

German Force Closes In On Paris; Two French Armies Said Destroyed

TURKEY'S POLICY TO BE DETERMINED BY WORD FROM RUSSIA

ANKARA, Turkey, June 11 (AP)—Soviet Russia holds the key to Turkey's fulfillment of her mutual assistance treaty with Great Britain and France, it was acknowledged in informed quarters today.

The cabinet met throughout the afternoon and its stand was reported to depend on a response from Russia as to the soviet attitude in case Turkey should join the allies in fighting Italy in the Mediterranean.

Plus, the official newspaper, declared that Turkey possesses "the might and capacity to accomplish the national task" and was ready to fight any power infringing her rights but did not mention the pact with the allies.

The war, it predicted, will be long, and as it develops, Turkey's "task and importance will be increased."

INSTANBUL, June 11 (AP)—Deputy Hussein Djahid Yalcin said today that Turkey is on the side of the allies "with all her heart and she wishes for their success."

This was the first public declaration concerning Turkey's position from an official quarter since Italy's entry into the war on the side of Germany.

Writing in the newspaper Yeni Saha, Yalcin, who is an important political figure, said that Premier Mussolini picked the wrong horse and would lose.

Yalcin expressed belief that "the theatricals which Italy has put on for the past nine months" have come to an end.

Rodeo Pledges Over \$900 Mark

Pledges toward underwriting a possible loss on Big Spring's rodeo this year totaled slightly over \$900, with \$1,000 sought, it was reported Tuesday noon from the chamber of commerce office, as special committees made reports on their first canvassing efforts.

A \$1,000 guarantee is sought, and workers representing both the rodeo association and the chamber of commerce plan to conclude their work Wednesday. R. R. McEwen, heading these workers, said it was hoped to get more underwriters and reduce the amount each would pledge.

MISS. DEMOS BACK THIRD TERM TALK

JACKSON, Miss., June 11 (AP)—Mississippi today joined the Roosevelt-for-a-third-term movement, when the state democratic convention voted unanimously to instruct delegates to the national convention to cast 10 votes for the president for re-nomination as long as his name be before the convention.

Defense Funds Again Boosted By House Unit

WASHINGTON, June 11 (AP)—The house appropriations committee recommended an additional \$1,706,053,998 outlay for national defense today to prepare this country for what the federal bureau of investigation called "all manner of possibilities in the western hemisphere."

The huge increase, submitted one day after Italy's entrance into the war, would boost defense appropriations for this session to \$5,021,619,622, would add \$6,000 enlisted men to the regular army, provide 3,000 new warplanes for the air corps and permit the navy to start work on 68 additional warships.

The measure also carried \$3,358,800 to give the federal bureau of investigation 500 additional agents to deal with espionage, sabotage and other national defense activities.

Among other items in the bill were \$1,000,000 for the national defense council and its recently appointed advisory commission; \$47,500,000 for acquisition of strategic minerals and materials, and \$32,000,000 additional for the civil aeronautics authority to give primary, secondary and "refresher" training to a total of 87,000 civilian airplane pilots.

In publishing testimony heard in considering the legislation, the committee disclosed that the army was devoting all its plans to expanded personnel to the problems of the western hemisphere, rather than the Continental United States.

The 68 new ships to be started included three aircraft carriers, 13 cruisers, 22 submarines and 30 destroyers. This would mean a total of 160 combat vessels under construction.

Mr. Roosevelt made the declaration of support at Charlottesville, Va., and as a parallel course to that of allied support, the president told his audience at the university and millions both here and abroad who listened by radio that "we will harness and send up"

Marne River, Lower Seine Is Reached

Nazi Press Nearer Paris, Move For Encirclement

BERLIN, June 11 (AP)—The German army has reached the Marne river at one point, an authorized source declared tonight.

Exactly where on that historic French defense line the Germans were striking, however, he declined to say.

Authoritative information earlier had the Germans operating in the vicinity of the river, where the French, in September, 1914, turned back a German army swiftly approaching Paris.

The same informed source said the lower Seine had been crossed by the Nazi forces at various places.

The Seine valley is one of the natural paths to Paris. Although the daily official war communiques have been very chary about giving concrete information, the indications that the German advance on the French capital was developing into a great encircling movement were becoming clear.

The reliance Dienst Aus Deutschland, describing the Nazi advance as a semi-circular movement, said the German right wing which moved down the coast consists of strong tanks and motorized columns which already control the lower Seine.

From this position in the west, the paper said, Germany's army is spread in a great arc north of Paris. Troops have crossed the See MARNE RIVER, Page 8, Col. 2

LATE BULLETINS

LONDON, June 11 (AP)—The British admiralty announced today that certain areas in the Gulf of Venice, the Gulf of Quarnaro and all Albanian waters are dangerous owing to mines.

Vessels destined for Yugoslavian ports when north of latitude 44 degrees and 25 minutes north and east of longitude 14 degrees east were advised to navigate within Yugoslav territorial waters, the admiralty warned.

LONDON, June 11 (AP)—British military circles said today Germany was "throwing every single thing they've got into this battle because they've got to win it to win the war."

"No doubt in the next few days the main force of the German attack must be spent," a spokesman said, adding that the exhaustion of the attacker must inevitably be greater than that of the defenders.

He cited the double attack on Bethel yesterday which he said had "made hardly any progress" while the losses of men and tanks were "colossal."

CAFETOWN, South Africa, June 11 (AP)—The LST-10 Italian steamers and Siciliana has been seized in Table Bay by British South African authorities, Reuters, British news agency, reported today.

Two other Italian ships were reported beached by their crews on African capes to escape seizure or sinking.

MADRID, June 11 (AP)—Residents of Iowas along Spain's Mediterranean coast reported hearing gunfire at sea today and said they believed a British warship was firing on attacking Italian warplanes.

Allies Report Alpine Front Not Invaded

Claim Efforts To Swing Around Paris Unsuccessful

By The Associated Press PARIS, June 11 — General Maxime Weygand's armies were declared tonight in dispatches from the front to be checking the invading Germans on the French left (west) flank, where the deepest Nazi thrust had carried light armored columns across the Seine.

