PAMPA, GRAY COUNTY, TEXAS, SUNDAY MORNING, DECEMBER 9, 1928

PRICE FIVE CENTS

SIX LIVES TAKEN BY GAS BLASTS STATEWIDE SEARCH FOR OHIO SLAYERS UNDER WAY HIGHWAY ADVISORY GROUP WILL HEAR FINANCE REPORT

PLANNED BOND ISSUE IN MAIN PROBLEM NOW

Legislation Will Be Based on Opinion of Pollard

225 MILLIONS AGREED UPON

Galveston Man Objects to Writing Levy on Industry

AUSTIN, Dec. 8. (AP)—Governor Moody's committee of highway legislation advisers selected from the 31 senatorial districts in the state will meet Monday to hear the report and recommendations of the finance sub-committee.

After the initial gathering of the whole committee two weeks ago, the finance committee stayed on to consider proposed legislation which would afford a program of financing highway construction and maintenance several years in the future.

After listening to a number of proposals and conferring with Governor Moody, the sub-committee finally agreed, with one member dissenting, on a state-wide bond issue plan with not more than \$225,000,000 outstanding at any one time, the principal and interest to be retired by proceeds from a three-cent gasoline tax and revenue from license and weight fees.

John L. Darrouzet of Galveston, member of the committee, objected to the principal authorizing amendment to the constitution, which would be necessary, that would "write into the organic law" a specific tax levy on the product of any business or industry.

Now it seems Darrouzet's objection is likely to be shared officially by Attorney General Claude Pollard, who informally has declared that such a proposal is incorporated in the tentative plan might conflict with some other part of the constitution.

It is indicated that one of the first acts of the committee will be to invite an opinion from Pollard on the legal phases of the proposed constitutional amendment.

Members of the state legislature, which meets here in January, and on whose action any proposed plan must wait, who have been drifting into the capitol since the committee's meeting in most instances have expressed dissatisfaction with the "relief" plan as tentatively drafted.

Members of the state highway commission will be in Austin Monday and available to the committee.

Chairman R. S. Sterling has presented his proposal of a \$350,000,000 bond issue, providing refunds to counties of money spent on construction upon designated state highways, to the committee, and it is a modified form of his plan that was tentatively adopted by the finance sub-committee.

Mr. and Mrs. W. M. Lewright are visiting Mrs. Lewright's parents in Clarendon today.

WAGERS APPENDIX AND LOSES, HE PAYS OFF

BROWNSVILLE, Dec. 8. (AP)—A wager over the location of a squeak in an automobile was paid in full today when Charles Celaya, Rio Grande city banker, received the appendix of Al Gutierrez, garage mechanic, in a bottle of alcohol.

Gutierrez thought the squeak was in a spring. Celaya insisted it was in the stabilizer. An impartial mechanic decided the banker was right. Gutierrez was recovering today from the operation.

When the dispute first arose, Celaya offered a \$10 bet, but when this proved too steep for Gutierrez he changed it to a pound of flesh. The mechanic thought a pound of flesh might incapacitate him permanently, but compromised by offering to wager his appendix against Celaya's.

The bet was made and the papers drawn before a notary public and witnesses, after which the car was taken to a mechanic whom both agreed was an impartial judge. He ruled in favor of Celaya.

"I will send you my appendix by 8 o'clock in the morning," said Gutierrez, and immediately made arrangements with two physicians to perform the operation.

Promptly at 8 o'clock the appendix was delivered to Celaya.

Airplane's Wing Drops Off—Three Men Are Killed

LONG BEACH, Calif., Dec. 8. (AP)—Earl Daugherty and two other men, as yet unidentified, were killed when a wing dropped from an airplane in which they were flying at an altitude of 3,000 feet over the Long Beach airport this afternoon, and the machine crashed.

Fire Damages Brunow Building

Only a fast run by the volunteer fire department at 3 o'clock yesterday morning saved the Brunow apartments on West Kingsmill avenue. Fire started in the bathroom of one of the ground apartments and had gained considerable headway before being discovered. It is thought the fire started from a hot water heater which had been left burning.

Dr. Brunow said that the damage will amount to about \$500. The fire had broken through the outside wall and had gutted the interior of the bathroom when the truck arrived. Seven hundred feet of hose was laid.

Talley Concert Is of Interest Here

Many Pampa music lovers are expected to attend the Marion Talley recital at the Amarillo auditorium tomorrow evening.

Miss Talley, as one of the most sensational young prima donnas of the last decade, has reached the eminence which leads music lovers to speak in terms of "have you heard her?" Her concert, held under the auspices of the Amarillo College of Music, will begin at 8:15 p. m.

FIRE BENEFIT PICTURE

"Ben Hur," one of the screen classics of all time, will be shown at the Rex theatre next Wednesday and Thursday under the auspices of the Pampa Volunteer fire department.

THE WEATHER VANE

WEST TEXAS: Sunday and Monday generally fair except partly cloudy to unsettled in extreme west portion.

WELL KNOWN DOCTOR SHOT BY BURGLARS

Wife Also Is Killed On Discovering Intruders

GUNMEN ESCAPE IN AUTOMOBILE

Physician Dies Following Operation to Remove Bullet

EATON, O., Dec. 8. (AP)—Two burglars who early today shot and killed Dr. Horatio Z. Silver, 56, prominent physician, and his wife, 58, when surprised while ransacking the Silver home here, were objects of a state-wide search tonight.

Mrs. Silver was killed instantly. Dr. Silver died later an operation for the removal of the bullet from his abdomen.

Mrs. Silver had been awakened by a noise, which she believed was made by an adopted daughter, Hannah Mary, 13, and was on her way to the daughter's room when accosted by the strangers.

The gunmen are believed to have escaped in a waiting automobile.

Few Pupils Are Without Defects

Of 30 pupils in one classroom examined by Mrs. M. P. Downs, Welfare association and school nurse, only two were found to be free from defects. Most of the pupils were suffering from diseased tonsils and adenoids and ailments of the teeth and gums.

Mrs. Downs stated that she examined children for ailments, bad posture, diseased tonsils and adenoids, teeth, ears, vision and speech. "It is surprising how few children are physically perfect," Mrs. Downs says. "Of the 30 children I examined last Friday, more than half had diseased tonsils or adenoids, several were suffering from teeth ailments, and four were in need of eye treatment and glasses."

The nurse is examining the children of the Pampa Independent school district for the second time since school opened this fall. She found much improvement in conditions where remedies were recommended.

Oilfield Highway Association Will Meet in Borger

Plans for the further activities of the Oilfield Highway association No. 41 will be discussed at a meeting of that association in Borger January 17, F. P. Reid, president of the organization, announced yesterday.

The association was organized at a meeting of road enthusiasts from this section of the Panhandle and Southwestern Oklahoma set a meeting in Wheeler in October. W. H. Eldridge of Sayre, Okla., is secretary of the organization.

To build a road from Sayre, Okla., through Pampa, Borger, Dalhart, and other towns to connect the east with the west, saving many miles, is the aim of the association.

MANY HEAR NEGRO

Dr. J. W. Bailey of Marshall, negro Baptist minister and superintendent of negro missions in Texas, spoke at the First Baptist church Thursday evening to a large, interested audience of white people and negroes. He told of his work among his own people and gave a brief account of his recent trip to Europe. His sermon was on "The Second Coming of Christ." Music was furnished by a negro choir.

Moving Up

—Photo by Fred's Studio

MRS. I. S. REDDICK

One contestant in the Daily News' big automobile prize campaign who is not telling everybody just how many votes she has these days, is Mrs. I. S. Reddick of Pampa. She is moving rapidly towards the top in district No. 1, and is liable to jump into the lead almost any time.

"I've got that Buick wife," she told the contest manager, "and I can't get over it."

Mrs. Reddick long ago realized the voting value of longer-term subscriptions, and has centered her efforts almost exclusively upon them.

During this final week it is certain that the others, not only in her district but the other district as well, will keep a close check on her progress in the voting columns.

POULTRY MEN MAY ORGANIZE

Meeting Is Called for Thursday Afternoon

Organization of a poultry association will be discussed at a meeting of poultry men and those interested in poultry raising, to be held in the Chamber of Commerce rooms at 2 o'clock Tuesday afternoon.

A special invitation has been extended to those in the community who have small flocks of chickens. George W. Briggs, manager of the Chamber of Commerce, has sent out circular letters.

Plans for holding a winter poultry show, meetings at which speakers from other cities will attend, and other projects will be discussed.

"We have some high grade poultry in this county that would take prizes at the best shows," Mr. Briggs says.

ELK SMOKER WILL BE HELD NEXT WEDNESDAY

Elk lodge officials of Amarillo, Plainview, and as far away as Chicago are offering every encouragement for the formation of a Pampa lodge, according to P. B. Mooney, who is among those attempting organization here.

The next meeting of Elks and others interested will be held in the form of a smoker at the Chamber of Commerce auditorium next Wednesday evening at 8 o'clock. All Elks are especially urged to attend.

DALLAS BOY KILLED

DALLAS, Dec. 8. (AP)—O. S. Boggess, Jr., 15, died a few minutes after the roadster in which he and three other youths were riding overturned tonight. The dead youth was the son of O. S. Boggess, vice-president of the Higginbotham-Bailey-Logan company.

ANOTHER WICHITA GUSHER

WICHITA, Kan., Dec. 8. (AP)—Sedwick county's fifth oil gusher and the sixth well drilled in since the field was opened by the Gypsey, Marland and Bu-Vi-Bar companies just four months ago today, was flowing at the rate of 61 barrels an hour tonight.

Young Man Dies After Operation

J. H. Abbott, 22 years old, died here at 6 o'clock yesterday morning following an operation for appendicitis last week. He was an employee of the Western Carbon company and had been here a month. He was transferred from Borger.

He leaves his parents, Mr. and Mrs. J. W. Abbott of Greenville; two sisters, Mrs. Alice Griffith of Borger, and Gladys of Greenville; also two brothers J. W. of Greenville and W. M. at Borger.

Mrs. J. W. Bunting of Amarillo is the guest of Mrs. W. P. Vincent.

LAST TERM OF 84TH COURT TO OPEN MONDAY

Legislature Must Give Continuance to District

JURY PANELS ARE REVEALED

Fifty-One New Cases Add to Congestion of Docket

The last term of the 84th district court under the present arrangement will convene here tomorrow morning, with Judge Newton P. Willis of Canadian presiding. The grand jury will go into session tomorrow after being charged by Judge Willis.

Jury lists for two weeks have been picked. There will be no jury the following week of court because of holidays. A heavy docket of 51 new cases and more than 100 old and continued cases awaits action.

The jury panels:

GRAND JURY

Pampa, J. B. Barrett, Chas. T. Nicholson, John Turcotte, W. R. Campbell, E. M. Osborne, W. E. Archer, W. J. Brown, Cris Baer, McLean, J. A. Ashby, J. M. Noel, J. S. Howard; Miami, K. G. Seitz; Alameda, B. E. Glass; Andy Ward; Groom, W. S. Willis; LeFors, L. C. Carpenter.

PETTIT JURY PANELS (First Week)

Pampa, Z. H. Mundy, R. A. Johnson, J. P. York, A. F. Haisard, J. L. Cary, W. E. Gian, E. S. Brown, J. E. Corson, D. R. Henry, Louis Behrens, J. G. Gants, E. F. Vanderburg, R. E. Kinser, N. Frasher, C. C. Gillis, John Haggard, W. E. Davis, J. E. Murfee, A. C. Husted, A. D. Fish, John Bell, Jr., and A. B. Kealy.

Alameda, W. A. Glass, T. T. Griffin, Arnold Steger, D. L. Hall, A. L. Hill; McLean, Cecil Bible, Roy McCracken, Curg Williams, Perry Everett, Wood Hindman, Geo. W. Formwalt, O. G. Stokely, John Scott, Sammie Cubine, Olen Davis, Ernest Abbott, T. A. Crockett, W. H. Floyd, Jim Saunders and Ted Glass.

