PRICE FIVE CENTS.

## SHAMROCK GIRL IS KILLED HERE

### Rangers Get Liquor In Sudden Raid Here Yesterday

#### DRUG STORE IS SEARCHED FOR ITS BEVERAGE

"Lone Wolf" Gonzales Scouts Ground With Success

#### GARAGE HAS BIG CONTAINERS

Negro Porter Reveals The Stores, Destroys Them

Three Texas Rangers, assisted by "Lone Wolf" Gonzales, famous special officer, quietly entered the Hoyt drug store late yesterday afternoon and confiscated or destroyed two buried liquor containers concealed in a garage floor.

The Rangers were Captain Aldrich and Davis and DeGraftenreid, privates. No local officers took part.

Roy Albritton of the firm was taken into custody by the Rangers and taken from the city. A. E. Hoyt of the store was out of town, but is expected to return today.

Gonzales had been working here for several days. The officers worked quietly, not interrupting the business of the store but searching diligently. The negro porter was forced into revealing the buried containers, which were about 25 by 25 by 40 inches in size, of copper construction. They were buried in the earth floor of the garage back of the store, with the inlets well concealed. From these tanks, officers said, pipes led into the back of the store, where a small pump and spigots were in plain view. Some "corn" was also found in the store room.

The negro, ruing his luck, was compelled to drive a heavy bar through the copper tanks many times, after digging up the floor.

It was the Rangers first visit to Pampa. DeGraftenreid, again on the force, now calls Pampa his home, and has moved his family here. He has been in the city for several weeks.

The negro, ruing his luck, was compelled to drive a heavy bar through the copper tanks many times, after digging up the floor.

#### C. of C. Completes Committees In Meet

Two resignations were received and accepted with regret at a meeting of the board of directors of the Chamber of Commerce last evening. W. P. Peters, a member of the board, is moving to Stanford to make his home. Laverne Lavender resigned as chairman of the entertainment committee.

Standing committees were also elected to complete the organization. The committee on new industries is composed of J. M. Dodson, chairman; Curtis E. Curry, H. B. Lovett and Ivey Duncan. Other committees are: Lynn Boyd, chairman; R. A. Thompson, A. H. Doucette, C. S. Barrett and Otto Studer.

Membership—J. H. Lavender, chairman; P. O. Sanders and Carson Loftis.

Agriculture—J. L. Lester, chairman; M. A. Turner, C. L. Thomas and W. R. Campbell.

Public health—Dr. W. Purviance.

Education—R. C. Campbell.

#### SAW NUNGESESSER, REPORT

SAINT JOHNS, Newfoundland, May 25. (AP)—The Danish schooner Albert, arriving here today, reports that an airplane was sighted near Cape Pine on May 9, the day Captains Nungesser and Gail are reported to have been sighted near Harbor Grace on their Paris-New York flight.

C. E. Cary, who lost a leg Christmas, is having further trouble with the wound and another amputation may be necessary.

#### "No Curfew"

Sixty years ago Mrs. Rose Hartwick Thorpe, now of San Diego, Calif., took slate pencil in hand and wrote the famous poem, "Curfew Must Not Ring Tonight." She was 16 then, and wrote the verse while supposed to be studying arithmetic, the poetess recalled recently on the poem's anniversary.

#### LABOR STUDIES ITS PROBLEMS

#### May Endorse Moody Injunction Writs Opposed

(By The Associated Press.) WICHITA FALLS, May 25.—The resolutions committee of the Texas State Federation of Labor convention got down to business today, taking under consideration some eight or nine resolutions which have been turned in.

Proposed resolutions endorsing Governor Moody's plans for reorganizing the penitentiary system, and approving plenary powers for the newly created prison board, and calling upon the Legislature for a hands-off policy in the matter have been presented to the committee.

#### Panhandle Men At Rotary Meeting

Many Panhandle residents were guests of the local Rotary club at a luncheon today. District Attorney Brawley and Mrs. Brawley were among those present.

Avery Turner, with the Santa Fe railway, and a pioneer in the Panhandle, addressed those present and told many interesting stories of early days in this section of Texas.

