PRICE FIVE CENTS

SPECIAL BOND ELECTION CALLED

New York Strike Begins As Sacco-Vanzetti Pleas Fail

POLICEMEN ON GUARD AS MEN NEAR DEATH

Judge Thayer Seals Fate In Final Ruling

DAY WALK-OUT IN NEW YORK

A. F. of L. Lodges An Official Plea For Commutation

(By The Associated Press.)
DEDHAM, Mass., Aug. 9.—Judge Thayer of Superior court today denied motions by the defense counsel for revocation of the death sentences or stays of execution for Sacco and Vanzetti.

The complete text of the judge's decision is:
"Motion for revocation of sentences and stays of execution are hereby denied to Sacco and Vanzetti."

By their last motions, the defendants saved all rights to which they are entitled, whether by exceptions, appeal, or otherwise.

The respite of the doomed men expires at midnight tonight.

NEW YORK, Aug. 9. (AP)—A thousand patrolmen were posted on union square, today and smaller detachments were placed in about 30 halls throughout the city to preserve order during what its leaders said would be the biggest strike in the history of New York.

It is called for in the form of a one-day protest against the impending execution of Sacco and Vanzetti. The strike, which Sacco and Vanzetti sympathizers said would bring out between 500,000 and 750,000 persons, began in an orderly manner.

ASHVILLE, Aug. 9. (AP)—Speaking for his organization, William Green, president of the American Federation of Labor, has appealed to Governor Fuller of Massachusetts for commutation of the death sentences of Sacco and Vanzetti.

In a telegram, Green asserted that many people still entertain grave doubts regarding their guilt or innocence.

BOSTON, Aug. 9. (AP)—Counsel for Vanzetti and Sacco today filed with the clerk of the state supreme court appeal from the decision of Judge Sanderson denial of the condemned a writ of error.

ROME, Aug. 9. (AP)—Answering a plea from Nichele Sacco for a personal intervention in the execution of his son, Premier Mussolini has telegraphed him:
"I have for a long time occupied myself with the Sacco-Vanzetti case and have done everything compatible with international rules to save them from execution."

Mississippi Girls' School Is Destroyed By Fire Today

(By The Associated Press.)
JACKSON, Miss., Aug. 9.—Belhaven college, Presbyterian owned girls' school, was struck by lightning and destroyed by fire here today. The loss is estimated at \$350,000.

General Wood Is Buried In Arlington

(By The Associated Press.)
WASHINGTON, Aug. 9.—The body of General Wood arrived here today, accompanied by Mrs. Wood and a military escort.

Burial will be in Arlington cemetery this afternoon.

Brains, Too

Miss Della Gransberg was not only pretty enough to win the title of Miss North Dakota this year, she was intelligent enough not to let the honor carry her off her feet. So she rejected the offer of a free trip to Hollywood, and instead took a \$350 cash prize. With this she will help herself through normal school. Her home is in Kempton, N. D.

HEAVY RAINS DRENCH CITY

The Government Gage Shows Precipitation Of 1.2 Inches

It rained last night! The Daily News government rain gage showed precipitation of 1.20 inches for the 24-hour period ending at 9 a. m. today.

Rainfall was general over this territory, reports today indicated, but with the amount lessening toward the east. Amarillo reported rain during most of the night.

The city council in a long session moved about trying to avoid leaks in the city hall roof, which is being repaired today. Many motorists in South Pampa waded a foot of water and mud extricating their cars on side streets after a heavy downpour.

A heavy mist and light shower obscured the sun early today, but the weather was clearing by noon and traffic was running normally, although slowly by rough roads.

New Locations Are Made In Pampa Field This Week

The Empire Fuel and Gas company intends to drill a well in section 151, block 3, Gray county, to be known as the Empire Fuel and Gas company's No. 1 George. This well will be an offset to their number one Heithole.

The Empire Fuel and Gas company shot the No. 1 Heithole Saturday with 30 quarts from 3,313 to 3,321 feet. It bridged and the company is drilling through and cleaning. It is thought that the shot was not successful.

The Magnolia Petroleum company will drill its No. 1 Heithole, in section 152, block 3, deeper.

Wilcox Oil and Gas company is plugging its No. 1 Coombs and Worley in section 59, block 3.

Government Not To Make Liquor Rest of Year

(By The Associated Press.)
WASHINGTON, Aug. 9.—The treasury has abandoned the proposals for the resumption of the manufacture of medicinal liquor this year, Assistant Secretary Lowman announced today.

Lowman said the decision was based on the decrease of liquor withdrawals for medicinal purposes.

PAMPA SCHOOL TERM TO OPEN SEPTEMBER 12

Harvesters' Camp On River Will Be First Work

TEACHERS ARE WELL TRAINED

Staff Will Attend The Institute In Canyon Sept. 5-9

Schools of the Pampa Independent district will open September 12, according to Supt. R. C. Campbell.

The carefully selected staff of more than 50 teachers will meet in Canyon, September 5 to attend the institute to be held at the Teachers college. Nearly all of the instructors have been elected, and a staff of well educated, trained individuals will be complete soon.

Registration is scheduled for September 12, but possibly may be held a few days prior to that time. First school activity, however, will be the Harvesters' camp on the Canadian river beginning September 1.

CANYON, Aug. 9.—Administrators from 23 counties of the Panhandle met with Conductor P. E. Savage at the West Texas State Teachers college to discuss plans for the Panhandle-Plains consolidated institute, which is to be held in Canyon September 5-9, inclusive.

There will be a special section conducted for the benefit of teachers of rural schools. Two very strong lecturers have been obtained for this section.

Dr. O. R. Grant, president of Arkansas Polytechnic college, Russellville, Ark., a national character in the field of rural education, will appear before this section. Dr. Grant delivered a series of lectures at the National Teachers association and also was on the program of the Texas State Teachers association at El Paso last year.

The second lecturer is Dr. Albert Barnett, who is a member of the education department at the Teachers college at Canyon. Dr. Barnett has recently received his Ph. D. degree from George Peabody college for teachers, Nashville, Tenn., in the field of rural education. Before coming to the Teachers college he had served several years in the rural schools of Arizona. He is thought by many to be one of the best rural education specialists in the South.

Separate sections will be maintained for all the different subjects taught in the usual high school. Negotiations are being made for capable conductors for each of the sections.

President H. W. Morelock, of the Teachers college at Alpine, will work in the English section. Dr. Morelock was formerly head of the English department at the college in Canyon, but has not worked with the Canyon institute for several years. His lecture subject will be children's literature.

"Round table" talks will be conducted by the teachers themselves at times in the different sections.

An athletic directors' meeting has been arranged for the purpose of working out a schedule of all football games to be played for Inter-scholastic League, district number one.

School administrators will find that a special section has been provided for the consideration of their problems.

Last year 1,300 attended the institute from these 23 counties, and with the rapidly growing population of this section, which necessitates the constant employment of additional teachers, it is expected that a larger number will be enrolled this year.

Twins United After 43 Years

When Etta May Cleaver and her twin brother, Edward A. Cleaver were but six months old, their mother died and the two babies were adopted by different families near Harrison, Ohio. That was in 1884. Until five years ago, neither twin knew of the other's existence. Each began to search, however, and a short time ago radio reunited them. Here they are just after the reunion. Etta May is now Mrs. Etta May Myatt of Toledo, Ohio. Her brother lives in Washington, Ind. "But we'll never be separated again," they say.

Successful City Manager Will Speak at C. of C. Banquet At New Schneider Hotel Tonight

At the regular monthly membership banquet of the Chamber of Commerce this evening, E. V. Spence, city manager of Pan Angelo, will make the principal address. Mr. Spence, a well educated man who has made city managing his life work, after thorough preparation, is one of the most successful executives in Texas and is in demand to detail the work of his plan. Under his administration San Angelo has made rapid strides with economy of operation.

The speaker makes no pretense of presenting his subject in an oratorical manner, but with charts and straight-forward logic explains the city manager plan and compares it with the older forms of city government.

Because a charter commission is now at work under the appointment of the city council, Mr. Spence's coming is regarded as timely. A telegram from him today said he will be here for the meeting.

The banquet will be held at the New Schneider hotel at 8 p. m.

Brothers Form Baseball Team

(By The Associated Press.)
FOSTORIA, Kans.—Mr. and Mrs. J. M. Simon, on a farm near here, have raised their ten sons to be a baseball team.

The oldest of the ten Simon brothers, John, manager and captain of the team, is thirty-two. The youngest, Eddie, is fourteen. These ten boys are all Kansas born and bred.

They claim to be the only baseball team of brothers in the United States. They have no sisters.

