

# PAMPA BECOMES WONDER CITY FIRST NATIONAL BANK WILL EXPAND

## BUILDING TO BE EXTENDED BACK TO ALLEY; QUARTERS TREBLED, ANNOUNCES PRESIDENT FINLEY

The First National Bank is announcing this week that construction will start on an addition to the building it now owns and occupies in the near future. The addition will give the bank three times as much space as it now occupies.

President B. E. Finley said that the addition is being made to take care of the increased business and the need for larger quarters.

When completed the building will be one hundred and forty feet long by fifty feet wide, two stories, and will be the second largest building in the city. The new Johnson building will be first, occupying lots one hundred feet by one hundred feet with two stories.

Larger and more commodious rooms will be provided for President Finley, Cashier DeLea Vickers, the bank directors and the various departments. It is understood that new fixtures will be installed and every appointment will be the most modern obtainable.

That portion of the building not to be occupied by the bank has already been leased.

"Construction of this addition is our answer to what people ask us what we think about Pampa and its future," said Mr. Finley. "We have implicit faith in Pampa and trade territory due to the agricultural growth and oil development."

The bank building is located on what is termed one of the corners at the leading intersection in the city.

## Hotel Pampa Will Be Opened Monday

Hotel Pampa will be formally opened Monday night, according to Mrs. W. E. Bailey, manager. The hotel occupies the second floor of the new R. E. Johnson building and has a large lobby on the ground floor in addition to a dining room.

Mayor F. P. Reid will make a short talk at the meeting opening. An orchestra will play. The public is invited to inspect the hotel, said Mrs. Bailey.

P. A. Croxon of Dallas will be day clerk and Royce Chaney of Lubbock will be night clerk.

## GRIFFITH BROS. TO CONSTRUCT HUGE THEATRE

Griffith Brothers of Dallas have bought a west corner lot 50 by 150 feet near the Ledbetter Drug Co. and plan to build a \$50,000 theatre in the near future. The theatre will probably be completed in about seventy days, Mr. Griffith said Wednesday.

The new theatre will seat 100 people, will be equipped with a \$1000 pipe organ, a cooling system, will present the newest pictures and carry vaudeville.

Griffith Brothers have just completed a \$40,000 theatre in Panhandle and have one in Borger. There are thirty-nine theatres in the circuit belonging to this company. The new theatre will be known as the "Rex".

## MALONE GIVES CITY AMBULANCE SERVICE TO PAMPA SECTION

Real city ambulance service is being given Pampa and this territory by the G. C. Malone Paragator & Undertaking Co.

"We have a Big Six Studebaker ambulance," said Grover Malone. "An investment of that kind shows that the best in ambulance service is possible with this firm."

The Pampa City Directory will be out in a week or ten days, G. W. Gannon announced yesterday.

## R. E. JOHNSON'S NEW BUILDING IS NOW ALMOST COMPLETED

Hotel Pampa, located on West Foster avenue is nearing completion and it is expected that it will be formally opened very soon. Construction work on the building is practically completed and the furniture for the rooms has arrived.

R. E. Johnson, owner of the Johnson Hardware, is the owner of the new building in which the hotel will be located. He has moved his hardware store to the new building to occupy fifty feet on the ground floor. The hotel lobby will occupy twenty-five feet of the ground floor and the Ledbetter Drug will occupy the remaining twenty-five feet. The entire second floor will be bed rooms.

Mrs. W. E. Bailey, formerly of Abilene, will be the owner of the hotel. Mrs. Bailey is experienced in this line, being well known through out this section of the state.

## POST OFFICE MAY OBTAIN NE WHOME AS BIDS ARE ASKED

Bids for new quarters for the post office have been called for and will be received by A. S. Pate, post office inspector, Fort Worth, until Sept. 8, 1926. A lease of five or ten years from Dec. 1, 1926, is asked.

Specifications and blank forms may be obtained at the local post office. About 2,000 square feet are desired.

## Wilcox Addition Well Spudded In

A new well was spudded in on the Wilcox addition to Pampa at 2 o'clock Tuesday afternoon at a depth of about 3500 feet. C. M. Sparlock is the drilling contractor.

A well so near Pampa will mean a great deal to the city, it is believed.

## CHRISTIAN CHURCH

Beginning next Sunday morning the minister will give a series of lectures on the book of Revelation to continue for a few weeks. Because of the symbolism contained in the greater part of the book there has been a general hesitancy on the part of the average student to undertake a reading and study of this wonderful book of the New Testament. These lectures will be confined entirely to a general survey and not a specific study. All who are interested are urged to attend and hear the entire series, and advise others of this course of lectures.

The attendance last Sunday was very good in view of the rain, and especially that of the evening service. We appreciate the efforts that some of the members of the congregation are making in reaching the visitors and new arrivals to Pampa. If you have no church affiliation you are cordially invited to attend the Christian Church. The Bible School convenes promptly at 10:00 a. m. There are departments for each member of the family. The preaching of God's word at 11:00 a. m. and 8:15 p. m.

JAMES TODD, JR., Minister.

## The News Improving

BY DAVE WARREN

The Pampa News is making a large number of improvements in a short time. Owners of The News have faith in Pampa and they have already made purchases of considerable equipment.

Before the end of the week, it is expected that these purchases will run into the thousands of dollars. It will be the policy of The News owners to keep abreast of Pampa and Gray county in the newspaper and job printing line.

Purchases include machinery which will enable us to improve our service both in the job department and in the publication of the newspaper.

Announcement will be made in a short time of an improved illustration service for our advertisers. This service will help to make our advertisements more effective.

The News is making plans to be a semi-weekly newspaper in a short time. Addition of our extra equipment will enable us to make the change without difficulty.

The following advance notice should be given to persons subscribers in regard to our contemplated change to a semi-weekly. You may renew your subscription at the present rates, or new subscriptions will be received at these rates until the semi-weekly News is started.

With the increased service which it is planned to give through the semi-weekly News, it is only fair that a slight advance should be made in the subscription rates.

## FOLLIES TALK OF PAMPA; BIG PERFORMANCE WILL BE GIVEN IN NEW AIRDOME THEATRE

The Follies is the talk of the town. All Pampa is greatly interested in The Follies and Round the Clock with the Debutantes which will be presented Monday and Tuesday nights, August 30 and 31, at the new Airdome Theatre.

Frankie Terrell Young, who has had many years of experience in directing big time productions, is in charge of the cast, which is expected to attract capacity crowds both nights.

Elaborate decorations which can be accomplished only by persons with years of experience and vision will be shown under the auspices of Mrs. Young. The entire cast is optimistic and it is felt that Pampa will have a gala show which will be talked about for many a day.

In the cast are many persons with professional experience. The cast has been training twice a day at the American Legion hall and final preparations are being made this week-end for the performances.

Mrs. Young has a host of friends in this section, as she directed a Round the Clock with the Debutantes, show in Amarillo several years ago. This show was given under the auspices of the Woman's Auxiliary to Hanson Post, American Legion.

Commenting on the play the Amarillo paper said in part:

"From the opening scene to the final curtain, the thirty-six feature scenes and specialties crowded one another with precision and snap that would do credit to the professional stage. To pick a star would be impossible for throughout the play there are scores of local celebrities who adopt themselves to the foot-lights as if that were their sphere in life. From the tiny tots to the grown-ups and society matrons there are stars that loom out merely because they are in principal party, and the choruses and ensemble numbers show the careful training of the whole cast by Mrs. Frankie Terrell Young, director.