PARIS, June 11 — The French high command reported calm on the French-Italian Alpine frontier today more than ten hours after Italy's formal midnight entry into the European war on Germany's side.

Shortly before 10:30 a. m. (3:30 a. m. CST) the high command in its regular morning communique said that French troops on the Alpine front were "in position" but that they had not yet been attacked.

The French army, staging a desperate battle against a powerful German right wing attempting to strike a scythe blow at Paris from the west, checked Nazi attempts to advance beyond the Seine river, the high command said.

Last night it reported the Germans had crossed the Seine at several points, but today's announcement indicated the invaders had been unable to push farther in this bold attempt to swing around the capital and take it from the rear.

As the day dawned Paris was covered by a strange acrid smoke that obscured the sun and hung over the city like a pall. It first began to appear early last night. Some reports said it was from fires in the outskirts.

German tanks, operating alone, were reported to have reached the environs of Paris already although the main front was no nearer than 35 or 40 miles.

Paris was but a shell as the government established headquarters at Tours and other vital agencies packed up and left. As most ministers went to the south, Premier Paul Reynaud left to join the French army, the ministry of information said.

Civilians moved southward in streams.

Hour of Gloom The hour was one of gloom for Paris and for France, with Italy adding her strength to Germany's against the allies.

The nation turned for comfort to the words of Reynaud last night in an address made after Premier Mussolini announced Italy would go to war.

"The allies are strong," he said. "France has been through even greater difficulties and it has always been at that moment that she has astonished the entire world."

The tanks reported in the Paris region were said to have penetrated the French lines in isolated raids.

While to the northeast the Germans pushed across World War battlefields and approached the Alps and Chateau Thierry, on the west they pushed beyond the 1914 line.

The line north of Paris ran through the central sector of the Oise valley. After taking heavy losses here, the Germans were holding back their infantry and sending dive bombers out to blast away the French resistance, French reports said.

Much of Paris' population, normally 3,000,000, had left.

Material Aid From U.S. Will Insure Victory, Is Claim

Program Set For Flag Day A reminder that Flag Day ceremonies—to be observed Friday evening as the first such formality in Big Spring in many years—are for all the people and not just for service men's groups came Tuesday from T. C. Thomas, as program plans were completed.

Thomas, who arranged the program, is representing the Veterans of Foreign Wars and is working with R. R. McEwen as the Legion post representative in perfecting the Flag Day observance.

Thomas said the parade, which will precede a program on the courthouse lawn, is for everybody, and added that all individuals and organizations who desire to be in the review should assemble on Bunetta street between Fourth and Fifth at 7 p. m. The parade will move off promptly at 7:30 and the program at the courthouse lawn will start promptly at 7:30.

The schedule will be followed rigidly, said Thomas, because ceremonies are to be broadcast. A public address system will be opened with music by the Big Spring high school municipal band, and James T. Brooks will serve as master of ceremonies.

Following invocation by Rev. J. F. Dwan, the flag ceremony of retreat (lowering of the Stars and Stripes) will be observed. Then, Boy Scouts will pledge allegiance to the flag. Brief talks will be made by Dr. D. F. McConnell, King Pines, Miss Anne Martin, and District Judge Cecil Collins.

There will be patriotic music sung by the audience and led by the Ladies Auxiliaries to the service groups, and the program will be climaxed with the singing of the Star Spangled Banner.

The parade will follow this route: north on Bunetta to Third; west on Third to Main, and south on Main to the east entrance of the courthouse. A special flagpole is being erected on the east side of the courthouse grounds.

FD's Message An Inspiration, Says Atlee LONDON, June 11 (AP)—President Roosevelt's assurances of material aid from the United States insured an allied victory in the war against Germany, Clement R. Atlee told the house of commons in a war report today.

"From across the Atlantic has come the answer of a great democracy," Atlee said.

"It was as though day had followed night when, only a few hours after the dictator of Italy had made his dastardly announcement before the serried ranks of the Blackshirts the president of the United States delivered to the youth of his country a message worthy of a great and free republic sending the whole of America's sympathies to those nations who are giving their lifeblood in combat against the forces of hate."

Atlee said Roosevelt had "vitaly inspired the free peoples of Europe. His assurance that the material resources of his great nation would be placed at the disposal of the allies makes it inevitable that however hard the road the cause of civilization will in the end prevail."

The house resounded with cheers.

Hitler and Mussolini have united to destroy democracy, he said, but "democracy will answer the challenge."

Atlee said "this new attack does not cause us 'Wimpy.'"

"It makes no difference to our stern resolution to defeat all our enemies or to our confidence in our ability to withstand all attacks and achieve victory."

Leche Draws Jail Term ALEXANDRIA, La., June 11 (AP)—Former Governor Richard W. Leche today was sentenced to serve ten years in federal prison on his recent conviction of using the mails to defraud the state of \$31,000 in a deal involving purchase of state highway trucks.

Federal Judge Ben C. Dawkins sentenced the corpulent Leche, who was the state's chief executive from 1936 until June 26, 1938, when he resigned under fire, to serve two five year sentences, consecutively under two counts of his conviction.

He was sentenced also to five years imprisonment on a third count but the sentence was suspended.

Leche was convicted on June 1, after two others had pleaded guilty under the same indictment, which alleged that Leche profited from a kick-back from a motor dealer who sold trucks to the state highway department at an excessive price, and then paid back part of his unearned profits.

Leche was granted appeal and released under \$5,000 bond.

L. P. Abernathy, chairman of the Louisiana highway commission under Leche, and George Younger, Alexandria truck dealer who pleaded guilty, were fined.

Abernathy was fined \$1,000 on each of three counts but the fines on two of the counts were suspended.

Younger was fined \$1,000 on each of the three counts.

Italy Marshals All Resources For Campaign

Taxes Increased, No Report Of Contact Admitted Yet

ROME, June 11 (AP)—Fascist troops occupied valleys and mined bridges on their own side of the French frontier last night as soon as the frontier was closed, an Italian dispatch reported today.

