GREATER ROCKFORD IS ON SECOND LEG

Contract for Grading and Drainage of Borger Highway Awarded

MEMPHIS MAN GETS WORK ON COUNTY ROAD

Bid of E. T. Prater is \$106,510—Stuckey Second

IS PORTION OF BOND PROJECT

Route Controversies Delay Paving on 2 Highways

Grading and drainage structures for the Borger highway paving will be completed soon under a contract let last Friday to E. T. Prater of Memphis.

The work will begin at the Tully addition, about 23 blocks west of Cuyler street, and continue westward for six miles to the Carson county line. The contract was let at \$106,510. Other close bidders were Stuckey Construction company, \$17,026.57, and C. H. McClellan of Amarillo, \$17,893.

Mr. Prater, a Memphis contractor, also had the contract for the grading and drainage structures on the road south out of Pampa which will be ready for paving after it has stood the required length of time. His contracts are not on designated state highways, hence the contracts for paving will be let by the commissioners whenever the road bed is ready. The roads are a part of the \$400,000 project voted last year.

Action upon the state designated highways, No. 33 and No. 33-A, is delayed pending the outcome of a controversy over the routing of these roads east of the city. The State would combine them and have one road approximately paralleling the old Santa Fe Railroad. Citizens of Gray and Roberts county are strongly opposing the state highway department's policy of overlooking local needs.

Highway policies in Texas will be discussed at an All-Panhandle highway meeting here August 27. This session was originally set for August 23, but owing to the fact that it conflicted with a road meeting at Memphis, it was postponed.

No Progress at Prairie's Thut Test

Unable to make headway with the bit, drillers at the Prairie Oil and Gas company's No. 1 Thut, north of the LeFors Petroleum company's No. 2 Shaw. LeFors town's were unable late yesterday to predict when they would be able to drill in. At about 2,670 feet the bit was pounding away but not deepening the hole. The ballings showed traces of what looked like cast iron dust, and what the obstruction was could not be hazarded. The well had a good showing last week and the casing was run for drilling in.

Air Mail Brings Letter to Pampa in Record Time

Air mail service means speed as was shown by a letter received here Friday by a local man. The letter was posted in New York City and stamped with the time it was checked for mailing. Thirty-four hours after that time the letter was in the box at the local postoffice, having come by air mail to Wichita and by Santa Fe trains from that point.

Another letter took 23 1/2 hours to come here from Chicago. A new rate has been posted on air mail which is 5 cents an ounce and which makes air mail service more popular.

CITY BOASTS AN AIRPORT Christian Church Launches Building

H. W. Hickman has been awarded the contract to build the new Christian church and educational building. He expects to commence work on the educational building Monday morning. The new location of the Christian church and educational buildings east of the present location on Kingsmill avenue. Money has been raised for the first structure, but not for the church building proper. During the first three days of September Jasper Bogue, Panhandle District Evangelist of the Christian church, will be here to raise funds to complete the entire building program. Total cost will be \$50,000. W. R. Kaufman, local architect, is in charge of the architectural work.

Agriculture Is Chief Theme of Senator Curtis

BY FRANCIS M. STEPHENSON Associated Press Staff Writer TOPEKA, Aug. 18.—(P)—Non-Partisan disposition of the vexing agricultural problem through a joint congressional committee was advocated here today by Senator Curtis, of Kansas, in his address formally accepting the Republican vice-presidential nomination. Curtis' revision and development of inland waterways were other suggestions for relief of the farmer by the Kansas senator who gave first attention and greatest space in his address to a discussion of the agricultural situation, with which he has been identified for many years in Congress.

Speaking from a temporary stand shielded from the setting sun on the steps of the Kansas State House, Curtis was given an ovation by the crowd before him on the lawn. Kansans who have sent him to Congress for 33 years predominated the throng which also included national party leaders and a representative from each state.

To the Kansans who cast their only ballot for him for president in the national convention and to his party, Senator Curtis called today for a "united and impregnable front." He referred to Herbert Hoover, the party's presidential nominee, as "well worthy of the party's choice; a credit to it and to the nation, both in the eyes of our people and of the world." As if to emphasize his reference he had spelled the name of Mr. Hoover in his prepared address in capital letters.

Six amplifiers carried the Senator's words to the audience before him, shaded by the widespread elms. An extensive radio broadcasting hook-up sent his voice out into the air and to the ears of countless thousands in every section of the country. Senator Fess, of Ohio, temporary chairman of the Republican convention, notified Senator Curtis of his nomination and in declaring his choice a "wise decision" related the legislative record of the nominee culminating in his advancement to the post of leaders of his party in the Senate three years ago.

It was a great moment for Kansas as Senator Fess turned to pronounce Curtis the choice of his party for vice-president.

Canadians Hunt for Mail Robbers

PARRY SOUND, Ont., Aug. 18.—(P)—A posse of provincial police was beating the bush tonight on a man-hunt for two robbers whose participation in the helpup of a mail car and theft of an automobile today resulted in the killing of a farmer and the wounding of two other men. The man charged with the shooting was in jail, captured by one of the men he wounded although the latter was armed with nothing but a monkey wrench.

Mrs. Atta Thompson of Willow, Okla. visited friends here Friday and yesterday.

84th DISTRICT COURT TO OPEN TERM MONDAY

The 84th district court with Judge Newton P. Willis presiding will convene tomorrow morning at the courthouse. J. A. Holmes or a substitute will be district attorney having been appointed by Gov. Dan Moody upon the resignation of Curtis Douglas, defeated candidate in the recent Democratic primary. This will be the first term of court for the newly elected district attorney. Several five civil cases have been filed since the last term of court but none is outstanding, being garnishments, trespasses, tax suits, and the usual number of divorce cases. More than 150 cases are being carried over from former terms of court and some of these will be heard at this term.

Twenty-seven of the new cases filed are by the McLean independent school district to collect school taxes. County court, with Judge T. M. Wolfe presiding, will convene at the same time as the district court, with a light docket is on file.

Field Day for Boy Scouts Will Be August 28th

On August 28, the Adobe Walls Council, Boy Scouts of America, will hold a Scout field day at LeFors. Plans are under way to make this one of the most interesting days on the Scout program for the year, according to Scout officials. The purpose of the field day is not only to bring all the Scouts of the territory together to promote acquaintances and friendships, but to stimulate interest in the various phases of Scoutcraft.

Scouts from the several towns in the Council will arrive in LeFors Monday afternoon, each group setting up its own camp. All will assemble around a campfire at 7:30 o'clock in the evening for songs, stories, and discussion of plans for the events of the next day. LeFors was chosen as the place for the field day because of its central location and its facilities for the water carnival which will be a feature of the day's activities.

