To Pampa Kiwanians
DEAR FRIENDS: I see by the papers where you are launching a safety campaign for my city and after reading some of the details it is very apparent that here is a worthwhile move that should be given the support of every individual resident of my community as well as other civic groups and public organizations. Safety is a thing on which we Pampa cannot lay too much stress. Safety in the home, in our factories, in the streets—safety everywhere is what we should be striving for. A little bit of carelessness can go a long way, and this campaign you are launching tomorrow ought to serve to make each of us safety-conscious—not only during the life of the campaign—but during every minute of our lives. Practicing safety is one of the best habits we can form. Here's to the success of your campaign. I know you are going to find that the entire city will swing behind the movement you are placing in momentum.

To School Officials
DEAR POLK: You must all feel pretty proud now that the dedication date has been set for your new and shiny school auditorium which on Feb. 18 will become definitely and actually another of my city's assets. Erected at a cost of \$67,000 the building has been officially accepted and brings to realization one of the city's most-advanced institutions. It will provide an outlet for school activities which have been cramped and in many instances entirely dispensed with because of a lack of room. Congratulations, again, upon the completion of this splendid addition to our community.

To Whom It May Concern
DEAR SIR: I had a visitor in town this week who was a bit confused as he walked down some of our streets which are not exactly in the heart of the business district. He was surprised that we do not have more sidewalks than we do. He walked along on a sidewalk for a space and then he came to a muddy strip, then some sidewalk, and then some more muddy strips with no walks at all. He suggested that it would be a big improvement if we could have a solid network of sidewalks, particularly in the business district. In some cities, you know, it is compulsory to have a sidewalk in front of your residence or place of business. A little sidewalk campaign might not be amiss in Pampa.

To Gray County Citizens
DEAR POLK: I want to say just a word or two here about the wonderful manner in which you have responded to the Red Cross appeal for funds to aid sufferers and refugees in the flooded areas of the Ohio and Mississippi river valleys. You have given and are continuing to give from the bottom of your hearts. Gray county's purse strings certainly have been loosened up to help the unfortunate victims in flooded lands hundreds of miles away.

VOTERS RUSH TO PAY POLL TAXES SATURDAY
 A last-minute rush was on Saturday night to pay poll taxes before the deadline was reached. Workers in the county tax collectors office reported that upwards of 1,400 poll tax receipts had been issued here. There were no figures available on the number issued from the sub-office at McLean.

LEFORS GIRLS INJURED IN AUTO COLLISION
 Two LeFors girls were brought to local hospitals for treatment Friday night following an automobile accident 10 miles east of LeFors. Two other occupants of the car received only minor injuries.

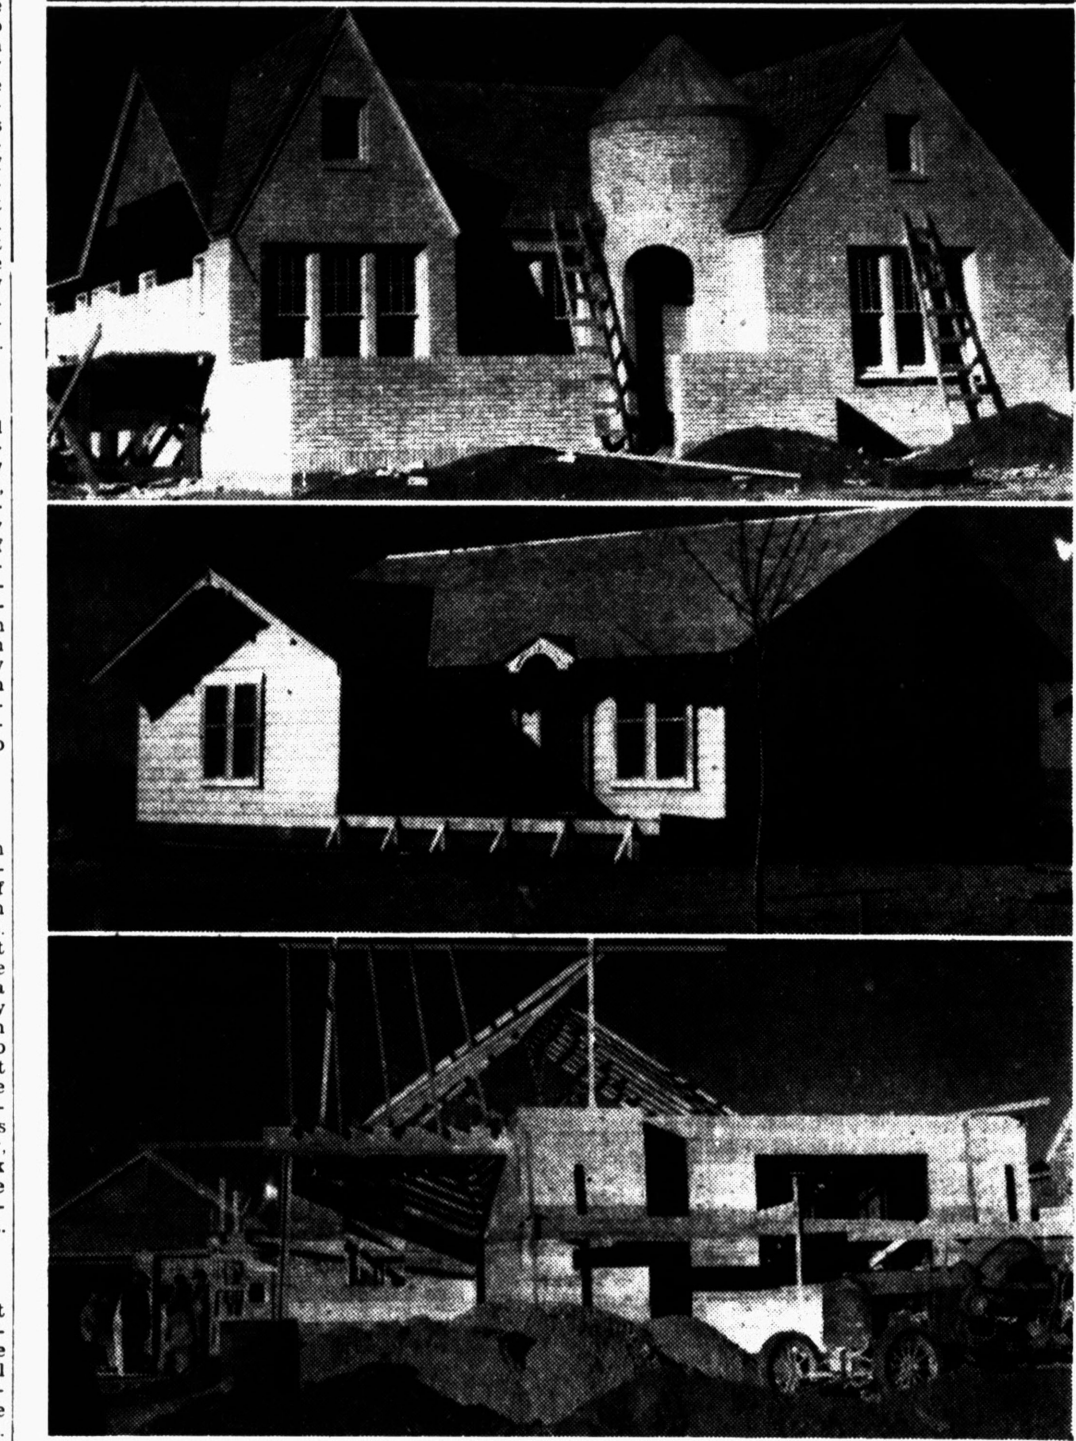

I Heard . . .
 A pitiful yelping coming through the heavy mist yesterday morning. Soon a little white, long-haired pup with long icicles hanging from his whiskers appeared on the dead run. With every step he tried to brush a whisker with the result he was sliding more than running.

HITLER PROMISES TO END 'SURPRISES'

Residential Building Booms Here

Pampa is experiencing an unusual winter building program, which apparently has just begun according to building permits issued by the city of Pampa last week. Permits for the month to date have reached \$46,000. Above, the NEWS photographer pictures three of the many residences now under construction. At the top is the home of Howard Buckingham on Christine street. When completed it will have cost \$8,000. It is of brick 40 by 53 feet with a 20 by 25 foot basement. L. C. Graham is the contractor. In the center is the Frank Foster home on North Russell street, west of the Cook-Adams addition. It is 36 by 38 feet and when completed will cost \$4,500. John E. Hill Lumber company is the contractor. The bottom picture shows the skeleton of the W. L. Godfrey home on Christine street. It will be 32 by 44 feet with a basement 18 by 32 feet, and will cost \$6,500. J. King is the architect and contractor.

MARKET BRIEFS

NEW YORK, Jan. 30. (AP)—Another sharp forward thrust of the steel industry secured to a certain extent hesitant tendencies in parts of today's stock market. Bringing support for many issues was the climbing progress displayed by U. S. Steel. This leader crossed 97 to a new post-depression top and finished at 96 1/2, up 1/2 points net.

Auto fractions to 4 were scored by Bethlehem at 83, National 80 1/2, Wheeling 40 1/2, Republic 34 1/2, Allegheny 40 1/2, Ohio 18 1/2, Youngstown Sheet & Tube 82 1/2 and Gulf States 72 1/2. Most of these established new 6-year highs.

The darker outlook in the General Motors strike found buying sentiment for automotive leaders rather cool. With no auto an immediate break in this deadlock, despite feverish activities of governmental authorities, General Motors was down at 47 1/2 and Chrysler was up a small fraction at 123 1/2.

Miss Jones Will Leave Wheeler For New H. D. Post

WHEELER, Jan. 30 (NC) — Miss Viola Jones, home demonstration agent of Wheeler county for 10 years, has presented her resignation to accept a similar position in Jefferson county. She is to leave here Feb. 15.

Miss Jones, who has made an outstanding record in her work with farm women and girls here, will have her office in Beaumont, the transfer is a promotion for the agent, as she goes to a more populous county.

County officials accepted the resignation with regret, expressing appreciation of her services which brought national recognition to the county. Her successor has not been named.

Shoes Take Color For Spring Newness

Color is the most striking thing about women's shoes this spring, says C. W. Briscoe of Murfee's shoe department, who has just returned from the Texas and Oklahoma Shoe Retailers annual show in Dallas.

More than 200 shoe manufacturers were represented, and stylists were present from many large New York firms.

Other notes Mr. Briscoe made about spring shoes: Practically every shade in the rainbow is being shown, but favorite colors are black, gray, blue and beige. White shoes will not be worn until after Easter, which falls this year on March 28. The dark colors will continue in favor all summer, but hot weather will put women in white shoes most of the time.

Toes will come out; there are many shoes with open toes, also open heels and shanks. Heels are a little higher, due to the fashion for shorter skirts, but there will be plenty of comfortable low-heeled shoes in sports types.

The next regular meeting will be at the school building, Feb. 4, at 4 p. m.