By The Associated Press ROME, June 11 — Italy marshaled all her imperial resources for war today as authoritative sources said fascist troops, naval and air forces "undoubtedly are engaging" the allies.

New taxes—in some cases increases of 100 per cent—were levied by the cabinet in a one-hour session devoted to war legislation.

Rents, prices and salaries were fixed to suppress speculation, assure stability and guarantee the army's purchasing power.

Punishments for critics were harshened—including death for all offenses formerly punishable by life imprisonment.

Supervision or sequestration of industrial and commercial establishments within Italian territory operated or largely controlled by enemy interests was provided by the royal decree issued by the cabinet after its session at 10 a. m. (3 a. m. CST), with Premier Mussolini.

There were no direct reports that Italy had struck a blow.

No invasion A spokesman denied reports that French territory had been entered since midnight.

The spokesman made no comment on President Roosevelt's speech last night beyond calling attention to the fact that the Italian press had taken no position regarding it.

It might be concluded, therefore, that it had created no particular impression in Italy, he said.

Italy threw her whole weight into the European war, after nine months of non-belligerence, under the eyes of her 70-year-old king-emperor.

Just what sector she chose for beginning her battle against Great Britain and France in an effort to mass on the Mediterranean truly "Mare Nostrum"—"our sea"—was not disclosed immediately.

The king, who stayed close to the front line during the last war, issued a proclamation to his troops announcing his intention again of being with them and appointing Premier Mussolini commander-in-chief of troops "an ever front."

Daylight, after last night's lumpy blackout, showed armed troops guarding strategic points.

Bombing squadrons frequently look off for undisclosed destinations.

The declaration of war, ranging Italy on the side of her axis partner, Germany, became effective at midnight (5 p. m. CST) Monday.

Premier Mussolini's war announcement narrowed the possible front by excluding Switzerland, the Balkan neutrals, so long as they observe strict neutrality, and Egypt.

'Dollar Day' To Be Staged Here On First Monday Business houses of Big Spring will join forces in promoting a regular monthly Dollar Day event, it was decided Monday afternoon, when a group of retailers met to discuss a concerted permanent program.

Dollar Day will be staged the first Monday in each month, the first such event to be on the first day of July. The conferees heard reports on success of Dollar Day in other West Texas towns, and agreed that the event could be made of benefit to Big Spring if all business houses cooperate in giving values that will attract shoppers from throughout the trade territory. It is planned to make Dollar Day a fixture as a first Monday event, so that it will become better publicized each month.

La Fern Dehlinger Wed At High Noon

Becomes Bride Of Hugh Bob Primm In Single Ring Ceremony Read Tuesday At St. Mary's Episcopal Church

At high noon Tuesday, La Fern Dehlinger became the bride of Hugh Robert Primm in a ceremony read at St. Mary's Episcopal church by the Rev. Willis Gerhardt of Abilene, Episcopal minister. The single ring ceremony was used.

The bride is the daughter of Mr. and Mrs. William Dehlinger and the bridegroom is the son of Mr. and Mrs. Joe Primm of Birmingham, Ala.
The bride wore a wedding gown of white net made with short puffed sleeves and bouffant skirt edged at the hem with four rows of ruffles. The dress was designed with a round neckline edged with a ruffle of the net and the bodice was made with a girde waist. She wore three quarter length white lace gloves and carried a shower bouquet of white gardenias and white roses tied with white satin ribbons.
Her veil of illusion was banded with lace and caught to a pancake lace with a cluster of orange blossoms. The veil formed a short train.
For something borrowed, the bride wore a white pearl single strand necklace belonging to Mrs. Paul Dehlinger of El Paso, an aunt. Something old was a diamond bar pin belonging to her grandmother and something new was a handkerchief given the bride by Mrs. Gus Staudt of El Paso.
The bride was given in marriage by her father, William Dehlinger. Mrs. M. H. Bennett played "The Bridal Chorus" from "Lohengrin" by Wagner for the processional and Mendelssohn's "Wedding March" as the recessional.
Marie Dunham, dressed in a white dotted swiss formal gown, made with a full skirt and wearing a white picture hat, sang "O Perfect Love" with Mrs. Bennett accompanying her on the organ.
Matron of honor was Mrs. Matt Harrington, who was dressed in a wide ruffled skirt. The ruffles were repeated at the neckline and short puffed sleeves. Her hat was a ruffled green pancake-shaped affair tied with green ribbons.
Following Mrs. Harrington was Clarinda Mary Sanders who wore an orchid net gown made with a ruffled skirt and tight fitting bodice. The sleeves and yoke were made of rows of ruffles. Her ruffled hat was also orchid.
Elizabeth Northington came next wearing a pink net ruffled dress made with full skirt and tight fitting bodice. Her hat was of pink ruffles. The bridesmaids and matron of honor each carried colonial bouquets of mixed summer flowers.
Best man was Stormy Thompson, who with the bridegroom, wore a white linen suit. Ushers were Horace Wallin and E. V. Spence.

Work of shooting asphalt topping on the county's new road to the Elbow community is due to be started next Monday, if a car of asphalt arrives, it was said by County Judge Charlie Sullivan. Base work on the road, developed as a WPA project, has been completed and rock is being hauled now. Judge Sullivan said the asphalt shipment was expected here in time for the topping work to start next week. Meanwhile, on city paving projects, workers were put on the Aylford street sector, and will be sent from there to Main street. Several blocks of city streets are ready for topping, and only a shortage of WPA labor is holding up the work, said City Engineer B. J. McDaniel. As soon as more men are available, this work will be started.

Arrangements were being perfected by the chamber of commerce Tuesday to send the local municipal high school band to Seminole on Friday of this week, to be the city's major delegation to Seminole's "Third - of - a - Century" celebration. Director Dan Conley will take a group of from 30 to 40, and the musicians will return here in time to participate in the city-wide Flag Day ceremonies at 7:30 p. m. Friday.