On the evening of the 28th the council charter of the recently organized Adobe Walls Council will be presented. The president of the area council of Clinton, Okla., has been asked to make the presentation. E. E. Voss, deputy regional executive, will be present and will make an address on scouting under the area council plan. The following is the list of events on the program:

- Tuesday Morning
- Wall scaling.
- First aid contest, hand bandage, head bandage, broken arm bandage, arm sling using neckerchief.
- Fire by friction.
- Fire building race for burning string.
- Undressing race.
- Shoe race.
- Tug of war.
- Knot tying.
- Signaling (Semaphore or Morse).
- Playground baseball.
- One hundred yard swimming race.
- Fifty yard swimming race on back.
- Rescue race.
- Surface diving contest.
- Swimming egg race.

ALLEGED ROBBER BACK IN AN OKLAHOMA JAIL

ENID, Okla., Aug. 18.—(P)—Loren Norris, arrested at Kelly Field, San Antonio, Texas, yesterday on a warrant charging him with robbing the bank of Breckenridge, Breckenridge, Okla., three times within the last three months, was in Garfield county jail tonight after being brought from Texas by C. E. Baker, sheriff, and Ed Teale, deputy today.

Pampa is assured a landing field. The Chamber of Commerce airport committee of which Lavender is chairman, met Friday afternoon with City Manager F. M. Wwin and C. P. Buckler of the White Deer Land company, and completed arrangements whereby the City of Pampa leased what is known as Ayres field.

The city grader will be put to work immediately leveling the field and the sewer line crossing the proposed runway. Plans are also under way to paint the word "PAMPA" in large letters on the roofs of several of the city's business houses with arrows pointing to the landing field.

Several local men are planning to organize a training school and get an experienced pilot to locate here. The Commercial Aviation company of Chicago is anxious to locate here according to a letter received by Joe D. Davidson, an enthusiastic would be pilot. Tom Rose and Martin McGarity are two other local men who are anxious to take up flying. No definite length of time was specified in contract between the city and the White Deer Land company but the sixty day notice will be given the city if at any time the White Deer Land company sells the location or wishes to put on a townsite addition.

Foul Play Feared in Disappearance of Amarillo Bus Man

AMARILLO, Aug. 18.—(P)—Police fear foul play in the disappearance of Lewis "Shorty" Avritt, 25, local taxi driver, who left Amarillo August 8 to drive a passenger to near San Angelo. Identity of the passenger is believed to be known, and if police information is correct, he has a criminal record. Avritt should have completed the round trip in two or three days.

Dedication of New Methodist Church Is Postponed to Sept. 2

Formal dedication of the new Methodist church will not take place next Sunday, as planned, but on the first Sunday in September, it was announced last night. Delay in shipment of the pipe organ made it expedient to postpone the special service, but the fine instrument is expected to arrive tomorrow or Tuesday. There also have been factory delays in shipping pulpit furniture, but the manufacturers have promised special attention to the order. The auditorium, much the largest of any church auditorium in the city, is nearly finished and is very spacious and beautiful. The organ is of the latest type, whose pipes are hidden, allowing the tones to come from special chambers on either side of the pulpit.

A. Denebim, father of Mrs. August Gordon and J. J. Denebim, will arrive today from Kansas City for an extended visit with his daughter and son.

Pampa Grays to Play First Game Monday Afternoon in Tournament

Well satisfied with their team's position in the schedule, Manager Ed Guber and other backers of the Pampa Grays returned last night from a pre-tournament meeting in Amarillo to report that all preparations were completed for the opening today. The Grays' first game will be the initial exhibition Monday. The schedule for first two days: Today Erick, Okla., vs. San Jon, N. M. Turkey vs. Stratford. Monday Pampa Grays vs. Amarillo All-Stars. Amarillo Metros vs. Texico. The Grays' second game will be the second of Wednesday, with opposition yet to be selected. Saturday afternoon the Goberties warmed up stiffened joints in beating the All-Stars 10 to 0. The arrival of Ketchum, well known pitcher, last night increased the feeling that Pampa has an excellent chance to take first money in the Amarillo tournament. The probable Grays' batting line-up: Hines 2b, Long lf, Nell 1b, Parkson rf, Williamson 3b, Selts cf, Bell ss, Clayton c, Ketchum p, French p. The first three teams in order of percentage in the tournament will get 50, 30, and 20 per cent of the gate receipts, respectively, and a \$1,000 gate is guaranteed. Pampa representative at Amarillo last night were Ed Guber, Scott, George Briggs, and Harry E. Hoare, sports editor of the News.

C. & O. W. GOES AHEAD QUICKLY FROM PAMPA

Steel Laid Nearly Two Miles Toward East and Cheyenne

ROAD BED IN GOOD CONDITION

Hundred Men Engaged in Following Up Big Machine

Taking form rapidly as the rail-laying machine and a crew of more than one hundred men lay the heavy steel upon the cross-ties, the C and O. W. railroad stretches nearly two miles east from Pampa today.

Many Pampa officials, business men, and newspaper representatives were on hand Saturday morning to see the line go around a sharp "S" curve just east of here. A "Y" leaves the main line of the Pampa-Cheyenne railroad, but is in the form of a half loop touching the main Santa Fe line and re-joining the new line. The grade has been lowered from a few feet to more than 8 feet, but it soon crosses a ravine that had to be bridged.

It is a well-built, standard gauge road, similar to the Santa Fe main line. Thousands of new, cross-ties are in the big material yard here, and much steel as well. The ties are being trucked well ahead of the rail-laying machine, which builds the track ahead of it and travels on the unspiked rails. A crew of about one hundred men, mostly Mexicans and a few Negroes, follows the machine, driving half tie spikes, lining the rails, and tamping the ties. The road bed is in good condition and the track is in relatively smooth condition by the time the last touches are given by the section gangs.

The rail-laying machine is interesting, but simple. It is built upon a flat car, and resembles a traveling crane. It picks up a rail from the car behind it, carries the rail forward by way of an extension elevator, and lowers it into position. By the time the machine has another rail ready, the previous one has been properly fastened and the engine behind, which furnishes the steam power, has pushed forward the proper distance. The road will be extended about a mile each day. All steel is being laid from the Pampa terminal.

BIG WHEAT CROP SEEN AUSTIN, Aug. 18.—(P)—A federal department of agriculture estimate that Texas farmers expect to sow 2,800,000 acres of winter wheat, or 101 per cent of the acreage sown last fall, was announced here today by H. H. Schutz, livestock and crop statistician here.

50 YEARS FOR ASSAULT HASKELL, Aug. 18.—(P)—Carl Wallace, 23, was found guilty on a charge of criminal assault upon his 12-year-old sister-in-law, and sentenced to 50 years today. His counsel filed motion for a new trial.

Sign for Hoover

The official Hoover-for-President motor tags are soon to be distributed over the country, but the first one ever made is pictured here as Miss Eberstadt of Washington, D. C., was installing it on her own car. The pretty Hoover booster is an employee of the National Republican Committee.

PRODUCTION IS NEARLY STEADY

Gray and Hutchinson Decline 5 Barrels Daily

Panhandle Production held its own during the last week, there being only a 30 barrel difference from the previous week.

It was a decrease, due largely to a slump in Wheeler county production. Gray and Hutchinson counties each lost five barrels daily, but Moore county gained 180 barrels when the Skelly Oil company's well increased its flow. The production for the last week totaled 62,160 barrels daily, as compared with 62,190 barrels for the previous week.

