

Prison Board Appears Split Over Policy

Controversy Is Aroused About Discipline Report

AUSTIN, Aug. 29. (AP)—Conflicting schools of thought as to whether the Texas prison system should be ruled with an iron or helping hand today promised to be the major issue for members of the Texas prison board to settle here tomorrow.

Gov. Beauford H. Jester, who called the board to meet with him in the wake of charges that prison farms are in "an intolerable state of affairs," reported yesterday that the board is split on the question of policy.

He said one school of thought believes in manhandling prisoners and the other believes in character building.

"Here's one case where it might be wholesome for a new man to be chairman who without a biased view can look at the whole picture," Jester commented at his regular press conference.

All four new appointees on the board, he said, are such men, they are Bronson Morgan, of Jasper, W. C. Windsor of Tyler, T. R. Havins of Brownwood and Henry Womble of Caldwell. Election of a new chairman had been included in the order of business for the board's next regular meeting scheduled originally for Monday in Houston. The last chairman, Riley Wyatt of San Antonio, did not seek reappointment and was not reappointed when his term expired this year.

Penologist Austin H. MacCormick, executive director of the Osborne Association, Inc., New York, whose Wednesday's communication to the Governor spurred new activity in the growing prison controversy, said in a second telegram yesterday that he would not have signed the governor "except for conviction that the present split board may not agree on remedial action."

"That action must not be along lines of increasing brutality but securing qualified personnel and pushing the building program to get men out of tanks (dormitories) as soon as possible," urged MacCormick, who claimed that his information was "from sources I know to be reliable but am not free to divulge." He had made a personal survey of the system in 1945 at the request of the board.

His second telegram, sent at Gov. Jester's request for basis of his earlier charges, set out that the Texas prison system has "more self-mutilations than all other prison systems in the country put together; more escapes in a few months than the whole federal prisons system has in a year; rampant sex-perversion; frequent snabbings and occasional murders in tanks often not resulting in prosecution; and retention in service of incompetent and brutal personnel."

U. S. Officials May Disagree

WASHINGTON, Aug. 29.—A top State department policy official headed for Greece today to straighten out a conflict of authority—if such a conflict exists—between Ambassador Lincoln MacVeagh and Dwight Griswold, head of the American aid mission.

Loy Henderson, chief of the department's division of Near East affairs, left by plane following reports from Athens that MacVeagh and Griswold were not in complete accord concerning the Greek cabinet crisis.

The reports, published in Athens but not confirmed here officially, stemmed from the separate conferences the two have been holding with Greek party leaders in an effort to speed the formation of a new government.

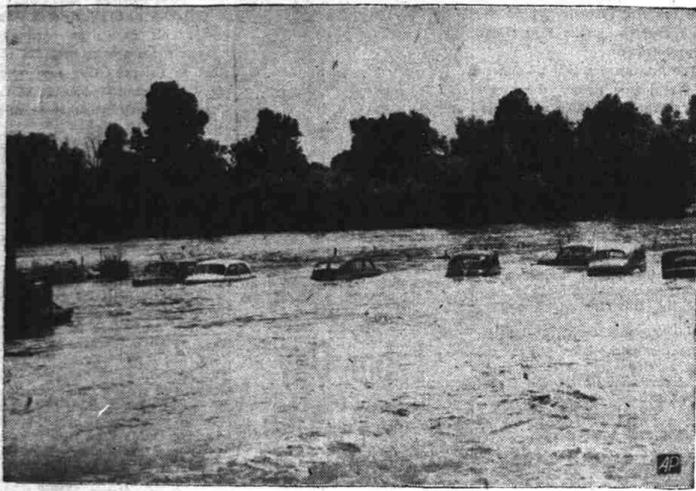

Step Toward New Energy Source

'Tame' Atomic Bomb Developed For Industrial Power Research

LOS ALAMOS, N. M., Aug. 29. (AP)—The development of a "tame" atomic bomb for research into ways to get useful power from nuclear fission was announced today by the atomic energy commission.

Instead of a devastating blast, the toned-down bomb produces a steady output of fast neutrons, needed for experiments to determine what kind of chain reaction is best for practical power purposes.

It is a new type of chain reaction plant or "pile" utilizing high energy neutrons for atomic fission of plutonium. The commission's announcement described it as in a sense "a con-

Western Allies Restore Part Of German Industrial Power

BERLIN, Aug. 29. (AP)—A western Germany with an industrial capacity about equal to 1936 was envisaged today by the United States and Great Britain in a new level-of-industry plan providing for annual steel production of 10,700,000 ingot tons.

Under the plan, the U. S. and British zones, to relieve the burden on American and British taxpayers, would produce 15 per cent more exports than the same areas did in 1936—three years before Germany started World War II—to bring in \$2,000,000,000 a year.

The new plan was a revision of the four-power level-of-industry and reparations agreement of March, 1946. In announcing it, the U. S. and British military governors—Gen. Lucius D. Clay and Air Chief Marshal Sir Sholto Douglas—

termed the low ceiling set in that agreement "unrealistic."

Under the four-power plan, the steel ceiling for all Germany was 5,800,000 tons. Under the British-American plan, the British and U. S. zones alone would produce nearly double that.

Disclosure of the plan followed by two days the close of a six-day conference of the U. S., Britain and France in London during which German industry was discussed.

In that conference, the French voiced objections to the plan based on their fears of a Germany with renewed power for war-making. Before the conference, Russia protested that leaving her out of the talks violated the 1945 Potsdam agreement.

The Clay-Douglas announcement set no specific ceiling for steel capacity to be retained in the U. S. and British zones, but it was reported reliably that this would be about 11,500,000 tons a year.

Steel capacity remaining in Western Germany after war damage is 19,200,000 tons. Thus, a capacity of about 7,000,000 tons would still be available for reparations.

