

Texas Cities Are Rapidly Arranging For Their Airports

Recently the officials of the Texas Commercial Executives Association, with headquarters at Corsicana, decided to make a survey of the airport situation in Texas and a recent monthly letter, received here tells of the result of this survey.

Cities that are planning to construct airports that have already voted bonds and built airports are listed below:

Arlington, 170-acre field with B rating, 3 miles southeast of the city; Amarillo, 481-acre field purchased after the city had voted a bond issue of \$100,000, located two miles from the city; Austin, 340-acre field, built with money from a \$75,000 bond issue; Beaumont, a 56-acre field, one and one-half miles west of the city; Brownsville, 438-acre field, 5 miles east of city, by \$100,000 bond issue; Cleburne, 150-acre field under construction; Corsicana, 70-acre field, 6 miles west of city; Denton, 70-acre field, 5 miles west of city; El Paso, airport recently dedicated 61-1/2 miles east of city, financed by city and commercial interests.

Galveston, 160-acre field, 10 miles north of city, municipal budget without bond issue; Gannals, 300-acre field 2 miles south of city, privately owned; Wichita Falls, A rating, 240-acre field, 5 miles north of city; Chamber of Commerce sold stock for a \$25,000 company; Houston, 400-acre field, AAA rating, 9 miles southeast of city, equipped for night flying; Lamesa, 100-acre field, 1 mile west of city, is leased; Laredo, government airport aided by the municipality, 400 acres, 6 miles east of city; McAllen, 40-acre auxiliary, privately owned, municipal port planned; Mexia, 80-acre field private; Orange, 220-acre field, private, 1-1/2 miles west of city.

Pampa, 100-acre field, leased, San Angelo, 254-acre field 5-1/2 miles west to be equipped for night flying, business men loaned money to city which is to be repaid by bond issue; San Antonio, 280-acre field, 6 miles southwest, financed by the city (San Antonio also has two of the best government airports in the United States Brooks and Kelly Fields); Texarkana, two ports, 192-acre field, 3 miles northeast and an 80-acre field 3 miles northwest of city, municipally financed; Kerrville, 160-acre port 5 miles east of city; Clarendon, 160-acre field east of city; Corpus Christi, 173-acre

field 2-1/2 miles southwest, built by bond issue.

Dallas Love Field and also new field under construction near Grand Prairie, operated by the city; Denton, 70-acre port 1 mile northwest; Fort Worth, 170-acre landing field, 75-acre industrial, AAA rating, 4 miles north of city; Haskell, 120-acre field 1 mile southeast of city, privately owned, Koss, 125-acre field south of city, Chamber of Commerce and donations; Lampasas, 300-acre field 2 miles west of city, Chamber of Commerce, finances; Larkin, 1500-acre port 11-2 miles from city, privately owned; Lubbock, temporary field of 320 acres, 2 miles north of city, plans are underway for modern airport; Martin, 75-acre field, 1 mile north of city.

Midland, 200-acre airport, 7 miles west of city, four-plane hangar built of tile, electric pump, standard equipment, mechanic on duty 20 hours a day, financed by Chamber of Commerce; Pecos, 100-acre port 1-1/2 miles southwest of city, Chamber of Commerce making plans for permanent port; Ranger, 115-acre port 1-1/2 miles southeast of city, hanger and office under construction, financed by public subscription; Rankin, 200-acre field, 2 miles north of city, Chamber of Commerce subscription; Shamrock, 120-acre field 1 mile west of city, Sherman, temporary landing field, Chamber of Commerce working on project; Vernon, 60-acre field 1-1/2 miles from city; Waco, Rich Field, well equipped.

There are some 16 other towns and cities in the state seeking information about municipal airports and considering construction within the near future.

Repairs on Graf Zeppelin Slow

WASHINGTON, Oct. 20.—(AP)—Before leaving here today for Akron, Ohio and Chicago, Dr. Hugo Eckener instructed his officers superintending repairs to the Graf Zeppelin at the Lakehurst, N. J., air station to keep him in close touch with the progress of the work. He especially wanted to know when it would be possible to start the forthcoming trip to the Midwest. Captain Ernest A. Lehmann, first officer of the airship, talked by telephone with Captain Hans Fleming, of the crew, at Lakehurst, afterward indicating that repairs were not going ahead as rapidly as had been hoped. He explained that one problem was in connection with the "doping" or treatment of the new covering being put on the damaged fin stabilizer, intimating that that such a difficulty might retard the work so that the inland trip could not begin until Thursday or Friday.

Edison Is Given Medal and Lauded by Andrew Mellon

WEST ORANGE, N. J., Oct. 20.—(AP)—A congressional gold medal, commemorative of what Thomas Edison has done "in illuminating the path of progress," was presented to the inventor of Menlo Park tonight by Secretary of the Treasury Andrew W. Mellon.

At exercises broadcast over a nationwide radio hookup Secretary Mellon referred to the inventor as one of that small and illustrious company which has effected profound changes not only in the lives of their contemporaries but of all succeeding generations.

"The greatest achievements were in the field of electricity," Mr. Mellon said after Edison's part in perfecting the telephone, the typewriter and the telegraph, and inventing the phonograph, the mimeograph, the stock ticker, the alkaline storage battery, and the motion picture camera. "And so vast and varied have been his contributions to its use that there are some men who even believe that electricity itself is merely another one of Edison's inventions."

FIERY CROSS SEEN FROM SMITH'S TRAIN

GOV. SMITH'S TRAIN ENROUTE TO ALBANY, N. Y., Oct. 20.—(AP)—A fiery cross was burning about 50 feet from the tracks at Sidney, Ohio, tonight as Governor Smith's special train passed through that city on its way to Albany, N. Y.

Whether the Democratic candidate saw the cross was not known as he was in his private car on the end of the train. Twice on the governor's first swing into the West, burning crosses were reported to have been seen.

Mrs. MacDonald Buoyed Up Hope

DON, Oct. 20.—(AP)—"Never give up" was the parting message Commander H. C. MacDonald gave to his wife before he embarked on his venture of flying the Atlantic from Newfoundland to Ireland in a Moth plane. Although experts and the public have relinquished virtually every thought of seeing the aviator again, Mrs. MacDonald clings to the advice left by her husband.

The existence of the message was revealed in an article by Mrs. MacDonald written for the London Sunday Express. She said it was contained in a letter which the commander left with her before he sailed for Canada and which he told her not to open until two days after his flight began. Much of this letter, she said, was too intimately sacred for publication, but the lonely woman quoted the following: "I know that you were against the flight. I know that people will say that I am a suicidal fool. But I do not

ANNOUNCING

The removal to the third floor of the Educational Department of the Methodist Church (use Ballard Street entrance) of our school. Day and Night Classes offer an unusual opportunity to working people to equip themselves for better paying jobs. Classes in Journalism, Public Speaking and Higher Accounting are now being organized; competent instructors have been secured.

Markets

CHICAGO, Oct. 20.—(AP)—Collapsing prices plunged the wheat market downward today to within but little more than a cent of a bushel above the lowest figures heretofore reached this season. Indications of a big harvest soon in countries south of the equator adding to huge supplies of wheat already available in Canada and the United States were among the factors putting the market here under evident strain.

Closing quotations on wheat were heavy, 1/4c to 2c under yesterday's finish. Corn closed 3/4c to 1/2c down, oats 1-8c to 3-8c off, and provisions unchanged to a setback of 4/16c.

"After all, they called Lindbergh the flying fool. If an American could do it, an Englishman can do it."

Mrs. I. H. White, who has been seriously ill at the home of her daughter, Mrs. J. E. Corson, is much improved.

Public Offering!

The Lucky Johnston Royalty, located in Section 88, Block A-5, Wheeler County, Texas, consisting of 400 acres, is offered today in units of \$12.50 each.

This unit represents one-twenty five hundred and sixtieth interest into one-sixty fourth of the land owners royalty.

The well is now drilling at thirteen hundred feet; northeast of the great Lefors pool in Gray county.

Unit holders participate in all wells drilled on the entire acreage.

Miss Josephine Rorex Becomes the Bride of the Rev. Ulmer S. Bird in Pretty Wedding at Panhandle

Social Calendar

Tuesday
The Royalty club will not meet this week.
The Twentieth Century club meets at 2:45 in the home of Mrs. G. C. Malone. Mrs. W. A. Bratton will lead the program on architecture, with Mrs. J. T. Clark giving the principal topic.

A social event of much interest in Pampa is the marriage of Miss Josephine Rorex, formerly of this city, and the Rev. Ulmer S. Bird, pastor of the Methodist church of Panhandle, which took place Thursday morning at Panhandle.

The marriage was solemnized in the home of the bride's parents, Mr. and Mrs. Joe Rorex, at 11:30 o'clock in a wedding of impressive simplicity. The Rev. W. M. Pearce, presiding elder of the Amarillo district, read the ring service in the presence of the families and close relatives of the bride and the groom.

During the ceremony, the bridal party stood before an altar of banked ferns and beautiful chrysanthemums with an arch of greenery overhead. Autumn flowers decorated the entire house. The bride wore a becoming gray traveling suit and a dark hat. Her flowers were pink rose buds, which she wore on her shoulder.

Birthday Parties Are Enjoyed by Much Younger Set

Two birthday parties made the last days of the week interesting for the little tots. Harold LeRoy Malone, son of Mr. and Mrs. G. C. Malone, celebrated his fifth birthday on Thursday. On Friday afternoon friends of Marguerite Perkins were guests at a party celebrating the little girl's fourth anniversary.

Immediately after the wedding breakfast following the ceremony, the Rev. and Mrs. Bird left for Robert Lee, where they will visit Rev. Bird's parents. They will go to Wilmore, Ky., next week, and Rev. Bird will enroll in Asbury College to finish a theological course. He resigned the Panhandle charge two weeks ago.

