## WARD SCHOOL ASSIGNMENTS ARE ANNOUNCED

### EARL LEWIS IS PRINCIPAL FOR EAST BUILDING

Mrs. Thomas Will Be Head in West District

### NEW TEACHERS ARE ELECTED

Buildings to Be Occupied By Next Month

Earl W. Lewis was transferred as principal of the new east ward school and Mrs. Josephine Thomas was transferred as principal of the west ward school at a meeting of the school board last night. Mr. Lewis has been teacher of Spanish and Latin at the high school and Mrs. Thomas has been teaching in the grades.

The two new school buildings are nearing completion and will be occupied before December 1. Each is composed of eight class rooms and offices.

Mrs. W. F. Campbell, member of last year's staff, was elected to fill Mr. Lewis' place in the high school staff.

Other teachers elected to take places in the new ward schools were: Miss Hayes, a graduate of Columbia university; Miss Nell Crane of Goodnight; Mrs. Earl W. Lewis, Miss Louise Clearley, Miss Mildred Stewart of Cleendon and Miss Mattie Clay as substitute teacher.

The dividing lines for the new ward schools were set last night. Children who will attend the west ward school will be residents west of the following streets from the city limits south on Hobart street to Ward street then south to Bricker avenue following it west one block to Purviance street, then south to the railroad tracks following back to Hobart street to take in the Finley-Banks and Lavender additions.

The east school district will be east of Starkweather street from the north city limits to the Santa Fe tracks. To fill the east ward school some of the trucks from the country will bring children to that school.

The ward schools will be occupied by children in grades 1 to 5 inclusive. The opening of the two new buildings will likely eliminate the cottages on the central and Baker campuses.

The board decided to have the interior walls of the new gymnasium-auditorium, nearly completed, plastered and a celotex ceiling installed. The building will be completed by December 1 the contractor has announced.

W. H. Doyle returned yesterday from a business trip to Chicago.

### Better Weather Gives Opportunity For Action in News' Big Contest

**TOMORROW "REPORT DAY"**  
Tomorrow is "Report Day" in the big automobile contest. Every Pampa entrant, and as many of those from the outside division as can make it, are urged to make a subscription report to the Contest Manager tomorrow. The standing will appear again Sunday, and will be tabulated at 4 p. m. tomorrow. New entrants are urged to come in from White Deer, Kingsmill, Albrecht, McLean, Shellytown, Roxana, and Tericho. There is very little competition in District No. 2, so far.

Very little progress has been made during the past week by the few candidates now active in the Pampa Daily News' big \$5,000 automobile and prize voting campaign. Only a half dozen or

### COOKERY IS MARK OF ADVANCING HISTORY

The beginning of cookery marks a step in civilization. The historic man learned that meat put on a forked stick and held over the glowing embers was more appetizing than when raw. To place his fruits and vegetables in the pot ashes, also, gave them an odor more pleasing to his nostrils, and it was just a step further to learn that the cracked grains spread on hot stones provided a food both pleasing to his eye and satisfying to his taste.

With the development of spits, fireplaces and utensils the preparations of food became more and more varied. Today, with different foods and utensils at our command, we make many new combinations of old foods but after all the food values remain the same. Our problems are what methods of cookery are best to retain the nutrients of the food; to make it pleasing to the senses and usable by the body and at the same time conserve the time strength and energy of the home-maker.

These are just the problems that will be solved for the benefit of the women of Pampa and surrounding territory at the Pampa Daily News Free five day cooking school to be conducted at the Methodist church basement by Mrs. Leona Rusk Ihrig, noted culinary expert starting Monday, Nov. 5 and continuing through Friday, each afternoon at 2:30 to 4:30.

Fruits as a source of vitamins, minerals and roughage in the diet are invaluable for health's sake. The addition of bulk to the diet is a very desirable factor in a balanced meal.

Mrs. Ihrig discussed most interestingly and thoroughly the value and usage of fruits in a well balanced diet. She tells of their use raw, best ways to cook them, how they are made into new sauces and puddings. She tells how to retain the most fruit flavor in pies and pastry. In short, she leaves nothing unturned regarding fruits and their uses. She will demonstrate the making of delicious new salads with which you may please your family and guests.

"Vegetables form a part of the protective foods which must be part of each day's diet if adequate to vitamins and minerals are to be used. Like fruits, vegetables add bulk and roughage to the diet, qualities which give satisfaction to the meal," says Mrs. Ihrig.

"Vegetables furnish food nutrients as well as minerals and vitamins and the many ways in which they may be cooked singularly and in combination with other foods."

You will want to see Mrs. Ihrig broil, bake, steam and boil various vegetable dishes. It will prove interesting and instructive. She will show you little tricks in seasoning that will prove effective in bringing to yourself the praise of your family and friends when you serve.

Plan to attend all five classes. Remember the dates, Monday, Nov. 5 through Friday.

### BLASTS FROM NORTH HERALD WINTER'S REIGN

Temperature Is Reported to Have Been 20 Degrees

### MIDDLE WEST GETTING SNOW

Clearing Skies Forecast Rising Thermometers However

Pampa folk awoke this morning with the unanimous declaration that King Winter reigned—reigned to the extent of about ten or twelve degrees below freezing.

Local thermometers registered from 24 to 26 degrees above zero, depending upon their location, and it was easily the coldest night of the season. The freeze and accompanying north wind quickly dried off the roads, leaving the ruts sharp and the roads full of holes.

Some discomfort was felt in suiting additions early today through falling of the gas pressure. The gas company officials said this was due to addition of about 500 gas meters during the summer months and the unexpectedly large demand placed on the lines suddenly. Now, having ascertained the load, they said adjustments would be made accordingly to prevent recurrence of the trouble.

**KANSAS CITY, Nov. 2.**—(P)—Driven by a fresh blast from the arctic, a Rocky Mountain blizzard with accompanying snow, rain and freezing temperatures spread farther afield into the Middle West today, threatening the lower Mississippi regions with snow and nearly all of Texas with cold weather.

The outlook was for more snow in Iowa, Missouri, and Nebraska and Kansas. Strong north winds swept Oklahoma, where the temperatures hovered about the freezing mark.

**AMARILLO, Nov. 2.**—(P)—Despite a bright sun, ciding five days of clouds, mist and rain, Amarillo shivered in the most severe cold snap of the year. After dropping to 25 degrees shortly before day break, the temperature at 10 a. m. had advanced to 29.

**CHILDRESS, Nov. 2.**—(P)—A thin covering of ice on puddles of water left by the recent rains marked the first freezing weather of the season here today. The minimum temperature during the night was 30 degrees.

**SWEETWATER, Nov. 2.**—(P)—Sweetwater had its first freeze of the year today, the temperature dropping to 31 degrees.

**GALVESTON, Nov. 2.**—(P)—A 28-mile wind out of the north sent thermometers down to 52 degrees here early today. A light rain accompanied the arrival of the norther last night, but today the skies were clearing.

