### INJUNCTION IS ONE CONDITION

Alternatives Specified to Bring Total Low Enough

The Gray county seat election contest appeal today was set for hearing October 10 in the Amarillo Court of Civil Appeals. The news was informed this afternoon by Judge S. D. Stennis, who went to the neighboring city in connection with the case.

With a bid of \$213,354 the H. L. Case Construction company of Pampa was awarded the contract to erect the new Gray county courthouse. The commissioners let the contract this morning after recessing last night. There were eight original bidders. Four of them were eliminated by the commissioners last evening.

The contract was let subject to the outcome of the injunction filed here yesterday against issuance of warrants until the election contest appeal is decided in the Amarillo court.

Of the four bids opened this morning, the H. L. Case company's was almost \$1,000 under the bid of W. G. Windsor of Amarillo, who was second. The commissioners named fourteen alternatives for the second bid among which were different glass, different kinds of flooring, a change in the trimmings, and other alterations.

The bids submitted by the four remaining contractors this morning were: H. L. Case Construction company, \$213,354; W. G. Windsor, \$214,038; A. L. Randall, \$214,510 and C. F. Lambie, \$222,094.

H. L. Case, who was awarded the contract, was born and reared in Pampa and Gray county. He has built numerous large buildings here, including the high school annex, the First National bank building, the Bradford building and numerous large homes.

Art Jaynes, superintendent of construction for the H. L. Case Construction company, has been with the company more than two years. He has been in the business practically all his life.

The Panhandle Insurance company handles the bonds for the H. L. Case company. The company has its head-

BERLIN, Oct. 4.—(P)—The new German dirigible Graf Zeppelin having made her final test flight flawlessly, is ready to leave for the United States on Sunday. It was announced that only unfavorable weather would delay the airship's departure.

BERLIN, Oct. 4.—(P)—Representations have been made by the Inter-Allied Rhineland High Commission regarding the flight of the airship Graf Zeppelin over occupied territory near Wiesbaden. The commission held that such a flight was contrary to the Rhineland convention.

Dr. Hugo Eckener, builder of the dirigible, has explained a short flight over occupied territory was made for purely meteorological reasons, weather conditions have compelled him to pass over Wiesbaden.

Following the dedication ceremony in which speakers from Borger, Pampa, and Amarillo took part, a light lunch was served. More than 2,000 persons passed through the home during the evening. The home will be used as an auditorium as well as a Legion home.

### Special Collection To Replace Carnes Shortage Is Asked

NASHVILLE, Tenn., Oct. 4.—(P)—Southern Baptist churches today were in receipt of a request that a special offering be taken Sunday, November 11, to cover the shortage of \$953,000 in the accounts of Clinton S. Carnes, former treasurer of the home mission board.

In making public the request last night, the executive committee of the Southern Baptist Convention revealed that an audit of the books showed the building fund had lost \$200,000 during Carnes' tenure in office, and that the rest of the money had been obtained on secretly placed notes, which have not yet been paid. The building program of the church is demoralized because of the shortage.

### One Indictment in Lynching Dismissed on State Motion

HOUSTON, Oct. 4.—(P)—A murder charge against T. J. "Tack" Reese, first of seven men scheduled to be tried in the lynching of Robert Powell, negro, here just before the Democratic national convention, was dismissed today.

The charge was dismissed on motion of the assistant district attorney, who stated that evidence was weakest against Reese and that his trial would weaken the State's case. Reese was the only one of the alleged lynchers arrested who did not make a statement, officers said.

The six men who still faced charges of murder in the lynching are Howard Minton, 20; A. B. Wheeler, 26; J. E. Kent, 27; Charlie Oldham, 24; Clyde Shuck, 32, and Bubber Kent, who remained unapprehended.

The State alleged these men went to the hospital where Powell lay seriously wounded, dragged him from his bed and hanged him from a bridge near here early June 20.

