VOL. 1. NO. 47.

PAMPA, GRAY COUNTY, TEXAS, TUESDAY EVENING, MAY 3, 1927.

PRICE FIVE CENTS.

BORGER ELECTION PROBE LOOMS

F. A. CARY IS PAMPA'S NEW CITY ATTORNEY

City Council Adopts Committee Plan For Work

AWAITS SURVEY ON SANITATION

Permit Granted Church Group To Erect Tent

Appointment of F. A. Cary as city attorney and organization of the group under a committee plan constituted the major activities of the city council in its meeting last night.

Mr. Cary takes the place of John Studer, whose resignation was accepted by the council with thanks for his faithful services. Mr. Studer is a local man and is county attorney. The new city attorney has been a resident of Pampa community for 20 years. He was graduated from Pampa high school in 1914, attended West Texas State Teachers college, and took his law degree in Texas university in 1923. He also did one year of graduate work and specialized in city government study.

Under the committee plan, these sub-divisions of the council will make investigations, compile data, hear complaints and make reports to the entire council concerning their specific work. The committees formed are:

Fire and water department, T. E. Rose, F. T. Mason.
Finances, L. N. McCullough, T. E. Rose, J. E. Murfee.
Police commissioner, W. B. Saulsbury.

City sanitation matters were postponed pending the completion of the engineer's sanitary survey, which probably will require two more weeks.

A permit to erect an evangelistic tent on block 24, North Cuyler street was granted the Assembly of God.

Foster and Russell streets were designated as 34 feet wide, which will be the width of paving should it be placed there.

Dr. Fred M. Boso, who with associates was granted a gas franchise here a few months ago, will be requested by the council to make a report to it next Monday evening.

Miss LeFors Leads Race For Sponsor At W. T. C. C. Meet

Much interest is being taken in the contest for Pampa Sponsor as new names are added and a change in standing takes place.

The latest check of votes places Miss Moleta LeFors in the lead with 11,000 votes, taking the place of Miss Margaret Schmidt, who is now second.

Miss Juanita Fulbrite is a new entrant in the race and Mrs. Pauline Davis, formerly Miss Pauline Lee, is continuing as a contestant.

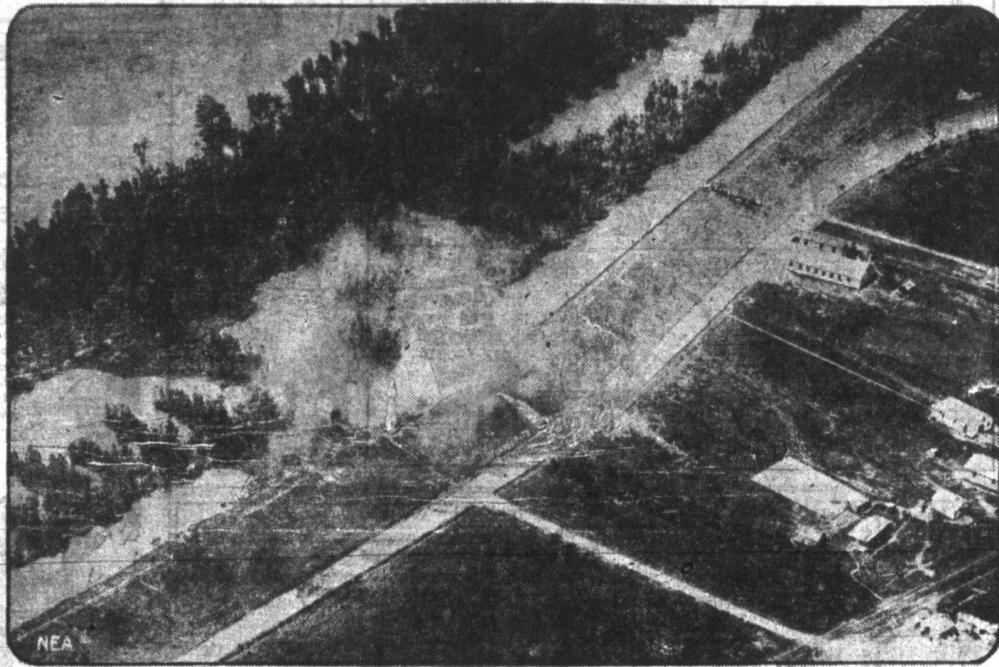

The standing now is: Miss Moleta LeFors, 11,000; Miss Margaret Schmidt, 10,530; Miss Juanita Fulbrite, 10,100; Mrs. Morris Lawless, 10,120; Miss Emma Hicks, 10,102; Mrs. Pauline Davis, 10,100; Miss Mary Cox, 10,010; Miss Anna Abbott, 10,000.

