Moody Is Appealed To in Final Effort To Save Silver From Chair

LAST DECISION IS EXPECTED AT AUSTIN SOON

Sentenced Youth Hopeful But Is Ready to Die

PREPARATIONS NEARLY DONE

Will Have Statement to World on Faith

HUNTSVILLE, Oct. 25.—(P)—Bob Silver is still hopeful that his life will be saved before midnight, his execution hour. He telegraphed his mother, Mrs. Mary Louise Silver, at Austin, an encouraging telegram to this effect today. At the prison, however, and almost in the same breath as his hopeful statement, he said that if necessary, he is ready to die. Silver also said that just before he stepped into the electric chair, unless Governor Moody intercedes, he will have a statement to make. When asked for details of the statement he continued that it would "express my faith in God and that I believe my sins forgiven. It also will be a farewell to the world."

Prison Chaplain W. E. Miller, standing by Silver when the latter made his declaration, cautioned the sentenced man to "put faith in prayer."

Silver spent a restless night. Plans for the execution continue to go forward. Warden E. F. Harrell called Governor Moody's office at 10 o'clock this morning and said preparations would be continued unless interrupted by executive clemency either in the form of another reprieve or commutation. He expects to have final word from the governor by 4 p. m.

A man said to be a relative of Silver had an appointment this afternoon with Governor Moody for another plea for the young man's life.

Mrs. Mary Louise Silver, mother of the doomed man, is still here. Silver was convicted of the robbery and murder of a Fort Worth theatre cashier.

Youngster Does Not Mind Being Lost in Pampa

Contentedly strolling about the streets of the business section this morning, a youngster about three years old apparently did not mind being lost. He was discovered by Chief of Police J. I. Downs on West Foster avenue after he had been assisted across Frost street by a kind citizen. He had wandered from his home in the south part of the city. He had been assisted across the railroad tracks by a lady. His frantic mother was on her way up town when Secretary C. O. Busby drove over the tracks hunting the little lad's parents.

A 20th Century Caesar?

Here is a recent and striking camera study of Benito Mussolini, Italian premier, whom Fascist extremists would like to see set up as emperor of Italy. Already, Premier Mussolini exercises practically as much power as an emperor, because in Italy his will is law.

Garage Damaged by Fire Yesterday

A fast run by the fire department last evening saved a garage at the rear of Scott Green's residence in the Channing addition. The end of the garage was in flames when the department arrived, but with the use of chemicals and the emergency tank on the big pumper the fire was soon under control. The fire was caused by Mr. Green's young son playing with matches in a car trailer backed up against the garage. He apparently dropped a lighted match into a bundle of straw in the bottom of the trailer. The fire had gained considerable headway when discovered.

NEWS' DRIVE IS NOW GETTING STARTED

HERE IS YOUR CHANCE
More entries are wanted and needed in the big campaign everywhere. Especially in District No. 2, which comprises all territory OUTSIDE the City of Pampa. There is not a single entry so far from White Deer, Roxana, Skellytown, Kingsmill, Albreed, McLean or Miami. If you live in any of these towns, or near any of them on a route, you have a splendid chance to win. One of the cars and six of the smaller prizes must be won OUTSIDE Pampa and in District No. 2. There are more than twice as many prizes as there are contestants in this district. Won't SOMEBODY please get busy for these awards in this district? Getting votes is just as easy as rolling off a log. If you don't believe it, try it and see!

"Are you saving the Daily News coupons?"
That is the question everybody is beginning to ask everybody else in Pampa, downtown at lunch time, at the theatre, in offices and homes everywhere. It is a topic of never falling interest in scores of Pampa homes, and reports have it that some subscribers scarcely finish reading their paper in the evening when some request, either by a personal call or by the telephone, is made for the coupon. Each copy, as most people now know, has a vote value of 10 votes in the great \$5,000 automobile and prize subscription campaign just starting, in which three latest model, brand new and unused automobiles are to be given away free to those holding the highest number of votes just a few weeks from now.

People all over the territory are beginning to save their coupons to be deposited in the ballot box at the daily News office for some favorite contestant. The dates of the coupons have hitherto been short, and it was necessary for them to be in the office within 24 hours, but beginning with today, contestants will have at least four days to get their coupons in.
Getting Under Way
The campaign is beginning to get under way slowly but surely. New and energetic contestants are enrolling every day, and those who are entering now are beginning to produce some votes at once. When the campaign was first announced, many "nominations" were received of this and that person nominating another, etc., but of course a

LEADERSHIP IS NEEDED—SMITH

Nominee Slashes Back at Hoover's New York Speech

BOSTON, Oct. 25.—(P)—Governor Alfred E. Smith and his party left Boston at 10:31 a. m., today for New York City. They will stop off at a number of cities en route, leaving the train at Blackstone, Mass., to go to Providence by automobile. Before a shouting audience that packed every foot of the Boston arena last night, the Democratic presidential nominee took issue with the utterances of his rival on the questions of water power, farm relief and prohibition and declared the time had come when the need of the nation was leadership. The Governor's overnight stay in Boston was almost one of continuous shouting—except for the time spent in sleep. From the moment he arrived until after he retired to his room at a hotel after the night's speech, he was the center of a cheering crowd which 900 police were unable to hold. His address at the arena climaxed a full program and was made only after the nominee had stopped en route at mechanics and symphony halls to greet for a few minutes crowds unable to jam into the other structure. He was introduced to the gathering which filled every one of the 10,000 or more seats and packed all available space in the aisles and corners, by Mrs. Francis Wilson Sayre, daughter of Woodrow Wilson, and tears came to his eyes when she referred to him as the man of whom her father once had said: "I believe he feels in an unusual degree the impulses and compulsions of the nation's and the world's affairs." After wiping his eyes, the standard bearer of the party Wilson twice led to victory thanked the daughter of the last Democrat to sit in the White House for her introduction, and took at the text of his address a quotation from Herbert Hoover's acceptance speech. "We shall use words to convey our meaning, not to hide it," the Democrat read. He said his rival had uttered these words in August but it was not until last Monday night at Madison Square Garden in New York City that Mr. Hoover had "let the cat out of the bag." In that speech, the nominee added, his rival had referred to the Democratic theory as one of "State Socialism." "Well, how do the members of Congress feel who voted for the development of Muscle Shoals by the government?" he asked amid laughter and applause. "Does Mr. Hoover seriously desire the American people to believe," he went on, "that the application of the Jef-

