

## University Squabble Is Revived As Finale In FCC Radio Hearing

John Lee Smith Says He's Had Fair Treatment

DALLAS, July 13 (AP)—A seven-hour session today completed testimony in a federal communications hearing on charges by Dr. Homer P. Rainey, candidate for governor, that the four radio stations of the Texas Quality Network "have not operated in the public interest" by rationing time to politicians.

Col. James D. Cunningham, examiner, adjourned the two-day hearing after former Governor James V. Allred, one of Rainey's attorneys, revived the controversial issues of 1944 that resulted in Rainey's dismissal as president of the University of Texas.

Until introduction of the university question, the day's proceedings had been enlivened only by the unexpected appearance of Lieut. Gov. John Lee Smith, also a candidate for governor, who said the stations should be reprimanded "if they've done anything wrong" but that his problem was "raising money for broadcasts and not obtaining radio time."

Soft-spoken Col. Cunningham, liberal in admitting evidence and testimony from both factions but blunt and to the point after a decision was reached, ordered the abrupt halt in the hearing to permit attorneys and witnesses to meet train and plane schedules.

Records of the hearing will be forwarded to Washington for decision of the commission. Cunningham said he did not know when the decision would be made.

Cunningham said the hearing, in so far as he knew, was unprecedented in commission history,

FOUR CANDIDATES TOGETHER—Four Texas gubernatorial candidates, in Dallas to attend a Federal Communications Commission hearing granted candidate Homer P. Rainey, are shown outside the federal courtroom where the hearing was held. Left to right: Case March; Homer P. Rainey; Grover Sellers; Beauford Jester. Rainey protested radio time allotted him by the Texas Quality Network. In his petition he charged discrimination and monopoly. (AP Photo.)

that he knew of no other case "so closely involved in a political campaign."

Allred introduced the university question late in the afternoon while cross-examining Kern Tips, station manager for KPRC, Houston, one of the stations involved. Tips was questioned with reference to a visit made by the for-

mer governor, accompanied by Major J. R. Parton of Houston, to KPRC in seeking radio time on TQN to present "Dr. Rainey's side" to the university controversy. The visit, Allred said, was made in early November, 1944, shortly after the dismissal of Rainey as university president. Smith, who has attacked many

of his opponents in his campaign speeches, made little reference to them in his hearing testimony today. He was on the witness stand nearly an hour.

"My relations with the stations involved have been very agreeable," he said, "except for a few (See HEARING, Pg. 7, Col. 5)

## House May Wait Until Tuesday For OPA Vote

Food Items Out Of Bill Passed By The Senate

WASHINGTON, July 13 (AP)—With strong republican backing, a drive got under way today in the house to send a revised price control bill to President Truman exactly as the senate passed it early this morning.

However, an informal but binding "gentlemen's agreement" to defer the showdown until Tuesday gave administration leaders a long weekend to organize a fight for removal of senate-voted decontrols of major food items.

The agreement, made by democratic and republican leaders to protect many members who will be absent Monday, nullified the house rules committee's speedy action in recommending that the controversial bill be sent immediately to a senate-house conference for adjustment of differences.

After President Truman had vetoed on June 29 a previous OPA extension bill on the grounds it was "unworkable" the house had voted a 20-day, full authority extension of OPA.

But the senate, after a week of debate, finally passed at 1:56 a. m. Eastern Standard Time today a bill which exempted major food items, among other things, from further federal price control.

Senator Taft (R-Ohio) said today the senate's 62 to 15 vote for the modified price control bill was a notice to President Truman that congress does not like the "outrageous methods of the OPA."

The president, when he vetoed the previous OPA bill had singled out Taft for special criticism, contending that an amendment sponsored by Taft would have helped manufacturers reap "a bonanza."

Taft asserted that increases in food prices since OPA died "do little more than reflect consumer's subsidies which the OPA was paying."

The showdown Tuesday will be on a motion to revise the rules committee recommendation and send the bill to President Truman instead of to conference. That can be accomplished if a majority of the membership votes to concur in the senate bill, which technically is an amendment to a house measure extending the old price control law until July 20.

Rep. Halleck (R-Ind) said he believed the bill as passed by the senate "is just about as good a bill as you can get from the senate."

He based that opinion, he told the rules committee, on the heavy vote by which the senate wrote the decontrol amendments into the bill.

The fight centered around senate-voted decontrols on meat, poultry, eggs, butter, cheese, milk and other dairy products, cottonseed, soy-beans, grain, livestock and poultry feed and tobacco, and removal of price curbs on petroleum as long as supplies meet domestic demands.

## 16 Cars Derailed In B'Spring Yards

Sixteen cars of an eastbound T&P railway fruit train left the track west of the local yard late Friday, disrupting main line traffic for more than an hour.

Two of the cars overturned. Laborers worked through the night and most of Saturday morning to repair the damage and clear the right-of-way.

A defective rail was said to have caused the mishap.

## Six Bodies Recovered From 1945 Crash

FRANKFURT, Germany, July 13 (AP)—Making a perilous 9,000-foot ascent and descent through the snow-capped peaks of southern Bavaria, a party of American soldiers and German mountaineers have recovered bodies of six American airmen who were killed when a B-17 bomber crashed into lofty Hochvogel mountain Dec. 14, 1945.

## Two Texas Colleges For Negroes Recommended By Governing Boards

By the Associated Press

Establishment of two institutions of higher learning for Texas negroes, equivalent to the University of Texas and Texas A&M college, was recommended Saturday by the governing boards of the two schools.

They suggested that Gov. Coke R. Stevenson appoint a bi-racial committee to work out detailed plans for the schools for submission to the legislature "at the earliest practicable time."

The recommendations were stated briefly in the report of a joint committee adopted simultaneously at a meeting of the University of Texas board of regents in Austin, and of the A&M board of directors in Corpus Christi.

# Big Loan To Britain Gets Final Approval

## Loan A 'Pump Primer' For Restoring Trade

LONDON, July 13 (AP)—British officials regard the \$3,750,000,000 United States loan as a pump primer which will start trade flowing all over the globe and return Britain to its prewar position as "middleman to the world."

The approval helps Britain to dodge some drastic belt-tightening, because, as one government source put it, Britain was "already scraping the bottom of the barrel" of its dollar resources.

Trade was trickling across the Atlantic in advance. One of the first payments from the loan will be for a still-undetermined amount of goods already in the pipeline.

To John Bull-in-the-Street, the outward effect of the loan will barely be visible.

His wife may notice it in the grocery stores, for part of the money will be spent on American dried eggs, canned milk, canned fruit and fruit juice. But there will not be enough of these things for a splurge on the table; just enough to knock a little of the monotony out of the austere British diet, which now is even below wartime levels.

LONDON, July 13 (AP)—Great Britain received with gratitude and relief tonight the long-awaited news that the American loan, called the mainstay of Britain's drive to recover from six years of war, had been approved by congress.

Officials at 10 Downing Street said Prime Minister Clement Attlee would not comment immediately and that the government's official statement would come from Hugh Dalton, chancellor of the exchequer.

## Treaty Proposed To Eliminate Atom Veto

Would Avoid The Amending Of UN Charter

NEW YORK, July 13. (AP)—The United States proposed tonight that the veto on atomic questions be eliminated by international treaty rather than by amendment to the United Nations charter.

In a new memorandum, submitted to the UN atomic energy commission, US Representative Bernard M. Baruch proposed that the veto issue be disposed of in the proposed treaty setting up an atomic control system.

This would make it unnecessary to amend the charter, which some of the atomic commission delegates have admitted would be difficult, if not impossible, in view of Russia's avowed opposition.

There was no indication, however, that Russia would be any more willing to surrender her veto rights by treaty than by amendment.

The Baruch proposal provides that the Security Council would maintain jurisdiction over atomic matters which actually threatened world peace, but that the five permanent members of the council would agree voluntarily not to use their veto rights on atomic questions.

The proposed atomic development authority, the memorandum said, would be given power to handle control violations which were not considered a threat to peace.

Here is the way decisions on atomic questions would be handled under the US plan:

1. In administrative matters, the decision of the authority would be final.

2. On questions not sufficiently grave to endanger peace, decisions of the authority might either be appealed to a special board or enforced by the Security Council as "procedural matters" if any nation refused to obey orders of the authority.

3. Offenses which endanger peace would be subject to action by the Security Council, but the five big powers would agree not to use the veto.

## NOMINATION CONFIRMED

WASHINGTON, July 13 (AP)—The senate confirmed today the nomination of Ingram M. Stainback to be governor of the territory of Hawaii. The action was taken by unanimous consent.

## Byrnes To Give Report Monday On Paris Meet

PARIS, July 13. (AP) — Secretary of State James F. Byrnes said today he would report to his nation Monday night on results of the month long foreign ministers conference in which he said the United States accepted some compromises on European treaty proposals to avoid a "clash that nobody wants."

Byrnes, last of the three visiting foreign ministers to leave France, flew from Orly Field on the presidential plane, "The Sacred Cow," at 1:55 p. m. (7:55 a. m. EST) bound for Iceland and Washington. Those accompanying him included US Senators Tom Connally, (D-Tex) and Arthur H. Vandenberg (R-Mich) and their wives.

British Foreign Secretary Ernest Bevin departed two hours earlier. The Soviet Foreign Minister, V. M. Molotov, took off for Moscow early in the morning.

Byrnes told a news conference before leaving that he would press for a new meeting of the foreign ministers of the four powers after the forthcoming European peace conference here July 29, and before the meeting of the United Nations in New York, tentatively set for Sept. 23.

The fall conference will return once more to the knotty Gernany problem over which the four foreign ministers spent the last four days in fruitless wrangling.

Touching on one of the major decisions of the conference, Byrnes said that the internationalization of Trieste could well serve as an experiment in international cooperation.

"The nations of the world have entered into what is a great experiment that should determine whether it is possible for the United Nations, in a situation of this kind, to reach a solution," he said.

## Peppy Blount To Get Medals

R. E. (Peppy) Blount, Jr., will be honored Tuesday at Goodfellow Field, San Angelo, when air combat medals will be presented to him.

He is to receive the Distinguished Flying Cross and the Air Medal with two clusters, earned for bombardment and strafing missions when he was based at Clark Field.

In three and a half months, Blount, a first lieutenant and pilot in the Air Corps, crowded in 31 missions on the Indo-China coastal area. His accumulation of missions was one of the fastest on record at the time it was achieved.

On his return to the states he entered the University of Texas and did not receive his awards before leaving the service.

Blount is the son of Mr. and Mrs. Ralph E. Blount, Sr.

## Measure Goes To Truman For His Signature

Russia Looms Large In The Final Debate

WASHINGTON, July 13 (AP) — Congress gave final approval today to a \$3,750,000,000 loan to Great Britain, sending the legislation to President Truman by a house vote of 219 to 155.

The senate already had authorized the huge fund intended to rehabilitate England's war-disorganized international trade.

In closing debate, proponents shouted that the decision on aid for the wartime ally would determine whether the world will turn to Washington or Moscow for leadership.

Russia loomed large in the long and bitter house arguments, which ended with Speaker Rayburn (D-Tex) appealing for approval of the credit, lest England and western Europe "be pushed into an ideological impasse."

Sixty-one republicans joined 157 democrats and one minor party member in voting for ratification of the loan urged by President Truman. Opposed were 32 democrats, 122 republicans and one minor party member.

Final congressional approval occurred after the house had beaten back 218 to 154 an effort to require Britain to put up "merchantable" collateral, beyond that government's pledge to pay.

Likewise, the house rejected all amendments seeking possession, in return for the loan, of British island bases now held by the United States on 99-year lease.

Rep. Dirksen (R-Ill), author of the collateral amendment suggested that as consideration for the credit, Britain might put up its Middle East oil resources, its wool, gold mines, insurance companies and "other security of a merchantable nature."

Moving swiftly toward the final vote, the house also:

1. Shouted down an amendment by Rep. Bender (R-Ohio) to reduce the loan to \$1,250,000,000.

2. By a 190 to 119 standing vote, knocked down a motion by Rep. Celler (D-NY) to kill the ratification legislation.

3. Rejected by voice vote an amendment by Rep. Mundt (R-SD) that would have required Britain to put up the same collateral and pay the same interest rates as are stipulated by the Export-Import bank.

4. On a 154 to 99 vote, defeated a proposal by Rep. Reed (R-NY) that after England gets the first \$1,000,000,000 she could get no more unless at the end of one year she advised the United States that Britain had ended "all discriminatory trade practices."

5. Downed by voice vote an amendment by Rep. Woodruff (R-Mich) proposing that no payments be made unless Britain turned over to the United States for the duration of the loan such of its Atlantic and Pacific areas as the president deems useful to America's defense.

6. Also rejected by voice vote a proposal by Rep. Cole (R-NY) that as a loan condition, Britain sell to the United States for \$1,000,000 the Atlantic island areas now leased by the United States as military bases.

7. The last rejected amendment by Rep. Smith (R-Ohio) would have stipulated that Britain could not draw on the loan until the United States balanced its budget.

## Budgets Approved For University

AUSTIN, July 13 (AP)—University of Texas regents today approved 1946-47 budgets for its main university and three of its branches but failed to take final action on a budget for the medical branch at Galveston.

A budget of \$5,495,844 was approved for the University of Texas, approximately 30 per cent more than that in 1945-46.

A sizeable increase was also made in the budget of the College of Mines and Metallurgy at El Paso, which will receive \$393,470 for 1946-47, \$103,193 more than for the current year.

## Fingerprints Link Suspect In Murder

CHICAGO, July 13. (AP) — The Federal Bureau of Investigation today confirmed a fingerprint relationship between William Heirens and a partial print found by police in the apartment of Frances Brown, Chicago's "lipstick murder" victim.

Previously the FBI had said that a finger and palm print of Heirens, 17 year old University of Chicago student, were "identical" to latent prints found on the \$20,000 ransom note in the kidnap-slaying of Suzanne Degnan Jan. 7.

Miss Brown was shot and stabbed to death in her Northside apartment last Dec. 11.

The latest FBI confirmation of print similarities found by the Chicago police was contained in a telegram sent by J. Edgar Hoover to Police Commissioner John C. Prendergast. The wire said:

"Latest impression in photograph Frances Brown case identified right index fingerprint William Heirens."

Earlier today Chief of Detectives Walter G. Storms announced that three separate finger or palm prints had been found on the Degnan note and added that "they all matched the prints of Heirens. The FBI has termed 'identical' one finger and one palm print."

Announcement of the similarity between Heirens' print and a bloody print found on the door jamb of the 33-year old former WAVE's apartment came yesterday from State's Attorney William J. Tuohy.

## Reviewing The Big Spring -Week-

Joe Pickle

Weather is our favorite topic. It has been said aptly that we have "entirely too many pretty days" in this country, and certainly this is the case this year. It's getting down to the short rows for feed — our last chance for a major crop.

W. P. Edwards, persistent but sometimes disillusioned weather prophet, has forecast showers before Tuesday and threatens to swear off if he misses. I. B. (Doc) Gault predicts a "wet spell in July," but qualifies it by saying "it'll be too bad if we don't."

That much is correct, anyhow. The past week has presented some interesting comparisons — whether temperatures or prices rise the higher. It's neck and neck with little relief in sight.

The next month and a half will be a busy time around these parts. From now until July 27 politics will hog the stage. Then will follow a hurried period of preparation and staging the annual rodeo, Aug. 7-10. About that time the

See THE WEEK, Pg. 7, Col. 6

## Probing Group Hurls Sharp Blast At May

WASHINGTON, July 13 (AP)—In a gloves-off exchange, the senate war investigating committee concluded today that Rep. May (D-Ky) is "unable to explain or contradict" evidence linking him with munitions makers and the house military chairman in reply challenged the general "conduct of your hearings."

Dropping the polite formalities of congressional exchanges, the committee wrote May directly that it could find no alternative to the conclusion that "you admit the facts" gathered in its inquiry "to be true."

May snapped back a formal reply that such a conclusion is "unwarranted" and added that "it parallels other characteristics of the conduct of your hearings to which I object."

The committee turned thumbs down on the conditions with which May hedged an agreement to "consider" a personal appearance to tell of his acknowledged help to an industrial combine headed by Dr. Henry Garson. It contended that the import of those demands constituted a refusal to appear in its inquiry into the group's profits on \$78,000,000 in war contracts and its Washington influence.

"I have not so declined," May declared in his reply. "Before accepting, I am simply seeking a basis upon which such acceptance can be made without being denied the rights and privileges specified."

May struck back, too, at the senate committee's sharp comment that public servants should seek accountings of their public trust "frequently, fully and openly" to preserve the integrity of congress.

## Howard Hughes Fights To Live

LOS ANGELES, July 13. (AP) — Howard Hughes rallied today in his fight to survive shattering crash injuries, and his physicians commented: "We are amazed at his recuperative powers."

His condition has been critical since he was injured in the pileup of a fast new photo-reconnaissance plane last Sunday, and on Thursday night took a turn for the worse.

But a bulletin this afternoon, signed by his three doctors, declared: "Mr. Hughes' condition has improved slightly during the last 12 hours. In spite of great pain on movement of the patient, he slept at short intervals during the night and he has taken some nourishment. His temperature remains elevated, but has been constant for the last 24 hours."

"There is a large collection of fluid in the left chest. The right lung is functioning in spite of fractures of the first and second ribs. There are extensive second and third degree burns on the lower part of the left chest. This precludes removal of fluid in the left chest unless evidence of infection is certain."

"There are fractures of nine ribs on the posterior wall of the left chest, and in addition of the left clavicle."

## 103 SATURDAY, AND MORE TODAY

The weather man, because he had no choice in the matter, served up century-plus weather Saturday, Big Spring's top for the day being 103. And, said the w.m., we can expect more of the same today.

One-hundred degree weather was common in Texas Saturday, with Waco showing 105—the hottest there in seven years. Dallas had a reading of 103. Midland had 100.