Mrs. Bird is a graduate of Panhandle high school. She was salutatorian of the class of 1926 and was an honor student throughout her high school years. She attended Draughton's Business college of Dallas, and in January became assistant bookkeeper for the Nunn-Warren Publishing company. She came to Pampa in April, when the company moved its office here. Her charming personality, which made her one of the most popular girls in Panhandle, won her many friends in the business and social circles of this city.

Clubs Meet For Bridge at Pretty Affairs Friday

Two bridge club meetings were numbered among the pleasant affairs of Friday. Mrs. Mack Graham entertained Club Mayfair at her lovely new home on North Somerville, and Mrs. J. H. Lavender was hostess to the Just We club.

PASTEL COLORS ARE FEATURED IN SCHEME

Mrs. Graham chose a color scheme of pink and yellow for the appointments for her party. The combination was repeated in a dainty ice course which was enjoyed after the game.

The game was souvenired with pastel tinted georgette handkerchiefs. These were given to Mrs. Charles Thomas, high for special guests; Mrs. W. A. Duerr, high for members; and Mrs. G. C. Twiford, low for members.

Guests other than those already mentioned, were: Mrs. J. W. Cram, Mrs. Clyde Fetherer, Mrs. Housen, Mrs. N. A. Helstead, Mrs. J. T. Clark, Mrs. Peterson of Dallas, Mrs. DeLea Vi-car, Mrs. George Gill, Miss Ruth Anne Mitchell, and Miss Mabel Davis.

MRS. LAVENDER USES HALLOWEEN MOTIF

Little black witches' cauldrons were favors to the guests at Mrs. Lavender's party. Black and yellow paper ornaments covered the lights, and pretty crepe paper covers, decorated in the Halloween motif, were used at the card tables when refreshments were served.

Mrs. J. J. Cassidy was received into the club at this meeting. The guests included: Mrs. Cassidy, Mrs. Don Wake-man, Mrs. J. H. Lutz, Mrs. C. E. McHenry, Mrs. S. L. Maynard, Mrs. G. M. Carlock, and Mrs. H. C. Heinlein. High scores were made by Mrs. Carlock, guest, and Mrs. Maynard, club member. Each received a favor.

Mrs. G. C. Malone Entertained Friday Honoring Two Guests

Naming her sisters, Mrs. R. L. Mitchell and Mrs. J. Roy Cullum of Amarillo as honorees, Mrs. G. C. Malone entertained Friday afternoon with three tables of bridge. Halloween decorations were used with charming effect in all appointments for the affair.

Modes of the Moment

PARIS (AP)—Wide girdles which swathe the hips are comparatively rare in the collections of this winter. Redfern sometimes uses the idea, however, as in a green satin evening dress with a full skirt which hangs in circular petals. The girdle is wrapped Greek fashion in front. The bodice is loose with modified neckline and generous arm holes.

A BAND OF BEIGE broadtail encircles the crown of this brown felt hat. Each of the honorees received a gift, and at the close of the game, favors were presented to Mrs. Smith, high; Mrs. Bratton, second high; and Mrs. Cullum, low. A dainty salad course was served.

Azar Class Members Entertained Friday at Colorful Party

A real Halloween party, with skeletons, witches, and ghosts to give the proper spooky atmosphere, was enjoyed Friday afternoon by members of the Azar class of the Baptist Sunday school and their friends. Mrs. Marvin Lewis' home, scene of festivities, was elaborately decorated, and a dim light that filtered through windows covered with black paper heightened the ghostly effect of the masks and costumes worn by the guests.

Among those who attended the affair were: Mrs. Ernest Medsker, president, and Mrs. Lewis, others who attended were as follows: Mrs. Floyd McConnell, Mrs. W. B. Murphy, Mrs. B. D. Robinson, Mrs. D. J. Mae Naughton, Mrs. Clyde H. Goerner, Mrs. T. B. Solomon, Mrs. E. Bass Clay, Mrs. Cyril Hamilton, Mrs. Birn-ton L. Dickinson, Mrs. A. G. Post, Mrs. H. M. Lister, Mrs. G. D. Holmes, Mrs. D. L. Lunsford, Mrs. C. T. Hubert, Mrs. Frank McAfee, Mrs. J. Powell Wehrung, Mrs. O. L. Besty, Mrs. E. L. Billingsly, Mrs. C. L. Stine, Mrs. Orville Davis, Mrs. Curtis E. Clem, Mrs. John L. Beacon, and Mrs. L. H. Anderson.

Imaginary Battle at San Antonio to Be Elaborate

SAN ANTONIO, Oct. 20.—(AP)—On an imaginary battle line stretching 60 miles across the hill country west and north of here, troops of the second army division will clash in the most imposing field maneuver peacetime military forces have undertaken at a zero hour some time before dawn Monday. Hypothetical army of 20,000 men will participate.

Three "Blue" armies will take their positions to defend San Antonio against "Red" forces while high officers of organized reserve divisions, national guard units and regular regiments of the eighth corps area view the combat.

Commanders and staff officers of the first and second cavalry divisions and first division, regular army, will be present, as well as those of the 56th cavalry brigade, and Texas, Oklahoma, New Mexico, Arizona and Colorado reserves, will take the field to direct troop movements.

Representatives of England, France, Germany and other foreign governments and officers from the war college at Washington will pass through the lines as observers. For more than a year army officers at Fort Sam Houston have been working out the problem in which attacks will be launched by infantry, cavalry, artillery, tank and machine gun units, supported by a fleet of airplanes.

NO ARRESTS FRIDAY MAY PRECEDE FLURRY

For the first time in many months, the city and justice courts failed to do business yesterday morning. Not an arrest was made in the city or precinct Friday night, officers of the city, sheriff's and constable force announced yesterday morning. "It is probably the calm before the storm," Chief Downs said.

Hear the "Singing Fool" sing "Sonny Boy," at G. C. Malone Furniture Co.

CHURCHES

CHRISTIAN SCIENCE SOCIETY

First National Bank building, room No. 2.
Services: Sunday, 9:45 o'clock Sunday school; 11 o'clock subject, "The Doctrine of Atonement;" Wednesday, 8 p. m.
The public is cordially invited to attend the services.

FIRST BAPTIST CHURCH

We invite you to attend services at the First Baptist church Sunday. Sunday school at 9:45. Sermon at 11:00. Subject: "Real Truth About the Judgment."
Training Services, 6:30. Sermon at 7:30. Subject: "Tolerance and Intolerance." As long as the preachers of this town vote the Democratic ticket wet or dry and have nothing to say about the tolerance. But when the preachers of this town stand upon their constitutional right and religious duty and obligation of fighting evil in whatever form it may appear, express themselves as against Al Smith—"That's Intolerance." When we preachers "Vote 'er straight" and ask no questions—"That's Tolerance," but when Tammany secures control of the Democratic convention, nominates a wet Catholic on a dry platform and the nominee selects another wet Catholic pill—"That's Intolerance."
"If we would let Jim Young's speech ('That's Tolerance,' but when this Baptist preacher takes him to a good cleaning Sunday night "That's Intolerance." They tell me that Jim was once a good man, but poor Jim now is seeking a government sit. Jim suggested a text for the preachers. "Thou shalt not steal." Here is one for Jim. "Thou shalt not lie." Well, we are going to have some fun before it's all over, everybody likes fun.
D. H. TRUBHYTE, Pastor.

METHODIST CHURCH

A great day is expected at the Methodist Church. Sunday School will start promptly at 9:45. The teachers are urged to be present at 9:30. Rev. Nance, Sunday School field secretary will be present to discuss the work of the school. Mrs. W. E. Lyons will also be present to discuss the work for the grade teachers.
The pastor, Rev. Tom W. Brabham, will speak at both hours. Theme for discussion.
Morning hour: "The Unfinished Task."
Evening hour: "Substitutes for Christ and Christianity."
The young people will meet for their program 8:30 o'clock.
Special music will be featured at the direction of Tom Farnell will render several selections. At the morning hour Rev. Tom W. Brabham and Mrs. Brabham will sing a duet. We promise you a program that is filled with interest from beginning to end.
The Church with a Hearty Welcome.
TOM W. BRABHAM, Pastor.

Come and Shop With Sallie

is also in keeping with the quality. The Pampa Furniture company's delivery men often spend more time setting up furniture, laying linoleums, and connecting stoves than they do in making the deliveries.

Do you ever feel down-at-the-heels in new shoes? Literally, I mean? It's possible, you know, even outside dismal Russian novels. For the taps just will wear off of one's shoes, right in their early history too, if one does any walking at all. And as the down-at-the-heels look is nothing to be proud of, except in Greenwich Village, I carefully avoid it.

It's not so hard to do since I discovered the City Shoe Shop one can have shoes so expertly repaired that they look absolutely new, even if they are not. My own particular problem is taps. The shop puts new taps on your shoes in the neatest possible way, and while you wait, if you wish. Eyes half-closed, usually a disappointment, go undetected if the City Shoe does the work. You may be surprised to know that fragile bench-made shoes may be trusted to the expert proprietor, Carroll Pullen, and the other workmen in this shop, for repairs.

They're very chic, these snug little cap-like hats, but what they do for one's hair! They just naturally smother the scalp, with the result that the most glorious of growing glories inevitably dims a little. If you are threatened with that ban of feminine existence, limp Heloise hair, if you have a dry scalp and dandruff, or the exact opposite, an oily one—why the thing for you to do is to take a few Parker Method hair and scalp treatments at Esther's Beauty Salon. Given

When I saw these fascinating displays of stationery in the windows of the Pampa Drug Store I felt tempted to go inside and ask whose paper wedding anniversary was being celebrated. (What year is paper, any way?) Finally I succumbed to the temptation and thereby made the following interesting discovery: That all of the beautiful stationery was Montags'. That there is more to this idea of expressing one's personality in one's writing paper than I had ever thought. That there really is a fine paper for every occasion and every need. That Montags' beautifully fulfills every need.

