

OCEAN FLIGHT ATTEMPT FAILS

City Red Cross Chapter Makes Contribution to Hurricane Relief

\$50 DONATION SUGGESTED IS GRANTED HERE

Need for Aid Now Greater Than in 1926

"STORM CAN'T BE EXAGGERATED"

Damage Estimates Are As High as One Hundred Million

Pampa's Red Cross chapter will make a \$50 contribution to hurricane relief work in Florida and the West Indies as the result of an appeal received today.

Chairman Tom Brabham and M. K. Brown, who heads the disaster relief committee of the local chapter, today received this telegram from the mid-Western Red Cross headquarters at St. Louis.

"Latest reports West Indies-Florida hurricane confirm demand for extraordinary relief measures. President Coolidge's proclamation calls for generous contribution to relief fund for all areas affected. It is clearly evident Red Cross faces serious responsibility with relief needs exceeding Florida hurricane of 1926. Therefore suggest \$50 goal your chapter."

(By The Associated Press)

The West Indian hurricane that wreaked its first fury on Porto Rico and upward through Florida, causing deaths that may total 2,000 and damage of approximately \$100,000,000, was spending its force on a final spurt up the Middle Atlantic states today.

The wind was no longer of hurricane velocity, (80 miles an hour), but full gale warnings were posted as far north as New England and the storm was still a serious menace to shipping, most of which however, had had sufficient warning to prepare for the blow.

In districts of most suffering, first estimates of 1,000 dead in Porto Rico seemed justified by later reports, the figure of 600 in the French West Indies still stood, and the list of 250 known dead in Florida was constantly increasing.

WEST PALM BEACH, Fla., Sept. 19.—(P)—Howard Selby, chairman of the Palm Beach county Red Cross organization, told a conference of relief workers today that to date bodies of 200 persons, victims of the hurricane, had been buried in local cemeteries.

The bodies, half of them white persons, came from the region about Lake Okechobee, Selby said. "Conditions in the stricken area are growing worse every minute," Selby said. "About 8,000 persons in the lake region are in desperate need of clothing, food and medical aid."

"They have been standing in water for hours and hours and there are a number of cases of double pneumonia. There are about 15,000 homeless in the county. Palm Beach county embraces most of the east coast area and Okechobee lake section affected by the storm."

"The estimated damage of Palm Beach county, placed yesterday at \$25,000,000, now is nearer \$30,000,000. "Sanitary conditions in the lake regions are terrible, although conditions along the coast are fairly good. In the lake region two companies of state National Guard troops arrived last night and are on duty. The sections around Pohokee and Canal Point are under military control.

"Clothing, especially shoes, are badly needed."

THE WEATHER VANE

WEST TEXAS: Tonight and Thursday, generally fair.

Judge Baldwin Heads Pythian Lodge of City

Judge Ben S. Baldwin, local attorney and a member of the Knights of Pythias lodge for more than 35 years, last night was chosen chancellor commander of the newly instituted Pampa lodge. The members, old and new, were unanimous in their choice of Judge Baldwin to serve the rest of this year.

Other officers elected include: Vice-chancellor, W. B. Buchanan; prelate, O. D. Gilliam; master of finance and keeper of records and seals, Walter D. Hardin; master of the exchequer, Dr. C. D. Hunter; master of works, R. R. Hungate; master at arms, Morris Johnson; inner guard, V. R. Hill; outer guard, G. T. Cole; trustees, R. C. Campbell, Bob Cecil, and Harry Hoare.

It was also decided that the trustees of the lodge would act as a committee to draft the by-laws. Fifteen local men were made knights of the order last evening before the election of officers. A degree team from Amarillo and one from Peryton attended the lodge and assisted L. A. Freeman, past grand chancellor of the state, in putting on the work. A class of 23 is to be taken into the lodge at its next meeting.

New Records for Tri-State Fair Being Predicted

(Special to the News)

AMARILLO, Sept. 19.—With the first carload of dairy cattle received here Monday night from Plainview and with entries for every department pouring into Amarillo, Fair officials see new records for every department established by noon Saturday, September 22, the official opening date of the 1928 Free Amarillo Tri-State Exposition. It is virtually assured that new records for the number of entries will be made in all cattle divisions, swine department and the agricultural department.

