with a semi-truck at 307 W. 3rd. street yesterday, police said. Knox was bruised in the mishap.

The automobile, a 1941 Studebaker sedan, was in collision with truck loaded with oil field equipment. Damage to the car was estimated at about \$500.

STAGE SETTINGS ARE GIGANTIC

Centennial Rapidly Taking Shape As Centurama Rehearsals Continue

Loose ends of the Centennial were being woven rapidly into the pattern of the whole Tuesday. Rehearsals were due to be continued this evening at the amphitheatre for the gigantic spectacle, "Centurama," slated for production Monday, Tuesday and Wednesday evenings of next week.

Stage settings are rapidly taking form. Back drops flare in great spreads up to 15 and 20 feet high. Sam Grogg, pageant master, announced there would be an inset stage, where most of the scenery change would take place.

High above the stage, which has been trebled in size for the massive and colorful pageant of local history, there is a platform on which Indians will rise out of billowing smoke in one of the scenes. Below, there will be deft shifting of action in pace with narration for a score of distinct episodes. Everyone of the approximately 500 performers will be clad in authentic period costumes. Props include a covered wagon a locomotive and other major items which progress across the stage.

Grogg has announced rehearsal of the prologue and finale for Wednesday evening with the dress rehearsal set for Thursday. First rehearsal in the amphitheatre was held Monday evening. Deadline for bargain purchase of Centurama tickets was set for this evening. Advance tickets bought today will command three for the price of two. Lewis Price announced that there would be a special rehearsal for square dancers at hangar No. 2 at the airport at 8 p. m. today. This is for the purpose of testing the acoustics and floor of the building where the Centennial Ball and the Square Dance Festival will be held next week. There is no charge for the rehearsal and people are welcome to get a preview on the square dancers. Harry King will do the calling. Fireworks have arrived for the serial pyrotechnic displays which will climax "Centurama" in a burst of overhead color each evening. Approximately \$500 in fireworks will be touched off during the three evenings, according to Paul Haagen, promotional director. Jack V. Smith, parade chairman, said a number of additional floats had been entered for the various days. These included the Happy Silencers club, The Big Spring State Hospital, Thomas Garcia, Beauty Cosmetic Counselor, Spoudalis Fore, VFW Auxiliary, Brick Masons local, Carpenters local, Communication Workers of America, and Nu Phi Mu. More than three score floats have been entered in the various categories.

NO AGREEMENT SEEN Labor Picture Dark As Talks Continue

Negotiators in two of the nation's biggest labor disputes—steel and auto—planned further bargaining sessions today as strike deadlines involving more than a million workers neared.

Strikes threatened this week by 1-million CIO United Steelworkers and by 115,000 United Auto Workers at the Ford Motor Co.

There was no indication that the negotiators were heading toward agreement on the dispute issues. Adding further gloom to the labor picture was the continued work stoppage of 480,000 coal miners and no signs of an early return to work.

The United Mine Workers Union is scheduled to meet tomorrow with southern coal soft operators, apparently on the questions of back royalty payments.

Another major labor dispute which threatens a strike involves maritime workers. Contracts covering AFL longshoremen at Atlantic and Gulf Coast docks and with AFL masters, mates and pilots, covering East Coast ship officers, expire midnight Friday. Federal conciliators expressed fear of a walkout.

The steel strike deadline also is midnight Friday. In talks at New York yesterday on the issues of pensions and insurance, Bethlehem Steel Corp. proposed it pay four cents an hour for an insurance program and that employees pay three cents. No other was made on pensions.

CIVIL WAR TALES TOLD AGAIN AS 'YOUNG' CONFEDERATE VETS MEET

LITTLE ROCK, Ark., Sept. 27. (AP)—Tales of long ago—the war between the states—were told anew today as the dwindling ranks of Confederate veterans opened what probably will be their next-to-last reunion.

Eight or fewer of the 28 surviving men who wore the gray were expected to attend the get-together here, which will continue through Thursday. Three affiliated organizations also will meet.

Among the opening day's features will be two concerts by the U. S. Marine Corps Band appearing under an Act of Congress. Three former men of Gen. Robert E. Lee—102-year-old James A. Thrasher of Louisa, Miss.; Gen. James W. Moore of Selma, Ala., 98; the united Confederate veterans' commander-in-chief and W. W. Alexander, 100, of Rock Hill, S. C.—checked in yesterday and began recalling their wartime experiences.

Moore recalled that he had joined the south's cavalry when he was 13 and protested, "I'm still a young man," when someone offered to help him to his hotel. Thrasher contended: "I never surrendered. I wouldn't have surrendered if they had killed me a hundred times."

Details of the charges were not made public inmediately. Tsiang presented the case in two letters. One was addressed to Assembly President Carlos P. Romulo, an outspoken foe of Communism. The other letter was addressed to Trygve Lie, UN secretary-general.

The Chinese delegate told the assembly last week for the first time that Russia was directing and aiding the forces of Mao Tse-Tung, who has proclaimed a "people's republic of China" based at Peking.

14 Dead In Four Plane Mishaps

Fourteen persons died and 17 were feared to have lost their lives in four plane mishaps in this country, Mexico and England yesterday (Monday).

The most spectacular accident involved a Mexican Airlines plane with 24 aboard. A shepherd said he saw it fall into the snow high on the slopes of Popocatepetl Volcano.

Rescue workers toiled toward the scene. Mexican Sen. Ramos Millan, chairman of the National Corn Commission, was reported aboard. The line said two of the passengers may be Americans. A B-29 Air Force bomber on a training flight from Smoky Hill Base, Salina, Kan., crashed and burned near Tallihna, Okla. A rescuer said he had counted 10 bodies. It was believed the other three crewmen also perished.

Twelve British fliers died and two were missing in the air collision of two four-engine RAF bombers in Central England. The accident occurred during exercises testing western allied air strength.

China Says Reds Aided By Russia

LAKE SUCCESS, Sept. 27. (AP)—Nationalist China made a formal complaint to the United Nations assembly today charging Russia is backing the Chinese Communist war to overthrow the Kuomintang Government at Canton.

The case was presented by T. F. Tsiang, chief Chinese Nationalist delegate in the UN. He asked urgent assembly action against the Chinese Communists.

Details of the charges were not made public inmediately. Tsiang presented the case in two letters. One was addressed to Assembly President Carlos P. Romulo, an outspoken foe of Communism. The other letter was addressed to Trygve Lie, UN secretary-general.

Ask Women For Centennial Job

Assistance from women volunteers of the city for a Centennial chore is urgently needed Wednesday and Thursday.