BILL FRITZ IS CHARGED WITH TWO MURDERS

Indicted Man Slays Lad Who Witnessed Liquor Deal

FATHER KILLED THEN THE SON

Assailant Flees in Car And Has Eluded Man Hunt

ABILENE, Oct. 25.—(P)—Officers of West Texas counties, assisted by posses of citizens, were searching today for Bill Fritz, charged with murder for the slaying of Dudley W. Hamilton and his son Earle, 17, at their home near Rochester last night.

A murder charge was filed against Fritz at Haskell today by District Attorney Clyde Grissom.

The fugitive was under indictment in a liquor case in Haskell county in which Earle Hamilton was a state witness. Mrs. Hamilton said Fritz called at the Hamilton home last night, getting the father and son out of bed, to demand that the son leave the country before the liquor case came to trial next Monday.

After a conversation in which the elder Hamilton said his son would not leave, a shot was fired against Dudley W. Hamilton's breast, and he fell dead when a shot was fired, Mrs. Hamilton said.

The boy then fled, his mother said, and was shot twice, one bullet striking him in the shoulder and another in the leg as he attempted to run into the house through a rear door. He died before a doctor could be summoned.

The assailant fled in an automobile and had not been caught at noon today.

Records showed that Fritz had been indicted for liquor law violations on several occasions and for theft, eases against him dating as far back as 1920.

Three Arrested After Gun Fight

One man was charged with theft of pipe and his bond set at \$750 in justice court today, and two other men are being held in jail following a gun battle with local officers in Southwest Pampa about 11 o'clock last night.

The battle took place at the rear of the Jarecki Manufacturing company warehouse after city officers had been notified by a resident who saw the men near the building. The officers were seen approaching and three of the men ran to a Chevrolet coupe parked nearby, but before they could get away Officer Turpin emptied a load of buckshot from a sawed-off shotgun into the rear of the car. The men then surrendered.

In the meantime, Officer Guthrie had taken after a fourth man who fled. A gun battle ensued between the man and the officer, but no damage was done. The man got away and has not been apprehended.

The men had a Ford truck parked across a Santa Fe spur and were in the act of carrying bundles of 1-inch gas pipe to the truck, officers said.

League to Rule on Eligibility of School Athletes

AUSTIN, Oct. 25.—(AP)—A meeting of the State Interscholastic League executive committee was called for 2 o'clock this afternoon here to decide whether a year out of school is subtracted from a high school athlete's total years of eligibility and whether participation in one sport counts as a whole year in determining eligibility.

The committee is acting on a request from the district committee which has been called upon to pass upon the eligibility of Truxton Shaw, Athens high school footballer. The state committee will not pass on the Shaw case, but merely will rule on the general question and leave the specific case to the district committee. Roy B. Henderson, league director, said.

All league high school players who have been out of school a year will be affected by the ruling. Many athletes would be disqualified if the committee should decide that a year out of school is counted the same as if the athlete had played.

Honored as "Master Farm Family"

South Carolina's first "master farm family", H. L. Lake, his wife and two sons. Lake is a "master farmer", his wife a "master home-maker." Their eldest son already has decided to follow his father's footsteps.

AIKEN, S. C.—(AP)—H. L. Lake and his wife, Aiken county farmers, have made the winning of state honors a family affair. Lake is a master farmer and Mrs. Lake is a master home-maker.

These honors were awarded during the 1928 "farmers' week" at Clemson college, the state agricultural college. First, Mrs. Lake was decorated as a master home-maker. She soon had to share congratulations with her husband, for when the master farmers were announced a day or so later, his name was among them.

They are the first husband and wife in the state to win both honors, either the same year or at any time. Although they have reached the pinnacle of cultural recognition, they plan further improvement of their farm, adoption of more modern methods and still greater income. They have two sons, the elder of which has decided to be a farmer. The other is too young to definitely select his vocation. Their parents offer both the same advice, "Whatever you do, do it right."

Walter Hatdin is on a business trip to Paris this week.

Mrs. W. C. DeCordova and daughter, Clarice, have returned from a month's visit in Agmore and Oklahoma City. They also attended the American Legion convention in San Antonio.

PUBLIC FORUM

Editor, Daily News: Will you kindly allow me space in your paper to correct a statement made Sunday, October 21, in "The Baptist's Headlight?"

In this pamphlet we find an old myth which has been started many times before. This is, that our three presidents, Lincoln, Garfield, and McKinley, were all assassinated by Roman Catholics. As a matter of fact, none of them was.

John Wilkes Booth, who killed President Lincoln, was of a family of Anglicans. His body is interred in the Booth family lot in Greenmount, a non-sectarian cemetery at Baltimore. In Appleton's annual encyclopedia, 1881, we find that Charles Guiteau, assassin of President Garfield, was for five years a member of a peculiar sect known as the Oneida Community, and that he joined the Young Men's Christian Association. His brother-in-law, Charles G. White, testified under oath that he was not a Catholic. Both Guiteau and Czolgosz were haters of Catholics.

