DALLAS MAN DELIBERATELY COURTS OFFICERS' BULLETS

W. P. FLETCHER KILLED BY RIOT SQUAD TODAY

Wounded Officer as He Held Children in Arms

LEFT LETTER ABOUT DEATH

Domestic Tragedy Is Hinted in Note to Sister

DALLAS, Oct. 24.—(P)—Evidence that W. P. Fletcher, 35, deliberately made himself the target for officers' bullets when he was shot and killed today by a riot squad after wounding emergency squad officer A. Ivey, was seen in a letter to his sister found in the dead man's clothing.

The scarcely legible note, dated today, hinted of a domestic tragedy ed to his home for clothing and de- which Fletcher found when he returned. "I have nothing to live for and if anything happens to me, I ask you to forgive me. I think death would be better rather than living in the condition I am living in," the letter concluded.

The man's sister, a resident of Rosepine, La., was told that Fletcher had come to Dallas to find his son "walking the streets barefooted and with little clothes on."

Officers said Fletcher had a girl, age 2, in his arms and a boy, 8 as his side, when he opened fire on Ivey.

DALLAS, Oct. 24.—(P)—Shot through the head and heart, W. P. Fletcher, about 35, fell victim of policemen's bullets here today after he was said to have wounded A. A. Ovey, emergency squad officer.

Ivey and a fellow officer, R. R. Slinger, stationed at the Oak Cliff police sub-station, answered a disturbance call. They went to the vicinity of Welch and Storey streets, Oak Cliff.

As the officers arrived, several shots were fired at them, they said, one of the shots striking Ivey in the upper arm. A woman telephoned Central police station that shooting had occurred, and five officers hurried to the scene.

Motorecycle officers under leadership of Detective Captain Leonard Pack found Fletcher in a cedar brake on Thomas Hill, Oak Cliff. They ordered him to surrender, but he refused, they said, firing at them. They returned the fire, and Fletcher fell, dying almost instantly.

Mr. and Mrs. P. O. Sanders, Mrs. W. C. Archer and Mrs. Frank Catterton are in Amarillo today.

President's Thanksgiving Message Points to Prosperity Over Nation

WASHINGTON, Oct. 24.—(P)—President Coolidge issued his annual Thanksgiving proclamation today by calling upon the people to offer thanks on Thursday November 29 for prosperity in agriculture, industry and commerce, and for the peace which has existed in the last year.

The proclamation follows: "The season again approaches when it has been the custom for generations to set apart a day of Thanksgiving for the blessings which the giver of all good and perfect gifts has bestowed upon us during the year. It is most becoming that we should do this, for the goodness and mercy of God which has followed us through the year deserves our grateful recognition and acknowledgment."

"Through His divine favor peace and tranquility have reigned throughout the land. He has protected our country as a whole against pestilence and disaster and has directed us in the way of national prosperity. Our fields have been abundantly productive; our indus-

Unfinished Pampa Boy Scout Drive Will Be Completed Next Tuesday— Everyone Has Chance to Have Part

General Election Here Will Be at Lone Voting Box

Although a decision received from the attorney general's department by John F. Studer, county attorney, holds that election judges for the new precincts in the Pampa vicinity could be legally appointed, the county commissioners have decided not to change the balloting arrangements until next year.

The voting in the general election therefore, will be at the single box in the Chamber or Commerce auditorium. It is believed that great confusion would result if the new precincts were inaugurated now. Next year, however the poll tax receipts will show each person what his precinct is.

If the expected deluge of votes develops in the election of November 6, it likely will take several days to count all the votes, unless the judges work in relays and many clerks are used.

Benton Funeral Set for Today

The funeral service for J. T. Benton, pioneer Gray county resident, was to have been held at his home 5 miles east of here at 3 o'clock this afternoon. The service was postponed from yesterday afternoon awaiting the arrival of a son who had been vacationing in Kansas.

Mr. Benton died at his home Sunday afternoon following an illness of two days. He had been in failing health since last May, but was not taken to his bed until Saturday.

Services at the home and cemetery were to have been in charge of the Rev. Jas. Todd, Jr., pastor of the First Christian church.

The pallbearers: Ernest Reynolds, Earl Talley, Homer Kees, C. T. Hunkapiller, M. K. Brown, DeLa Vicars, J. E. Williams and R. C. McConnell.

TEXARKANA HAS MANY LIQUEUR RAID PRISONERS

TEXARKANA, Ark.—Oct. 24.—(P)—The Texarkana jail was a concentration point today for prisoners netted in raids conducted by federal prohibition squads yesterday and last night in Miller, Nevada, Hempstead, and Lafayette counties.

Twenty-three men and women were arrested and more than 1,000 gallons of wine, whiskey and beer seized. Eight of those arrested were released last night on temporary bond.

Local business men interested in the welfare of Pampa's boys are planning to remove the local Boy Scout finance campaign from the status of "unfinished business."

A committee composed of M. K. Brown, DeLa Vicars, and W. A. Bratton was appointed last night to prepare a list of those who have not contributed to this year's program. Solicitors, chosen largely from the Lions and Rotarians, will meet next Monday evening to divide the list of prospects and organize for an intensive, one-day campaign. The drive will be held next Tuesday.

The plan of the campaign will be to give everyone in Pampa an opportunity to have a part in the movement. Soon after the preliminary organization of the new council was completed last June 14, a budget was approved and each of the six towns in the council was given a quota. Pampa's quota was fixed at \$2,750. The local drive for these funds came at a very busy time, and was never completed. About half of the necessary amount was raised. Many who had checks ready for the solicitors were never seen. Only Borger and Pampa failed to "go over the top". Last week Borger business men met and executed a very successful drive. Several large business firms gave the time of one or more of their executives for a day, and the money needed was quickly raised.

Pampa is to try the same plan. It is highly desirable that Pampa, leading city in the preliminary organization, shall complete her drive before November 2, when the Adobe Walls council members will have a session here at the New Schneider hotel. This will be a dinner meeting held at 8 o'clock, followed by the presentation of a council charter. Among the speakers on this occasion will be James P. Fitch of Dallas, regional Scout executive, J. Sid, O'Keefe, president of the Adobe Walls council, will preside.

Highway Body Approves Action Taken in Pampa

The Panhandle Highway association became a permanent organization yesterday at a meeting in Borger, Judge A. A. Callaghan of Panhandle is president of the association and Geo. Briggs of Pampa is secretary. The vice-presidents are A. C. Hoffman of Memphis; S. P. Hall of Spearman; C. E. Walker of Dalhart; L. A. McAdams of Canadian, and C. W. Warwick of Canyon.

A meeting of the executive committee will be held next week, when the following four committees will be appointed: legislative, membership, program, and publicity. The aims of the association are to promote the building of highways in this territory and to work with the state highway association in getting the Panhandle "out of the mud."

Twelve Panhandle counties were represented at the meeting yesterday. George Briggs and F. P. Reid represented Pampa at the meeting. Mr. Briggs stated this morning that the response of the county judges and commissioners at the meeting was commendable and showed that they are interested in good roads for the Panhandle.

The next meeting will probably be held in one of the southern counties of the district. A definite date for the meeting will be set at the meeting of the executive committee next week.

SEATTLE BUYS HEATHERLY

CHICAGO, Oct. 24.—(P)—Clarence Heatherly, Omaha third baseman and leading base stealer of the Western league, has been traded to the Seattle club of the Pacific Coast circuit.

Heatherly went to the Seattle club in a transaction that involved a cash consolation and a Seattle player to be named.

OMAHA WILL HEAR SPEECH

Sees No Alternative For Progressive Now

PORTLAND, Ore., Oct. 24.—(P)—Senator George W. Norris of Nebraska, Republican, announced here today that he will support Governor Alfred E. Smith, Democratic nominee for the presidency, and that he will start on a speaking tour in Smith's behalf "within a few days."