Clara Zack, committee chairman, is asking for all women who can spare the time to be at the city auditorium (stage entrance, between 10 a. m. and 7 p. m. during the two days) to assist in unpacking, sorting costumes for the Centurama. There are hundreds of these which must be assigned, and the task of preparation is a big one. Mrs. Zack said any volunteer help will be appreciated.

647 Deathless Days In Big Spring Traffic

Grandstaff Interview Slated

Prisoner-Composer Of 'Big Spring' Cantata To Arrive Here Saturday

Outside prison walls for the first time in nine years, Frank M. Grandstaff, prisoner-composer, will arrive here Saturday on the eve of presentation of his cantata, "Big Spring."

Arrival is due at the Army airport at 3 p. m. His first appearance on a Centennial program will be a 15-minute interview over KBST at 6:15 p. m. Saturday. Shine Phillips, whose book, "Big Spring," inspired the cantata, will interview Grandstaff.

Grandstaff, who wrote the cantata, "Big Spring," while in solitary confinement in a Tennessee prison, is to be flown here from Nashville, accompanied by Sheriff Bob Wolf, Phillips, C. T. McLaughlin, and Roy Primm. McLaughlin is owner of the plane scheduled to leave here Friday morning to return the musician Primm is pilot.

Series Of Week Of Prayer Services Are Launched At Baptist WMU Meet

Beginning a series of week of prayer services for state missions, members of the Women's Missionary Union of the First Baptist church discussed the subject, "Gleanings of the Lone Star Through Scriptural Gleanings," Monday afternoon.

Mrs. C. T. Clay, program leader, introduced the topic, "Dawn of the New Day."

A meditative period followed with Mrs. Lennie Coker directing the study of "The Bright and Morning Star," from Rev. 22:16. The scripture reads: "I Jesus have sent mine angel to testify unto you these things in the churches. I am the root and the off-spring of David, and the bright and morning star."

Members of the Mayhew Taylor Circle presented a playlet entitled "The Golden Gleam of Stewardship in Missions." Characters in the playlet included Mrs. Willard Hendricks as "Mrs. Has-been," Mrs. Joe Tuckness as "Mrs. Indifference," and Mrs. S. Marie Haynes as "Mrs. True."

Others on the program were Mrs. J. B. Langston who gave the part, "A Fixed Star," Mrs. J. C. Pickle, who discussed the "Cooperation Program," and Mrs. W. F. Taylor who directed the "Resolutions" program.

Mrs. Alton Underwood led the group singing. Special music was provided by Mrs. W. F. Taylor who sang, "Follow the Gleam," accompanied by Mrs. J. E. Hardesty.

Mrs. R. D. Urey and Mrs. Cora Holmes offered the opening and benedictory prayers respectively.

RIBBON RAMBLINGS

Notice from the date on the calendar that we've been on the Herald staff one year today. That same date reminds us that it's somebody's birthday. It's September 27 in case you're wondering. Haven't forgotten anyone have you?

We have never been impressed with re-hashing jobs whether they involve sermons, jokes, radio programs or what have you. But we save an item or two now and then and one of them happens to be a short, short item which we wrote for a national youth publication several years ago. It still expresses an opinion of ours. So we'd like to reprint a part of that article.

"Did you ever hear of radiant Christianity? Did you ever see it walk or talk? Have you seen the shine of its smile or felt the warmth of its hand clasp? I hope you have, and in seeing it I hope you have known its realness and its vitalness. You see, Christianity walked right up to me one day and I have never lost the warmth of its glow nor ceased striving to obtain its loveliness that others might see Christ living in me.

"There was nothing unusual about our meeting. I was walking life's highway with the feeling that I was hopelessly lost when someone happened along my way. A someone who walked so close to God that I knew that within that light there was something greater than itself alone. Something that through that someone so loved, laughed and lived that it led this heart to Christ without ever asking 'are you a Christian?'"

All of us like to be a little cynical. We'd like to think that other people are not making a difference in our lives and that we are far from making a difference with them. But even if it's only on rare occasions, we have to admit, we can't live alone.

Chinese Commie Flag To Be Red, Yellow

SHANGHAI, Sept. 27. (UP)—Communist China's flag will be red with a large yellow star in the upper left surrounded by four smaller yellow stars, pro-Communist newspapers said today.

The flag's design has been approved by a committee which will submit it to the Peiping conference now under way to form a Chinese Communist government, the newspapers said.

Cancelled

It is announced that the joint installation of the four classes of the Senior Adult department of the First Baptist church has been cancelled. Installation will be held within the individual class rooms. The services were originally scheduled for Thursday evening.

WATCHMEN ON THEIR TOES

ST. PAUL, Minn., Sept. 27. (UP)—Two detectives were sent out last night to investigate a suspicious-looking man standing in an alley.

They found the man was the watchman at an industrial plant. He told them that for half an hour he had been keeping an eye on a suspicious-looking man at the other end of the alley.

"Fine," said the detectives. "Keep it up. We'll circle and get him from behind."

Suspicious-looking man No. 2 expanded. He is a watchman for another plant and for half an hour had been keeping an eye on a suspicious-looking man at the other end of the alley.

An appeal for all cafe operators to thoroughly clean premises this week in preparation for the Centennial has been issued by C. W. Mason, sanitarian with the Big Spring-Howard County Health unit.

All cafes will be patronized heavily during the celebration, Mason said, and staffs will not have usual time to spend on kitchens and dining rooms. The sanitarian said that cafes would be inspected during the week.

The Douglas Coffee shop has announced that it will be closed Wednesday for cleaning, Mason said.

Big Spring Child Stricken With Polio

Stormie Kay Arrington, 18-month-old daughter of Mr. and Mrs. J. T. Arrington, Ellis Homes, is at a hospital here with polio, the Big Spring-Howard County Health unit reported Monday.

Big Spring's 18th polio case for the year was diagnosed Monday. It brought Howard county's total for the year to 70 cases.

Russia Opens New Uranium Mine

BERLIN, Sept. 27. (UP)—Russia has found a new uranium mine in East Germany to spur its atom bomb production, West Berlin newspapers claimed today.

The papers said the new mine was opened under the direction of Russian engineers in former silver mines at Mansfeld, near Eisleben in Saxony, Sept. 1.

The Mansfeld mine is the second uranium source exploited by the Russians in eastern Germany. Several thousand German and Russian have been working uranium mines at Aue, near the Czech-Slovakian border.

Harris Probation Officer May Be State Youth Council Co-Ordinator

AUSTIN, Sept. 27 (AP) — R. L. Bellamy, a man who has been handling the problems of juvenile delinquency most of his working years, has been offered the job of getting Texas communities into the program.