Lined envelopes are accepted today as quite correct, suitable, even for most formal correspondence. Montags' stationery features the loveliest ones in colors that are truly rare. Linens, weaves, pebble textures, and vellums are found with correctly designed envelopes in this distinguished line of papers. A clever new note paper combines the envelope and the paper cover. Whether you choose the plain boxes or the exquisite gift packages, you will like Montags'. You will find it at either of the Pampa Drug stores.

I found at Montags' that the modern trend in furniture could be aptly described as the "housewife's dream." Art 20 years, introduced, is beautiful and expressive. The modern ideas in the simple lines, curves and angles. All the frills and extra pieces, which used to keep the housewife busy dusting and cleaning, are now eliminated in this new style. Art Moderne furniture has its decoration in lines and modified curves and highly polished wood with beautiful inlaid pieces featured.

Just imagine on Halloween, a room full of white sheeted figures, silently gliding about without speaking a word! Are they deaf? Certainly not! Dumb? Well, of course they can't help being as nature made them—but there are advantages in being dumb.

Watch out! The incredible is about to happen! Someone has discovered that it is possible to play Bridge—and still be a Spook—or be a Spook. Still, is more to the point! So, if you wish to know all about this party and forty others just as delightful, consult "The Art of Entertaining" at the Art and Gift Shop where you will also find exactly what you want in tallies, score pads,

The Town of Don't-You-Worry

is a town called Don't-You-Worry. On the banks of River Smaller, Where the cheer-up and be-happy blossoms sweetly all the while, Where the nester-grubbler flourishes beside the fragrant fry, And the near live-up and patience plant their faces to the sky.

In the Valley of Contentment In the province of I-Will You will find this lovely city At the foot of No-Fret Hill; There are thoroughfares delightful In this very charming town; And on every hand are shade trees Named the very-seldom frown.

Rustic benches, quite enticing, You'll find scattered here and there; And to each a vine is clinging Called the frequent-earnest-prayer. Everybody there is happy, And is singing all the while— In the town of Don't-You-Worry, On the banks of River Smile. —ARTHUR UNKNOWN.

HARVESTERS TAKE 82-7 VICTORY OVER CANADIAN FRIDAY

Third Stringers Allow Visitors Only Touchdown

After running away with the long end of a 40 to 0 score against Miami last Friday, the Pampa Harvesters hung another scalp on their belt yesterday when they downed Canadian to a tune of 82 to 7. The only score made by Canadian occurred after Coach Odus Mitchell sent the third string youngsters into the game to stop the Hemphill boys.

On the first play after the kick-off, Archie Walstad got away to run 42 yards for a touchdown, and the Harvesters just forgot to quit scoring for the rest of the game. The Canucks were outclassed in all departments of the game, and only once during the game did they look as though there was any scoring power in the organization. The first and second back-field combinations that Coach Mitchell used were able to punch holes in the Canadian line at will.

Lard Stars

The star of the game was Albert "Geronimo" Lard, the speedy quarterback, who reeled three touchdowns for the Harvesters on runs of 47, 58 and 78 yards, with Bob Kahl running a close second, his contribution to the day's amusement being the interception of two passes, both of which he ran over the line for touchdowns. Roberts, too, had a good day, making a run of 47 yards followed by a 6 inch line plunge for a touchdown.

Jones Chastain and Saltzman were the other men responsible for the Harvesters touchdowns. Jones made one of the prettiest 50-yard runs of the game easily outdistancing four Canadian tacklers. Saltzman went over for his first touchdown of the season on a pretty end run. Chastain carried the ball over the line once and was the man responsible for three of the Harvesters touchdowns. He squirmed, sidestepped and dove his way for sensational gains through the line. Only for the referee blowing his whistle every time before Chastain was stopped he would have been away several times. He is a player who never knows when to stop.

Harvester Line Holds

The line held nicely especially the left side where Mullen was missing on account of injuries. Barnett played a nice game, especially on the defensive, as usual was a stonewall stopping everything that came his way.

Carver and Batsell were the best on the Canadian team both making a few nice gains. They showed lack of training though being intercepted several times and eventually had to leave the game. Feathers was the star line man. He was the only man on the team that was able to make a hole in the Pampa line.

Coach H. D. Farmer said after the game that he had no alibi to offer for his loss but that he was surprised at his incompetency of the officials.

Kahl is Lucky

Captain Bob Kahl won the toss for the fifth straight time and elected to defend the north goal receiving. Roberts made a 38 yard dash on the kick-off and on the first play Walstad took the ball 42 yards for a touchdown.

The second touchdown came after Walstad had punted to Lard who made 27 yards before being downed. Roberts then carried the ball 47 yards for the Harvesters second cut. Stalls added the extra point with a nice place kick.

Score number three was an exact duplicate of the previous one only Lard carried the ball the 47 yards for the touchdown. It was the nicest run of the day, Lard doing some nice dodging and cutting before he was clear of the line.

Tracy scored number four after Roberts had made two first downs on line plunges for 35 yards. He made the necessary seven yards on an off-tackle play. Stalls added the extra point on a place kick.

After the kickoff Willis recovered a fumble on Canadian's 34 yards and another march down the field begun Lard made 17 yards to be followed by Roberts for 15 yards. Pampa received two 5-yard penalties in a row for off-side but soon gained it back on a pass, Tracy to Walstad. Roberts went over on the next play.

On the attempt for extra point the pass was wild. Stalls picked up the ball, passed it to Walstad who attempted to run across the line but seeing he was stopped passed over the line but an intelligible player received.

The score at the end of the quarter was 21 to 0. Canadian failed to make first down in the quarter and the Harvesters made more touchdowns that had down in the quarter.

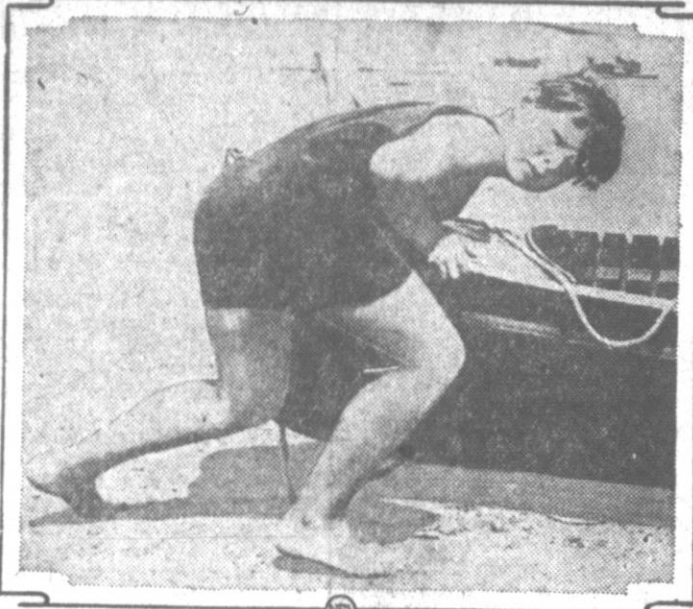

At the beginning of the second quarter, Barnett went in for Irwin, Carson for Barnard, Green for Stalls and King for Willis.

Kahl Makes Touchdown

On the first play Kahl intercepted a pass and raced 30 yards for a touchdown followed in the same manner, again Kahl intercepting a pass at a same point to go over for another touchdown.

Carver replaced Tracy, Saltzman went over Walstad and Chastain for Roberts.

The King Goes Out to Play

Young King Michael Okumana is a boy, after all, despite the formal ceremony with which he is usually surrounded. Here is the young king developing his strength at the seashore, as any other boy would do.

Kid Granite to Meet Hall Here Thursday Night

One of Pampa's favorites will be seen in action at the Pla-Mor auditorium Thursday night in the main event of a 32-round boxing card. The boy is none other than Kid Granite. Granite will step into the ring with Cyclone Hall one of the fastest welters in the Southwest.

Hall has just returned from a sensational win over Duke Trammell who a short time ago was contender for the welterweight crown of the Southwest. Hall will enter the ring with a four-pound advantage over the Pampa boy.

This will be Granite's first appearance in the local ring since last spring. He has been boxing in Oklahoma and Kansas where he has been a consistent winner. He meets Lou Avery tomorrow night in Wichita, Kan. Avery won a close decision over Granite in their last meeting here.

The six-round bout will be between Speedy Snow of Wichita Falls and Rusty Cahill of Pampa. This will be Snow's first appearance here in a year. He has been training hard for his bout with Cahill and should give the "Pride of Pampa" a tough six rounds. Cahill stayed seven rounds with Cyclone Hall in Childress last week and is in the best of condition.

Kid Hall, a younger brother of Cyclone Hall, will tangle with O. D. the fighting newsboy in a four-round preliminary. This should be as good a battle as will be presented.

Three fast preliminaries are being arranged to entertain the fans. The opening bout is scheduled to start at 8:15 o'clock.

Split Season in Texas League to Be Last Resort

DALLAS, Oct. 20.—(P)—Club owners of the Texas league at their meeting here today voted to send a delegation to El Paso to visit Paul La Grave, former manager of the Fort Worth Panthers, who went to the border city last spring for his health.

President J. Doak Roberts, J. Walter Morris, J. Alvin Gardner, and W. K. Stripling will visit La Grave within the next two weeks.

There will not be a split season in 1929 unless it is brought about by a three-fourths vote of the clubs during the race as a result of circumstances making such action necessary. All of the magnates agreed to enter the race with the intention of making it a one-way marathon.

