BANDIT GIVEN DEATH VERDICT

Mission Board Moves Rapidly to Convict Its Embezzling Employee

CARNES IS TO FACE SPECIAL LEGAL TALENT

Government Asked to Aid Extradition From Canada

MAY NOT TRY TO STOP RETURN

Disappearance Led to Southwide Appeal for Funds

ATLANTA, Ga., Sept. 29.—(AP)—Machinery of the state's law enforcement was set in motion today to hasten return to Atlanta of Clinton S. Carnes, former Home Mission Board treasurer of the Southern Baptist Convention, to face charges of embezzlement of board funds.

While arrangements were being made for a speedy trial, under direction of a special prosecutor, for the church leader who has been accused of having left a million dollar shortage in his accounts, officers were dispatched to Winnipeg, Manitoba, to receive him from Canadian authorities who arrested him there yesterday.

Assistant Solicitor General Hudson who, with a deputy, was selected to bring the return here, also was under orders to take steps for the recovery of whatever papers and valuables are contained in safety deposit boxes Carnes is believed to have rented during his sojourn in Winnipeg.

To avoid unnecessary delay in Carnes' return here, the solicitor general's office armed Hudson with requisition papers from Governor L. G. Hardman and wired the Washington government to lend its help in having Canadian officials deport the prisoner as soon as possible so that he can be delivered to Atlanta officers on American soil.

It was pointed out that such is the usual procedure in cases where extradition is waived. Local officials, however, sought to guard against any change of Carnes' announced intention not to resist his removal here by having the extradition papers in readiness.

Other Charges Pending

Meanwhile Carnes is being held in Winnipeg on two bench warrants issued against him charging embezzlement of a total of \$150,000. Other indictments are expected, county officials said, as soon as auditors still at work on the treasurer's books, can present additional evidence to the grand jury.

Carnes' disappearance from his home here Aug. 15 was followed by an emergency meeting of the board from which came the announcement that his alleged peculations would amount to approximately \$1,000,000 and that as a consequence the mission board had been left in serious financial straits.

His flight resulted in a general reorganization of the board and a south-wide appeal for voluntary contributions by church members to make up the purported shortage.

REEL OF COMEDY FILM IS BURNED AT REX

Only the fire-proof projection room at the Rex theatre and the quick work of the fire department prevented what might have been a serious fire last night. In some unknown manner, a film being shown caught fire and before the department arrived and threw chemical on the burning mass one reel of the comedy had been destroyed and the building had filled with smoke.

The large crowd attending made an orderly exit and soon returned after the smoke had cleared from the building. Very little damage was done. Manager Roy Snor reported. Local theaters have fire-proof projection rooms, and "stamper" are considered unnecessary and dangerous.

Daily News Straw Vote on President Shows Heavy Leaning to Hoover, Who Received 154 Votes to 67 for Smith

Wildcat Well, Shot Friday, Has 50 Feet of Oil in Hole

A shot of 100 quarts was used in Edwards et al's No. 2 Case in the northeast corner of section 82, block B-2, yesterday at noon. The shot was placed from 3,228 to 3,250 feet in granite wash formation. Following the shot, oil in the hole about 50 feet and was left to stand until today on the recommendation of geologists and the shooter.

This location is about five miles west of production in the Bowers-McGee pool and in wildcat territory. More than 75,000 cubic feet of gas has been cased off higher up.

The Texas company used a 90-quart shot in its No. 1 Langham in the northeast corner of the west half of the southeast quarter of section 1, block B-2, yesterday afternoon. Following the shot, an increase of 4,000,000 cubic feet of gas was recorded and a heavier spray of oil reported. The shot was placed from 2,670 to 2,710 feet in granite wash formation.

The well will be alone in the hope that the gas may blow it in.

The flow of oil in the Operators Oil company's No. 8 Jackson in section 88, block B-2, in the Bowers-McGee pool, has increased to 25 barrels an hour and continuing to grow better according to late reports yesterday. The well is flowing from 2,975 feet. It blew itself in for about 15 barrels at hour last Monday but was drilled deeper.

City Street Men Building Bridges On South Cuyler

Every available man on the city force is at work building bridges from the pavement to the streets connecting with South Cuyler street so that traffic will be open on to the paving just opened. Because of the narrow paving on South Cuyler street, it is necessary to build connecting bridges over the sewer ditches.

Because of the fact that the men have been taken from grading the streets some are in rough condition, but City Manager F. M. Gwin announced yesterday that he would have the large Russell grader at work Monday morning.

In several cases the streets laid out to the pavement recently opened are in bad condition, but on account of the small grader's being out of order work of fixing them has been at a standstill.

Repairs for the small grader have arrived and it will be put into operation early in the week the city manager says. It is impossible to use the large grader where it would run over the paved thoroughfares.

E. F. Ritchie of Miami was a business visitor in the city yesterday.

Judge and Mrs. J. A. Holmes of Borber spent yesterday in Pampa.

Gray County Leads Way in Largest Crude Oil Increase in Many Months

Gray county has shown the way for the largest daily increase in Panhandle production in many months. Last week's daily production increased 2,745 barrels to bring the total to almost its highest point. Gray county's production increased 1,315 barrels daily, to be closely followed by Moore county with an increase of 1,129 barrels. Hutchinson also registered an increase. Carson and Wheeler counties were the only losers.

The Mordyan Oil and Gas company's No. 1 M. B. Davis in section 8, block 1 was the cause of the Gray county increase. The well came in last week for 2,500 barrels. In Moore county the

Herbert Hoover, 154 votes. Alfred E. Smith, 74 votes.

Thus ended at 6 o'clock Saturday the poll in the Pampa Daily News presidential straw vote.

The poll was taken for news interest only and no political significance was claimed for it. The votes came from all parts of Gray county and a number from readers in distinct parts of the state.

The expected number of freak votes were cast, including ballots for W. H. Rogers, "My Dog Fido," and a few for local citizens named in jest. One voter cleverly called attention to the Teapot Dome scandals by adding Hoover's name. Quite a number of readers attached notes saying they did not like either candidate, but knew they had to choose between the nominees.

The total vote was small, but larger than some school elections which have been held here.

Permanent Road Body Is Decided at Meeting Here

At an enthusiastic meeting of the constitution and by-laws committee of the newly organized Panhandle Highway association held in the local Chamber of Commerce rooms Friday afternoon, the by-laws were drafted. It was decided to make the organization permanent to work for the good of the Panhandle counties on the road question.

A ratification meeting of the entire association will be held in Berger next month, when officers will be elected and the by-laws approved at the meeting, plans for future action will be discussed.

The preamble to the constitution. The present rapid growth of the cities of the Panhandle of Texas and the tremendous immigration now settling therein makes it imperative that immediate attention be given to our highway system, and we believe that this can be better obtained thru the organization of a Panhandle Highway association, and we further believe that if united in a common purpose, greater and quicker results can be obtained.

Therefore, the purpose of this Association shall be: First, to promote a co-ordinated system of highways in the Panhandle of Texas, comprising 26 counties as follows: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Dea, Smith, Randall, Armstrong, Donley, Collingsworth, Farmer, Castro, Swisher, Briscoe, Hall and Childress. Second—To co-operate with the County Commissioners court, of the various member counties and State Highway Department in the location, development and construction of a system of highways in the Panhandle.

The constitution in full will be printed in The News tomorrow.

Mrs. Tom Clayton, her daughter Miss Anne, and her brother, F. E. Leach, attended the Tri-State fair in Amarillo yesterday.

ACQUITTAL IS RETURNED BY STINNETT JURY

Mrs. Willie Blackman Is Freed of Murder Charge

ONE CONVICTION IN FIVE CASES

Bonds Set for Five Men Held After Over Killing

STINNETT, Sept. 29.—(AP)—After deliberation 44 hours the jury in the murder trial of Mrs. Willie Blackman returned a verdict of "not guilty."

She had been charged with the murder of Frank Regan, her brother-in-law.

Before rendering its verdict the jury twice had requested the judge its belief in its ability to agree.

Of five murder cases on the docket at the beginning of this court term, two were dismissed, one—Clarice Barber, given 10 years in the penitentiary—resulted in conviction, one was continued, and one was carried to the "not guilty" verdict.

A grand jury investigating the death of Johnny Over, in which five men were charged with murder, Saturday ordered them taken before a justice of the peace for a preliminary hearing.

As the result of this hearing, each man was held for grand jury consideration later.

Evidence brought out showed that each of the five men claimed Over's death an accident, as the man himself asserted up to his death Tuesday. There was a strong local belief that the killing was the result of a "framed" hijacking of a poker game.

Clarence Crump, who admitted he held the gun when it was fired, was released on \$2,500 bond. Scott Bates and George Lott were asked for bonds of \$1,500, and bonds for Jimmie Evans and Walter Scott were set at \$500.