The Harris County probation officer yesterday was asked by the youth development council to become its co-ordinator for community work. That is one of the two top, paid executive positions in the program created by the Legislature this year.

Bellamy was not at the council meeting. He was expected to give his decision today.

He was chief probation officer of Travis County prior to going to Houston earlier this year. He previously had been assistant superintendent of Theos in his home county of Coryell.

His name was submitted to the council by the Rev. Walter Kerr of Kerrville, chairman, who said he and John Winters, the council's chief executive officer, had found no one else so well qualified as Bellamy.

Kerr said this was primarily so because Bellamy, as a member of the council, already knew much about the program which has been planned.

Kerr emphasized that he wanted to make it clear that Bellamy "had not maneuvered to get the job."

He said Bellamy's salary as Harris County probation officer is \$7,200 a year.

The council offered Bellamy \$7,000, the maximum allowed for the post.

Homer Garrison, Jr., director of public safety and a member of the council, nominated Bellamy for the post after Kerr submitted his name.

"I am particularly glad to nominate Bellamy because I think it will be a great step toward cementing social welfare work and law enforcement closer together," Garrison commented.

He said officers and social workers often have quarrelled and refused to co-operate with one another because of their failure to understand one another's problems.

Hungary Gives Yugoslav 'Spies' Day To Get Out

BUDAPEST, Hungary, Sept. 27 (AP)—Hungary has accused the Yugoslav legation here of spying and has given 10 of its officials until sundown tonight to get out of the country.

The foreign ministry handed the legation a note declaring Hungary will make sure in the future that "spies and assassins" do not come to Hungary disguised as diplomats.

The note added that last week's Budapest treason trial had proved that Marshal Tito's regime had plotted to kick out the Communist Hungarian Government, kill off its leaders and restore capitalism.

Former Foreign Minister Laszlo Rajk and two others were sentenced to death last Saturday on charges of plotting with Yugoslavs and Americans against the Hungarian Communist regime.

The expelled diplomats included the legation's first secretary, Duran Sakota, second secretary, Slavko Zecovic, and Military Attache Kilibarda Maljanic. The other seven were secretaries and clerks.

Bitterness between the two countries heightened Saturday when Tito accused Hungary of fomenting a "warmongering" scheme to replace his government with one favorable to Soviet Russia.

Tito declared the Budapest treaty on trial marked a change in Hungary's policy of friendship to one of hostility.

Country Sees More Of Her Than He Did

LOS ANGELES, Sept. 27 (AP)—"Everybody in the country saw more of her than I did," Actor Paul Valentine testified in obtaining a divorce from Strip-teaser Lili St. Cyr.

Charging mental cruelty, Valentine said yesterday the only time he saw his svelte blonde wife was when he got her a billing in Hollywood. He will continue to create and stage her routines as her manager.

Mrs. St. Cyr is in Montreal filing an engagement. She did not contest the divorce.

Longhorns Gun For Tornados

When the Big Spring high school Steers take the field against the Lamesa Tornados at Steer stadium Friday night, they'll be clashing with one of the state's 25 unbeaten and untied schoolboy grid eleven.

Lamesa last week mauled the Plainview Bulldogs the same team that humbled Big Spring in the mud by a 7-0 count at the beginning of the season.

The local players felt they had a better club than Plainview, however, and are conceding nothing to a revived Lamesa outfit, which had earlier trounced Levelland.

Chief threat in the Lamesa attack is a youngster by the name of Dick Echols. He does everything well.

Local fans feel they have at least his equal in Amos Jones, however. Amos had scored five touchdowns to date and passed for another. He's improving with each game.

If the Longhorns can straighten out their downfield blocking and tighten their pass defense, they'll be hard to handle.

Kansas Dries Try To Keep People Away From Liquor

TOPKA Kan, Sept. 27 (AP)—Kansas dries unsuccessfully in keeping liquor away from people are now going to try keeping people away from liquor.

That switch in strategy was outlined by the Rev. C. H. Walker, superintendent of the Kansas United Dry Forces.

"Our old strategy was prohibition keep drunk away from the people," Walker said.

"That failed so we have gone into reverse."

The theory today is to keep people away from their thirst.

The legal sale of booze began in Kansas July 19 after the state voted last November to end 69 years of state prohibition.

The dry chief said education is the keynote of the program. A course of alcohol education for public schools will be planned.

The limit on advertising is another million-dollar effort to teach youth to drink. It is the time for Christians to spend a little extra money to teach them not to drink," he added.

Walker spoke at the Kansas Christian Church conversion yesterday.

Merchant Waits On Unusual Customer

DURANGO Colo. (AP)—Every time Vernon Bodo makes a dollar sale at his sporting goods store he collects the sales tax with the comment "and two cents for the governor."

After he had sold some merchandise to a tall lean man, Bodo said "That's \$5 and 10 cents for the governor, 10 cents for sales tax."

Just in time he'd recognized the Lee Kooos tail customer as Colorado's Gov.

RUSSIA HIT BY BEVIN UN Groups Begin Stormy Debates

LAKE SUCCESS, N. Y., Sept. 27 (AP)—The United Nations Assembly entered its second week today with committees beginning a series of debates on such stormy issues as the Greek civil war and charges of religious persecution behind the Iron Curtain.

The 59-nation assembly ended its first round of general policy speeches yesterday. The session was marked by British Foreign Secretary Ernest Bevin's charge that Russia is responsible for stalling international control of atomic energy.

Today UN activities shifted from the assembly hall at Flushing Meadow to Lake Success. Three main topics called for committee action were:

Charges by the UN Commission on the Balkans that Communist Albania and Bulgaria are continuing to aid the Greek guerrillas; disposal of the former Italian colonies; and charges by Australia-backed by the U. S. and Britain—that peace treaty guarantees of human rights are being violated by Hungary, Bulgaria and Romania by political persecution and religious trials such as that of Josef Cardinal Mindszenty, sentenced to life imprisonment in Hungary.

The 14-member steering committee yesterday agreed to recommend assembly debate for Russian Foreign Minister Andrei Vishinsky's proposal for a five-nation peace agreement. Vishinsky proposed last week that the United States, Russia, Britain, France and

Shivers To Speak At Wharton Today

The governor arrived yesterday, toured the Wichita Falls hospital, rode in a parade opening the Texas-Oklahoma fair at Iowa Park and attended a banquet.

Mitchum's Marijuana Arrest May Have Been Framed, Reports Say

LOS ANGELES, Sept. 27 (AP)—Was Robert Mitchum's marijuana arrest framed?

The district attorney's office says it is investigating "reports" that Mitchum and Bill Actress Lila Leeds may have been victims of Hollywood's purported extortion ring.

