Gray County Republican Convention Formulates Complete Ticket

CHAPMAN WELL IS FLOWING 1,000 BARRELS

GUSHER NEAR SMALL WELL AND DRY HOLE

Unexpected Pay Causes Much Interest in County

HEAVY GASSER IN SECTION 5

Huge Flow From One Sand Heard for Miles

The Texas company's No. 3 A. J. Chapman in the southeast corner of section 51, block 25, H. and G. N. survey, is flowing 1,000 barrels of 44 gravity oil from granite wash at 2,855 feet. It is 5 miles southeast of LeFors.

Because of the fact that this gusher is an offset to the Ray and Massey's No. 2 Chapman in the same section, a 25 barrel well, and an offset to the Shamrock Oil company's No. 2 Chapman in section 56 of the same block, a dry hole, this large well was a surprise to the company. Pay had only been penetrated one foot when the heavy flow was encountered.

This gusher is further proof of the "spotted" conditions in east and central parts of Gray county.

After being battled for two days, the Texas company's No. 1 Shaw in section 5, block 1, flowing 100,000,000 cubic feet of gas by the gauge, has been brought under control by the use of high pressure water. A string of tools and a liner are in the hole and cannot be fished out until the gas is smothered.

This huge gasser is the largest in the Panhandle to be flowing from a single depth. Other wells in the Sanford territory have picked up two flows of greater capacity, but the Gray county producer is the surprise of the Panhandle.

The gas flow found while drilling ahead at 2,545 feet in gas sand and caused no little excitement in the territory, being heard for several miles.

Drilling will begin as soon as the cement has set in the Prairie Oil and Gas company's No. 1 Thut, in the Thut pre-emption survey an offset to the LeFors Petroleum company's gusher. Forty million cubic feet of gas was picked up at 2,422 feet.

The well is logging perfectly with the LeFors Petroleum company's well the first producer in the territory, which came in for more than 2,000 barrels.

In the west Pampa field the Empire Gas and Fuel company's No. 2 Archer in section 174, block 3, was a disappointment. The well was drilled to 3,207 feet to flow 35 barrels the first fifteen hours, natural.

Highway Engineer Is Coming Thursday

Division highway engineer W. A. French will be here Thursday to confer with county commissioners of Gray and Roberts counties and a committee from the local Chamber of Commerce regarding the re-routing of highway 33 to Miami.

E. P. Reid, veteran road enthusiast, and G. W. Briggs, manager of the Chamber of Commerce, called Mr. French yesterday, when he promised to visit Pampa Thursday and go over the route.

THE WEATHER

West Texas: Sunday and Monday generally fair in the South, partly cloudy in the North portion, probably showers in the Panhandle Monday.

J. A. PEARSON

Commander Walton D. Hood, of the Texas Department of the American Legion, Saturday announced that he has appointed J. A. Pearson, of Pampa, on the state band and drum corps committee for the Legion national convention at San Antonio October 8 to 12.

Mr. Pearson, who is prominent in Legion and Forty and Eight work over the state, is a member of Kerley Crossman Post. After helping to organize this post, he was for three years a member of Hanson Post at Amarillo.

He has been selected as a delegate to the state convention at Tearkana, August 27 to 29.

The state band and drum corps committee will co-operate with the national organization of the Legion and with a San Antonio committee in handling the competition in those two classes, which is expected to be unusually keen this year.

Nearly 150 bands and drum corps are expected to be present at the convention.

Larger cash prizes than ever are offered this year, totaling for the two classes \$5,000. In each of the two prizes are: First, \$1,000; second, \$750; third, \$300; fourth, \$250.

SCHOOL PLANS TAKING FORM

Chicago Couple Coming to Teach Music at Central High

With the opening of school hardly a month away, plans for the year's work in the various departments are taking definite shape. T. A. Fannell of Chicago, who will head the music department, has sent board officials an outline of his and Mrs. Fannell's program of work for the term.

Mrs. Fannell will teach piano music and if arrangements can be made for an instrument, she will give pipe organ lessons also. She will assist Mr. Fannell in carrying on work with various student groups.

Mr. Fannell will teach vocal music and give lessons on various reed instruments. He will organize and direct a mixed chorus, a girls' chorus, a boys' chorus, a girls' quartet, and a boys' quartet, as well as an orchestra.

Miss Lora Harrell was recently elected as violin teacher. Miss Harrell comes to Pampa highly recommended both as a performer and a teacher. She studied with several of the well known violinists of this state and others, including Brooks Harris of Fort Worth, Gregor Jassell of Houston and Robert Parmenter of Louisville, Ky. In addition to her private lessons, she will assist Mr. Fannell in orchestra work.

Miss Ruth Abramson of Amarillo was elected to a position in the grades at a recent meeting of the board of trustees. Miss Abramson, who has won an enviable reputation as a reader in her home city, has indicated that she will probably teach expression to a small class of pupils.

Appointed

MONTGOMERY IS ADVOCATED FOR SHERIFF

Reynolds Is Nominated Commissioner—Ball for Judge

ENDORSEMENT GIVEN SEVERAL

J. A. Pearson Named Delegate to State Meeting

In an enthusiastic convention, the first held here since 1905, Gray county Republicans yesterday selected a full county ticket and pledged themselves to support it in the general election.

The ticket, with either new candidates, or endorsements of county candidates already in the field on the Democratic list, follows:

Sheriff and tax collector—Jot Montgomery, McLean.

Tax assessor—F. E. Leach (endorsed).

County clerk—Charlie Trut (endorsed).

District clerk—R. B. Thompson (endorsed).

County commissioner, Precinct 2—Ernest E. Reynolds.

County judge—W. J. Ball, Alameda.

County treasurer—Mabel Davis (endorsed).

County surveyor—Warren T. Fox, County attorney—John F. Studer (endorsed).

Constable, Precinct 2—Herman Wachtendorf (endorsed).

District attorney—31st district, Clifford Braly (endorsed); 84th, Curtis Douglas.

Dr. V. E. von Brunow was re-elected county chairman, and A. G. Post, Precinct 2, and A. L. Hibler, Precinct 5, were made committeemen.

J. A. Pearson was elected delegate to the state Republican convention to be held in Dallas August 14. The chairman will appoint a steering committee of five members to direct the party affairs in this county. Dr. Brunow was on duty as chairman yesterday, and W. A. Crawford as secretary.

Stirring talks were made by Mr. Crawford, Dr. Brunow, Judge Ben S. Baldwin, Chas. H. Sharp, and others. About thirty persons were present at the trade union hall in the Brunow building.

That this is a "peculiar year" politically, in which many Democrats will support the Republican nominees, and that Gray county has 2,000 Republicans among the newcomers, were declarations stressed at the meeting.

POLISH PLANE IS MISSING—SEEN AT SEA BY VESSELS

LONDON, Aug. 4—(P)—The plight of the Polish trans-Atlantic plane Marszałek Pilsudski entered the mystery phase tonight.

As the long hop entered the fortieth hour, meagre dispatches received from vessels at sea telling of the sighting of a plane, presumably the Polish one, suggested possibly the machine may have turned back toward Europe or have lost its way en route to the United States.

The Norwegian tank steamship Aztec reported she had sighted a biplane, presumably the Marszałek Pilsudski at 2:40 a. m., Greenwich meridian time, about 300 miles north of the Azores at that hour.