BOY'S KIDNAPER THOUGHT ARRESTED AT HERRIN

HERRIN, Ill., Sept. 29.—(AP)—Andros Cappellano, believed to be the man who kept Billy Ranieri at his farm near Kankakee while the abductor sought \$60,000 for his release, was arrested tonight by Herrin police at the home of his brother here.

An American Legion card issued by a Kankakee post was found in his pocket and contained the name of Andros Cappellano. He had \$100 on his person.

Police Chief John Stamm stated that he was holding the man for Chicago police.

AMARILLO MEN SENTENCED

AMARILLO, Sept. 29.—(AP)—K. S. Hameed and Sam Ollie Clibe, Syrian merchants, charged with conspiracy to violate bankruptcy laws, were found guilty by a jury in federal court here today and each given 18 months in federal prison.

BREAKS SWIMMING RECORD

MEMPHIS, Tenn., Sept. 29.—(AP)—Miss Martha Hill, 18-year-old Memphis stenographer, tonight had her swimming continuously for sixty hours and 25 minutes, passing 61 25 minute the unofficial world's record for women set September 15, by Mrs. Myrtle Huddleston.

G. F. Judson and W. S. Walker of the Kansas City Directory company arrived here Friday to begin a survey before placing Pampa's house numbers. They came from Tahoka, where house numbers were placed by them.

The directory men will place glass-aluminum figures at a contract rate of 40 cents each assembly of numbers. They will work under the authority of the city commission, and collections will be made at the houses as the numbers are placed.

Mr. and Mrs. Clinton Henry of Paloduro spent Wednesday night and Thursday with Mrs. Henry's parents, Mr. and Mrs. Dave Pope.

Ed Howe, "Sage of Potato Hill", to Speak at Panhandle Press Association Convention Which Meets Here in April

Ed Howe of Atchison, Kans., "Sage of Potato Hill", likely will be one of the principal speakers at the Panhandle Press association convention to be held here on the third Friday and Saturday of next April.

Another leading speaker will be Prof. John H. Case, head of the department of journalism at the University of Oklahoma.

The executive committee met at the Amarillo Hotel in Amarillo Saturday and drafted the following tentative program for the Pampa meeting:

Friday
Song service, led by Fred Story of Childress Index.
Invocation, the Rev. James Todd, Jr. of Pampa.
Address of Welcome, City Manager F. M. Gwin.
Response, Homer Steen of Floydada Hesperian.
Announcements, George Briggs, manager of Pampa Chamber of Commerce.

President's annual address, H. D. Wells, Wellington Leader.
Address, Prof. John H. Casey, Oklahoma University.
Noon, luncheon.
Address at 2 p. m., Ed Howe.

"Newspaper Accounting," T. A. Landers of McLean News, followed by discussion directed by Harry Koch of Quanah.

Noon, luncheon, with Harry Schwenker of Brady on toast program.
Afternoon, election of officers and selection of next meeting place.
C. W. Warwick, secretary of the association for the last eight years, resigned his position because of his recent election to the legislature, and J. D. Sugg of Pampa was elected to take his place. In token of Mr. Warwick's efficient service, the new secretary and Olin E. Hinkle were instructed to purchase a suitable gift to be presented to Warwick at the Pampa meeting. A balance of \$200 was reported in the treasury.

Those present at the Amarillo meeting Saturday included C. H. Walker, Dalhart; Dick Willets, Southwestern Paper company; Fred Story, Childress;

Fall Festival, to Be Held in Week of October 15, Will Be Interesting

The Pampa Fair association and business men of Pampa will take definite steps Monday night in making final plans for a fall festival to be held at the fair grounds during the week of October 15th.

Among the many features the fall festival will present will be a smooth style show sponsored by the merchants, presenting an array of beautiful and gorgeous wearing apparel for the fall and winter months, displayed with beautiful scenery and electrical effects, with representatives from all nearby communities.

There will also be a beautiful fireworks display presented by one of the foremost fireworks companies in America.

The Shifflett Aerial Circus, which is one of the best aeroplane shows in this country today, will present a novel and varied program, featuring aerial fireworks at night and a battle in the sky, also smoke riding stunts and

Here Today

Above is a likeness of Dr. John Rosh Straton, noted Fundamentalist pastor of the Calvary Baptist church of New York City, who will speak at an open meeting to be held at the Pia-Mor auditorium this morning at 10:30 o'clock. A number of persons from other towns will come here to hear him.

Smith-Robinson Club to Answer Straton's Charges

The Smith-Robinson Democratic club will hold its second meeting tomorrow evening and will open an active campaign to carry Gray county for the Democratic presidential nominee.

Judge C. S. Wortman, president of the club, and members of the organization committee said yesterday that the charges which are expected to be made against Gov. Smith by the Rev. John Rosh Straton of New York, in his address at the Pia-Mor this morning, will be answered in speeches at the meeting tomorrow night. The meeting is open to the public.

The organization committee of which Tom Buser, C. E. Halsey, and J. R. Henry are members, urges that all Democrats who will vote the party ticket give their support to the club.

The club will hold weekly meetings until the close of the campaign and plans to bring speakers of national prominence to Pampa. It hopes to see the late William Jennings Bryan cure Mrs. Ruth Bryan Owen, daughter for one address on behalf of Governor Smith, members say.

Mrs. M. K. Brown left yesterday for an extended visit in Norman, Okla. and Fort Worth. Mr. Brown accompanied her to Amarillo.

Hobart Is Elected Head of Hoover and Curtis Club

Organization of a Hoover-Curtis club for Gray County was perfected in a meeting held in the Chamber of Commerce rooms Friday night. Judge Ben S. Baldwin called the meeting to order and temporary officers were elected. T. D. Hobart was named chairman and Scott Barcus secretary.

In explanation of the purpose of the meeting, Judge Baldwin stated that the call was for all who intend to support Hoover and Curtis regardless of party affiliation, explained that an invitation would be issued to the people of other parts of the county who desired to join the movement.

Many men and women were present and a number of enthusiastic talks were made. Among the speakers were T. D. Hobart, M. K. Brown and A. G. Post. The Rev. D. H. Truhitt announced the speaking appointment of Rev. John Rosh Straton at the Pia-Mor auditorium at 10:30 Sunday morning and requested all to attend.

On a request from the audience the chairman explained that the names of the nominees for president and vice-president do not appear on the ballot but that the names of the presidential electors would govern the vote of the state, and those wishing to vote for Hoover and Curtis should vote for the electors nominated by the Republican party.

The chairman also called attention to a recent ruling declaring illegal an election in which the ballot carried a pledge to support the nominees of the party instead of "to support the nominee of this primary."

All those present stated it as their purpose to enlist as many as possible by the next meeting time, which was set for Friday, October 5.

CHARGED WITH CARBON RAID OF LAST YEAR

E. V. Allen Claims He Was in Oklahoma at Time

JURY PRAYS BEFORE VOTING

Hyden, His Companion, Is Meeted Out 99-Year Penalty

EASTLAND, Sept. 29.—(AP)—Death in the electric chair tonight faced E. V. Allen, found guilty today by a grand jury of the robbery with firearms of the Carbon State bank in December, 1927.

A companion, Scotty Hyden, charged jointly with the crime, was given a 99-year sentence recently.

Allen, taking the stand two days ago in his defense, told jurors he was in Oklahoma City when the Carbon bank was robbed. He declared several persons had seen him in the Oklahoma town, but that he did not possess funds to bring them into court to testify in his behalf.

Allen stared at the jury as the foreman read the verdict, collapsed and had to be led back to the jail.

Two Oil Workers Burned to Death

HOUSTON, Sept. 29.—(AP)—Two were dead and a third was in critical condition here tonight from burns received in an oil well blaze at Boling, Wharton county, early today.

The dead, both boiler men, are G. C. McClung, 43, and I. A. Ross, 55. The injured man, for whom little hope of recovery was held, was I. K. Buss, 22. J. W. Fowler, contractor on the lease, where the two men were working, said the blaze of gas and oil in which the three were trapped, was caused by an oil well blowing in unexpectedly as a crew was removing a drill bit from the hole. Fires from the boilers ignited the gas.

Have 'Em Hooked

Up in Sedgwick county Kansas, to use one example from that state, a rock-ribbed election law is to deprive a great many persons of the right to vote.

Kansas law requires registration. When the primaries were held, those who voted had to tell their party affiliation. They were handed only the ballot of the party they signified.

But those six doubtful agricultural states are full of accomplished ticket-splitters. They're proud of it, too. Few political observers will be surprised this year if Minnesota for instance, elects a Farmer-Labor senator and a Republican governor and casts its presidential vote for a Democrat.

This situation is of interest in Texas because of the controversy over the pledge and the greater difficulty under our system of enforcing loyalty to the entire party ticket. Compulsion seems more nearly achieved under the Kansas system than under any with which we are familiar.

Missouri Tried It

The state of Missouri will vote at the coming general election on a \$75,000,000 road bond issue amendment. The slogan of those working for the amendment is worked around the phrase, "farm-to-market."