The Simon brothers play a fast brand of baseball, although they find time to play together only once a week. Only the four who still live on the home farm—Birt, Nile, Teddie and Eddie—ever pick up a baseball except in their weekly game, yet they have won 15 of the 20 games they have played since they started together last season.

Their games are chiefly with the town teams in this vicinity and with "farming ground" teams which provide material for the leagues.

Roy is the regular pitcher, but two of the other boys, Clyde and Birt, also are good twirlers. Each has a regular position, and they seldom change, except that the two youngest, Teddie and Eddie take turns playing right field.

The older brothers are barbers. John is a barber in Topeka. Roy in St. George, Glen in Randolph, and Jake in Fostoria. Clyde also lives in Fostoria. Floyd lives in Osborne.

SHIP-BUILDING APPROVED
RAPID CITY, Aug. 9 (AP)—The ship-building program developed by the general board of the Navy department has been approved by President Coolidge after a conference here with Secretary Wilbur.

Baldwin Is Made Special Judge In 84th District Court

Judge Newton P. Willis recessed district court today on account of the almost impassable roads, which delayed arrival of many people concerned.

Because the regular judge was disqualified in several cases yesterday, attorneys attending elected Ben S. Baldwin of Pampa special district judge. Judge Baldwin heard several cases and continued several.

Judge Willis or his firm are associated in several cases which began before the Canadian man's appointment to the judgeship of the newly created 84th district court.

More Rangers Asked To Protect Witnesses In Harrison County

(By The Associated Press.)
AUSTIN, Aug. 9.—A second urgent request for additional Rangers in Harrison county to protect state witnesses in flogging cases was received today by Assistant Attorney General Calhoun in a telephone message from John Taylor, county attorney.

Son of A. B. Zahn Died Last Night

Bernard S. Zahn, 16-year-old son of Mr. and Mrs. A. B. Zahn, died here last night. Besides his parents, the youth is survived by a sister, Eleno. The body will be sent to Elk City, Okla., for burial.

SEPTEMBER 10 SET IN PAMPA ROAD DISTRICT

Project Of 42-Mile Hard-Surfacing Is Contemplated

EXPENDITURE OF \$400,000 NEEDED

Par Is Expected Today For McLean's Bonds

Voters in the Pampa special road district will go to the polls September 10 to determine whether hard-surfaced highways shall be built in this community.

Gray county commissioners yesterday afternoon approved a new petition. Setting of the election date had been delayed because the commissioners found an error in a previous petition. Action at that time indicated that an election would be called when the correct document was ready for action.

The election contemplates the issuance of \$400,000 in longtime bonds to hard surface approximately 42 miles of highway extending in six directions from Pampa and serving both through and oil field traffic.

The commissioners received bids on the \$250,000 bridge and road project, in the McLean special road district, but rejected all of them as too low. The highest bid was \$6c on the dollar. Two of the seven bidders indicated last night, however, that they would offer par for the bonds, and the commissioners decided to meet today to receive the new propositions.

Work On High School Addition Delayed By Rain

The concrete foundation for the new addition to the high school has been laid. As soon as the weather clears work will commence on the erection of the building.

There will be 12 rooms in the new section, which will accommodate the pupils without crowding. Several of the classes last year were overcrowded.

The remodeling of the red school building has been finished and the children will feel that they are entering a new school when the fall term opens.

Arkansas River Expected To Leave Banks In Flood

(By The Associated Press.)
FORT SMITH, Aug. 9.—General rains throughout the Arkansas river valley will send the stream to the flood stage, in the opinion of weather bureau officials here today. Approximately 60,000 acres will be flooded, it was estimated.

Temple Family Is Injured In Flames That Destroy Home

(By The Associated Press.)
TEMPLE, Aug. 9.—Seven members of the E. A. Felder family were burned and injured when they were forced to jump from their burning home here today. They were rushed to a hospital.

WOMAN IS FOUND NOT GUILTY BY JURY HERE

A jury in city court late yesterday returned a verdict of not guilty in a case in which one woman charged another with disturbing the peace.

Casino Discontinues Relief for Gamblers

(By The Associated Press.)
MONTE CARLO—Those who lose their last dollar in the Monte Carlo casino hereafter will be just one trip home poorer than those who formerly found themselves in the same fix. The reason is that efficiency experts attached to the casino have decided to do away with the "viaticques."

Formerly when a gambler went "broke" in Monte Carlo, the casino would supply him with free transportation home providing he asked for it and the secret service reported that he had lost enough money to justify the expense. The free rides were called "viaticques." It was seldom that a legitimate request was refused.

Scores of gamblers were returned to England each year. Many went to South America and the United States at the expense of the casino.

White House Repairs Are Bar to Visitors

(By The Associated Press.)
WASHINGTON—Coming from all walks of life and all parts of the world, thousands of Washington visitors this summer have desired most to see the White House. And the very condition which has made it the most popular building for sightseers, the publicity about its repair, has made it inaccessible to them.

With construction of the new roof and reconstruction of the top story still in progress, visitors are practically barred even from the grounds, and the streets which lead to the east entrance are closed to bus and other traffic, also undergoing repair.

Since the greater part of the White House retinue is in the Black Hills with President and Mrs. Coolidge, the mansion is virtually deserted. Carpets and drapes have been removed, and except for a few employees about the only person to be seen is Rudolph Forster, the executive clerk.

"Singing Hinnie" A Popular Titbit

(By The Associated Press.)
DUBLIN—Everybody in Ireland knows what a "singing hinnie" is.

Consequently there was much surprise when country families read in London dispatches that Mrs. L. S. Amery, wife of the Secretary for the Dominions and other well known British women had learned for the first time at a London cooking demonstration, just how to make this popular Irish country dish. The recipe known to every Irish housewife is:

One pound of flour, one teacupful of currants, 3/4 pound of butter, lard or margarine, one teaspoonful of baking powder and sufficient sweet milk to mix to the consistency of pancake dough.

The hinnies are cooked on a hot griddle and are called "singing" because of the noise made by the sizzling grease.

King of Spain Mixes Omelettes Skillfully

(By The Associated Press.)
LONDON—Cooking is the favorite indoor sport of the King of Spain.

King Alfonso came to London for the championships at Wimbledon and incidentally to take a little flyer now and then in the restaurants.

The king is said to be a fairly good cook. But his favorite trick is to order lettuce and tomatoes, and other salad ingredients, and make the salad dressing before the eyes of his guests—or his hosts, sometimes. He has a habit of turning out Welsh rarebits and omelettes in casserole at his luncheon table which make his guests inquire as to his methods and ingredients.

With a left handed touch which he learned in Paris, the king scatters a little finely minced chicken in his omelettes. He says there's no secrets about his light, fluffy omelettes—it's just the knack of doing it, acquired by years of practice.

ICE "CORNER" COSTLY

ROCK SPRINGS, Wyo. (AP)—Mike Lemich claims the record for the payment of the top price for ice here this summer—\$25 for 100 pounds.

He tried to take it for nothing from a refrigerator car and ended up in a justice of the peace court where his alibi that he was carrying to a friend with a large headache failed to get over.

Oloyd W. Bertrand, who was left in the field when Leine and Chamberlin flew to Germany, is reported to be ready to fly soon to Rome in a plane belonging to William Randolph Hearst.

Record Air Jaunt Their Plan

A flight from Long Beach, Calif., to Tokio, Japan, or to Melbourne, Australia, is the aim of Captain James L. Giffin (right) and his navigator, Theodore Lundgren. The two men are shown inspecting one of the twin motors of their giant triplane. If Australia finally is decided upon, their flight over the 7000-mile route, with a stop probably at Guam for fueling, would be a record. The Hawaiian Islands would be their first stop on a journey to Japan.

The Livestock Situation

LOS ANGELES, Aug. 9.—We hear a great deal about the tendency of the younger generation to leave the farms and ranches for the cities and metropolitan centers. This is a serious question and one worthy of thought, but it would seem that in practically every era the same problem has confronted agriculture and animal husbandry. In the writings of Abraham Cowley, early in the seventeenth century, it is pointed out that the trend of the young people was from the rural districts to the cities and this situation seems to have continued down through four hundred years following Cowley's time.

Cowley was a great believer in agriculture and animal husbandry as the basis of all things and as he so aptly put it: "The innocence of this life is the thing for which I commend it; and if husbandmen preserve not that, they are much to blame, for no class is so free from temptations of iniquity."

In looking back to the time of the Cowley writings it is observed that while during each generation the problem of keeping the younger people in the pursuits of agriculture has arisen, still during all of this time there has never been a period when there was not ample personnel available to carry on agriculture and animal husbandry. No doubt, such a time never will come, as it is simply a case of each generation distributing itself into the walks of life to which each individual is best fitted.