Leon Czolgosz, of Polish descent was an anarchist and did not believe "in government, the church, or the married relation. He declined to set a minister or priest of any denomination and died without religious ministrations." (Tyler's "Life of McKinley.")

In fairness to all who may be misled by the statement in the Baptist paper, I would appreciate your printing this letter or at least the facts it contains.

Respectfully yours,
MRS. J. F. ROCHE,
Pampa, Texas.

365 DAYS EACH YEAR

The business of supplying you with gas is necessarily continuous. Your Gas Company cannot lock up shop for the night, take a vacation during the hot months of summer, close down because of high prices, or get tired of doing business in your town and move to some other. We must stay on the job all the time—365 days in the year—24 hours a day.

Schools may close two days each week, the post-office, banks and store at least one day, but not your Gas Company. No business requires more unselfish devotion to the maintenance of continuous good service.

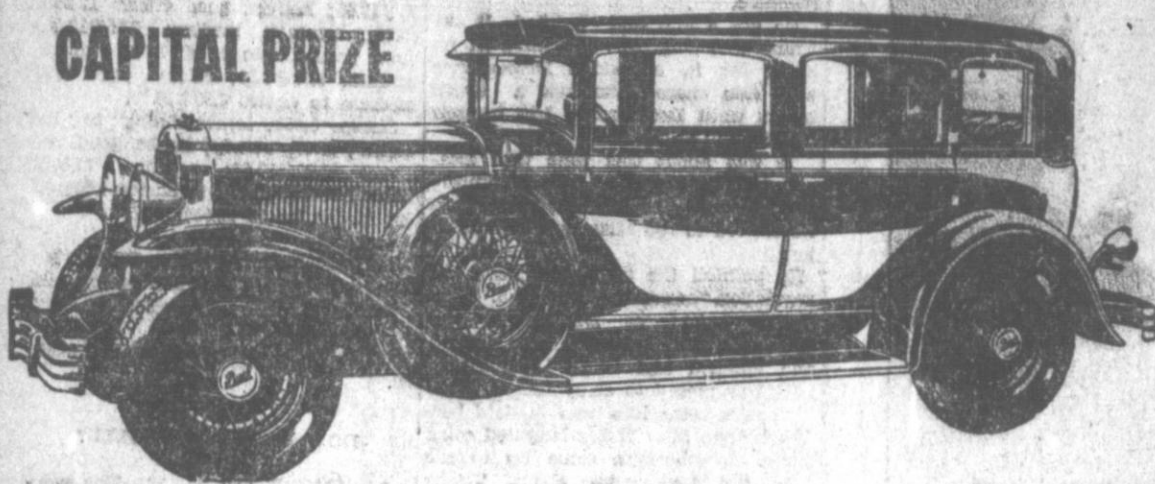

Interruption in service is practically unknown but is prevented only by the utmost care, intelligence and watchfulness on the part of the employees of this Company.

mere nomination doesn't mean a thing unless the nominee himself gets busy. Many of those nominated in the campaign might just as well have been nominated for President as far as getting any votes is concerned. But those who are coming in of their own volition now, are apparently the ones who have sat down and figured the campaign out along business lines. Any one who will do that, and who wants to make money is invited to reflect that just seven weeks from Saturday night the Buick, the Whippet and the Chevrolet are to be given away. The Buick costs \$1,550, the Whippet \$778 and the Chevrolet \$736.50, and it will easily be seen that the winner of the first car will be making better than \$225 per week and that the winner of the other cars will both make more than \$100 per week.

It costs nothing to enter nor will it ever cost anything later. Every prize from the big Buick right down to the last commission check, is FREE reward for your effort in helping the Daily News to increase its circulation in the Pampa trade territory and beyond.

Look at the Cars
Contestants and prospective entrants who have not seen the automobiles to be given away are invited to go around to the Pampa Buick Company, Inc., the McGarrity Motor Company and to Culbertson-Smalling Chevrolet company and see for themselves the splendid motor cars the News has purchased for them. It will be exceedingly pleasant to revolve in one's mind the thought that any one of them can be hand for just a little subscription and coupon gathering efforts between now and December 15.

Quite a number of nominations are being received every day, and those who have been nominated, but who have not yet produced any votes, are invited to examine the possibilities of the "First Subscription Coupon," which entitles a contestant to a bonus of 10,000 EXTRA votes when he or she turns in their very first subscription. The nomination alone, of course, counts 2,000. Then if the nominee will go to a friend and get that friend to subscribe for a year by the payment of either \$5 or \$6 (mail or carrier boy) the subscription itself earns 5,000 votes and using the first subscription coupon earns a bonus of 10,000 more. Total votes with just one subscription—17,000.

Get Busy Now
Nominees must have a subscription in before the first list of contestants is published, or their name will not appear. The Contest Manager has no desire to have the list all cluttered up with a lot of mere nominations who would never do anything anyway and who might stand in the light of those who are really going to work. So if you really mean business, and have not yet turned in a subscription, do so at once, in order that your name may be listed in the first publication. This list will probably come out Sunday if there are as many active contestants by that time as there are prizes to be awarded.

You can't lose in this race—everybody wins. It will be either an auto-body who participates will receive a diamond, a watch or a commission check. The commission alone on 10 yearly subscriptions is \$6.00.