During the play the audience is taken around the clock to the land of "let's pretend," back on the farm to the land of the Happy Kewpie kiddies, to the Roll 'Em Jolson, to the grand carabot, Blue Paradise, the Garden party, vacation time, Sunny Italy, France, Russia, to the land of Jazz to the oil fields, to the Orient, and finally back to the bon of the bride and groom."

## Albert Square Is Banned for Shows

A petition from a number of prominent citizens was presented to the city council last Monday night asking that the council prohibit the further use of property known as Albert Square for the purpose of shows or other things that would be objectionable.

The council acted favorably on this request, and even went so far as to place this square in the fire district along with other blocks in the business district, the ordinance for which is published in this issue. The income from the rental of this property has largely been used for public improvements such as curbs and street work in general and other emergency expenditures. The income being discontinued much of this work will now have to stop until other financial arrangements can be made.

## B. E. FINLEY NO. 1 IS SPUDED IN THIS WEEK

B. E. Finley No. 1, located in section 17, block S. Gray, was spudded in this week and is now drilling around 500 feet.

The well is being drilled by the Roxana Petroleum company, and is considered to have exceptionally good surface indications for being another "wonder" well. It is owned by B. E. Finley et al Frait National Bank of Pampa.

## Four Year Old Boy Dies.

J. G. Gantz, age four, son of Mr. and Mrs. J. G. Gantz, died at 2 o'clock Thursday morning. Funeral services were held Thursday afternoon with Rev. James Todd, Jr., pastor of the Christian Church in charge, followed by burial in Fairview cemetery.

Grover C. Malone, undertaker, was in charge of burial arrangements.

## Many Have Tonsils Removed.

Dr. A. Cole has been removing from two to three persons tonsils a day for the last couple of weeks. These had their tonsils removed yesterday morning.

Paul B. Leibmann was in Pampa over the week-end on business.

## BUILDING PERMITS FOR AUGUST TODATE REACH \$133,000; OIL FRATERNITY WATCHING GROWTH

Pampa is becoming the "wonder" city of the Panhandle oilfield. That is the belief expressed by thousands of visitors of Pampa, which is now receiving notice by the entire oil fraternity.

Thousands are watching Pampa and are greatly interested in the city's growth—and it is continuing to grow, as is evidenced by \$133,000 in building permits for August to date.

## Hatton-Keahey Drug Store Is Now Open

Hatton-Keahey Drug Co. is now open in the Martin building on Foster avenue east of the Davis Hardware store. One of the most modern drug stores in the Southwest is the goal set by the owners, who are J. W. Hatton and V. S. (Jack) Keahey, both registered druggists.

Mr. Hatton said that "If it's in a drug store we have it" will be the store's slogan. He was in the drug business in Levelland, Sweetwater and other cities. Mr. Keahey has been a Pampa resident for many years.

## "ROUND THE CLOCK FOLLIES" IS TALK OF ALL PAMPA

A fairly bewildering array of beautiful girls, charming voices elaborate costumes, fanciful dances and music combine to make the big "Folly" show a most interesting social affair.

Tick-tock, tick-tock, tick pretty-tock girls, tick-music, tick-comedy. The big clock has been wound up and you can hear its ticking in various parts of the city. From out a high Actogon clock, debutantes, subdebs, juveniles, stately men and matrons will be given plenty of opportunity to show their talent.

The show is got pourin of musical genius taken from the talent New York successes. Fast, snappy chorus numbers abound throughout the show with no drags, no wails, no encores, just a whirlwind of chorus comedy and novelties. The musical numbers in "Round the Clock" are constantly changed keeping the show up to the moment, altho parts of it have been included in "Round the Clock" shows.

Rehearsals at Legion Hall

Through the courtesy of the American Legion officials all evening rehearsals will be held at their hall on Foster avenue each evening at 7:30 o'clock, all identified are urged to be prompt.

The children rehearsals are at 10:00 o'clock each morning at the high school auditorium.

## \$30,000 HOTEL TO BE BUILT SOON

W. A. Adams, recently of El Paso, who is associated with C. C. Cook in the Duncan Heights addition, is going to build a \$30,000 hotel north of the Methodist church.

The new hotel will be of the old and sturdy, will be 25 feet wide by 140 feet long and will contain forty to forty-six rooms. It will be two stories high.

Bank Representative Here

William Custer, of Chicago, is here visiting his brother, George, manager of the Pampa Ice Co.

Building permits totalling 42 were issued the past seven days by M. A. Turner, city manager.

Fourteen permanent buildings of brick and similar materials ranging in cost from \$17,000 to \$40,000 are among the permits issued.

Two large machine shops, six lumber yards, a great many supply houses, a large hardware store, a number of drug stores, clothing and dry goods stores, restaurants and other business concerns are included in the great building program.

"More people are interested in Pampa right now than they are in any city in the Panhandle," declared a visitor this week. "Everywhere one goes the story is being told of the Wilcox oil field and Pampa's growth."

Many more building projects are under consideration and they will be announced within a few days, contractors state.

## WHITE DEER TO GET 45-ROOM HOTEL

The White Deer Review: Following the closing of a contract with Bennett & Spivey of this place, T. D. Lewis of White Deer announces that he will erect a modern 45-room hotel and office building here.

The contract just closed also calls for another 25x80 foot business building adjoining the three new buildings now under construction and over which the modern hotel and office building will be erected. The new structures will cover a ground space of 100 foot frontage by 80 feet deep, and are located on Main street. When completed this will be one of the most modern hotel and office buildings in this section of the Panhandle country.

Work on the new contract will follow-up the original contract for the one story buildings. The brick work on the original three houses is about completed to the first story at this time, and is being rushed with all possible haste by the contractors.

## ELECTRICIANS TO MEET

There will be a meeting of all master electricians and contracting electricians at the city hall, Tuesday night, Aug. 31, to discuss the new ordinance concerning taking out license and furnishing bond.

## SENIOR CLASS IS ENTERTAINED.

Mrs. W. Parviance, assisted by Misses Susie Mae Meador, Vera Kreizmeter, Leora May, and Bonnie Carr, delightfully entertained the senior class of 1926 with a class reunion, August 26, at the Parviance home.

The evening was spent in various forms of amusement, and as this was the last year meeting of the seniors for this year, each of the class did his best to make it a success.

The guest personnel included: Misses Lorene Blanton, Nellie Hardin, Emma Lissner, Leota Gott, Gracie Russell, Christine Campbell, Donnie Lee Stroupe, Carmen Hawkins, Vera Kreizmeter, Leora May, Susie Mae Meador and Bonnie Carr. Messrs. Clarence Cobb, John Barnhart, Frank Converse, Alex Rainward, John Parviance, Clarence Coffin, and also an out of town guest, Glenn Lee.

The Brazos river has a drainage area of 41,700 square miles, all in Texas. Texas during recent years range from 115 degrees as highest to 15 degrees as lowest.

**NUMBER ARRESTED BY SHERIFFS FORCE EARLY THIS WEEK**

Sheriff E. S. Graves and his force have been very busy this week. The most of the arrests made were for drunkenness. Eleven were arrested Sunday on charges of vagrancy and two men charged with drunkenness, Monday night. Two men charged with drunkenness, two charged with fighting, and two charged with writing bad checks were arrested Tuesday night. George May of Plainview spent Friday night with P. J. May and family.