### Baptist Church Will Be Rushed

Arrival yesterday of tile roofing and stone for the trim of the new Baptist church makes it possible for the contractors to rush the building of the \$84,000 structure to completion almost at once, the weather permitting. Practically all brick work is finished and steel for the roof is set.

The Rev. D. H. Truhitte, pastor, said that the church expects to hold its Christmas programs in the new building, which will then be entirely finished and furnished. The church and the lot, together with the pews, organ and furniture to be installed, will cost about \$100,000, Rev. Truhitte said.

Arrangements for financing the building are complete, the finance committee having received word this morning that the pending loan had been approved.

### HOOVER SAYS MORAL ISSUES WILL CAUSE UNUSUALLY BIG CONCENTRATION AT THE POLLS

New York Plans Greatest Reception for Native Son, But It's Just One More Parade for the "Happy Warrior" of Gotham.

### CANYONS OF BIGGEST CITY TO LOOSE ENTHUSIASM IN TYPICAL STYLE TODAY AND TONIGHT

**NEW YORK, Nov. 2.**—(P)—Broadway, historic welcoming ground for returning heroes, echoes today to the tread of a native son whose long campaigns in the field of political battle have won him the title of "happy warrior."

Alfred E. Smith was the man of the hour and New York's famous thoroughfare, despite only one day's preparation, was ready for his coming. From the battery to city hall and on through the canyon of skyscrapers where thousands have announced to the world the homecoming of many a world figure, managers of Gov. Smith's campaign for the presidency had passed the word which they hoped would touch off one of the biggest receptions in the New Yorker's political career.

It was to be just another parade for Smith, who has waded his brown derby in long automobile processions through a dozen other large cities of the country, but it was very apparent when he was apprised of the plans that he welcomed the opportunity to show the homefolks how he maneuvered in the "Bronx," as he calls it, in acknowledging the cheers he received in the west and other regions.

### CLINIC TO BE HELD NOV. 12 IN M. E. CHURCH

Practically all preparations for the crippled children's clinic to be held here November 12 have been completed. Chairman W. A. Bratton of the Lion's club committee, which, with a Rotary committee, will be in charge, said yesterday.

He told the Lions at their weekly luncheon that the all-day clinic would be held at the First Methodist church. Orthopedic physicians from the state hospital at Oklahoma City will be brought here to examine the crippled children of this territory. Miss Medora Duncan, nurse who has been working with the Amarillo Lions club in its activities with crippled children, also will be present.

It is urgently suggested that friends of crippled children shall notify local club officials or Mrs. M. P. Towns, Public Welfare association nurse, in order that the advice of the great physician which cannot be remedied by ordinary medical care will be welcomed. Physicians may be made available. Any to this free clinic. The names of a number of cripples have been obtained.

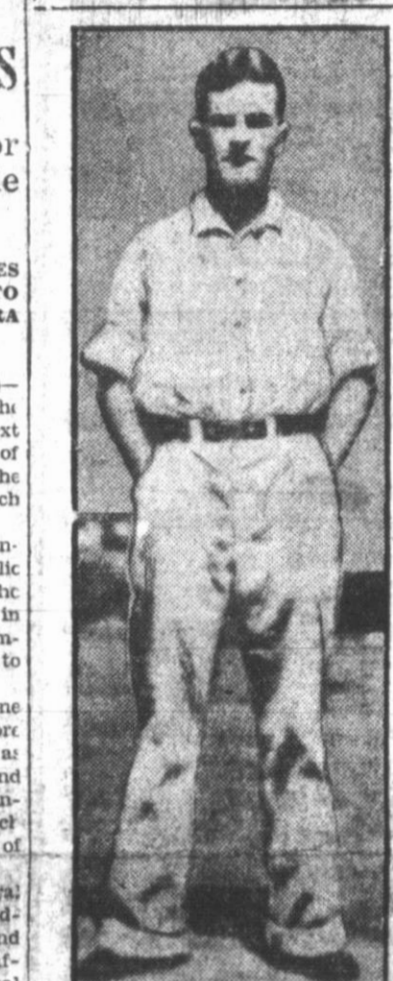

Pampa Lions yesterday voted to stage a charity event for the poor of the city next Christmas. The details remain to be perfected. Last year the club sponsored a toy drive and distributed many baskets of toys and food.

Members yesterday at the luncheon expressed high praise of "Bill" Flammiken, Amarillo Lion who was killed in an automobile accident. Mr. Flammiken helped the local club in many ways.

The Rev. D. H. Truhitte, a guest of the club, praised Pampa's citizenship. Supp. R. C. Campbell reported that in a talk on community brotherhood visitor from the statement of education who was here recently found school conditions very satisfactory.

Clinton Henry of Palo Duro and Mrs. T. A. Fannell and Bob Rose were other guests.

### Boy Stowaway

Clarence Terhune, 19-year-old New York caddy, will have plenty to tell about when he next appears at the Rye (N. Y.) Country Club, where he had been employed. He stowed away in the big dirigible Graf Zeppelin at Lakehurst, and made the trip across the Atlantic to Germany as an uninvited passenger. With him he took all his savings—\$50—but it was considered unlikely he would be charged anything for his passage.

### GIRL'S SECRET DEATH SEALED

Victim of Burns Is Adamant Even to Hitchcock

**LAKE BLUFF, Ill., Nov. 2.**—(P)—Elfrida Knaak, 30-year-old book agent and physiology student, died early today, three days almost to the hour from the time she submitted her arms, feet, and head to self-torture in the furnace of the Lake Bluff police station.

With her death, officers said, was sealed the story of why Miss Knaak, after sitting alone all night in the police station, went into the basement where she later was found, near the furnace, badly burned.

### Yankee Stowaway Finds German Girls Too Stout—Will Come Right on Home

**FRIEDRICHSHAFEN, Germany, Nov. 2.**—(P)—German girls are a bit too plump to suit Clarence Terhune, the 19-year-old American youth who captured the fancy of many of the frauleins by stowing away on the Graf Zeppelin.

"German girls are nice enough and good looking," he said, "but they are too big for me."

Terhune left today for Stuttgart, where he hopes to obtain a temporary American passport which will enable him to proceed to Paris and catch the first boat for America. He said his plans in America were still unsettled.

### GRAND JURY IN SESSION FINDS ACTION BASIS

Prisoners Are Alleged to Have Been Let Escape

### TWO OFFICERS ALSO CHARGED

Bribery and Neglecting to Enforce Laws Cited

**BORGER, Nov. 2.**—(Special)—Indictments against Chief J. W. Crabtree and two other members of the Borger police force, charging them with malfeasance in office, were returned by a Hutchinson county grand jury in session at Stinnett late yesterday.

The other policemen indicted are Sam Jones and Johnnie Ford. Ford is accused of accepting a bribe in return for protecting a local woman, who is alleged to have operated a place where liquor was kept for purposes of sale. Another indictment charges attempt to obtain a bribe.