H. Leo Stanley, chief investigator for the district attorney, questioned Miss Leeds yesterday as the Mitchum case was reopened.

Mitchum and Miss Leeds served time after narcotics officers raided the beautiful blonde's Laurel Canyon cottage a year ago. Also arrested in the raid but later freed was Dancer Vicki Evans.

Miss Leeds told Stanley: "I was putting up Vicki's hair and I was smoking a marijuana cigarette. Why didn't the cops who were outside watching, as I found out later, pinch me then?"

"They didn't. They waited until Mitchum got there."

Stanley said legitimacy of the arrests is not questioned, but his office is interested in reports they were "engineered."

The knowledge about the extortion ring was given to the grand jury in a memorandum by Paul Behrmann, ex-actor's agent. In testimony, he labeled Miss Leeds and Miss Evans as "prostitute extortionists," a charge which Miss Leeds has denied "unequivocally."

Miss Leeds told Stanley the once-hired Behrmann as her agent but broke the contract after six months. Formerly Mitchum's

Panthers Even With Oilers

By The Associated Press
The Texas League's playoff title is at stake tonight as Tulsa and Fort Worth square off in the seventh game of the championship series.

Fort Worth squared the playoff at three games all last night, edging the Oilers 1-0 in a brilliant pitching battle between Dave Jolly of Tulsa and Eddie Coandier of the Cats.

Walter Fiala halted in the only run of the game in the third inning with a "single" strike. Coandier retired. He had reached first on a walk.

Chandler gave up six hits and Jolly only four.

Walker Cress will start on the mound for Tulsa tonight and Bob Milliken will twirl for the Cats.

Jimmy Dorsey Struck On Own Recordings

LOS ANGELES, Sept. 27 (AP)—Sometimes when Bard-leader Jimmy Dorsey came home late at night he would play one of his recordings as many as 100 times, his wife testified in obtaining a divorce.

If anybody brought records by some other musicians into the house, he would smash them," his wife of 21 years, Jane said yesterday. She won the uncontested divorce charging cruelty.

Under a settlement, Mrs. Dorsey, 39, will receive \$850 monthly alimony from the 45-year-old band-leader and 25 per cent of his income over \$20,000 annually. They have a married daughter, Julia.

Rescue Units Seek Plane On Popocatepetl

MEXICO CITY, Sept. 27 (AP)—Rescue squads edged their way up the slopes of Popocatepetl Volcano today in search of a Mexican airlines plane missing with 24 persons aboard since yesterday afternoon.

Mexican Sen. Ramos Millan, chairman of the National Cord Commission, was reported aboard the Mexicana de Aviacion plane.

Moises Batista, a shepherder said he saw a plane fall into the snow on the slope of the volcano yesterday afternoon. Airport officials said it must have been the missing plane.

The plane, bound from Tapachula on the Guatemala border to Mexico City, carried 21 passengers and three crewmen. Airline officials said two of the passengers—Eugenia Goldsmith and George Gram—may be Americans but no record of their addresses was available.

Ambulances and a radio-equipped jeep accompanied the rescue workers to the scene.

Official said the skies were cloudy over the Mexican valley at the time of the reported accident.

FIT THE FEET TO THE SHOES

FORT WORTH, Sept. 27 (AP)—Police seek feet to fit two pairs of shoes today.

Owners of the feet were surprised and fitted on by a night club owner who returned to his office to check the safe at 2:15 o'clock this morning.

The burglars got \$250 from the safe, but in their haste to escape they lost their sandal-type shoes.

TRUMAN GOES BACKSTAGE TO CHAT WITH WINNIE'S ACTRESS DAUGHTER

WASHINGTON, Sept. 27 (AP)—President Truman went backstage last night to pay a call on Winston Churchill's daughter.

Mr. Truman made the visit during an intermission of the play "The Philadelphia Story" in which Sarah Churchill, daughter of the former British prime minister, starred.

"How is your father?" the President asked as he shook hands with the actress.

Miss Churchill said her famous dad was feeling fine and added "thank you for coming."

The President and Mrs. Truman drove 28 miles to see the play at the Olney Theater in Maryland.

Other notables on hand for the occasion included Vice President Barkley, Associate Justice Tom Clark of the Supreme Court, Atty. Gen. McGrath, members of Congress and several from the diplomatic corps.

HOUSTON MAN GETS HIS WISH

HOUSTON, Sept. 27 (AP)—A man who said he wanted to be arrested "in order to test the law about shooting a pistol" got his wish.

Officers took him from a barricaded room after neighbors yesterday complained he had fired 20 pistol shots from his rooming house over a nine-hour period.

He surrendered only after police permitted him to comb his hair and put on a tie.

Capt. George Seber called in the county psychiatrist after the man had been jailed.

Big Spring, Corpus Christi Ready For Playoff Opener

Garcia Slated To Face Davis

The stage has been set for the first of a four-of-seven game playoff between the champions of the Longhorn and Rio Grande Valley baseball leagues.

The Longhorn league titlist, Big Spring, and Corpus Christi, Rio Grande Valley champ, have at it starting at 8.15 o'clock here Wednesday night.

Corpus qualified for the championship matches by sailing by a record 19-1 score.

The two teams traveled similar paths to their respective crowns. Big Spring, which won the Longhorn league regular season championship with 21 games to spare, tore through San Angelo in four straight games and then swept a four-game set from Midland.

Corpus won the Valley league crown, which is in its first season of operation, by about eight games, sidelined McAllen in four straight contests and then disposed of Brownsville the same way.

Leading the Corpus team is a veteran hurler familiar to Big Spring fans. He is Bill Gann, former straw boss of the Sweetwater Longhorn league club.

Gann in this year's Valley power in this year's Valley league race. His club is built around five class-men, three more than Longhorn teams are allowed.

Such athletes as Frank McAlexander, third sacker; Lloyd Pearson, outfielder; and Jack Trench, catcher, give the Aces plenty of authority with the stick.

Gann announced today that either George (Lefty) Davis or himself would pitch the opener against Big Spring.

Davis, an 18-year-old Fort Worth lad standing six feet and weighing 180 pounds, has won 15 games and lost seven the past season. In addition, he copped three playoff decisions.

Gann has gained 11 wins while losing five times. He's been in one playoff contest and won it.

Bert Garcia (14-3) is almost certain to hurl for Big Spring Wednesday. The second game of the series Thursday, which will also be played here, will probably see Julio Ramos (22-4) in action. Both Garcia and Ramos have won two playoff games each.

After the first two games, the scene of action will shift to Corpus for the remainder of the series. Admission prices have been pegged at \$1. At Aton of the Big Spring club stated.