## Parley Slated On Colorado Water Plans

A committee representing the Colorado River Municipal Water association is to confer in Robert Lee Monday with officials of the proposed irrigation project in Coke county.

Purpose of the confab is to seek a basis free of conflict on which the Colorado River Municipal Water association, composed of Snyder, Colorado City, Big Spring, Midland and Odessa, could proceed with joint plans to secure a supply of 26,000,000 gallons of water daily.

Preliminary plans of the association call for a dam five miles above Colorado City to impound a lake for municipal purposes. This would take an estimated 20 per cent of the total supply anticipated at Robert Lee for irrigation purposes. Municipal use ranks first in priorities under the state board of water engineers, irrigation third. However, association officials are desirous of an understanding rather than a resort to priorities.

Robert Lee interests have indicated they would not oppose the upper Colorado move on the basis of diverting only 20 percent of the water for municipal use. They have suggested a counter step of taking the water at Robert Lee, eliminating the dam above Colorado City.

Frank Kelley, Colorado City, is chairman of the association conference committee. Others are Sam Williams, Snyder, J. T. Long, Odessa, R. L. Cook, Big Spring, Tom Sealy, Midland, and Earnest Griffith, Colorado City.

## CEILING FALLS, BUT ACTUALLY

REDWOOD CITY, Calif., July 13 (AP)—The Redwood City fire department today had a report from Broadway and Main streets, the OPA office: The ceiling collapsed.

## 2 Slavs Killed By Yank Patrol

TRIESTE, July 13 (AP) — Two Yugoslav soldiers were killed by an American patrol last night in brief skirmishes near the Morgan Line, and today American troops in the area of the zonal boundary were placed on the alert.

The US 88th Division announced that two separate Yugoslav patrols opened fire on the American patrol investigating a Yugoslav violation of the Morgan Line. The line divides Yugoslav and American-British zones of occupation in disrupted Benesia Giulia.

One Yugoslav soldier was killed in the first exchange of fire. The other was slain later when another Yugoslav patrol "which apparently was intent on ambushing the United States patrol," was encountered, the announcement said.

Meanwhile, Trieste itself remained quiet as the general strike which for 12 days paralyzed most of the industry in occupation zone "A," the British-American zone, ended at midnight.

### Rodeo Booster Trip Planned

A motorcade will be arranged by the Big Spring chamber of commerce goodwill department for July 31 and Aug. 2 for the purpose of advertising the annual rodeo scheduled for Aug. 7-10. An itinerary will be mapped to include as many West Texas cities as possible. Initial plans were mapped for the two trips Friday afternoon at a joint meeting of steering committees from the chamber's rodeo, retail merchants and rodeo departments. Elmo Wasson, chairman of the goodwill department, will submit tentative plans for the motorcade to his membership within the next few days. Plans for decorating business establishments in Big Spring for the rodeo will be drawn by the retail merchants department, headed by Lewis Price, while Charlie Creighton, chairman of the rodeo department, announced that his group will arrange for ticket sales.

### Govt. Merger Plan Gets OK

WASHINGTON, July 13. (AP) — One of three presidential plans for merging and streamlining government agencies squeezed through Congress today when the Senate heeded a plea of Democratic Leader Barkley to "scrape some of the barnacles from the ship of state." The Senate, by a ballot announced as 37 to 30, voted down a resolution disapproving a plan which proposed that the grazing service and general land office be combined into a single bureau of land management in the Interior Department. Fought by Republicans, that was the biggest of a dozen-odd shifts in "reorganization plan No. 3." The House already had rejected the plan, and two others President Truman sent to Congress on May 16. Under the reorganization act, all three go into effect automatically at midnight Monday — 60 days after submission — unless both Senate and House turn them down.

**ON VACATION.** Mrs. Helen Acuff, assistant to County School Superintendent Walker Bailey, starts her vacation today but isn't planning any long trips.

### Livestock Sales Total 4,000 Head During Past Week

Sales conducted at ranches in this area by the West Texas Livestock Auction company boosted the week's total for cattle receipts on local markets to almost 4,000 during the past week. In addition to their regular auction here Tuesday, the company sold 165 cows and calves at \$125 a pair for O. E. Hamlin at his ranch 15 miles north of Big Spring, two car loads of cows and calves at \$120 a pair for Tom Good and 120 head of mixed cows with 65 calves for Mack Benge of Sterling City at \$95 a head. J. L. Hudson of Big Spring purchased 107 cows and calves from Hamlin, shipping to Laramie, Wyoming. Hudson and his son, Lane, have bought a ranch south of Laramie, Wyo., in northern Colorado and will move there when stocking is complete.

### Entertainers To Go To Colorado

Big Spring chamber of commerce will take several amateur entertainers to Colorado City for a program Friday night, J. H. Greene, manager, announced Saturday. Listed on the tentative program are Wanda McElhannon, De Alva Graham, Roy Smith, Betty Jean Beauchamp, Larry Evans, Melody Maida, Roy Rogan, Joe Fowler Brooks, Mary Whitaker, Harry Echols, Kenneth Bryant, Alline Hester, Barbara Lou Wright, Peggy Lamb, the Logan Brothers and Lewellen Wheeler. Greene will accompany the group to Colorado City, while Edith Gay, chamber of commerce secretary will be in charge of the regular program here on the same night. The chamber will furnish transportation to Colorado City for entertainers who request it.

### Greene To Dallas For C-C Sessions

J. H. Greene, manager of the Big Spring chamber of commerce, left Saturday night for Dallas, where he will attend the Southwestern Institute for chamber of commerce managers, assistant managers and executives. The institute will be in session throughout the week, with regular instruction periods scheduled daily. Greene plans to return Friday morning.

### Annual Cosden Stockholders' Meet Monday

Annual meeting of stockholders of the Cosden Petroleum corporation will be held in Big Spring Monday. President R. L. Tollett said that a quorum of stock representation is assured, to transact business during the session which will be held at the company office beginning at 11 a. m. To be discussed is a proposal for an amendment to the by-laws to authorize a yearly compensation to directors; and new directors will be elected. A meeting of the new directors will follow the stockholders meeting, at which time officers of the company will be named.

Cosden Petroleum Corp., realized a net profit of \$376,603 during the last fiscal year after deduction for anticipated federal taxes. Gross revenue for the company was \$9,728,250, a decrease of 9.64. Overhead charges were down but by not as great a percentage. Net additions to the Big Spring plant cost \$844,976, including the erection of a new Unisol Treating plant for cracked gasoline, re-wrapping of topping and desulphurization units and two furnaces. Also installed was a hot process water softener and two new steam generators, all of which have resulted in efficient and economical operation of the plant. Annual statement of the company announced the writing off of the Graham plant for salvage value since crude in that area makes continued operation impractical. During the fiscal year, the company produced 371,808 barrels of crude at a value of \$404,648. Oil reserves of Cosden are estimated at 3,380,853 barrels. Cosden paid out \$4,398,047 for crude oil process in its plants. Two quarterly dividends of .625 cents per share were paid on preferred stock. This was only one half of the dividend which accrued on this issue of stock, and at the end of the fiscal year the dividend arrearage amounted to \$16.25 per share. Of 144 Cosden personnel entering the service, only 18 remain in service and 70 have returned to their jobs.

**GETS DISCHARGE.** Discharged this past week from the naval service was Billy J. Epler, S 1c, whose last duty was aboard a former Jap ship for the Bikini atom bomb tests. He had seven months sea duty, having been in the Navy since last August.

Two from Big Spring have reported to the Army medical department enlisted technician's school at the Brooke Army Medical Center, Fort Sam Houston, for a surgical technician's course. They are Pvt. Cecil Drake, son of Mr. and Mrs. H. D. Drake, 203 Abrams; and Pvt. Doyle Dunbar, son of Mrs. Altie Dunbar, 1402 West Fourth.

Thelma Boone, instructor for the University of Texas extension service and the state board of vocational education and who was here several weeks recently conducting a variety of retail and supervisory courses, is back in Big Spring—with a broken leg. She fell Friday on a step in her room in a hotel at Colorado City, where she has been directing courses. The member was fractured above the knee. She was removed to a hospital here Saturday.

### 20,000 Population In City Zone Indicated By Utilities Figures

Although standard methods employed in normal times cannot be relied upon under current conditions, estimates based on several factors place Big Spring's 1946 population at 17,500 within the corporate limits and at more than 20,000 for the greater Big Spring area. Using the customary increases in percentages for utilities meters and telephones an absolute minimum of 18,000 is accounted for in the corporate limits and approximately 18,500 for the entire area. These percentages provide conservative figures, however, when consideration is allowed for more than 1,500 rental units which have been established in Big Spring since 1940, most of which draw utilities from other meters and house two or more people each. These estimates represent an increase of approximately 40 percent over 1940's official 12,604 within the city limits. Also, unlike some areas which were centers for military establishments during the war, Big Spring has experienced an in-

crease instead of a decrease according to utilities records. For example, water consumption for June, 1946, showed an increase of 141,000 gallons over 1945. New water taps still are being requested faster than the city can obtain materials for installation. Other factors reflect even greater population for Big Spring. Bank deposits have soared to new peaks and retail sales have almost doubled. The exact percentages of these increases which can be credited to larger population are undetermined, however, since they reflect general conditions of the times as well as more people. Based on telephones alone, population within the corporate limits would exceed 20,000, but this factor also is contributed to by general conditions.

### Here 'n There

The Woodrow Campbells departed this morning via air for a two weeks' trip to Chicago and New York City.

Clem A. Dashe is home after effecting his discharge from the US Navy. He spent two years in the air arm of that branch of the service and was stationed at Corpus Christi and San Diego, Calif.

Mrs. Ida Collins left Saturday to spend the weekend with her sister, Mrs. B. R. Lay, and family in Brownfield. She was to be joined there by her son, Roy Collins, who is in Texas Tech.

L. N. Yantis, employe of the Texas Liquor Control Board, writes in from Denver, Colo., that he is enjoying his vacation and expects to tour through California before returning home.

Mrs. F. L. Eudy of Vernon and Wallace P. Bly, Raymondville, are visiting their parents, Mr. and Mrs. B. G. Bly. Wallace's trip here also occasioned a reunion with his daughters, Joyce and Nelda.

Mr. and Mrs. O. N. Green of Foran leave Monday for a two weeks' trip into Oklahoma. Their itinerary will include a stop at Shawnee, a former home. Green hasn't paid Shawnee an extended visit since he left there 20 years ago.

Mr. and Mrs. Bertie Fallon, who are students in Texas Tech, are home for the weekend. Fallon, one-time employe of Continental Air Lines here and before that a captain in the AAF, is working part-time for the Dean of Men at the college.

Additional Food Is Released To Japan TOKYO, July 13 (AP)—Allied headquarters announced today the release of more than 67,500 tons of imported food to the Japanese government to supplement rations for the second 10-day period of July. Wheat made up most of the release which is the largest so far made. Headquarters also directed the Japanese to pick up 5,000 tons of excess US army food in danger of spoilage at Iwo Jima.

**Surplus Airports** WASHINGTON, July 13 (AP)—The War Assets Administration has informed 22 cities of the nation that they may use surplus government airports until somebody wants to buy them. The air fields include municipal airfield, and Abilene army air field, both at Abilene, Tex.; Love army air field, Dallas; and Waco army air field, Waco, Tex.

**Photographer Dies** NEW YORK, July 13 (AP)—Alfred Steiglitz, 82, photographer who was a founder of the post impressionist movement in modern art and who introduced many leading painters and sculptors to America, died today.

**Accurate PRESCRIPTION SERVICE** Settles Drug Willard Sullivan Owner Settles Hotel Phone 206 or 222

### DIONNES HAVE COMPETITOR

PITCAIRN, Pa., July 13 (AP) Papa Arthur Griser, 38, gazed proudly at his fourth set of twins today, looked fondly upon his 31-year-old wife who now has borne 13 children, and said: "With her it's double or nothing."

Mrs. Irma Griser had just returned from Braddock general hospital with twin boys, the first of identical sex in the family's multiple sets of children. Other Griser twins are Dolores and Johnny, 5; Dorothy and Robert, 3, and Mary Louise and David Paul, a year old last April 16. Twelve-year-old Agnes, Arthur, 10, Sarah, 8, Eddie, 6, and Harry, 4, complete the family.

Papa Griser is a twin himself, a discharged army veteran of European service and a boiler house fireman for the Westinghouse Airbrake Co.

SAY YOU SAW IT IN THE HERALD

### IT'S 'JULY 4TH' FOR FRENCHMEN

PARIS, July 13. (AP) —You couldn't find a shop open strictly for business or a man seriously working in all of France today, as 40 million Frenchmen got ready to celebrate the 155th anniversary of the revolution that is best remembered for the storming of the bastille on July 14, 1789.

The official celebration in the capital began tonight with the placing of a wreath on the tomb of the unknown soldier at the Arc de Triomphe.

The city's several hundred fountains, most of them dating back for centuries, began flowing at noon. All the historic landmarks such as the Eiffel Tower, Cathedral of Notre Dame and Opera were flooded with light tonight for one of the few times of the year a Frenchman is allowed to forget there's a coal shortage. And there may not be enough food left for a square meal come Tuesday. Bastille day falling on Sunday makes Monday an official holiday.

BEN L. LEFEVER for Pct. 2

FOR COUNTY COMMISSIONER, PCT. 2 See Next Sunday's Herald for Another Message (Paid Pol. Adv.)

### Let's Keep Our Library Growing

One of the fine cultural assets of our county is the Howard County Library. It has made a fine organizational start, is being widely used. It deserves adequate support, so that it can expand and be of more value to all our citizens.

Among my aims, if chosen as Pct. 2 Commissioner, is to assist in making proper provisions to develop this worthy project. This is one of the proposals on which I ask your vote and influence.

# THEY WALK WITH DEATH

## WHEN THEY WALK ON

## PESTROY DDT LIQUID COATING

### Here's how PESTROY kills and keeps on killing insects!

After application, PESTROY DDT particles rise to top of coating, form a crystalline film. This DDT film kills insects that touch it: : : keeps on killing day after day, week after week. You see, PESTROY is compounded with a new type of synthetic resin. This special resin binds PESTROY DDT to any surface, makes it cling, keeps it from brushing off or blowing away.

- WHY PESTROY IS SO AMAZING:**
1. It's a crystallized coating—it's on the job with full effectiveness 24 hours a day.
  2. It's a perfectly balanced DDT formula—an exclusive, scientific blend of DDT and other chemical agents.
  3. It brushes on—it's easy to apply... does away with bothersome, constant spraying.
  4. It stays on — doesn't brush off or blow away. You apply it once and it lasts.
  5. It's safe—eliminates irritating fumes and other dangers of spraying.
  6. It kills and keeps on killing — one application has lethal effects for months.
  7. It's economical — can be applied without waste to the spots where it does the most good... gives lasting protection against bugs.

## Office Seekers Work Harder As Big Date Nears

The home stretch was around the bend Saturday as candidates began in earnest to contact voters in their sprint to the wire.

There was good reason, too, besides the fact that only a fortnight remains before balloting in the first Democratic primary, for observers felt few campaigns have left so much in doubt as to the outcome at this stage of the game.

This is based on the number of people who admit they have not yet decided definitely whom they will support in the various races. Of course, this is most pronounced in the top bracket where undecided voters will really fix the complexion of the gubernatorial contest. It applies in a good degree to several local races.

Candidates for the offices of district clerk, county judge, county clerk, county superintendent, justice of peace, constable and county surveyor are free from last minute worries.

But 23 other candidates battling it out for eight offices — county attorney, sheriff, tax collector-assessor of the four precincts — have a great deal at stake.

As evidence of increased public interest, the absentee vote total nearly doubled to reach 67 Saturday. By deadline time July 23 this figure is apt to be multiplied several times. On the final absentee totals an estimate of the primary turnout may be had, since normally balloting is not less than 10 times the absentee total.

**Judge Albert S. Mauzey**  
for  
**COURT OF CIVIL APPEALS**

The Big Spring Bar gladly joins with the many Bars over the twenty-three counties of the 11th Court of Civil Appeals District in the endorsement of Honorable Albert S. Mauzey for Associate Justice of that Court.

People of Howard County who have lived here ten years or more remember when Judge Mauzey was our District Judge, when Howard County was in the 32nd Judicial District. He is still the Judge of the 32nd District, but some time ago Howard County was transferred by the Legislature from the 32nd to the 78th District, so we are no longer in the 32nd District, but are in the 11th Court of Appeals District.

Judge Mauzey has made an outstanding record as a District Judge, and is considered one of the finest Judges in all Texas. We think he is the man to be elevated to the High Court of Civil Appeals.

(Pol. Adv. Paid for by Members of Big Spring Bar)

## Spotted But Spreading— Many Food Items Have Sharp Price Increases

**By WACIL McNAIR**

Although the trend still had not reached general proportions by Saturday, Big Spring residents began to feel the impact of higher prices on some commodities during the past week.

To date most of the advances have involved foodstuffs, with grocery retailers reporting mark-ups, some of them sharp, on several items. Most noticeable to consumers probably was the increase on dairy products, with pasteurized milk advancing from 16 cents a quart to 20 cents a quart. At the same time butter jumped as much as 15 cents a pound, selling up to 95 cents at the week's end. Butter and margarine were in great demand, due to a shortage of lard and vegetable shortening which has held on for several weeks. Some local dealers predict that the supply of cooking fats will improve soon, however.

Other major increases in grocery items include coffee, advanced three cents a pound, canned milk, cereals and breakfast foods. Grocers are expecting fur-

ther increases on their next shipments, and most of them predict higher prices on other articles before a "levelling off" is reached.

**HIGH AND SCARCE**

Cured meats were described by grocers as both high and scarce. The fresh meat picture was brighter, however, with most cuts holding the same prices they have sold at throughout the season, and some even slightly lower. Fresh meat prices are expected to hold for some time, however, until supplies are shipped to other areas of the country which have been without for several weeks. Big Spring escaped the general shortage which spread over the country immediately before expiration of OPA, since practically all major grocers purchase their supplies locally.