To enter it is only necessary to fill out a "Nomination Blank" found elsewhere in today's paper. Just bring or mail it to the Contest Manager at the Daily News office. You will be immediately supplied with a subscription book and everything necessary to

Special Ruling On Proration Is Asked in Howard

DALLAS, Oct. 25.—(AP)—The plea of George A. Henshaw, Jr., president of the Henshaw Oil corporation, that proration schedules for production of oil in Howard and Glasscock counties should be devised to release more of the unusually high grade oil which he is producing has been taken under advisement by the state railroad commission.

Henshaw appeared before the commission here last night and asserted that, although he had discovered oil of a finer grade than that in surrounding fields, he was unable to obtain contracts for his products because refineries demanded larger quotas than he was able to furnish under the present proration ruling.

The Henshaw well is said to be able to produce 7,500 barrels of oil a day. It is about three miles from the main group of wells in that section which are now limited to 25,000 barrels a day.

Henshaw asserted that the horizon which his well had struck in the lime constituted a new territory to which the present proration ruling does not properly apply. Frank T. Pickrell, Ft. Worth, of the Group One Oil corporation corroborated Henshaw's testimony. He asked the commission to retain the present proration, but to make special provision for the new horizon.

W. B. Hamilton of Wichita Falls, chairman of the oil and gas bureau of the West Texas Chamber of Commerce opposed the application, asserting that the proposals attacked the theory of the proration ruling.

The commission also heard arguments of William Fleming, president of the F. H. E. Oil company of Sherman who charged that the Magnolia Petroleum corporation had violated the proration ruling by drilling more than one well to a pay horizon on a forty-acre unit.

A decision in the Henshaw request is expected within a week and in the Fleming protest soon.

Dallas Hospital Will Be Built For Child Care

DALLAS, Oct. 25.—(AP)—A \$500,000 hospital dedicated to alleviation of the sufferings of the children of the State of Texas and backed by an endowment of \$1,000,000 or more is to be added to the group of hospital buildings which has made Dallas one of the outstanding hospital cities of the Southwest.

Preliminary plans for financing and building of the hospital were made last night within an hour by seventy-one sponsors. The institution is to be known as the Texas Children's hospital. The charter for the institution provides that it is to be an entirely non-sectarian and a philanthropic enterprise. It will occupy a piece of land near the medical group here, which was donated to the sponsors by a citizen.

The tract is an acre in extent and the hospital windows will overlook Reverchon park on one side. Near it are Parkland hospital, the Texas Scottish Rite hospital for Crippled Children, the Dallas Baby camp, Hope Cottage for the care of babies, the Presbyterian Children's Clinic and a number of privately owned clinics and hospitals.

Incorporators are G. B. Dealey, W. M. Whittenton, F. R. Freeman and Alex Spence. These four will act as a board of directors. A committee of nine to work with the directors to carry through the scheme of financing, chiefly from Texas citizens, was appointed. This committee is to complete its work within the next few months.

The 71 sponsors who met last night expect to double their number by adding the names of prominent citizens of the state, outside of Dallas, who are interested in child welfare.

AND SO, THEY CELEBRATED
ST. PAUL, Oct. 25.—(AP)—When Mr. and Mrs. C. F. Trettin of St. Paul have occasion to celebrate, they celebrate. Today they observed their golden wedding anniversary. Then they celebrated Mrs. Trettin's 74th birthday and wound up by reminding their friends it also was Mr. Trettin's 74th birthday. Mr. Trettin is secretary-treasurer of a local battery corporation.

ELECTRA, Oct. 25.—(AP)—The backfire from a gasoline engine caused an explosion of gas here yesterday in which D. B. Bruton was fatally burned and J. M. Nowell painfully injured. Nowell is recovering.

A HOOVER-CURTIS COLUMN

IS PROHIBITION AN ISSUE?

The prohibition plank adopted at the Democratic convention in Houston says:

"Speaking for the National Democracy, this convention pledges the party and its nominees to an honest effort to enforce the Eighteenth amendment and all other provisions of the Federal Constitution and all laws enacted pursuant thereto."

Contemporaneous with the adoption of this plank Al Smith's headquarters issued this statement:

"Governor Smith's views on prohibition are well known. He is opposed to the present status of prohibition. He has his own platform on this point, irrespective of what the platform declares. Of course he stands for law enforcement. All public officials do."

It will be thus noted that Al Smith, in advance of his acceptance speech, repudiated the party platform. He has done this repeatedly in speeches in this campaign.

Al Smith claims he will enforce the prohibition law if he is elected president. He says that if he lays his hand on the Bible and raises the other toward heaven and swears to enforce the constitution he will do it.

FOUR TIMES ALREADY HE HAS SWORN THAT OATH AS GOVERNOR OF NEW YORK. HE HAS HAD EIGHT YEAR SIN WHICH TO MAKE A MOVE TOWARD KEEPING IT. EVERY MOVE HE HAS MADE HAS BEEN IN THE OTHER DIRECTION. HE NOT ONLY FAILED TO ENFORCE THE CONSTITUTION HIMSELF BUT HE LED THE FIGHT FOR THE REPEAL OF THE LAW THAT GAVE THE OFFICERS OF NEW YORK THE POWER TO ENFORCE IT. HE HAS SHAMEFULLY AND WILFULLY VIOLATED HIS OATH EVERY DAY OF THE EIGHT YEARS HE HAS BEEN GOVERNOR. HIS EIGHT YEARS OF CONTINUOUS DISREGARD OF THE OATH HE HAS FOUR TIMES TAKEN IMPROVES HIM AND SHOWS HIS OATH IS WORTH NOTHING.

But Al Smith's attitude on prohibition is consistent with his entire political history (and his history is all political).

