US May Back Special Transit Rights, Block Control Of Dardanelles

WASHINGTON, Aug. 16 (AP)—The United States reportedly is ready today to advocate some special transit rights for Russia through the Dardanelles. But this country is said to oppose outright current Soviet demands for a hand in the military control of that strategic waterway. Diplomatic officials suggest that a possible step toward trying to work out the developing controversy may be a Turkish-called conference of the nations now parties to the Montreux treaty governing the straits. At the state department officials said there is no reason to believe there has been any change in United States policy as previously announced by Secretary of State Byrnes. The principal point of this policy in relation to Russia is that the straits should be open at all times to the transit of warships of Black Sea powers. Under the Montreux convention Turkey has the right to close the straits in time of war or other danger. The question of how far this government should go in backing Turkey's declared opposition to Russia's demands is known to be a matter of considerable concern to top officials here.

Plans Drafted To Make College From Hospital

Plans for conversion of the hospital area of the bombardier school are being pushed in anticipation of the opening of the Howard County Junior College. With assurances of the Federal Public Housing Administration, and the City of Big Spring that the buildings will be available, E. C. Dodd, college president, is working with other college officials in mapping necessary changes. In addition to conversion of buildings for classrooms, provision also will be made for faculty housing. Efforts are being pushed, too, to furnish housing for veterans who desire to enter the college. If this can be arranged, it would offer the college one unique advantage over older and established institutions of higher learning. Additional orders are being placed for laboratory equipment and library supplies as well as other instructional equipment. Dodd said that the college had given assurance that veterans would be given preference in enrollment, although he felt that there would be ample opportunity for any person to enter. Pre-opening interest among prospective students is confining at a high level, and Dodd is optimistic that the original goal of 200 students may be conservative.

Equalizers Make Minor Corrections

The Howard County Board of Equalization met at the court house again this morning to make a few minor corrections on tax forms drawn up this year. Some 25 or 30 persons held audience with the body during Wednesday and Thursday and held discussion on charges. In the evaluation of their respective property. One of the members of the board estimated that the tax rate had been increased on only about six percent of the property within the county.

Russia Upsets Peace Parley With Delays

New Zealand Blasts Reds For Hindering Conference Work

PARIS, Aug. 16 (AP)—The Russian delegation tossed the makings of a new fight between western and eastern powers into the peace conference today and the New Zealand delegate, W. J. Jordan, in an outburst of temper, denounced the Russians for "this blasted old rot."

"Let's do something," Jordan shouted in exasperation at long speeches and delays after listening to an argument by Soviet delegate Andrei Vishinsky. "Here we sit listening to quack, quack, quack, hour after hour. We are sick of it." Vishinsky insisted in an organizational meeting of the political and territorial commission on Romania that only nations actually at war with the former enemy states should vote in the commissions drafting recommendations for the five peace treaties. The vote of France thus would be eliminated from the commission on Romania.

In a meeting of the commission on Finland, Soviet delegate N. V. Novikov raised the same point, which would eliminate the votes of the United States and France. Presumably the Russians planned to raise the same questions in the commissions for Italy, Bulgaria and Hungary.

Despite Jordan's hot retort, Vishinsky insisted upon his point and the matter was left for future action. In the commission on Finland, Novikov drew a quick reply from Hector McNeill of Britain that "my government could not accept the Soviet view on this matter." In the Finnish commission, too, the Soviet declaration was noted in the minutes without further action. Vishinsky said he would ignore "the harsh words" of the "temperamental delegate from New Zealand," but insisted "we shall never submit to angry words."

Amateur Program In Last Month

The summer amateur program series will begin the last month of the 1946 weekly schedule tonight in the City park amphitheatre, when Howard county 4-H club members take over for a night's entertainment. Club boys and girls will present a program of music and novelty numbers and County Agent Durward Lewter will present awards won by the group during the past season. Amateur programs are being arranged for three more weeks by the chamber of commerce, with the final session of the year slated for the night of Sept. 6 to feature an all negro cast.

Auto Workers May Seek Raise

WASHINGTON, Aug. 16 (AP)—The CIO United Auto Workers executive board announced today it will reopen its wage agreement Oct. 16 at Chrysler Corporation and any other companies where contract provisions permit. UAW President Walter P. Reuther told a news conference after a session of the executive board that the intervening 60 days will be used to evaluate government efforts to hold back inflation, and on the basis of that study the extent of wage demands, if any, will depend. Reuther explained this does not mean a wave of wage demands. He expressed the hope that such a development will not be necessary and that the government, instead, could control the situation.

POW Week Chosen

AUSTIN, Aug. 16 (AP)—Paying tribute to Americans men who endured privations and sufferings as prisoners of war, Gov. Coke R. Stevenson has proclaimed Aug. 22-29 as Prisoner of War Week.

Puppet Ruler Twists Unhappily During Testimony At War Trial

TOKYO, Aug. 16 (AP)—Henry Pu-Yi today defended his acceptance of the puppet throne of Manchuria by attacking Allied inaction in the face of Japanese conquest. Pu-Yi, a nervous little man in a blue serge suit, was testifying at the trial of Japan's war leaders—some of whom gave him orders when he was the puppet emperor. An animatedly, in contrast to his earlier calm, he said he accepted the Manchurian crown through fear for his life. He snapped upright from his habitual slump to address his remarks directly to the 11 justices. Then abruptly, he returned to his impassive verbal shuffling through the dead years to tell how one of the defendants, Seishiro Itagaki, then a army colonel, first offered him the clay throne in his Japanese-controlled refuge in Port Arthur. He said he first refused, then accepted it in the face of threats against his life. At the end of the day's session Pu-Yi left the courtroom as he had arrived—in Russian custody. As chief prosecutor Joseph B. Keenan conducted direct examination, Pu-Yi sketched a picture of himself and a court limited to his family and four advisers "held in the palm of Japanese hands." Pu-Yi kept glancing downward at notes. This brought an admonition from Sir William Webb, president of the international tribunal. Former Premier Hideki Tojo and the 26 other defendants showed interest in Pu-Yi's testimony. The former puppet avoided the eyes of the defendants and twisted nervously.

VET STOWAWAY HELD IN ENGLAND

CANVEY ISLAND, Eng., Aug. 16 (AP)—Leonard Davis Moses of Corsicana, Tex., a former soldier who arrived as a stowaway in May to take his English wife and baby to the United States; was detained today for entering Great Britain without permission.

Constable A. W. Simpson said proceedings against Moses were not to punish him and that "most likely" they would be in his favor and expedite his return to Corsicana. Arrangements have been made for Moses' wife and four-month-old son to go to the Tidworth soldiers' camp next month in preparation for sailing.

Price Fixing, Meat Shortage Complaints Aired

WASHINGTON, Aug. 16 (AP)—The Justice department disclosed today that it is studying complaints of price fixing and artificial shortages in meat.

An official fully acquainted with the study said that since OPA price controls on meat lapsed July 1 the department has received numerous reports of various illegal trade tactics from many sections of the country.