Next year's Texas league schedule will be the longest in history, 168 games. It was agreed to start the season April 10 and drop the curtain September 8.

Possible admission of Oklahoma City and Tulsa, now of the Western League, into the Texas league was not discussed at today's meeting. President Roberts declared he regarded the matter as a "closed issue."

Today's meeting was one of the most harmonious in league history. All business was transacted at one session and most of the club owners left for home tonight.

Texas University Gains Power as Arkansas Loses

AUSTIN, Oct. 20.—(P)—Gaining momentum throughout the game, Texas university took its first Southwest conference football contest of the season from Arkansas university, 20 to 7 here today, easily deflecting the short aerial assaults of the Razorbacks and piercing their heavy line handily Good Texas punting helped hold Arkansas at bay.

T. C. U. Again Beats Farmers to Keep Goal Uncrossed

COLLEGE STATION, Texas, Oct. 20.—(P)—Texas Christian university out-ranled A. & M. in the last half here today to win 10 to 0, fixing the "Farm-clever" for the fourth straight year.

The defeat was unexpected in spite of T. C. U.'s reputation for playing its best football against the Aggies. By winning the game and holding A. & M. scoreless T. C. U. remains the only team in the conference undefeated and the only conference team with an uncrossed goal line.

Mr. and Mrs. J. A. Mead of Miami are visiting Mrs. Mead's mother, Mrs. I. N. White, and other relatives in this city today.

Happy to Be Together Again

If you don't know it, and you really should, the gentleman at the left is Walter Johnson and the one at the right is Owner Griffith of the Washington Senators. And they both look so pleased here because this photograph was taken a few moments after Johnson had signed a three-year contract to manage the Washington Senators, his first love in baseball and the team for which he pitched his way to immortal fame.

Texas League May Adopt the Four Rookie Rule

DALLAS, Oct. 20.—(P)—Texas league club owners today moved to establish a class A player rule in the circuit which would require each club to carry four instead of three rookies. The resolution asking for such a rule was adopted at the league's annual meeting here today and placed in the hands of President J. Doak Roberts. It is now up to Roberts to rule on the question.

Adoption of such a rule would place the Texas league on an even footing with the Southern league. At present Texas league clubs carry eighteen men, two of whom are rookies while the Southern league carries eighteen men per club four of whom are Rookies. The present contract with the Dixie series expires after next season. To date the Texas league has won eight of the nine series the clubs have played today in his home in Sweetwater and Texas league owners wish to Texas.

Baylor Overturns Dope Bucket to Defeat Centenary

SHREVEPORT, La., Oct. 20.—(P)—Baylor university scattered dope far and wide by defeating the Centenary Gentlemen, who conquered the champion Texas A. & M. team last week, 28 to 7 here today.

Baylor, figured as one of the weaker teams of the Southwest conference, took the lead from the start and was never very hard pressed. It was the second upset Baylor had figured in as many Saturdays, the Bears having lost an unexpected 14 to 0 decision to Arkansas last Saturday.

DALLAS, Oct. 20.—(P)—John Hughes Cochran, 80, thought to be the last of the pioneer settlers of Dallas county died today in his home in Sweetwater and Texas league owners wish to Texas.

Two Games on Harvester Menu for Next Week

There will be football Tuesday afternoon at 3:30 o'clock at Fair Park. The "Harvesters will meet St. George's eleven from Amarillo in an exhibition game. The visitors are reported to have a strong team and should give the Harvesters a hard battle.

St. George's is a newly organized Catholic college in Amarillo, but has a strong athletic body.

Coach Mitchell will use his regular line-up with the exception of Bob Mullen, who is out with a broken nose. Mullen will be kept out of the line-up until he is completely recovered.

Hinton, Okla., will prove the opposition for the Harvesters in a non-conference game Friday afternoon at Fair park. The local squad trained with the Hinton team at Crater Park this fall. The Hinton team is in excellent condition from a long training course and should prove the hardest opposition the Harvesters have had this season.

Simmons Cowboys Beat Buffaloes at Canyon, 25-6

CANYON, Oct. 20.—(Special)—Before a large home-bombing crowd, the Teachers College Buffaloes and the Simmons university Cowboys battled to a 6-6 tie in the first half of their annual game today, but in the last half the visitors ran the score to 25-6.

Simmons opened a kicking attack in the first minute of play, taking a wind advantage to approach the goal, then using off-tackle plays to plunge over.

Early in the second quarter Newman picked up a loose ball and ran 45 yards for a Buffalo touchdown. An attempted place kick failed, and the score remained tied as the half ended.

At the opening of the second half, Simmons again got away long punts, followed by a 35-yard pass which soared near the goal line, where the umpire ruled that the receiver was interfered with. This break resulted in a score on the second Simmons plunge. A few minutes later Simmons punted out on the Teachers' 3-yard line. Strain, trying to kick out of danger, saw his kick blocked and downed on the 2-yard line, where two Simmons plunges took it over. A broken field run late in the game accounted for the final Simmons touchdown.

THE WORLD HAS A NEW AND FINER MOTOR CAR

"400" Special Six Sedan
\$1345

SCOUTING—What and Why Our Aims and Ideals

BY E. D. McIVER, EXECUTIVE
Adebe Walls Council

The world interest in the Boy Scout movement challenges the intelligent understanding of everyone, and yet many people still ask, "What is Scouting?" "What do Boy Scouts do?"

The Boy Scout idea is a movement rather than an organization. It aims to supplement existing organizations such as the home, church and school by engaging the boys' leisure energies in outdoor games and activities of cultural and practical value.

The aim of the Scout movement is to inculcate character, which though essential to success in life, is no longer taught in the schools and being largely a matter of environment is to be generally left to chance, often with deplorable results. The Scout movement endeavors to supply the required environment and ambitions through camp and outdoor activities, which lead a boy to become a better man, a good citizen.

What Scouting Is

Scouting is a process of making real men of real boys by a real program which works.

Scouting is outdoor life and health, strength, happiness and practical education. By combining wholesome, attractive outdoor activities with the influence of the Scout Oath and Law the movement develops character. It develops the power of initiative and resourcefulness. It helps boys; it insures good citizenship. The Boy Scout movement healthfully and sanely offsets the disadvantages which civilization has caused.

Conservation of Boyhood

Conservation of our natural resources is universally approved, but of what value would material resources be unless we conserve the moral, intellectual, and physical future of the coming generation?

Prevention is recognized as better and less expensive than cure. The Boy Scout movement takes the boy at the time of life when he is beset with the new and bewildering experiences of adolescence, and diverts his thoughts from those to wholesome and worthwhile activity. In this manner our character building movement has done much in numerous cities to diminish the problem of juvenile delinquency.

The war brought with it a relaxation of moral fiber, which is disastrous to youth unless offset by powerful and positive influences. Its program offers an answer to the boy problem which proves—

"Doing is Learning"

We want to help boys on leaving school to escape the evils of "blind alley" occupations, that is, such work as gives the boy a mere wage for the moment but leaves him stranded without any trade or handicraft to pursue when he is a man; and so sends him as a recruit to the great army of unemployed, and what is worse, the unemployable. "Doing is learning" and when a Scout in the formative stage of his life has this lesson thoroughly impressed upon his mind he has learned to be resourceful. The simple, help-yourself experience which a Scout receives in his impressionable years prepares him to meet emergencies covering the entire range of existence which may develop later in life.

Scoutcraft Instruction

Scoutcraft includes instruction in first aid, life saving, signaling, cycling, nature study, seamanship, campcraft, woodcraft, chivalry, and the handicrafts.

In Scouting the boy does not stand still. The opportunity and incentive and progress are always at hand. He first becomes a tenderfoot, then a second class and then a first class Scout. After this the whole sphere of the Scout program is made available by the boy's own application in qualifying himself to pass the test of the various merit badges.

A boy takes up a hobby with the

same zest that he plays tennis or football and that hobby may become his trade. In other words a boy has transferred his efforts from idle play or harmful mischief to vital achievements, and when the boy has learned to think constructively through the agency of play his problems are greatly simplified and his life worth living.

About Militarism

As an organization the Scouts movement is not military in thought, form or spirit, although, it does instill in boys the military virtues, such as, honor, loyalty, obedience and patriotism. The uniform, the patrol, the troop and the drill are not for military tactics; they are for the unity, the harmony and the rhythm of spirit that boys learn in Scouting. It is in the wearing of the uniforms and the doing of things together as Scouts that they absorb the force and truth of the Scout Law which states "A Scout is a friend to all and a brother to every other Scout."

While the spirit of Scouting is non-militaristic, the experience of the last years have completely demonstrated that outdoor Scout training with its cooking, camping, hiking, signaling, map reading, wireless electricity, knowledge of woodcraft and ability to care for one's self in the open helps immeasurably in fitting a man for the duties of a soldier. While Scouting is a teen-age boy program very properly it is not militaristic from a technical standpoint, it is, however, patriotic as proven by the wonderful records of Scout nation-wide civic service, as well as a notable post war service as youthful citizens.

Religious Policy

Scouting presents greater opportunity for the development of the boy religiously than does any other movement instituted solely for boys. Its aim to develop the boy physically, mentally and morally is being realized very widely. The movement has been developed on such broad lines as an embrace all classes, all creeds and at the same time to allow the greatest possible independence to individual organizations, officers and boys.

The Boy Scouts of America maintain that no boy can grow into the best kind of citizenship without recognizing his obligations to God. The recognition of God as the great ruling and leading power in the universe and the grateful acknowledgment of His favors and blessings are necessary to the best type of citizenship and are wholesome things in the education of the growing boy. No matter what the boy may be, Catholic or Protestant or Jew, this fundamental need of good citizenship should be kept before him.