Seek Slayers Of 9-Year-Old Boy

(By The Associated Press.)
FREDERICKSBURG, Va., May 3.—Authorities turned efforts today toward solving the slaying of nine-year-old Albert Baker, found in Rappahannock river with the body mutilated.

The body was tied in a weighted sack. The boy had been missing since February 22.

FIRST PICTURE OF NEW ORLEANS LEVEE BLAST

Here's another NEA smash. This remarkable picture shows the dynamiting of the levee below New Orleans Friday, April 29. It was the most dramatic incident of the whole Mississippi flood—the blowing out of a levee to save a great city from destruction. This picture was taken by NEA cameraman William Day, with Jess Wyndham piloting the plane. Day and Wyndham flew to Memphis with the pictures, bucking a severe thunder storm, where the picture was matted out to NEA clients.

TRUHITTE HERE FOR MEETING

Baptist Revival Now Under Way—Good Music

The Truhitte-Alten evangelistic party, composed of the Rev. D. H. Truhitte, evangelist, and E. Otis Allen, musical director, arrived in Pampa yesterday afternoon to begin a two-weeks' meeting.

D. H. TRUHITTE

Rev. Truhitte spoke last night on "Why the Bible" and made announcement of services. There will be evangelistic meetings at 10 a. m. daily except Mondays and Saturdays, and every evening at 8 p. m. at the First Baptist church. The Boosters' band of young folks will meet at 4 p. m. daily except Saturdays.

The party has come from a meeting at Visalia, Cal., where the revival was declared to have been one of the best ever held there. Rev. Truhitte's home is in Olton, Okla., and Mr. Allen formerly was assistant pastor at Drumright, Okla. The latter is an experienced, trained music leader and plays the trombone as a soloist. Mrs. T. E. Rose of Pampa is pianist for the meeting.

Rev. Truhitte wishes to invite and urge all other local pastors and congregations to take a large part in the revival. He is said to be a powerful evangelist, being often referred to as the "Bible Sunday of the West."

Chinese Minister May Have Resigned

(By The Associated Press.)
LONDON, May 3.—An exchange telegraph dispatch from Tokyo says that dispatches from Peking state that John Van MacMurray, American minister to China, has resigned.

Hopkins Well May Open New Pool In Pampa Field—Empire Well Making 200 Barrels Today On Archer Land

Wichita Falls Trip Only Two Weeks Distant

There was to be a general meeting of the "On to Wichita Falls" committees this afternoon at the Chamber of Commerce rooms.

The Convention is just two weeks away and those intending to visit Wichita Falls with the Pampa delegation should notify the registration committee at once.

The balloting for Sponsor will close Monday night May 9 and there are eight nominees to date. Votes may be placed at the Pampa Drug company, Morris Drug company, Republic Supply company and the Daily News office.

Texans Lose Hard Game To Denver And Move Again

Denver, May 3.—Crowded down to fourth place by yesterday's 3 to 2 loss to the Denver Bears, the Amarillo Texans are doing battle today at Omaha.

Buck Ramsey scattered Denver's hits nicely during most of Monday's game, but was not quite as consistent as Ed Greer, opposing pitcher. Every game with Denver was decided by a single run.

The box score:

| | A | B | R | H | P | O | A | E |
|--------------|----|---|---|----|---|---|---|---|
| Amarillo | 5 | 1 | 2 | 1 | 2 | 0 | 0 | 0 |
| Nick, ss | 3 | 0 | 1 | 9 | 0 | 0 | 0 | 0 |

Two base hits, Nick (2), Gunther. Three base hits, Reagan. Stolen bases, Swanboro. Sacrifices, Borger, Greer. O'Brien. Double plays, Nick to Gunther to Swanboro. McGinnis to Borger. Left on bases, Amarillo, 9; Denver 5. Base on balls, Ramsey 4, Greer 2. Struck out, Ramsey 3, Greer 5. Hit by pitcher by Greer 1. Umpires Teck and Johnson. Time 1:38.