Groom, H. G. McCleskey, C. C. Kulkendall, N. J. Bohr, B. J. Hermesmeier; Kingsmill, B. F. A. Bynum, O. H. Gilstrap; LeFors, T. Hill and J. B. Wilson.

SECOND WEEK

Pampa, Joe Fox, A. E. Zahn, J. W. Graham, J. H. Lutz, M. S. Wise, W. J. Bird, E. M. Groves, J. M. Knudsen, G. L. Holmes, L. R. Taylor, J. M. Saunders, T. B. Solomon, W. C. De Cordova, J. H. Lewis, A. G. McKay, S. D. Park, Roy Looser, W. E. Coffee, J. W. Vasey, W. B. Henry, George Cox, Lee McConnell, L. Culppeper, Lee Banks, Ralph Arnold, B. W. Rose, S. A. Hurst, G. Pinnell, H. L. Case, R. B. Thompson, P. C. Ledrick and Ernest Baird.

McLean, W. W. Wilson, Carl Heffer, J. R. Phillips, E. W. Braxton, Allen Wilson, J. C. Harris, Johnnie Back, J. W. Ivey, S. B. Shelbourne, S. B. Morse, R. O. Shannon, Scott Johnson, Groom, G. W. Wells; Miami, Ray Jones; Moore, Edward Getting; Alameda, M. C. Street, A. R. Calaway; LeFors, M. B. Davis.

Wildcats Ahead of Bobcats in Sale of Theatre Tickets

With the Rex theatre Vitaphone ordered already, activity of the basketball girls of Central high in selling Christmas ticket books is solely for the purpose of earning money to buy needed basketball equipment, it was said yesterday.

The ticket sale will continue until Saturday, December 22. Sales have been gratifying, according to Coach L. K. Maxey of the squad. The Wildcats are leading the Bobcats in the contests between divisions of the girls.

Miami's Hope

—Photo by Fred's Studio

MISS ARLYNE RASOR

Up in Miami friends of Miss Arlyne Razor declare it's not a question of who is going to win the Buick, but how big a majority Arlyne will have. They declare they are going to put her in the driver's seat of the biggest car, and are saying it with votes and not promises.

Miss Razor took a big jump this time. She has never yet lost out in anything she has undertaken.

She knows nearly everybody in Roberts county, and everyone is boosting for her with might and main.

"I'm going to surprise them all next Saturday night," she told the C. M. yesterday.

So were looking for a big bunch of votes from her.

PRODUCTION IS SHOWING GAIN

Good Weather Factor in 1,395 Barrel Increase

Moderation of the weather during the last week caused the daily oil production in the Panhandle to take a lump. Led by Moore county and closely followed by Gray, the daily production increased 1,295 barrels over the previous week.

Moore county reported the only completion of the week. The Skelly Oil company's No. 3 Armstrong hit the big pay. Gray county had two small producers from top pay in the Texas company's No. 1 Lutz and the McElroy Oil company's No. 1 Clayton, each doing about 25 barrels a day.

The total daily production for the week was 62,455 barrels, as compared with 61,060 barrels for the previous week.

Production by counties:

Carson—5,830 barrels, a gain of 85 barrels.

Gray—24,330 barrels, a gain of 550 barrels.

Hutchinson—28,050 barrels, a gain of 60 barrels.

Moore—3,450 barrels, a gain of 745 barrels.

Potter—25 barrels.

Wheeler—770 barrels, a loss of 45 barrels.

Total—62,455 barrels, a gain of 1,395 barrels.

SLAYER OF TWO IS FREED BY JURY

HILLSBORO, Dec. 8. (AP)—David H. Butler, charged with the slaying of Ben Long and Lester Bolton at the Limestone county fair in 1926 was acquitted by a jury here tonight.

One state witness testified that he saw Butler force Bolton to open his shirt, before firing the fatal shot into Bolton's chest. Defense witnesses testified that they had heard Bolton and Long threaten Butler.

EXPLOSION IN BOILER ROOM INJURES FOUR

Fast Work at Port Arthur Saves Tanker

HOUSE WRECKED IN LOS ANGELES

Escaping Fumes Come in Contact With Open Fire

PORT ARTHUR, Dec. 8. (AP)—Gasoline fumes escaping through an open hatch into the boiler room of the tanker Guilford while it was loading fuel at the Gulf Refining company docks here early today caused an explosion which took three lives and injured four men, none seriously.

The dead are: A. H. Wukasz, Port Arthur; R. Flander, Beverly, Mass., and Friedrich Elchler, Hamburg, Germany.

The bodies of the three were burned by gasoline which caught fire aboard the ship and identification was possible only by checking the crew. Those injured: Ernest Degman, T. W. Wood, Thomas Milton and Ben Rodrick. All suffered from burns and shock but none is in a serious condition.

Quick action in closing the fuel lines loading the vessel probably saved the lives of all of the crew as the men were asleep in their quarters, directly above the boiler room where the explosion occurred. The three dead men were on duty when the blast occurred. Flander, first mate, having charge of the early morning watch. Wukasz was a dock man, assisting in loading the vessel and Elchler, the ship's steward, had started for the galley to prepare breakfast.

The house was owned by A. E. Keith. The most seriously injured were Mrs. Bertha Briscoe, 51; Joseph Morales, 3, and Reginald Keith 15. Burns suffered by them may cause their deaths, hospital attendants said.

The explosion virtually destroyed the house and shook the neighborhood.

WHOLE FAMILY SUFFOCATED IN TOURIST CAMP

EDINBURG, Dec. 8. (AP)—Mr. and Mrs. Alonzo Boutwell, formerly of Troy, Ala., and their three children were found dead in a tourist camp on the edge of town here today, apparently suffocated by a gas oven which was burning in the kitchen next to their bedroom.

Neighbors said that they had heard the Boutwells moving about last night and that they had heard one of the family go to the kitchen and light the stove. All the bodies were partly clothed, as if the windows might have been shut down and the stove lighted because of the chilly atmosphere last night. An examination of the gas pipes in the house failed to show any leaks.

Highway Tactics

It appears that Pampa is in the center of a territory which has highway routing problems of the most acute variety.

Miami's problem is tied in to Gray's by reason of the fact that our paving northward connects with the main-traveled highway through this section.

Such figures by themselves, don't mean a great deal. But back of them it is possible to read a veritable revolution in the life of the average man and woman.

The status of the Pampa-Miami situation is defined in a letter from W. A. French, division engineer, to George W. Briggs of the Chamber of Commerce.

And thus it stands, with the words count being largely from the protesting citizens. The paving from Pampa to the west line of Gray county should go forward at once.

The next meeting of the commission will be December 17 and 18. The only counties mentioned as prospective recipients of paving work are Madison, Harris, Wilbarger, Wichita, Mitchell, Shackelford, Baylor, and Hardeman.

Women are entering almost every field of endeavor, but fortunately for the peace of farm lands they are not competing in stockjudging contests yet.

WASHINGTON—No Department of Commerce report could be expected to get very far without a plunge into statistics.

But its figures, instead of being dusty rows of digits and ciphers, have a background of living interest. They depict, graphically, the advance in material well-being which has come to the American people in recent years.

As recently as 1921 there are 2,413,000 young people in high schools and 598,000 in college and universities.

In 1919 there were 415,496 bathtubs sold in this country. In 1917 the number was 1,101,000.

In 1914 there were 543,679 automobiles sold; in 1927 the figure was 2,939,191.

In 1914 there were in use 1,711,000 automobiles of all classes—trucks, pleasure cars and the rest.

The natural question, of course, is: how did all of this happen? What did the Department of Commerce have to do with it?

It has already been shown how the increase in individual productivity has enormously increased the country's output and made it a vastly better market for its own wares.

modern business man and industrialist shudder at more than all others is the word "waste". And it is this word that the department has concentrated on for years.

There is, for instance, the matter of standardization. The department has brought manufacturers together and induced them to standardize their output.

For example: in the sale of composition blackboards, there were formerly 90 lengths, 18 widths and three colors on the market.

Whole columns of figures like that could be produced. They do not sound impressive—until you realize that each reduction makes for more efficient manufacture, lower costs and the elimination of duplication and lost motion.

Maybe seamen are not so bad. A New Yorker says seamen prefer non-fiction, but if they did prefer fiction there is enough of it had enough to corrupt sailors, or anyone else.

Many women are disappointed in marriage, but not many, apparently, enough to discourage another attempt if occasion appeals.

A new telephone instrument turns words around backwards so that only those listening through a similar machine can understand. The way a lot of people talk into their telephones, they won't need an instrument to jumble up their words.

Wink, one would judge from the news dispatches, is not exactly a sleepy town. Heard: Office force trying to embarrass the tiniest new boys by telling them they have "ancestors."

Mrs. Alex Schneider Compliments Guest At Party Friday

Honoring her guest, Miss Erdine Dreyer of Chicago, who is a former resident of this city, Mrs. Alex Schneider, Jr., entertained Friday afternoon in her apartment at the Schneider hotel. Needle work and games were enjoyed after which the guests went to the dining room, where a three-course luncheon was served.

A small Christmas tree centered the table, and on the tree were favors for those who held high and low scores in the games, as well as a gift for the honoree. Mrs. Nels Walberg held low score and Miss Dreyer, high. Rows of tall red papers stood on the luncheon table, and others were arranged around the room.

The guest list included the following: Miss Dreyer, honoree, Mrs. De Lea Vicars, Mrs. J. S. Wynne, Mrs. C. C. Dodd, Mrs. B. E. Finley, Mrs. W. M. Craven, Mrs. M. A. Graham, Mrs. T. H. Barnard, Mrs. C. B. Barnard, Mrs. Clyde Patheco, Mrs. Dave Pope, Mrs. L. S. Ellis, Mrs. Nels Walberg, Mrs. G. H. Hainouard, Mrs. Cliff Vincent, Mrs. G. F. Purviance, and Mrs. Annis Smith of Salina, Kansas.

Mrs. Carl Taylor Gives Luncheon For Bridge Club

Members of the Blue Bonnet club were guests of Mrs. Carl Taylor at a delightful bridge-luncheon Friday. Tall red candles, decorated the luncheon tables, and accessories for the bridge game were decorated in Christmas designs.

Mrs. Taylor's guests were Mrs. Selman, Mrs. C. M. Carlock, Mrs. Don Wakeman, Mrs. J. G. Christy, Mrs. J. H. Lutz, Mrs. C. E. McHenry, Mrs. J. H. Lavender and Mrs. S. L. Anderson. High score favors were given Mrs. Carlock, special guest, and Mrs. Christy, club member. Mrs. Lavender received the consolation favor.

CORRECTION

Through an error, Mrs. I. B. Hughey's name was omitted in the list of guests at a bridge-luncheon given Thursday by Mrs. C. T. Hunkapillar, Mrs. M. A. Finney and Mrs. L. N. McCullough.

London Bridge Club Entertained Friday By Mrs. Coffee

Mrs. W. E. Coffee was hostess to members of the London Bridge club and other friends Friday afternoon, entertaining with four tables of bridge. Diamonds, hearts, spades and clubs formed a motif that was cleverly developed in appointments for the delightful event. Table covers, score pads and tallies were decorated in black and red with the four designs.

Mrs. Coffee's guests included the following members and special guests: Mrs. I. B. Hughey, Mrs. H. W. Johns, Mrs. J. D. Sugg, Mrs. Porter Malone, Mrs. F. O. Sanders, Mrs. W. T. Frasen, Mrs. Clarence Barrett, Mrs. Clyde Garner, Mrs. Lloyd Bennett, Mrs. Jack Mason, Mrs. Frank Catterton, Mrs. C. W. Stowell, Mrs. W. J. Smith, Mrs. D. C. Bout and her daughter, Mrs. E. M. Grantham of Clovis, N. M.; Mrs. H. H. Hicks and Miss Edith Simmons of White Deer.