The first positive announcement of Senator Norris' intention to support the Democratic nominee was made on his arrival here today for a brief stop en route to Omaha from Seattle.

Senator Norris will make his first Smith for President campaign speech in Omaha Saturday night, he said. "I couldn't resist any longer my conclusion but to support Governor Smith for president," the Senator said. "For a progressive, there is no other place to land except in the Smith camp."

Rotarians Plan Part in Clinic of November 12

The part the Rotary Club can do for crippled and defective children was discussed at the luncheon today noon at the Methodist Church.

Mrs. M. P. Downs, local nurse said that names of crippled children should be obtained from school teachers, doctors and Sunday schools.

Dick Hughes told of a recent visit to Dr. McBride's office in Oklahoma City. The doctor has promised to visit Pampa Nov. 12 for a clinic and efforts will be made to get the name of every crippled child in Gray county.

Dr. A. Cole also said that there was a number of defective children and that they should be helped. A child with adenoids and bad tonsils is in poor health, he declared.

Frank Keim was appointed chairman of a committee to assist in the Boy Scout campaign. He selected as assistants Tom Rose, C. T. Hunkapiller, J. D. Sugg, P. H. Shepherd, Joe Smith, Scott Barcus, J. M. Dodson, Paul Shelton, Dick Hughes, J. E. Murfee and Bob Campbell.

J. D. Sugg made a brief classification talk. New members introduced were Earl O'Keefe, Panhandle Insurance Agency; Ed J. Dunigan, Dunigan Tool & Supply Co., and Mel B. Davis, oil operator.

Appeals Court Delays Action on Gray County Suit

Still further delay in the Amarillo Appeals Court decision on the Gray county seat removal election contest became certain today when that body failed to hand down its decision.

No explanation of the delay was forthcoming from the office of the clerk of the court. The hearing on the appeal was held two weeks ago.

Both Stars, But Years Apart

The last time Mrs. Fannie D. Hall McCollin, right, appeared on the stage, a young girl named Clairborne Foster made her debut in the same play. The other day Miss Foster, who now is thestar in a Broadway production, called at the Actors' Fund Home in Englewood, N. J., and found Mrs. McCollin. Here you see them sharing reminiscences and a box of candy.

MORE INTEREST MANIFESTED IN 'NEWS' \$5,000 CONTEST

The campaign is lacking enough entrants from District No. 2, which includes all territory OUTSIDE the city of Pampa. If you live in LeFors, White Deer, Skellytown, Roxana, Kingsmill, Alanreed, McLean, or Miami, you have an excellent chance to win. There is not a single entrant from any of these towns so far. If you can't enter yourself, nominate somebody.

A little more interest was manifested late yesterday and today in the Pampa Daily News big \$5,000 automobile and prize subscription campaign. Several men and women came into contest headquarters at the News office, sat down, looked at the Contest Manager in the eye and declared they were ready to get down to business.

"I've been intending to enter for two or three days," one of them said "but I've been so busy I didn't have time to get down to the office."

Another said she had wanted to enter from the start but that her husband "kept kidding her that she couldn't win."

Will Show Husband "I'm going to show him he doesn't know what he is talking about," she said. "Watch me step in this campaign." So it looks like that particular hubby is out of luck for regular meals at home for the next few weeks. But in the meantime his wife will be getting votes towards a splendid automobile. Any good husband ought to be willing to put up with a few cans of sardines and other delicatessen meals if his wife will present him with a new automobile.

As a direct opposite case, another woman said her husband had been trying to get her to run for three or four days, declaring he would do all he could to help her.

So at last we are beginning to find out just what has been holding the entries back! But now that the dam has burst, so to speak, and that folks are beginning to get the low down on the big prize offer and the real dope on the "easy" winning opportunities is beginning to filter through, it is expected that there will be many more entries. The Daily News always knew that it's friends and readers would not lay down on it in a proposition of this kind, and before long it is believed there will be a rousing, thrilling, exciting campaign on in Pampa.

Extra Bonus Now This week has been designated as "Nomination Week," and all entries (See MORE INTEREST, pg. 8)

ONLY APPEAL SLOWS START ON STRUCTURE

Brown-Crummer Pays Par, and Interest at 5 1/2 Per Cent

FIRST OF ROAD PAVING IS LET

Portions to North and South of City Authorized

County commissioners late yesterday contracted to sell the Brown-Crummer company about \$250,000 worth of warrants for the erection of the Gray county courthouse, subject to a favorable decision on the election appeal now pending.

The price paid was par and accrued interest at 5 1/2 per cent. The buyers agree to take care of all legal proceedings and printing of the warrants, and to handle all litigation which may arise regarding their issuance. None of the original bids reached par, but the commissioners agreed to sell the warrants if Brown-Crummer, highest bidder, would raise their offer to par. The company agreed.

All Details Completed The commissioners have now purchased the courthouse site, south of Central High school, have let the building contract to the H. L. Case Construction company, and sold the warrants with which to finance the proceedings. An injunction granted by Judge Newton P. Willis restrains the court from issuing the warrants until the Appeals Court gives its decision.

The commissioners also let a contract to the Stuckey Construction company for approximately 3.7 miles of vibrolithic paving on the oil field road south out of Pampa, which was graded some time ago. Work will begin next spring.

The contract price for the south oil-field paving was \$106,560. The paving specified is to meet state specifications on a dis to be of the 18x18 type vibrolithic with 9-inch sides and 6-inch center. The paving will include from the city limits south almost to the curve in road leading west to the Clararendon road.

Let Two Contracts Another contract, with the J. F. Foly of Wichita Falls was let for the grading and drainage of Highway 33 (See ONLY APPEAL, pg. 8)

R. E. Underwood to Speak Monday for Al Smith

R. E. Underwood, well known Amarillo lawyer, will speak here next Monday night under the auspices of the Smith-Robinson club.

He will speak at the Pia-Mor auditorium at 8 o'clock. Mr. Underwood is recognized to be one of the best speakers in the Panhandle, and the local club believes it is fortunate in getting his consent to come here.

Daily News Expert Will Tell How to Prepare Delicious Meals Fast

In these modern days, when living is geared up to a lightning speed, the housewife is likely to find it difficult to prepare meals and attend her other duties which include both household and social activities," said Mrs. Leona Rusak Ihrig, who will conduct the Pampa Daily News Cooking school, which opens here November 5.

"When such a state of affairs exists," continued Mrs. Ihrig, "it is generally because the housewife has not modernized her kitchen methods in keeping with modern trend of living. "When a woman does have her kitchen equipped up to the standards of the time and has learned modern efficient methods of cooking, her friends are almost sure to marvel at her ability to cook so perfectly in so little time. Then they are apt to turn the question aside with a well, she is just a natural born cook," but they are all wrong."

"Good cooks aren't born—they are made, and every woman can be a good cook if she wishes, and is willing to learn and the purpose of a cooking school of this sort is to teach them. Every age has had its cooking problem. Brilliant Savarin, the French authority, on good eating said: "The destiny of nations depends upon the manner in which they feed them."

Knowledge of how to cook what to cook is now a recognized science closely related to both happier life and longer life, declared Mrs. Ihrig. "Every housewife has her own puzzling Whys of Cooking. My cooking schools have helped to solve many of them and I hope to be able to help many women in Pampa. Bring your WHYs to the cooking school with you and let's work them out."

"To the housewife some knowledge of the whys and wherefores of processes in cookery—as well as in other processes—means to be forearmed; and in putting her knowledge into practice she may avoid mortification of spirit as well as pecuniary losses—and what is of greater value still, assurance of a more cheerful and contented family. "Such, then, is the motive for this school. I shall give you the reasons, why, for instance, meringue and soufflé, pastry soggy and cakes heavy, why it best to use a knife for one process and a sponge for another. "Come to the cooking school and bring your whys along. All the above whys and others will be answered and made plain, that she who comes may be the gainer thereby in money and time, health and comfort."