With a good showing of oil, the Riley-Heck well on Mrs. J. M. Hopkins' property, section 66, block B-2, is expected by experts to make a good well. The company reached pay at a depth of 3,025 feet, but on account of casing, work has been halted until casing can be set.

Supply houses have sent the necessary casing to the well and it will be run immediately.

Situated about 12 miles south of Pampa, the Hopkins well is in wildcat territory, and if brought in, will extend the present field five miles. That part of the field had been pronounced non-bearing by geologists, but the showing made by this well appears to disprove that theory, and will be of material importance to the Pampa field.

An oil expert made the statement this morning that the new well should open new territory in the local field, as it proves territory in four directions.

The Empire Oil and Gas company brought in its well on the W. C. Archer holding this morning. The well is situated on section 174, block 3, in the SW of NE.

Oil was reached at 3,300 feet and the flow has not been checked yet, but looks to be making 200 barrels a day at the first depth.

Wilcox-Worley well No. 24 drilled by J. H. Hutchinson, is spraying about 25 barrels at a depth of 2,893 feet and according to the company looks like a good well.

It is in the Wilcox field, section 62, block 3 and is one of several wells the company has brought in during the past month.

British Vessel Is Fired Upon Today Ministers Disagree

(By The Associated Press.)
SHANGHAI, May 3.—The British auxiliary vessel Kiawo was under fire again today, said a wireless from Chinkiang, this time from riflemen near that city.

Two of the crew were wounded, and the fire was returned.

SHANGHAI, May 3.—(AP)—Semi-official Japanese messages from Peking today said that ministers of Great Britain, the United States, France, Japan, and Italy held a conference yesterday on a second note to the Hankow government.

Single Youngster Is Whole Student Body

PINCKNEYVILLE, Ill., May 3. (AP)—A single six-year-old youngster constitutes the whole student body of the Kraft school in the country near here.

There are other children in the district, but the others all attend a Lutheran parochial school.

For the benefit of Theodore Mayer the district maintains a public school and a teacher, Miss Marian Veatch, who daily travels eight miles from Pinckneyville to tutor him. Through part of the winter she had to travel over a 13 mile detour on horseback.

Pampa's Premier Athlete Goes To State Contests

Charles Lewter left for Austin this afternoon where he will be Pampa's only representative in the State Interscholastic meet Thursday.

Lewter is in his last year of the High school and has been one of the outstanding athletes of the school. He won his events at the McLean meet, and again at Canyon showed his superiority in the shot-put and discus throw.

Mexican Train Bandits Punished By Federal Force

(By The Associated Press.)
MEXICO CITY, May 3.—Further punishment has been inflicted upon the band which attacked a train near here, killing 100 persons, Secretary of War Amaro announced today. Thirty-nine rebels were killed and 37 wounded by federal forces.

Another Miner Found Dead—No Trace of 77 Others

FAIRMONT, W. Va., May 3.—Another name was added to the death list at Everettsville mine today when rescue workers searching for 77 men entombed in the mine came upon the body of a man 3,000 feet below the surface. This brought the total of known dead to eighteen.

MOODY MAY TAKE ACTION BEFORE NIGHT

Investigators In Meet To Determine Next Steps

BELIEVED TO KNOW FACTS

Will Follow Ousting Of Majority of Officials

(By The Associated Press.)
AUSTIN, May 3.—Governor Moody and Adjutant-General R. L. Robertson today held long conferences with Assistant Attorney General Galloway Calhoun and Texas Rangers who have been investigating alleged election frauds in Borger.

Drastic action by the administration probably will be taken before night, it is expected.

This intimation came from reliable sources, although Calhoun would make no statement.

The investigators previously had expressed satisfaction with the state of law enforcement in Borger, and their leaving was taken to mean they felt no longer need for their presence.

The new action, however, is expected to revive the clean-up which Moody declared must take place in the oil city.

In the turn-over of recent weeks, nearly every officer in Borger resigned.

Levee Work Has Become Desperate Along Flood Area

(By The Associated Press.)
NEW ORLEANS, May 3.—Successful termination of the fight to hold the levee line against the charge of the Mississippi today became a question of grim endurance in the Natchez sector.