A great deal has been said of the trend of population from the farms to the city but we hear very little of the movement of population from the city to the farms and, no doubt, there is such a movement constantly under way. The selection of an occupation by members of families in agriculture is much the same as that of families in the metropolitan districts and, of course, in these selections each individual is more or less of a law unto himself. That is, the son of the farmer may choose a position in a bank in a city, or the son of a banker in a city may choose agriculture as his work.

The more general agricultural education now available in the schools and colleges has brought about a better balance to this situation and Cowley may again be quoted in this connection as stating that he could wish that one college in each university were dedicated to agriculture as well as those to medicine, engineering, law, etc. This has come about to a large extent, and through proper training has raised the standard of living in rural communities to an extent which is much more attractive than the average cosmopolitan surroundings. Due to this the tendency of the younger people is to remain with agriculture and in a great many instances city bred people are turning to it and livestock husbandry as a profession.

MOST NORTHERLY SCHOOL

KHE, Siberia—The world's most northerly situated school has been opened in this village, 400 miles north of the Arctic circle. The pupils are mostly of the Yakut and Samoyed tribes. Throughout the year they attend their lessons clad in reindeer skins.

America Cited As "Horrible Example"

(By The Associated Press.)
LONDON, Aug. 9.—Lord Dawson of Penn, personal physician to King George and the Prince of Wales, sees in the United States a "horrible example" of what prohibition can do. "I have never seen in recent years drunkenness of such a terrible character as in America," he told the House of Lords in the course of his speech in which he opposed a bill proposed by the prohibition party which would put local option laws into effect.

"You will see, as I have seen, far less drunkenness in this country than in America," he said. "British people are becoming more sober."

Railroad Restores First Kansas Capitol

(By The Associated Press.)
FORT RILEY, Kan., Aug. 9.—The first capitol of Kansas, now a roofless structure of crumbling stone, will be restored to its aspect of 75 years ago. A western railroad will assume

16 Years

The high price of shoes is one thing that isn't worrying Grandma Sarah Jane Vandenburg of Birmingham, Ala., these days. She bought a pair 16 years ago and she's still wearing them! What's more, she has worn them nearly every day, and has had them half-soled only once. The shoes are shown below, slightly worn but still serviceable. They cost three dollars when new.

the entire expense of restoration, amounting to \$20,000. The building is located on the Fort Riley reservation near here.

Hand-hewn lumber, like that in the original building, will be used in the reconstruction.

The building was completed in 1855. The lower floor was used for the house of representatives and the second floor for the territorial council, as the senate was called in those days.

Commandant Is Host To German General

(By The Associated Press.)
FT. LEAVENWORTH, Kans.—For the first time since the world war, a German general of high rank is to be the guest of an American general when Lieut. Gen. Ritter von Ruith, touring the army posts of the United States, is entertained here on August 4 by Brig. Gen. Edward L. King, commandant of Fort Leavenworth.

General Von Ruith commanded the Seventh German army during the world war.

Prince Sets Style In Dinner Jackets

LONDON, (AP)—West End tailors know how closely the younger men in society follow the lead of the Prince of Wales in fashion and materials.

"The younger set watches with utmost care what the prince wears on this and that occasion," one tailor says, "and every time he makes a departure from custom I get numerous orders for something which immediately becomes a fashion."

"The prince has been seen about lately in a dinner jacket. Now the style has become enormously popular. Men are wearing the jacket who would never have dreamed of discarding 'tails' for the theatre, the dinner or the dance."

A six-year-old Omaha boy saved the life of a playmate, 3 years old, by pulling him out of a fish pond, into which he had fallen, by the feet and then "shaking him upside down."

Cows Still Walk On Carpets

(By The Associated Press.)
ZAANDAM, Holland, Aug. 9.—Many quaint country traditions are passing in Holland with the widespread adaptation of modern agricultural methods. But scrupulous cleanliness is not one of them. It is still literally true that many cow stables in Holland are carpeted.

The windmills which used to pump the water for much of the scrubbing that goes on are disappearing, however. A national society for the preservation of windmills recently sprung up to counteract the tendency of hard headed Dutchmen to allow their windmills to fall down for lack of repairs once they discovered that it was cheaper to use motors.

Paul R. Redfern hopes to fly from Brunswick, Ga., to Rio de Janeiro, Brazil, on the longest non-stop flight ever attempted.

An Oregon electrician has invented a "No Parking" sign that will spring back in place when hit by motorists.

NOTICE TO THE PUBLIC. Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

Telephone 100, all departments

Borger is to be without Rangers for the first time in several months. It appears best. The state officers rendered good service in cleaning up the dirty spots of the oil town and driving out criminals who threatened to terrorize the community.

It looks like express and passenger aviation is coming to the Panhandle before the end of this year. Flying between Amarillo and other points will be very common.

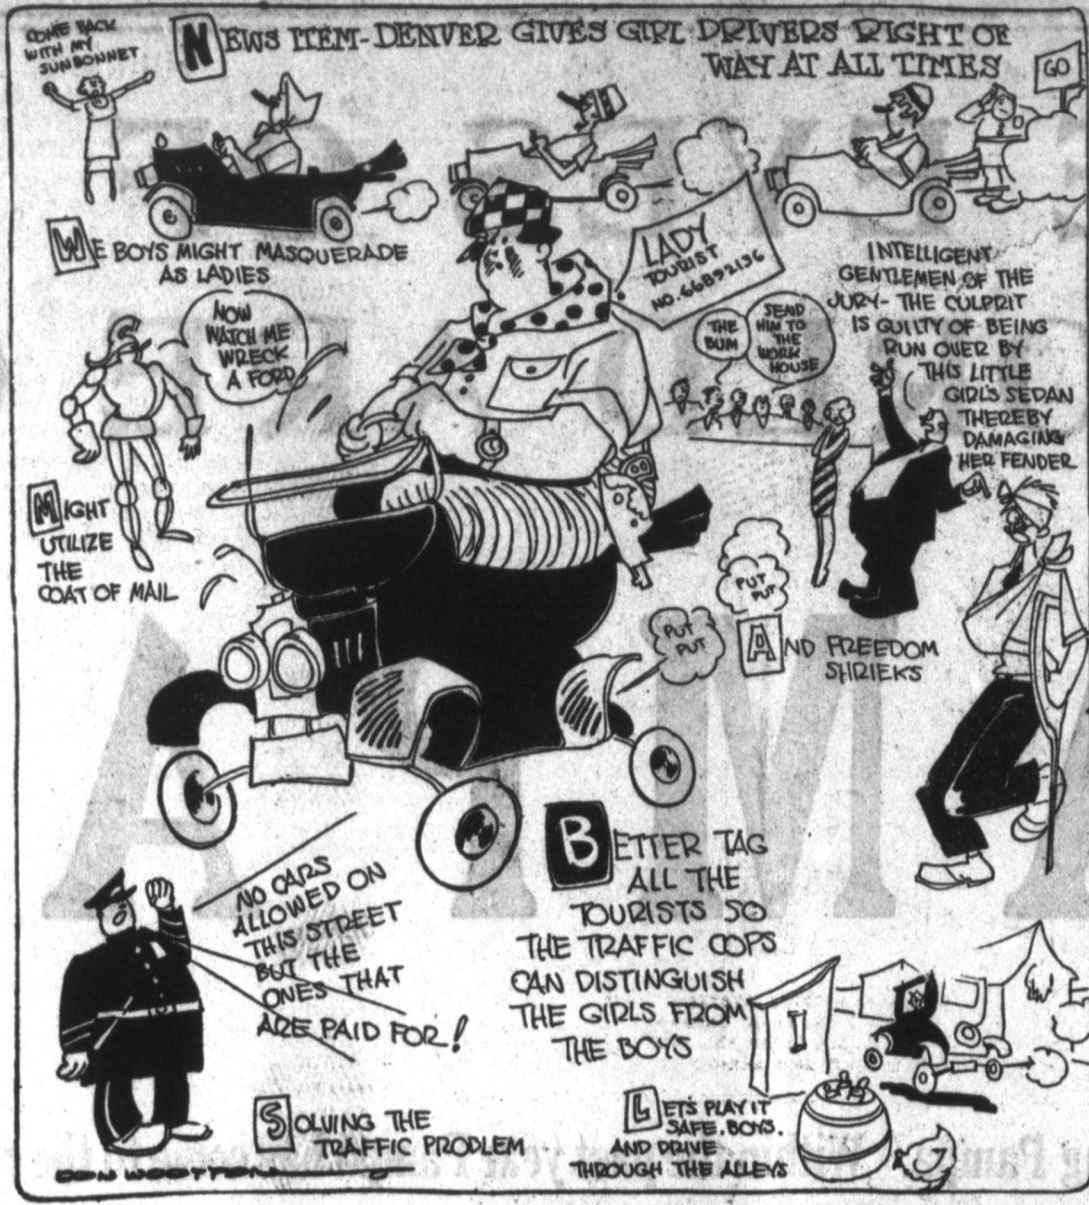

Oklahomans are advertising the state in the big magazines. They are proud of their resources, but realize that the present development is but a prophecy of the possibilities.