Jones is accused of seizing 35 gallons of liquor from Elmer Higgins and D. J. Sharp without tendering the proper receipt or turning the liquor over to the sheriff as required by law. Another indictment charges that he refused to arrest a man he knew possessed liquor for the purpose of sale.

Police Chief Crabtree is charged with having permitted Jack Allen and Fred Harthin to escape from the city jail. They were held on charges of intoxication and carrying concealed weapons. Another charge of malfeasance is based on evidence that the chief permitted T. C. Williams, held on a charge of theft of more than \$50, to escape.

Conviction on most of the charges carries penitentiary sentence. The grand jury also returns indictments against J. E. Barnett, charged with permitting gambling in his place of business, and J. O. Smiley, charged with embezzling \$400. Smiley was appointed receiver in the case of Ruth Fields vs. Hery Fields, and it is alleged that he used the money without consent of Judge Reese Ewing or the litigants.

District Attorney J. A. Holmes of 84th district court declared that his investigation of official conduct in the county was just beginning.

### STATE BOARD RELENTS

**AUSTIN, Nov. 2.**—(P)—The Board of Control today decided to purchase the remainder of the machinery requisitioned by the state highway department "following absolutely specifications of the department and placing the order for standard machinery only and of the class and type" requested by it.

### ATTENTION—ADVERTISERS

SELF-SERVING STORES

## NEW YORKER AT LARGE

BY G. D. SEYMOUR  
 NEW YORK—When Maurice Chevalier, French song and dance man, came down the gangplank of an ocean liner a few days ago on his first visit to America, his most precious cargo was a turtle, his pet turtle.

Miss is an aristocrat among pets and among turtles. Small enough to fit hardly into her master's coat pocket, she ambles daintily about his suite toting a shell studded with rhinestones. She thrives on two leaves of lettuce a day, and Chevalier delights to demonstrate her devotion. He has but to call her by name and she turns in her tracks.

The turtle was presented to the actor by Paris friends when he departed for the United States, where he is to make a talking and singing motion picture. The pet is a special favorite of the comedian's wife, who a Yvonne Vallee was his dancing partner for four years in Paris music halls.

Chevalier is called sometimes "the Al Jolson of France." It is a title he is proud of and one Jolson is glad to lend. Jolson had seen Chevalier sing and dance in Paris, but Chevalier had never heard the mammy singer in action, so his first act on reaching New York was to go to a theater to see Jolson in his newest sound picture. The Frenchman speaks ready English. During the world war he was wounded and made prisoner, and as a captive in a German camp for 26 months he learned English from British fellow-prisoners.

**The Silent Hour**  
 It is possible at last to ascertain with some accuracy at what hour most New Yorkers are abed. The time is between 6 and 7 o'clock in the morning. And the telephone company can vouch for it, because between those hours it receives fewest calls for the correct time.

Since the company began six weeks ago to give patrons the right time for the price of one telephone call, it has dispensed the information on an average of 12,000 times a day. On Manhattan Island the calls are thickest between 4 and 5 in the afternoon, either because office workers become anxious at that hour lest they work the proverbial Gotham gadder is setting out for the evening. In other boroughs, where life is nearer normal and residents must concern themselves with getting to work promptly most of the calls for the time come between 7 and 9 in the morning.

In outlying boroughs of the city such calls subside by midnight, but in Manhattan they continue until dawn. Finally, at 6 o'clock, they all but cease. City rovers are abed at last, and city workers aren't up yet.

**Array Of Timepieces**  
 The heaviest day for the young women operators who report the time was September 10. Nineteen thousand persons called for accurate readings of the clock. The reason was easily divined: That was the day the city schools opened.

The telephone company gives the time—from Meridian 1213—to the nearest half minute. A battery of electric clocks records the hour, minute and second in the room where the special operator works, and these clocks are checked hourly against naval observatory time by another timepiece.

**Checks Stolen at LeFors Cafe**  
 Checks amounting to \$156.40 were stolen from the cash register at the B. and C. cafe at LeFors last night, according to information received at the local Business Men's association and the sheriff's office. The checks were not missed until checking-up time last night.

Up to press time today no report of any of the checks being cashed was received.

**Dawes Tells How to Become Colonel**  
 CHICAGO, Nov. 2.—"How to become a lieutenant colonel" was outlined to the society of American military engineers in a speech by Vice-President Charles G. Dawes last night. "When I was examined for my commission as Lieutenant Colonel in the engineering corps," he said, "I knew nothing about engineering. "I was asked the question: 'What would you do if you were ordered to survey a field.' "I'd send for a surveyor' was my reply. And I passed!"

# Hoover Will Carry Texas

## A Glowing Tribute From the Tongue of Joe Robinson

### "Hoover, the Administrator and Humanitarian"

"Few men in the history of mankind have exemplified exceptional talent in supplying the necessities and relieving the suffering of their fellow beings. Mr. Hoover is noted as the world's greatest relief administrator. His career, apparently, has not reached its climax; but it is already distinguished by many unusual experiences and praiseworthy achievements. Bearing the commission of Woodrow Wilson, Mr. Hoover opposed and halted the deadly advance of hunger, pestilence and famine following the war in Belgium, Russia and other foreign lands. Hospitals for the sick and wounded; food and clothing for the victims of hate and wrath. Among the suffering and the dying he bore aloft a banner saluted with respect in every

land—the banner of the Red Cross. This large assembly and these ceremonies attest the appreciation of the people of Arkansas for the unusual service which Mr. Hoover has rendered by special commission of the President in time of great distress. His presence, his advice, his counsel and leadership are an inspiring example to men in high places throughout the world. Mr. Hoover's heart has not only shared the sorrows and burdens of the passing flood disaster; he assumes a task which he might avoid and leave others to perform. We have not forgotten, we will never forget, the human touch, the kindly spirit, the friendly sympathy, the effective aid which Mr. Hoover and his associates brought in a time of strain and need."

## HOOVER LEADS IN TEXAS

The Literary Digest of Nov. 3, 1928, will show that Hoover will carry Texas. Hoover's vote in Texas, according to the Digest poll, is 52,864 and Smith's 35,626. It also shows that 55 Democrats out of every 100 in Texas are going to vote for Hoover.

We call upon all Hoover supporters to assist financially in this campaign. Mail all checks to Carr P. Collins, Treasurer, Anti-Al Smith Democrats of Texas.

### Red Cross Is Giving Aid to Many Veterans

Completing its tenth year of work for World War veterans since the signing of the Armistice, the American Red Cross is now giving assistance to 6,037 ex-service men or their families, the Rev. Tom W. Brabham, chairman of the local chapter, said today.

Nationally, Red Cross chapters have helped an average of 48,593 Service and Ex-Service men each month, in addition to special service carried on in Government hospitals, camps, and training stations, where the organization assisted an average of 15,965 cast-off men. Included in the services extended are help in settling Government claims for those disabled, assistance in procuring hospital treatment, and the extension of financial or other aid to the families of veterans while claims were in process of settlement.

