

GRAF ZEPPELIN BOUND FOR U. S.

City Sanitation Officer Is Appointed Analyst for Gray County

DR. WORREL IS EQUIPPED FOR SPECIAL WORK

Liquor Enforcement to Be Strengthened by Analyses

LABORATORY IS ESTABLISHED

Milk Standards Also Will Be Kept High

Dr. T. J. Worrell, city health and sanitation officer, has been appointed Gray county analyst. Dr. Worrell has received the necessary equipment for testing alcoholic contents of beer and whisky. He made his first test yesterday from a batch of beer taken in a raid at LeFors Monday night. This morning he reported it to contain 12 per cent alcohol by volume.

The county has long been without an analyst and as a result very few liquor charges have stood for convictions. In the future, all beer and whisky confiscated will be tested and the analysis filed for use when the case comes to trial, Sheriff E. S. Graves stated this morning.

"We have worked under difficulties for the last two years," Sheriff Graves said this morning, "but now that we have a licensed analyst, convictions in liquor cases should be much easier."

Dr. Worrell has installed a complete laboratory in the city hall with equipment for analysis of milk, water, and other things. Dr. Worrell announced this morning that the city water would be tested from now on and that a standard of purity will be maintained.

He has already begun the testing of milk from the various dairies operating in the city to see that it comes up to state requirements. Permits will have to be secured by all persons operating milk routes or selling milk products, Dr. Worrell said. He further stated that grades will be posted every week and that anyone delivering milk that does not meet the state requirements will lose his license.

According to requirements, grade A milk must contain less than 50,000 bacteria to the centimetre and pasteurized milk must contain less than 100,000 bacteria before pasteurization and less than 50,000 after pasteurization.

To meet the standard posted, all milk must contain a minimum of 3.5 per cent butter fat. The milk tested thus far is averaging more than 4 per cent butter fat, Dr. Worrell said.

"The sanitary conditions around the dairies I have inspected has improved 100 per cent," Dr. Worrell said. "New barns have been erected, old barns cleaned out and whitewashed and yards generally cleaned out. I am more than pleased with conditions around the dairies in this territory," the doctor continued.

Catherine Vincent Now Leads Contest

Miss Catherine Vincent went into the lead in the "Queen of the Air" contest yesterday. The contest is being held in connection with the Fall Festival sponsored by the Pampa Fair association. Miss Vincent was closely followed by Miss Virginia Hawkins. There are just 100 votes between the two leaders.

- The standing of the contestants last evening follows:
- Catherine Vincent, 6,700.
 - Virginia Hawkins, 6,600.
 - Drusella Morgan, 6,230.
 - Viola Haggard, 6,200.
 - Etha Jones, 5,400.
 - Beulah Lane, 5,300.
 - Opal Gillaspay, 5,300.
 - Hazel Fletcher, 5,200.
 - Bernice Priest, 5,200.
 - Adel Stone, 5,000.

I. B. Hughey and his daughter, Miss Fern, went to Amarillo last evening.

THE WEATHER VANE

WEST TEXAS: Tonight and Friday cloudy, occasional showers; colder tonight in the Panhandle, colder Friday.

FOOTBALL STAR DIES DESPITE SCOUT HELP

Steady Look Is Byrd's Farewell to Wife and U. S. A.

SAN PEDRO, Cal., Oct. 11.—(P)—Down the trail that always has called him, Commander Richard E. Byrd today was bound for the bottom of the earth in search of adventure fused with scientific exploration.

Away at last on his long-planned expedition to the Antarctic, the Commander-picked followers were aboard the Norwegian whaler C. A. Larsen, bound for New Zealand, common rendezvous for the four ships that later this year will push on down into the Antarctic circle.

Ross sea was the immediate objective of the commander, who later hopes to cross the South Pole by air in the same manner he and the late Floyd Bennett reached the north pole. More important in the announced plans of the Byrd expedition, however, was the long intensive study of the Antarctic that may keep the party exiled in the icy wastes for two years or more.

Westward with the setting sun, the giant whaler, last of the vessels to leave American waters, slipped thru harbor channel last night amid a bedlam of farewells from whistling harbor craft and crowds that lined the piers. The shrill whistle of the street cars was even raised in sending forth goodspeed to the explorers. Frequently the 18,000-ton whaler gave back a booming answer.

The last leave taking between the handclasp, an exchange of steady looks, commander and his wife was a simple and a few words. Then each turned to their jobs—Byrd's two or even three years of "filling in the blank spaces of the map," and his wife's the keeping of their Boston home for his return.

SHAMROCK BOY MISSING SINCE LAST TUESDAY

SHAMROCK, Oct. 11.—(P)—Last seen when he brought a load of cotton to Shamrock on Tuesday, D. Johnson, 21, farmer, was still missing today. County officers said they feared foul play. Johnson had more than \$120 with him just before he disappeared. His father, R. Johnson of Guthrie, Okla., has offered a \$25 reward for the location of his son.

Dog Which Bit Local Persons Is Found Diseased

A telegram, signed by Dr. S. W. Bohl of the state health department, was received here this afternoon stating that the dog owned by William Feenberg was "mad." The dog was killed here Tuesday morning after it had bitten three children, a man, and several dogs.

The head of the dog was sent to Austin for analysis. City Manager F. M. Gwin says that rigid steps will be taken immediately to clear the city of stray dogs and in necessary a vaccination ordinance will be passed.

Wink Election Is Declared Invalid

WINK, Oct. 11.—(P)—Incorporation of Wink, voted in an election here May 28, was invalidated in a decision by Judge Charles Klapproth late yesterday.

The decision said the election did not comply with the law which requires publication of the notice of incorporation for 30 days.

Texas Rangers are the only peace officers in Wink, invalidation of the incorporation having abolished the city police force.

LUBBOCK, Oct. 11.—(AP)—Efforts of Boy Scouts working in relays to sustain life by artificial respiration failed when Reno Livingston, 18-year-old Lockney football player, died shortly after midnight last night. Livingston suffered paralysis of the respiratory center of the brain when injured in football practice at Lockney Tuesday. For seven hours the Boy Scouts worked to maintain the spark of life until defeated by death.

TEXAS COMPANY HAS GUSHER IN SECTION 4, LEFORS AREA

The Texas company has added another good producer to its large number of wells in the LeFors area. The Texas company's No. 6 G. H. Saunders in the southeast corner of the west half of the southeast quarter of section 4, block 1 A. C. H. and B. survey, picked up pay at 2,644 feet yesterday.

