

Mrs. Norred Assumes Presidency Of XYZ Club

Beginning the new club year Mrs. Delores Norred presided at the first meeting of the year of the XYZ club Thursday evening in the Settles ballroom. Hostesses were Mrs. Cecil Snodgrass, Mrs. Merrill Creighton and Mrs. A. McNary.

Mrs. Norred, new president, presented Mrs. Jean Campbell, outgoing president, with a gift from the club. The dining tables were centered with arrangements of pink carnations, and placed down the tables were days and months of the year in gold on black. Guests were seated according to their birth dates. Winners at games included Mrs. Frances Walker at bridge, Mrs. Opal Wooten at 42, and bingo winners were Mrs. Kitty Anderson and Mrs. Thelma Morehead.

Leaders Class Dates Announced

Training classes for new and experienced Brownie and Girl Scout leaders have been set for the latter part of January, to be taught by Mary Miller, area director, at the First Methodist church. Brownie leaders who have entered the work since 1945 will attend classes on Jan. 14, 28 and 30 from 9:30 until 11 a.m. Brownie leaders who have had previous training will have a refresher class on Jan. 30, from 1:30 until 3 p.m. New Girl Scout troop leaders will have classes on Jan. 14, 28 and 31 from 1:30 until 3:30 p.m. Experienced troop leaders will meet Jan. 31 from 9:30 until 11 a.m. Individual notices have been mailed, Miss Miller said, to inform leaders which classes they should attend.

Bible Students Present Movie, Play Thursday

Approximately 300 people attended the movie and play presented by students of Big Spring high school Bible classes Thursday evening at the high school gymnasium.

The movie, "Sweet Singer of Israel," portrayed the life of David, selected by the students as their favorite Biblical character. In addition to the film students of presented episodes from the Book of Ruth. The Scripture passages were read by Max Winn, and the cast included Hoylaus Royalty, Eddie Hickson, Betty Dalton, Faye Newton and Tomny Porter. The film was photographed by Elizabeth Akers, Bible instructor. Among characters in the movie were Joe Rhofies, Donald Webb, Glenn Huetl, Pat Lamb, Billy Plew, Donald Phillips, Glemma Helen Potts, Betty O'Brien, Charles McLaurin, James Douglas Eastham, Bruce Moore, Jeanette Smith, Geneva Ray, Mary Sewell, Ellen Eastham, Patsy Teague, Shirley White, Vyron Hartin, Billy Fryar, Martin Pryar Eddie Hickson, Bob Carlisle. Biblical explanation was read by Ellen Eastham and Donald Phillips.

Background music was furnished by the high school chorus, directed by Mrs. Bill Aaron. "Prayer Perfect," was sung by Joyce Howard and Pat McCormick. On exhibition were pieces of handicraft, including a plaster of paris model of Solomon's temple, done by the students.

BRIGHT NUMBERS! Chubby sub-debs can be glamor gals too in specially designed 'chubbette' styles. Big Sis wears a slimming striped chambray, the moppet in the middle is svelte in pin stripes, while the younger eavesdropper at left is beruffled and beautiful in a bib-front frock trimmed in criss-cross embroidery.

Kiwani Queens Have Luncheon

Mrs. H. E. Clay and Mrs. H. B. Reagan were hostess Thursday to the Kiwani Queens at a luncheon given in the home of Mrs. Clay.

A short business meeting was held. It was announced that Mrs. Herbert Whitney and Mrs. H. W. Smith will be hostesses at next month's meeting. Those present were Mrs. John Coffee, Mrs. B. E. Freeman, Mrs. L. E. Hutchins, Mrs. Elra Phillips, Mrs. H. B. Reagan, Mrs. Walter Reed, Mrs. Shirley Robbins, Mrs. Jack Roden, Mrs. S. M. Smith, Mrs. H. W. Smith, Mrs. Robert Stripling, Mrs. Sam Winham, Mrs. Herbert Whitney, Mrs. V. V. Young, Mrs. E. H. Hall.

TURN PLAYHOUSE INTO REALITY

HATTIESBURG, Miss., Jan. 10.—Two little girls gave up their books and parties today to settle down and make homes for their teen-age husbands. The young brides, Erlene McKee Gill, 14, and Betty Jean Ladner Gill, 13, who married James W. Gill, 19, and James Ervin Gill, Jr., 17, respectively, think "it's wonderful"—especially since they don't have to go to school.