Unless the amendment carries, there will be no substantial progress on general state road building and on market provision until 1937. If the amendment and bond issue carry, there will be \$2,000,000 per year available beginning with 1930.

The amendment provides that the funds available for the farm-to-market system shall be divided into two equal parts one-half to be prorated to the counties according to area, the other half according to population. The supplementary roads in each county to be chosen for improvement and maintenance by the state will be designated by mutual agreement of the county court or the officials having charge of the roads of the county, and the highway commission.

Missouri voted a similar proposition carrying \$60,000,000 in 1920. That fund is now exhausted, but its expenditure resulted in Missouri's being "sold" on good roads. It is proposed to retire the new bond issue with the gasoline and license taxes.

If Texas should vote a large bond issue of this character, the Missouri plan should be studied, even as the Arkansas plan to which many proponents in East Texas are referring.

WASHINGTON—The past month has seen an increasing tendency in the campaign to put most of the northwest into the "doubtful" state class along with the border states and the east.

Farmer discontent and the uncertain amount of political revolt which it has bred are the backbone of the theory that Smith has a chance to win such states as Minnesota, the Dakotas, Montana and Nebraska and it has been thought that Wisconsin was more likely to go for Smith than any of the rest.

Senators from these states have admitted privately that the result in some of them hung on the farm relief declarations of the candidates. Smith was acquainted with this fact when he devised his Omaha speech. The speech has unquestionably strengthened Smith, but not even the politicians know whether it will switch any state's electoral vote.

The Democrats see hope in the fact that none of these six states—Wisconsin, Minnesota, North and South Dakota, Montana and Nebraska—are noted for their political regularity. In fact, they are more notorious than any other group of states for their lack of it.

The solid south elects Democrats for all offices. The New England states, Pennsylvania, Illinois, Michigan and various other states almost invariably go Republican from the top of the slate down.

But those six doubtful agricultural states are full of accomplished ticket-splitters. They're proud of it, too. Few political observers will be surprised this year if Minnesota for instance, elects a Farmer-Labor senator and a Republican governor and casts its presidential vote for a Democrat.

Discretion prevents further suggestions about what such states may do. Smith is the big question mark in all of them. In none of them can his victory or defeat yet be considered certain, although his chances are by no means equally bright in each. They

have 47 electoral votes.

Your correspondent hastens on to review the unusually peculiar situation which exists in North Dakota and affords an excellent example of the kind of thing that can happen in states where the ticket-splitters or independent hold a definite balance of power. The facts have not been widely printed.

Governor Walter Maddock, Republican, recently announced his candidacy to succeed himself on the Democratic ticket! The duly nominated withdrew to make way for him. The normal Democratic vote in North Dakota is about 20,000, though Davis had only 14,000 of some 200,000 cast in 1924. Thus Maddock, if he is to win, apparently will find his vote 80 per cent composed of ticketsplitters.

One is also surprised to learn that Senators Frazier and Nye, Republicans, will in all probability support Maddock for the governorship against his Republican opponent, George Shafer. At this writing, some well-informed North Dakotans say, Shafer appears to have a slight edge on Maddock. But the Nye-Frazier support is very likely to put him over.

One also hears that Frazier will be at least tacitly supported by Maddock, while F. F. Burchard, the Democratic senatorial nominee, who is accountant of the State Mill and so right under Governor Maddock, will refrain from public protest.

Democratic scouts in North Dakota have predicted that Maddock's jump to the Democratic ticket would carry the state for Smith in November, but that doesn't follow. Maddock is regarded as pro-Smith and is expected to campaign for Smith, but the voters who will decide the destiny of the state's electoral vote are going to vote for president without regard to any other contest. That's the way they do and this year no candidate's fate is bound up with another's.

TWINKLES

Some schools are making rules that only students who are passing in their work may see football games. As for effectiveness, that ought to compare favorably with the oldtime hickory limb.

Probably some of the big display in favor of Mexico's provisional president to be is due to the involuntary approval of the headline writers, who find "Gil" even better than "rap", "flay" "probe" and the like for brevity.

Believe it or not—Chicago

and a pioneer 83 years old.

Since knees are dictating styles, wonder why it is some of them one hears about can't be "lifted."

Many policemen over the country are attending night law schools. First thing we know they will start arguing over infractions, instead of merely snapping, "Tell it to the judge."

It seems strange that Dick Byrd should seek the icy polar regions just when King Winter starts down from the opposite direction. Yet our admiration is strong for the man, and we do not question his judgment.

BARBS

William Z. Foster has started his campaign as Communist candidate. Guess that will bring Wall Street to its senses.

A gorilla is said to live to be 84 years old. Wonder how he manages to do without using some good cigaret that has been tested by blindfolded smokers?

"Poultry Raiser Pays \$500 for Hen," says headline. Those who have bought eggs recently will wonder how he ever came to get such a bargain.

A British scientist says he has found that matter may be divided into even smaller particles than the electron. Probably he has been talking to the golfer whose wife beat him in an 18-hole match.

An archaeologist found fossils 70,000,000 years old in the Gobi desert. Probably some printed relics of stories from old Siwash telling how Coach Whoozis fears he's going to lose the opening game.

CHURCHES

CHRISTIAN CHURCH

The minister will not be in the pulpit Sunday. Both morning and evening he will preach at Spearman, and in the afternoon at 3:00 o'clock at Stratford.

The Bible School convenes promptly at 9:45 o'clock, and following the study period in the respective departments of the school, the promotion exercises will be presented by the primary, junior, and intermediate departments of the school. This is promotion day throughout the Bible school, and all are urged to be present for this program. The educational building will soon be ready for occupancy, and it is hoped that the church school will accomplish a splendid year's work this next year.

The minister will be in the pulpit the week following.

JAMES TODD, Jr., Minister.

THE METHODIST CHURCH

Sunday School will start promptly at 9:00 o'clock and dismiss at 10:25 o'clock. From the Church the body will pass to the Pla-Mor Auditorium to hear Dr. John Roach Straton speak. Let all members of the Young People's Intermediate department note that their opening will be conducted in the Chapel on third floor. W. C. Williams will be in charge of that service.

The League meet at 7. Please be prompt for a very interesting program awaits both groups and the full hour will be needed. Rev. Tom W. Brabham will speak at 8 o'clock. The mixed quartet will repeat by request. "There's no Night in Heaven." All are urged to attend.

THE METHODIST CHURCH

Due to the fact of the Union Service at the Pla-Mor auditorium which starts promptly at 10:30 o'clock, Sunday School will start promptly at 9:30 o'clock. Let every teacher be present and on time. We are planning to have seats reserved for all who attend Sunday school.

Services for the evening will start promptly at 7:45 o'clock. The Rev. W. M. Murrell, presiding elder of the Charendon district will bring the message. At the close of the service the fourth quarterly Conference will be held. New officials for the next year will be elected, and report of the year's work made. The entire membership of the church is urged to be present. Special music by Joy Brooker at the pipe organ. Come early and enjoy the entire program.

TOM W. BRABHAM, Pastor.

FIRST BAPTIST CHURCH

We wish to call attention to the change of time in Sunday school Sunday morning. Sunday school will be at 9:30 and so will get out at 11:00. Dr. Straton, at 10:30. Reserved seats for all who attend Sunday school.

"Straton has got Al Smith's goat!"—this is what the New York Evening Post, an independent paper, published a short time ago.

Any man who can preach a sermon as Dr. John Roach Straton did in his pulpit and draw the fire of Al Smith, is worthy of hearing.

Straton offered to meet Mr. Smith in Madison Square Garden, or any other place, even in one of the parks and Smith backed down.

Straton declares in his sermon that Al Smith is the greatest menace to the social and moral life of America.

He will bring a red hot message fresh

Yes, Sir, She's a Marvel!

"Marvel Quivey? That's a good moniker for an actress, but what's the girl's real name?" Folks were always asking this question and they never failed to marvel somewhat skeptically when it was explained that Marvel's real name was Marvel. So when Marvel left the west coast to star in a Broadway production, she determined to change her name to something less "theatrical." So here you see Miss Marcia Manning. Just the same, she's the daughter of Claude E. Quivey, famed miniature painter.

from the front line trenches Sunday at 10:30.

The Training services at 6:45 Sermon, 7:45, subject, "Building." This will be a message that you can't afford to miss Sunday night, and we hope every member of the Church will be present. Come and bring your friends.

INJURED MAN BETTER

William Hall, seriously injured when the truck he was driving crashed into the rear of a house being moved along the Amarillo highway last Monday night, was able to be moved to his home in Amarillo Friday afternoon. He suffered a crushed chest, broken arm and fractured ribs. He was rushed to the Pampa hospital following the accident.

With each member assigned a quota of verses, 1,502 Baptists of Norfolk, Va., recently read the Bible through in two days.

THEY sat in silence. Old wise youths. With the cup of life turned sour at their lips. Craig stretched his long legs, and lit a cigarette. Men find it easier to talk when they breathe their heads in smoke.