Floor pillows in shapes of diamonds, clubs, hearts and spades were given as cut favors at the tables. French soaps in the same forms were the score favors. Mrs. Barrett, guest, and Mrs. Malone, club member, made high scores. Top cuts were made by Mrs. Masun, Mrs. Fraser, Mrs. Catterton and Mrs. Sanders. Dainty refreshments were served.

Little Ould, Luehman, who has been seriously ill at the Pampa hospital for several days, is reported to be improving.

Cradle Roll Club To Give Benefit Christmas Social

The Cradle Roll club of the Baptist Sunday school, composed of officers and teachers of the Cradle Roll department, will give a benefit Christmas social in the Sunday school rooms Tuesday evening, to raise funds for a piano for their department. Amusing stunts will be features of the entertainment program, and hand-made articles suitable for holiday giving will be sold during the evening. Mrs. O. H. Gilstrap, president, and members of the club invite the public to attend. Santa Claus will be there, they say, to meet the children.

TUESDAY
The Cradle Roll club of the Baptist Sunday school will give a benefit social in the Sunday school rooms. The affair is scheduled for 7:30 o'clock. El Progresso will meet at 2:30 o'clock in the home of Mrs. C. T. Hunkapillar.

FRIDAY
The American Legion auxiliary will entertain with a Christmas social gathering at the Legion home at 7 p. m. All ex-service men of the city and their families are cordially invited to be present.

Mrs. W. A. Duerr will entertain Club Mayfair with the bridge game beginning at 3 o'clock.

The Young Women's auxiliary of the Baptist church met yesterday at the home of Mrs. S. L. Anderson for an interesting lesson on missionary work in China. Miss Mary Nelson led the study. Special topics were presented by Miss Helen Anderson and Miss Ruth Nelson.

During the afternoon, the members packed a box of clothing for the older girls in Buckner's Orphans Home at Dallas.

First Wedding in Legion Home is Event of Interest

The first wedding to take place in the American Legion home was solemnized at 9:30 o'clock last evening, when Miss Leola Tunnell became the bride of Mr. B. B. Higginbotham, Justice of the Peace C. E. Cary, who is post adjutant of the American Legion, officiated in a simple ceremony, witnessed by a small group of friends and relatives of the bride and the groom. The bride wore an afternoon dress of midnight blue flat crepe and a gold lace hat.

Mrs. Higginbotham is the daughter of Mr. and Mrs. E. Tunnell of Electra. During the last four months she has made her home with her uncle and aunt, Mr. and Mrs. W. S. Green, 906 East Francis street. She is a graduate of Electra high school. In her short residence in this city, she has made many friends.

Mr. Higginbotham is in the production department of the Pure Oil company and has lived in Pampa two years. He is a graduate of Mexia high school. Mr. and Mrs. Higginbotham will make their home on the Pure Oil company's lease, six miles south of Pampa.

Guests of the wedding included: Mr. E. Tunnell, father of the bride; Misses Alma Lee and Ruth Tunnell, sisters of the bride; Mr. and Mrs. W. S. Green, Mr. and Mrs. Jack Higginbotham and Mr. Joe Mullins.

On Tuesday preceding the wedding, the bride-elect was honored with a prettily planned party and miscellaneous shower given by Mrs. W. R. Hallmark and Mrs. W. S. Green. Lovely gifts were presented the honoree.

Our brilliant holiday gift collection contains replicas of the latest original Paris creations—colored beads of sophisticated elegance and smart bits in silver and gold.

Georgia Tech Is Southern Champ— Claim U. S. Honors

GRANT FIELD, ATLANTA, Ga., Dec. 8. (AP)—The Golden Tornado of Georgia Tech became undisputed champion of the Southern conference here today and extended its claim to national honors by decisively defeating its old rival, University of Georgia, 20 to 6, while Tennessee beat Florida, 13 to 12. Thirty-five thousand persons braved a chilly day to see Lumpkin and Thomson battle the Bulldog lines and ends for three touchdowns while Maffet, red and black end, scored the only touchdown for his team by taking a pass over the goal line.

Beavers, Arkansas Threat, Chosen as Valuable Player

HOUSTON, Dec. 8. (AP)—"Bevo" Beaver, triple threat fullback of Coach Francis A. Schmidt's Arkansas Razorbacks, has been named the outstanding football player of the Southwest conference for 1928, and will receive a mammoth silver loving cup from the Houston Post-Dispatch. The award henceforth will be annual.

Saturday night, December 15, at Houston, Beavers will receive his trophy at a banquet given by the Houston Texas Aggie club in honor of the Texas A. & M. football squad of 1928. More than 600 reservations have been made for the football banquet. The presentation speech and Beavers' acceptance speech will be broadcast over radio station KPRC.

U. of Tulsa Too Much for Haskell

TULSA, Okla., Dec. 8. (AP)—The University of Tulsa closed its 1928 season here today with a 27-to-6 victory over the Haskell Indians. Superior in every department of the game, the Tulsons were never threatened. Haskell scored its lone marker in the second period when Murphy took a kick-off and ran through the entire Tulsa team, only to be downed near the goal line from where the ball was put over.

SAM HOUSTON TEAM WINS
SAN ANTONIO, Dec. 8. (AP)—The Army team of Fort Sam Houston won the Army's second divisional title by defeating Fort Sill here today.

Big Six Will Send Team for Dallas Encounter

KANSAS CITY, Mo., Dec. 8. (AP)—Faculty members of the Big Six athletic conference in session here today approved the proposed formation of a Big Six football team, composed of seniors, to play a team of seniors from the Southwest conference in a benefit game New Year's day in Dallas. Ernest E. Bearg, head football coach of the University of Nebraska, who will have charge of the Big Six team, left today for Dallas to complete arrangements. Before leaving, Bearg said he might ask other Big Six coaches to assist him.

He will pick his squad, have it assembled at some central point possibly Kansas City, and entrain for Texas a week or ten days before the game, doing all its practice in Texas.

Coaches Mitchell and Fox have a world of material from which to develop high school basketball teams, but lack of previous basketball training will be their big handicap. Seven of last year's lettermen are out for places on the team, as well as three lettermen from other schools. More than 50 boys appeared in uniform for opening practice but the number is diminishing with each practice.

Basket shooting and light floor practices are the order of training until the boys get used to an indoor gymnasium. Eight of the lettermen were out for football and are in the best of condition, as are others who made the football team but have never lettered in basketball.

The coaches lined up four teams for light play Friday evening. It was noticeable that several new men will be out for places on the teams. There are some real marksmen who are already casting baskets with uncanny regularity. Many boys are finding it difficult to get going on the oak floor, but after a few days they will be ready for hard practice.

Coach Mitchell has scheduled a game with Canyon, in the Eagles' stronghold, for December 21. A game will probably be played here before that time, the coaches say.

Last year's lettermen who are out include: Kahl, Walstad, Stalls, Saulsbury, Cash, Roberts and Seitz. Lettermen from other schools include: Tracy from Sayre, Okla.; English from Nelagony, Okla.; and Willis from Commanche.

Others who are showing up nicely in practice and who will be fighting for a berth on the first team when the selection is made include: Thomas, Eiectra; Thorn, Lard, Jones, Chastain, Henrietta, Okla.; Ayres, Culverhouse, Schmidt, Green, Tale, Saltzman, Clineger, Poe, Abbot, Barnett, and many of the youngsters.

League to Decide Winner of Game at Port Arthur

PORT ARTHUR, Dec. 8. (AP)—The State Interscholastic League in an executive committee meeting in Austin Monday will decide who "won" the football game here today between Port Arthur high school and Maine avenue of San Antonio. The score was 6 to 6, and according to agreement, the team that penetrated the opponent's 20-yard line the most was the winner.

Barry Holton, coach of Trinity university, who refereed today's game, ruled that Port Arthur penetrated Maine's 20-yard line three times and that Maine penetrated Port Arthur's twice. There was some dissension to this ruling, however, as Holton did not count San

Antonio's touchdown made from the 22-yard line as a penetration and it was agreed that the decision would be left up to the Interscholastic League. The winners will be declared champion of district 7 and 8 and meet Marshall in the semi-finals.

Sul Ross Star to Play in San Francisco Game

ALPINE, Dec. 8. (AP)—W. D. "Ox" Cowan, fast Sul Ross college halfback, today accepted an invitation to play in the East-West all-star football game at San Francisco on Dec. 29.

Cowan has been a star on the Sul Ross teams for three years, and made a touchdown in every game this year except one when he was suffering from an injured leg.

Contest in Skating and Dancing Will Start Tonight

Commencing at 12:01 tomorrow morning, a marathon dance contest will begin at the Pla-Mor auditorium. At 2:30 a. m., a marathon roller skating contest will begin as part of the big twin-marathon card. This will be

the second of its kind to be held in the United States. The first was completed last week in Kansas City when several couples skated and danced more than 200 hours.

Musicians will work in relays during the entire contest. The contestants will be allowed a 10-minute rest each hour. Cots will be placed around the edge of the floor where contestants may rest during intermissions.

A marathon dance was held here last spring.

FAR WEST AND EAST PLACE EIGHT ON ALL-AMERICAN

Cagle, Carroll Clark and Strong in Backfield

By ALAN J. GOULD
Associated Press Sports Writer
New York, Dec. 8. (AP)—The shooting stars of the gridiron firmament, collected in the All-American galaxy, once more show a distinct tendency to follow a South by Westward course.

It was not so long ago that this annual habit was just a matter of inspecting the Eastern talent, taking a glance or two at the Big Ten ranks, selecting eleven stars by this somewhat near-sighted method and labelling them "The All-American."

It was a simple task, at least, compared with the job of surveying a nation filled with such gridiron talent as it is today, but the swing of football's pendulum has brought well-earned recognition to players over a wider range of action than ever before. It has been conclusively proved that no one section any longer has a monopoly on star teams or star performers. What ever shouting there may have been from the Eastern hilltops toward the close of November was abruptly stilled after events that transpired at the Frankee Stadium under the direction of Oregon State and Stanford.

Nowhere has the nationalizing process in college football been so strikingly emphasized as in the All-American consensus compiled by The Associated Press in the four years since the death of Walter Camp, father of the all-star idea.

This consensus for 1928 represents the opinions of 250 experienced observers, the compilation of country-wide opinion. It has been gathered first-hand by The Associated Press Staff of sports experts, men who have "covered" all the big games in every section and been so situated as to best collect the verdicts of sports editors, coaches, scouts and officials.

SANDSTORM BLOWS TOO LATE IN ABILENE TILT

All-American Selections For 1928

First team, with position, age, height, weight, home: Malcolm Frankain, St. Mary's, end; 22; 5:11; 198; Berkeley, Cal. Otto Pommerening, Mich., tackle; 24; 5:11; 178; All Arbor, Mich. Edward J. Burke, Navy, guard; 21; 5:11-1-2; Lakesville, Pa. Charles Howe, Princeton, center; 22; 5:10; 188; Beaver Falls, Pa. Seraphim Post, Stanford, guard; 24; 6:00; 190; Barkley, Cal. Frank Speer, Georgia Tech, tackle; 20; 6:00; 205; Atlanta, Ga. Dale Van Sichel, Florida, end; 20; 5:10-1-2; 170; Gainesville, Fla. Earl H. Clark, Colorado, col. q. back; 23; 6:00; 183; Pueblo, Colo. C. Keener Cagle, Army, h. back; 23; 5:09; 167; Merryville, La. Charles Carroll, U. of Wash., h. back; 23; 6:00; 190; Seattle, Wash. Kenneth Strong, N. Y. U., f. back; 23; 6:01; 201; W. Haven, Conn.