Production by counties: Cason—6,690 barrels daily. Hutchinson—33,540 barrels. Gray—20,475 barrels. Moore—595 barrels. Potter—25 barrels. Wheeler—735 barrels.

Smith Supporters Form Organizations All Over the State

AUSTIN, Aug. 18.—(P)—Central committeemen representing straight-ticket Democrats who expect to carry the state overwhelmingly for Gov. Al Smith for president, got together here today and hammered out details, including finances for the campaign authorized at last Saturday's state mass meeting.

Anti-Smith bolters and their "Trojan Horse Propaganda" for Herbert Hoover, Republican presidential nominee, were heartily panned at odd times during the session. Regional headquarters were ordered established at Houston, San Antonio, Fort Worth, Wichita Falls, El Paso, Abilene and Waco.

MURDER SUSPECT HELD

NACOGDOCHES, Aug. 18.—(P)—State Ranger H. T. Glover of Lufkin has arrested a suspect for investigation in connection with the burning to death of Miss Bertha May Spencer, 21, here August 7. Glover left his prisoner shortly afterwards for an unrevealed destination.

RADIO SHOWS ITS PROGRESS VERY STEADY

Pre-Arranged Signals of Plane Heard by Listeners

GOAL IS 1600 MILES AWAY

Bert Hassell Confident He Will Make Greenland

MADISON, Wis., Aug. 18.—(P)—Frequent radio messages from Parker Cramer, navigator and radio operator of Bert Hassell's monoplane Greater Rockford, at station 9EK of the Burgess Battery company here indicated tonight the fliers were making good progress on the second leg of their proposed flight from Rockford, Ill., to Stockholm, Sweden. Hassell and Cramer took off on their hop from Cochrane, Ont., to Mt. Evans, Greenland, at 11:12 a. m., Central time.

CONSOLES HIS WIFE

ROCKFORD, Ill. Aug. 18.—(P)—"Don't worry, darling. We'll make it all right."

That was Bert Hassell's farewell to his wife today in a telephone conversation from Cochrane, Ont., shortly before he hopped off with Parker D. Cramer, in the monoplane "greater Rockford" for Greenland.

tral time. They reached Cochrane Thursday after a successful flight from Rockford but were held up for two days by heavy rain.

At 1:15 p. m., today Cramer radioed the plane was passing over Nottaway Bay, location of which was given as approximately 200 miles from Cochrane. By a pre-arranged plan, Cramer gave only the call letters of the plane and a single letter which represented a point on the flight.

The local station heard Cramer again at 1:57 p. m., at that time the monoplane was soaring over Rupert House, Quebec. Eye Lake in the same province was passed at 4:09, according to Cramer's signals.

Two other signals were received one at 5 p. m., indicating the plane was over Port George, Quebec, and the second at 6:04 p. m., telling of the flight over Apikigamish Lake about 400 miles from the coast.

Don Mix, sole operator on the Bow-din, Captain Donald MacMillan's ship, when the later made his last polar expedition, is one of the two operators working in shifts on the Hassell flight.

Mix complained tonight that since 6:04 p. m., some other station has been sending out a continuous series of signals on the same wave length as the Greater Rockford, completely cutting off the plane from communication here.

H. A. Hendricks, 55, Well Known Oil Man Dies Suddenly

Word was received here this morning of the death of H. A. Hendricks, 55 years old, for the last eighteen months a valued employe of the Continental Oil company here. He passed away in the company hospital at Wichita Falls Wednesday afternoon following an illness of three weeks.

Mr. Hendricks' home was in Monroeville, Ala. He has been connected with the Continental Oil company for ten years and was one of the best known and liked men in this territory. His death came as a shock to his fellow employes here, who held him in high esteem.

He has a brother living in Edinburg, Texas and two brothers in Alabama. The body was sent to his home in Alabama for burial.

Mrs. E. K. Hulseby and little son of Tulsa are guests in the home of Mrs. Hulseby's parents, Mr. and Mrs. W. M. Craven.

NEW YORKER AT LARGE

BY G. D. SEYMOUR

(Associated Press Staff Writer)
NEW YORK (AP)—Sixty-six private residences faced on Gramercy Park 40 years ago. Today there are only four. All the rest have been remodeled into suites or replaced by tall apartment buildings—the newest a 16-story structure which will bring 200 new tenants into the quiet square this fall.

Long since vanished are the homes where lived Stanford White, Robert G. Ingersoll, Henry B. Harper, the publisher, and Cyrus Field, layer of the first Atlantic cable. Other houses have been converted into clubs, like the one in which lived Samuel Tilden, democratic presidential candidate in 1876; and still others, like the Rhinelander home, have been rebuilt into small apartments.

Yet the park itself, bounded by a tall grille fence and verdant with velvet lawns and stately trees, is just about as it was when it was set aside, 97 years ago, for the exclusive use of residents of the square. And it is still as private.

Two Hundred Hold Keys

Keys to its two gateways still are issued to landlords of the square, but only 200 of them are out despite the fact that Gramercy Park now counts its residents by the hundred instead of by the score. Extra keys have been given to some apartment house and hotel proprietors, but in no case more than four, and with the understanding that no more than four families in one building will enter the preserve at once.

With each key is levied an assessment of \$26 a year, which provides funds for the upkeep of the modest pair of acres within the stout iron fence. Many of the newer residents seldom enter the gates, being content to share its peace from their windows, but it is the playground all day of the children of Gramercy Park families—some of them great grandsons of residents of an earlier day.

Quaker Church Remains

Former property-holders have parted one by one with their homes as growing tax bills made only apartments and hotels profitable. A court decision protects the park from taxation, but its value is reckoned in the appraisal of abutting property.

A single building in the quadrangle is older than the park which Samuel Ruggles set aside in 1831 to attract home builders to the old Gramercy farm. It is the Quaker meeting house on the southeast corner, where the Society of Friends has gathered for more than a hundred years and where still on Sunday mornings in the winter, it distributes coffee and rolls to the poor.

WASHINGTON MOUNTAIN TOWN IS SWEEPED BY FLAMES

ELLENSBURG, Wash., Aug. 18.—(AP)—Fire tonight destroyed 35 residences and business buildings in Ronald, in the Cascades, 33 miles from here, and crept into the woods toward Roslyn two miles away, a message here said tonight.

More than 2,000 men from the mines in the district were called to fight the blaze, reported approaching a powder warehouse. A high wind and weeks without rainfall gave impetus to the flames.

CURTIS TO BE IN CABINET

TOPEKA, Kas., Aug. 18.—(AP)—Herbert Hoover today invited his running mate, Senator Curtis, to join in cabinet meetings in his office in the event of Republican success in the election. The vice-presidential nominee accepted the proposal.