In addition to reports of artificially created shortages and price-fixing agreements, the official said other complaints being reviewed include:

- 1. Attempts to coerce retail meat dealers into making "tie-in purchases." Some dealers have said they are being forced to buy unwanted products in order to get fresh meat.
- 2. The assertedly large scale entry of some meat wholesalers and packers into the retail business. The anti-trust division is studying to what extent this threatens the survival of independent meat retailers.
- 3. Withholding of hides from the market in an attempt to get higher prices. A Civilian Production Administration drive also is underway in this field in an effort to avert a threatened shutdown of shoe production.

McKay Services Slated Saturday

Funeral services for L. F. McKay, who, at the time of his death Wednesday had resided longer in Big Spring than any other man, will be held at 5 p.m. Saturday in the Eberley chapel.

Dr. P. D. O'Brien, pastor of the First Baptist Church, will conduct the services. All locomotive engineers in Big Spring for the Texas and Pacific railroad will be honorary pallbearers, with members of the Masonic lodge to serve as active pallbearers.

Watson Transferred To Valley District

Willard A. Watson, range conservationist for the local SCS office since last March, has moved to Falfurrias in the Texas Valley where he will become a district conservationist for a new area opened in that section. Watson departed Big Spring Wednesday with his family for Trinidad, Colo., a former home before proceeding on to South Texas.

Headquarters Moved

NEW YORK, Aug. 16 (AP)—The United Nations today began moving to its new \$2,000,000 headquarters at Lake Success on Long Island. The complete transfer from Hunter college in the Bronx is expected to take six days.

PATROLS WITHDRAW

REYNOSA, Mexico, Aug. 16 (AP)—The Mexican army disclosed today that it has withdrawn the patrols placed along the US-Mexican border several months ago to prevent Mexican farm workers from crossing the Rio Grande into Texas.

Truman May Ask Legislation Allowing Jews To Enter US

Jews Sentenced For Bombing Railroad Shops

JERUSALEM, Aug. 16 (AP)—Eighteen defiant and singing young Jews were sentenced to death today for bombing the Haifa railroad shops in a night attack. Four Jewish women were given life terms. The sentences were passed soon after the outlawed Irgun Zvai Leumi had exhorted the Jews to a general revolt and the VAAD Leumi, the national council for Palestine Jews, asked the Jews in this strife-ridden land to begin a non-cooperation strike Sunday. The country still was tense over the issue of British deportation of illegal Jewish immigrants to Cyprus. Two small ships were reported to have brought 200 to 300 illegal immigrants to the coast before dawn without being spotted.

The 22 Jews were tried in absentia after they were ousted from the courtroom for singing and causing other disturbances during proceedings. The trial lasted four days. At the start, the Jews demanded treatment as "prisoners of war" and challenged the right of the military court to try them. All 22 were captured at a road block which troops established a few minutes after the raid at Haifa, several weeks ago. The defendants were accused of belonging to the outlawed Stern Gang, violent Jewish underground group.

Mrs. Roosevelt Describes Condition

NEW YORK, Aug. 16 (AP)—Mrs. Eleanor Roosevelt, involved in an automobile accident Wednesday afternoon near Yonkers, wrote today in her syndicated column: "I myself am quite well, though for some time I shall look as though I had been in a football game without having taken any training."

Pickett Addresses Medical Group

Dr. B. E. Pickett, Carrizo Springs, president-elect of the State Medical association, spoke to a lawn picnic meeting of the Six-County Medical association at the home of Dr. J. E. Hogan Thursday night. Primarily his talk concerned group hospitalization and medical and surgical benefit insurance. Doctors and wives present from out of town included Dr. and Mrs. J. A. Chapple, Dr. and Mrs. H. A. Briggs, Dr. and Mrs. M. T. Dickinson, Dr. and Mrs. Homer Johnson, Dr. and Mrs. L. A. Asher, Dr. and Mrs. Waldo Leggett, Dr. and Mrs. Doyle L. Patton, Dr. and Mrs. Tom Bobo of Midland, Dr. and Mrs. Emmett Headlee and Dr., and Mrs. C. E. Wilson of Odessa.

Three New Leprosy Cases In State

AUSTIN, Aug. 16 (AP)—Three new cases of leprosy have been reported to the state health department in the past few weeks. Noting that leprosy is not a highly contagious disease, today the health department said today in its report for the week ending Aug. 10 that the disease is not a major public health problem in Texas.

Despise US Stand, British Hopeful Of Joint Policy

LONDON, Aug. 16 (AP)—Government sources said today they did not consider President Truman's reported refusal to participate in a plan to divide Palestine would preclude eventual British-American agreement on a joint policy for the Holy Land. Colonial Secretary George Hall flew to Paris today to confer with Foreign Secretary Ernest Bevin. A well-informed Whitehall source speculated they might also confer with Secretary of State Byrnes, who he noted "is conveniently nearby."

Informed sources said they understood the president expressed willingness to discuss Palestine solution again after Britain completes conferences with Jewish and Arab leaders—meetings now in the making. A colonial office spokesman declared Britain would not be able to put the division plan into effect by herself, largely because of the cost.

Forsan High Students To Register Aug. 30

All students who plan to enter the fall term at the Forsan senior high school have been urged to register between 9 a. m. and 12 noon Friday, Aug. 30, by Supt. G. D. Kennedy. The school will open for its regular fall term Tuesday, Sept. 3. School buses will begin operation at 8 a. m. on that day. The Hyman school district of Mitchell county recently contracted to send its students to Forsan for the 1946-47 term. Approximately 30 students living in the eastern section of the Forsan district will ride the Hyman bus.

Reds Deny Report

LONDON, Aug. 16 (AP)—The Moscow radio today denied reports it said had been published abroad to the effect that Soviet troops were being concentrated on the northern border of Iran "in reply" to the movement of British Indian troops to the Iraq port of Basra, near Iran's southwest frontier.

City, Engineers Talk Of Airport Disposal

Airport disposal engineers from the regional Civil Aeronautics Administration office in Fort Worth conferred with city officials and civic leaders Friday regarding final disposition of municipal airport properties for aeronautical use. Representing CAA and charged with the responsibility of making recommendations concerning disposal of the property were W. K. McFall, J. S. Robson, and Chester L. Burr. They conferred with City Commissioner H. W. Wright and City Manager E. J. McDaniel concerning the city's airport needs. Dr. P. W. Malone, chamber of commerce aviation chairman, J. H. Greene, chamber manager, and Joe Pickle, chamber president, listened in on the conference. (See AIRPORT, Page 5, Col. 2)

Beer, Used Cars Durable Goods On Raised List

WASHINGTON, Aug. 16 (AP)—OPA hung a price-hike tag of "well over \$150,000,000 a year" on radios, stoves, washers and many another household item today—and ground out still more bad news for consumers. On top of price boosts ranging from 3 to 12 per cent on 20 groups of mainly home essentials, the agency announced:

- 1. An immediate increase of one to two cents for draught and bottled beer served in bars, restaurants and hotels.
- 2. New price ceilings for used automobiles made this year or in 1945.
- 3. White sidewall tire ceilings 12.5 per cent higher than maximum prices on other tires.
- 4. Higher prices for stationery and book paper.