**ORDINANCE ON DRY CLOSETS PASSED BY CITY COUNCIL MON.**

An ordinance regulating the construction and maintenance of dry closets was passed by the city council in a meeting Monday night. The fire limits of the city were extended and a change was made in the plumbing ordinance.

The ordinance on dry closet construction provides that a structure be built that will not be accessible to flies and insects and maintained in a sanitary way with a water proof roof and a way to be kept clean. The ordinance will take effect after Sept. 1 and any offender will be punished by a fine not exceeding \$200. Information concerning cans, can be obtained at the office of the city manager.

The plumbing ordinance was changed from a fee of \$25 for license to \$50 and the bond required was raised from \$1000 to \$5000.

The fire limits were extended to include Foster avenue and half of each block on each side of Foster Av. west of Albert square and prohibited further use of Albert Square for shows or other commercial purposes.

**NEWSPAPER ADVERTISING HELPS WITH THE SERVICE**

The use of advertising has shortened by one-half the time that would have been needed without it to obtain the present widespread use of electricity, gas and telephone in the home of the people, according to W. H. Hodge and H. M. Bylesby & Co., Chicago, speaking before the annual meeting of the Public Utility Advertising association of which body he is retiring president.

"Public utility companies are now fully alive to the value of regular newspaper advertising and are using it on an efficient and economical basis throughout the United States," he said. "Seventy per cent of all the advertising expenditures of these companies is for space in the newspapers, large and small."

"The greatest thing that can happen to progressive, well managed utilities would be universal knowledge of their business and problems. The modern utility believes in frank publicity of its affairs and believes that advertising is the best medium for getting the facts impressed upon the public mind."

Old Bill Horner was having his will made and among other provisions asked to have his Ford car buried with him.

"What's the idea of that?" asked his lawyer.

"Oh," said Bill with a chuckle, "I ain't never seen the hole yet that fiver couldn't pull me out of."

Mrs. Smith—"Gracious, Mary! Why are you trying to feed birdseed to the cat I told you to feed the canary."

Maid—"Well, there's where the canary is, mum."

**OKLAHOMA CENTERS TO BE CONNECTED WITH TEXAS TOWNS**

The Admore, Vernon and Lubbock railroad was chartered recently by a group of men from Kansas Oklahoma and Texas. The road is capitalized at \$500,000.

It will extend from Ringling, Okla., a point on the N. M. and P. railroad, through Waurika and Grandfield, Okla., Dickens and Croton, Texas, making connection with the Santa Fe at Lubbock.

With the completion of this project Texas will have a much shorter route to the principal Oklahoma markets. A great saving in freight between the two points should be effected.

More than a billion and a half cubic feet of natural gas is used by public utility power plants in Texas as fuel each month—about one-third of all the gas so used in the United States.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS,  
TO THE SHERIFF OR ANY CONSTABLE OF GRAY COUNTY—  
GREETING:

You are hereby commanded to summon S. T. Nixon, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in any newspaper published in the 31st Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 31st Judicial District, to appear at the next regular term of the District Court of Gray County, to be holden at the Court House thereof, in Lefors, Texas, on the 4th Monday in Sept., A. D. 1926, the same being the 27th day of September, A. D. 1926, then and there to answer a petition filed in said Court on the

23rd day of August A. D. 1926, in a suit, numbered on the docket of said Court No. 1606, wherein Rhoda Mae Nixon, Plaintiff, and S. T. Nixon, Defendant, and said petition alleging that plaintiff is bona fide inhabitant of Gray County, Texas, for more than 12 months preceding filing of this suit; that plaintiff and defendant were married on September 19th 1921; and lived together until July 24th, 1924, when defendant voluntarily abandoned this plaintiff; that defendant cursed and abused plaintiff, calling her vile names, and left her alone days at time when she was sick and helpless without any aid or help, thereby greatly endangering her life; that all of such actions renders their living together as husband and wife insupportable; plaintiff ask custody of their two small children, Lillian Elizabeth and Geo. W. Nixon, and relief, general and special.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my Hand and the Seal of said Court, at office in Lefors, Texas this the 23 day of August, A. D. 1926.

CHARLIE THUT,  
Clerk, District Court, Gray County.  
(22-4c)

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS,  
TO THE SHERIFF OR ANY CONSTABLE OF GRAY COUNTY,  
GREETING:

You are hereby commanded to summon Sam Hays by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Gray County, to be holden at the Court House thereof, in Lefors, on the fourth Monday in September,

1926, the same being the 27th day of September, 1926, then and there to answer the petition filed in said court on the 25th day of August, 1926, in a suit, numbered on the docket of said court No. 1614 wherein Vallie Hays is plaintiff, and Sam Hays is defendant, the nature of said suit being for divorce from bonds of matrimony plaintiff alleging that the defendant has abandoned the plaintiff for a period of three years with the intention of abandonment.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

WITNESS CHARLIE THUT, Clerk of District Court of Gray County.

GIVEN under my hand and seal of said court in the town of Lefors, this the 25 day of August, 1926.

CHARLIE THUT,  
Clerk of the District Court of Gray County, Texas.  
(22-4c)

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS,  
To the Sheriff or any Constable of Gray County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Gray if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Gray County, for four consecutive weeks previous to the return day hereof, J. A. Klaassen, J. D. Voyles, E. V. Holman, J. B. Williams, O. L. Williams, wife of J. B. Williams, E. G. Bodkin, W. P. Cunningham and E. O. Yokum, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Gray at the Court House thereof, in Lefors, on the fourth Monday in September, 1926, the same being the 27th day of September, 1926, then and there to answer a Petition filed in said Court, on the 25th day of August, A. D. 1926, in a suit numbered on the Docket of said Court No. 1613, wherein S. T. Hardin is plaintiff J. A. Klaassen, J. D. Voyles, E. V. Holman, J. B. Williams, O. L. Williams, wife of J. B. Williams, E. G. Bodkin, W. P. Cunningham and E. O. Yokum, are defendants.

The nature of the plaintiffs demand being as follows, to-wit: Suit in trespass to try title and for damages, upon the following described land and premises situated in Gray County, Texas, to-wit: Being all of Lots Six (6) to Twenty (20), inclusive in Block Number Thirty-four (34), in the town of McLean, Gray County, Texas.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

GIVEN under my hand and seal of said Court, at the office in Lefors this the 25th day of August, A. D. 1926.

CHARLIE THUT,  
Clerk District Court Gray County, Texas.  
(22-4c)

Gray on the 27th day of September A. D. 1926 at the Court House thereof, in Lefors, Texas, then and there to answer a petition filed in said Court, on the 26th day of August A. D. 1926, in a suit numbered on the docket of said Court No. 1618, wherein E. J. Heiser is plaintiff and Lois Heiser is defendant.

The nature of the plaintiffs demands being as follows, to-wit:

That defendant Lois Heiser voluntarily left the bed and board of this plaintiff for the space of three years with the intention of abandonment, without the cause or consent of this plaintiff; Plaintiff prays for a divorce and for general relief.

HEREIN FAIL NOT, And have you before said Court, on the first day of before said Court, on the first day of your endorsement thereon, showing how you have executed the same.

GIVEN under my hand and seal of said Court at office in Lefors, Texas, this, the 26th day of August, A. D. 1926.

A. S. PAGE, Post Office Inspector, Fort Worth, Tex.

**AN ORDINANCE REGULATING THE CONSTRUCTION AND MAINTENANCE OF DRY CLOSETS INSIDE THE CORPORATE LIMITS OF THE CITY OF PAMPA, TEXAS.**

Be it ordained by the City Council, of the City of Pampa, Gray County, Texas.