WACO MAN TENNIS CHAMP

WACO, Aug. 18.—(AP)—Morris Appell, Waco, took men's singles honors of the state municipal tennis tournament today defeating Laske Ehman, Austin, winning in two straight sets, 6-2, 6-1, and Miss Mary Z. McHale, Dallas, closed the second most outstanding match of the day by defeating Miss Annie Mae Reichert of San Antonio, 6-0, 6-1, to retain her women's singles crown which she took at San Antonio last year.

HOUSTON MAN KILLED IN AUTOMOBILE WRECK

GALVESTON, Aug. 18.—(AP)—One man was killed, one seriously injured and a third slightly hurt in an automobile accident near Webster late today.

PRISONERS STILL AT LARGE

RICHMOND, Aug. 18.—(AP)—Eluding dozens of officers, five convicts charged with murder of a state prison farm dog sergeant had not been recaptured tonight after their escape last night from the Fort Bend county jail here.

Lee Woodward of Plainview, formerly owner and manager of the local gas company has been here several days on business.

Three Boys Are Charged in Assault Case at Meridian

MERIDIAN, Aug. 18.—Meridian was quiet today after Jim Taylor, Dock Irwin, and Nolan Rose, all 19 years of age, charged with criminal assault upon a 16-year-old girl at Wallings Bend, 25 miles from here, had been transferred to the Johnson county jail at Cleburne for safe keeping.

The transfer was made after Sheriff Lewis had received information that feeling was running high in Meridian.

Frank Norris Offers to Debate Smith

PORT WORTH, Aug. 18.—(AP)—The Rev. J. Frank Norris, Fort Worth Fundamental leader, today issued an invitation to Governor Alfred E. Smith, asking the Democratic presidential nominee to discuss religion issues from the pulpit of his church in Fort Worth.

The letter which Rev. Mr. Norris wrote Gov. Smith stated that if the New York executive found it impossible to come to this state, Norris would debate the standard bearer either in New York or Albany.

Senator Joseph T. Robinson of Arkansas, vice-presidential nominee, also was tendered use of the church auditorium.

CAN'T RECOGNIZE SON

LOS ANGELES, Aug. 18.—(AP)—Police were mystified today when Mrs. Christine Collins, mother of Walter Collins, 10, found in De Kalb, Ill., and identified as the lad who disappeared here five months ago refused to identify him as her son.

The boy said at once he recognized his mother, but instead of the expected greeting, she said: "Why, that isn't Walter. Walter was taller."

COMMITTEE CHAIRMAN IS REQUESTED TO RESIGN

LUBBOCK, Aug. 18.—(AP)—Because of alleged refusal to pledge support to the Democratic presidential nominee, Frank E. Wheelock, Lubbock county Democratic chairman, today was asked by other committeemen to resign. A resolution declaring his office vacant if he refused to resign was adopted.

Mr. and Mrs. H. E. Brady, Herbert Brady, and Harold McCall are visiting friends south of Clarendon today.

New adjustable front seats in all Buick closed models providing unrivalled comfort and driving ease for women and men alike

simply turn the seat-regulator as you would a car window, and the entire seat moves forward or back, thus assuring a made-to-measure driving position...

No more awkward driving positions! No more straining for pedals! No more need of cushions for feminine drivers! Buick has ended all that—ended it with a new comfort feature as unique and individual as the dash-ing beauty of Buick's new Masterpiece Bodies by Fisher—a comfort feature obtainable only in the Silver Anniversary Buick!

The front seats of all Buick closed models are adjustable! A turn of the seat-regulator causes the entire seat to move forward or back at the will of the driver, thus assuring a natural, comfortable position for any man or woman who takes the wheel!

The new seat is easily adjustable even when fully occupied! A child can operate it! It is simple—positive action—and together with Buick's adjustable steering wheel provides, for the first time in motor car history, a made-to-measure driving position!

This same fine convenience—this same matchless comfort and luxury—are apparent in every feature and appointment of the Silver Anniversary Buick.

See this epic car! Drive it! Test the new and exclusive adjustable seat! Prove to yourself that here, indeed, is the finest motor car and the greatest value America has ever produced!

LOVE FOR TWO RUTH DEWEY GROVES © 1928 By NEA Service Inc.

THIS HAS HAPPENED BERTIE LOU and ROD DRIVER are happily married, and LILA GROVES is to separate them. For months she works to arouse Rod's interest while poisoning his mind against his wife.

When Bertie Lou discovers that they see each other secretly she is heartbroken and tries with young MARCO PALMER to retaliate.

Rod will not commit himself to Lila, and she finally gets tired of waiting and wants him to go away with her, she repudiates her disloyalty to her husband and she taunts him by saying that his wife is out with Marco.

And then to the Palmer estate where he sees Marco and Bertie Lou in loving embrace and she parts without learning that they were merely coming upstairs from the swimming pool.

Rod leaves Bertie Lou with no explanation, resigns his position and drifts from one job to another trying to avoid old haunts. Both women try to find him in vain; Bertie Lou obtains a divorce, expecting Rod to get a divorce. Lowliness causes her to accept Marco's attentions, although she refuses to marry him.

BERTIE LOU put it off as long as she could. And then came Bessie with her story of the golden hairpins and a scented handkerchief on Rod's dresser. One factor that colored the tale was Bessie's misguided devotion to Bertie Lou. She knew that Marco wanted to marry Bertie Lou and she hated to see a dead romance stand in the way.

How could anyone compare these two young men? Of course Mr. Brown was good looking; she told Bertie Lou that it was "cropping out on him now like new hair on a flea-bitten dog. He doesn't look starved any more." But Mr. Palmer was good looking too, and wasn't he just wonderful to Bertie Lou? Bessie forgot that she had always said she would marry for love. It was her opinion that Bertie Lou was "batty" to refuse Marco Palmer.

So she did not hesitate to let Bertie Lou see that she believed Rod had used her house as a rendezvous for a clandestine love affair.

Bertie Lou was furious. In her house! And there was no mistaking who the woman was. Lila used golden hairpins. In her rage Bertie Lou had a flash of enlightenment. It came to her as clear as crystal that Lila had sought Rod out and brought this thing to pass. That would account for his having changed his name.

In an instant her opinion of Rod was reversed. He had some decency after all! But not enough to withstand Lila's vamping. Unless... Bertie Lou wished she hadn't thought of it—he cared too much for Lila to risk causing Cyrus to divorce her. But at any rate it was Lila who pursued him. That was no one else he needed to hide from. It wasn't likely that he would crawl away under an assumed name unless he wanted to escape a temptation he feared.

Bertie Lou wished she could take hold of him and shake him as a dog shakes a rat. Why couldn't he stand up and tell Lila to go to the devil? But at least he had run—that was something. He had made an effort to break with Lila. Lila ought to be shot, Bertie Lou declared in a rage.

And in a rage she went to Lila. The butler was going to refuse her admittance, on Lila's orders, issued when her name was taken up. It was morning, the morning after Bessie had told her story, and Bertie Lou had forgotten all about going to work in her determination to face Lila. But Bertie Lou brushed past him and burst in upon Lila who greeted her with stony silence.

BERTIE LOU was going to speak her mind to Lila. Then she would go straight out to Moonfields and order Rod out of her house. She would be through with both of them forever and if Marco wanted her to she would marry him as soon as she was free.