The Boy Scouts of America as an organized body, therefore, recognizes the religious element in the training of a boy but it is absolutely non-sectarian in its attitude toward the religious training. Its policy is that the religious organizations or institutions with which the Boy Scout is connected shall give definite attention to this

religious life. If he be a Roman Catholic, the church of which he is a member is the best channel for his training. If he is a Hebrew boy, then Synagogue will train him in the faith of his fathers. If he be a Protestant, no matter to what denomination of Protestantism he may belong, the church of which he is an adherent or a member should be the proper organization to give him an education in the things that pertain to his allegiance to God.

Active Force for God

All Scout officials and men who are given the certificates of leadership in carrying out the program of the Boy Scouts of America are required to subscribe to the Scout Oath and Law and the constitution and by-laws, which include this declaration of principle.

In thus making available to boys of all classes a common meeting ground where they may play and compete and learn to know that the "other fellow" is quite as good as themselves; the Scout movement is performing a distinctive and important patriotic service.

And again, the observance of the Scout Oath and Law, the tremendous collective volume of "daily good turns" and the creation of good feeling among millions of Scouts of our own and other lands constitute a latent but powerful and rapidly growing factor for universal peace and good will.

Means to an End

Character development is the real objective of the Boy Scouts movement. Every step in the Scouting program is but a means to this end. The variety and interest of, as well as, the practical knowledge insured by the tests, are often all but a means for holding the interest of the boy pledged to the Scout Oath and Law, under such leadership as will bring about character development. Likewise, the whole scheme of merit badges as primarily for this same purpose. The form of troop organizations, the Scoutmaster, his assistants, the local Council, and indeed the National Council and all of the officers are also but a means to this end.

LOCKHART MAN BURIED

LOCKHART, Oct. 20.—(P)—E. E. White, 67-year-old photographer who killed himself here Thursday after shooting and probably fatally wounding his daughter, Mrs. Frank Clark, was buried here this afternoon.

Baptist Board Accused in Writ on Negligence

ATLANTA, Oct. 20.—(AP)—Charging "negligence as members of the board," and seeking to have board members held responsible with Clinton S. Carnes alleged embezzlements, Walter R. Brown, local attorney, today named seven members of the Baptist Home Mission Board in a petition filed in Superior Court.

Those named were Dr. L. R. Christie, Frank S. Etheridge, B. D. Gray, Rev. W. J. Major, Dr. A. J. Barton, W. S. Gaines, and Hugh M. Willet. Brown, a Baptist layman, filed the petition as an amendment to a former suit he instituted against the Home Mission Board and others in connection with Carnes' alleged shortage.

"Said members on several occasions prior to any diversion of the assets were advised as to the character of said Carnes," the petition charged, and further alleged that the board made no attempt to investigate Carnes' financial transactions. It declared also that the board elected Carnes as its treasurer although he was an ex-convict and although its members had notice of the character of said Carnes for a number of years or by reasonable diligence could have ascertained his integrity and that he had served a prison term.

Board members have accused Carnes of a shortage of \$953,000. He is held here under indictments charging him with embezzlement of approximately a half million dollars.

Psychic Devotee to Broadcast to His Martian Friends

LONDON, Oct. 20.—(AP)—Dr. Mansfield Robinson, psychic devotee, for whom the British post office will broadcast a radio message intended for Mars, declared today that he had not only been talking with Mars, but had been there himself.

"I can talk with these Martians as easily as I can talk to you, and I have had a journey to Mars," he told an interviewer. "My etheric body traveled 35,000,000 miles in four minutes—the same speed at which light travels."

Dr. Robinson gave the further information that the Martian men were about 7 feet 6 inches in height and the women about 6 feet.

Dr. Robinson's message, accepted by the post office radio service, will be broadcast from the Rugby station on an 18,500-meter wave length, and the St. Albans station will listen for a reply on a length of 30,000 meters.

The Graf Zeppelin Brought This Picture for Pampa News

This picture was brought to the United States for The Pampa Daily News and NEA Service by the transatlantic airship Graf Zeppelin, being among its consignment of mail. It shows the transatlantic airplane Bremen as it now appears on exhibition in Berlin, having been taken back there from Greenly Island. In front is a large picture of its flyers, Kochi, Fitzmaurice and von Huenefeld. Soon, the Bremen is to be presented to a New York museum.

SMITH-ROBINSON DEMOCRATIC CLUB COLUMN

Governor Smith's stand on farm relief has brought to him the approval of United States Senator Norris, Republican, of Nebraska; and also the open support of another Republican United States senator, James R. Blaine of Wisconsin. Also many farm leaders in those Republican strongholds. Why is that they are for Smith? Because of his record of honesty in his public life and that he is what Senator Root termed him to be, the expert in government.

Speaking of farm relief, if Hoover and Curtis can give farm relief, why have they not already done so? They have been in power for more than 7 years. Curtis even voted both ways on the farm bill in the senate. If Hoover and Curtis can give you farmers immediate relief they ought not to be sent to the White House, but should be sent to jail for not doing it sooner.

Do you observe that the arguer's for Smith-Robinson ticket are based on facts and on reason. Loyal Democrats do not appeal to any prejudice that is unpatriotic and un-American. It is not necessary. Governor Smith stands for Jeffersonian principles, for states rights, for all the reforms set forth in the Democratic platform. The abusive appeals in this campaign are made solely in behalf of the Republican ticket, and are made by bigots who want only the members of their own churches elected to office.

Loyal Democrats are opposed to bigotry and intolerance. They know that Governor Smith is one of the foremost Christian statesmen of America. Why should Christians fall out with each other because one Christian belongs to one branch of the Christian church and you or I may belong to another? The Democratic platform is big enough and broad enough for Jew and Gentile, for Catholic and Protestant. No one asked when the boys were shedding their blood on the battlefield of France whether the dying soldiers were Baptists, Catholics, Jews or Presbyterians. It was then enough to know he was an American soldier. This is not a Protestant country—it is an American country, where free men dwell and each worships in the church of his choice. The writer is a Baptist and predicts it will stay that way.

On the question of prohibition Governor Smith believes with Thomas Jefferson, the founder of the Democratic party, that if a state wishes to be a dry state, it shall have the right to get what it wants. If a state's inhabitants wish light wines and beer, who will deny the right of the people of any state to have what they want? As with a state, so with individuals. The man who claims a right for himself that he will not be willing to give to another is not quite civilized—he is by just that much somewhat barbarian.

It is very difficult for some to make political speeches against the Smith-

Robinson ticket in this campaign. But they know that they hate something. When a man hates something he must talk or bust. Loyal Democrats are men who love something and the things they love most in this campaign are freedom of conscience, freedom of worship and old fashioned honesty in government from the members in the president's cabinet down to the lowest office. While Woodrow Wilson was at the head of this government there was expended forty billions of dollars and not one dollar of graft has ever been disclosed. When one thinks of the graft and corruption in the president's cabinet, the last eight years, does he not wish a return to old fashioned honesty once again?

A few anti-Smith speakers, when they fail to score elsewhere, try to make a bogeyman out of Tammany Hall. Now Tammany Hall is something we Texans know very little about. But we have heard something about it at any time that is one half as hideous as the Vore machine in Republican Philadelphia, or the un-American Small-Thompson machine of Chicago.

The above space is reserved by the Smith-Robinson club. Watch and read it day by day.

WHITEBORO, Oct. 20.—(AP)—The Whiteboro Cotton Oil Mill was burned late today by fire which started in the seed house, spread to the main building and damaged some nearby residences.

Few Workers---

(Continued from Page 1)

the nomination, and a contestant who will start right in with a subscription for a year, would have a total of 17,000 votes. It is easy, once the start is made and the ice broken.

By this time next week, it is expected that this race will be on its full force, with 15 or 20 or more energetic workers representing every community and neighborhood in Gray county. Only one entrant is in so far from District No. 2, which comprises all territory outside the City of Pampa. There is a wonderful opportunity to win in this district. One of the cars and a full set of the smaller prizes have been set aside for District No. 2, and the Contest Manager is going to see that there are some entries from here even if he has to go out and see them about it.

The Daily News has spent a tremendous sum for prizes. And it will never back down on its agreement. Every prize will be given away on the closing date named, December 15, at 4 p. m., whether we take in a dozen subscriptions or a thousand. Every prize has been purchased. They MUST be given away, and they WILL be given away, regardless of any loss sustained.

The Daily News could afford to give away several times the number of

prizes agreed upon, and never let an eye, but of course, we want to obtain as many subscriptions as possible. We are going through this thing to the letter, and the sooner a few men and women who mean business, and who are willing to exchange their spare time effort for the next few weeks for an automobile come in and get busy the better we will like it. It may take ten subscriptions to win a car—and in any case it will be those who turn in the most votes who will win, regardless of what the number of subscriptions or the amount of money.

The Daily News did not put on this campaign as a money making proposition or scheme in the first place, but merely to enlarge and increase its number of readers and to advertise the publication throughout Gray County and beyond in the adjoining counties. If it brings us in a thousand new readers altogether we will feel that it is a large success, because for one thing, these subscribers will continue to renew from year to year because the Daily News is going to get bigger and better all the time. If you don't believe it, compare today's issue with the first issue only a little more than a year and a half ago. Progress is our watchword.

Now then folks, it is time to get busy in this campaign. This week will be known as "Nomination Week," and all nominations received this week will count 2,000. Tomorrow will be a good day to start.