Several thousand dollars are on the city's books, and collections are needed to continue the paving program. Where evidences of co-operation are not forthcoming, officials have indicated that court action may be necessary.

Classification of the Moore school for the 1940-41 term makes it nine grades, with four teachers, it was explained Tuesday by County Superintendent Anne Martin to correct a misunderstanding. The Herald erroneously reported recently that Moore would be a seven-grade school. The county board of trustees classified it as a nine-grade school, and The Herald is glad to make the correction.

Mrs. Herman Williams is in Baird with relatives. Mr. and Mrs. Foster Harmon and Gloria Lee Cornish from Oklahoma City is the house guest of Betty Jane Harmon.

SPORTS ROUNDUP

By EDDIE BREETS

NEW YORK, June 11 (AP)—Brooklyn books have started Joe Louis out at 1-4 over Arturo Godoy. And only two weeks ago Godoy was telling Boston pals he was as rusty as a tin dipper. Consensus in the pubs around here is that the U.S.G.A. brass hats gave Ed Oliver a raw deal, particularly since Walter Hagen violated the same rule and got away with it.

TAKE-A-BOW DEPT.

So far as we know, Ralph Trost of the Brooklyn Eagle is the only expert who picked Lawson Little to win the open. And our old pal, Pete Norton of the Tampa Tribune picked Sarason and just missed catching it.

Tony Galento's announcement that he'll train in secret for Max Baer is only Tony's quaint way of saying little or no training will be done.

Up to yesterday Dolph Camilli had hit six homers, each in a different park. He hadn't played in Pittsburgh and failed in Boston. Babe Ruth hasn't seen the Yanks since opening day.

TODAY'S GUEST STAR

Bus Ham, Oklahoma City Oklahoman: "Time marches on, only Walter Hagen hasn't learned about it yet. There's only one Hag, for which the starters are truly grateful, but he's ever a welcome guest."

Piemen Slated To Square Off With Devils

The Standard Oilers will be seeking their fourth victory of the second half Major-City softball league season at the Mundy park this evening when they tangle with the Montgomery Ward Retailers at 9:30 o'clock.

The Oilers upset the Oilers in first half play but Hack Wright's crew will be heavily favored to cop the duke this evening.

Bobby Sarage will toe the slab for the Oilers while Lonnie Evans is expected to work for the M-W bunch.

In the evening's opening bout, Anderson's Devils and Vaughn's Piemen have it out. Both teams have lost games in second half play but the Devils have looked better in taking their lumps and should emerge victorious against the Sugar Coats.

Moody's Name To Be Missing From State Ballot

AUSTIN, June 11 (AP)—Texas voters can take their choice of candidates for 13 state offices from 34 aspirants when they mark blank-like ballots in the democratic primary election July 27.

The names—minus that of former Governor Dan Moody—will be sent to county executive committees to supplement in many instances long listings of district and local candidates.

Get In The Swim

For the average person who does not want to spend money for sports equipment and sports clothes, swimming is the ideal form of exercise.

By Johnny Weissmuller
Former World's Champion

I myself took up swimming as a youngster to offset the effects of an illness, and it worked perfectly. Swimming is the only sport which completely equalizes the body. It is a reducer for fat people or a body-builder for thin people. It is non-jarring, affording complete exercise without sudden muscle shocks, so that no stiffness results. It involves no expense other than a pair of trunks or a bathing suit. Also, it may easily prove a form of life insurance. Furthermore, once you can swim you never forget how.

LARGEST CROWD OF SEASON ON HAND MONDAY

By HANK HART
The stylish Pat Ralsh shackled the Barons with five hits as the Lubbock Hubbers blanked Big Spring, 11-0, before a crowd of approximately 2,000 fans here Monday evening.

The lengthy righthander gave largest gathering of the season little to cheer about, facing only 30 batters during the evening, giving no bases on balls and allowing no runner to advance as far as third base.

His mates gave him good support, playing errorless ball and touching Andy Mohrlock and his successor, Ray Parmentier, for a total of 12 base blows. It was Mohrlock's first reversal of the campaign.

Mohrlock went to pieces in the second after Chet Hajduk led off with a double, passing Sparr, Castino and Mahan in succession to force in a run. Wyman Hunnicutt then threw wild to first base in attempting to negotiate a double play ball and two additional runs scored.

That was all Ralsh needed but the Hubbers weren't through by any means.

They took full advantage of Lewis Heuvel's misplay in the fifth and used three hits to good advantage to score twice, casting Parmentier in the sixth for four runs with eight men getting a chance with the willow.

This evening, 8:30 o'clock, the Regemon square off in the first of a two-game series with the Borger Gassers in a stand that may well decide fifth place in W-T-NM league standings.

Betty Jameson Is Medalist In Trans-Miss

ST. LOUIS, June 11 (AP)—Two of the nation's greatest women golfers—staging a brilliant "comeback" at the ripe old age of 21—faced anything but easy sledding today as they moved into match play in the women's Trans-Mississippi tournament.

Evidence that the two stars, national champion Betty Jameson of San Antonio, Tex., and Patty Berg of Minneapolis, Minn., seeking her third straight T-M title, are set for a dog-fight came early from their close qualifying scores which broke and tied, respectively, the previous first day record.

Betty fired a scorching four-under-par 73 over the Glen Echo course yesterday for a new all-time low. The best previous medal card was 74, squalled last year and turned in again here by Miss Berg.

Betty has been bounced out of tournament after tournament since winning the national crown but she has gone back to her old style of deliberate play which she hopes will regain the T-M title she held in 1937.

Patty was the national champion in 1938 but was unable to defend her title last year because of an operation and has been having a hectic time getting back that old "touch."

Pollet Loses To Shreveport

By the Associated Press
The pressure is off—at least for a while—for youthful Howard Pollet in his try for a marathon pitching mark in the Texas League.

Pollet had won twelve straight for Houston without a defeat until the Buffs went up against the spurring Shreveport Sports last night.

The Sports, who haven't lost a series in weeks, beat him 2-1 behind the seven-hit pitching of Hugo Kiesner.