The Free 1928 Fair will be one of the best ever staged in the Southwest in the matter of attractions, officials declare. In addition to five football games, two of them in the afternoon, there will be Leonard Stroud's Rodeo, the feature afternoon attraction. Stroud has a congress of world's champion cowboys and cowgirls.

The Amarillo high school football team plays Norman, Oklahoma, on Saturday, September 22 and Central High, 1927 state champions of Oklahoma City on Saturday, September 29. Pampa and Texoma play Monday morning. Tulsa and Dalhart play Thursday morning while Panhandle and Claude play Friday morning.

Free programs consisting of a recital by the Amarillo College of Music Sunday afternoon at 2:30 p. m., and a joint religious service Sunday evening will be given on the second day of the fair. Dr. S. P. Brooks of Baylor University, Waco, Texas, will speak at 7:30 p. m. Admission to both programs will be free.

The Schooley & Collins' Winter Garden Revue and a fireworks program will be given each evening of the fair beginning Monday, September 24 at 7:30 p. m.

The Lackman-Carson carnival is a continuous show feature. Record attendance for each day of the fair is anticipated as a result of the exhibits, the entertainments and the free gate.

SAYS AMARILLO GAME POSTPONED BY AGREEMENT

TULSA, Okla., Sept. 19.—(P)—Barney Burch, owner of the Omaha Western league club, upon arriving today in Tulsa in advance of his team, which opens a series with the league leading Tulsa Oilers tomorrow, denied he had refused to send his club to Amarillo, Tex., to open a three game series there Monday.

Burch declared the series was called off by agreement with owner Doan of the Amarillo team.

CULBERSON IS CHOSEN

Fifty-Four Gorgeous Booths Placed In Merchants' Carnival at Opening

The Merchants' Exposition which opened at the Pla-Mor auditorium last evening enjoyed initial success. The crowd attending was pleased by Austin's orchestra and impersonation of Harry Lauder by Lewis Hardin, assisted by Miss Melba Graham.

The booths are gorgeously decorated and number 54, placed by leading merchants. The orchestra will start playing at 8 o'clock tonight. Miss Lula Hutchins will whistle. Mr. Springer will play the chimes, and Lewis Hardin will sing. A beautiful string of pearls is given away every evening at 10 o'clock. On Thursday evening the New Ford will be given away, the queen of the exposition will be crowned, and the young lady selling the most tickets will receive a diamond ring. The exposition is sponsored by the ladies of the Christian church.

Large Gasoline Plant Going Up West of Pampa

Excavation work is under way for the construction of a casinghead gasoline plant on the Guernsey Oil company's lease in section 163, block 3, I, and G. N. survey, five miles west of here. The plant, when completed and put into operation, will use approximately 30,000,000 cubic feet of gas a plant will be taken from nearby wells day. The gas for the operation of the plant in that territory, including those of the Guernsey Oil company, Camel Oil company, Magnolia Petroleum company, Danciger Oil and Refining company and others.

The plant is being erected and will be operated by the Forrest E. Gilmore company, with head offices in Tulsa. The company has several plants in operation in Texas and Oklahoma and now has seen fit to erect one in Gray county, believing in the future of the oil and gas fields here.

It is expected that the large plant will be in operation within 60 working days. It will be erected at a cost of approximately \$200,000. H. C. Twiford of the Guernsey Oil company stated, and will be one of the largest in the county.

With the addition of the new plant, Gray county will have eight casinghead gasoline plants and one refinery in operation.

Water Saving Is Urged—Pump Will Need New Parts

The water situation continues to be serious, City Manager F. M. Gwin stated today. He asks the citizens of Pampa to conserve every drop possible by not watering lawns or wasting the supply in any way.

Upon examination of the pump at well No. 6, it was found that parts would have to be ordered out of Los Angeles. These parts have been wired for and will be shipped immediately. Mr. Gwin states that he hopes to have the situation in hand by Sunday morning.

Every available bit of water is being pumped from the five old wells and being used from the big tank. To insure fire protection, a supply of between 75,000 and 100,000 gallons is being kept separate from that being pumped and in a separate reservoir. In case of fire that water will be turned into the mains and adequate protection afforded.

G. C. "Ike" Crocker, for the last two years in charge of the repair department of the Dodge agency here, has accepted a position with the Thum-Saunders Motor company. He commenced his duties with the company last week.