An attendance contest between Panhandle and Pampa was proposed and particulars are to be discussed at a later date.

#### BRIDEGROOM KILLED

GLASGOW, Scotland.—At a recent fashionable wedding at Dungavel Castle here even the bridegroom, C. E. W. Mackintosh, wore kilts.

The plaids of several Scottish families were in evidence, Mackintosh wearing in addition to the tartan of his clan a magnificent Cairngorn brooch and dirk.

Miss Marjorie Glasgow, of Richmond, Va., was a bridesmaid.

Henry Bodenbender is very ill at his home here.

#### LINDBERGH IS HAPPY; WORKS ON AIRPLANE

Youth Cannot Resist Making His Own Repairs

#### PILOT'S NERVE OFTEN SHOWN

Has Used Parachute Several Times To Save Life

(By The Associated Press.)

PARIS, May 25.—Charles Lindbergh, "the new ambassador of America", was introduced to the French Chamber of Deputies today by Ambassador Herriek. The aviator was received with a tremendous ovation from the crowded chamber.

Captain Lindbergh in one of his customary brief addresses endeared himself to everyone of the deputies.

(By The Associated Press.)

PARIS, May 25.—Captain Charles Lindbergh had his first hours of play today since he flew from New York to Paris, and he spent them working on his plane.

The "Lone Eagle," in the press of receptions and enthusiastic greetings of the French people, still had his mind on his plane, which brought him safely over the Atlantic. He asked to be allowed to look over the "Spirit of St. Louis" to get it in readiness for the flight to Brussels.

The aviator made a careful inspection of the craft, then talked with mechanics, telling them exactly what he wished done. But finally he let temptation overcome him, and putting on a pair of overalls, Lindbergh took a screwdriver and wrench and in a few minutes was happily at work putting things in shape.

(By The Associated Press.)

NEW YORK, May 25.—Two records made by Captain Charles Lindbergh, incidental to his attempt to fly from New York to Paris for the Raymond Orteig prize of \$25,000 centered attention on this young birdman.

His flying time from San Diego, Cal., to Roosevelt Field, Long Island, was approximately 21 hours, 20 minutes, the quickest ever made from coast to coast. And he was the first pilot to make such a long to grower of this section.

Louis, about 1,600 miles, alone. His total distance from coast to coast was about 2,550 miles.

Lindbergh, 25, lean, muscular six-footer, has been flying for six years. He was born in Detroit, where his widowed mother now lives. He began his aerial career at 19, leaving his home in Little Falls, Minn., where his father was a lawyer and member of congress, and going to Lincoln, Neb., for his first lessons.

Later, he bought his own plane and when he was appointed a flying

#### LATE BASEBALL

National league—Brooklyn at Philadelphia, rain; New York at Boston, rain.

American league—Philadelphia at New York, rain.

#### Kelly Is Convicted Of Manslaughter

(By The Associated Press.)

LOS ANGELES, May 25.—Paul Kelly was convicted of manslaughter today for killing Ray Raymond, husband of Dorothy Mackaye, in an attack in Raymond's Hollywood home.

#### Awaits Prison Undismayed

Undismayed, Miss Charlotte Anita Whitney, well-to-do California club woman, waits in her cottage at Carmel-by-the-Sea, Cal., for the formal order sending her to San Quentin prison, following the action of the Supreme Court in upholding her conviction of violating California's criminal syndicalism law. She is shown here at her desk.

#### That the Public May Know

The city will begin at once the construction of a jail for women prisoners, Mayor F. P. Reid assured The News this morning. The council order is expected to be given Monday.

Much feeling was aroused yesterday afternoon among the 50 or more persons who saw a young girl, clearly a minor, placed in the city jail in which half a dozen negroes were in the inner cell. Taken in a local hotel, she was apparently doped, and early in the evening was lying in a stupor on an old quilt used by negro prisoners for some time.

Later in the evening the negroes were moved to the other jail and placed in the outer compartment. The white prisoners were in the center cell. The girl was left in the "negro" jail, with the quilt as the only furnishing. City officials said that, in the absence of another jail and with no coats or coverings provided, they were following the only recourse.