People as a whole are divided into two classes—those who do things and those who do not even try. The latter spend their time in complaining that it is always "somebody else" who gets the good things out of life. They plod along on a meager scale simply because they do not seize the opportunities that come their way. In any walk of life it is always those who are wide awake who "cash in" on their opportunities. The others call it luck but it isn't—it is cause and effect. The ambitious, energetic, "I will" type of man or woman gets the good things of life and prospers—succeeds where others fail because ambition is always rewarded. But this is not because they are brighter or more capable than others but because they ACT instead of sitting with their hands folded and waiting "I can't."

And so it is in the big prize campaign. There probably never will be such an opportunity presented to our people again. Think a moment, realize just what this proposition means to YOU. Without spending a SINGLE CENT you can earn as high as \$1,-

050 between now and December 15, just eight weeks from next Saturday night. And you cannot lose. There are 15 big prizes altogether and not enough active workers to award them all among. Besides the prizes, provision has been made for the payment of liberal cash commissions to the non-prize winners. Frankly, have you ever before been offered a better business proposition? Have you ever had a chance to cash your spare time into more REAL MONEY?

After the start is made you will see how easily votes come.

It is easy to enter. Simply fill out and mail or bring in to the office the "Nomination blank." This starts you with 2000 votes. Then go to one of your friends and see about his subscription. The chances are he is taking the News and is going to pay for it be-

fore long anyway, and just show him how you can get votes if he pays the subscription to YOU instead of to the office or sending it as usual. It costs him no more to vote for you, and let you turn in the subscription. Probably he will pay you for one year. If he does that's 5,000 votes. Then turn it in with the "first subscription coupon," which carries an additional credit of 10,000 votes. Total votes, just one subscription 17,000.

The start is the main thing. Don't be backward about coming into the News office and seeing the contest manager about the contest. He will be glad to explain everything to you in detail, and to assist you in every way possible. There is a nomination blank somewhere in today's paper. Clip it out and send it in NOW before you forget it!

Safety Built In

During construction, three safety factors are built into portland cement concrete pavements—

1 GRITTY SURFACE—which affords rubber tires a sure grip, even in wet weather.

2 PLEASING COLOR—which at night outlines not only the road but also any object in your path.

3 LOW CROWN—which makes the road almost level crosswise and does away with the dangerous "center-of-the-road" driving.

Thru crowded city streets, and open country roads, concrete gives a sense of safety which adds much to the joy of motor travel.

ROAM THE ROAD OF ROMANCE
WITH

STREET ANGEL

How a universe can topple in a single parting such as this! Already a world lies in ruins about the feet of Janet Gaynor and Charles Farrell, as they are torn from each other's arms in "Street Angel" . . . And darker things are to come. She indescribably enchanting, smiling through her tears, that he may be heartened and not lose his grip on himself. He torn with anguish, following the circus where she performs, seeing in her the inspiration for his painting . . . only to have her snatched from his arms! His star will set. . . he will lose a great artist commission until their sinking orbits meet again and they blaze out into a new constellation.

"If you saw Janet Gaynor and Charles Farrell in '7th Heaven' you will not want to miss them in their latest production."—American.

Pampa Daily News

Published every evening (except Saturdays) and on Monday morning by the Pampa-Daily News Publishing Company, Inc., corner of West Foster and Sourville.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

PHILIP E. FOND, Manager; OLIN E. HICKLE, Editor.

Entered as second-class matter March 25, 1927 at the post office at Pampa, Texas, under the Act of March 3, 1879.

MEMBER OF THE ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not otherwise credited in this paper, and also the local news published herein.

All rights of reproduction of special dispatches hereto are reserved.

Subscription rate table with columns for duration (One Year, Six Months, Three Months) and location (By Carrier in Pampa, By Mail in Pampa and adjoining counties, By Mail outside of Gray county, and adjoining counties).

NOTICE TO THE PUBLIC. Any erroneous reflection upon the character, standing, or reputation of any individual, firm, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

Women's Service

It is fitting that women's entrance into politics should be along constructive lines for the most part, following the feminine instinct to put things in order.

The present political campaign, more than any other, has shown a tendency for the more fiery type of women to fall into men's ways of making a public noise.

This, it seems to us, leaves out of women's program the lower elements of social leadership and defines activities which will satisfy every type of feminine ambition.

Both big political parties are making powerful appeals for the women's vote. Every type of propaganda is being employed.

men. Neither had criminal records, but each was well filled with some kind of liquor. There was some indication of remorse—enough to bring a plea of guilty from the driver.

He had tried lectures and fines before, but the result was not convincing either to him or the offenders.

Low fines for serious offenses are resulting in a licensing system of criminality in this country.

WASHINGTON LETTER

WASHINGTON—This government might not be so peeved over the Anglo-French naval agreement if it could decipher just what was the idea.

They are also equally puzzled as to just what those two nations had in mind.

Previous naval limitation conferences had been severely hampered, prevented or broken up by a conflict of interests.

So the two nations got together and apparently revived the entente cordiale which they had before the war.

ally themselves for mutual interest. France could have all the submarines and troops she wanted and France would support Britain's cruiser demands.

If they hoped to keep any of this deal secret it was a vain hope. The thing was bungled from the start.

Perhaps no more sensational major international incident has occurred since the Versailles treaty.

It is almost impossible to believe that Chamberlain and Foreign Minister Briand of France thought we would be willing to come to a new conference after it had already been arranged to deprive us of our trousers.

Everyone, in fact, must have been shocked, especially Secretary of State Kellogg, to whom the news—or a large part of it—was broken just as he had triumphantly signed the anti-war treaty in Paris.

Meanwhile the State Department and Navy Department at home were equally excited.

East and West. Pampa Daily News: Let it rain. We have been advocating rain for several days, and now it's partly cloudy.

This has been a funny year, possibly because of the politics in it.

neurotic, pessimistic editor would be unable to take so broad a view of the matter. It is the sound, self-contained, stabilized mind that accepts the weather as it is.

is the sign of a people who value this world too much to spend their lives in complaint of it.

There is no perfection for man without his own perfection. Sorry man, sorry life. Good man, good life. Perfect man, perfect life.

Barbs

An inspired headline writer announces that the Byrd South Pole trip will reveal the last of the world's great secrets.

A wife, her mother and her grandmother sued for divorce in the same week.

Fish are fond of music, a professor discovers. Just as you've suspected in the night clubs.

Apple growers now urge everyone to eat two apples a day. Probably the theory is that the more doctors you keep away the better.

Scientists are finding substitutes for gasoline, rubbing and all that, but what this country needs is something to say instead of "I'll say so."

They call them permanent waves, the word "permanent" here meaning "once every two months."

An editorial in the Liverpool Post says Americans are a people disposed to think in large terms.

As women's dresses grew shorter accidents decreased, says a prominent doctor.

NOTICE

TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINAFTER MENTIONED PORTIONS OF STREETS IN THE CITY OF PAMPA, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY:

The Governing Body of the City of Pampa, has ordered that the hereinbelow mentioned streets be improved by raising, grading and filling, and paving with Vibrolithic pavement, together with incidentals and appurtenances, and contract has been made and entered into with Stuckey Construction Company for the making and construction of such improvements. Estimate of the cost of such improvements for each such portion of street or highway has been prepared.

The portions of streets or highways to be improved, together with the estimated cost of the improvements for each such portion of street or highway, and the amount or amounts per front foot proposed to be assessed against the abutting property and the owners thereof, on each such portion of street, are as follows:

On Tying Avenue from its intersection with the East property line of Cuyler Street to its intersection with the East property line of Starkweather Street, known and designated as Unit or District No. 22, estimated cost of the improvements is \$29,272.63; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.48; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$8.50; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$8.98.

On Foster Avenue from its intersection with the East property line of West Street to its intersection with the East property line of Hobart Street, known and designated as Unit or District No. 32, estimated cost of the improvements is \$40,270.51; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.48; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$9.50; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$10.36.

On Francis Avenue from its intersection with the East property line of Cuyler Street to its intersection with the East property line of Ballard Street, known and designated as Unit or District No. 34, estimated cost of the improvements is \$4,924.93; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.48; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$6.60; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$7.08.

On Russell Street from its intersection with the North property line of Kingsmill Avenue to its intersection with the South property line of Francis Avenue, known and designated as Unit or District No. 40, estimated cost of the improvements is \$3,825.50; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.48; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$4.45; total estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$4.93.

foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$4.45; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$4.93.

The paving on streets above set forth as Units Nos. 22, 32, 34, and 40 shall be 6 inch vibrolithic pavement.

Said streets are to be improved by raising, grading and filling, and installing concrete curbs and gutters, and paving with Vibrolithic pavement, together with incidentals and appurtenances, as provided in the plans and specifications, prepared by the Engineer for said City and now on file with the City.

A hearing will be given and held by and before the Governing Body of the City of Pampa, Texas, on the 1st day of Nov., A. D. 1928, at 9 o'clock a. m. in the City Hall in the City of Pampa, Texas, to all owning or claiming any property abutting upon said portions of streets and highways, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of street or highway upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the city and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owners of such property, and a first and prior lien upon the property as provided by the law in force in the city, and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas known as Chapter 106 of the Acts of said Session.

The improvements on each said portion of street or highway constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of street or highway, and the assessments against the property abutting upon any unit shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements in other units.

Of all said matters and things, all owning or claiming any such property or any interest therein, as well as all others in anywise interested or affected, will take notice.

Done by order of the City Commission of the City of Pampa, Texas, this 19th day of October, 1928.

(SEAL)

C. O. BUSBY, City Secretary, City of Pampa, Texas. 21-25.

NOTICE TO CONTRACTORS CITY OF PAMPA, TEXAS

Sealed proposals will be received by the City Commission of the City of Pampa, Texas, until 7:30 p. m., October 29th, 1928, for the construction of two concrete culverts in the said city. Some approximate quantities are as follows: 70.5 Cu. Yds. Concrete 1:2:4 Mix 69030 pounds deformed bars (new bil-

let) 4-18"x24" catch basin grates 3120 Cu. Yds earth excavation.