In addition, OPA officials said that ceiling increases for virtually all kinds of building materials will be announced soon, as required by the new price control law. The price boosts covered virtually the entire field of so-called consumer durable goods. Here are average retail increases which will go into effect as soon as dealers receive new shipments: Radios and electric phonographs, 3 percent; washing machines, 7 percent; vacuum cleaners, 7 percent; small electrical appliances, such as toasters, irons, space heaters, coffee makers and shavers, 4 percent. Household chinaware, 7 percent; box springs, 13 percent; electric stoves, 9 percent; gas stoves, 5 percent; coal, oil and wood stoves, 5 percent; aluminum cooking utensils, 5 percent; metal bed springs, 4 percent; metal cots and double-deck beds, 3 percent; window shades, 10 percent. The new ceilings fixed for used 1946 and 1946 automobiles, effective Aug. 21, are generally "close" to maximum prices on new cars, OPA said.

Court Upholds Lewis' Union Of Foremen

WASHINGTON, Aug. 16 (AP)—The US court of appeals for the District of Columbia today refused to take an action which would have set aside the agreement between the government and John L. Lewis covering unionized supervisory workers at four mines. Loser in the court's stand was the Jones and Laughlin Steel corporation. The court refused the corporation's request for a preliminary injunction against the agreement. The court said the company had failed to show it would suffer "irreparable injury" as a result of the agreement, signed July 17th between Admiral Ben Moreell, coal mines administrator, and Lewis' supervisory workers union. Immediately involved were 136 supervisory workers at four steel company mines in western Pennsylvania. The corporation had petitioned both the federal district court here and the court of appeals to block any agreement between the coal mines administration which is operating the nation's bituminous coal mines, and the Lewis supervisory unit.

LOOKING 'EM OVER

With TOMMY HART While coaching his predictions against over-optimism, Walter Reed, high school principal, thinks things may begin looking up on the gridiron for the Bovines this autumn.

For one thing, Reed pointed out in his recent talk before the Rotary club, the squad will have about a dozen lettermen—by far the largest number returning in the past four years.

In addition, John Dibrell, head mentor, will have the help of a staff of assistant coaches for the first time since the early war years.

The Longhorn secondary should rank second to none in District 3AA circles the coming Autumn, even though Odessa and Sweetwater will be coming up with some flashy veterans.

West Texas circles last fall, and gigantic Pete Fuglar. At tackles, Bobby Hollis and Reed Collins will fill the bill if Stockton can get them in shape and keep them there.

Marvin Wright and Enzor Puckett give Dibrell two experienced wings. Ell Cybert is going to make some one hustle for a line position.

So is Jim Bob Little, George Worrell, B. B. Lees and Harold Berry will spell the starting quartet in the secondary.

Reports say two new baseball leagues will be operating in Texas in 1947.

One will consist of cities in the Rio Grande valley while the other will be composed of mines from Mexico, Western Texas, Arizona and New Mexico.

Representatives of the seven South Texas cities are meeting in Harlingen to discuss a proposed circuit. Committees represented are Harlingen, McAllen, Brownsville, Weslaco, Corpus Christi, Laredo and Raymondville.

Johnny Allred is back from a fishing expedition along the Rio Grande and reports his luck was good. He used his arms extended to mirror the measurements on some of the larger beauties.

Shippers Victims Of Big Seventh As Felines Roll To 4-3 Victory

By The Associated Press Fort Worth took advantage of the lucky seventh inning last night to push across four runs and come from behind to defeat the Beaumont Exporters, 4-3.

The second place Dallas Rebels received only six hits in two games with Shreveport but managed to break even, taking the nightcap, 3-2, after the Sports had won the seven-inning opener, 5-0.

The Houston Buffs spotted Tulsa Oilers a four-run lead in the first inning but settled down and handed the fourth place Oklahoma a 9-5 defeat.

Lanky Ralph McCabe blanked San Antonio, 2-0, on six hits in the nightcap as the Oklahoma City Indians shared a twin bill with the Padres, who won the first game, 5-3.

Trailing by three runs and helpless at the hands of Lefty Bill Houtz, the Fort Worth club started rolling when the Exporter southpaw walked the first two men in the seventh. Singles by Romanus Basgall and George Pfister and a double by Marney White sent four runs across the plate.

Earl Doutager was credited with a three-hit shutout as Shreveport took the first game with Dallas. The Sports jumped on Tom Pulig in the first inning for three runs and then added a pair off Hank Oana, who took over for Dallas in the second.

In the second game, the Rebels' lead-off man, Gene Markland, reached third as Fred Daniels, third baseman, juggled a grounder and then threw over the first baseman's head. Markland scored on an outfield fly. The Sports went ahead with two runs in the last half of the first, but Nick Gregory's fourth inning homer gave Dallas the winning runs.

Houston recovered from the four-run Tulsa lead by staging a six-run uprising in the third, including a three-run homer by Jim Basso. The homer came off Felix Penzo who had replaced Ed Hanyzewski after three runs had counted and two were still on base.

Ned Garver allowed Oklahoma City only six scattered hits as San Antonio took the opener in the twin bill. It was Garver's fifth win of the season.

Sul Ross Grid Team To Play Ten Games

The Sul Ross State Teachers College Lobos committed to full fill a football engagement with Texas Lutheran college here Friday evening, Oct. 11, will play a ten-game schedule this fall, according to an announcement made by Athletic Director D. J. Pollock this week.

Coach P. E. "Red" Pierce's charges will open their campaign Sept. 20 against the San Angelo Junior college Rams in San Angelo.

The Lobos will also appear in Sweetwater, meeting McMurry College in the Mustang Bowl, Oct. 5.

The schedule: Sept. 20—San Angelo JC at San Angelo. Oct. 5—McMurry at Sweetwater. Oct. 11—Texas Lutheran at Big Spring.

Oct. 19—NMMI at Alpine. Nov. 2—Texas A & I at Kingsville. Nov. 9—New Mexico A. & M. at Las Cruces, N. M.

Nov. 16—National University of Mexico at Alpine (home-coming). Nov. 23—Hardin college at Alpine.

Hubbers Thrash Lamesa Lobos In Opener, 9-2

LAMESA, Aug. 16 — Lubbock's Hubbers, trying hard to stay in the winning groove and move back into the fourth place playoff slot, over Lamesa's sinking Lobos in the series opener behind the 5-hit hurling of "Fireball" Forrest here Thursday night.

A "first night" crowd of 806 watched Forrest whizz the third strike past 8 batters and keep the Lobos completely tame despite 6 free tickets. His arm began hurting in the eighth, and little Ernie Nelson came in to pitch the ninth.

The Hubbers took full advantage of Jim Allstock's wildness, 4 runners strolling home for the visitors on the strength of 5 walks, one hit batsman and a wild pitch before Cecil Hart took the mound in the third to finish firing for the Lamesans.