"COLUMBIA" IS DAMAGED WHEN FORCED DOWN

ROOSEVELT FIELD, N. Y., Oct. 11.—(P)—The trans-Atlantic plane Columbia crashed on the Westbury golf course today, a few minutes after taking the air on its projected flight to Rome.

Both Roger Q. Williams, the pilot and Pietro Bonelli, the navigator, escaped without any injury. One wheel of the plane and at least one wing strut were broken and the ship suffered general strains.

It tipped up on one wing point but did not turn over.

When the plane was about four feet from the ground, Williams realized that a crash was inevitable and he threw the rudder hard to the right. This swung the ship around side-ways at the moment of landing, preventing the plane from telescoping and probably saving the lives of both men. The plane skidded about 15 feet. The undercarriage collapsed and the plane stopped abruptly.

Banned American Scribe Believed to Be Out of France

PARIS, Oct. 11.—(P)—Harold Horan, correspondent of the New York American, who had been requested to leave France by today because of his connection with the publication of a French diplomatic memorandum of the Anglo-French naval accord, is believed to have left the country without waiting for an order of expulsion.

WASHINGTON, Oct. 11.—(P)—William Randolph Hearst, the publisher, conferred with Secretary Kellogg today on conditions in Europe and the developments surrounding the case of Harold J. E. Horan, to leave France by French authorities.

Yesterday the state department instructed the American embassy in Paris to make certain that Horan's rights under French law were not violated.

Taxicab Drives Arrested in Corpus Christi and Held

AMARILLO, Oct. 11.—(P)—Word was received by Amarillo police today that Lewis Arritt, taxicab driver who disappeared when he left in a service car to drive a passenger to San Angelo on August 8, is being held by Corpus Christi officers, awaiting instructions from Amarillo.

Arritt wired his employer, Orville Benton, yesterday from McAllen, Tex., saying he had been released by his "passenger" after traveling over the Southwest constantly under guard. Benton instructed him to get the service car, which had been stored at Corpus Christi, and Arritt was arrested when he went to call for the machine presumably on instructions issued shortly after his disappearance to hold anyone who was found with the car.

SHERIFF'S TRIAL DELAYED

WINK, Oct. 11.—(P)—The suit against W. E. Priest, sheriff of Winkler county, alleging misconduct in office has been continued until the next term of court.

Dr. W. Purviance is attending the annual Southwest Clinical conference in Kansas City.

NEBRASKA HAS HEARD ISSUES OF ALL SORTS

Doubtful Area Is Drawing Interest Despite Few Votes

BOTH PARTIES ARE CONFIDENT

Senator Norris Is Retiree Although He Lauds Smith's Speech

BY BYRON PRICE
(Associated Press Staff Writer)

OMAHA, Neb., Oct. 11.—(P)—Favored by the laudatory attentions of both of the great parties, Nebraska has achieved a magnitude in the presidential campaign out of all proportion to the eight votes allotted her in the electoral college.

The many factors which contributed to this sudden rise to political stardom have produced in October a situation as varied and colorful as an Indian summer landscape. Both parties still claim the advantage, and the Republican leaders add a positive assurance that Gov. Smith's popularity passed its crest with his visit here three weeks ago, and that the swing now is steadily toward Hoover. The Democrats do not concede.

Every Issue Heard

The struggle for Nebraska's favor has been all inclusive. Almost every issue in the whole campaign budget of 1928 has been invoked by one party or the other. The spellbinders have run the scale of farm relief, prohibition, religion, Smith's Tammany record, Hoover's war time record, immigration water power, and the tariff.

Being a farm state, Nebraska took the farm relief issue to her heart in the first aftermath of the national convention and for a time there was no concealment in the anxious looks cast this way by the Hoover managers. But being also a dry state, by all available tests, the home hearth of the late William Jennings Bryan began to reverberate once again with a debate over prohibition. The religious issue took root in many communities city and country, but has been most talked of in its relation to the German vote, estimated by some as comprising one-third of the entire electorate of the state and including in it ranks many German Lutherans.

Norris Is Independent

Another speculative factor has been the attitude of Senator George Norris a Republican whose independence has been more than once, a thorn in the side of the national organization of his party. Norris is looked upon as a leader among the "Progressive" element, which four years ago gave LaFollette 106,000 votes while Coolidge was polling 218,000 and Davis 137,000. The senator has said some complimentary things about Smith's western speech, but any Democratic hope that he would directly declare for Smith's candidacy remains unfulfilled. Meantime, he is supporting Senator Howell for re-election, and Howell is supporting Hoover.

Four Divorces Are Granted by Court

Judge Reese Ewing, judge of the 31st district court in session here this week, granted four decrees of divorce yesterday. Judge Ewing is hearing only non-jury cases during this session of the 31st district court.

Cases heard and judgment passed during yesterday's hearing included: Lola Duck was granted a decree of divorce from G. A. Duck.

Neva Kemp was granted a decree from George W. Kemp.

Henry Clay Cottrell was granted a decree from Sarah E. Cottrell.

Addie Birdwell was granted a divorce from G. W. Birdwell.

None of the cases was contested.

Mrs. Kenneth Boehm returned yesterday from Denver, where she had made an extended visit with relatives. She was accompanied home by Mr. Boehm's mother.

He Is Defeated

GEN. ROY HOFFMAN

SAN ANTONIO, Oct. 11.—(P)—Paul V. McNutt of Bloomington, Ind., today was elected National Commander of the American Legion.

McNutt's selection came in the third ballot after captain John D. Ewing, Shreveport, La., leader up to that time withdrew in the Indiana Legionnaire's favor.

General Roy Hoffman, Oklahoma City, led the first ballot with 239 votes to 231 for Ewing, but declined in later balloting.

FALL FESTIVAL IS ADVERTISED

Towns of Territory Are Visited in Behalf of Event

The Fall festival, sponsored by the Pampa Fair association, as being advertised in every town within a radius of 60 miles. Art LaMan announced this morning. He and his assistants have been to every town in the territory placing posters and cards; both for the Lackman-Carson circus and Shiffletts' Aerial circus.

The Lackman-Carson shows, which played in Amarillo during the Tri-State fair, will arrive here Sunday night and will set up in Fair park, north of the city. Shiffletts' Aerial circus will be here Thursday, Friday and Saturday, October 18, 19, and 20.

An exhibition tent will be erected on the fair grounds Monday for the use of local merchants and citizens who wish to place exhibits or displays. There will be no prizes given or no charges made this year, the fair committee announced. Anyone desiring space in the tent may call at the Chamber of Commerce rooms for particulars.