LOOKING 'EM OVER With Tommy Hart

Pat Stasey's Big Spring Broncos will find out later in the week whether they're the best Class D baseball team in Texas.

Corpus Christi's Aces, who have done a job themselves of wrecking the Rio Grande Valley league, will put in here in several days, probably Wednesday, for a joust with the Hosess.

Harold Webb, the popular Midland skipper, paid the Hosess a supreme compliment just before Sunday's game, which Big Spring won, 9-5.

Webb said the Hosess are unbeatable, that he tried everything against them, and nothing worked. He added strength all year but the Steeds—and these are his words—had too much speed, too much arm and too much pitching.

"And don't think they're not smart," Harold signed, "all of them play heads-up baseball. Saturday night, Ernie Nelson hit a popper (too far back of third base for Pascual to field, it looked like a sure base hit, but there was Gomez (the left fielder) camping under it."

Harold opined the Hosess would give the Longhorn league able representation in the playoffs with the Rio Grande Valley champion, GREER HIGH ON BIG SPRING BASEBALL TEAM

League President Hal Sayles, who saw the Sunday game, revealed he took Stubby Greer, the Abilene field manager, to see one of the games of the San Angelo-Big Spring series, and Stubby came away singing the praises of the Big Spring club.

"I had only three players who could make the Big Spring club," Stubby said, without elaborating on his statement. That would probably be Bobby Fernandez (an ex-Bronco), George Sturdivant and Will Roca (another ex-Cayuse). And, remember, Abilene, finished in a tie for second place in the WT-NM league.

Nelson, the ace leftie of the Midland pitching staff, says he thinks he could have won 30 decisions this season, had he had the Big Spring team behind him. He's probably right, since Ernie's earned-run-average is always among the best in the circuit.

When Claud Horton, the Midland pitcher, played the outfield against Big Spring Sunday, he took up a position more than a few thought he should have assumed all along. Horton, all muscle and mite, is a power hitter.

Some say he could have gone all the way to the majors had he concentrated on being a fly chaser.

Webb says he is of the opinion Pascual owns the best throwing arm for a third baseman he's ever seen in organized baseball, bar none. That's a broad statement, since Webb has seen them all over a period of years.

This writer has never viewed any major leaguer who can equal Carlos' throw across the diamond.

Hector Bonet, the Hosess' rookie first sacker, didn't get into any of the playoff games until the final one with Midland, then crashed out two hits in as many tries for a 1,000 percentage effort in the double go-round.

HARRY SCHEERTING A FACTOR UNTIL FINAL GAME

The race for individual batting honors in the Longhorn league was even closer than you think, and it was close enough.

When the unofficial averages were reported Harry Scheerting of Vernon had an average of .313. However, one of his games was missing a game in which he collected two blinks in three trips. Had he gotten "three for four," he'd have tied Pat Stasey, the leader, at .376 and, of course, could have beaten him with a perfect night at the plate. As it was, he wound up hitting .375 to finish just behind Stu Williams of Ballinger in second place.

Ellis Kinder, who shut out the Yanks in Boston Saturday, blanked the New Yorkers in the last two rounds but an amazing catch by Zarilla saved the game in the ninth. With one down in the home ninth Heinrich wanted a drive to right. Zarilla sprinted to his right, leaped while in full stride, caught the drive, tumbled to the ground but held on to the ball. Kinder then walked Yogi Berra but Hank Bauer fled out to end the game.

The Red Sox opposed the game by scoring three runs in the first inning against Tommy Byrne and Fred Sanford.

Young Mickey McDermott held the lead until the fourth when the Yanks moved ahead with a four run rally. McDermott almost received his walking papers in the second but Zarilla came up with a tremendous catch against the right field stands to rob Johnny Lindell of a three-run homer.

No other games were scheduled.

There's never been an umpire found guilty of anything like some ball players — like throwing a game," Grievie commented.

In the cool of the evening, Grievie said he still intended to report the incident to President Will Harridge of the American League.

"I'll explain the Maps incident," he said, "and also tell how I was pushed by Hook, Yankee Catcher Ralph Houk, and the manager Casey Stengel. I kept Houk in there because he was their only catcher but any other day, you know both would have been out."

The runner slid under Houk and that's all there is to it. Sure, I could have made the easy call, giving it to the home club, but in my heart, I know I made the right call.

Associated Press photographers caught the disputed play. Pictures show plainly that Heinrich's throw beat Pesky to the plate whether or not the tag was made before he slid over with the run, is open to discussion.

Whether Maps will be disciplined by league headquarters is for Harridge to determine. Harridge said he planned to issue a formal statement today.

Classes started yesterday. Among the 131 new pupils are the academy's first Japanese-American and two Negroes.

Skidding Yanks Jolt Followers With 7-6 Loss

By RALPH RODEN

Associated Press Staff

The possibility was strong today that the nation's railroads—and not New York's famed subway system—will transport the participants in the 1949 World Series.

The right of way between Boston and St. Louis is the expected route of the series personnel instead of the hour ride via the underground from Ebbets Field to the Yankee Stadium.

New Yorkers' hopes of a "subway" World Series suffered another rude jolt yesterday when the torrid Boston Red Sox defeated the New York Yankees, 7-6.

The dreams of a dime classic were jarred Sunday when the St. Louis Cardinals moved a game and a half in front of the Brooklyn Dodgers by downing Chicago while Brooklyn succumbed to Philadelphia.

Both the Red Sox and the Cards renew their pennant drives on foreign fields today while the Yankees are at home and the Dodgers idle.

The Red Sox, riding a ten game winning streak, take on the last place Senators in a night game at Washington while the Yanks entertain the better equipped Philadelphia Athletics. The Cards meet the sixth place Pirates in a night game at Pittsburgh.

Joe Dobson (13-11) has been nominated to pitch for the Red Sox against Senator Ace Ras Scarborough (12-11). The Yanks will send Vic Raschi (19-10) against Dick Fowler (14-10).

Red Mungler (15-7) has been picked to pitch for the Cards against Lefty Bill Werie (11-12).

Both the Red Sox and Yankees have five games left to play. The two contenders wind up the season in the stadium with single games Saturday and Sunday following their three game series against Washington and Philadelphia.

The Red Sox outlook is brighter than the Yanks. The spirited men of McCarthy have beaten the Senators 13 straight times. The Yanks have won 12 out of 19 engagements with the A's.

St. Louis will have its work cut out beating Ralph Kiner and company. The Pirates, despite their lowly perch, have split 20 games with the Red Birds.

The Dodgers return to action tomorrow when they open a two game set with the fourth place Braves in Boston.