Laketon News

LAKETON, Jan. 30 — Mrs. Arthur Corse and Mrs. Rex Bell will be hostesses Tuesday afternoon at 3 to all the mothers of the school pupils and to all members of the P-T-A.

The ping pong tournament of this week dethroned winners of the previous journey. Ruth Godwin, previous all-school winner, was defeated by her sister Irene for the championship in the girls' division. Hugh Terry, winner of the boys' division, was dethroned by Claude Turner. In the play-off between the two divisions, Claude won over Irene by scores of 21-18, 21-18.

In computing the semester averages it was found that Yvonne Hoffer, in Mrs. Corse's room, and Willie Renner, in Mrs. Bell's room, had the highest rating. The highest averages in each grade were: Mignon Colwell, first grade; James Mabry, fourth grade; Carl Carter, fourth grade; Yvonne Hoffer, fifth grade; Hugh Terry, sixth grade; Willie Renner, high school.

Mrs. B. Roy Looper entertained the Get-Together club at her home Wednesday afternoon. Mmes. T. E. Keeney, Wheeler Paris, R. C. Carter, Jay Evans, Floyd McLaughlin, Ennis Jones, and Mrs. Sam Arnett entered wholeheartedly in the various contests and games planned for their amusement by their hostess. Refreshments of cake, coffee, and fruit were served to the guests at the close of the afternoon.

ADOBE WALLS SCOUTS

SCOUT WEEK

Boy Scout Week, to be observed nationally from Feb. 7 to 13, will be carried out in appropriate fashion in Adobe Walls, based on plans mapped at the present time.

Local ministers have been asked to devote services Sunday, Feb. 7, toward the important part played by the scouting movement in the welfare of young men. A request has been made that special announcements be made to the congregations asking their participation in the week of activity, devoted to celebration of the Boy Scout movement.

Scoutmasters of the city met at the Berger high school this week and discussed plans for the forthcoming period of celebration. A letter, prepared by District Chairman C. R. Stahl to Fred M. Roberts, new executive of the Adobe Walls, Council with headquarters in Pampa, has been forwarded to the "chief" to be in this city for at least two days within the period designated. The Scouters feel that presence of the executive will do much toward an active program dedicated to Scouting work.

TROOP 4

Troop 4 held their regular meeting Wednesday night, Jan. 27, in the basement of the Christian church. The meeting was opened with the Scout oath led by Grover Foster. Scoutmaster Emmett Gee told of special plans for the next troop meeting. The troop will attend a revival in the Christian church instead of their regular scoutmaster's talk on the flood stricken area. Several of the boys worked on tests for the next Court of Honor.

The following boys were present: Hugh Anderson, Tommy Ballaw, Wiley Bunting, Burd Graham, David Vismar, Bob Gilchrist, Jas. Mitchell, Richard Neaves, Billy Rice, Roy Russell, Chris Martin, Bryan Edwards, James Liles, Floyd Ferguson, Pete Luttrell, Joe Bob Zimmerman, J. D. Kidd, Karl Nichols, and Emmett Gee.

TROOP 20

Four members were appointed to solicit signatures to a president's birthday telegram, when Troop 20 met at the church Tuesday night. The Scout oath and law were repeated, and the remainder of the hour was spent in games.

Ely Fonville, assistant scoutmaster, took charge in the absence of Scoutmaster Lee Bowden, who was ill.

Members of troops 16 and 80 will long remember last Thursday night as one of the most enjoyable parties ever held. The troops came to the Methodist church not knowing whether or not they liked each other, but they left certain that they did. The boys of troop 80 have de-

home of Mrs. Walter Lill Tuesday, January 26, at which Mrs. Howard Mulkey and Mrs. Herman Powell were voted into the club as new members.

Cal Farley of Amarillo will show pictures of his European trip before the Carson County Federation of Women's clubs Thursday, Feb. 4 in the high school auditorium.

The women's council of the First Christian church met Wednesday afternoon in the home of Mrs. C. W. Beene with ten members present.

TROOP 14

Our Scout meeting opened Friday evening at 7:15 with the Scout oath led by Wayne Roby. Then we had a game called "Quiz" in which our scoutmaster asked us questions about scouting. After the game, Mr. Stein counted up our points, then we played a game called "One Legged Football." After that we played "Steal the Bacon." Then we had business in which we discussed Boy Scout week. We dismissed at 8:25 with a game called "O'Grady Says."

Our visitors were: Mrs. W. E. Davis, Mrs. Clara Burk, Charley Drennen, Mrs. Clyde Winchester, Mrs. Walter F. G. Stein, Robert Stewart.

Officers present were: Walter F. G. Stein, scoutmaster; Clyde Winchester, assistant scoutmaster, and Herbert Maynard, senior patrol leader.

Members were: Lone Star patrol—Leroy Malone, Wayne Roby, Billy McNitt, Robert Edgington, Wolf patrol—Ted Stewart, Jake Garman, Ray Redman, Neil McCullough, Marvin Suttle, Flying Eagle patrol—Maben Hill, Raymond Perkins, Jeff Jelfe, Joe Gargile, Mark Bratton, Billy Brady, Eugene French, Raymond Harrah; Coyote patrol—Baldwin Strubbing, Billy Winchester, Jack Smith.

ment it will be impractical to invite members of other troops as was first planned. It is expected that when the 40 members of troop 80 and their parents are seated, the basement will be full.

Plans for the Court of Honor program which troop 80 will give Monday evening, Feb. 22, were announced. The troop will present a Scout program in the form of a trial, "The Broken Window Murder Case." Members of the troop will play the roles of judge, prosecutors, attorneys, clerk, bailiff, sheriff, jury, witnesses. All the tricks and mannerisms of the court will be used during the trial.

Scouts present last week by patrols:

PAMPA'S SAFETY CAMPAIGN.

A 90-day traffic and home safety educational program will swing into operation in Pampa tomorrow under the sponsorship of the Pampa Kiwanis Club and cooperating agencies.

Any safety program in any community is one of the most vital steps that can be taken. The Daily NEWS believes this to be true of the program about to be launched in Pampa, and this newspaper gladly steps behind the movement to urge whole-hearted support from every citizen and all civic groups.

This three-month program will reach its grand climax during the last week in April which will be marked throughout the city as annual Safety Week.

In the meanwhile the safety campaign will be so constructed to include safety talks over the radio, newspaper educational articles, safety programs in the civic clubs, P. T. A. and women's clubs and special programs for industrial groups.

Safety pictures will be shown in the theaters, police will carry on a program of safety education in downtown streets, brakes will be inspected, speeding, double parking will be checked and safety lanes will be conducted for motorists.

A special program will be set up each day of the final week and safety play contests will be conducted among school children.

This safety program, while it is being sponsored by the Kiwanis Club, opens up an avenue for general participation of every civic, school, church and public agency in the city.

The Kiwanis Club is to be congratulated for its very deep interest in this matter which is one of the objectives for the year of the local organization. However, there is a feeling that from the general cooperative spirit that has been shown in other activities in Pampa in the past, the entire citizenry will fall in line with the Kiwanis and make of this the most successful safety campaign ever conducted here.

It has the full endorsement of city and county public officials and other clubs already have signified a willingness to do their share in the movement.

The Kiwanis Club merely is taking the lead in the campaign to make Pampa streets, homes and industrial places safe. The educational drive to bring this accomplishment will be pushed vigorously in the next three months.

The aim of the Kiwanis Club and cooperating agencies is that the safety idea will be so thoroughly imbedded in the minds of our citizens that when the campaign is closed every week will be safety week in Pampa.

CAN WE 'TVA' OHIO, MISSISSIPPI VALLEYS?

There is nothing new about floods in the Ohio and Mississippi valleys. Impersonal and relentless, the mighty rivers overflow their banks periodically. They have done so ever since the first keel-boaters went downstream from Pittsburgh; apparently, they always will.

But because they are great highways, and because they flow through the most fertile valleys on the planet, these rivers have millions of people along their banks. Great cities and teeming farmlands lie on either side, all the way to Gulf. When floods come, as they have come this winter, the record is written tragically in terms of death, suffering, disease and property loss.

Now we have spent millions of dollars to get these rivers under control. After each great flood a new program is launched. National and state governments give money generously; the best engineering brains are summoned to see that the money is spent wisely.

Yet one winter of abnormal rain or snow seems able to cancel all of this control work between week-ends. Despite all that has been done, this winter's rampage of the Ohio is the worst in that river's history.

And that must mean that one of two things is true. Either we have not been using the right tactics in our control campaign—or the campaign is doomed to defeat by the very nature of things, and we shall have disastrous floods every so often in spite of anything we may do.

If the latter is the case, we can take it; we have so far, at any rate, and we probably can go on doing so. But before we admit defeat, we might do well to study the whole problem from a new angle. Isn't there some other way of attack that might lead to victory?

It may be that there is a way; a strategy by which we would look on the whole tremendous river system as a unit, to be curbed by a great, co-ordinated campaign more far-reaching and thorough than anything we have ever tried.

We have a handy laboratory in the Tennessee valley. The river there is being put into harness in a comprehensive way. Under the Tennessee Valley Authority, it is not merely being turned to the produc-

tion of electric power; it is being made flood-proof and erosion-proof, chained with an infinite network of dams, spillways, sluices, forests, terraced slopes, and similar works so that, when the job is finished, the Tennessee and its tributaries will be permanently under control.

To do the same thing for the great Mississippi and Ohio valleys would be a job such as even America has not tackled before. It would take millions upon millions of dollars, years of effort, and the best brains the nation could call into service.

It might be that the job would just naturally be too big. But in view of the record of the last fortnight, we ought to find out about it. If these mighty rivers can be harnessed and controlled, no price is too high. The tragedy of the Ohio valley will not be wasted if it forces us to make the valley secure for all time to come.

Those Madrid defenders won't think their lot in life so bad when they read the casualty list of America's holiday traffic toll.

We learn the eternal flames honoring World war dead in Bucharest and Brussels still burn. By this time, you'd think, they had been put out by all that diplomatic hot air.

Washington Letter

By RODNEY DUTCHER

WASHINGTON—President Roosevelt's ambitious program for government reorganization is likely to go the way of all previous such programs unless he begins to apply plenty of heat at an early date.

That is to say, there's a growing danger that there will be no reorganization at all. Hardly anyone on Capitol Hill admits being completely satisfied with the president's plan, and past experience has been that when every member could find some particular item objectionable, any proposed plan would be torn to pieces until nothing could be accomplished.

Advisers to Roosevelt are suggesting to him that only prompt application of the full power of his personal prestige can assure any reorganization action.

James Roosevelt, the president's son and new secretary-assistant, is understood to have taken the reorganization project under his wing—rather than Undersecretary of Interior Charlie West, usually the No. 1 White House liaison man with Capitol Hill. James is inexperienced.

Among members whom Roosevelt usually can count on to support progressive legislation, there's an especial concurrence of objection to the proposal to bring the independent regulatory commission in under departmental roofs.

What the president had most in mind when that proposal was formulated, his advisers whisper, was the necessity of getting the Federal Trade and Interstate Commerce commissions under executive control to the point where they could be "cleaned out."