Real Estate Is Moving Briskly

Among the numerous business transactions taking place in the city during the last two weeks were the sale of many modern residences. Local real estate men announce numerous sales. Among the property deals are: J. D. Merriman, formerly of Wheeling now with the Pampa Daily News, has moved to Pampa and purchased the W. C. Upton residence in the Channing addition.

Dr. and Mrs. W. C. Klein have purchased a new home in the Channing addition. Dr. and Mrs. W. C. Klein have purchased a new home in the Channing addition, just completed by F. C. Workman, local building contractor and realtor.

Mrs. Constance L. Garber of Okmulgee, Okla., is the owner of a new duplex just completed in the Hillcrest addition.

Mr. and Mrs. T. C. Cox have purchased a new home in the Cass addition.

C. E. Haley has purchased the Kinzer tourist camp on South Somerville street and is remodeling it. G. L. Herbert, who has moved here from Pleasantville, Pa., has bought the C. R. Nowlin home in the Talley addition.

Chicago Lad Is Released by His Kidnapers, Unhurt

CHICAGO, Sept. 19.—(P)—A little boy with a black eye wandered into a Joliet, Ill., filling station last night, and the 13-day search for the kidnaped Billy Hanter was ended.

It was a very calm youngster who said to the station attendant, George Matka: "I want to go home. I've been kidnaped." Calm, particularly in view of the fact that his disappearance, the demand of \$65,000 ransom for his return and a sequence of threatening letters to his parents had numbed with dread the Sicilian community of Chicago in which he lived.

The lad, who is 10 years old, was unhurt except for the eye discoloration caused, he said, by a blow from one of the kidnapers' fists. He told a story of imprisonment on a farm and had a good word to say for the man and woman who were his jailers. His principal point, which he repeatedly emphasized during the hours of questioning by Sheriff Margraf, was that he wanted to go home "and see my mamma."

Forced Silence "They hit me over the head in the eye when they dragged me into their car," Billy said, reciting details of the kidnaping September 5. "They kept telling me to shut up, and when I holered anyway, they hit me."

"The men who kidnaped me were Italians," he said. "The man and woman to whose farm they took me were French. I couldn't understand what the farm people said, but I can understand Italian. The farmers treated me all right. There was a little boy there, and we played together. Once I got away, but they caught me."

The boy's release came after police had announced that their investigation was drawing a close net about the extortionists. Was Turned Loose Billy said the two men who had kidnaped him as he was starting home from school two weeks ago turned him loose last night. They put him in an automobile and drove for half an hour, he said. They stopped and one of the men gave him a \$10 bill.

"Walk straight ahead," the man told him, "until you come to a streetcar track. Get on the car and tell the conductor you want to go to Chicago. When you get there you can telephone your father."

Smith Declares Farm Relief Is Real 1925 Issue

OMAHA, Neb., Sept. 19.—(P)—With a flat declaration that he favors the "principle" embodied in the twice vetoed McNary-Haugen bill as a working basis for adequate farm relief legislation and he did not consider liquor "the great issue" in the present campaign, Gov. Smith has opened his drive for the presidency in the West.

In an auditorium crowded to the doors and as millions listened in throughout the nation over the radio, the Democratic presidential nominee, in his first campaign speech in the heart of the corn belt, last night tore into the Republican party for what he termed its failure to keep faith with the farmer, including by name his opponent, Herbert Hoover, and President Coolidge in his indictment.

His own solution, he said, and one on which he and the Democratic platform stand squarely, was the principle laid down in the McNary-Haugen bill to "establish an effective control of the sale of exportable surplus with the cost imposed upon the commodity benefited." He added, however, that he did not "limit" himself to the "exact mechanics and method embodied in that bill" and proposed, if elected, immediately to name a non-partisan commission to work out the details of the problem. The equalization fee was not mentioned.

The nominee's references to prohibition came at the end of his hour address, which was delivered for the most part extemporaneously when he answered a series of eight questions propounded to him in a full page advertisement in the morning newspapers by ten Nebraskans who styled themselves "citizens of both parties." Smith adherents classified all of them as Republicans.

Ledrick Well Has Oil of Unusually High Gravity

A test of the oil taken from the Big Bend Oil company's No. 1 Ledrick in section 7, block 5-A, Roberts county, and tested at the Pampa Refining company's plant here shows it to be the highest grade produced in the entire Panhandle. The test registered 45 per cent gasoline, 10 percent kerosene and naphtha, 15 percent gas oil, and 30 per cent lubricating oil.