CANADIAN IS KILLED

SHERMAN, Aug. 4—(P)—James Richard Beverly of Toronto, Canada, died here from injuries received when he was thrown from a bicycle and run over by a truck on the highway near here.

EXCITEMENT REIGNS AS TWO HUTCHINSON COUNTY BOXES ARE THROWN OUT

BOROSR, Aug. 4—(P)—The Hutchinson county Democratic committee, after canvassing votes cast in the election of July 28, Saturday threw out the Marland and Isom boxes to make sweeping changes in the results of the balloting.

The ground on which the votes were thrown out is that election judges at Isom and Marland failed to comply with the law requiring the ballot boxes to be delivered to the Democratic chairman within four days after the election.

W. S. Christian is county chairman. Ed Bunch was election judge at Mar-

and and C. C. Keech at Isom. According to the new count, Sheriff Joe Ownbey wins by 106 votes. According to unofficial complete returns compiled by the Borger Herald, Claude Smithers was in the run-off with Ownbey. The new count also put H. M. Hood's lead over two opponents for county judge, and gave W. R. Goodwin a new lease on political life. The new totals are: Goodwin 649; Hood 654.

There was much excitement when the committee's action became known, but no serious trouble was reported.

Panhandle Crude Oil Production Is Holding Standing

Panhandle production held its own last week with Gray, Carson and Hutchinson counties showing a slight gain but Wheeler county lost considerable. Two small wells were completed in Gray county enabling her to hold production above the 20,000 barrel mark.

The total daily Panhandle production was 62,848 barrels.

Total daily production by counties: Carson—6,745 barrels.

Gray—20,340.

Hutchinson—34,640.

Moore—206 barrels.

Potter—20 barrels.

Wheeler—985 barrels.

First National Takes Over White Deer State Bank

WHITE DEER, Aug. 4—(Special)—Through a merger of the First National bank and the First State bank here, White Deer now has one of the strongest institutions in the Panhandle, with deposits totaling \$666,043.00.

Consolidation of the two banks was effected as of July 31. The First National has opened its doors in the building formerly occupied by the First State bank. The charter of the State bank was surrendered, and stockholders were paid in cash. Many of the stockholders then purchased stock in the First National bank.

The officers of the reorganized institution are: President, T. A. Horn; vice-presidents, A. J. Dauer, J. H. Skaggs, Bob McCoy; cashier, J. C. Freeman; assistant cashiers, Miss Edith Simmons, T. D. Simmons; directors, T. A. Horn, A. J. Dauer, J. C. Jackson, J. H. Skaggs, J. C. Freeman, Henry Schaffer, Bob McCoy.

Pampa Will Be In Gala Dress on Week of Convention

James Haynie of Breckenridge, manager of the Oil Belt Flag and Decorating company, is here to dress Pampa in gala fashion for the American Legion convention of August 11 and 12.

He will start taking orders from local firms tomorrow, and will place the decorations Wednesday. The streets throughout the business section will be decorated free. The Kerley Crossman post here wishes every store to decorate for the event. Mr. Haynie's decorations will be used for the first time here, and Pampa is expected to offer a fine visual welcome to the incoming Legionnaires.

Unknown Man Dies Here—Had Not Told Name

An unidentified man died at the Eldridge Cottage camp Friday night about 11 o'clock and the body is being held at the Malone Funeral home, from where efforts are being made to identify it.

He was known to some here as George Hart and to others as W. M. Barker, but no definite information as to his identity is known.

He is a man about 55 years old, with three fingers and thumb on his right hand deformed. He at one time was a hot tamale seller here and at Wichita Falls.

He had been under the care of the Pampa Welfare association and has been suffering from attacks of influenza, which proved fatal, attending physicians say. The man is said to have a brother, a cattle buyer, and a sister in Oklahoma City, but no trace of them had been found last night.

Braly and Allen Are in Run-off for 31 District Attorney

Walter Allen will enter the second primary with Clifford Braly in the race for the district attorney of the 31st judicial district, it was assumed yesterday when complete returns from the nine counties of the district were available.

According to the poll assembled by The News, the complete vote is as follows: Braly 4,274, Allen 2,982, Wortman 2,755.

J. A. Holmes was conceded victory for 84th district attorney by Curtis Douglas incumbent.

Former Pampa Boy Killed in Plane

Cadet John B. Dawson, who was killed when his plane crashed Friday at Kelley Field, is a former resident of this city, having been part owner of the Jumping-Jack Tire shop on West Foster avenue. He came here from Denver, his home in the fall of 1926, and with C. A. McMillan opened the tire shop. He remained here until about six months ago when he left for California, where he joined the air force, being later transferred to Kelley Field, accompanied by Cadet William J. Crosswell, who successfully leaped when his plane commenced its fatal plunge. He jumped but was unable to clear the falling plane and was carried to the ground.

The Jumping-Jack Tire shop was recently leased to Bonnie Rose and has since been named the Goodyear Service station.

Mr. and Mrs. Harry Alexander of Amarillo are spending the week-end with Mrs. Alexander's mother, Mrs. Nellie Beardmore.

May Lead Vets

Here are two men who are being mentioned for election by the Veterans of Foreign Wars when the 29th annual encampment is held at Indianapolis, Aug. 26-Sept. 1. Below is Harpur M. Tobin, Philadelphia attorney, who is being boomed for election as commander-in-chief, and above is Eugene P. Carver, Brookline, Mass., a candidate for the national commander.

H. L. CASE WILL ALTER SCHOOL

Auditorium to be Cut Into Class Rooms and Hall

Work of remodeling the auditorium of Central high school to form two class rooms and a study hall will start at once. Joe M. Smith, business manager of the Pampa Independent school district, said yesterday. The contract for the work was closed Friday night with H. L. Case, and at the same time C. W. Lawrence was awarded the contract for painting the new rooms and all corridors of the building. The work of remodeling calls for the expenditure of \$2,475.

Several car loads of materials, principally brick and cement, to be used in the two new ward buildings, are being unloaded, and much of the contractor's machinery has been shipped from Amarillo. Construction will start within the next few days, or as soon as the ground is dry enough to permit work. A. L. Randall of Amarillo has the building contract.

GIRLS ARE POISONED

SAN ANTONIO, Aug. 4—(P)—Nine girl employees of a five and ten cent store here were rushed to a hospital today suffering from ptomaine poisoning. Although all were violently ill none was thought to be in any danger. They are thought to have eaten tainted ice cream.

NAME DRAWN BY LOT WHEN TIE IS BROKEN

Absentee Votes Not to Be counted Unless in Contest

JUDGES' TOTALS ARE APPROVED

Committee Finds Five Contests for Second Primary

After declaring a tie for second place in the race for sheriff and tax collector of Gray county, the Democratic executive committee yesterday decided the problem by drawing lots according to law, and the name of S. A. Hurst was the lucky one.

Mr. Hurst, as a result, will enter the second primary with Sheriff Graves. Tied with Mr. Hurst with 636 votes was Jno. V. Andrews. The incumbent received 1,246 votes.