Privately, Roosevelt regards these two commissions as badly staffed, incompetent and getting worse. But each is tied close to Congress by many big patronage jobs, occupants of which are now serving as a secret lobby to sabotage the reorganization program as it would apply to FTC and ICC.

Also painful to the administration is Senate Majority Leader Joe Robinson's outcry against the plan to raise cabinet salaries from \$15,000 to \$20,000, and to pay other top officials as high as \$15,000. Joe and other members feel hardly anyone should receive more than a member of Congress, who gets \$10,000.

But private corporations keep right on buying up the government's best men for salaries much higher.

Chances are the president will soon start pushing for action on reorganization.

Something Else To Begin Thinking About

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—There is one traffic-wise pretty on Broadway, a blond comedienne who refuses to be held up by endless avalanches of hacks and limousines. When the lights go red, and she is in haste, she assumes a quick, painful limp and gazes mutely at the big, good-natured traffic cop.

It breaks your heart to see that gal hobble, and it breaks the policeman's heart, too. Anytime she tries it the odds are five to one that traffic will be halted with one, prodigious blast of that whistle he totes, and that personally he will escort this gamely-hobbling, grateful little miss across the avenue.

His reward, once the street has been crossed, is a great big thank-you smile, which sends him back to his duties like an over-grown boy scout who has done his good deed for the day.

As for the actress—once around the corner—she resumes her normal brisk gait, which is that of a tennis champion and a born athlete. Incidentally, she could handicap that cop from here to there and beat him at 100 yards.

One of the things about being a rambling reporter in this town is that you never know what is going on. I took in the tennis matches at the Garden the other day, but had to leave before they were over, and it was not until next morning that I dived into the morning papers for results.

HOW'S your HEALTH

Edited by DR. IAGO GALDSTON

SLEEP

Sleep has been well termed one of the world's daily miracles. It is miraculous in its effects, and we know but little more about its mechanisms than about the mechanisms of most miracles.

But we are not lacking in theories, and the explanations some quite reasonable. Precisely why we fall asleep remains undetermined. But we do know that certain factors and conditions favor sleep, while others impede and interfere with it. These known factors and conditions enable us in various ways to "woo Morpheus when he is slow in casting his shielding veil about us."

Physical fatigue is a primary stimulant to sleep. Shakespeare said, "Weariness can snore upon the flint, when resty sloth finds the down pillow hard." Mental fatigue, too, can render one drowsy, provided it is not acquired in pursuit of stimulating mental work. Monotony, quiet and warmth are known to favor sleep; the opposites to interfere with sleep.

Pain, worry and cold render falling asleep difficult. Stimulating sensations such as bright lights, sharp noises, and unaccustomed jarring (as on a train) impede sleep. Hunger keeps certain persons awake. Exciting literature read in bed or before retiring, may render one sleepless.

When one finds it hard to fall asleep, let him take stock of himself and his surroundings to see what may be wrong. Has he "earned" his sleep by physical effort? If not, a brisk walk before retiring may help. Again, has he perhaps overtaxed himself, is he too tired to sleep? Then an extra long stay in bed will help. Is the bedroom as dark and quiet as it can be made?

Are the covers adequate and the "restless" good? The great production of the body falls by more than half during sleep. Covers that are slightly too warm when one retires, may not be warm enough at the

And such results: "Vines and Barnes won in two sets," said the Herald-Tribune. However, the New York Times insisted that Perry and Bell had defeated Vines and Barnes, 6-4, 6-4.

Oh well, you can always get it in Spalding's Tennis annual.

White crews aren't often permitted to land at Amoy, China, an "outport" which is considered very unhealthy after dark... Sometimes, when you go ashore there, you don't come back.

Goeta Ljunberg, the Swedish soprano, made her debut at the Palace in Stockholm when she was just eight... She remembers that the most important person there was the late Queen Victoria.

Like most theatrical folk, Betzi Beaton likes to collect things, and her taste runs to "No Parking" signs and, Patricia Bowman likes to retain her old ballet slippers. Agna Enters, the dancing mime, has a choice collection of old Spanish coins.

Speaking of being kicked upstairs—Theresa Helburn recalls the young actor the Theater Guild dismissed after he had appeared in several of their plays, in favor of a young man who made earnest and frequent application at the Guild casting office. She can't remember the name of the young man who was taken on, but the lad they fired went to Hollywood and turned out to be Robert Montgomery!

Talks to parents

STRAINING THE VOICE By Brooke Peters Church

In this day of youthful prima donnas, a word of warning to the parents of children who can sing may be in place.

The voice that can be trained in the early teens is a rare one, and many lovely voices are ruined by premature exploiting. The vocal cords have to develop like any other part of the body. A girl's voice, like a boy's, though not so noticeably, goes through a period of change. Until the adult voice is established, the vocal cords fully developed, the voice should not be trained, and indeed as far as possible should be allowed to lie fallow.

As far as possible—there is the difficulty. The child who can use her voice acceptably wants to sing, and is apt to be allowed or even encouraged to do so. The best way to give her an outlet with the least danger to the voice, is to find her an opportunity for group singing, in a choir or glee club. In the group the individual voice is lost and there is no incentive to overstrain.

The young girl singing alone is apt to be shy, and as a result her vocal cords and muscles are all

tion of a machine for sowing cottonseed. Subsequently he invented a rice sowing machine, later adapted to sowing wheat in drills. He graduated in medicine at Cincinnati, but before establishing himself in practice conceived the basic idea of the gun which afterward made him famous. In 1851 he built the first types of the revolving battery gun now known as Gatling. This was improved in 1865 and immediately adopted by the United States government. In 1866 he invented a new gun metal of steel and aluminum. Congress soon afterward voted him \$40,000 to perfect new method of casting cannon. He died in 1903.

GRIPPLED YOUTH HELD IN DEPUTY'S SLAYING

HOLDENGLILE, Okla., Jan. 30 (AP)—A crippled youth who said he was an expert marksman was held for questioning here tonight in the fatal shooting of an Ada deputy and the wounding of a deputy U. S. marshal.

Captured without resistance on a hilltop near Stricktown not far from a bullet-riddled automobile, the youth told Sheriff Tom Kilmer of Atoka county he was Jack Scott, 17, St. Louis, Mo.

The bullet-scattered ear was taken to Ada, and when a crowd of curious gathered, Sheriff Clyde Kizer and Police Chief Roy Keller both of Ada, brought the youth here.

E. B. SPILLER DIES

FORT WORTH, Jan. 30 (AP)—E. B. Spiller, prominent in the livestock industry for many years, died in a hospital here today of meningitis and influenza. He was 51 years old. He devoted his entire career to the livestock business. For many years he served as secretary-manager of the Texas and Southwestern Cattle Raisers association, being one of the youngest men ever appointed to this position.

OPENS LAW OFFICE

Offices for the general practice of law were opened yesterday in the First National Bank building by C. E. Cary, former Gray county judge.

Mr. and Mrs. W. A. Meyers have returned from Plainview where they were called by the death of his mother, from pneumonia.

Prince Funeral To Be Held in Amarillo Today

Funeral services for H. Carl Prince, prominent oil well drilling contractor, who died in Amarillo late Thursday night, will be conducted at 2 o'clock Monday afternoon at the Folk Street Methodist Church there. Complications which followed an attack of pneumonia two months ago were given as the cause of his death.

Widely known in the oil business throughout the Southwest, Mr. Prince was associated with W. R. Adams in the Adams-Prince Drilling company. Formed in 1907 as Adams Brothers and Prince, the company operated as drilling contractors and independent producers in Illinois, Oklahoma and Texas. Since the death of Lester Adams in 1924, the company has been known under its present name.

Mr. Prince was held in high regard among his associates for his judgment, patience and fairness. Born in 1880 at Smithville, West Virginia, Mr. Prince started working in the oil fields at the age of fourteen. He was a thirty-second degree Mason and a member of Khiva Shrine.

Mr. Prince moved to Amarillo in 1926 and four years later married Miss Eunice Adams, sister of his partner.

Besides his widow, he is survived by his mother, Mrs. Ben F. Prince, of Parkersburg, West Virginia; an uncle, Jack Pettit, of Pittsburgh, Pa., and three nieces.

Mrs. Prince's sister, Mrs. Virginia Varnell resides in Oklahoma City, and her father, George N. Adams, is a resident of Pampa.

PAMPANS WILL ATTEND BANQUET IN AMARILLO

A group of Pampans will attend a banquet tomorrow night in Amarillo celebrating the opening of the Santa Fe railroad branch from Boise City, Okla., to Los Animas, Colo., connecting Denver, Colo., and San Antonio by way of Amarillo. Present will be Governor James V. Alfred of Texas, Governor Tiller of Annamons of Colorado, Governor Clyde Tingley of New Mexico, W. K. Eter, vice-president of the Santa Fe, and others.

The mayor of Denver will lead 150 citizens on a special train. Representatives from all towns and cities along the line will also be present.

OVERSUBSCRIBED 10 TIMES

PLAINVIEW, Jan. 30 (AP)—Hale county's Red Cross flood relief quota was oversubscribed ten times today. County Chairman John Lucas announced a check for \$1,000 was mailed to national headquarters, with more contributions pouring in.

Joseph Hodge returned yesterday to University of New Mexico at Albuquerque after visiting his parents, Mr. and Mrs. Joe Hodge.

Wayne Larsh left last week to enter Oklahoma University at Norman.

HARVESTERS SHOW BEST FORM OF YEAR IN CARVING TURKS 27 TO 20

FINE HUSTLING NOW APPEARS TO BE A HABIT

MISTAKES ARE FEWER EACH GAME TEAM PLAYS

By ARCHER FULLINGIM
The long-predicted improvement of the Harvesters basketball team appeared definitely well on its way last night when the local cagers moved down Al Duncan's Terrible Turks from Turkey 27 to 20.

The Pampa quintet set up a smothering defense the Turks could not penetrate, and the offense clicked better than it has this season. It was the first time this season that the boys won two games in a row in which they appeared to hustle like experienced basketball players. Friday night, they knocked over Amarillo by hustling the ball in a vigorous new manner, by capturing rebounds, and they did these things even better last night.

At Amarillo, they lost the ball frequently and missed fine chances to score. Last night, they did the same thing, but not so much. Cox playing at the guard position again demonstrated his value in the lineup. While playing as forward, he was not as effective as in the last two games.

Dewey opened the scoring in the first second of play by taking a tip-off flipped by Heiskell. Ayer easily outjumped Turkey's Thompson at center. Pampa held the lead throughout the contest. The score at the end of the first stanza was 7 to 4, at the half 15 to 10. Ayer made three baskets in the first half, Heiskell one, Reynolds one, and these scored all the field goals made in the second half. Heiskell looped two free shots, in the second half, and Dewey two in the first half. Cox also hit the basket, from the free throw line in the first half.