April 14, 1904, he voted for a bill to make it impossible for the people to vote out hotel bars.

April 12, 1905, he voted for eight wet amendments to the Wainwright local option bill and the same day voted against this bill and it was lost.

May 2, 1906, he voted for several amendments to kill the local option bill and for motion to lay it on the table and finally voted against the bill.

April 10, 1906, voted to sustain Excise Commission in strangling local option bill.

April 4, 1907, voted against the Winters local option bill.

April 23, 1907, voted for the Ralston bill to allow saloons within 200 feet of a church.

March 26, 1908, voted for two anti-racketeering bills and on June 10, voted against both. Why?

April 15, 1909, voted for bill to allow saloons within 200 feet of a school building.

April 26, 1910, voted against Gray local option bill.

May 3, 1911, voted for Goldberg bill to allow saloons nearer than 200 feet of a school or church.

March 25, 1912, voted for bill to take all liquor cases in New York City from the Court of Special Sessions and try them only after an indictment by the grand jury, where it would have been practically impossible to secure convictions.

In 1913, as speaker of the Assembly he hoped put through bills to increase the number of hours saloons could keep open, and to make it harder to convict liquor law violators.

March 19, 1914, voted against city local option bill.

March 25, 1915, led fight against and defeated Fish state prohibition referendum bill.

1916-17, as Sheriff of New York county ignored many flagrant violations of law reported to him affecting morals.

1919, as Governor he opposed ratification of Eighteenth amendment.

1920, got unconstitutional 2.75 per cent beer bill enacted.

1922, advocated repeal of State Prohibition enforcement law.

1923, got prohibition enforcement law repealed and wrote every Congressman urging modification of Volstead Law so as to allow sale of beer and light wines.

1927, urged Legislature to petition Congress to amend Volstead Act so as to allow sale of beer and wine.

1928, in his annual message to the Assembly he complained bitterly of New York's having ratified the Eighteenth Amendment and attacked those who put it through.

Need more be said as to whether prohibition is an issue?

We think not, but if so, Al Smith is continually saying it.

Kitchen Magic to Be Revealed

The magic which can be worked by putting in some mushrooms here and an onion there, and a delicate blending of flavors and seasonings, a department of the science of cooking every housewife is eager to know about, will be revealed by Mrs. Leona Rusk Ihrig, cooking expert, who will open the Pampa Daily News free cooking school on Nov. 5-9, inclusive.

How to get the illusive much desired flavor, accomplished in such a delightful fashion by some favorite chef need no longer be a mystery. The art of "snapp up" a dish, already delicious, may be acquired by any woman who enjoys cooking. So says Mrs. Ihrig, who has received extensive training in a complete array of salads, entrees, cakes, pies and other articles along with many cooking hints of real value at the Daily News cooking school.

An invitation is extended to all Pampa women to attend. The lecture and cooking demonstration will be held each afternoon from Monday to Friday, inclusive, and all who wish particularly good seats are advised to time their arrival a bit early, as those closer to the front will have the best opportunity of following each step the cook takes.

The woman who finds the jangling telephone a fatal disturbance when she is busy cooking, or who has to "shoo" the whole family out of the kitchen when she begins to work will find in Mrs. Ihrig much in which to marvel. For, by dint of her great knack for doing things systematically and well, her refusal to allow small things to annoy her, and her love for harmony at all times, Mrs. Ihrig's cooking school unfolds with the greatest calm and precision. She lectures as she works, beating mixing, molding, and designing. Some of her work is intricate and demands the deftest touch. This she does with hundreds of women looking on, just as easily as if she were in her own kitchen with all the doors and windows closed.

The nature of Mrs. Ihrig's work gives her an opportunity without parallel for learning the many modes of cooking in her own land. Wherever she goes she finds new recipes characteristic of that part of the country or state. Women exchange with her their choicest recipes and ideas for dainty, beautiful, and delicious foods.

This Chicagoan Much Disgusted With Banditry

CHICAGO, Oct. 25.—(AP)—Emil Descurouez is disgusted with the bandit business. Victims, he found last night, lack a fitting sense of cooperation, with a tendency even to downright rudeness.

He got a gun and pointed it at Frank Pasching, Mr. Pasching, in no mood for it, unbraided Descurouez and then chased him half a dozen blocks until Descurouez lost himself in Lincoln park.

It was about this time that Descurouez decided men were an unfortunate choice for amateur robbers, so he elected to rob Miss Henrietta Walker.

He pointed the pistol and gave the regulation "hands up" command. Miss Walker looked at Descurouez and broke forth in laughter. She laughed and laughed and laughed. Descurouez was mooded to complain.

"You're being held up," he told her whereupon Miss Wiker laughed some more. A policeman came up to see what the laughter was about. That's the end of the story.

EXPRESS PLAN FAVORED
NEW YORK, Oct. 25.—(AP)—Eighty percent of the interested railroads have assented to the plan for their taking over the express business, W. B. Stacey, president of the Atchafalpa, Topoka and Santa Fe railroad, announced today. Only 75 per cent is necessary for the plan to become operative.

Playing Managers Promise to Be Scarce in 1929

By ALAN J. GOULD
Associated Press Sports Editor

If Hornsby goes to the Chicago Cubs, to concentrate upon second basing and his habit of rolling up big batting averages, the major league campaigns next spring may start without a playing manager on any field for the first time in as many moons as can be recalled, off hand.

Even if the rambling Rajah should retain the helm at Boston or grasp it elsewhere the situation would be in sharp contrast to that of a few years ago when a majority of the American league pilots were daily or almost daily performers and about half of the entire group of master minds in active harness.