The well is shut down after striking pay at 5,285 feet. It is the second deepest test in the Panhandle. The formation from where the pay was taken is a black sandy lime structure. Several ballers full were taken from the hole without lowering the fluid. There was no gas where the fluid was encountered, but a small amount was picked up between 3,000 and 3,600 feet, but not enough to flow.

This test, 23 miles north of Pampa, was begun four years ago and since that time has drilled intermittently.

Hoover Implored to Carry Drive Into Texas Soon

WASHINGTON, Sept. 19.—(P)—An appeal to Herbert Hoover to carry his campaign to Texas was made today by Thomas B. Love, former Democratic national committeeman for that state, and a delegation of Texas Democrats who called on the Republican presidential candidate at his headquarters.

"We assure him that Texas is a doubtful state and that he could carry it if he would make a speech there," said Love, who spoke for the visitors. "None of us ever has voted for any presidential candidate other than a Democratic one before."

"The Texas Democrats are in open revolt against Al Smith. We still are Democrats, but are for Hoover."

ROMA RETURNS IN 21 MINUTES AFTER START

MOTOR FUNCTIONS POORLY FROM BEGINNING OF FLIGHT

AIR INTAKE IS BLAMED TODAY

Believed Damaged When Wheel Hurls Stone Into Plane

OLD ORCHARD, Maine, Sept. 19.—(P)—The Bellanca monoplane Roma turned back and landed on the beach here at 11:32 a. m., Eastern Standard time, today 21 minutes after it had taken off on a projected non-stop flight to Rome.

Watchers at Cape Elizabeth light reported that when the Roma passed there at a low altitude it was shooting black smoke and its motor apparently was firing unevenly. Commander Cesare Sabeli declared when the Roma landed that he could not say what had caused the apparent failure of the motor to function perfectly until he had a conference with the other fliers.

An inspection of the motor revealed the air intake on the carburetor was broken and bent. The intake had been pronounced perfect on the inspection prior to the take off and the fliers believed the wheel of the plane had picked up a stone and thrown it against the mechanism with force enough to bend it.

Largest Contracts Are Let Tuesday By Road Body

AUSTIN, Sept. 19.—(P)—The highway commission awarded contracts aggregating \$3,815,321, largest amount ever let at a single session, at its two-day meeting which ended yesterday.

The commission also gave state and federal aid to road projects in 11 counties and ordered inspection of new routes and proposed designations of state highways in a number of sections.

Contracts amounting to \$2,347,977 were let. They were for road work in Jim Wells, Zavalla, Walker, Fort Bend, Fayette, Shackelford, Wilbarger, El Paso, Cass, Dewitt, Henderson, Nueces, Bee, Ellis, Throckmorton, Harris, Robertson, and Starr counties.

Hardeman and Tyler counties were allotted state and federal aid yesterday and proposals from Hartley, Knox, Winkler, Ward, Lubbock, Terry, Gaines, Andrews, Ector, Dimmit, Johnson, and Morris counties received favorable consideration from the commission.

State and some federal aid was granted Monday to Cameron, Cherokee, Nolan, Archer, Young, Throckmorton, Lavaca, Fayette, and Galveston counties.

Operator of Pool Hall at McCamey Is Slain Today

MCCAMEY, Sept. 19.—(P)—"Cowboy" Corn, 43, pool hall operator and well known in the surrounding oil field here, was shot and killed Wednesday as he entered a confectionery.

A Foreign Glimpse

Secretary Kellogg, convincing other nations of the strategic value of diplomatic gestures in American politics, rushed along his anti-war pact in good style, and many of the foreign statesmen were good enough to add valuable speeches of commendation.

Late developments, however, indicate that the spirit of the negotiations was not without reservations, which showed up the minute more definite proposals were made.

Britain and France arrived at a naval pact which, however, seems too drastic for some of the other European powers.

At the White House the correspondents dash into the president's office at the appointed time.

John Coolidge, working as a railroad clerk, has a bodyguard. We were just trying to connect that up with the fact that John toots the saxophone occasionally.

King Zogu Bey of Albania, who was graduated into the position from that of president, faced an uprising his first month of tenure and splendor.