Ayer probably played one of the best games of his two-year career on the first team, but his failure to pass several times to unguarded men under the basket, when he took difficult shots at the hoop and missed, marred his offensive play. However, he probably made up for it in batting down goal-bound balls of the enemy. Dewey showed no let-up in the fiery and lightning-like hustle for the ball he has shown in the last three games. Reynolds, Cox, Dewey and Heiskell all fed the ball unceasingly to Ayer when he was loose, and they were responsible for a flock of baskets. Heiskell continued to be the long-distance shooting expert, looping two long ones.

Cox, Coach Duncan brought a veteran team to Pampa that has trod over many fine teams in the Childress district, including Crowell, Quanah, Tell, Lakeview, Childress. The Turks held Carey to a 10-point victory with Foust in the lineup, and were only two points behind when Turkey lost two regulars via personal fouls.

Young, forward, led the scoring with 10 points, and Mullen and Elliott were second with four each. All except one Turkey field goal which was a crisp shot, was of the spectacular variety. They could not work the ball inside the scoring zone.

Basketball Over The Panhandle

PLAINVIEW, Jan. 30.—The Plainview girls defeated the Liberty sextet 39 to 22 and the Lubbock Westerners ousted the Bulldog five 39 to 20 in a doubleheader cage card here last night.

In the boys' game the Westerners copped a 9 to 0 lead in the first few minutes, Oden and Letsinger sinking shots from near the center of the court to sprint into a lead that continued to mount.

A rangy, smooth moving crew, the Lubbock five sank shots from positions they were not supposed to shoot from. If they had observed the usual procedure of cage tactics, Ingley, Lubbock forward, made one shot while standing a few inches inside Plainview territory. There was the sort of attack that gives any opposing team fits.

HEDELY, Jan. 30.—The Hedley Owls A and B teams took two games from the Memphis Cyclones at the High School gym here Friday night by scores of 26 to 20, and 31 to 14.

In the opening game between the first string teams, the Owls went ahead 12 to 5 at half-time and ran up 14 points to the Cyclones 15 during the last half.

The Hedley reserves downed the Memphis scrubs with 31 counters to the Cyclones' 14.

SPEARMAN, Jan. 30.—Coach Stowe has completed the revised basketball schedule for the Spearman basketball teams as follows: Feb. 2, Canadian at Spearman; Feb. 12 and 13th, Stratford tournament at Stratford; Feb. 16, Grover at Spearman; Feb. 19 and 20, District tournament at Pampa. Spearman will have to defeat the Gruver basketball teams in order to enter the District tournament at Pampa.

their goals were made from near center or from a corner.

NEW YORK, Jan. 30 (AP)—Joe Louis, the bewildered pursuer, today found himself the pursued as Bob Pastor jumped off his reverse geared bicycle and began chasing the brown bomber for a return match.

Matchmaker Jimmy Johnston of Madison Square Garden, who has been living the life of a retired business-man since Louis came along to fight under Promoter Mike Jacobs' banner, led the chase that promised to be a much longer one than Pastor escaped from last night.

King can stop Pastor from winning the heavyweight title now," shouted Johnston as he mounted on his dust-covered soap box. Louis has to fight Pastor again, this time over 15 rounds, and Bob will knock him out, Max Schmeling will knock out Braddock and repeat against Louis. Pastor can lick all three of 'em."

A rematch was a virtual certainty but Promoter Jacobs wasn't enthusiastic about it, saying there was no chance for one until after the Braddock-Schmeling fight, scheduled for June 3.

"We're tired of chasing Pastor and who can tell if we could catch him, anyway?" chuckled Jacobs. "We'll have to get a smaller ring if they fight again. No, there's no chance for a rematch until June at the earliest, if then."

"If Jacobs says the word, we're ready any time," commented Julian Black, co-manager of the bomber. "Sure, 15 rounds would be just what we'd like. We'll build a trap for Pastor so he'll have to fight next time."

Although Louis looked bad and lost prestige as he chased the former New York University football player before that howling crowd at Madison Square Garden, his bank roll scored another knockout.

Gross receipts for the show totaled \$11,570.00 with a net of \$94,535. Louis' cut was \$37,814.40; Pastor's \$18,917.20, more money than he earned probably in all his previous fights.

With big Jack Wear in a looping frame of mind the Pampa junior reapers Friday night swamped the Hopkins Whirlwinds 30 to 12 in the local gymnasium. Wear, singlehanded, made more points, by one, than the Whirlwind five.

Word added 8 points to the score and Dunaway and Heiskell accounted for 4 each. Johnson, a reserve, made the other two. Keyser was the other member of the starting lineup.

Coach Tom Herod used his second string of Jones, Bennett, Clemmons, Coons and Johnson during the battle.

Haughwout and Stone each registered two field goals for the Whirlwinds. Cox and Kell split the rest of the counters. Terpin rounded out the team.

Lack of practice showed up in the Whirlwind play. The boys have no gymnasium in which to practice. They work out, when the weather permits, on an outside court.

The Reapers showed surprising ball handling and shooting ability. Guarding was also at its peak for the season.

FREDDIE LINDSTROM WANTS NEW CONTRACT

CHICAGO, Jan. 30 (AP)—Freddie Lindstrom, "boy wonder" of the Whirlwind in 1924, restored to the active playing list after eight months of voluntary retirement, had received no word as to his baseball future from the Brooklyn club he deserted last May because he said he no longer was able to earn his salary.

EQUALS RECORD

BOSTON, Jan. 30 (AP)—Johnny Donovan, Dartmouth's intercollegiate high hurdles champion, equalled the world record of 5.8 seconds twice tonight while winning the 45 yard high hurdles event that opened the Prout Memorial games before a 12,000 crowd at the Boston garden. He was timed in those figures while winning his heat and the final.

5 BURN TO DEATH

STERLING, Ill., Jan. 30 (AP)—Five persons were burned to death today in a collision between two trucks about six miles west of here. Two of the dead were identified as Julius Kaplan, 24, of Chicago, and Fred Porter, both employees of the Confections Cabinet company, Chicago, in whose truck they were riding.

Despite their penchant for throwing the ball away, the Harvesters basketball team flashed a new offense Friday night and beat the Sandies 19 to 15 at Amarillo in a Panhandle League game.

Coach Mitchell had been practicing his starters in a new lineup of positions since their collapse at Borger a week ago. He tried it out the first time against the Sandies and it looked like it would work. The coach switched Heiskell to the forward position and Cox to a guard berth.

The Harvesters got their share of rebounds and hustled the ball better than they have this year, but they could not hit the basket, and they threw the ball away almost as many times as they kept it.

Dewey and Ayer couldn't hit the loop consistently. They flunked out on easy shots. Heiskell had a few chances to score setups, but he made the hard ones.

The Sandies' lineup featured Miller, all-state football guard, who led the Amarillo playing as they did against McLean the other night when they couldn't miss the basket but the independent starters will be selected from Elmer Irving, Jack Bailey, Buster Strickland, Jess Patton, Orville Heiskell, Ray Morrison, Roscoe Pinnell, Wayne Kelley, Bob Bailey and J. O. Seon.

Phillips will have in uniform Slim Windom, Tip Windom, Frank Monroe, Francis Smith, Bacaris Christian, the Dewey brothers, Laycock and Gibson.

In the recent Miami tournament, the local quintet led the undefeated Oilers until the last quarter when lack of practice and reserves checked their march and Phillips won. Since that time the Independents have been practicing for another meeting.

PHILLIPS AND LOCAL CAGERS PLAY TUESDAY

PROCEEDS TO BE GIVEN TO FLOOD RELIEF FUND

Pampa basketball fans will be given an opportunity to see the Pampa Independent basketball team in action against the highly touted Phillips Oilers from the South Pampa field and at the same time help the flood relief fund Tuesday night when the two teams battle in the local high school auditorium. Game time will be 8 o'clock with admission 10 cents for students and 25 cents or any amount over for adults. All proceeds will go to the fund, the teams playing for nothing.

Manager Grover Seitz of the Independents will have 10 players in uniform. All but two of them are former Harvesters stars and the other two have had college experience.

No starting lineup has been named but the independent starters will be selected from Elmer Irving, Jack Bailey, Buster Strickland, Jess Patton, Orville Heiskell, Ray Morrison, Roscoe Pinnell, Wayne Kelley, Bob Bailey and J. O. Seon.

Phillips will have in uniform Slim Windom, Tip Windom, Frank Monroe, Francis Smith, Bacaris Christian, the Dewey brothers, Laycock and Gibson.

McLEAN COMES FROM BEHIND TO DEFEAT PIRATES 26-24

McLEAN, Jan. 30.—McLean's battling basketball team last night came from behind to defeat the LeFors Pirates 26 to 24 in a county conference basketball game. The girls' teams of the two schools battled to a 20 to 20 tie in another sensational game.

Featuring defensive ball, the Tigers and Pirates battled from whistle to whistle. McLean trailed at the end of the first quarter 4 to 5 but had an 11 to 10 lead at the half. At the close of the third period, McLean again trailed, this time 19 to 20. Hiel, who had been held scoreless during the entire first half, got his eye on the hoop and registered the winning points to send his total for the half to eight.

Ellington led the LeFors attack but his support failed him. The elongated star managed to collect 12 points and was generally the outstanding player on the floor.

Terrell played a consistent game for the Tigers with Overton showing the greatest improvement.

McCarthy was the scoring ace of the McLean girls with 10 points but had to take second honors to H. McGinnis of LeFors who registered 12 points.

McLean led at the end of the first quarter, 8 to 7, had the count even at 13 all at the half, but trailed 17 to 16 going into the final quarter.

The Phillips Oilers from the south Pampa field swamped the McLean Independents, playing with only two regulars, 35 to 7. Tip Windom with 13 points and Francis Smith with 12 led the Oilers. Hall and Reynolds were the McLean regulars in action.

BUCKS DEFEAT GUERRILLAS IN 2 CAGE GAMES

Guerrilla basketball teams lost two games to White Deer teams Friday night in the local gymnasium. The Guerrilla first string took a 19 to 14 beating from the Bucks seconds while the reserves lost a 16 to 12 encounter.

Seitz, White Deer forward, turned out to be an almost one-man team with 11 points to his credit. Buchanan, a guard, followed with four. O. Harrell was the Guerrilla hotshot with 6 points. Six charity shots kept the Guerrillas in the running.

The Bucks reserves saw Phillips lead the scoring with 5 points, one more than registered by Barnard. McMahan with a field goal and two charity throws was the Guerrilla's leading scorer before he left the game on fouls.

The Guerrillas haven't learned to handle the ball properly yet but they are learning fast and before the season is over should be winning games. They way they charge into the Harvesters is a pleasure to watch. In Foster, midge guard, the Guerrillas have a real prospect, especially in handling the ball. McDaniel, center, is another brilliant prospect.

Kneshall in action were: O. Harrell, Williams, McDaniel, Foster, Esslinger, P. Harrell.
White Deer used—White, Seitz, Butler, Buchanan, Hawkins, Thornburg.
Guerrilla reserves playing included: Don Smith, Auld, McMahan, Watkins, Harrell, Brown, Solomon.
Buck reserves: Dacus, Phillips, Platt, Barnard, Thornburg.