Toward midnight the jail was opened and a cot and comforter were placed inside by private citizens.

This morning the girl, a slight form of early high school age, was lying in the jail in a dazed condition, very sick from her experience. That she was taken in guilt does not solve one of the oil field's biggest problems; that she is young, an some mother's daughter, should impose a responsibility on the public, not only that she and others of her sex should be held in custody under better conditions, but that she should be saved from a life in which she apparently is starting.

Pampa, like all other communities, is urged to foreign missions, the Near East, denominational hospitals, and multitudes of other causes. It is time about at home, and save some liberality for local use is a fertile field for rescue, and The News believes Pampa will contribute liberally toward the saving of unfortunates who may be found here. The interest which is aroused in the present instance, and the scores of which have been made, bespeak the spirit of the people.

The finger of scorn should be tempered by mercy and a hand is needed in Pampa.

#### Pampa Lions Are Guests of Amarillo Club At Luncheon

Five members of the Pampa Lions club yesterday motored to Amarillo and spent a pleasant luncheon hour with the Amarillo club.

Those who made the trip are, besides Studer, Ivey Duncan, M. A. Turner, Jim Eastland and William Fraser.

Songs and short talks were program features. Dan O'Leary, champion hiker of the world, made a short talk, in which he emphasized that the Panhandle is the talk of the country.

#### DEATH SENTENCE AFFIRMED

AUSTIN, May 25. (AP)—A death sentence imposed upon Pete Banks of Fayette county on a charge of murder in connection with the slaying of C. P. Jones, May 18, 1926, was affirmed today by the Court of Criminal Appeals.

#### NECK BROKEN AS AUTO HITS DITCH IN CITY

Eva Marie Todd Is Accident Victim—Sister Hurt

#### WERE RETURNING FROM DANCE

#### Shock Throws Young Lady Through Car Windshield

Eva Marie Todd of Shamrock, 17 years old, was instantly killed about 2:50 o'clock this morning when thrown through the windshield of a Ford coupe which struck a ditch on South Cuyler street. Her neck was broken, and her face and shoulders were badly cut by the glass.

Her sister, Della, 26 years old, was bruised severely and has a wrenched back. She was taken to a local sanitarium.

L. G. Lunsford, driver of the car, and Leo Parker were bruised, and in addition Parker's left arm was broken. The four young people were coming to Pampa after having attended a dance south of the city.

The four are of Shamrock, but one of the young men has been working in this vicinity. Mr. and Mrs. F. F. Todd, parents of the girls, arrived here this morning. They live 6 miles from Shamrock.

Lunsford and Parker are cousins, and Parker was visiting the former.

The accident occurred where Cuyler street makes a southwest turn, and the south road leads into the city on an intersecting street at that point making a "V" turn. Yesterday the grader threw up a crown, cutting a trench where it followed the direction of Cuyler street across the intersecting street. Apparently the driver did not see the necessity for a turn to the left, but crashed into the ditch.

The car literally stood on the front, badly crushing the radiator and engine but not damaging the living nearby, who heard the crash and gave

#### Picture Showing For Fire

Twenty-five per cent proceeds from the picture "Brigade," now playing at the National fire association amount is set aside at where the picture is shown. The total is then divided into brigades that are member organizations.

#### PLENTY OF LICE

LINCOLN, Neb.—A sauntering down the street dogs was stopped by an "Have both those dogs seen?" he asked.

"The big one's all right, ed the youngster, "but the is full of 'em."

Telephone 100, all departments

GOING AHEAD

Much comment on the streets has it that business activity is on the increase, and that a come-back is already in the making.

To judge by the public improvements being made over the Plains, there is no slack-up in the programs of city building. Pampa, city of a year's standing but a remarkably substantial one, can show her paving as a big current enterprise, and likely will take further steps along this line soon. The Pampa independent school district has a building project aggregating \$150,000.

White Deer has called a bond election for June 13 to vote on a proposed \$20,000 expenditure for street improvement, including paving. A city waterworks system is being installed.