SECOND TEAM
Irvine Phillips, California, End, Miller-Brown, Missouri
Mike Getto, Pittsburgh, Tackle, Albert J. Norvack, Illinois
George Gibson, Minnesota, Guard, Bruce Dumont, Colgate
Nathan Barrager, South Calif., Center, Peter Pund, Georgia Tech
Dan McMullen, Nebraska, Guard, Choc Sanders, Southern Meth.
Gordy Brown, U. of Texas, Tackle, Melvyl Dressell, Wash. State
Wesley Fesler, Ohio State, End, Edward Messenger, Army
Howard Maple, Oregon State, Quarterback, Howard Harpster, Carnegie
Warner Missett, Georgia Tech, Halfback, Clyde Crabtree, Florida
Paul Scull, Pennsylvania, Halfback, Willis Glasgow, U. of Iowa
Clifford Hoffman, Stanford, Fullback, Gerald Snyder, Maryland

Clark in two years of keen competition has not failed to score at least one touchdown in every game. His average gain this year was slightly more than ten yards for every time he handled the ball.

Charles (Chuck) Carroll of Washington and Christian Keener (Red) Cagle of the Army come as close to being unanimous as any All-American this season. Both have performed with consistent brilliance, as brightly in defeat as in victory. Yet they are widely different types. Carroll is more on Clark's style, big and powerful, a stonewall in defense, kicker, passer, and a shifty runner. Cagle can also kick and he passes with usual skill but the Army captain-elect for 1929 is noted chiefly for his elusiveness in a broken field, an art at which he is proclaimed the greatest since Red Grange was running wild. Cagle's speed and football intuition are his biggest assets.

MORE

South Has Many Backs Of Front-Rank Quality

There are other great halfbacks this year, few so thoroughly equipped as Paul Scull of Pennsylvania, an extraordinary dropkicker, and Warner Missett of Georgia Tech's triple threat. Scull is also a wonder on defense but neither he nor Missett possesses the running ability of Cagle or the fiery aggressiveness of Carroll.

The Middle West, which produced three of the four All-American backs two years ago, had its share of stars but none quite up to the standard set by Grange, Friedman and Joesting in recent seasons. Glasgow of Iowa, Bennett of Indiana, Welch of Purdue, Luby of Wisconsin, Eby of Ohio State, Sloan of Nebraska, Brazil and Connell of Detroit, Chevigny and Niemiec of Notre Dame, all were in the limelight but not sufficiently to crowd such super-stars as Cagle, Carroll, Missett and

Tramel May End Varner's Record of No. 1928 Defeats

Walter Varner of Roxana, undefeated in the University of Texas eleven, Butch Nowack, Illinois captain, All Lasseran of N. Y. U., Mel Dressel of Washington State, Wakeman of Cornell, Mooney of Georgetown and Bancroft of California were other fine tackles. Injuries handicapped two of the best, Sprague of the Army and Hibbs of Southern California, while Raskowski of Ohio State failed to reach his 1927 form. Sprague was a two-time All-American, the only survivor from last year's team, but failed to repeat.

It took such great work as that to keep off the first team tackles like Mike Getto, one of the outstanding players in Pittsburgh's mighty forward wall, and Gordy Brown, rangy star of the University of Texas eleven. Butch Nowack, Illinois captain, All Lasseran of N. Y. U., Mel Dressel of Washington State, Wakeman of Cornell, Mooney of Georgetown and Bancroft of California were other fine tackles. Injuries handicapped two of the best, Sprague of the Army and Hibbs of Southern California, while Raskowski of Ohio State failed to reach his 1927 form. Sprague was a two-time All-American, the only survivor from last year's team, but failed to repeat.

Howard Payne Is Declared Champion

DALLAS, Dec. 8. (AP)—Members of the Texas Athletic conference meeting in semi-annual session here today postponed a contemplated ruling on participation of freshmen in athletics until May, when the discussion probably will be settled.

Among the rulings adopted at the session were that non-conference schools engaging in events with Texas conference athletic teams must abide by conference regulations, and that prospective post season games must be sanctioned by T. B. Simms of Trinity university, re-elected president of the organization.

Member schools represented at the meeting were: Baylor, Brownwood, Howard Payne college of Brownwood was declared football champion.

Other officers all of whom were re-elected, were vice-president, J. H. Shelton, Howard Payne college, and secretary-treasurer, J. C. Godby, Southwestern university, Georgetown.

Arkansas Assured Place in Conference at Annual Meeting

DALLAS, Dec. 8. (AP)—Arkansas university was assured continued membership in the Southwest Conference, at least for one more year, when coaches, business managers and faculty advisers of the conference voted, in session here today, to retain the conference roster under the present status. Belief had been current that Arkansas would be asked to resign.

Having kept the ranks intact, the conference moved today that other football squads must appear on the Arkansas campus each four years unless gridiron events met on neutral ground by agreement. This regulation, Dr. Penick announced, would be enforced religiously.

Crimson Tide of Alabama Defeats Louisiana State

BIRMINGHAM, Ala., Dec. 8. (AP)—Alabama's crimson tide bowled over the Louisiana State Tigers here today 13 to 0.

The game was largely a battle of lines, with Alabama having the edge in all but one quarter. Campbell and Holm scored touchdowns on short punts. Skidmore making the extra point.

The annual track meet, slated to have been held in May at Fayetteville was transferred to Owen stadium at Southern Methodist university. Tennis championship matches will be played a week later at Austin.

Tilden Action Delayed

NEW YORK, Dec. 8. (AP)—Action on the application for reinstatement of Big Bill Tilden was postponed until February by the executive committee of the United States Lawn Tennis association at its December meeting today.

Eagles Win, 26-21 Over Amarillo in Great Exhibition

ABILENE, Dec. 8. (AP)—Amarillo's Golden Sandstorm blew with tempestuous fury through four quarters here this afternoon, but when twilight fell it had been settled by the Abilene Eagles' powerful running attack.

The score was 26 to 21, representing one of the greatest thrills in the history of West Texas high school football. Ogleburn and outclassed for the first three quarters and part of the fourth, the fighting Sandies came back in the closing minutes of play to mount over two touchdowns with a bewildering aerial attack and throw a scare into Coach Mayhew's stalwarts.

By outscoring the Amarillo grid machine, the Eagles moved into the semifinals of the state championship. They will meet the Cleburne Yellowjackets, titlists in districts 3 and 4, here either Friday or Saturday of next week. Should the Eagles down Cleburne it would mark the fourth time Abilene had sent a team into the state finals.

With Smith and Phelps taking turn swatting the Amarillo line and skirting its ends, the Eagles had run up a commanding lead of 19 to 7 at the halfway point of today's tussle. They increased their lead to 28 to 7 soon after the fourth period opened. Then Amarillo unleashed its aerial attack directed by Travis and Walker to score twice in five minutes. They supplied the thrill the packed stands had waited for.

In the last two minutes, however, Abilene was touchdown-bound. The game ending the game with a 30-yard run by Smith.

Walker and Travis, stars of a deceptive attack by the Sandstorm, tossed 20 complete passes during the game. Amarillo compiled 25 punts, 17 for the Eagles.

Twice when within striking distance of the goal, Abilene had passes intercepted on first down. The Eagle overhead offense was weak all afternoon.

Abilene scored first, Smith driving over guard after an 80-yard punt. Hanna missed goal, however, and Amarillo went into the lead, 7 to 0, after the quarter was up. Travis sifted 13 yards through the line for a touchdown.

ABILENE, Dec. 8. (AP)—The Abilene Eagles and Cleburne Yellowjackets will meet here Friday in the semifinal game of the state high school football race, it was decided by officials of the two schools here tonight.

The Pampa hospital reports there is only a slight improvement in the condition of Miss Sylvia Phipps, who has been seriously ill with typhoid fever for the last two weeks.

Amario Line-ups

Pos.	Abilene
1	Daniel
2	Black
3	P. Barber
4	Manly
5	Black
6	Shackelford
7	Salkeld (C)
8	Kincaid

11	Smith

Score by periods

Amarillo	7	0	14	—21
Abilene	6	13	0	—7—26

Scoring: Amarillo, touchdowns, Travis (2), Butkin (substitute for Larsen), points after touchdown, Travis (3); Abilene, touchdowns, Smith (2), Phelps (2), points after touchdowns, Hanna, Salkeld.

Officials: Boynton (Williams), referee; Meyer (T. C. U.), umpire; Alderson (Illinois), headlinesman; Roach (Baylor), field judge.

Pythian Lodge Elects Johnson As New President

Walter Johnson was elected chancellor and commander of Knights of Pythias, lodge No. 480 last night to succeed Judge Ben S. Baldwin, the first commander. Other officers elected were: Vice chancellor, J. N. Shannon; Prelate, Virgil Hill; Master of works, R. R. Hungeat; Master at arms, B. F. Parr; Inner guard, Shelby Gantz; Outer guard, Harry Hoare; Master of finance and keeper of records and seals, Walter Hardin; Master of exchange, Ray Wilson; Representative to the grand lodge, the Rev. Tom W. Brabham.

Dr. C. D. Hunter was elected as trustee for three years to succeed Harry Hoare, retiring trustee. The other trustees are R. C. Campbell and Bob Cecil.

Officers will be installed at a public ceremony in the high school auditorium on the night of January 4, if the date does not interfere with a basketball game. An excellent entertainment is being prepared for the occasion.

Walter Hardin gave an interesting talk on the Pythian home at Weatherford and the general work of the institution. The lodge voted to collect funds and send Christmas cheer to the children in the home.

Six candidates were initiated into the rank of page before the election of officers.

PROMINENT PYTHIAN DIES

PORT WORTH, Dec. 8 (AP)—W. Abey 81, former newspaper man and prominent member of the Knights of Pythias, died here today. At one time Abey was president of the Fort Worth baseball club.

Northcott's Father Fails to Reveal Murder Testimony

RIVERSIDE, Calif., Dec. 8 (AP)—The case of Gordon Stewart Northcott, charged with murdering four boys on his farm near Riverside, Cal., continued to baffle authorities tonight, as the young man's father and mother again came into the investigation picture. The alleged victims were Walter Collins, two Winslow brothers and an unnamed Mexican youth.

The promise of the father, Cyrus George Northcott, that he would "tell everything" failed to materialize today when he informed deputy District Attorney Earle Redwine of Riverside county, "I haven't any thing to say now."

Meanwhile Norbert Savay, chief defense counsel for Northcott, said that Mrs. Sarah Louisa Northcott, Cyrus Northcott's wife, and mother of Gordon, had denied charges involving her in the alleged slayings.

Riverside authorities announced that Mrs. Northcott would be arraigned there Tuesday on the charge that she aided in the slaying of Walter Collins. Authorities said that if the son had recuperated, he would be arraigned with his mother.

SHERIFFS WILL ARREST MANY FOR FRAUDS

CLEVELAND, Dec. 8 (AP)—Three squads of deputy sheriffs started tonight to arrest thirty-one election officials named in forty-one indictments returned by the special grand jury for more than two months has been investigating alleged frauds in the August primary in Cuyahoga county.

Chief of county detectives Gideon Rabshaw himself made the first arrest, that of James Neville, said to be a booth election worker.

Mystic Supper Is Planned for Legion

A Christmas social gathering for all ex-service men and their families will be held at the Legion home Friday evening, Dec. 11, with members of the American Legion Auxiliary as hostesses. The big party will open at 7 o'clock with a mystic supper.

An interesting program of entertainment has been planned for the event. Mrs. R. A. Webb, president, other officers and members of the Auxiliary extend a cordial invitation to all ex-service men, whether they are members of the Legion or not, as well as their wives and children.

LOTHRINGER TRIAL GOES TO JURY SATURDAY

CORPUS CHRISTI, Dec. 8 (AP)—The case of Robert Lothringer, Beeville barber, was given to the jury tonight after the judge had issued a charge in which he mentioned the insanity aspect of the case and told the jurors they must determine whether Lothringer knew right from wrong when he fired three shots into E. C. Young as Young lay recovering from an operation in a hospital here.