"Tad," he asked, "where's that egg Sib married?"

"Florida, just I heard of him. Real estate in Saint Petersburg. I had detectives on his trail for awhile, but Sybil was set on letting things rest, and there wasn't any sense in throwing away money if she wouldn't use the goods, once she got them."

"In fact she never knew I had detectives after him. Moore thought he jumped out to South America, and that's the story Sib has. It would probably be easy enough to get grounds for divorce, but it's a devil of a story to bring to court."

"Couldn't she allege desertion?"

"Well, you see it was Sib who walked out on him."

"How about non-support?"

"Bring him to court on a charge like that, and all he has to do is prove his willingness to provide—and the case goes right out the window."

"You see, Sib's thinking of the kid. She's been through an awful lot, and it seems to me that divorce would be the last straw."

"The game's not worth the candle. What would she get out of it? A lot of cheap talk, and a bunch of headlines. Did she ever tell you about the reporters storming the place when someone tipped them off that there had been a secret marriage. And that story about 'expecting the stork!'"

Tad groaned aloud.

"Of all the sickening innuendoes! The stork! And they dressed up their yarn like a starchine bedtime story."

HE lapsed into mournful silence. Craig blew thoughtful rings.

"If the thing could be done half decently," he said, "I think Sybil would marry me."

Tad appraised his friend intelligently.

"And do you know what people would say?" he demanded.

Craig shrugged. "No—what would they say?"

"Val's mother had the nerve to tell me the other day that the kid looks like you. Dolly Weston says so, too. Cute little fella of Dolly's. And it's an open joke in the Grayson crowd. For God's sake, Craig."

Newhall was on his feet, kicking ashes of his knickers. His face, as he stooped to his shoe strings, was flushed, but his mouth quirked humorously.

"Don't be an old woman, Tad," he admonished. "And don't let your personal viewpoint influence Sybil's happiness."

"Not a chance," Tad assured him stiffly. "Sybil's got a mind of her own, and she's pretty much fed up on marriage, if you're asking me."

"But Sybil's young," insisted Craig. "And she's not going to let a phylanderer and an adventurer like Eustis wreck her whole life. She's had a pretty tough time you know, Tad. You're not going to

withold all her hope for the future?"

Tad scowled unhappily. "She has her child," he maintained stubbornly. "What more does she want?"

Craig laughed shortly.

"Don't be a fool, Tad," he counseled brusquely.

SYBIL was very busy that summer, and Craig had scant opportunity to talk with her alone. Sometimes he thought she deliberately avoided him. But once as they sat alone on the veranda, she tucked her hand in his, and drew him to the rail to look at the moon riding over the sea.

"It's so beautiful!" she cried with a touch of wildness. "It makes me fearfully lonely. I can't explain it. It drives me simply crazy—a slight like this. There's no peace in it for me. It's so hurtfully glorious—it—"

She put her hand on her heart. And a thick, heavy silence fell upon them. The sort of stillness that falls when two people are in love and alone. Then, suddenly, the baby's voice broke the spell.

"Taddy!" she cried. And, slipping her hand from Craig's, ran into the house.

After that whenever he saw her, she talked of the child or of Mabel and her approaching wedding. It was as if she regretted the madness of the moon, and feared that he might speak of that night when she had talked so wildly of beauty and loneliness.

MABEL was to be married in the Fall.

"I think myself," admitted Mabel, "it's a perfect joke for old maids to get married in satin and wear orange blossoms in their boyish bows. But you know how it is with a sentimental gal like me. Lots of fireworks. Mendelssohn's wedding march, and a veil, a carload of flowers, and trinkets in the cake. You only get married once, when you get to be my age."

Heart and soul Sybil threw herself into the orgy of preparation. Dressmakers and caterers, florists and soloists.

"Mab's getting more kick out of it than a debutante," she told Tad. "I envy her her enthusiasms. Did you know I'm to be her only attendant?" Dolly Weston asked Val which she supposed the society editors would call me—maid of honor or matron?"

"Well, Sib, you'll get yourself in for that sort of thing—insisting that the kid be called Thorne. You know how the wise-crackers ate that up. By the way," Tad was eloquently nonchalant, "I wonder what Val sees in Dolly Weston's game."

"Oh, Val's all right, Taddy," Sybil made her voice very reassuring. "Did you know she's helping me choose my dress this afternoon? And we're having tea together afterwards."

He beamed his approval. "That's great, Sis. I'd like to see you two playing round more together."

Sybil smiled. There were limits to everything, she reflected—and playing round with Valerie was one of them. Still, she would do

lot for Tad. And the girl certainly needed watching.

"Don't you worry, dear," she told him lightly. "Val's simply crazy about you—but she happens to be very modern. And it's dreadfully old-fashioned among the moderns to be openly devoted to 'legal mates.'"

THE wedding, as weddings go, was a great success. Mabel's aunt wept in the fashion-of aunts, and Mrs. Thorne after the manner of old friends of the family. Sybil was beautiful in velvet that borrowed the warm crimson of sparkling burgundy. The groomsmen wore a gardenia in his boutonniere.

Afterward Mabel cut her wedding cake in the vestry, and threw her bouquet from the stairs. There were more tears, and a great deal of confetti, and much meaningless laughter. Until, at last, she and Jack escaped in a closed car, loaded for the occasion, and drove to their hotel. They were taking the midnight train for New York.

"I don't care if it is sticky," Mabel had defended her choice resolutely. "I'd rather see a lot of good shows than a few mountains and lakes."

"Don't forget Grant's tomb," teased Tad. "And there's Niagara, you know. All real kicks go to Niagara."

"Whose honeymoon is this anyhow?" she wanted to know. "We'll ride on the top of a bus, and hold hands, if we want to. I only wish Coney Island was open!"

AT last it was over. Goodby... Goodby... Tad drove Sybil home. "Faster... Faster! I can hardly wait to see my baby."

"Well—well—aww—aww! Did I miss out on anything? Naughty maver! Oh, he's just a nice boy whatever was! Bless his little heart... Angel child!"

The exquisite nonsense of mother's era.

Sybil was convinced that she had neglected her child. All the preparations for Mabel's wedding. Shopping, and fittings, and conferences.

"Well, he was a poor little boy—and nobody loved him!"

The boy laughed his delight. And, cooing rapturously, pulled his mother's hair, and put his soft little wet mouth against her cheek, and beat her face, gleefully, with his tiny hands.

"If I were religious, as I used to be," Sybil told her mother, "I'd think it was sin to love anything as much as I love my baby."

Valerie adored the child.

"I'd have one myself," she declared, "if it wasn't such a trouble, fight I do love babies—but it's so unesthetic, getting them."

She crinkled her nose in a way that Tad had found entrancing some two years before.

"Unesthetic your grandmother!" he told her brutally. "You're scared. That's all that's the trouble with you."

Cardinals Clinch Pennant by Winning as Giants Lose to the Cubs

Hottest Race of Twenty Years Is Ended Saturday

BOSTON, Sept. 29.—St. Louis won the hottest National league pennant fight in twenty years by the Cubs' 6 to 2 victory over the Giants at New York today, about one hour before the Cardinals made assurance doubly sure by defeating the Braves in this city by a score of 3 to 1.

To take their only previous National league flag two years ago, the Cardinals had to fight until Friday, with a Sunday finish, but this year's contest held on one day longer.

The Cards bunched hits on Art Delaney in the first inning for all their runs, and never molested Ed Brandt or Art Greenfield, who followed Willie Sherdel pitched seven innings for the new champions and then gave way to Flint Rhem. The Braves got their only run off Sherdel in the seventh.

The victory of the Cards and the defeat of the Giants increased McClellan's lead to three full games with only one more to play for each contender. The lead is the largest St. Louis has enjoyed since about Labor day.

PAVING ON FROST IS UNUSUALLY RAPID

Record time was made by the Stuckey Construction company paving Frost street. It required only five working days to complete the six blocks.

On one afternoon the large company mixer laid 1,400 square yards of concrete, almost a record for vibratile concrete work. From Frost street, the work will move to the two remaining blocks to be paved in the second program, the two south blocks on N Somerville street, that will be 6-inch.

Men at work making surveys for the third paving program to begin at the earliest possible moment.

HARVESTERS BEAT WELLINGTON 24 TO 0 FRIDAY, GAINING MOST OF FIRST DOWNS OF ENCOUNTER

Locals Run Wild In First Half but Slow Down in Third Quarter—Score Once in the Final Period

Playing snappy football for three periods, the Pampa Harvesters easily defeated the Wellington eleven at Ayres field Friday afternoon, 24 to 0. In the last quarter the Harvesters became listless and only the breaks keeping Wellington from scoring but they went over again in the last quarter.

Lead by Walstad, Tracy, Roberts, and Maness of the first team and Lard and Chastain in the second string backfield, the locals plowed their way for twelve first downs in the first half and eleven in the second half. Wellington made one first down in the opening half and three in the last half of the game.