Panhandle has voted to pave 20 additional blocks. Rails is to install a modern sewer system. Happy will vote June 6 to obtain an adequate city water works system. Canyon is building a ward school and Randall county is paving the road to Amarillo. Potter county is building many good roads, Carson is connecting Panhandle with the oil activities, and Hutchinson county will vote soon on a big road building program which is expected to carry.

Gray county, having decided to do her road surfacing by districts, is expected to fall in line very soon and pass bond issues in the Pampa and McLean districts.

Now is the time to rush public improvements to completion, make plans for the future, and build regional good will for each community.

TWINKLES

Edison slept on a Florida floor in 1884. Aha, so there is where he got in on the ground floor, the very first stone to success.

They're Off

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON. — If you must have triplets instead of mere twins or singletons, don't count on any consolation from your Uncle Sammy.

Such warning is obviously only fair to many ambitious parents for one of the great American delusions is that the federal government offers a prize, reward or compensation for every set of triplets.

There is hardly a member of Congress who hasn't heard at one time or other from proud and triumphant parents who wanted the money sent right along and enclosed birth certificates to prove title.

And of course all the congressman can do is to send back his heartiest congratulations. Nobody seems to know just how the story started that the government made awards in cases of triplets, but it is a companion yarn to the old one about the government offering big money for buffalo nickels.

One letter that arrived recently on Capitol Hill came by express and was insured for \$50. The reason for this, according to the writer, was that the postoffice department was terminated by the Pope of Rome and that the letter never got through if sent in regular manner. The first or five pages were of tenor and no one has read the rest of it.

When a correspondent does ask for legislation or information, he often asks for it.

It seems to be a fact that in some congressional district to send the congressman tickets to every picnic, beefsteak orgy, Sun school picnic, black botanical and stereoptical entertainment that takes place in the district.

Sometimes six or eight tickets are enclosed with a word of approval. If the senator or representative doesn't dig and do his stuff, he's an ass often as not, he does. With some of the unhappy members of the hill this is a complete item of annual expenditure.

A wolf, known to have killed a man, and named the "Grey Wolf" was killed in Northern Ontario.

Diemand, for fifteen years of the Calvin Coolidge home in Hampton, is dead. He was 85 years old.

Reports from the north side of the lake recently said a heavy storm destroyed about 25,000 bananas.

Motor License Values Vary in Various States

(By The Associated Press.)

AUSTIN, May 25.—A motorist from another state may stay in Texas for 30 days without obtaining a new license plate, providing he registers his automobile number before the thirty days expire. Sixty additional days are granted upon payment of \$1.

This information has been put out by the State Highway department which contrasts it with privileges for visitors with automobiles in other states.

Alabama extends reciprocal privileges, except as to cars operated for hire. Reciprocal privileges, it is explained, permits the visitor from another state to stay as long in the state which he is visiting without obtaining license plates as is permitted by the state whose license plates he carries.

A few of the states are missing from the list.

In Arizona the motorist may stay four months, but must register with the county sheriff within 30 days. Arkansas permits a stay of 90 days but must file description of the car with commissioner of state after 30 days; California, six months, but the owner must register after 10 days with the division of motor vehicles; Colorado, 90 days except for trucks and trailers, and must register with the secretary of state immediately; Connecticut, 15 days, not necessarily consecutive, except to public service vehicles; Delaware, Kentucky, Montana, Nebraska, New York, North Dakota, Ohio, Pennsylvania, South Dakota, Virginia, Washington and District of Columbia, all reciprocal.

Georgia, 30 days; Idaho, 90 days provided permit is obtained immediately, except for trucks of over one ton capacity; Illinois, six months, except as to commercial vehicles; Indiana six days, Louisiana 90 days, except as to commercial vehicles, which are allowed five days; Maine, reciprocal, except to vehicles used for hire; Maryland, reciprocal except to vehicles used for hire; Maryland, reciprocal except as to common carriers; Massachusetts, reciprocal except if have a place of business or abode for 30 days and may register for July, August and September at one-half fee; Michigan, 90 days, but commercial cars 10 days; Mississippi 30 days; Nevada, 90 days; but must register with the secretary of state after 10 days, New Hampshire, 20 days; New Jersey, 15 days, New Mexico, three months; North Carolina, reciprocal except not exceeding 60 days; Oklahoma 60 days, Oregon three months but register with secretary of state immediately without fee; Rhode Island, South Carolina and Tennessee, 30 days; Utah, after 10 days must pay \$1 for temporary registration good for six months. Vermont, reciprocal, except to busses and trucks, but after 30 days into the state in a year must take out four months' license at one-half of annual fee, the same applies to operator's permits. Wisconsin,

Horn-Tooting Is Business Asset, Paducah Man Says

(By The Associated Press.)