No absentee votes mailed to A. A. Callahan, election judge at McLean who was called out of town July 28 and inadvertently took the ballots with him, were considered by the committee. It was held that the duty of the committee was not to count the ballots, but to check the official reports and totals submitted by the various election judges. The absentee ballots, uncounted, are believed to be in the McLean ballot box, but because they came in after election the judge did not open them.

While it is uncertain as to what effect the counting of these nine votes would result in their being considered. The names of Mr. Hurst and Mr. Andrews were written on slips and the former was duly drawn by the executive committee.

Five high candidates received no majorities, and will contest their places with the runners-up in the primary election of August 25. These races are:

Sheriff and Tax Collector—E. S. Graves, S. A. Hurst.

County Commissioner, Precinct 1—John E. White, M. B. Davis.

County Commissioner, Precinct 2—Lewis O. Cox, W. A. Taylor.

County Commissioner, Precinct 3—Thos. O. Kirby, H. G. McCleskey.

Constable, Precinct 2—G. H. Parrish, Herman Wachtendorf.

County returns were found practically identical with those collected by The News.

Candidates winning their offices include:

District clerk—R. B. Thompson.

County judge Ivy E. Duncan.

County attorney—John F. Studer.

County treasurer—Mabel Davis.

County surveyor—A. H. Doucette.

County Commissioner, Precinct 4—M. M. Newman.

Justice of the Peace, Precinct 1—L. H. Schwendener.

Justice of the Peace, Precinct 2—O. E. Cary.

County Democratic chairman—Siler Faulkner.

Precinct Democratic chairmen—Precinct 1, J. C. Short; Precinct 2, Frank Thomas; Precinct 3, none; Precinct 4, W. J. Ball; Precinct 5, J. M. Carpenter; Precinct 6, Walter Jones.

Retiring precinct chairmen are: Precinct 2, H. J. Lippold; Precinct 3, W. S. Wills; Precinct 6, L. H. Webb.

The next meeting of the executive committee will be held September 1.

ATLANTIC, N. J., Aug. 4—(P)—The condition of Senator-elect William S. here, was reported as showing slight improvement tonight over what it had been this afternoon when physicians said the patient was "practically in a state of stupor."

### Carpenters Beaten by Gulf, Opening the Second Half

The second half of the city industrial baseball league opened disastrously for the Carpenters, who met defeat in a well played game Thursday night and again Friday night.

Playing airtight baseball during the entire game, the Gulf Gunners were just able to make out a 3 to 2 win over the Builders Thursday night, while on the following evening the Roxana Petroleum company nine had an easy time beating the Carpenters, 9 to 1.

Two games will be played this afternoon, and the first called for 2 o'clock.

### Amateurs of City Will Get Chance at Pla-Mor Monday

Local amateurs will provide the boxing card at the Pla-Mor auditorium tomorrow night. There are some fast youngsters in Pampa that put up real fights. The main event of the evening will be between Frankie Farrell and Kid Knight. Both boys will weigh in 128 pounds.

Farrell is well known here as a fighter of ability, but will have a tough opponent when he steps into Knight, who is said to be a fast, hard-hitting boy. He has never appeared in a local ring but has been here for some time.

The second main event of the evening will be between O. D. the newsboy and Young Armstrong, another newcomer to the Pampa ring. O. D. has been knocking everyone he meets around the ring, but may meet his match in Young Armstrong.

A good boy has been signed to meet Battling Buster, who also has been causing grief to aspirants seeking to beat him and the unnamed boy may be the one. Good preliminaries are on the card out will be preceded by a battle royal.

A watermelon eating contest and a pie eating contest for boys under 15, will be an added feature.

O. W. Ferguson, manager of the Diamond C. Dry Goods store, left Saturday afternoon for Eastern markets to do the fall buying for the local store. He was accompanied by Mr. Ely of the Woodward, Okla., branch of the Diamond C. stores. They will join buyers from their other stores in St. Louis.

### "Good Luck, Gene"; "Same to You"

"If I had fought again it would have been for Tex Rickard, the foremost boxing promoter of all time." So said Champion Gene Funney when he announced his permanent retirement from the ring, and here he is shaking hands with Rickard after his farewell luncheon in New York. "Good luck, Gene," said the man who had lost on the gate receipts. "And better luck to you, Tex," responded the youngster who was quitting with some \$2,000,000 salted away.

### Dallas Steers Lose Tenth to Houston Buffs

DALLAS, Aug. 4—(AP)—Their few threats thwarted by the flashy Houston inner defense, Dallas lost its tenth consecutive game Saturday in the second of a three-game series with the Buffaloes, 2 to 1. It was a pitching battle between southpaw Frank Barnes and Homer Blankenship. Steers' ace right-hander.

Houston ..... 100 001 000—1  
Dallas ..... 000 000 001—1  
Barnes and Jonnard; Blankenship and Billings.

#### CATS LOSE TO SANTONE

FORT WORTH, Aug. 4—(AP)—Dick Shuman, barring wildness in the early rounds, was in fine form today and held the Cats to two hits and San Antonio took the second game of the series, 3 to 2.

San Antonio ..... 000 000 210—3  
Fort Worth ..... 110 000 000 —3  
Shuman and Gibson; Burns and Cobb.

#### SPORTS HITTING WINS

SHREVEPORT, Aug. 4—(AP)—The Sports hit timely behind Tiny Owens today and beat Beaumont 8 to 3, to hand up their fourth consecutive victory. Petrie of the visitors made four hits in four trials, one blow being for four bases.

Beaumont ..... 020 000 001—3  
Shreveport ..... 011 100 502—8  
Hansen and Robertson; Owens and Tobin.

#### SPODDERS WIN AGAIN

WICHITA FALLS, Aug. 4—(AP)—Kiefer bested Caldwell in a well pitched battle here today to make it two straight for the Spudders over the Cubs. The score was 3 to 0. It was Kiefer's fifth shut-out of the year.

Waco ..... 000 000 000—0  
Wichita Falls ..... 101 000 202—3

## No Worries and Pep for Sport

for Users of Magnolia Anti-Knock Gasoline

Do you know the thrill of hooking a "Big One", seeing him leap, playing him for hours until you think that if he doesn't give up soon you will—and then landing him? It's a man's sport. From Sabine Pass to Point Isabel, along the Texas Gulf Coast, the fish warriors are waiting to give you a new test of skill and gameness. Men who have fished for Tarpon command respectful attention whenever the conversation turns to fishing. And when a woman lands one, that's something to write home about! Get your tackle, a boat, and shove off.

Five maps showing the highways from your home anywhere in the Southwest to the Tarpon fishing grounds will be furnished to you at the Magnolia Filling Station. There are many other interesting fishing grounds at fresh-water lakes and rivers near you which offer exciting sport and a pleasant week-end trip for all the family.

Make the trip to the fishing grounds a pleasure by visiting the Magnol. Man before you start. He will give you maps, test your feet, fill the radiator, and make sure that your car is ready to give you pleasure miles. The correct motor fuel and lubricants will add to the joy of the drive. He has Magnolia ANTI-KNOCK Gasoline, free from chemicals and poisonous compounds, for high compression motors, regular Magnolia Gasoline for the utmost mileage, and scientifically right paraffine-base Magnolene Motor Oils in six grades with a Magnolene oil or grease for every working part and condition.