PANHANDLE, Jan. 30.—The Groom Tigers took a strangle hold on the Carson county basketball championship last night with a 27 to 22 victory over the highly rated Panhandle Panthers. Only the White Deer Buc stand between the Tigers and the title, the Groom quintet having taken a 31 to 30 game from the Panthers last night in the first game of the series.

Playing almost faultlessly, the Tigers took no chances in their battle with the Panthers. They handled the ball superbly, shot only at opportune moments and played a stellar defensive game. Although Connie Sparks, giant Panhandle ace, led the scoring with 12 points, his teammates were unable to come through.

Wilson was the Tiger hotshot of the evening with 10 points. Townsend played a stellar game. Groom is considered one of the strongest teams in the district. They hold four victories over the Pampa Harvesters this season but have one loss to the Harvesters reserves against them.

Next Tuesday night the Panthers will travel to White Deer. The following Saturday, Feb. 6, the locals will have a return engagement with Happy playing here. Tuesday, Feb. 9, the boys will tangle with the Pampa team here.

Lineups last night were: Groom—Townsend, Wilson, Gray, Helton and Fredrickson.
Panhandle—Crawford, C. Sparks, Howe, Paul and N. Sparks.

BRIGHT EYES ADD BEAUTY TO THE PLAINEST FACE

Using the eyes in poor light is the surest way to make them dull and listless. Frowns and wrinkles are another result of eyestrain.

Scientists agree that eyestrain—whether it be due to insufficient light or to uncorrected eye defects—is one of the principal causes of fatigue; not only of the eyes, but of the entire body. Headaches, nervousness, even indigestion, are often traced directly to the eyes.

Eyestrain is insidious. You may not be conscious of it until the harm is done. That is why it is so important to have your eyes examined and to have your lighting checked by an expert.

Let one of our lighting specialists measure your light and recommend the simple changes that are needed for better seeing. It's a free service—just phone the time most convenient for you.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"Are my banking affairs kept confidential?"

IT is an unwritten law observed in this bank that no employee shall discuss the affairs of our customers with anyone except properly authorized persons. This is one of the first rules every employee of this bank understands and respects.

Banking, like medicine or law, is a confidential relationship. Not only must bank officers respect a customer's confidence when that customer gives information about his business or personal finances, but all other employees do not discuss customers' affairs outside the bank—and in the bank only insofar as is necessary.

Strict adherence to this policy is one of the basic principles in the management of this bank. We know that the only way we can continue to merit the confidence of our customers is by respecting fully their private business matters with us.

Freddie Lindstrom WANTS NEW CONTRACT

CHICAGO, Jan. 30 (AP)—Freddie Lindstrom, "boy wonder" of the Whirlwind in 1924, restored to the active playing list after eight months of voluntary retirement, had received no word as to his baseball future from the Brooklyn club he deserted last May because he said he no longer was able to earn his salary.

As Lindstrom sizes up the situation, he is without a job, although he is burning with ambition to return to the game. Unless he receives a contract from the Dodgers he will become a free agent March 1.

At the age of 31, Lindstrom does not believe he is washed up as a ball player and that he still has four or five years of major competition left. His right arm, broken at the wrist last November in an automobile smash-up, has entirely mended, Lindstrom says, and is as good as ever.

EQUALS RECORD

BOSTON, Jan. 30 (AP)—Johnny Donovan, Dartmouth's intercollegiate high hurdles champion, equalled the world record of 5.8 seconds twice tonight while winning the 45 yard high hurdles event that opened the Prout Memorial games before a 12,000 crowd at the Boston garden. He was timed in those figures while winning his heat and the final.

5 BURN TO DEATH

STERLING, Ill., Jan. 30 (AP)—Five persons were burned to death today in a collision between two trucks about six miles west of here. Two of the dead were identified as Julius Kaplan, 24, of Chicago, and Fred Porter, both employees of the Confections Cabinet company, Chicago, in whose truck they were riding.

ACTIVITIES OF CLUBS TALKED BY KIWANIANS

KNOWLEDGE GAINED TO BE IMPARTED TO MEMBERS

Kiwanis presidents and secretaries from cities in the fifth Texas-Oklahoma district this week will impart to their respective clubs knowledge gained in group discussions at a divisional conference which closed here late Friday afternoon.

The one-day conference, first of its kind ever held in Pampa, was concluded with a special meeting for club presidents and secretaries at which official business of the district was outlined by R. Q. Silverthorne, of Plainview, lieutenant governor, who also presided at the group discussions.

Mr. Silverthorne was the principal speaker Friday at the regular meeting of the Pampa Kiwanis club. This session was attended by the visiting delegates and membership of the local club. The group meetings, for the most part, were attended only by the club officials.

Thirty-five visiting presidents and secretaries from Vega, Plainview, Amarillo, Lubbock, San Jacinto Heights, Tulla, Wefington, and LeFors were in attendance at the business session, in addition to officers of the local club.

"Agricultural Development in Hale county," was the special topic of Mr. Silverthorne at the Friday noon luncheon. He spoke of irrigation and the work being done with water wells for the benefit of agriculture in his home county of Hale.

Mr. Silverthorne's talk was along the line of a suggestion made just recently by Mel B. Davis, of Pampa, who suggested that Pampa should get behind a move to bring diversified farming into this territory.

"Diversified farming is being developed on a large scale in Hale county," Mr. Silverthorne said, "and any county can do it, if everybody works together to that end." The Pampa Kiwanis club is expected to take some action on the recent proposal of Mr. Davis relative to a plan to bring small farmers into the Pampa district. It was stated yesterday by Lee Waggoner, of Pampa, who was in charge of Friday's meeting.

In addition to group conferences among the visiting Kiwanis delegates Friday an open forum was conducted near the end of the closing session at which various club problems openly were discussed. Subjects of discussion throughout the day included inter-club relations, classifications and membership, boys' and girls' work, underprivileged children, vocational guidance, rural and urban relationships, club programs and club attendance.

General Motors plans recall of additional workers on part time basis in non-striking plants.

WASHINGTON, Jan. 30. (AP) — Secretary Perkins, at first "stunned," by a new collapse in her negotiations for peace in the automobile strike, renewed her efforts behind the scenes tonight.

She intended, associates said, to confer with colleagues over the week-end. She was not expected to resume conferences with representa-

tives of General Motors or the striking United Automobile Workers before Monday.

Clashing statements issued from the labor department and General Motors today concerning the collapse of the peace maneuvers last night.

Today Miss Perkins said: "I had assurances and I gave assurances, and then the assurances were withdrawn."

But Alfred Sloan, General Motors president, emphatically denied that he had agreed to her proposal. He simply told her, he said, that he would take it under advisement.

Though Miss Perkins did not reveal any details of her plan, Sloan said it called for negotiations to get the sit-down strikers out of the General Motors plants. After consulting counsel, Sloan said, it was decided that this proposal was unacceptable.

The "paramount" issue, he declared, "is whether the sit-down strikers will or will not be allowed to remain in unlawful possession of our plants."

Meanwhile John L. Lewis, the strike generalissimo, was watching recent developments without having been drawn into them.

that the shipment leaving Pampa will include upwards of 2,500 garments for men, women and children.

The contributions were collected by Pampa Boy Scouts in a house to house canvass of the city and hauled to the city hall in trucks.

Each box going to the flood zone will be labeled "From Pampa Chapter of the American Red Cross, Pampa, Texas, To Flood Refugees, Rush."

The shipment going from here to Fort Worth will be shipped in a railroad car arranged for by the Texas Junior Chamber of Commerce according to Garnet Reeves, secretary of the local Chamber of Commerce.

Contributions continued to come in Saturday and it is expected Pampa's cash donations to the flood sufferers will reach \$2,500 within the next few days.

Mrs. Davis Saturday received a communication from the Federal Council of Churches urging the full cooperation of pastors and church people throughout the country with the Red Cross in efforts to raise funds and supplies for the flood sufferers.

Following this letter, Mrs. Davis passed the information on to local pastors to make appeals from the pulpits of Pampa churches today. Carson county Red Cross headquarters reported total donations Saturday of \$766 which has been sent to the flood sufferers. Panhandle school pupils contributed \$55.23, and Groom community, \$152.88.

N. W. Friddle, of Kellerville, appointed himself a one-man relief committee and went from house to house and received \$80 in contributions. Empire and Phillips camps turned in \$18.10. Gulf employes contributed \$55 and \$112 was received from Skellytown. Mrs. Willie O'Neal is secretary of the Carson county Red Cross chapter.

between a sort of aquatic pinchers, with the Ohio on one side, the Mississippi on the other. It was the Ohio today that held the major menace. The Mississippi, with "fuse plug" levees dynamited to lift the pressure, behaved exemplarily.

The waters of the Ohio at Cairo last night were rising toward a 59 foot stage. The crest it is predicted, will be 61 feet—a record high.

North of Cairo, in "Little Egypt," smaller communities were evacuated as flood waters backed up, inundating them. Mound City was one of the towns where the people were forced to leave.

An area of 131,000 acres of southeastern Missouri lies purposely flooded from fuse plug levee dynamiting.

The complete evacuation of Paducah's citizens—8,000 remained there early Saturday—has been ordered, "forcibly if necessary," ahead of the Ohio river's flood expected crest Tuesday.

Much sickness is reported in the Paducah area, as at Louisville, at Cincinnati and in the scores of smaller places where the river's destruction has been less publicized but no less real.

Nearly 200,000 persons have been inoculated against typhoid fever at Louisville.

Small armies of doctors and nurses, unsung heroes and heroines of every natural calamity, continue working to the point of exhaustion.

Memphis, in the path of rolling flood tide (but confident that her situation on higher ground will save her) is a city of refugees. They have come by thousands from Tennessee river points, and from Kansas flooded lowlands and from Tennessee river points.

by a specially equipped police car which will broadcast safety messages over a loud speaker system.

"This is expected to be the greatest and most intensive safety campaign ever conducted in Pampa," Mr. Massa, general chairman of the Kiwanis safety group, said Saturday, "and we are hoping to get the cooperation of every agency and individual in the city."

"If we can make Pampa safety conscious over a period of time and bring home to the public the importance of making every week a safety week, we feel that the job will be well worth the time spent on it in the saving of lives and prevention of any kind of accidents."

Members of the safety committee outlined the detailed program to city officials at a special meeting of the city commission in City Hall Friday night.

Chairman Massa and other members of the committee were promised the full cooperation of all city agencies. City police attended the session.

Police Chief Art Hurst said Saturday that in connection with the safety program, it was not the intention of the police to be "hard-boiled" with motorists, but warned that a rigid enforcement of city traffic rules would be a part of the campaign.

Chief Hurst also stated that effective tomorrow a change would be made in the parking on N. Russell street between Foster and Francis. Autos will be parked parallel to the curb on both sides of the street.

TO EVACUATE RESIDENTS PADUCAH, Ky., Jan. 30 (AP)—Five hundred additional troops were enroute to Paducah tonight to assist in the evacuation, by force if necessary, of several thousand homes and in office buildings by the flooded Ohio river.