Shreveport is the current sensation with 15 victories in 21 games while climbing out of the cellar into third place.

Only one other game was played in the league last night. Beaumont trimmed San Antonio 3-1. The Dallas-Oklahoma City and Fort Worth-Tulsa engagements were postponed by rain.

FINE WIRE, USED FOR ANEURISMS, SAVING LIVES

By HOWARD W. BLAKESLEE
Associated Press Science Editor
NEW YORK, June 11—Scores of hundreds of feet of fine wire pushed into human arteries and left there are saving lives in a new way.

This technique was demonstrated to the American Medical Association today by Arthur H. Blakemore and Barry G. King of the Presbyterian Hospital, New York, which are big bulges in arteries, which are big bulges in arteries, which are big bulges in arteries.

The New York doctors insert a slender, hollow needle into the artery at the bulge and through the needle feed in many feet of hair-like wire. The wire is coin silver, drawn very fine and insulated.

The wire coils inside the bulge, filling the great "blister" with a fine network. Then an electric current heats the wire to 144 degrees Fahrenheit. This temperature coagulates the proteins of the blood so that they stick on the wire.

The Sports Parade

By Hank Hart
It's a pleasure to see a crowd such as was on hand at the Lubbock-Big Spring baseball tag-o-war last night. The Kiwanis club certainly put the ticket drive over. Between 1,500 and 2,000 were on hand, were very gracious in waiting for the late start. The delay was caused by some power trouble.

Lloyd "Pat" Patterson, who caught on at Lamesa after gaining his release here at the first of the season, has won seven games, no less, for the Lobos, has saved three or four more in relief roles, has earned the reputation as the most feared pinch hitter in the league.

Next to Willard Ramsdell, this department considers him the top hand in the whole spread, more promising even than Rus Crider, the Amarillo wonder boy, or Rankin Johnson, the very brilliant Midland hand.

BROOKLYN DODGERS BACK IN TOP SPOT IN NAT'L LEAGUE

By JUDSON BAILEY
Associated Press Sports Writer
The major league pennant races are lighter than a new pair of shoes and just as fancy to look at. But they don't seem to be going anywhere.

The National League struggle is right back in the complicated spot it got into on May 27.

Brooklyn's baffling Dodgers pushed past the Pittsburgh Pirates 8-7 yesterday and into first place in the percentage standings of the senior circuit by a single point. They have won 29 games and lost 13 for .690.

There were 25 hits in Brooklyn's 8 to 7 win over Pittsburgh and 28 in the one at St. Louis in which the Boston Bees crushed the Cardinals 12-2.

The governor takes office in January in every state except Louisiana, where the governor's term begins in May.

The status quo of the junior circuit leaders was preserved by the weatherman yesterday. In the only game that was played the St. Louis Browns spanked the Washington Senators 7-4 and moved in to sixth place in the standings.

The two games played in the National League were hitting exhibitions.

Security Official Back From Training School At Ft. Worth

Robert M. Mayne, manager of the Big Spring office of the social security board has returned from Ft. Worth where he attended a training school for social security board personnel in the handling of claims for monthly old-age and survivors insurance.

The Ft. Worth conference was under the direction of Benjamin J. Wilson, assistant regional representative, bureau of old-age and survivors insurance, from the regional office in San Antonio. Discussions were led by Samuel Schermer, representative of the claims division of the social security board in Washington.

In addition to personnel from the field offices being in attendance, Walter K. Setzer, regional referee on appeals, was present to explain the procedure regarding the handling of appeals under the federal old-age and survivors insurance program.

"The information gained at the claims meeting will better enable the Big Spring office to adequately handle and expedite claims for old-age survivors insurance payments," Mayne said.

It was explained by Mayne that many claims have already been filed with the Big Spring office and that members of his staff will gladly cooperate with any individual who has a claim to file. There is no charge for this service and it is unnecessary to consult an attorney prior to filing a claim since consultation services are a regular part of the board's procedure in developing claims.

NETHERLANDS' ROYAL FAMILY IN CANADA

LONDON, June 11 (AP)—Crown Princess Juliana of the Netherlands and her two young daughters arrived today at Halifax, Nova Scotia, as refugees from war-torn Europe.

They will stay at Rideau Hall, in Ottawa, the official residence of Canada's governor general.

They fled to London when Germany invaded their homeland a month ago and left for America last week in a Dutch warship.

FORD SAYS MANUFACTURE OF PLANES WILL NOT HAMPER PRODUCTION OF AUTOS

By DAVID J. WILKIN, AP Automotive Editor

DETROIT, June 11—Mass production of high-speed pursuit planes for the United States army—at least 1,000 a day within six months—not only will be a simple task, Henry Ford said today, but they can be rolled off his assembly lines without interruption to normal output of automobiles.

assertion in an interview after his and his engineers had thoroughly inspected yesterday the type of plane the United States war department believes would be "most needed in an emergency." It was a Curtiss P-40, single-engine machine with a top speed of 367 miles an hour.

"But remember," said Ford, who has held a life-long hatred of war, "they are to be for defense only; that's the bargain—all the way through."

Ford, disclosing that he had been working on a new airplane motor for some time, indicated he was ready to get under way as soon as a go-ahead order is received from the war department. Today Edsel Ford, his son, along with two other members of the Ford staff, were in Washington for further conference with representatives of the war department.

Allies May Seek U. S. Destroyers

Nazi Building Small Subs On Mass Basis

WASHINGTON, June 11 (AP)—Reports that Germany was turning out submarines on a semi-mass production basis stirred allied interest today in the possibility of obtaining destroyers from the United States.

Naval circles heard that the Germans were concentrating on the construction of small submarines of 250 tons, which carry six torpedoes and have a cruising range of only 1,000 miles.

Authorities believe that the production rate is 12 to 20 a month. In view of this construction and British destroyer losses, it was learned, the British government would like to buy any destroyers the United States navy believes it can spare.

President Roosevelt's pledge of aid to the allies was weighed in the capital as a possible guide to the allies' chances of fulfilling their desires.