Arguments in the trial consumed eight hours. The state contended that Lothringer displayed the cunning and reasoning power of a sane man when he gained admittance to the hospital at a late hour by pleading important business with the victim.

GAS TANK EXPLODES

WACO, Dec. 8 (AP)—Henry Brumfield of near Canyon, was injured, perhaps fatally tonight here when the gasoline tank of his automobile exploded after a collision with another machine. John Bepeclive, near Concord, with Brumfield, received burns and bruises.

CHURCHES

"I have just seen the lantern slides of life in Burma and India. . . . The most striking thing is the expression on the faces of children and grown men and women after they became Christian."—A. T. Robertson, M. A., D. D.

PREBYTERIAN CHURCH

Sunday school for all ages at 10 a. m. Morning worship at 11 o'clock. Subject, "Let Not Your Heart Be

Troubled." Song service and sermon, 7:30 p. m. Subject, "The Car of Shadowland." A welcome awaits you at all these services. REV. A. A. HYDE.

BAPTIST CHURCH

Sunday school, 9:45 o'clock. Sermon, 11 o'clock. B. Y. P. U., 6:30 o'clock. Sermon, 7:30 o'clock. Mission Sunday school, 2 o'clock. Sermon, 3 o'clock. Morning subject: "The Rich Fool." This is a very timely text. We invite the public to hear it. Evening sub-

ject, "Pay Day Some Day." This sermon is full of pep and it should be helpful to all classes of people. John Lee Harris of Fort Worth will be with us Sunday. Mr. Harris, a graduate of the Theological seminary at Fort Worth, is one of the outstanding singers of this state. He recently sang with the Seminary chorus when its programs were broadcast. If you are a lover of real singing, you should hear him.

WAXAHACHIE, Dec. 8 (AP)—J. C. Tate of Forrester has been chosen one of 20 master farmers in Texas, County Agent W. M. Love, announced today.

NEGRO KILLS OFFICER

CHICAGO, Dec. 8 (AP)—Policeman Michael Lynch, 35, was shot and killed tonight by a negro robber who entered a grocery store Lynch was guarding. The negro fled.

WRECK AT CORSICANA

CORSICANA, Dec. 8 (AP)—One man was injured, probably fatally and another received minor injuries in automobile accidents here today. W. N. Vaught, 46, received a fractured skull and other injuries. Physicians held little hope for his recovery. B. F. Wimberly received a lacerated scalp.

"NOW FOR THE HOME STRETCH"

THE BALLOT BOX

The Ballot Box has been locked and sealed and the key placed in the News vault box where it will remain until the official judges call for it next Saturday night after 9 o'clock. Upon procuring the key, the judges will open the box and make the final count. All white ballots now in the possession of contestants MUST be in the ballot box to be re-counted by the judges. Some of these are included in the standing below, others are not hence the absolute importance of turning in every ballot in the locked and sealed box. These reserve votes held by contestants may be deposited in the locked and sealed box any time up to 9 p. m. Saturday or later providing the contestants has them INSIDE THE OFFICE by 9 p. m., Saturday, Dec. 15. Count of the ballots will be public Saturday night and everyone is cordially invited to attend. The count will begin just as soon after 9 p. m. as possible, and the result should be known within an hour or so. Ballots issued on subscriptions turned in this week must also be deposited in the locked and sealed box.

There is no advantage in holding back votes or subscriptions any longer!

READ THESE FINAL RULES AND INSTRUCTIONS CAREFULLY

As a matter of precaution and to guard against possibility of loss to candidates through misunderstanding through these last days of the campaign, herewith are appended the final rules and instructions that must be observed. All candidates, particularly those residing in outside towns should read and weigh every line carefully.

- The campaign will end promptly at 9 o'clock p. m., Saturday, December 15, 1928.
- All subscriptions, reserve ballots and remittances must be in the News office at Pampa by that hour. The doors of the office will be closed and be locked promptly on the stroke of the hour, but all contestants who are inside at that time will be waited upon, and given ample opportunity to turn in subscriptions and votes, even though several hours are consumed. No one, however, will be allowed to enter the office after 9 p. m., until after the official judges have taken charge of the ballot boxes.
- If you live outside Pampa and intend to mail your votes and final remittances, take precautions to find out exactly what time your local postoffice closes, and continuing train service to Pampa. Positively no remittances received by mail later than 9 p. m. Saturday, December 15, 1928, will be included. All remittances sent after Thursday should come special delivery in order to insure their reaching us in time.
- All letters containing votes and remittances should be addressed plainly: Campaign Manager, The Daily News, Pampa, Texas. The Daily News or the Campaign Manager will not be responsible for remittances sent by mail which do not arrive in time.
- Examine your vote ballots carefully and see that the proper number of votes have been given. If there is any error notify the campaign manager in writing before Thursday, December 13. Neither the News nor the Campaign Manager, will be responsible for any clerical errors unless notice is given before the final count commences.
- Be sure your name and district number is on every ballot before turning it in.
- UNDER NO CIRCUMSTANCES WILL VOTES BE TRANSFERRED FROM ONE CONTESTANT TO ANOTHER. THIS IS AN ABSOLUTE RULE AND WILL BE STRICTLY ENFORCED.
- Second payment must be marked as such on the subscription stub, also the amount of the first payment, in order that the proper difference may be credited. Neither the News nor the Campaign Manager, will be responsible for errors in second payment credits unless notice is given before the final count commences. The decision of the judges on the votes as issued will be final.
- Subscriptions this week will receive votes according to the Final Vote Schedule. It is final and conclusive and will never change. The scale on the book of receipt books is now void. Note the tremendous number of votes given this week on a 3-year subscription. The number is 104,000.
- Contestants may send in their reserve votes any time now, as the ballot box has been locked and sealed and will not again be opened until the official judges break the seal and begin the final count.
- All votes now in the possession of contestants have not yet been voted. They must be in the ballot box or in possession of the contestant in the campaign office by 9 p. m. Saturday, December 15, to receive credit. The same applies to all votes you receive this week under the final vote schedule. Neither the News nor the Campaign Manager, will be responsible for the counting of your votes unless you send them in.
- When sending in your votes, do not tell or fold them, but keep them absolutely flat, using little pieces of cardboard. Be sure to use special delivery stamps on all letters, containing votes and subscriptions.
- Positively no personal checks will be accepted in payment for sub-

(Continued on page 8)

Dawn of Final Week Excites Feverish Intensity Among Contestants in News Famous \$5,000.00 Prize Race—New Vote Schedule Goes into Effect Today and Continues Until the End—Is Last and Final Chance to Win.

The dawn of the final week! The last dash to the wire! The beginning of the end! Six short days more and the Pampa Daily News widely famed automobile and prize campaign comes to a dramatic close. All Northwestern Texas is watching, waiting, wondering. Who will win the three big automobiles and other prizes is the question of every lip. Both districts are seething with the bustle of preparations for the final dash. Excitement is keyed to the highest pitch.

Riding on the crest of the wave of enthusiasm are ambitious contestants from every section of the News wide territory, exerting vigorous efforts to capture the beautiful prizes that will be awarded a few days hence. In both districts is gathering the storm of votes that will descend upon the campaign office in the last few days. Never before was such a glittering array of splendid grit presented—never was such a battle waged to win them.

On this page appears the Final Vote Schedule, effective at 8 a. m. Monday, until the end of the campaign. All subscriptions turned in during the final week will receive votes according to this scale. The schedule was compiled in accordance with the original announcement of the campaign which appeared in the News on October 12. It is positive and conclusive and will not change.

Study this new scale carefully. Note the tremendous vote value of subscriptions now.

It's the last chance, and the one sure way to victory and an automobile. Present indications point to a hair-breadth finish and it is certain that the prizes will be won by small margins. No one contestant can appear certain of victory, and there is abundant speculation as to the outcome. This final week will decide. It is only those who buffet the waves with a stiff upper lip, brushing aside every obstacle that may arise that have the best chances of winning an automobile. It seems to be unanimous, this preservation that is characteristic of the contestants, and this final week will undoubtedly witness the most spirited battle that has yet taken place. All the territory is being raked as with a fine tooth comb, and the rush of subscriptions is sending vote totals to almost colossal figures.

It now behooves every candidate to put fresh vitality into the work. These last six days of the campaign, during which the final vote scale is effective, will be the deciding factor in determining the winners.

The race is too close to bank upon any possibilities, and there are too many persons interested in every candidate to insure anyone else an easy winner. Over confidence loses battles. Relaxation at this stage of the campaign is suicidal to success. Determination to win, coupled with relentless activity in vote gathering will make a winner out of a contestant. This is no time to hesitate. What is intended to be done must be done NOW. To temporize it to let some other candidate forge ahead and claim the prize that would have been yours.

It is perhaps, needless to state the holding back of subscriptions now is of no avail. The ballot box has been locked and sealed, and all votes held by candidates, and the votes obtained during this last week may be deposited any time up to 9 o'clock Saturday night, December 15. The seal on the ballot box will be broken only when the official judges begin their final count preparatory to announcing names of the winners.

In conclusion, let it be stated that the time of all times has its inception at 8 o'clock, Monday morning, when the final vote schedule becomes effective. The date of its close, December 15, 9 p. m., looms big on the horizon, and every tick of the clock bring it closer. Read again the vote schedule—victory is there.

And what does victory in this campaign mean? The realization of your fondest dreams—ownership of a big powerful, luxurious motor car.

This is your eleventh hour chance to make a whirlwind dash to the finish—a chance to get your share of the \$5,000 worth of happiness and riches that the News will spread broadcast with a lavish hand in a few days.

Votes secured during final days determine prize winners. It's now or never—Work—Fight—to the last ditch!

POSITIVELY

No new contestants will be allowed to enter. The names of the automobile winners are on this page, who they are only votes will decide.

FINAL VOTE SCHEDULE

Showing the tremendous vote value of subscriptions during the last six days of the campaign. This scale is effective at 8 a. m. Monday, December 10, and continues until the end. It is final and conclusive and will never change. This scale replaces the one on the rear cover of receipt books. Clip it out, paste it in your book and then get busy!

AMUSEMENTS

AT THE CRESCENT

One of the most heart-breaking
scenes that has ever been witnessed on
the screen, the last kiss of two lovers
when one is doomed to die, is present-
ed in "The Red Mark" a dramatic
James Cruze production for the Pathe
which comes to the Crescent Theatre
Sunday.

Nena Quartaro and Gaston Glass who
maintain the romance of the picture
are the principals of the dramatic
situation. The setting is the interior
of a prison cell. Making the scene
more vital, only the man is aware that
it is his final embrace. The girl believ-
es that her lover is to be pardoned at
the last moment. So, while her tears
are a manifestation of bitter despair.

"The Red Mark" is a romance of
love on a penal island inhabited by
convicts. Besides Miss Quartaro and
Mr. Glass, Gustavo von Seyffertitz and
Rose Dione are featured.

AT THE REX

Light and airy as a soap bubble
about as irresponsible and surely one
of the most perfect forms of entertain-
ment that has come this way in a long
time, is "Show Girl," the new First
National picture featuring Alice White,
now at the Rex theatre.

This little girl with her blond hair,
her dainty figure and her pep—surely
she is destined for great things in the
show world, which includes the screen
world. She has proved in this picture
that she has the talent to create a
role. For J. P. McEvoy's heroine was
simply a character on paper until Alice
invested her with life.

The direction by Alfred Santell is
superb. The scenes on the stage dur-
ing musical comedy rehearsals present
many shapely girls, big sets and plenty
of action. Miss White tops everything
with her effervescent personality.

Charles Delaney pleases by his work
as Jimmy; Donald Reed, Lee Moran,
Gwen Lee, Kate Price, Jimmy Finlay-
son, Richard Tucker and many others
made up a cast of adequate principals.

There is nothing serious about "Show
Girl." It is even flippant, glib, su-
perbly sophisticated. But it is enter-
tainment and as such it is entitled to
its share of approval. It is clean and
clever.