### Man and Wife Electrocutated by Aerial on Line

SUDBURY, Ont., Oct. 4.—(P)—An attempt to remove a discharged radial aerial wire from a power line carrying 4,000 volts caused the death of a man and wife while neighbors looked helplessly on.

Frank Gervarts was returning from work when he saw his wife attempting to remove the sputtering wire with a mop handle. He ran from his car, seized the stick and just as his wife warned him that the wire was alive it dangled off his wrist. He fell to the ground with the wire still around him, while his wife threw her arms about him and received the full force of the electric charge.

### Raided Play Will Likely Finish Run

NEW YORK, Oct. 4.—(P)—Indications today were that "Pleasure Man," Moe West's raided play, had finished its run on Broadway after two and two-thirds performances.

Its cast arrested for the second time in three days, the doors of the Baltimore theatre locked against it, its author arrested and Mayor James J. Walker and other city officials insisting that the play be barred for all time, counsel for Miss West and the actors admitted defeat. "It would be foolhardy to continue," said Nathan Burkan, Miss West's lawyer.

Ruth Scores in First on Gehrig's Double—Teammates Get 2 in Fourth and One in the Eighth

YANKEE STADIUM, New York, Oct. 4.—Crippled but still playing championship baseball, the New York Yankees made their hits count today and beat the St. Louis Cardinals, 4 to 1, in the opening game of the world's series before a record shattering crowd of 75,000.

YANKEE STADIUM, New York, N. Y., Oct. 4.—(P)—All the glamour, the color, the bleacher fans, and the shrill cries of the white-coated refreshment vendors that go with the world's series, came back to their familiar setting today.

Long before noon the vast expanse of bleachers was two-thirds filled. This assured some 40,000 customers in the \$1 and \$3, and these together with the reserved seats sold out days ago showed the attendance up to around 80,000—some 17,000 in excess of the previous high mark for a world's series.

October 19

William Edward Hickman is a name—a symbol of the type of brutal crime which has become all too common in this country in recent years.

That symbol should be obliterated. Hickman should receive the treatment which will make the strongest impression upon those whose minds may have similar trends. Unfortunately, the death penalty, by which the State sets the example of taking life, is the only one of general repute which is calculated to get the desired effect.

Unless his case is granted an appeal to the United States Supreme Court, Hickman will die October 19 at San Quentin prison. Remember the date; too much publicity cannot be given to the disposition of major crimes and criminals.

Opportune Moment

Opponents of fraternities will be heard from now in connection with the accidental death of a Texas university student during his initiation. But was it an accidental death? Probably it was, in the sense that the student was one of the very few to whom an electric shock might be fatal, regardless of intensity.

Strange deaths occur somewhere every day. Persons die when there is no apparent reason for it. The fact that an occasional person dives into a public bathing beach and fails to live through a dive is no reason for discontinuing bathing beaches on that grounds.

Fraternities have their faults, their snobbishness, their artificial standards, but these things are not held in monopoly by fraternities and are beside the question at hand. The reforms which would make fraternities and sororities safe are no more severe than those often applied to other phases of living.

Fraternities have come to mean much to every university, and not the least is the housing of thousands of students who otherwise might have to be put into costly dormitories. If they are not worth keeping, agitation against them should not be limited to regrettable occurrences such as the one this week at Austin. If they are worthy in ordinary times, they will survive catastrophes such as this. But meanwhile the critics will rave on.

Confidence in Folks

In the past Japanese court-houses boasted of no jury boxes. The idea that justice could rest in the minds of common people was considered absurd. Perhaps, until the population attained more Western thinking, it was illogical to use the jury system.

But the Western ideal of jurisprudence has penetrated the Japanese understanding. Now carpenters are tearing out partitions and making room for jurymen. Trial by jury is not yet common. The defendant has to ask for it if it is used, even in the larger cities. Juries now function only in major criminal cases involving possible sentences of more than three years im-

prisonment. Crimes relating to treason and government are not within the province of the juries. No women serve in the jury box. Men must be 30 years old or more, must have lived in the city where the trial is being held for at least two years, and must be able to read and write. Most officials are barred from service.