Harvesters Run Wild Thru Amarillo Team, Winning Here 81-0

St. George's Men Not Seasoned for Fast Local Pace

The Pampa Harvesters continued their winning streak yesterday afternoon by beating the boys in the red jerseys from St. George's college of Amarillo to the tune of 81 to 0, in a game that was too one-sided to be interesting. The visitors fought gamely throughout, but were hopelessly outclassed by Coach Mitchell's fast backfield and heavier line.

Captain McNallen was the star of the visiting team. He was able to make consistent gains against the Pampa team, but did not have sufficient time ahead of him to score. Higginbotham, quarterback, and Riley, right end, also did good work for the Saints. Sultzman was probably the outstanding figure on the local squad with Roberts, Walstad, Chastain, Jones, Salsbury and Tracy also playing exceptional football. Captain Bob Kahl was up to his usual game, spearheading and converting it into a touchdown. Runs, off-tackle plays, and intercepted passes accounted for advancing the ball 391 yards during the course of the game, an average of 30 yards to the touchdown.

Several Men Out

Lard was out of the game today on account of a bad knee and Milpen a bad nose, and Barnard and Irwin were also out because of injuries sustained in practice. All except Mullen expect to be able to start against Hinton, Oklahoma, when they meet Friday afternoon on the Pampa field.

Pampa's aerial attack has been much improved since last seen in action, also the Harvesters' defense against an aerial attack. Although several passes were completed, against them by the Saints, the local boys proved themselves practically airtight as far as the forward passing angle of the game is concerned. Captain Kahl for some unaccountable reason always seems to be right under when the pass is supposed to go, and has an uncanny ability to pull the other teams passes out of the air.

Little Fellows Good

The Harvesters' third squad, led by "Little Joe" Kahl, took the field in the last ten minutes of play, and held the Saints scoreless during that time. They featured line bucks, passes, and runs, and about everything else in the Mitchell kitbag. Ragsdale gave an exhibition of how to clip a safety man in approved style. The midgets showed themselves worthy to be a part of the Harvesters' squad when Leuter, brother of "Chunk", Leuter of the squad of two years ago, Ledrick, and the line held their own against the much heavier team of visitors. They look like good material for Coach Mitchell to work on to the next two or three years.

Kahl Wins Again

Captain Bob Kahl's luck still held good, when he won the toss for the sixty time out of eight games, and Pampa elected to receive. The first touchdown came after a 36-yard gain through the line by Roberts, followed by a pass, Tracy to Walstad, that accounted for 30 yards. A line buck by Roberts of 11 yards was sufficient to push the oval into the end zone. The second was made by Stalls following a march up the field. Kahl completed a pass thrown by Walstad for the third touchdown of the afternoon. At the end of the first quarter the score stood 19-0.

The Saints failed to make downs and booted. Walstad tucked the ball under his arm on their 40-yard line and sprinted through a broken field over the line for a touchdown. Salsbury went into the game in Chastain's place, and threw three successive passes that netted 55 yards, and Salsbury ran 20 yards on a criss-cross play for another touchdown. The Saints made the best play of the day when Higginbotham threw a 10 yard pass to Riley, who piled up another 27 yards on his run before Salsbury made the prettiest tackle of the day and dropped him so hard that he bounded a couple of times.

Long Run to Goal

On the first play of the Saints following this run, Jones intercepted a lateral pass, broke through the line and ran 75 yards for a touchdown, probably the best piece of broken field running during the game. Salsbury scored the next touchdown after the Saints were forced to kick, by two line bucks of 18 and 13 yards respectively. As the whistle blew for half-time, the Saints made their third first down on line plines by the brothers McNallen.

The second half opened with another touchdown by Roberts on a 50-yard run after he broke away from numerous tackles, in the vicinity of the line of scrimmage. Captain McNallen pulled a fast one on a fake punt that turned into an end run that netted his team a matter of ten yards. This was followed shortly by Walstad's run of 70 yards for another touchdown, with Roberts running easily a couple of yards in advance for perfect interference. At the three-quarter whistle, Chastain had just intercepted a forward pass and made 14 yards.

At the opening of the last quarter,

HORNSBY POISED TO SHIFT AGAIN; MAY GO TO CHICAGO IN BIG DEAL

Indications are that the majors' winter shopping season will open with Rogers Hornsby who will play with his fourth club in four seasons. Chicago is reported to have offered Outfielder Webb, Pitcher Root and Secondbaseman Maguire and a big cash consideration for Boston's \$40,000-a-year manager.

Heavy Plunging Will Be Seen Next Saturday

CHICAGO, Oct. 24.—(AP)—Football as played in the days before the forward pass is apt to be seen at Iowa City Saturday when two plunging fullbacks lead the Minnesota and Iowa eleven into the leading game of the week in the Big Ten.

The ground gaining prowess of Maves McLain of Iowa and Bronko Nagurski of Minnesota is likely to play a big part in the result of the game. Minnesota fans herald Nagurski as the greatest fullback ever turned out at Minneapolis, even greater, they say, than Herb Joesting. McLain, a sensation at Haskell two years ago, is regarded by Iowa followers as the equal of Gordon Locke.

Wisconsin's hopes of rushing the down-trodden Michigan Wolverines deeper into the cellar of the Big Ten were dimmed yesterday when Gene Rose of Racine, halfback, and Joe Kresky of Marinette, guard, were dropped from the squad for disciplinary reasons. Both are seniors in their third year on the squad and each has won two letters.

Rose scored one of the touchdowns against Purdue last week while Kresky, a reformed backfield man, was one of Coach Thistledwaite's aces in the line.

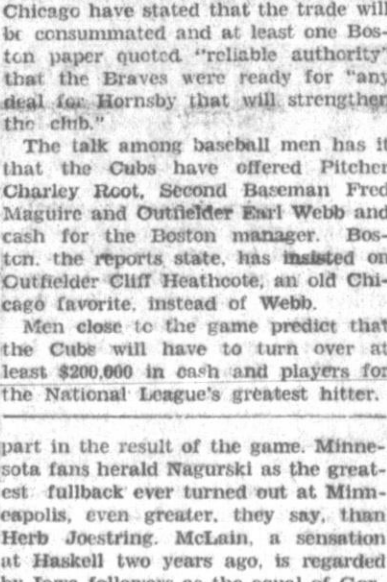

Coach Tad Weiman also had his troubles at Michigan. John Totake, the best punter on the squad, went to the hospital with a twisted ankle and probably will be out of the Wisconsin encounter at Ann Arbor Saturday.

While Coach Stagg of Chicago is reported to be again stricken with his "fear of Purdue," Coach Jimmy Phelan is doing some fearing of his own. Yesterday he watched a husky group of freshmen toss passes at lover the gridiron for large gains against the Purdue varsity.

Although Northwestern is not given much of a chance by the "experts" against Illinois, 1927 conference champions, Coach Bob Zuppke of the Illini is preparing most carefully for Saturday's game.

It will homecoming for the Illinois grads and preparations have been made for a good crowd of 55,000.

Back Again

Kid Granite, one of the favorites of the Pampa ring will open his fall ring season tomorrow night when he meets Cyclone Hall in the main event of a 32-round card at the Pla-Mor auditorium. The semi-final will bring together Rusty Cahill and Speedy Snow. This will be Snow's first appearance here since early last fall.

Hornsby had a big year with the Giants. So, Giants fans, too, were surprised when on January 10, 1928, it was announced that he would go to the Braves in exchange for Catcher Frank Hogan and Outfielder Jimmie Welsh.

The old St. Louis star performed in championship form with the Braves capturing his sixth National League batting title and playing his usual brilliant game afield. He succeeded Jack Slatery as Boston manager in June and immediately sought to build up the team through a series of deals with major and minor league clubs, but his club finished last.