### Happiest Boy

Here's Andrew Stark and why shouldn't he smile. Andrew a carrier boy for The Daily News, is shown with his new \$65 bicycle given him by The News for getting the most new customers in a recent contest in which all carriers took part.

Other prizes were \$10 in gold, won by Lawrence Stalcup, and \$5 worth of merchandise from many store in Pampa, won by Calvin Dollard. The boys took great interest in the contest and were alert to every opportunity for getting a new subscriber.

Washington here today 2 to 1.  
Washington . . . 100 000 000—1 7 0  
Cleveland . . . 000 200 00x—2 4 0  
Eraxton and Ruel; Gram and Akry.

DETROIT IS OUTHIT  
DETROIT, Aug. 4.—(AP)—Heavy hitting by the visitors defeated Detroit here today. Philadelphia getting 7 runs to the home boys' 4.

Philadelphia . . . 330 001 001—7 14 1  
Detroit . . . 100 021 001—4 8 2

ST. LOUIS, Aug. 4.—(AP)—A disastrous third inning in which the St. Louis Browns reaped a harvest of six runs off three singles, a double, and two errors assisted materially in sending the Boston Red Sox down to defeat here today, 11 to 3.

Boston . . . 000 300 000—3 3 3

### Helen Jacobs Wins Women's Finals

SEARRIGHT, N. J., Aug. 4.—(AP)—Miss Helen Jacobs of Santa Barbara, Calif., won the women's singles of the Seabright invitation tennis tournament today in straight sets by defeating Miss Marjorie Gladman, Santa Monica, star of the University of Southern California, 9-7, 9-2.

Dr. George King and Watson Washburn, New York veterans of many tennis wars, defeated Wallace Johnson, Philadelphia, and Fritz Mercer, Bethlehem, Pa., in the finals of the men's doubles in straight sets, 6-4, 6-3, 6-3.

Miss Marjorie Morrill of Dedham, Mass., and Berkeley Bell of Austin, captured the title in the mixed doubles through a victory over Miss Gladman and Louis Thalheimer of Dallas, 6-2, 6-7, 6-2.

### Rookie Is Star

When you're talking about rookies who made good this year in the major leagues, don't overlook Doug Taitt with the Red Sox. He came up from the Southern league and is one of the best hitters the Red Sox have on their

### Finns Sweep to Another Victory

By ALAN J. GOULD  
Associated Press Sports Editor  
DAM, Aug. 4.—(AP)—Finland's Hardy OLYMPIC STADIUM, AMSTERDAM again swept the boards today in the Olympic steeple-chase final, taking the first three places to monopolize the victory flagstaffs, but the Nurmi-Britois dynasty that had been considered impregnable was toppled for the first time.

On a cold rainswept course, under conditions that made this event tough, Nurmi finished second and Willie Ritola, the champion, quit while a spray of rain, Tuvo Loukola, galloped on to win in record-breaking fashion. Ritola, a twenty-two year old chaf, four, beat Nurmi by 50 yards in the time of 9 minutes 31.4 seconds for the 3,000 meter chase over hurdles and water jumps, surpassing Ritola's record made in the 1924 games nearly 12 seconds.

club. He's batting around .315 now. And he also can pitch. When the regulars got batted around in Cleveland recently, Carrigan called Taitt in and he did nicely.

**Retains School**

Although it recently was announced that the Pampa School of Commerce had been sold to the American Business College, Inc., Walter D. Hardin, manager and owner of the local school, yesterday said the buyers' option had expired and that the institution would continue to be operated by him.

Mr. Hardin will continue as manager. He is holding night classes from 7 to 10 a. m., and beginning Monday day classes will begin at 9 a. m., and continue through 4 p. m. Courses offered include business English, business spelling, business arithmetic, rapid calculation, penmanship, office practice, business efficiency, business law, book-keeping, shorthand, typewriting, multi-graphing, mimeographing, adding machine, show card writing, public speaking, salesmanship, and journalism. Two expert commercial teachers will be employed as soon as the enrollment justifies.

The night school has been operated without interruption since January 16. Seven of the students are now employed in local offices. The day school enrollment is expected to reach twelve tomorrow.

Mr. Hardin formerly was head of the commercial department of Senior high school, Austin. He was commercial supervisor of commercial training with the U. S. Veterans Bureau at Dallas four years, and taught in Bryan high school vocational night school for four years before coming here.

**PHONE MANAGER LEAVES**

K. S. Boehm, manager of the Southwestern Bell Telephone company, left yesterday on an extended vacation in which he will tour Colorado, Kansas, Wyoming, New Mexico and Iowa. Mrs. Boehm who is visiting in Colorado Springs, will accompany Mr. Boehm from there. Mr. Mize from Borger will be in charge of the local office during Mr. Boehm's absence.

**Georgeous Pageant**

Everybody should see the merchants Pageant, Trades Display Show and Concert, to be held at the Rex Theatre Wednesday and Pampa will be represented by the young ladies of Pampa dressed in unique and appropriate costumes. Many interesting displays, surprises and something good, something different. The biggest event of the season. Over One Hundred people will take part in the exercises.

Lots of fun. You will laugh a dollars worth. Admission prices only 25 and 50c. A Clara Bow picture will be shown in connection with the Pageant Program each night without extra charge. A packed house is expected. Tell your friends about it. Proceeds for the benefit of the Pipe Organ fund of the New Methodist Church.

**Many Students Are ENROLLING**

for Secretarial and Bookkeeping Courses beginning Monday, Aug. 6. It will pay you to attend a home institution. Seven of our students are holding positions in Pampa today, others graduating soon.

**84th District Court to Convene August 20 Here, With Continued Cases Slated to Require Session**

The 84th District court will convene August 20 at the court house in Pampa, with Judge Newton P. Willis presiding. County court, with Judge T. M. Wolfe presiding, will convene on the same day.

On the docket of the 84th district court are about 175 cases, fifty of which have been filed since the last term of court, the rest being continued cases.

The county court has a very light docket, with no case of particular interest to come up for trial.

The grand jury panel includes W. C. Archer, W. T. Wilks, W. M. Craven, G. C. Walstad, I. B. Hughey, G. H. Brown, H. R. Kees, J. M. Carpenter, R. T. Abersold, D. M. Davis, F. H. Rourland, Claud McGowen, Sam Hodges, A. J. Dauer, John Baggerman and W. J. Ball.

**First Week**

The petit jury panels:

E. G. Behringer, Pampa; Scott Barcus, Pampa; T. M. Ballew, Pampa; Floyd Phillips, McLean; Scott Johnson, McLean; Bryan Robey, McLean; Bryant Henry, McLean; Moore Davidson, Pampa; W. W. Henry, Pampa; G. W. Elms, Alanreed; W. M. Frickson, Alanreed; T. N. Holloway, McLean.

**New Utility Truck**

-another Sensational Chevrolet Value

**4 Speeds Forward • 4 Wheel Brakes**

Typical of the progressive design embodied in the new Chevrolet Utility Truck is a four-speed transmission with an extra-low gear, providing tremendous pulling power for heavy roads, deep sand and steep hills—and reducing to the very minimum the starting strain of motor, clutch and rear axle—

—powerful, non-locking 4-wheel brakes, with a rugged emergency brake that operates entirely independent of the foot brake system—

—and a new ball bearing worm-and-gear steering mechanism, which even includes ball bearings at the front axle knuckles!