Beaumont Officers Close Priest Case

BEAUMONT, Tex., Oct. 11.—(P)—Police today apparently had closed their investigation of the double shooting Monday of the Rev. Anthony De Simone and John Rose as they talked in the priest's study, after a murder and suicide verdict had been returned by a coroner.

The coroner held that the Rev. De Simone died from gunshot wounds at the hands of Rose, one of the priest's closest friends, and that Rose, from all indications, died of wounds self-inflicted.

Officers at first investigated a double murder theory, but a note allegedly to have been written by Rose indicating suicide caused them to give credence to the murder and suicide theory.

GRAVES HAS BIRTHDAY

Sheriff E. S. Graves celebrated his 51st birthday yesterday but with the exception of a few friends no one knew that yesterday the sheriff had officially passed the half century mark. He was the recipient of numerous presents from friends who knew he had a birthday. The sheriff has served as peace officer of Gray county for more than seven years.

GREAT SHIP IS NOW GOING 55 MILES HOURLY

Dr. Eckener Hoping to Reach New York Early Sunday

TAKE-OFF IS PRECISION WORK

Sixty Persons and Much Baggage Is Aboard Air Giant

NORDDIEGH, Germany, Oct. 11.—(P)—The radio station here had the greatest difficulty in communicating with the Graf Zeppelin today because of static interference. The big airship continuously asked for weather information and said it was having trouble in understanding even the most powerful European radio stations. Large American stations were heard intermittently but not distinctly enough to understand what they were sending.

After leaving Belport the Zeppelin ran into low hanging clouds in a deep stratum and had to navigate solely by compass for some time.

LYON, FRANCE, Oct. 11.—(P)—Graf Zeppelin, German dirigible en route to the United States, passed over the aviation field near here at 12:25 p. m. Greenwich meridian time today. It was headed south.

(Lyon is approximately 250 miles by air from Friedrichshafen, Germany, which the air ship left at 8:00 a. m. Central European time or 7:00 a. m. Greenwich time.)

ZEPPELIN HIGH LIGHTS

It is the greatest aircraft in the world—114 feet longer than the Los Angeles, pride of the American navy. If it stood on end, it would reach within 22 feet of the 782 foot Woolworth tower in New York.

It is driven by five reversible engines with 550 horsepower each. Its fuel is "blue gas."

It cost about \$1,000,000 and is now being raised largely through popular subscription.

Its maximum speed is more than 80 miles an hour.

It left Friedrichshafen, Germany, at 2 o'clock New York time today, and should reach its destination, Lakehurst, N. J., Sunday morning.

It carries 20 passengers and a crew of 40.

It carries the first woman passenger in a trans-Atlantic flight in a dirigible, Lady Grace Drummond Hays, English society woman.

(See—ZEPPELIN, Page 6)

News Has Fine Equipment for Job Printing

The Daily News has one of the best equipped job printing plants in the Panhandle. The equipment has been gradually assembled and is ready to serve the people of this section.

The News has served Pampa and surrounding territory with quality job printing for more than 21 years. Next time you need any letter heads, envelopes or any type of printing, call at the office next to the Rex Theater, or telephone No. 686 and a solicitor will call.

Pampa Daily News

Judges from Justice
Chief Justice William Howard Taft urges appointment of more judges to speed congested dockets and quicken the course of justice. He finds conditions in parts of New York and Florida, particularly, as "hopeless" and "well nigh intolerable".

It is deplorable that the only method of democracy has of dispensing justice breaks down for lack of a proper response on the part of legislative authority to changing needs. Of course, in the instance of the special cases like the Panhandle oil field, conditions change so rapidly that the normal course of legislation is not fast enough.

"Bon Voyage"
Richard E. Byrd is off for the blank spaces of the map. His expedition will rank with almost any other in history, yet its beginning is with the greatest publicity and given the finest support from every source—unlike so many projects which antedated this one.

an expedition is worthwhile. It may be answered that any substantial addition to human knowledge is worthwhile, and, moreover, worth martyrdom to achieve. Without this spirit of daring and sacrifice, man would not now be conqueror of every land he has seen, and disease—cures for which often cost the lives of experimenters—would decimate the population often.

During the course of the Byrd expedition thousands of miles of hitherto unknown territory will be explored. This blank portion of the map will be filled in some day, and why not now, and by an American at that? The knowledge may not result in material gain a once, yet who is able to look forward centuries and say that mining will not flourish under the ice caps? It is no hurried trip; the men plan to spend literally a liberal portion of their lives in the unknown. Skilled men they are, too—scientists who will know what to look for and how to look for it.

Do We Need Morons?
"We are coming to recognize," remarks Dr. C. E. A. Winslow, professor in the Yale Medical school, "that the high-grade moron is perhaps a necessary and desirable element in a civilization that involves the performance of so many routine tasks repulsive to the mentally alert."

This statement is taken from an article by Dr. Winslow in the current Golden Book, in which he sets forth the pleasing proposition that it is a good thing that all of us are not quite bright. If we were all gifted with alert, capable brains, the doctor says, we would not be happy.

Dr. Winslow's idea, apparently, is that if this average man is only dumb enough he will be content with his lot. But the world did not spin into form out of glowing stardust merely in order that we should raise a hundred million people content with cheap movies and tawdry amusement parks.

To be sure, from certain viewpoints a population of morons would be an advantage. A big industrialist would delight in having a breed of workers who were just smart enough to operate machines but not smart enough to organize for better pay or shorter working hours.

admire, but one of them is not the kind of person who repeatedly says "bids fair". Hint to married editors: Do NOT pay any attention to the suggestion to go home and interview your wives on why they will vote the way they say they will.

Observation: Considering how modern mothers have to crawl all over theatres after their youngsters, reducing should not be necessary. Arbitration is a great thing, but it was not perfected in the home where so many other good ideas originate.

Men's coats for fall are longer. They must make up some sow for the scarcity of yardage on the other side of the house. When a Philadelphia boot-legger kills a Philadelphia policeman, and the latter also kills the former, does the Chamber of Commerce mark it up as progress?

The Prussian who is running around the world in honor of Hindenberg's birthday probably got the idea from marathon night walking up until the birthday of his offspring.

At the rate the oldtime Fords are wearing out, we do not see that Henry should find it necessary to build a museum to house one of the early models.

SOCIAL CALENDAR

Thursday
The South Ward Parent-Teachers Association will meet at the Baker school at 3:30 o'clock.

Friday
The three Parent-Teachers associations are giving a reception for all teachers of the city in the auditorium of the Methodist church, beginning at 8 o'clock.