TAKING A PEEP AT THE FUTURE AUTO

It is an insignificant matter to drive to Amarillo, see a couple of baseball games, and return to Pampa within an afternoon and early evening.

But with all the apparent perfection, motoring is still in a crude stage. An English scientist presumes to prophesy relative to motoring 80 years from now.

The Male Still Has Some Rights In The Fiji Islands

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON, Aug. 9.—The net result of President Coolidge's remarkable announcement at Rapid City has been to throw a whole crop of political experts into utmost confusion.

The president didn't say that he wasn't a candidate to succeed himself. If he had, there might be a little less confusion. He said:

"I do not choose to run for president in 1928." That meant something, but it might mean anything, and everyone in Washington whose opinion was worth seeking suggested a different explanation.

If one man's guess is as good as another's, then the suggestion is presented herewith that the president meant to say in effect:

"The president will not participate in any dog fight. If his kennel can't lick the other kennels, he is not going to step in and dictate the result. One reason is that he doesn't care to risk being chewed up and the other reason is that such a course would be regarded as poor sportsmanship."

So carefully worded a statement as the one Mr. Coolidge actually gave, and the fact that he refused to amplify it in any way are strong indications that the president hardly meant that he was definitely refusing re-election. If he had meant that, there was little to restrain him from saying just that.

It will be much easier for politicians on the fence to express regret at the Coolidge "withdrawal" and go on their ways rejoicing, but the president's stroke may actually strengthen his position. It is much harder to shoot at a candidate who insists that the office must seek the man, and if Coolidge is not nominated, the disappointment will be less embarrassing than the crushing rebuff of going after a nomination openly and failing to get it.

It is unlikely that Coolidge acted without advice. It may even be that he received strong hints from the powerful forces

TWINKLES

A lot of Pampa men who condemn their wives' high heels have been heeling around in this mud a lot themselves lately, with less satisfactory results.

Quite a few people who went in ditches Sunday night were "picked up" by Good Samaritans, and probably one of the most grateful was a motorcyclist whose speedy steed simply was helpless on the slippery highway.

Silent Cal, who nearly lost his reputation, has apparently started out to win it back since making his famous "choose" speech.

What's this? A Paris physician reports two cases of appendicitis on the left side. It would be grievous if Mother Nature for spite would sprout one of the things on the wrong side, now wouldn't it?

Nothing is quite so satisfying to the vacationist, nor so dry to the vacationist's friends, as the hometown paper.

When Aldous Huxley speaks of "canned leisure" does he mean the kind we get out of our flivvers?

It is idle to say that the Democrats have no strong leaders. That is the attitude of the majority toward every minority.

The biggest, big-fish story is told by a Texas girl who said a whopper jumped into the boat and knocked her unconscious.

To pretend is just to confess that you're ashamed of what you are. — The Buffalo Evening News.

behind the Republican party that there were stronger candidates than he and that if the party were to win in 1928 it must be sure its standard-bearer could hold the great electoral vote of New York against a candidate like Al Smith. There have been rumors that the forces referred to had decided as much several months ago.

MOM'N POP A Mystery By TAYLOR

MRS. GUNN HAS JUST DECIDED TO TELL HER HUSBAND THAT HER HERO-WORSHIP PAD WAS MERELY A JOKE — BUT IN THE MEANTIME, POP HAS ARRANGED TO SIGN UP FOR A PERILOUS ANTARCTIC EXPEDITION TO WIN HIS WIFE'S ADMIRATION

POP, THERE IS SOMETHING I WANT TO TELL YOU. ABOUT SOME YOUNG BLADE WHO DROVE OFF THE WOOLWORTH BLDG. INTO A FOUNTAIN PEN OF INK, I SUPPOSE.

WELL, NO, POP IT'S ABOUT — HEY, POP! A MAN ON THE PHONE SAID SOMETHING ABOUT YOU SIGNING SOMETHING OR YOU'D BE TOO LATE — HE HUNG UP!

I WONDER WHAT HE HAD TO SIGN? OH, I HOPE NOTHING'S WRONG. SIGNING IS BAD — THERE ARE GOOD SIGNS AND BAD SIGNS — I ONCE SIGNED FOR A PAMPHLET ON "HOW TO DOUBLE YOUR PAY" AND THE ANSWER CAME BACK — FOLD IT!

Harvesters Already Handling Pigskin

Coach Verde Dickie had several of his squad out last night punting the ball around. The Harvesters hope to take high honors in the high school class this season and intend to get down to practice early. Skull practices will be held every Monday and Thursday night at the high school. Coach Dickie expects to have a large number of candidates from which to form two teams. This will be of great assistance to the first team in their practice.

Old Barney couldn't stand the pace yesterday and had to be pulled in the sixth with the Senators losing, 6 to 1.

Texans Come Back To Defeat Birch Rods In 2 Games

AMARILLO, Aug. 9.—Adequate revenge for the double drubbing Sunday was taken by the Texans here yesterday in winning a double header from the Omaha Birch Rods.

Joe Newton, brother of Fred Newton of the Texans, let the visitors down with seven hits, which was better than Brother Fred did Sunday by a good deal.

Sanders relieved Shupe in the second game and won that also. The scores of the day were 3 to 2 and 5 to 4.

Today the Demons from Iowa are to play unless old Jupp Pluvius wills otherwise.

The box scores:

First Game		Second Game	
Omaha	Amarillo	Omaha	Amarillo
Rabbit, rf	3 0 1 0 0	Rabbit, rf	4 1 1 0 0
Brausen, 2b	3 0 1 0 0	Brausen, 2b	2 2 0 0 0
Handley, ss	3 0 1 1 0 0	Handley, ss	3 1 2 1 0 0
Donohue, 1b	4 0 1 7 0 0	Donohue, 1b	3 0 1 6 0 0
Smith, lf	3 0 1 1 0 0	Smith, lf	3 0 2 2 0 0
Thomas, cf	4 1 0 0 0 0	Thomas, cf	3 0 0 0 0 0
Meyers, c	3 0 1 5 1 0	Meyers, c	2 0 1 2 1 0
James, 2b	3 0 0 4 3 1	James, 2b	3 0 0 4 3 1
Totals	31 2 9 24 9 2	Totals	30 4 8 18 4 2

Score by innings:
Omaha: 110 000 000-2

Base on balls, off McGrew 4 Newton 2. Left on bases, Omaha 5, Amarillo 8. Time of game, 1:45. Umpires, Clark and Crisman.

Score by innings:
Omaha: 602 010 1-4
Amarillo: 021 110 8-4

Sacrifice hit, Mondino. Two-base hits, Rabbit, Davis. Three base hits, Connelly, Gunther. Double plays, Gonzalez to Nufer to Swanson. Hits, off Shupe 6 and 3 runs in 4-13 innings; Sanders 2 and 2 in 2-24 innings. Struck out, Harder 1, Shupe 2. Base on balls, off Harder 3, Shupe 4. Winning pitcher Shupe. Losing pitcher, Harder. Left on base, Omaha 5, Amarillo 4. Time of game 1:35. Umpires, Clark and Crisman.

SPORT TALK

Rain interfered with the main bout of last night's big boxing card. It will be held tonight at 8:45 o'clock, weather permitting. The preliminaries were bang-up affairs, with one K. O. and some fast boxing.

E. B. Tracey, president of the Amarillo Texans, called Manager Ed Goyer of the Pampa Grays last night to sign "Hook" Shaw for the Texans, but was too late, as Shaw had already left for Beaumont, where he is expected to make a good showing. Ketchum and Ruth are to report this week to the Exporters. Ruth signed on the dotted line yesterday in Borger.

Somehow the Amarillo Texans won a doubleheader yesterday after losing two to Omaha on Sunday. There was no heavy hitting, but the fielding was much improved. The Demons arrive today for a series that should prove interesting. The Texans are in fifth place now.

The Dallas Steers stopped the Fort Worth Cats yesterday when Tiny Owens held them to eight scattered hits while the Steers were collecting thirteen. Errors marred a perfect game.

Coming Star of Yankee Hurlers

Ever notice American League pitching averages? Sure, and it is young George Pigras of the New York Yankees, who is atop of 'em all. This youngster promises to be the star of the Yankees' pitching staff next season.