The flood from the Red and Mississippi rivers, streaming through breaches in the levee system, continued an invasion as they moved to meet the coming flood from the Arkansas river.

The dike fight is desperate on the west bank of the Mississippi river in the neighborhood of Vidalia, where a crew worked throughout the night.

With a thousand already homeless in Northeastern Louisiana, the crest was barely approaching Vicksburg.

Engineers said today that the safety of New Orleans was assured, as the Poydras break below the city was widened to 1,000 feet, releasing sufficient water to lower the level at New Orleans 2 1/2 feet.

WASHINGTON, May 3.—(AP)—President Coolidge received a cablegram today from King George of England, expressing sympathy for flood sufferers in the Mississippi river valley.

Mrs. Snyder Tells Two Versions Of Husband's Murder

(By The Associated Press.)
NEW YORK, May 3.—Shortly after the defense of Mrs. Ruth Snyder, on trial for the murder of her husband, rested today, Henry J. Gray, co-defendant, testified that she called to neighbors for aid.

Attorneys for Mrs. Snyder and the state almost came to blows once this morning. Under the examination, she said she was downstairs on the night her husband was killed. She previously had testified that she was bound upstairs.

The court remonstrated and prevented a possible encounter.

Telephone 100, all departments

PLENTY OF WORK

Those who have been following the post-session activities of the Fortieth Legislature and the trend of events as time nears for the special session to begin May 9 do not need to be reminded of the pressing matters which will come before the body.

Appropriations, always matters for demands and often as emphatic denials, must be made for the coming biennium. Lack of funds has caused the finance committee of the House to curtail its recommendations, made after a long tour of state institutions. The board of control, high czar of the state's money system, has even further applied the knife.

Early in the session, therefore, Governor Moody likely will submit the subject of new tax measures. Various interests are lined up to fight even the appearance of new revenue sources. If they are successful now, they will have a new fight on their hands should the amendment practically abolishing ad valorem taxes for state use pass, August 1. It now appears that the tobacco tax bill is most likely to be resuscitated.

Governor Moody has the whip hand, having the power to limit legislative action to subjects submitted by himself. His interest in court reform is apt to be shown again in this session. It was a dry subject in the regular sitting, although several important changes were made, and part of the proposals embodied in one of the coming amendment votes.

Action of the United States Supreme Court in declaring the Negro exclusion primary clause illegal will be recalled by party leaders of the state, and a "white primary" as a remedial statute may be proposed. Moody made favorable mention of such plans when the important decision was announced.

Highway legislation, in which Gray county road boosters should be interested, will have an important place on the calendar. The incomplete penitentiary reform program and the Moody-sponsored civil service bill to eliminate the "spoils" system will be possible problems for legislative deliberation.

First to be considered will be the inevitable appropriations, embodied in four major bills. Educational and eleemosynary institutions, departments and the judiciary must be supported, and their budgets total \$39,000,000. Late reports are that the state can meet moderate demands and end the coming two years in good financial condition. Other reports are more pessimistic, and the appropriations committees are playing safe by slashing building programs and hewing down to bare essentials. Salary revisions, which include Texas Tech, have been mentioned lately.

The state, on the basis of its ad valorem tax of 23 cents—which will not likely be raised—has a potential revenue of \$43,000,000 for the next two years, but estimates of the amount which actually will be collected drop to as low as \$34,000,000 or five millions below the budgets allowed.

The task of the special session is one of the biggest in the history of the state, and it is very doubtful that it can be completed in one month.

Spring Political Chapeaux

WASHINGTON LETTER

BY RODNEY DUTCHER
NEA Service Writer.

WASHINGTON.—There is no certain method of preventing President Coolidge from becoming a candidate for a third term as it becomes more and more certain that he expects to run again. If there were, its discoverer could have anything he wanted from the Democrats and even from the progressives.

The pro-third term politicians are to be heard on every hand. Like robins in the spring after the first one is duly observed and heard, as soon as one stalwart Republican stops for breath another begins warbling the refrain which is believed so sweet to the Coolidge ears.

The anti-third termers, who on the surface will include all good Democrats and some progressives and under the surface will include many good Republicans and the rest of the progressives, haven't even rehearsed their piece. Only those who consistently rush in where angels fear to tread—Senator George Norris, Nicholas Murray Butler and Senator George Moses—have ventured to lift their voice.