Walstad Is Better
For the first time this season, Archie Walstad hit his stride and was tearing off twenty-yard runs like last season. Roberts and Maness were hitting the line hard and often, while Tracy played the greatest game of the season. Lard and Chastain were consistent gainers while on the field and Sultzman also played his best game of the season. Jones proved his worth by intercepting a forward pass and making nice gains through the line.

To pick a star in the line would be impossible. Bob Kahl again stood out with his tackling. He picked Powell off with a beautiful flying tackle to save the Harvesters from having their line crossed. Stalls was again conspicuous, stopping everything that came his way. Mason proved his worth while he was in the line, hitting heavy and taking part in the stopped forward pass. Carson, playing end in place of Salsbury who was out with a broken nose, filled the gap nicely taking a 20-yard pass and running several yards for a touchdown.

Extra Points Fall
The team is still weak in getting the point after touchdown. All four tries went wild. Tracy was going good in practice, but was not getting the ball off in the game.

Powell, quarter-back on the Wellington eleven, was nearly the whole team. He made several long gains around end and hit the line continuously. He is big, rangy and fast on his

feet. Lindsey, at full back, was also making yardage. Captain Coleman was hitting the line hard, but seemed to always hit a Harvester coming thru. In the line Leech showed up as the best man, but the locals tore through almost at will.

Good Run-Back
Captain Bob Kahl won the toss and elected to defend the west goal, Wellington kicking into the wind. Roberts made to his 42-yard line on the kickoff. On the first play Walstad made an 18-yard run, but lost the ball when tackled. Wellington failed to gain when Mullen broke through and hit Cole man for a 10-yard loss. They punted to Tracy on his 43-yard line. The Harvesters then started a march down the field making three first downs in a row on bucks by Roberts, Maness and Walstad. Walstad carried the ball around left end for the touchdown after Roberts had failed to make the necessary yard through the line. Tracy missed the place kick for extra point.

Pampa took the ball after Wellington had failed on downs and started another march down the field. Tracy entered Pampa backfield carried the ball for gains Maness carrying the ball the last 5 yards for a touchdown. The point after touchdown again was missed.

Visitors Gain Little
Wellington again failed to make first down and had to punt. The Harvesters again started down the field Walstad making 16 yards through the line, to be followed by Roberts with 13 yards. The ball was on Wellington's 32-yard line at the quarter.

The opening play of the second quarter brought Tracy and Carson, playing for Salsbury, into the limelight. After a forward pass had gone haywire again passed to Carson over the right side of the line. It was a beautiful 20-yard pass which Carson picked out of

the air. He made 7 yards before running out of bounds. Tracy then carried the ball over the line for the third Harvester touchdown.

At this stage of the game Conch Mitchell threw in his second string backfield of Lard, Jones, Chastain, and Sultzman. Mason replaced Barnard in the line.

New Backs Gain
Wellington failed to make a first down after the kick-off and had a punt. The new Harvester backfield booted out of danger. Powell, Wellington quarter, showed his ability by gaining 7 yards on the first play. He lost 6 yards on the next when Wellington got her signals crossed. On the next play Powell took the ball around left end and was away for a touchdown when Bob Kahl made another sensational flying tackle. Powell made 12 yards for the first Wellington first down.

Irwin replaced Seitz in the Harvesters line and Willis replaced Ayres. Lindsey and Powell were stopped by Mullen and Chastain on nice plays and made two first downs but the Wellington line held and Captain Kahl Wellington booted. Pampa then received the first penalty of the day for clipping and Kahl punted. On the first play Jones came in fast and intercepted a forward pass on the Pampa 38 yard line. Lard and Chastain made 31 yards but Jones lost the ball when tackled hard. Robinson went in for Carson.

Stalls Makes Long Gain
Wellington attempted a forward pass on the first down, but Mason came in fast to knock the ball into Stalls hands. Stalls made to the Wellington 28-yard line before being downed by Powell. Lard made 14 yards around right end to be followed by Jones and Chastain for 11 yards. The ball was on Wellington's 9-yard line at the end of the first half.

Wellington played the best football of the day in the third quarter. After Wellington had booted Walstad made the break play of the day. He went through left guard but his interference had disappeared so he cut back behind his line went through right tackle, then crossed to left tackle and made 6 yards before being downed. Roberts completed the down with 4 yards off tackle. The Harvesters used a criss-cross play to gain a first down but the Wellington line held and Wellington got the ball on downs. Powell made two gains for 13 yards being stopped each time by Tracy who was play

ing sensationally on the defensive. Wellington had to boot when the Harvester line held.

Walstad made his long 23-yard run around right end with Stalls giving perfect interference. Maness gained, but the Wellington line held and Walstad punted. Walstad and Roberts made a first down through the line. A new play, ball to Maness and Walstad to Roberts, gained the Harvesters 16 yards. A forward pass was intercepted by Coleman on Pampa's 25-yard line at the end of the third quarter.

Wellington Opens Up
Wellington made two first downs on line plunges by Powell and Lindsey but the Pampa line held and Powell booted. Roberts gained 16 yards off tackle, to be followed by 6 yards by Roberts and the same distance by Walstad. Tracy was hurt when he was tackled heavily. He was replaced by Lard. Bovey replaced Glasgow on the Wellington backfield and Whittington went in for Lindsey, who was injured. Powell booted and on the first play Walstad made 18 yards around right end. Roberts, Walstad and Lard carried the ball for three first downs to place the ball on Wellington's 3 yard line. Roberts carried it over the line for a touchdown.

Chastain replaced Maness in the Pampa backfield. Jones replaced Roberts and Sultzman went in for Walstad. On the first play after the kickoff Kahl intercepted a forward pass or Wellington's 39 yard line. Jones made 5 yards to be followed by Seitzman who made 21 yards around left end. Chastain lost 9 yards when thrown behind his line, but he made 15 up on the next play. The ball was on Wellington's 19 yard line at the whistle.

HOUSTON BUFFS HIT HARD TO BEAT BARONS 6 to 4

Hallahan Likely to Take Mound for Texans Today

HOUSTON, Sept. 29.—(P)—Houston's Buffs, returning to the home park, today stamped through a barrage of balls thrown at them by three Birmingham pitchers and won the third game of the Dixie series, 6 to 4.

With today's win, the Buffs, Texas league champions, chased down their first victory in the series with the Southern association title winners for the Southern Class A championship, the Barons, playing at home, won the first two tilts.

The Buffs, facing the slants of Lefty Roy, Birmingham's right handed ace before 6,886 spectators, waited very few moments to start their scoring. Hock, the first man up, walked but was forced at second by Selph. Stewart, Barons' second baseman, zipped the ball into the Buff dugout in an attempted double play, and Selph went to second, scoring when Worthington lashed a terrific double through short. Watkins then walked and Peel pounded out his first of two doubles. Worthington scoring. Schuble fled out to short right and Watkins slid under the Barons catcher for the third run.

In the third, the Barons got their first run when Lindsey walked five men. Smith scored from third on Stewart's line drive to Watkins.

The Bisons, in their half of the third, added another tally by virtue of Peel's second double, preceding Schuble's Texas leaguer over first. Peel scoring before the Barons fielder could retrieve the ball.

Not content with four runs, the Buffs pushed across another in the fourth. Walker, who singled, was sacrificed to second and took third on an infield out. Went across home plate standing up Selph. Buff second sacker, got his first hit of the series—a steamer down third base line.

Two singles brought the Buffs another in the seventh. Watkins, after two were out, punched a base hit to right, going to second when Peel was hit by a pitched ball. Francis, who had taken up the pitching burden when Roy dropped it in the fifth, unfortunately pitched the first ball to Schuble down the Groove and Schuble lifted it over short, Watkins scoring.

Johnny Dobbs, Barons pilot, was chased from the park in the first of the eighth, the "Magic City" nine's big inning, when he protested Umpire Williams' decision on strikes against Stewart. Stewart then popped out to Hock, but Johnston's sizzling grounder hit a clod of dirt and bounced over Schuble for a single. Pigeon drove another single to left and Rosenfeld poked a Texas leaguer over second to score Johnson and Bigelow after Shirley had made an infield out. Yarran drew a pass to first, and Smith lifted a slow ball over second for a single. Rosenfeld scoring. Carlyle, batting for Francis lifted an easy out to Schuble to end the scoring at 3 runs.

Probabilities are that Eddie Wells and Wild Bill Hallahan will match left handed pitches in tomorrow's game. Wells led the Barons to 2 to 0 win over Hallahan in the first game of the series.

Oklahoma City Beats Sandies in the Last Minute

AMARILLO, Sept. 29.—(Special)—The two minutes that the Amarillo Sandies did not smother Johnny Soergel proved disastrous to the locals, who lost to Central High school of Oklahoma City, 7 to 6, before a large Tri-State fair crowd Saturday.