Reception for the Teachers to Feature Interesting Program

The most important social function scheduled for the week-end is the reception for the public school teachers, which will be given tomorrow evening by the three Parent-Teacher associations of the city.

The following officers were elected: President, Mrs. C. W. Stowell; vice-president, Mrs. Paul Kasahke; secretary, Mrs. W. F. Taylor; treasurer, Mrs. DeLea Vicars; literary secretary, Mrs. Will Kinser; and reporter Mrs. S. A. Burns.

GOLD LAME fashions the newest and smartest fash for the coming season.

Younger Women of Christian Church Organize Society

A notable addition to the women's church societies were made thru the organization yesterday afternoon of the Younger Women's Christian Church Society of the First Christian church.

The following officers were elected: President, Mrs. C. W. Stowell; vice-president, Mrs. Paul Kasahke; secretary, Mrs. W. F. Taylor; treasurer, Mrs. DeLea Vicars; literary secretary, Mrs. Will Kinser; and reporter Mrs. S. A. Burns.

Methodist Missionary Society Meets for Study and Program

The Methodist Women's Missionary Society met in the church parlors yesterday, with thirteen members and two visitors present.

Fourth Birthday of Mary Alice Higginbotham Celebrated

Mary Alice Higginbotham's fourth birthday was celebrated yesterday with a delightful party given by the girl's mother.

V. N. Thurman of the Gray County State Bank left Wednesday on his vacation. After visiting his parents at Newark, he will attend the amateur radio operators convention in Dallas.

Jack Graham and George Gill were business visitors in Amarillo Wednesday.

Mrs. Lee Banks left Tuesday to spend a few days in Fort Worth with her daughter, Miss Emma Lasater, who is attending business college. She will visit the Dallas Fair before returning home.

Mr. and Mrs. J. M. McDonald left this morning on a business trip to Dallas.

Modes of the Moment

PARIS—Shaved lamb is used like fabric in some of the winter coats which combine fur and cloth. Grouchy has such a model in robe lamb combined with broadcloth of the same color.

Baptist W. M. U. Circles Meet in Homes of Members

The four circles of the Baptist Women's Missionary Union convened separately yesterday afternoon for mission study programs.

Circle No. 1 is studying missionary work in China, using as the text, "Today's Supreme Challenge to America."

Circle No. 2 met at the home of Mrs. Orville Davis. Eighteen members were present for the business session and the regular program following.

Magnolia's Orchestra Playing in Dallas

The Magnolia Petroleum company's orchestra will broadcast every night during the Fair at Dallas from 8:00 to 8:30 p. m. over station WRE, according to E. P. Angus, general sales manager of that company.

A special stage, equipped with a broadcasting station and electrical effects, has been erected in the Magnolia Petroleum company's exhibit building at the Fair Grounds.

"An interesting feature of the program," Mr. Angus said, "will be a prize song contest. At the end of each day's program a familiar song will be played, without announcing the name. When the Fair is over, the person, either in Dallas or outside, giving the greatest number of correct titles of the sixteen unannounced songs will receive a five-gallon can of Magnolia motor oil of a grade suitable for his car."

"The Magnolia Orchestra," Mr. Angus explained, "is not a hired organization. Every man in the orchestra is a Magnolia Petroleum company employe. This is one of the few commercial broadcasting units in which every member is an actual employe of the company sponsoring the orchestra."

Children's Theatre Formed in Canyon

CANYON, Oct. 11. (Special)—A children's theatre has been organized in the Training school of the West Texas State Teachers college. This is the first organization of this kind perfected in the state of Texas.

2 ESCAPED CONVICTS CAUGHT

HUNTSVILLE, Oct. 11.—Two more of the 14 convicts who escaped from Wynne state farm here Tuesday night were captured last night by Dog Sergeant Tom Cowhoun near Huntsville. They were W. B. Shirley, serving two years for forgery and passing forged instruments in Ellis and Johnson counties, and J. E. Brewer, serving two years for forgery from El Paso county.

Burma Natives Burned in Oil

RANGOON, Burma, Oct. 11.—(AP)—Forty-seven natives, including 17 women, were burned to death in a fire at Plaungbe, 130 miles from Rangoon, on Monday night in a flaming pool of oil. Twenty were seriously injured.

Meagre reports from the district states that a leak developed in a Petroleum Pipeline Monday and on hearing the news villagers from the surrounding country hurried to the place to collect the oil. While working, the natives suddenly found themselves in the midst of a flaming furnace caught them before they could escape.

PROFESSOR IS KILLED

LAFAYETTE, Ind., Oct. 11.—(AP)—Elbert Franklin Burton, killed last night in an automobile accident near Dilley, Texas, was an assistant professor of mechanical engineering at Purdue university here, and a former commander of the local post of the American Legion. He had gone to Texas to attend the national convention of the Legion.

Mrs. A. B. McAfee, who lives near Miami, and her daughter, Mrs. G. C. Parnell of Canadian, were among the shoppers in the city Wednesday, Tuesday night.

Frank Hill has accepted a position with the Gray County State Bank.

Rev. James Todd and Miller are attending a convocation at the Christian church in St. Louis, Mo. They will return home Sunday.

The children's theatre will be financed by selling season tickets. The children will have this experience also. The Public Speaking department of the West Texas Teachers college is in charge of the new activity and the program will be worked out by Miss Mary Morgan Brown, Professor C. W. Bacheider, Miss Novella Goodman, and Miss Jewell Cowen, all experts in the field of children's literary efforts.

er Prince Is Victim of Liquor

YORK, Oct. 11.—(P)—The Alexander V. Turin, describing the former Republic...

He died in the apartment of Mrs. Sparks Rodkoff with whom he had luncheon.

The death since Saturday of 25 persons from wood alcohol poisoning caused Dr. Charles Norris, city medical examiner, to order the body taken to the morgue for an autopsy.

Cooperation Brings Better Prices for All Farm Produce

STAMFORD, Oct. 11.—(Special)—The officials of the West Texas Chamber of Commerce are very much encouraged at the interest being taken in the development of better livestock and poultry in West Texas.

A letter received from Norman J. Keller, secretary of the Chamber of Commerce at Petersburg asked for advice about starting the organization of a Bull Circle for the purpose of increasing and improving the dairy stock in the section.

S. W. Copper, manager of the West Texas Chamber of Commerce headquarters recently for information about establishing an organization similar to the Central Texas Poultry Association for the purpose of cooperative marketing of poultry and products.

This association, of which Col. R. L. Fenick of Stamford is president, holds the record of being the only association in Texas to gather two full car loads of eggs in one week.