Juries may return only verdicts of "guilty" or "not guilty". If the judge disagrees with their decision he may throw out the verdict and impanel a new jury. Decision of twelve men, as in this country, are by unanimous vote try.

Japan studies United States methods and the English system, sending her judges over here. It is to be hoped, however, that the Japanese do not go so far as to imitate our methods of dodging jury service. To break down the prestige of the jury is to make democracy an experiment—not a reality.

WASHINGTON—The forthcoming election will be the first since 1922 in which none of the original "Newberry senators" will be voted out of office.

There were 46 in that band of regulars who put through the Spencer resolution to seat Truman H. Newberry of Michigan after it had been shown that some \$200,000 had been spent to elect him despite a state law limiting his expenses to \$3750.

The vote was taken January 12, 1922.

Since that time the political mortality rate among that majority of 46 has been enormous. Only 12 of them, or about 25 percent, still remain in the Senate. A few, of course, have died, including Willis of Ohio and Gooding of Idaho, within the last year. But the greater portion of the 46 have been defeated at the polls after campaigns in which "Newberryism" was featured as an issue against them.

And it is also worth pointing out that 27 of the 41 senators who voted against the seating of Newberry are still on the job. Only 14 are missing as against 34 of the Newberryites and at least half of those 14 either died, retired or resigned. Certainly no senator ever lost his job because he voted against seating Newberry.

Furthermore, of the nine Republicans who voted against Newberry only one has been defeated at the polls—Sutherland of West Virginia on a close vote. Norris of Nebraska, Borah of Idaho, Capper of Kansas, Jones of Washington and Norbeck of South

Dakota are still important figures in the Senate. La Follette of Wisconsin and Ladd of North Dakota are dead and Kenyon resigned to go to the federal bench.

The 12 Newberryites still in Congress are Curtis of Kansas, Edge of New Jersey, Hale of Maine, Keyes of New Hampshire, McLean of Connecticut, McNary of Oregon, Oddie of Nevada, Philips of Colorado, Shortridge of California, Smoot of Utah, Warren of Wyoming and Watson of Indiana. Johnson of California, who refrained from voting while under pressure from both sides, also remains.

Quite a few of the dozen virtually have lifetime leases on their jobs. All of them have been up for re-election since the Newberry vote and some of them were saved by large campaign funds. Hale of Maine, despite bitter opposition, has been re-elected twice, the second time at Maine's recent election.

Hale was the only one of the dozen up before the voters this year. The others are serving terms ending in 1931 and 1933.

Some of the Newberry casualties have had lame-duck appointments.

Kellogg of Minnesota became ambassador to Britain and later secretary of state. New of Indiana became postmaster-general. Poindexter of Washington was made ambassador to Peru and has just been badly licked in an attempted comeback in the 1928 primaries. Other distinguished Newberryites defeated since that famous vote have been Bursum of New Mexico, Calder of New York, Cameron of Arizona, Cummins of Iowa, Ernst of Kentucky, McCormick of Illinois, Pepper of Pennsylvania, Townsend of Michigan and Wadsworth of New York. Others have had narrow escapes.

### Committee Will Plan Attack on Freight Rates

LUBBOCK, Oct. 2.—(Special)—A meeting of the Traffic committee of the West Texas Chamber of Commerce has been called by Spencer Wells, chairman of the committee. The meeting is to be held at the Wright hotel in Sweetwater at 10 o'clock a. m. on October 6th.

Mr. Wells urges every member of the committee to be present at this meeting, which is in a place centrally located in the Texas Common Point Territory affected. The purpose of the meeting is to plan an attack of the principle of the differential now applicable to this territory. He contended that about \$4,000,000 per year is involved.

Mr. Wells asks the members of the committee to invite jobbers and shippers in their communities to attend the meeting with them.