The United States navy has 35 World war destroyers which have been out of active service since the

middle 1920's. Funds to bring them up to par are included in the emergency defense program.

Present law provides that naval vessels cannot be sold until they have been stricken from the navy's list of useful ships. Congress, however, could authorize direct sale of any naval craft to the allies.

Texans Honored

CHICAGO, June 11 (AP)—Three faculty members received \$1,000 prizes today from the University of Chicago for outstanding teaching of undergraduate students. They included: James L. Cate, 40, assistant professor of medieval history, a native of Little Rock, Ark., and a graduate of the University of Texas.

Paul D. Voth, 35, instructor in botany, native of Gotebo, Okla., and formerly an instructor at Texas Technical College.

Outstanding bills and obligations are paid twice a year in China. Settlement days fall on the lunar New Year, in January or February, and again six months later.

Crude Production On The Upswing

TULSA, Okla., June 11 (AP)—Daily crude oil production in the United States increased 159,752 to 3,808,932 barrels for the week ended June 8, the Oil and Gas Journal said today.

East Texas production was up 98,590 over revised figures for the previous week to 396,690, with all Texas up 127,895 to 1,393,938. Oklahoma increased 17,100 to 435,350; California 28,000 to 682,500; Illinois, 5,493 to 455,923; the Rocky Mountain area 3,500 to 91,880, and Eastern fields 100 to 108,000.

Kansas production was down 7,900 to 150,950; Louisiana, 16,647 to 291,428, and Michigan 257 to 57,908.

The Effects Of Alcohol Cannot Be Repealed

In Iowa the liquor control commission started the people recently by the bold announcement that they were launching a "temperance campaign" to reduce the evils of drinking, etc. James Pearson, a "radio preacher or politician" was hired to instruct the people on how to drink, or something, and still be "temperate."

However, this program didn't get very far, for Attorney-General Fred D. Everett ruled that the liquor commission has no power "to include the expenditure of any part of its funds for a campaign to promote temperance," so Pearson's salary was held up. Now Mr. Pearson, after three days on the job, suddenly finds himself at home, wondering about his job.

Just why any liquor control board considers it necessary to employ a politician to teach the people "temperance" after they issue licenses to men to sell the stuff that creates so much havoc in the land, is difficult to understand. If these officials really want to perform a humanitarian act, they should refuse to issue liquor licenses, and then tell the people that they were doing this in the interest of the public welfare.

There is no need for all this farce about selling the people liquor, and then talking to them about "temperance." If it weren't so serious, it would be a joke. (Submitted by and published at the request of the local W.C.T.U.)

Girl Graduates Despite Handicap

CHICAGO, June 11 (AP)—Even a bullet in her brain couldn't prevent 13-year-old Catherine Dressel from graduating with her grade school class.

Catherine was hit by a stray bullet as she sat in her home 14 months ago. Doctors found that it would be too dangerous to remove the pellet.

TEXANS NAMED

NORTH PLATTE, Neb., June 11 (AP)—The Great Plains Highway association asked today that U. S. highway 183 between Seldon, Kas., and Vivian, S. D., be designated U. S. highway 83.

The change, the association declared, would give the north-south highway across the nation the same number its full length, thus avoiding confusion to tourists.

A. P. Spicer, Perryton, Tex., was named second vice president, and Texas directors were W. B. LeMaster, Perryton; A. B. Crump, Wheeler; Jerry Waggoner, Hamlin.

Bomber Destined For Allied Use Cracks Up

ALBANY, N. Y., June 11 (AP)—Forty-three navy planes awaited favorable weather today to take off for Houlton, Me., for delivery to the allies as federal authorities inquired into the cause of the crash of another which killed a pilot.

Fourteen of the ships are in Albany and 29 in Buffalo.

While federal investigators declined comment on the crash of the bomber yesterday near Mariaville, 15 miles northwest of here, which killed Pilot Allan B. Lullman, 26, St. Louis, Burdette S. Wright, vice president and general manager of the Curtiss-Wright corporation said "reports are that the cause was laid to unexpected weather conditions."

Nazis Not To Reply To FDR's Speech

BERLIN, June 11 (AP)—Authorized sources said today Germany would leave to Italy the task of replying to President Roosevelt's speech of last night criticizing Italy for her entry into the war on the side of Germany.

These sources said the speech revealed no new attitude except possibly change over the result of efforts lasting months to find a common basis between Italy and the United States.

These efforts, it was asserted, were based on wrong assumptions.

Entrance of Italy into the war, while not unexpected, brings home with shocking suddenness the fact that the "total" conflict so long talked about, is here at last. The whole of Europe is becoming a hell of devastating destruction, and it is but logical to assume that the entire Mediterranean arm soon will be plunged into the same hell.

The Timid Soul

He was thinking how many women he had met and known like Rose. He doubted much if she would find the rich husband she was searching for so diligently. Men with money were not such fools as novelists, playwrights and columnists made out.

Jan saw them riding together and laughing and decided passionately that Derek was plain traitor. To soothe her vexation she slammed an old straw hat on her head, pulled on baggy slacks, took a fishing pole, told Lance she'd be back in a couple of hours and set off in her boat to stalk it.

WOODED MOUNTAIN Something New To Westex Boys
 By Staff Correspondent
 WEED, N. M., June 11 — West Texas Boy Scouts find themselves in a new wonderland.
 They reached their summer camp Sunday evening, and after a trip in the scorching sun, hauled out their jackets as Old Sol ducked back of the west end of this wooded stretch—Potato Valley. Camp got off to a fine start with a piping hot meal to match the bracing air.
 S. P. Gaskin, scout executive, had one word of admonition—"Don't try to run up the mountains for a day or two." Most of the boys, after a brief romp in the 8,500-foot atmosphere, were ready to listen to his advice.
 Two bus loads of scouts from Colorado City, Sweetwater and surrounding points reached here after the Big Spring contingent. Big Spring and Otchakalk boys were the first on hand. Camp is pitched in a beautiful canyon of the Sacramento mountains, thatched with pine, spruce, fir and aspen. It is something new to the West Texans.