The announcement stated that a higher production ceiling was necessary to permit the economically merged bizonal area to regain economic health and to allow Germany to "contribute her indispensable part to the economic rehabilitation to Europe as a whole."

Gromyko said his attitude on the Colombian resolution was "negative." When asked if this meant he would veto it or abstain, he said he preferred not to state his plan at this time.

Various U. N. delegates strove to work out a face-saving compromise for this afternoon's meeting of the security council.

Gromyko gave no indication whether he had heard of the compromise attempts, but a member of his staff indicated it was all news to him.

Gromyko said he felt the Colombian proposal was objectionable because it was too definite in setting the aims of the negotiations.

The weary and deadlocked council was called back into session in a final effort to reach some agreement before Labor Day and open the way for its long-awaited vacation.

The Colombia resolution, which was conceded little chance of passage in its present form, was the only formal proposal on the table for the meeting this afternoon.

VOLCANO IS QUIETING YOKOHAMA, Aug. 29.—The Eighth Army said today Mt. Aso volcano was quieting after an eruption yesterday which threw stones and ashes over a wide area. The crater of the 5,600-foot mountain measures 10 to 15 miles in diameter.

Production of useful power. Fast neutrons are produced in the explosion of an atomic bomb, but physicists had only a limited opportunity to study these high-speed nuclear bullets during the New Mexico bomb explosion.

Operators can control the rate of energy release of the Los Alamos reactor, the heart of which is a small vessel containing an amount of nuclear explosive plutonium sufficient to start a chain reaction.

The heat produced in the core of the reactor is no greater than that given off by a kitchen oven. But, while the overall energy release is comparatively small, the concentration is intense.

U. S. Requests Meet To Speed Korean Freedom

Note To Moscow Says Deadlock Must Be Ended

WASHINGTON, Aug. 29. (AP)—The United States called today for a four-power conference to speed Korean independence.

The request was made in a new note to Moscow saying that the present deadlock on a joint Russian-American commission to arrange for a provisional government can not, in this country's opinion, continue.

"The United States government can not in good conscience be a party to any such delay in the fulfillment of its commitment to Korean independence and proposes that the four powers adhering to the Moscow agreement meet to consider how that agreement may be speedily carried out," the note said.

It suggested that conversations on the problem begin Sept. 8. Nations participating in the Moscow conference on Korea were the United States, Britain, Russia and China.

Simultaneously, the State department disclosed a summary of proposals by this country for Korea's future.

They included the American suggestion for a general Korean election which has been rejected by Russia.

The U. S. note said the Soviet claim that it has the right to exclude some Korean political parties from participating in the decisions on Korea's future is "contrary to the democratic principle of freedom of opinion."

"For almost two years the government of the United States has devoted its utmost efforts to carrying out the terms of the Moscow agreement on Korea," the note said.

The agreement to which the note referred was reached in connection with a meeting at the Big Three foreign ministers in Moscow in December 1945. At that time it was agreed the United States and Russia should form a joint commission to unify Korea and that control should be exercised by the Big Four powers for five years after establishment of a stable native administration.

Scouts To Put On Park Show

A special archery demonstration will highlight the weekly amateur program which will be presented by Boy Scouts tonight at 8:30 in the City park amphitheater.

Six scouts from Troop 27 of Roscoe will participate in the bow and arrow feature, which will include shooting targets thrown in the air, shooting balloons out of a boy's mouth, shooting flames from candles and a general exhibition with both the long bow and cross bow.

Several other demonstrations of Scout activity will be included on the program and two awards are to be made. Charles Williams of Troop two is to receive the Eagle award, and Donald Williams will be presented the Scout Life Saving Honor certificate.

H. D. Norris will be master of ceremonies.

Eleven Mines Idle In Britain

LONDON, Aug. 29. (AP)—At least 11 mines normally employing 25,180 men and producing 154,000 weekly tons of critically needed coal were idle today because of wildcat strikes which threatened to spread in the Yorkshire coal fields.

The labor party's Daily Herald said 14 mines were struck and that these normally employed 27,582 men and produced 171,130 tons a week.

More than 25,000 men quit in sympathy with 140 who walked out Aug. 11 in protest to a joint union-national coal board committee ruling assigning them two additional feet of coal to mine.

The National Coal Board, which has administered British coal mines since the labor government nationalized them Jan. 1, dismissed the original strikers, ruling the men terminated their contracts by refusing to return to work last Monday.

Faced with the necessity of getting more coal mined to prevent a repetition of last winter's fuel famine, the national union of mine workers has appealed to strikers to return.

Widow's Allowance

LOS ANGELES, Aug. 29. (AP)—W. C. Fields' widow, Harriet, has been awarded an allowance of \$500 a month from the late comedian's estate.

Dancer Carlotta Monti, Fields' longtime friend who was bequeathed some \$50,000 in trust funds under the comedian's will, opposed the allotment.

U. S. Must Fix World Policy

Difficult Decision Ahead, Says Solon

MAY BE PREMIER—Gen. Alexander Papagos (above), veteran cavalry officer, may be named Greek prime minister if party leaders can agree on a coalition government, it was believed in Athens. (AP Wirephoto).

WASHINGTON, Aug. 29. (AP)—Chairman Dirksen (R-Ill.) of a special House investigating committee said today Congress must decide next year between bolstering world freedom and abandoning Europe "to husband our strength at home."

The decision, he said, will be made in terms of money. Dirksen's group, made up of members of the appropriations and armed services committees, was authorized by the House to study both military and economic conditions in Europe and the Near and Middle East. It is one of several similar inquiries either in progress or contemplated.

In an interview which he specified was not to be made public until after his departure, the Illinois lawmaker declared that it is becoming daily more obvious that:

1. "There appears to be small likelihood of any early intimacy between Russia and the United States.

2. "Our efforts abroad will at times make strange bedfellows.