"If I didn't despise you and Rod both too much to care anything about you I'd go to Cyrus and tell him that you were at Moonfields," she said in a tight, hard voice.

Lila sat up with a start. She had been contemplating some cutting insult to offer Bertie Lou, but the latter's knowing about her visit to Rod made a difference. Lila wondered apprehensively how she had found out.

Bertie Lou's remark revealed something else besides—something that Lila was not too disturbed to realize. If Bertie Lou despised her and Rod too much to care what happened to them she wouldn't be here. Lila smiled slyly. So Bertie Lou still loved Rod, did she? Well, she would give her a point or two to wriggle on!

"Sit down," she said, motioning toward a chair near the bed. Bertie Lou continued to stand.

"Why don't you let Rod alone?" she blazed out at Lila.

"Let him alone?" Lila repeated. "My dear," she laughed, "do you imagine I want anything to do with the caretaker of a dinky cottage?"

Bertie Lou turned white with anger. So Rod wasn't good enough for Lila now!

"You know who's responsible for that," she cried furiously. "Rod can thank you for ruining him."

"Oh, can he? Well, maybe you'd like to know that he thanks you!" Lila returned mockingly. She enjoyed Bertie Lou's look of amazement.

"Yes, you," she went on sweetly. "You made a nice mess of everything right in the beginning. But Rod tried to be true to you in spite of finding out that he'd never loved anyone but me." She paused to savor Bertie Lou's averted glance.

"Lila flushed. She had overlooked that point. "Oh, if you take any comfort in having held him against his will until he found out about you and Palmer..." she began, but Bertie Lou cut her short.

"You know I didn't try to hold him," she declared. "But I'm sorry I didn't have enough faith in him not to believe he would desert me for you."

Lila smiled, a smile that was calculated to deceive Bertie Lou. "Don't flatter yourself, my dear," she said. "I could have taken him any time I wanted to..."

"It looks like it, the way he's tried to keep away from you!" Bertie Lou was hitting in the dark, but she came very close to the mark. Lila did not know how much or how little Bertie Lou knew of her attempts to win Rod back to her. She was still wondering how Bertie Lou knew she had been at Moonfields. She didn't believe Rod had told her.

"Then he told me he'd heard it from Palmer himself. Well, after that it was easy to get the rest. And I don't see where you get off to talk to other people about despising them!"

"You mean that Rod was there, at the Palmer house?" Bertie Lou whispered. "That night?"

"Yes, are you worried?"

"And he believed... what he told you?"

"What else could he believe? It was very early in the morning. You don't think Rod is a fool, do you?"

Bertie Lou did not answer her. She was thinking of her return from Marco's party, when she found Rod's note. Could he really have been at the Palmer estate? Yes, he had time to reach home before she arrived. And if he hadn't been there when he said he was how could he have known that Marco had been in her room? But what had brought him out there anyway? She had an impression that Lila could tell her, but she would not ask.

No wonder he had deserted her if he had seen or heard nothing but Marco's exit from her room and his parting words—his promise to return and breakfast with her.

"I THINK both Rod and I have been fools," she said to Lila, a remark which puzzled the latter. "And thank you very much for telling me what you have. I thought Rod had left me for your sake," she added.

Lila flushed. She had overlooked that point. "Oh, if you take any comfort in having held him against his will until he found out about you and Palmer..." she began, but Bertie Lou cut her short.

"You know I didn't try to hold him," she declared. "But I'm sorry I didn't have enough faith in him not to believe he would desert me for you."

Lila smiled, a smile that was calculated to deceive Bertie Lou. "Don't flatter yourself, my dear," she said. "I could have taken him any time I wanted to..."

"It looks like it, the way he's tried to keep away from you!" Bertie Lou was hitting in the dark, but she came very close to the mark. Lila did not know how much or how little Bertie Lou knew of her attempts to win Rod back to her. She was still wondering how Bertie Lou knew she had been at Moonfields. She didn't believe Rod had told her.

"Well, you don't think he wanted me to know that he's sunk so low he has to borrow money from his old friends, do you?" she asked calmly.

'HOT CORNERS' BECKON ROOKIES; FOXX, WHITNEY, STRIPP 'REGS' NOW

Several veteran third sackers in the major leagues find time to cool their fingers while recruits take care of their "hot corner" posts. Jimmy Foxx, who has beaten Sammy Hale out of the third cushion job for the A's, is the best of the newcomers. Whitney, Bettencourt and Stripp, all first-year men, look the part of major leaguers, and Gilbert comes to Brooklyn highly recommended.

BY JAY R. VESSELS
(Associated Press Sports Writer)
NEW YORK (AP)—Youth is having its chance at third base around the major league circuits and it is making the most of the opportunity. Three clubs are depending on youngsters to handle the "hot corner," a position calling for quick thinking, a strong arm and unflinching courage. One other team has a first year man who has proved his worth at third while a fifth has a recruit who is expected soon to assume regular guardianship of the third cushion. Heading the list is Jimmy Foxx of the flying Philadelphia Athletics. Jim-

my, who landed at the warm spot after brief stops behind the bat and at first base, has contributed more than his share toward the high rating of the A's in all departments of the game. Close behind Foxx for first recognition among the recruit third sackers is Pinkey Whitney of the other Philadelphia club—the downtrodden Phillies. Whitney, formerly of the New Orleans club of the Southern Association, has been one of Bert Shotton's best performers all season. He has hit .390 and for a time battled cleanup, an honor extended to but few first year men even on the tall-end outfits. The other rookie third baseman

playing regularly is Joe Stripp of the Cincinnati Reds. Joe got his chance when Charley Dresen, Cincy's regular third cushion artist, dropped out because of injuries. Probably better known to the sports world than any of the third basing youngsters is Larry Bettencourt of the St. Louis Browns. Larry, in one leap during June, hopped from college to the Browns and promptly drew an assignment to play relief for Frank O'Rourke, out of the game with injuries. Newest of the young third base material is Wally Gilbert who, like Bettencourt, gained most of his sports fame as a football player. Gilbert has just joined the Brooklyn Robins, coming from the Atlanta team of the Southern Association. He is a big, rangy fellow who for several seasons has been showing the Dixie fans how third base should be played.

With Hendrick the Robins' made-over third-sacker, playing erratically, Gilbert probably will receive an early chance to try for the job regularly. Hendrick originally an outfielder has been kept at third principally because of his hitting.

Hornsby Slips in Hitting, But Waner Slumps Still More

NEW YORK, Aug. 18.—(AP)—Rogers Hornsby, is three points lower in the batting table of the National league than he was last week, but Paul Waner is nine points lower.

The Boston manager is hitting an even .380 in 94 games against .361 for Poul Waner in 108, according to averages including games of last Wednesday. Klein, Philadelphia recruit from Ft. Wayne of the central league, is in between Hornsby and the elder Waner, but has played in only fifteen engagements. His average is .379.