### Plains Specials

PANHANDLE—Interests of all agricultural people in Carson county are centered in the Second Annual Community Fair at Conway, Oct. 5. Every community in the county will be represented with exhibits and scores of farmers and agriculturists throughout the county will have individual exhibits. Fully 5,000 or more people are expected to throng the fair grounds of the little village 5 miles south of Panhandle.

In addition to farm and community exhibits, there will be a household department—pure-bred poultry and live stock exhibits. A feature of the cattle show will be a score or more of blue-blooded Guernsey cows. Prof. Geo. F. Grant will have on display his Canary's Hopeful Girl that was recently purchased for \$1,000 and was a prize-winner at the Tri-State Fair.

Merchants, business men and civic organizations of White Deer, Groom and Panhandle are co-operating with the Conway fair officials to make the county exposition a great success. Those who have charge of the entertainment and exhibits promise that the diversion during the one day will equal the best day at the Amarillo fair. Carson county agriculturists did not have an exhibit at the fair but they have been assembling products for weeks to display at the Conway show.

The Conway fair is one of the most volume fairs of the state. While only a village, it will be the meet for Friday for farmers of Carson and many from Armstrong county. Visitors will derive much amusement from the baseball game between Groom and Claude, a rodeo, a dare-devil stunt flyer, famed Lieut. Robert H. Grey of Amarillo, flying the sister ship of the Spirit of St. Louis. A carnival will be in full swing all day.

### Eight Boy Orators After World Title

Eight boys from 48 many nations will compete at Washington October 12 for the oratorical championship of the world. They include, left to right, (above) James E. Moore of Somerset, Ky., Efrain Brito Rosado, Mexico, and William Fox, Jr., London, Ont., and (below) René Ponthieu, Paris; Heinz Barth, Berlin and Dudley Raymond Barker, Bournemouth, England.

WASHINGTON, (P)—Eight boys, representing as many different nations, will extol the merits of their native lands at the International Oratorical contest in Washington, October 12.

Each contestant is 18 years old. Each will speak in his native tongue, and on the subject of his own government's institutions and accomplishments.

Cuba, the Argentine, Germany, France, England, Canada, the United States and Mexico will be represented. Instead of the customary speeches of introduction, the entrance of each contestant will be heralded by his own national anthem.

These youths, who will compete for the international cup, have been selected after a long process of elimination in various state and national contests. They have been feted and pruned and taken on tours of foreign lands. Now comes the greatest test of all—that of oratorical championship of the world!

Each of the nations represented is right behind its entry: France for René Ponthieu of the Lycee Henry IV of Paris; England for Dudley Raymond Barker of Bournemouth; the United States for James E. Moore of Somerset; Kentucky; Canada for William Fox, Jr., of De La Salle school, London, Ontario; Mexico for Efrain Brito Rosado; Germany for Heinz Barth of the High School for Politics, Berlin. The entries from the Argentine and Cuba have not yet been announced.

Randolph Leigh, director general of the contest, expects about 8,000 persons to hear the orations in the Washington Auditorium. This is the third international contest and is marked by a stronger representation from Spanish speaking nations than either the first or second.

The 1926 contest was won by an American, Herbert Wenig, of California. Last year Arturo Garcia Forment of Mexico, was winner.

### Surrounded by Food, Imprisoned Chef Goes Hungry

MILWAUKEE, Wis., Oct. 4.—(P)—Edward Connelly, 38, a chef, was surrounded by food for seven days and yet, he said today, nearly starved to death.

Connelly found himself locked in a boxcar which was shunted to a lone siding. The car was loaded with boxes of canned food, packed high all around him.

When his pounding on the door finally brought rescue yesterday, Connelly explained he had feared to break into the food because it might be thought he was stealing. When hunger finally drove him to consider getting into the food, he had lost his knife and could not open the boxes.