PADUCAH, May 25.—Ability to toot a horn tunelessly sometimes is a substantial business asset.

It was even so with E. A. Curlock, one-time printer-bandman whose ability to toot set his feet in the road to prosperity and added him in his eventful transformation from the leader of a cowboy band to the proprietor of the Paducah Post with a business rating of approximately \$90,000.

He tooted two nights a week with the cowboys and worked as a printer the rest of the time. He began in a 14-by-16 shack with considerable less type than enough to adequately do business and an old Washington handpress, but today has a two story brick business building and modern machinery.

Chance led him to Paducah about 19 years ago. He read an advertisement that a leader was wanted for a cowboy band here. He arrived, he said, penniless. He found a town of 300, six business houses, and a run down newspaper. It looked like a "poor go". Mr. Curlock said, but he found cowboy hospitality overwhelming and he decided to stay. The cowboys came in from all parts of this section for rehearsals. They wore chaps and spurs and tied their instruments on the saddle horns with their lassoes. They seemed to like Curlock very much and when he decided to buy the newspaper they lent him \$150 of the purchase price of \$600.

Within 18 months after Curlock settled here a railroad came, business picked up, and Paducah boomed. Seven lumber yards and 18 real estate men located here. The proprietor of the Post thrived. A cowboy banker took a chance on the publisher as he expressed it, and a larger building was erected, a cylinder press was installed and needed type bought. When the boom collapsed, the account with the bank had been lowered to a safe margin.

The march of progress since has brought type-setting machine and a two-story brick building to house his business.

Radio Encourages North Sea Swimmer

HAMBURG, Germany — Otto Kemmerich, the German swimming champion, has set a precedent by swimming for an hour in the North Sea while listening to a wireless program broadcast from Hamburg. The headphones were secured in a specially constructed cap which also contained the receiving apparatus.

Mr. and Mrs. W. Calvert of Harmon, Okla., spent Tuesday here,

reciprocal, except commercial cars, Wyoming, 90 days, except if operated for hire.

The information is considered of wide interest in view of the imminence of vacation and the probability of unusual motor travel.

NOTICE

AN ORDINANCE To provide for the construction, regulation, maintenance, inspection, and operation of privies in the City of Pampa, Texas, and area of Police Jurisdiction thereof; and to provide a penalty for the violation of said Ordinance, or any Section thereof.

Be it ordained by the City Council of the City of Pampa, Texas, as follows:

SECTION 1. That on and after May 16, 1927, it shall be unlawful for any person, firm or corporation, to own, maintain, or operate in the City of Pampa, Texas, or in the area of police jurisdiction thereof, a privy or dry closet for the reception of human excreta, unless said closet is built, rebuilt, or constructed as hereinafter provided.

SECTION 2. It shall be unlawful for any person, firm, or corporation to permit a privy or dry closet of any kind or description for the reception of human excreta, to be maintained or exist on any property in the City of Pampa, Texas, or in the area of Police Jurisdiction thereof, where any of said property is within 200 (Two Hundred) feet of the public sewer system of said city, and provided connection is physically possible.

SECTION 3. It shall be unlawful for any person, firm, or corporation to throw out, deposit, or bury within the City of Pampa, Texas, or in the area of police jurisdiction thereof, any excreta from human bodies, solid or liquid, or to dispose of such excreta in any manner than into a properly severed water closet or a properly constructed improved privy.

SECTION 4. It shall be unlawful for any person, firm or corporation to construct, maintain or permit a privy to exist on any property or properties under their control where sewer connection has not been made, unless said privy is of an improved type constructed as hereinafter provided.