If the Braves do get Root and Maguire they will receive a pair of pretty good ball players. Maguire, a Toledo, American Association product, batted .377 and fielded well for the Cubs. Root, who is 29 years old, did not do so much in 1928 but he won 36 games to lead the National League pitchers in 1927. He won 14 and lost 18 in 1928.

A. & M. Eager to Better Record By Beating Razorbacks

COLLEGE STATION, Oct. 24.—(AP)—Smarting under the sting of two defeats in their last two starts and resting at the bottom of the percentage column by virtue of their defeat by T. C. U. in their initial conference game of the season, the Texas Aggies gridsters are working hard in an effort to climb out of their slump at expense of the Arkansas Razorbacks when the two teams clash at Fayetteville, Ark., next Saturday.

The Razorbacks are also laboring to recover from a smashing defeat at the hands of the Texas University Longhorns who last Saturday knocked the Arkansas eleven from their perch at the top of the conference percentage column. The Hogs had taken the lead by virtue of their win over the Baylor Bears in the initial Southwest Conference game of the season. They now hold a percentage of 500 in the conference race while the Aggies at present reside in the conference cellar.

In their early games, the Aggies far-

Every prize pictured on this page—\$5,000 worth—will be given away on the closing day of the contest, absolutely free. All you have to do to win is gather votes. They come in coupons which you clip from the Daily News and with new and renewal subscriptions to this paper.

Get busy NOW. Bridge that gap that lies between your happiness and content. Think of the hours and days and weeks and months of pleasure ownership outright of any of these cars will bring. And think of the increased earning capacity you will have by owning a means of transportation. You can work with a car and you can entertain your friends.

If you live in District No. 2, which is all territory outside the city limits of Pampa, your chance to win is exceedingly bright. Only TWO contestants are active in this district and there are SEVEN prizes which MUST be won in this section. You don't have to do all your work in your own district—you can get votes in the other district too.

Leflore, Skellytown, White Deer, Roxana, Miami, Kingsmill, Alarred, McLean—where are you in this campaign? There is not yet a representative from ANY of these towns. Why don't YOU get in and represent one of them.

Clip that "Nomination Blank" and send it in today and get your free working outfit by return mail. All a-board for automobile-land!

HOW PRIZES WILL BE AWARDED

The prizes will be given away absolutely free on December 15, 1928 in front of the Pampa Daily News office to the contestants polling highest number of votes by that time. Every car will be fully equipped with spare tire, bumpers, motorometer, rear view mirror, etc.

THE CONTESTANT polling HIGHEST number of votes will receive the 1928 Model Silver Anniversary Buick, costing \$1550.00.

THEN the contestant in the OPPOSITE DISTRICT FROM WHICH THE BUICK IS WON may choose between the \$778.00 Whippet Sedan and the \$736.50 Chevrolet Coach.

THEN the contestant in the opposite district from which the SECOND car is won, will receive the remaining car.

BEAR IN MIND THAT PLACE OF RESIDENCE MAKES NO DIFFERENCE. EVERY ENTRANT HAS THE SAME OPPORTUNITY TO WIN THE BUICK WHETHER THEY LIVE IN PAMPA OR IN LEFLORE, WHITE DEER, KINGSMILL, MCLEAN, ALARRED, SKELLYTOWN OR ANY OTHER COMMUNITY. AFTER THE BUICK IS AWARDED THERE IS STILL ONE CAR FOR EACH DISTRICT BESIDES A FULL SET OF THE SMALLER PRIZES. TWO CARS MAY BE WON IN PAMPA OR TWO CARS MAY BE WON OUTSIDE.

After the winners of the automobiles have been decided the next highest contestant in each district will each receive one of the \$225.00 genuine diamond rings. As one of the rings is a solitaire and the other contains three stones, the HIGHEST will have choice between the two.

THEN the next highest contestant in each district will receive a \$60 genuine Bulova Watch. THEN the next highest in each district will receive a \$50 genuine Bulova watch. THEN the next highest in each district will receive a \$37.50 genuine Bulova watch. THEN the next highest contestant in each district will receive a \$29.75 genuine Bulova Watch, and the next highest in each district will receive a \$24.75 genuine Bulova Watch.

Cash commissions will then be paid to all qualified under the rules as printed in this announcement.

Curb That Impulse

With the opening of the lastampa paving comes the opportunities—if not temptations—to speed over the smooth thoroughfares. A long stretch of pavement is such a relief on the rough streets of the east that one's speedometer sometimes tells a story that is hard to believe.

Crime News

A number of newspapers noted bare mentions of the aging of Hickman. They it" the story on the grounds it Hickman had been made much of a criminal's hero.

WASHINGTON

WASHINGTON—This is a campaign of offsets. It appears that there are, after all, enough issues kicking around to tangle up with each other and to prevent the voters from making any clear-cut decision this year on anything.

If Hoover wins, President Coolidge's friends will say the nation has endorsed the Coolidge administration and other Republicans will say the tariff and prosperity decided everything.

The consensus at numerous afternoon teas will be that a majority demanded dignity in the White House and the public utilities will claim it's a great victory for them.

If Smith wins it will be said by some that the voters have repudiated the Coolidge administration, that they decided the Republicans had no monopoly on prosperity, that the country has made a mass protest against prohibition, that it's a tremendous victory for tolerance, that the liberals and progressives put him over, that Al's personality combined with his record was the main factor and so on.

A fundamental question is whether the various convictions, prejudices and superstitions now held by large groups of voters will result in a trend one way or the other or whether one factor is just going to offset another so that in the aggregate they won't make much difference.

Take the religious issue, which appears to figure in the campaign in nearly every state.

Smith may lose several states simply because of his religion. Correspondents touring the country are unanimous in treating that issue as a factor wherever they go.

On the other hand, it also appears likely that religious attacks on Smith have solidified Catholic voters behind him, improving his chances of carrying large cities and industrial states where there are large Catholic populations.

Will the dry character of most western farm states offset the content among them? How many farmers will vote according to their prohibition views and how many according to their views on the present administration's farm policy and Smith's promises?

Here again there is the possibility that there will be no change in the political complexion of such states simply because one factor offsets the other.

Twinkles

Now class, if the Harvesters need an extra point some day, how are they going to get it? Right, make a touchdown, but if that should fail, oh my.

They don't smoke on dirigibles, we read. The cigaret makers will certainly lobby against that mode of travel.

And now they are to have baseball colleges. Percy may work out the equation of a home-run, but he'll never be equal to the equation.

Maybe the real issue in this campaign is whether or not home rum is an issue.

Rice freshmen girls have to ride brooms to all their classes. That is some experience with those instruments, however.

The salary of the Wink, Texas, justice of the peace was triple that of Governor Moody during the first nine months of this year—and that's nothing to wink at.

Now class, tell us, if Mr. Smith calls Mr. Hoover a bum and Mr. Hoover calls Mr. Smith a tramp, what does the Socialist candidate call both of them?

Barbs

Lon Chaney appears as himself in a new picture. Must be a pretty effective disguise.

Dr. Eckener of the Graf Zeppelin certainly has passed up a lot of chances for publicity. Apparently he brought along his own pajamas.

Mrs. J. G. Christy will entertain the Blue Bonnet bridge club at luncheon at 1 o'clock.

Monday, Oct. 28

The executive board of the A. A. U. W. and College club will meet at 8 p. m. in the home of Mrs. C. T. Hunkapillar. The president urges that all officers and committee chairman keep this date in mind.

State Federation of Garden Clubs Will Be Formed

DALLAS, Oct. 24.—The Texas Federation of Garden clubs will be organized in Dallas November 10 at a meeting called by The Garden club of Dallas. Mrs. Groves R. Scruggs, president. The meeting will be held in the Women's club.