High prices for dairy products are indicated at least until another feed crop reaches the retail market. The feed shortage and high prices for the few varieties on the current market have posed a serious problem for the dairy farmers. The same situation is

tending to keep the fresh meat prices static.

Fresh fruits and vegetables continue high, especially citrus fruits. Truckers now ask the same price for all fruits, regardless of quality, grocers report.

**CLOTHING STEADY**

Clothing prices appeared to be holding the line, temporarily at least, but most sources believe increases will be felt when shipments of fall goods are received. Most Big Spring stores are currently engaged in clearing their stocks of summer articles, with prices substantially the same, and in some cases slightly lower than they were under OPA ceilings.

No appreciable change has been noted in electrical appliances, furniture, etc., but some advances are expected when future shipments arrive. Shipments, however, still are lagging on most of these items.

Increases also hit the magazine stands. Examples: Time up from 15 cents a copy to 20 cents, and the Sporting News with a similar increase.

## Jap Surrender Due In 1945 Without Atom Bombs Or Russia, Survey Shows

**WASHINGTON, July 13 (AP)—**A commission which studied bombing effects and other factors told President Truman today that Japan certainly would have surrendered before the atomic bomb, Russia's entry into the war or any allied invasion plans.

Asserting that air supremacy was "the major factor which determined the timing of Japan's surrender," the US strategic bombing survey had this to say on other points, in a report to the president:

The atomic bomb — brought "further urgency and lubrication" to peacemaking machinery.

Russia's entry—"neither defeated Japan nor materially hastened the acceptance of surrender."

The invasion threat—"anticipated landings were even viewed by the military with hope that they would afford a means of inflicting casualties sufficiently high to improve their chances of a negotiated peace."

Some Japanese leaders recognized as early as the spring of 1944 that "Japan was facing ultimate defeat," said the report made public today by the White House.

"The time lapse between military impotence and political acceptance of the inevitable might have been shorter," the report said, "had the political structure of Japan permitted a more rapid and indecisive determination of national policies."

"It seems clear, however, that air supremacy and its exploitation over Japan proper was the major factor which determined the timing of Japan's surrender and obviated any need for invasion."

"Based on a detailed investigation of all the facts and supported by the testimony of the surviving Japanese leaders involved, it is the survey's opinion that certainly prior to 31 December, 1945, and in all probability prior to 1 November, 1945, Japan would have surrendered even if the atomic bombs had not been drop-

ped, even if Russia had not entered the war, and even if no invasion had been planned or contemplated."

The report summarized the findings of a staff of 1,150 civilians and army and navy officers and enlisted men who started work in Japan in September, 1945, weeks after Japan's fall. Headed by Franklin D'Olier, former national commander of the American Legion, the 12-member survey earlier studied and reported on the effects of the aerial attack on Germany.

## City High In Retail Sales

Big Spring was one of the leading West Texas cities in retail sales for 1944-45, according to an annual survey conducted by the magazine, Sales Management.

Ranked 28th in population among Texas cities, Big Spring's retail sales volume was 20th in the state and sixth in the West Texas area with \$16,716,000. In the first five places for West Texas were El Paso, Amarillo, Lubbock, San Angelo and Abilene. El Paso led West Texas with \$65,242,000, while Amarillo had \$42,224,000; Lubbock, \$38,739,000; San Angelo, \$28,300,000; Abilene, \$26,243,000; Odessa, \$14,453,000; Midland, \$10,485,000; and Sweetwater, \$8,211,000.

Houston, first in population, led the state in retail sales with \$340,143,000. Dallas, Fort Worth and San Antonio followed in that order.

In city court Saturday morning, the entire group entered pleas of guilty to charges of gaming, and were released after paying fines of \$15 each.

**Negroes Draw Fines**

Surprised in a "friendly game" Friday night in the flats area, nine negro men were hauled into city jail by Officers Thompson and Beauchamp of the Big Spring police department.

In city court Saturday morning, the entire group entered pleas of guilty to charges of gaming, and were released after paying fines of \$15 each.

**Two Assessed Fines For Drunkenness**

Two men hauled into justice court Saturday morning on charges of drunkenness entered pleas of guilty and were each fined \$14, including costs.

They are Melvin L. Hunfer, who is laying out his fine in the county jail, and E. E. Crane.

## Downtown Lot May Be Handled By Corporation

Creation of a local corporation to plan and handle affairs in connection with disposition of a quarter of a block of downtown property looms as a possibility with acquisition of the tract by the Big Spring chamber of commerce from the Texas and Pacific Railway company.

The chamber is paying \$10,000 down on the property, located at the corner of W 2nd and Scurry streets and directly south of the Petroleum building. Total consideration is \$25,000, of which \$5,000 is in a cancellable note in event a community building to house the YMCA, Boy Scouts, Girl Scouts, or other similar organizations of a public nature is erected on a portion of the tract.

In considering the purchase originally, chamber officials announced that the organization would hold it until such a time as other arrangements might be made for its disposition. A local corporation was considered as one means of administering the matter.

One meeting was held to discuss possibilities of a community center and R. T. Piner was named chairman of a committee to explore this field. Under terms of the deed, part or all of the property, now utilized as a parking lot, might be used for business structures.

The Flathead or Salish Indians of Montana were not flatheaded.

## Draft Age May Be Increased To 35

**WASHINGTON, July 13 (AP)—**The war department says it may be necessary in the future "to consider the induction of men through age 35," but it has "not recommended to the President that the top draft age be raised from 29 to 35 years."

This statement was issued last night after an official close to draft policy had told reporters he understood such a recommendation already had been made.

Advised of the war department's statement, this official, who asked not to be quoted by name, said all selective service

## Big Spring (Texas) Herald, Sun., July 14, 1946

plans are based on upping the age limit from 29 to 35, when induction calls are resumed in September.

**Revelry Is Costly**

A frolic session cost a Latin-American exactly \$75 Friday night when he became overboisterous with his fun-making on the north side of town.

Police horned in when he began firing shots from a gun into the air at about 1 a. m. Saturday. He pleaded guilty to charges of drunkenness and disturbance.

### Chinese Reds Near Tientsin

NANKING, July 13. (AP) — Twenty thousand Chinese Communist troops have attacked the government's outer defense works near Tientsin and are fighting 10 miles from that US Marine base in North China, Peking dispatches said today.

The initial assault was led by 10,000 troops operating near Peitsang, eight miles east of Tientsin, the independent newspaper Hsin Min Pao declared. Simultaneously a second force of 10,000 Communists began pushing toward Tientsin from the southeast, the newspaper added, and reached Tungtiau and Setiou, two towns 10 miles from the city.

Other Government-Communist clashes were reported erupting north of Tientsin and one dispatch reported suspension of week end evening train service to Peiping, also a US Marine zone. (No Marine participation was reported anywhere.)

### Summer Program In Second Half; Schedule Given

YMCA activities swing into the second half on the summer program with the first half of the church league softball series ended and two groups of swimmers graduated.

Highlighting the second half will be the addition of a course in boxing under the instruction of Travis Griffin at the high school gym Tuesday evenings at 7:30. The Salvation Army Senior boys, and the YMCA Senior girls emerged as winners of the softball leagues. The new series will begin Monday night.

Attendance at the crafts and skills instruction climbs with each Thursday night meeting with shellcraft and leathercraft vying for interest.

Schedule of activities for the coming week include:

MONDAY — Tennis to be held at the city tennis courts under the direction of Mrs. Wayne Pearce at 9 a. m.

Swimming lessons at the Municipal swimming pool under the direction of Arsh Phillips, one class at 10 a. m.; another at 11 a. m.

Archery with Jack Thompson at the Retention Dam on Gregg Street at 6 p. m.

Toastmasters club meeting at Episcopal Parish house at 6:30 p. m. with Harold Stack as toastmaster.

Second half of Church league softball series to begin.

TUESDAY — Softball games and archery, both beginning at 6 p. m.

Boxing with Travis Griffin in the high school gym at 7:30.

WEDNESDAY — Swimming at 10 and 11 a. m.

Archery and tennis, both at 6 p. m.

THURSDAY — Tennis, softball and archery at 6 p. m.

Craft and skills night at Y headquarters at 8 p. m.

FRIDAY — Softball at 6 p. m. Social night with square and folk dancing at Y headquarters at 8 p. m.

Bridge instruction at Y at 8 p. m.

SATURDAY — Swimming at 10 and 11 a. m.

Co-Ed Party night at Y at 8 p. m.

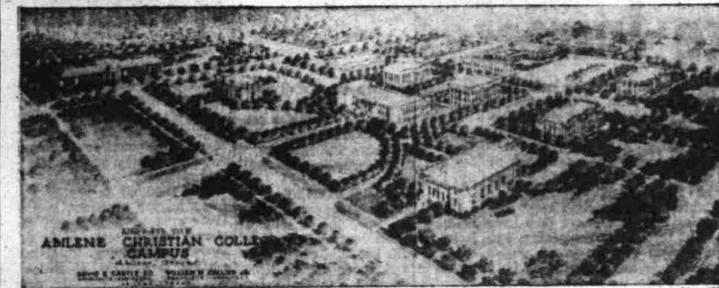

### Aleman Piles Up Heavy Majority

MEXICO CITY, July 13 (AP) — Miguel Aleman piled up a 616-412 to 178,219 lead today over Ezequiel Padilla in Mexico's presidential elections.

The figures are from 45 scattered congressional districts of the nation's 148, gathered from official tabulating juntas by the Associated Press.

Aleman won all the 45 districts reporting to date. Nearly all the administration party (PRI) senatorial and congressional candidates were swept in with him.

### ACC Endowment Campaign To Be Outlined At Local Church Today

MORE BUILDINGS—Above is an architect's sketch of the Abilene Christian college campus, as it will appear when projected new buildings and improvements are completed. ACC has started a campaign for a \$3,000,000 fund, \$2,000,000 for construction, \$1,000,000 for endowment.

### Menard County Wildcat Gets A Good Show

By JOHN E. BREWER

SAN ANGELO, July 13 — A promising showing of oil and gas in the Canyon section of the Pennsylvania by a Menard county wildcat, Warren Petroleum Corp. of Tulsa and T. F. Morrow of Dallas No. 1 Mrs. Ruby Russell and others, and a farther northeast extension to Devonian production in the Block 31 (Devonian and Ellenburger) field were among principal West Texas developments this week.

Wildcat locations included one each in Crockett and Ward counties, that in Crockett county expected to explore the Ellenburger in drilling 9,000 feet.

Warren and Morrow No. 1 Russell, six miles northeast of Fort McKavett, drillstem tested from 2,257 to 2,307 feet, in sandy shale, the total depth, for one hour and recovered 145 feet of gas-cut mud and 300 feet of oil-cut mud and oil. Seven-inch casing was cemented at 2,281 feet and testing was scheduled late in the week.

No. 1 Russell has elevation of 2,165 feet. It is 660 feet out of the northeast corner of section 18, S. 5, Wallick survey, in about the center of a 10,000-acre block, on which Floyd C. Dodson of San Angelo did the geological work. It is contracted to 4,300 feet or to production or water in the Ellenburger.

Atlantic No. 1-P University, Devonian extension to the Block 31 field in Crane county, rated 588.36 barrels of oil daily for natural completion at 9,000 feet. It is in the C NE SE 27-31-U, half mile north of the nearest dually completed well and one mile east of the nearest producer from the Devonian only.

The field was defined to the southeast by Atlantic No. 1-T University, C NE SE 30-31-U, the first failure in the area, which had no shows in drilling to 9,210 in chert.

Humble No. 1-B G. H. Cowden, Crane wildcat in section 14-X-CCSD&RGNG, seven miles southeast of the Block 31 field, was testing to 9,996 feet in lime, reportedly the Ellenburger.

T. W. Loffland and J. M. Loffland, Jr., of Fort Worth applied for a permit to deepen their No. 1 Vernon B. Cox, south central Crockett county wildcat, from 650 to 9,000 feet. Location is the C NW SW 40-ST-E, Foster, 25 miles west-southwest of Ozona.

Roy D. Goldston of Tyler and associates prepared to start No. 1 W. L. Moody estate, scheduled 3,000-foot rotary wildcat in Ward county CWE 32-32-H&TC, eight miles northwest of Grandfalls.

Stanolind No. 1 Mack Taylor, first completed Devonian producer in the Keystone district in Winkler county, drew two more offsets. Gulf will drill No. 96-D Keystone, C NW NW 13-B2-psl, quarter mile south, and Stanolind will drill No. 1 John H. Moss C NW SW 8-B2-psl, quarter mile north of the discovery.

The Silurian, proven productive in a number of Keystone wells that continued to the Ellenburger, will be the goal of J. R. Sharp and R. C. Barnes in drilling No. 1-DS M. E. Crum estate on the southeast side of the field, near the C SE SW 7-B2-psl. Drilling 8,300 feet is proposed.

### Barnett Quits Housing Job

G. A. (Ken) Barnett, who has served as district manager for Federal Projects Housing Authority during the war, is due to step out of his position this week.

Barnett sought to resign his post earlier in the year but was given a leave of absence to rest. In June, when failing health again overtook him, he resigned again effective July 1. FPHA, however, asked him to remain on until a replacement could be made.

Jack Bronson is due to succeed Barnett as head of the federal housing units in this area, which includes emergency projects from Sweetwater west. District headquarters have been maintained at Ellis Homes. Barnett intends to

rest for several weeks and then enter private business.

ALEXANDER

The part Big Spring supporters of the institution can play in helping create a \$3,000,000 endowment and endowment fund for Abilene Christian college will be outlined here today at a special meeting at the Church of Christ.

Speaking at the morning hour on the ACC program will be Robert M. Alexander, who will tell of the growth, needs for expansion and the plans for meeting this need. J. B. Collins of Big Spring, as chairman of the ACC board of trustees, is one of the leaders in the movement.

Enrollment at the Abilene school has grown to more than 1,400, and at the present time facilities are badly crowded with the registration of some 400 returned servicemen.

School leaders are hoping to raise \$2,000,000 for buildings and improvements; \$1,000,000 for an endowment fund held necessary for future security of the institution. Among buildings planned are a library, home economics building, music building, student center and boys' dormitory.

### A MESSAGE TO THE VOTERS

J. B. (Jake) Bruton

Dear Citizen:

We are facing an inevitable crime wave employing criminal tactics unheard of by officers of yesteryears. The most scientifically trained officers and criminologists will meet their tests. Our leading peace officers should be men with many years of actual experience plus the most modern technical training, if our security is to be maintained. Crime is on the increase due to many reasons, one of which is, in many localities, the officers' lack of understanding of the present trend of crime and especially our youth problems.

I have been a peace officer almost all my adult life since I finished school and am trained and experienced in all its phases from the office and its records to the field work at the scene of crime and on through the laboratory tests. My training and experience lead me to believe more in prevention than in detection.

I never had any experience as a juvenile officer before I was appointed for a two year term on

September 1, 1944, the position I now hold, but in this job I met a desire I had long sought, to work with children, our men and women of tomorrow. I now have over two hundred boys and girls of this city and county who have made some mis-step that led to some degree of trouble, and with whom I am constantly working that they may grow up to be good citizens. The fact that I feel that I am doing at least some good by these children has been the main factor that induced me to run for Sheriff of Howard County, thereby, if elected, enabling me to remain in a position to carry on and help these and many other wayward children, for, if elected I do not intend to ignore those in the juvenile bracket but continue to endeavor to "sell" them on friendship and the better ways of life thereby helping the juvenile officer carry on with these young citizens.

Besides sound law enforcement and good reasoning I am deeply concerned in our juvenile problem which is astounding our nation today. As a juvenile officer my very close dealings with wayward children and their parents fail to make me place much of the blame on the children. I contend that 90% or more of the fault is at home or some unscrupulous adult thinking only of the value he is receiving and not of the certain harm being done to the child. Under our existing laws pertaining to the punishing of persons contributing to the delinquency of juveniles we can not expect too much, but many could be punished and if elected sheriff of Howard county for the ensuing term I intend to do all I can to eliminate this and many other pitfalls of life standing open for our inexperienced children.

I am still hoping to see every voter in Howard County but being alone in my work as juvenile officer I may be able to see only those I meet while going about my work. Being thus prevented from talking with you I cordially invite your careful consideration of my qualifications and past proficiency in the positions I have held. This solicitation is only on my merits and qualification and not on my opponent's demerits, if he should have any.

I am obligated to no person, group or element except the law abiding people as a whole and this I will gladly accept, that of serving you in an efficient, loyal and impartial manner in keeping with the oath of office and good citizenship. I wish to thank each of you for the splendid co-operation given me while I was your Chief of Police and later your juvenile officer and assuring you of my appreciation for any favor you can see fit to extend me in my present endeavor and if elected sheriff of this county on July 27, I promise to live up to my oath of office to the best of my ability and be considerate with all cases, both large and small.

### Airmail Volume Drops Sharply

Big Spring citizenry isn't as air-minded as it was a year ago, air postal figures released by Postmaster Nat Shick Saturday morning reveals.

Air mail business the first seven days in July dropped about 60 percent over the corresponding period for 1945.

A total of 647 pounds of air mail freight was accepted the first seven days of this month as compared to 1467 pounds during the period of July 1 to July 7, 1945.

The figures tumbled despite the fact that the city boasts better air postal service than ever before. Eight regular flights are round through here daily, including emergency stops, a total of 244 air line planes landed and picked up mail here during the month of June.

Shick attributed part of the loss to the closing of the Army Air Field here.

### 26TH POLIO DEATH

DALLAS, July 13 (AP)—Harold Brydges, 22, died of poliomyelitis here yesterday, increasing the death toll from infantile paralysis in the state this year to 26.

### 95 Certificates Given At Close Of Bible School

Certificates went to 95 youngsters Friday evening as a climax to the West Side Baptist Vacation Bible school.