A disputed squeeze play, that climaxed a four-run eighth inning rally gave the Red Sox their triumph over the Yanks before 66,156 paid onlookers.

Bobby Doerr bunted Johnny Pesky across with the big run. Doerr dropped the ball down the first line. Tommy Heinrich's throw had Pesky beat but Empire Bill Grievie recalled Pesky safe. He said later the Red Sox runner slid under Yankee Catcher Ralph Houk.

The Yanks immediately swarmed around Grievie like a bunch of hornets, claiming that Houk had blocked off Pesky. Houk, a major in the rangers during the war, was the most angered of the Yanks.

Ellis Kinder, who shut out the Yanks in Boston Saturday, blanked the New Yorkers in the last two rounds but an amazing catch by Zarilla saved the game in the ninth. With one down in the home ninth Heinrich wanted a drive to right. Zarilla sprinted to his right, leaped while in full stride, caught the drive, tumbled to the ground but held on to the ball. Hayes Helping SMU Mustangs Respect Rules

By HAROLD V. RATLIFF

Associated Press Sports Editor

DALLAS, Sept. 27. — Out at Southern Methodist University you will find a unique coaching situation. SMU is the only college in the country that has an "officializing coach."

E. O. (Doc) Hayes is the man. It is his duty to watch the squad in training and to remind the boys each time they violate a rule. The players jokingly call him "our off-side coach." But they heed him.

Doc's eagle eye has paid off for SMU. For instance, last year the opposition had almost three times as many penalties and yardage assessed as Southern Methodist, and SMU won every game except one.

Then last Saturday when SMU beat Wake Forest 13-7, the Methodists drew 65 yards in penalties (a little higher than usual for SMU) while Wake Forest was stuck for 110 yards.

It is reasonable to assume that Hayes is responsible for quite a few victories.

Hayes never played football and he also never coached it but he was one of the top high school basketball mentors in Texas. He also was a football and basketball official for more than a dozen years.

Players To Get Playoff Cuts

The players will get the big cut on the gate during the Big Spring-Corpus Christi baseball series which will start here Wednesday night.

Each dollar taken in by the clubs will be divided the following ways:

Ten per cent, after taxes, to each league.

Sixty percent to the players' fund.

Twenty per cent to the clubs. Corpus Christi is due to arrive in town some time today for the first game. George Schepps, owner of the Corpus team, was to fly in from Dallas today to catch the first two games of the series.

COACHES HAPPY LOT

Most Southwest Conference Squads In Top Condition

AP Staff

Conditions are almost perfect at Southwest Conference football camps.

Most of the seven teams came out of Saturday's full schedule of games in near perfect shape.

One, Baylor, had only a few chafes to report, and Texas Christian, which tied Oklahoma A&M, 33-33 in a bruising night game, turned up yesterday without a serious injury. The Frogs expect to get wingback Jimmy Hickey, who suffered a broken nose against Kansas, in uniform today.

Rice Center Joe Watson and Guard Carl Schwanz nursed minor hurts that Coach Jess Neely said would be okay by the game time Saturday with Louisiana State.

Southern Methodist University had two casualties—Bobby Collier and Ken Blackburn, both tackles and both with broken noses. They'll be able to play against Missouri Saturday night in Dallas, however.

Texas had five players on the injured list, but only two—Guard Errol Fry and June Davis—may miss the Idaho game this week.

Bell Official To Address Service Clubs Of City

GEORGE W. BROWN

Service club members take an un-usual "Aourney with Your Voice" at a joint meeting Wednesday noon in the Settles.

George W. Brown, member of the Southwestern Bell Telephone company information department, will demonstrate different means by which long distance conversations are carried.

Rotary, Lions, Kiwanis and American Business club members are scheduled to participate in the meeting.

Brown will demonstrate mysterious "micro-voices," which can shoot a wave through space in a straight line. He will show how music and speech carried in this manner can be reflected with a mirror, and how the volume can be controlled by an ordinary magnifying glass.

Also on display will be a section of "axial" cable, which can carry 14,000 conversations at the same time, and can be used for television transmission. The transmitter, newest marvel of telephone research and which may some day replace the vacuum tube also will be put through its paces. Included will be a demonstration of how, by producing different tones, it can be made to "play" a simple tune.

The program is being provided through John B. Moore, local telephone company manager.

90 PER CENT EFFECTIVE Common Cold Cure Reported By Navy

NEW YORK, Sept. 27. (AP) — A common cold cure which worked 90 per cent of the time, if you caught the cold within the first hour, is reported by Captain John M. Brewster, U. S. Navy Medical Corps.

The cure is not one drug, but at least five, all antihistamines.

Senate Critical Of Plan To Up Executives' Pay

WASHINGTON, Sept. 27. (AP) — The Senate, having agreed to raise in military pay, turned more critically today to President Truman's idea of boosting salaries for top federal executives.

A House-passed bill increasing the pay of cabinet members and other upper-bracket officials is the next major legislation on the Senate schedule. It was listed for action in the day after some other matters are disposed of.

It follows in the wake of Senate passage by voice vote yesterday of a bill giving pay raises to members of the armed forces in almost every grade at a cost of about \$300 million annually.

A similar military pay bill passed the House earlier. House and Senate conferees now will attempt to iron out the differences, which are minor. Raises in the Senate bill range from about \$5 a month for recruits with five months service to \$300 and up for generals with over 30 years service.

Much more controversy has developed over the executive pay bill, for which Mr. Truman made another plea yesterday in a letter to Vice President Barkley.

After a huddle of senators in the office of Democratic Leader Lucas of Illinois, Sen. McFarland (D-Ariz.) said that 24 senators—20 Democrats and 4 Republicans—have offered a compromise which "is being accepted." McFarland is leader of a group which wants to scale down the pay raises Mr. Truman asked.

McFarland said that under the compromise no government officials except cabinet members and a few White House aides would have their pay raised above \$15,000 and none would receive more than a 50 per cent increase.

For cabinet members, that would mean a boost in pay from \$15,000 to \$22,500 instead of the \$25,000 provided in the pending presidentially backed bill.

McFarland said the compromise also would cut the \$16,000 salary provided in the bill for seven White House assistants to \$15,000. But the President would be allowed to employ two at \$20,000 and three at \$18,000.

Fire Driving Toward Two Oregon Towns

By The Associated Press

Residents of two Oregon coastal towns prepared today to move out of their homes as a mile wide forest fire licked down a mountain side and near their doorsteps.

Farm families in another Oregon area in flames were moved out last night.

The fires were among dozens that burst out of control in western Oregon and Southwest Washington Monday.