Italian Steamer Is Captured By Minesweeper

OTTAWA, June 11 (AP)—A Canadian minesweeper was credited today with the seizure of the 3,921-ton Italian steamer *Capo Noli* after the vessel's crew had attempted to scuttle it last night in the St. Lawrence river to evade capture.
 Dispatches from La Linea, Spain, reported two Italian merchant ships, the 10,000-ton *Obelina* and the 2,000-ton *Numbolla*, were scuttled in Gibraltar waters yesterday when their crews heard by radio the news that Italy had gone to war.

NEWS FACILITIES AT CONVENTION TO SET RECORD

PHILADELPHIA (UP) — The space allotted to the press, radio and photographers at the republican national convention is the largest ever set aside for a national political gathering, according to Samuel F. Pryor, Jr., chairman of the committee on arrangements.
 Pryor announced that conferences had been held with radio broadcasters, newspaper editors, representatives of the photographic and news services and the layouts of facilities reduced to blueprints so that construction work in Convention Hall could proceed.
 "It will reduce the number of seats available for spectators, but the republican party is firmly of the opinion it is of far greater importance that the millions of people throughout the country have the most complete and accurate portrayal possible of what goes on at this convention than it is that a few more people may sit in and see and hear the proceedings," Pryor said.
 Plans call for seats on the stage and for the erection of two tele-

Orange Harvest To Be Smaller
 WASHINGTON, June 11 (AP) — Orange crop conditions less favorable than those of a year ago were reported today by the agriculture department.
 The crop reporting board figured the June 1 condition at 72 per cent of normal, while last year's condition on the same date was 77 per cent.
 The California orange condition was given at 80 per cent, the same as on June 1, 1939. Florida condition was said to be 62 per cent, a sharp drop from last June's 74. Texas condition was 61, six points below 1939.
 The condition of the national grapefruit crop was 62 per cent,

script to a strongly worded pronouncement on foreign affairs by the chief executive.

The Italian government, Mr. Roosevelt said in a historic address at Charlottesville, Va., had rejected the opportunity for peaceful negotiations of its differences with France and England.

"The hand that held the dagger has struck it in the back of its neighbor," he added sternly, interpolating the sentence into his prepared manuscript.

The president delivered his speech to the graduating class of the University of Virginia—which included his son, Franklin, Jr.—but to his immediate audience he added the nation and most of the world by radio.

Speaking forcefully and with unwonted emotion, he declared that the widening theater of Europe's war imperiled this country's way of life.

"Once more," he exclaimed, "the future of the nation, the future of the American people is at stake."

Mr. Roosevelt summoned the United States to intensify its preparedness for "the task of any emergency and every defense."

The reaction of official Washington was that President Roosevelt had, in effect, served notice on the world that the United States was shifting its role of neutrality to one of non-belligerence.

Mr. Roosevelt made it plain he intended to drive forward with all energy toward the twin objectives of full material aid to the allies and a formidably armed America.

The chief executive returned at once to Washington where he issued the neutrality proclamations late in the evening.

The proclamations, implemented by state department orders, applied the "cash and carry," no-credit provisions to Italy, prohibited American citizens from traveling in Italian vessels, and banned the raising of funds for Italy here without a license.

The proclamations also extended to Italian submarines the restrictions on belligerent undersea craft from American ports and territorial waters.

IN THE ARMY NOW—To bring its strength up to authorized 280,000 men, the Army recruits with new vigor. These rookies are learning to use gas masks, a first lesson after arriving at Fort Hoyle, Md., where they were assigned to Sixth Field Artillery. When new defense program was launched, Army had about 227,000 men, with another 400,000 in National Guard units.

ITALIAN SHIPS ARE CAPTURED

ALGECIRAS, Spain, June 11 (AP)—Three Italian merchantmen have been captured by the British at Gibraltar and in Spanish territorial waters.

The Libano, 200 tons, was seized in Gibraltar waters and 17 Italians made prisoners while seven others jumped overboard and swam to the Spanish shore.

The Pagao, 3,600 tons, also was captured at Gibraltar, but her crew of 25 was able to reach Spain.

The Oltera, 2,900 tons, was anchored near Gibraltar. Her crew tried to fire the ship, but it was seized by two British trawlers and taken to Gibraltar.

The Italian ship Pollensa, which was at Gibraltar, took refuge in the Spanish port, but carrying British guards who had been posted on the ship before Italy's entry into the war.

The Italian merchantmen Lavoro, 4,600 tons, was anchored in Spanish waters but her crew, fearing seizure by British patrol boats, fired and scuttled her. Thirty-two members of the crew reached Spain, in lifeboats or by swimming.

U. S. Refugee Ship Stopped By Sub But Later Permitted To Proceed

WASHINGTON, June 11 (AP)—The state department announced today that the United States liner Washington with 1,020 passengers en route from Europe was stopped early this morning by an unidentified submarine which first ordered abandonment of ship but later allowed it to proceed.

The liner was on its way from Lisbon to Galway, Ireland, to pick up additional Americans.

It was stopped at 5 a. m. C.M.T. 11 p. m. (CST) by the submarine at 13 degrees 50 minutes west 42 degrees, 12 minutes north.

The state department released the exchange of messages between the Washington and the submarine in which the submarine first ordered "leave ship."

The exchange of messages between the Washington and the submarine by blinker signal in the early dawn follows:

Submarine: "Stop ship. Ease to ship. Torpedo ship."
Washington: "American ship."
Submarine: "10 minutes."
Washington: "American ship."
Submarine: "American ship."
Washington: "American ship."
Submarine: "No answer from submarine."

Washington: "American ship. American ship."
Submarine: "Thought you were another ship. Please go on. Go on."
The state department said that upon the order "to leave ship" the passengers and crew, the latter number 576, were ordered to lifeboats and some of the boats were actually being lowered when the order came from the submarine to "Please go on."
The Washington proceeded and soon afterward sighted a second submarine but without any interference.

MALTA RAIDED BY AIRCRAFT

LONDON, June 11 (AP)—The war office today announced enemy aircraft had raided Malta, Britain's naval base in the Mediterranean.