Of paramount importance, Mr. Brabham states, is the assistance given the veterans in solving personal problems which often present almost insurmountable barriers to their readjustment. The Veterans' Bureau, while always sympathetic and co-operative, is circumscribed by certain legislative limitations in what it can and cannot do. As an example, it can send a ill veteran to a hospital for treatment and later decide whether the illness is of war origin and therefore entitles him to compensation, but it cannot give financial assistance until this fact is established.

In such cases, the local Red Cross is ready to step in and extend such financial and other assistance as may be necessary, and to see that the veteran's family does not suffer while he is under treatment. This service is at the disposal of Ex-Service men in this state, the country, and throughout the world.

And the Red Cross does not stop with its Home Service to the veteran alone. Under special extension of that service, seven Texas chapters report that they are rendering aid of the similar character to 125 civilian families. The essential idea is to determine what will best help persons who have made some adjustment with the rest of the world.

The annual roll call of Nov. 11 is being planned by the local executive board.

C. L. Thomas of Borger is a business visitor in this city today.

Mr. and Mrs. L. N. McCullough and son Neil, Jr., and Louis Lieberman arrived home last night, after attending the El Paso Consistory reunion and visiting Albuquerque, Santa Fe, and Taos, N. M.

Mr. and Mrs. Hance Schroeder and Mrs. Harry Schroeder of Hominy Okla., visited in the home of Mrs. George Casey yesterday.

### Panhandle Auto Club Serves Many During the Year

The Panhandle Auto club, of which the Pampa club is a branch, has rendered a service during the past year, September 30, 1927 to October 1, 1928, which is said to have saved the club members thousands of dollars.

Besides the continual fight which is constantly being made for better motoring service for those owning automobiles, the following services have been accorded the members.

Through the sole efforts of the A. A. A. the 3 per cent war tax on new cars has been eliminated; hence, those purchasing new cars since June 1, 1928 have been saved from \$21 upward on the purchase price of the car which they bought.

During the past year the following service calls have been made for members of the Panhandle auto club:

- Towing 452.
- Pulling out of mud 114.
- Pulling from ditch 49.
- Pulling from lake and river 6.
- Picking up wrecked cars, 33.
- Pulling out of mud 452.
- Starting motor 360.
- Battery service 30.
- Unlocking starter 7.
- Gasoline delivery 178.
- Tire service 396.
- Legal service 21.

One thousand five-hundred and sixty seven members have been served. In addition to the above services, 5,118 persons were furnished with road information, road logging, etc. by the tourist bureau during the year.

Eleven thousand tourists have been directed through the Panhandle by the A. A. A. the past year. The tourists spend money in the towns which they pass through, with the ultimate result that the entire Panhandle country has been substantially benefited.

The Pampa Chamber of Commerce, the Schneider hotel, and Thut-Saunders Motor company are official clearing information stations of the A. A. A. and are equipped to furnish road and other information to Pampa's residents and to the traveling public.

Short funeral services were conducted in the Malone Funeral chapel last evening for Mrs. J. H. Rice, who passed away at the home of her daughter, Mrs. Cora Kolb, yesterday morning. Mrs. Rice was 72 years old. She had been a resident of Pampa for the last year coming here from Wichita.

The service was conducted by the Rev. Jas. Todd, Jr., pastor of the First Christian church.

The body was sent to Wichita on the early morning train for burial there.

### Games and Movie Features of Party Given Tuesday

Mrs. Guy Manning entertained on Tuesday evening with a Halloween party for friends of her little daughter Christine. The young guests were in masquerade and guessing identities was a large part of the evening's entertainment. Games and contests were enjoyed in prettily decorated rooms after which the party was taken to a movie. Before saying goodnight, the youngsters returned to the Manning home, where they were served delicious refreshments.

Those who attended the party were Lillian Rice, Dorothy Brumley, Phyllis Smith, Harriet Hunkapillar, Lois Bryson, Helen Gene and Christine Manning, Smith Wise, Tom Sweatman, Otto Elce, Paul Keim, Roy Webb, Jr., Charles Bryson, and Lawrence McBea.

### Dinner and Theatre Party of Wednesday Enjoyable Affair

Mrs. and Mrs. S. C. Barrow entertained Wednesday evening with a delightful 6 o'clock dinner and theatre party, in observance of Mrs. Barrow's birthday anniversary.

Those who enjoyed the occasion with Mr. and Mrs. Barrow and their son Bash were: Mr. and Mrs. W. F. Hallmark and son Bobby Rhea, Mr. and Mrs. W. S. Green and son, Billie, Jr., Miss Leola Tunnell of Electra and Richard Higginbotham. Mrs. Barrow received many beautiful presents.

**Happy and Married**  
CHICAGO (AP)—The matrimonial bark will sail smoothly if a weather eye is kept on the financial barometer. 150 of the couples he had married informed the Rev. Clinton C. Cox, Drexel Park Presbyterian church pastor. Money they found to be the best balancer.

**Outgo Exceeds Income**  
PENINSULA, Fla., (AP)—Perry Reed who gets \$1 a year as manager of the Co-operative office of the Bureau of Foreign and Domestic Commerce of the U. S. department of commerce, recently spent three years' salary when he took two government officials to lunch.

## CHURCHES

CHURCH OF CHRIST

In one of his pleas before a jury, the lawyer dwelt two hours on a point perfectly plain. He illustrated it from every phase of history and industry he could think of. A friend asked, "Why did you dwell so long on a point perfectly clear to everybody?" "It was not clear to everybody," said he. "Did you notice that wooden-headed juror, the second from the end? He did not see it. I knew I must win him, so I illustrated the point from every trade I could think of, till I struck leather. That got him. I suppose he was a tanner. Then I went on."

All men are more or less wooden-headed and stony-hearted. For this reason it is the "goodness and long-suffering" of God that leads to repentance. My wooden-headedness keeps me from seeing and appreciating one thing God has done for us. Others get Him at this point. But God in His Goodness is long-suffering towards me and works to come to "leather" that I may see. Thank God for his persistence in winning me to his love, His mercy, His cross, His Christ "God is not willing that any should perish but that all should come to repentance."

Subject for Sunday morning sermon: "Easy Street." Sunday evening subject: "Written in Heaven." Last week's Wednesday night service was the best yet. Bible school work in growing and we are thankful. Come be with "the church of a friendly spirit!"  
C. C. MERRITT, Minister.

### Saturday Offers Chance for Many Gridiron Upsets

NEW YORK, Nov. 2.—(AP)—If Dartmouth should beat Yale or Penn State should beat Notre Dame tomorrow it would be the first time on record that such a feat had been accomplished. Here are the facts and figures on a half dozen football rivalries including these two, which feature the day's program.

Yale won nine and Dartmouth not any in rivalry begun in 1884; one game was tied.

Penn won five and Chicago one with one tie, since 1898.

Notre Dame won one and one game was tied in two meetings since 1925.