3. "Freedom and human dignity are an indivisible fabric and to forsake it abroad except for the most extraordinary circumstance may be to lose it at home.

4. "Collapse in Europe is imminent; a sharp recession at home could carry the whole world down with it.

5. "The real responsibility before us at the moment is moral.

6. "Foreign policy will be determined not so much by words, but by a conscious, cooperative effort on the part of labor, industry, agriculture and government to leave no stone unturned to keep the nation strong, serene and prosperous.

Thus, he said, Congress must decide the answer to these questions: "Shall we abandon Europe for the sake of husbanding our strength at home?"

"How long can we afford to carry the present load of aid and relief to foreign countries?"

"Shall aid of various types continue, and if so, can a more objective policy be developed?"

Netherlands Outlaws Indonesia Republic

BATAVIA, Java, Aug. 29. (AP)—The Netherlands East Indies government announced tonight it had assumed direct responsibilities for virtually every important economic area of Java, Sumatra and Madura.

It was a swift political sequel to military operations announced earlier in the day.

The communique said the authority of the Indonesian republic was outlawed within the vast areas over which the Netherlands East pledged to maintain "law and order."

By The Associated Press

Texas, increasingly labor-conscious as it grows industrially, Monday will celebrate Labor Day more widely than ever before.

Major celebrations are planned during the three-day holiday at Dallas, Denison, Port Arthur, Brownsville, Galveston, Fort Worth and Amarillo.

Minor observances will be held in Corpus Christi, Corsicana, Marshall, and scores of other communities and cities.

Stores, offices and banks will close in most cities.

State officials, anticipating heavy traffic during the Saturday-through Monday holiday have warned drivers to be careful, to plan a "wreckless, not reckless" holiday.

A mammoth Labor Day square dance will be held on Dallas streets Monday night. An old fiddlers' contest and a string band contest are planned. Included in the program are parades, speeches, picnics, outings, basket suppers and other events.

The Dallas celebration, staged by the CIO, plans to ridicule the Taft-Hartley labor bill, officials said. A "Taft-Hartley relay race" is scheduled, and is described: "In this race the contestants are tied hand and foot and while so bound try to pass a union contract to the next member of their team."

Denison's observance will be the kick-off event of a week-long Diamond Jubilee anniversary. A four-mile parade will be held Monday. Merchants will close, the entire decorated main street blocked to traffic and used solely by congestions, carnivals and pre-gangue vehicles. A crowd of 25,000 is predicted for Monday.

Galveston's Labor Day activities will center around a Sunday picnic

Truman Hopes UNRRA Can Be Supplanted

WASHINGTON, Aug. 29.—President Truman expressed hope today that the Marshall Plan for European self-help will successfully supplant direct aid of the type provided by the United Nations Relief and Rehabilitation Administration.

In a letter transmitted to Congress his report on UNRRA's winding-up operations during the first quarter of this year, Mr. Truman said:

"Long-term plans have been inaugurated by our government under which it is hoped that devastated countries will achieve economic health through cooperation among themselves and with such long-range help as the United States is able to give under proper international arrangements."

The mention of "proper" arrangements seemed to point up a new conference statement Wednesday by Undersecretary of State Robert A. Lovett that this country will extend aid only on the basis of a recovery plan which is reasonable and realistic.

In another reference to the Marshall Plan Lovett said the end of UNRRA's operations "has been in sight for several months." It noted that while contributions of the other 47 participating countries may be used for the rest of 1947 and into 1948, funds donated by the United States contribution could not be obligated after June 30, a cut-off date fixed by Congress. On that date, Mr. Truman added, UNRRA had obligated practically the entire \$2,700,000,000 contributed by the United States.

Various United Nations organizations have taken over UNRRA's work. In addition, the United States has provided \$32,000,000 for an independent relief program, of which \$34,000,000 has been committed for Italy and \$43,000,000 for Austria.

Texas Plans Biggest Labor Day Outing

Monday morning parade of the city's 72 AFL organizations. The parade is expected to have 5,000 local union members in its line of march. Bob Gritta, president of the Galveston labor council and general chairman of the celebration, said it would be a protest to the Taft-Hartley bill.

Amarillo will have a parade, barbecue and three dances, all sponsored by labor unions. In the See LABOR DAY, Pg. 2, Col. 6

Local Stores To Be Closed Monday

Big Spring takes a holiday Monday, in observance of Labor Day, and activities will be suspended by practically all retail establishments, offices, banks and public agencies.

Housewives and businessmen were reminded to take the holiday into account in their Saturday business.

The postoffice will be closed, and all services suspended for the day. Postmaster Nat Shick said, "Labor Day is one formally designated here by the Retail Merchants association as a day of closing."

Although Sept. 1 is the formal date for beginning of the school term, pupils will not report to classes until Tuesday.

No formal observance has been announced for Labor Day, but sports events are numerous, and many informal outings will be held to mark the end of the summer season.

Some Areas Caught Short

Sectional Competition Causes Shortage Of Cotton Pickers

COLLEGE STATION, Aug. 29.—Enough cotton pickers are available to gather all of Texas' estimated 3,200,000 bale cotton crop, but sectional competition for workers will result in farmers in some areas not getting their cotton picked as rapidly as they might like, Caesar Hohn, state farm labor program supervisor, said today.

available to gather the crop as rapidly as it matures, he continued. Since valley cotton matures earlier than that of any other area, workers flock into the section from other parts of the state with the result that there usually is a surplus of labor there before picking is finished.

"Texas never has had enough cotton pickers available to pick all of the cotton just at the time the farmer wanted it picked," he explained. "It is only natural for the grower to want his cotton picked just as soon as it's ready, but he must take into consideration the fact that other folks' cotton is ready at the same time."