Lamesa errors let in two Hubber tallies, but the Miller men got to Hart for 8 hits including 3 doubles. Miller's single, a walk to Carr, McAlexander's two-base blow and Stone's single were good for 3 markers in the fifth. Jackie Sullivan hit a home run with nobody on in the seventh for the last Hubber run.

The Lobos tallied first in the sixth when Fulenwider doubled, moved to third on a pass ball, and came in on Johnston's fly to right. The other Lamesa counter came in the next frame when Tom Mabry, a veteran outfielder from Conway, Arkansas singled and sped home on Palmer's double.

Len Heinz, the Hubber iron man, and little Walter Condon, the Lobo southpaw, will match hurling talents in the second game of the series.

Series Sweep With Yankees Can Put Boston Hose 'In'

Chapman Paces A's To 5-3 Win Over Leaders

By The Associated Press The pennant bound Boston Red Sox—and even the most conservative Red Sox rooters now feel certain their team will win this year—can all but sew up the American league flag if they are able to sweep the four-game series that opens today with the New York Yankees.

The race has reached a point where a mild winning streak by the pace-setters, especially against their closest competitors, will make the Yankees and Detroit Tigers start thinking about next year.

If the Red Sox, now enjoying a 12-game lead, beat the Yankees in all four games and go on to play .500 ball in their remaining 37 contests, the Yankees will be faced with the difficult task of winning 37 of their remaining 39 games in order to steal the pennant.

The Yankees prepared for their Hub invasion yesterday by sweeping a doubleheader from the Washington Senators at the Yankee stadium 6-1 and 7-2. Outfielder Sam Chapman ran riot in Philadelphia, hitting three home runs, to lead the Athletics to a 5-3 victory over the Red Sox. Hal Newhouse came through with a splendid 3-0 shutout victory over the Chicago White Sox in Detroit.

In the torrid National league race, the first place Brooklyn Dodgers increased their margin to two games over the runner-up St. Louis Cardinals by tramping the New York Giants 7-1. The Cincinnati Reds snapped a nine-game losing streak when they defeated the Cubs in Chicago 9-3 in the first game of a doubleheader, but reverted to their losing ways when the Cubs beat them 3-2 in the nightcap.

The Boston Braves and Philadelphia Phils divided a twin bill at Boston, the Phils outlasting the Tribesmen 15-11 in a free-hitting first game and the Braves winning the second 3-1.

Aided by Manager Lou Boudreau's two-run triple, the Cleveland Indians pushed over three home runs in the fourth inning of their lone night game with the St. Louis Browns to win 3-2.

The scheduled night contest between the St. Louis Cardinals and Pittsburgh Pirates was postponed by rain.

Redcaps Down Cosden Oilers, Fordmen Lose

Cosden's front-running Oilers absorbed their worst defeat of the campaign Thursday night at the city park diamond when Doc Wilkinson's softballers, the Redcaps, slaughtered them by a 15-4 count.

The reversal pared the Refiners' Muny league lead to one game over the Redcaps. Bill Greider kept the Cosden bats neutralized until the final inning when hits by Pat Stacey and Jim Tidwell coupled with a brace of miscues gave the losers their runs.

Ocie Henson paced Doc's gang with the mace, collecting a double and a single. His double came in the third round with the bases loaded and helped propel the Redcaps to an eight-run outburst.

United Body Works led the Veterans of Foreign Wars until the last inning of the other bout at the park, then lost by a 7-4 count. The defeat shoved the Mechanics deeper into the league cellar.

At Forsan, Forsan's Cosden Pipeliners sprang a prize upset by thrashing Big Spring Motor, 11-10, for their fourth win in a row. The punishing 11-hit attack came at the expense of Leon Glenn Bredemeyer.

Bobby Yarbro hit a round-tripper for the winners while Bill Weaver hit a four-run homer for the Motorists.

Forsan pushed across seven runs in a big fourth round to take a permanent lead. Heavy Montgomery and Otis Griffith were the Pipelines hurlers.

Catholic Lasses Stopped, 17-4

Church of God pulled the Catholic girls down from the top spot in Church softball league standings by thumping them Thursday, 17-4, in a game played on the South Ward diamond.

The defeat was the second in eight starts for the Latin-American and -left them trailing three YMCA, which has won four times in five starts.

Virginia Costello was the winning pitcher, Luz Montanez the loser.

Billy Clyburn paced the winners with the hickory with four hits and as many runs. She hit for the circuit once. Dorothy Brown had a round tripper while Nell Arrington collected two four-basers.

THE GUARANTEED WAGE

WASHINGTON (AP)—Why guarantee wages? Why should an employer tell his workers, "I will guarantee you steady employment for three, six, or twelve months?" Here are some of the main arguments in favor of the "guaranteed wage," which is fast becoming a "hot" issue in labor circles:

1. They give job security to the worker.
2. They provide the employer with a more efficient working force.
3. They reduce "labor troubles" by making the workers more satisfied.
4. They are a step in the direction of full production and full employment (although nobody claims they will cure all our economic ills).

Eric Johnston's Idea
Eric Johnston, former president of the U. S. Chamber of Commerce, argued along those lines recently before a congressional committee. He said industrial unrest is "an explosive force within our economy, even more so than the atomic bomb, because that is something in the distance, and this is with us today."

One of the greatest causes of industrial unrest, he said, is "job insecurity." Many people work only spasmodically. Most American workers get less than 200 days of work in a year. Therefore—

"This job insecurity causes slow-downs, as workers do not want to work themselves out of a job. It causes workers to demand higher wages than perhaps they would if they had steady employment."

\$250,000 Study Begun
Johnston is a member of the advisory board of the Office of War Mobilization and Reconstruction, which is sponsoring a \$250,000 study of guaranteed wages.

The big question about guaranteed wages is not "Should it be done?" but "How can it be done?"

There is not much opposition to guaranteed wages in principle. Nearly all employers want a stable working force, and all employees want more job security. Yet, there is sure to be fierce opposition in certain industries—problems involved, problems usually recognized by the unions as well as the employers.

The Seasonal Handicap
A company may find it hard to guarantee steady employment because its production depends on

Stockmen Wait Price Control Decisions

EMPORIA, Kas., Aug. 16 (AP)—Stockmen up and down the famous blue stem pastureland—60 per cent of their 300,000 cattle already are marketed—looked with uncertainty toward Washington today for the answer on meat controls before deciding how far to go with fall feeding plans in this area producing much of the nation's beef.

From miles around they gathered on the sprawling 1,160 acre Clarence DeLong ranch near here yesterday; ate their own steak and heard one livestock leader predict the Decontrol Board would clamp new price controls on meat by Tuesday, deadline for new OPA regulations over commodities.

It was the blue stem country's annual barbecue, top social event of the cattle-feeding season in the Kansas grasslands that comes after the bulk of the beef from the 16,000 square mile region is well on the way to market.