The Sand Storm fought on even terms or better for three quarters, then passed and plunged for a touchdown early in the final period. With the time nearing the end, the Oklahomans loosed a 35-yard pass, Buxton to Deal. Then the much-touted Johnny Soergel grabbed one of Buxton's accurate casts and downed the ball on the Sandies' one-yard line.

There the Amarillo line withstood two jabs and Oklahoma City was penalized 5 yards. But Soergel was not to be denied, and he caught the ball over the goal line. Then he kicked goal just before the final gun.

FOUR OF CHAMPION PIRATES LEFT FOR 1928 FLAG FIGHT

The recent departure of Pitcher Lee Meadows and Outfielder Clyde Barnhart leaves only Grantham, Traynor, Wright and Kremer of the championship Pirate crew of 1925 to battle for this year's pennant.

PITTSBURGH (AP)—Only four of the players who participated in the sensational Pittsburgh drive for the 1928 pennant and the world's championship are with the Pirates in their apparently futile bid for the 1928 flag.

They are George Grantham, Harold (Pie) Traynor, Glenn Wright and Ray Kremer.

The number was reduced by two recently when Pitcher Lee Meadows was placed on the voluntary retired list and Outfielder Clyde Barnhart was sent to Indianapolis of the American Association in exchange for Outfielder Comorosky.

Since that memorable afternoon when the Pirates defeated Walter Johnson and won the title series after a hard uphill fight, Pittsburgh has cut edrift Stuff McInnis, Eddie Moore, Max Carey, Carson Bigbee, Babe Adams, Earl Smith, Johnny Gooch, Johnny Morrison, Vic Aldridge, Emil Yde, Rube Oldham, Clyde Barnhart and Hassen Cuyler, the latter the outstanding here of the series.

Club Discusses Need of Humane Education in Child Training

The Practical Value of Humane Education in Teaching Lessons of Sympathy, Kindness, and Obedience was the subject of the interesting lesson studied by the Child Study club at a meeting in the home of Mrs. R. S. McConnell Friday afternoon. Mrs. T. H. Barnard read an instructive paper on the main topic. Sub-topics were Why Children Like Animals; and Home, the First School of Character. These were discussed by Mrs. L. N. McCullough and Mrs. C. C. Malone. Mrs. Lee Harrah gave a reading appropriate to the occasion. Mrs. C. S. Barrett was in charge of the well-arranged program.

Mrs. Barnard, president, was in the chair for a brief business session preceding the program. The following members and visitors were present: Mrs. T. E. Roe, Mrs. E. E. Finley, Mrs. C. S. Barrett, Mrs. G. C. Malone, Mrs. L. N. McCullough, and Mrs. Raymond Harrah.

Mrs. G. A. White who underwent a serious operation at the Pampa hospital September 17, was able to be moved to her home.

Mrs. Graffney Cravey was able to leave the hospital Friday following a serious operation two weeks ago.

A. B. Renner is seriously ill in the Pampa hospital.

D. D. Posey, an employe of the Magnolia Petroleum company who was seriously injured, is doing nicely in the hospital.

Mr. and Mrs. Phillip R. Pond left yesterday for Winfield, Kas., where they will visit relatives for the next two weeks.

Sallie's Shopping List

Do you know where to find everything you want when you want it from an appropriate motto for the two year old's room to the latest thing in the Art Moderne for the new Spanish house? If you don't always know, perhaps Sallie can help you find it. She is starting out today to tell you what is to be found in some of Pampa's stores and shops. Shop around with her each week and see some of the wonderful "finds" you may have missed.

Here comes the Bride! A perfectly thrilling statement—one that should be set to music (but wait until we rearrange those singulars and plurals. It should be "Here Comes the Brides." Yes, and there are several of them. I've heard, quite a number of weddings having been planned for October as took place in June.

Which means, of course, that we will be engaged in that pleasant business of selecting gifts. The Art and Gift Shop has everything from the wedding present, itself, down to the smaller, less expensive gift appropriate for showers. There are bows and candle sticks of luster glass—lovely things but most reasonably priced. Then there are new lamp shades in a variety of styles and colors, and a quantity of etched brass, not to mention some very fetching engagement books and telephone directories bound in Florentine tooled leather.

Individuality is the chief charm of the lovely shop-made dresses at the French Shop. Creations of the famous designers are inspirations for many of the frocks produced here for a discerning Pampa clientele. One particularly attractive afternoon dress that I saw there yesterday has the popular metallic cloth blouse with a skirt of black chiffon velvet. There are half a dozen smart hats in the shop which would be exactly right for this dress and there are others to match every costume and every occasion.

A hat that will catch your attention if you are lucky enough to get there before it's gone, has a crown of polka dotted blue feathers, laid flat on a foundation of dark blue velvet. Velvet and felt combine to make other attractive models for sport and street wear. Shop around to the French Shoppe, which is in the balcony of the Crystal Palace.

One thing I have learned in shopping around, and that is that the size you wear really doesn't make any difference. Mitchell's has a wonderful line of out-size dresses, coats, hose, and hats, garments that are every bit as chic and attractive as those designed for the small woman and the smaller miss. They have cleverly designed lingerie, too, in the larger sizes, including some unusual values in bloomers and nighties.

Mitchell's sales ladies are so invari-

ably friendly that I for one always feel more like a guest than a shopper when I go in the store. They enjoy showing you the lovely new hats and ready-to-wear and are ready to help you on any shopping problem.

I stopped in at the Vogue Tailors and Cleaners and from the number of nice silk dresses they had I thought I was in a ladies' ready-to-wear store. But Mr. New explained that they were not new dresses (though they looked like it) and had been brought in that morning for cleaning, alterations or "spare." They were all ready to be delivered and a smiling young man came in and took several while I was here. It should take the worry off many a woman's shoulders over an apparently soiled dress to know just how nice it should be cleaned at their new and modern shop of the Vogue Tailors and Cleaners.

Why men play golf. We are not a golf widow, nor are we on the verge of enumerating 57 well classified reasons why they shouldn't. In fact, we see one paramount reason why they should, before which all other arguments, pro or anti, pale into insignificance. You will, too, even thought you are a g. w., when you see the stunning golf togs in the window of Hayter Brothers Store.

What man would not look distinguished in one of those clip-on sweat-

suits in the new shades of brown, tan and gray? And for every sweater here is a matching pair of hose. By the way, the plaid designs of both sweaters and hose are more conservative this year; a man does not HAVE to look collegiate in them. Along with the clip-on sweaters are wool sport jackets in several popular shades. The same display features caps in light shades of herringbone and tweeds.

Women in quest of personal beauty will be rejoiced to learn that Elizabeth Arden's famous beauty aids and preparations can now be had in the city. Pampa Drug Store No. 2 has just received the complete line and has a most attractive display of the articles for your inspection.

Elizabeth Arden, you know, believes in creating or building up a beauty that is more than skin deep. She really puts most effort on the muscles. It is said, in the treatments given in her salons. And for home treatment, as for beauty salon work, she furnishes straps and bands that eliminate wrinkles from the brow, sag from the chin, lines from the neck, and, yes, even double chins. Of course here are delicious-smelling creams, stringents, and tonics that help out all of these you may now secure, along with a booklet of directions, and whenever you would treat, build up, or preserve your beauty, you will be immediately interested in what Elizabeth Arden products can do for you.

Mrs. P. O. Sanders Hostess to London Bridge Club Thursday

An enjoyable club party of the week was given by Mrs. P. O. Sanders, who entertained the London Bridge club Thursday afternoon. The following were her guests: Mrs. E. Watson, Mrs. D. A. Hunt, and Mrs. S. N. Hall, all of Wheeler, Mrs. J. D. Sugg, Mrs. Frank Catterton, Mrs. Porter Malone, Mrs. L. E. Hughey, Mrs. H. H. Hicks, Mrs. W. E. Coffey, Mrs. W. C. Dutton, Mrs. W. T. Fraser, Mrs. John Sander, and Mrs. Tom Perkins.

Mrs. Hunt's score was high for the occasion. She received a lovely favor, as did Mrs. Sugg, who scored high for club members. Souvenirs of the occasion were dolls whose bouffant paper skirts were designed to cover powder boxes. The refreshments of the afternoon consisted of a dainty salad course and tea.

Mrs. E. D. Gober Entertains Three and Four Clubs

Mrs. E. B. Gober entertained the Three and Four club at her home on Somerville street, Friday evening. Bridge was played at three tables, with high score going to Mrs. H. W. Hickman. Second high score was made by Mrs. J. A. Berry, and low was made by Mrs. Charles Cates. Each received a charming favor.

THERE'S A WHALE OF AN ENGINE UNDER THAT HOOD

When you take the wheel of the new Oldsmobile, you enjoy all the advantages of spirited high-compression performance without any necessity for using special fuel.

The engine has a new-type cylinder head of General Motors Research design. The crankcase and cylinder block are rigidly ribbed both horizontally and vertically to prevent distortion and maintain accurate bearing alignment. The extra-heavy crankshaft is balanced both at rest and in motion to eliminate vibration. Engine mountings of live rubber assure exceptional quietness.