By affiliating with the Central Texas organization, members have been enabled to receive top prices for their produce, and have been receiving as much as 10 cents more on eggs and live produce than those outside its protection are getting.

Boy's Slayer

Nineteen-year-old Myles Yutaka Fukunaga, a Japanese, is the confessed kidnaper and slayer of Gill Jamison, ten-year-old son of Frederick W. Jamison, Honolulu banker.

Memphis Jury Gives 25-Year Sentence

MEMPHIS, Oct. 11.—(P)—A 25-year prison sentence today faced Clyde Miller, found guilty here on a charge of murder in connection with the death of Bruce Collier last Christmas Eve.

The State contended during the trial that Bruce, found dead in the wreckage of an automobile which had been struck by a train on a grade crossing near the Newlin depot, had died from a blow on the head received in an altercation in a restaurant, and that his body was placed in the car and left on the track some hours before the crash.

Defense attorneys gave notice of an appeal.

EXPLOSION OF LAMP BURNS MAN BADLY

FORT STOCKTON, Oct. 11.—(P)—When a lighted gasoline lamp, into which he was pumping air, exploded last night, George Riggs, 30, chicken farm proprietor was burned, probably fatally.

When the gasoline was thrown or him by the blast, Riggs jumped on a bed and roled up in the covers, extinguishing the flames.

MOTHER RESCUES CHILD FROM BURNING BUILDING

DALLAS, Oct. 11.—(P)—Eluding haidis which sought to keep her from entering the burning building, Mrs. J. H. Porter last night ran into her apartment and rescued her three-month-old son whom she had left on a bed asleep when she went to a grocery store.

D. E. Parsons, operator of the apartment house had rescued another child of the Porters family, and thought Mrs. Porter had the baby with her.

Denton Banker to Be Tried Soon on Embezzling Charge

SHERMAN, Oct. 11.—(P)—L. H. Scherer, cashier of the First National bank of Denton, will be tried at Paris on a charge of embezzlement, Judge W. L. Estes of the federal court for the Eastern Texas district, ordered.

Scherer, who has been held in jail here for several weeks, will be transferred to the Lamar county jail on October 22, it was said.

Scherer was arrested following the taking over of the bank by a federal examiner.

NOTICE OF EXECUTION SALE STATE OF TEXAS COUNTY OF GRAY

By virtue of an execution issued out of the Justice Court, Gray County, Texas, Precinct No. 2, on a judgment rendered in said court on the 24th day of September, 1928, in favor of Siler Faulkner and against W. L. Haynes in the cause of Siler Faulkner vs W. L. Haynes, No. 1070, in such court, I did on the 5th day of October 1928 at 11 o'clock a. m. levy upon the following described tract and parcel of land situated in the county of Gray, State of Texas, as the property of the said W. L. Haynes, to-wit:

All the right, title and interest of W. L. Haynes in and to the NW 1/4 of section 26, Block 25, H & GN RR. CO. lands in Gray County, Texas, owned by W. L. Haynes and C. A. Lester, containing 160 acres more or less;

And on the 6th day of November 1928, being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day, at the courthouse of said County, I will offer for sale and sell at Public Auction for cash, all the right, title and interest of the said W. L. Haynes in and to the above described property.

Dated at Pampa, Texas, this 10th day of October, 1928.

E. S. Graves, Sheriff of Gray County, Texas.

By C. E. Pipes, Deputy. 31— Thurs 11-18-28

Hoover Is Satisfied With His Campaign

WASHINGTON, Oct. 11.—(P)—While Herbert Hoover engages in no politics prophesies, he has informed his friends he is satisfied not only with the general outlook over the country, but also with the manner in which the major strategy of his own campaign is working out.

This strategy has been to confine his addresses to a discussion of the nation and his own philosophy of government and to keep clear of personalities and controversies which might obscure what he regards as fundamental principles in which the public is primarily interested.

School Bands to Hear Great Sousa

ABILENE, Oct. 11.—(Special)—According to advance information from over West Texas, high school bands and other students and children from all over this section of the state will gather here on the afternoon of Oct. 18 to hear the special children's program to be given by the world's most famous musical organization, Sousa's band.

This special program, which is to be followed by the regular concert in the evening, will be given at Simmons university auditorium under the local direction of the Simmons Cowboy Band.

Definite announcement was made by the Cowboy band management this week that the Eagle band of Abilene high school will be led by the world famous Sousa in one march in a prelude to the afternoon program.

Bombing Threat Is Aimed at Parents of Mrs. Willebrandt

LOS ANGELES, Oct. 11.—(P)—A threatened bombing of the ranch home of the parents of Mrs. Mabel Walker Willebrandt, assistant United States attorney general, caused police to throw a special guard about the premises at Temple, Calif., today.

The warning of vengeance was received by the couple, Mr. and Mrs. D. W. Walker, in a letter attacking Mrs. Willebrandt for speeches she made in the East relating to prohibition and the Democratic party.

Police were informed that Kathleen Norris, noted woman novelist, would be "molested" if she attempted to speak here in behalf of Herbert Hoover, Republican presidential nominee.

Mrs. Norris addressed an audience at Fresno, Cal., last night after she had received three telephone calls and a letter, police were informed, warning her not to appear. She planned to deliver an address here today.

Weather Varies Greatly in Various Parts of Nation

CHICAGO, Oct. 11.—(P)—January and June temperatures made a crazy-quilt of the weather may yesterday.

There was snow and cold in Montana and Nevada, and summer torridity and hot dust storms in Minnesota and Nebraska. Thermometer readings in Montana showed the temperature at the freezing point, while Lincoln, Nebr., recorded 91 degrees and Minneapolis 90.

Contrasting predictions of heat, cold and storms were made for today in the Middle West. "Decidedly cooler" was the warning for territory which yesterday sweltered under a 90-degree sun. In Chicago where the reading reached 82 yesterday, predictions of continued warm for today carried the added word of "much cooler" Friday.

PECAN CROP SHORT

AUSTIN, Oct. 11.—(P)—A slight improvement in the condition of Texas pecans during September is noted in a monthly review issued here today by the department of agriculture, division of crop estimates. Indications are that somewhat more than half a full crop will be gathered, nuts already harvested being superior to earlier expectations.

Miss Jane Singleton, a teacher in the local schools, yesterday was called to her home in Amarillo by the serious illness of a sister.

South Has Welcome For Governor Smith

GOVERNOR SMITH'S TRAIN EN ROUTE TO NORTH CAROLINA, Oct. 11.—(P)—The gateway to the "solid South" was opened wide for Governor Smith today and the old dominion was the first to shout "welcome."