All Garden clubs doing home and civic work are eligible to send delegates to this convention. Delegates will be welcome from organizations conducting annual or semi-annual flower shows, and carrying out programs of garden study. The Federation will be open also to groups in other organizations, such as women's clubs and chambers of commerce, who are engaged in similar activities.

More than 20 garden clubs in Texas have already been located and invitations have been sent to their presidents. Members of the Dallas club are sure, however, that many other organizations exist who would be valuable to the new state body, and would in turn derive benefit from its association with the state federation.

In forming the Texas Federation of Garden clubs, this state is following the lead of Virginia, who in 1920 organized the first state federation of garden clubs in this country. Since then fourteen additional states have developed garden organizations, and federations are now in process of formation in Texas and Connecticut. States now having organizations are: Virginia, North Carolina, Florida, New York, Kansas, District of Columbia, New Jersey, Tennessee, Illinois, Massachusetts, Ohio, Oregon, Iowa, Georgia and Maryland. This movement is certain to grow and will doubtless result before long in either a national council or federation. It is easy to imagine the influence such a body would wield.

All the Dallas meeting plans for statewide activities will be discussed. Those interested in the new state federation are asked to write to Mrs. Groves R. Scruggs, president, the Garden Club of Dallas, 3715 Turtle Creek Boulevard, Dallas. Full particulars of the meeting will be sent to all who desire them.

With the state convention of the American Association on the University Women in Amarillo—only two days off, members of the local branch of A. A. U. W. and College club are making final preparations to assist the visiting chapter in carrying the important meeting to success. Six delegates will be sent from Pampa and many other members are planning to attend at least part of the interesting meetings scheduled for the two day convention.

On Friday afternoon, following the regular convention sessions at the Herring hotel, the Pampa branch and club will entertain with a seated tea in the club rooms of the Municipal auditorium. A delightful program has been arranged for the affair. The entertainment committee, of which Mrs. L. M. Dodson is chairman, has written a clever skit entitled "It's Pampa." On the occasion, as the name indicates, the play is by way of an advertisement for the city. Mrs. Dodson directs the play, while Mrs. E. W. Hickey is in charge of the chorus. Mrs. B. A. Wohl will play piano accompaniments. Others who take part in the skit are: Mrs. W. T. Fraser, Mrs. James Todd, Mrs. Ralph Dunbar, Mrs. Robert Chaffin, Mrs. W. A. Bratton, Mrs. C. W. Stowell, Mrs. H. W. Johns, Mrs. Marion Howard, Mrs. J. M. Jeddson, Mrs. Marion Howard, Miss Fannie Florence Sims, Miss Ruth Abrahamsen, and Miss Wilma Chapman.

The committee on decorations and favors has selected a color theme of black and yellow for the club room and has planned an unusual scheme of decoration for the tea table. Mrs. H. H. Hicks is chairman of the committee.

Mrs. Marion Howard, chairman of the committee on reservations and transportation, today said indications are that between twenty-five and fifty Pampa women will attend the tea. She is making reservations at the Herring hotel for those who wish to stay in Amarillo for the night and attend the Fellowship dinner Friday evening. She urges that all who wish reservations call her before Thursday morning. She also requests that those who can take cars or who wish transportation call her as soon as possible.

Convention headquarters will be at the Herring hotel, and all meetings and social functions, with the exception of the Friday afternoon tea, will be held in the Crystal ball room. Delegates from the Pampa branch and club are: Mrs. C. T. Hunkapillar, president; Miss Wilma Chapman, secretary; Mrs. M. A. Finney, Mrs. Clyde Patience, Mrs. H. H. Hicks, and Mrs. J. T. Clark. Every meeting of the convention is open to all A. A. U. W. and college club members, although only the delegates will vote in the business sessions.

Mrs. McLendon and Mr. Lee Mayo are Married in Panhandle

Mrs. Catherine McLendon and Mr. Lee Mayo were married Sunday in Panhandle. Mrs. Mayo formerly was in charge of the ready-to-wear department of the Gordon store. Mr. Mayo is associated with the Laddshaw Rig Building company. They will make their home in Pampa.

Architecture and Fiction Furnish Club Programs

Programs of unusual interest were enjoyed by the members of two study clubs at regular meetings yesterday afternoon. Attendance was good at each of the meetings. Pleasant social hours followed the programs.

El Progresso, meeting in the home of Mrs. Dave Pope, studied "The Bellamy Trial," a mystery story by Frances Noyes Hart. Mrs. C. M. Bryson opened the program with an outline of the story and a review of the book from a literary standpoint. Mrs. P. C. Ledrick and Mrs. M. A. Finney discussed the development of the plot through the revelations made by principal characters at the murder trial around which the story is built. Their talks were followed by a round-table discussion of the moral issues involved in the story and the literary value of the book.

The Twentieth Century club had a program on architecture, with Mrs. W. A. Bratton as leader for the afternoon. Mrs. J. T. Clark, who majored in architecture and related arts in her university course, gave a most instructive lecture on the various types of architecture and the periods of architectural development. A piano solo by Mrs. Tom Rose and a vocal solo by Mrs. A. H. Doucette completed the program. The meeting was held in the home of Mrs. G. C. Malouf.

Mrs. H. E. Stocker of Miami stopped in Pampa yesterday.

Pumpkin Pies Aplenty

Hundreds of pies could be baked from the 200-pound pumpkin which Miss June Nofzinger of Swanton, O., is shown using for a seat. The giant won first prize at the northwestern Ohio corn festival recently. Its size may be compared with the average pumpkin Miss Nofzinger is holding.

Home of General Sam Houston to Be on Paving

HUNTSVILLE, Oct. 24.—The once neglected home of Sam Houston, ranking almost equally with the Alamo as a shrine of Texas liberty, soon will become a beauty spot of the state through dedication of a memorial park and the completion of a paved highway which will bring the site within a few hours' drive of the population centers of the state.

For many years after his death, carelessness allowed time to pass with adequate expressions of their recognition of the first president of the Texas republic and later their United States senator and governor.

In 1910, through the initiative of students of the Sam Houston State Normal School, money was borrowed to supplement their own offering and undergraduates paid for the Sam Houston residence, surrounding ground, and log cabin law office. Through the action of many owners the old home had been removed from its old location to serve as a boarding house and the warrior's office was utilized as a stock barn.

Both buildings were replaced and now stand where they were in General Houston's lifetime. Through patriotic devotion, a recent Texas legislature appropriated \$15,000 to be expended for repairing the home and restoring the structure as it originally was in the 50's. Agricultural barns then located on the grounds were removed, the landscape was terraced and the grounds were beautified by countless plants and shrubs.

The park, designated as Sam Houston park, will be officially opened in May when Sam Houston Teachers college observes its fiftieth anniversary.

A monument erected in 1911 at the grave of General Houston in Oakwood cemetery here will also be an object of interest to tourists and Texans. At the unveiling 17 years ago William Jennings Bryan delivered a tribute, and with a part of the proceeds of the great commoner's lecture, the title of the Houston Homestead was obtained and passed by deed as a gift to the people of Texas.

Control of Golf Tournaments by Women Is Urged

CHICAGO, Oct. 24.—(AP)—Golf tournaments for women controlled by women is the new battle cry of the Women's Western Golf association.

While not taking any official action at its annual meeting yesterday, the association approved an organization that will control all tournaments for women. Under the present rulings the national tournament is run by the United States Golf association, an organization of men.

International women's team matches such as the Walker cup matches for men, were approved informally as was a proposal to change the annual three day, 54-medial play championship of the association to a four-day, 72-hole tournament.

The ban eliminating girls under 16 years of age from major tournaments was lifted.

Mrs. Paul Walker of Emoor was elected president to succeed Mrs. Robert M. Outing, for two years' head of the association.