PLA-MOR AUDITORIUM

Monday, Tuesday, Wednesday
Twin marathon, skating and danc-
ing, which starts at 12 o'clock mid-
night Sunday.

Thursday

Duke Tramel and Walter Varner
headline a big boxing card with ten
rounds scheduled in the main event.
Boxing starts at 8:15 and the mar-
athon is expected to end that evening.

Friday

Skating from 8 to 9:30.

Rev. John Hessey, Pioneer Resident, Dies Last Night

The Rev. John Bascom Hessey died
here last night at 11:50 o'clock at the
home of his son, John B. Hassey, Jr.,
following a long illness.

The body is at the Malone Funeral
home, and early today will be taken
to his home at Alanreed for the fun-
eral services Monday at 2:30 o'clock.
He will be buried in the Alanreed
cemetery.

Mr. Hessey was born October 11,
1858. He had lived in Gray county
since Feb. 10, 1907. He is survived by
his wife and one son, John B. Jr., and
one daughter, Mrs. Mary Boyd of Mc-
Lean. A brother, Billie Hessey, lives
at Austin, and a sister, Mrs. Maggie
Hill at Dallas.

ABILENE MAN KILLED

ABILENE, Dec. 8. (AP)—George Hayes,
30, local butcher, was killed here to-
night when the truck he was driving
collided with another automobile. Two
companions of Hayes escaped injury.

Christian Church Dedicated 18 Years Ago

Today's services at the First Chris-
tian church will be the last in the old
building at the corner of Kings Mill
avenue and Ballard street. On next
Sunday the congregation will enter the
new educational building just three
blocks east of the present site, at the
corner of Kings mill and Starkweather.
The recreational room will be used as
an auditorium pending the erection of
the chapel in the spring.

The local congregation was organ-
ized April 4, 1909, by Rev. John D. White
of Amarillo, now in broken health in
Commerce, Texas. The charter mem-
bers were Mr. and Mrs. H. J. Lippold,
Mrs. Francis Knox, Mrs. J. M. Bell,
Miss Sudie Bell, Mrs. J. F. Meers, Mrs.
H. M. Bailey, and J. A. Newman. A few
weeks later Mrs. Jennie Ledrick, Mr.
and Mrs. Lee Ledrick, and Mr. and
Mrs. H. B. Lovett were added to the
list.

Services were conducted for a short
period of time in the old school build-
ing where now stands the Dave Pope
home. The Methodist church at that
time was having but half time preach-
ing, and tented the Christian church
the use of their building the other half
time. Later the congregation moved
to the newly erected school building,
now known as the Lamar school, and
called Rev. Otis Hawkins to lead in
an evangelistic meeting. The mem-
bership was enlarged as a result of the
meeting and the present site was pur-
chased in the early part of 1911, and
the building was completed and ded-
icated on April 16, 1911. During the
ministry of Rev. Paul J. Merrill the
congregation grew and the Bible school
outgrew the one-room building, so that
about seven years ago the Bible school
annex was added. Some of the minis-
ters who have served the local congre-
gation are Arthur W. Jones, now min-
ister of the Christian church of Mem-
phis, Texas, and T. O. Purcell, who
passed away a few years ago as minister
of the Christian church at Dalhart.

The present minister, James Todd,
Jr., has been minister of the local con-
gregation for the past three and one-
half years. In the closing service to-

night at 7 o'clock he will speak on the
subject "God's Fellow-Workers; God's
Household; God's Building" and will
speak of some features of the history
of the past twenty years in the build-
ing that is now to be vacated, and dis-
posed of in preparation for the selling
of the old site.

The public is invited to the services
today at 10:45 and 7 p. m.

METHODIST CHURCH

A hearty welcome always awaits you
at the Methodist church. Our Sunday
school is fast becoming one of the best
in the Northwest Texas conference.
The worship period for Sunday school
starts promptly at 9:45 o'clock, J. O.
Gillham, superintendent. We have a
class for every age.

The pastor, Rev. Tom W. Brabham,
will speak at both the morning and
evening worship periods.

At the 11 o'clock hour his theme will
be: "A Christless World."

At the 7:30 evening hour the theme
will be: "The Story of a Shipwreck."

Our programs are ones that you will
enjoy. Mrs. F. L. Elliott will be at
the organ at both services.

Prof. Thomas Fannell and his choir
will bring messages in songs that will
stir your soul.

The orchestra at the evening hour
will play selections that will inspire
your heart.

We invite you to make the Method-
ist church your church. You will al-
ways meet a fellowship you cannot for-
get.

The church with a hearty welcome.

(Continued from page Seven)

scriptions this final week. All remittances must be express or postal
money orders, or the actual cash. If you have any checks given to
you by subscribers, go to the bank and have them certified before turn-
ing them in.

14. Positively no subscriptions will be accepted without the money, and
no money will be accepted without the subscriptions. No subscription
money will be refunded. No prize can be exchanged for cash or com-
missions.

15. Owing to the uncertainty of mails reaching contestants in time to
be returned for the final count the Campaign Manager will not, after
Thursday, return any ballots that are issued on subscriptions received
by mail. Prompt acknowledgement, however, will be made by mail of all
remittances received and the votes will be deposited in the locked and
sealed ballot box.

16. Every contestant is urged to be present Saturday night, although
it is not required. The count will begin just as soon as possible after
the last ballots have been deposited in the ballot box, and the result
will be known in an hour or so. The Buick, Chevrolet and Whippet will
be turned over to their new owners the minute the judges announce their
names. Orders for prizes other than the automobiles, and cash com-
mission checks for qualified non-prize winners will be mailed out im-
mediately.

17. No new entries will be received this week. The names of the auto-
mobile winners are on this page. Who they are, only the final votes will
tell.

18. Every contestant is advised to do his or her level best this week.
Victory is in the Final Vote Schedule Work—fight—to the last ditch!

Nash President Sees No Threat in European Field

KENOSHA, Wis., Dec. 8. (Special)—American automobile manufacturers and the American industry generally will not have to guard against any European invasion of the field of Yankee motor car design and engineering in 1929, but lower prices on cars in volume production on the continent may be expected to add to American car competition overseas, in the opinion of O. W. Nash, president of the Nash Motors company, whose return from a tour of northern European countries and the annual motor exhibitions in Paris and London has brought new light on the always interesting foreign motor car situation.

"Mechanically there has been a marked improvement in European motor car design," he said today in summing up his impressions of the two months' tour, which included not only studies of the Paris and London shows, but also inspections of key industrial plants in Sweden, Germany, France and England.

"The American industry is credited with remaining comfortably in advance in this respect and also with developing some of the most important of the mechanical features of the manufacturing year; but to my mind both French and English made cars are better today than they were a year ago, and their manufacturers have been able to considerably reduce prices of the cars that are produced in volume."

One of the most important changes noted was in the trend of the European coachwork.

"The bigger manufacturers in Europe and we in America are thinking more nearly along the same lines of design this year than ever before," Mr. Nash pointed out. "I have never been more pleased with our own Salon body design and the general character of the 400-series cars than after viewing the best efforts of European coachbuilders at the Paris and London exhibitions. The general trend of the most popular European design follows the Salon lines as far as moulding treatment, length, firmness and grace is concerned. It also parallels our development in composite body building, which makes hardwood complement steel and steel strengthened hardwood in the 400 models. It is no small satisfaction to realize that our own body builders and artists of Europe are of one mind in the matter of 1929 styles."

"A year ago at the Continental shows the fabric body was an important feature. This year few fabric bodies were seen, while steel and wood construction had come into its own. Excellent work has been done in tailoring and finish by the European builders. The show cars revealed many advanced and pleasing ideas in coloring and striping and interiors were even more luxurious than in former years. American-made machinery is now turning out cars for the volume producers of Europe, and the straight-line production system has taken the place of the old and tedious European methods which elevated production costs for so many years. Manufacturers over there have done considerable organizing for their protection in European markets. In England particularly the high import duties, coupled with almost prohibitive horsepower taxes and the high cost of automobile fuel, give the English industries an advantage over American manufacturers that may be computed as approximately a 50 per cent handicap."

"It is particularly interesting to note that in France the pressure of American-made six-cylinder cars has compelled the French manufacturers to go to the six. French buyers are no longer content with the low-powered four-cylinder cars they have nursed over the highways for years. They are tired of having to shift gears in order to mount the smallest rises in the ground; and the volume producers have brought out six-cylinder models in order to meet the national demand. In the big motoring centers American car advancements are keenly felt. Our motor efficiency has awakened the public to new values and has also awakened the overseas makers to a realization of their need for immediate manufacturing improvements."

"It is hard to put the finger on any other outstanding feature of either the Paris or London shows. I liked the English exhibition best. It was staged better than that in Paris and held more displays than our own national show. Fifty body builders had separate displays in London and the show committee went to unusual lengths in decorating their building and making every display distinctive and interesting."

Mr. Nash was the guest of honor at

High Speed Highway Cuts Congestion in Suburban Districts

The Hutchinson River Parkway (lower left) in Westchester county, New York, providing a four-lane highway for passenger automobiles, has solved a suburban traffic problem common to American cities by insuring a steady flow of traffic at 35 miles an hour. Intersecting roads and railways are sent across the parkway on arched bridges (above). V. Everett Macy, president of the Westchester County Park Commission (lower right), led the movement for construction of the roadway.

By WILLIAM BERCHTOLD (Associated Press Automobile Editor). NEW YORK. (AP)—Opening of the Hutchinson River Parkway in Westchester county points the way to the solution of one of the greatest traffic problems common to cities throughout the country—construction of highways in suburban areas to insure a steady flow of traffic at high speed.

The "bottle-neck" condition found at the entrance to large cities, where traffic must move at a snail's pace along narrow roads intersected by numerous crossroads, is not limited to any one section of the country. It is a situation which more than a score of cities have sought to remedy.

The new Hutchinson River Parkway, recently opened to traffic, "by-passes" the congested areas of cities along the Boston Post road just out of New York, provides four lanes to insure movement of traffic at the rate of 35 miles an hour, and by means of grade separations cuts out the old-time crossroads' congestion.

The new parkway, 11 miles in length, was created by the Westchester County Park commission to relieve congestion on the Boston-Post road, which is the heaviest travelled thoroughfare between New York and New England. The route permits the motorist to avoid the congested centers of Rye, Harrison, Mamaroneck, Larchmont and New Rochelle, while the old road led through the business centers of these communities, slowing down through traffic.

Automobiles traveling on intersecting roads do not halt traffic on the main thoroughfare since they are sent across the road on overhead arch bridges. All railroad grade crossings have also been eliminated in this way.

motor functions in all of the countries he visited. Dinners and receptions were arranged for the Nash party, which included Mr. and Mrs. Nash, Harold Seaman, president of the Seaman Body company which is controlled by the Nash interests; Eric Wahlberg, chief engineer of the Advanced Six Division, and Earl Gunn, chief engineer of the Standard Six Division. In Stockholm the American leader addressed a special Nash organization meeting; and in Paris, where 18 countries were represented by Nash dealers and distributors, he was the chief speaker at another international Nash meeting. Mr. Nash was also one of the principal speakers at pre-show banquets for European industrial leaders in both Paris and London.

There are no heavy grades or sharp curves on the new highways. Attractive landscaping has been considered an integral part of the project. Trees and plants have been put in along the road to aid in its beautification. Signboards and filling stations are prohibited by law.

Similar movements are under way in other large cities to reach a solution to the same problem. Wayne county, including the city of Detroit, in Michigan, is continuing its Woodward avenue extension, which is a through boulevard with grade separations accommodating commercial and passenger motor traffic as well as trolley lines.

Philadelphia now has a tri-state federation working on a program for that area. Chicago is extending its

A

BRAND NEW PONTIAC IS COMING!