WASHINGTON—With President Coolidge's return from vacation, Washington had two important unofficial spokesmen. The president found that Herbert Hoover, who had promised to carry out the Coolidge policies if elected, already had imitated his policy of seeing the newspapermen on Tuesdays and Fridays, in person but incognito.

If Hoover is elected he presumably will continue the custom for another four or eight years, though possibly with fewer restrictions than Coolidge has placed on his press conferences.

The principal difference between the Hoover spokesman's conferences and the Coolidge spokesman's conferences, noted by your correspondent, are:

1—You can spring verbal questions on Hoover, whereas those submitted to the president must be written and submitted in advance.

2—The candidate is less irritable than the president, but more fidgety.

3—There's a lot less dignity at the candidate's conferences.

Possibly the worst feature of the Hoover conferences, from the journalistic standpoint, is that the Republican candidate invariably breaks up three or four card games when he enters the press rooms to be interviewed.

He perches on a small, straight-backed chair behind a littered typewriter table. As the correspondents jam around in a semi-circle he gazes intently at the bellies of those nearest.

When a question is asked he momentarily raises his eyes to the questioner.

case, but Hoover is likely to appear even less so to the casual observer. Listening to Hoover talk, however, one begins to suspect that there is considerable nervous energy in him which is partly responsible for the appearance. At any rate, he talks freely and easily, with an economy of words but with directness and assurance.

TWINKLES

Criticism of higher education must be getting pretty weak, since nearly every town is boasting of the number of students it is sending away to college.

Pampa has her greatest opportunity this year to become developed musically. The public should support the musical programs that will be given during the year, and as many people as possible should take part in one or more musical groups.

Sometimes a football team is as bad as its backers predict it will be, and the latter tear their hair about it.

You don't hear any "bear" stories in intellectual pursuits, such as with debating teams.

Use of flags as decorations for every occasion we deplore. Why can't we adopt a municipal banner, color, and the like for conventions?

BARBS

Sir Oliver Lodge says the human race still is in its infancy. It seems to us he is a little late. Directors of motion pictures found that out years ago.

A man in Oklahoma state prison is serving two life sentences. In lots of states that would keep a man confined for at least three or four years.

A singing lizard has been brought to America. After hearing its radio imitations for several years, it will be entertaining to hear the real thing.

Tunney says that what he would like to be in Europe is "a private citizen, here for a never seemed to be fully at visit." The naughty fellow!

Those who have found themselves able to answer the question of why a chicken crosses the road can sit down now and figure out why a woman likes to drive on the left side.

A man in Albuquerque was held for drinking 18 tins of canned heat. There's a case for newspapermen to investigate—just what could hold a man who could drink 18 tins of canned heat?

The so-called busy bee really is a loafer, says a scientist. Let it be mentioned, however, that the bee produces slightly more honey than the scientist.

One of these days some young woman is going to jump into the English Channel and fail to swim across. That will be news.

A headline says "Kellogg to Fight Limits on Treaty." What's all this strife about treaties?

Aimee Semple McPherson has gone over "to convert Europe". Some marines went over there in recent years and made Christians of a great many of the people.

A citizen of Berlin wrote to his newspaper urging that English be adopted as an international language. Probably it would have a hard time taking hold in the United States, though.

Last year 1,885,581 automobiles went to the scrap heap. Just tell that to the fellow who swings out of line and tries to crawl back just in front of you when a truck looms up over the hill.

President Coolidge seems to have missed an opportunity on his way through Chicago. He didn't attend the Lombardo funeral.

Plains Specials

SPEARMAN—According to John W. Jordan of Pringle, who has charge of the McNabb Land Co. office at that place, they expect the Rock Island rails to be laid to that place by September 20. Mr. Jordan says this report is in accordance with information received from the superintendent of construction the first of the week. The grade is being rapidly completed, and the steel laying gang are following closely on their heels, and under favorable weather conditions Hutchinson county's newest town expects to be a railroad point within a short time. Pringle's first grocery store opened this week with a full line of groceries, and as will be seen from their ad in The Reporter the store will handle the farmers produce in that locality, and have a large amount of twine on hand at the present time to supply the farmers with this necessity in the harvesting of their row crops. This new establishment for Pringle is owned and operated by K. F. Primrose. The Panhandle Lumber company has a yard at Pringle and the McNabb Land company has a branch office there.