**Section 1.** That from and after the 1st day of September, 1926, all dry closets located within the corporate limits of the City of Pampa shall be so constructed and maintained as to prevent the access of flies and insects to the closets and all night soil, and for such purpose shall be constructed as follows:

a) The closet and the compartment under the seat in which stands the night soil shall be tightly constructed of sound lumber, without cracks or crevices. Any opening for ventilation shall be covered with wire fly screening. There shall be at the back or side of the night soil container, an opening for the removal of the night soil container, which opening shall be provided with a tightly-fitting, let-down board cover hinged to the house and so constructed as to prevent the access of flies to the night soil. This cover shall be provided with a hook or button and shall always be kept closed and fastened. When practicable, the opening shall abut on a public alley and in any event it shall be located so as to be readily accessible to the scavenger.

The night soil container shall rest on the floor at least six inches from the ground, and two inches below the floor of the closet. The seat opening in the closet shall be provided with tightly-fitting, hinged, self-closing covers of sufficient size to completely cover the opening in the seat.

(b) The roof of each dry closet shall be water tight and so constructed as not to shed water into the night soil container. The doors of all dry closets shall be tightly fitting and self closing, and any windows or opening for ventilation shall be covered with wire fly screens not coarser than fourteen to the inch. All dry closets shall have at least one opening of not less than six inches square for ventilation, and shall run from the box used for the night soil container, at least six inches above the roof.

(c) All dry closets existing at the time this ordinance shall take effect and are not constructed in compliance with the provisions of this ordinance, are hereby condemned, and shall be immediately reconstructed or repaired so as to be in accordance with the provisions hereof, and it shall be the duty of the owner or persons in charge or control of the property upon which such closet is located or the agent of such owner, if the owner be a non-resident to make such alteration or improvements as will fully comply with and meet the requirements and intent of this ordinance and so as to prevent said closet from being a menace to public health.

(d) Whenever in the opinion of the City Health officer or his duly authorized agent, the condition of any such closet is such that it cannot be altered to meet the requirements of this ordinance and be maintained in a sanitary condition, the owner or

person in control of the property upon which said closet is located, or the agent of such owner, if he be a non-resident, shall within 15 days after notice from the City Health officer or his duly authorized agent, provide a new closet constructed in accordance with the provisions of this ordinance.

**Section 2.** All dry closets shall be kept clean and in a strictly sanitary condition at all times. The night soil containers shall be emptied, cleaned and disinfected at least once each month and more frequently if in the opinion of the City Health Officer, or any of his duly authorized agents, this is necessary. The door of the closet shall not be allowed to remain open at any time unless there is a self closing screen door, in addition to that required under this ordinance. No wash water or garbage, kitchen slop, or other liquid wastes shall be emptied into the dry closet. Every dry closet shall be provided with a box of dry earth or powdered lime, enough of which shall be added each day to the night soil container to absorb the excess moisture and prevent odor. No night soil from any person suffering from typhoid fever or other serious bowel trouble shall be deposited in any dry closet without being previously disinfected in such manner as directed or approved by the City Health Officer or his duly authorized agent or representative.

**Section 3.** The maintenance or use of any dry closet which is not constructed and maintained in accordance with the provisions of this ordinance from and after the 1st day of September 1926 is hereby declared a nuisance and unlawful.

**Section 4.** That this ordinance shall not repeal the provisions of any ordinance not in direct conflict herewith and does not prohibit the construction of septic tanks or cess pools, constructed under the supervision of the City Engineer or under plans approved by him, but will be deemed cumulative of all existing ordinances of the City of Pampa not in conflict with the terms thereof.

**Section 5.** Any person or persons, firm or corporation, violating any of the terms or provisions of this ordinance or failing to comply within 15 (fifteen days) with the written instructions thereto of the City Health Officer, or his duly authorized agents, shall be deemed guilty of a misdemeanor and upon conviction shall be fined any sum not exceeding 200 (Two Hundred) Dollars.

**Section 6.** That it is declared that an emergency exists, affecting the health conditions of this City, and this ordinance shall take effect on and after its passage.

F. P. REID, Mayor.  
M. A. TURNER, City Secretary.

I, M. A. Turner, City Secretary of the City of Pampa, hereby declare that this ordinance was properly approved and passed at a meeting of the City Council on Aug. 23rd, 1926.

M. A. TURNER, City Secy.  
Approved by  
ARCHIE COLE, City Health Officer.

J. F. STUDER, City Attorney.

**AN ORDINANCE TO AMEND SECTION ONE (1) OF CITY ORDINANCE NO. 36 WHICH WAS PASSED AND APPROVED BY THE CITY COUNCIL OF THE TOWN OF PAMPA, TEXAS ON THE 12TH DAY OF MARCH A. D. 1923, AND ENTITLED, CITY ORDINANCE NO. 36, TO REGULATE THE CONSTRUCTION, MAINTENANCE, REPAIR AND REMOVAL OF BUILDINGS WITHIN THE CITY OF PAMPA, AND PRESCRIBING PENALTIES FOR VIOLATIONS THEREOF, BY INCLUDING ALL OF ALBERT SQUARE, PART OF BLOCK 16, PART OF BLOCK 3, ALL OF RESERVE BLOCK ADJOINING ALBERT SQUARE ON THE SOUTH, PART OF BLOCK 5, ALL OF RESERVE BLOCK ADJOINING ALBERT SQUARE ON THE SOUTH, THE EAST HALF OF BLOCKS 6 AND 11, AND WEST HALF OF BLOCK 5, WITHIN THE FIRE LIMITS OF THE CITY OF PAMPA, AND AMENDING SECTION 5, PROVIDING THAT NO FRAME BUILDINGS SHALL BE MOVED ONTO NOR CONSTRUCTED WITHIN THE FIRE LIMITS OF THE TOWN OF PAMPA, TEXAS.**

**Section 1.** That section (1) one, of city ordinance No. 36 known and entitled "An act to regulate the construction, maintenance repair and removal of buildings within the city of Pampa, and prescribed penalties for the violation" be amended so as to read,

**Section 2.** The provisions of this ordinance shall apply to and be extensive within the boundaries now designated, or which may hereafter be designated, as the fire limits, of the City of Pampa, except such provisions as are by special reference

made applicable to all territory within the City limits.

**Section 3.** That section 5 of said ordinance be amended to read as follows,

That on and after the date of publication of this amendment there shall not be constructed within the territory named herein, any buildings of any kind or character, except those that are permitted, under section 5, ordinance No. 36,

That all of the provisions of said ordinance shall apply to

All of Albert Square, and all of the

Reserve Block adjoining Albert Square on the South,

All of Lots, one (1) to six (6) both inclusive, and nineteen (19) to twenty-four (24) both inclusive in Block Sixteen (16).

All of Lots one (1) to eight (8) both inclusive, in Block three (3).

All of lots one (1) to twelve (12) both inclusive, in Block six (6).

All of lots thirteen (13), to twenty-four (24), both inclusive, in Block five (5).

All in the original map or plat of the city of Pampa, Texas.

The foregoing ordinance was passed by the City Council, of the City of Pampa, Texas, on the 23rd day of August A. D. 1926, approved by the Mayor on the same date, and becomes effective on and after its publication.