### Gas Distribution to Be Increased

BARTLESVILLE, Okla., Oct. 4.—(Special)—The Cities Service Gas company on October 1 turned gas into the Fort Leavenworth distribution system which connects with the gas company's new 12-inch line leading to St. Joseph at a point north of Leavenworth, Kans. The distribution plant was constructed by the United States government to serve the military reservation at that point.

The section of the new St. Joseph line in Kansas, which serves the fort, has been completed and with the granting of a certificate of convenience and necessity by the Missouri commission last week, arrangements are being made to start the construction of the Missouri portion of this line at once.

The Western Ice & Utilities company, who hold the natural gas franchise at Anthony, Kas., have completed their main 6-inch line to the Cities Service Gas company's 20-inch line and will start taking gas within the next few days. Their distribution system is practically complete and it is understood that in a very short time residents of Anthony will have the advantage of natural gas in their homes.

New boilers are being installed at the salt plant and by the end of October this plant, the city electric plant and all domestic consumers should be receiving service.

### FLEDGE TO WAYLAND

PLAINVIEW, Oct. 4.—The executive board of the Plainview district in session at Lubbock, Monday agreed to raise \$1,000 for Wayland college during the coming year. The amount will be prorated among the Lubbock, Floyd, Brownfield, Dickens, Staked Plains and West Plains association. President McDonald was authorized to use the money in any way he thought best and will probably be used in the improvement of the college building. With an enrollment of 218 the college is practically self-supporting this year. A donation of \$25 was received from an Olton friend of the college the past week. New chairs for the class rooms have been ordered and the college is continually making improvements in keeping with the growth of the school.

### Republican North Hooverites as In Depress

BISMARCK, N. D., Oct. 4.—(P)—A final month of the presidential campaign finds the accumulated grievances of agriculture still dragging heavily on the wheels of the Hoover candidacy in the normally Republican Northwest.

Just as the Democrats have awakened to the seriousness of the anti-Smith movement in the South, so the Republicans here in the North-western states no longer speak of the anti-Hoover farm movement as a myth. They realize that through Wisconsin, Minnesota and the Dakotas they must turn in and fight and they are doing so.

North Dakota is one of the states which both parties are claiming just now with much earnestness. But on both sides these claims are coupled with a reminder that much work remains to be done before election day and there are leaders among the Republicans and Democrats alike who say quite candidly, when they speak privately, that if the election were held today it might very well turn out a horse race.

Thus his tradition become disturbed in a state which four years ago stood by Coolidge in the face of the La Follette crusade and gave Davis only 13,000 votes out of a total of nearly 200,000.

Governor Smith recently has traversed the state, and his western fling at the Republican farm policies were broadcast over the Northwest. On his trail have come a swarm of Republican spellbinders, including Senators Brookhart and Borah, preaching Hoover.

The outstanding state leaders of organizations, are, in turn, redoubting their pleas that Hoover be defeated.

Although North Dakota was not the hardest hit by the period of distress in the farm states, her farmers and business men nevertheless have passed through some trying times.

Since November 1, 1926, there have been 307 permanent failures among the North Dakota state banks. Land values have decreased, and the present wheat prices do not help the Republican campaign.

Rookie From Texas Made Good

Here's Carl Hubbell, rookie hurler from the Texas League who joined the New York Giants late in the season and who proved an important cog in the pennant drive of the New Yorkers. Hubbell is regarded as a great pitching prospect by John McGraw.

Yankees Looking Much Better as Big Series Nears

NEW YORK, Oct. 4.—(AP)—For once in its baseball life, New York became a "home team" town today as the embattled Yankees plucked crevices in their Harlem river citadel against an expected onslaught by the St. Louis Cardinals. Father Knickerbocker was in the first stage of his fifteenth modern world series, but it might well have been a mistake for his first, with 75,000 fans marching upon Ruppert stadium eager to yell the home forces on to victory.