And in addition, there are all those basic features which have been so largely instrumental in Chevrolet's success as the world's largest builder of trucks!

Come in and get a demonstration of this remarkable new truck. You'll find that it offers every feature needed for dependable low-cost transportation—and we can provide a body type to meet your individual requirements.

# To The Voters OF GRAY COUNTY

Since the divided vote in the primary necessitates a run-off in the race for sheriff, and it is an evident fact that a personal canvas is impractical if not impossible,, I take this method to earnestly solicit your support in the second primary.

As stated before, my race is being based largely on the record that I have made while serving as sheriff of this county. State and Federal officers—men who have had enough experience to be competent judges in such matters—have invariably commended us on conditions found here an inspection of the reports of the grand juries and of the court records will give the facts and figures concerning the part that we have taken in keeping Gray County's rating high as a law abiding section.

I HAVE GIVEN YOU MY BEST EFFORTS IN THIS WORK AND WISH TO ASSURE YOU THAT I SHALL—IF RE-ELECTED—BE ABLE TO RENDER EVEN BETTER SERVICE BY VIRTUE OF VALUABLE EXPERIENCE GAINED IN THE PAST TWO YEARS AND THROUGH CLOSE STUDY OF CONDITIONS IN THIS COUNTY

E. S. GRAVES

Your Sheriff is asking for re-election to the responsible office he now holds. Law enforcement in this community in the last two years has become a much more difficult and complicated matter than it had ever been before in Gray County. Under many handicaps E. S. Graves has carried on, doing his best to give this community four-square protection from all the forces of evil. Do you appreciate the fact that Gray

county has been a safe place for your family to live? If so, consider well before you say by your ballot "out with the old, on with the new." There are plenty of GOOD MEN in Gray county; good law-enforcement officers are not so plentiful. Sheriff Graves asks only that when you cast your ballot in the Second Primary, August 25, 1928, you consider well YOUR OWN BEST INTERESTS!

# E. S. GRAVES

TWINKLES

So Al doesn't understand enough about the equalization fee the farm leaders talk about to approve it either?

Still, to expect farm economics from the sidewalks of New York is too much to expect overnight.

Hoover likely will suggest the poultry basket as a means of farm relief. He saw that work in California.

Kings may be worth something, after all. King Boris of Bulgaria got near enough to a forest fire to singe his royal whiskers, if he has any.

Will the Chicago reporters see what Big Bill says about King George's approval of a pact with us to outlaw war?

Don't scold the child if he is reticent; he maybe another president in the making, or a Lindy, or even a Sinclair. These geniui don't talk.

Soapsuds are used in latest German firefighting equipment. If your hubby is a fireman, impress upon him the practice he will get doing the dishes.

Our idea of a quiet life is not to be photographer for the Prince of Wales.

Sand is now employed as a sculptural medium. Come to West Texas.

Great is freedom of speech, but owing to the law regulating this heritage, talking movies cannot be censored. Maybe we will soon learn what the slap-stick comedians say when they get kicked too hard.

It must have vexed many he-men to think that none of the mwas able to lick the up-pish Mr. Tunney. But Gene has started the to-school movement, which ought to have some influence at this season.

Fishing is fine sport for presidents, and we wish we had Cal's seeming remote control of the finny tribe.

Friends Over the Line

One of the current projects before the West Texas Chamber of Commerce is the annual motorcade, declared to be of intense interest to all the town it touches.

As a publicity getter, the plan has big possibilities, but its greatest value is in the friendship and good will inculcated by contact of one section with another. New Mexico has virgin beauties little realized by adjacent Texas, and it is much to our interest, as it is to residents across the line, to boost the conveniently located scenery and outing resorts.

West Texas is somewhat barren, from the standpoint of rugged scenery, but adjacent New Mexico offers some of the finest scenery the West affords. Carlsbad Cavern is without peers in the New World. Cooperation between the two sections, as enhanced by in termingling of the

population between the two sections, as enhanced by intermingling of the populations, is extremely worthwhile.

Visual Education

The movie is not much of a bugbear, after all. Like the oldtime "fiddle" of dancehall recollections, it suffered its period of exile from select circles. Now it enjoys contact with the most carefully selected subject matter in connection with school curricula.

Japan officially selects movies for children. In this land of freedom, that is not the issue. A positive step, however, is being taken by the bureau of visual education, a part of the Division of Extension of the University of Texas. It is not a new bureau, by any means, but its products are now enjoying their greatest demand. Movies are approved for grades as low as the sixth, below which colored slides are valuable. Educational influence will better film making, just as talking movies will place greater demands upon the players.

Industrial Texas

Texans are proudly pointing to increasing numbers of factories. The smokestack is prized as a civic asset.

The development of industries which need watch-tories in Texas is not without ing, however. A survey just released by the state department of labor reveals that more than half of the women and girls employed in Texas industries are working for wages insufficient to provide the minimum requirements of a "decent existence."

But 44 per cent of the women and girls employed in industrial establishments earn as much as \$15 per week. Many of them earn \$13.50, compared to \$19 for the men. The low salaries make it necessary for many wives to work along with their husbands.

This state of employment should not be allowed to exist. A workable minimum wage law for women and children is one of the acute needs. While industries must be encouraged, and they must compete with the low wage scales of the East, yet justice to the human machines they employ demands that the minimum requirements for decent living be met.

Senator Tom Walsh, fishing in a Montana stream, got two fish on the same line the other day. When he put them in his net, it is said, both of them claimed the transaction was just a loan from one old prospector to another.

New Yorkers have learned that Al Smith, when a legislator, introduced a bill to prohibit the manufacture, sale or use of cigars. Now Tammany doesn't know whether to boast of it or try to hush it up.

CAPITOL News

WASHINGTON — Finding themselves in something of a pickle, leaders of the American oil industry are attempting to weave their way out by effecting an international restriction of production.

They have found that co-operative attempt to restrict domestic production as a cure for the curse of overproduction which has beset the industry to sorely have worked out fairly well. Oil in storage above ground has been cut down by the accelerating consumption and the limited production, so that statistically the industry is in better shape than at any time in the last two years. Too much oil in storage always depresses prices. Lately, wholesale gasoline prices have stiffened.

But a great deal of crude oil is still being sold below production cost, leading to agitation for a raise in crude prices, which have sometimes been boosted in the past with less justification.

Oppose Price Boost

Strangely enough, there is strong opposition among some large producers to such a boost at this time. Standard Oil of New Jersey warns in its latest monthly publication that the crude price mustn't be increased under any circumstances. The argument is that an increase would break down the restrictive agreements now operating and soon bring the industry back to the unhappy state from which it has emerged. Furthermore, politicians would be bound to make capital of any price increase made possible by restrictive agreements. For the moment, restriction has stabilized conditions and some of the biggest oil men don't want to jeopardize that stabilization.

Standard of New Jersey holds that increased returns should be obtained through operating economies, efficient marketing and saner production methods. The situation might be solved along those lines were it not for the fact that co-operative restriction, practiced notably in the midcontinent field, threatens to be set at naught by an increasing flood of oil pouring into the country from South America. Venezuela is now the second largest oil producing country in the world and production cost there is cheaper than ours.