BILLY EVANS Says

Johnson's Records to Endure
The name of Walter Johnson will always be synonymous with that of baseball. When the star pitcher of the Washington club finally passes from the game, he will have left behind him a long list of remarkable performances that will cause the name of Walter Johnson to endure forever.

Johnson Never Made Kick
I deem it an honor to have been associated with Walter Johnson over 20 years of strenuous campaigning. During all that time I cannot recall one single complaint he has ever made over any decision rendered by an umpire. I am sure we have made many decisions against him which deserved strenuous protest.

All Fans for Walter
When Walter Johnson stepped on the rubber in that game, he realized the fans were there to make comparisons with the Johnson of today and 20 years ago. The hero worship that the baseball fan has for his favorite star, and to every fan Johnson is an outstanding hero, made all of them pull for Johnson to have a big day.

Baseball to Miss Barney
Then the strain told on the 40-year old youngster and he momentarily weakened, Detroit making four runs. Getting his second wind, he finished the game in fine style, finally retiring in the ninth with one Detroit player out and a man on first. The Tigers then put over three runs to win 7-6.

ALAMO HOTEL OPENS IN SOUTH PAMPA
The Alamo hotel will open for business in South Pampa today. The hotel is situated on South Cuyler street two blocks from the tracks. Glen Ragsdale is the manager and Mrs. C. W. Sutton will be in charge. There are 29 bedrooms in the hotel, each with hot and cold running water. A cozy little sitting room is situated at the front leading from the office. Mr. Ragsdale intends to run a high class hotel to permanent and transient guests.

Mr. and Mrs. Mike Carlton
are the parents of a son born August 6. The child arrived at the home of the mother's parents, Mr. and Mrs. L. E. Press.

Tunney's Trainer Says Champ Will Make Dempsey Look Like Amateur In Chicago Encounter

I have received a letter from our old friend Eddie Eagan, who is in the main squeeze in getting Gene Tunney into condition for his coming bout with Jack Dempsey. If we all feel like Eddie does there isn't any use of our going to the fight. The old War Budge says Gene is going to make it real disagreeable for Dempsey when they meet in September.

The champion is training at Speculator, New York out in the country 40 miles from railroad," Eagan writes, "Boxing swimming, climbing mountains, and playing golf has put Gene in wonderful condition, that is, as near fighting condition as he wishes to be until the final three weeks of intensive training which will take place near the scene of battle."

"There is one fellow that has a cinch on the fight and that's Tex Rickard. Seems like every time Old Tex puts out the cards he knocks them for a couple of million. When he pulls one of his big shows Tex thinks he has about reached the peak, but after letting the cash customers come up for a little air and re-finance the old homestead, they not only come back for more but bring a couple of neighbors along. Judging from press information on the advance sale of tickets, the whole neighborhood is going to attend the coming battle."

"We'll have to hand it to Rickard for the clever way he puts over the hostess end of the party. Tex certainly knows how to serve the dishes to keep the natives coming back for more. He has had them on cauliflower diet for some twenty-years and still they line up way down the boulevard whenever he hangs out the old menu."

"Just to prove to Illinois and its Governor, Len Small, that he never forgets a friend, Tex promised his old friend Mr. Small that he would bring the next big fight to Chicago. Appreciating the tremendous strain Len has been under for the past few years with a civil war on his hands, Tex thought it no more than proper that he should give his old friend a little amusement so that he might forget his troubles for awhile. It will also give someone else a chance to fight a little besides the home guards."

"You saw the fight at Philly and know how completely outclassed Dempsey was in that fight, and if I am any judge of a fighter at all, Gene should carry this one off much more decisively than the first one. Gene is unquestionably the greatest defensive fighter in the game. I can't see how Dempsey is going to get through to do any damage. I still believe the old sock is in Jack's mitts, so naturally it will be up to Gene to keep that old left hand of the former champion's out of his ribs."

"If I were asked what I thought of Sharkey's execution there is but one answer—I'd be in favor of it. Sharkey fought a good fight for about four rounds while he thought he was winning, but when the tide began to go against him, what we all looked for came out, so naturally we can't see Dempsey really any better if as good as he was at Philly last year.

fulfilling your promise which you made us at Colorado Springs, that of working out with the champion a few times and I have your seats all ready for you. The champion asks me to caution you about being in good condition as he wants to repay you for a few neck-twistings you gave him in Paris a few years ago. If he is as hard for you to manage as for me I would suggest that you show up the morning of the fight, then you won't have to work out with him."

Rain Halts Bout Between Cahill and Fred Whittington

Rain after the semi-final had been finished at the Pampa Athletic club last night halted the main event between "Rusty" Cahill and Freddy Whittington. The two boys were scheduled for ten rounds. They will meet tonight at the club, weather permitting, at 8:45 o'clock and all tickets for last night's bouts will be honored.

The early event on the card was a win for K. O. Vincent of Amarillo over Kid Coy of Pampa. The infants stood up and slugged, but experience won for the Amarillo 50-pounder.

Speedy Snow took the preliminary by a K. O. from Red Newman in the third round. Newman is a slugger, but he couldn't get the haymaker to work. The shifty Snow played a boxing game and landed in the third after Newman missed with a wild swing.

Grays' Jinx Nine To Play In Pampa Sunday Afternoon

Sunday afternoon at the home park the Pampa Grays will play the Borger Pacers. Ed Goyer will have either Knight or Coope to do mound duty against Lefty Fulley, Borger ace. A catcher who has been "up" will also be in the Pampa line-up.

First base will be occupied by one of the Goyer brothers, while Johnnie Weeks will probably be on second with Seeds at Short and "Bromo" Selzer at third. "Red" Gaiter will tear around the outfield with Rowe and Reynolds.

So far this season the Pacer crew have jinxed the Grays but Goyer hopes to pull a win Sunday. Practice will commence as soon as the weather clears up enough to let the boys on the diamond.

The management of the club received a letter from the secretary of the Denver tournament asking the Grays to be sure to enter. The purse guarantee is \$10,000.

Mrs. Phil Shoemaker returned from a three-months' visit with friends in Los Angeles, Cal., on Monday. Mr. Shoemaker is connected with the Underwood Motor company.

FEATURES FROM OTHER LANDS

FRANCE SETS HOLIDAY IN HONOR OF LEGION

PARIS (AP)—France will observe a public holiday Monday, Sept. 19, in honor of American Legion members here for their Paris convention. The holiday has been decreed by the government. Despite the fact that it is now expected that attendance will be far less than the 30,000 originally anticipated, the government is planning an elaborate entertainment for those who do come. There will be an official banquet for 1,000 of the delegates, a gala ball, fireworks, special illuminations and official receptions. Approximately \$150,000 has been appropriated for the government's share in the program.

FRANCE CONSIDERING NEW KIND OF TRAINS

PARIS (AP)—France may soon begin to retire the familiar European railway coach, a car divided into compartments seating six to eight, each compartment separated from the others like the staterooms on American trains.

The increase in the number of crimes in this kind of coach has led to an energetic campaign on the part of some newspapers to require that all seats in a railway carriage be visible from all others. Robbers have taken advantage of travelers alone in a compartment, they point out.

NUMERICAL ADDRESSES SUGGESTED FOR FRANCE

PARIS (AP)—A numerical telegraph and cable address for every Paris householder is urged by the Paris newspaper Liberty. Frenchmen are beginning to complain that the romantic sounding names of their streets and towns cost them heavily in telegraph tolls, since the addresses must be paid for by the word. It is not unusual for a French address to run to fourteen words or more.

Liberty also asks the municipal council of Paris not to pick out five and six word street names when they are christening new thoroughfares.

POLICEMEN'S SCHOOL TEACHES ENGLISH

PARIS (AP)—So successful have been the few Parisian policemen who speak English in aiding travelers that the municipal council has decided to put English speaking officers on duty where tourists appear in any numbers.

A police school, with an original enrollment of nearly fifty, has been organized. It will teach the English usually employed by those asking for aid and directions, and the proper words for a polite and informative reply.

PARIS CELEBRATES GIRAFFE CENTENARY

PARIS (AP)—Paris is celebrating a new centenary this year, that of the giraffe.

Some interested zoologists discovered that it was just 100 years ago, 1827, that the first giraffe came to the zoo at the Jardin des Plantes.

History records that the arrival of the giraffe moved Paris as few things had since the French revolution. Thousands waited hours in line to get a glimpse of the animal. Even the styles of the day were affected by the giraffe. There were giraffe robes, giraffe neckties, and coats made of material printed to imitate giraffe skin.

FEWER TOURISTS VISIT PARIS MARKETS

PARIS (AP)—The famous onion soup squad is dwindling. The little gang of tireless tourists who invade the Paris public market at dawn to breakfast on onion soup after a night in Montmartre, means less work for the police now that at this time last season.