A Treatise On Southpaw Golfers

By O. R. KEELER
A letter from Mr. T. L. Williams of Dallas, Ga., suggests and even urges an article explaining left-handed golfers, why they are supposed to be relatively ineffectual—quite the opposite of left-handed batsmen in baseball—and why (as Mr. Williams puts it) the portside of the links is "shunned and pointed out as if he wore a celluloid collar."

Harvesters Off to Play Electra Squad Tomorrow

Twenty strong, the Pampa Harvesters left early this afternoon for Electra, where they will meet the Electra team in an exhibition game tomorrow afternoon at 3:45 o'clock. The strength of the Electra team this season is unknown, but as a class a team should provide strong opposition for the Harvesters.

Merkle's Boner Cost Giants Flag In 1908, When Cubs Became Champs

BY CHARLES F. STACK
NEW YORK (AP)—The waning strength of one great ball club and the advent of another were disclosed in the world's series of 1910. After five years of hard campaigning, during which they won four National League pennants, Frank Chance's Chicago Cubs were easily defeated by Connie Mack's new Athletics machine, four games to one.

Hagen Has Tough Matches Coming Up

BALTIMORE, Oct. 4.—(AP)—Day by day the going is getting tougher for Walter Hagen in the national professional golf championship now in its quarter-final round. A virtual unknown, Julian Blanton of Toledo, under the stimulus of having everything to gain and nothing much to lose, gave him a great run for his money yesterday and today (Hag, champion for the last four years) faced the prospect of playing Leo Diegel, Gene Sarazen, and Al Watrous on successive days.

Boston Boasts Baseball Title of Southern Leagues

BIRMINGHAM, Ala., Oct. 4.—(AP)—Boston Buffaloes are baseball champions of the South. The Buffaloes won the title yesterday in Birmingham, 5 to 1, in the seventh game of the series. It was the first two out of three in the fourth and Showers married. The Buffaloes played fast.

W. and College Club in the basement of the Methodist church at 12 o'clock Saturday. She will talk on Personality Patterns Formed in Early Life, discussing the subject from the standpoint of psychology.

Research in the field of psychology has been the special interest of Dr. Gilkerson for several years. Her address will be one of the most instructive numbers offered by the club this year, it is thought.

#### Hour for Luncheon Changed to 12 O'clock

On account of a conflict in Dr. Gilkerson's engagements for the day, the hour of the luncheon has been changed from 12:30 o'clock, as formerly announced, to 12 o'clock. Members are urged by the program and arrangements committee to keep this change in mind and arrive before the hour as Dr. Gilkerson's talk will probably be the first number on the program.

All members who wish reservations for the luncheon will call Mrs. A. D. McNamara by 9:30 o'clock tonight. Her telephone number is 552-W.

A meeting of the Society and prospective members of the auxiliary unit will be held at the church next Wednesday afternoon, when the junior branch will be organized.

The mission study program of the day was conducted by Mrs. O. H. Ingram. Mrs. C. M. Bryson discussed missionary work in the United States and Canada, pointing out missions on a map. Adventures in Church Building was the subject of an interesting talk by Mrs. Lee Ledrick. Mrs. William Barrett gave an interesting discussion on "When We Built the New Church." Evangelistic work in the church was discussed by Mrs. Harry Marbaugh.

The meeting was held in the home of Mrs. C. E. Hutchins with Mrs. R. E. Kitzer as associate hostess. Delicious refreshments were served during the social hour following the regular meeting.

#### Dinner-Bridge Honors Mrs. B. L. McCandless

Mrs. W. M. Murphy and Mrs. J. H. Lutz entertained at dinner last evening in the latter's home, honoring Mrs. B. L. McCandless of Redondo Beach, Calif., who is the house guest of her sister, Mrs. L. M. Williams.

Dinner was served at small tables, where later bridge was played. Cardon flowers formed simple but lovely decorations for the tables and the entertaining suite.