After first failing to be married because of their ages, the two couples induced Mr. and Mrs. J. E. Gill of Hattiesburg, parents of the Gill boys, to accompany them to Purvis last Sunday. There they obtained the parents' consent, obtained the marriage license and went to Gulfport where they were married by Elder D. A. Busby of the Baptist Mission church. Each girl said she was a first class cook. Their first ambition now is to find a duplex apartment.

Airport WMS Plans Benefit Pie Supper

Plans were made for a benefit pie supper to be held on Feb. 14 at the church parsonage, when members of Airport WMS met Tuesday at the home of Mrs. C. E. Taylor.

Attending were Mrs. Thelma Smedley, Jean and Sonny, Rosemary Harten and Randy, Mrs. Ruby Gill, Mrs. Clara Spears, Mrs. A. M. Basden and Maurine, Mrs. Ia Early and Sonny and Mrs. Taylor.

The only natural entrance found to Wind Cave in the Black Hills, which is more than 10 miles long and 240 feet deep in places, is a hole 10 inches in diameter.

KIDNEYS GETTING YOU UP NIGHTS?

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this. Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys... increases the flow of urine, helping to remove excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. S. Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Mrs. Bill Dawes Honored At Party In Haynes Home

Mrs. Bill Dawes was complimented with a pink and blue gift party Thursday evening at the home of Mrs. A. H. Haynes with Mrs. A. O. Dillon and Mrs. J. P. Bowley as co-hostesses.

Bridge and bingo were entertainment for the evening, with Mrs. T. J. Williamson making high score and Mrs. Kelley Lawrence winning second high at bridge. Mrs. Ralph Wyatt binged. Following bridge a dessert plate was served from a table decorated with a miniature stork and pink and blue appointments. The honoree was presented with a corsage of pink and white carnations.

Those present were Mrs. W. S. Cook, Mrs. James Fowler, Mrs. Kelley Lawrence, Mrs. T. J. Williamson, Mrs. Henry Long, Mrs. J. B. Stichter, Mrs. Bill Fields, Mrs. Vernon Smith, Mrs. Ralph Wyatt, the honoree and hostesses.

Farm Agent Wins Praise For Report

The A&M college extension service has forwarded a special letter to County Agent Durward Lewter, commending the Howard county agent for thoroughness and clarity of his annual report. Mailed over the signature of J. D. Prewitt, vice-director of extension work and state agent, the letter states that Lewter's report of activity for 1946 composes the type of permanent records the extension service is anxious to file and perpetuate in each Texas county. Lewter's report for the past year consisted chiefly of a complete outline of work carried out in Howard county during 1946 and a narrative of several dozen typewritten pages.

St. Mary's Church Has Annual Meeting

The annual parish meeting of St. Mary's Episcopal church was held Thursday evening at the parish house, preceded by dinner.

Mrs. Robert J. Snell was speaker at the meeting. During the business session three members were elected on the vestry. They included Dr. Amos R. Wood, O. V. Christoffer and Carlson Hamilton. Approximately 65 attended.

CHORAL GROUP TO MEET

Allegro Music club's choral group will meet Saturday at 10 a. m. at the church with Mrs. Marion Beam in charge.

New Fields Open, Dodd Tells South Ward P-T A

As the West opened up new fields for young people in the 1870s, so are new fields being opened to young people of today, E. C. Dodd, Howard County junior college president, told members of South Ward Parent-Teacher association at their meeting Thursday afternoon.

Elementary schools, he declared, are doing a good job of laying foundations for the high grades, and now the schools must do more in the higher grades to branch out into more practical fields. These fields can be opened, he reminded, through vocational training in the numerous subjects brought to importance during the war.

Mrs. Mable Strother and her fifth grade students presented the program which was opened when they read Psalms 1:1-3. The group then sang "Follow the Gleam," followed by a solo, "Give of Your Best to the Master," sung by Della Sue Reynolds. Susan Logan played a piano selection. Nancy Henson announced the numbers.

During the business session, at which Mrs. Joe Pickle presided, discussion was heard on the drive to increase the per capita apportionment for students from \$35 to \$55 in order that the school situation might be improved. Stressed was the value of writing letters to officials in influential positions urging action on the bill. Mrs. J. C. Lane, council publications and year books chairman spoke briefly to the group.