Washington & Jefferson won five, Lafayette four and one was tied, since 1898.

Cornell won ten and Columbia four with one tie, since 1889.

Minnesota won nine and Northwestern two, with one tie, since 1892.

### Section Titles to Be Decided in Games Today

With Pampa and Wheeler battling here and Pollett and Perryton, the divisional championship of both sections will be decided today.

The winner of the tilt here will be the team to meet Perryton next Friday in the first play-off game.

The Wheeler Wildcats have been consistent winners this season and will no doubt give the Harvesters a hard battle. Coach A. M. Fox left for Perryton this morning to see the Perryton-Pollett game. Both teams are undefeated and are an unknown quantity here.

The winner of the game next Friday will meet Memphis in the district semi-final. The Harvesters are out to win to get a chance to revenge their defeat by the Canyon Eagles last season. Coach Odus Mitchell believes his boys are set for bi-district championship this year.

With the Harvesters playing here today the third team youngsters are in White Deer playing an exhibition game with the neighboring first team. The midgets have been working hard and are in good condition for the encounter.

**KILLS ESTRANGED WIFE**  
ATLANTA, Nov. 2.—(AP)—Aurin Bugbee, 26, shot his estranged wife to death and wounded her young woman companion as they knelt in prayer at his order early today and then turned the gun on himself, inflicting a fatal wound.

Here's Miss Ruth Roth as she trained her entries in a Los Angeles turtle race by setting the pace on her tricycle. An 80-foot circle was laid out for the races, the winner being the first to reach its circumference after starting from the center.

### Football to Build Great Structure at Ohio University

COLUMBUS, O., Nov. 2.—(AP)—Football, that built and paid for Ohio State university's gigantic stadium, is to be utilized during the next ten years to finance a \$1,750,000 physical education, recreation and athletic building program at the university.

The program calls for erection of five new buildings and the enclosure of the sides of the stadium with steel mesh and glass. The stadium improvements will cost approximately \$100,000 and will be made first.

Erection of proposed buildings in the order for completion are instat-

rum, intramural sports building, women's field house, varsity field house and boathouse.

Recent liquidation of the last of the indebtedness of the Ohio stadium which originally stood at more than \$1,750,000 makes possible a start on the new program.

**"Greeleyized"**  
TRIBUNE, Kas. —(AP)—Greeley county, on the western border of Kansas, is thoroughly Greeleyized. Tribune, the county seat, is named after Horace Greeley's newspaper. Horace the other principal town in the county, bears his Christian name.

Mrs. R. P. Shields has returned from Graham where she has been visiting for the last month.

David M. Warren made a business trip to Amarillo today.

### Daily News to Have Unsurpassed Election Service

Remember that the Pampa Daily News will be headquarters for county, state, and national election results Tuesday night—Texas returns from the Texas Election Bureau and national returns from the Associated Press by leased wire.

The Associated Press has expanded and improved its nationwide election service machinery in preparation for the general election. Member papers will be provided with prompt, accurate, intelligently handled information on the tabulation of votes in every state.

Plans for election night and the following contemplate the handling of frequent comprehensive leads, covering every angle of interest and interpreting the trends of the vote and explaining colorfully their significance.

The news stories of the election ser-

vice will be under supervision of Bryon Price, chief of the Washington bureau, who is just completing a nationwide trip during which he described political conditions in many states. He will share the writing of the lead with D. Field Brittle, who accompanied him on the present trip, and James L. Williams, who during the political conventions and since has contributed much to the political report. Interpretative leaders on the congressional returns will be written by F. M. Stephenson, who has been traveling with Senator Curtis, and Raymond Z. Henie, who has been traveling with Senator Robinson.

Those who have been assigned to the presidential nominees will continue on these assignments to cover the activities of the nominees and their families through the election period. J. A. West, W. B. Bagdale and Mary Bainbridge Hayden will be with Mr. Hoover and Walter Chamblin, D. Harold Oliver and Martha Dalrymple with Governor Smith. Adequate arrangement also will be made to cover the vice presidential nominees.

### Sweetheart Killed By "Unloaded Gun"

CHICAGO, Nov. 2.—(AP)—The gun that wasn't loaded had another notch today.

Morton Kazanow had taken a pistol to the home of his sweetheart Miss

Marie Gray, 24, to be used to protect her from burglars.

"But I'm afraid of it," Miss Gray said.

"It cannot harm you," Kazanow assured her, "see," and he emptied the bullets onto the table. Still she was unconvinced.

**DALLAS, Nov. 2—(P)—**Marine corps veterans of Chateau Thierry and Belleau wood met here today, ten years after they had checked the enemy in France, and celebrated the anniversary with a parade, a boxing match and a program of entertainment.

## Farmer Shoots Guests, Alleging Robbery Attempt

**LIBERTY, Nov. 2—(P)—J. H. Hendrix, 40, Houston carpenter, was shot to death and Mrs. Hendrix was beaten severely over the head at the farm home of John Swilley, 65, near here last night.**

Swilley was charged with murder. Officers were told that the automobile occupied by Mr. and Mrs. Hendrix stalled during a severe rain storm. The man and wife were directed to the Swilley home where they requested and received permission to spend the night.

Swilley told officers that Hendrix tried to rob him. An argument began after Hendrix had come to Swilley's room and the Houston man was shot once, Swilley said, Hendrix then ran to the room shared by him and his wife.

"Bud" Bryan, farmer who lived with Swilley, said that Mrs. Hendrix attempted to go to her husband's aid and was struck over the head with a pistol. Bryan said two shots were then fired at Hendrix and his assailant said he would kill Mrs. Hendrix if he had any more shells in the pistol.

Bryan said he begged the man not to kill Mrs. Hendrix when the assailant announced his intention of going to her room and getting a shotgun and his pleas prevailed. Mrs. Hendrix was unconscious from the blow on the head, Bryan said.

### SAN ANGELO GIVEN TEXAS OIL MEETING

**HOUSTON, Nov. 2—(P)—**San Angelo was awarded the 1928 meeting of the Texas division of the Mid-Continent Oil and Gas association at its annual convention here today.

John F. O'Donohoe, Wichita Falls, was re-elected president and all other officers were remanded. Approximately 100 members of the association attended the meeting.

## 'Miss Chevrolet' Contest Delayed

Because of the muddy condition of the roads, the Miss Chevrolet beauty contest to have been at the Rex theatre last night was postponed to a later date. There are entrants from Borger, White Deer, Panhandle, Mobeetie, Wheeler, and Miami in the beauty contest.

During the evening the Iowans orchestra played several selections and "Whitely" Frazier put on a toby skit. Mr. Frazier then introduced Dick Marmon who will make a 125-hour non-motor stop drive commencing Wednesday afternoon at 2 o'clock from the Culberson-Smalling garage.