Of the various crowns he held undisputed through many weeks, Jim Bottomley of St. Louis has only one left—and a half interest in two others. He still leads in runs batted in with 100, and is tied with Bissonette of Brooklyn in triples with 13, and with Paul Waner in runs scored with 98.

Sunny Jim also remains second to Jack Wilson in the race for the National league home run crown. The Chicago "outfielder has 27 against 26 for Bottomley.

Following Hornsby and Paul Waner in the batting table are: Lindstrom, New York, .358; Sisler, Boston, .351; Grantham, Pittsburgh, .348; Bottomley, St. Louis, .341; Roettger, St. Louis, .341; Hogan, New York, .339; Hafey, St. Louis, .336; and Ott, New York, .332.

Larry Benton leads the pitchers. The New York ace ran his record to nineteen won and four lost Tuesday for a percentage of .826. Lucas of Cincinnati and Grimes of Pittsburgh are tied in shut-outs, each with four, while Grimes sets the pace for both major leagues in victories with 20. In team batting Pittsburgh leads, with .308, the Cardinals, despite their slump, are a good second with .295, followed by the Giants at .292. The Cards top the flock in fielding with .975, followed by the Cubs and the Reds who are tied for second, each with .973.

Young Texan Is Winner Over Old Alex The Great

ST. LOUIS, Aug. 18.—(AP)—The oldest pitcher in the National league was pitted against one of the youngest here today when Alexander opposed Carl Hubbell, Giant recruit from Beaumont of the Texas league, making his fourth start in the big time. The Giants won 3 to 2.

New York 001 001 001—3; 11; 1
St. Louis 002 000 000—2; 7; 1
Hubbell and Hogan; Alexander, Johnson and Wilson.

Pirates Split Pair
PITTSBURGH, Pa., Aug. 18.—(AP)—Pittsburgh and Philadelphia split a double-header here today, the Phillies winning the second contest, 11 to 8, after the Pirates had taken the first by the shutout route, 9 to 0.

First game:
Philadelphia 000 000 000—0; 7; 1
Pittsburgh 101 002 50x—9; 11; 2
Benge, McGraw and Ledian; Hill and Hemsely.

Second game:
Philadelphia 220 001 000—11; 13; 1
Pittsburgh 000 218 200—8; 12; 1
Ring, Meadows, Ferguson and Davis; Fussell, Takeche and Hemsely.

Cubs Even Series
CHICAGO, Aug. 18.—(AP)—The Cubs overwhelmed the Robins 11 to 4 before a Saturday crowd of 18,000 here today to even the series.

Brooklyn 010 000 030—4; 7; 0
Chicago 180 211 01x—11; 14; 0
Petty, Ehrhardt and Deberry; Malone and Hartnett.

Victory in Ninth
CINCINNATI, O., Aug. 18.—(AP)—A nine-run rally in the final inning gave Boston a 10 to 6 victory over Cincinnati here today.

Boston 000 100 009—10; 12; 4
Cincinnati 012 000 210—6; 10; 2
Delaney, Cooney, R. Smith and Taylor; Laque and Hargrave.

SPUDDERS TAKE ANOTHER
SAN ANTONIO, Aug. 18.—(AP)—After getting a lead off Riviere, the Wichita Falls Spudders were held in check by Glaser, but the Bears were unable to make headway on Payne, who relayed Cvergros and were defeated today, 5 to 4, for an even break in the two game engagement. All the runs were scored off the first two pitchers, both of whom were relieved in the fifth inning.

Wichita Falls 001 310 000—5
San Antonio 000 130 000—4
Cvergros and Payne and Smith; Riviere and Glaser and Meyers.

Sold to Reds

The Cincinnati Reds recently purchased Pitcher Silas Johnson, top, and Shortstop Leo Wolfer, below, of the Rock Island Mississippi Valley club. Each brought \$3,000 to his owners. They will report late this summer.

Gehrig Crowding Up On Goslin in Batting Averages

CHICAGO, Aug. 18.—(AP)—Hotter and hotter grow the races for batting and pitching honors in the American league.

Unofficial averages including Wednesday's games show "Goose" Goslin, Washington, leading in hitting, and Waite Hoyt, New York, having the best pitching record this season. A late week, Goslin had but one close rival, Al Simmons of the Philadelphia Athletics. But while they were slumping during the next week, Gehrig of the Yankees hiked his average 12 points and now is only nine points from the "Goose," whose average is .390. Simmons slipped even more than Goslin, but was still second with .374. Other leading hitters and their averages: Manush, St. Louis, .357; Lazzeri, New York, .354; E. Miller, Philadelphia, .341; Foxx, Philadelphia, .336; J. Sewell, Cleveland, .333; Myer, Boston, .331; Ruth, New York, .330. Hoyt added another victory to his string during the week, bringing his record to 14 won and three lost. General Alvin Crowder of St. Louis also added a win and he now has credit for 13 victories and four defeats. The Athletics finally caught up with the Yanks in team batting, adding a point during the week, while their rivals kept their .300 level. St. Louis and Boston were still tied for fielding honors with an average of .873. Other leaders: Double plays, Cleveland 141; most runs, Yankees, 676; fewest opponent runs, Philadelphia 462; individual runs, Ruth 183; stolen bases, Mostil, Chicago, 21; doubles, Flagstead, Boston, 35; triples, Combs, New York, 15, and home runs, Ruth, of Chicago, with 45.

Buffs Rally to Humble Sports at Houston, 4 to 2

HOUSTON, Aug. 18.—(AP)—A ninth-round rally that sent the customers into mad frenzies of delight Saturday scored two runs for Manager Snyder's rejuvenated Buffs and enabled them to beat the Sports, 4 to 3. It was a heart-breaking defeat for Esbrada, Cuban southpaw, who twirled a swell game of abseball. Shreveport 5-000 011 700 000—3 Houston 4-000 010 000 102—4 Estrada and Hayworth; Barnes and Penner and Jonnard.

Cats On Rampage
WACO, Aug. 18.—(AP)—Featured by a 11-run rally in the fifth inning of the first game when the Cats scored all their runs after the first two men had been retired, the Port Worth team swept a double bill from the Waco team by scores of 19 to 5, and 6 to 4. Brown hit two homers in the first game, and Johnson hit one in each game. Bonowitz hit safely seven times in his first eight trips to the plate. Port Worth 102 0(11) 300—18 Waco 200 001 011—5. Burns and Cobb; Freeze and Darby and Heath.

Second game:
Port Worth 003 002 1-6
Waco 400 200 0-4
Goff, Haynes and Johns and Bischoff; Barnabee and Wolgamot.

Mrs. Boyd Entertains Many Guests at Two Bridge Parties

The hospitalities of Mrs. Lynn Boyd's lovely home were extended in two large parties this week, one on Thursday afternoon and the other on Friday. On each occasion, seven tables were placed for bridge in rooms that were simply but beautifully decorated with bowls of golden glow and shasta daisies. The yellow and white color scheme established in the floral decorations was also featured in appointments for the bridge game and in an ice course served at the end of each day's playing.