SECTION 5. Minimum requirements for an improved privy are that it shall be constructed, built, or rebuilt so that:

(a) The excreta deposited therein shall not fall upon the surface of the ground, but enter into a compartment or excavation in the ground.

(b) The contents of said compartment or excavation shall be inaccessible to flies, fowls, or small animals at all times.

(c) The compartment shall consist of an excavated chamber conforming to the following dimensions: Minimum width inside curbing, 3 feet;

Minimum length inside curbing, 4 feet;

Minimum depth from ground surface, 4 feet.

(d) There shall be constructed about said compartment or excavation an embankment of dirt at least six (6) inches high and at least 24 (Twenty four) inches wide about said compartment or excavation and closet so constructed as to prevent the access of surface waters into said pit unless the same shall be of a depth of more than 6 (six) inches over the general level of the surface of the surrounding ground.

(e) Over the pit shall be placed a fly-tight seat box with hinged lid or cover which shall be ventilated by a wooden flue of 1x6 material extending from the pit to eight (8) inches above the roof of the building and screened at the top with 16-mesh screen wire.

SECTION 6. Proper sizes and methods of construction shall conform to the following sizes which will render this ordinance effective: Pit shall be at least five (5) feet deep, three (3) feet wide, sloping to a width of two (2) feet eight (8) inches at the bottom, with a length of at least four (4) feet.

SECTION 7. All sanitary privies in the said City of Pampa, Texas, and area of police jurisdiction thereof, shall be kept in a clean condition at all times, and the lids closed at all times when not in use, and so used that all the excreta deposited therein shall fall in the pit provided. Such pit shall be used only for the purpose of a privy and no wash water, garbage, or other refuse matter other than human excreta shall be deposited therein.

SECTION 8. Two pounds of lime shall be put into each pit once each week to prevent an acid condition of the contents and attendant odors.

SECTION 9. In case the pit should cave at any time it shall be repaired promptly. All repairs necessary to make the pit fly-proof shall be made whenever needed.

SECTION 10. All privies existing or maintained in the City of Pampa, Texas, or the area of police jurisdiction thereof, after the date on which this ordinance takes effect, which do not conform to the requirements of this ordinance shall be, and are hereby declared a nuisance, dangerous to public health, and the City of Pampa, Texas, shall proceed to abate said nuisance in accordance with the law, in accordance with the ordinance of said City of Pampa, Texas.

SECTION 11. The local health or sanitary officer of the City of Pampa, Texas, or his duly authorized agent, shall personally inspect all of the privies in the City of Pampa, Texas and area of police jurisdiction thereof. The health officer or his duly authorized assistant is hereby empowered to enter all premises in the discharge of his duty at any reasonable hour during daylight. Upon finding an unsanitary condition he shall notify the tenant or owner, in writing, and unless such condition is immediately remedied within twenty-four (24) hours the City of Pampa, Texas, shall proceed against said tenant or owner or occupant for maintaining a nuisance.

SECTION 12. It shall be unlawful for any person, firm, or corporation within the City of Pampa, Texas, or area of police jurisdiction thereof, to maintain a pit, cesspool, or unimproved privy within 150 (one hundred and fifty) feet of a water well. It shall be unlawful to maintain or operate a privy or closet other than concrete vault or chemical type or a type where the deposits may not come in contact with the soil in a location being within 150 (one hundred and fifty) feet of a water well.

SECTION 13. Any person, firm or corporation who violates, or refuses, or fails to comply with any of the provisions of this ordinance in the City of Pampa, Texas, and area of police jurisdiction thereof, shall be punished by a fine not exceeding \$100.00. (One hundred dollars). It is herein provided that each day any person, firm or corporation permits an unsanitary condition of a dry closet, or violates, or refuses, or fails to comply with any of the provisions of this ordinance, shall be guilty of a separate offence, and shall be punished upon conviction in any sum not exceeding \$100.00. (One hundred dollars).

SECTION 14. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Approved:

F. P. REID, Mayor.

Attest:

C. H. FISHER, City Secretary.

Date, May 16, 1927.

Aggies Loss In Baseball Material to Be Keenly Felt

(By The Associated Press.) COLLEGE STATION, May 25.—The recent Longhorn-Aggie series played here marked the end of the college careers for six members of the A. and M. baseball team.