These were presented at the end of a program, given by the various departments of the Bible school which had a total enrollment of 109 during the two weeks it operated.

Children participating were feted Friday to a picnic at the city park.

Heading the school was the Rev. Cecil Rhodes, pastor. Workers, by departments, were:

Intermediates, Mrs. C. L. Kirkland, Mrs. Frank Webb; Juniors, Mrs. E. O. Sanderson, Mrs. Reuben Trantham, Mary Lou Redwine, Mrs. Walter Havner and Mrs. Meda Robertson; Primaries, Mrs. J. O. Murphy, Mrs. C. G. Buchanan; Beginners, Mrs. Cecil Rhodes; nursery, Mrs. Marvin Daugherty.

## County Cotton Yield Estimated Very Low In Year Of High Prices

Based on current trends and estimates farmers could reap choice prices for their cotton this fall should they be able to carry crops through to maturity, but speculation this week indicated little possibility of more than a few Howard counties realizing full benefit of what is believed to be an inevitable strong fall market.

Galveston spot quotations late in the week were 33.78, which, under normal conditions, would be about 33 in Big Spring. The market has been on a general rise for several months, and due to various conditions brought on by post-war problems many are predicting that the price will continue at a high level for the 1946 crop.

However, reports from throughout Howard county point to one of the smallest crops in modern history. For one thing, a recent survey disclosed that many farmers who took crop insurance, will collect benefits from the insurance program, indicating that

crops on the farms involved are far below standard. The local ACA office reported that farms with insurance compose a general cross section of the county.

Also, some estimates place the total acreage at less than 25,000, with chances slight for a crop of as much as 10,000 bales, even with favorable weather henceforth.

Elbow, Lomax, an area south of Coahoma and a small area west of Knott appear to have suffered less from the drought than other parts of the county. From Knott and Fairview, eastward across the county, a region which normally is planted heavily in cotton, there are virtually no crops.

Some observers believe that the localized area north of Big Spring which was damaged by hail two weeks ago did not receive enough moisture with the brief storm to compensate for destruction. A few crops were completely wiped out by the hail, and many others damaged considerably.

ACA officials report that crop insurance payments for the county probably will amount to \$125,000 to \$150,000, based on present

day status, and without rain in the near future and figure will be higher.

A strong market for the cotton itself is not the only bright prospect for farmers who make crops, however. Seed promise to be in great demand, with severe shortages in all consumer commodities derived from the cottonseed already gripping the nation. These include not only the various feeds and protein concentrates, but also several household commodities, such as cooking oil and shortening. Some are predicting that cottonseed will bring as high as \$100 a ton in the fall, and that a bale of cotton and a bale of seed will bring farmers more than \$200. A general short crop for the country could raise that figure.

Fancy cotton prices may not be all that Howard county farmers will miss, with another deadline nearing as July moves along. The next week or two will determine the possibility of raising combine maize for those who intend to plant for the grain. However, some may plant for the forage as late as early August. If moisture is not received early enough for maize, a sizeable wheat acreage is forecast provided seed are available.

### Enters Guilty Plea To Driving Charge

J. T. McCombs, stopped by members of the state highway patrol Friday night, entered a plea of guilty in county court Saturday to the charge of driving while under the influence of intoxicants and was fined \$50 and costs. In addition, his operator's license was suspended for six months. James Douglas Robertson, arrested a short time later on a similar charge, has pleaded not guilty to the accusation and is being retained in the county jail pending trial. He was apprehended by members of the city police force.

# McSpaden Fashions 65 To Overtake Johnny Bulla In 3rd Round At KC

By SKIPPER PATRICK  
KANSAS CITY, July 13 (AP) —

Trail-horse Harold (Jug) McSpaden, Sanford, Me., who hasn't won a major championship in two years, fashioned a smart 7-under-par third round of 65 today to go into the lead in the \$20,000 Victory Bond Kansas invitational golf tournament with a 54-hole total of 203.

Replacing Chicago's Johnny Bulla, who started as the leader today at 132, McSpaden was par or better on every hole, fashioning 3-under-par 32 going out and 4-under 33 on the return trip. He completed his day's work with an 18-foot putt to the delight of some 7,000 fans.

McSpaden, who got his start in golf as a Kansas City caddy, and later club pro, was one stroke better than the ever-dangerous Byron Nelson, Toledo, O., and Bulla, both at 204.

Only two strokes off the lead were veteran Jimmy Hines of Chicago and amateur Frank Stranahan of Toledo, O.

Ben Hogan, the courageous little Hershey, Pa., golf capitalist played his poorest round of golf in months and was just about out of the picture at 214, the same score posted by amateur Warren Rippen of St. Joseph, Mo. Hogan drove and putted erratically today and had a four over par 76.

Vic Ghezzi, Knoxville, Tenn., matched McSpaden's third round 65 and starts the final 18 holes tomorrow in sixth place with 206.

Today's round on the Hillcrest country club's 6,592-yard course provided one of the fanciest bits of golfing shown by the touring professionals this year.

Veteran Lawson Little, Monterey, Calif., who changed his mind about withdrawing from the tournament after announcing last night that he was too tired to continue, came up with the prize of the day, sinking an 85-yard chip shot on the 416 par 4 eighth hole.

Lloyd Wadkins, Odessa, Texas, fired a one-under-par 71 on the third round for a total of 211, eight strokes from the front.

Scores of other Texans included Jimmy Demaret of Houston, 215, and Harry Todd of Dallas, 215. Todd shot a 71 on the third round, while Demaret struggled through with a 75.

# Bengals Go To The Mat With Colts

Elias Gamboa sends his Big Spring baseball Tigers into action at 4 o'clock this afternoon on the North Side diamond when they do battle with the Midland Colts.

The Midlanders are one of the few teams in West Texas the Bengals haven't been occasioned to meet. The two contingents were hooked to tangle three weeks ago but several local players were involved in a tragic automobile accident while enroute to Midland and the game was postponed.

Gamboa is expected to have most of his regulars on hand for the series and, despite miseries, will probably see action himself.

Pete Parades is due to assume the pitching chores.

# Record Scores Due In Muny Course City Golf Tourney

Bill Crook, Jake Morgan Among Top Contenders

Qualifying round for the Muny course's city golf tournament gets underway Monday and all indications point to some of the hottest scoring ever witnessed at the local layout.

The tournament, in which the rounds of play will be conducted on a weekly basis, appears to be wide open. In short, there's no outstanding favorite in sight.

Greens on the back side — on which the tournament will be played — are in tip-top shape, according to Pro Foy Fanning. They're not too fast, as is some of the other grass in this arid belt.

Bill Crook, who dropped over from the country club Friday to tour the layout, posted a 33 and automatically became a person to watch in matched play.

Another who must be considered in the running for the blue ribbon is Jake Morgan, who posted two 35's Friday. Fanning himself roared around the nine holes in a five-under-par 32 last Thursday.

Fanning is preparing for a large field, since most of the country club crowd will enter, insuring the success of the meeting's revival.

Entry fee is \$2. All the income will be dedicated toward the purchase of merchandise prizes. There'll be premiums for the winners, runners-up and consolation winners of all flights and Fanning said he would arrange as many flights as is necessary.

Qualifying will extend throughout the remainder of July and matched play will get underway immediately thereafter.

# Five Nines Share Muny Loop Lead

The Muny softball league program will be limited to eight games the coming week due to the fact that no tilts will be played at Forsan until July 29. Church revivals in progress there caused cancellation of the program for the next two weeks.

Week's schedule:  
MONDAY — ABC vs. Big Spring Motor; Redcaps vs. VFW.  
WEDNESDAY — Manhattan vs. Big Spring Hardware; VFW vs. Dub's Garage.  
THURSDAY — VFW vs. United Body Works; Manhattan vs. Dub's Garage.  
FRIDAY — Coahoma vs. Manhattan; United Body Works vs. Manhattan.

# Boston Sweeps Tiger Series To Build Lead

BOSTON, July 13 (AP) — The Boston Red Sox stretched their lead over the Yankees to nine full games today as they came from behind to score a 5-4 win over the Detroit Tigers, while Cleveland took the Yankees at New York 3-2.

It was a clean sweep of all nine home games with the Tigers for the Red Sox as Mickey Harris won his 12th victory.

Paul Trout drove in two Detroit runs in the second, with a double off the left field wall after Pat Mullin beat out a bunt and Jimmy Outlaw was safe on Johnny Pesky's error.

The Sox picked up their first run in the sixth when Pesky walked, went to third on Dom DiMaggio's single to right and scored as Williams grounded out to Hank Greenberg.

Boston came from behind in the eighth when they piled up four runs.

Leon Culberson doubled on the first pitch. Pesky reached first on a fielder's choice and Culberson scored as Trout threw wild to third.

Williams drew an intentional walk and Pesky scored as Bobby Doerr bunted safely a short way down the first base line. After Rudy York was thrown out, Rip Russell beat out a grounder and Williams scored. Doerr came home with the fourth run as Greenberg let Jim Bloodworth's throw get through him.

In the ninth, Bob Klinger replaced Harris after George Kell and Hoot Evers singled. Greenberg's double to left center scored Kell and Evers came home with the final run of the game after Mullin filed out to Williams.

# Home Runs Give Redcaps 9 To 6 Victory Over Muny Pace Setters

An alert Redcap softball team ruined the record of the last unbeaten team in Muny league circles here Friday night when it trounced the mighty Cosden Oilers, 9-6, in a thriller played before a large crowd.

Touching Red Harrison for nine safeties, including home runs by Woodrow Harris, Morris Crittendon and Roy Tubbs, Doc Wilkinson's gang applied the pressure in the late innings to come out on top.

One of the features of the contest was a triple play engineered by Jake Morgan of the Cosdens. He pulled in Harris' drive that was labeled for a sure blow.

Greider had walked to start the inning and ambled to second on a hit by Smith.

Crittendon started the long distance hitting with his home run in the third. The sacks were deserted. Tubbs followed with a three-run homer in the fifth, then Harris clouted his at a time in the sixth with no one up front.

Greider, who went all the way on the hill for the victors, limited the Cosdens to six hits and struck out ten men while the Redcaps were collecting ten blows off Harrison. He whiffed a pair.

The victory pushed the Wilkinson troupe into a five-way deadlock for the Muny league lead.

Coahoma's Stanolind Oilers playing for the first time under Earl Reid, won their second straight game by humbling the United Body Works club, 16-6, in a five-inning preliminary.

K. C. Grantham was the winning hurler, J. C. Mittle the victim.

# Catholic Church Hurler Named To Fem Squad

Virginia Costello, Catholic Church's standout, has been selected to pitch for the Church league All-Stars in their exhibition softball game against the American Legion girls' team at the city park Tuesday evening.

Miss Costello was named to replace Dot Caulte, who is vacationing in California and will not return in time for the contest.

Others who will play against the Legionnaires and their clubs are: Jean Adams, Betty Brown, Mary Rush, Betty Henry, Jean Pearce, Helen Tubb and Mrs. Hazel Pearce, all of the championship Y troupe; Olivia Subia, Euphelia Chavarrria and Miss Costello, Catholics; Nell Arrington, Pat Hubbard and Floyce Brown, Church of God; Joyce Worrell and Ramona Sneed, First Baptist; Ramona Weaver and Jan Dickerson, First Methodist; Betty Beardon, Prairie View Baptist; Caroline Hill, East Fourth Baptist.

# Braves Repel Cincy In Double Header

CINCINNATI, July 13. (AP) — The Boston Braves downed the Cincinnati Reds in both ends of a doubleheader here today, winning the nightcap, 4-3, after taking the opener, 6-4, before 6,850 fans.

Johnny Sain, who pitched a one-hitter for the Braves Saturday, returned to the mound to work part of the first game for the winners. John Barrett received credit for the victory.

Tommy Holmes, who collected three blows, hit a home run for the Braves while Connie Ryan had two doubles.

First game:  
Boston 103 002 000—6 17 0  
Cincinnati 000 013 000—4 10 0  
Lee, Barrett, Sain and O'Dea, Masl; Heusser, Shoun, Lambert and Lamanno.  
National at Cincinnati (second game):  
Boston 022 000 000—4 7 1  
Cincinnati 000 012 000—3 7 0  
Rosedel, Wallace and Masl, O'Dea, Gumbert and Mueller.

# Browns Bop Quakers

PHILADELPHIA, July 13. (AP) — The St. Louis Browns slugged three Philadelphia Athletics pitchers for seven runs in the fourth inning today and went on to win, 11 to 7. Allen Zarella had two triples in the Browns' big inning.

Frank Mancuso hit a home run for the Browns in the outbreak, the blow coming with the bases empty.

St. Louis 000 701 111—11 17 0  
Phil. 000 021 001—4 9 2

# Bucs Surprise Phils Second Time, 8 To 1

PITTSBURGH, July 13. (AP) — The last place Pittsburgh Pirates made it two in a row over the Philadelphia Phils today, overwhelming the Quakers, 8 to 1. Billy Cox homered for the Pirates with two men on.

John Lanning went the distance for the Corsairs, rattling out six hits. Vince Dinges and Andy Seminick each had two hits for the losers.

Cox's homer was one of three blows he collected. He drove into another run in the third.

Philadelphia 00 100 000—1 6 2  
Pittsburgh 013 031 00x—8 14 2  
Shanz, Karl, Mulligan and Seminick; Lanning and Lopez.

# Papish Stops Sens For Chisox, 6-5

WASHINGTON, July 13. (AP) — Left-handed Frank Papish of the Chicago White Sox won his first victory of the season today, beating Washington 9-2, in the second game of a double-header after the Senators won the opener, 6-5.

Bob Kennedy hit a home run for the Sox in the opener.

The Sens came from behind to score three runs in the ninth inning to gain the edge.

Mickey Vernon led a 12-hit Washington attack with a double and two singles.

First game:  
Chicago 100 000 211—5 8 0  
Washington 300 000 003—12 3 0

**NO SHORTAGE HERE!** Plenty of **OUTSIDE PAINT** **Paint Lack Slows Outside Decorating** One of this country's chief sources of linseed oil is Argentina. The last sizable shipment of Argentina's linseed oil export went to Russia, which offered a water price than American paint manufacturers were able to bid. Most of the representatives said that the price of linseed oil is not near as high as it was in the recent Russian market. One of the reasons for the price which prevented the field from many Dallas representatives as a group from making better offers to the raw material sources, was shown in recent statements from many Dallas paint manufacturers. The price of linseed oil, a basic ingredient of all good paint, is so limited that the present supply is so limited that the manufacturer has had to mix linseed oil with other materials in order to stretch the supply. —from Daily Times Herald, July 7, 1946 **Plenty of PURE BOILED LINSEED OIL** (This Item Sold Only With Paint) **We have everything you need for interior or exterior decorating... paints and accessories of all kinds —best nationally advertised brands.** **"PAY CASH AND SAVE"** **Chambers Lumber Co.** Member Lumbermen's Association of Texas Colorado & Front Midland Phone 367

# Six Man Grid Coaching School Set For Aug. 31

An effort is being made to get Kurt Lenser, noted authority on six-man football, to serve as instructor of the football coaching school, which will be conducted under the sponsorship of the American Business Club here Saturday, August 31.

Lenser wrote the recognized bible on the six-man game and is known throughout the country as its god-father.

Coaches from throughout the Southwest have notified Ted Phillips, ABC president, that they intend to be on hand for the clinic.

Among those who will probably be here are Norman E. Croft, To-

yah; William F. Wallace, Marathon; C. O. Head, Wilson; John H. Albers, Coahoma, L. S. Salsar, Whiteface; Thomas C. Martin, Klondike; J. M. Baker, Lazbuddie; W. H. Mosley, Allen; Grady Carson, Flat; plus coaching staffs from Garden City, Water Valley, Sterling City, Knott, Courtney, Westbrook, Fort Hancock, Barstow, Sparenberg, Ackerly, Union and Forsan.

Joe Holladay, Forsan, and Albers will assist the ABC club in planning toward the school.

Phillips said game officials would be invited for orientation on the game's legislation.

The school will be without fee. Most of the indoor session will take place at the Settles hotel. Reservations should be mailed to the American Business Club here, Phillips announced.

## Committee Reports On C-C Program

Routine reports from several committee heads will be heard by Big Spring chamber of commerce directors at their meeting Monday at noon in the Settles hotel.

# LOOKING 'EM OVER

With TOMMY HART  
Lloyd "Pat" Patterson, the local railroader, was a front-rank contender for the managerial job of the Lamesa baseball Lobos but Bob Allaire got the job on the personal endorsement of William DeWitt, the St. Louis Browns mogul . . . Bob went to Lamesa with a long-range plan so he may be around for quite a while, even though the Lobos should finish in the WT-NM league cellar this season . . . They say Stubby Greer, the former Big Springer now managing that Crackerjack Abilene baseball team, is looking around for a replacement for Earl Benson, who went great guns as a hitter the first part of the campaign, then hit the skids . . . Major league scouts are following Amarillo's Joe Bauman—head of the home-run punch—around the circuit.