Proposals must be addressed to the City Manager of the City of Pampa, Texas, and must contain a certified check of its equivalent, made payable to said manager for \$100.00. Plans may be seen and specifications and blank forms of proposal procured at the office at the office of A. H. Doucette, City Engineer, Pampa, Texas.

The right is reserved to reject any and all bids.

D. W. OSBORNE, Mayor, F. W. GWIN, City Manager.

Mr. and Mrs. J. Warren Sparks leave today to make their home in Wichita Falls after spending a year in Pampa. Mrs. Sparks is the daughter of W. A. Stuckey and a member of the Stuckey Construction company.

Mr. and Mrs. A. A. Snidman of Santa Ana, Calif., left yesterday for Colorado after a visit of several days with Mrs. Snidman's brother, W. W. Merten, and Mrs. Merten.

Mrs. I. N. White, who has been seriously ill at the home of her daughter, Mrs. J. E. Corson, is much improved.

MOODY MAY ANSWER "ENEMY OF WILSON"

AUSTIN, Oct. 20.—(AP)—Governor Moody said late today that he has neither accepted nor refused an invitation to speak at Dallas October 25 in answer to a speech to be made Monday by United States Senator William E. Borah, Republican, under auspices of Anti-Smith Democrats.

The governor said, however, that "an enemy of Woodrow Wilson brought here by men who used to be Wilson supporters ought to be answered."

NEW YORKER AT LARGE

NEW YORK—Roving at random from the Battery's sea wall to Central Park, anyone may see:

The girl artist leaning against Washington's statue in front of the Wall street subtreasury while she sketches the tower of Trinity church. The clam-vendor on Mulberry street, his cart surrounded by hungry ghetto dwellers, scooping steamed clams from the shell with adept fingers. Agitated young folk, youths and girls, gesticulating in the vigorous argument in front of the communist headquarters opposite Union Square. In token of school days, a wrinkled Canal street hawker with his two-wheeled barrow heaped with red, green and yellow pencils, two for a cent.

Allen street, once a lane of dives, now bright with quilting spread for exhibit in front of its dry goods stores and aglow with brass, bronze and wrought iron ware. The market for candelabra and metal ornaments has centered along this narrow way where the elevated trains overhead seems almost to scrape the sides of the tenements as they clatter along. Here and there is an expensive motor car parked beside the curb, its owner a collector, looking inside a shop for a finely-hammered knick knack.

Seaweed For Lunch

A boy bootblack, his box of brushes quite obscured behind a gaudy campaign poster pasted on its edges. A wrinkled matriarch in white lace cap and ragged shawl, taking her dog for a walk with as much pomp as if she were performing that rite on the wider and cleaner sidewalks of Park avenue. The modest sign over a drug store that is still only a drug store: "N. Who Is Known As A Very Good Apothecary."

Old men browsing in second hand book stores along Fourth avenue. Youngsters posting a lookout to watch for the superintendent while they steal a game of handball against the forbidden wall of an apartment building. The Japanese restaurant on Sixth avenue, where seaweed is the most popular dish. You may have it boiled, baked or broiled, and the culinary operation will be performed before your eyes on a gas stove brought to your table. It is dark green, and paper-thin.

A butterfly, strange fugitive from a florist's shop, trying to fly across Fifth avenue and being whirled about in the wind of speeding traffic.

Theater On Wheels
The motorized talking movie outfit, looking like a big red, white and blue hearse, which cruises about town each evening to display vocal likeness of Hoover and Curtis. Two women broadcasting intimate gossip on the upper deck of a Fifth avenue bus: "No, he isn't living with his sister any more. He told her she'd have to choose between him and her seven cats."

The antique dealer whose first name is spelled, on her door, not Gladys but Gwladys. The headquarters on Seventy-second street of the American Anthroposophical society—and anthroposophy, to save your looking it up, too, means "knowledge of the nature of man." Subway workmen eating lunch on the steps of St. Thomas' cathedral. And hanging their coats, as they return to work, on the iron pickets of a town house fence, despite the admonitions of a butler.

More and less for your money—more service and value and less change for complaint. W. E. Coffee Grocery Co., third door west of Post Office, we deliver, just call 625.

Hear the "Singing Fool" sing "Sonny Boy", at G. C. Malone Furniture Co.

Catching Up on Peggy Joyce

Peggy Hopkins Joyce, never a bridesmaid but often a bride, had better look to her laurels in the marriage arena—Jessie Reed's catching up. Peggy has had five husbands, whereas Jessie Reed (above), former Follies star, took her fourth mate just the other day. He was Leonardo Reno, son of a millionaire publisher. Jessie's second husband, the millionaire Dan Caswell of Cleveland, died three years ago. Her last husband was William F. Young, advertising man.

Poultry Cooking Hints Are Given By News' Expert

"In choosing poultry, select those that are fresh and fat, and the surest way to determine whether they are young is to try the skin under the leg or wing," says Mrs. Leona Rusk Ihrig, domestic science expert, who will conduct the Pampa Daily News cooking school here starting Nov. 5 at the Methodist church basement.

"If it is easily broken," Mrs. Ihrig continued, "it is young. If the joint yields readily it is tender. When poultry is young the skin is thin and tender, the legs smooth, the breast fat. Old turkeys have long hairs and the flesh is purplish where it shows under the skin on the legs and back. About March they deteriorate in quality.

"Young ducks and geese are plump with light, semi-transparent fat; soft breastbone, tender flesh, leg-joints which will break by the weight of the bird, flesh-colored and brittle beaks and windpipes that break when pressed between the thumb and forefinger. They are best in fall and winter.

"Young pigeons have light red flesh upon the breast, and full flesh colored legs; when the legs are thin the breast very dark, the birds are old.

"Fine game birds are always heavy

for their size; the flesh of the breast is firm and plump and the skin clear; and if a few feathers be plucked from the inside of the leg and around the vent, the flesh of freshly killed birds will be fat and fresh colored; if it is dark and discolored, the game has been hung for a long time. The wings of good ducks, geese, pheasants and woodcocks are tender to the touch. The tips of the long wing feathers of partridges are pointed in young birds and round in old ones. Quail, snipe and small birds should have full, tender breasts.

Poultry should never be cooked until six or eight hours after it has been killed, but it should be picked and

drawn as soon as possible. Plunge it in a pot of scalding water; then pluck off the feathers, taking care not to tear the skin; when it is plucked clean roll up a piece of white paper, set fire to it and singe off the hairs. The head, neck and feet should be cut off, and the end of the legs skewered to the body, and a string tied.

"When roasting a chicken or small fowl there is danger of the legs crowning or becoming too hard to be eaten. To avoid this, take strips of cloth dip them into a little melted fat or even rub them over with fat and wind them around the legs. Remove them in time to allow the legs to brown delicately."

Mrs. Ihrig in her school of cookery which will be held under the auspices of The News at the Methodist church basement beginning Nov. 5, with classes beginning at 2:30 o'clock each afternoon for five days, will discuss these as well as many other pertinent questions concerning home economics.

KILLS WIFE AND SELF

TEMPLE, Oct. 20.—(AP)—J. B. Eberidge, 45, painter, shot and killed his wife and then himself at their home here today. A daughter, Sue, 17, said the shooting ended a family quarrel.

Hear the "Singing Fool" sing "Sonny Boy", at G. C. Malone Furniture Co.

George C. May and his daughter, Miss Eleng of Amarillo are spending the week-end here as guests of Mrs. S. L. Maynard of the Hotel Davis.

Miss Mary Stocking is spending the week?end in Clarendon.

Mrs. Georgia Dodson is visiting at Clarendon this week-end.

The new Buick is the new Style

Fleet, symmetrical, low to the ground, unique & unrivaled from an artistic standpoint ---- and the most comfortable automobile motorists have ever known ---

The same artistry, the same craftsmanship which make this new Buick the most beautiful automobile of the day also make it the most comfortable automobile motorists have ever known.

New adjustable front seats in the closed models—full width rear seats providing plenty of room for three adult passengers—deep, soft upholstery—the lounging spaciousness of the interiors—all combine with Buick's famous cantilever springs and Lovejoy Hydraulic shock absorbers to produce the highest degree of riding luxury ever attained in any motor car!

Vivid new style—matchless comfort—acknowledged performance leadership—place this new Buick so far beyond its field as practically to remove it from competition. Vivid new style—matchless comfort—acknowledged performance leadership—have made it the outstanding choice of the overwhelming majority of fine car buyers!

The Silver Anniversary BUICK
WITH MASTERPIECE BODIES BY FISHER

Not only beautiful, not only symmetrical, not only luxurious—but an entirely new style—an alluring new mode of car design—

—a mode of tasteful smartness and pleasing harmony—of graceful contours instead of plain straight lines—of softly rounded steel panels more costly than the steel paneling employed on any other automobile in the world—

—a mode so sure and sound and beautiful that it forecasts the trend of smart body-design for years to come—

CAPITAL PRIZE

Silver Anniversary Buick . . . \$1,550

Purchased From and on Display at Pampa Buick Motor Co., Inc.

FIVE THOUSAND DOLLARS in handsome prizes and commission checks, all to be distributed free by the Pampa Daily News in the most unusual circulation campaign ever inaugurated in this section of the United States. A Buick Sedan, a Whippet and a Chevrolet for just a few weeks' effort in vote gathering. Could anything be more liberal, more appealing? The Daily News believes it has gone the limit in providing a prize list. **YET, NOT ENOUGH CONTESTANTS HAVE ENTERED TO AWARD HALF THE PRIZES AMONG!** Perhaps it has been the weather—perhaps the rules and conditions are not fully understood. At any rate, The Daily News is amazed that so few have as yet taken advantage of the wonderful opportunity.