The Lower Rio Grande Valley area is the only section of the state in which enough pickers are available to gather the crop as rapidly as it matures, he continued. Since valley cotton matures earlier than that of any other area, workers flock into the section from other parts of the state with the result that there usually is a surplus of labor there before picking is finished.

But the big competition for the cotton pickers comes when the huge West Texas crop gets ready in early September. About the same time, farmers in the Mississippi Delta states of Arkansas, Mississippi and Louisiana open their campaign to get Texas Latin-Americans to that section.

At that stage of the game, the migrant worker considers three important factors in deciding where to go, Hohn pointed out. First and foremost is the question of wages; second, how much cotton there is to the acre; and, third, method of gathering.

The method of picking factor has become increasingly important in recent years with the expansion of cotton growing in West Texas where the practice is to pull rather than pick the white bolls. "Pulling" consists of jerking off the cotton, boll and all, together with any extraneous matter which may come to hand. In "picking" the lint must be removed from the boll. The average worker can easily pull more than twice as much as he can pick, but, generally speaking, the price for pulling doesn't run double the price for picking. What's more, it doesn't take much skill to pull while picking comes closer to being a skilled trade. So, other things being equal, the migrant is apt to choose a pulling job to a picking one. His whole family can work at it and the family income increases proportionately.

As an offset to the West Texas attraction, Mississippi Delta farmers usually push picking rates up, an inducement they have to put forth in order to get the Texans to make the long trip even with transportation costs paid.

Although the Extension Service does not and cannot make up the migrants' minds for them, Hohn explained, it does follow the same system it has used effectively for the four years in which it has operated the program: giving the workers full information as to available jobs, cotton yields, and working conditions. If jobs are available, the workers are so informed; if they are not available, they are told so to avoid useless trips.

The farm labor program maintains a regular farm labor reporting service to which county agents report labor needs and supplies of available labor. That information is compiled to present the state farm labor picture and then channeled back to the counties for the information of both workers and employers.

You can keep cupcakes, cookies, rolls or muffins longer if they are baked with honey. Honey will keep these foods moist and prevent their staling if you wrap them individually or in small lots for convenience in serving, whether you plan a snack while driving or a picnic lunch.

4-H Calves To Be Exhibited

Local citizens will get another chance Saturday to see 4-H club calves now on feed in the county grouped together for a general exhibition.

County Agent Durward Lewter said he hoped to have virtually all of the club steers on hand at the Army Airfield warehouse area by 8 a. m.

The general public has been extended an invitation to review the animals at any time during the morning.

The county 4-H club adult committee will inspect the steers, and local entries for the State Fair in Dallas probably will be selected.

Favorites Ousted

SAN ANGELO, Aug. 29. (AP)—Three playing diamonds will be used here today to complete second-round games in the Texas Amateur Athletic Federation's State football tournament.

Rodeo Boosters Visit Big Spring

Approximately 60 persons from Colorado City stopped in Big Spring this morning to advertise their annual Frontier Roundup and Rodeo, scheduled for Sept. 3-4-5-6.

They presented a brief program for a sizable group which congregated on the east side of the court house.

Leading the Colorado City delegation were L. A. Chapman, manager of the chamber of commerce, Pat Bullock and Harold Bennett, president of the Colorado City Jaycees, who sponsored the trip.

The group was to visit Stanton, Midland and Lamesa later in the day.

To Go To Midland

Big Spring Boy Scouts will send a swimming team to Midland Saturday to compete in the Buffalo Trail Council's annual water meet.

Local Scout officials announced this morning.

Hugh Cochran is recruiting the local team, and he is expected to have sufficient personnel on hand by late this afternoon.

The team will leave at 7:30 a. m. from the Settles.

Delivery Routes To Be Extended

Postmaster Nat Shick was notified this morning that his request to extend city delivery service in four different sections of town has been granted by the Post Office Department.

The new service will be offered in Washington Place, Canyon Drive, Earle's addition and on the north side but exact boundaries have not been set.

The additions are contingent upon the erection of street signs and the addition of numbers to the houses. City Manager Herbert Whitney has announced the city is prepared to erect the necessary street signs. Home owners can obtain the proper sequence of their homes within a block by calling the City Engineers' department.

Persons desiring additional information on the boundaries of the new service can see either Shick or Elmer Boatler at the post office.

Visiting Coaches Guests Of AB Club

Approximately 40 visiting coaches, enrolled in the American Business Club Six-Man Coaching clinic underway at the Settles Hotel, were guests at the luncheon meeting of the AB Club Friday.

Speaker at the meeting was Pat Murphy, coach of the Big Spring high school Steers, who outlined the principles of officiating and discussed the pit-falls of the eight-semester rule.

"Coaching is a business," Murphy stated. "And as a business it must be kept above-board, active and clean." He urged that athletic directors keep up the equipment and field facilities.

Man Escapes Injury In Vehicle Mishap

Tom R. Baker escaped injury when his vehicle rammed into a culvert immediately east of the city limits at approximately 10:30 o'clock this morning but his machine was badly damaged.

Baker was in the act of passing a truck while coming toward town when the driver of the other vehicle attempted to go around another automobile.

parade. 40 labor organizations and at least five other groups will be represented.

Mayor Lawrence Hagy and Frances Irving, sweetheart of Labor Day, will head the parade.

O. G. Wright, district representative of the International Union of Hod Carriers and Building Construction men, and St. Driscoll, area representative of the United Brotherhood of Carpenters, Joiners, will participate. Both are from Houston.

They also will speak later. Wes Izzard of the Globe News will be master of ceremonies at the barbecue.

An all-day program is planned in Brownsville, with AFL members from the entire lower Rio Grande Valley joining. Scheduled are a parade, barbecue, dances and speaking.

Wichita Falls will hold its first Labor Day celebration in 15 years. A parade, barbecue, dance, softball game, and speeches are planned. The observance is sponsored by the Wichita Falls trades and labor union. Miss Eva Bragg, telephone union representative, will reign as queen.