Off on a flying meeting and greeting campaign of two days in Virginia, North Carolina, Tennessee and a small strip of northern Alabama, the Democratic nominee crossed the Potomac shortly after daybreak this morning and was hailed by the large southern group of enthusiasts at Fredericksburg, Va., at about 8:30. The governor however, was still in bed in his private car and had to be content with listening from the inside to the shouts from the crowd.

Mr. and Mrs. C. T. Hunkapillar and their children left yesterday to spend a week in Oklahoma City.

Mrs. W. Purviance and her niece, Mrs. Lewis Williams, are spending today in Amarillo.

New Field Is Fast But Very Hard for Play

The Pampa Harvesters will officially open their conference season here tomorrow afternoon against the Miami Warriors. The game will be played at Fair Park, the new home of the Harvesters. The playing field is situated north of the Cook-Adams addition on the Miami road. The school board, with the Pampa Fair association, purchased a 30-acre tract there and will use it for an athletic field and fair ground.

Grandstands have been set up at the west end of the field and parking places are arranged around the other sides. The field itself is not the best of condition for the game tomorrow, as it has been scraped off, leaving no turf for a playing surface. The grid will be hard and may endanger the players. Also, if windy, dust clouds will be kicked up by the players.

The Warriors come here with three victories to their credit and hope to give the Harvesters their first defeat. Coach Mitchell has his men primed for action, and smarting under their recent defeat in Electra, the team will be on the field tomorrow to show the fans that something was wrong in the neighbor city.

Coach Mitchell has overcome his one great difficulty, that of finding a substitute for Bob Kahl at center. Jones Seitz, who has been playing right tackle, has turned out to be the man of the hour. Seitz has been working at center all week and will be in that position tomorrow with Kahl at end. With Bob Kahl at end, the coaches have almost perfected their serial attack for the season. Kahl is the best receiver on the team and will be a valuable man in that position. With Stalla Mullen, and Kahl on the left side of the line, the coach has no fear that anything will break through that side, and on the defensive when a hole is needed those three huskies will be there.

With the change of Seitz to the center position, the right side of the line will be changed. Coach Mitchell has three boys out for the right tackle position and all three will be used tomorrow. He has Mason, of last year's team, and Irwin and Willis, new men to throw in the gap.

Lard will be used as safety in place of Maness, who has been found ineligible. Lard is faster than Maness, but not such a sure tackler. Lard after receiving the ball, will make long gains, however, as he is the fastest man on the field with the exception of Corson, who is a ten second man. The game has been called for 3:30 o'clock.

Most Valuable Players Will Be Announced Soon

NEW YORK, Oct. 11.—(AP)—Jurists are out in the cases of the most valuable players in the American and National leagues and verdicts soon will be returned.

A writer in each city represented in the two major leagues has mailed a rating of the most valuable players as he sees them to league headquarters and the one named as the head man will get \$1,000 and have his name placed on the honor roll.

Many suggestions have been made of players in the two leagues worthy of the honor but three in each league seem to be leading in advance calculations. Waite Hoyt's pitching was a big factor in the winning of the Yankees third successive pennant, and while pitchers are in the minority in the official hall of fame, one in each league has been honored. Walter Johnson in the American and Dazzy Vance in the National. Babe Ruth and Lou Gehrig are ineligible since they have won it and the American league rule; do not permit encores. Another favored candidate is Harry Manush of the St. Louis Browns in the National. Freddy Lindstrom of the Giants, Jim Bottomley of the Cardinals and Hughie Critz of the Reds, all infielders, have figured in pre-choice discussions.

Fight Results

(By The Associated Press.) Montreal—Al Foreman, Chicago, knocked out George Chabot, Montreal, (4.) New York—Kid Chocolate, Cuba, outpointed Eddie O'Dowd, Columbus, O., (10.) Detroit—Lew Kersch, New York, outpointed Jack Duffy, Toledo, (10); Babe Kellar, Cleveland, outpointed Ward Sparks, Terre Haute, Ind., (10.)

Nice fresh grocery stock, live and set live prices, delivery service. W. E. Coffee Grocery Co. Phone 625.

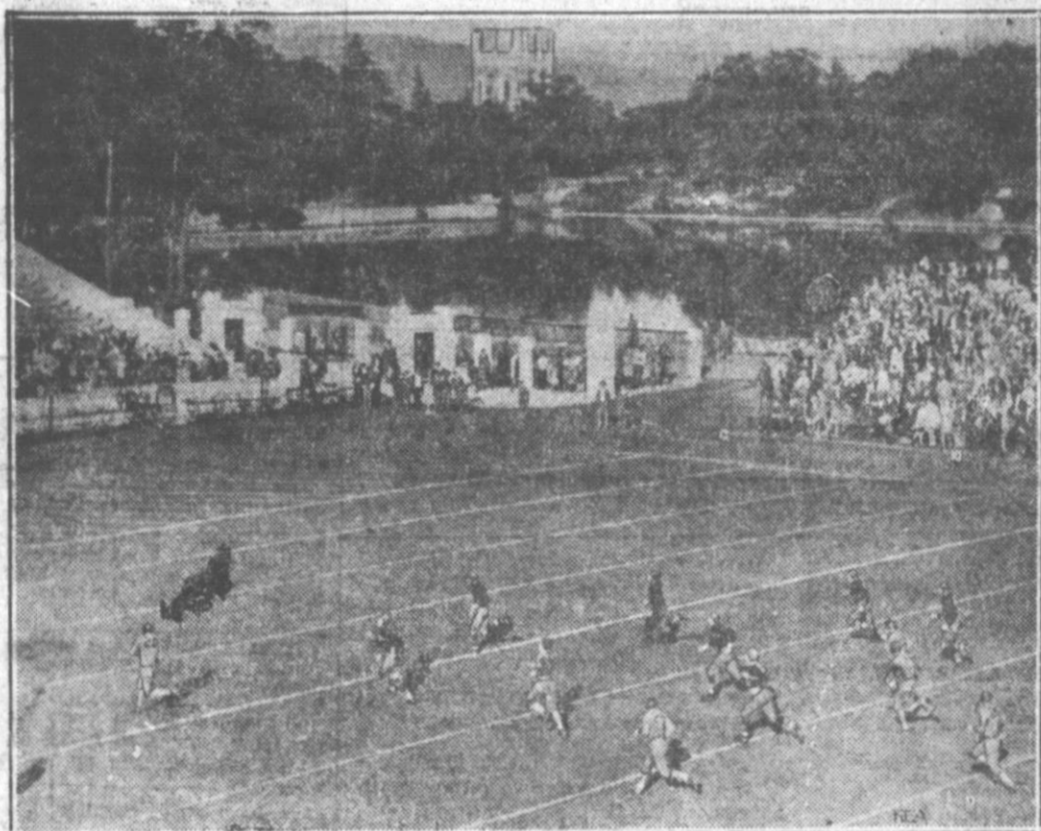

Mr. and Mrs. Harvey Ward will spend this evening in Amarillo.