L. N. Loper of Tonkawa, Okla., is a guest in the home of Mr. and Mrs. G. C. Stark.

Texas Boys on Honor Roll of Kemper School

BOONVILLE, Mo., Oct. 23.—(P)—Seven Texas cadets are named today on the honor roll at Kemper Military school here for excellence in scholarship during the past month. Of the 27 states represented this year at the school, the delegation from Texas this month ranked the highest in school work.

Boys who were accorded this honor with grades of 90 or above in all subjects are: I. L. Cain, P. A. Cair, and P. C. Burns of Wichita Falls; W. J. Bynum, Amarillo; G. D. Carlock, Honey Grove; J. J. Laney, Dallas, and A. E. Markowitz, Abilene.

P. T. A. RAISE FUNDS

CLARENDON, Oct. 23.—(Special)—The Clarendon Parent-Teachers' association plans an active and extensive program with the proceeds from a home talent play, "The Flapper Grandmother" which it has recently sponsored. The association will expend a greater portion of the money in obtaining the services of a state health inspector who will give examination to every child in the school. It has also purchased a set of encyclopedias, and installed an electric bell system in the college building.

High of Lights
 © 1928 By NEA Service Inc. RUTH DEWEY GROVES AUTHOR OF "WHEN A GIRL LOVES" "LOVE FOR TWO"

THIS HAS HAPPENED

JERRY RAY decides that love is a illusion and makes up his mind to marry for money. She works in a store and desires better living conditions to save for a vacation at Atlantic City. Her money is stolen the night before her departure, and she is stranded by the loss. Nothing remains but to go camping with her room-mate, LEONTINE, on the north shore of Long Island. But their camp is wrecked the next evening when an airplane crashes into it. Young ALLESTER CARSTAIRS, from an adjoining estate, was taking a lesson from his pilot, DAN HARVEY. They come to Jerry and Leontine, but Dan picks Jerry as suspicious from a blow on the head. He is holding her, at arms when she comes to. Then Allester sends Dan for the motor and pays Jerry for the damage. The doctor finds Jerry not seriously injured, but feeling unwell. Jerry makes a full examination the next day. Allester claims the right to have her, and after a while insists on taking her to an inn for dinner. Jerry refuses to drink the liquor and before her, which seems to amuse Allester. He introduces her to LEONTINE LEBAUDY, hostess, and Jerry senses the fact that Leontine is jealous of her. She is glad to see Dan enter and come to their table, although this gives Leontine a chance to dance with Allester.

"Well," Leontine said, "I hope nothing will keep you from coming to my party."

NOW GO ON WITH THE STORY CHAPTER VII

"All right," Allester said grudgingly, "I'll come to your party since you're so irresistible, but only upon one condition." Leontine caught her breath. She did not like the firmness in his voice.

"You will have to ask Miss Ray also," Allester added after a significant pause.

Leontine flashed daggers at him, but she said nothing until she could force herself to speak indifferently. Whatever else Leontine Lebaudy was capable of she could practice self control. But she wouldn't give in without a struggle.

"Really, Allester," she said with a nervous smile, "Miss Ray is hardly the sort of person to ask to one of our parties."

Allester did not smile back at her. "Why?" he asked.

"Well . . . her appearance for one thing. She looks like a rummage sale and she's completely washed up as far as pep goes. She'd be a wet blanket."

"You're jealous," Allester told her brutally. "Miss Ray had a nasty blow on the head yesterday. You'd go to bed for a week if anything like that happened to you."

Leontine bit her lip. "Just the same . . ." she began. "Just the same you will have to ask her if you want me," Allester interrupted.

"Oh, all right," Leontine flared. "Bring her. But see that she has something decent to wear."

"Leave that to me," Allester replied.

turned to the table. "Stupid of me not to see that you have a bandage under your bandeau."

Jerry regarded her in surprise. Her sudden pleasantness was puzzling.

"Miss Ray ought to go home," Dan said crisply.

Leontine smiled at Jerry.

"But I wish you'd come up to my rooms first," she said. "You can rest a few minutes. It would refresh you for the drive back to . . . where is it you are living?"

"New York."

It was Allester who gave the information before Jerry had a chance to speak. She did not correct him to say that she was camping on the North Shore. She knew that these two were thrusting at each other with double-edged words. Jerry had enough sense to keep quiet when she did not know the ground.

BUT Leontine's invitation to rest in her room appealed to her. She felt queerly weak and faint. She rose and while Dan stood, watching grimly, and Allester turned a bemused expression upon them, she walked off with Leontine.

They passed up broad, uncarpeted stairs to a long and wide upper hall. Open doors offered glimpses into private rooms luxuriously furnished. In one suite waiters were preparing for a private party. Jerry saw a bowl of orchids on the table and thick yellow candles in silver candlesticks.

She realized then that Leontine's place was a rendezvous for smart people. No wonder the waiters had looked askance at her.

Leontine threw open a heavy mahogany door and stepped into a large room, holding the door open for Jerry to follow.

"Lie down on the chaise longue," she said hospitably and motioned

ter. Novelty, of course.

"It would be easier now to know what to do. If she could only get Jerry to talk, to tell how matters had gone between them—Jerry and Allester. She was gratifyingly certain that Allester had not entirely lost his interest in her; his jealousy proved it. He could enjoy the novelty of Jerry without bringing her to the Rolling Stone Inn, Leontine assured herself. He doing so convinced her that he wanted to hurt. But she knew that a equal interest in the beginning of a friendship leads to a deeper attraction.

Jerry's novelty must be destroyed! "I must go now," Jerry said, sitting up.

"Are you feeling better?" Leontine inquired.

Jerry nodded.

"Much, thank you," she said.

"I hope you will be in shape for a party on the fifteenth," Leontine said cordially. "It's going to be quite an affair. Allester wants to bring you. He seems to be pretty much enamored," she added, watching Jerry closely from behind a smiling mask.

Jerry hesitated to answer. She felt at a loss with Leontine. Finally: "He hasn't asked me," she said simply. That would not commit her.

"He will," Leontine replied laconically. "Rather unusual, your meeting, wasn't it?" she added, hitting in the dark. It must be so, she believed, and if Jerry could be led to think that she knew about it she might talk.

Jerry was taken in by the trick. She knew that Allester had told Leontine of her accident. It did not occur to her to suppose that he had omitted the story of the crash.

"Yes, it was," she admitted, and then because she felt that she had not been sufficiently appreciative of Leontine's kindness she told her how Allester Carstairs and Dan Harvey had dropped in from out of the sky on their newly erected camp and destroyed it.

It was only after she had come to the end of her narrative that she remembered Allester's answer to Leontine's question about her residence. She wondered if she had said too much. And Leontine could get no more information from her. Leontine had been sitting by her. "Well," she said, getting up, "I hope nothing will keep you from coming to my party. It's my birthday."

Suddenly she lifted an arm and drew Jerry's attention to an inch-wide diamond bracelet that she had put on since coming upstairs. "Allester gave me this last year," she said boastfully. And then, looking curiously at Jerry, "He's very generous, but I suppose you know that."

Jerry flushed.

"He's been very generous in settling for the damage his plane did," she said coldly.

She more than suspected now that Leontine was a first class class digger. "If she thinks she can put me in that class she's mistaken," Jerry told herself.

Leontine smiled secretly over Jerry's obvious resentment. She had wanted to make it difficult for Allester to see that Jerry was properly gonowed for the party. If Jerry came . . . like a trump . . . Leontine . . . she had scored a trick.

(To be continued)

Oil Production Will Be Little Above 1927 Total

The world's oil production in 1928 will show an increase of only about 20,000,000 barrels, or about 2.3 percent over 1927, according to Valenti R. Garfias, manager of the Foreign Oil department of Henry L. Doherty and company, in his annual survey of petroleum production of the world.

Mr. Garfias estimates the 1928 production of the world at 1,379,220,000 barrels, a daily average close to 3,500,000 barrels. He indicates that in previous years, the fields of the American continent will produce close to 85 percent of the total output.