You may have seen certain vague assertions in print to the effect that a concerted movement is under way to smoke the president out—to demand of him whether he intends to run again or whether he doesn't. But your correspondent has been unable to track down these rumors. Borah doesn't know anything about it, Norris doesn't, La Follette doesn't, Howell doesn't, Shipstead doesn't and neither do any other Democrats or progressives interviewed.

The attitude of most of the third term opponents at the moment seems to be that the issue is being kept before the public as the regular Republican senators, national committeemen and others continue to issue public bulls to the effect that the third term is a dead duck as a bogey and that, anyway, re-election won't mean really a third term for Mr. Coolidge. With an occasional blast from their side like that of Norris or Butler, they appear to feel they may well bide their time.

It seems most likely that the anti-third term movement will not become organized until the Seventieth Congress gets into action.

It's only a platitude to say that nothing short of a conflagration could smoke President Coolidge out of his dug-out at this time. This is not,

as has been said, largely because the president would lose his influence over Congress if he were to admit that he were to admit that he would retire two years hence. The fact is that Mr. Coolidge had no great amount of control over the last Congress and that he would have even less control over the next.

The best reasons for the Coolidge policy of staying in the dugout no matter how loud and frequent are the challenges to come out and fight are that to acquiesce and admit his candidacy would be to burn his bridges behind him and to raise himself as a target for all those who might dare to take a pot-shot.

PRESS FORUM

Pampa News: Clarence Darrow says the world has not improved any during his seventy years, and nearly all the affirmative echoes sound mightily like amens.

Mr. Darrow is mistaken. The world has improved much in seventy years, although Mr. Darrow appears to have helped but little. He believes his very remote ancestors were reptiles, and if he would consider how long a seventy-year stretch is in a reptile's life he would agree that as an evolute evolved from a serpent he must have progressed to some extent in three score and 10 years. If he has improved, how can he logically deny that the world has improved, remembering that it is the people who make the world? Mr. Darrow must have been born about 1857, if he is 70 years old. When he was born slavery was an institution in America, and as well as in many other quarters of the world. When he was born serfdom was the rule in Russian provinces, which is to say white men were bound to the soil and their labor compensated on slave terms. When Darrow was born piracy was still a menace on the high seas, and banditry on land. Banditry is still common, but piracy is not. When Mr. Darrow was born women were classed with children and idiots under the term of the law. When Darrow was born poorhouses were overcrowded and there were no orphan asylums. When Darrow was born lunatics were kept chained to trees or in outhouses for lack of institutions for their free treatment and shelter. The list of improvements might be extended to an arm's length, but these few citations serve sufficiently to show that Mr. Darrow, notwithstanding he is a high-priced lawyer, sometimes talks too freely.

State Press in Dallas News.

TWINKLES

Some of these Congressional envelopes might as well be labeled "penalty for private reading . . ."

Did you know that there are few registered pure-bred farm animals in the Pampa vicinity for aggie pupils to judge?

And the oldtime chicken thief who moved to the Plains had to teach his boys to rob banks.

American may "find its voice" all right, but not while rooting at athletic contests like an auctioneer in the cotton-broke districts.

The baby of today may expect to live longer than his dad—if the cars hit the "old man" first.

About 100 words have been added to the English language since 1926, and the worst of it is that some people seldom use any others.

A woman mayor says it is easy to run a town. Yes, if you want that kind of a town.

John Gilbert—Star of the Big Parade—Coming to the Crescent.

SPORT TALK

Gone but not forgotten — Bob Clarke. The fans and personal acquaintances of the big pitcher, who has made a hit with everyone, are sorry to see him go, but wish him all kinds of luck with the Texans.

"Lefty" Martin, former Pittsburgh Pirate, will do the big end of the hurling for the Grays. Martin is in good shape now and ready to step.

Charlie Hall of the Amarillo News says, "the Metros had their first 'off' day Sunday," but to spectators they were just badly beaten by a better team.

See "Old Dollar Bill" in "3 Big Days" at Peoples Store Friday, Saturday and Monday. 47-2tc

With a Texan in the box and third and short occupied by college stars, the Metros should have had an "on" day. It seemed like too much Grays.

The new Tennis club will have their courts in condition for playing in a couple of days. It is time to look up the old racquet and see Scott Barcus for a membership.