Scheunemann always will be remembered as one of the best receivers the Aggies have known, and his all-around playing and aggressiveness will be sorely missed next year.

Pitcher Hillin, who was rated the conference's best hurler in 1926 and a star flipper in 1925, has failed to hurl consistently this year, although in native ability he towers above his mates.

A. C. Bryant has been largely a victim of unusual circumstances. Although possessing more than the average ability, there were always two or three other hurlers on hand of greater promise, and Bryant was given little chance to show his wares.

In the passing of Punk Baker, the Aggies will sustain a severe blow. A clean, fast infielder, a hard and timely hitter, a good base runner, and an inspiration to his associates, Baker has been of invaluable worth to the Aggies in the past three years.

S. A. Clark is a ball player who was just beginning to come into his own at the evening of his college career. Near the end of the season he ranked as one of the best hitters on the team, and was improving in every game.

In the graduation of Captain Hollis Tucker, the Aggies lose a colorful, aggressive player, who is a steady fielder and a good hitter in a pinch.

Mather, Tennis Star Of T. U., To Study In Oxford University

(By The Associated Press.) BRYAN, May 25.—Edward O. Mather of Austin, ace of the University of Texas tennis team and considered one of the greatest net stars Texas ever produced will study law at Oxford university in England next year.

Mather has made one of the most phenomenal records in the history of the university. He ranks as one of the leading public speakers in the school, having been on the intercollegiate debating team two years ago.

When Mather completes his course at Oxford he will have specialized in law, economics and business administration.

SEEKS STATE OFFICE

AMARILLO, May 25.—The candidacy of Mrs. Henry Gould of Amarillo, state chairman of the scholarship and loan fund, for treasurer of the Texas Federation of Women's Clubs is announced.

Lincoln's manuscript on sectionalism has been unearthed in Illinois and will be auctioned by the American Art Association in New York City.

The Memphis Commercial-Appeal has been sold to Senator Lake Lee for \$5,000,000.

Quartet of Great Golf Cups In One Club

The British, American and Southern Open trophies and the Walker Cup are shown with Bobby Jones, British, American and Southern Open champion, as they stand in the Atlanta Athletic club. O. B. Keeler, noted golf writer, at the left.

ATLANTA (AP)—Four of golf's greatest trophies—the American open, the Walker cup, the British open and the Southern open—now are resting in the Atlanta Athletic club, perhaps never to be brought together again under one roof.

The Walker cup, won at St. Andrew's last summer by the American team, was sent to the Atlanta club

as a courteous tribute to Bobby Jones and Watts Gunn, who scored three points, all that were possible, in the international match.

Bobby won the United States open championship cup at Scioto just two weeks after he captured the British open at Lytham and St. Anne's, England. The British cup has been in play since 1894 and Bobby has won it twice. The two cups never before

had been won by the same man in the same season.

The tall cup, the Atlanta Journal trophy emblematic of the Southern open championship, was won by Jones in March.

The British and American cups are being sent to England and Oakmont respectively. Bobby will play at the American open, June 14-16, but school work will prevent his defense of the British title.

SPORT TALK

"Who is going to pitch for the Grays Sunday in Lubbock?" has been asked several times. Well, "Os" Eckhardt will do the mound duties according to Manager Ed Gober. Gober hasn't decided who will do the hurling for the Holiday attraction.

We still hear people talking about all those Metros who struck out last Sunday.

Pampa's favorite, Bob Clarke, got into action in Texan land yesterday, and pitched like he is capable of doing. He held the fast-traveling Des Moines team down after relieving Swartz in the third inning.

What a combination Clarke and Eckhardt would make on the Grays team. It would just be too bad for opposing batters. The Metros are supposed to be poison with the bat, but sixteen fanned Sunday.

Didn't know we had two boxers on the ball club until yesterday. The American Legion is sponsoring a boxing bout, proceeds for the flood relief, and "Rusty" Cahill and "Hook" Shaw will feature the semi-final and final bout.