Smoke hung over timbered mountain ranges in great clouds and hampered the aerial survey plans of foresters. There were reports of injuries among the two thousand men working the fire lines last night. More men and school boys were being recruited today.

Foresters said the burning areas totaled up to 10 thousand acres. The most menacing fire was near the coast resort communities of Cannon Beach and Tolovana Park. A few families left their homes last night (others had packed their belongings). Further inland, west of McMinnville, Ore., state police estimated 80 persons were evacuated from farm and lumber area homes by midnight last night. They were in the paths of three fires expected to merge today.

The coast fire had scorched 2,000 acres yesterday. The McMinnville area zone added up to over 1,000 acres. In Southwest Washington, the Pinchot National Forest had a 1,500 acre timber fire. South of Grand Ronde, Ore., some 3,000 acres were burning.

Russians Can't Stockpile Bombs, O'Mahoney Says

WASHINGTON, Sept. 27. (AP) — Sen. O'Mahoney (D-Wyo.) said today every sign indicates Russia doesn't have the industrial know-how or facilities to stockpile atomic bombs.

O'Mahoney, who led one congressional group in the drive to tighten the secrecy around American atomic developments, told a reporter he doesn't agree with Sen. Hickenlooper (R-Ia.) that information leaks may have speeded Soviet efforts to fire an A-bomb.

"The basic scientific information has been no secret," the Wyoming senator said. "It's the industrial know-how of making the bombs that is important."

"The Russians just don't have the technical abilities nor the facilities to stockpile bombs. Just look at their attempts to produce automobiles. They are far behind and this certainly is a much more complicated matter than producing automobiles."

Hickenlooper told the Senate yesterday that "atomic security policies" by the Atomic Energy Commission had "permitted vital information to filter out of this country."

"I have no doubt that they have helped step up Russia's time table for the production of an atomic explosion by a very substantial period of time," he declared.

Chairman McMahon (D-Conn.) of the Senate-House Atomic Committee took sharp issue with Hickenlooper.

"I didn't know they had woman detectives," Sasaki whined to the magistrate.

Bryan Thomas To Attend Pythian Conclave Here

BRYAN THOMAS

Bryan Thomas, Electra, grand chancellor commander of the Knights of Pythias of Texas, is to be special guest at a regional conclave here today.

Thomas will be featured at a meeting called at 7:45 p. m. in Frontier Lodge No. 43 Castle Hall, Lodges in region No. 8, from Eastland to Pecos, are due to be represented.

The Big Spring Pythian lodge is being honored as site for the gathering because it was the fastest growing lodge in the state for the past year. In two years since its organization it has grown to a membership of 170; has built and paid for its Castle hall; and had a part in other activities. In addition, many Pythians now are working on the Centennial and have a special part in the Centennial.

One of the high spots of today's meeting will be a rehearsal of the Pythian burial service by the Brownwood lodge. This is being done for the enlightenment of new members who have never seen the impressive ceremony.

Among other special guests today will be Cline Pierce, Abilene, grand vice-chancellor; Jack Needham, Brownwood, regional director; O. B. Norman, chairman of the ritualistic committee, who will present proficiency cards to a number of Big Spring members. H. N. Rainbolt, district deputy, has urged a large participation by Big Spring members.

First Group Of Braceros Expected Here Wednesday

The Howard County Farm Bureau hopes to begin assigning the first group of Mexican cotton harvest laborers here by Wednesday although officials in the Bureau office here were reluctant to make a definite announcement.

C. H. DeVaney, state director, said that red tape and unforeseen formalities already had caused serious delays in processing of the laborers in El Paso.

"We hope the way has been cleared, but a person can never be certain in this type of negotiation," DeVaney said.

Latest word received from the local delegation in El Paso indicated that some 300 laborers would be processed there today for assignment in Howard county.

In a telegram to the local office, Cecil Leatherwood and Melvin Choate, who are in El Paso with the Howard county group, urged farmers to keep wage scales stabilized in the cotton fields.

The scale here has been virtually static at \$2.00 per hundred pounds for picking and \$1.50 per hundred for plowing.

The Farm Bureau's approved contract for Braceros is based upon that scale and it is imperative that the prices be retained at that level if the contract is to be fulfilled, DeVaney explained.

The local office hoped to have additional information from El Paso later today.

Volunteers Again Asked For Work On Fair Buildings

A final appeal for volunteer help in putting Fair buildings in shape for the 1949 show, starting Oct. 6 for three days, was voiced today by H. P. Wooten, superintendent.

Wooten urged that men report to the Fair buildings in the airport area at 6 p. m. or thereafter as convenient to help in general clean-up and preparation. He asked that they bring brooms, hammers, shovels and saws if possible.

There can be no personal solicitation for help, and Wooten urged that men accept the appeal as a direct invitation for their help with the Fair.

M. C. Grigsby, chairman of finance and concessions, said that several firms were still responding through purchase of banners for the Fair. This is a means of support open to those not engaging in displays.

Pioneer Resident Of Vincent Dies At Local Hospital

Mrs. Sudie Rutledge, 78, pioneer resident of Vincent since 1891, died at a hospital here at 2:05 a. m. today.

She had been in ill health for six years and seriously ill for several months. Born in Brath county on July 23, 1871, she came with her husband, Charles Rutledge, to Vincent in 1891. With exception of two years they spent in Oklahoma, Mrs. Rutledge had been a resident of Vincent since that time. They retained their holdings for the short time they were away. Mr. Rutledge died in 1902 and was buried in Stephenville.

Services will be held at 4 p. m. Wednesday at the Eberley chapel with the Rev. Epler of the Cosahoma Methodist church officiating, assisted by Rev. Orville Coleman, Vincent Baptist pastor. Burial will be in the New Mount Olive cemetery beside the grave of an only son, Charles Rutledge, Jr.

Surviving are two daughters, Mrs. Willis Winters, Vincent, and Miss Mabel Rutledge, Wichita Falls. She also leaves a sister, Mrs. Alex Yates, Tahoka, and a brother, Pink Henderson, Kaufman. Grand-children surviving are Willis Winters, Jr., William Winters, Vincent, Charles Rutledge, Germany, Don Paul Rutledge, Richmond, Calif., and Mrs. Helen Haggan, San Jose, Calif. Patricia Ann Winters is an only great-granddaughter. Several nieces and nephews survive.

Palbearers will be Ed Carpenter, Binis White, J. H. Hodnett, Frank Whitaker, Lloyd Brannon, and Pat Hardy.

Salvation Army Asks Aid For Victims Of Fire

An emergency plea for help went out from the Salvation Army headquarters this afternoon.