Officers at the public market report fewer altercations between foreigners who want to see and porters who want to work. The dress suit contingent has been the victim of many accidents, involving the upsets of vegetable carts, spoiled dresses and police intervention.

FRANCE CHANGES RULES IN LEGION OF HONOR

PARIS (AP)—There will be no more sudden promotions in the French Legion of Honor. All those receiving the coveted red ribbon must start hereafter as chevalier, the lowest grade. The new regulations are embodied in a bill passed by both Senate and Chamber of Deputies.

Under the new regulations nineteen years must elapse between the appointment as chevalier and the achievement of the grand cross, the highest honor the Legion holds. The grade of officer cannot be attained before eight years as a chevalier. Only those who have been officers for five years can be made commanders. Grand officers must have been commanders for three years. To be eligible for the grand cross three years as a grand officer will be necessary.

INVALIDES MAY ENTOMB MARSHALS OF FRANCE

PARIS (AP)—A bill providing that Marshals of France and generals having commanded an army during the Great War may be interred at the Invalides has been reported favorably by the Army committee of the Chamber and will soon become a law.

Two tombs will be reserved for Marshals or generals who played a decisive part in the war, immediately under the great central dome, beside the sepulchres of Turenne and Vauban. The others will be buried in the crypt known as the "Governors' Vault." There are forty officers eligible for this posthumous distinction.

TO REDUCE MARRYING COST SPRINGFIELD, Mo.

SPRINGFIELD, Mo.—The Rev. M. B. Schrivener, local pastor, believes in "pre-war" prices for getting married, and has set about correcting the alleged high cost of marriages here.

Charging that the "courthouse combine" boosts the price of getting married, Rev. Schrivener has announced he will marry couples at \$1 a couple. The usual price he says, is from \$2.50 to \$5.

Big Tooth

The mastodons that roamed America aeons ago were gigantic animals and needed big teeth to eat with. They had 'em, too—as witness this mastodon's tooth, displayed by Miss Grace Porter of Ludlow, Ky. The tooth, in nearly perfect condition, was found in a gravel pit near Clevelo, O.

Attributes Profits To Sunday Scruples

(By The Associated Press.)
SAN ANTONIO—Scruples against engaging in a gainful occupation on the Sabbath day have actually increased the profits of a dairy farm near here, asserts Paul Loven, its owner, who refuses to sell milk on Sunday.

Two years ago Loven decided that, while it was necessary to care for the milk on Sundays, it was wrong to sell it. Accordingly he gave the entire product of his dairy to the orphans' home the next Sunday and has adhered to that practice ever since.

The loss of one-seventh of his income hurt Loven's bank account rather badly at first. Since that time, however, he says, his cows have increased their production and the price of milk has risen slightly so that now he is making more in six days than he formerly did in seven.

Loven has 150 cows and every Sunday gives six local orphanages \$75 worth of milk, cream, cheese, butter, and other dairy products.

The Bell Telephone Company paid a St. Louis lawyer \$3.65 for a nickel that was not returned to him when he put it into a pay telephone. The company paid court costs.

Grim Task

To Warden William Henry of Massachusetts state prison at Charlestown falls the grim task of supervising the Sacco-Vanzetti electricutions.

Bills of sale for transfer of automobiles can be secured at the Pampa Daily News office.

For Job Printing—Call the News.

A LONG-LIVED FAMILY
WINCHESTER, Va. (AP)—A brother and two sisters in Frederick county claim the longevity record of northern Virginia. Mrs. Harriet Marpole is 91, Daniel Miller is 89 and Mrs. Mary V. Marpole is 86. The sisters married Thomas and Joshua Marpole, brothers and veterans of the Civil war, both of whom are still active.

A New Jersey postmaster chose to drink rather than hold his office. He told the inspector that he thought it was none of the government's business and resigned.

Smoking and Throat Protection

As viewed by 9651* Doctors

WHAT is the quality that so many of those whose voices are precious have found that makes LUCKY STRIKE cigarettes delightful and of no possible injury to those voices?

For the answer, a number of physicians, many of them leading physicians, in various parts of the United States were recently asked these two questions:

Q 1—In your judgment is the heat treatment or toasting process applied to tobaccos previously aged and cured, likely to free the cigarette from irritation to the throat?

9651 doctors answered this question "YES".

Q 2—Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105 doctors answered this question "YES".

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"

No Throat Irritation - No Cough.

Joseph Caillaux,
Noted
French Orator,
writes:

"I have found your Lucky Strike Cigarettes very agreeable. They do not hurt my throat in the least and are very soothing to my voice."

J. Caillaux

*WE HEREBY CERTIFY that we have examined signed cards answering Questions One and Two and that there are 9,651 affirmative answers to Question One and 11,105 affirmative answers to Question Two.

DICKER PLANS ROYAL WELCOME FOR PRISONER

(By The Associated Press.)
DICKER, England — Five years ago Horatio Bottomley was a member of Parliament for Hackney, a great financier, politician and sportsman.

Today he stands on the threshold of Maidstone jail, about to put foot again into the outer world. For five years he has led the life of lock-step serving a sentence for fraudulent conversion of funds.

England is waiting for the moment when the once great man is free. Half the kingdom will scorn him. The other half will welcome him with open arms.

In the town of Dicker, Sussex, Mr. Bottomley will receive a welcome worthy of a king. Buildings will be decorated with flags and bunting, and sturdy youths will pull his motor car in triumph. The band will meet him.

"Dicker has gone to pieces since Mr. Bottomley went away," John Prett, the station master said. "He made Dicker. He built all the little red cottages for the work-people and let them at a low rent."

At the Bottomley home, "The Dickers," his wife and daughter are quietly arranging for his return.

The government is planning to release Bottomley a few days early to prevent a demonstration at the prison.

Costumes of Balkans Lose Quaint Quality

(By The Associated Press.)
MOSTAR, Herzegovina—The modernization of old Balkanic towns is destroying some of their most picturesque aspects. Belgrade has become a tool of fashion and Sarajevo's varied and quaint costumes are merging into an imitation of up-to-date American and English styles.

Old Ragusa looks like Unter den Linden, so Germanic are the people one sees crowding its fascinating streets. Even Cetigne, the skyward capital of Montenegro resembles an English or American provincial town. Villagers as well as people of more pretentious towns show a tendency to imitate the dress of the tourists who motor through in ever increasing numbers.

The valleys of Montenegro, Herzegovina and Dalmatia, however, where the roads go through grazing country, still abound with figures that seem to step out of pages of history. The world owes a debt of gratitude to the shepherds and goatherds of these countries for not succumbing to the modern craze. They could, however, wear the latest styles with quite as much chic as any of those they get a glimpse of from the wayside.

Even the goats seem to show their disapproval of modernization. They scamper up the rocks so fast when a car comes along it is impossible to photograph them. When one is caught unawares he generally shakes his head and ruins the negative.

Dressmakers' Shops Deserted by Society

(By The Associated Press.)
PARIS—Until had weather drives them from the seashore and the resorts where they are resting up, society members will not be seen in Parisian dressmaking salons.

Ordinarily the newcomer finds as much interest in the shoppers as in the styles. But there is a noticeable dearth now of interesting people in the Rue de la Paix and the Champs Elysees shops. Professional buyers and bargain hunters dominate the scene.

When the fashionable shoppers return to Paris winter collections will have lost their new looks after several weeks of display. The mannequins will have learned how to wear the new models and the trend of the style will be definitely known.

It is significant that Paris dress houses do not show advance winter styles at summer resorts, although each spring they send summer models to winter resorts. The well dressed world hates to say good-bye to summer.

Trees Responsible For Volcanic Ash

(By The Associated Press.)
JUNEAU, Alaska—It took botanists rather than geologists to solve the mystery of the recent deposit of "volcanic ash" in southeastern Alaska.

A sprinkling of fine, yellow dust was observed in almost all the cities in the region, but no trace of any volcanic activity was found.

"The mystery dust is the pollen from spruce, the finest trees in the southeastern Alaskan forests," District Forester Charles H. Flory announced after careful tests.

OUT OUR WAY

—By Williams

Persian Moslems Outwit Turks Observe Old Rite of Mourning

(By The Associated Press.)
CONSTANTINOPLE (AP)—Slashing their foreheads and necks with sharp swords, lashing their bare backs with chains and beating their breasts with their palms, 1,000 Persian residents of Stamboul succeeded in evading the Turkish police and carrying on this year as usual their annual mourning for two men slain 1,300 years ago.

The Persians were warned that the Turkish government intended this year to put a stop to the gory demonstration, staged every year on the tenth night of the moon in the Moslem month of Mouharrem.