ACTION AT HOME PLATE! RUTH CHARGES LIKE FULLBACK; WILSON DROPS BALL

A remarkable action picture at home plate in the third game of the world series is shown above. Ruth, tearing home, has just hit Wilson, Cards' catcher, like a ton of brick, and Wilson has dropped the ball. The umpire's hand is upraised, calling Ruth out, a decision which was changed after the catcher had dropped the ball. Ruth's slide indirectly was responsible for three runs. Two were out at the time and shortly thereafter, Meusel scored on a double steal with Lazzeri came in on Robertson's single. Those three runs clinched the third game of the series for the Yanks. This unusual picture was taken by M. J. Ackerman, one of NEA's staff photographers at the game.

WHEN S. M. U. SCARED THE ARMY

Here's a remarkable photograph depicting one of the big thrills in the Army's 14-13 victory over Southern Methodist University at West Point. Quarterback Redman Hume, indicated by the arrow in the photograph, scored the loser's second touchdown in the second quarter when he scooped up a fumble by an Army back on the Army's 10-yard line and raced unmolested to a touchdown. Note how Hume has galloped away from the players of both teams. Also note the picturesque view taken in by the photographer in this hot, the lake alongside the football field with one of the buildings towering in the background.

"Miss Chevrolet" for Texas Is to Be Chosen in Pampa

Dick Marmon, racing driver, and Culbertson-Smalling Chevrolet company are rapidly completing plans for the daring endurance drive which Marmon will start at 2 p. m. November 12. He will drive a stock model Chevrolet coach.

In connection with this event, a "Miss Chevrolet" beauty contest will be held. Any girl over 16 years of age may enter the contest by registering her name at any of the following places: Culbertson-Smalling Chevrolet company, Pampa Daily News, City Drug store, Malone Furniture company, Oden Music store, and Gibson's cafe. There is no cost and the winner will be picked by a committee of merchants. The girl will be named Miss Chevrolet for Texas for 1928. She will receive as prizes \$25 in cash, a pair of \$10 slippers, and a pair of \$3 silk hose. She will ride one trip a day on the five-day-and-night run with Mr. Marmon.

SNOW IN CANADA DELAYS WHEAT THRESHING

SASKATOON, Sask., Oct. 11.—(AP)—A snow storm swept across Alberta and Saskatchewan today, halting the late fall harvesting and playing havoc with communication systems.

The snow was not heavy but was driven by a strong north and north-east wind which blew down telephone and telegraph poles and wires.

Most of the threshing has been completed but there are several isolated points where the grain still remains in the field. The storm has caused an indefinite suspension of the work.

Mrs. Esther Smith, owner and manager of Esther's Beauty Salon, will attend a demonstration in permanent waving in Amarillo this evening.

Plains Special

SNYDER—The Snyder Lions club went on record yesterday noon that they will charter a special train for Sweetwater on Armistice Day to boost Snyder High Tigers on to a win against the Nolan County boys. A committee composed of George Northcut, T. L. Lollar and J. E. Blakey will complete the plans. President Wedgeworth got quick action on a plea for the special train, and 46 hands went up for the proposition when a motion was voted on. There was real enthusiasm behind the movement which put more pep into the meeting than has been shown in a long time.

A force of about 40 scouts is being assembled under the direction of G. C. Bond for the Federal Government and M. E. Currie for the State Department of Agriculture, to begin actual scouting for the pink boll worm in Ector, Dawson, Midland, Howard, Andrews, Martin, Glascock, Crane, Winkler, Borden and Upton counties.

The worm is more easily found in mature cotton, and the lateness of the crops in West Texas has delayed the inspection. Fumigation tubes have been installed at the compress at Big Spring, Lamesa ready to handle the 1928 crop.

Road stations have been established at Gall, Coahoma and Sterling City to prevent movement from the regulated zone to any cotton or cotton products that might carry pink boll worms to new territory.

SEARCH IS INSTITUTED FOR MISSING SUBMARINE

PARIS, Oct. 11.—(AP)—Search has begun today for the French submarine Ondine two days overdue at Bizerta, the fortified seaport of Tunis.

The submarine was on an endurance run from Glerbourg and was due at Bizerta Tuesday. The ministry of marine, while expressing the belief that absence of news was explainable by a breakdown of the wireless, ordered Naval vessels and airplanes to search.

Yankees Scatter But Babe Will Barnstorm Some

NEW YORK, Oct. 11.—(AP)—Babe Ruth and the world's champion Yanks are home again, bringing with them their unequalled string of records made in their second successive world's series triumph and the adulation of thousands of baseball fans, young and old.

After a journey from St. Louis that was a long series of hero worshipping crowds trying to catch a glimpse of the champions and Ruth, the team arrived in New York at 9 o'clock last night to be met with a demonstration that outshone all the rest. A crowd of about 3,000 cheering fans was on hand when the special train reached the grand central terminal and the players had to fight their way through the mob to the hotel Biltmore, where Governor Smith was waiting to add his greeting.

Ruth's barnstorming tour, in which his home run partner, Lou Gehrig, will go, will take them as far west as Omaha.

Other members of the team expect to go back to their winter occupations within a short time. Bob Meusel and John Grabowski left the team before it reached New York, Meusel going from St. Louis to California and Grabowski dropping off the train at Schenectady, where he works during the winter.

Herb Pennock, George Pybas and Earl Combs are leading the back to the soil movement in Pennsylvania, Minnesota, and Kentucky, while Benny Bengough departs in a few days to join a crowd of other big leaguers on a hunting trip in Canada. Miller Huggins and Henry Johnson expect to start for the South for a winter of golf and Waite Hoyt goes only as far as Brooklyn, where he will await the results of the examination he took recently to become a qualified mortician in New York.

Ducks Scarce As Open Season Is Almost Reality

Local nimrods are oiling their weapons, everything from the modern automatic to the single-barreled shotgun, in readiness for the opening of the duck season Tuesday morning. Reports received here by local enthusiasts, who are looking for nice private ponds where the ducks are calling, state that ducks have been plentiful but that at the present time they are scarce.