Shortstop Achieves Unaided Triple Play

HOUSTON—Eddie Hock, shortstop of the Houston club of the Texas League, made baseball history in Dallas when he executed an unassisted triple play against the Dallas Steers recently.

Records reveal only five parallel feats in the major leagues.

With runners on first and second base, Joe Tate, third baseman of the Dallas club, lined one to Hock, who made a leaping one-handed catch. Hock touched second to double the runner that had headed for third, and then ran toward first base to tag the runner coming toward second.

Hole-in-One Debut for Len Nettlefold

LONDON—Len Nettlefold, the Australian amateur champion, holed his first tee shot on the very first stroke he played after landing in England. The hole only measured about twenty yards but it was voted an extraordinary debut. He was taking part in an approaching and putting contest between eleven men and eleven women.

FRESHMAN MAKES ALL A'S Valera McKown, Pampa high school freshman student, made all A's during the last term.

She took algebra, English, history, and home economics. She missed only eighteen days from school during the year.

C. E. Palmer of Amarillo spent Tuesday here on business.

Teaches Patriotism In Kansas Towns

Topeka, Kans.—Mrs. Ida M. Walker, while a member of the Kansas legislature obtained the passage of the state compensation law, providing a bonus for world war veterans. Now as secretary of the American Legion auxiliary of her state, she is directing a campaign for patriotic instruction of wives, mothers and sisters of Kansas legionnaires.

Her work is based on cooperation between the public schools and the local auxiliary units in many Kansas communities. She qualified for membership by virtue of her brother's military service.

Tennis Courts Lure Aged Swedish King

STOCKHOLM, Sweden—Despite his 68 years the warm spring weather has brought King Gustav out of his winter seclusion on to the royal tennis courts.

King Gustav has been a familiar figure on the principal Swedish courts for 50 years, winning or losing with the good humor of the real sportsman. The king carries his years lightly and would rank high in a list of players of his country. He has a powerful service, his backhand play is sound, and his placing is good.

Kansas Boxer Now A "Civic Enterprise"

DODGE CITY, Kans.—When "Hoot" Burger, light heavyweight boxer, went down under a knockout blow after he had won 30 consecutive victories, his home town followers did not turn away from their fallen idol.

Instead they pooled \$12,500, bought Burger's contract from his managers, and made him a "civic enterprise." They will send their 22-year-old pride to a boxing school in New York, and later he will seek the crown of the world's knockout king.

The Dodge City boy was knocked out by Mike Arnold, of Denver, several weeks ago.

Women's Club Bans Pacifist Applicants

CHICAGO—Radicalism and pacifism must be specifically disavowed hereafter by women who seek to join the Government Club, a Chicago organization formed to "promote among women a more practical knowledge of the various forms of government and to inculcate the true spirit of patriotism and respect for law."

The club has amended its membership application to include the phrase "I do not endorse communism, socialism or pacifism."

The Minor C. Keith interests propose a \$600,000 real estate development adjoining the city of Panama, Canal Zone.

Table with 4 columns: Team, Wins, Losses, Saves. Rows include American League (New York, Chicago, St. Louis, Philadelphia, Washington, Detroit, Cleveland, Boston) and National League (Pittsburgh, Chicago, New York, St. Louis, Philadelphia, Brooklyn, Boston, Cincinnati).

Table with 4 columns: Team, Wins, Losses, Saves. Rows include Western League (Des Moines, Omaha, Lincoln, Tulsa) and National League (New York-Boston, St. Louis-Chicago, Philadelphia-New York, Pittsburgh 11, Cincinnati 1).

Clark Wins Own Game; Gives Fine Pitching Exhibition

AMARILLO, May 25.—Bob Clark, late of Pampa, relieved Swartz in the third inning yesterday, stopped vicious slugging by the Demons, and won his own ball game by hitting a triple with two on and later scoring on Swansboro's single.

Clark's heavy blow tied the score and then brought in the winning tally to make it 8 to 7. He allowed only one hit after the sixth inning. It was not his first good showing with the Texans, but it was his first credited win and the first time his support was up to par.

The box score: Des Moines 4, Amarillo 8. Omaha 4, Oklahoma City 1. Denver 4, Wichita 1. Lincoln 2, Tulsa 4.