But they gathered secretly in the courtyard of an ancient harem, hidden in a shadowy corner of Stamboul, and laying costly Persian carpets on the cobblestones where Persian caravans used to unload their burdens, they constructed an improvised mosque wherein to follow the spectacular rite. Persians have performed the ceremony on this night for thirteen centuries in memory of Hassan and Hussein grandsons of the Prophet Mohammed, who were murdered by an usurping Caliph.

Turkish police, arriving on the scene after the barbaric moonlight

orgy was over, arrested some hundred of the self-wounded, bleeding participants, while a thousand Persians packed in the courtyard rent the night with their walls and sobs of "Hussein! Hassan!"

A black robed, black gloved Persian priest, mopping his eyes with a huge black kerchief, worked himself into a frenzy while he wailed over and over the story of the ancient murder in all its gruesome details, telling how the young Hassan was poisoned by his own treacherous wife, an accomplice of the villainous Caliph, and of how Hussein, wandering half dead in the desert of Damascus, was found by the usurper's men and beheaded.

Though both Persians and Turks are Moslems, the Persians belong to the Shiite sect, which refuse to recognize the line of Caliphs founded by the usurper.

Since the seventeenth century all Turks have been Sunnites. Nowadays some 10,000 Persian Shiites reside in Turkey peacefully, and the only opposition by the Turkish government is its attempt to put a stop to the annual flagellations of its Persian guests.

Naval Altitude Record Maker Seeks to Perfect Oxygen Tank

(By The Associated Press.)
WASHINGTON—Altitude record making is only part of the task undertaken by Lieutenant Carleton C. Champion, Jr., sky-climbing naval pilot, who successfully brought his plane down the other day from an altitude which he placed at 40,000 feet or better, with the motor flying apart and shooting flames.

He is trying to perfect the oxygen tank which makes it possible for aviators to breathe and remain conscious in the extremely rarified atmosphere six or seven miles above the earth.

When the oxygen tube was knocked out of his mouth on his recent flight, apparently by a flying part of his engine, he lost consciousness, but regained his faculties quickly enough to fight gallantly against the flames from his motor and strive to save the precious barographs which had made a record of his ascent. One was demolished and the other damaged beyond usefulness, he says, by the bursting motor, but he managed what the Navy Department described as an "exceptionally fine" landing.

Champion, born September 20, 1896, has been flying only five years, but he has put in more than 1,000 hours in the air in all types of craft. Graduating at the Naval academy in 1919, he served aboard the U. S. S. Michigan and Olympic in the Mediterranean, and then, with the Destroyer squadrons and the Scouting fleet before taking the aviation course at Pensacola.

In the air meet at Philadelphia last September he won the speed and efficiency race and both the speed and the efficiency tests in the transport races. He also established the world altitude record of 33,445 feet for single-seat fighting airplanes at Hampton roads last May 5 in the same plane, converted into a land type, which he brought down under such perilous conditions July 25. He has been designated as alternate pilot for the Navy in the Schneider Cup races at Hampton Roads November 11.

A housemaid lost \$16,000 on a swindle on an X-ray machine that would give her "\$125,000,000 and which was backed by Secretary Mellon."

No Gadabout

Mrs. Polly Curlin has spent the last 26 years in her home at Denmark, Tenn., leaving the house only to attend church or to call on relatives. She has never ridden on a train or in an automobile, and has never visited the county seat, 25 miles away. She never cared about being a "gadabout," she says.

Visitors to Turkey Find Night Life Tame

(By The Associated Press.)
ANGORA—The cabarets and night life of Turkey's capital seem tame and mild to visitors who have heard strange tales of harems and their veiled ladies.

The Turks seldom do more for entertainment that take a drink and watch the young women from the second row of a chorus dance about in winter clothes.

The conventional musical comedy custom appears to be the extreme limit, and the hardest thing to find in Turkey is the famous Turkish dancing girl.

Blank forms for sale of automobile at the Pampa News.

"INSIDE" INFORMATION

Try eggs baked in tomato sauce in a shallow baking dish for lunch or dinner.

If you need help with dressmaking problems, send for Farmers' Bulletin 1530-F, "Fitting Dresses and Blouses."

Cream for whipping should be 24 hours old, and should be very cold. The bowl and beater should be chilled in order to have successful results. Add sugar and flavor when the desired whip is reached.

Waxing or varnishing is said to improve the appearance of linoleum and to make it last longer. Wax should be used on the inlaid and plain kinds and varnish on the printed ones, for wax sometimes tends to soften the printed surface.

Many of the troublesome household insects feed on crumbs, scraps, and other exposed food. So keep your food supplies in tight metal or glass containers. Clean up promptly any food crumbs that may be scattered about. Don't leave and food uncovered.

A chance bedbug is no disgrace, but a family of them is an indication of relaxed vigilance on the part of the housekeeper. If you discover any, force kerosene, gasoline or benzine into cracks or crevices of the bedstead and along the moldings and baseboards of the room. Successive applications should be made every 3 or 4 days for about 2 weeks to kill any bugs hatched in the intervening periods.

To get rid of rats and mice begin by closing up all openings through which they are likely to get into the house. Store all supplies in tight metal or glass containers. Dispose of waste and garbage in tightly covered receptacles, regularly emptied. Set traps. Get some barium carbonate, a poison, and distribute it according to the directions given on the package, by mixing it with foods frequently eaten by rats and mice, and placing it where it will be eaten.

Apples appear on the table in many forms during the early fall, for there are sure to be windfalls and imperfect apples which must be cooked to be saved. Some may be used for apple betty, apple cobbler, apple snow, Dutch apple cake, upside down apple cake, apple fritters, baked and steamed apples; others may be put

She Runs for Senate From Lone Star State

(By The Associated Press.)
GALVESTON—Texas, one of the first states to elect a woman governor, may have the distinction of electing one of the first woman senators, too.

Mrs. Minnie Fisher Cunningham of Galveston, secretary of the National Democratic Women's Executive Committee and chairman of the Pan American Conference Committee, has announced her intention of running for that office.

Mrs. Cunningham would oppose the present senator, Earle B. Mayfield of Austin.

Since the force of gravitation on the moon is only one-sixth of that on the earth, a man who weighs 180 pounds here would weigh only 30 pounds on that planet.

Loud speakers have been installed at all important traffic intersections in Camden, N. J., in order that voices of traffic police may be heard above the roar of automobiles.

Albert C. Johnson, an airman and pilot, alighted bag and baggage in the yard of the Ambassador Hotel from an express airplane flying between San Diego and San Francisco.

into fruit salad or fruit cup, with the sweet one may have fried apples, sweet potatoes and apples, or cabbage and apples. Stuffed baked apples are also suggested.

Children get the habit of eating unsuitable food because the busy mother has not time to plan and prepare two separate menus. It is relatively easy, however, to plan menus composed of foods which are suitable for children to eat, or to adapt the foods in the grown-up menu so that the children can eat them. For example, high flavorings and rich sauces may be omitted, fruits used instead of pastry, and milk desserts given frequently.

BUILD Your Business THROUGH THE USE OF DAILY NEWS ADVERTISING

In every business enterprise—in every act of individual or co-operative effort—in all steps of human progress the only productive and worthwhile activity is that of BUILDING.

From the construction of a skyscraper to the acquiring of one more acquaintance or friendship, there is a process of building.

Either one may be accomplished once by individual effort but it takes ADVERTISING to keep the BUILDING process going on.

Your message in The Daily News will reach 90 per cent of the buying public in your trade territory.

Cotton Jumps \$5 Above Price Hike Of Monday Market

(By The Associated Press.)
NEW YORK, Aug. 9.—Cotton futures, which advanced \$10 a bale yesterday on publication of the unexpectedly low government crop estimate, jumped \$5 more per bale today in a wild scramble for the commodity by the cotton trade and bear traders.

John L. Baird, Scotch inventor and developer of television, will arrive in the United States this month.

Seville, Spain, is the sweetest smelling city in the world, the air being redolent with orange blossoms.

Three Modern Minnehahas

Princess Sherwood, full blood Nez Perce, (left); Silver Star of the Umatilla tribe (above), and Little Fawn, Klamath Indian, lower.

PORTLAND, Ore., Aug. 9. (AP)—If the fair Minnehaha of Longfellow's poetical Indian romance were alive today she would have many rivals for the love of the brave Hiawatha.

The Pacific Northwest has a number of these Indian maids. Among them are Princess Christina Sherwood of Wenatchee, a full blood

Nex-Perce-Spokane Indian girl. Pretty Silver Star of Pendleton, of the Umatilla tribe, is another. She was elected princess of Chief Peo Post, the only All-Indian post of the American Legion. A third is "Little Fawn," a princess of the Klamath tribe who lives in Humboldt county, Cal.

