The Honorable Tom Connally, Con ressman from Texas and candida for the United States Senate, opened his address at the Baptist church here today by declaring himself a hearts advocate of the party system of government and a believer in the princip of the Den himself as standing with the party in favoring tariff for revenue only and opposing any tariff which gives one By Public Tonight section of the country an advantage upplacing an artificial disadvantage upplacing and artificial disadvantage upplacing an artificial disadvantage upplacing and artificial disad section of the country an advantage by on another section, such as, he said. the present tariff under Republican

BUILDERS OF PAMPA

The progress and development of any city is the result of the energy and effort of the business men andfirms who make it up. The business listed on this page are permanent institutions and have contributed in many ways to the upbuilding of Pampa.

This page will appear in the Daily News once each week and will contain something new and interesting each day. A study of its stories will give a new knowledge of the reasons for the individual successes.

Quaker Drug is one of the Best in Pampa

GEORGE N. SMUFFIELD, PROPRIETOR, IS WILLING WORKER FOR THIS COMMUNITY

"THE SOUTH SIDES BRIGHT SPOT" WELL NAMES THE QUAKER DRUG STORE

George N. Shuffield, proprietor of the Quaker Drug, is one of the most progressive citizens of the city. Mr. Shuffield came to Pampa about two years ago and built the Dallas Hotel which he operated for seven months. At that time the Dallas was one of the largest hotels here. He sold this hotel and then opened the Shuffield Hotel and operated it for the next nine months.

When he sold the Shuffield hotel he purchased what is now known as the Quaker Drug. The fixtures in the Quaker Drug are some of the best obtainable and cost approximately \$8,000. A \$6,000 stock of first class merchandise is carried at all times. Two registered pharmacists and four other people are regularly employed at the

Two frigidaire systems are installed in the Quaker Drug in connection with the fountain. The store caters to curb service and has built up a good fountain business. A \$500 electric sign in front tells the citizens where to find the Quaker Drug.

The Quaker Barbecue which is operated in connection with the

drug store, is housed in a new stucco building adjoining the drug store. Hundreds of people visit this place every day to eat a real barbecue sandwich and drink a glass of ice cold draught beer.

Mr. Shuffield owns business and residence lots in practically every section of the city, and owns several buildings and residences. He is very optimistic of the future of Pampa and says that he is certain that it is to be growing continuously for years to come.

George put his boosting for Pampa into real work. ! When a movement is under way he is right at the lead working.

When financial help is needed he gives liberally. He returned recently from a tour of Texas, Arkansas and Louisiana and says that the people know where Pampa is located. Many persons saw a Pampa pennant on his car and were eager to discuss the activities of this community.

When George does business he believes in promptness. Last week he was called to Austin as a witness. He rented an airplane and traveled from here to Wichita Falls by air. There he picked up R. E. Taylor, former United States District attorney and a personal friend, and then traveled by air to Austin. The return trip was also made by air. Mr. Shuffield was a deputy United States Marshall' several years ago.

As termed by his large group of friends, "George is just a regular fellow and a willing worker for Pampa."

National League Teams Bunched in Unusual Order

BY HERBERT W. BARKER (Associated Press Sports Writer.)

While the Yankees lead their closest rivals in the American league by 13. 1-2 games, and the Cards are ahead in the National by three and a half, most of the other clubs are battling for positions as close to the leaders as possible. Bos-ton and Philadelphia apparently doomed to the last two notches in the standing, are staging a private duel to escape the cellar with the braves two games in front at this stage. The Yankees Sunday removed what doubt, if any, remained as to their ability to beat the Athletics just about as often as they wish. Both ends of a uble header went to the champions 12 to 6 and 8 to 4. Lou Gehrig hit two runs in the first game, his 17 and 18th of the season, and Tony Lazzeri duplicated the feat in the night-Henry Johnson and Waite Hoyt were the winning pitchers, it being the fromer's third victory over the A's in eleven days.