If you live in any town within a radius of 25 miles, or on a rural route, your chance to win is exceedingly bright. It costs nothing to enter and win, nor will it cost anything later. Every prize, from the big Buick down to the last commission check is FREE—reward for effort. The race is a short one. It ends Saturday, December 15 at 9 p. m.

NOW is the time to enter and win. All you have to do to become a contestant is to fill out the "Nomination Blank", which appears in the lower right hand-corner. It will bring you a receipt book and full instructions by return mail. You can start vote gathering immediately. Be the first one to enter from your neighborhood. Splendid chance in country. No towns in the trade territory are as yet represented. Are YOU going to let this opportunity go by? It will not come again.

All nominations made NOW will receive credit for 2000 votes. There are no obligations attached to entering. You can't possibly lose, for everyone who participates will receive a prize or a commission check on December 15. Figure out what your spare time this fall is going to be worth to you. You can make it worth \$1550. It's just a question of your WANTING to do it. **SOMEONE** is going to win the Buick. **SOMEONE** will win the Chevrolet and the Whippet. It might as well be YOU as anybody else.

Take a wallop at that "Nomination Blank" with the old shares NOW—this very minute.

SHOULD \$5,000 IN PRIZES GO BEGGING ?

HOW PRIZES WILL BE AWARDED

The prizes will be given away absolutely free on December 15, 1928 in front of the Pampa Daily News office to the contestants polling highest number of votes by that time. Every car will be fully equipped with spare tire, bumpers, motorometer, rear view mirror, etc.

THE CONTESTANT polling HIGHEST number of votes will receive the 1928 Model Silver Anniversary Buick, costing \$1550.00.

THEN the contestant in the OPPOSITE DISTRICT FROM WHICH THE BUICK IS WON may choose between the \$778.00 Whippet Sedan and the \$736.50 Chevrolet Coach.

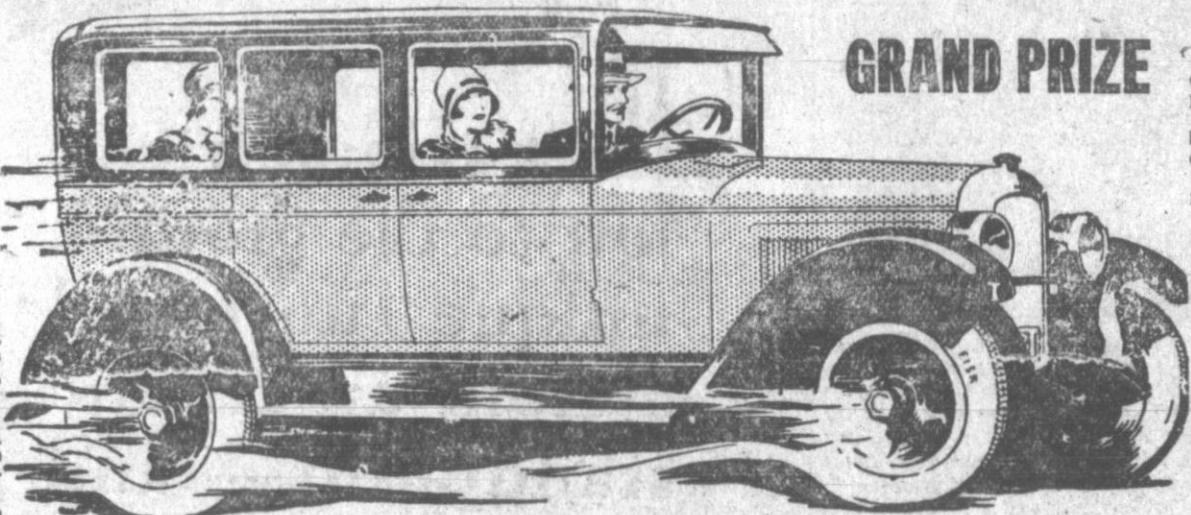

THEN the contestant in the opposite district from which the SECOND car is won, will receive the remaining car.

BEAR IN MIND THAT PLACE OF RESIDENCE MAKES NO DIFFERENCE. EVERY ENTRANT HAS THE SAME OPPORTUNITY TO WIN THE BUICK WHETHER THEY LIVE IN PAMPA OR IN LEFORS, WHITE DEER, KINGSMILL, McLEAN, ALANREED, SKELLYTOWN OR ANY OTHER COMMUNITY. AFTER THE BUICK IS AWARDED THERE IS STILL ONE CAR FOR EACH DISTRICT BESIDES A FULL SET OF THE SMALLER PRIZES. TWO CARS MAY BE WON IN PAMPA OR TWO CARS MAY BE WON OUTSIDE.

After the winners of the automobiles have been decided the next highest contestant in each district will each receive one of the \$225.00 genuine diamond rings. As one of the rings is a solitaire and the other contains three stones, the HIGHEST will have choice between the two.

THEN the next highest contestant in each district will receive a \$60 genuine Bulova Watch. THEN the next highest in each district will receive a \$50 genuine Bulova watch. THEN the next highest in each district will receive a \$37.50 genuine Bulova watch. THEN the next highest contestant in each district will receive a \$29.75 genuine Bulova Watch, and the next highest in each district will receive a \$24.75 genuine Bulova Watch.

Cash commissions will then be paid to all qualified under the rules as printed in this announcement.

Rules and Regulations—How to Enter

Fill out the nomination blank opposite with your name or the name of the person to be nominated. Bring or mail this blank to the Campaign Manager and you will be credited with 2,000 votes as a starter.

Any man or woman, either married or single, of good character may become a candidate in this campaign and is entitled to one nomination credit of 2,000 votes.

The Campaign Manager reserves the right to reject objectionable nominations.

There are no obligations attached to entering this campaign, and it costs absolutely nothing to try for a prize.

No candidate will be permitted to transfer votes to another candidate after receiving them.

Subscriptions cannot be transferred. All subscriptions must be paid in cash before votes are issued.

No subscriptions for a period longer than three years will be accepted.

In accepting nominations all contestants agree to abide by the conditions named. The Daily News reserves the right to place additional prizes on the list.

All prizes will be delivered to winners at Pampa, Texas, just as soon as the winners are announced by the official judges.

In case of a tie for any of the prizes, the candidates being will receive prizes identical with the one tied for.

This campaign opens Monday, October 15, and closes Saturday, December 15 at 9 p. m.

No agreements or promises, either written or verbal, made by solicitors other than those published in The Pampa Daily News will be recognized.

No salaried employee of The Pampa Daily News will be allowed to compete in this contest or supply coupons to any contestant.

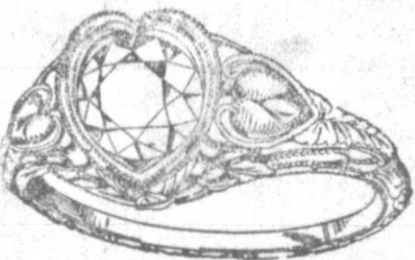

Every contestant who fails to win one of the regular prizes will receive 10 per cent of the total amount of money he or she has turned in.

How Votes Are Secured

Votes cannot be purchased and they cannot be transferred. Once issued to the credit of a contestant they must stay issued. This rule is imperative. There are just two ways to obtain votes. One is by clipping the free vote coupons which will appear in each issue of the Pampa Daily News until further notice. The other is by securing new and renewal prepaid subscriptions to this newspaper. The coupons must be deposited in the ballot box in the campaign office before the expiration date printed on them. All subscriptions must be paid in advance before votes are issued on them.

From October 15 to November 17 inclusive every \$20 in subscriptions turned in will count 100,000 extra votes.

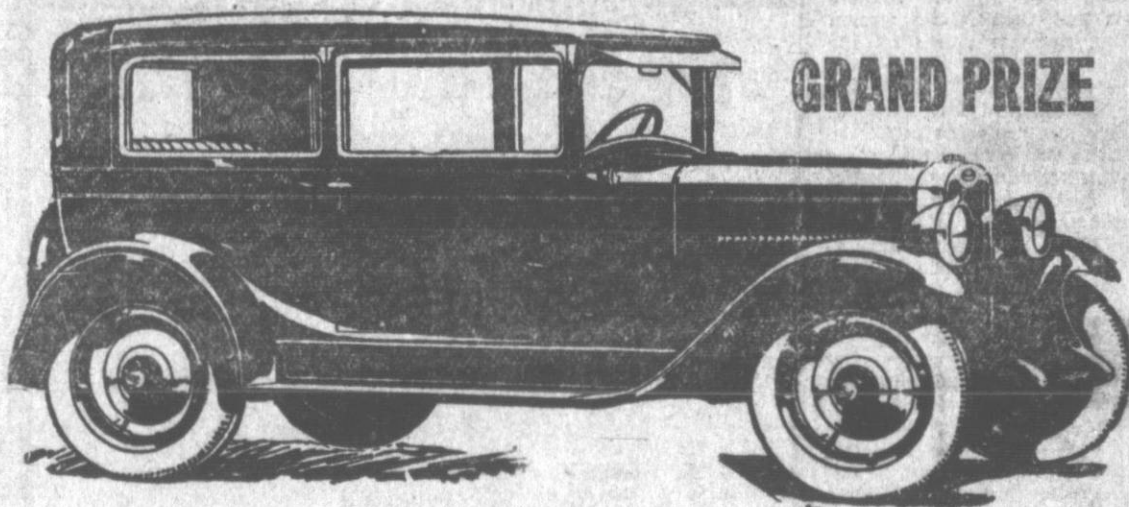

How Subscriptions Count in Votes

(BY CARRIER BOY IN PAMPA)