## Hawkins The Present-Day Cobb

Vallie Eaves, the one-time major league hurler (Chicago White Sox), is now thumbing them in from the mound for Texarkana of the East Texas league . . . He got the old leave-ho on Oklahoma City after only three weeks and that due to lack of condition . . . Vallie, who limps a bit, trains in a style reminiscent of Lew Jenkins, Sweetwater's swatter . . . Clem Hausmann, the WT - NM league graduate, has been sent to Nashville of the Southern Association from Los Angeles . . . He was with the Boston Red Sox last year . . . Spokane of the Western International league, which lost all but two of its players in last but tragedy recently, fell heir to the fiercest ball players of them

## Young Returning To Illinois

Andy Semnick, the Phillies' catcher, works as a butcher during the off-season . . . Maxie Lanier, who walked out on the Cardinals a few weeks ago to accept a Mexican league contract, lost his first game of the year just the other day when Mexico City beat him, 5-3 . . . The Cincinnati Reds executed 82 double plays in their first 62 games this year, may be able to crack the major league standard of 194 for the season . . . The Redleg infield is composed of Grady Hatton, a Texas'at third base; Eddie Miller, ss; Ed Zientars, 2b; and Bert Haas, 1b . . . Vernon "Lefty" Gomes, who managed a club at Caracas, Venezuela, during the winter, steps in as skipper of the Birmingham team in Eastern league, a Yankee affiliate . . . Terry Moore isn't the only athlete of that St. Louis

## Reid Subbing For Morrison At Coahoma

Mike Jacobs, who pawned that Billy Conn-Joe Louis fiasco off on the public the other day without batting an eye lash, is charging \$50 ringside for the Tony Zale-Rocky Graziano middleweight fight later this month . . . Johnny Hooper, the little knuckle swinger who plays softball for the United Body Works, is fast becoming recognized as one of the better fly chasers in Muncy circles . . . He turned up with a couple of catches in the ABC bout the other night that had the fans applauding . . . Morey Morrison, Coahoma's mush ball pilot, is on his vacation and won't be back in uniform for two weeks . . . He hopes to see Will Ramsdell and the Fort Worth Cats play before returning . . . Earl Reid is master-minding the Coahoma team in his absence . . . L. W. Croft has returned from a fishing trip near Brady and reports the cat and bass are biting in that area.

## Big 8th Inning Gives Abilene 12-10 Victory

LAMESA, July 13—Ed Krage started an attack in the eighth inning that netted the Abilene Blue Sox a 12-10 victory over the Lamesa Lobos in the second game of their series here Friday night.

Krage singled down the right field line to score Earl Benson and break a 7-7 deadlock. The blow came after two men had been retired. Greer followed by strolling and Leo Thomas tripled for two more tallies. Big Danny Ozark climaxed the outburst with a home run smash to center.

The Lobos came back in their half of the eighth to count three times on Manager Bob Allaire's triple with two aboard and Pepper Martin's long fly to center that Krage leaped and caught at the top of the fence.

The Lamesans open a three game series with Amarillo here this afternoon.

Abilene . . . . . 030 211 050—12  
Lamesa . . . . . 300 130 080—10

## Revival Will Start Today At Forsan

FORSAN, July 13. (Sp1) — The Rev. K. T. Melugin, pastor of the First Baptist Church of Conroe begins a two-weeks revival at the Forsan Baptist Church Sunday the Rev. Berl Clark, pastor, has announced.

Rev. Melugin, who recently was discharged from the Army Chaplains' Corps as a major, is a graduate of Baylor university and the Southwestern Baptist Theological Seminary, Fort Worth.

The Rev. Bell Ratliff, assistant pastor at Forsan will direct music for the revival, and Mrs. H. M. Smith will serve as pianist.

## Legion Girls Lose To Odessa, 17-9

Scoring six runs in the first inning, Odessa's Sewell V-8 girls softball team unleashed a 21-hit barrage to thoroughly trounce the Big Spring American Legion girls 17-9 Saturday night on the Muncy park diamond.

The Odessa lasses were never headed after the big first frame, picking up four more and enough for victory in the second. Their big inning, however, was the fourth when they rang the bell for eight hits, including three doubles, and stamped seven runs across the platter.

It was the second straight loss for the Legionnaires, who were able to collect only nine hits from the twirling of Odessa's Garrison. Katherine Redding poled a long home run into deep center field in the sixth, but the sacks were empty. Dean contributed two triples for the home side.

The line score:  
Odessa 640 704 0-17 21 1  
Legionnaires 022 122 0-9 9 2

In Massachusetts in 1675 one man in every 16 of military age was killed in King Phillip's War.

# Dodgers Edge Chicago Cubs To Protect National Lead

Chicago, July 13. (AP) — Staving off a ninth inning assault, the Brooklyn Dodgers defeated the Chicago Cubs 4-3 today before a paid attendance of 40,067 to end a five game losing skein at Wrigley Field.

Hank Behrman, who started for the Dodgers, lasted until the ninth when he retired after Clyde McCullough doubled and Billy Burms drew a pass. Hugh Casey took over and was stung for a single by Stan Hack and a double by Eddie Waitkus, the wallops producing two runs to throw a scare into the Dodgers. A long outfield fly by Peanuts Lowrey with the bases loaded ended the game.

Behrman held the Cubs scoreless until the seventh when Marv Rickert doubled and went over the plate on Jurgis' singles.

## Babe Beats Polly Riley 6-5 In Trans-Miss

DENVER, July 13 (AP)—The Women's Trans-Mississippi golf championship.

The 20-year-old Miss Riley, playing a magnificent iron game, fought Mrs. Zaharias almost to a stand-still during the 18-hole morning round but wilted in the afternoon session under a tremendous pressure applied by the long-driving Babe.

A gallery of 3,000 saw the Babe, holding a 2-up lead after 34 grueling holes, win four more in rapid succession to go six up at the 28th. The match ended as they paired the last three.

The great woman athlete who clearly lacked during the morning round the consistency that carried her into the finals on a string of four overwhelming victories, was in the traps on the third and fourth and surrendered a two-hole lead to Miss Riley.

She got them right back, though, by taking the fifth and sixth and they battered along in a deadlock until the 13th, when Polly forged ahead with a birdie four. They were tied again as Mrs. Zaharias took the 14th.

The Babe dropped a 100-yard iron shot two feet from the pin at the 17th and was down for a birdie three that gave her the lead. Another birdie on the par five 18th stretched her advantage to two holes at the halfway point.

"I'm just not shooting golf," complained the Babe as she strode, scowling, into the Denver country club for lunch. She was even with women's par at the 39th, about four strokes off her previous pace for the week, and Polly was one over.

Coming out for the afternoon round, Mrs. Zaharias had regained her composure, and after driving into the woods, she recovered beautifully for a par five. Miss Riley missed a two-foot putt for a six that lost the hole and the Babe said:

## Hearing

(Continued From Page 1)

conflicts with commercials causing denial of my requests.

"If that is wrong, I want them (the stations) reprimanded," he continued. "But I reiterate that it is money and not radio time that is my problem."

The lieutenant governor said the interests of "freedom of speech" would be aided "if we can compel these powerful groups to lower rates."

On cross-examination, Everett L. Looney, attorney for Rainey, asked Smith:

"If all the radio time should be taken away from candidates, what would happen to the campaigns?"

"I recall some very vigorous campaigns in Texas before the day of radio."

"But isn't it true that crowds are smaller now?"

"My opponents haven't had as good audiences as I have."

"If I have the same opportunity as my opponents," Smith concluded, "I have no complaint. But, if otherwise, the people are being done an injustice for being denied my rich prizes of governmental knowledge."

Today's testimony opened with Rainey's attorney recalling Ralph Nimmons, assistant manager of WFAA, Dallas, to the stand. Questioning was terminated quickly, however, when Looney and Segal became involved in an argument over a TQN time schedule used by Senator W. Lee O'Daniel in October and November, 1944, in speaking for the Texas Regulars.

Looney asked Segal if he would submit a copy of WBAP's schedule for eight days of the period involved.

"The answer is no," Segal stated. "We will not supply the record."

Wosencraft objected, stating Texas Regulars are not involved.

"We desire to present evidence," Looney told the examiner, "showing that a radio station deviated from its regulations to suit its desires. In other words, applying the rules to some people and not to others."

Cunningham overruled Wosencraft's objection and ordered WBAP to present the schedules desired by the plaintiff.

"I haven't the slightest idea what he wants," Segal told Cunningham. "He says the O'Daniel case was a departure from the agreement . . . counsel for the plaintiff has failed to prove the allegations of the petition and are now on a fishing expedition."

## The Week

(Continued from page one)

run-off campaign will be in stride. Right after that is behind us, schools will open — and maybe we can settle down.

Housewives and cafe operators complain that current corn meal turns out a darker corn bread. Margaret Christie, county home demonstration agent says she has nothing authentic on the subject, but some HD club members think it may be a repetition of a few years ago — a blended corn-maize meal.

Some 337 veterans in this area are drawing unemployment compensation at the latest count. Most of these young men would make excellent employees and if you want to invest in a good employee prospect, contact the USES office.

In the early days, bumper mesquite bean crops pulled herds through some severe droughts. This year a big bean crop is shaping up, and at this late date brush and trees in many areas are still blooming.

Sooner or later the city may face some hard choices on operations. The monthly financial summary showed an excess of \$21,000 in disbursements over revenues. Of course, this is an off season when water is the chief source of income; seasonal deficit financing is to be expected. But then, it is a long time until October when taxes come due again.

Fire losses were held down to \$587 in June, continuing a good record of several months standing. Carelessness and one bad blaze, however, could wipe out our gains. It could be your place, so check up and eliminate hazards.

Rep. Poage of Waco has proposed a change in American Airline flights from Memphis, Tenn., via Dallas, Fort Worth, Abilene, Big Spring to El Paso and points west to come by Shreveport, La., to Waco, San Angelo. So far as we can tell, this is something Mr. Poage has dreamed up. We can't stop him from dreaming, but if he proposes to mess up our service, then we hope he will pick out some other carrier for his flights of speculation.

# Swimmers To Get Buttons Monday

Approximately 50 persons who enrolled in the beginners' class of the YMCA swimming school several weeks ago will be given graduation buttons when the class convenes Monday.

Others who desire to learn the basic strokes of swimming can enroll if they register no later than Wednesday, according to Miss Arah Phillips, director.

The swimming clinic will accept no advanced students. Persons who have mastered the art of staying afloat and who desire to further their schooling should apply for entrance into the Life Saving course now being proffered at the pool.

MEN'S WEAR OF CHARACTER

## Absentee Voting May Set Record

With 87 completed ballots already on file with the county clerk's office, all indications point to a record Howard county absentee vote for the democratic primary election July 27.

Almost half of the forms were returned to County Clerk Lee Porter Saturday. Porter retains them until three days prior to the election, then turns them over to the presiding judges of the voting precincts.

Persons can obtain the ballots

either by calling at the clerk's office with proper certification or by writing for them. Affidavits proving physical disability or illness should accompany the requests made by mail. Poll tax receipts are to be presented in all instances.

Bulk of the absentee voting is expected the coming week.

The common superstition that a person handling toads will get warts on his hands is untrue.

**HERE MONDAY**—Price Daniel, candidate for the democratic nomination as attorney general, will be here Monday evening, he has announced. Daniel will come here from Lubbock and Lamesa and is scheduled to make a radio address over the Texas Quality Network from Big Spring. Daniel has been a practicing attorney since 1932, served six years in the legislature from Liberty and Hardin counties and was speaker of the house for the 48th legislature before entering the army.

**SUSPECT HELD**  
HOUSTON, July 13 (AP)—A 53-year-old man was held here late today by Houston police for Nueces county authorities for questioning in an alleged \$15,000 swindle involving the Aransas Pass school district.

## Week's Business—

### Business Paced By Stock Trades, Building Is Off

Livestock sales hit a new peak for the year during the week, with regular auction sales at both local commission barns equalling the record established June 10-13, and other sales conducted at ranches adding several hundred to the total. About 4,000 animals were involved in the week's activities. The West Texas Livestock Auction company tabbed receipts Tuesday at more than 2,000 cattle and a few hogs, which duplicated the heavy run of the firm's official opening a month ago. In addition the West Texas company sold approximately 500 at ranches in the area.

The Big Spring Livestock Auction company recorded sales of more than 1,350 head of cattle Wednesday, as the market continued brisk, despite heavy selling by ranchers in the area. Prices here are expected to hold steady for some time, regardless. Most of the animals are being purchased for butchering purposes, and until fresh meat supplies are fully replenished in other sections of the country where "meat famines" have plagued butchers and housewives, the demand probably will keep ahead of supply.

Local building languished in a mid-summer stalemate during the past week, with only \$3,245 recorded, a new low for the year. The current total for July is \$32,785, and for the year, \$844,776.

Warranty deeds also slumped, with only \$21,360 for the week. Total for the year to date is \$2,177,257.

### Kountzes Purchase Local Supply Firm

Announcement of the purchase of the Great West Supply company from M. E. Ooley was made Saturday by Mr. and Mrs. R. P. Kountz and J. H. Kountz, Jr., and the firm henceforth will operate as the Kountz-Carter Supply company.

Location is on highway 80 just east of the city, and the company will handle a general line of oil and gas well supplies, both new and used. In addition, it will have servicing facilities for rotary and cable drilling tools, and general production and refining equipment.

## Candidates Chart Course On Findings Of The Texas Poll

By PAUL BOLTON

AUSTIN, July 13. — The candidates who are low in the Texas Poll, operated by Joe Belden, are likely to look down their noses at its findings early in the campaign, but it is apparent from their campaign strategy that they follow the advice it contains for them.

These examples are noteworthy: The July 1 Belden Poll (as it is usually called; its right name is The Texas Poll), showed that Homer Rainey had gained 4 percent of the voters, and that Jerry Sadler had lost 4 percent. The result: Sadler began to campaign openly against Rainey, building up his blast that Rainey should be president of the new university for negroes.

The July 1 poll showed that Grover Sellers wasn't gaining an inch, but that Beauford Jester had gained 3 percent during the previous month, 2 percent of them John Lee Smith's. Since Sellers and Jester are both competing for the middle-of-the-road votes, Sellers opened a series of speeches aimed at Jester and his position as a railroad commissioner with the power of economic life or death over the oil, truck and gas industries.

Sellers charges that, with four years still to serve on the railroad commission, Jester has the people in those industries it supervises "over a barrel," forced to support him or keep very quiet.

At the same time, Jester has been concentrating his fire on Rainey, labelling him as the candidate of the CIO, in an effort to divert a share of the 31 percent Belden finds "undecided" from Rainey to himself.

This tremendous percentage of "undecided" is the puzzle of this gubernatorial race. And it accounts, of course, for the fact that the candidates keep enlarging their platforms as they go along. In ordinary years, platforms are set up early, and followed with little change throughout the campaign.

While the Belden Poll has shown in its past experience that voters can be changed right up to the last minute, it is more proba-

ble that the 31 percent of the folks who hadn't made up their minds on July 1 will be divided among the candidates in much the same proportion as the folks who had made up their minds. If this should happen, it would be Rainey and Sadler in the run-off, although Jester's increase during June, if continued, would put him in the run-off instead of Sadler. The smart money in Austin is betting that it will be Rainey and Jester in the run-off.

## Youth Revival Is Slated At Midland

Youth groups from several cities in this area will take part in the youth revival scheduled at the First Baptist church in Midland July 19-21.

Charles Wellborn, Gladewater, who laid claim to being an atheist before his conversion, will head a group of World War II servicemen leading the revival. Wellborn is a political science instructor at Baylor University, where he graduated and recently was on the staff at the Southside student retreat at Ridgecrest, N. C. Bill Williams, Sweetwater, Hardin - Simmons student, will direct music.

and Ted Smith, Rule, will be pianist. Special music is to be brought by young people from El Paso, Midland, Abilene, Sweetwater and other cities.

# Doris Tompkins, Terry Lowrey Wed In Double Ring Ceremony In First Baptist Church Parlor Friday Evening

Dr. P. D. O'Brien Read Vows Before Flower Decked Altar

Lattice work covered with fern and flanked by baskets of pink and white gladioli formed the background for the ceremony in which Doris Nell Tompkins, daughter of Mr. and Mrs. J. N. Tompkins, was married Friday in the First Baptist church parlor to Terry Lowrey of Henderson.

Dr. P. D. O'Brien read the double ring ceremony by the light of cathedral tapers placed in tall candelabra. Patsy Sue McDaniel, wearing a frock of pink crepe and a corsage of white gladioli, lighted the candles.

Helen Blount sang "Because," and "Wait and See," accompanied by Mrs. Wiley Curry, who also played the nuptial music and wedding march. Miss Blount was attired in a white waffle pique dress with a corsage of red carnations. Mrs. Curry wore a floral print of purple and white with a white carnation corsage.

Given in marriage by her father the bride chose for her wedding an all white costume with a street-length frock of white linen with eyellet trim. It was fashioned with a round neckline, cap sleeves and a full skirt which featured an apron outline effect in the eyellet trim. She wore a small white straw-poke-type hat with a fresh flower trim and white shoulder-length veiling. All other accessories were white.

The bridal bouquet, arranged on a white Bible, was a cluster of white gladioli blossoms, centered with a purple orchid. Something old and blue was a handkerchief belonging to the bride's sister, something new was a string of pearls, a gift from the bridegroom, and the Bible was borrowed from Mrs. Charles Tompkins. She wore a penny in her shoe.

Patsy Ann Tompkins, sister of the bride, was maid of honor, and wore a chartreuse raw silk dress with V-neckline and short sleeves. She carried a small arrangement of red gladioli.

Charles Tompkins was best man. Mrs. Tompkins, mother of the

MRS. TERRY LOWREY (Southland Photo)

bride, wore a black and white crepe gown with a corsage of red roses.

Following the ceremony a wedding reception was held in the home of the bride's parents. Some 25 guests were registered by Mrs. Travis Carlton.

The table was laid with an ivory linen cloth imported from Germany and was decorated with a bowl of summer blossoms. All table appointments were crystal, and white candles were set in crystal candelabra. Mrs. J. B. Wheat Jr., served punch from the crystal punch service, and Mrs. Mrs. Charles Tompkins served the two tiered wedding cake which bore a miniature bridal couple.

The thrown bridal bouquet was caught by Mary Nell Cook. After the reception the couple left on a wedding trip which took them first to Fort Worth and subsequently to points along the Gulf Coast. For her traveling attire the bride selected a tailored aqua suit of linen, styled with a cardigan type neckline and bracelet length sleeves. For her accent color the bride had brown in her blouse and combined with white in her accessories. She wore the orchid from her bouquet.

The bride was graduated from Big Spring high school, where she was a member of the High Heel Slipper club. She was employed at the city hall for a time and prior to her marriage was employed at J. M. Radford company.