The 22nd annual Cooke county fair will open at Gainesville, and stores are to close Monday.

In Fort Worth, individual labor organizations plan small picnics. At Port Arthur, the junior chamber of commerce plans a fishing roundup for the full three days.

Climate will be a fishing rodeo centered around the "sidewalk at sea," the mile and a half long concrete capped jetty in the gulf. More than 4,000 persons have registered for the rodeo.

Wednesday Marks Opening Top Rodeo Contestants Will Be In Colorado City Show

COLORADO CITY, Aug. 29.—Top contestants from the Arlington Downs rodeo now in progress will trek to Colorado City next week for the opening Wednesday of the four-night twelfth annual Frontier Round-up and Rodeo.

Produced by Earl and Jack Sellers of Del Rio, the event will feature a cutting horse contest, a cowgirls' contest, five major contested events, and a calf roping limited to Mitchell county entries.

The Sellers already have begun movement of some livestock from Culbertson and Reeves counties for the affair, and will augment this string with additional stock from the Arlington Downs show.

Crack contenders for the more than \$2,000 in purses, plus entry fees, will include Royce Sewall of Brownwood, world champion calf roper, and probably all champions of the Arlington affair. Colorado citizens have been booming the round-up with booster trips to nearby towns headed by Secretary-Treasurer L. A. Chapman.

In charge of the opening day's parade will be R. A. "Bob" May. The round-up association is headed by State Senator Pat Bullock with

Joe Boatright as vice president. Directors include May, Bob McGuire, B. H. Gregory, Clay Smith, and R. P. "Pete" Ainsworth.

Bullock has announced the signing of the sheep dog act by Texas' champion Pesky for a show attraction. Pesky is owned by Volney Snowgrass of Mountain Home. The rodeo will be crowned by Johnnie Miller of Vernon.

Markets

WALL STREET NEW YORK, Aug. 29. (AP)—Assorted stocks leaned toward recovery today although many market leaders inclined to slip.

Debtless were sluggish from the start and fractional irregularity ruled near midday.

Asain there was some short covering for protection over the long week-end but accounts also were trimmed for the same reason. Boardrooms were more or less deserted, numerous customers having already adjourned for the holiday.

Professionals displayed much caution because of doubts regarding foreign economic complications and the course of domestic business.

Bonds were uneven and cotton futures steady.

Wife Finds Herself Helping With Student-Husband's Study Chores

(The conclusion of a series of six articles in which wives give a tongue-in-cheek sketch of the influence their husbands' occupations exerts over the household—Ed note).

By Leatrice Ross

THE STUDENT

The trails of a scholar are probably lacking in Winsett Nance, but according to Mrs. Nance, he does his utmost to study like one—even if it wears her out.

Like other married students, there are times when Winsett is too busy with the job he holds in the afternoon to scout around the libraries in search of theme material. Mrs. Nance therefore collects dozens of tomes for him to

read in the evenings, and she frequently must make notes on a little reading herself, if her husband is 'otherwise occupied.

On school nights the Nances seldom can go out. Winsett comes in after work, grabs a book and settles in a corner to read. He sometimes peruses until 1 a. m. But Mrs. Nance always sits up until he is finished. Occasionally fellow students from the junior college stop by for a visit and invariably the men will segregate themselves to study while the wives play cards.

Winsett gets a buzz out of report cards, and if marks are good he enjoys showing them to Mrs. Nance. If grades are a bit low,

he simply avoids any talk of them. He takes his classes seriously and often instructs Mrs. Nance in facts he has learned in class that day. According to Winsett, whose favorite was a course in psychology, all Mrs. Nance's illnesses are but figments of the imagination—all in the mind!

School has made no change in her husband, Mrs. Nance finds. He still wears sports clothes to class, but business suit to work. His school spirit is as profound as any student's and his studies to her are no nuisance. She feels that she is learning a great deal herself!

American Indian Is Topic Of GA's

A study of the American Indian was held at the Thursday morning meeting of the Girls Auxiliary of the First Baptist church.

Those taking part in the program sat in a semi-circle about an imaginary campfire. Two girls spoke as Cherokee Indians and two as Pueblo Indians. Two of them told of life of the Indian 100 years ago, while the other two discussed modern Indian civilization. Having parts were Janice Anderson, Louise Smith and Lila Jean Turner.

Medical Test Proved This Great To Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Don't let this make you suffer from pain, feel so nervous, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic!

Mathis To Field Fast Team In All-Star Test Tonight

Wayne DeVaney To Start Game

Base of operations of the American Business club's Six-Man Coaching school will be moved to the Forsan athletic field tonight where the District Seven stars, composed of players from Water Valley, Coahoma, Forsan, Sterling City and Garden City, tangle with a glossy aggregation from District Three. Game time is 8:15 o'clock.

Elvin Mathis, mentor of the championship Water Valley troupe, and Chesney McDonald of Sterling City are handling the District Seven contingent while L. S. Salsar, cagy Whiteface coach, tutors the District Three brigade.

Mathis announced Thursday his starting lineup would be composed of Wayne DeVaney, Coahoma; Gene Cope and Dick Miers, both of Water Valley, in the backfield; and Harry Calverly, Garden City; Robert Bannister and Oscar Dorsey, both of Water Valley, in the line.

Bobby Wash and Charley Long of Forsan; Billy Vern Davis, Sterling City; and Bobby Baker, Forsan, will see plenty of action.

Mathis and McDonald have had their youngsters working steadily all week and the aggregation will probably know its plays fairly well. Salsar had not announced his lineup this morning but most of the contingent will be made up of Whiteface gridders. Whiteface teams under Salsar have gone unbeaten and untied for the past three years.