Small crystal baskets, filled with old-fashioned garden flowers and tied with yellow tulle bows, centered the card tables. These were given as draw cut favors, a cut being made at each table. High cuts were made at the first party by Mrs. Vernon Moore, Mrs. Charles Cook, Mrs. Henry Thut, Mrs. A. D. McNamara, Mrs. Jack Boyd and Miss Marion Barnes of Okemah, Okla. On the second afternoon, the following were fortunate in the cut: Mrs. Lee Woodward, Mrs. George Kahala, Mrs. R. W. Mitchell, Mrs. Alex Schneider, Jr., Mrs. DeLea Vicars, Mrs. J. J. DeVine, Miss Tippett of Marietta, Oklahoma, and Miss Ruth Anne Mitchell.

Mrs. Raymond Harrah scored high in Thursday afternoon's game and Mrs. Walter Coffee scored low, while on Friday afternoon high and low scores were made by Mrs. W. J. Smith and Mrs. C. P. Buckler.

Mrs. Boyd's guest list for the two functions included the following: Mrs. S. A. Hurst, Mrs. I. B. Hughey, Mrs. Howard Myers, Mrs. Walsh of Bartlesville, Okla., Mrs. A. D. McNamara, Mrs. A. B. Zahn, Mrs. T. E. Simmons, Mrs. A. F. Clark, Mrs. A. M. Bosmyer of Cushing, Okla., Mrs. J. W. Vasey, Mrs. Howard Hampton, Mrs. Charles Cook.

Birthday Party at Ranch Honors Edward Vincent.

Games, contests, and wading in a shady creek were enjoyed by the group of children who gathered at the Carr-Vincent ranch Thursday afternoon to celebrate the fifth birthday of Edward Vincent. A big pink and white birthday cake was cut with fitting ceremony and served with ice cream, after which paper favors were given to the young guests. The honor guest received many presents.

The following of Edward's friends were present: Mary Belle and Betty Jo Crawford, Anita Andrews, Doy Holler, Alvin Dewayne, Roy and Thelma Sessity, Damaris and R. J. Holt, and Donald Wilks Vincent.

SYBIL TRYSTS WITH A PHANTOM LOVER

Read the Story of this Remarkable Girl in "Whirlwind," New Serial

Her soul, Sybil Thore said, belonged to a dead man.

At 18 Sybil had fallen in love with a soldier boy, John Lowerence. On the eve of their marriage he sailed for France, and when she received the news of his death Sybil thought she too, wanted to die.

She would sit on the beach at Wianno on an evening, trysting with her phantom sweetheart. It was there, she said, that John seemed nearer to her than anywhere else she could go. For it was there that she had told John she loved him and promised to marry him.

Sybil is the heroine of "Whirlwind," the remarkable new novel by Eleanor Early. After the war another man fell in

love with Sybil and wanted her to marry him, but at 18 a love affair is a very serious thing, and Sybil, thought she liked Craig Newhall, her new suitor, and though she was older now, still worshipped at the shrine of an adolescent romance.

For awhile Sybil's life was just a series of mistakes and tragedies. And the greatest of them was that she did not want to marry Craig Newhall the first time he asked her. Hers is one of the most unusual stories to grow out of the war, and "Whirlwind" is one of the most unusual and powerful serials ever written. Be sure to read it. It begins in the Pampa Daily News Thursday August 23.

Mrs. S. M. Manard Entertains Texas Bluebonnet Club

Mrs. S. M. Manard was hostess to the Texas Bluebonnet club on Friday afternoon, entertaining in the home of Mrs. J. H. Lavender. Bridge was played and at the conclusion of the game, an attractive favor was presented to Mrs. L. M. Williams for high score. A delicious ice course was served.

The following members were present: Mrs. Don Wakeman, Mrs. Frank Seal, Mrs. J. H. Lutz, Mrs. J. G. Christy, Mrs. J. H. Lavender, and Mrs. J. H. Lavender, and Mrs. Williams. The next meeting of the club will be in the home of Mrs. Seal, it was announced.

Mrs. Roy Chisholm is spending the week-end in Amarillo.

Mr. and Mrs. Roy Sewell and Miss Leora Kinard are visiting in McLean today.

Guiding Your Child

EDITOR'S NOTE: This is the first of a series of stories written by the foreign correspondents of The Associated Press for readers of The Pampa Daily News to show "how the other half of the world lives." One will appear each week.

BY JAMES A. MILLS (Associated Press Staff Writer) SCUTARI, Albania (P)—In faraway and backward Albania young girls are sold as wives, but the prices paid are, in many cases, far less than that paid for a good pony or donkey.

Since the World war there has been an acute shortage of good pack-animals, while the number of women has almost doubled. The result is that while a good mountain pony costs as high as \$150, the native Albanian finds he can buy a young wife for as little as \$25.

Women's position in this primitive mountain state bordering the Adriatic, is not an enviable one. They do all the work in household and field, and carry all the produce to market, while the man of the family rides leisurely along on a donkey.

The Albanian man is brave and patriotic, but indolent and indifferent. He considers ordinary manual work beneath his dignity. His wife must attend to that. But he is a born soldier and fighter. He is ever prepared for war or for a personal encounter.

The costumes of the women of Albania are quaint, picturesque and diversified in pattern, varying with the region, religion and tribal association of the individual.

The men wear tight-fitting white woolen trousers with large baggy seats and with the sides striped with black braid. Most of them wear white fezes. The people are a sturdy, vigorous type, extremely hospitable to visitors.

Sanitary and health conditions in

Albania are extremely bad. Malaria, sand-fly fever and other tropical diseases are prevalent. Male doctors have a hard time of it, because the Mohammedans when ill insist on consulting women herb-doctors, midwives or clairvoyants.

(Next week: The French Con-charge.)

Mr. and Mrs. Lynn Boyd left yesterday for a visit to Mineral Wells. They will later go to Denver, Colo.

Mr. and Mrs. H. J. Worthen, who have made their home in Pampa for the past several months, have moved to Lubbock. They left here yesterday. Mr. Worthen supervised the installation of the new telephone switch-board.

Word was received here that Andrew Mock of the Adams Dry Goods store is ill in Pratt, Kans., where he and Mrs. Mock are visiting relatives. He will probably be unable to return to Pampa for several days, it was said.

Miss Zeida Williams of Portland, Ore., is the guest of her sister, Mrs. Jack Griffith, and Mr. Griffith. She will accompany them on a vacation trip.

Mr. and Mrs. Jack Griffith and their guest, Miss Zeida Williams of Portland Ore., left Saturday for New Mexico. They will visit various points of historic interest and spend a part of their vacation period in fishing.

Two Top Sides

From the mass of material which is available on the proposed railroad strike, upon which balloting by the Order of Railway Conductors and Brotherhood of Railroad Trainmen is under way, one is inclined to believe both sides have a pretty good case. The trouble lies in the compromise route, which, in the efforts to arbitrate, has centered around certain counter proposals by the railroads. The question is largely economic.