Conservation was effected in Oklahoma by restriction of drilling as agreed upon by the majority of the producers and endorsed by a ruling of the State corporation commission. In Texas different methods of proportioning of new fields has been tried out with the co-operation of the state railroad commission.

Other important happenings in 1928 were the increased yield in Venezuela, Russia, and Columbia, and the decline in Mexican production. This year Venezuela has displaced Russia as the second largest producer.

The Mexican production in 1928 is estimated at 47,000,000 barrels, which is only about half that of 1926. The condition has been brought about by the gradual decline in production in old fields and the lack of development of new fields.

A conference of American producers planned, at which measures to restrict production will, it is expected, be adopted. It is also believed that arrangements also will be received from foreign oil executives that their companies will co-operate in a program to restrict outputs not only in America but in Venezuela and Mexico as well.

A world survey of present petroleum conditions, Mr. Garfias states in closing his report, shows that the industry profiting by past experiences and costly mistakes, now appears to be on the verge to sound economic stability.

DALLAS, Oct. 24.—(AP)—Announcement is made that George Patullo, nationally known magazine writer, has purchased an entire block of Dallas business property at an estimated price of \$400,000. The property is near the heart of the business district.

Greater Baylor Near to Reality as Drive Moves on

WACO, Oct. 24.—(AP)—That a Greater Baylor university looms as a near-reality is indicated by the progress of the Greater Baylor campaign, particularly in district nine, where Amarillo is district chairman.

The Greater Baylor campaign for \$2,000,000 in the state at large is identified with Baptist leaders. In district nine, Rev. W. C. Garrett of Amarillo is chairman of the Palo Duro association; Rev. J. R. Hicks, Dalhart Trans-Canadian association; Rev. C. R. Jeter, Wellington, North Fork association; Rev. V. M. Cloyd, Hereford Sierra Blanca association; Rev. S. R. McClung, Clarendon, Panhandle association.

"The greatest enterprise in the history of Texas Baptists" has characterized the campaign, according to State Chairman D. E. Martin. More than 5000 workers will be recruited by Nov. 1. During the popular campaign from Nov. 23 to Dec. 4, every Texas Baptist and Baylor alumnus will be visited personally for a contribution to the campaign. Money realized in the campaign will go to Baylor's indebtedness and create additional endowment to qualify Baylor for \$300,000 from the General Education board.

Pampa Gas Now Flowing in Kansas City Service Lines

BARTLESVILLE, Oct. 24.—(Special)—Delivery of Texas gas through the 132-mile Wichita to Ottawa Kansas extension of the big 20-inch natural-gas pipeline extending from Pampa, Texas, to Kansas City, Missouri, was started on October 11, by the Cities Service Gas Company, an Empire subsidiary.

The extension gives the Cities Service Gas company a direct line, approximately 435 miles in length, into Kansas City from the prolific fields of the Texas Panhandle where the company has actual production in excess of 719,000,000 cubic feet daily. The line from Pampa to Wichita was completed nearly a year ago.

The third 16-inch line between Ottawa and Kansas City is rapidly nearing completion and affords an additional outlet for the 3,000 miles of natural gas pipeline now operated by the Cities Service Gas company.

Medal to Edison

Medal of the Congress of the United States. The illuminated path of progress by his inventions. So reads the medal authorized by a resolution of congress which was presented on October 30 to Thomas A. Edison at Orange, N. J. Here are pictured both sides of the award, which was struck by a treasury department for the celebrated 81-year-old scientist.

CONDITIONS GOOD IN PAMPA

Local business men know that present business conditions in Pampa are better than they have been for a long time. The Map of Texas Business published in the October issue of the Texas Commercial News shows that these good conditions are not only local, but extend over a wide portion of this city's trading area and consequently, they are likely to continue for some time.

AUSTIN, Oct. 24.—(AP)—Harry J. Leahy's death sentence for the killing of Dr. A. J. Ramsey, physician of Matthis, in Live Oak county, was affirmed today by the court of criminal appeals.

Leahy got only fifty years in his first trial which was in Live Oak county. The case was tried again in Williamson county and Leahy received the death sentence.

Dr. Ramsey's body was found in a shallow grave. The state's theory was that Leahy had been trying to regain a ranch that Dr. Ramsey had bought at a sheriff's sale. The physician disappeared from home and his body was not found for several weeks.

Exhibit Program of W. T. C. Ready

STAMFORD, Oct. 24.—The West Texas Chamber of Commerce agricultural exhibit program for the year will be launched at the Louisiana State fair which opens at Shreveport October 24, according to Hon. D. Wade, manager of the West Texas Chamber of Commerce, who states that B. M. Whitaker, exhibit manager of the Chamber, has gone to Shreveport where he will exhibit a composite exhibit of all West Texas agricultural products. The exhibit will feature cotton, grain sorghums, small grain, and all general agricultural products of West Texas farms. Following the close of the Louisiana State Fair, the exhibit will be taken to Beaumont and displayed at South Texas fair which convenes in the south Texas city on November 8 and closes November 15, material for the exhibits has been assembled by the exhibit department of the West Texas C. of C. in co-operation with local chamber of commerce secretaries and county agents and will truly represent all counties of West Texas.

Research conducted by the organization has revealed that an overwhelming percentage of all immigration into west Texas has come from other parts of the state, and from older states of the South and West. It is declared Mr. Wade in explaining the action in sending exhibits to those (big state and regional fairs). Inroads of the boll weevil has caused substantial farmers of these sections to look for cotton lands elsewhere and West Texas has to offer them exactly what they seek. It is also planned to utilize these exhibits for the purpose of educating the people to the value of West Texas grain sorghums as food. The great territory served by the so-far is potentially a heavy consumer in grain for West Texas maize and other grain sorghums.

STUDENTS FOR AL

NASHVILLE, Tenn., Oct. 24.—(AP)—Sixty students of Vanderbilt university, composing the Fulton fish market chapter of the Al Smith club, plan to parade here tonight, wearing brown derbyes similar to the one worn by the Democratic standard bearer, immediately preceding an address by former Governor James M. Cox, of Ohio, who is to speak in behalf of the Democratic national ticket.

A HOOVER-CURTIS COLUMN

"Consistency, you art a jewel." Charged repeatedly with using the prohibition issue as camouflage to cover up the real issue of religious bigotry; we who are supporting Herbert Hoover for President cannot help but be amused at the fine artistry displayed by the supporters of Al Smith in attempting to reverse the process and use the religious question to obscure the real issue, prohibition.

Somewhat there seems to have been a slip in the machinery. While local men are fighting their windmill of so-called religious bigotry, their own national leaders are keeping the liquor question in the foreground.

Governor Smith's history would convince all except "him who will not see" that, with him, the prohibition question is the most important before the people of the United States today. His utterances in his acceptance speech tell the whole story of what he intends to do if elected. As he goes into territory that might be considered favorable to the repeal of the Volstead Act and the nullification of the eighteenth amendment, he repeats his acceptance statement in manager (Reeb, the Holler) does not many and various ways. His campaign hesitate to voice the same opinion. In fact the prohibition question would not now be an issue if the Democratic candidate had not injected it.

Camouflage is effective at a considerable distance. The American voter refuses to permit that distance to intervene between him or her in this day of the superior intellect. Never in the history of the United States have men and women insisted as how on scrutinizing men and issues in our national affairs. Therefore the camouflage applied by our friends, the Smith supporters, do not obscure the creature beneath. Camouflage, you will remember, consisted in world war days of a covering of crooked stripes. The voter is up close to the picture and those crooked stripes only reveal the wet Tammany Tiger beneath.

The above space reserved by the Hoover-Curtis Club. Watch it day by day.—Advertisement.

made NOW, will receive credit for 2,000 votes.

Of course, it remains to be seen just what the nominees, and the entries are going to do, but those who have come in lately, at least have promised to do their very best to win.