The room count was won by Mrs. T. E. Bailey's room. Those attending were Mrs. Violet Reed, Mrs. Mable Strother, Mrs. Lee Harris, Mrs. E. H. Stelling, Mrs. Ray McMahan, Mrs. Vernon Logan, Mrs. Jesse Thornton Jr., Mrs. E. Low, Mrs. W. R. Payne, Mrs. J. C. Lane, Mrs. Jimmy Maion, Mrs. Donald Anderson, Mrs. T. E. Bailey.

Adjustments Reported In Contour Crop Pay

The local AAA office has been advised that no 1947 federal payments will be given Howard county farmers for contour listing of cropland, but there will be adjustments made for contour farming inter-tilled crops. This practice consists of planting and cultivating row crops following contour as determined by a level, or following, terraces. If the land is not terraced, rows must follow guide lines not to exceed twice the terrace interval. On slopes averaging greater than the three percent, contour farming must be in connection with terracing. If lines have been correctly run, written approval of the county committee must be obtained before crops are seeded. Approval can be obtained after March 1 by calling at the AAA office or by written request addressed to Box 711, Big Spring.

Safety Officials Report Busy Year On Drivers Tests

Despite the fact that the Department of Public Safety waived its policy of making all persons with delinquent vehicle operators' licenses undergo the examinations again, the local Driver's License bureau had its facilities taxed to the limit throughout 1946 servicing individuals seeking new certificates.

From Jan. 1 through Dec. 31, a total of 5703 tests were given by C. B. Strain, director of the bureau, throughout the Big Spring district.

In Big Spring alone, no fewer than 2292 persons underwent the examinations. Of that number, only 955 individuals made passing grades on the complete course as compared to 2513 through the six-city district.

Of the 1237 local persons who could not meet all the qualifications, 680 stumbled on the written requirements. Another 536 failed to survive the under-the-wheel examinations while another 121 either had defective automobiles or could produce no machines in which to take the tests.

May proved the busiest month on Strain's program, December the lightest. A total of 780 individuals applied for licenses during the former 31-day period while only 206 underwent the exams during December.

Strain visits Lamesa, Midland, Stanton, Garden City and Sterling City on a weekly schedule in addition to Big Spring. He prefers tests to local applicants on Mondays and Saturdays.

In the Roman Empire, the average life expectancy at birth was approximately 23 years.

YESTERDAY TODAY AND TOMORROW

"Churches are OK, I guess, but then you don't have to go to church or Sunday school to lead a moral life. You can do good outside the church just the same as on the inside. Church people don't have any monopoly on that, do they?"

Ever hear this before? Seriously, it is one of the most difficult obstacles in the path of fruitful living, let alone constructive church programs, for it represents indifference instead of downright opposition.

Ever notice how a stalk of corn in a skippy field gets along. It grows just as well—apparently sometimes better—than those in rows with good stands. And why shouldn't it. It gets all the plant food and moisture in its little area all for itself. But when harvest time comes, something strange has happened. Examine the ears of this isolated stalk. Invariably they are knotty and contain a few grains amidst blisters. Very little fruit. But those on stalks close together, which shared with one another, shared also on pollen and produced full, ears of grain.

That's the way it is with churches. The lives fullest of Christian fruits are those who share labors, fellowship, inspiration and prayer together with others in churches. That's the way it was meant to be. That's why you should find your place in the church of your choice.

Farm And Ranch News

By WACIL McNAIR
The extension service is making a survey of cattle on feed for commercial purposes in Howard county, and the figures may provide something to cause alarm to anyone who had hopes of seeing lower priced meat any time soon. Of course the only animals included are those being kept in feed lots and prepared exclusively for the commercial market. However, it appears that there are few full feed lots, and many of them are completely empty. Many well known stockmen who usually feed out from 100 to 200 head each year either did not carry out a commercial feeding program this year or else they already have sold their animals. County Agent Durward Lester believes that 4-H steers, some 70 in all, will make up more than half of the total.

demand still is higher than the supply, according to the department of agriculture. Only slightly larger quantities of phosphates are expected to reach the market, while nitrogen supplies will be slightly less than last year, the USDA reports. Various set-backs, such as the coal strike, have prevented production from reaching goals set for the year, but most of the loss is being borne by the export program rather than by farmers.

According to reports this week, the snow provided more moisture than was expected. The continuous freezing temperatures probably helped keep evaporation losses to a minimum. Tom Good, veteran stockman and rancher, reported that his cattle seemed to suffer few ill effects from the cold weather, and he believes the moisture from the snow will be very beneficial to his ranges.