According to P. W. Maize, owner of the Maize addition to the city of Spearman, everything is going along nicely and the lots will probably all be sold before the allotted time has passed. Forty-four of these fine lots were offered for sale by Mr. Maize, and if as many as thirty-five of them are sold by 2 o'clock Saturday afternoon, a new Chevrolet Imperial landau will be given to some lucky lot purchaser.—Spearman Reporter.

Miami Finally Has Coach of Athletics

Word was received here this morning from Miami that J. M. Castle, a graduate of the University of Missouri and a former star on the university football team, had been employed to teach in the Miami high school and coach the football team. The team has been working for the last two weeks without a coach. According to reports, there are 30 boys out for the team and although late in commencing training, Coach Castle believes he will have a fair eleven for the season. Miami will play the Harvesters here October 12 and by that time should be in a position to give the local eleven a hard battle. Shipping tags, printed or blank, at the Daily News.

Rotary Attendance Perfect Recently

Three 100 per cent meetings in as many weeks are indicated by the attendance at the Rotary club today. Only two members being absent, both of whom were out of the city and have promised to make up their attendance at other clubs. The meetings of September 5 and 19 were 100 per cent. The club hopes to have a perfect record for September which will put them with the leaders in International Rotary.

Chas. C. Cook, past president of the club, was principal speaker today. He took for his subject "The Constitution of the United States." The speaker gave a brief history of the conditions leading up to the adoption of the constitution and told of the difficulties encountered in forming a document that would be acceptable to the states that made up the group loosely bound together by the Articles of Confederation. A short history of the constitution amendments was also given by Mr. Cook.

Dr. A. Cole made the vocational talk and gave some very interesting side-lights on the developments of the medical profession.

J. B. Patterson of Amarillo and Earl O'Keefe of Panhandle were visiting Rotarians. Dan B. Kunkel of Oregon, Mo., and W. L. Woodward of Pampa were guests of the club members.

Green Jacket Club Organized at Central

The Green Jacket pep club meeting held Thursday evening registered pep and enthusiasm. The meeting opened with a short talk by Sponsor L. K. Maxey, after which seven captains were chosen: Raymond Weedman, Gene Fatheree, Pearl Wilson, Oak Allie Roberts, Hazel Fletcher, and Drusilla Morgan. Each squad is composed of nine "men" and a captain. Miss Bernice R. Whiteley gave an interesting talk and encouraged the Green Jacket members in their splendid work.

Bob Gilliland was unanimously elected assistant yell leader to Paul Camp. The yell leaders led the members in some new as well as old yells. The club was honored by having the football boys as guests. The Harvesters showed their appreciation of what Green Jacket club is trying to do by giving fifteen cheers for the Green Jackets. Principal R. B. Fisher led the members in some songs which will be used in the organization.

The club voted to have plain green jackets, from which the organization gets its name. The boys will wear green jackets with gold trousers, and the girls will wear green jackets with gold skirts as the official costumes. The faculty members have shown a great deal of interest by joining the organization. There are seventy charter members. Other members admitted into the club will have to go through some form of initiation. Mr. Maxey says the high school has responded to the pep club better than any other high school in his experience.

Practice for yells and drills between the halves of the games will begin next week. With the pep and enthusiasm shown, it is believed that Pampa's high school Green Jacket club will be the peepiest squad of rooters and have the best costumes of any school in the Panhandle.—Contributed.

FASHION PARK SOLD TO FORMER SHREVEPORT MAN

Fashion Park, comprising twenty modern two-room cottages on the Miami road, has been sold by H. T. Hampton to Frank Gill, formerly of Shreveport, La.

Mr. Gill already has taken charge of the cottages have been popular since their establishment, and have been rented almost continuously. Mr. Hampton has not announced his plans for the future, but will remain in Pampa for the present.

CHILD SUCCUMBS TO AUTO CRASH INJURIES

CORSICANA, Sept. 19.—(P)—Edna Elizabeth Haggood, five, died in a hospital at Thornton last night of injuries received yesterday in a collision between an automobile in which the child was riding and a bus at Big Creek, four miles south of Thornton. Two other small children were injured and the parents, Mr. and Mrs. L. A. Haggood of Corsicana, received bruises.

"UNLOADED" GUN KILLS

KERRVILLE, Sept. 19.—(P)—The "unloaded" gun claimed another victim today when Betty Jane O'Dell, 11, died in a hospital here from a bullet fired from a small bore rifle accidentally discharged while being cleaned by her stepbrother, Gabe, nine.