Some 2,500 gathered. They came from Texas, New Mexico and Oklahoma as well as Kansas. They ate 1,500 pounds of steak and listened as Fred Olander, a director of the Kansas City Livestock Exchange, forecast reinstatement of meat controls and a revival of the black market.

"Cattlemen are willing to gamble every dime they have on the natural law of supply and demand," he said. "But we do not put the same faith in the regulations in Washington."

He was applauded as he denounced the possible revival of OPA control over meats. None harbored a guess on the future of the cattle business until the question of controls was decided.

Not An Annual Wage
And, incidentally, Johnston made it clear that a "guaranteed wage" is not necessarily an "annual wage." The guarantee may be for less than a year and still be an improvement.

He said that in the construction industry, at least in northern states, it would be "very difficult" to stabilize employment through the winters.

"But if you can give men employment during all of the building season and maybe lay them off four months of the year and give them eight months of employment, that is a lot better than having them employed only four or five months of the year."

For the purposes of the government study, a guaranteed wage plan is defined as "a plan under which an employer guarantees a wage or employment to an individual worker at least three months."

High School Busy With Fall Changes

With summer session of school rapidly drawing to a close, administrative personnel at the high school is stepping up preparations for the fall term to begin Sept. 3.

Thirteen seniors are to receive diplomas Saturday morning, Walter Reed, principal, said. Approximately 75 students in both high school and eighth grade work will obtain grade cards at that time. Last classes, to finish up semester tests which have been in progress all this week, were to be held today.

New students and transfers from the rural school districts into the high school here are asked to attend to registration now at Reed's office in the high school building. Some 15 students have already registered.

Changes in fall schedules may also be made at this time, thus relieving the pressure in the opening two weeks. The only new course on the curriculum is one in general music theory, which will eventually be made a prerequisite to further credit in band. Any student desiring to enroll in this course is asked to contact Reed before the opening of school next month.

Depositions Sought From War Prisoners

As a part of a nation-wide campaign to contact 2,661 former American prisoners of the Japanese, the army is seeking to secure depositions concerning war crimes and atrocities for use as evidence in the Tokyo war crimes trials.

Among those in this area the war department is anxious to contact for depositions are: Rufus D. Teague, Denver City; Tom P. Wood, Kermit; Winfred L. Stroope, Lenora; Theodore N. Filippin, William Dennis Hill, James Terry Reese, George Lawley, Odessa, Delos L. Alvis, Hoby; O. B. Williams, Rotan; James S. Taylor, Seminole; Cecil T. Minshaw, Sweetwater.

Brownsville Man Invents Handbag Easy To Get In

Texas Today—

By JACK RUTLEDGE
Associated Press Staff

The ladies, bless 'em!

You've noticed how women dig around in their purses trying to find something? Well, Doc Osborn down in Brownsville says there is a new kind of handbag that eliminates all that.

The bag has a zipper on the bottom, Doc says. The women stand in the middle of a room, zip open the bag and everything falls out on the floor. Then all they have to do is pick up what they want.

A Dallas woman brought to court because she had used abusive language on a young boy, angrily explained that he had whistled at her.

The staid Dallas News in reporting the story, went on to say that witnesses remarked that, judging from the way she was dressed, the boy was just doing what comes naturally.

Women in Orange were holding a breakfast. One guest complained she hadn't had bacon for six weeks.

Mrs. Joe Sanford, a recently arrived Belgian war bride, said the other was lucky. Mrs. Sanford hadn't had any bacon for six years.

Nylon hose are liable to pop up in the strangest places! In Dallas, a coffee shop was advertising Nylons for sale.

Two men and two women were arrested and fined \$10 each for swimming nude at White Rock lake, Dallas. Patrolmen O. F. Jones and C. C. Wallace said the four expressed "extreme embarrassment" when they paid their fines.

A negro maid was given a war bond as a bonus by her Dallas employers. Later, the maid thanked them profusely for the bonus, said she had used the money to get something she had wanted a long time.

"I had a dentist put in gold tooth," she said, pointing to a bright, gleaming gold tooth right up front, a gold tooth that had replaced a plain white one.

Revival To Begin At Church Of God

The Rev. Devon Heibling and the Rev. Fred Walker of Pineland will open a two-week revival at the Main Street Church of God Monday at 8 p. m.

These two young men have held meetings all over the country with great success. They sing, play the piano and accordion as well as preach, with outstanding ability.

The public is invited to attend any session during the meeting. The services are especially aimed at the younger people.

Oilers Rout Stratton; Greenville Wins, 5-1

By The Associated Press Henderson's Oilers jumped on veteran Monty Stratton and two other Sherman hurlers last night for 26 hits in defeating the Twins, 24-5.

After pushing across five runs in the first inning, the league leading Oilers scored in every frame except the second, winding up with eight runs in the seventh and six in the eighth.

Greenville defeated the Tyler Trojans, 6-1, while the Texarkana Bears ran over the Lufkin Foresters, 18-0.

Jacksonville and Paris split a twin bill, the Jax taking the first, 8-5, and Paris the nightcap, 8-7.

All-India Congress Plans Government Without Moslems

BOMBAY, Aug. 16 (AP)—Pandit Jawaharlal Nehru, president of the All-India Congress party, told a news conference today that the congress was going ahead with the formation of an interim Indian government without the cooperation of the Moslem league.

The news conference followed a meeting last night between Nehru and Mahomed Ali Jinnah, Moslem league head, which Nehru said "did not bring us nearer one another." Jinnah earlier had described the talk as unproductive and said there would be no further meetings.

"We propose to go ahead with this job (the interim government)," Nehru said. "We cannot stand still because of this unfortunate lack of cooperation by the Moslem league."

Nehru added that he expected the cooperation of "almost everybody" else and was keeping in mind the desirability of enlisting the league's cooperation also.

Asked about the Moslem league's threat of direct action, Nehru said it "either knocks the government over or the government knocks direct action over" unless a compromise can be achieved.

Meanwhile, the league continued with its program of mass meetings in connection with today's observance of a "hartal" (abstention from work) called by Jinnah.

Air Day Armada Due Here On August 22

A flight of the Lower Rio Grande Valley's air queen armada, advertising "Air Day in Texas," Sept. 7-8, will arrive in Big Spring at 8:20 a. m. on Aug. 22, to greet city officials and candidates and fliers.

The flight is due to be composed of about 10 planes and include a quartet of valley city queens. Various cities over Texas are being asked to send queen candidates to the air show. Officials and others will be presented with an invitation to attend the big event in the lower valley.

Ma Ferguson Endorses House's Candidacy

FORT WORTH, Aug. 16 (AP)—Former Governor Miriam A. Ferguson has released a statement endorsing the candidacy of Boyce House for lieutenant governor. House's headquarters here announced today.

"I am indeed happy to endorse the candidacy of my good friend, Boyce House, for lieutenant governor," the statement, as released by the headquarters, read. "Mr. House is a loyal and outstanding Texan. In my opinion, he is thoroughly capable of holding the office of lieutenant governor with credit to himself and our great state."