Perez Pitches Steeds To Win Over Sports

Jimmy Perez mesmerized the Sweetwater Sports with a six-hit pitching effort as the Big Spring Bronces won a 4-1 decision before more than 1,000 fans here Thursday night. The victory enabled the local baseballers to sweep a three-game set from the hard-hitting Sports and all but clinch first place in Longhorn league standings.

Perez had been a question-mark up until last night's contest. The job he turned in assured him of a starring role in the Shaughnessy playoffs, which get underway next Wednesday.

Joe Dotlich, a dangerous switch-hitter, blasted out a home run off Perez's offerings in Round One. The visitors didn't know it at the time but that was the only occasion they smelled of the dish.

They loaded the cushions in the second canto but could not score and that fiasco apparently took the wind out of their sails. They got steadily worse.

Doubles by Orlando Moreno and Jake McClain deadlocked the tally for Big Spring in the initial heat and the Hosses went on to take the lead in the third on a walk to McClain. Pat Stasey's double, an infield out by Mario Varona and Pepper Martin's single.

A tally by Armando Traspueso in the eighth provided added cushion for Perez, but it wasn't especially needed.

The District Seven team will depend on speed and a tricky passing offense but will not be lacking in left. The two sextets are due to stack up fairly evenly in the weights.

LOOKING 'EM OVER

With TOMMY HART

Perhaps the high llamas haven't gotten around to asking him and perhaps they'll pass him up in favor of the boys like Ben Hogan and Lloyd Mangrum who've been hitting the tournament trail all year, but Byron Nelson would be available for play in the Ryder Cup matches this year.

Lord Byron, who showed the galleries a tremendous, sound game in his exhibition at the Muni course Thursday afternoon, has all but retired from competitive golf. Outside of one or two of the bigger tournaments, e. g., the Masters at Augusta, Ga., the Roanoke farmer confines his play to exhibitions.

For all Nelson knows the Ryder Cup committee could be considering him for one of the spots on the American team, which annually meets the best Great Britain has to offer. Nelson recently received a wire from Whitney Martin of the Associated Press (New York office), who asked how he would react if such an offer was made. Byron replied that he would be favorable to such a suggestion. The matter was left dangling for the moment.

An American team with Nelson in the lineup would no doubt rule the outstanding favorite over any team the British could get together, especially since the matches are to be played on this side of the Atlantic (in Portland, Ore.).

The wizard of the links was having his troubles with the Muni greens yesterday but his game from tee to the carpet was truly sensational.

The onlookers were getting their first genuine glimpse of Billy Maxwell, the Abilene youngster, and liked what they saw. Billy betrayed no weaknesses in his game and looked especially strong when in close.

Both Bill and Ted Roden, the local brother combine, are going to the National Amateur golf tournament at Pebble Beach, Calif., next month. Bill, of course, was the state's low man in the sectional qualifying tests last week. Ted was chosen as first alternate behind Bill McMahon of Odessa, who finished as runner-up to Roden. When McMahon had to turn down the trip, Ted stepped into the picture.

The Rodens will have to miss the Odessa medal-play tournament due to the fact that that show's dates conflict with the Pebble Beach extravaganza.

Warren Cantrell and Shorty Hornbuckle, pros from Midland and Odessa, respectively, were among the huge gallery who followed Nelson and his party around the course Thursday.

Cantrell thought the turnout here was exceptionally large—there were more than 500 in the throng. He commended the promoters on the fine job they did in selling the exhibitions to the patrons.

Barney Barnard, Jr., the Lamesa nubbick welder, is playing in the local invitational tournament against his doctor's orders. He's planning to undergo an appendectomy immediately after the tournament becomes history, must take it easy now.

Barnard can finish his schooling at the University of Texas the first semester but may go a full year in order to try for a place on the UT golf team next spring.

All-Star Grid Teams Tangle

WICHITA FALLS, Aug. 29. (AP)—Two strong All Star football teams, one from Texas and the other from Oklahoma meet here at 8 p. m. tonight in the 10th annual renewal of the annual Oil Bowl classic.

The Texans, with a starting lineup averaging 178 pounds, was expected to rely on speed, while the Oklahomans, with an average of 190 pounds, was expected to depend upon power.

Both teams use the T and double wing formations. An estimated crowd of 13,000 fans was expected.

Strohmeier Plans Return To Irish

McALLEN, Aug. 29. (AP)—George Strohmeier, Jr., who played center on Notre Dame's football team last year, hopes to fill the same spot for the Fighting Irish this year.

Strohmeier, who has completed a visit with his parents here, picked up 25 pounds on a summer job at South Bend, but he said he thought it would be a simple trick to trim his weight to 200 pounds by the time the football season gets under way.

Strohmeier, son of Mr. and Mrs. George Strohmeier, Sr., is a former Texas Aggie freshman grid-iron star.

Fastest Field Leaves Barrier

Abilene's Billy Maxwell, who indicated strongly that he was on his game by firing an eight-under-par 66 in an exhibition at the Muni course, ruled as favorite in the 18th annual Big Spring Invitational golf tournament, which got underway at the country club course this morning and continues through Monday.

If Maxwell captures the blue-ribbon, he'll have to beat off the classiest field in the history of the colorful show, a field that includes such respected linksmen as Jack Williams of Plainview, Lamesa's hard-working Barney Barnard, Jr., Kay Bradshaw of Lubbock, defending champion Raymond Marshall, also of Lubbock, Big Spring's own Obie Bristow and Bill Roden plus a host of brassy artists from Fort Worth, San Angelo, Odessa and other West Texas cities.

A total of 125 golfers had registered for the four-day extravaganza this morning and indications were the field would grow to between 175 and 200 by this afternoon. Both local courses—the country club and Muni—were to be utilized to complete all the matches. Ten flights were in prospect.

Some 70 players had already qualified but only those who bang away over the country club's course today will be eligible for the medal prize. A sizzling 70 won the medal for Iverson Martin of Fort Worth last year. A 69 or better is due to turn the trick this time out.