Tom Sweatman and Miss Ann Sweatman, students at Texas Tech at Lubbock, are visiting their parents, Mr. and Mrs. T. W. Sweatman.

ed upon a weak government against its better knowledge—the declaration to the effect Germany was guilty of starting the World War.

"For the last time," he said, "the World War pact was relegated to a back-shelf."

There was a roar of applause. The uniformed reichstag deputies, black shirts and brown, rose and shouted their "heils." Whistling approval, they flung out their hands in the traditional Nazi salute. A few minutes before they had renewed for four years the dictatorial powers of the fuhrer.

Today's slap at Versailles was more a formal requiem, because Germany already had rebuilt army, navy and air forces and resumed control of her inland waterways—all violations of the peace pact.

In his two-hour address, the fuhrer's words were keyed to economic needs both in relations to the world and the laborer at home.

At its end, the slender leader of Germany's millions turned to his chief aide, Gen. Wilhelm Goering, president of the reichstag.

The ponderous, wide-girthed general stepped forward amid the applause to end the session with an impassioned, lyrical tribute to his leader. Women wiped away tears of joy.

G. M. STATEMENT

DETROIT, Jan. 30 (AP)—General Motor corp. issued a statement today asserting that 123,724 of the 149,249 workers affected by strikes and shut-downs in its plants are supporting a "back to work" movement. These workers, representing plants throughout the United States, the statement said, have signed petitions or otherwise indicated "their satisfaction with current bargaining methods and opposition to strike activities."

Trouble this last time was that the sand wasn't put down until the ice had started to thaw.

PA PAMPA
To Mel B. Davis
DEAR MEL: Being an old farm boy, myself, I read with interest an article in Tex's Topix the other night in which you were quoted as saying that what Pampa and vicinity needs is some good old-time farmers who can think in terms of something besides a wheat crop. Mel, you've got an idea there. And, it's an idea, too, that I think the BCD and every civic group in Pampa ought to hop onto. If we can just prove to some real dirt farmers, who will raise a few cows, pigs, some sheep and put down some row crops and stuff, that right here is an excellent place to do it and then make it possible for them to move in on small farms—boy, we will then have a start on something that is just about as good a proposition as can be figured out in any man's community. Keep plugging the idea, Mel.

PA PAMPA
To Ivy Duncan
DEAR MR. DUNCAN: And, while I am on the subject of good ideas—

being out of town last Sunday I didn't get a chance to say what I was thinking about the splendid proposal you made about building a Gray county lake, financed solely inside of our own county. I see where you have asked every civic group in the county to let you know what they think of the plan and to get busy on it one way or another. I have just been wondering how many of these organizations have acted on your proposal and what they are doing about it. The trouble seems to be that somebody has a swell idea and everybody gets all hopped up about it for the time being and then it is allowed to drop out of sight without much of anything being done about it. Yours appearing to be a grand plan, Mr. Duncan, and you are to be commended for coming out with it at this time. I hope this won't be the end of it.

Union Leaders Call For End of Strike

SAN FRANCISCO, Jan. 30 (AP)—Maritime union leaders tonight called for an end to the costly 93-day west coast shipping tieup by ordering a settlement vote and recommending acceptance of tentative agreements negotiated to date.

Approval by a majority of the 40,000 strikers was generally regarded as a foregone conclusion since the union leaders conceded the rank and file was for settlement and that nothing could change their sentiments.

Recital to Benefit Scholarship Fund

A.A.U.W. to Present Young Violinist Friday

Helen Poolas, schoolgirl violinist whose musical ability has won high rating in district and state music contests for several years, will be presented in recital Friday evening by the A. A. U. W. chapter, her first solo recital in Pampa.

Daughter of Mr. and Mrs. James S. Poolas and a junior in Pampa high school, Helen is a violin pupil of T. Duncan Stewart of Amarillo, where she gave a solo recital a few weeks ago.

Her program will be in the city club room at 8 o'clock Friday evening, with Mrs. Frank Keohn as piano accompanist and Frankie Lou Keohn, dancer, assisting. Friends of the young violinist and of A. A. U. W. members are invited.

The scholarship committee of the A. A. U. W. chapter is sponsoring the recital, to benefit the fund which each year aids some girl graduate here to continue her education. Tickets are priced at 25 cents. Miss Kathleen Milam, scholarship chairman, will be in charge of arrangements.

Another program which A. A. U. W. members will share with the public is planned for Feb. 12. The fellowship committee will sponsor a book review at the club rooms, and Mrs. William B. Midyette, journalism teacher in the high school, will review Dorothea Brande's "Wake Up and Live." Proceeds of this program will swell the national fellowship fund under which research work on various important questions is conducted.

P-TA Members to Hear Vocational Choice Discussed

Vocational guidance will be the subject of a talk to High School Parent-Teacher association Thursday, when it meets at the city hall at 3:15. Mrs. F. E. Leech has been invited to repeat the talk she made to senior girls as guest speaker for a recent A. A. U. W. tea.

An expedition will be made of the A. A. U. W. vocational guidance committee's program for this year, designed to reach and aid high school girls. Mrs. Howard Man, committee chairman, will be in charge.

Founders day in the association will be observed with a talk on Achievements of the P-TA, by Mrs. Claude Lard. Music will be directed by Winston Savage.

Kingsmill Club Homes Visited

Improvements needed in the kitchens of Kingsmill Home Demonstration club members were listed by Mrs. Julia Kelly, county agent, after she had visited in all the homes last week. Storage space, running water, and refinished walls are the most common needs.

Mrs. Chester Nicholson has named special kitchen demonstrator in the club this year. One new kitchen is to be built in the home of Mrs. C. T. Nicholson. Mrs. Lewis H. Davis was complimented on the arrangement of her kitchen to make a convenient work shop.

Mrs. Kelley's list showed that seven kitchens needed new floor coverings, six running water, seven more storage space, three more light, two window shades, and seven refinished walls.

Students Organize Citizenship Club To Improve Room

A Citizenship club has been organized by students of Miss Florence Jones' room at Sam Houston school with C. O. Croson, English teacher, as sponsor. It meets each Friday.

Officers are Warren Fatheneer, president; Don Stevens, vice-president; Colleen Chisholm, secretary. The club each week selects a group of "best citizens" from the room. On the latest list are Anna Lois Alford, Bill White, Edna Mae Trainer, Mary Bellamy, Allen Caten.

AUXILIARY TO GREET FRIENDS AT SILVER TEA

The annual silver tea of the Women's Auxiliary of St. Matthew's Episcopal church is announced for Friday afternoon in the home of Mrs. C. P. Buckler, open to all friends of the church. Plans were made at a called Auxiliary meeting Friday afternoon.

Women of Pampa anticipate this tea, a February event each year. The date is earlier than usual this year, since an early Easter brings an earlier Lenten season.

Music by Mrs. Malcolm Brown, Miss Lorene McClintock, and Miss Marjorie Simonet will be presented during the entire afternoon. All Auxiliary members will act as hostesses. Open house hours are from 2:30 to 5 o'clock.

The regular Auxiliary meeting will be at the parish house Wednesday afternoon, with Mrs. Buckler as hostess. Final plans will be made then, and plans will also be completed for a ban supper at the parish house on February 9, to which the public will be invited.

Officers were elected for the year at a meeting of the Winn-Way music club last week in the home of Mrs. W. L. Brummett. Arlene Saunders was named president, Joe Crist-vice-president, Frances Thompson secretary, treasurer, John Edwin McConnell pianist, Mary Margaret Gribbon reporter.

Plans were made for a Valentine party Feb. 11 at the Gribbon home, with James Evans in charge. A musical program included accordion solos by Arlene Saunders, trumpet solo by Bobby Burns, and piano solo by Mary Margaret Gribbon. A dessert course was served.

In addition to officers, club members are Ada Arthur, Irene Beagle, Mabel Elsworth, Zelda Mae Hurst, Carl Townsend, Wilma Willis, Geraldine Smith, Margaret Spangler, Dee Patterson, Dwight Bobbitt, Bobby Burns, James Evans.

Girl Is Hostess On Her Birthday

Harriet Price was hostess Friday, her thirteenth birthday, with a dinner for a dozen girls at the home of her parents, Mr. and Mrs. W. C. Price.

Guests were Ann Buckler, Jacquelyn Hurst, Marjory McCollin, Dorothea Thomas, Sara Frances Bourland, Mary Kate Bourland, Betty Plank, Heidi Schneider, Ann Chisholm, Carolyn Surratt, and Mary Lynn Schofield.

Pep Squad and Band Enjoy Informal Evening

PIANO-SPEECH RECITAL TO BE HEARD TODAY

Burlesque, music, and informal talks made up the breezy program for the annual high school band and pep squad banquet Friday evening, when about 250 members of the two organizations were entertained at the cafeteria by High School Parent-Teacher association, assisted by the athletic association.

Ernest Cabe acted as toastmaster. Mrs. John Hesse, president of the Band Mothers club, welcomed the guests with a Valentine verse, and Betty Blythe responded. Miss Blythe was introduced as the choice of high school teachers and pupils for entrance in a national D. A. R. contest to select outstanding high school girls of each state.

The pep squad presented a take-off on the band and its director, Winston Savage, and the band retaliated with a burlesque of the pep squad, showing a squad of five members with 15 leaders. The Little Orchestra played, and songs were sung by a trio, Jean Gillespie, Inez Hawkins, and Gene Finkbeiner.

Valentines decorated the tables and rooms. Mmes. E. L. Norman, Earl Eaton, and I. W. Spangler formed the decorations committee. Mmes. Hesse, J. J. Patton, Pafford, and Miss Angela Stramon planned the menu. Mmes. Roy Kilgore, W. L. Davis, and Dee Campbell were on the dining room committee, assisted by 14 others.

The executive board of the P-T. A. and Principal L. L. Sone yesterday expressed appreciation to the bakery bakers, Gray County creamery, Daily News, and other firms and individuals who contributed to preparations for the banquet.

Mrs. Ross, 89, Is Birthday Honoree At Tea Thursday

Friends honored Mrs. Sarah Ross on her 89th birthday Thursday afternoon, with a Valentine tea at 847 W. Kingsmill. Verses were written in a memory book and presented to the honoree. Sandwiches, tea, coffee, devil's food cake, and mints were served in a Valentine motif.

Guests were Mmes. Fanny Searcy, Emma LeFors, Murry, Birdie McKinney, Ida Banks, Mary Lee Bullock, Willie Kenison, Joe Lewis, Flora E. Hulme, Lillian A. Blythe, W. A. Moorhead, Jack Ross, Estelle Smith, Amos Ross, Miss Jimma Searcy, Meredith Moorhead, Mary Jean and Gail Ross.

Bridge-Luncheon Is Entertainment For Mayfair Club

Mrs. W. J. Smith entertained Mayfair club with luncheon and bridge at the Schneider hotel Thursday. Valentine decorations were used on the tables, and in appointments for the games.

The entertainment feature will be a womanish wedding uniting Miss Meta Nutt and U. R. Green. Attendees will include "Ruthie Bee" Fisher, Earlene Smith, and Har-olaine Wright.