## Sees "Tannhauser" Then Kills Self

**NEW YORK, Nov. 2—(P)—**After viewing a presentation of Wagner's opera "Tannhauser" Wednesday night at the Metropolitan, Noel Morris, 24, great grandson of Commodore William H. Vanderbilt, shot and killed himself at his parent's home in East Seventieth street.

A typewritten note tucked between the leaves of a diary gave the only clue to the suicide motive.

It read:

"Tannhauser wasn't brave enough to stick it out, but I have the courage to do it. This is the last entry."

## U. S. Chamber Man In Pampa Today

**R. T. Halfpenny** of Dallas, a representative of the United States Chamber of Commerce, is here today in the interest of his organization. He is anxious that the local Chamber join the National body. It is not expected that any definite step will be taken until after the B. C. D. is put into effect next year.

Mr. Halfpenny is also taking subscriptions for the National Business one of the standard business magazines of the country. He was much impressed with the prosperity shown here and believes Pampa is only in the making.

George Briggs, local secretary, announced this morning that efforts were being made to bring Joe Leopold of Dallas, manager of the Southwestern department of the U. S. Chamber of Commerce, to Pampa to make a talk in the near future.

## Hoover-Curtis Club Will Meet Tonight

The final meeting of the Hoover-Curtis club before its general election will be held in the Chamber of Commerce rooms tonight at 8 o'clock.

Chairman Ben S. Baldwin expects a well attended meeting, at least minute plans for election day will be discussed.

Although elections days will be over next Tuesday night the Hoover-Curtis club plans to continue its activities. Judge Ben Baldwin announced this morning. Meetings will be held from time to time he said.

## NAVAL PILOT KILLED IN PLANE COLLISION

**PENSACOLA, Nov. 2—(P)—**Enoch Broyles McIntosh, chief aviation pilot of the U. S. Navy, flight instructor at Corry field here, was killed today when his plane crashed into another 200 feet above the field.

The other plane was piloted by Second Lieutenant Peter P. Schrider, U. S. Marine Corps, student flier of Washington, D. C., who landed his machine in safety despite that its propeller was bent in the collision.

## BANKER ROBBED OF COMPANY'S PAYROLL

**GAS CITY, Ind., Nov. 2—(P)—**J. W. Ball, cashier of the Gas City State bank, was held up and robbed of a \$10,000 payroll today by three men who escaped in an automobile.

The cashier had just come from the postoffice, across the street from the bank, where he had obtained the payroll money for the Illinois Glass company. As he stepped on the sidewalk in front of the bank, a young man jumped out of an automobile, and pointing a gun at him, grabbed the payroll. Two other men were in the automobile and the three drove away. All were unmasked.

## AXE MURDERER WIPES OUT AN ENTIRE FAMILY

**SANTA ROSA, Cal., Nov. 2—(P)—**An axe murderer, identity undetermined, today wiped out the C. J. Bertola family of three, set fire to the dwelling and committed suicide by shooting himself.

The known victims were C. J. Bertola, 69, retired grocer, his wife Maria, and their daughter, Camille, 25.

A fourth charred body, believed to be the slayer, was found in the ruins with a shot gun by its side. Officers started an investigation to determine whether the body is that of Charles Baker, rejected suitor of Camille.

## Boy Scout Drive to Be Continued

Committees on the Boy Scout drive expect to close the drive for funds before quitting. Because of the inclement weather, the drive has not gone as well as expected.

Although it is not expected that all on the list will be seen this week, the rest will be carried over to the following week. The committees at work are from the Lions and Rotary clubs.

## Better Weather---

(Continued From Page One)

noted today! From now on for a while, anyway, we are going to have some nice vote getting weather. The Campaign Manager doesn't blame anybody for not getting out into the mud and rain of the past week. All the automobiles and diamond rings in the country are not worth a single case of pneumonia.

**Really Big Prizes**

It is time now that men and women of Gray county and the surrounding towns and communities become awake to the fact that the News contest is the most elaborate gift-giving campaign of its kind ever conducted in this section of Texas. These automobiles, the Buick, the Whippet, and the Chevrolet, cost real money, and it is time some subscriptions were being turned in. The small number of participants in District No. 2, would make a casual reader think that biggest prizes were only pianos or Shetland ponies such as were given in contests of long ago.

Numerous towns outside Pampa are not yet represented and right here in the City of Pampa, only a few of those listed are making much effort to.

Now then, dear people, there are no snakes attached to this offer anywhere. The prizes, just as advertised, will be given away on Saturday December 15. Reference to the calendar will show you that is just six weeks from Saturday night. The value of the first grand prize which is a brand new and unused Buick Silver Anniversary Sedan is \$1,550. The winner of this car will be averaging better than \$250 week for his or her time in vote gathering. The News believes this is pretty good pay, especially when one does not have to punch a clock or anything like that in his work in the contest. It is a spare time proposition, and entrants can work wherever and whenever they please. There is no "salary" connected with it, but as everyone knows, the salary positions are not always the most desirable.

## First Subscriptions Coupon

The attention of entrants who have been nominated, and who have nominated themselves, and who thus far have made no effort to save gather the little from vote coupons, today is respectfully directed toward the "First Subscription Coupon" which appears in another place in today's paper. This coupon counts 10,000 EXTRA BONUS VOTES, when a contestant turns in his or her first subscription order. A contestant who turns in a year's subscription receives 5,000 votes on the subscription alone, 10,000 for turning it in, and 2,000 as a nomination credit. That is a total of 17,000 with JUST ONE SUBSCRIPTION. Only a few have as yet obtained this credit.

Time is eating its way towards the finish of this contest, and the News does not believe it fair for so many of those who could really get votes if they would try, to hold off entering for so long. If there are any persons in this town, or any of the surrounding towns who feel that they could accomplish anything at all and who would not actually object to a present of any one of the big automobile—a Buick Sedan, a Chevrolet sedan and a Whippet—will they please call or write for their subscription books and get busy? The News will appreciate it if they will.

**Everything is Free**

There are no obligations of any kind attached to entering the contest, and it costs nothing to try for a prize, nor will it cost anything later.

Every prize is given FREE—reward for honest efforts in obtaining subscriptions. We are not going to give any care to the free vote coupon collectors—it is going to take a few subscriptions to win.

So little has yet been done along subscription lines anywhere that one might almost consider today as the real opening day of the contest. A few

promises have been exacted for collection later, but votes do not come with promises, and the man or woman who can enter this contest and get subscriptions where the others are getting promises can get an automobile.

**How to Start**

New entrants will find a "Nomination Blank" which is all that is necessary to start on another page in today's issue. Properly filled out and brought or mailed to the Contest Manager, Pampa Daily News, it will give you a subscription book and all particulars.

If you really want an automobile—a regular big brand-spanking new bang-up-chugging high powered enclosed motor car for a few weeks' effort you will lose no time in going after that "Nomination Blank" with the shears.

If you live outside Pampa squander a two-cent stamp and mail in the blank. Full particulars will be sent by return mail.