At least one of those who was in to day mean business, because that particular person, after talking to the contest manager and getting all the details, went out and was back in less than 15 minutes with a first subscription coupon all filled out, and a subscription to accompany it. It happens that the subscription was for a year so the contestant has a total of 17,000 votes.

Right here the contest manager wants to call attention again to the "First Subscription Coupon." Accompanied by the "Nomination Blank (good for 2,000) and a year's subscription, either new or old, it enables a contestant to start right off with 17,000 votes. Those who have been nominated by friends, and those who have turned in their own nomination and received receipt books, but who have never yet turned in a subscription, are invited to study the opportunities of this coupon. If returned with a 3 year subscription, it will start a contestant off with the tremendous total of 63,000.

See the Page Ad
There is a "Nomination Blank" and a "First Subscription Coupon" in a page advertisement about the contest elsewhere in today's paper. All YOU have to do to become a contestant is to clip them out and come in and get a receipt book and get busy. From then on, the merry pastime of vote gathering begins.

That much more interest is being taken in the contest now is indicated by the reports of the automobile dealers who are showing a number of callers the cars purchased by the News. The cars, as everybody knows now are a Buick Silver Anniversary Sedan, costing \$1,550, a Whippet Sedan, costing \$778, and a Chevrolet Coach, costing \$736.50. Every car is brand new, and will not be driven during the contest but will be given to the winners just as they come off the dealer's floor—with even the first 10 gallons of gasoline free.

Any car can be had free in the News campaign in return for effort. This is not a popularity contest, nor a beauty contest, nor a lucky number affair. There is no luck or chance about it. You have to work to win, but the work, according to some of those who have already entered, is ridiculously easy.

An Easy Task
"Getting subscriptions to the Pampa Daily News is about the easiest thing I ever tackled" said one young lady. Besides that, it's the best training in salesmanship for budding salesmen that could be devised. You sell something made right here in Pampa, and you are working for prizes bought and paid for right here in Pampa. It just gets a little more money in circulation, is all, but it's a local proposition pure and simple.

Prospective entrants are invited. Come in the evening and have a talk with the Contest Manager. Everything will be explained in detail, and everything possible done to help you get started in the easiest way. Come in and find out about it anyway—it costs nothing either now or later.

Mr. and Mrs. Joe Geisler have returned from a short visit with relatives in Durham, Okla. They were accompanied home by Mrs. Geisler's brother, Mr. Hall.

Hoboes Proud of Name, Says Prexy

DALLAS, Oct. 24.—(P)—Members of the International Brotherhood Welfare association in four-day annual convention here strenuously opposed a suggestion at yesterday's session that the word "hobo" be disassociated from the organization. Approximately 200 delegates are here from cities throughout the country.

"We are proud to the word hobo, declared V. C. Anderson of Cincinnati, president. "A hobo is vastly different from a tramp or the common ordinary garden variety of bum. The Hobc works part of the year and then is forced to bum his passage to other employment."

As it would be against the spirit of the association to hire a hall, the delegates were permitted to hold their sessions in a court room. After yesterday's meeting they banqueted on doughnuts, coffee, and fruit.

AMERICAN INJURED IN RIOTING IN HUNGARIA

BUDAPEST, Oct. 24.—(P)—Four Hungarian universities were closed today after anti-Semitic rioting in which students and workmen participated and during which there were numerous minor casualties and 140 arrests in Budapest. A stormy parliamentary debate over the disorders ended in a challenge to a duel.

There was also student rioting in the city of Debreczin. The exchange telegraph correspondent said that Martin Zeiner, an American, was injured in the rioting there and police charged into a crowd of students, intent on assaulting Jews, to disperse it.

GOVERNOR MOODY TO REPLY TO SENATOR BORAH

AUSTIN, Oct. 24.—(P)—Governor Dan Moody who, beyond declaring his loyalty to the Democratic ticket, has maintained silence on the national campaign since the nomination of Governor Alfred E. Smith of New York at Houston, will break his silence in Dallas Saturday night when he will reply to the campaign speech which Senator William E. Borah of Idaho delivered here Monday night.

The governor, who has refused several opportunities to speak for the national ticket announced last night his decision to answer Senator Borah, but refused to amplify his announcement or indicate the ground which his speech would cover.

BROTHER OF DALLAS ACCIDENT VICTIM DEAD

DALLAS, Oct. 24.—(P)—Harry Hilliard, 14-year-old brother of Al Hilliard, who was shot to death in his apartment here several weeks ago, collapsed on the street late yesterday and died a few minutes after being taken to a hospital.

Physicians declared his death evidently had been caused by poisoning. Al Hilliard, before dying of a pistol wound, said the shooting was accidental.

north from Pampa to the Roberts county line, a distance of nearly 6 miles, and for the paving with ordinary concrete of 3.8 miles of this road next spring. The price is \$3,200 less per mile than that for vibrolithic concrete paving.

Highway 35 is no wa state designated road, but the highway commission appears determined to change the designation to a route south of the railroad. Permission to pave the route north from the city was granted recently with the understanding that if the State should retain that designation it would pay its share of the cost.

The commissioners have set aside funds for Gray county's share of the paving of Highway 33 west from Pampa to the Carson county line. The engineering specifications are in the hands of the state engineer, and the highway commission is expected to let the grading and drainage contract within a short time.

Borger Road Next
The Borger highway west from Pampa to the Carson county line is being graded, and will be paved as a county project next spring.

Gray county's property valuations were approved by the county commissioners in session yesterday. The total valuation was announced as being \$13,182,449. Of the total amount, the oil roll amounted to \$8,313,323, as compared with \$6,871,925 for last year.

The increase in valuation this year was not as great as expected, largely due to the fact that farm valuations were lowered in several instances. The increase over last year's valuation was \$1,787,572 for which the oil increase was \$1,441,398.

The tax rate set in precincts 1 and 3 was \$1.58. In precincts 2 and 4, including Pampa and McLean, the rate was set at \$2.28. Seventy cents of that amount was set aside for precinct road bonds.

The precinct valuations have not yet been compounded, but will be announced in the near future.

KAYO!
She Walloped Ex-Champ Johnny Kilbane With Sock in Jaw

When Mrs. Mildred Lannigan (above), actress and former opera singer, called on Johnny Kilbane at a Cleveland, O. club to protest that he was taking her husband on too many "wild parties", hot words passed and she swatted the exfeatherweight champion in the jaw. Johnny went down but recovered in time, she said, to arise and throw her through a glass door. Both asked police for warrants.

Prominent Men Will Speak at B. S. U. Convention

ABILENE, Oct. 24.—One thousand students from 26 colleges and universities over Texas will meet at Simmons university here from October 26 to 28 inclusive for the 14th annual Student Union convention, which will be held on those days. One convention is being held in each of the four teen Southern States at the same time.

Some of the state's most prominent religious leaders are being brought to the convention to give the main speeches. Some of these are Dr. S. P. Brooks of Baylor University, Dr. T. L. Holcomb, Secretary of the State Baptist Convention, Dr. J. D. Sanderfer of Simmons University and Dr. W. P. Horn of Texas Tech.

The visitors will be entertained in the homes of Abilene. The first session will begin Friday morning and the convention will continue through Sunday morning. On Saturday afternoon the visitors will be entertained at the football game between the Simmons Cowboys and the Daniel Baker Hill Billies.

LAST OF PAVING IS OPENED TO TRAFFIC

The last two blocks of the second paving program were opened to traffic Monday afternoon when the south two blocks of North Somerville street were opened. The paving had been completed sixteen days and opening was approved by the city engineer.

The engineer's department is at work making the grades for the third program of 37 blocks. New work is to commence soon as the legal steps have been completed. Pampa now has 57 blocks of brick and vibrolithic paving. The third program will be vibrolithic concrete.