The guest list for this delightful affair included the following names: Mrs. McCandless, honoree, Mrs. S. I. Maynard, Mr. and Mrs. Roger McConnell, Dr. and Mrs. W. C. Mitchell, Mr. and Mrs. Carl Taylor, Mr. and Mrs. L. M. Williams, Mr. and Mrs. C. W. Hutchinson, Mr. and Mrs. Don Wakeman.

Members are to make reservations with Mrs. A. D. McNamara by 9:30 o'clock tonight, calling her at telephone number 552-W.

McDonald, is composed of Mrs. Thomas Clayton, Mrs. P. C. Ledrick, and Mrs. A. H. Doucette.

The business meeting was held in the home of Mrs. John V. Andrews. It was followed by a Bible lesson, conducted by Mrs. T. D. Hobart. Doucette, and Mrs. Dave Pope assisted the leader by discussing these subjects.

A beautifully appointed reception and bridal shower, described as one of the most elaborate social functions ever seen in the city of Panhandle, was given on Saturday afternoon at the Panhandle Inn, honoring Mrs. Don Duncan of Pampa, who before her recent marriage was Miss Glenna Simms of Panhandle. Sixty friends of the charming and popular young bride paid courtesy to her at the affair and presented gifts. Among these were the following from Pampa: Mrs. Emmett Duncan, Mrs. Ivy E. Duncan, Mrs. Sam Thomas, Mrs. J. E. Murfee, and Miss Josephine Rorser.

#### GIRL COMMITS SUICIDE

CHICAGO, Oct. 4 (AP)—Sixteen-year-old Dolores Melcher, who was called "Taffytop" by her high school mates, was found dead in her girl chum's room yesterday. The gas had been turned on and there was a 10 word note: "Ah, Chuck, honey, I love you. I love you. Goodbye."

Charles H. Sharp left this morning for Emporia, Kan., where he has several buildings under construction. He will visit in St. Louis during the world series games there.

Mrs. F. A. Hollenbeck returned yesterday from an automobile trip through northern Mexico and the Gulf coast.

#### Another Rumanian Prince Has Eloped

BUDAPEST, Oct. 4 (AP)—The newspaper Pesti Naplo said today that Prince Nicholas of Rumania eloped with a Rumanian girl of aristocratic lineage and was living in the Paris villa of his brother Carol, the former crown prince of Rumania. No confirmation of the report was obtained from other sources.

The paper said the censor at Bucharest did not permit the matter to be discussed publicly, while the Rumanian court maintained that Prince Nicholas was on a holiday in Europe. Prince Nicholas is 25 years old and visited the United States in 1926 with his mother, Queen Marie, and Princess Ileana. He is a member of the regency which rules for the six-year-old King Michael, who is his nephew and Carol's son.

#### JOURNALISM PROSPECTS AT TEXAS-U. BRIGHTER

AUSTIN, Sept. 26 (AP)—With the opening of the 1928-29 session at the University of Texas, the outlook for the department of journalism assumes a brighter aspect than it has had for some years, according to Paul J. Thompson, chairman of the department.

After spending several years in a somewhat precarious position as first an insignificant part of the School of Business Administration and then as a department in that school, journalism starts the new year with a return to its former rank as a department in the College of Arts and Science, Mr. Thompson said.

Eleven courses will be offered in the department this year, and in them are included practically every fundamental course in journalism, Mr. Thompson declared.

#### Cowboy Willis to Meet Varner Here on Friday

"Cowboy" Ray Willis of Fort Hill, Okla., former middleweight champion of Oklahoma, promises to give Walter Varner a stiff battle at the Plator Monday night. Willis has fought Babe Hunt, Guinner Dysart of the U. S. army and many other topnotchers. He comes here recommended by his former opponents as a man who is hard to beat.

Varner, who always fights from going to gong, needs no introduction to the some of the fastest bouts here and has local fans. He has participated in proven his ability to "scrap."

Interesting semi-windups have been arranged by the management. New boys will be in the ring to mix it up. Several fast preliminaries have been scheduled.