In the news, on the one hand, is revealed the instance of the request of Western railroads for increased rates. At the end of a year and a half of hearings, the railroads have given the Interstate Commerce Commission a 13,000-page brief. This brief purports to show losses of \$100,000,000 annually, with earnings of only 3.93 per cent in 1927.

The oldtime hatred of big companies like the railroad has been dissipated largely as hundreds of thousands of persons bought stock upon which they expect a fair return. They have come to see railroads as big, impersonal organizations earning dividends for the many investors. A fair return, therefore, is expected and anticipated. Moreover, especially in West Texas, the stability of railroad stock is the basis upon which extensions are being made through special issues authorized by the stockholders.

The indisputable rivalry of the motor bus and truck is to be recognized, not only because the railroads suffer loss of traffic, but inevitably, because they need fewer employees. It is this opportunity to reduce the payrolls, abetted by the modernized traffic, which permits one or two big engines to pull hundreds of cars, that makes a strike probable now. The railroads made agreements to use specific numbers of men on trains of given tonnage and lengths. These operating rules have enabled many railroad men to make runs which otherwise would have met state laws with fewer aboard. Naturally, they are prized quite as much as the salaries themselves.

Railroad disputes are supposed to be solved by arbitration as outlined under the Watson-Parker railway labor act passed two years ago. Under this law arbitration, with some success, has affected disputes between the brotherhoods and the railroad boards. Eastern and Southeastern lines effected compromises on the basis of small wage increases. Up to that time, the wage scale had favored western employ-

by from 6 to 7 per cent. Answering a demand from the western divisions, the board of arbitration granted a 7 1-2 per cent increase to yardmen, but denied a similar request from conductors and trainmen. Firemen and engineers, being necessities, obtained 6 1-2 per cent increases without arbitration.

The railroads offered to grant the conductors and trainmen raises equivalent to those given engine crews, but tied on the restriction that certain operating rules, not in effect in the other territories, should be suspended. These rules restricted the use of more than one locomotive to a train unless the crews are doubled and also the number of cars that may be hauled with two locomotives. In other words, the ruling defeats economics but provides more work for conductors and brakemen. The general public, in sympathy for working men, does not object to this provision as long as freight rates are not hiked to make it possible. If the railroads through other economies are making exorbitant profits, the train men should profit as well as the roads' patrons.

Wage rates were never higher, but decreased working hours per month have reduced earning to, in some areas, the level of 1922. Without the change in operating rules, the railroads offer 6 1-2 per cent raises, amounting to \$6,500,000 annually. It is the attitude of the Interstate Commerce Commission and the arbitration board that the railroads should be allowed to earn a "fair return." To do this there must be a delicate balance between wages and other expenses and freight rates.

Strikes affect the public, adversely, especially as the crops are in movement. It will be regrettable if the conductors and brakemen fail to do without a strike what the other brotherhoods have accomplished by arbitration.

It should be realized by the public that the workmen in question are not merely seeking better wages, but are striving to use fewer men and, by reason of decreased traffic in some instances and better motive power in others, fewer trains. Moreover, the railroads are seeking reduced rates on short hauls to compete with the truck lines.

The reduction in number of trainmen seems as inevitable as it has been similarly in telegraphy, printing, and other trades. Not less work is provided, but less of a given type. More truck drivers are needed, and, unfortunately in a way, these are not highly skilled workmen.

The reaction to the strike, if one is called, would be more favorable if the railroads were not menaced by motorized transportation. It is difficult to picture the situation from a local standpoint, became traffic in this immediate territory

EXPERIENCE

I Have No Unsupported Promises to Make!

My candidacy is based on the record that I have made while serving as sheriff of this county and upon the qualities that have made this record possible. And this record could not have been possible except through honesty, fairness, and efficiency gained through experience.

Inasmuch as the record and conditions here have gained the commendation of Federal, State and County officials: And since you know that conditions here

(even the Gray County is one of the leading oil production sections of the Panhandle) compare favorably with conditions in other counties where oil field evils are not present—**DOES NOT YOUR SENSE OF FAIRNESS AND SENSE OF SAFETY SAY THAT I SHOULD CARRY OUT THE WORK THAT I HAVE STARTED?**

Your serious and unprejudiced consideration of my candidacy will be sincerely appreciated.

Pampa Baptists To Attend Session of Encampment

The First Baptist church of Pampa will be well represented at the Baptist encampment which opens tomorrow at Anvil Park, six miles east of Canadian. Many local members have planned to take advantage of the full six days of educational and inspirational work and recreation offered, while others will go for a day or two.

Dr. J. B. Tidwell, head of the Bible department of Baylor University, will be the principal speaker at the encampment. He will deliver two sermons each day. Judge W. H. Sewell of Pollett is general chairman and moderator for the encampment. T. C. Gardner will be director of recreation and young people's activities. Other specialists will give training in B. Y. P. U. work, teacher and student training in Bible classes, W. M. U. organization and activities, and D. V. B. S. work.

The recreational program for the encampment includes sing-songs, swimming, games, and various kinds of programs. Anvil Park offers a perfect location for an encampment.

It has shade trees, running water and swimming pools, and a beautiful natural setting. It was donated for the encampment by J. C. Studer and family of Canadian.

"Diamond Dance" For Baseball Team to Be at Pla-Mor

A "Diamond dance" will be held at the Pla-Mor auditorium Monday night commencing at 9 o'clock. The proceeds will be used to help defray expenses of the Grays baseball club, sponsors of the dance, at the Amarillo tournament. A red hot orchestra will furnish the music and several prizes will be given away during the evening. Come and support the Grays.

Weeds Are Menace to Health, Besides Being Unightly

Dr. T. J. Worrell, city health officer, made the following statement to The News yesterday afternoon:

"Weeds in vacant lots in the city must be cut immediately as they are disease collectors and make the city look disgraceful. In many cases it is not only vacant lots that are filled with unsightly weeds but the yards around homes are let grow up with weeds.

"Why are weeds germ and disease collectors? is asked. Filth accumulates among the weeds, being dragged, thrown, and blown there. A rain follows and when the sunshine cannot get among those weeds the ground becomes stagnated, flies collect, and feed, and then fly into houses spreading germs as they go.

"At least make our city beautiful by cutting the weeds in your yard and encouraging your neighbor to cut his weeds and beautify his home."

Rose Motor Wins in Goodyear Contest

The Rose Motor company has received a baseball autographed by Babe Ruth, king of swat, as winners of the fifth inning in the Goodyear Fire company sales contest. The company has a nine-week contest throughout the United States and each week is taken as a baseball inning.

The local company led the list with 124 per cent, or a total sale of 700 Goodyear tires the first five weeks of the contest. The Rose Motor company is trying to win the bronze shield at the end of the ninth inning.

COUNTY COMMISSIONER

PRECINCT NO. 2

Lewis O. Cox, for ten years a resident of Gray County, is asking the voters of Precinct No. 2 for election to the office of County Commissioner, subject to the Second Democratic Primary, August 25. He pledges himself to an efficient, business-like administration of the County's affairs, believing that he is young enough to get things done and old enough to use sound judgment.