Revival Starts Today at Gospel Temple in City

Beginning today, the Rev. L. H. Sheets of Sterling, Colo., will conduct a revival at the Full Gospel Temple, 500 S. Cuyler, preaching every evening at 7:30. The Rev. H. E. Comstock, pastor, is inviting the public to hear the revivalist, makes this statement about him: "Mr. Sheets is known as 'the little man with the big message.' Small in stature and youthful in appearance, he is eloquent in the pulpit, a pungent, powerful, zealous and fearless warrior. Many have been healed of all manner of diseases in his meetings, and you are invited to bring the sick and afflicted in body to the services that they may be healed."

Subjects announced for the sermons next week include "Doom of World Governments," "When the Anti-Christ Reigns," "Signs of the Times," "The Golden Age Ushered In," "Baptism With the Holy Ghost," and "Divine Healing."

At one time a member of a popular orchestra, Mr. Skeets is a musician as well as a speaker.

Party Observes First Birthday

Karol Kay Stewart celebrated her first birthday with a party Thursday afternoon when her mother, Mrs. A. Stewart, and her grandmother, Mrs. A. B. Keahey, entertained for her. Guests played games around a table which was centered with a bouquet of lollipops.

Gifts were presented and inspected, then the birthday cake was served with ice cream. Each of the 10 guests received a Valentine from Karol Kay. Mrs. H. H. Keahey assisted in serving.

ORGANIZE P-T. A. COUNCIL

Mrs. C. T. Hunks, president, of the eighth district Parent-Teacher associations, Mrs. J. M. Turner, president of the Pampa P-T. A. council, and Mrs. Claude Lard went to Wheeler yesterday to assist women there in organizing a county Parent-Teacher council.

Leaders Coming Tuesday to Conduct Girl Scout Class

Supper Will Start The Informative Program

Reviving interest in Girl Scout work here will be given impetus Tuesday evening when all parents and workers with girls are invited to meet at the high school cafeteria for a one-night training course conducted by district leaders.

Mrs. Roy Cullum of Amarillo, member of the national board on Girl Scouting and long experienced with the movement, will be the speaker. Miss Elizabeth Sampson, director of Girl Scout activities in Amarillo, will have charge of an informal presentation of the meaning and aims of the program.

Other visitors who will assist are Mrs. W. R. Klingensmith, who heads the Girl Scout council in Amarillo; Mrs. Bill Gilstrap and Mrs. E. C. Will, both former Pampans who now live in Amarillo and are active in the council; and Mrs. Dyke Cullum.

The meeting will start with a covered dish supper at 7 o'clock. It was planned by school officials and leaders of the Girl Scout troops of the city, to call attention to the need and demand for more leaders to assist in a city-wide program for girls which would correspond to that in effect for boys.

Clubs and Parent-Teacher associations of the city have delegated members to be present, and an especial invitation is extended to parents of early 'teen-age girls.

Sponsors-To-Be See Scout Work

A demonstration of Girl Scout work, presented by troop six in Horace Mann assembly Friday, was seen by members of the Parent-Teacher Study club before their program on Girl Scouts and Recreation. The girls showed how they pass tests and do handwork. They were introduced by Mmes. J. M. Turner and R. L. Moseley, troop leaders.

After assembly, Mrs. Turner spoke to the study group, stressing that Girl Scouting teaches wholesome use of leisure, trains hands and minds, provides an outlet for energy, and teaches girls to work together. Several women in the club promised to attend the program on Girl Scouting to be conducted by district leaders Tuesday evening, and will urge that others interested in community welfare also attend. Horace Mann Parent-Teacher association has decided to sponsor a Girl Scout troop, and a number of members are interested in leadership training.

The usual large group attended the study club meeting.

Class in Old-Time Dancing Announced

Old-time dances have revived in popularity until a demand has been created for teachers here, says Mrs. LeNora McMurtry in announcing that she will open classes within the next few days. She will teach the polka, schottische, quadrilles, lancers, and other favorite steps of the past.

A teacher of dancing for 15 years, Mrs. McMurtry has studied both old-time and modern dances. She believes that moderns who dance the old figures should learn to do them well, to enjoy their full grace and beauty. She stressed that interest in old dances is not confined to this vicinity, but is general in the nation.

THE FINANCIAL WHIRLIGIG

By LOUIS SCHNEIDER

REVENUE.
 Why did the Mellon interests acquire a working control of the Virginian Railway? Insiders say it was done to settle an old score with those who control the Pennsylvania Railroad.

It was about ten years ago that a president was to be named for Pennsylvania. Mr. Mellon requested that his man be elected. He was refused. It got Mr. Mellon right mad. He bided his time.

New York Central has its entry into the hard coal fields via Louisville & Nashville. Pennsylvania gets its soft coal traffic via Norfolk & Western. New York Central wanted a share of the soft coal traffic. Pennsylvania had it through the Virginian Railway.

With Mellon now in control of the Virginian and being sore at the Pennsylvania management, informed people say that Central will get the Virginian soft coal traffic. Such a transaction is on the fire.

Same goes for Mathieson Alkali. The Interstate Commerce Commission will publish a railway history covering the 50 years during which it has been in existence—the Interstate Commerce Act was passed by Congress on February 4, 1887.

Southern Pacific is the largest transportation system in the United States. The Chase National Bank of New York has 129 first and second vice-presidents. Chile plans to produce 60,000 metric tons of sulphur during 1937.

HAPPY.
 Despite the fact that the Paramount Pictures' earnings report for the last quarter of 1936 will not be made public until late February, insiders look for a net of \$1.80 a share. Officials refuse to deny or confirm this estimate. They do admit the company is doing well and that the outlook is a "happy" one. It was said that ten features are currently in process and that they will be money makers.

MANAGEMENT.
 According to Gordon C. Corbaley, president of the American Institute of Food Distributors, there is little chance of Secretary Wallace's request for a new sugar tax being enacted. He regards Secretary Wallace's threat as "part of his fight with sugar refiners."

Mr. Corbaley declared that too many factors will prevent the tax. In the first place—he said—consumers would resent it. And in the second place it is expected to work against the reciprocal tariff agreement with Cuba.

PREPARED.
 Administration officials are currently weighing recent air crashes, their causes and ways of improving air safety. While the publicity is around the shares of air-transport companies are expected to be affected adversely. But since it is anticipated that the findings will show government departments were at fault, share prices aren't expected to dip far. That is why interests close to managements of airway organizations are prepared to accumulate on scale-down orders.

AVOIDED.
 But Washington circles say that a sugar processing tax of one-half cent per pound will be enacted by this session of Congress. It will be approved because Secretary of Agriculture Wallace will promise to use the proceeds as payment to growers as a tariff-equalizing bonus.

Secretary Wallace is of the opinion that refiners made unreasonable profits by the invalidation of the old tax. It is his opinion that sugar refining profits should be regulated as are public utilities. Because of this view shares of sugar refining companies are being avoided.

LEAD.
 The lead industry is firmly convinced that it is headed for a boom. Some say that lead is "dirt cheap" at current levels. Bid demand is expected this year. Here are the reasons: rehabilitation of plants, increased activity in production of lead covered cables, increases in reconditioning and reconstruction in the field; and, last but not the least, the benefits to be had from preparation.

Banking interests are posting "storm signals" for the next depression because of the sharp increase in installment-credit buying. Montgomery Ward's 1937 spring-summer catalogues will be distributed to 6,500,000 prospective customers. United States exporters have about \$35,000,000 in credits blocked in Spain—government aid to be asked. Industrial Rayon paid and earned a dividend all through the depression years.

LET'S KNOW TEXAS AND TEXANS

BY WILL H. MAYES.

REPORTS ARE THAT:
 Commission-house brokers are urging clients to be careful in making new short-term trading commitments. For 1936 Mid-Continental Petroleum will show \$3 a share. General Motors' labor difficulties will force United States Rubber to reduce its tire shipments. Indian Refining's 1936 net estimated at \$2 a share. Texas Corp. owns large block of the stock. Subject to a surtax decision Continental Roll & Steel will show \$2 a share for last year. Those who like liquor shares are switching Schenley into Distillers-Seagram. Trade activity means increased revenues for New York Central—road covers highly developed industrial area. Interests close to Niagara-Hudson not disturbed by St. Lawrence Waterway threat.

For fiscal year ending March 1 Libby, McNeil & Libby will show few cents better than \$1 a share. Mathieson Alkali's 1936 net ran at \$1.75 a share. Cleveland traders again talking big things for Interlake Iron. Cluett Peabody's 1936 net was \$5.50 a share. Hamilton Watch to go on a dividend paying basis. Industrial Rayon earnings to continue expansion due to large demand for output. Addressograph-Multigraph currently operating at a \$3 per share annual clip—will show \$1.80 for 1936. And, that independent red metal consumers will demand that 4 cents per pound import tax not be extended when it expires this coming June—utilities reported behind the move.

Q. Has the Texas Highway patrol been an additional tax burden on the people of the state? H. B. A. Chief L. G. Phares has submitted a report for 1936, showing that the operation of the highway patrol cost \$234,285, while collections from its enforcement program have been \$539,178.

Q. Does the grapefruit canning industry of Florida lead Texas growers to believe it will be popular in Texas? L. C. M. A. Florida is now canning about half of its 16,000,000 box crop of this season, the former top record being 5,500,000 boxes in 1934. The canned product has become a strong competitor of the fresh fruit of this state and California.

Q. Several Texans would like for you to tell something of the Texas career of "Shanghai" Pierce. L. N. A. A. H. "Shanghai" Pierce was born June 29, 1834, at Little Compton, R. I., lived from 1847 to 1853 with an uncle in Virginia, when he came to Texas and landed at Port Lavaca; in 1855, took a herd of cattle to New Orleans for W. B. Grimes; was in the Civil war under Col. Buchell; at close of war began buying and selling cattle, paying with gold

which he had a negro take along with him, spreading the gold on the ground and counting it out as purchases were made. He operated a large ranch on the Colorado river south of El Campo.

Q. What became of the eight-pound cannon captured from the Mexicans at the Battle of San Jacinto? H. B. O. A. It was mounted on the "Independence" of the Texas navy and was recaptured with that ship by the Mexicans April 1, 1837. The vessel's crew and passengers, including William H. Wharton, who was returning from his diplomatic mission to the United States, were imprisoned in Mexico until July, when they all escaped. What became of the gun is not known.

THIS CURIOUS WORLD By William Ferguson

MANY OF THE dates set for the end of the world were years in which it was known that several of the planets would be grouped together in one sign. Today, such a conjunction means nothing.

State Home for P-TA Proposed

AUSTIN, Jan. 30 — "A modest home, representative of that of the average Texas family, is being planned by the Texas Congress of Parents and Teachers to house its headquarters which are now located in the state capitol building in Austin," according to Mrs. M. A. Taylor, state president of this organization.