Trojans Import Rugby Kicker To End One-Point Defeat Jinx

LOS ANGELES (AP)—A rugby player, a gentleman clever with his toes will try to end the University of Southern California's long string of one point defeats on the gridiron.

Edward G. Greaves, who hails from a far south sea land, Australia, is imparting to the Trojan players the methods of punting and rop-kicking as practiced in the land "Down Under" in the game of rugby. That he was imported a distance of 5,000 miles indicates the institution's press-methods of punting and drop-kicking for the lack of which many football games were lost by a one point margin.

Greaves, one of Australia's most noted kickers and a star for the last six years on the Geelong team of the Victorian league, will act in an advisory capacity to Coach Howard Jones. That he has never seen a game of American football is immaterial, as he will confine his efforts solely to teaching punting and drop-kicking.

As the Anzac can boot the pigskin as accurately as most American halfbacks can pass the ball, Coach Jones is looking for him to bring out some remarkable improvement in his punters, and to develop an accurate drop-kicker this season, something that Southern California has not had since the pre-war days of Frankie Mallett.

Greaves is said to possess a record of kicking a rugby ball 92 yards into the air. Fifty yards is just a "fair" kick for him, and, for accuracy, his kicks remind one of a rifle shot, seldom veering from the intended goal.

BUSY TEXAS

To find a wife who is a Christian, can bake good biscuits, and is between 10 and 45 years old, faces Mayor R. E. Thompson of El Paso. The unusual request to assist him in discovering a mate was received by Mayor Thompson from E. S. Parker, 53, of Rising Star.

Some one with distorted ideas either of Corpus Christi's location or South Texas' winter climate has sent City Engineer H. L. Shaw of the Gulf Coast own a questionnaire asking the method used in clearing snow from streets.

Shaw answered the question in a manner which will, perhaps, indicate Corpus Christi's snowless state. "The engineers put all the snow removed from the streets of this town in his eye," was Shaw's answer.

Board of Control Is Upheld By the Attorney General

AUSTIN, Oct. 4.—(AP)—Attorney General Claude Pollard ruled in an opinion received today by the State Board of Control that the board has the absolute right to determine the brand of machinery to be bought for use of the state highway department.

The ruling upholds the control board in its long drawn out dispute with the highway department over purchase of a \$300,000 portion of the \$500,000 worth of road machinery, in which the board has insisted on its own choices of equipment over that requisitioned by the highway department.

Ferguson Pardon Revoked by Moody

AUSTIN, Oct. 4.—(AP)—The conditional pardon granted by former-Governor Miriam Ferguson to Wayne Todd Weatherford, whose death sentence in the murder of Jimmie McNeal, Fort Worth service car driver, was commuted to life imprisonment, was revoked today by proclamation of Governor Moody.

The governor was informed that Todd is being held in Tarrant county jail on theft charges, that he is wanted in Parker county for theft of cotton from fields and wanted by federal authorities for alleged transportation of automobiles from one state to another.

Todd was convicted in 1923 in Parker county. He and companions were charged with slugging McNeal to death after hiring him to drive them in his car. Todd's death sentence was commuted to life imprisonment about a year later, and on December 21, 1926, from Governor Ferguson granted him a conditional pardon, specifying that he must be law abiding to retain his freedom.

OBREGON'S SON SHOT

MEXICO CITY, Oct. 4.—(AP)—Humberto Obregon, eldest son of General Alvaro Obregon, president, suffered a gunshot wound today. Reports that he had died could not be confirmed as both police and the authorities of the White Cross hospital refused to give any information either as to his condition or how the wound was received. The police explanation of the shooting is that Obregon was slightly wounded accidentally this morning when he alighted from his automobile and his revolver fell to the sidewalk.

He can place his kicks so that he can hit an item the size of a football at 35 yards and that is a simple feat for him.

Rugby football once was played by American colleges, but this is said to be the first time that a rugby player has been brought into use to teach experts of American football the art of kicking.