Match play gets underway Saturday morning. The championship flight will be composed of 32 players this year, as compared to 16 in former years. The finalists will play 36 holes Monday.

The Hall and Bennett trophy matches were due to start at 1:30 o'clock this afternoon, and some of the linksmen appointed to the respective teams were due to qualify in the process of playing out their matches.

Jimmy Moon captained the local contingent while E. C. Mix of Seminole, a finalist against Marshall last year, led the visiting troops.

Pampa Blanked By Blue Sox

Pampa's hopes for a spot in the West Texas-New Mexico league playoff were on the gloomy side today.

A 14-0 whitewash at the hands of Abilene last night dropped the Oilers three full games back of Albuquerque, victor over Amarillo 11-4.

Lamesa tightened its grip on third by easily beating league-leading Lubbock 17-5, and Berger had little trouble with Clovis, 18-6.

Pete Zmitrovich held Pampa to three hits while an eight-run eighth inning completed the Pampa rout.

Dick Gentzkow's two homers and one each by Don Moore and Milte Joffe helped Albuquerque to win. Amarillo scored all of its runs the first inning.

Bill Serena hit his 50th homer of the year for Lubbock. Four home runs also helped Berger beat the Pioneers. They were included among 20 hits.

Sulfur is mined profitably in the U. S. only in less than a dozen great sub-surface salt domes located in areas bordering the Gulf of Mexico.

CAUGHT BOTH — Al Lopes, Cleveland Indians' catcher, believes there is little difference between the speed of Bob Feller and Denny Vance, star of almost 20 years ago. Lopes, who has caught the most games in major league history (more than 1,900) has worked behind the plate for both Vance and Feller.

BILLY HAS SIZZLING 66

Maxwell Paces Team To Exhibition Win

Between 600 and 700 persons, turned out for the exhibition featuring Byron Nelson at the Muni course Thursday afternoon and the Roanoke farmer gave them all they bargained for and more, but youthful Billy Maxwell of Abilene was the one who practically knocked them pop-eyed.

Maxwell, who looks like a watch-fob guard on one of Pete Shottwell's football teams, scorched the Muni layout with an eight-under-par 66 to lead his team to a two-up victory over the Nelson combine.

The great one was a stroke off that pace and finished strong, registering five birdies starting with No. 13.

Foy Fanning, the Muni pro, was Maxwell's partner and blistered the familiar layout with a 71. Jake Morgan, the reigning city champion, paired with Nelson. Jacob had his troubles but wound up with a respectable 78.

Maxwell beat every one all to hollow on the front nine, piling together a 32, thanks to five birds. Byron collected a 34 and then backed out a 33 on the second swing around to nudge the Abilene blond by a single stroke for that particular round.

The scores: Par 344 448 566-37
Nelson out 344 344 438 34
Maxwell in 344 324 424 27
Morgan in 444 445 543-39
Morgan out 444 444 444-37-78
Maxwell out 344 324 443-39
Fanning in 344 435 533 34-68
Fanning out 344 438 433-34
Fanning in 345 345 544-37-71

The match was arranged by the Big Spring Athletic association, which is beginning an active campaign after a summer lull. The BSAA will shortly launch a membership drive, according to President Obie Bristow.

The hot and cold Dallas Rebels backed Tom Pulling in fine style. After Nick Gregory's home run in the eighth inning had tied the one-run Dallas had scored in the first, Hal Hirshon's high fly chased Joe Smaza home.

The game opened Dallas' final home stand of the regular season.

Sal Madrid's double in the ninth inning scored Jack Tobin and gave Lee Anthony his 13th win of the season.

In the nightcap Al Pappi held Tulsa to seven scattered hits and the Buffs had a fairly easy time.

Willard Ramsdell notched his 20th win when he limited the Oilers to six hits. Three unearned runs in the eighth gave the Cats the game.

Al Rosen, the top batter in the league, hit his 20th home run to aid Oklahoma City in downing the Missions.

The plantation system of growing rubber was not established until 1912, previous rubber supplied being obtained from wild trees.

Ballinger Cats To Open Three-Game Set Tonight

Ballinger moves into Steer park tonight to open a three-game series with the Broncs, which will be the Cats' final appearance here during the regular playing season. Although Manager Pat Stasey had not named a definite starting pitcher this morning, he indicated that Ray Mendosa, young left-hander, might get the call. The game is scheduled for 8 p.m.

Tigers Oppose S'water Sunday

Big Spring's baseball Tigers will play their part in the Holiday of Sports this weekend, meeting the Sweetwater Latin-American club in a contest on the North Ward school diamond Sunday. Game time is 4 p. m.

SHIP BURNS IN BIG CANADIAN FIRE—The burned SS Sampt is shown low in the water against a background of burning warehouse and wharf at Port Alberni, B.C., where the loss in the fire was estimated as high as \$3,000,000. The ship's cargo of 600,000 board feet of lumber for Britain caught fire. (AP Wirephoto).

Croatian Leader Says Priests Killed As A Result Of Ruling

BELGRADE, Yugoslavia, Aug. 29. (AP)—President Vladimir Bakarich of the Croatian republic was quoted by Tanjug, Yugoslav news agency, today as saying that Sunday's mob attacks on Catholic priests in Venezia Giulia resulted from a ruling by certain priests that persons classed as "enemies of the church" would be barred from acting as godfathers at confirmation ceremonies.

Bakarich was quoted as saying that Msgr. Jakob Ukmar, a Vatican prelate who was injured in the attacks after being sent to the area to administer confirmation to Catholic children when local priests experienced hostility, had been placed under arrest, and that "together with other participants in the incidents and members of the organization," he would be turned over to the courts.

Msgr. Ukmar was in a Fiume hospital with concussion and body wounds received at the hands of the same mob which killed Father Miro Bulesich.