ROBINSON TO KENTUCKY

JACKSONVILLE, Fla., Sept. 19.—(P)—Senator Joseph T. Robinson, Democratic nominee for vice-president, today was enroute to Bowling Green, Ky., where he will pick up his campaign schedule interrupted by Sunday's tropical hurricane.

STATE OF TEXAS COUNTY OF GRAY TO THE SHERIFF OR ANY CONSTABLE OF GRAY COUNTY, TEXAS, GREETINGS:

You are hereby commanded, by making publication of this citation in some newspaper published in Gray County, Texas, once a week for four consecutive weeks, previous to the return date hereof, to summon John C. L. Ward, Harry H. Helms, C. B. Redmon, W. L. Martin, J. C. Osburn, L. C. Sheppard, M. F. Matheson, Sam S. Gill, Helen K. Beck, Albert Beck, J. A. Barnett, F. J. Hommel, W. O. Hommel, Lovett B. Noble, L. B. Nobles, J. M. Eldridge, A. P. Gibb, W. F. Gibb, W. R. Gibb, R. L. Gibb, M. C. Dees, W. D. Dees, Annie Morehouse, R. N. Morehouse, R. N. Gibb, Jennie A. Gibb, Manie Seeligen, J. S. Taylor, and the unknown heirs of each of said named parties and their heirs and legal representatives, the Okey Oil Company, a corporation, Powell Ranch Oil Company, a corporation, and the unknown stock holders of Powell Ranch Oil Company, and their agents or representatives, each and all of whose place of residence is unknown, to be and appear before the 11th Judicial District Court to be held in and for Gray County, Texas, at the courthouse thereof in the town of Pampa, 2nd Monday in October, A. D. 1928, same being the 8th day of Oct. A. D. 1928, then and there to answer the petition of George N. Powell, plaintiff, filed in said Court on the 5th day of Sept. A. D. 1928 against John C. L. Ward, Harry H. Helms, C. B. Redmon, W. L. Martin, J. C. Osburn, L. C. Sheppard, M. F. Matheson, Sam S. Gill, Helen K. Beck, Albert Beck, J. A. Barnett, F. J. Hommel, W. O. Hommel, Lovett B. Noble, Lovett B. Nobles, J. M. Eldridge, Mrs. A. P. Gibb, W. F. Gibb, Okey Oil and Gas Company, a corporation, Powell Ranch Oil Company, W. F. Gibb, R. L. Gibb, Manie C. Dees, W. D. Dees, Annie Morehouse, F. E. Morehouse, R. N. Gibb, Jennie A. Gibb, Manie Seeligen, H. B. Tyler, S. L. Ball, W. J. Ball, J. L. Sullivan and W. F. Gibb, said suit being numbered 175 in the docket of said Court and nature of plaintiff's demand is as follows, to-wit:

Plaintiff alleges that on May 1, 1927 he was lawfully seized and possessed of the following described lands and premises situated in Gray County, Texas, to-wit: Survey No. Twenty-eight (28) Block B-2, Certificate 15-3165 H. & G. N. Ry., Co., original grantee.

Owning and holding the same as fee simple owner thereof; that on said date, said defendants and each of them unlawfully entered into possession of said lands and ejected plaintiff therefrom and that they and each of them now unlawfully withhold same from plaintiff to his great damage; plaintiff further avers that he was the owner of an undivided 7-8th interest in and to all of the oil, gas and other minerals in and under said land with the right to develop and produce same and plaintiff further specifically sets up various conveyances through which he derived title to said land and alleges that the defendants and each of them are asserting some pretended interest in and to such lands adverse to the plaintiff, which pretended claims constitute a cloud upon his title.

Plaintiff further alleges that on or about the 16th day of February 1928 he entered into a certain contract with the defendant, Okey Oil and Gas Company, for the drilling of a well on a portion of said above described land that in said contract it was agreed that said Company should, on or before May 1, 1928, commence the actual drilling of an oil and gas well on some part of said land and thereafter continue the drilling of same with diligence until a depth of 3200 feet had been reached, unless oil or gas should be found at a lesser depth and falling in which said Okey Oil and Gas Company should forfeit all rights under said contract in and to said land; that thereafter, Okey Oil and Gas Company executed various assignments of said contract, but that by reason of failing to comply with the terms of said contract and by reason of failure to drill a well as provided under said contract, same is wholly forfeited and all rights of any of said defendants and terminated, notwithstanding which, said defendants are asserting some manner of claim of right or interest in and to said property which casts a cloud on plaintiff's title and that in truth and in fact in law, said defendants nor either of them have any right, title or interest in or to said lands.