In numerous instances where large flocks have been resting, the hot weather has driven them north again. As early as the 15th of last month large flocks began to appear out of the north and settle on the ponds in this territory, but the dry weather soon caused the majority to move on.

Hunting enthusiasts were well pleased with the weather conditions this morning, expecting cool weather.

No arrests and fines have been reported in Gray county for hunting out of season, but several have been reported from surrounding counties.

Meets Willis

Walter Varner, of Pampa, and Roxana, will have the hardest battle of Ray Willis of Fort Hill, Oklahoma, at his career tonight when he meets the Pia-Mor auditorium in a scheduled ten-round bout. Varner is clever, fast and a hitter, and will meet a man of the same type in Willis. The two boxers met two weeks ago and fought ten rounds to a draw.

In the second main event, Rusty Cahill and Sammy Baker will clash and a regular storm of fists is assured when these two boys step into the ring.

Besides the battle royal between five of the toughest boys in the city, O. D. the fighting newsboy and Neal Grubbs, of Berger will tangle.

Unseasonable Snow Visiting Montana

DENVER, Oct. 11.—(AP)—The entire Rocky mountain region today was in the grip of an unseasonable visit of winter which had spread snow over Montana and threatened to lay down a white blanket over parts of Wyoming, Colorado, Utah and Northern New Mexico.

Rain or snow and much colder with strong northerly winds was the forecast for the area which caught the tail end of the storm sweeping in from Alberta and Saskatchewan provinces. Sub-freezing temperatures were predicted for Montana, where the mercury

The craft had disappeared from view on what was hoped to be the third east to west flight across the Atlantic in a lighter than air craft.
Before climbing into the ship, Dr. Eckener said:
Last Report Bad
"I expect to reach New York Sunday morning. The last weather reports speak of storms. Under these circumstances of course it is impossible to determine the exact route in advance. In general, however, I can say we will stick to the southern course flying over France and then heading southward to avoid a depression which is moving to and fro between Newfoundland and Ireland. The northern route is out of the question."
Two stewards were aboard to look after the needs of the inner man on the trip. There was plenty of provisions, including veal, pork, chickens, sausages, eggs, vegetables, fruit, candies, tea, coffee, cocoa, mineral waters, beer, wine and schnapps. When the American prohibition zone is reached, forbidden liquors will not be thrown overboard but the management will have it placed under seal by custom officials at Lakehurst.

SENATOR SAYS LIQUOR FLOWS IN WASHINGTON

AUGUSTA, Ga., Oct. 11.—(P)—Charges that the prohibition law was not being enforced and that he could buy liquor under the dome of the United States Capitol at Washington were made here by Senator Cole L. Blease of South Carolina last night in a Democratic campaign address.
"If every man in the United States," he added, "who takes a drink votes for Governor Smith for president, he will get the biggest majority of any nominee in the history of America."

Ever have any trouble parking down town while you go in and buy those groceries? Why bother with it at all? Just call 625 and have the same nice fresh selection you would make please! W. E. Coffee Grocery Co., third door west of the Post Office.

Lawless Era Is Beginning Change

KANSAS CITY, Oct. 11.—(P)—The decade following the World war is likely to go down in history as the "era of lawlessness" Arthur V. Iashly of the Illinois Association for Criminal Justice told the American Prior congress here today, but the pendulum now is beginning to swing in the other direction.
Crime in America, he said, has reached the point of saturation and the people are turning upon the criminal classes and their allies in politics and public office. Sporadic efforts of citizens and official bodies in a few states are gradually crystallizing into a nation wide movement for law enforcement and the suppression of crime.

Miami Drum Corps Wins Legion Title

SAN ANTONIO, Oct. 11.—(P)—For the second successive year Miami, Florida, today was adjudged to have the best American Legion drum and bugle corps in the finals of the contest at the National American Legion convention here.
Fifteen survivors took part in today's finals. Salem, Ore., was second, Frankford Post of Philadelphia, third and South Pasadena, Calif., fourth. The Miami corps placed first at the convention at Paris last year.

ROBINSON IN NEVADA, EN ROUTE WITH ROBINSON T. RENO Nev. Oct. 11.—(P)—Promised prosperity for everybody under a Democratic administration was the message brought by Senator Joseph T. Robinson as he came into Nevada today on his western campaign tour.

Miss Sarah Schuyler Butler at 8 p. m. over WPCB.
Times given are Eastern Standard.
Shipping tags, printed or blank, at the Daily News.

Panhandle Now Without Pastors

PANHANDLE, Oct. 12.—The Rev. Ulmer S. Bird, pastor of the Methodist church for the past two years, resigned his charge at a called session of the quarterly conference. His resignation creates an almost unique situation, as it leaves Panhandle without a pastor. The Baptist pastor, the Rev. E. D. Gregory, and the Christian pastor, the Rev. A. B. Crocker, both resigned during the past two months. The Rev. Bird is resigning to finish a theological course in Princeton university. He will leave within the next week or two to enroll for the 1928-29 term.

Between three and four thousand people are estimated to have visited the Conway community fair last week. Several communities of Carson cooperated in holding the exposition which is generally considered an event greater success than last year's fair. Hobart won first place among community exhibits while Conway and Liberty took second and third places. Juyler school won the blue ribbon on shown in agriculture, culinary, and school exhibits. Much interest was hand-work displays.
Mrs. M. Church and Miss Charlotte Clem will be in Amarillo this evening.

Appelin---
(Continued from Page 1)

Airship down at Lakehurst, N. J., 5,100 miles away, Sunday morning.
May Avoid Storms
Taking off from Friedrichshafen at the airship headed toward the Atlantic where heavy storms were reported to be prevalent and because of it was likely to follow a route way of the Azores. Two hours after her departure, she was passing northern France.
Despite feverish excitement which prevailed around the hangers in the last few days, the dirigible goes with clocklike precision and less at the start than it takes to get to Atlantic liner away from Iceland.
Shortly before 7 the doors of the hanger swung open and preparations were begun to clear the ship. All members of the crew took their places and then the passengers were attached by pulleys to a board.
As the order the airship's engine blocks on either side. The craft was dragged slowly and steadily out of the hanger.
Ascension is rapid
In two minutes after it was out of the hanger the hangers were closed and two hundred stalwart men who had been hanging to the gunwales let go. The Graf Zeppelin immediately ascended almost vertically to an elevation of 150 feet. The nose was pointed and the airship rose higher and higher until it headed westward over the distance and in three minutes