## AMUSEMENTS

### VAUDEVILLE AT REX

Three acts of vaudeville will be shown at the Rex theatre today and Saturday. Walter Baker and company present a series of comedy and magic acts. Mr. Baker is noted as a master magician who does not take his profession seriously enough to overlook moments of fun. He is said to be the first magician who has thus availed himself to mystify and create comedy at the same time.

Mack and Long will present the second act with novelty dancing. They have a mixture of grace, pep and speed that is hard to equal. They are a versatile pair who are clever in their accomplishments and know how to serve out entertainment that pleases.

The third act is the "Four Serenaders" featuring Pietro Centanino and

accordionist de luxe. Melodious voices of operatic calibre and the harmonious tones of accordion will be heard during the appearance of the serenaders. Each member of the quartette is musically talented, and one, Pietro Centanino, is an expert player of the accordion. The cast also includes Cornelius Abern, baritone singer and comedian, Louisa Renni, coloratura soprano, and Giota Bertelli, contralto.

Fred Thomson in "Sunset Legion" will be on the screen.

### Comedians at Crescent

Toby's Comedians will continue their stage plays at the Crescent theatre today and Saturday. They have been playing to a large audience here all week.

Tonight the play is "Watts Family," a comedy that has gained a great reputation during recent months.

The picture program for tonight features Estelle Taylor and Ralph Ince in "Singapore Mutiny."

Our City Finances

Completion of the projected paving program is going to meet most of the demands that are now in sight. Should there be an "open" winter, this work will be completed early in the new year. Just what then will face the city in the way of public improvements? And what will the 1929 status of city finances justify?

The new city tax rate, including 15 cents per \$100 valuation for the support—or major part of the support—of the Board of City Development, is \$1.40. This rate is remarkably low, if considered from the standpoint of what improvements have been made during the last two years, or if contrasted with rates in other cities of similar size. The valuations, totaling \$5,500,000, justify further civic investments. The city could hardly be in better financial condition in the sense that the ratio of tax rate to valuations is still small. Moreover, the city departments are more than paying the operating costs.

There are outstanding warrants at 6 per cent interest that should be refunded into longtime, 5 1-2 per cent bonds. The saving of one-half of one per cent may not seem great at first thought, yet it amounts to thousands of dollars over a period of a few years. The sooner the refunding election is held the greater will be the saving.

After the close of this year, the city will be in a position to make one major expenditure and still care for miscellaneous expansion. What should this improvement be. Nearly two years ago The News envisioned a developed Albert square surrounded by a beautiful hedge, divided by walks, blanketed by a green lawn, and graced by a substantial city hall. It is this city hall, combining an auditorium, fire department, jail, and city offices, that The News favors building next spring. The increase in taxes would still leave the total levy lower than that of many towns in growing West Texas, and the hall should be built now so as to obtain the income from valuations which make the burden relatively light.

Except from the viewpoint of those who chronically oppose public improvements, there is no reason for not building a good city hall-auditorium now. There is no excuse for postponement. The city hall we have is inadequate, unsightly, very crowded, and without decent jail facilities or quarters for firemen and fire fighting equipment.

Many towns and cities of the Panhandle have beautiful city halls and fire department quarters. Childress has one of the very best. Down at Sweetwater the city hall-auditorium is the pride of the community. The expenditure need not be more than \$125,000, with equipment. The auditorium should seat 1,500 normally and have a maximum capacity of not less than 2,000. This would be a community center building of the finest type. The fire insurance rates would be reduced through building of better quarters for

equipment and by reason of the fact that volunteer firemen could live above the firemen ready for duty. This plan has been found to afford the most economical fire protection obtainable.

As it is, Albert Square is unsightly to a extent that is determined. In the spring the county will have a handsome courthouse building under erection just north of this square. Why not match the county's expenditure with a city-hall auditorium that will show all of Gray county residents that Pampa has justified her position of leadership? Without an auditorium, any claims to territorial leadership are open to question. Scores of organizations wish auditoriums, but they cannot impose on the churches all the time. Moreover, the church basements are primarily intended for use by small groups, and seating arrangements are inadequate. The church auditoriums are unsuited to most of the public entertainments.

Pampa's next opportunity is to build a substantial city hall in the center of Albert square, which is given for the purpose without cost by the White Deer Land company, and to develop the plot into the place of beauty and utility for which it has been reserved.

Furthermore, it appears to The News that the proper way to finance the project is by voting bonds—the most democratic, most economical mode of obtaining funds for permanent, improvements of this character.

Ambulance Chasing Lawyers

From the Chicago Daily News.

At the recent annual meeting of the College of Surgeons as at nearly every conference of physicians or health officers, the practice known as ambulance chasing was roundly condemned. That practice consists of annoying, cajoling, deceiving and persuading persons injured in serious accidents to employ a certain type of lawyer to institute legal proceedings with a view of obtaining damages. Disreputable runners, mercenary hospital attendants, corrupt policemen and medical charlatans are allies of fee-hungry legal lights who engage in ambulance chasing.

It is notorious that the contingent fees extorted by this discreditable process are excessive, and that the cases instituted, if brought to trial at all, as a rule are bunglingly presented. The ambulance chasers try to settle their cases out of court, and ordinarily they keep for themselves 50 per cent or more of the money obtained ostensibly for their clients.

Bar associations have endeavored vainly for many years to abolish the scandalous practice. In New York city the situation became so acute that an investigation was ordered. A former justice of the Supreme court was put in charge of the investigation. His

report, just published, is a model of fairness and common sense.

While necessarily condemning ambulance chasing, he points out that public utilities and other corporations employ runners and claim adjusters who in many cases are quite as open to criticism as are the hungry lawyers and their agents. The contingent fee is not, he thinks, the root of the evil. It cannot be prohibited, but it should be controlled. Many victims of accidents, or their families, have no means and cannot pay retainers or lawyers. But the fees in accident cases, when verdicts are favorable to the plaintiffs, should be fixed by the courts, not by the lawyers.

The medical and legal professions, as well as all well-managed hospitals, should cooperate in obtaining the simple and useful legislation recommended by the judicial investigator.

California Feels Strong Tembler

LOS ANGELES, Nov. 2.—(AP)—Two heavy earthquake shocks were reported to have rocked the town of LaBerge in Santa Barbara county last night, causing damage and destroying all communication.

Only meagre information was available, but it was said the temblers caused a gas tank to explode, the concussion damaging an adjoining high school building and athletic club to the extent of \$10,000.

No one was reported injured. Advisers said the shocks were very heavy and that all communication had been disrupted.

### International Sunday School Lesson

BY DR. J. E. NUNN

General Topic:—World's Temperance Sunday.  
Scripture Lesson:—Rom. 13:1-14.

1. Let every soul be in subjection to the higher powers: for there is no power but of God; and the powers that be are ordained of God.  
2. Therefore he that resisteth the power, withstanding the ordinance of God: and they that withstand shall receive to themselves judgment.  
3. For rulers are not a terror to the good work, but to the evil. And wouldst thou have no fear of the power? Do that which is good, and thou shalt have praise from the same:  
4. For he is a minister of God to thee for good. But if thou do that which is evil, he will be afraid; for he beareth not the sword in vain; for he is a minister of God, an avenger for wrath to him that doeth evil.