First Coahoma Bale Is Ginned Thursday

Bill Layfield, who farms the Ira McQuerry place east of Coahoma, had the first bale to roll from gins at Coahoma Thursday.

He brought in 1,550 pounds of seed cotton to the Guitlar Gin and it turned a 470-pound bale. A price of 40 cents per pound was in prospect. The sample pulled 7-8ths middling.

The bale was the second harvested in the county, one having been brought to gin here Tuesday by George Billilba, who farms northwest of Big Spring. Due to gin repairs it has not been run through the stands.

How Long Will The Line Hold?

Indeed, if things have not already arrived in that state, they at least are getting in a mess.

After a 26-day battle royal in which OPA was cast in an "off-again-on-again-Finnegan" role, it came back in bobbly form. Thus far, the revised version has been about as effective as a banana stalk in a baseball game.

The lid has been clamped on some things, while it has been lifted noticeably in others. New automobiles have been upped when manufacturers sat tight during the interim period. Coffee has been blessed with price increases which will equal or exceed 10 cents by the time it reaches the consumer. Milk, bread, etc. have advanced.

Part of this is attributed to removal of subsidies. Ironically, in the case of coffee, it was for the purpose, we are told, to attract more of the product to this country. This is inconsistent with the old OPA policy in the case of milk, for example, which was held down in the face of rising production costs despite pleas that a price hike would encourage more production.

And that is one of the most damaging things about the OPA program as it now

is operating... it is inconsistent. Moreover, sharp, authorized price hikes are doubly damaging in that producers and processors can rise to the limit without fear of being under run by competition.

All this is interesting, especially in the light of the efforts of the economic stabilizer to hold the wage line. Stabilizer Steelman has down an appeal for higher wages in the labor industry. The presidential fact-finding board found against a boost for aircraft machinists.

Perhaps the big unions will continue their appeals for production as a means of combatting inflation and follow an apparent trend against pushing any new wage demands. But if living costs continue to mount, then it will be difficult for even labor leaders to hold their members in line.

Perhaps the biggest hope is that there will be enough of American people who will be bullheaded enough to grit their teeth and sit tight when prices get out of reason. There will always be a certain amount of loose spenders and chumps to pay outrageous prices. The great majority of people, however, are not couched in money.

"Throwing" Support An Illusion

Several beaten candidates in the first primary have been making announcements of support for one of the other of those remaining.

The supposition is that when they speak, a block of votes is swung automatically. This is sheer nonsense. In this day and time, people have ample opportunity from reading the papers and listening to the radio to make up their own minds—and they usually do.

The idea that pronouncements of support by a defeated candidate have importance is

largely one of vanity. It is true that voters who favor one candidate might prefer another with a similar type of platform. That preference would exist as just surely if the eliminated candidate never opened his mouth.

Meanwhile, the personal contact, general impression, neighborhood atmosphere and what he reads and hears influences the voter more than anything else. It is enough to flatter to the opposing claims of "my opponent" and "my wealthy opponent" without having also-rans add to the din.

Job Training Lacks Supervision

EDITOR'S NOTE: This is the last of three articles describing the on-the-job training program for veterans.

By ROWLAND EVANS, JR. (Substituting for James Marlow.)

WASHINGTON, (AP)—Almost half a million veterans of World War II are taking training on the job under the GI bill of rights. They represent 40 percent of all veterans enrolled under the GI bill's educational provisions.

Many of the half-million job trainees are throwing away educational privileges which over

four-year maximum period of GI schooling could represent \$9,500 worth of free education. They're throwing away this education because they're using up their allotted time in on-the-job training programs which neither give training nor lead to better jobs.

An official of the retraining and employment administration (RRA) told me some employers get veterans to sign up for on-the-job training and then split with the veteran the \$66 or \$90 government subsistence allowance.

The reason it's possible for employers and veterans to get together on a scheme like this in some states is that the states, which have the responsibility of claim they can't afford to do the supervising.

States will soon get funds to keep an eye peeled for all unscrupulous job-training practices. The same law establishes a set of "minimum standards" to which all state approval agencies must conform.

Many tangible and worthwhile benefits can accrue to the veteran who signs up for job-training. Undoubtedly a great part of the half million vets now in job-training programs are getting out of the program what the law intended.

But the existence of low practices like the one mentioned above, and many others, is unquestionably a factor in scaring away from the job-training program many honest employers who otherwise would be only too glad to put it into effect.

Four Sleep In One Bed

By JAMES DEVLIN (For Hal Boyle)

ESSEN, Germany, (AP)—Herr Stephan Dolata, Ruhr coal miner, used to weigh 170 pounds. He weighs 120 pounds now. He gets the rations of a heavy worker, but he turns most of them over to his wife and their two sons, 11 and eight years old. All four sleep in the same bed in their one-room "home," about 15 square feet in the basement of a brick building that formerly was a vegetable storage house.

The Dolatas' living quarters were described by a British officer as "about average" for miners' families in this bomb-wrecked Ruhr industrial city.

What Dolata and his fellow miners need—if they are to increase the output of Ruhr coal needed for next winter in Europe—is more food and homes.

In this they are backed up by British officials of the north German coal commission.

Frau Dolata displayed her furnishings: one bed, a small stove which burns either wood or coal, two portable wooden closets, one wicker chair, two boxes that serve as chairs, a couple of pictures on the wall and a vase of blue and white flowers on the window sill.

"How do four persons sleep in one bed?"

She smiled and shrugged. "What do you do for food?"

Frau Dolata, a gaunt, blonde

woman, put her hand to her head and laughed heartily.

"Nicht," she said, using the German word that sounds like "nit," and means about the same. It's not quite that bad. Her husband, as a heavy worker, gets between 3,000 and 3,500 calories a day. Frau Dolata and the children are supposed to get 1,000 calories, the normal ration.

She contended, however, that because of a lack of potatoes and cereals those on normal rations actually get about 700 calories a day.

At this lower rate the combined rations of husband, wife and children would be 5,600 calories a day, or 1,400 each, but it isn't divided that way. Most of the family's rations go to the children, who also get food at school.

Singing Convention To Meet Sunday

Third Sunday Singing convention will meet Sunday afternoon from 2 to 4 at the First Assembly of God church at West 4th and Lancaster. W. H. Winter will be in charge.

Visiting quartets and special singers from Big Spring and neighboring towns are expected to add to the program. Mrs. W. H. Winter will be accompanist.

The pastor, Rev. E. R. Winter, and his congregation extend an invitation for the public to attend.

Anarchists Executed

ATHENS, Aug. 16 (AP)—Five soldiers and four civilians, members of an anarchist band condemned to death last week by a military court for participating in an attack on a military camp at Pontokerasia, near Kilikis, were executed early today by a firing squad at Kilikis.

More than 20 officers and 20 soldiers were slain in the attack on the camp.

The nearest of all the stars is estimated to be about 25,000,000,000,000 miles from the earth.