And such features as full automatic spark, thermostatic charging, crankcase ventilation, fuel pump, controlled cooling, pressure lubrication, oil filter and air cleaner tell why engineers and critics say, "Two years ahead."

Come drive this new Oldsmobile! Prove for yourself that there's a whale of an engine under that hood!

Disaster Heroines In Hurricane Areas

Two women who have long experience in directing mercy activities in time of disaster were dispatched by the Red Cross to take charge of nursing in Porto Rico and Florida after the hurricane struck. Miss Elizabeth Fox (right), who was sent to Florida, and Miss I. Malinde Havey served during the last Mississippi flood, when the group shown in the farmer's wagon rode all night to reach a stricken district.

By SUE McNAMARA
(Associated Press Feature Writer)
WASHINGTON (AP)—Two women who have made their reputations through great disasters were sent to Porto Rico and Florida to take charge of the nursing units in those stricken areas after the hurricane struck.

They are Miss Elizabeth Fox, director of public health nursing of the American Red Cross, and Miss I. Malinde Havey, assistant national director. Miss Fox went to Florida and Miss Havey to Porto Rico.

This is not the first time the two have stepped into the midst of wreckage and suffering and assumed complete charge of the nursing units. Both were instrumental in averting spread of disease during the Mississippi flood of 1927, when 507,000 persons were under the care of the Red Cross. Miss Fox at that time had charge of 325 nurses in the field. She later was relieved by Miss Havey. Miss Havey was decorated during the world war for service under fire.

When dispatched on important missions where every hour counts in the battle to save lives and check the spread of disease, both women realize they are back on a war time basis. Long hours and lack of comfortable

quarters hold no terrors for them. Sometimes they find that the pretty and helpless looking girls turn out to be the most capable workers. Miss Fox recalls that during the Mississippi flood, one young nurse, arrayed in a dainty spring outfit, begged to be given an assignment, but Miss Fox, eyeing the trim outfit and then the rolling, sluggish waters, was rather dubious. She told the girl she would no doubt spoil her pretty clothes. The latter, however, smilingly induced an old captain running a barge on which a woman had never set foot, to carry her down the river to a tent colony.

Miss Fox is one of the best known figures in nursing circles in the United States. She was born in Milwaukee and is a graduate of the University of Wisconsin. She received her nursing education at Johns Hopkins, later entering the public health nursing field. Miss Havey also comes from Wisconsin. She is a graduate of the Illinois Training School for Nurses in Chicago. Upon the outbreak of the war, she joined the overseas forces, serving as assistant chief nurse at a base hospital. During the great drive in the spring of 1918 at Compiegne, she served with the field nursing forces under fire and received a first class

medal from the British Red Cross conferred upon her by the Prince of Wales, and also a medal from the French government. After the war, she became Red Cross supervising nurse for the state of Michigan. She is well known as a speaker and writer on public health work.

Should national disaster occur, 47,251 nurses would be ready to enter duty. She is the enrollment now of the American Red Cross nursing service—a reserve line comparable to the military reserve of the United States, says Miss Clara B. Noyles, its director.

Freak "Gusher Oil Pool Makes Three Girls Millionaires

SAN ANGELO, Texas, Sept. 25.—The Yates oil field, in Pecos county, is one of the most freakish fields in the southwest.

Experienced oil men had agreed that this particular territory ought not to contain any oil at all. They sunk a discovery well, however, and discovered a pool of amazing richness. Furthermore, each well that is sunk has the habit of becoming a "gusher" of great size.

And that isn't all, either. With the freakish liberality that oil fields so often show, the Yates field has made millionaires out of three chubby little girls who hadn't in the least expected it.

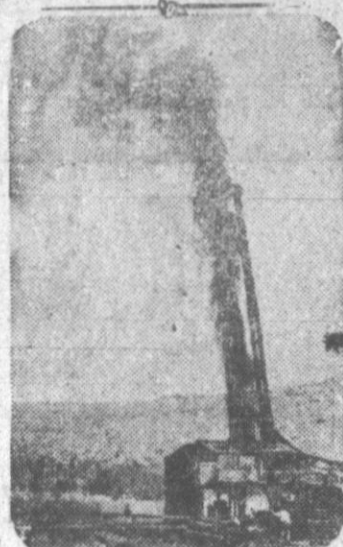

The girls are Lennie Lorene, Minnie Pearl and Willie Mae Matthews, sisters. Their ages are 15, 12, and 11, respectively; their mother is dead and they live with their grandfather and their father, who is a carpenter.

When Mrs. Matthews died she left to her three daughters a fair-sized piece of range land. It was not considered especially valuable except as fair range land for cattle.

But this plot of ground happened to lie next to the territory that was to become the Yates oil field. And the black, feathery plumes of the "gushers" on the Yates field transformed the property of the three little girls from low-priced range land into exceedingly high-priced oil land.

It has made little difference to the three girls, however. They continue their daily round of school work, going regularly to Sunday school on Sunday; although they now ride to school in a new automobile instead of on horseback, as formerly.

They are not particularly excited about their riches. A reporter, who found them at their grandmother's farm house, asked them what they were going to do with their money, now that they can buy whatever they want.

Above: One of the great "gushers" in the freakish Yates oil field in Texas; and, below, the three girls it has made millionaires. Left to right, they are Minnie Pearl, Willie Mae and Lennie Lorene Matthews.

"I am going to go as far as school will take me—I want to be educated," said Lennie Lorene, the eldest.

"I am going into business after I finish college", said Willie Mae. Minnie Pearl wouldn't even go that far. She said she wanted to stay right on the farm. "I don't want to leave grandma", she said.

RETURN FROM MARKET

J. P. Malone and J. R. McSkimming returned from market yesterday. They bought furniture for the G. C. Malone furniture co. Most of the carload purchased was the new Art Moderne style of furniture, including bedroom, living room and dining room suites. The car will probably arrive within the next few days and the new furniture will be displayed.

Roxana Nine to Meet All-Stars in Ball Game Today

Although the football season is in full swing baseball is still in vogue. This afternoon at the Magnolia field at the east end of Foster avenue, the Roxana Petroleum company nine, winners of the industrial league play-off will meet an all-star aggregation made up of players from the other teams in the industrial league. The game has been called for 3 o'clock with an admission of 35 cents.

The teams in the league have been playing snappy ball all season and should put up a snappy exhibition this afternoon. The All-Stars want to take the measure of the league leaders. The batteries have not been announced, but both teams will use their first string pitchers. In all likelihood Voss will take the mound for the oil men and Bullock for the All-Stars.

E. F. Ritchie of Miami was a business visitor in the city yesterday.

Judge and Mrs. J. A. Helmer of Borger spent yesterday in Pampa.

"1 TO 12 MONTHS TO PAY"

Where the Money Goes

THE Telephone Company, like any other industry, operates on the money it receives from its customers for service furnished them.

The greater portion of this revenue is used to pay operating expenses—wages, taxes, rents, maintenance of equipment. Then dividends must be paid to the thousands of stockholders who have invested their savings in the telephone company, and who are entitled to a fair return on their money.

The remainder goes to provide financial stability through periods of depression and emergency, and to give more and better service to you and other telephone users.

It is the fundamental policy of the Company to provide the best possible service at the lowest possible cost.

McLean's Big New School Will Be Ready by Dec. 20

McLEAN, Sept. 29.—McLean's new \$75,000 school building will be ready for occupancy on or before December 20, Supt. George Tummins announced this week. When completed, it will be one of the most beautiful educational buildings in this section of the state. Buff toned brick and cut stone are the materials being used in the construction of the building, which will have two stories and a basement. A spacious auditorium with a modernly equipped stage and orchestra pit, sixteen classrooms, and offices for teachers will be provided. Frank Lytle of Amarillo, contractor in charge, is employing twenty-four men and work is somewhat ahead of schedule, it was said today.

The McLean News has received a No. 14 Linotype machine, which will be put into use as soon as machinist from the factory arrives to set it up. This important addition to the News was made in order to improve and increase the service of the paper, Editor T. E. Landers.

Drilling on the Rowe well near the city began last Sunday night, and the hole was said to be down 250 feet on Wednesday. A. C. St. Clair, drilling contractor, says the well will be completed by the first of the year, according to present indications. All twelve, ten, and six-inch casing is on the ground and everything is in readiness to complete the well at the earliest possible time. Much interest is centered on this test, as it is only two miles from town.

The first issue of The Tiger Post, official publication of the McLean school, appeared in this week's issue of the McLean News. School authorities are in charge of editing the Post and it is intended that pupils contributing will receive instruction in the fundamentals of reporting. Two columns of space in the paper will be given each week to reports of school activities. A little later in the season it is planned to have classes visit the plant of the News and inspect the various mechanical processes of newspaper making.