Malta, by airline is 430 miles from Rome, but a mere hop from Sicily where Italy has both naval and air bases.

From the great French naval base at Bizerta, Tunisia, it is 120 miles. It is one of the most important points on Britain's lifeline through the Mediterranean and Suez Canal.

The communiqué said that "at 4:50 a. m. today a raid by about ten hostile aircraft out of Malta. A further raid followed during the morning."

"Casualties were slight. Little damage was done. One enemy airplane was destroyed."

LATEST ADVICE TO YOUNG MEN: GO TO ALASKA

SEATTLE, Wash. (UP)—Want to go north, young man?

If so, youthful Mayor Leslie Nerland of Fairbanks, Alaska, says that opportunities in the central Alaskan town are better than "anywhere else under the American flag"—but, he warns, the days of a quick bonanza are over.

"We want settlers," he said, "but they must come equipped with more than ambition and courage. No one should think of going to Alaska without taking enough money along to keep him until he gets established."

The 38-year-old mayor, a University of Washington graduate, pointed out that Fairbanks residents fly more miles per capita than any other people, and the town itself constitutes one of the most important aviation crossroads in the northern hemisphere.

"Planes carrying prospectors and mining supplies have opened many creeks that would be inaccessible otherwise," Nerland said.

The U. S. army is building a \$4,000,000 cold-weather experimental station about three miles from the city, training pilots to fly in Arctic weather conditions.

BADOGILO IS NAMED AS CHIEF OF STAFF

ROME, June 11 (AP)—Premier Mussolini, as commander of the Italian army, today appointed Marshal Pietro Badoglio chief of the general staff in an order of the day calling on the armed forces to conquer.

PEACH CROP LOWER

WASHINGTON, June 11 (AP)—The national peach production for 1940 was estimated today at 52,012,000 bushels, a decrease of 8,810,000 from last year's crop.

SEVERING RELATIONS

PRETORIA, Union of South Africa, June 11 (AP)—The union of South Africa announced today it was severing diplomatic relations with Italy.

Naval Expansion Bills Completed

WASHINGTON, June 11 (AP)—The house completed congressional action today on bills permitting the navy to have a total of 10,000 planes and 16,000 pilots and to build 22 new combat vessels.

Both pieces of legislation now go to the White House for President Roosevelt's signature.

In addition to the fighting ships the fleet increase measure would permit construction of a similar number of auxiliary vessels.

Specifically, the bill permits a 11 per cent increase in the navy's surface tonnage.

NEWSMEN DETAINED

LONDON, June 11 (AP)—An Italian embassy official said today four Italian newspaper correspondents had been detained by London police after raids on their homes.

PECOS, June 11 (AP)—T. H. Beauchamp, 77, pioneer West Texas and cashier of the First National bank at Pecos since its organization 33 years ago, died here last night. He was stricken with paralysis a month ago. The funeral will be Wednesday afternoon.

Chief Executive Asks 50 Millions For Red Cross

WASHINGTON, June 11 (AP)—President Roosevelt today drafted a letter asking congress to appropriate \$50,000,000 to be used by the Red Cross for refugee relief in Europe.

The letter will be sent to Vice President Garner and Speaker Bankhead today.

Stephen Early, presidential secretary, said the request for funds for the Red Cross was a sequel to Mr. Roosevelt's declaration in a speech last night that the United States would extend its material resources to the allies.

The relief agency might use some of the money to buy up surplus foods, he said.

Early said Mr. Roosevelt probably would ask that the \$50,000,000 be appropriated to him—he is president of the Red Cross and that it would then be turned over to the Red Cross for administration.

Marne River

Olse river northeast of the capital, the paper said, and are operating in the Marne region.

Farther east in the Champagne area, Dienst Aus Deutschland said, German operations were "progressing on schedule but continually bending back the north wing of the Maginot line."

In this way, it continued, the danger of French troops of the Maginot line, pressing the Germans from the rear was eliminated.

Race Southwest

Two entire French armies already have been destroyed in the new nazid offensive, informed sources declared as the Germans raced southward to slice France in half and join Italian forces.

Nazi sources estimated that the armies contained between four and five hundred thousand men.

A new "sack" is being thrown around Dieppe by a German thrust southward along the English channel, informed sources said, and allied troops trapped in it will be treated as were the encircled armies in Flanders.

The exact location of the two armies reported destroyed was not given but the high command communiqué today said large sections of the allies had been cut off and faced with destruction.

As the vast nazid army of nearly two million men and machines of all kinds thundered southward, the high command asserted that the enemy's power of resistance is visibly waning "because of severe, bloody losses, the great number of prisoners and the capture of all kinds of material."

Fighting was going on along the whole front, the communiqué said, and was particularly fierce between Reims and the Argonne Forest.

It added that German armor had destroyed some locks at Le Havre, and had sunk a destroyer and damaged other ships, including two 10,000-ton transports.

Ford Says Company Is Ready To Turn Out Airplanes

WASHINGTON, June 11 (AP)—Edsel Ford said today after a conference with William S. Knudsen, member of the national defense commission, that his company was ready to swing into mass production of airplanes as soon as the government granted it contracts.

The Ford company president scheduled another meeting with Knudsen for the afternoon.

Ford told reporters the army's fast pursuit plane, the P-40, was found suitable for mass production "depending on what you mean by mass production."

ENTERS CONFLICT

WASHINGTON, N. Z., June 11 (AP)—Prime Minister Fraser stated today that New Zealand was at war with Italy.

Regulations prohibiting trade with Italy were issued and a considerable number of Italians were interned.

South Africa At War With Italy

LONDON, June 11 (AP)—The Union of South Africa "declared war on Italy this afternoon," the dominions and colonial office announced.

South Africa is intimately affected by Italy's intervention in the war, its statement noted.

Beyond the union's borders, a belt of British colonies stretches to the borders of Ethiopia and Italian Somaliland. The colonies, it added, have common interests with South Africa and are assured the union will stand by them in danger.