Catholic authorities have said that Father Bulesich was beheaded by a sickle-wielding mob in Lanišče, in the Yugoslav occupation zone, and Trieste newspapers said another priest, a Father Kristian, was found tortured to death in Golaseca.

"The incident resulted from well planned and well prepared and organized provocation, which authorities in Istria did not recognize in time," Bakarich was quoted as saying.

He said it stemmed from a meeting of the priests of the Society of St. Paul, which he said made the ruling concerning godfathers at confirmation ceremonies. These priests, he added, contended that members of the Yugoslav army and members of the youth railway were not worthy to be godfathers of children being confirmed.

Henry Caraway Wins Soil Award

College Station, Aug. 30.—Henry Caraway, Tenaha, has been declared the Texas winner of the south-west Negro soil conservation award. Caraway was nominated for the honor by the Shelby-Panola district supervisors and adjudged the Texas entrant by the Texas Association of Soil Conservation District Supervisors.

The award was announced at the annual soil conservation jamboree in Hancock county, Georgia, by President Benjamin F. Hubert of Georgia State College for Negroes.

Caraway won the honor in competition with 87 other Texas Negro soil conservation co-operators.

The Texas winner said that he first noticed the erosion damage on his farm more than 15 years ago and that his yields were going down each year.

In 1941 a SCS technician worked out a soil conservation plan with Caraway, who completed his terraces the following spring, seeded the outlets with Bermuda grass, laid off his rows according to the contour, planted legumes and rotated his crops. He set out five acres of pine seedlings on steep slopes and seeded his pastures with bermuda. He has kept his pasture brushed off for the past seven years.

By selective cutting of his timber, Caraway has sold \$1500 worth of timber and still has a good stand of trees.

"I believe that my system of conservation farming has increased my crop yields by 25 per cent," Caraway said.

Chiang Urges Enforcement Of Economic Laws

NANKING, Aug. 29. (AP)—Strict enforcement of measures designed to improve China's economic position was urged today by Chiang Kai-Shek, presiding at a regular meeting of the state council.

Members said the council discussed at some length criticism by Lt. Gen. Albert C. Wedemeyer, President Truman's fact-finder, on his departure from Nanking.

Meanwhile, an authorized source disclosed that Foreign Minister Wang Shih-Chieh will fly to Washington, probably early next week, to participate in a preliminary conference on the peace treaty with Japan.

From western Honan province battlefronts came word that communist assaults in the Loyang area were weakening. Military experts said the red drive along the east-west Lunghai railway had but one purpose — to provide an easy escape route to the northwest for Gen. Liu Pocheng, whose troops are on a rampage along the Honan-Anhui border.

Church Will Be Dedicated Sunday

Dedicatory services of the new church building of the Mount Bethel Baptist church will be held Sunday afternoon, it has been announced by the pastor, E. F. Nelson.

The services will begin at two-thirty p. m. at the Lakeview school auditorium, which has housed the congregation for the past two years, and then move to the new church building at two-thirty p. m.

Guest speaker for the services will be the Rev. Mr. M. K. Curry, Sr., pastor of the Central Baptist church of Denver, Co., and President of the Western Baptist State Convention of Colorado. Frank Osborne of Bryan will appear as guest soloist. The Rev. Dick O'Brien will speak for the Ministerial Alliance of the city. Rev. J. S. Parks will offer the dedicatory prayer and Roy Rozan will give selections on the saxophone.

The public is invited to attend this service.

Chinese Officer Holds Americans

PEIPING, China, Aug. 29. (AP)—The newspaper Chi Shih Pao reported from Changchun, Manchuria, today that American intelligence men digging into a newly discovered cache of Japanese papers were held up by a Chinese army officer who took some of the papers.

The dispatch said the Americans and a Japanese were removing numerous documents from an old air raid shelter when the Chinese officer appeared with a gun, took some of their findings and then escorted the Americans to their consulate.

Turkish tile makers were once under the special patronage of the sultans and were required to complete all tile orders for state buildings before undertaking other commissions.

Church Plans Series Of Meets On Stewardship

The first of six meetings in connection with a Stewardship conference will be held Wednesday at 7:30 at the East Fourth Baptist church.

The Rev. James Parks will lead discussions on the subject "More Than Money" at each Wednesday meeting through Oct. 8. The concluding session will feature the showing of a film on church tithing.

The series of meetings is preparatory to a movement to begin Oct. 12 to enlist support of the populace for the church through tithes. The movement is state-wide through the South, and October, November and December have been designated as Stewardship Months for the Baptist Alliance.

Famous Matador Dies From Wounds

LINARES, Spain, Aug. 29. (AP)—Manuel Rodriguez, better known as Manolete, the leading matador of the bullfighting world, died early today of traumatic shock resulting from wounds suffered when he was gored by a bull in the Linares ring yesterday afternoon.

The tall, slender, taciturn bull-fighter, a son and a grandson of bull fighters, had reached at 30 a pinnacle of popularity which enabled him to gain as much as 250,000 pesetas (\$25,000) for an afternoon in the ring. He was a native of Cordoba. His mother and four sisters survive.

Death was attributed to shock induced by a six-inch wound in his right groin. Despite the pain and loss of blood he killed the bull before being carried from the ring and was awarded the animal's two ears, the highest praise a torero can win.

Strike In Peru Paralyzes Traffic

LIMA, Peru, Aug. 29. (AP)—A general strike called by the Peruvian federation of labor kept traffic paralyzed today in this capital city of more than half a million population.

Streetcar motormen, bus and taxicab drivers and elevator operators were among those who left their jobs in the walkout last night. Hotels and restaurants stopped service.

In decreeing the strike, the federation said labor authorities had failed to satisfy the demands of three labor syndicates for higher pay and reinstatement of certain discharged workmen.