There was an epidemic of playing managers a few seasons ago, when Geo. Sisler, Eddie Collins, Bucky Harris, Tris Speaker, Ty Cobb, Ray Schalk, Dave Bancroft, and Hornsby took whiffs at handling the managerial reins here and there. So far as results were concerned, Speaker, Hornsby, and Harris not only won pennants but world's championships.

Now, however, the magnates seem to prefer to have the heavy thinking and strategy directed by managers whose energies are concentrated upon the bench or no farther afield than the coaching lines.

Bucky Harris, who has shifted his responsibility from Washington to Detroit, still has some good playing days before him but he has indicated he expects to see little, if any action, especially with so spry a second baseman already on hand as Gehring, one of the outstanding stars of the Tiger club.

Harris' successor at the capital, Walter Johnson, thinks he may make a return to the mound but this idea is more than likely sentimental. Old Barney's pitching days are over, for all practical purposes.

Roger Peckinpaugh stays in uniform at Cleveland but he cannot be considered a member of the active list. He doesn't need to attempt any shotstopping with Joe Sewell around.

There has been talk of Tris Speaker returning to Boston to manage the Braves if Hornsby goes, but Tris, too has reached the stage where his experience, not his playing ability is his main asset to a major league club.

Now, however, the magnates seem to prefer to have the heavy thinking and strategy directed by managers whose energies are concentrated upon the bench or no farther afield than the coaching lines.

Bucky Harris, who has shifted his responsibility from Washington to Detroit, still has some good playing days before him but he has indicated he expects to see little, if any action, especially with so spry a second baseman already on hand as Gehring, one of the outstanding stars of the Tiger club.

Harris' successor at the capital, Walter Johnson, thinks he may make a return to the mound but this idea is more than likely sentimental. Old Barney's pitching days are over, for all practical purposes.

Roger Peckinpaugh stays in uniform at Cleveland but he cannot be considered a member of the active list. He doesn't need to attempt any shotstopping with Joe Sewell around.

There has been talk of Tris Speaker returning to Boston to manage the Braves if Hornsby goes, but Tris, too has reached the stage where his experience, not his playing ability is his main asset to a major league club.

Cyclone Hall to Offer Fast Pace For Kid Granite

Mitts are sure to fly at the Pampa auditorium tonight when Kid Granite of Pampa, 138 pounds, meets Cyclone Hall of Ft. Sil, Okla., 140 pounds, in a ten round main event. This will be Granite's first appearance here this season.

He is in the best of condition for Oklahoma and Kansas. He won a decision from Duke Trammell in Fort Worth. He has met some of the best boys in the country including Chastain, who was at one time after the welterweight crown.

The semi-final bout will be a six-round affair between Rusty Cahill and Speedy Snow. These two boxers are due to set up a real battle as this is Snow's first appearance in the local ring since he broke his hand early last fall, and he wants to show local fans that he is still in the best of condition.

O.D., the fighting newsboy, and Kid Hall, brother of Cyclone Hall, will tangle in the four-round event.

Back on Job

After an absence of several years from active football coaching, Dr. Al Sharpe, famous Yale athlete and coach for years at Yale and Cornell, is back in the game again. He's at Washington University in St. Louis under a five-year contract as athletic director and is also coaching the football squad.

Hinton Team Began Practice Early in Season

Hinton, Okla., will provide the opposition for the Harvesters here tomorrow afternoon at 3:30 o'clock. The calibre of the team is not known except that it defeated Eagle City 101 to 0 last Friday afternoon.

The team has conditioned, having trained in Craterville Park with the Harvesters this fall. The men have been at the training field two weeks before the Harvesters appeared on the scene. Coach Mitchell says the Hinton team is husky and should prove strong opposition for the Harvesters.

Mitchell put his squad through a light signal practice last night after their easy game against St. George's college of Amarillo on the previous afternoon. The boys will go through a light workout tonight for the game tomorrow, the coaches say.

On the following Friday, Wheeler will provide the opposition. It has not yet been definitely decided where the game will be played, but Coach Mitchell is endeavoring to get the game transferred to Pampa.

The Harvesters need a couple of hard games before they enter the finals November 9. The team will play the winner of the north district, which will be either Pollett or Perryton.

Ruth Applauded as Speaker and Then as Comedian

LOUISVILLE, Ky., Oct. 25—(AP)—"Babe" Ruth, king of swat, pinch hitting as a slump speaker for Governor Alfred E. Smith at a meeting here last night, along with John W. Davis, received a luscious welcome from the audience when he pleaded the cause of the Democratic nominee, but the throng was no less uproarious a few moments later when a flimsy chair in which he was seated on the rostrum creaked and then collapsed.

Newspaper men sitting at a table beneath the rostrum scrambled in every direction as the home run king hurtled forward, but the player averted a complete fall by clutching steadfastly to a nearby railing.

Grinning sheepishly, Ruth righted himself and arose as Mr. Davis and others rushed to his side to ascertain if he had been injured.

Ruth, waving the brown derby which he has adopted, finally brought the audience to order and Mr. Davis resumed.

Ruth had previously compared the political career of the Democratic nominee to that of a baseball player who "delivers the goods," declaring that in the political game, as in baseball, a clean fighter always wins the public's esteem, regardless of petty prejudices.

Red Granger Is Sued in Paternity Charge at Chicago

CHICAGO, Oct. 25—(AP)—Harold "Red" Grange, for three years an All-American halfback, faced arraignment today on a paternity charge.

Grange, who is filling a vaudeville engagement at a loop theatre, called the action an attempt to blackmail him. He said he could have settled the case for \$800, but preferred to oppose the accusations.