"We have options on several pieces of Austin property," stated Mrs. Will T. Decherd, chairman of the building committee. Also on this committee are Mrs. Ella Caruthers Porter of Dallas, Mrs. E. H. Becker and Mrs. J. J. Devoti of Houston, Mrs. J. H. Moore of Deport, Mrs. Dowell B. Johnson of Austin, Mrs. A. L. Morgan of Beaumont, and Mrs. Taylor.

"The committee will probably meet soon to make definite plans and recommendations for the consideration of the executive committee at its June meeting, Mrs. Decherd said. She recalled that the headquarters were established in 1922 when Mrs. S. M. N. Marrs was invited by Miss Annie Webb Blanton, at that time state superintendent of Public Instruction, to place her desk in the State Department of Education. The board of control has since allocated the office a space on the third floor of the gallery of the House of Representatives and Mrs. Decherd today expressed the deep gratitude of the congress for this space.

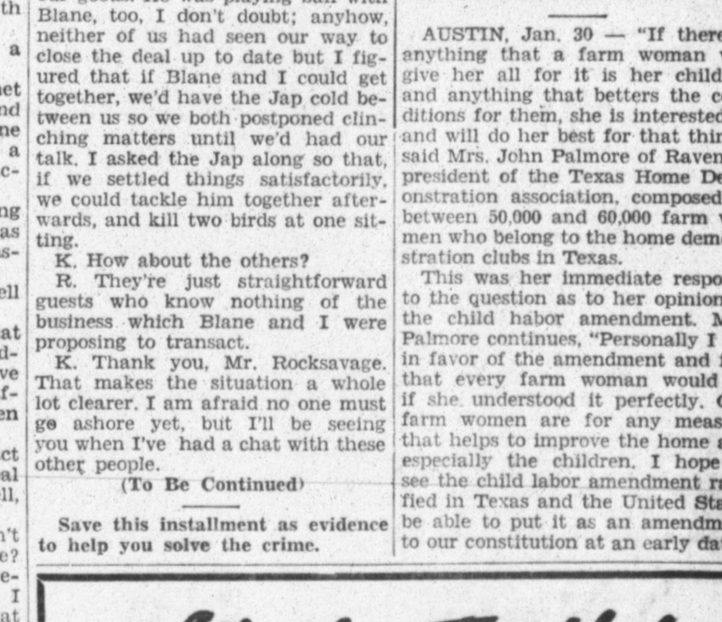

"Two years intensive study of the proposed Child Labor Amendment has brought intelligent support of this measure by local parent-teacher associations, according to members of the legislative committee of the Texas Congress of Parents and Teachers. The outlook for passage of this joint resolution for ratification of this amendment by the Forty-fifth Legislature is bright, they said.

Farm Women Favor Child Labor Bill AUSTIN, Jan. 30 — "If there is anything that a farm woman will give her all for it is her children and anything that betters the conditions for them, she is interested in and will do her best for that thing," said Mrs. John Palmore of Ravenna, president of the Texas Home Demonstration association, composed of between 50,000 and 60,000 farm women who belong to the home demonstration clubs in Texas.

"This was her immediate response to the question as to her opinion of the child labor amendment. Mrs. Palmore continues, "Personally I am in favor of the amendment and feel that every farm woman would be if she understood it perfectly. Our farm women are for any measure that helps to improve the home and especially the children. I hope to see the child labor amendment ratified in Texas and the United States be able to put it as an amendment to our constitution at an early date."

MOST FAMED HOLLYWOOD STARS WILL SHOW AT LOCAL MOTION PICTURE HOUSES DURING WEEK

Mystery, Adventure, Comedy Bill for Theaters

Three of the most popular stars of Hollywood will come to the LaNora this week—Clark Gable, Katherine Hepburn, Jean Harlow, and at the same time mystery, comedy and adventure will be featured at the Crown, Rex and State theaters.

Charlie Chan will open at the Rex today. Happy Go Lucky will be the Crown attraction, and The Big Broadcast of 1937 will open at the State.

LA NORA

Plenty of fun and romantic excitement is in store forgoers at the LaNora theater today through Wednesday with the coming of "Love On the Run," a new Metro-Goldwyn-Mayer smash hit co-starring Joan Crawford and Clark Gable with Franchot Tone featured at the head of a topnotch supporting cast.

Here are the highlights: "Love on the Run" teams Miss Crawford, Gable and Tone for the first time since their memorable success in "Dancing Lady." It is the production in which Miss Crawford and Gable, the popular favorites of "For-saking All Others," "Chained" and "Possessed" celebrate their fifth anniversary of starting appearance. It was directed by W. S. Van Dyke of "San Francisco" fame.

The spirited, ultra-modern, comedy melodrama presents Miss Crawford as an American heiress who leaves a pompous nobleman at the altar and runs into Gable as she flees from the church right into trouble. Gable plays the foreign correspondent of a New York newspaper who bumps into the biggest scoop in headline history. Tone is cast as Gable's rival who chases the two lovers in a mad dash over the map of Europe. Also prominent in the cast are Reginald Owen and Mona Barrie as deep-dyed villains who head a spy ring.

"Love on the Run," based on an original by Alan Green and Julian Brodie which appeared serially in a national magazine, is a comedy angle of a madcap reporter out after a story, with a romantic wallop as its climax.

The story moves with the speed of a runaway locomotive from the moment the reporter convinces the distraught heiress that he is a friend, no reporter, and spirits her away from London to France in a stolen plane. The plane is the property of a fake Baron and Baroness, really a stratosphere flight to take pilfered war plans out of England.

This brings the police in to the picture. The reporters put his finger into a budding romance but "love wins on the run."

His back to the wall, a knife to his throat, the world's slickest sleuth, Charlie Chan, battles for his life in the most thrilling and exciting of the Twentieth Century-Fox adventures of the wily Chinese detective, "Charlie Chan at the Opera," opening today at the Rex theater.

Warner Oland, of course, portrays the arch-enemy of crime, with Boris Karloff co-starring as the king of terror, in what is promised as the most chilling and thrilling mystery Chan has ever encountered.

With Keye Luke, Charlotte Henry, Thomas Beck and Margaret Irving featured, the film starts off in a roar of high tension excitement that reaches a spine-tingling climax in a crescendo of thrilling events.

Karloff, a hopeless maniac, is an inmate of an insane asylum, spending his time singing forgotten arias from the days when he was a famous opera star. The world believes that Karloff perished in a theater fire.

Mary, mystified, he goes ashore and meets Charlie, who buys him a new suit. As they walk along, a hand suddenly grabs Hap into a door. Charlie, looking around for Hap, sees the real Bill Lyons in a rickshaw, accuses him of trickery, and gets socked, out cold.

Hap finds himself in Bennett's house and through his singing, locates Mary there. In kissing her, she discovers Hap is not Bill Lyons. Hap is ordered to fly one of the gang to Shanghai, and after he leaves the house, Lyons enters to Bennett, who sends a man to stop the plane's takeoff. Hap crashes the plane into the hangar and escapes little hurt. He races to the theater, which is filled with U. S. sailors. Singing a song of insults to the jobs, Hap gets them into a riot, they chase him from the theater, down the street, and Hap leads them to the Bennett house. From inside the gate, she tells them the story, and they raid the house, capturing the gang and Lyons, and releasing Mary and her dad.

P. C. Crown, owner of the Crown theater, announced last week upon his return from Oklahoma City that United Artists pictures will be shown at the Crown in the near future. The March of Time will be shown as soon as released at the theater, he said. "The March of Time is said to have more followers than any short subjects except Mickey Mouse. The March of Time releases will be updated and for the current month, and will not be several months behind time, Mr. Crown said.

United Artists pictures which will come to the Crown in the near future will include Marlene Dietrich in Garden of Allah; Tom Sawyer, Come and Get It, Gone With the Wind, Prisoner of Zenda, Dodsworth, all first run pictures.

A dozen big time radio entertainers in addition to a strong lineup of screen and stage talent has been assembled by Paramount to make "The Big Broadcast of 1937," which begins today at the State theater, the most lavish production of its kind.

With Jack Benny, George Burns and Gracie Allen, Bob Burns, Martha Raye, Benny Goodman and his Swing Orchestra, and Leopold Stokowski and his Symphony Orchestra heading the list of radio headliners, and Shirley Ross, Ray Milland, Frank Forest, Eleanor Whitney representing Hollywood, "The Big Broadcast of 1937" is an all-star attraction whose individual performers have followings running into the millions.

The story is a comic treatment of the broadcasting business. Benny, as station master, has the unenviable job of keeping Gracie Allen, sponsor of an important program, happy. He is also responsible for keeping Shirley Ross off the air so that she won't annoy Forest, an orchestra leader. But Miss Ross gets on the air—teaming with Forest, to the good fortune of the audience. She and Ray Milland carry the love interest.

The Ministerial Alliance will meet at a luncheon in the Schneider hotel Monday at 12 o'clock. The Rev. L. Burney Shell, chairman, urges all members to be present.

Elmo Sivils of Pampa has completed a course in practical and theoretical radio and has been awarded a diploma by the National Radio Institute of Washington, D. C. He finished the prescribed course of technical studies with creditable grades.

Four hundred peasants are homeless and receiving state aid following a fire which destroyed the entire village of Tohomen in northern Asia Minor.

In an amazing series of terrifying adventures, Chan unmasks Karloff, who has usurped the baritone's role of Mephistopheles, but not before two more atrocious murders are committed.

Faced with the task of capturing the criminal, Chan does so but not before encountering the most dangerous and exciting adventures of his career.

In "Happy Go Lucky," which opens at the Crown today for a two-day run, Mary Gorham, daughter of a retired millionaire, now in Shanghai, sees the picture of one Bill Lyons, missing navy flier and boy ace. Lyons is supposed to have been lost flying the Pacific. Going backstage, she finds "Happy" Cole, singer and tap dancer. He doesn't know her, but she is sure he is Bill suffering a loss of memory.

Mary invites "Hap" home, where her father tries a memory test, hoping to get a clue to the lost plane, believed to have been sold to foreign spies. The lights go out, Hap is slugged, and the butler stabbed. When Hap comes to, he is a prisoner on a river yacht in the hands of the men who attacked Gorham.

TEACHER RECOVERING. Miss Constance Ferguson, ballet teacher in Pampa and Amarillo who was injured in a taxicab crash in the latter city recently, will be able to resume her classes here about Feb. 15, she told Mrs. A. R. Sawyer, who visited her Friday. Miss Ferguson will start teaching in Amarillo next week, but has been advised by her physician to avoid too strenuous a program at first, and to delay her trips to Pampa for another week.

SERMON ON FLOOD. A timely subject, Flood Disaster, will be the sermon topic of the Rev. Will C. House, pastor, at the First Methodist church this morning, he announced yesterday. The evening sermon will be on God's Kind of People.

TO ATTEND INSTITUTE. Members of the Methodist churches here expect to attend a missionary institute for the Clarendon district at McLean Tuesday. The program will begin at 10 a. m., and be continued in the afternoon.

BAND MOTHERS CALLED. Mothers of all high school band members are urged to attend a meeting of the Band Mothers club Tuesday evening at 7:30 in the band room. Plans for the district music festival here in April are to be adopted, and full attendance is urged.