Washington Merry-Go-Round—Drew Pearson

Truman Advisers Split On Palestine

WASHINGTON — Genial Judge Joseph C. Hutcheson of Texas is famous for his keen sense of humor and for having kidded his colleagues that their judicial opinions were prompted by "hunches." However, when he discussed British partitioning of Palestine in a secret session at the state department last week, Judge Hutcheson was dead serious. Also, he was vehement against the British.

Hutcheson and the Anglo-American Palestine Commission which he headed, had recommended that Palestine be placed under the United Nations and that 100,000 Jewish refugees be admitted from Germany immediately.

On the other hand, ex-assistant secretary of state Henry Grady of San Francisco, President Truman's special representative on Palestine, sided with the British plan to split the Holy Land into Arab-Jewish zones. In Paris Grady was sold the British idea that war with Russia was imminent, that Palestine must be a British base.

So Sparks flew last week when both sides were called together in the office of red-mustached acting secretary of state Dean Acheson.

"We didn't come all the way back here to Washington to see this sellout," said Judge Hutcheson. "This is a clear-cut repudiation of the findings of our committee. It's a plan for the ghettoization of Palestine and we're unanimously against it."

Hutcheson went on to say his group was in touch with its members in Britain and that the British commissioners also unanimously opposed cutting up Palestine.

Alfred Noyes' Historic Poem

Through an error in cable transmission I failed to mention Alfred Noyes in my column of August 5 on the soldiers of the next war weeping at the peace conference. He is the author of the inspiring poem which I quoted. Since I had to quote the poem from memory, there being no reference books readily available in Paris, I also find now that I made a mistake in one line.

To me the poem presents the sentiments of servicemen of world war II even more than those of world war I. For that reason I am repeating four stanzas, and I hope every delegate at the Paris peace conference reads them.

"We who lie here have nothing left to pray.
To all your praises we are deaf and blind.
We may not even know if you betray
Our hope to make earth better for mankind.

"Only our silence in the night shall grow
More silent as the stars grow in the sky;
And, while you deck our graves, you shall not know
How many scornful legions pass you by.

"For we have heard men say when we were living
That some small dream of good would cost too much;
But when the foe struck, we have watched you giving,
And seen you move the mountains with one touch.

"What can be done we know.
But have no fear!
If you fall now we shall not see no hear."
(Alfred Noyes).

"No Sellout"—Grady

Henry Grady, however, didn't like Hutcheson's charge that the British plan was a "sellout."

"After all," Grady replied, "we've just come from London where we talked this thing over with the foreign office. I think the plan is very reasonable."

"We were in London, too," shot back Hutcheson, "and we spent a lot more than one week investigating this problem. We spent three months at it. And what's more, we went to Palestine and traveled all over Europe investigating every phase of this matter."

Grady continued to protest, but was silenced by the big Texan.

"If you care to debate this thing," and the US circuit judge, "I can find another forum on which to do it."

The threat of public discussion silenced Grady. However, acting secretary Acheson picked up the ball, said the new British plan had its good points and asked under secretary of state William Phillips for his opinion.

"I'm afraid I can't go along with the department this time," Phillips replied. "I'd like to, but I can't. This plan is impossible. How long can we continue to have our foreign policy the tail of the British foreign office kite?"

Acheson did not reply. But before the conference ended, he received one more merciless jab from sharp-tongued, quick-witted Bart Crum of San Francisco.

"Mr. Secretary," said Crum, calmly, "I have one question to ask you. You don't have to answer it if you don't want to. But I'd like to know if, after all you've seen and heard, do you have any faith whatsoever in any promises the British foreign office makes on any subject at any time?"

so far from home the problem persists.

In Austria, which is considered a Hitler victim rather than an enemy nation, G. I.'s are permitted to marry Austrian women if they get permission from their chaplain. Chaplain Clayborn Landers, a young Baptist from Arkansas who works hard at his trade, informed me that a good many boys have applied to him for permission to marry but that, in most cases, he has refused. Only in cases where a G. I. has known an Austrian girl for a long time or when he has gone back to the United States, had a look at American girls and then comes back still determined to take an Austrian wife does Chaplain Landers give his blessing.

Unless more American girls come to Europe, however, this problem will increase rather than diminish.

Wainwright To Speak At Wichita Services

WICHITA FALLS, Aug. 16 (AP)—Gen. Jonathan M. Wainwright was to arrive here today from San Antonio to speak at Coyote stadium memorial services for war dead of the "Lost Battalion" and other Wichita county war victims. The service will mark the opening of the second annual reunion of the battalion.

The unit was the 131st Field Artillery of the 36th Division and was captured on Java by the Japs in March, 1942. Approximately 21 per cent of those captured died from hunger and disease during imprisonment.

Body Found In Lake

GOZNALES, Aug. 16 (AP)—The body of Gus Terrell of Luling, who drowned Wednesday night after a boat in which he and his wife were riding sank, was found yesterday in Lake Gonzales, about 16 miles west of here.

Miss Johnson Feted At Miscellaneous Wedding Shower In Bernard Lamun Home

Five hostesses entertained with a miscellaneous bridal shower in the home of Mrs. Bernard Lamun Thursday evening honoring Miss Sara Maude Johnson, who will be married to George M. Houghton, Jr., August 19th.

Hours were from 8 to 10 p. m., and hostesses for the affair were Mrs. George P. Mizell, Jr., Mrs. J. F. Skalicky, Mrs. B. E. Winterrowd, Mrs. J. C. Rogers and Mrs. Lamun.

Guests were received by the hostesses, the honoree, Mrs. Iva Johnson, mother of the bride-elect, Mrs. George M. Houghton, Sr., of Abilene, mother of the bridegroom-to-be and Miss Mary Lucy Houghton, Abilene, sister of the bridegroom-to-be.

Miss Johnson was attired in a casual street-length frock of platinum-colored crepe which had cap sleeves and a clipped neckline. She wore copper accessories, and her shoulder corsage was of orchids.

Mrs. Johnson wore a black crepe ensemble which had a lace yoke, and her corsage was of rose asters. Mrs. Houghton wore a black dressmaker suit with white accessories and her corsage was an arrangement of white asters centered with orchid, rainbow asters. Miss Houghton was attired in a black chiffon ensemble and her corsage was of white carnations.

Hostesses and members of the houseparty wore shoulder corsages of pom pom asters, gladioli, roses, amaryllis, lilies and gardenias.

Caroline Smith and Mrs. Tommy Gage presided at the refreshment table which was covered with a quaker lace cloth and centered with pink amaryllis and white feverfew arranged on a plaque of greenery. Resting in the center of the flowers was a silver double wedding ring. Flanking the arrangement were double crystal candelabra supporting pink and white tapers. The table was appointed with silver and crystal punch service.

Miss Betty Williams presided at the register and around 200 guests called during the evening.

Miss Johnson and Houghton will be married in a formal double-ring ceremony to be read at the First Presbyterian church Monday evening.

Vows will be repeated by candlelight and Herbert Newman of the Church of Christ will officiate.