The newly organized offers practice every night and look like a finished team. They still want a game with the Grays.

One More Victory To Win Marrott Golf Cup

HOT SPRINGS, Ark.—Charles L. Smith, of Indianapolis, has a firm grip on one of the highest priced trophies given by an individual to golfers, having stroked his way to a second victory in the George J. Marrott annual tournament here.

He scored a 295 for the 72 holes, five strokes better than his mark when he won four years ago. The trophy, presented by Mr. Marrott, Indianapolis millionaire, is competed for annually. It measures two feet from base to top and is set with diamonds, rubies, sapphires and emeralds.

Negro Boxer of '98 Still In Glove Game

CHICAGO—Bob Armstrong, strapping negro who fought James J. Jeffries ten slashing rounds back in 1898, still is hanging onto the ragged edges of the boxing game. He is acting as trainer now to Wolcott Langford and other negro boxers in Mullen's gymnasium in Chicago. Armstrong is in his early fifties.

Navy Sport Names Come In Pairs

ANNAPOLIS, Md.—The Eddys and the Dysons and the Huffs and the Dennises and the Millers—ace-high sport names at Navy just now, come in pairs and take their athletics the same way.

Big Tom Eddy is crew captain and a football player. His younger brother, Ian C., is following his lead.

Howell J. and Gerald R. Dyson are wrestlers. The twin Huffs, Charles P. and George K., are swimmers, while Earle V. and Harry C. Dennis play baseball and basketball. The Millers, Ken and Ted, substitute for almost anything.

Sport In Movies Called Professional

PARIS—"Amateurism" has stirred up a tempest in the French federation of Feminine sport.

Mme. Violette Morris Gouraud, now divorced and known as Madeleine Violette Morris, often the women's champion in many sports, is out with the federation because it forbade her to organize a group of girl athletes to appear in a movie.

"Now," says Mme. Morris, "the movies are hiring German girls. If that's what the federation wants, it ought to be happy."

New Gusher May Be Clue to "Mother" Pool of Plains

Averaging 1,550 barrels a day Saturday and Sunday afternoon, then leaping to a production estimated at 15,000, the No. 2 Cockrell ranch test in southeastern Hutchinson county was reported to be making about 8,000 barrels today.

As the biggest well in the Panhandle region, this well is attracting extraordinary attention, especially since some oil men believe the test has tapped the "mother pool" of this section.

The well belongs to the McElroy Oil company, headed by S. D. (Tex) McElroy and W. W. McElroy. It is in an extension of the field, which was proven a few weeks ago by the company's No. 1 Cockrell.

A high grade of oil, testing 41 gravity, is being handled by two pipelines. The well is in the center of the northwest of the northeast of section 4, block B3, of the D. S. & E. survey. Pay was encountered from 2,922 to 2,925. The early flow of 1,550 barrels was from the top of the sand.

Let a want ad work for you.

Gas Rates Lowered To Record Level In State to Pampa Users

Pampa Gas company, which has supplied the city with gas since October, 1925, has placed into effect rates said to be as low as can be found in the state.

The new schedule ranges from 50 cents for the first 30,000 feet to 8 cents for large commercial users. The scale drops to 25 cents per thousand for 170,000 feet and gradually lower thereafter.

The company has contracts on Danciger Bowers No. 1 and Anderson's Bradford No. 1 gas wells and several others.

GOAT GETTER IS "HERO" SAMA R K L A N D, Turkestan, Spain's bullfighters have their counterpart in Turkestan's "goat goaders".

Between 30 and 40 mounted men fight each other each year for a goat that it thrown to them, and the victor is he obtains the goat and carries it before the judges. Often is only a bit of meat by the end of the fight, and some of the contenders are not in much better condition.

By special dispensation the heavily veiled Mohammedan women are allowed to join the thousands of spectators.

French Medal For War-Time Heroine

PARIS—The cross of a chevalier of the Legion of Honor was recently awarded to Madame Cauchy, French nurse, for bravery and devotion during the war.

She already possesses many medals and decorations for her brilliant conduct. The cross of the Legion was presented with full ceremony by General Gouraud.

Gives you more power, beauty, safety, value

Studebaker Custom Sedan \$1335

THIS luxurious Studebaker Custom Sedan gives you more for your money than any other car at anything like its new low price.