Minor Auto Damage Resulted From Low Temperatures Here

Although a number of automobiles in Big Spring were inoperative during the low temperatures last week, there were few major disorders, such as cracked blocks and radiators, according to information available this week.

Howard county farmers have been taking advantage of weather conditions this week by getting their income tax returns out of the way. By Wednesday afternoon more than 290 had availed themselves of the service offered by the Farm Bureau at the county agent's office. Those required to pay income taxes still were in a heavy majority at the last tabulation. All farmers must file either a final return or an estimate by Jan. 15. The service at the county agent's office will continue until the final day.
Almost a record supply of fertilizer is on hand now for the current fiscal year of agriculture, but

Stocks of anti-freeze of all types dwindled, however, indicating that most automobile owners made preparation for the hard freezes. Permanent type anti-freeze was virtually unobtainable weeks before the snow, but ordinary alcohol and various other non-permanent fluids were in heavy demand. Service station operators advised their customers that alcohol would give adequate protection from freezing—if it remained in the radiator.
Low boiling point of the alcohol is a difficulty on long drives, however, and at the end of a few hours of travel a driver may find that his anti-freeze has boiled away. Some car owners were solving this handicap by purchasing more alcohol than actually needed at one time and then adding a new supply from containers carried in their cars after long drives. Some local automobiles with small water capacity weathered the zero temperature of last Saturday with less than a gallon of alcohol in the radiators. Many of them partially froze, but not sufficiently to cause damage.
Batteries were causing some concern, and they were to blame for many vehicles failing to start. Some batteries froze, and hundreds required recharging during the cold wave. Batteries in many vehicles were aged considerably, due to a shortage of new supplies which developed several months ago.

Bing May Get Call From Missing Girl

SAN FRANCISCO, Jan. 10. (AP)—Crooner Bing Crosby may get a telephone call any time now from Gloria Priest, 15-year-old San Francisco girl who, her mother disclosed today, disappeared from home Wednesday with her small brother and sister, Nicholas Jr., 9, and Francine, 5.
Mrs. Celia Priest said she had no idea her daughter planned to leave home but a close friend informed her Gloria was obsessed with the idea her sister had movie talent and said she was going to take her to Hollywood.
"She had Bing's private telephone number," Mrs. Priest said.

Crosby Meet Opens At Cypress Point

DEL MONTE, Calif., Jan. 10. (AP)—The tricky Cypress Point golf course, described by the unfortunate as an 18-hole sand trap surrounded by Sea Lions, engaged 150 of the sport's top money-players and Simon Pures today in the opening of the \$10,000 Bing Crosby Pro-Amateur Golf Tournament.
The Groaner himself, surrounded a coterie of fellow Hollywoodians, was on hand for the first-day play.
Competition moves to the Monterey Peninsula Club tomorrow and winds up with 18 holes on Seagirt Pebble Beach Sunday.

Mayer Pride Tries Comeback On Coast

ARCADIA, Calif., Jan. 10. (AP)—A couple of major turf questions are slated to be answered tomorrow in the \$50,000 San Pasqual handicap at Santa Anita.
(1) Can Busher make the comeback grade?
(2) How will the field shape up for the \$100,000 Santa Anita handicap March 1?
On the first item, it seems definite that this finally is it as far as Busher's aspirations are concerned. The filly champion of 1945 has reached the put-up-or-else stage.
She has been brought along cautiously by owner Louis B. Mayer and Trainer Graceton Philpot with the hundred-grander very much in mind. In her first start last week since her breakdown nearly a year and a half ago, the mare (she's turned five) ran well behind in a six-furlong sprint.
A field of more than 15 eligibles for the \$100,000 cap is expected to go in the San Pasqual, and tomorrow's results should help to give a line on March 1 chances.

Bobby Feller Plans Home Near Dallas

DALLAS, Jan. 10. (AP)—Bob Feller, the Cleveland Indians' pitcher, plans to build a home near Dallas as soon as materials become available.

Feller disclosed his plans yesterday during a visit to view the 350-acre farm he and his father-in-law, W. M. Winther of Waukegan, Ill., own near here. Feller said he planned to build on the farm.

Milk... A BASIC FOOD

BE SURE IT'S PASTEURIZED
Milk provides materials to build little muscles and strengthen bones and teeth. Most children should have at least a quart a day. Authorities say that "only proper pasteurization insures safe milk." Every drop of Borden's Milk is pasteurized for your protection.
From the book "The Most Nearly Perfect Food" by Drs. Crumley and Tobey.