Miss Helen Morrissey, who had Grange arrested yesterday, said her child was born seven months ago. Grange said he did not know her and knew nothing of the case until an attorney told him the young woman needed money.

Who is Which?

The opinion of the attorney-general's department in holding that the state board of control may specify what types of equipment may be purchased by the state highway commission is productive of a situation not without its dangers.

Suppose the highway commission needs a certain number of tractors. Competition between makes results in saving of the people's money. But suppose the board of control decides that a certain tractor must be purchased; does not this trend to remove competition and resultant savings?

The right of the board of control to exercise supervision over expenditures is commendable, and means a safeguard against graft. On the other hand, might not graft enter into the designation of machinery to be used? Moreover, isn't the highway department the best judge of the kind of equipment it needs?

Humanity to Cats

Far be it from the intention of this column to plead for cats as a species, but we yield to the persuasion of a good friend and reader to plead for humane treatment of felines.

We are reliably informed that sundry kittens have been abandoned near the city limits; yea, left to cry their little hearts out and to hunger until their ribs can be counted from a considerable distance.

And dogs—that is where our indignation rises. Dogs—man's faithful friends since time immemorial. Ever since, in fact, the canines were tamed by women and thus learned to sympathize with man. Pampa dogs are being poisoned. Their mournful howls are rising to heaven and disturbing the rest and sleep of citizens in a most unbecomingly manner.

Because one dog went mad and bit several other dogs is no reason why dogs as a class should be discriminated. Anyhow, we rise to demand that cruelty to animals be halted. Unless it is, a humane society will have to be organized to exercise more forceful persuasion. To cause unnecessary suffering is unmanly, un-American, and ungodly. Cut it out, folks, cut it out.

Uncle Sam has paid a bill after a delay of 64 years. Maybe that will help him to bear the procrastinators of our creditor nations.

WASHINGTON LETTER

WASHINGTON—Maine has 6 electoral votes, New Hampshire 4, Vermont 4, Massachusetts 18, Rhode Island 5 and Connecticut 7.

Herbert Hoover will carry Maine, New Hampshire and Vermont. But Alfred E. Smith is giving him a hard fight for New England's remaining 30 votes, hoping to beat down Hoover's victories in the townships with heavy city majorities.

On the eve of Smith's personal visit to this battleground it appeared that the Democratic candidate had a slight edge in Rhode Island, that Hoover had the better chance in Connecticut and that Massachusetts was a horse race.

If Smith has any chance at all in the first three states mentioned it lies in New Hampshire. But it is not a bright chance and the Democrats will be surprised if they win the state of Senator George Moses.

Massachusetts is one of those states which Smith is almost compelled to win if he is to be elected. It is much easier to imagine Hoover winning without it, although his managers have done plenty of worrying there.

The Republicans count on the villages and small towns to vote more heavily than ever for their candidate, spurred by the issues of religion and prohibition. The impossibility of determining the strength of the wet vote and the dry vote and counting in the effect of religion is the principal reason why political experts are all puzzled about Massachusetts.

The Bay State in 1924 gave Coolidge a majority of 280,000 over and combined Davis and LaFollette vote. Since that time conditions affecting a presidential election have changed, so that no majority of anywhere near such proportions is in sight this year.

Among the factors encouraging Democrats are the continued depression in the textile industry; the strength of Senator David I. Walsh, who is up again for reelection—after licking President Coolidge's friend, William M. children of immigrants, and some Republican factional strife.

The Democrats were careful to nominate a Protestant for governor, inasmuch as Smith and Walsh are both Catholics. The population of the state is more than a third Catholic and the Democrats claim that they will have this year the normally Republican vote of the Italian, French and Portuguese elements, because the religious issue was promoted against Smith.

Forty Harvard professors,

including Felix Frankfurter and F. W. Taussig, have declared for Smith. It does not appear that President Coolidge's influence in his own state will have any great effect on the result.

Such factors as these, favoring Smith, must be cited in order to show how he can hope to overturn normally large Republican majorities. The Republicans reply that many will vote for Hoover, that the G. O. P. is experienced in holding the foreign vote in line and that the women and the churches can be depended upon to get out an enormous vote against Smith.

The Lesser Candidates

Let's look at the lesser political parties in the present presidential campaign. Norman Thomas, the scholarly socialist candidate, occasionally makes the headlines when he launches a verbal broadside at the brown derby or the republican elephant. William Z. Foster, the communist chief, is rarely mentioned in the newspapers, though his companion on the ticket, Benjamin Gitlow, has made himself famous by doing a disappearing act in the great open spaces of Arizona. The prohibition champion, Clinton S. Varney, is taking merely an academic interest in the situation, since the executive committee of his party has endorsed Hoover for the presidency.

Of the lesser candidate, Norman Thomas of New York is undoubtedly the best known and the ablest. A graduate of Princeton and a Presbyterian minister, he is a fine orator and a fit disciple to wear the mantle of the veteran Gene Debs. His economic ideas are decidedly conservative compared to the doctrine preached before the war. Perhaps the one-time socialist candidate for the governorship of New York realizes that ranting is out of date and that the socialist party can grow only as a liberal organization rather than a radical one.

At any event, to date in the campaign he has been a milder edition of the younger La Follette.