KEEPING with its policy of progress, Oakland has for months been working on a new Pontiac Six. It is more than a refinement of its famous predecessors. It is essentially a brand new car from beginning to end.

Details will be announced later. But this much can be said now. This new Pontiac will represent an even greater innovation today than the first Pontiac represented in 1926! Without departing from the low-price field, it will bring to this field fine-car elements of style, performance and luxury never before provided in a car so inexpensive to buy!

Watch For Further Information Regarding

THE NEW PONTIAC 6

OAKLAND MOTOR CAR COMPANY, PONTIAC, MICH.

New Pontiac to Appear Soon Is Big, Luxurious

PONTIAC, Mich., Dec. 8. (AP)—A Pontiac Six, new in practically everything but name, shortly will appear on the market. It was announced here today by the Oakland Motor Car company.

A bigger, smarter, more powerful and more luxurious Pontiac, bringing big car features within the price range of the small six, was promised by the Oakland company.

This announcement comes near the close of the most successful year in the company's history with an estimated total output for 1928 of close to 270,000 units, forty percent above 1927.

In preparation for 1929, extensive building projects under way here for some time past now are practically completed, and will give the Oakland-Pontiac plant a capacity next year in excess of 350,000 cars.

Production of parts for the new car is now under way at the company plant, said to be the most modern and best equipped in the industry. The new Pontiac Six will be built almost entirely in factories owned by the Oakland Motor company and the Fisher body plant at Pontiac, because the opening of new production units will enable Oakland in 1929 to build parts formerly manufactured elsewhere.

Keen interest in the new Pontiac Six was evidenced in automotive circles here and at Detroit because the Pontiac, first introduced in 1926, has since consistently shattered all previous sales records for a new make of car.

While embodying big car features and performance, the new Pontiac Six will remain within the price range of the smaller six, according to the announcement issued today. National showings will be held around the first of the coming year.

outer drive on the lakefront. Boston recently completed a traffic survey of its metropolitan area and St. Louis has authorized elaborate plans for street and parkway development.

The value of developing these suburban entrances to the cities is emphasized by the report of the Westchester County Park commission that land values in that area have increased a half billion dollars since it started the building of a series of modern highways throughout that section in 1922.

Motor Industry Rides Safely on, Executive Says

DETROIT. (AP)—Talk of the "saturation point" and the "used car evil" finds little sympathy with R. H. Grant, vice-president of the Chevrolet Motor company.

"The 'saturation point' is far distant, and the used car is 'the greatest blessing in the industry,' he says. 'The automobile industry is not threatened by anything now within the comprehension of man,' Grant asserts. 'Human beings must travel, and they must travel in the main over the ground. Ten years from now it will be not greatly different. The demand for motor cars will continue, and already the idea of two cars to the family has been quite thoroughly sold.'

Grant holds the next step is to sell the idea of a car for every member of the family qualified to drive and financially able to own an automobile. He believes that ultimately this idea can and will be sold to the American public.

Of the "used car evil" he believes that "whatever losses come out of the used car market are made up five times over in the market thus created for new cars."

L. V. Linsdale, who has recently moved his law office to LeFors, has been elected to the office of city attorney of that place, with a salary of \$1,000 per year.

1929 Model Is Longer, Higher, and Roomier—"Fingertip Control" Biggest Feature "Since Invention of Self-Starter"

His first car of the New Superior line, a sedan in rich green color, was received by Martin J. McGarrity of McGarrity Motor company, local Whippet dealer, late yesterday and is on display at the showroom.

The new car is conspicuous by reason of its longer wheel base (5 inches longer), higher and wider hood, and general appearance of being larger and heavier. The fenders are full-crowned, the lights are cone-shaped, and the body is prettily streamlined.

Powered by an engine of 43-horsepower, instead of 30, the Superior Whippet has a gear ratio for speed of 70 miles an hour. The engine bore is 3 1/8 and the stroke 4 3/4 inches.

The wider, form-fitting seats are upholstered in finer materials than ever, and all passengers enjoy restful positions.

The sensational feature of the car is built into the easier working steering wheel, and is known as "Finger-Tip Control." A single button, conveniently located in the center of the steering wheel, controls all functions of starting the motor, operating the lights, and sounding the horn.

The driver pulls on the button to work the self-starter. He presses it to sound the horn. Turn one complete notch to the right and the indirect lighting of the dash flashes on; turn a half notch and you get full bright lights; another and the lights are dim; another and only the parking lights glow. Greater convenience and safety are thus assured by what is claimed to be "the most notable advance in driving convenience since the self-starter."

Cars will be available for delivery before January 1.

Dodge Victory Six Is Popular All Over Nation

Price reductions of \$150 to \$250, recently announced on all Victory Six and Standard Six models have resulted in unusually heavy demands for cars from Dodge Brothers dealers everywhere. Shipments have been speeded up to take care of orders pouring in to the factory, and figures show that November shipment snatched up one of the heaviest fall months in the history of the company.

The reductions were announced to the public after aggressive work at the factory aiming at volume production and sales.

"At these new low prices a value never before offered in the industry is presented to the public," said John R. Lee, general sales manager. "All models are the latest types built by the company, and represent a wide selection of body styles and color combinations. The reductions as announced have brought a quality six on the market at prices formerly paid for a four."

"Motor car buyers seeking the highest possible standards in performance and economy, coupled with dependability long associated with Dodge cars, are now offered an unusual opportunity. A car exactly fitting the transportation needs of millions of people is available at an outstanding saving, and sales following these price cuts indicate an enthusiastic recognition of this automotive value."

Large Crowds Praise Chevrolet at First Showing

DETROIT, Dec. 8.—Record crowds, highly enthusiastic over motordom's newest automobile, viewed in the new line of Chevrolet six-cylinder valve-in-head cars at the national premier recently in New York and Detroit.

Thousands that crowded both exhibitions to inspect Chevrolet's greatest achievement—a six in the price range of the four—enthusiased over the striking beauty of the new Fisher body—the latest accomplishment of this famous organization.

Visitors were open in their admiration of the "expensive" big-car appearance of the new models. They were pleased with the smart new colors that will distinguish the new Chevrolet from all others; the elegance of the fittings appealed to the most discriminating; and the luxurious upholstery pleased the most exacting of the feminine showgoers.

They inspected the powerful new 46-horsepower motor with its non-detonating high compression head. They were particularly interested in learning that it develops 32 per cent more power than its predecessor, which was world-famous for power and that its speed and acceleration has been stepped up to satisfy maximum requirements.

In the shimmering new cars they saw the final product of more than four years research and experimentation in the Chevrolet experimental laboratories, the General Motors research laboratories and the General Motors proving ground.

The hum of enthusiasm that pervaded both the New York and Detroit exhibitions seemed to presage a new record year for Chevrolet in 1929. Orders were being placed immediately by those desiring early delivery in January when the first of the new cars will be delivered to owners.

Despite the fact that only two cities have seen the new cars, orders in large volume are pouring into the Chevrolet offices from every section of the country. Although the country-wide dealer organization will not have display cars until December 29, the entire sales organization is now equipped with full color illustrations of the cars, literature and other information about the car that promises to write a chapter of sensational success into the automobile history of 1929.

Meanwhile the 15 giant Chevrolet plants across the country are pushing production with all the speed possible within the limits of precision manufacturing in order to supply dealers with cars as quickly as possible for delivery, starting January 1. In order to accommodate the public and the dealers, the December production schedule has been stepped up to the highest on record for the month.

Guiding Your Child

TOO HEAVY BURDENS By Mrs. Agnes Lyne

The minds of life should be tempered for the young lamb as well as for the shorn one.

We who are grown up must face bills, sickness and emotional unhappiness. As parents, we have had years in which to face reality and many of us find it no joke at that.

But children during their early years must be granted complete immunity from the stringencies of adult existence. They should sense nothing of money worries, sorrow and the shadows which hang over the grown ups of the home.

Distracted parents must not yield to the temptation of making children the confidants of their troubles. For the childish spirit is not yet equipped to endure these things.

Andrea was taken into the confidence of an unhappy mother. A child of six, she was heard to wonder aloud whether mother would be able to get a scholarship again for her this year and whether they could find a decent place to live in that would not be too expensive. She wished daddy would come home to live with her and mother again, but "Daddy is so selfish."

These are not wholesome considerations for the mind of a child. The struggle to give her an education is no part of her concern. The family budget and the rent problem are things she should not worry about for some years to come. Her father's defection from the family circle she cannot help but feel, yet it can only hurt her still more to hear and echo her mother's harsh criticism of her father.

It is enough if the little child faces his own problems; if when he has spent all his pennies all at once he can wait without grumbling until next allowance day; if having suffered defeat he keeps a stiff upper lip; and if

wanting all his mother's love he learns to share it happily.

A child who too early feels the trials of adult existence has his shoulders bent by burdens too heavy for his years. When life seems too hard he becomes unduly saddened and serious, and less able to undertake his own adventure with a happy spirit.

NEW YORKER AT LARGE

By G. D. SEYMOUR
 NEW YORK.—Stuffed miltz is a favorite entrée at 30 Union Square, and 20 cents buys a generous plateful of braised ox tail.

The workers have their own cafeteria, and one of these days it will take its place among the sights of New York. Already those in the neighborhood who look askance at the radical throng on the west side of the square have dubbed it "the soviet restaurant." Actually it is the Proletcos Co-operative cafeteria, founded with the funds of a thousand laboring people—seamstresses, needle workers and other industrial wage earners.

A year ago they pooled their money to start a deli-cateressen and lunch room. It drew so big a throng that now the group has moved into the great room in the Workers' Center, where murals in crayon adorn the

walls, modernistic designs are patterned on the ceiling, food is sold at cost at the counters and the creed of casteless brotherhood is preached and argued at the tables in a dozen tongues.

Overhead, until lately, was the communist party's headquarters for William Z. Foster, its presidential candidate. Now the rooms house the workers' night school and propaganda bureau. On the sidewalk in front of the building eager knots of men cluster all day and all night, arguing about labor and capitalism, and pressed so closely that pedestrians can hardly get through the throng. Within, at the tables at the cafeteria, everybody calls everybody else "Comrade," and men and women struggle for listening posts around the chair where some suppositum Socrates is delivering an impassioned oration.

Heroes in Crayon

The layman may not be arrested by the discussions around him, but he will notice the murals. They were done by Hugo Gellert, Hungarian artist of New York, in stark and elemental colors. The men are heavily muscled and iron-jawed. The women, too, are muscular, and full-breasted and broad-hipped.

On one side a panorama of labor reaches the length of the wall—men

working at iron smelters, with the red furnace glow reflected on hairy chests, or in coal mines, amid dimming green and purple shadows. Women, bent amid gears and wheels and shafts, and lift banners warning: "Don't Sell," and "Workers of the World, Unite."

On the other side of the wall, larger than life, are modern leaders of radical thought, dead now: John Reed, Carl Ruthenberg, Kasel Lebknecht, Red Rose Luvenbourg, Lenin—heroes all!

Succo and Vanzetti

Clear at the rear and in an ell invisible from the front are the figures of Succo and Vanzetti, crayed in heroic proportions in black and red on the white wall. Only a close look in clear light reveals beside them a quotation, the letters of which have been blocked out in pencil.

It must be studied out word by word, so dim is the pencilling: "Our words—our lives—our pains—nothing! The taking of our lives—a good shoemaker and a poor fishmonger—all—Vanzetti."

But the director of the cafeteria does not speak of the lettering, and avers that it will never be blocked in. Within a few weeks the steam and smoke of the kitchens will obliterate it.

CAPITOL NEWS

WASHINGTON—When President Hoover takes office, he is going to face a big job in living up to the specifications of greatness mapped out for him in advance by newspapers outside the United States.

The situation has brought out editorial comment in such places as the Philippines that has caught the attention of Governor General Stimson and of Washington officials because, in one case at least, champions of Philippine independence appear to have switched their position as a result of Hoover's victory.