Lowrey, son of Mr. and Mrs. Frank Lowrey of Henderson, was graduated from Henderson high school. He attended Kilgore junior college and received his degree from the University of Texas. He was in the Army Air Corps for four and a half years and was overseas with the ground forces

## HD Clubs Name Delegates For State Meeting

Delegates to the Texas Home Demonstration association convention to be held in Amarillo August 14, 15 and 16, were chosen at the meeting of the Howard county HD Club council Saturday afternoon in County Agent Margaret Christie's office.

The delegates will be Mrs. J. M. Craig, Forsan; Mrs. O. R. Smith, Knott; Mrs. W. H. Ward, Fairview; and alternates, Mrs. J. Albaugh, R-Bar; Mrs. Sam Armstrong, Coahoma; and Mrs. Don Rasberry, Hi-Way.

Discussion was heard for an encampment to be held in the city park on August 8 and 9, for all clubs in Howard county. As guests clubs in Mitchell and Martin county will be invited. Each club will give a 15-minute program. A committee, appointed to see to food for the camp includes Mrs. W. H. Ward, Mrs. Don Rasberry and Mrs. Wayman Atchison.

Attending the session Saturday were from Coahoma, Mrs. Sam Armstrong, Mrs. A. J. Wirth and Mrs. Ray Swan; Hi-Way, Mrs. Shirley Fryar, Mrs. Don Rasberry and Mrs. J. E. Brown; Knott, Mrs. Hershel Smith, Mrs. L. C. Mathies and Mrs. Oscar Smith; R-Bar, Mrs. J. Albaugh, Mrs. W. F. Heckler, Mrs. Earl Hull; Lomax, Mrs. Wayman Atchison; Overton, Mrs. E. G. Overton; Forsan, Mrs. J. M. Craig; Fairview, Mrs. W. H. Ward; and Margaret Christie, HD agent.

Swimming was provided for the girls, and during handicraft periods headbands were made of felt with sequin embroidery designs. The camp was dismissed Saturday afternoon at three o'clock.

## Mrs. McDonald Has Rook Club

The Cecil McDonald home was the scene of the Rook club party with Mrs. W. D. McDonald as hostess.

The house was decorated with arrangements of pastel roses and sweet peas. An ice course was served.

Guests at the meeting were Mrs. C. E. Shive, Mrs. E. H. Hoppel, Mrs. S. L. Baker, Mrs. Charles Morris, Mrs. J. M. Faucett, Mrs. C. T. Talbot, Mrs. N. A. Underwood, Mrs. Pete Johnson, Mrs. H. N. Robinson and Mrs. Cecil McDonald.

Members present for the affair were Mrs. P. M. Simms, Mrs. Arthur Pickle, Mrs. W. H. Power, Mrs. A. C. Bass, Mrs. S. T. Eason, Mrs. W. A. Miller, Mrs. S. P. Jones and Mrs. McDonald.

## District Six County Agents To Meet

All home demonstration and agricultural county agents from District Six will meet in Big Spring next Tuesday for a regular meeting to be followed on Wednesday by a frozen foods school.

W. I. Marshall and Mrs. Myrtle Neby, district agents, will direct the meetings which will involve discussions of late summer and fall gardens by C. R. Heaton, horticulturist. During the afternoon separate discussions will be held for home demonstration and agricultural agents with C. A. Kin, Jr., and G. W. Barnes speaking to each group respectively.

On Wednesday freezer locker managers have been invited to join the county agents in a session of freezing and handling of foods.

## Baptist Churches Collect Money For Missionary Work

Baptist churches in the south are raising three and a half million dollars to be used in missionary work in the war devastated areas, and local churches are participating by taking collections for that purpose.

No definite quota has been set, but First Baptist church has set as its contribution goal an average of one dollar from each of its 1,600 members. East Fourth Street church has not yet completed arrangements for making collections.

Funds will be used not only by missionaries of the Baptist church, but by those of other denominations in places where there are no Baptist representatives. The drive will continue through July.

## Club Girls Camp Ends Saturday

The Howard County 4-H girls camp came to a close Saturday afternoon after an over-night encampment in the city park, attended by some 20 club girls from four units within the county.

Clubs represented at the encampment were Knott, Centerpoint, Forsan and Elbow. Three adult counselors were present.

The girls registered Friday afternoon at 2 p. m., followed by a recreational program and assembly. Following supper the group attended the amphitheatre show.

Saturday's activities included dividing of the group into two tribes, the Osage and the Tejas, and electing of officers for each. Jane Harper of Knott was named Chief Redbird of the Osage tribe, and other officers were Marie Petty, Elbow, song leader; Peggy Crow from Centerpoint, reporter.

In the Tejas clan Mona Lue Walker of Centerpoint was selected Chief Redwing; Shirlene Walker of Centerpoint was song leader; and Billie Jean Walker of Centerpoint was reporter.

Swimming was provided for the girls, and during handicraft periods headbands were made of felt with sequin embroidery designs.

The camp was dismissed Saturday afternoon at three o'clock.

## Mrs. H. Morris Fetes Auxiliary

Mrs. Herman Morris was hostess when the City Firemen's Auxiliary met Friday afternoon with a gift shower honoring Mrs. Herbert Moore.

Sewing was entertainment for the afternoon, after which refreshments were served.

Attending were Mrs. Noble Kennemur, Mrs. Jeff D. Jenkins, Mrs. R. R. Fields, Mrs. A. D. Meador, Mrs. S. E. Smith, Mrs. H. V. Crocker, Mrs. Moore and Mrs. Morris.

Mrs. Meador will be hostess at the next meeting.

## REV. HAWKINS SPEAKS

Rev. Milton Hawkins, superintendent of the Presbyterian orphan home at Itasca, will be the speaker at the First Presbyterian church here this morning.

## Mrs. Gary Tate Honored At Bridal Gift Tea In Earl Brownrigg Home

Mrs. Gary Tate, the former Connie Drake of Colorado City, was honored at a gift shower in the home of Mrs. Earl Brownrigg Thursday evening with Mrs. J. C. Rogers, Mrs. Johnny Lane and Mrs. Earl Plew as hostesses.

Guests were received by Mrs. Alvah Tate, the honoree and Mrs. Drake. For the party the honoree was attired in a street-length dress of white eyellet embroidery cotton, with a corsage of salmon colored gladioli, centered with cornflowers.

Guests were registered in the bride's book by LaRue Tate.

The refreshment table was laid with a hand-made lace cloth and centered with pastel sweet peas in a crystal bowl. All table appointments were in crystal and Rebecca Rogers presided at the punch service. Marie Brownrigg served cake.

Summer flowers were used throughout the house in decorations.

Mrs. Plew and Alyene Brownrigg displayed girls.

Those attending were Mrs. C. E. Prather, Mrs. E. L. Plew, Mrs. J. W. Elrod, Mrs. Sarah Gibbs, Mrs. R. A. Humble, Mrs. M. E. Kelley, Mrs. Glen Cagle, Mrs. Harley Long, Mrs. Arlin Grifford, Mrs. Durward Lewter, Mrs. J. B. Collins, Mrs. Dan Conley, Mrs. S. E. Smith, Mrs. J. C. Deugherty, Mrs. S. E. Peurifoy, Mrs. Ida Collins, Mrs. R. B. Hood, Mrs. R. E. Porter, Mrs. Avery Faulkner, Mrs. T. B. McGinnis, Mrs. E. C. Casey, Mrs. C. S. Kyle, Mrs. Ray Brown, Mrs. Flossy R. Low, Eddythe Wilson, Pat Wilson, Mrs. J. C. Rogers, Rebecca Rogers, LaRue Tate, June Marie Brownrigg, Mrs. Earl Brownrigg and Alyene Brownrigg.

## Girl Scouts Eligible For Abilene Camp Beginning July 22

This summer for the first time members of the Big Spring Girl Scout association are eligible to attend the Abilene Girl Scout camp, Camp Tonkawa near the State Park.

The second period begins on July 22 to 27, and all registered nine year olds, Intermediate and Senior Girl Scouts are eligible to attend. However only the first 50 girls can be accommodated.

The girls camp in tents, four to a tent, four tents to a unit. Activities will include swimming in the new Boy Scout pool with instruction by Janice Roberson, waterfront staff chairman. Cook-outs will be held and nature lore taught. There will be singing, folk dancing and campfire programs.

Each unit will have two counselors, and unit leaders are Mrs. C. B. Oates, Mrs. Floyd Gentry and Mrs. T. E. McMahon. Mrs. Walter F. Imke will be director of the camp.

Local Girl Scouts interested in the camp may contact Mrs. H. W. Smith, local camping chairman, for further details and registration blanks.

## Evangelist Glen Norman To Begin Youth Revival At East Fourth Church

This morning's service will be the first of a week's Youth Revival at the East Fourth Street Baptist church, to be conducted by Glen Norman, evangelist from Seminary Hill, Tex.

George McLellan, church music director, will conduct music for all services daily. Lasting from July 14 through July 21, morning services will begin at 10 o'clock, and at 8 p. m. other services will be held.

Four meetings of the committees, including deacons, advertising, fellowship, special invitation, special music, prayer meeting, prospects and follow-up, decoration, entertainment, social secretary, pianist, have been held. McLellan stated that good attendance at such meetings indicated enthusiasm of the group of young people for the program to follow.

"Prayer Changes Things," a continuous program chain, will be in progress throughout the meeting. The young people have pledged themselves by placing their names on two miniature clocks for 15-minute prayer periods, consecutively throughout the meeting.

Every phase of the meeting will be conducted by the youth, including special music and choir selections. Leslie Cathie will sing at the Sunday morning service, and Toka Williams will give a vocal selection in the Sunday evening service.

Preston Dunbar and Betty Rice, general chairmen of the revival invited the public to attend all services.

## LIONESSES TO MEET

Lions Auxiliary will have its regular meeting Wednesday with luncheon at noon in the Settles. All members were urged to be present. Hostesses will be Mrs. Choe Jones, Mrs. Jimmie Greene and Mrs. K. H. McGibbon.

## Frank M. Deasons Parents Of Son

Mr. and Mrs. Frank M. Deason are parents of a son born shortly before midnight Friday in a Yuma, Ariz., hospital. He weighed seven and three-quarters pounds and has been named Lawrence Lynnwood.

Mr. and Mrs. E. L. Deason are paternal grandparents.

## Kenny House Has Second Birthday

Kenny House was honored on his second birthday Saturday afternoon with a party given for him by his grandparents, Mr. and Mrs. Varvin House, Sr., in their home.

Kenny and his mother, Mrs. Marvin House Jr., traveled from Fort Worth for the party.

The decorated birthday cake was cut by the honoree after birthday wishes were made. Pictures were taken.

## Miss Frazier Returns From Sorority Meet

Cornelia Frazier has returned from a three-weeks trip which took her to the Kappa Kappa Gamma sorority convention at Mackinac Island, Mich. Miss Frazier participated in the opening and closing programs of the convention with songs.

She, accompanied by Ann Lydick of Fort Worth, Gloria Taylor of Lampasas, and Chancie Deaton of Wichita Falls, motored to and from the convention. They stopped off for two days in Chicago.

Miss Frazier will be in Big Spring until Thursday, and after that she will leave for Camp Myrtle as a counselor for the remainder of the summer.

# "Scarlet Street" Thriller At Ritz

IN ANOTHER SMASH HIT—Joan Bennett and Edward G. Robinson in a scene from their new adventure, "Scarlet Street." With Dan Duraya, the picture, opening today at the Ritz Theatre, bids fair to be as suspenseful and dramatic as its previous success, "Woman in the Window."

Every once in a while Hollywood comes through with a surprise picture which has audiences clutching at the edge of their seats. Such a film is the Universal release, "Scarlet Street," which is showing today and tomorrow at the Ritz theatre. It shouldn't actually be called a mere film, for it is an outstanding cinema event in every respect, including the production-direction genius of Fritz Lang.

The story concerns a modest cashier who has spent 20 years with the same clothing company in New York. At home he paints pictures to escape the bickering of his abusive wife. Inadvertently, he meets a lovely girl, falls in love with her, and takes all his paintings to her apartment. He doesn't realize that he is being exploited, that the girl is actually in love with another man, who has peddled the pictures for fabulous prices, forging the girl's signature as the original artist. However, when the "little man" discovers how she has been deceiving and swindling him, things begin to happen that make chills chase each other up and down your spine. The explosive climax, too amazing to be revealed, had the ticket-buyers gasping.

"Scarlet Street," incidentally, is the first of the newly formed Diana Productions and is presented by Walter Wanger. If they maintain the pace set in this thriller, they should not have to worry for years to come.

## Allyson, Grayson Two Sisters From Boston At Lyric

Youth and beauty—love and laughs—opera and swing—all combine into one glorious musical for "Two Sisters From Boston," with Kathryn Grayson, June Allyson, Lauritz Melchior, Jimmy Durante and Peter Lawford—a quintet of atomic proportions. Joe Pasternak and Henry Koster, the team responsible for the screen's great stories with music, were at the production and directional helm of the new MGM picture, which opens at the Lyric theatre today.

## Heroic Story Of P-T Boats And Navy Men Featured At State

LAST DAYS OF BATAAN—John Wayne, Donna Reed and Robert Montgomery discuss their next move in this scene from "They Were Expendable," dramatic war story due at the State Theatre today and tomorrow.

"They Were Expendable," the picture made from the William L. White best-seller, is a magnificently produced transcript of the book from paper to film, and in the same sense and degree that the book was a war book, this is a war picture. It will show today and tomorrow at the State Theatre. All about the action of the P-T Boats in and around Bataan and Corregidor between Dec. 7, 1941, and the evacuation of General MacArthur to Australia, the novel was one of the first outstanding printed recordings of events of World War II. The show is even more — it has the presence of John Wayne and Robert Montgomery as stimulants to interest in the segment of the war which is presented. This, plus the fact that the Navy furloughed John Ford to produce and direct the picture and supplied all out co-

## Broadway—Jack O'Brien

**Manhattan Miscellany**  
NEW YORK—In a trade whose emphasis is as much on gab as on scissors and comb, a barber shop on West 34th st. certainly is most unusual. . . Its window signs announce: "The perfect haircut—no shaves, no tonics, no shines, no tipping, no talk," and a shingle inside where a customer hangs his hat informs that there is "no charge for checking."  
Lindy's famous Broadway restaurant, the same one chronicled so wonderfully in Damon Runyon's stories as "Mindy's," also has a sign at its checkroom which warns the customer not to tip the "checkroom boy." . . Whether or not this is because there are no boys now working in Lindy's checkroom, the fact of the matter is that tipping not only is encouraged but is expected. . .  
This sign does not keep Lindy's checkroom from being the most profitable such operation in town, according to Leo's envious competitors. . . For this hecking commission, Clifford Wolf, big Broadway concessionaire, pays Leo an estimated \$50,000 a year. . . perhaps more.  
Every since Salvador Dali went to work briefly for one of the Fifth Ave. stores, designing some weird window displays, nothing has been too fantastic for the window dressers. . . I must admit, however hardened I may have become to the strange whims of such showcase Rembrandts, that I wasn't quite prepared for the sight which stopped me short as I strolled up Fifth the other evening.  
In a window devoted to "Carousel Cottons," I suddenly found myself staring at what seemed to be a horse springing through the glass. . . The rear half was inside and the front half outside, to simulate a horse flying through space and the window. . .  
Riding down the Sixth Ave. subway escalator the other day, I noted the shiny - smooth stainless steel metal part between the ascending and descending sections and decided it might very well be the biggest single frustration to all New York kids under 12 years of age. . . and a good many grownups in their bibulous adolescent states. . .  
The shiny portions would have

## Nix To Play For Mahon Rally

Special music of the type popular with West Texans will round out the program for the George Mahon rally here on Thursday evening of this week, it was announced Saturday by R. L. Cook, chairman of the Howard County Mahon Club. Hoyle Nix and his West Texas Cowboys, musical aggregation that has played for many programs in this area, will be on the program, which will be held at the city park amphitheatre beginning at 8 o'clock. In addition, there will be a number of selections by a Stamps-Baxter quartet from Dallas. The Stamps-Baxter groups are widely known for appearances at singing conventions throughout the Southwest. Cook said the program for Mahon is being extensively advertised, and the Mahon Club is confident of a big crowd. The congressman will deliver a report on his work in the national house of representatives. Mahon is expected to be here through most of the day Thursday, working in behalf of his campaign for reelection, and is scheduled to make a radio talk over KBST at 6:15 p. m.

## Sharp Eyes Pay Off

HUMMELSTOWN, Pa. — The ancient salt cellar appeared rather battered, so the auctioneer let David B. Riegel, a painter, have it for \$3.75. He said neither the auctioneer nor the crowd noticed that the salt

cellar had been made by the late Baron Siegel of Mannheim, Pa., giving it particular value.

The American people are irrevocably dedicated to world peace. It is the policy of this Government to take a responsible part in world affairs and to put aside isolationism. An efficient, well-equipped Regular Army is one of the instruments with which this nation will back up its foreign policy. Today our Army outposts stretch from Guam to Berlin, Alaska to Africa—these are the outposts of our new frontiers. And the skilled, well-trained young men of America who constitute our Army are the new frontiersmen. This new Regular Army needs—and is getting—many of America's finest young men. ### Baptist Brotherhood Of Missionary Church Has Program On Unit's Meaning

KNOTT, July 14. (Sp) — Baptist Brotherhood met at the Missionary Baptist church Monday night for a program on "What's the Idea of the Brotherhood." Present were E. L. Roman, O. R. Smith, Ed Brown, Lee Burrow, J. T. Gross, J. C. Spaulding and Rev. Bristow.

Mr. and Mrs. C. L. Jones and family visited recently with relatives in Odessa. Their daughter, Doris, works there.