F. P. REID, Mayor of Pampa.  
M. A. TURNER, City Secretary.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF PAMPA:

Section 1. That the City Electrician and his assistants be, and they are hereby authorized, empowered and directed to regulate and supervise generally all electrical apparatus and machinery, and the stringing, placing and attaching of electric lights and power, telephone, telegraph and other electrical wires of any nature whatsoever, now or hereafter placed, in and in any manner directly attached to any building or any tent or similar structure in the City of Pampa, and to inspect and reinspect all such electrical apparatus, machinery and wires which they consider to be of sufficient importance or hazard to require such inspection, so as to prevent fires, accidents or injuries to persons or property, and to cause all such electrical apparatus, machinery and wires to be so constructed, placed, supported and guarded as not to cause fire or accident or endanger life or property; and any and all such electrical apparatus, machinery and wires now existing or hereafter placed shall be subject to such inspection and supervision.

That the said City Electrician and assistants shall be, subject to the order and direction of the Board of Aldermen. The said City Electrician and assistants are hereby vested with full authority to enter any building or premises and any manhole, subway or plant at any time in the discharge of their duties and to pass upon and decide any question arising under the provisions of this ordinance, or any ordinances that may be hereafter passed, relative to the manner of construction or the materials and devices to be used in the erection, alteration or repairs of any electrical apparatus, machinery, wires or material.

Section 2. No individual, firm or corporation shall enter upon the erection, construction, alteration, or change of any electrical installation, work, wiring or setting of electrical machinery until the said individual, firm or corporation has secured a license as hereinafter provided and has executed and delivered to the City of Pampa, a good and sufficient bond in the sum of Five Thousand (\$5,000.00) Dollars, having thereon two or more sureties approved by the Pampa Aldermen, one of which shall be an approved surety company doing business in the State of Texas, conditioned for the faithful performance of all work entered upon or contracted for in strict accordance and compliance with the terms, requirements and provisions of this ordinance and such further and future ordinances of the City of Pampa as may be hereafter passed. Said bonds shall be further conditional that such person, firm or corporation shall without additional cost to the person for whom the work is done remedy any defect therein due to faulty workmanship or incorrect construction or due to faulty material furnished or used by such person, firm, or corporation, and that such person, firm or corporation, shall reconstruct or repair such work to the satisfaction of the City Electrician of the City of Pampa at any time within one year after the construction, repair or installation; and after forty-eight (48) hours notice from the City Electrician to reconstruct or repair the same, and the opinion of the City Electrician shall be binding on the parties thereto, which bond shall for such purposes be in force for one year after work of electrical construction, repairs or electrical installation is done and one recovery shall not exhaust said bond, but said bond shall be a continuing obligation against the sureties thereon until the entire amount thereof shall have been exhausted. That in case the bond herein provided for shall be decreased on account of any recovery which may be obtained, arising out of the violation of any condition of the same, the Board of Aldermen shall require, upon notice of such fact, an additional bond to be given by any such person, firm or corporation, in accordance with this ordinance in an amount sufficient when added to the unexpired amount of the original bond to be at all times equal to the sum of Five Thousand (\$5,000) Dollars. The City of Pampa may, for itself or for the use and benefit of any person injured or damaged by reason of failure to repair any defective electrical construction, repairs, or installation or for the failure or refusal by any person, firm or corporation to pay any of the fees required by this ordinance, maintain suit on said bond in any court having jurisdiction thereof, or suit may be maintained thereon by any person injured or damaged by reason of the failure of any person, firm or corporation, who shall do any work of electrical construction

repairs or installation, to observe the conditions of said bond.

That the bond herein required to be executed by any person, firm or corporation doing any work of electrical construction, repairs or installation in the City of Pampa shall expire on first day of January succeeding, and shall thereafter be re-executed by such person, firm or corporation for the period of one year from said date, provided that any person, firm or corporation doing any work of electrical construction, repairs or installation, at any time after the first day of January of any year shall execute a bond for the unexpired portion of said year; that is until the first day of January of the next succeeding year, it being the intention of this ordinance that all such bonds shall expire on the first day of January of each year and that as near as possible and practicable, all bonds shall be executed for a period of one year. All bonds heretofore executed to the City of Pampa by any person, firm or corporation for the doing of any electrical construction, repair, or alteration in the City of Pampa shall expire on the first day of January, succeeding, regardless of date stated in any such bid for the expiration thereof; provided, however, that the ordinance shall not be construed to diminish, in any manner, the liability of any surety or principal of any such bond prior to the first day of January, succeeding.

That upon the approval of said bond by the Board of Aldermen, the individual, firm or corporation desiring to do such erection, construction, alteration, repairs, setting of electrical machinery, or changes of electrical installations, shall secure from the City Secretary of the City of Pampa, a license, which license shall run until the first day of January next succeeding its issuance, unless sooner revoked and shall not be transferable. In the event of the dissolution of any company or partnership holding any such license, the member retaining such license shall be required to renew the bond herein provided for within thirty days after such dissolution. This license is in addition to the license required of all persons engaged in electrical work and given upon the passing of the examination required by other ordinances.

That the names of each and every member or representative of any firm or co-partnership obtaining a license shall be given to the City Secretary, and all such names shall be inserted in the said license. The person, firm or corporation obtaining such license shall pay to the City Secretary of the City of Pampa, the sum of Fifty (\$50.00) Dollars as an annual license fee therefor, provided that if said license is issued after January of any year the license fee shall be for the proportionate remaining part of such year computed from the first day of the month in which the same is issued.

A contracting electrician must have the license and bond herein provided for. A journeyman electrician who merely works for a contracting electrician is not required to furnish the bond or license herein provided for, but need only secure the license showing he has successfully passed the examination as a journeyman electrician. No one need furnish the above bond and license except the employing or contracting electrician. This ordinance must be constructed with the ordinance requiring examinations.

Section 3. No person, firm or corporation shall enter upon any work of maintenance of any electrical installation, work, or wiring in the City of Pampa until proper application has been made to and approved by the City Electrician and a permit issued covering this class of work, which permit may be issued for any time not exceeding one month. No such permit shall be granted until a license for such class of work shall have been secured by such person, firm or corporation. Application for such license shall be approved by the City Secretary with the Board of Aldermen, and if such application be granted, City Secretary shall issue such license upon the payment of such person, firm or corporation of the sum of Ten (\$10.00) Dollars as an annual license fee, which license shall run until the first day of January next succeeding its issuance unless sooner revoked; provided that if such license is issued after January of any year the license fee shall be for the proportionate remaining part of such year computed from the first day of the month in which the same is issued. Such license shall not be transferable.

The term "work of maintenance" as used herein, shall apply only to the repairs necessary to keep the installation in a safe condition, and under no circumstances shall a maintenance operator install new

material as applied to extensions, or in any way increase the size of the installation.

No bond shall be required of persons who engage solely in the "work of maintenance."

Whenever any person, firm or corporation, violates the terms of this ordinance or other electrical ordinances of the City of Pampa, and has a license and bond, the Mayor of Pampa on conviction, or the Board of Commissioners, after a fair hearing, may cancel such license and such person, firm or corporation shall not thereafter be permitted to engage in or do any character of electrical work or secure another license for a period of one year.

If anyone does any electrical work improperly or unlawfully and fails to rectify same properly when notified to do so, such person, firm or corporation shall not thereafter receive any permit to do other work until such defective, improper or unlawful work has been corrected.

Section 4. That it shall be unlawful for any person (firm or corporation) holding a license, to transfer same or to allow the use of same directly or indirectly by any other person for the purpose of obtaining a permit to do any of the electrical work herein specified.