New Note in Philippines

Probably that does not come as a surprise in Washington. The brander has known that many officials here were inclined to take the independence outcry in the islands with a liberal grain of salt. They looked upon it as a manifestation of home politics. The late Secretary Weeks had that view; it is shared by Dwight Davis, as secretary of war, and by such an expert as General McIntyre, long head of the insular bureau.

It remained for Hoover's election, however, to see something definite written into editorial comment of La Aurora, Manila, a leading Spanish independent newspaper of the islands and for years a stout champion of insular independence.

The editorial in question paid glowing tribute to Hoover as a genius of organization.

It notes that "we Filipinos" looked with sympathy "in a platonic way" on Governor Smith's candidacy because the democratic platform "contained a sentimental reference to our dreams of the past," but adds that the election result "in the circumstances" seems the "best guarantee" of stability of Philippine institutions and development of insular economic interests.

Stimson's Position

That is rather surprising from an independence champion; but the thing becomes even more masked as the editorial proceeds. It points out that under "the spirit created in the American people since the great war" the American frontiers "have become too narrow."

"Is America's altruistic and beneficent influence extend today all over the world; its capital and its technical advisers are much in demand even in China, and; we Filipinos were not too nearsighted to see the importance of these events for the future we should realize that our destiny could never be better guaranteed than under the protection of the United States by the strong bond of prestige, power and in-

fluence of the great republic," the paper goes on. "Our national political parties would raise their platform, eliminating from them everything artificial in order to adapt them to reality, and would endeavor to find a position responding to that reality and to circumstances and not to things imaginary, and satisfying our desire for autonomy which is reasonable."

Just what change in insular views this indicates is not clear. It is a rather strikingly frank declaration, however, and in the opinion of the writer calculated to increase the prestige of Governor General Stimson. It raises the question as to what further recognition of services Stimson may look for, say when President Hoover selects his cabinet.

New Features of - The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

Everywhere The Outstanding Chevrolet is being hailed as a spectacular achievement in advanced design, because it embodies the greatest array of improvements ever offered on any automobile of comparable price.

Here, for example, is a marvelous new six-cylinder, valve-in-head engine whose design represents over four years of development and testing on the part of Chevrolet and General Motors engineers. It has numerous advancements typified by a non-detonating, high-compression cylinder head—gasoline pump with filter, and automatic rocker arm lubrication. It provides performance the like of which was never before available in the low-price field—marvelous smoothness, tremendous reserve power and sensationally swift acceleration—all with an economy averaging better than 20 miles to the gallon of gasoline!

Here are new and improved four-wheel brakes unsurpassed for silence in operation, positive action and ease of adjustability!

Here are marvelous new Fisher bodies introducing a new order of beauty, smartness and luxury.

And here, also, are other features by the score—each an impressive example of automotive progress—each contributing to outstanding performance, quiet operation, long life, ease of control and economical ownership!

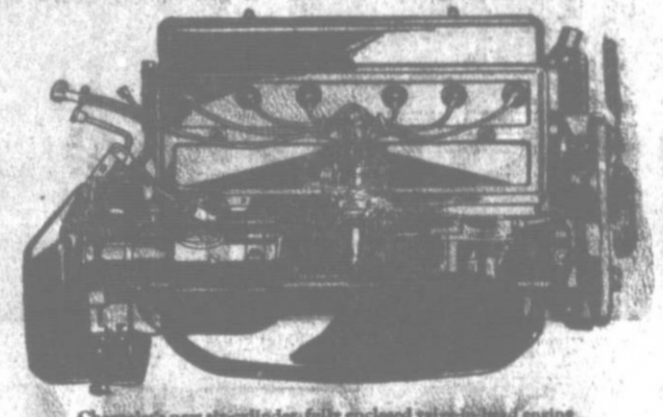

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car, which will be ready for delivery beginning January 1st.

Advance Showings

The Outstanding Chevrolet of Chevrolet History is being displayed in a series of advance showings, the last of which are in the cities listed below:

The Roadster.....	\$525	The Convertible Landau.....	\$725
The Fleeton.....	\$525	Sedan Delivery.....	\$595
The Coach.....	\$595	Light Delivery Chassis.....	\$400
The Coupe.....	\$595	1 1/2 Ton Chassis.....	\$545
The Sedan.....	\$675	1 1/2 Ton Chassis With Cab.....	\$650
The Sport Cabriolet.....	\$695		

All prices f.o.b. Flint, Mich.

Chevrolet's new six-cylinder fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 196 cu. in. and it develops 46 H. P. at low engine speed.

An automatic accelerating pump helps in unusually swift acceleration, as well as greater gasoline economy.

On the indirectly lighted instrument panel are grouped all controls, including the water temperature indicator and the new Electro-Lock.

The new aluminum alloy radiator, lens, condenser and one-piece fan cover feature are typical fine car features of the Outstanding Chevrolet.

The adjustable headlights in all closed models swing to clear the dash and make possible proper reach for all distances.

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.

Other Outstanding Features of Advanced Design and Equipment

- MOTOR**
- New six-cylinder motor, valve-in-head type, fully enclosed.
 - New automatic lubrication of rocker arm mechanism.
 - New fabric camshaft gear.
 - New heavier crankshaft, statically and dynamically balanced.
 - New hot-spot manifold.
 - New AC gasoline pump with filter, replacing vacuum tank.
 - New type AC air cleaner.
- COOLING SYSTEM**
- New type thermostat cooling system control.
 - New electric water temperature indicator on dash.
- ELECTRICAL EQUIPMENT**
- New two-beam headlights with foot button control.
 - New prismatic headlamp lenses.
 - New shield-proof Electro-Lock.
 - New semi-automatic speedometer.
- CHASSIS**
- New self-lubricating, single plain dry disc clutch.
 - New smooth tapered transmission.
 - New solid shaft type steering column.
 - New flat type, standard rim steering wheel.
 - New and more complete Air-Mix-Chamber lubrication.

A NEW ALL-AMERICAN SIX

BY OAKLAND

Use of Arm Signals in Driving Is Urged as Step to Eliminate Crashes

On the average, 2,360 persons were killed or seriously injured every 24 hours during the first six months of this year, says a safety report of the American Road Builders' association.

The association's report said it had been found that the chief causes of this alarming number of accidents were discourtesy and carelessness on the part of both motorists and pedestrians. In accidents where drivers have been principally at fault the causes were: Inattention, speeding, traffic law violation and intoxication, it was found.

TURNING TO RIGHT

To make this signal, extend arm nearly upward, as if pointing to sky. See illustration above. As in the case of left turns, always give signal well in advance. Protect yourself.

TURNING TO LEFT

To make this signal, extend arm straight out from body and point to left. See illustration above. Quick left turns cause many accidents. Always give signal in advance.

The most important causes of accidents where motorists were not principally to blame were: Children playing in the street, adult jay-walking, inattention and confusion. The report indicates that the above causes resulted in more accidents than did wet streets, poor roads, defective lights and narrow streets.

It has been found in Chicago and other cities that the greatest number of automobile accidents and fatalities occur between 5 and 6 p. m. The conclusion is that fatigue from the day's work causes a let-down in carefulness and watchfulness during the later hours of the day.

In commenting on Safety Week and its effect, E. P. Angus, general sales manager of the Magnolia Petroleum company, said:

"Every automobile driver should make every week safety week. Accidents can be reduced only by constant carefulness of both driver and pedestrian."

COMING TO A STOP

To make this signal, extend arm downward, at an angle shown in the above picture. Nearly all rear end smashes are caused by not signaling or by signaling too late.

TAXIING AROUND THE AIRPORTS

Manchester, N. H., has been added to the nation's network of airports with the establishment of an airport there and the erection of a 2,000,000 candlepower revolving beacon on one of the city's tallest buildings. The beacon is in operation from sunset to sunrise each night.

Nashville, Tenn., planned as a stop on the Atlanta-Chicago air mail route, is planning the immediate development of an adequate airport. The present Nashville airport, McConnell field, is not considered large enough for extended operations and does not lend itself to enlargement or further development. Plans are being made to select a new site for the airport.

A Cleveland, Ohio, construction company is engaged in a survey at Scranton, Pa., preparatory to the selection of a suitable site for a municipal airport for which it has been awarded the construction contract.

Preliminary surveys are being made by five cities in the northern Michigan peninsula region that are contemplating the establishment of municipal airports. The surveys are to be completed before winter makes flying difficult in the region so that actual construction work on the airports may be started early in the spring. The cities are Ewen, Wakefield, Ironwood, Bessemer and Ishpeming.

The customs service of the treasury department has designated Renton airport at Renton, Wash., as an "airport of entry." The airport will replace the one originally designated as an "airport of entry" at Bryn Mawr field, Seattle, Wash.

Hoover field at Washington, D. C., has again changed hands and is now operated by the International Airways, Inc. Extensive improvements are being planned by the new operators who plan to erect two or more fireproof hangars, two concrete runways, and enlarge the usable landing area. The field is to be used as a regular passenger station for a new air route planned to connect Norfolk, Va., Washington and New York.

Little Hope McCarty, son of Mr. and Mrs. Lee McCarty, wife of Dr., was taken home Thursday afternoon, after spending several weeks in the Pampa hospital, recovering from injuries received in an automobile accident, October 18.

WHITE DEER BOY IS ABLE TO GO HOME

He was partially paralyzed from the injuries, but was able to walk when he left the hospital. It is thought that he will be recovered in a short time.

More and less for your money—more service and value and less cause for complaint. W. E. Coffee Grocery Co., third floor west of postoffice, we deliver, just call 625.

THIS CHRISTMAS SPIRIT

Four small but thriving arbor vitae trees were stolen Friday night from the Haggard apartment court. Although the ambitious burglar, possibly inspired by the oft-repeated slogan, "More Trees for Pampa"—carefully dug the trees up by the root, it is said no one in the 16 apartments surrounding the court heard the noise. If he hadn't taken them lock, stock and barrel, so to speak, it might appear that he was selecting his Christmas trees in advance of the rush.

ANNOUNCING NEW SUPERIOR Whippet

Greater Beauty, Larger Bodies!

with "FINGER-TIP CONTROL"

-the most notable advance in driving convenience since the self-starter

What "Finger-Tip Control" means to you

Greater Convenience: A single button, conveniently located in the center of the steering wheel, controls all functions of starting the motor, operating the lights and sounding the horn.

This fundamental improvement does away with all troublesome foot fumbling for the starting button, a frequent source of annoyance particularly to women drivers. It also avoids changing from the comfortable driving position to reach a light switch on the dash.

Greater Safety: With the new "Finger-Tip Control," you can at all times keep your hands on the wheel and your eyes on the road. An important safety factor, especially when driving at night.

TODAY Willys-Overland presents for public judgment the new superior line of Whippet Fours and Sixes, setting new standards of beauty and comfort for low-priced cars.

Longer bodies, higher radiator and hood, richer colors, heavier one-piece full-crown fenders—all these contribute to the trim, smart appearance that denotes creative genius and superlative mastery of modern design.

Roomier bodies, greater comfort

More spacious interiors in the new Superior Whippet afford added leg room and elbow room. The wider, form-fitting seats are deeply upholstered... all passengers enjoy restful positions.

The longer wheelbase, plus the lengthened springs both front and rear, plus oversize balloon tires, and snubbers—all combine to the perfection of far easier riding under all driving conditions.

Greater power, greater speed

In mechanical improvements the new Superior Whippet advances even over its famous predecessor. The new higher compression engine gives more than 20% added horsepower, resulting in increased speed, faster pick-up and greater hill-climbing ability. A com-

pletely redesigned steering gear makes the new Superior Whippet instantly responsive to the lightest touch.

Through these further advances in scientific engineering, dependable performance and minimum operating costs are assured.

Order now for early delivery

See the new Superior Whippet today. An inspection and a demonstration will reveal to you an entirely new standard of dollar-for-dollar value in low-priced automobiles.