Women's Missionary Society met Monday afternoon for a mission program on "Missionary Education, a Christian Imperative." Present were Mrs. Henry Bristow, Mrs. Lee Burrow, Mrs. O. R. Smith, Mrs. Hershel Smith and Mrs. J. T. Gross.

### Mrs. Gaylor Feted At Luncheon Party

Mrs. Joe Hamby was luncheon hostess Thursday for a party honoring Mrs. E. C. Gaylor. The affair was held on the patio of the Hamby ranch home. The luncheon table was laid with a lace cloth, and floral decorations were used throughout the house.

## TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unattractive fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid Baracstrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Baracstrate home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Baracstrate way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Baracstrate doesn't show you the sensible way to lose weight, your money will be refunded.

### Visits And Visitors

Mrs. J. L. Thomas has as her guest Lettie Brown of Dallas.

Joyce Croft and Lee Ida Pinkston are spending the weekend in Dallas.

Ray Godfrey and Ray Nell left Saturday by plane for a visit in California.

Eugene Jones left Saturday for Lawton, Okla., where he will visit with his father.

Mr. and Mrs. T. S. Currie will leave Tuesday for Arlington, Wis., for a vacation trip.

Jack Reed and Carroll Reed have just returned from a vacation trip to Mason.

Mr. and Mrs. Mort Denton and family are spending the weekend on the Red River.

Mrs. Charlie Mae Kyser of Brownwood is a guest of her sister, Mrs. J. C. Pierce.

Mrs. Ella Farrar of Abilene is visiting with her sister, Mrs. Davis Anderson, and family.

Mrs. Mary J. Edwards has gone to Mineral Wells for a visit with her daughter, Mrs. Roy Rickner.

Mr. and Mrs. J. W. Wooten and family left this morning for Colorado where they will visit relatives.

Mrs. Troy Newton, Margaret Jean and Tommy are vacationing with her parents in Ardmore, Okla.

Mr. and Mrs. Dale Douglass, Judy and Babe are spending their summer vacation visiting points in Colorado.

Betty Pool and Sam Snyder, both of Tarrant Field, Fort Worth, arrived Saturday for a visit with her parents, Mr. and Mrs. C. H. Pool.

Mr. and Mrs. Sonny Edwards have gone on a month's trip through Salt Lake City, Cheyenne, Pueblo, Denver and other points in the western states.

Mr. and Mrs. Ramsey Balch and Mrs. Melton Hadley and Bobbie Nell have been visiting Roy Balch who is ill in the Veterans' hospital in Waco.

Mrs. Marvin House, Jr. and son, Kenney, of Fort Worth, are visiting with Mr. and Mrs. M. K. House, Sr. Marvin House, Jr., will be here this week for a brief visit.

Glenn Smith, son of Mr. and Mrs. Glenn Smith, is visiting his parents over the weekend, between terms at North Texas State college in Denton. He will return for the second half of the summer session.

Mr. and Mrs. J. T. Culpepper and son, accompanied by Mrs. C. C. Ballard and daughter of San Antonio, returned Friday from an automobile trip to Atlanta, Ga., where they visited the Culpepper's son, Carter Culpepper.

### Herald Employees Have Picnic, Party

Employees of The Herald were entertained Friday evening with a party on Scenic Pavilion.

A picnic lunch was served. Hosts for the affair were Mrs. W. D. Caldwell, T. J. Dunlap and L. F. Bookman.

Attending were Mr. and Mrs. Ray McMahan, Mr. and Mrs. Coy Loving, Mr. and Mrs. Bob Whipple, Mr. and Mrs. M. L. Simmons, Mr. and Mrs. Willie Pendleton and Buddy, Catherine Redding, Sue Haynes, Mr. and Mrs. M. K. House Sr., Mrs. Marvin House Jr., and Kenny, Mr. and Mrs. Bookman, Paula Bookman, LaVerne Kinman, Mr. and Mrs. Joe Pickle, Mr. and Mrs. Wacil McNair, Greenville Glenn, Mr. and Mrs. Dunlap, Mr. and Mrs. Caldwell, Jimmy Wilkes, Lestrie Ross, Joan O'Brien and Betty Jo Glenn. A visitor was Mrs. C. L. McLendon of Fort Worth.

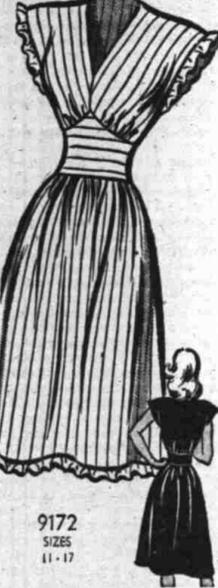

### High School Boy Turns Silk Culturist

CRANSTON, R. I. (AP)—John E. Casey, Jr., Cranston high school student, says he has devised a hand method of extracting silk from the cocoon of the tent caterpillar, which early feeds on orchard foliage and later becomes that household pest—the moth. "The caterpillar thread could be used for silk stockings," the youth said, "but only if someone would invent a machine for mass production of the silk."

Of all the foods with just claim for nutritional fame, few have crammed into them the variety of vital nutrients that peanuts do. Combine peanuts with meat and vegetable dishes. Use them in cookies, cakes and frostings.

### Continental To Change Flights

Effective Tuesday, schedules for all Continental Airlines passenger and mail flights through Big Spring will undergo slight changes. Marshall, Poth, local Continental manager, has announced.

The northbound flight currently departing at 9:06 a. m. will leave 10 minutes later, and the present 5:40 p. m. northbound schedule will be changed to 6:06 p. m. Southbound departures will be changed from 12 noon to 11:46 a. m. and from 4:33 p. m. to 8:46 p. m.

The 9:16 a. m. northbound flight gives service to Denver via Hobbs and Carlsbad, New Mexico, and the 6:06 p. m. schedule reaches Denver via El Paso and Albuquerque. Both southbound flights to Houston and to Brownsville, Poth said.

The new schedules were drawn up after an extensive analysis of Continental's entire system during which it was learned that the changes would serve most points on the line better.

The changes will increase station hours for the Big Spring Continental office. Poth said, with closing time changed from 6 p. m. to 9:30 p. m.

### Cosden Chatter—Refinery Highlights Include Vacation Trips, Meetings

By PERSONNEL DEPT.

Mr. and Mrs. Jack Smith left this week to represent the Big Spring Lions club at the International Lions convention being held in Philadelphia, Pa., starting tomorrow. Their plans are to spend a few days in Washington, D. C., and New York while in that part of the country.

Mr. and Mrs. Buck Raney left Friday night for a two weeks vacation in Houston, Galveston and other points in South Texas.

H. C. Stipp and family are spending the weekend at our company camp at Possum Kingdom near Graham.

Mr. and Mrs. J. W. Denton are starting their vacation this week, part of which they plan to spend in Rule.

Mr. and Mrs. L. T. King left Thursday for Philadelphia, Pa., where they will attend the International Lions convention.

A group of the girls from the office met at the Wagon Wheel for a luncheon yesterday in honor of Mrs. Bertha Price who has resigned her position with Cosden as she is moving to Abilene.

Congratulations and best wishes are extended to Louise Hallmark, stenographer in the traffic department, who is leaving our employment to become the bride of T. C. Walker on July 20. Mr. and Mrs. Walker will reside in California.

Betty Penn will replace Miss Hallmark as traffic stenographer following a transfer from the credit department.

Florence Moseley has been in the hospital since her sudden illness Tuesday night.

The Cosden softball team dropped a game Friday night to Doc's Red Caps.

Mrs. Beth Kay received a letter from Mrs. Felton Underwood of Ballinger yesterday. Mr. and Mrs. Underwood are former Cosden employees. She stated that she was now employed by the Lone Star Gas Co. Mr. Underwood is a Cosden jobber in Ballinger.

The following refinery employees are on their vacations: C. M. Trolinger, W. A. Henderson, J. K. Watts, H. O. Hudgins, Frank Barton, A. R. Roberts, B. T. Bridges, A. D. Barton, F. R. Liles and R. J. Barton.

The annual meeting of stockholders of the company will be held at the company offices Monday, July 15. All of the out-of-town directors and some out-of-town stockholders are expected to be present.

M. M. Miller was in the San Angelo trade territory this week visiting marketing properties.

### Housewives Search Out Scarce Locally Grown Produce For Preservation

Despite a general shortage of locally grown vegetables and other items, Howard countians are preserving some foodstuffs this season.

The drought conditions, which have virtually cut off vegetables and other farm produce has kept home canning to a minimum. Home Demonstration Agent Margaret Christie reports, but many are canning fruits and will continue to do so through the peach season. Home demonstration club women in the county may purchase peaches cooperatively. Miss Christie said, as the popular canning varieties are almost ready for harvest. Peach crops, incidentally, are reported bountiful, with fruit of good quality.

Fruits, meats and a few vegetables are being stored by citizens at the Big Spring Locker company, with the fruit volume increasing sharply during recent days. Meats include what is regarded as a normal amount of

beef, a good volume of chickens and large numbers of hogs.

People who usually keep their hogs and feed them until winter are slaughtering heavily this summer, the management reports. A shortage of lard and vegetable shortening on the retail market is believed responsible for the trend, along with a continued shortage of feed. As in home canning, fruits are expected to continue popular as a major locker storage item until end of the peach harvest.

### Homemakers Class Has Monthly Party At Church Friday

For their monthly meeting members of the Homemakers class of the First Baptist church met Friday in church with Mrs. C. E. Richardson, Mrs. Grover Potts and Mrs. V. W. Fuglar as hostesses.

Mrs. J. L. Haynes, president, was in charge of the program which opened with prayer by Mrs. C. E. Richardson. Mrs. C. G. Varnell presented the devotional on the "Three Gardens," followed by a Bible Quiz conducted by Mrs. Haynes.

The refreshment table was laid with a lace cloth and carried out the class colors of green and white with shasta daisies arranged around the crystal punch service.

Attending were Miss Minnie Moore, Mrs. Roy Green, Mrs. J. L. Haynes, Mrs. M. E. Harlan, Mrs. R. D. Urey, Mrs. V. W. Fuglar, Mrs. Ray H. Snyder, Mrs. Grover Potts, Mrs. Jess Andrews, Mrs. George Melear and the hostesses.

# Look Ahead--It Look Good

In dry years, West Texans have ample opportunity to be discouraged. At the moment we face the problem of drought, with all its ramifications, and yet we believe that regarded properly, the outlook for our community is exceedingly good.

The agricultural outlook is not good at the present time. Rain too long delayed may have a very bad effect on income from this source, and it will hurt. Yet, those who have been in this country do not play the game on a year-to-year basis. They play the average.

Despite this factor, there are others which give cause to anticipate a sound, orderly development. A news item this week told of the selection of an architect-engineer for the veterans hospital to be erected in Big Spring. The cost figure announced was \$4,360,000, a good two million dollars more than originally anticipated to compensate for rising costs. While this is not of sufficient proportion to create a boom, it is possible that too many underestimate the stimulus that it will be to other activity.

During the first half of the year our construction has been little under a million dollars. Compared with some other places, and with some of our neighbors in particular, this does not set the woods on fire. On the other hand, it is the greatest amount of building in the same space of time that our city has ever experienced. On the whole, activity has been about as great as our ability to take care of the situation.

Although not always in the public eye, there has been a steady broadening on the business front. A number of new businesses have been opened. Several small industries have been started and others are contemplated. Our retail sales, figures, based on population, are outstanding in West Tex-

as. Gradually certain civic improvements are being made. Although it falls considerably short of needs, some paving is getting underway. The city park has been transformed to its former beauty. Other park plans are in the making. The Salvation Army is leading in development of a new playground area, and possibly from this others will take form. The YMCA is doing a creditable work in meeting recreational and cultural needs for the younger set. Various civic and service organizations are functioning with renewed vigor. Salary levels have been improved for schools and progressive improvement of our facilities is in prospect. We have a junior college awaiting only a home to go into action. A veterans school has been organized. Churches are alert to needs with plans for expansion.

Certainly our community has an unusual transportation set up. Opening of new highways and progress of the air transport industry offer new possibilities together with extensive additions to rail facilities. Industrially the picture is good. In Cosden Petroleum Corp. and the Texas and Pacific Railway company we have two backbone institutions. There are scores of others of lesser size which contribute much to economic stability.

We have ample water for present needs and there is under consideration a five-city project which might treble supplies. Regardless of this, the city will be expected to press its search for additional supply so that we will not be retarded on this score, industrially or civically.

All in all, it seems to us that the general outlook is good. We may be obliged to take the drought as one of those things and look ahead to another year. In any event, looking ahead is the thing that counts.

# The Greatest Show On Earth

**By FRANK GRIMES**  
Herald Special Writer

As an interesting cross-section of life as She Is Lived in These Here United States, Editor & Publisher presented the log for June 30 of the telephoto machine in the Cleveland office of Acme Newspictures. Here in sequence and verbatim is a list of Telephoto's world-shaking events for Sunday, June 30.

5:58 pm—Atomic Bomb plane take-off.  
7:22 pm—Jacobs ready to ascend flagpole.  
7:41 pm—Flagpole sitters cut wedding cake.  
8:13 pm—Atomic Bomb blast.  
8:47 pm—Close-up of Atomic explosion.

"We have," wrote Emerson, "the newspaper, which does its best to make every square acre of land and sea give an account of itself at your breakfast table."

And a poet wrote: "The news! Our morning, noon and evening cry; day unto day repeats it till we die."

In Don Juan, Lord Byron wrote a line which fits the newspaper's ambition exactly as it goes: "We sketch your world exactly as it goes."

The two billion people who live and breathe and have their being on the earth pooled their several ambitions and skills and produced the odd mixture shown on the telephoto log—the marriage of a flagpole sitters, and the fourth atomic blast in history.

At that, the flagpole sitters was three up on the atomic scientists, for it was the first marriage ever performed on top of a flag pole. If Mr. Jacobs' dizzy avocation seems trivial, remember that the man who ate the first oyster founded a great industry and became benefactor to mankind.

Scarf not at the flagpole sitters, scorn not his simple ambition. Did not St. Simeon Stylites become famous in the ancient world by sitting on his pillar for 30 years, thinking much and saying little? Other philosophers were still sitting on pillars, contemplating their souls, for a thousand years after the good Simeon popularized that method for mortifying the flesh to the improvement of

the soul. The same theory apparently survives to this day; for do not the modern churches vie with each other in devising body-wracking pews for the same purpose?

Yes, the newspapers sketch your world exactly as it goes—not because publishers necessarily want that way, but because of public demand. One reader's meat is another reader's poison. The generally recognized cleanest and most studiously put together newspaper in the world, the Christian Science Monitor, has a circulation of 155,000; while the New York Daily News, the most blatant and bumptious of them all, has a following of 4,000,000 for its Sabbath Day edition.

Jacobs and his flagpole wedding, the scientists and their bomb, the comic artist and his innane didoes, the wrappings of statesmen, the quarrels of lovers, the joinings of hearts and hands in holy death of 15,000,000 starving Chinese, the antics of the human herd singly and en masse, the partiality of politicians for their own interests, the greed of usurers and cheaters, the inhumanity of man to man, the innocence of infancy and the wisdom of age, the intermingled joys and sorrows of daily living, the fears of the strong and the strength of the humble—all these are grist to the newspaper mill.

Never was such a show devised for the delectation, profit and instruction of human-kind. If one item bores you, turn to another. If heavy stuff like international relations or atomic research puzzle or affront you, turn to the comics or the crossword puzzle. If you want a taste of down-to-earth, everyday reality, search the classified section, that repository of hopes, ambitions and modest dreams. Pick your own time—no inconsistent singing commercial will make the hours, half hours and quarter hours hideous to your ears. If the day's fare displeases you entirely, chuck the thing in the trashbarrel, for it cost you only a few cents, and tomorrow will bring another day and another edition.

Your daily paper is The Greatest Show on Earth.

## The Nation Today—James Marlow

# Labor Has Gained Most Since 1930

(Editor's Note: This is the fifth of six stories explaining the history of organized labor and how, after a year of strikes, it emerges almost untouched by restrictive legislation.)

WASHINGTON, (AP)—Organized labor has inched along for more than 150 years but its most solid benefits have been received since 1930.

Here are three of the main benefits granted unions by Congress:

1. The national labor relations act (the Wagner act), passed in 1935.
2. The Norris-LaGuardia act, passed in 1932. This put a sharp damper on the use of injunctions (court orders) to stop union activities like strikes, picketing and boycotts.
3. The fair labor standards act, passed in 1938. This made the 40-hour week compulsory for firms doing business in interstate commerce. (States have various laws of their own affecting firms doing business within a state.)

The fair labor standards act also established a minimum wage of 30 cents an hour for firms in interstate commerce.

"This act also outlawed the yellow-dog contract. A yellow-dog contract simply meant: A boss could compel a worker, before giving him a job, to sign an agreement saying he would not join a union. That can't be done now.

3. The fair labor standards act, passed in 1938. This made the 40-hour week compulsory for firms doing business in interstate commerce. (States have various laws of their own affecting firms doing business within a state.)

The fair labor standards act also established a minimum wage of 30 cents an hour for firms in interstate commerce.

The 30-cent minimum wage automatically became 40 cents an hour in 1945. The senate recently passed a bill to make the minimum wage 65 cents an hour. The bill now is in the house, awaiting action there.

Under the social security act, the unemployment compensation system was established throughout the states.

This gives workers covered by the law—not all are—a certain amount of pay, varying by states, for a limited time when they're thrown out of jobs through no fault of their own. Yet, in some states strikers can get it.

And now every state except Mississippi has a compensation law to pay workmen for injuries received on the job.

Through the years there have been laws governing the employment of women and children. These, with one exception, are all state laws. They're sketchy, spotty, uneven.

(The exception is a federal law forbidding the employment of children on products shipped in interstate commerce.)

# ARE YOU KIDDIN'?

Hal Boyle's Notebook

# US Wives Clean House

BERLIN, (AP)—Living in a bomb-damaged German house under repair is a real adventure in babel.