SOCIAL NEWS

By MRS. J. M. SMITH, Jr.

PHONE 72

Mrs. J. E. Sulgham and daughter, Maxine, of Weatherford, arrived Sunday to visit Mr. and Mrs. J. L. Stroope and daughter, Miss Donna Lee, of this city.

Mrs. J. P. Johnson and mother, Mrs. York, and Miss Riley, were guests of Mrs. J. L. Stroope Monday. They were enroute to their home in Amarillo after a visit at Wheeler.

Mr. and Mrs. Kenneth Boehm have gone to Denver, Colo., on a pleasure trip.

Mr. and Mrs. M. Levine have postponed their trip to the eastern markets until later in the week.

J. A. Hood, who has been in Pampa for the past few weeks transacting business, will return to his home in Birmingham, Ala., Wednesday.

Dallas Visitor Is Honor Guest

Mr. and Mrs. W. M. Craven and Mrs. G. C. Walstad were joint hostesses Monday afternoon at the home of the latter, honoring Miss Lillian Manning of Dallas.

Six tables were arranged for bridge and at the conclusion of the games cut prizes of dainty handkerchiefs were won by Mrs. Carol Kingsbery, Mrs. Siler Faulkner, Mrs. J. S. Wynne, Mrs. DeLea Vicars, and Mrs. Joe M. Smith. High score was won by Mrs. J. M. McDonald.

Late in the afternoon an enjoyable salad course with iced tea was served to Mrs. W. Lewright, Mrs. Carol Kingsbery, Mrs. L. B. Hughes, Mrs. Marion Howard, Mrs. R. C. Campbell, Mrs. T. E. Rose, Mrs. L. N. McCullough, Mrs. C. T. Hunkapillar, Mrs. P. C. Ledrick, Mrs. Siler Faulkner, Mrs. J. M. Dodson, Mrs. W. L. Woodward, Mrs. J. S. Wynne, Mrs. B. Griffin, Mrs. W. W. Merten, Mrs. H. L. Ledrick, Mrs. J. M. McDonald, Mrs. W. A. Bratton, Mrs. John V. Andrews, Mrs. DeLea Vicars, Mrs. Joe M. Smith and Mrs. Bratton and Mrs. Howell of Fort Worth, and the honoree, Miss Manning of Dallas.

Celebrates His Eighth Birthday

Charles Cook Jr., celebrated his eighth birthday Monday afternoon by entertaining a number of his little friends.

Games were enjoyed and later refreshments were served the following guests: Bobbie Banks, Webster Lee Howard, Marie Barnard, Jeanette Cole, Chester Hunkapillar, Jack Walstad, "Mickey" Ledrick, Tom and Rex Rose, Harriet Hunkapillar, Patricia Sawyer, Elizabeth Mullinax, Lucile Cole, Christine and Mary Ellen Cook, the latter three girls assisting with the serving and entertaining.

Menus for the Family

By Sister Mary
BREAKFAST—Orange juice, cereal, cream, eggs poached in milk on toast, crisp toast, milk, coffee.

LUNCHEON—Onions on toast, sliced tomatoes, nut bread, iced cocoa.

DINNER—Broiled fresh salmon, drawn butter and lemon sauce, steamed potatoes, boiled chard, cucumber jelly, gooseberry fool, milk, coffee.

Gooseberry fool is a popular English dessert but one that is met infrequently in this country. Gooseberries are stewed until tender but not broken in water to cover. When removed from the fire they are sweetened generously and very thick, sweet cream is poured over the hot fruit. The woman who lives in the country and has this thick cream at her command will find this dessert something that her city guests will relish and "rave" over.

Onions on Toast
 Four Bermuda onions, four rounds hot buttered toast, 1 cup milk, 2 tablespoons butter, 1 tablespoon flour, 1/8 teaspoon pepper, 1/2 teaspoon salt, 2 tablespoons minced parsley.

Peel onions; boil, uncovered, for one hour. Drain and cover with fresh boiling water and 1 teaspoon salt. Cook gently until tender. It will take about an hour. Arrange toast on a hot platter and on each round of toast place an onion. Pour over the sauce made by stirring flour into melted butter and slowly adding milk, stirring constantly until boiling point is reached. Season sauce with salt and pepper. Sprinkle top of each onion with minced parsley and serve at once.

Former Demonstration Agent Marries

AUSTIN, Aug. 9.—Travis county is hard put to find a permanent county demonstration agent because of a certain marrying proclivity.

Announcement of the forthcoming marriage of Miss Eula Nell Seelback, incumbent agent, as the third from the office within a relatively short time, has been made.

The above news item was taken from the St. Louis Post-Dispatch of last Sunday, and is of interest to Pampa residents, many of whom are acquainted with Miss Seelback.

She served Gray county as county home demonstration agent in an efficient manner until less than two years ago. While here she made many friends who extend best wishes.

Scott Barcus, manager of the Chamber of Commerce, returned home today from Dallas, where he spent the week-end.

West Texas Notes

ABILENE—The West Texas Chamber of Commerce and the Texas Conservation association have issued a call for representatives from all sections of the state to gather at this place, August 18 to discuss the question of water rights. The question at issue is: Shall power companies control the streams of Texas, or shall water rights be preserved by the people. Many business men and farmers of the west are expected to attend the meeting.

TATUM, N. M.—The local postoffice is undergoing a series of improvements, including painting of the building.

GOREE—Forty-two cars of maize in the head have been shipped out of the Gorie Grain elevator, and during the past two weeks, 11 cars of threshed grain have been sent out.

DE LEON—Work is underway on the new Lester hotel here. The building is to consist of 27 rooms, a spacious lobby and dining room, modern fixtures, and plate glass front.

SEYMOUR—Representatives of all surrounding counties near this point are co-operating in a move for promotion of an irrigation project in this section. A preliminary survey of a damsite shows that water could be impounded to irrigate between two and five hundred thousand acres.

GOLDTHWAITE—Dean O. Crawford has taken over secretaryship of the Mills County Chamber of Commerce and plans to start out with a live-wire membership campaign.

ESTELLINE—The Estelline Chamber of Commerce, the Childress county commissioner, and the Childress Chamber of Commerce have co-operated in a movement to secure a good road and daily rural mail service for a district in the southwestern part of Childress county.

OSONA—T. A. Kincaid of this city is head of the Texas Sheep and Goat Raisers association for the fourth time, having been elected to this place at the twelfth annual convention of the association held in Kerrville recently. San Angelo won the 1928 meet.

WELLINGTON—Delegates from some 40 towns of north Texas will convene here the latter part of this month at the Panhandle-North Plains district convention of the West Texas Chamber of Commerce.

MENARD—Menard's new \$100,000 hotel will be under construction here at an early date, following acceptance of plans and specifications. The building is to be four stories, fireproof and of the latest design and structure.

SAN SABA—The annual Hills county district convention of the West Texas Chamber of Commerce is scheduled to be held here on September 22. Llano was last year's host.

MINERAL WELLS—Work on the Baker hotel here is progressing nicely. Under the new plans for the structure, there are to be 12 stories with 28 rooms to the floor, making a total of 336 rooms with a roof garden in addition. A swimming pool is to be on the east side of the hotel.

CHILDRESS—Childress' new city hall is to be opened at an early date. It will house the city officials, fire department and board of city development.

A Minnesota woman was recently sentenced to the workhouse for thirty days when tried for the one hundred and thirtieth time on charge of drunkenness.

Social Calendar

Baptist Circle No. 1 will meet with Mrs. T. H. Barnard, and Circle No. 2 will meet with Mrs. J. R. Henry.

Catholic Altar society with Mrs. Henry Pohl.

Presbyterian Auxiliary—no meeting.

Women's Missionary society—no meeting.

Christian Missionary society—no meeting.

Ladies Aid society—no meeting.

Amusa Bridge club—no meeting.

Entre Nous club—no meeting.

Coterie club—picnic at Mrs. R. S. McConnell's Thursday.

Going Up

Ruth Kingston is only 19, but she hopes to be the first woman to fly across the Atlantic. She is flying daily at Packard Field, Detroit, putting in about 20 hours a week perfecting her piloting ability. A special plane is being built for her use.

Levine's Plane Is Fueled For Return Trip To America

PARIS, Aug. 9.—The gasoline tanks on the monoplane, Columbia, which has already received the distinction of flying from New York to Germany, was fueled to the limit today.

The plane was all set to start the return flight to New York whenever the weather man says so.

The State Department has ordered John Van MacMurray, American minister to China, to Washington, D. C. to report.

Reports from British East Africa say that elephants are increasing there so fast that a large number must be destroyed annually to prevent their overrunning the country.