The fellows hardest hit are the purely domestic producers, with no wells in South America. Naturally, they're doing the most squawking and the remedy they propose is a tariff on crude oil, which probably will be demanded at the next session of Congress.

But that idea runs square up against the fact that importation is not necessary to

affect the oil market as long as we continue to export in such large quantities. The South American oil will have the same effect if taken to France or England. And if we put a tariff on crude oil, our exporters will then merely put their refineries outside this country to save-paying duty. Already Standard Oil seems to be tending to this policy.

Need Restriction

The one solution seems to lie in an international agreement on restriction—a correlation of regulation. A. C. Debenham, representative of the British Royal Dutch Shell interests, came to America several months ago, hoping to effect a restriction agreement on Venezuelan wells. But Standard and Royal Dutch were then fighting over Russian oil, so he got nowhere.

Now, however, some sort of a truce has been worked out as regards Russian oil and Standard, Royal Dutch, Anglo-Persian and the Turkish Petroleum Company are interested in a joint attempt to achieve a world proration agreement. One effect of such an agreement might be to lessen the tension which oil frequently produces in international relations.

Mrs. Olive R. Williams of the French Shop will leave today on a marketing trip to Dallas, Chicago, and St. Louis.

Mr. and Mrs. Charles Symonds and Mrs. F. R. Pond went to Amarillo Thursday afternoon.

Mrs. H. C. Richmonds left Friday for her home in Omaha, Nebr., after a five week visit with her parents, Mr. and Mrs. C. L. Mullen.

J. B. Patterson of Amarillo, district manager of the Southwestern Bell Telephone company, was here Friday on company business.

Mrs. J. G. Dawson and daughter, Jean, of Mountain Air, N. M., are visiting at the home of Mr. and Mrs. C. L. Mullen.

Mr. and Mrs. T. D. Moss of Fort Worth are visiting Mr. and Mrs. Earl Noel this week-end.

Walter Butler has returned from a business trip to Fort Worth and territory.

Mr. and Mrs. Roy McMillen and family, accompanied by Miss Esther Stark, are visiting with Mr. McMillen's parents in Colorado.

Miss Kathryn Knight of San Antonio will return to her home tomorrow after a visit with Mrs. Cecil Noel.

John Roby of Amarillo attended to business and visited with friends in this city yesterday.

Mr. and Mrs. J. H. Lavender made a business trip to Shamrock yesterday.

Mrs. B. A. Tally of White Deer was among the shoppers in Pampa Saturday.

Lafa Casey is spending the week-end in Skellytown.

Mr. and Mrs. F. C. Workman are visiting relatives in Amarillo today.

Sam Braswell and Clyde Naylor of Clarendon are visiting friends here today.

Mr. and Mrs. Lee Ranks and the latter's sister, Mrs. John Roby of Amarillo, returned Friday evening from a two-week vacation in the mountains of New Mexico.

Mrs. F. A. Cary and Miss Iva Cary visited friends in Canyon last week, returning home Friday evening.

Mr. and Mrs. Ben Renshaw has as their guests Friday Mr. and Mrs. John Throckmorton and children of Hennessy, Okla., who stopped here enroute to Santa Fe, N. M., for a brief visit.

August Gordon, owner and manager of the Gordon Stores company, will leave tomorrow for Kansas City and St. Louis markets.

Miss Ruth Hill is spending today with her father and her sister in Skellytown.

Homer Harrison left this week for Stratford to become soliciting agent in

that territory for the Great Republic Life Insurance company, having been appointed to that position by E. W. Funk.

S. W. Jewell of the Empire Gas and Fuel company, who has spent the past two weeks in Borger attending to business interests, is expected to return home Tuesday.

G. C. Calhoun of Woodward, Okla., was a business visitor in the city Friday.

Miss Ruth Anne Mitchell is in McLean today.

Miss Sue Jackson of Miami is spending today in Pampa as the guest of Miss Cleo Olive.

Mrs. Esther Smith is spending today in Shamrock with her father, H. J. Taylor. Her daughter, Miss Orilla, who has visited in Shamrock for several days, will return home with her.

Mr. and Mrs. N. A. Hiestand will spend the month visiting in Rawson, Ohio, Chicago and Canada, and will make a brief stay in Denver as they return home.

Mrs. E. M. Mills, of Brownwood is visiting Mr. and Mrs. W. P. Davis.

Mr. and Mrs. W. P. Davis and family have returned from an extended visit with friends and relatives in Fort Worth, Brownwood, Abilene, and Wichita Falls.

Miss Lily G. Bankstone of Greenville arrived Friday night and is visiting Mrs. Odell Gilham and Mrs. Tracy Cary.

W. E. Melton is taking two car loads of cattle to Kansas City markets. He left Saturday and will return Tuesday.

B. Leader of Wharton will leave for his home today, after a visit of several days here in the home of his daughter, Mrs. Sam Fenberg.

Miss Alice Behringer, Misses Annie Mae and Johnnie Long, and Samuel Long are visiting friends and relatives in Marietta, Okla. The Misses Long will spend three weeks there, but will return to Pampa when school opens. Other members of the party will return home tomorrow.

Mrs. W. F. Fielsmith is visiting her mother in Wichita Falls. She left here yesterday afternoon, accompanying Mr. Fielsmith and Morris Levine that far on their way to Eastern markets.

Miss Tenney Severson of Miami shopped in Pampa Friday.

Mr. and Mrs. Andrew Mock and E. M. Finney are in Borger for the day.

Weldon Jolly and Richard Cooke are spending the week-end at their home in Clarendon.

Clifford Braly of Panhandle attended to business in this city Friday.

Mrs. M. Lawless left yesterday to visit friends and relatives at various points in Oklahoma.

Mr. and Mrs. C. T. Hunkapillar and children and Mr. and Mrs. Roger McConnell and children are to leave Tuesday on a motor trip to various points of interest in New Mexico and Colorado. They will be gone several weeks.

Mrs. J. G. Gantz left yesterday for Weatherford, Okla., where she will visit her sister, Mrs. W. C. Tomlinson. She was accompanied by Miss Josephine Thomas of Norman, Okla., who has been the guest of Mrs. Gantz and her brother, E. F. Thomas.

Mr. and Mrs. C. Bryson and four children and Mrs. J. C. Wahl left Saturday afternoon for Washington, Pa., where they will spend a month with relatives. They are making the trip by automobile.

IF YOU COULD HEAR THE STORIES THAT USERS OF DAILY NEWS CLASSIFIED ADVERTISING TELL ABOUT THE RESULTS THEY GET YOU WOULD REALIZE THE BIG OPPORTUNITY IN THIS

## Want Ad Week

Monday, Aug. 6 to Saturday, Aug. 11

Each Want Ad, Per Day Only

# 10 CENTS

Any want ad up to twenty words will be inserted for 10 cents. Each ad must run three days and will be accepted for one week at this rate.

Ads must be in the office by 12 o'clock on the day they appear.

All Want Ads are cash with order but you can telephone them in and a messenger will collect between 12 and 1 o'clock.

You can mail your ads and enclose stamps, money order or small coin.

Ads may be turned in any day this week to run six days at this rate.

Any information will be given by calling the Daily News, phone 666.