Section 5. No individual, firm or corporation shall enter upon the erection, construction, alteration or change of any electrical installation, machinery, work or wiring in the City of Pampa, until a permit has been issued by the City Electrician, covering each installation to be made, and when required by the said City Electrician plans and specifications for the proposed work must be filed with him before the permit is granted or during the progress of said work; provided, however, the City Electrician may issue a general permit to such individual, firm or corporation owning or controlling any building for a term not exceeding three (3) months from the date thereof, authorizing minor alterations or changes, but such permits shall be revocable. No permit will be required for the installation of wires to operate electrical bells, gas lighting apparatus, house annunciators, burglar alarms, telephone, telegraph, district messenger, watch clock, fire alarm, or other similar instruments if current operating same is of less than 25 volts potential.

When any wiring or apparatus is installed in such a manner that the same could be used for electric light or power purposes under the provisions of this ordinance, it shall be deemed that the said wiring or apparatus is to be used for such purposes and permit shall be required and inspection made as provided for such.

Section 6. On written application made to the City Electrician by any person, partnership or corporation, who has secured license as hereinbefore stated, it shall be the duty of the City Electrician to issue a permit, permitting each person to install electrical wiring as set forth in his application.

Fees to be paid to the City of Pampa for permits shall be the following:

Inspection fee for all classes of electrical work shall be charged as per following schedule and statement rendered at the end of each calendar month to the person, firm or corporation taking out same.

These charges to be paid to the City Secretary not later than the 10th day of the succeeding month; failure to pay such charges as above provided, shall forfeit such person, firm or corporation's right to obtain other permits until such charges are paid.

- (1) Roughing in electric lighting, one circuit Fifty (\$50) Cents. Each additional circuit Twenty-Five (\$25) Cents.
(2) Motors and Rectifiers—for all sizes of Motors and Rectifiers One (\$1.00) Dollar each.
(3) Fans and Fixtures—One to five of either fans or fixtures, the sum of Fifty (\$50) Cents. All in excess of Five, Ten (\$10) Cents each.

A maximum charge of Fifty (\$50.00) Dollars shall not be exceeded on any one permit for any one building.

Section 7. When for good and sufficient cause it is necessary to have electricity or any installation before final certificate can be issued, the City Electrician may, if all parts to which current is applied are in a safe and satisfactory condition, issue a temporary certificate. Provided, further, that a temporary certificate if installed satisfactory to the City Electrician, will not be required to make connections to permanent service until after permanent certificate has been issued. Provided that before said temporary certificate is issued, the party requesting same shall pay to the City of Pampa One (\$1.00) Dollar. The temporary cer-

tificate then received shall be in force for a period of thirty days from its issue, and if at the end of thirty days the installation is still incomplete, another temporary certificate shall be taken out for the next thirty days, and each succeeding thirty days thereafter, and for each term so requested, the fee shall be One (\$1.00) Dollar.

Section 8. The City Electrician shall have, and is hereby given authority to refuse to issue a permit for the installation of electric wiring, as herein provided, or for any additions or extensions to any electrical wiring in or any building, where, in his estimation, the wiring done or proposed to be done, is unsafe or not in accordance with the provisions of this ordinance. If, after a permit is issued, the work installed under such permit for any reason does not comply with the regulations of this Ordinance, the City Electrician shall refuse to issue a certificate of inspection.

No Electric Light or Power Company shall connect to any electrical installation of any kind whatsoever until furnished with a certificate of inspection or a permit for such connection duly executed by the City Electrician.

Provided that all Electric Light and Power Companies, shall upon written notice from the City Electrician disconnect from any circuit or service designated by said notice, and shall not reconnect to said circuit or service except upon written notice from the City Electrician.

Section 9. Whenever any electrical wiring or other apparatus is found by the City Electrician to be unsafe, or defective in an insecure condition, he shall notify the owner or person in control thereof in writing to repair or remove the defective wiring or apparatus, and upon the owners failure to repair or remove the same within such time as the City Electrician may deem necessary, which time shall be stated in such notice, the said City Electrician shall cause the service connected to such wiring or apparatus to be disconnected. He shall report all violations of this Ordinance to the City Attorney for prosecution.

Section 10. It shall be unlawful for any owner, contractor or workman to, in any manner, interfere with any electric wiring being installed in or on any building. If in the course of erection of building, the wiring is in such a position as to interfere with its erection or completion as called for by the plans, notice shall be immediately given the person installing the wiring and the needed change shall be made by such person. No wood or metal work is to be placed within one inch of an electric conductor. On inspecting the electrical wiring of any building the City Electrician shall leave a notice in the form of a tag or label attached to the service. This notice shall clearly state whether the wiring is approved or is to be kept open for correction, and no person shall lath, ceil, or in any manner conceal any electrical wiring until they are informed and know that such wiring has been approved by the Electrical Inspector. The general contractor or owner shall be held responsible for any violations of this section.

It shall be the duty of the City Electrician to immediately notify the Electrical Contractor of said defects, and defects must be corrected within twenty-four hours from said notice. The City Electrician shall furnish such person or licensed Electrical Contractor with a certificate, which certificate shall state that such wiring is approved only so far as the roughing in it is concerned, and that it is not the final certificate, and does not entitle the Electric Light or Power Company to connect its service lines or meter to such wiring. The certificate entitling the Electric Light or Power Company to connect its service to wiring shall be furnished after all fixtures are in place and final inspection made.

The City Electrician must, in all cases, inspect any electrical wiring within the corporate limits of the City of Pampa within forty-eight (48) hours of receipt of notice from the Electric Wiring Contractor. (Holidays and Sundays shall not be included in this time.)

Section 11. Rules and Regulations of the Pampa, Southwestern Public Service Co. regarding service and meter installations and the kind and character of service to be rendered as passed and approved by the Board of Aldermen of the City of Pampa from time to time are incorporated herein and made a part hereof.

Section 12. All electrical wiring for light, heat and power purposes hereunder to be used or installed within the City of Pampa, and as respectively described in the following subsections hereof, shall in all

cases be contained and encased in rigid metallic conduit, viz:

a. All electric wiring in building situated in the fire district, or what is known as the fire limits, all brick, tile, concrete and all commercial buildings, and in all buildings where five or more circuits are installed.

b. All electric wiring for inside decorative lighting and display windows, provided, however, that the City Electrician may grant permission for a period not exceeding ten days for temporary decorative or display lighting to be installed with open wiring after which period such installation shall be removed.

c. All electric wiring in building known in the building trade as "Fire Proof" or of "Slow Burning Construction" and "All Concealed Wiring Between Floors."

d. All electric wiring in apartment houses of four or more apartments.

e. All electric wiring in grain elevators, or places used for the storing of grain, express houses, freight houses, storage or warehouses, all classes of mills, factories, livery stables, garages, hotels, laundries, churches, theaters, moving picture shows, machine shops, buildings used for manufacturing purposes, places of public assembly, buildings used for storing gasoline and other readily inflammable materials and all classes of printing press buildings where more than one machine is installed that is run by electric power.

f. All motor wiring in any building where the motor is one-half horse-power or more, the conduit of which shall in every case come flush with the terminal side of the motor and be equipped with an approved fitting.

g. Will be required on all installations and shall be continuous, from entrance to main line switch and from main line switch to distributing cabinet.

h. All supply wiring for electric signs.

i. Lead covered cable shall be used in all underground conduit services, and all conduit exposed to moisture, and shall be continuous from entrance to main line switch.

j. Armoured cable will not be approved for concealed use between floors.

k. Plans and specifications for installations in all classes of cold storage, refrigerating and battery charging equipments must be submitted to the City Electrician for approval before installation is made.