The Community Service club met for luncheon Wednesday noon, and plan for the future work of the club was discussed. Those who attended the meeting were: Dr. H. M. Coleman, John C. Haynes, Harris King, L. L. Rogers, L. G. McMullen, and T. A. Landers.

Justice Marries Four Couples Since Friday

Justice of the Peace C. E. Cary had a busy week-end fulfilling the obligations of his office regarding marriages. Since Friday afternoon the justice has performed four ceremonies. One was performed Friday afternoon and the other three Saturday afternoon.

One of the ceremonies Saturday afternoon came to a sudden stop when a shower of water from above drenched the justice and the couple. The office of the justice is directly under the baptistry at the Baptist church and Mr. Cary happened to be performing the ceremony while a baptismal service was in progress in the church auditorium, with the result that some of the water ran through the floor into the basement.

The ceremonies performed by the justice of the peace united Manue Pampa and Miss Sophia Mayberry both of Missouri; H. Faircloth and Miss Dorothy Parsons of Pampa; Sidney Castle of Cheyenne, Okla., and Miss Ruth Wilson of Pampa, and H. D. McPherson and Mrs. Cora Cryer of Borger.

YELLOW CAB GARAGES BOMBED AT CHICAGO

CHICAGO, Oct. 1 (AP)—Two Yellow Cab company garages on the north side were bombed with dynamite last night, signalling what police fear may be the reopening of warfare between employees of rival taxicab concerns. Police guarded all Yellow Cab garages today to forestall further outbreaks. Company officials and employees maintained a tight-lipped silence, statements being confined to denial that either inter-company ill-feeling or labor difficulties were responsible.

CANADA TO MEXICO MAIL SERVICE STARTS

SOUTH PLAINFIELD, N. J., Oct. 1.—Air mail service to Canada and Mexico was started from Hadley airfield today. At 11 a. m. two planes are scheduled to leave here at 12:15 for Chicago. There, the planes will fly to Dallas, Texas, and transfer the mail to Mexican planes which will continue to Mexico City.

BANKERS ASSEMBLING PHILADELPHIA, Oct. 1 (AP)—Several thousand bankers from all parts of the United States were here today for the opening of the 54th annual convention of the American Bankers association.

SHE'S STORM CENTER OF THE G. O. P.

Following speeches before Ohio ministers and congregations in which she assailed Al Smith, Mrs. Mabel Walker Willebrandt, assistant attorney general, conferred in Chicago with James W. Good, Hoover's western campaign manager, and Congressman Walter Newton, chairman of the Republican Speakers' Bureau. The three are shown here after their conference. Mr. Good on the left, Mrs. Willebrandt in the center, and Mr. Newton on the right. Mrs. Willebrandt's speeches have brought sharp criticism from some G. O. P. leaders, including Maurice Maschke, Ohio national committeeman.

Screen Life in Hollywood

BY WADE WERNER

HOLLYWOOD, Cal.—Apparently the technical jargon of the talking picture stages is going to furnish Americans with a new crop of cinematic slang this season. Little by little the players in dialog films are falling into the habit of expressing themselves in the language of the sound-recording stage, and some of their phrases have the ring of catch words likely to gain wide and rapid circulation. One of the most interesting is attributed to Monte Blue. "Come on, boys, let's get synchronized!" he burst out during a delay in his set. The boys not only "got synchronized"; they got into the habit of saying it.

Spirits Speaking

Monte Blue's new picture, by the way, introduces double exposure to the talking screen. In one scene of "Conquest" H. B. Warner is shown plotting the death of Blue, his companion on an air dash to the South Pole. His brooding conjures up a phantom likeness of himself which argues with him and finally goods him into action. The phantom Warner not only appears on the screen simultaneously with the real Warner; the phantom's words are heard as clearly as the other's.

Movie Museum

Harry Crocker, whom film fans recall as the handsome tight-rope walker of "The Circus," plans to open a self-supporting movie museum in a vacant automobile salesroom across the street from Warner Brothers. He has already rounded up such exhibits as the elaborate coach used by Douglas Fairbanks in "The Gaucho" and the costumes worn by various stars in their most popular pictures. In addition to such exhibits he plans to have a model motion picture set, peopled with wax figures of director, cameramen, star and technicians.

Miss Kathleen Beatty spent the weekend at her home in Amarillo.

WOMAN CHARGED WITH TRANSPORTING LIQUOR

Officers of the sheriff's department confiscated 21 half gallon jars of whisky Saturday night near Bowers City. The liquor was being transported in a Ford roadster driven by a woman, accompanied by her small son. She was charged with transportation of intoxicating liquor and bond set at \$750, to appear before the Grand Jury.

The woman admitted to officers that her husband is serving a 30-day sentence in the Potter county jail after conviction by the federal jury last week on a charge of selling liquor.

PHYSICIAN FOUND GUILTY

BROWNSVILLE, Oct. 1.—Dr. George S. Stell, physician, today was found guilty on negligent homicide and sentenced to two years in prison for an illegal operation on Mrs. Stella Jones, who died Dec. 19, 1927.

A second similar charge of murder and negligent homicide against the doctor is scheduled for trial Oct. 7.

TUNNEY WEDDING ARRANGED

NAPLES, Italy, Oct. 1 (AP)—Assured that all his papers would be ready so he might marry Miss Mary Josephine Lauder anytime after she lands, Gene Tunney rested amid the beauties of Naples today. Decision as to whether the wedding will take place in Naples or Rome, rests with Miss Lauder, who is due here from New York tomorrow aboard the motorship Saturnia.

Straton---

Below dark, brows he placed rimless glasses astride a long, sharp nose...

The New Yorker sought a reason for these stated actions by saying Smith was the creation of Tammany Hall...

In ridiculing Smith's defense that several of these bills were believed by him to be unconstitutional...

Dr. Straton continued to sharp shoot Smith's public record as he described it. He ascribed the governor's political strength to Tammany...

Defends Pulpit Thunder Defending the right of preachers to take part in political campaigns when moral issues are involved...

Only twice did Dr. Straton allude to Smith's religion—once in referring to Baskob as a bolter...

The latter portion of the address was given to wise-cracks about the campaign, ridicule of Smith leaders...

Concluding, he said Smith should have refused to run on the platform adopted at Houston...

A Dignified Figure Dr. Straton appeared in a dark suit which heightened his light complexion...

University---

Brody was second year student at the University.

NEW YORK, Oct. 1.—(AP)—National headquarters of Delta Kappa Epsilon fraternity today declined to say whether any action would be taken against the chapter at the University of Texas...

Clinton Lovett, secretary of the national council, said he had received a brief telegram saying McElroy had died. Lovett said he was awaiting more details before any statement would be made.

Lovett said the national organization two years ago had attempted to eliminate all dangers from initiations. At that time he said, the use of electrically charged bed springs through which McElroy crawled and was hocked, had not been encountered in the survey of initiation rituals.

OWN GUN KILLS

DALLAS, Oct. 1.—(AP)—Jack Burch, 17, Hutchins, was killed yesterday when a charge from his own shotgun struck him while he was hunting for possums.

Burch had leaned the gun against the tree while peering into knothole in the tree. He reached for the weapon, seizing it by the muzzle, to pull it toward him and a twig caught the trigger.

Moose Lodge Is Installed Sunday With 41 Members

Officers were installed and a degree was given to 41 charter members of the new Loyal Order of Moose lodge when it convened yesterday afternoon at the Odd Fellows hall.

The meeting was opened by Dick Osborne, when officers of the Borger Moose order took charge of the degree work. The entire body took the work together in a service religious in character.

Officers installed were: Dictator, C. R. Followell. Vice-dictator, Glen H. Clark. Past dictator, C. M. Dwight. Prelate, Roy B. Clark.

Secretary, M. W. Southall. Sergeant-at-arms, G. B. Carmack. Trustees, M. W. Henry, W. H. Vandenberg, R. E. Dwight. Inner guard, R. F. McCallip. Outer guard, M. A. Jones.

Dick Osborne and Joe Osborne have been active in installing this Loyal Order of Moose home. Several talks were made on the Moose order, on Mooseheart, and Moose Haven. Mr.

Danciger's Thut Well Big Gasser

More than 60,000,000 cubic feet of gas was picked up yesterday afternoon in the Danciger Oil and Refining company's No. 1 Thut in the north-east corner of the east 90 acres of the west half of survey 3, H. and G. N. survey, 1 mile east of LeFors. Gas was encountered in a hard granite formation while drilling at 2,500 feet.

The Texas company's No. 1 Langham in section 1, block B-2, failed to respond to a 90-quart shot Saturday afternoon. The well made 46 barrels the last 24 hours to show no increase. This location is a direct west offset to the LeFors Petroleum company's gusher in the LeFors townsite.

The Edwards et al's No. 2 Case B section 182, block B-2, shot with 100 quarts Saturday is standing with several hundred feet of oil in the hole today. Another shot will be used Thursday in an effort to bring back the gas to flow the well, company officials stated today.