Mr. and Mrs. J. W. Bushing, who live on the western extremity of W. 4th street were dispossessed of their home and all personal belongings by a fire.

Items of clothing, bedding, household goods, etc. are in urgent need. If those who can contribute to their relief will phone the Salvation Army, the gifts will be picked up, said Capt. James Harrison.

City Nurse Will Take Training In Polio Nursing

A Big Spring nurse is to take special training in polio nursing, it was announced today.

She is Helen Trees, who has served here for several years. Miss Trees is entering the University of Colorado at Boulder, Colo. for special work and will do field studies at Denver, Colo. The course will require about a month and Miss Trees is taking it at her own expense.

ACTION IN 1950 SLATED Congress Gives Tax Revision Priority

WASHINGTON, Sept. 27. (AP)—A general revision of federal tax laws was assigned top priority today for congressional action in 1950. It may produce some new taxes in a drive to balance the nation's budget.

Whether the new tax law will bear any resemblance to President Truman's now-abandoned 1949 proposal for a \$4 billion increase—no one now can say. As a general rule, Congress is not disposed to raise taxes in an election year—which 1950 would be.

There were indications that while hunting for new sources of revenue, Congress may actually reduce some levies—probably in the excise list. Some members be-

lieve the wartime excise rates to be burdensome both to taxpayers and to business.

House Speaker Rayburn disclosed the tax bill priority for 1950 in calling for immediate House action on a pending measure calling for expansion of the government's social security program.

The idea, Rayburn said, is to clear the way for the House Ways and Means Committee to tackle overall tax revisions early next year.

The speaker did not say definitely what he expects in the new tax law but he did comment, significantly, that the government cannot indefinitely continue deficit financing—that is, borrowing to pay for day-to-day spending.

This followed a recent statement by Ways and Means Chairman Doughton (D-N.C.), top Democratic tax manager, that "I am opposed to deficit financing except in case of war or serious economic emergency. A balanced budget in the near future, in my opinion, is essential to the economic stability and prosperity of the country."

Some experts are estimating that the government in the current fiscal year ending next June 30, will go into the red by more than \$5 billion.

Oklahoma Tests Liquor Ban For Sixth Time Today

OKLAHOMA CITY, Sept. 27. (AP)—Oklahoma, the last prohibition stronghold in the United States besides Mississippi, will test its 42-year-old constitutional ban on liquor for the sixth time today.

A constitutional amendment to repeal prohibition will be voted upon at a special election. A \$36 million bond issue for public buildings, sponsored by Gov. Roy J. Turner, also is on the ballot.

Fair weather is forecast and predicting a call for a half-million vote turnout, which would be a record election.

David C. Shepard, attorney for the United Dry Assn., forecast a cautious 50 to 2,000 margin for continuance of the liquor ban.

Albert G. Kulp, president of the repeal-advocating Oklahoma Economic Institute, predicted a margin of 55,000 votes for the west with 550,000 votes to be cast.

Church groups have led the fight for prohibition.

If either repeal or the bond issue is approved, a special session of the legislature will be necessary to enact enabling laws.

Kansas repealed its dry laws last November, leaving Oklahoma and Mississippi the lone states in the nation where intoxicating liquor is prohibited.

Bumpus Cove Wins Battle With U. S.

WASHINGTON, Sept. 27. (AP)—Bumpus Cove rang up a victory today over a U. S. Government agency that has been calling it Bumpass Cove.

Bumpus Cove is a little community in East Tennessee, in the Cherokee National Forest. Since 1896 it has been carried on government maps as Bumpass.

Lately, the U. S. Board of Geographic Names sent out a routine proposal that the valley in which the settlement lies be officially listed as Bumpass Cove, too, and the stream on which it lies be called Bumpass Cove Creek.

To the surprise of the place-namers, the local residents raised a clamor heard all the way to Washington. Rep. Phillips (R-Tenn.) went to Tennessee and held a community election on the issue. Every vote was for Bumpus.

Now the U. S. board has not only reversed itself on the proposed names for the valley and creek, but also repealed the 1896 decision and re-listed the village as Bumpus Cove, Tenn.

Gen. Smith Says Reds Lag In Atomic Race

Gen. Walter Bedell Smith, former U. S. ambassador to Russia, says he believes it will take the Soviets 10 years to catch up with this country's present stage of atomic bomb development.

Smith, who now commands the First Army, made the estimate last night in addressing a meeting of Army Reserve officers.

COSTS PYRAMIDING

Alimony Income Tax Has Errol Worried

HOLLYWOOD, Sept. 26. (AP)—Errol is over the barrel.

The income tax he pays on Lill Damita's alimony keeps pyramiding in cost every year. But still says Lill's attorney, it means less out of Flynn's pocket than if she paid it herself.

Two years ago in 1947, Flynn (who since has married and been divorced by Nora Edgington, now Mrs. Dick Haymes) entered into a property settlement agreement with Miss Damita. He agreed to pay her \$18,000 a year.

Provision was made in the agreement that Flynn should reimburse her for any increase in her income tax caused by his payment to her of the \$18,000 alimony.

In 1944, says Adrian Krage, her lawyer, Flynn paid Miss Damita \$18,000 alimony plus \$10,000 taxes on the 1943 alimony. The government held that all this was income to Miss Damita, so she was required to pay taxes on \$28,000 which amounted to \$17,000. Flynn reimbursed her for the \$17,000 in 1945, and additionally gave her the regular \$18,000 alimony.

That was a total of \$35,000 he gave Miss Damita in 1945. The tax on \$35,000 was \$21,000. In 1946 Flynn gave her \$21,000 plus \$18,000, or \$39,000.

In 1947 the tax rates were lowered. The tax on \$39,000 was only \$21,000, the same as it had been on \$35,000 the previous year. So Flynn gave Miss Damita \$39,000 again in 1947.

In 1948 Flynn gave Miss Damita \$18,000 alimony plus \$22,000 on the previous year's combined income.

In 1949, Krage estimates, Flynn will have to pay \$18,000, plus \$23,000 on the 1948 combined total of \$40,000. The totals are deductible from Flynn's income tax report.

However, says Krage, Flynn's income is so high (reported over \$200,000 a year) that the deductions

means more to him than the \$22,000 he paid Miss Damita last year for her income tax. A superior court last week held the agreement was valid, despite protests by Flynn's attorney Robert Ford that Flynn was paying taxes on taxes Ford said he would appeal.

The agreement stands good, says Krage, until Miss Damita dies or remarries.

Fort figures the agreement already has cost Flynn \$50,000 in addition to alimony, "and may run as high as \$100,000."

One bright spot in the picture: Flynn has already settled in full with Nora, his second wife.