Plaintiff prays for title and possession of said lands; that his title be quieted and that any title or proof of title in, any of the defendants be divested out of them and invested in the plaintiff and for all costs of suit and for all relief legal and equitable, general and special to which he may be entitled.

Herein fail not, but have you then and there before said Court this writ with your return thereon showing how you have executed same. Witness my hand and the seal of said Court, at office in Pampa, Texas, this 5th day of Sept. A. D. 1928. CHARLES TRUIT, Clerk of the District Court, Gray County, Texas. 5-12-19-28

Don't forget the Baby Clinic, 3 to 5 p. m., Wednesday afternoon at the Pampa. 62-4c

Fishing Legend Is Brought to City by Returning Anglers

And now it is fish. The following is a true story told by J. E. Christy, local fishing enthusiast, who has just returned from a fishing trip with Grover Malone, Neil McCullough, and Don Wakeman. The party visited Red River, N. M., where fishing was enjoyed.

Before returning to Pampa, according to Mr. Christy, the party made a wager, with the one catching the most fish to win. Christy in the time limit caught 20 nice speckled trout, while the rest of the party got three apiece. Not satisfied with the result, Neil McCullough and Grover Malone made a short around the lake to where a Mexican was fishing.

According to the teller of the story, the two men left their rods in the automobile, were gone about 10 minutes, and upon returning brought back twelve nice fish apiece with them. What he wants to know is how the speckled beauties were caught.

TO ATTEND MEETING

T. D. Hobart left yesterday for Midland, where he will attend a meeting of the executive committee of the Texas and Southern Cattle Raisers association. Mr. Hobart is vice-president of the association.

Gray County to Have Exhibit of Great Interest

The Gray county exhibit to the Tri-State fair will be set up tomorrow in the Gray county booth in the Agricultural building by George Briggs and boys from Prof. Lester's agricultural class. All the material for the exhibit has been gathered and is being assembled at the Chamber of Commerce rooms.

"From the standpoint of public interest, the Gray county booth will rank second to none," Mr. Briggs remarked this morning, "but from the judges' viewpoint it may not be as excellent as possible because of the fact that some of the material used is green. The cotton and peanuts, particularly are not as ripe as should be, but Gray county will be proud of her exhibit."

"I cannot speak too highly of the work and assistance of farmers in the Pampa, LeFors, McLean and Alameda districts. I have received assistance on every occasion and it is to those who have so ably assisted me that the success of the exhibit may be attributed," Mr. Briggs continued.

The Gray county exhibit will be taken to Amarillo tomorrow by I. Cole who will have several of his prizes there.

Hurricane-- of lower Florida peninsula.

Number of known dead reported more than 250; injured at more than 1,000; homeless unestimated and property damage figured at upward of \$100,000,000. Many reported missing and fatality list expected by Red Cross officials to mount.

Some distress and incipient disease outbreaks along southeastern side of Lake Okechobee, where greatest number of deaths so far recorded. Food, clothing, medical and other supplies hastened to stricken territory.

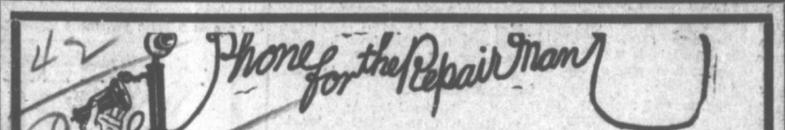

Martial law urged for Palm Beaches, portions of which laid in ruins. National guardsmen sent to aid. Refugees crowd inadequate quarters and hospital facilities in some sections of storm-swept area. Transportation strained by insufficient vehicles forces workers to leave bodies in open in some cases to hasten evacuation of injured.

DELAY IN PAPER CUTS DOWN SIZE OF THE NEWS

Failure of a carload of news print paper to arrive on schedule is responsible for the 4-page issues of The News this week. This carload arrived today, however, and is being unloaded this afternoon. The News will resume its normal number of pages tomorrow.