A world of power insures thrilling performance

Based on the ratings of the Society of Automotive Engineers, this is the world's most powerful sedan of its size and weight. So expect a new thrill when you drive it.

Enjoy its brilliant performance—see how slowly it will idle in high, how smoothly it accelerates, how flashing fast it is on the pick-up, how easily it darts through traffic openings, skims down the free stretches, climbs the steepest hills.

In addition to supremacy in power, this new Studebaker Custom Sedan gives you a new standard of safety—the safety of a full-

vision steel body, fused by electricity into a unit, practically indestructible—positive mechanical 4-wheel brakes, and the finest steering mechanism ever devised.

Matching the custom beauty of its lacquered exterior is the custom luxury of its roomy interior—rich mohair, exquisite broadcloth, Butler-finish hardware, silk curtains, iridescent dome light and deep, restful seats.

Save money when you buy—and when you drive

At its new low One-Price price the Studebaker Custom Sedan saves you money at the start and saves you money all the way, because its lighter steel construction is less wearing on tires and more sparing of gasoline—gives greater economy all 'round. Drive it today—without obligation.

Now \$1335 f. o. b. factory including \$100 worth of extra equipment

EQUIPMENT—Nickel-plated bumpers, front and rear; no-draft ventilating windshield (exclusive Studebaker's full-size balloon tires; disc wheels and positive acting four-wheel mechanical brakes; engine thermometer and hydromatic gasoline gauge on dash; two-beam acorn headlights, controlled from steering wheel; cowl lights and interior dome light; rear traffic signal lights; automatic windshield cleaner and rear-view mirror; oil filter; Alemite chassis lubrication; silken curtains; Butler-finish hardware.

STANDARD SIX Duplex Phaeton, \$1195; Custom Tourer (for five), \$1165; for seven, \$1245; Coach, \$1230; Sport Roadster, \$1195; Country Club Coupe, \$1295; Custom Victoria, \$1325; Custom Sedan, \$1335. Studebaker Commander models, \$1545 to \$1645; other Big Six models, \$1445 to \$1245; Erskine Six models, \$945 and \$995. All prices f. o. b. factory, including front and rear bumpers, 4-wheel brakes, and full-size balloon tires.

Four Erskine Six models are now available for delivery. This Little Aristocrat offers a new standard of comfort, performance and economy at its price. See it in our showroom.

Methodist Party Is Announced

The young people of the Methodist church will have a "facky" party Friday evening at 8 o'clock at the church. Every member and every prospective member is urged to come, as a good time is assured.

London Woman Owner Of Theatres Retires

LONDON—Mrs. Israel Davis, cinema magnate, will retire and turn her large interests over to her four sons. She had her first experience as an amusement house director when her husband, a builder, constructed a theatre at Highgate in 1909 and turned the management over to her. Since 1913 she has been an important figure in the British moving-picture world.

Marble Arch Pavilion, Shepherd's Bush Pavilion, Lavender Hill Pavilion and the Avenue Pavilion in Shaftsbury Avenue, London, all have been under her ownership-management. Mrs. Davis never permitted any picture to be shown in her houses which she had not seen personally, and she turned down many box-office successes because she disapproved the tone of the pictures.

Recently Mrs. Davis consummated a business deal which disposes of the family interest in these enterprises for 500,000 pounds to a new company already controlling 18 cinemas and negotiating for four other British film distributing companies. Although she and her husband are retiring, Mrs. Davis' sons will be active in the new amalgamation.

Girl Student Keeps Family Tradition

TOPEKA, Kans.—A girl whose only brother has no desire to study law, the profession of their father and grandfather, will maintain the family tradition. Virginia Vernon of Larned, a student at Washburn college here, is preparing for entrance to the Washburn Law School, from which her father was graduated 25 years ago.

Miss Vernon upon receiving her degree of LL. B. will represent the third generation of her family at the bar.

Blind Music Teacher Wins Recognition

DENVER, Colo.—Blind since early childhood, Miss Blanche McCarl, resident of the Adult Home for the blind here, has gained recognition in Denver musical circles, difficult of attainment by those endowed with all of their faculties. Since she was seven Miss McCarl has taken piano lessons and has mastered many of the classics in musical literature. Today she has a class of her own composed of 12 pupils.