Vancil Scott Carries Away Honors In Best-Attended 4-H Field Day

Vancil Scott of Big Spring won top honors at the 4-H club field day in Coahoma Thursday, as club members from throughout the county competed in judging and identification contests. More than 350 persons, largest crowd ever to attend such an event in the county, took part in the day's activities.

Scott, who scored 903 points out of a possible 1,000, was presented with a pen and pencil set by Nathan's Jewelry store of Big Spring.

CHUCKING CHARLIE'S CHIN — Frances Groce chucks the chin of skeleton Charlie at Alabama Polytechnic Institute at Auburn, where she is majoring in laboratory technology.

LOCAL WEATHER HEADING FOR NEW RECORD IN PERSISTENCY

Big Spring is heading for some sort of a heat record of its own in persistence if not in intensity. Records furnished by the US weather bureau show 25 days of 100 or plus temperatures during the summer of 1946. This exceeds the scorchier last summer when the total 100 or better days stood at 18.

Maximum temperature this year was 107, which fell short of the 109 recorded in June of 1945. Last year got the jump with three 100 or better days in May. The latter part of June turned up 11 scorching days. Rains early in June cooled matters off and it was not until the middle of August that three 100 plus scorches broke into the picture. This year contributed only four days on the 100 or better side, came through with 10 more in July and added to the misery with 11 of the first 15 days of August falling into that bracket.

And until a low pressure of sufficient force appears on the scene, a high pressure area, which has taken up squatters rights in the Central Atlantic area, will contribute to "stable weather conditions" on the continent, as the weather bureau puts it. That means more of the same... and heat and drought.

Sanitary Toilet Work In Progress

Six more concrete slabs for approved outdoor toilets have been distributed and installed in areas not served by the city sewerage system, Lawrence J. Wells, city sanitarian, said today. The program for eliminating toilets which do not meet city sanitary standards is inching forward day by day, Wells said, and the health department hopes to have a large percentage of the work completed by the end of summer.

Cuthbert Takes Softball Title

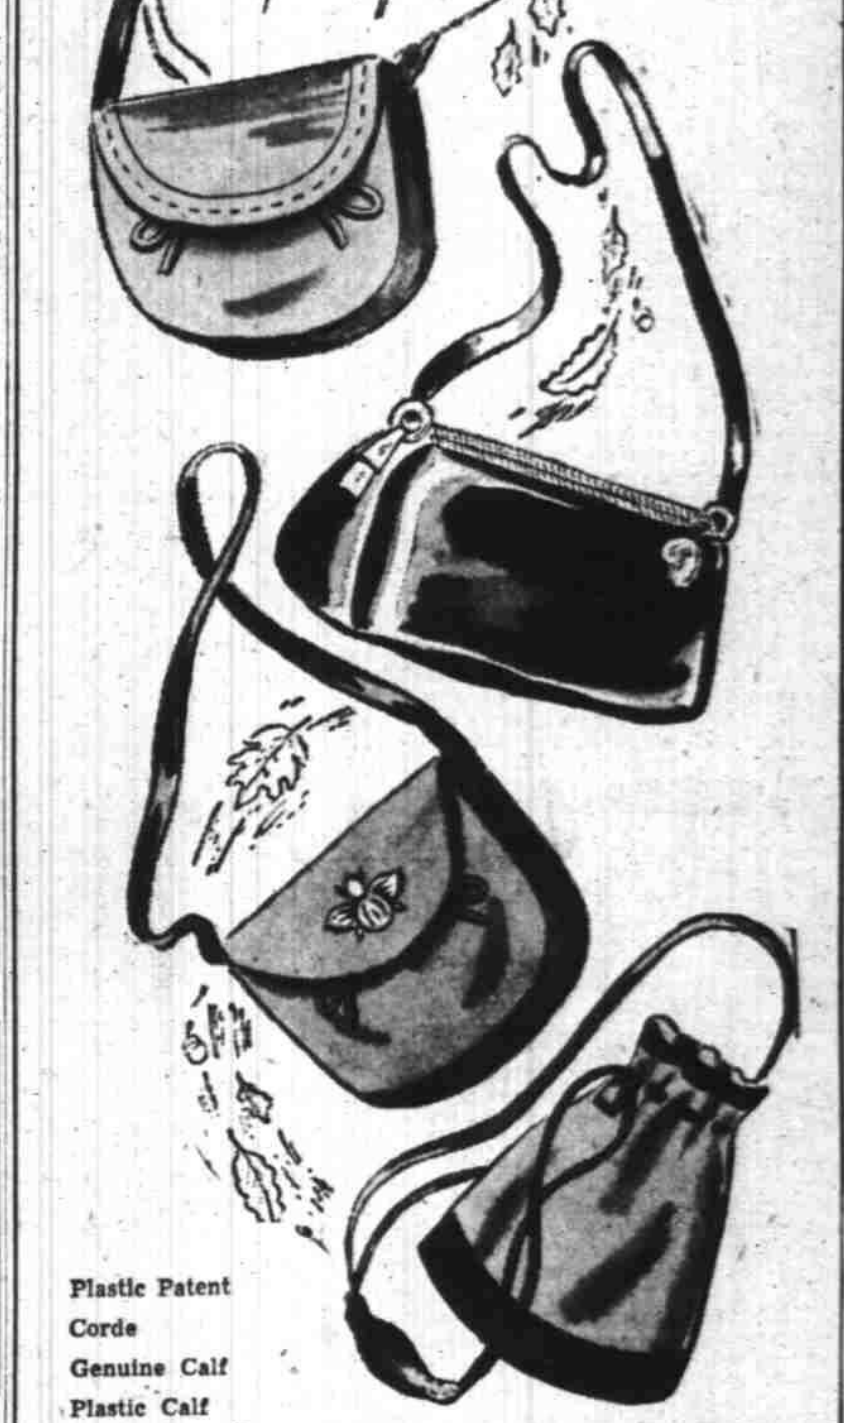

COLORADO CITY, Aug. 16 — A 16-week series of softball games ended here this week when 1,500 spectators witnessed the final play-off game between the victorious Cuthbert team and the runners-up, White House Hashers. In the play-off series White House, first half champions, took the first game 10 to 9, Cuthbert second half winners, rallied to take the last two games, 16 to 5 and 7 to 2.

YESTERDAY

A group of little boys and girls in Big Spring were cleaned up by their parents and dressed in their Sunday best and taken to Sunday school and church. The devout parents of these children knew that the church and Sunday school provided the things their children needed most to develop them into righteous and useful men and women. They sat under patient teachers who told them stories of Bible heroes and instructed them in the way and value of right living. They listened to the preacher, accepted Christ as a personal saviour and united with the church.

TODAY

These boys and girls have matured into man and womanhood. In their turn they are carrying on the church and the Sunday school, preaching in its pulpit and instructing the present generation of little children in the same principles which they learned from their forbears, principles and practice which have made them both successful and happy in their lives.

TOMORROW

They will join their fore-fathers in heaven to hear the Master of us all say to them, "Well done, good and faithful servant, you have been faithful over a few things, I will make you ruler over many things. Enter thou into the joys of thy Lord."