In 1920, soon after the end of the world war, Eugene Debs, perennial socialist candidate for president, polled 919,000 votes, the highwater mark for the party of Marx in the United States. This, too, before woman suffrage had given voting rights to millions of women. Four years later Robert La Follette received the socialist nomination, and part of his vote of almost 5,000,000 came from the former supporters of Debs. This year various polls taken indicate that there will be a great reduction in the Socialist vote in spite of the fact that members of the fair sex are now voting. Norman Thomas will perhaps poll between 300,000 and 400,000 votes, less than half the number given Debs in

1920. As a matter of fact, the entire nation has become conservative since the world war. America has been prosperous on the whole and little interested in political experiments. Not only have large fortunes been made, but there has been a distinct and gradual diffusion of wealth among all classes. The American Federation of Labor today is conservative. Like the British labor party, it has cast its lunatic fringe of agitators into outer darkness. A few still remain convinced that the capitalistic system is all wrong, but somehow it seems to work in practice.

The communist party possesses little influence and will make scarcely a ripple on the political water. Its leader, William Z. Foster, a well-known agitator, always at cross-purposes with responsible American labor leaders.

So far in the campaign the communist vice-presidential candidate has added most to the gaiety of nations by getting himself lost. He returned to the political screen in Houston delivered an oration, and departed to San Antonio, where some local patriots objected to his harangue, perhaps on the grounds that his utterances would definitely undermine the morals of the city. Yet one wonders whether or not it would have been better to allow the show to go on unmolested. In this country and in England opponents of the existing social order have to settle with verbal bombs only. London even gives the regenerate soap boxes in which they can freely express their opinion of King and country. America should do the same.

The lesser candidate have nothing to lose from their brief moment of glory. They can sleep easy nights, knowing that none will call them Judases, bolters, bigots, thieves, rascals, fanatics, thugs, or any of the other name with which the political campaign of 1928 seems to be decorated. These happy warriors won't have to admit anything, deny anything or explain anything—nor be disappointed.

Lucky candidates!—Houston Chronicle.

Legion Officials Declare Gamblers Imposed on Body

AUSTIN, Oct. 25.—(P)—Investigation of claims that the National American Legion convention at San Antonio recently was used as a shield for gambling activities by persons there for that purpose, was urged in a statement issued here by Folk Shelton commander of the 20th Legion district after a caucus last night with post commanders in the district.

This action followed a similar one by the San Antonio post. The idea is that gambling was conducted by persons who expected their operations to be taken as Legion diversions. Tom A. Wallace, commander, said his post had adopted resolutions condemning the alleged imposition on the Legion soon after the convention.

Grand Jury to Probe Shooting of Dallas Citizen

DALLAS, Oct. 25.—(P)—A grand jury investigation was scheduled for today into the slaying by police yesterday of W. P. Fletcher, 49, in a pistol battle, after Fletcher had wounded a policeman who sought to question him.

Police went to the Fletcher home upon a report that he was threatening his wife. Fletcher, an eight-year-old daughter in his arms and his small son beside him, drew his pistol and opened fire on the officers, wounding A. A. Ivey, policeman, in the arm.

Fletcher then fled into a wooded section near his home where a squad of police cornered and shot it out with him. The fugitive fell with a bullet through his head and several other wounds.

Police say that Fletcher seemed to want to die and that he shouted, "you'll never take me alive." Fletcher was under a liquor indictment at the time of the shooting.

French Air Mail Pilots Are Rescued From Wild Tribes

PARIS, Oct. 25.—(P)—Two French air mail pilots named Serre and Reine who were captured by wild tribesmen three months ago when they made a forced landing in the wild Rio de Oro region of Spanish Africa were safe today.

The Spanish government announced that the men were with the Spanish authorities at Villa de Cisneros, Rio de Oro, and were in good health.

Engine trouble forced the airmen down in the wild country as they were flying toward Dakar, Senegal, with air mail for South Africa.

Serre and Reine were tribesmen who demanded a ransom of one million pesetas (about \$160,000). Other tribes, getting wind of the affair, rushed up and fought over the two captives.

While French and Spanish authorities negotiated for the release of the airmen, the pilots were dragged about from place to place and suffered numerous privations. They passed through hope and despair alternately as negotiations went on.

The negotiators faced a difficult task as the tribesmen's demands were growing daily and it was impossible to do anything to deliver the airmen because it was feared that such a move might

bring about their death. All obstacles were finally overcome by the combined efforts of Colonel De La Pena Cusst, Spanish high commissioner, a representative of the French colonial administration and the air mail company. The terms on which the release was obtained were not announced.

Grand Juries Are Hunting for Fraud

CHICAGO, Oct. 25.—(P)—Two grand juries—one in Woodstock, Ill., McHenry county, the other in Chicago—today were hunting down the ring leaders behind vice, election frauds and corruption, in their respective districts. They named more than 100 persons yesterday in 48 indictments and continued their separate investigations today.

Five of the indictments were returned by the special grand jury investigating election frauds in Chicago bringing the total number of indictments by special grand juries in this city to an even 100.

The indictments charged election conspiracies and accused Louis V. Keller, assistant state's attorney, and John M. Nelson, both of whom were precinct captains in the 27th ward, with filing a false affidavit. Investigators reported the affidavit certified as voters 92 residents of a hotel, whereas only 35 voters lived there.

Paper War at San Antonio Is at Vital Point

SAN ANTONIO, Oct. 25.—(P)—Today is the crucial day in the Army's "shadow-boxing" war which is being conducted here to train high commanding officers to handle large bodies of men. Brigadier General Albert J. Bowley's hypothetical blue force of about 280,000 men was scheduled to attempt to turn the left flank of the red force threatening San Antonio and prevent the red's from receiving re-inforcements.

Almost the whole war is being fought on paper. Those who designed the problem have thought of almost every possible situation that could confront commanding officers and the officers in command are required to write orders that will remedy each emergency as it rises.