#### HOW TO COUNT YOUR WANT ADS

Count every word including name and address. Two initials count as one word; figures as "351" count as one word.

Most ads contain less than 20 words making 30 cents pay for them for three days during Want Ad Week. The following classifications are now used:

- WANTED
- FOR RENT
- FOR SALE
- LOST AND FOUND
- MISCELLANEOUS
- BUSINESS OPPORTUNITIES
- PERSONAL
- NOTICES
- STRAYED OR STOLEN
- AUTOMOBILES

Remember the date and have several ads ready. Hundreds have been waiting for this opportunity. If you haven't tried a little classified ad here is your chance to prove its pulling power.

YOU STEP TO THE PHONE AND CALL 720 AND ASK FOR A DRIVER TO CALL AT YOUR HOME.

THAT'S ALL THE WORK THERE IS TO THIS.

## LOOK!

In a few minutes you look out the window and see the driver on his way to your house.

When he asks for the clothes to be cleaned you can tell by his friendly smile that he wants to serve you.

## HURRY!

The driver hurries back to the most modern plant in the city and expert cleaners take charge of your clothes.

Every speck of dirt is removed by the Glover Continuous Flow System.

## DROP IN

Sooner than you had expected the driver drops in with your clothes and thanks you for your order.

The dust-proof covering over the hanger means protection.

## FINAL!

You receive an invitation to a party and decide to wear one of the dresses that you had cleaned. Every wrinkle is out and it is spotlessly clean and fresh.

When you arrive at the home of your friend everyone remarks about your pretty NEW dress, and it is hard to convince them that it is not new.

# PAMPA DRY CLEANING CO.

## International Sunday School Lesson

BY DR. J. E. NUNN

### General Topic:

Paul in Pagan country.  
Scripture Lesson: Acts 14:8-20.  
8. And at Lystra there sat a certain man, impotent in his feet, a cripple from his mother's womb, who never had walked.

9. The same heard Paul speaking, who, fastening his eyes upon him, and seeing that he had faith to be made whole.

10. Said with a loud voice, stand upright on thy feet. And he leaped up and walked.

11. And when the multitude saw what Paul had done, they lifted up their voice, saying in the speech of Lyconia, The gods are come down to us in the likeness of men.

12. And they called Barnabas, Jupiter, and Paul, Mercury, because he was the chief speaker.

13. And priest of Jupiter whose temple was before the city, brought oxen and garlands unto the gates, and would have done sacrifice with the multitude.

14. But when the apostles, Barnabas and Paul heard of it, they rent their garments, and sprang forth among the multitude, crying out.

15. And saying, Sirs, why do ye these things. We also are men of like passions with you, and bring you good tidings, that ye should turn from these vain things unto a living God, who made the heaven and the earth and the sea, and all that in them is:

16. Who in the generations gone by suffered all the nations to walk in their own ways.

17. And yet He left not himself without witness, in that He did good and gave you from heaven rains and with food and gladness.

18. And with these sayings scarce restrained they the multitudes from doing sacrifice unto them.

19. But there came Jews thither from Antioch and Iconium; and having persuaded the multitudes, they stoned Paul, and dragged him out of the city, supposing that he was dead.

20. But as the disciples stood round about him, he rose up, and entered into the city; and on the morrow he went forth with Barnabas to Derbe.

Time:—The close of the first missionary journey, A. D. 48 to 49—probably the fall and winter of A. D. 49.

Place:—Lystra and then Derbe, returning through Lystra, Iconium, Antioch, and Perga to Antioch of Syria.

Golden Text:—I know how to be abased, and I know also how to abound.—Phil 4:12.

### Introduction

The mythological story of Philemon and Baucis throws much light on the attempt of the people of Lystra to worship Paul and Barnabas. They were an aged couple of this very region. When Jupiter and Mercury were wandering through their country one time in human disguise and found no shelter with the rich inhabitants, Philemon and Baucis received them hospitably. The gods therefore, while punishing all the rest of the neighborhood with a grievous flood, not only spared their hut, but changed it into a beautiful temple, of which they became priest and priestess. Their prayer that they might never be separated, not even in death, was also granted. They are a type of marital affection.

### Paul At Iconium, vs. 1-5

Iconium was about 50 miles east of Antioch and was a city of considerable importance. Its ancient name has been retained in the present Konia. The missionaries follow their usual practice of going to the synagogue for an audience. The Greeks referred to these converts, not Greek-speaking Jewish converts. From the language used we infer that the mission here was the most successful of the whole journey.

It looked as though the entire population of Iconium would be won to the new faith. This aroused the jealousy and hostility of the Jewish leaders. It was a mob, not an official persecution, that drove them from the city; and it appears that Paul and Barnabas escaped before they had suffered harm. This first missionary journey is computed to have occupied between three and four years; hence they probably spent several months at Iconium.

### The Miracle at Lystra

"And at Lystra there sat a certain man." He doubtless sat begging in some public place, probably the market square, like the cripple in Jerusalem (Acts -2) whose friends brought him every day to beg at the Beautiful Gate of the temple. "Impotent in his feet, a cripple from his mother's womb, who never had walked." A life-long lameness like this would stiffen and deform the entire body, and render the miracle of healing still more marvelous. There was no room here for a cure by "suggestion," the favorite explanation of infidels.

### "Stand Upright on Thy Feet"

The cripple was hidden to do what would seem to him absolutely impossible. Some such expression comes to every Christian convert. He is set tasks

that appear beyond his strength, and relying on Christ's strength, finds that he can do them. "And he leaped up and walked." These verbs, which are in the same tense in English, are in the Greek in different tenses, "leaped" being in such a form as to indicate a single act, and "walked" implying by its ending continuous and repeated action, "he kept on walking." It was no miracle for the instant, but was permanently effective.

### The Attempted Worship

"And they called Barnabas, Jupiter." He was probably the older man, and certainly the taller and more imposing; Paul himself describes himself as "weak" in bodily presence (2 Cor. 10:10). The Lystrians would naturally think of Jupiter first, because his temple belonged to their city. "And Paul, Mercury, because he was the chief speaker." Mercury was the god who attended Jupiter and was his spokesman. It has been made perfectly clear before this that Paul's oratorical gifts had made him the leading speaker of the two missionaries. Mercury was the god of oratory.

"The priest of Jupiter brought oxen and garlands unto the gates, and would have done sacrifice with the multitudes." The gates of the city, perhaps, or, less likely, the portals, of the temple. Most likely of all, the portals, of the house in which Barnabas and Paul were lodged. The oxen were to be sacrificed to Barnabas and Paul. The garlands were to adorn the altar, or, as was very common, to be placed on the heads of the victims.

### Nature Bears Witness to God vs. 17

"And yet he left not himself without witness." All through nature God has set sign-boards pointing to himself, which he longs for all his children to follow of their own loving will. "In heaven rains and fruitful seasons, filling your hearts with food and gladness." The argument is that a universe of mere chance would be a chaos, it would not be the kindly, beautiful, well-ordered universe we see about us. All the workings of nature are so beneficent as to prove a loving heart behind them. The heathen deities were supposed to dwell apart from men, by themselves, in a lofty and isolated heaven, from which they descended casually, often to play some trick on men. The heathen had no conception of a God of love, dwelling with his people and helping them in all their ways. This conception the apostles sought to give them.