American wives waiting to come to Berlin have no idea what an agony of Katzenjammer house-cleaning their husbands are enduring to ready some kind of a home for them.

At present I am dwelling in a home in suburban Zehlendorf which Dick Kasischek, an Associated Press correspondent, is having fixed up for his wife and daughter.

It wasn't a bad foxhole at all when we moved in. The plumbing on opposite sides of the house worked on alternate days, the roof was okay and, although there weren't any window panes left in my room, the bed was comfortable and the rain didn't blow in very far.

Downstairs the dining room did look a little as if it had been used for a chicken coop, but this didn't matter because we were eating out anyway at an Army mess. Besides, the icebox worked well enough to keep the beer cool and the grand piano wasn't missing any important keys.

We are very comfortable. It was a nice house. I liked it because it was the only house I ever saw in Germany that didn't have a picture of Bismark on the wall. All we had was a statue of the first Kaiser Wilhelm.

Then the German housekeeper and the two elderly maids learned that "the American frau" — Mrs. Kasischek — would soon be here from Detroit. The storm struck.

"Ziss house is — no American woman live in it," said the housekeeper.

Since then we have been enveloped in a domestic whirlwind of dust, mops, palls, paint, cement, floor shaving and Teutonic arguments between the housekeeper and the battalion of German glaziers, plasterers, painters, garden-

# Washington Merry-Go-Round—Drew Pearson

# Nazi Links With US Statesmen Shown

(Editor's Note — This is the second of Drew Pearson's columns on the how the Nazi propaganda machine functioned in the USA.)

WASHINGTON. — The cross-examination of Nazi diplomats by the US Army in Germany throws significant light on the Justice Department's efforts to convict various American citizens charged with spreading enemy propaganda against their country and indicted for sedition.

This trial has been held in suspense for two years, but some of the confidential evidence now gathered in Germany may be conclusive.

Below follow excerpts from this hitherto unpublished testimony, taken by Capt. Sam Harris from the former first secretary of the German embassy in Washington, Dr. Heribert von Strepel. Previously, the Washington Merry-Go-Round had told how George Sylvester Viereck, nephew of the Kaiser, had used the late Senator Ernest Lundeen of Minnesota, ex-Congressman Hamilton Fish, ex-Congressman Stephen Day of Illinois to disseminate Nazi propaganda. These revelations brought vigorous denials.

However, here is the official testimony:

Captain Harris: Did Viereck ever mention the name of Senator Lundeen to you?

Von Strepel: Yes. He told me that he was an old friend of his and that when the president of the German Red Cross came to the United States Viereck claimed to have arranged that Senator Lundeen pronounce the after-dinner welcome speech.

Q. Did Viereck ever mention that he had written some of Senator Lundeen's speeches?

A. Yes. He told me on a number of occasions that he had written down highlights to be used by Senator Lundeen in his speeches.

Q. Did Viereck state to you that he had written speeches for any other senators or congressmen, or contribute ideas for their speeches?

A. I don't remember all the details. Viereck tried to give me the impression that he had good relations with a number of senators and congressmen — Lundeen, Hamilton Fish, Senator Holt (W. Va.), and Stephen Day (Ill.) — and maybe more, but I do not remember all the names.

Q. What else?

A. Anti-Semitic propaganda.

Q. Did Viereck ever mention William Griffin to you?

A. Yes.

Q. Was he the editor or publisher of the New York Inquirer?

A. Griffin several times took up advertising in his daily newspaper in which he dealt with the Flanders Hall publications to spread them. Griffin was much against England. I believe he had sued Churchill. He hated England.

Q. Why did Viereck place such large advertisements with Griffin?

A. Griffin helped Viereck distribute his books. The other newspapers did not do that. Viereck and Griffin were working — how do you say it? — hand in glove.

**Lawrence Dennis Approached**

Q. Do you know Lawrence Dennis? (One of those indicted for sedition.)

A. Yes.

Q. When did you first meet him?

A. I met Lawrence Dennis in the period 1940-41 and I think I met him, as far as I remember, in one of the South American legations.

Q. Was he publishing his "Weekly Foreign Letter" at that time?

A. If he already did so at that time or later, I do not know. But later I received the "Weekly Foreign Letter" in which he wrote about domestic and international politics as well as economic affairs.

Q. Do you recall that you were advised by someone that he was in need of funds?

A. Yes, I knew that he was not doing too well.

Q. Did you ever give him any funds?

A. No, not directly as far as I remember.

Q. Have you ever heard of his book, "The Dynamics of War and Revolution"?

A. Yes, I received a copy of this book and I glanced through it. It seemed like an interesting book.

Q. Did you know that 1,500 copies of this book were distributed free of charge to the colleges and universities throughout the United States?

A. I did not know that.

Q. Did you ever discuss a scheme to publish European editions of Dennis' book?

A. As far as I remember, Dennis was approached with the plan that European editions of his book should be issued and it was thought that this was a practical way to give him indirect financial help and to publicize his personality.

Q. What is the source of your information?

A. Either through Dennis or another source, I had heard that

## Pair Held For Formal Charges

Sheriff Bob Wolf, who returned Friday from Abilene with Jack Odell Allen and Claude Emerson Wampler, said the pair would be charged with kidnapping and hijacking.

Abilene police swooped down upon the two Thursday at a filling station following a tip given by the attendant.

The attendant had been alerted by Edgar Bassinger of Westbrook after he put into the station because of motor trouble. Bassinger said later he had been threatened with a knife seven miles west of Big Spring. A billfold containing \$11 was taken from him and he was forced to drive eastward through Big Spring.

Bassinger, who stated he had stopped for two men as they were hitch-hiking near Midland, told police they hunted for rope to tie him up but the search was fruitless.

The pair are confined to the county jail here pending a hearing before Walter Grice, justice of peace.

## The Texas Poll

# Jester Gains Strength; Will Likely Be Rainey's Opponent In Run-Off

By JOE BELDEN  
Director, The Texas Poll  
(Copyright, 1946)

AUSTIN, July 13. — Homer P. Rainey continues to lead in the governor's race. But Beauford Jester last week was emerging as the man most likely to be in the run-off with the former University of Texas president.

Since late June, Jester has been the only candidate for the Democratic nomination who has made significant gains, gains large enough to push Jerry Sadler out of second place.

These are the results of a survey completed five days ago by The Texas Poll, compared with three other samplings previously conducted on the gubernatorial contest (the percentages do not in-

clude voters who failed to make a choice):

	Late May	Late June	Now
Rainey	29%	34%	33%
Jester	11	15	22
Sadler	24	19	17
Sellers	12	13	15
Smith	15	13	8
All others	9	6	5

An important development revealed by this latest poll is that during the last two or three weeks many people who have been undecided have finally begun to choose among the candidates. Only 18 percent would not name a choice in this survey, as compared to 31 percent in June and 29 percent in May. This is the way the candidates line up at this time when the percentages are computed including the undecided group:

Rainey	37%
Jester	18
Sadler	14
Sellers	12
Smith	7
Undecided	18

Since the no-opinion group has ceased to be the largest single segment of voters, the tabulations without the undecided assume more importance than the one including the undecided. A computation that eliminates the voter without an opinion more nearly represents how the candidates would stand if the election were held at this time; on election day the undecided voter either makes up his mind or casts no ballot.

Now that The Texas Poll has measured opinion three times over a period of active campaigning, it is possible to note the

trends political sentiment has taken:

First — Dr. Rainey's block of votes is solid. He has maintained a comfortable lead, has held on to his support, although he has been the chief target of most of the other candidates. He seems certain to be one of the two leading candidates in the first primary.

Second — Jester has achieved a steady climb, in which he has doubled his support since May. He has become a serious threat to Rainey, as he is only 11 percentage points behind the leader. His gain of 7 points since the June survey is the largest that any candidate has registered so far.

Third — John Lee Smith's campaign, based mostly on attacks on the book, "USA," and Dr. Rainey, is undoubtedly rolling backwards.

Of the nine minor candidates in the race, Case March and Walter Scott McNutt are the only ones receiving at least 1 per cent each. From the results of the three surveys completed to date, it appears hardly possible for any candidate to win with a majority in the first primary.

Any gains or losses of less than 3 percentage points in the tabulations above are not statistically significant. In all surveys based on the principles of sampling, such as this one, a natural margin of error must be allowed. In the case of The Texas Poll, the sampling error plus all other possible deviations in five election predictions has ranged from 1 to 3.8 percentage points.

## Farm And Ranch News

By WACIL McNAIR

Farmers are beginning to wonder if they will be able to plant any major crop this season with a reasonable chance of getting a stand. The cotton situation is static, feed, where it is up, is making no progress and even dying in some cases, and if combine maize is to be raised for the grain it must be planted within the next few days. Some are wary of maize

prospects if it is planted after July 15, except for bundle feed only.

R. E. Dickson, superintendent of the Spur experiment station, has done considerable research and experimentation on range gains. He is a firm believer (with facts and logic to support him) that the best feed at lowest cost is grass. Among other things, he developed proof that less cattle on a given range will produce more total gain in pounds of meat. Now he makes another observation: The best opportunity for profitable finishing results on a greater proportion of range gains.

This, of course, is based on the assumption that range gains are by far the most economical. If this is so, then it ordinarily would become a matter of arithmetic since one of the best hopes of profit in feeding is based on the increase of price on the original weight. For instance, a 500 pound yearling bought at 10 cents and sold at 16 would net six cents on 500 pounds, or \$30. If, however, the calf was carried on grass until it reached a weight of 800 pounds, before feeding started, the spread would be \$48. Naturally, there is not always a six-cent spread between stockers and finished stuff, and the spread may be offset by some other factors at times, but that's the idea.

It all gets back to the original assumption that grass is the most economical feed. That being true, it may be reiterated that overstocking of ranges is folly.

Anyway Dickson's premise opens up another avenue of possibilities for profitable finishing operations in this section. Although other feeds may not offer the economy of gain that grass does, we have them in abundance. We have good climate. We have good cattle. And we have something we did not have before — good markets.

The lush cattle market is a bonanza to producers, due to a combination of circumstances. In the first place OPA ceilings are off and bidding is up. Coincidentally, drought continues and producers are obliged to reduce stocks. It should be remembered, however, that currently it is a butchers market. This is important primarily in event of a change in the weather situation. Should ranges receive a good soaking, the stocker demand would be revived. In this instance, the producer would be forced to bid against the butcher, who is competing with might and main to meet the demand. Whether this would affect the market level is debatable, but certainly it would change the complexion of it.

## Cosden Completes Pipeline Survey

Preliminary survey for construction of a 225-mile, four-inch gasoline pipeline from its Big Spring refinery to Weatherford has been completed by the Cosden Petroleum corporation. Distribution terminals are planned at intermediate points between Big Spring and Weatherford.

Acquisition of pipe makes work on the project a matter of conjecture, Cosden officials said; although the company is hopeful of early work to extend its marketing facilities into the East-Central Texas area. Direct routing of the proposed pipeline east of Weatherford has not been determined. The line will be laid in units, extending first to either Sweetwater or Abilene.

## Voters Come Through

## Short cuts to new Kitchen Freedom!

"BUFFET KITCHEN"... LATEST IN A SERIES OF "NEW FREEDOM GAS KITCHEN" DESIGNS

- It cuts out cooking chores... Your new Gas range is so automatic it thinks for itself... turns on and off... cooks a delicious meal—all by a simple clock control! Makes every food taste better, too... whether it's a feather-light cake from the air-conditioned oven—a flame-roasted ham from the smokeless broiler—or a tasty stew from thrifty simmer top-burners. For nothing else brings out flavor like the flame. And nothing else equals the speed, ease and flexibility of flame-cooking on a new automatic Gas range built to CP standards!
- It cuts out marketing monotony... Your new economical, silent Gas refrigerator is streamlined inside and out! Arranged to store more foods (frozen foods, too)... filled with constant circulated cold to keep them fresh longer. Best of all—there are no moving parts in the freezing system to wear out!
- It cuts out hot water headaches... Your new automatic Gas water-heater simply ends "run-cold" worries! Gives you gallons of uniformly hot water 24 hours a day... replaces the supply so fast there's plenty even for an automatic dishwasher and laundry. Amazingly thrifty, too! Plan for it now in your own "New Freedom Gas Kitchen"! How about stopping in, today?

**Governors Of Texas - -**

**Hubbard, Biggest Governor, Fights Crime, Feuds After Reconstruction**

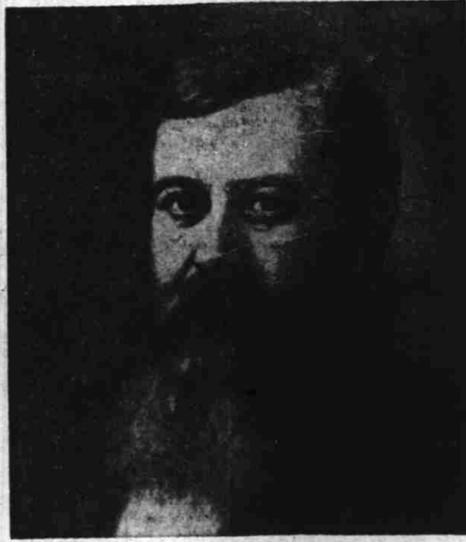

(This is the fourteenth in a series of articles based on the lives of the governors of Texas.)

AUSTIN. — Richard B. Hubbard, Texas fourteenth governor, may have been over-shadowed politically by other governors, but he was certainly the BIGGEST governor Texas ever had. He tipped the scales at over 400 pounds and one exuberant news reporter wrote, "he can be heard for miles."

During Hubbard's administration, the troubles in Texas could be heard for miles also. Dick Hubbard was lieutenant governor under Richard Coke from 1874 to 1876 and when Coke was reelected, Hubbard swept back into the lieutenant governor's chair on the same ticket. Coke didn't stay in Texas long after his re-election. He resigned his office in December of 1876 to become a US senator. Hubbard became governor and served the remainder of Coke's term.

During the Coke administration, most of Texas' Reconstruction ills had been pretty well cured. What Coke left Hubbard was a state racked in pain with civil strife. Hubbard's term might well be called the era of feuds in Texas.

There was the Harroll-Higgins feud in Central Texas, the famous Taylor-Sutton vendetta which menaced and terrorized South-west Texas and the "Salt War" in the El Paso area. There was talk of Texas actually declaring war on Mexico because of the "Salt War" and Hubbard authorized the forming of volunteer companies

RICHARD B. HUBBARD

for use if needed. That would have been another strange tale to add to the saga of Texas if a state of the American Union should suddenly declare war on its own hook against another nation. But it didn't come off.

Hubbard's crime problems multiplied. Ben Thompson was city marshal of Austin and he ruled with an iron and ruthless hand. In San Antonio, King Fisher had undisputed sway in the world of banditry and high-handed lawlessness. On the Mexican border, the bandit king Cortina was raising the devil as usual and the border was no place for people looking for security.

Hubbard was plagued with crime and he pleaded that the history of Texas should not be further stained by feudist blood. Hubbard's Rangers worked day and night and slowly whittled away at the long list of criminals roaming Texas.

Hubbard had political troubles too. The Farmers "Grange" became a factor in Texas political circles during his time.

Texas history says that Hubbard came into office at a time when the old order was giving way before the new and when new and revolutionary elements in Texas politics and social reform were attempting to regenerate the political and social life of Texans.

There was nothing outstanding about the administration of 400-pound Hubbard. He was caught in a crime wave following the Civil War and Reconstruction and pressed hard by the demand for social and political reform.

Hubbard offered for a second term in the Democratic State Convention held in Austin in August of 1878. The convention had a tough time of it. In the running for the gubernatorial nomination

**He's Disgusted Surplus Airports**

CLEVELAND, O., July 13 (AP)—George D. Anthony quit his job as justice of peace at suburban Bay Village today because, he said, "I just can't stomach" eviction suits against tenants when landlords "take vicious advantage of the interim cancellation of OPA."

**DROWNS IN LAKE**

WICHITA FALLS, July 13 (AP)—A. A. Franklin, 63, was drowned in Lake Wichita yesterday while swimming during a fishing trip. The body was recovered after an hour's search.

**Charters Issued To Local Firms**

Charters have been issued to new firms at Big Spring and Lamesa, according to the listings announced by the secretary of state Saturday.

Included were the South Plains Wholesale company, Big Spring, a concern which will distribute beer over this section of the state. Capital stock was listed at \$100 and incorporators are G. L. Daugherty, M. N. Bush and Paul Bush. The latter member is in the north and east now arranging for supplies, and when these are delivered the concern will begin operation.

Also on the list was Minimax Feed and Elevator company of Lamesa with capital stock of \$252,000. J. Lanham Higginbotham and others were listed as in-

**OVER-ZEALOUS COLLECTORS**

CHEYENNE, Wyo.—Officials of the Cheyenne chapter, American Legion, have discovered to their dismay that some over-zealous patriots took about 75 per cent of the legion's grave markers during a recent junk salvage drive.

The markers were made of bronze, and legion officials expressed belief they were taken and melted down and sold for junk during a salvage drive. Legion members plan on ordering about 200 or 300 additional markers to replace those missing.

corporators for the gin and mill concern. The Higginbotham interests already have a large grain elevator at Lamesa and plan to increase the size in addition to developing feed mill facilities.

**Plugs Drilled On Howard Co. Wildcat**

Plugs were to be drilled during the weekend in the Dave Duncan No. 1 B. M. Newton, north-west Howard county wildcat oil test.

Seven-inch string was set at 3,010 and shift made from rotary to cable tools. Operators anticipated that if San Andres shows are logged, as indicated in the Bruce Clardy No. 1 O'Brien, two miles to the west, the pay will be

encountered between 3,120 and 3,130 sometime during the week. Location is 330 feet out of the northeast corner of section 9-31-2n, T&P.

In northeastern Glasscock county, Shell No. 1 L. C. Clark, a deep test, was reported below 7,878 feet in lime.