Section 13-1. All Bell Ringing Transformers must be placed in metal approved cabinet boxes and on separate circuit not to exceed 3 amp. A.

2. All current consuming openings, installed on main ceiling, to be used for general illumination in store rooms must not be more than four openings to the circuit.

3. In no case shall there be more than twelve current consuming openings allowed on any one circuit in other classes of installation.

4. Receptacles in kitchens and laundries must be on separate circuits, one receptacle to the circuit, and must have an approved pilot receptacle.

5. All bathroom, closets, kitchen, basement and private garage fixtures must be controlled by wall-switches.

6. Panel Board shall be required on all conduit installations of four or more circuits.

7. No main or sub-feeder wire shall be smaller than No. 10 gauge wire.

8. Any electrical installation not specifically covered by this ordinance must be approved by the City Electrician.

9. That the rules and regulations of the National Board of Fire Underwriters embodied in its "National Electrical Code," published in 1925 and such subsequent codes, amendments and supplements of said

National Board of Fire Underwriters may hereafter adopt are hereby adopted as the Rules and Regulations to govern and to be observed and followed in all electrical wiring and in all constructions, installation, repair, alteration, operation and maintenance of electric wiring, work, apparatus, and fixtures except an otherwise specially provided in sections of this ordinance and the same are hereby made a part of this ordinance as fully and to the same extent as if copied herein in full. That any printed book entitled "National Electrical Code" containing the regulations of the National Board of Fire Underwriters for electrical wiring and apparatus are recommended by the National Fire Protective Association for the year 1925 or for any subsequent year, and all books containing supplements or amendments to such code which purport on their face to be the rules and requirements of the National Board of Fire Underwriters governing such matters, shall be admitted in evidence with the same force and effect as the original rules and regulations without other or further proof and the interpretation of such code by the City Electrician shall be final and conclusive.

10. The terms of this ordinance shall not be construed to operate any electrical contract or the existing ordinances if the performance of the work under such contract or contracts has been undertaken and are unfinished at the time of the taking effect of this ordinance if the work thereunder is done in accordance with the provisions of the ordinance in force at the time such contract was entered into.

11. That any person, firm, or corporation who shall violate any of the provisions of this ordinance or who shall fail to comply with the requirements of this ordinance or of the National Electrical Code, hereby adopted shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding Two Hundred (\$200.00) continuation of any violation of the provision of this ordinance shall cost Dollars, and each and every day's statute and be deemed a separate offense. That in case of any such violation of any of the terms or provisions of this ordinance by any corporation, the officers and agents and person or persons actually performing the work for such corporation shall be subject to the penalties herein provided.

Section 14. Nothing herein shall be so construed as applying to any electric light or power, its agents, servants and employees conducting its business under a franchise granted by the City of Pampa in the installation, repair, maintenance, removal or replacement of electric wiring, machinery or equipment owned or operated by such electric light and power company in the City of Pampa.

Section 15. The absence of any adequate ordinance regulating the installation, operation and maintenance of electric wires creates an emergency requiring for the immediate preservation of the public safety that this ordinance shall become effective at once, and it is therefore ordained that this ordinance shall become effective immediately upon its passage as is provided in the charter in such cases.

Passed August 23rd, 1926.

F. P. REID, Mayor.

M. A. TURNER, City Secretary.

THOSE big red letter days on the calendar mean particularly sumptuous dinners to the average American housewife. Her family expects something in the nature of roast turkey, duck or chicken. Of course, the home manager doesn't want to serve the same thing each year and as a consequence, she spends hours in hunting recipes and planning new things in the menu line.

The appended menus for the holiday dinner and supper may prove a welcome change to your family.

- Dinner.**
- Grapefruit Baskets
  - Nuts - Olives - Celery
  - Roast Duck - Giblet Gravy
  - Peasut Stuffing, Mashed Sweet Potatoes - With Marshmallows
  - Spiced Peaches, Cauliflower au Gratin
  - Bread Stuffed Tomato Salad
  - Cheese Straws - Butter
  - Individual Pumpkin Pie With Whipped Cream Sauce
  - Coffee
- Supper.**
- Cream of Tomato Soup - Croutons
  - Fruit Salad With Whipped Cream Sauce
  - Cheese Crackers - Assorted Cakes
  - Nuts - Chocolate
  - Pumpkin Pie.

1 1/2 cupfuls pumpkin strained  
1/2 cupful brown sugar  
2 eggs  
1 cupful evaporated milk  
Add the sugar and seasoning to the pumpkin, then add the slightly beaten eggs, milk and water. Stir till well blended and pour in a deep crust-lined pan. Bake at 450 degrees Fahrenheit for first 10 minutes and 300 degrees Fahrenheit for 50 minutes.

**Cauliflower au Gratin.**  
Remove leaves and trim off the stalk from large cauliflower. Soak in a solution of 1 tbsp. vinegar, 1 tsp. salt and 1 quart of water for 15 minutes to remove dirt and insects. Cook whole, stem up, in boiling salted water for seven minutes. Place cauliflower in an oiled baking dish, pour over a thin evaporated milk white sauce and cover with buttered crumbs and grated cheese. Brown in a moderate oven. This serves six.

**Cream of Tomato Soup.**  
1 No. 3 can tomato  
1/2 cup sugar  
1/2 tsp. salt  
1/2 cup parsley  
1/2 tsp. thyme  
1 bay leaf  
1 tsp. peppercorns  
1 clove  
2 slices onion  
2 tbsp. butter  
Make a white sauce of the diluted evaporated milk, the butter and flour. Cook the tomatoes with the seasonings for five minutes and strain. There should be 1 1/2 cups of pulp. Add soda to pulp and combine with the hot white sauce. Pour immediately into thermos bottle.

**Whipped Cream Sauce.**  
Three-fourths cup evaporated milk, 1 cup whipping cream, 1/2 cup powdered sugar.  
Chill the cream and evaporated milk. Combine and whip until stiff. Fold in the sugar and keep chilled until ready to serve.

**"KICKING THE BUCKET"**

NOT everybody who is dead has kicked the bucket; not everybody who has died by his own hand has kicked the bucket, though in the process some of them have kicked over other things. This is no attempt to promulgate—it is not a revelation of the after-life. It is simply an explanation of how it started.

The term has come down to us for every method of leaving this world for the next. The particular means which popularized it, however, was introduced hundreds of years ago by one Boomer, who, having lost his reasoning, decided to commit suicide by hanging himself. In looking around for a support over which to throw his rope he found a beam so high over his head that it was necessary to stand on something in order to reach it. The nearest thing happened to be a bucket, which served the purpose very well. After completing the necessary operations the poor man actually and verily kicked the bucket.

A Zacharow has gone to Kansas City where he will join his son who will return with him.