### The Stoning of Paul, vs. 19, 20.

"They stoned Paul." The Jews headed the mob, and chose their national form of punishment. Paul himself records this terrible experience: 2 Cor. 11:25 as the only stoning he suffered. "And dragged him out of the city, supposing that he was dead." Paul had

fainted under the fearful shock of the blows, and lay beneath the heap of stones apparently lifeless. If it had been a Jewish city, the stoning must have taken place outside the walls; as it was, probably it took place in the market square where Paul had been preaching.

"But as the disciples stood around about him, he rose up, and entered the city." Young Timothy was probably among these disciples, he who afterward became Paul's beloved assistant. Probably his grandmother Lois and his mother Eunice were there, Barnabas by that time had certainly reached the scene. It was a weeping company. They were planning where to bury the bruised body of their dear leader. His recovery would seem miraculous, and probably it was. And on the morrow he went forth with Barnabas to Derbe. Very likely he spent the night in Timothy's home, his gaping wounds tenderly cared for by Lois and Eunice. It is hard to see how, without a miracle, his stiff and battered body could have made the journey of from 20 to 35 miles eastward to Derbe.

### The Return From Derbe to Antioch vs. 21-26.

Paul seems to have been a great believer in "follow-up work." He was

always returning to or writing to the churches he founded. It must have required a lot of courage to go back to those towns from which they had been driven. But the souls of those newly-won converts needed "confirm-

ing," for as Paul warned them, the way into the kingdom of God is "through many tribulations," (ver. 22). He and Barnabas had found it so. Even Jesus himself couldn't avoid that way and "the disciple is not above his Master."

That these new Christian foundations might be permanent, and prepared for effective work, the missionaries saw to it that elders (presbyters, or bishops, or pastors) were appointed and consecrated for each church.

## Is Santa Claus in the Tire Business?

We lose a sale occasionally because of a long trade, and we always ask the buyer if his old tires were worth what he got for them.

Invariably he says, no. We ask you, what's the answer? Is Santa Claus in the tire business? Is the dealer merely practicing? Or did his big, tender, overflowing heart just get the best of him?

No foolin' now—what's the answer? Is Christmas a continuous event, or is someone keeping the doughnut and selling the hole?

We allow you for your old tires only what they're worth. We charge you for our fine new Goodyears only what they're worth. You get a square deal and so do we. And as long as we're in our right minds nobody'll get anything different.

These Tires and Tubes Are Sold at  
GOODYEAR TIRE STATION  
MARVIN LEWIS GARAGE.

GREATEST JULY IN WILLYS-OVERLAND HISTORY

The impressive forward march of Willys-Overland continues—uninterrupted!

Following the most successful six-month period in Willys-Overland's 20-year history, with sales exceeding those for the entire year 1927, came July with tremendously increased sales over any previous July. 100% more Whippet and Willys-Knight cars were purchased than during July of last year.

This success is not surprising. Whippet Fours and Sixes and the three great Willys-Knight Sixes offer a degree of comfort, safety and economy never previously available at such extremely low prices.

Orders now accepted for prompt delivery.

The Levine stores maintain a buying office at 421 Seventh avenue New York City.

**Turkey Creek Oil Co.**  
HOME OFFICE: PAMPA, TEXAS  
Capital Stock \$100,000; Fully Paid and Non-Assessable

**Offers You a Golden Opportunity**  
YOU WILL HAVE TO HURRY

The Turkey Creek Oil well is drilling at 1600 feet and is logging identically with the Texas company's No. 2 which came in for 800 barrels and the top of the lime will be reached within a few days. From all information that can be obtained from the geologists this well is running high on the structure and promises to be a sensational producer! For the benefit of our friends we advise you to act at once if you want to get in on this well.

**THERE IS NO DELAY**

Drilling on this well continues night and day—it will be completed within the next twenty days unless something unavoidable happens. Here is your last chance to buy stock in this home owned company operating within one mile of the Texas-Williams No. 2 south of LeFors—right in the heart of the rich oil field. The company owns a full seven-eighths lease with no over-riding on 160 acres of land.

Following is a list of our local stockholders: J. M. Dodson, Banker; Chas. C. Cook, Attorney; H. L. Holbrook, oil operator; Dr. A. R. Sawyer, dentist; C. S. Boston, merchant; Sam A. Fenberg, jeweler; A. V. Lowry, restaurant owner; Elda Nicholas, dentist; H. P. Torry, restaurant owner; Tom W. Brabham, minister; Morris Hanson, real estate and capitalist; L. H. Sullins, plumbing contractor; R. C. Campbell, superintendent of schools; T. S. Reynolds, banker; Geo. W. McFann, drilling contractor; E. J. and E. E. Gething, ranch owners; Clyde McGowan, Willard Garrison, J. E. McInturff and Lee McConnell.

The well now drilling is one mile south of Red River; south of Lefors.

**Your Clothes Should Be Washed Carefully**

Your clothes should be washed carefully to keep them in the best condition for the longest possible time. Harsh methods will ruin fabric. The New ZENITH WASHER will take every speck of dirt from the clothes, and it will do more—it washes them carefully. See this wonderful machine today. Try it in your own home. Phone us for a demonstration.

*John McConnel Local*

**Zenith Washer**

**Soft, Gentle Hands Like Yours, Wash Your Clothes**

The rubber-fingered washer is almost human and handles your clothes with the same care you yourself would give them. At the same time it washes them thoroughly clean.

We don't ask you to take our word for it. Try it yourself in your own home, and if the Zenith does not wash quicker, cleaner and safer, just send it back. Phone us for a demonstration.

**Southwestern PUBLIC SERVICE Company**

**10 REASONS WHY**

**Wringer**—The positively safe wringer. The only wringer that uses both rolls and rollers. Automatic tension. Wrings heavy or light pieces without adjustment. Full rubber rolls eliminate breaking or tearing of fabrics. One lever control in place of two avoids all possibility of accident. All adjustments cannot rust or mark clothes. Wide stationary drain board, water cannot drip on floor. Built close to tub—only necessary to lift clothes a few inches. Release instantaneous and so easy to close as to open. Closes handles, raised caps. Finger guide plate completes the most modern of all wringers.

**Flexible Rubber Hands**—Wash thoroughly with more than human care. Can't harm clothes. Made of soft rubber.

**Clothes Separator**—Keeps clothes spread out so that water passes thru them easily. Impossible to angle or bunch clothes.

**Adjustable Legs**—Permits raising or lowering to suit height of operator—and slope of floor.

**Quick Draining**—Patent draining machine on market. Drains absolutely dry without lifting anything out of tub.

**Simplicity of Operation**—Only one lever on entire machine controls every operation.

**Wet-Clung Cover**—Permits use at table or as bench or clothes receptacle.

**Pressed Aluminum Tub**—Made of one piece of heavy seamless aluminum. Smooth inside covers easy to clean. Will keep water hot.

**All Mechanisms Enclosed**—No moving parts exposed. This means complete safety for children as operator. No danger of water dripping on floor or gear.

**Construction**—Compare cabinet with fully metal, finished and most durable construction—only 23 moving parts. All gears run in permanent bath of oil. Built like finest machinery. No vibration or noise. Lasts a lifetime.