5. Wherefore ye must need be in subjection, not only because of the wrath, but also for the conscience sake.  
6. For this cause ye pay tribute also; for they ministers of God's services, attending continually upon this very thing.  
7. Render to all their dues; tribute to whom tribute is due; custom to whom custom; fear to whom fear; honor to whom honor.  
8. Owe no man anything, save to love one another; for he that loveth his neighbor hath fulfilled the law.  
9. For this, Thou shalt not commit adultery. Thou shalt not kill. Thou shalt not steal. Thou shalt not covet, and if there be any commandment, it is summed up in this word, namely, Thou shalt love thy neighbor as thyself.  
10. Love worketh no ill to his neighbor; love therefore is the fulfillment of the law.

13. Let us walk becomingly, as in the day; not in revelling and drunkenness, not in chambering and wantonness, not in strife and jealousy.  
14. But put ye on the Lord Jesus Christ, and make no provision for flesh, to fulfil the lusts thereof.

Time—The Epistle to the Romans was written near the close of Paul's stay in Corinth, A. D. 57.

Place—It was written in the great commercial city of Corinth.

Golden Text—Love worketh no ill to his neighbor; love therefore is the fulfillment of the law.—Rom. 13:10.

Introduction  
"Now obey me, says the mother to the stubborn child, and if the mother is firm of purpose and of muscle the child will obey and learn that peace and success are obtained along the road of obedience. There are great power and wise minds which influence any individual. There are time-honored customs and formal group expressions of will with which each individual is constantly faced. There are immutable laws of nature which are ignored at great peril. A man's willingness to obey these forces determines the quality of his life."

"Obey the law," says the nation, meaning, of course, the laws that have been enacted by Congress and the legislatures as the rules and regulations for the life of people. These laws are numerous, frequently unknown, and often broken unintentionally. Yet, ignorance is no excuse and the penalty must be paid—unless one can escape on a technicality.

From childhood to senility one hears of all sides and from within the command to obey. Whom, what, and how should a person obey?  
Epistle to the Romans.  
Paul, when he wrote the letter to the Christians in Rome, expected to go to that city soon, and sent this mis-

sive in advance to herald his arrival. He wrote it during his long first stay at Corinth, an dhis amanuensis was Tertius. The epistle sets forth more fully than any other writing Paul's entire system of theology, the grand resultant of his experience and his thinking. Luther called it the most complete epitome of the gospel. Melancthon called it "a compendium of Christian doctrine." Findlay says of it, for the purpose of systematic theology, is the most important book in the Bible. Chrysostom had it read to him twice a week. Calvin said "it opens the door to all the treasures of the Scriptures." Farrar considered it to be "the greatest of Paul's Epistles and one of the greatest and deepest and most memorably influential of all compositions ever written by human pen."

Obedience to Authority.  
"Let every soul be in subjection to the higher powers." Whoever rule, whoever exercises authority, are to be respected because of their office, though in themselves they may not be worthy or honor. It is the authority they hold which we honor, for they are, for the time, an embodiment of the law and order; and, however unworthy, they may be, and however faulty may be their government, they are infinitely better than anarchy. "For there is no power but of God." Since God is the source of all human authority, it is to be honored as coming from Him. But earthly rulers are not to be obeyed if their commands conflict with His. As the apostles said when bidden by the rulers to desist from preaching, "We must obey God rather than men."  
—Acts 5:29.

Government Protects and Punishes  
"For rulers are not a terror to the good work, but to the evil." The theory and object of civil government is to protect the good against the evil, to put down unrighteousness and promote righteousness. Even when a Nero persecuted the Christians, he did it nominally in order to preserve order. We must remember how often in Paul's own career the authority and power of Rome saved him from death at the hands of Jewish mobs. On the whole, in the numberless details of countless lives, the Roman rulers worked for safety and justice. And this is not to palliate in the slightest degree the horrible barbarities of which they were guilty, and the many abuses of their power. "Do that which is good and thou shalt have praise for the same." Do evil, and you are sure of punishment; do good and you are sure of commendation; that is Paul's optimistic philosophy; and, with some exceptions that "prove the rule," it is borne out by human experience.

Why Obey the Prohibition Laws?  
Because they are the laws. Even if one does not regard them as wise they should be obeyed while they remain on the statute book. To propose and advocate a referendum which is adopted would contradict their manifest intent and render them nugatory is to seek to nullify the Constitution. The patrons of bootleggers are as much law-breakers as the bootleggers themselves. The newspapers and comic weeklies that ridicule and misrepresent the law and encourage its violation are serving the interests of anarchy. The law should be obeyed strictly even by those who oppose it, because, if they are right, the more strictly it is obeyed the more readily can the people be persuaded to repeat. As a lesson to youth, as a matter of pure citizenship and to maintain public decency, all patriots will stand firm for obedience to the Eighteenth Amendment and the Volstead Act.

Results of the Prohibition Laws  
Irving Fisher, professor of econom-

ics in Yale university, finds that workers of all kinds are under prohibition ten per cent more productive than before.

He finds that the real wages of workmen have increased under prohibition 28 per cent above the level they had maintained for more than a quarter of a century—the "real" wages, making allowances for the lessened purchasing value of money. Profits have risen enormously, and the country is amazingly prosperous. Personal savings, as shown by savings banks, life insurance, and building and loan associations, have increased very largely under prohibition.

It has been proved that enormous number of saloons that have ceased to exist have been replaced by groceries, restaurants, shoe stores, clothing establishments, banks, and the like, employing far more workers than the saloons. School teachers everywhere report that children come to school better fed and better clothed than before prohibition. Charity organizations report much less work to go in caring for the poor. Hospitals report a marked diminution in the disease caused formerly by drinking. Jails have been closed up in all parts of the country.  
Put on the Armor of Light  
The sun of Righteousness has ris-

en upon the earth. "Awake from your slumber!" cries the apostle. "Cast off the works of darkness! Put on the armor of light!" Accoutred in the light of gospel truth as a valiant soldier of Christ, leap into the warfare of the new days! It is a trumpet call to brave and true living, and sounds today over the world as clearly as two thousand years ago.

How Enforce Prohibition Laws?  
"If we want to make the country distinctly dry we must begin now and as thorough as that by which we won prohibition."  
"First, for law obedience, until we create a conviction that will make

people wish to obey the law and use their personal influence against its violation."  
"Second, for law enforcement that shall take charge of the criminally disposed and make them obey the law."  
"Third, for law respect, until the whole public shall see that prohibition has not been a detriment to the state but that it has been a tremendous benefit to the individual and to society."  
"To this end the pulpits, the Sunday schools, the day schools, the independent and respectable newspapers should renew their lessons of temperance, abstinence, and prohibition."