**APPLES! APPLES!**  
Ready, Sept. 1st. Delicious, Jonathan, Winesap, and Black Ben Davis. Come to the orchard and buy them in quantities at a liberal discount. Anvil Park Orchard, 5 miles East of Canadian, on Southwest Trail, or J. C. Studer, Canadian, Texas. (22-3tc)

Out where the hand clasp's a little stronger  
Out where the smile dwells a little longer,  
That's where the West begins.  
Out where the sun shines a little brighter,  
Out where the snow falls a trifle whiter,  
That's where the West begins.  
Where the bonds of home are a wee bit tighter,  
Out where skies are trifle bluer,  
Where friendship ties a little truer,  
That's where the West begins.  
Out where the fresher breeze is blowing,  
Where there's a laughter in every streamlet flowing,  
Where there's more of reaping and less of sowing,  
That's where the West begins.  
Out where the world is still in the making,  
Where fower hearts with despair are breaking,  
That's where the West begins.  
Where there's more of giving and less of buying,  
And a man makes friends without half trying,  
That's where the West begins.  
—ARTHUR CHAPMAN.

**Book's Long Service**  
A law book printed in 1771 by Robert Bell, a Philadelphia typesetter, still is in active use in a Livermore (Cal.) library. The publication, known as the first book of Blackstone's Commentaries, is in good condition despite its 155 years, and is as readable as many recently printed books.

**Safe or Sorry**  
THERE are no cut prices to health. The best is none too good. So, when you buy cheap plumbing fixtures, and think you are saving money, you are not. You are losing money. And what's worse, you are making your home a breeder of disease.

The only kind of plumbing worth having is the best. Anything else is dead loss.

When you buy "Seconds," "Damaged," "Defective" plumbing goods, you buy trouble, sickness, death.

A crack is a home for disease germs. A leaky pipe leaks away health.

Buy only quality plumbing—quality fixtures, quality materials, quality workmanship—the kind that is guaranteed.

### ICE PLANT DOUBLE CAPACITY PRODUCING TWENTY TONS DAILY

The Pampa Manufacturing company have doubled their capacity extending the plant back 25 feet, and are prepared to make more ice than the people of Pampa will demand, George Custer, local manager of the company for Paul G. Liebmann who has plants in Oklahoma, Texas and Kansas.

The factory is now running at full capacity of twenty tons daily, the day the company intends to increase the capacity to 25 tons this winter and to increase their storage room.

"Our intention is to grow with Pampa and to keep ahead of the demand assuring the people of plenty of ice", the manager stated.

### PAMPA HAS NO EPIDEMICS

There are no epidemics in Pampa and only two cases of typhoid, it was learned at the office of the City health officer yesterday. The two cases of typhoid were not contracted here but were taken from a carrier germ, Dr. Cole believes.

The city of Alpine in Brewster Co. is one of the highest cities in Texas with an altitude of 4,484 feet.

### ENJOYABLE BIRTHDAY PARTY HELD

Mrs. L. G. Blanton assisted by her daughter Miss Lorene and Misses Rosie and Bertha Baggerman gave a birthday party for her son, L. D., Tuesday afternoon August 24, in honor of his fourteenth birthday.

The afternoon was spent in playing outdoor games. At six o'clock refreshments of sandwiches, fruit cake and ice cream was served to the following guests: Messrs. Charlie Welton, Orvis Flaherty, and J. D. Blanton, in whose honor the party was given. Misses Rosie and Bertha Baggerman and Lorene Blanton. Mr. and Mrs. Chris Baer, L. G. Blanton and Mr. B. J. Blythe.

All reported an enjoyable evening. L. D. received a number of pretty and useful gifts.

Mr. and Mrs. E. S. Carr and grandson, Edward Vincent, returned from Sherman, Wednesday where they have been attending the funeral of their nephew who died recently.

A. Zacherow has gone to Kansas City where he will join his son who will return with him.

USE A WANT AD

### COOK-STRICKLAND FORM PARTNERSHIP

Riley Strickland of Sugarland, recently attorney for the Sugarland railroad and ass't attorney-general under the Keel and Moody administration, has gone into partnership with C. C. Cook. The firm of Cook & Strickland will have their offices in the Sharp-Suith building, which is nearing completion.

Mr. and Mrs. Lewis Robertson and son, Renfro, of Houston who have been visiting here with Mr. and Mrs. W. Woodward, have gone on to Colorado for a few weeks. They plan to stop here on their return.

C. C. Alexander, sales manager for the Channing addition has moved his office and is now located in the real estate office of Mayor F. P. Reid.

### SAYS GAS DRILLING IS NOT EASY TASK

The drilling and completing of a gas well appears easy to many people who have not tried it, says E. O. Bennet, natural gas engineer, U. S. Bureau of the extreme hazards and expense involved.

"Tight casing joints and proper cementing are required to prevent leaks and water troubles," he says, "and enormous quantities of gas may be lost beyond recovery on account of sub-surface leakage. From its elusive nature, gas is more difficult to hold than a liquid and small apertures that would be of no consequence in oil wells will permit the escape of much gas".

There are nearly a million acres of farm land under irrigation in Texas.

**CITATION BY PUBLICATION**  
**THE STATE OF TEXAS,**  
 To the Sheriff or any Constable of Gray County—GREETING:  
**YOU ARE HEREBY COMMANDED,**  
 That you summon by making Publication of this Citation in some newspaper published in the County of Gray if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, Oscar H. Simmons whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Gray on the 27th day of September A. D. 1926 at the Court House thereof, in Lefors, Texas, then and there to answer a petition filed in said Court, on the 26th day of August A. D. 1926, in a suit numbered on the docket for said Court No. 1617, where-

in Jeanette Simmons is plaintiff and Oscar H. Simmons defendant.  
 The nature of the plaintiffs demands being as follows, to-wit:  
 That defendant Oscar H. Simmons left plaintiff on or about the 19th day of January A. D. 1923, with the intention of abandonment, without the cause or consent of the plaintiff: Plaintiff prays for a divorce and for the restoration of her maiden name and for general relief.  
 HEREIN FAIL NOT, And have you before said Court, on the first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.  
 Given under my hand and seal of said Court, at office in Lefors, Texas, this, the 28th day of August, A. D. 1926.

CHARLIE THUT,  
 Clerk District Court, Gray County, Texas.

and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Gray on the 27th day of September A. D. 1926 at the Court House thereof, in Lefors, Texas, then and there to answer a petition filed in said Court, on the 26th day of August A. D. 1926, in a suit numbered on the docket of said Court No. 1616, where- in Ida Hyder, is plaintiff and Charles Hyder, is defendant.  
 The nature of the plaintiffs demand being as follows, to-wit:  
 That the defendant Charles Hyder is guilty of cruel and harsh treatment and outrages toward plaintiff; and his conduct towards plaintiff has been such as to render their living together insupportable.  
 Plaintiff prays for a divorce and for general, special relief, in law and in equity, that she may be justly entitled to.

HEREIN FAIL NOT, And have you the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.  
 Given under my hand and seal of said Court, at office in Lefors, Texas, this, the 28th day of August, A. D. 1926.

CHARLIE THUT,  
 Clerk District Court, Gray County, Texas.

**LARGE PROPERTY DEAL MADE AT WHITE DEER**

White Deer Review: One of the largest deals in city property and real estate of recent months in this place was that made between Roy Tribble and J. J. Crutchfield in the transfer of the title on Crutchfield's interest in the two two-story buildings contracted by McCoy-Crutchfield now nearing completion on Main street. The deal was entered into several days ago but was not made public until early this week when upon Mr. Tribble's return home from Blevins, Arkansas, he verified the rumor that such a deal had been perfected.  
 The property involved is well located and it is understood that contracts cated and is now nearing completion, have been signed for the rent of all of the floor space of the structures.  
 The consideration involved in the transfer of the property was not made known for publication.