County Agent For 20 Years "Kept Plugging" At Job

COLLEGE STATION, May 3.—George Banzaff of Milan county is credited by the Extension Service Agricultural and Mechanical college here with being the oldest county agent in point of years of service in the United States. He has served continuously for 19 years. County agents report on conditions of crops and spread the gossip of better agricultural methods.

The secret of his long service the College extension service sums up in the sentence that he has "been a plugger, has stuck to fundamentals and has scrupulously avoided controversy."

Mr. Banzaff was born 50 years ago in Williamsport, Pa. He came to Texas when he was eight years old, was brought up on farm near Cameron and because he became a good farmer was selected as county agent.

"The co-operation of both farmers and town people in Milan county," he wrote to the extension service, "has been fine and it has been their open mindedness and fairness that has made results possible. Every one here understands what county agents work is and they regard the job as a permanent one. We ought to accomplish much more in the next few years than in the last 19."

London Woman Owner Of Theatres Retires

LONDON—Mrs. Israel Davis, cinema magnate, will retire and turn her large interests over to her four sons. She had her first experience as an amusement house director when her husband, a builder, constructed a theatre at Highgate in 1909 and turned the management over to her. Rummage Sale Is Declared Success

The rummage sale held by the Presbyterian church on Friday and Saturday was a success and the co-operation and patronage of the people was greatly appreciated. Nearly \$100 was realized and this will go towards the church building fund.

CANNERY FOR CITY PROPOSED

Prof. Lester Offers Services To Local Community

A proposal to have a community cannery in this vicinity has been made by Prof. J. L. Lester of Pampa high school, who has had experience with such plans.

In discussing the idea, Mr. Lester said: "By community cannery I mean a centrally located place equipped with steam pressure cookers to which people may go to do their community canning."

"For the last three years at the place where I taught before coming to Pampa, my agricultural shop and classroom served as a community cannery. The shop was equipped with a furnace for cooking, three steam pressure cookers, a Burpee sealing machine, three work benches (the same I used for shop work), two tables, and several chairs. The extra expense for all necessary equipment should never exceed \$100.

"At this community cannery we canned thousands of cans of beef, pork, chicken, peaches, pears, tomatoes, okra, pickles, peas, plums, grapes, beans, roasting ears, and the like. In fact, with this equipment, we could can any meat, fruit, or vegetable that grows. With canned meat one can prepare any kind of a dish that may be made from meat, fruit, or vegetables. Meat is practically ready to serve, except for seasoning and warming. Vegetables may be prepared similarly.

"Each person furnished his own

fuel, cans, labor and the like. Sometimes I canned "on the halves" with those who did not wish to do the work themselves. For the convenience of the group, the cans should be purchased and kept at the cannery. We used tins in two sizes; No. 2 and No. 3.

"No. 2's cost approximately 4 cents each, and No. 3's 5 cents. These cans may be used three times by buying extra lids, which may be purchased at about one cent each.

"If a sufficient number of people are interested to justify the purchase of the necessary equipment, I shall be pleased to teach any who may not already know. My services are free to the community."

Big Market For Cheese In Texas

Agricultural problems will be topics of discussion at Thursday evening's meeting of the Chamber of Commerce.

The proposal to place a cheese factory here will bring together farmers and business men, and in addition there is expected to be agitation for the abolishment of the 3-cent tax on fuel used in farm tractors.

Market possibilities for a butter and cheese factory are considered very good. In 1926 Texas imported 500,000,000 more pounds of butter, cheese and condensed milk than was exported. Cheese, to the amount of 78,416,823 pounds was shipped into the state. This total, based on 30 cents a pound, amounts to \$225,432,678.

POLA NEGRI TO MARRY

PARIS, May 3.—(AP)—Pola Negri and Prince Serge Mdivani will be married at Miss Negri's chateau at Seralcourt May 14, it was announced from Miss Negri's suite in a Paris hotel today.

Coolidge To Address National C. of C. On Radio Tonight

(By The Associated Press.)
WASHINGTON, May 3.—The fifteenth annual meeting of the United States Chamber of Commerce convened today with a full program of discussion.

Tonight the Chamber will hold a joint session with the Pan-American commercial conference to hear an address by President Coolidge.

The executive's address, scheduled about 9 o'clock, will be broadcast by a chain of stations.
